In addition to major and minor requirements, I understand I must satisfy general studies, university and residency requirements, hours earned and grade point average specified in the University Catalog applicable to me (catalog in effect when I entered NKU unless approved/changed for later catalog). I also understand I must participate in an assessment of general studies and must complete a senior questionnaire at the time of that assessment. If I do not complete the requirements for a Bachelor of Science with a major in human resource management by the end of 8 years from the time of first enrollment, I may have to meet the requirements of a future catalog.

I verify that these are the major and minor courses this student must complete for a Bachelor of Science in Human Resource Management with a minor in Business Administration.
