**ACC 200** Principles of Accounting I – Financial

The student is advised that if these requirements are not met within eight years from the date the student first enrolls at the University, that student may have to meet the selective admissions requirements of a future catalog.

Minors are a great way to broaden your knowledge. They allow you to add a specialized area of study to your major. Besides the Business Administration minor, you can also pursue one of the following tracks:

**Entrepreneurship**, 9 hours: or *(ENTP 333, 375, 376, 377, 378, 379)*
**Human Resource/Organizational Development**, 9 hours: or *(MGT 320, MGT 350, 394: Labor Relations & Collective Bargaining, MGT 410)*

MGT majors must complete at least 64 semester hours of non-business courses.

I verify that these are the major and minor courses this student must complete for a Bachelor of Science in Management with a minor in Business Administration.
