

# Pros & Cons of ChatGPT

## Opportunities for ChatGPT

- Brainstorming tool
- Can summarize text from video transcripts
- Ask it to explain difficult material in simple terms
- Can create a schedule based on your to do list
- Can create practice quizzes/exams
- Edit/comment on writing
- Draft professional email to professor, potential employer

ChatGPT is a tool for skill-building, NOT a replacement for the skill

## Concerns of ChatGPT

- May give incorrect or biased answers
- Lacks human insight
- Overly long (wordy) answers
- Potential plagiarism
- Hallucinations including fake references
- Lose the opportunity to develop or share your voice
- Future interviews may not allow use of AI when asking you to perform tasks
