#### **Presidential Comments:**

Thank you, Chair Ward and members of the Board.

Welcome everyone to the second Board of Regents meeting of 2022 and once again, welcome back on campus. I am happy to see you. NKU recently updated its COVID protocols and we have had more in-person events and meetings. Just last week, we relaxed our mask mandate to make masking optional with some exceptions.

I want to once again express my deep appreciation to the faculty and staff for their perseverance and being responsive to the needs of our students. And of course, the students have met every challenge that came their way. I am proud of this community.

Happy Founders' Day everyone. NKU has come a long way since it was officially founded in 1968, became a university in 1976 and today, stakes its claim as an anchor in the region. I know you all are proud to be a part of its rich history.

Founders' Day is a significant fundraising event for the university. Last year, the NKU community raised over \$316,000 from 601 donors on Founders' Day. This year, our goal is to surpass both of those numbers. We have ambassadors, who are spreading the message of giving through their personal network and we also will be having giveaways and exclusive NKU gear. There is also a webpage on NKU's website dedicated to facilitating donations.

#### **Return on Investment Report**

Georgetown University's Center for Education and Workforce recently released its 2<sup>nd</sup> report ranking universities based on return on investment.

Using new data from the College Scorecard, 4,500 colleges and universities were ranked by return on investment, including a new metric that measures the share of students at an institution whose earnings 10 years after enrollment are higher than those of workers with a high school diploma as their highest level of education. An average of 60 percent of college students across institutions earn more than a high school graduate after 10 years. However, at 30 percent of institutions, more than half of their students 10 years after enrollment are earning less than a high school graduate. Their previous research indicates that these low earnings may relate to low graduation rates and disparities in earnings by gender and race and ethnicity.

At NKU, 73% of students are earning more than their counterparts who only graduated high school. When compared to other Kentucky four-year public schools, the median was 70%. NKU's performance was in the top half of the state for public four-year institutions and in the top half of the country for four-year institutions.

When looking at median earnings for NKU students, 10 years after entering NKU in a bachelor's degree program is close to \$45,000, which is nearly 9% more than the median 10-year earnings for all four-year Kentucky public institutions.

Furthermore, for newly entering Kentucky freshmen, NKU has an average annual cost that is more than 30% lower than the median net price for the other Kentucky public four-year institutions, and more than 50% lower than the median cost for all national public four-year institutions.

NKU has long asserted that having a college degree is worth the investment in the long run. Now we have data as our foundation.

#### **Legislative and Budget Updates**

Earlier today, the Board heard a legislative affairs update. We will keep the campus informed about developments in the Kentucky General Assembly Session and how NKU's priorities are faring. The time to present new bills has passed, but there can always be last minute changes. This year's legislative session is slated to end on or around April 14.

#### **Academic Affairs**

Provost Matt Cecil, has been selected in a new class of 22 provosts to participate in the 2021–22 cohort of the Student Success Institute for Provosts, a leadership development program tailored to the distinctive needs of experienced provosts. This institute is organized by the American Association of State Colleges and Universities (AASCU). As part of this group, Dr. Cecil will have the opportunity to build a strong and supportive network of peers, learn from leading experts in the field, and develop critical skills for facilitating change on NKU's campus.

The Steely Library has joined the Association of College and Research Libraries' Diversity Alliance. The Alliance Membership gives Steely the opportunity to collaborate with other academic and research libraries to help diversify and enrich the library profession. As a member of the Diversity Alliance, Steely Library will establish a paid two-to-three-year residency program for an early career librarian from a historically underrepresented group. The library will prioritize creating a program that prepares the resident for success in academic librarianship through mentorship, networking, and hands-on library experience.

NKU was once again recognized as a Military Friendly campus by VIQTORY, a veteran-owned marketing firm. NKU received a gold award, the highest award institutions can achieve.

Rusty Mardis, in his leadership with the Veterans Resource Station, was instrumental in this achievement along with Denzil Carter, who serves as our primary certifying official on campus.

Speaking about veterans, the 2022 U.S. News & World Report ranked NKU's MBA as one of the Best Online MBA Programs for Veterans at number 88. The university's overall online MBA program has been ranked 105 in the nation this year. Last year, the program was ranked 123. That is an impressive improvement.

And lastly, Intelligent.com ranked NKU and its programs in several areas. The Construction Management program was ranked at #7 nationwide, and given the "best internships" award. Our Bachelor's in Criminal Justice online program was ranked #4 nationally in most affordable of those programs. It was also named best in the south-central region.

NKU was ranked #5 for best online colleges in Kentucky and received the "Best Small Regional Public University" award. The university also ranked #5 nationally in Best Master's in Organizational Psychology Degree programs and received the "Best Part-Time Option" award.

And NKU was ranked #6 in Best Online Bachelor's in Library Science Programs. We also received the "Best for Library Informatics" award.

#### **College of Informatics**

LINK Media, the Northern Kentucky media startup that has acquired the River City News and Ft. Thomas Matters, has partnered on multiple fronts with the College of Informatics and its journalism program. LINK Media and *The Northerner* agreed to share content and collaborate on community news projects, and the company is providing *The Northerner* assistance on advertising sales.

Assistant Professor of Computer Science Nicholas Capurosso has been accepted into Kentucky's Launch Blue UAccel program to commercialize an innovation around artificial intelligence and eye-tracking. UAccel is a program designed to offer business development and learning how to commercialize their technology.

Dr. Zach Hart's Organizational Communication class was the first NKU course to be officially certified as meeting the national Quality Matter standards for online courses. This is expected to be the first of many NKU courses to be recognized in this way.

The NKU student Cyber Defense Team will be moving up to the Midwest Regional Collegiate Cyber Defense Competition to be held March 18-19. We wish them luck in this tech version of March Madness.

#### **College of Arts and Sciences**

The Martha Holden Jennings Foundation awarded a grant to NKU's Center for Integrative Natural Science and Mathematics (CINSAM)—in partnership with the Clippard Family YMCA and with the support of Northwest Local School District (NWLSD). This grant will allow CINSAM to adapt the existing STEM2U program and bring it to after school programs at seven public schools in southwest Ohio.

Dr. Justin Yates, an associate professor in the Department of Psychological Science, has won an American Psychological Association Early Career Investigator Award for 2021. He will receive the award at a ceremony at the 2022 American Psychological Association meeting in August where he will also give an address at the convention.

Dr. Shamima Ahmed, a professor in the Master of Public Administration program has received a Fulbright Specialist Program award and will complete a project at the Academy of Public Administration under the President of the Republic of Tajikistan. Dr. Ahmed will exchange knowledge and establish partnerships benefiting participants, institutions, and communities, both in the United States and Tajikistan.

To celebrate Women's History Month, Chase College of Law will celebrate the 100th anniversary of its first women graduates at a luncheon on Friday.

We also have the 31 Wise Women campaign, where every day we will highlight women that are NKU faculty, staff and students. These women were nominated by the NKU Community, and you can find them online or on digital signs throughout campus.

Earlier this week, NKU held its fourth annual Making Teaching Public celebration. This was a virtual event where we offered 16 free classes. Some of the classes taught included chemistry, psychology, French Canadian literature and Hispanic drama. This annual event not only allows NKU to showcase the great work of faculty to the world, but it allows the community to get a glimpse of a college education.

NKU was chosen to receive two grants of \$200,000 to support Summer Bridge programs focused on improving college preparation and retention from the Council on Postsecondary Education. The 1<sup>st</sup> grant will cover nearly all costs this summer to administer the program to all participants (including Housing, student meals, and faculty lines). The 2<sup>nd</sup> grant was submitted by Dean Fair titles "Elevating Educators" for education students within the Summer Spark Academy, which was fully funded, as well.

#### **Student Affairs**

African American Student Initiatives hosted its annual Black History Month Celebration with several events including a weekly "Chat & Chew Series" where Norse community members came together to discuss several topics pertinent to the Black community. The monthlong event culminated with keynote speaker White House Correspondent April Ryan.

The Center for Student Engagement hosted over 30 students on another alternative spring break trip. This trip was one of service in Bowling Green, Kentucky, to assist those affected by the devastating December tornadoes. The community appreciated and welcomed the service by our students. African American Student Initiatives will have its annual alternative spring break trip in May.

The University Police Department hosted a panel of six Black police officers from Northern Kentucky police departments for Black in Blue, a moderated program to provide engaging and thought-provoking discussions on the past, present, and future of law enforcement, as well as the perspective and experiences of Black police officers. There were 40+ students, staff, and faculty members in attendance at the event.

The 2022 Homecoming theme was "Fantastic Voyage: NKU Through the Decades," and students were able to explore the theme of NKU through the 70s, 80s, and 90s with the return of class events such as helmet decorating and banner making competitions. We were also able to have two successful coronations of our 2022 Homecoming Royalty.

Each year the American College Personnel Association recognizes individuals who have made outstanding contributions with the status of Diamond Honoree. This year, Vice President for Student Affairs Dr. Eddie Howard was selected for this prestigious award as a result of his outstanding and sustained contributions to higher education and to student affairs. Please join me in congratulating him on this well-deserved recognition.

#### Office of Inclusive Excellence

The Office of Inclusive Excellence led by Darryl A. Peal, Chief Diversity, Equity and Inclusion Officer along with Dr. Kinsey Bryant-Lees, Assistant Professor of Psychological Science, Brandon Colbert, Director of Diversity, Equity and Inclusion, Amy Danzo, Director of ALPS and Testing Services, and Dr. Cori Henderson, Associate Director, Planning and Institutional Research, submitted NKU's Annual Diversity Report to the Council on Postsecondary Education earlier this month. This 30 page document chronicles the programs, initiatives and strategies NKU utilized to advance our diversity, cultural competency and inclusion strategies. The team reviewed 60 completed templates from the divisions that included strategies for Opportunity, Success and Impact. This narrative analyzes each strategy, provides review of success and outcomes and reports on lessons learned as a result of the implementation and review of these strategies. It should be noted that these reports are scored by the Council and failure to meet the minimum composite score, renders an institution ineligible to offer new academic programs.

#### **Administration and Finance Update**

The 2022 Annual Compliance refresher course went live on February 21. This is a required training course for all employees, Board of Regents, and other persons working on campus or on behalf of NKU, as determined by the departments. The training now has additional components including Diversity, Equity and Inclusion, ADA, Drug-Free Schools policy, and Records Information Management.

NKU launched paid parental leave as of the beginning of February. The Paid Parental Leave is up to six weeks of paid leave to enable employees to support their family when there is a birth, adoption, or placement of a child. This demonstrates NKU's commitment to both current and future employees.

#### **Athletics**

On February 24, NKU athletics recognized student-athlete academic achievement at the annual Academic Recognition Night event. Student-athletes who earned a semester GPA of 3.5 or higher in spring 2021 and/or fall 2021 were honored during halftime of the men's basketball game that night. In total, 185 Norse student-athletes qualified for this recognition.

Women's basketball finished the regular season with a 21-8 record. This is the most wins in a single season during the Division I era and the best overall record in history since the 2011-12 season. The team received the fifth seed in the Horizon League Tournament and won their first game before losing to Cleveland State in the quarterfinals.

The men's basketball team finished the regular season with a 20-11 record and received the third seed in the Horizon League tournament. The team lost a close game against Wright State in the championship game of the tournament, just missing our fourth NCAA Tournament berth in six years of eligibility. That is an incredible record of success and we are proud of both basketball teams for their accomplishments on and off the court.

The Go Norse Fund Gala, the Athletic Departments premiere fundraising event, will take place on April 30 at Ovation in Covington.

#### **Presentations**

A few NKU administration members were recently asked to give presentations across the country about our experiences in higher education.

Vice President and Chief Strategy Officer Bonita Brown presented at the American Council on Education (ACE) annual meeting in San Diego earlier this month on NKU's Strategic Plan - Success by Design - as an exemplar of integrated university planning. Vice Provost for Graduate Education, Research and Outreach Samantha Langley-Turnbaugh also presented at the same conference.

At the South by Southwest EDU conference earlier this month, I had the pleasure of being invited to serve on a panel entitled "Learner Revolution – How to be truly student –centered." Joining me on the panel was Dr. Marni Baker Stein, Provost and Chief Academic Officer, Western Governors University, Cole Clark, managing director, Higher Education sector, Deloitte Consulting, and Paul Fain with Open Campus Media and formerly with Inside Higher Ed and the Chronicle of Higher Education. It was an opportunity to discuss and share what's best for students and imagine innovative faculty models with revolutionized curriculum.

#### **Upcoming Events**

The first Moon Shot for Equity Convening in the region is scheduled for April 5, from 1 to 4 p.m. This virtual meeting will feature an overview of the Moon Shot initiative and guest speakers on how to use data to create equitable outcomes.

Faculty and staff from Cincinnati State Technical and Community College, Gateway Community and Technical College, Miami University and NKU will be invited to attend.

The Alumni Awards Dinner and Celebration is next Saturday. It will be at the Campus Recreation Center. We will honor six NKU alumni for their outstanding contributions to their respective fields. We welcome you all to join us.

The panel will feature regional health experts and Sara Conwell, President of Staff Congress. Everyone here is welcome to attend.

Chair Ward and members of the Board, that concludes my remarks for today's meeting.

#### 3. Nunn Hall Air Handlers

The supply and return fans on floors one, two and five in Nunn Hall are original to the building and have out-lived their life expectancy. The repair cost for the obsolete parts is extremely high, with long delivery times. These fans supply tempered air to the building and help regulate temperature. In addition, the fans create balanced air pressure within the building, ensuring proper functioning of exterior doors. Installation will be scheduled to accommodate Chase's activities. Fans on floors three and four were replaced in 2020.

Contractor: Daikin/Omnia

Scope: \$695,000

#### 4. Opportunity House

Opportunity House is an innovative initiative to develop postsecondary educational opportunities for foster care alumni as well as other vulnerable youth between the ages of 18-24. The university signed a lease with Brighton Properties to allow for conversion of the Brown Building next to Callahan Hall to the 16-occupant "Opportunity House".

Brighton has secured all needed project funding, including a \$1,000,000 Community Development Block Grant from the Commonwealth of Kentucky.

The Brown Building is a two-level, 8,500 square foot building located west of Callahan Hall. Brighton will renovate the upper floor to create 15 single-occupant semi-suite rooms with private bath rooms and one, one-bedroom unit. The lower level will include a meeting room/classroom, a demonstration kitchen, laundry room, gathering and communal space, offices and storage.

Brighton is responsible for all costs associated with renovation, maintenance and operation of this unique facility. Construction began in November. A Summer 2022 occupancy is anticipated.

Architect: Hub+Weber Architects

#### 10. Norse Hall Renovations Phase II

Norse Hall, constructed in 1992, includes a mix of two-bedroom apartments and efficiencies, housing 304 students. Norse Hall includes four connected buildings under one roof. Critical repairs and upgrades were necessary to provide an attractive living environment and extend the life of the building.

Repairs to Norse Hall's exterior balconies, steel stairs and railings were completed in summer 2020, in Phase I.

Phase II of the project includes installation of new fan coil (HVAC) units and two new boilers; replacement of failing shower pan liners; installation of new exterior doors and frames; repairs to the exterior insulation system (the façade); and, application of a waterproof membrane on the balconies.

Exterior: Each apartment now has a new entry door and doorframe. Repairs and painting of the buildings' exterior insulation system is complete. The installation of Hardie plank siding is complete on the breezeway facades, replacing the exterior insulation system and providing a durable surface for these high traffic areas.

#### Norse Hall Renovations Phase II - Continued

Interior: Demolition of shower units, new shower tile installation and fan coil unit installation were completed in one Norse Hall building last summer. Replacement of the remaining Norse Hall showers and fan coil units will occur in summer 2022. Boiler installation is complete.

#### 11. University Police Renovation

Honors House has been renovated for University Police. At this convenient location, University Police has an accessible, secure and modern space outfitted with resilient systems to support delivery of routine and emergency safety services around-the-clock.

Work was accomplished with a combination of in-house labor and various subcontractors retained for specialty aspects of the work. The upper level houses offices, a conference room, breakout spaces and a modern dispatch office featuring a dedicated IT server room. The lower level includes an armory, property storage and roll-call room. The project included renovation of several restrooms and replacement of all interior finishes. Various critical support systems were installed, including a new generator, upgraded fiber and data network services, and upgrades related to University Police's responsibility to monitor campus safety 24/7.

#### **University Police Renovation** – Continued

The project was completed in late April. University Police personnel occupied the facility in May.

#### 12. Administrative Center Electrical Switchgear Replacement

Switchgear equipment distributes a building's incoming electric power to its internal electrical systems. The electrical high voltage switchgear in the Lucas Administrative Center is located inside the building, making replacement a challenge. The unit, original to the building, has reached the end of its useful life, and risk of failure is a significant concern. Failure would cause loss of power resulting in a building shutdown. Given the location of the campus data center in the Administrative Center, this is considered a critical project.

Due to supply chain delivery issues, the switchgear was not available for installation during the 2021 holiday break as originally planned. It will be installed during holiday break 2022-2023.

Engineers: KLH

Contractor: Mayers Electric

Scope: \$382,000

Anticipated Completion: January 2023

#### 13. Administrative Center Façade Cleaning

The exterior caulk and sealants on the north and east sides of the Lucas Administrative Center will be replaced, restoring the integrity of the exterior precast concrete façade. The sealant has exceeded its useful life and no longer provides an effective moisture barrier. Work began in late April with cleaning of the precast concrete panels. The south and west sides of the building were completed a few years ago.

The project is expected to be completed this fall.

#### 14. University Center Roof Restoration

The University Center roof is at the end of its useful life and is showing signs of stress. By 'restoring' the roof, which can only be done before the roof membrane is damaged and leaks occur, the University Center will have a roof that will last nearly as long as a new roof for approximately half the cost. A roof survey and thermal imaging of the roof are complete. As a result of material lead time issues, restoration work began in May.

Contractor: Tremco Scope: \$530,000

Fund Source: Deferred Maintenance Project Pool

Anticipated Completion: Fall 2022

#### 15. University Suites Cooling Tower Replacement

The cooling tower, part of the building's system to provide air conditioning, was at the end of its useful life. EliteAire, through the contract with Omnia, installed the cooling tower in late May after the students vacated the building.

<u>Contractor</u>: EliteAire <u>Scope</u>: \$190,000

#### 17. Arts & Sciences Dean's Office/Arts & Science Advising Center Renovation

The Dean of Arts & Sciences (A&S) has been housed on the fourth floor of Steely Library for many years, and plans are to relocate the office to the third floor of Landrum. The A&S Advising Center has been housed in the University Center's First Year Student Success Hub, and that space is needed to support expanded services to first year students. A&S Advising is relocating to the third floor of Landrum, and upon completion of the renovation, will be located across the hall from the Dean's office.

Final design work is underway, and after getting quotes for the work, construction will be coordinated in two phases. A Fall 2022 completion is anticipated.

Design: In-House, CMTA

Anticipated Completion: Fall 2022

#### 18. NPHC Plots

The National Pan-Hellenic Council, the governing body for the nine historically black Greek letter organizations, is working to create a monument to honor NKU's NPHC chapter currently on campus while acknowledging the Divine Nine of the National Pan-Hellenic Council.

#### **NPHC Plots** – Continued

Brownstone Design led the design process, which included student input. The Plots will be located on the north side of the Student Union near the West Quad, alongside a major pedestrian path, and will include donor recognition pavers, an etched monument stone and aluminum banners.

A ribbon-cutting to kick-off the construction process was held on March 25, 2022 and the site is marked with temporary signage. Once material delivery dates are confirmed, a completion date can be determined. Groundwork began in late May 2022.

#### 19. Various Upgrades at Callahan Hall

Bond funds and housing operating funds have been set aside to accomplish various upgrades at Callahan Hall:

- 1) To fully paint the interior, work that was not completed when the building was renovated in 2008. The Callahan Bistro area is not included, as it was painted several years ago.
- 2) Renovation of H-Wing first floor to improve the appearance; to relocate the information desk closer to the entrance; add card readers to increase security; and, to create an exercise room in a currently unused space. In addition, 14 sets of double doors to the wings will be replaced.
- 3) Removal of asbestos flooring in the building's stairwells.
- 4) Renovation of Callahan's exterior courtyard to create an attractive and maintainable space for student engagement.
- 5) Repairs to the building's exterior façade, to correct issues with window lintels and the bricks above the lintels.

These improvements are being managed as separate projects. Work began this spring. Work which impacts building occupancy will be complete prior to the start of the fall semester.

#### 21. Electric Vehicle Charging Infrastructure

A year ago, the university partnered with Cincinnati-based startup Electrada to expand electric vehicle charging capacity on campus. Since then, NKU's charging capacity has increased from two to a total of 22 charging ports. Current locations of charging stations:

- Lot C, 2 ports
- Lot F, 4 ports
- Kenton Garage, 8 ports
- Lot K, 8 ports

Electrada installs, owns, maintains, and upgrades all stations and equipment at no financial cost to NKU. At one year after installation of each station, Electrada will begin sharing a portion of the charging fee revenue with the university.

Fall and spring semester usage data indicates the stations are being utilized more than expected. Additional stations will be installed as demand requires. Without this partnership, NKU would not be able to meet the growing demand for campus charging capacity. This is a key P3 partnership that will benefit NKU for many years to come.

<u>Contractor</u>: Electrada <u>Scope</u>: No cost to NKU

#### 22. Light Pole Replacement

Although numerous street and parking lot light poles on campus are in need of replacement, 16 street lights have been identified as a priority replacement need. Funding from the university's Deferred Maintenance Pool has been set aside for this purpose. The project is in the bidding phase and installation will be complete this fall.

## POLICIES REPORT

The following policy was approved at the executive level after proceeding through the campus vetting process. The President and other university administrators determined that approval of this policy by the Board of Regents was not needed per the <u>criteria established in Presidential Recommendation C-7 of the January 2015 regular meeting:</u>

The Board of Regents shall approve the following criteria to determine if a university policy requires Board approval:

- The policy identifies a major university strategic initiative;
- The policy involves the Board's fiduciary responsibilities;
- The policy is associated with an issue of significant risk; and/or
- The policy must be approved by the Board for legal and compliance purposes

The criteria will be interpreted by the President, who may seek consultation from General Counsel or other university administrators. All new or revised university policies that meet the above criteria will be submitted to the Board for approval.

For efficiency purposes, the administration shall have the authority to make technical or editorial revisions for Board approved policies. A technical or editorial change is a non-substantive change such as the correction of statutory or regulation references, contact names, position titles, department names, office locations, email or web addresses, spelling or grammatical errors, and the like.

Copies of this policy are available upon request.

#### **GRADE EXPLANATION**

This policy specifies NKU's grading scale and grades. This revision includes minor edits as well as the addition of the VF ("Vanished F") grade and guidelines for its use. A VF grade reflects a student's cessation of attendance and/or participation in coursework. A VF can be assigned by faculty when the lack of academic attendance/participation serves as the primary basis for the failing grade. As a form of F, the VF will appear on the student's permanent academic record and carries zero (0.00) quality points. This policy revision was proposed by the Faculty Senate's TEEC (Teaching Effectiveness and Enhancement) Committee.

#### I. POLICY STATEMENT

Northern Kentucky University (NKU) aims to provide a safe and healthy environment for all students, employees, and visitors. This policy is intended to safeguard people, protect equipment, and reduce the frequency and severity of accidents on and off campus involving University Vehicles.

Driving a University Vehicle is a privilege and NKU reserves the right to deny or revoke the driving privilege of any driver in the event that the driver does not meet the requirements of this policy.

## Eligibility Requirements for Drivers of University Vehicles, Including Rental Vehicles

Failure to comply with the procedures set forth in this policy may result in disciplinary action in accordance with established University policy, and may result in suspension or termination of motor vehicle operating privileges. In order to operate a University Vehicle an individual must adhere to the following:

- A. Possess a valid United States driver's license issued by the Department of Motor Vehicles from their state of residence (or for drivers with foreign licenses, a license recognized as valid in the United States).
- B. Complete and sign an annual Motor Vehicle Record (MVR) form.
- C. Successfully complete NKU's driver's safety training selected by the University. This training program must be completed prior to operating any University Vehicle.
- Agree to operate University Vehicles in accordance with applicable local and federal laws and NKU regulations.
- E. Wear seat belts at all times and require passengers to wear them if the vehicle is equipped with seat belts. Under NO circumstances should the number of passengers exceed the number of seat belts provided.
- F. Drinking of alcoholic beverages and/or use of controlled substances is strictly prohibited in University Vehicles. Additionally, drivers of University Vehicles must not be under the influence of controlled substances and/or alcohol while operating a University Vehicle.
- G. Smoking in University Vehicles is prohibited.

- H. With the exception of University Police, University Vehicles should not be used to transport individuals unaffiliated with the University.
- I. All traffic violations and citations are the sole responsibility of the driver, including speeding tickets.
- J. Report all accidents, infractions, tickets, and motor vehicle violations to supervisor and Human Resources, whether involving a University Vehicle or a personal vehicle, within 24 hours.
- K. Report any change in license status (i.e., if license has been suspended or revoked) to Human Resources within 24 hours of any such change. If the license is revoked or suspended, operating privileges will be temporarily terminated.
- L. Immediately report all accidents/damages involving a University Vehicle to University Police and the driver's supervisor, as well as other applicable police departments as necessary.
- M. Drivers should not engage in activities which take their attention away from safe operation of the vehicle including, but not limited to texting, use of cell phones, personal grooming, reading, eating, or searching for things in the vehicle.
- N. Maintain an MVR that satisfies the standards for an acceptable MVR as set forth in this policy.

## Motor Vehicle Record (MVR) Report Requirements

- A. MVR reports will be required by NKU for all individuals who drive or who will drive University Vehicles. This includes, but may not be limited to, students, faculty, and staff.
- B. It is the responsibility of supervisors of those individuals who drive on a regular or routine basis to identify those drivers, to obtain signed MVR release forms from those drivers and to submit the signed releases to Human Resources by the specified deadline. It will also be the responsibility of the department to obtain signed MVR from any new employees or student drivers.
- C. Human Resources will complete the MVR check for all signed release forms it receives from the departments.
- D. Once the MVR has been obtained from the appropriate state, it will be evaluated by the committee identified under the "Loss of Driving Privileges" section below.
- E. Human Resources will notify department supervisors of drivers who are reported as approved or disapproved to drive University Vehicles.
- F. When new drivers are designated or will be designated to drive University Vehicles and acceptable MVRs are required, a minimum of 14 days advance notice should be provided to Human Resources in order to process requests for MVR reports.
- G. Before the University grants the privilege to drive a University Vehicle, the University must determine that the individual meets the requirements of this policy, including having an acceptable MVR.
- H. No individual should be assigned a University Vehicle to drive on a regular or routine basis unless that individual is currently approved by NKU to drive such vehicles.

## Loss of Driving Privileges

A committee consisting of a representative from Human Resources, Legal Affairs, and the driver's department (or hiring manager), will review results from MVR reports, ongoing reports of driving accidents/infractions, and any violation of this policy to determine if any loss of driving privileges or other employment action is warranted.

#### II. ENTITIES AFFECTED

All individuals who drive or who will drive University Vehicles – this includes, but may not be limited to, students, faculty, and staff.

#### III. AUTHORITY

The purpose of this policy is to ensure safe operation of University Vehicles and to establish compliance with requirements of NKU's insurance carrier. NKU determines what constitutes an acceptable driving record for insurance purposes for an individual who drives University Vehicles, or who will drive such University Vehicles in the future. NKU uses Motor Vehicle Record (MVR) reports to determine if drivers meet the carrier's criteria.

#### IV. DEFINITIONS

MVR - Motor Vehicle Record

"Appalachian Scholarship"
- (2) The naming of a scholarship to support children of NKU staff. "Northern Kentucky Staff Scholarship Fund for Children of NKU Staff"
- (3) The naming of a scholarship to support an incoming freshman student planning to study at the Haile College of Business, who demonstrates financial need as determined by the Free Application for Federal Student Aid (FAFSA). "Christopher R. Walker STEM Endowed Scholarship"

#### **BACKGROUND:**

Naming actions in connection with private gifts are governed by NKU Administrative Regulation-II-4.0-2, section 2.2. NKU's Naming Policy provides for naming opportunities in consideration of a major contribution to the university. The policy allows flexibility in determining the level of contribution appropriate for each naming action, enabling each gift to be judged on its own merit.

After careful consideration by university officials and unanimous support by the University Naming Committee, it was recommended to offer the following naming recognitions.

(1) The university has received a gift to support a LIFT scholarship for undergraduate students (1) with demonstrated financial need as determined by the Free Application for Federal Student Aid (FAFSA); (2) who upon their initial consideration for the scholarship are full-time, first-generation freshmen from eastern KY/Appalachia and, (3) who agree to adhere to the specific requirements of the Lifelong Investment in Future Transformation (LIFT) Scholars Program.

Donor: Nathan G. Smith and Mary Lee Chance Smith

Naming Gift: \$150,000

Naming Recognition: Appalachian Scholarship

Nathan G. Smith and Mary Lee Chance Smith established the Appalachian Scholarship to support undergraduate students from eastern Kentucky and Appalachia. They want to help students whose opportunities are limited but have the drive to receive a college education. As an eastern Kentucky native and NKU graduate himself, Nathan Smith hopes recipients of this scholarship will look back after graduation and want to continue the cycle of giving themselves.

(2) The university has received a gift to support a scholarship for children of NKU staff.

Donor: Sara Sidebottom Naming Gift: \$15,000

Naming Recognition: Northern Kentucky Staff Scholarship Fund for Children of NKU

Staff

This scholarship was started with a specific bequest from Sara Sidebottom as a part of her last will and testament. Sara served NKU for two decades from May 1996 to July 2016. She spent 16 years as NKU's General Counsel and was an alumna of the Chase College of Law.

(3) The university has received a gift that will establish a memorial scholarship fund in the name of Carolyn Franxman. This scholarship will support an incoming freshman student planning to study at the Haile College of Business, who demonstrates financial need as determined by the Free Application for Federal Student Aid (FAFSA). The student recipient must be a graduate of Simon Kenton High School.

Donor: Monica and Jeff Egger

Naming Gift: \$25,000

Naming Recognition: Carolyn Franxman Memorial Scholarship

Monica Egger is on the Dean's Advisory Board for the Haile College of Business. She has been wanting to start a scholarship in her mother's memory for some time now. Her mom really loved to help people, so she wants to be able to pass that on in some small way.

(4) The university has received a gift that will support a LIFT scholarship for undergraduate students (1) with demonstrated financial need as determined by the Free Application for Federal Student Aid (FAFSA); (2) who upon their initial consideration for the scholarship are full-time, first-generation freshmen pursuing studies in a STEM Major; and, (3) who agree to adhere to the specific requirements of the Lifelong Investment in Future Transformation (LIFT) Scholars program.

Donor: Greta Hoffman Walker

Naming Gift: \$150,000

Naming Recognition: Christopher R. Walker STEM Endowed Scholarship

Greta Hoffman Walker established the Christopher R. Walker STEM Endowed Scholarship to honor her husband, Christopher Walker, who passed away in 2021.

That the following amendment to the <u>Faculty Policies and Procedures Handbook</u> receive Board of Regents approval.

#### **BACKGROUND:**

The senate voted to approve these recommended changes to the handbook at the December 17, 2021 meeting.

#### PROPOSAL:

These amendments are needed to reconcile Appendix A of the Faculty Handbook to the updated university "Administrators Returning to Faculty" policy. These amendments would affect Appendix A of the current NKU Faculty Handbook.

### **Current Faculty Handbook Language:**

#### APPENDIX A

#### POLICY ON ADMINISTRATORS RETURNING TO FACULTY STATUS

An administrator with faculty tenure who is not covered by the <u>Faculty Handbook</u> or the <u>Chair's Handbook</u> may return to faculty status by resigning his/her position and having the resignation accepted by the appropriate vice president or the president in the case of vice presidents. The following conditions are applicable:

An administrator who has less than five (5) years of service may return to faculty status at a salary base to be determined according to the appropriate discipline and rank.

After five years of service as an administrator:

- 1. An administrator will be granted a one-semester's paid leave to prepare him/herself for other service to the University such as classroom teaching, special projects, etc. A description of the proposed project will be required to receive this leave, followed by a report on the project upon return to the University.
- 2. The administrator's salary will be reduced by 15 percent and his/her contract written for a ten-month period (if appropriate).
- 3. Any unused vacation days will be calculated and paid to the Administrator at the date of his/her last working day in an administrative capacity.

If an administrator has served in such a capacity for more than ten (10) years, he/she may be granted a full year of paid leave; the conditions listed above in Items 1, 2, and 3 will apply.

### **Proposed Amendment:**

#### APPENDIX A

#### POLICY ON ADMINISTRATORS RETURNING TO FACULTY STATUS

Administrators (see Definitions in Section III of the "Administrators Returning to Faculty" university policy) with faculty tenure who are not covered by the Faculty or Department Chair Handbook or contract may return to faculty status by resigning their position and having it accepted by the appropriate Vice President or the President in the case of Vice Presidents. The following conditions apply:

- 1. An Administrator may return to faculty status at a salary based on the Administrator's academic and administrative experience, accomplishments, expertise, academic rank and standing in the discipline and the functions the Administrator will be expected to perform upon return to the faculty. In addition, the Administrator's salary will be within the salary range of faculty of the same rank in the Administrator's academic unit and shall be no higher than the highest faculty salary in that academic unit. Subsequent salary increases shall be based on annual performance evaluation as provided for in the Faculty Handbook. The individual's contract will be written for a nine-month period (if appropriate) and be subject to the recommendation of the Provost and approval by the President.
- 2. If an Administrator has at least five years of service as an administrator, an Administrator will be granted a one-semester paid leave to prepare for other service to the University such as classroom teaching or special projects. A description of the proposed project will be required to receive this leave, followed by a report on the project to be submitted to the Provost, or the President in the case of Vice Presidents, upon return to the University.
- 3. Any unused vacation days will be calculated and paid to the Administrator at the date of the last working day in an administrative capacity.

An Administrator who has served in such capacity for more than ten (10) years may be granted a full year of paid leave, and the conditions in items 2 and 3 above will apply.

Any Administrator who receives paid leave after returning to the faculty must reimburse the University for the leave if the Administrator does not remain in a faculty position within the University for at least one (1) year.

That a Master's Degree in Educational Leadership, School Principal, All Grades, as outlined in the accompanying proposal, be approved for immediate implementation.

#### **BACKGROUND:**

The MAEd. in Educational Leadership degree is a planned thirty-hour program leading to school principal certification in Kentucky. This degree program is to train and develop excellent teachers for administrative positions as elementary, middle, and secondary school principals as well as P-12 Supervisors of Instruction. For many years, NKU's school principal certification program was delivered at the master's level. In 2010, changes in Kentucky regulations required principal certification programs at the post-master's level. As a result, our master's level program was phased out and a new program was approved (our current Education Specialist degree program leading to Kentucky principal certification). In 2020, Kentucky regulations changed, once again, and programs are allowed to offer principal certification programs at the master's level. Hence, our proposed MAEd in Educational Leadership degree program will supplement the current Education Specialist (Ed.S.) in Educational Leadership degree program as an additional pathway for those seeking principal certification. Our current Education Specialist (EdS)- School Principal P-12 Level I and II, Supervisor of Instruction-Level I and II were updated and approved by EPSB in 2018 and again in 2021 – to demonstrate compliance with 16 KAR 3:090 (alignment to new leadership standards). The courses from the new MAEd in Educational Leadership program will be cross-listed with those from the existing Education Specialist in Educational Leadership as the core requirements for KY school principal certification will be the same.

The MAEd. in Educational Leadership degree is a planned thirty-hour program leading to school principal certification in Kentucky. The NKU MAEd in Educational Leadership program is aligned with NKU's mission and strategic goals. We believe our new program will advance the NKU Strategic Goal "Access" (NKU will expand programs, services, and delivery options to increase access and become a preferred destination for learners across the Commonwealth of Kentucky, the nation, and the world) because it will supplement our current Education Specialist (Ed.S.) in Educational Leadership degree program as an additional pathway for those seeking principal certification. In expanding access to the school principalship, we hope to address the school principal shortage issue facing many of the school districts across the commonwealth, particularly in many of our urban schools. Additionally, we believe our new program will support the NKU Strategic Goal "Completion" (NKU will align the institution so more learners, particularly first-generation, post-traditional, low-income, and under-represented individuals, earn highly valued degrees, certificates, and credentials) because the direct involvement of regional school principals will assure access to course work and field experiences that are rigorous and relevant to district needs, and responsive to our students' needs and professional growth. Such collaboration will support our candidates throughout the program and once they become new school leaders.

### **BASIC INFORMATION**

All actions in the approval of new programs for public institutions are subject to a stipulation regarding the program's ability to attain specified goals that have been established by the institution and approved by the Council on Postsecondary Education (the Council). Description\*

The MAEd. in Educational Leadership degree is a planned thirty-hour program leading to school principal certification in Kentucky. This degree program is to train and develop excellent teachers for administrative positions as elementary, middle, and secondary school principals as well as P-12 Supervisors of Instruction. For many years, NKU's school principal certification program was delivered at the master's level. In 2010, changes in Kentucky regulations required principal certification programs at the post-master's level. As a result, our master's level program was phased out and a new program was approved (our current Education Specialist degree program leading to Kentucky principal certification). In 2020, Kentucky regulations changed, once again, and programs are allowed to offer principal certification programs at the master's level. Hence, our proposed MAEd in Educational Leadership degree program will supplement the current Education Specialist (Ed.S.) in Educational Leadership degree program as an additional pathway for those seeking principal certification. Our current Education Specialist (EdS)- School Principal P-12 Level I and II, Supervisor of Instruction-Level I and II were updated and approved by EPSB in 2018 and again in 2021 - to demonstrate compliance with 16 KAR 3:090 (alignment to new leadership standards). The courses from the new MAEd in Educational Leadership program will be cross-listed with those from the existing Education Specialist in Educational Leadership as the core requirements for KY school principal certification will be the same.

OVERVIEW	

1. Provide a brief description of the program with its estimated date of implementation. \*

Yes

If yes, please add at least one program track (undergraduate) or concentration (graduate) item.

2. Describe how the new program is consistent with the mission and goals of the institution. \*

The NKU MAEd in Educational Leadership program is aligned with NKU's mission and strategic goals. We believe our new program will advance the NKU Strategic Goal "Access" (NKU will expand programs, services, and delivery options to increase access and become a preferred destination for learners across the Commonwealth of Kentucky, the nation, and the world) because it will supplement our current Education Specialist (Ed.S.) in Educational Leadership degree program as an additional pathway for those seeking principal certification. In expanding access to the school principalship, we hope to address the school principal shortage issue facing many of the school districts across the commonwealth, particularly in many of our urban schools. Additionally, we believe our new program will support the NKU Strategic Goal "Completion" (NKU will align the institution so more learners, particularly first-generation, posttraditional, low-income, and under-represented individuals, earn highly valued degrees, certificates, and credentials) because the direct involvement of regional school principals will assure access to course work and field experiences that are rigorous and relevant to district needs, and responsive to our students' needs and professional growth. Such collaboration will support our candidates throughout the program and once they become new school leaders.

Candidates in the NKU MAED Educational Leadership program will participate in a variety of school-based experiences that range from observing to participating, to leading. For example, candidates in EDA 706 (Principal as Educational Leader: Designing Curriculum) will focus on increasing student learning through effective leadership strategies. They will observe their mentor principals, actively participate by collecting and analyzing authentic student work, and lead staff by using current research and best practices to develop intervention plans. This continuum of school-based experiences is evident throughout the program, including five one-hour courses specifically devoted to work in the field. These administrators will work with the candidates and the schools to ensure that the field experiences are rigorous and relevant to district needs.

In addition to the fieldwork, each candidate will conduct year-long school-based research through a capstone project. The capstone project will allow each candidate to explore and lead an independent project under the close supervision of a local school administrator, an NKU faculty member, and a program leader. The project may take many forms, from a substantial research paper to a significant creative project. The capstone project will reflect intellectual rigor and a pursuit of excellence. Candidates will be required to present the highlights of their capstone project to their faculty, School-Based Councils, and/or district-level administrators. Finally, candidates will defend their capstone projects to a panel composed of NKU faculty and the Advisory Council.

2. Describe how the student learning outcomes for the program will be assessed?\*

The following anchor assessments address our candidates' ability to advocate, nurture, and sustain a school culture that promotes high levels of learning:

- Anchor Assessment #1: Curriculum Leadership Improvement Plan and Project
- Anchor Assessment #2: Assessing the Instructional Program and Monitoring Student Performance
- Anchor Assessment #4: Building Culture and Community

Data from individual candidate submissions will be monitored and analyzed as part of the continuous assessment of candidates and program quality. Details of the ongoing program evaluation and transition points will be discussed in the next section.

### Manage a school for efficiency, accountability, and safety

Additionally, the following anchor assessments address our candidates' ability to manage a school for efficiency, accountability, and safety:

- Anchor Assessment #3: Securing and Developing Staff
- Anchor Assessment #5: Creating Organizational Structures and Operations
- Anchor Assessment #6: Leveraging Community Systems and Resources

In addition to the formative assessments listed in the syllabi, the summative anchor assessments, and the capstone project, our program also addresses our candidates' dispositions in order to help them understand the human and dispositional elements that will allow P-12 principals to foster higher levels of performance. In the first semester, candidates will complete the Disposition and Professional Behaviors Checklist for Educational Leaders. Their school mentor and a critical friend will also complete the checklist. From this data, each candidate will create an action plan that includes professional and personal goals. This process will be completed again during the final semester of the program as we collaborate with candidates in assessing their progress and planning for their future leadership roles.

### **Includes a Plan for a Capstone Project**

Each candidate in the program will conduct year-long school-based research through a capstone project. The capstone project will allow each candidate to explore and lead an independent project under the close supervision of a local school administrator, an NKU faculty member, and a program leader. The project may take many forms, from a substantial research paper to a significant creative project. The capstone project will reflect intellectual rigor and a pursuit of excellence. Candidates will be required to present the highlights of their capstone project to their faculty, School-Based Councils, and/or district-level administrators. Finally, candidates will defend their capstone projects to a panel composed of NKU faculty and the Advisory Council.

3. Highlight any distinctive qualities of this proposed program.

The new MAEd in Educational Leadership program has a distinct quality as it is relevant to the work of principals in our region as assured through the collaborative work of our Advisory Council consisting of NKU faculty and administrators from each of the sixteen districts in Northern Kentucky. Using best practices from research, new Professional Standards for Educational Leaders (PSEL, 2017), and the combined experience of our advisory council and program faculty, courses and outcomes were co-designed to meet the needs of principals in the school districts. The Advisory Council identified over forty topics to include in the principal preparation courses and field experiences. The Advisory Council's work led to the co-designed courses and complementary fieldwork for six classes that will be co-taught by university faculty and district administrators.

DEMAND	

# **Program Demand/Unnecessary Duplication**

8. For a program

The institution must demonstrate demand for the proposed program. All proposed programs must address student demand. Programs must also address either employer demand or academic disciplinary needs.

Justification: This is an open-ended response that will be used in CPE agenda items. Within your response you should also establish the demand for this program and note if it replaces another program on campus. Remember that the audience will be CPE, not higher education administrators, faculty or staff. \*

#### 1. Table of Demand:

Year 1	Year 2	Year 3	Year 4	Year 5
10	20	25	25	25

For many years, NKU's school principal certification program was delivered at the master's level. In 2010, changes in Kentucky regulations required principal certification programs at the post-master's level. As a result, our master's level program was phased out and a new program was approved (our current Education Specialist degree program leading to Kentucky principal certification). In 2020, Kentucky regulations changed, once again, and programs are allowed to offer principal certification programs at the master's level. Hence, our proposed MAEd in Educational Leadership degree program will supplement the current Education Specialist (Ed.S.) in Educational Leadership degree program as an additional pathway for those seeking principal certification. Our current Education Specialist (EdS)—School Principal P-12 Level I and II, Supervisor of Instruction Level I and II were updated and approved by EPSB in 2018 and again in 2021 — to demonstrate compliance with 16 KAR 3:090 (alignment to new leadership standards).

#### STUDENT DEMAND

1a. Provide evidence of student demand. Evidence of student demand is typically in the form of surveys of potential students or enrollments in related programs at the institution, but other methods of gauging student demand are acceptable. Note if it replaces another program in campus.\*

Ginger Blackwell and Jim Allen represent NKU within the Kentucky University Principal Preparation Initiative (UPPI) EPPs consortium. This group is coordinated by Eve Proffitt (Office of Educator Licensure and Effectiveness) within the Kentucky Department of Education and meets monthly with all program directors that offer Kentucky School Principal programs. The meetings are coordinated in an effort to allow programs to share best practices, stay updated on new regulations, and most recently – share ideas regarding the implementation of principal preparation programs at the master's level. Many universities across the state are developing their programs at the master's level in an effort to meet student and district demand for training principals. In addition to state-wide feedback, we have also gathered input from our advisory council (local school principals and district-level leaders). Members of our advisory council have strongly encouraged NKU to offer principal certification at the master's level to address principal shortages within their districts.

Clearly describe evidence of employer demand. Such evidence may include employer surveys, current labor market analyses, and future human resources projections. Where appropriate, evidence should demonstrate employers' preferences for graduates of the proposed program over persons having alternative existing credentials and employers' willingness to pay higher salaries to graduates of the proposed program. Note if it replaces another program on campus.

Evidence of employer demand comes from feedback we have received from local school leaders and from similar preparation programs from across Kentucky. Each month, led by Eve Proffitt (Office of Educator Licensure and Effectiveness) within the Kentucky Department of Education, we collaborate with representatives from all Educator Preparation Programs (EPPs) offering similar principal preparation programs. We discuss alignment with the new principal standards (PSEL), state-provided resources, and any new state requirements (such as the new regulation allowing universities to offer principal certification programs at the master's level). Student demand (access to principal certification programming at the master's level) has been one of the issues we have discussed and many/most programs across the state are planning on launching their own master's level principal certification programming. In addition to statewide feedback, we have also gathered input from our advisory council (local school principals and district-level leaders). Members of our advisory council have strongly encouraged NKU to offer principal certification at the master's level to address principal shortages within their districts.

### ACADEMIC DISCIPLINARY NEED

If the program proposal is in response to changes in academic disciplinary need, as opposed to employer demand, please outline those changes. Explain why these changes to the discipline necessitate development of a new program. \*

The development of this new degree is in response to changes in Kentucky regulations and in response to student and employer demand. The MAEd. in Educational Leadership degree is a planned thirty-hour program leading to school principal certification in Kentucky. For many years, NKU's school principal certification program was delivered at the master's level. In 2010, changes in Kentucky regulations required principal certification programs at the postmaster's level. As a result, our master's level program was phased out and a new program was approved (our current Education Specialist degree program leading to Kentucky principal certification). In 2020, Kentucky regulations changed, once again, and programs are allowed to offer principal certification programs at the master's level. Hence, our proposed MAEd in Educational Leadership degree program will supplement the current Education Specialist (Ed.S.) in Educational Leadership degree program as an additional pathway for those seeking principal certification. Our current Education Specialist (EdS)- School Principal P-12 Level I and II, Supervisor of Instruction-Level I and II were updated and approved by EPSB in 2018 and again in 2021 – to demonstrate compliance with 16 KAR 3:090 (alignment to new leadership standards). The courses from the new MAEd in Educational Leadership program will be cross-listed with those from the existing Education Specialist in Educational Leadership as the core requirements for KY school principal certification will be the same.

### **SIMILAR PROGRAMS**

A new program may serve the same potential student population. The proposed program must be sufficiently different from existing programs in the state or access to existing programs must be sufficiently limited to warrant initiation of a new program. Only programs at other Kentucky institutions need to be included.

If similar programs exist in Kentucky, you should contact the Other Institutions and provide Feedback from your communications with those Institutions. You can complete the following information or upload this information by using the paperclip / **Files** tab on the right side of the proposal.

c. How will the program support or be supported by other programs within the institution?

The new MAEd in Educational Leadership degree will be supported directly by the current EDS in Educational Leadership degree program (faculty, staff, and resources will be the same) within the NKU College of Education. The courses from the new MAEd in Educational Leadership program will be cross-listed with those from the existing Education Specialist in Educational Leadership as the core requirements for KY school principal certification will be the same. Additionally, this new program has the full support of the Department of Educational Leadership and Advanced Studies in our College of Education and our current program director for the EDS in Educational Leadership (Ginger Blackwell) will also oversee the new MAEd program.

Feedback from the program:

On behalf of Dr. Marguerita DeSander, chair of the Department of Educational Administration, Leadership, and Research at WKU, we offer our support for your efforts at instituting an MAE at Northern Kentucky University leading to principal certification. As WKU has recently been through this process ourselves, if we can offer any advice or assistance we'd be happy to do that. We believe these new pathways to the principalship will grow the pool of high-quality P-12 administrators and ultimately help our institutions be of better service to schools and districts.

The resource requirements and planned sources of funding of the proposed program must be detailed in order to assess the adequacy of the resources to support a quality program. This assessment is to ensure that the program will be efficient in its resource utilization and to assess the impact of this proposed program on the institution's overall need for funds.

Complete the Funding Source template and Breakdown of Budget Expenses/Requirements template for the first five years of the proposed program and provide an explanation of how the institution will sustain funding needs, \*CPE provided Excel Templates for this step. Describe program evaluation procedures for the proposed program. These procedures may include evaluation of courses and faculty by students, administrators, and departmental personnel as appropriate. Program review procedures shall include standards and guidelines for the assessment of student outcomes implied by the program objectives and consistent with the institutional mission.

What are the plans to evaluate students' post-graduate success? \*

As a part of the College of Education's quality assurance system process for CAEP accreditation, we conduct an "alumni survey" and a school "principal evaluation of graduates" survey. Our alumni survey is conducted with our graduates (year 1 and 3) to evaluate their job preparation and post-graduate successes. The "principal evaluation of graduates" survey is completed by principals and district leaders in the region who have hired our graduates to gather evaluation information on program effectiveness and post-graduate successes. Additionally, our program will have access to Western Kentucky University's Wallace Foundation University Principal Preparation Initiative (UPPI) "Leadership Tracking System" (LTS), a database that will house information on our program graduates, job placement, and academic performance of the schools in which our graduates serve.

### **Recommendation:**

Recommend the Board of Regents approve revisions to the Northern Kentucky University Community Standards & Student Rights

# **Background:**

# Northern Kentucky University Community Standards & Student Rights

### **Executive Summary of Major and Minor Changes**

This proposed revision is in response to the passage of House Bill 290 in the 2022 General Assembly, with Governor Beshear's signature, with an effective date for the new statute of July 12, 2022. The Community Standards & Student Rights document recently approved by the Board in September 2021 is largely unchanged by this proposed revision, though some additional student rights are required by the new law.

The primary student right created by the new statute is the right for a student to be actively represented by a licensed attorney (or advisor of their choosing, at their expense) in specific phases of the adjudication process for allegations that may result in suspension or expulsion from NKU, or termination of the student's residence in NKU campus housing. This proposal makes this new student right clear and addresses policy language shifts to delineate Serious Misconduct allegations, and the procedures related to such allegations, from other possible violations of the Community Standards.

This proposed revision has been supported by Interim General Counsel Elizabeth Meiszer, Staff Attorney Jacqueline Graves, Assistant Director for Student Conduct Javance Sinclair, Assistant Dean of Students Dr. Bob Alston, and is being proposed by Vice President for Student Affairs Dr. Eddie Howard. Outside counsel from Manley Burke, LPA, has also informed this proposal.

To reflect these changes while preserving the educational nature and developmental goals of student conduct processes, we offer the proposed Northern Kentucky University Standards & Student Rights document.

The proposed draft was finalized on 5/18/2022.

# Listed below are the major revisions to the Northern Kentucky University Code:

- Delineation between Serious Misconduct allegations from other possible Community Standards violations
  - Resolution of Serious Misconduct allegations allows for active representation by an attorney/advisor in specific phases of the adjudication process
- Specific language disconnecting resolution of alleged academic dishonesty from the Community Standards & Student Rights

- Serious impacts from academically dishonest behavior and patterns of academically dishonest behavior may still be addressed through this proposed policy
- Specific presumption of innocence for students accused of a Community Standards violation.
- Specific procedures for an Interim Action (e.g. interim suspension) Hearing
- Modification of minor policy language, hearing procedures, and procedural supports to align appropriately with timelines and procedures outlined in KY House Bill 290 (Kentucky Campus Due Process Protection Act).

### I. Preamble

This Community Standards & Student Rights document (the Code) is designed to ensure that Northern Kentucky University (the University) students shall enjoy intellectual freedom, fair and legal treatment, the freedom of speech both on and off campus, freedom of press, the right of peaceable assembly, the right to petition for redress of grievances, the right to a fair hearing of charges made against one, and the right to responsible participation in the university community. Rights imply responsibilities; therefore, members of the University community must show both initiative and restraint. The Code is designed neither to be exhaustive nor to encompass all possible relationships between students and the institution. This document is endorsed and approved by the Northern Kentucky University Board of Regents. The Code is not rigid nor unchangeable. As the relationship between students and the University continues to grow, it may be necessary to modify the Code.

It is incumbent upon students to be aware of University regulations. Ignorance of these regulations does not excuse students from adherence to them. University Officials should endeavor to inform students of University rules, regulations, and policies, whenever the circumstance is applicable.

#### II. Freedom from Discrimination

Northern Kentucky University (NKU) does not discriminate based on national origin, race, color, age, gender, gender identity, gender expression, sexual orientation, religion, political affiliation, physical or mental disability, genetic information, pregnancy, and Uniform Services or veteran status in its educational programs and activities, employment, daily operations and admissions policies, in accordance with all applicable federal, state local laws and university policies. No retaliation shall be initiated against any person who makes a good faith report of a violation.

### **III. University Conduct Action**

The Board of Regents of Northern Kentucky University has adopted the following procedures for implementing the Code. The Board of Regents affirm both the Code and these student conduct procedures, which emphasize the maintenance of the University as an institution dedicated to the education of its students. Furthermore, the Board of Regents affirm their grant of authority for student conduct to the President and to others designated as indicated in this Code to implement these procedures. Furthermore, the University reserves the right to amend these regulations or make rules as deemed necessary for the protection of property and/or the general welfare the University community.

### A. University Authority and Civil Power

The institution may impose student conduct sanctions for behavior on or off-campus where the University's interests as an academic community are seriously and distinctly threatened. Infringements of local, state, and federal law are also infringements of University policies.

Where it is necessary for members of the NKU University Police, in their capacity as police officers to investigate the conduct of students, detain, or arrest Students, all of the legal safeguards of personal rights guaranteed to citizens will be observed in accordance with the law.

## B. Administrative Search and Seizures

The overriding standard by which the law tests searches of students is one of "reasonableness" under the circumstances, and University officials must use their good judgment to determine what is reasonable. University property remains the property of the University even when used by students. Apartments, suites, residence halls, lockers, etc. are subject to administrative search only in the interest of school safety, sanitation, enforcement of the Code and other University regulations. Search by law enforcement officials may be upon presentation of a proper warrant or pressing circumstances. A student's person and possessions (including vehicle) may be searched by a University official provided the official has reasonable grounds to suspect that the search will turn up evidence that the student has violated or is violating either the law, the Code, or the rules and regulations of the University. The extent or scope of the search shall be reasonably related to the objectives of the search and not excessively intrusive in light of the nature of the infraction.

### C. Violations of Law and this Code

Students may be accountable to both civil and criminal authorities and to the University for acts that constitute violation of law and of this Code. Those charged with violations are subject to University student conduct proceedings even if criminal proceedings are pending and may not challenge University proceedings on the grounds that criminal charges for the same incident have been dismissed, reduced, or are not yet adjudicated. Students and recognized student organizations are cautioned that any material posted on the Internet, including social networking sites and Internet blogs, is not private or protected information. Students may be held accountable for content posted in this manner and information obtained from this source may be considered in cases of misconduct.

University Officials shall have the right to investigate or seek out information about conduct of suspected persons in any case involving an alleged violation of the law or University regulations. However, students are required to comply with the directives of University officials in the performance of their duties. Failure to do so may result in student conduct action. If a student does not participate in a meeting or hearing, the adjudication process will continue without their participation.

Pending action on charges, the status of students should not be altered, nor their rights to be present on campus and to attend classes suspended, except for reasons relating to their physical or emotional safety, interim actions, and/or the well-being of the University community or University property. Student status in NKU academic programs should not be altered for non-academic reasons without providing the student the right to appropriate due process.

### D. Academic Integrity Violations

The behavioral expectations and procedures described below is used to address alleged violations of the Code, except for alleged academic integrity violations, which are resolved through the conduct process outlined in the <u>Academic Integrity Policy</u> and any other applicable campus policies and procedures, such as those enforced by the Division of Research and Graduate Studies. Nothing in this Code shall be construed to violate the Kentucky Due Process Act.

### **IV. Definitions**

Administrative Hearing – an adjudication meeting by a Hearing Body that can decide/sanction Conduct Violations. Typically, an Administrative Hearing will include a Hearing Body made up of a trained University Official or a Student.

Advisor – unless otherwise explicitly permitted by the Code, a Student-identified individual that acts a support person at any NKU student conduct process meeting or hearing. An Advisor may only consult and interact privately with their Student and will not be allowed to address University Officials, the opposing Student (Complainant, Complaining Witness, or Respondent), the University Conduct Board, Hearing Officer, nor any witnesses during the meeting or hearing.

*Code* – term used when making reference to the on-line version of the Northern Kentucky University Code of Student Rights and Responsibilities.

Complainant— means a student who has formally filed a complaint alleging that the student is the victim of a violation of the Code adopted by the Board of Regents of Northern Kentucky University. For purposes of the Code, Complainant also means the University when an alleged victim does not wish to proceed with filing a complaint or in the processes outlined in the Code or where an alleged victim cannot be identified.

Complaining Witness – whether or not they are affiliated with the University in some capacity, a person, group, or organization who reports information which leads to a formal charge that someone has done something that is in violation of the Code, if a University Official is the Complainant.

Coercion – any unreasonable pressure for sexual activity. Coercive behavior differs from seductive behavior based on the type of pressure someone uses to get Consent from another. When someone makes clear to you that they do not want sex, that they want to stop, or that they do not want to go past a certain point of sexual interaction, continued pressure beyond that point may be coercive.

Conduct Violation- a violation of this Code for which the possible sanctions are other than suspension or expulsion from the University or termination of residence in campus housing.

Consent – Consent is clear, knowing and voluntary. Consent is active, not passive. Silence, in and of itself, cannot be interpreted as consent. Verbal consent is not a requirement; however, consent may be given by words as long as those words create mutually understandable clear permission regarding willingness to engage in sexual activity. Consent to any one form of sexual activity cannot alone imply consent to any other forms of sexual activity. Previous relationships or prior consent cannot imply consent to future sexual acts. An individual who is unable to give Consent as defined by Kentucky state law (KRS §510.020) cannot give Consent.

Day – every Monday-Friday on the calendar, unless the University is closed for a holiday. Hearing Body – any person(s) designated and/or appointed by the Vice President for Student Affairs or designee to determine whether a Student, Student Group, or Registered Student Organization is responsible for a Conduct Violation and assign and/or recommend sanctions. A Hearing Body may include NKU Students, faculty members, and/or staff.

Hearing Officer- any person designed and/or appointed by the Vice President for Student Affairs or designee to determine whether a Student, Student Group, or Registered Student

Organization is responsible for a Serious Misconduct Violation and assign and/or recommend sanctions. A Hearing Officer may include NKU staff or legal counsel not affiliated with or employed by NKU.

Incapacitation – a state in which a person cannot make rational or reasonable decisions because they lack the capacity to give knowing Consent (e.g., to understand the "who, what, when, where, why or how" of their interaction). Incapacitation can be due to the use of alcohol and/or other drugs, when a person is asleep or unconscious, or because of an Intellectual (or other) Disability that prevents an individual from having the capacity to give Consent.

Intellectual Disability – this means a person with significantly sub-average general intellectual functioning existing concurrently with deficits in adaptive behavior and manifested during the developmental period (KRS §510.010).

Interim Action – the temporary application of any sanction consistent with the Code. An Interim Action may be imposed by the Vice President for Student Affairs or designee when there is reason to believe there is a threat of disruption, damage, or to the safety and well-being of the University community. An Interim Action may be imposed at any time prior to the final resolution of either student conduct proceedings under the Code or any criminal, civil or administrative proceeding. During the Interim Action, Students may be denied access to the University Premises ("trespassed"), including but not limited to classrooms, University Housing residence halls, other non-academic areas, as well as any and all University programs and/or activities.

*Intimidation* – implied, or actual, threats or actions that cause an unreasonable fear of harm in another.

Intoxication – a condition resulting from the use of alcohol, other drugs, and/or misuse of consumer products where a person exhibits behaviors including, but not limited to: slurred speech, slowed reflexes, loss of balance, inability to concentrate or track conversations, vomiting, memory loss, and/or disorientation. Signs may also include unusual behavior, or when specific concerns are expressed by others about the individual.

Kentucky Revised Statutes (KRS) – the name given to the duly adopted body of laws which govern the Commonwealth of Kentucky.

Mental Illness – a diagnostic term that covers many clinical categories, typically including behavioral or psychological symptoms, or both, along with impairment of personal and social function, and specifically defined and clinically interpreted through reference to criteria contained in the Diagnostic and Statistical Manual of Mental Disorders (Third Edition) and any subsequent revision thereto, of the American Psychiatric Association (KRS §510.10).

Mutual Resolution – an agreement on finding(s) of responsibility and sanction(s) between a Respondent and an appropriately trained University Official that is not subject to further appeal under this Code. Students have 72 hours (without regard to University closures) to submit a written request for modification of their participation in a Mutual Resolution.

Participant – means a Respondent or Complainant.

*Preponderance* – a standard of information in which a reasonable person has sufficient information to show that it is more likely than not that a Respondent has violated the Code.

Reasonable Suspicion – a standard of information in which facts, taken together with rational inferences from those facts, cause a reasonable person to suspect a possible violation of the Code has occurred.

Recognized Student Organization (RSO) – a collection of persons who have complied with the requirements for formal University recognition.

Record of the Hearing – includes the letter containing formal charges, the audio recording of the hearing, any written transcript of the hearing, and all documents offered as information at the hearing; the written opinion of the Hearing Body; and any documentation related to any appeal.

Retaliation – intimidating, threatening, coercing or in any way discriminating against an individual because that person has opposed any behavior prohibited under this policy or because that person has made a complaint or participated in an inquiry or investigation.

Respondent – means a student who has been formally accused of a violation of the Code adopted by the Board of Regents of Northern Kentucky University.

Serious Misconduct Violation – a violation of this Code for which the possible sanctions include suspension or expulsion from the University or termination of residence in campus housing.

Student – means an individual currently enrolled in at least one (1) credit hour at NKU or a student organization registered pursuant to the policies of NKU.

Student Conduct Hold – an administrative action to limit activity on a Student's University records and prevents the Student from completing University processes such as preregistration, registration, drop/add, withdrawal, graduation, receiving official transcripts, etc. These holds may be applied to a Student's account to facilitate completion of sanctions; when Interim Action has been taken; and/or when a Student is suspended/expelled; etc.

Student Group – a number of Students associated with each other for a common purpose and who are not classified as a RSO by the University.

Title IX- means Title IX of the Education Amendments of 1972, 20 U.S.C. sec. 1681 et seq., applicable federal regulations, and binding federal judicial precedent.

University Conduct Board (UCB) – a UCB is a Hearing Body comprised of one faculty member, one staff member and one student that decides findings and recommends sanctions in accordance with appropriate Kentucky law. Individuals who serve on the UCB may be appointed by the Student Government Association, Faculty Senate, Staff Congress, or by the Director of Student Conduct, Rights & Advocacy (or designee). The Office of Student Conduct, Rights and Advocacy will appoint an ex-officio presiding/recording officer who will be a non-voting member. Temporary board members may also be appointed with the approval of the Vice President for Student Affairs or designee.

*University Premises* – all buildings, facilities or grounds owned, leased, operated, controlled or supervised by NKU, including adjacent streets and sidewalks.

*University Official* – any person employed by the University and authorized to perform administrative or professional duties, including but are not limited to: faculty members, staff members, University Police, Student employees, or other University officer(s).

# V. Investigation and Standards of Information

The focus of inquiry in Code proceedings shall be to determine whether the Respondent is or is not responsible for violating the Code. Respondents are afforded a presumption that the Respondent is innocent until NKU has established every element of the alleged violation. .A presumption also exists that neither Complainant nor any witness has presented false testimony or evidence. Any Student charged with a violation of the Code is entitled to a hearing before an appointed University Official, Hearing Body, or Hearing Officer as specified in this Code. With the exception of cases involving *Serious Misconduct Violation allegations*, the Respondent and the University may agree to mutually resolve the charge(s) without an Administrative or UCB hearing.

**NKU** investigates all complaints filed with the Office of Student Conduct, Rights and Advocacy. An investigation begins when a complaint is received by the Office of Student Conduct, Rights and Advocacy. The purpose of an investigation is to determine if there is merit to charge a Student, Student Group, or RSO with a violation of the Code. If a preliminary investigation indicates that Reasonable Suspicion of a violation exists, notice of any charge(s) will be provided to the Respondent as outlined in section XI of the Code (with appropriate differences for Conduct Violations or Serious Misconduct Violations). Those charged shall still be afforded a presumption of innocence until NKU has established every element of the alleged violation.

NKU reserves the right to investigate/adjudicate reports without an identified Complainant, and such action shall not necessarily invalidate a decision or proceeding, unless significant prejudice to the Respondent or the University may result. During investigative and hearing phases of a proceeding involving allegation of a Conduct Violation, formal rules of evidence shall not be applicable. Similarly, deviation from prescribed procedures shall not necessarily invalidate a decision or proceeding, unless significant prejudice to the Respondent or the University may result.

When decisions about a Student's responsibility for any violation of the Code are made, the University Official, Hearing Body, or UCB will use the Preponderance standard to evaluate the relevant information.

# VI. Community Standards for Students

Student(s) engaging in the following behaviors may be out of alignment with NKU's Core Values. If a Student, faculty member, or staff member has knowledge about a possible violation of these Community Standards, they should submit knowledge of this allegation in writing by completing an incident report form, which is available online at <a href="http://scra.nku.edu">http://scra.nku.edu</a> or by visiting the Office of Student Conduct, Rights and Advocacy (NKU Student Union, room 301).

Note: Students who act in concert to violate University regulations share the responsibility for any resulting policy violation. Additionally, Students are responsible for the conduct of their guests on University property or at any University function including those sponsored or organized by Student Groups or RSOs.

- Obstructive Conduct obstruction or disruption that interferes with the freedom of
  movement, either pedestrian or vehicular, on University Premises or at University sponsored
  activities.
- Weapons unauthorized use, possession, or storage of any weapon on University Premises or at University-sponsored activities. (See NKU Policy on weapons for more information)

The following applies to Student Groups and RSOs:

- Student Groups and RSOs may be charged with violations of this Code without regard to whether members of such groups or organizations are individually charged with violations arising from the same occurrences.
- A Student Group or RSO and its officers, leaders, or any identifiable spokespersons may be held collectively or individually responsible when violations of this Code by those associated with the Student Group or RSO have received the tacit or overt consent or

- encouragement of the Student Group or RSO or of the Student Group's or RSO's leaders, officers, or identifiable spokespersons.
- Student Groups and RSOs may be held accountable collectively if any of these
  situations apply: An alleged violation was committed by one or more members of a

## VII. Complaints and Reporting

Any member of the University community, including Students, visitors, parents, or alumni may file a complaint alleging Student misconduct. Complaints are filed by completing an incident report form, which is available online at <a href="http://scra.nku.edu">http://scra.nku.edu</a> or at the Office of Student Conduct, Rights and Advocacy, 301 Student Union Building. Reports of violations of the Sexual Misconduct Policy should be made to the NKU Office of Title IX, the NKU Police at 859-572-5500, or by filling out an incident report form on the Office of Student Conduct, Rights and Advocacy website. Complaints related to possible Student Sexual Misconduct/Harassment are addressed by the Code of Students Rights and Responsibilities.

Federal and state laws and University policy prohibit the taking of retaliatory measures against any individual who files a complaint in good faith. Retaliation against an individual for raising an allegation of sexual or gender-based harassment, for cooperating in an investigation of such a complaint, or for opposing discriminatory practices is prohibited. Submitting a complaint that is not in good faith or providing false or misleading information in any investigation of complaints is also prohibited.

#### Amnesty for Students Who Report Sexual Misconduct:

The University recognizes that a Student who is under the influence of alcohol and or drugs at the time of an incident may be hesitant to make a report because of a threat of student conduct sanctions for their own violation of the Code. A Student who reports Sexual Misconduct, either as a Complainant, Complaining Witness, or third party witness, will not face student conduct charges under the Code of Student Rights and Responsibilities for drug or alcohol use. Submitting a complaint that is not in good faith or providing false or misleading information in any investigation of complaints is prohibited, and may be a violation of the Code.

### **VIII. Interim Action**

Except in cases where the Vice President for Student Affairs (or designee) gives an Interim Action, a Student's status should not be altered, nor their right to be present on campus and to attend classes suspended prior to a student conduct process decision. The Vice President for Student Affairs (or designee) may order that a Student be immediately excluded from classes, University Premises (including University Housing), or denied privileges and ability to participate in activities when the Student's continued presence may constitute a significant danger to the physical safety of members of the campus community during a timely investigation and

adjudication of a student Code violation. The Vice President for Student Affairs (or designee) may also impose interim restrictions on a student, including but not limited to: attendance at RSO meetings, attendance at NKU sponsored events, RSO activity limitation(s), or other reasonable restrictions as the discretion of the VPSA (or designee) necessary to ensure the physical safety of members of the campus community during a timely investigation and adjudication of a Code violation.

If the Vice President for Student Affairs (or designee) imposes an Interim Action, the Student will receive written notice, within twenty-four (24) hours of the Interim Action, stating the reasons for the Interim Action and the right to an interim measure hearing to determine whether there is substantial evidence that the Student poses a risk to the physical safety of a member of the campus community and that the interim measure is appropriate to mitigate the risk. Unless waived by the Student, the Interim Hearing shall be held within three (3) business days of written notice of the interim measure hearing.

At the hearing, the Student shall have the right to participate meaningfully and be represented by legal counsel or an advisor, if required by Title IX or other law or provision of the Code, at the Student's own expense. A Student's waiver of an interim measure hearing shall not constitute admission of guilt or waiver of any rights afforded under the law.

The Vice President for Student Affairs (or designee) may take the following Interim Actions:

- A. Place a Student Conduct Hold on the accused student's registration, transcripts, new awards of financial aid and/or other University records until the case is adjudicated when the following circumstances occur:
  - The Student has failed to respond promptly to requests for information from the Office of Student Conduct, Rights and Advocacy;
  - ii. The Student has failed to appear for, or participate in, a hearing; or
  - iii. The alleged conduct is such that, if true, may pose a threat of harm to the University community or property.
- B. When a Student has pre-registered for a term after the one in which the hold is placed, the Vice President for Student Affairs (or designee) may also revoke the registration of the Student.
- C. If there are allegations of misconduct relating to the qualifications of a Student to graduate, such as allegations of academic dishonesty and/or other Serious Violations of the Code, the Vice President for Student Affairs (or designee) may delay graduation until the case has been adjudicated.
- D. The decision to place a Student Conduct Hold on registration, to revoke registration, or to delay graduation may be appealed to the Vice President for Student Affairs. The Director of Student Conduct, Rights & Advocacy (or designee) may impose reasonable conditions on release of the hold.

### IX. Participation

Prior to the filing of Code charges/dismissal of allegations against Students, Student Groups, or RSOs, designated University Officials will conduct an investigation and interview appropriate individuals. With the exception of students who are the Complainant/Complaining Witness in cases related to possible sexual misconduct, Students/RSOs involved in an incident are expected to participate and engage with University Officials and do so in a timely manner.

The expectations for Student participation include:

- A. A University Official will contact an involved Student via University email to discuss the investigation into the incident, including any possible Code charge(s). This communication will schedule an appointment for the Student to meet with the University Official.
- B. If the Student does not participate in the scheduled meeting with the University Official, a second appointment notice will be sent via University email to the Student.
- C. If there is Reasonable Suspicion that the Student has violated the Code, and if the Student fails to respond to the first and second meeting requests, an Administrative Hearing will be scheduled and notice will be sent to the Student's University email and, as a courtesy, a letter may be sent to the Student's address on file. The meeting scheduled in the Administrative Hearing letter will be no less than five (5) Days after the date the letter is sent.
- D. Should the Student participate in the Administrative Hearing, the meeting will proceed with the Student's input.
- E. If the Student does not participate in the Administrative Hearing, decisions for Conduct Violation of the Code may occur *in absentia* (without the Student's input). Decisions for Serious Misconduct Violation allegations require a disciplinary hearing to be scheduled and additional notification will be sent to the Student.

<u>Please Note:</u> Student conduct meetings may be scheduled around a Student's academic schedule only. Investigation meetings and/or Administrative Hearings may be scheduled during academic breaks when the University is open for business. Failure to engage in the process and/or complete sanctions as a result of the adjudication of a case through a Hearing Body may result in additional Code charges and/or sanctions up to, and including, suspension or expulsion from the University.

### X. University Administrative File

The Office of Student Conduct, Rights & Advocacy will maintain an administrative file of all disciplinary proceedings. The file will include all documents and evidence in the University's possession or control relevant to the alleged violation and University's investigation. Relevant evidence includes exculpatory evidence, documents submitted by any participant, video recordings, audio recordings, or a transcript of a disciplinary hearing in the matter. Relevant evidence does not include privileged documents or internal memorandums that the University does not intend to introduce as evidence at any hearing in the matter.

Within 7 business days of a disciplinary hearing, or sooner if required by federal law, the University will provide participants reasonable continuing access to the administrative file and the ability to make copies of all evidence or documents contained in the file. Individual portions of the administrative file may be redacted if disclosure of the evidence is prohibited by law.

The University will immediately notify participants when documents, evidence, and witness lists are added to the file. The only evidence which can be contained in the administrative file and considered in the determination of whether a Code violation occurred is evidence determined by a hearing officer to be relevant and admissible. Such evidence includes, but is not limited to, audio recordings, video recordings, or transcripts of any disciplinary hearing held in the matter.

The University will maintain the administrative file permanently if a violation results in the expulsion of a student or, in all other matters, the later of either 3 years following Respondent's graduation or last date of attendance or 3 years after all sanctions have been met.

#### XI. Mutual Resolution

The Director of Student Conduct, Rights & Advocacy (or designee), or a designated University Official, may offer or accept Mutual Resolutions (including applicable sanctions) for any Conduct Violation. Serious Misconduct Violation allegations will not be subject to Mutual Resolution(s). The Mutual Resolution acceptance must be in writing and signed by the Respondent and the University Official. A mutual resolution may not be appealed, and waives the Student's right to participate in further hearings on the matter.

Students have 72 hours (without regard to University closures) to submit a written request for modification of their participation in a Mutual Resolution. Respondents that are not able to mutually resolve their case will have the option to choose an Administrative Hearing or a UCB hearing in order to fully adjudicate their case.

**Mediation/Restorative Action(s)** — In response to possible Conduct Violations, and mutually agreeable and appropriate circumstances, designated university officials may reach out to involved parties to discuss their willingness to participate in a mediation or restorative action(s). Mediation and restorative action(s) can serve as an opportunity to identify and take steps to repair harm, while involving those most directly involved and affected by the harm. Serious Misconduct Violation allegations will not be subject to Mediation/Restorative Action(s).

### XII. Notification of Possible Violation(s) or Hearing(s)

## Conduct Violations:

If Conduct Violation Code charges are initiated, and there is no Mutual Resolution or Mediation/Restorative Action(s), the Director of Student Conduct, Rights & Advocacy (or designee) shall email, hand-deliver, mail, or share in-person/via telephone (with a follow-up letter) a notification of violation(s) to the Respondent. The date of any meeting, or hearing, will not be less than five (5) Days after receipt of written notice, unless the Respondent waives the five-day preparation period in writing. Any notice shall include the following information:

- A. Statement of the specific charges against the Respondent.
- B. Brief description of the information upon which the charges are based.
- C. Date, time, and place for the hearing.

- G. The Respondent waives all claims of failure to receive adequate notice if the Respondent appears at the hearing and does not formally raise the issue of adequate notice at the first opportunity.
- H. It is the Student's responsibility to notify SCRA of any requests to change the scheduling of a hearing. Director of Student Conduct, Rights & Advocacy (or designee) will determine the validity of the request and determine if a scheduling change will occur.

The scheduling of meetings/hearings may be delayed at the discretion of the Director of Student Conduct, Rights & Advocacy (or designee) during times of heavy caseloads, if the charge occurs close to the end of an academic semester or term, or in the event of the reasonable need of either party for additional time.

#### Serious Misconduct Violations of the Code:

If Serious Misconduct Violation charges are initiated, the Director of Student Conduct, Rights & Advocacy (or designee) shall email, hand-deliver, or mail a written notice, to participants, which includes the following:

- A. <u>Statement that Respondent is afforded a presumption of innocence until the University has established every element of the alleged violation.</u>
- B. <u>Statement that the presumption of innocence shall not be construed to mean that the</u> complainant or any witness has presented false testimony or evidence.
- C. <u>Formal charge of the alleged violation and the specific details of the facts upon which</u> the allegation is based.
- D. Rights of the participant, as set forth below, a copy of the code, and any applicable laws.
- E. Right of the participant to receive notice of the date, time, and location of each phase of the disciplinary process at least 3 business days prior to any scheduled event at which the participant is expected to appear, including any meeting or interview that serves an investigative purpose, and 10 business days prior to any disciplinary hearing.
- F. <u>Notice of the right of reasonable access to the University's administrative file and ability to make copies of all evidence or documents contained in the file.</u>
- G. <u>Statement that participant may seek assistance from legal counsel, at participant's expense, or an advisor in preparation and during each phase of the disciplinary process.</u>
- H. <u>Statement that participant bears the responsibility to notify SCRA or any requests to change the scheduling of a hearing. Director of SCRA (or designee) will determine the validity of the request and determine if a scheduling change will occur.</u>

#### XIV. Sanction Guidelines

If a Student, Student Group, or RSO is found responsible for a violation of the Code, the Hearing Body, Administrative Hearing Body, University Conduct Board, Hearing Officer and/or the Director of Student Conduct, Rights & Advocacy (or designee) will determine the sanction(s) to be imposed or recommended based on the appropriate decision pathway. # XV. Appeals

### A. Student Conduct Appeals

If the Student, Student Group, or RSO is found to be responsible, the stated sanctions will be imposed unless appealed. If the Student, Student Group, or RSO is found not responsible, the case will be closed and no action will be taken, except in cases of alleged Sexual Misconduct.

Students, Student Groups, and RSOs have a right to appeal sanctions pursuant to the procedures set forth below. In order for any appeal to be considered, the Student, Student Group, or RSO must submit all necessary documentation, including a written statement of appeal citing the grounds of appeal, to the Office of Student Conduct, Rights and Advocacy within five (5) Days of the date of the Director of Student Conduct, Rights & Advocacy (or designee) decision letter. An appeal is not a rehearing of the original case, but a review of the Record of the Hearing and the written statement of appeal provided by the Student or RSO.

An appeal must meet one or more of the following grounds to be considered:

- A significant procedural error was made during the student conduct process, including but not limited to failure to hold an administrative meeting or hearing, lack of notice of the alleged violation, and/or no opportunity to present information;
- ii. A sanction was not appropriate to the violation, and/or the sanctions were grossly disproportionate.
- iii. A finding was not supported by information, and/or significant information is presented on appeal that was not available at the time of the hearing or could not have been obtained despite the Student's exercise of reasonable diligence, which materially affects the finding or sanction(s).
- iv. A sanction resulting in a final order of suspension for 3 or more days, expulsion from the University, or termination of residence in campus housing.

#### Appeal procedures:

- A. For an appeal of a decision that includes a sanction of University Suspension, Expulsion, or termination of University residence, the following procedures shall be used:
  - a. First Appeal Vice President for Student Affairs

- i. The written statement of appeal will be forwarded by the Vice President for Student Affairs. The Vice President for Student Affairs has the sole discretion to decide whether to review the appeal or send it to an Appeal Panel for review. Should the Vice President for Student Affairs review the case, they will review the record and determine whether to approve, reject, or modify an earlier decision or the sanctions recommended or imposed. The decision of the Vice President for Student Affairs will be made in writing within five (5) Days of receipt of the appeal unless extenuating circumstances apply. Should the Vice President for Student Affairs decide to send the case to an Appeal Panel, the following procedures will apply:
- ii. The Appeal Panel shall consist of three members of the University: one faculty member, one staff member, and one Student member. Panel members shall be appointed by the Vice President for Student Affairs and no member of the University Conduct Board may sit on the Appeal Panel for the same matter. The Director of Student Conduct, Rights & Advocacy (or designee) will provide training to the panel. An Appeal Panel will normally be convened within five (5) Days following notification from the Vice President for Student Affairs. The Panel shall review the record and recommend to the Vice President for Student Affairs whether to approve. reject, or modify an earlier decision or the sanctions recommended or imposed. A majority vote is required. The Appeal Panel will notify the Vice President for Student Affairs of their recommendation in writing within five (5) Days. So advised, the Assistant Vice President for Student Affairs will notify the Student, Student Group, or RSO and Director of Student Conduct, Rights & Advocacy of the decision in writing within five (5) Days. The Director of Student Conduct, Rights & Advocacy (or designee) shall implement the decision of Vice President for Student Affairs.

If the Student, Student Group, or RSO disagrees with the decision of the Vice President for Student Affairs, the Student, Student Group, or RSO may appeal to the Board of Regents by submitting a written statement of appeal to the office of Student Conduct, Rights and Advocacy within five (5) Days after the date of the Vice President for Student Affairs decision letter. The Board will review the record and determine whether to approve, reject, or modify an earlier decision or the sanctions recommended or imposed. The decision of the Board of Regents will be final and the sanction(s) decided upon will be imposed. The Board of Regents will inform the Vice President for Student Affairs of their decision in writing, and the Vice President for Student Affairs will provide these findings and sanctions to the Student, Student Group, or RSO in writing within five (5) Days following the Board of Regents meeting. The Director of Student Conduct, Rights & Advocacy (or designee) shall implement the decision of the Board of Regents.

#### B. Sexual Discrimination Appeals

i. If the Respondent is found not responsible for an allegation of sexual discrimination, as defined by Title IX, the Complainant shall have a right to appeal the determination directly to the Board of Regents, following the procedures outlined in XIV.A.b.

### XVI. Student Record Privacy and Parental Notification Procedures

The Family Educational Rights and Privacy Act (FERPA), also known as the Buckley Amendment, passed by Congress in 1974, was designed both to protect the privacy of Students' educational records and to establish the right of Students to inspect and review their non-privileged educational records.

"Educational records" are all records, in any medium, that are maintained by the college and are directly related to a Student, including, but not limited to: academic, student conduct, and career planning records. Other statutes protect Students' rights to privacy over their medical and counseling records. FERPA protects Students' privacy rights by defining to whom and under what conditions a college may disclose Students' educational records. FERPA has been tested in the courts and modified by Congress in the almost thirty years since its passage, but its essential principles of Student rights to access and privacy for their educational records remain intact.

- A. FERPA allows a college or university to disclose information to "appropriate parties," which may include parents, without written consent from the Student. NKU does reserve the right to make such notifications in the following situations:
  - i. The Student is over the age of 18 at the time of the alleged violation; or
  - ii. The Student is involved in a violation of any federal state or local law, or
  - iii. The Student has violated any rule or policy of the institution governing the use or possession of alcohol or a controlled substance, or
  - iv. The Student is involved in any emergency situations when notification is determined to be necessary to protect the health or safety of the Student or others. This notification may occur due to a medical emergency, or incident of imminent danger.
- B. The Director of Student Conduct, Rights & Advocacy, or designee, has the authority to contact parents when the violation is severe enough to warrant an immediate need for parental notification.

#### XVII. Records and Retention

Student Conduct files are retained in the office of Student Conduct, Rights and Advocacy for seven (7) years after the Student graduates or is no longer enrolled at Northern Kentucky University. Student Conduct records involving Student Groups or RSOs will be retained permanently if the case results in an outcome of Recognition Suspension/Revocation. Student conduct decisions resulting in sanctions of University Suspension/Expulsion will be retained permanently. Student records that are not related to Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act reporting and/or are not related to suspension/expulsion from the University may be destroyed after a Student's degree is conferred if a written request is received from the Student. Academic records are maintained in the offices of Admissions, Registrar, Academic Deans, chairpersons of departments, and directors of graduate and interdisciplinary programs. The Office of Health, Counseling and

Student Wellness keeps health records. University policy, FERPA, and Section 164.283 of the Kentucky Revised Statutes strictly control the information that may be given out about Students. Unless Students specifically waive their rights under these statutes or the University receives a properly served subpoena, only the following directory information may be released.

- Name, address, and telephone listing
- E-mail address
- Photograph
- Date and place of birth
- Major field of study
- Grade level
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Dates of attendance
- Degrees and awards received
- The most recent previous educational agency or institution attended
- Enrollment status (e.g., undergraduate, graduate, full-time, part-time, etc.)

Forms are available to waive a Student's FERPA rights for non-student conduct records in the Registrar's office, and forms are available to waive student conduct FERPA records in the office of Student Conduct, Rights and Advocacy. Absent a written waiver or properly served subpoena, educational information may be released to school officials who have a legitimate educational interest in the information. Certain records may be released to appropriate officials in situations which are life threatening. (See parental notification guidelines in section XV). Under FERPA, parents of Students over 18 years old have no automatic right to access the Student's records without the Student's consent, even if the Student is an economic dependent.

#### A. Right to Inspect Records

Under FERPA, Students have the right to inspect and review any and all official records, files, and data pertaining to them (with specific exceptions, a list of which may be obtained from the Registrar's Office).

Students have the opportunity for a hearing to challenge the contents of these records to ensure that the records are accurate and are not in violation of any rights of Students. Students have the right to an explanation and interpretation of these records. In the event that any student believes that the records are inaccurate, misleading, or in violation of his/her privacy, the Student may request the University to amend these records at that time. If the holder of the records decides at that time or within a ten (10) day period not to amend the file, the student may do either or both of the following:

i. Cite in writing the information believed to be inaccurate, misleading or in violation of privacy and submit amended data; this material will be added to the Student's file.

ii. Request a hearing before the Educational Rights and Privacy hearing committee. The hearing request should be submitted in writing to the Vice President for Student Affairs. Within a reasonable time, not to exceed thirty (30) calendar days, a hearing will take place. The Student will have a fair opportunity to present information. A written decision, based upon the information taken at the hearing, will include a summary of the information and the reasons for the decision.

The President of the University will appoint to the three-member Educational Rights and Privacy hearing committee including: a representative from the Student body selected by the president of Student Government, an administrative officer without direct interest in the outcome of the hearing, and a tenured faculty member of the University. The Student has the right to appeal to the Office of the Review Board of the Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202.

#### XVIII. Revision and Communication

This Code may be reviewed and amended by the Vice President for Student Affairs (or designee). Revisions of this Code shall be communicated to the University community through official email as well as other means of mass communication. The official Code will be available on the University website at scra.nku.edu.

Amended: 11/21/2012; 9/8/2021; 6/15/2022

**Appendix A:** Sexual Harassment

Northern Kentucky University is committed to fostering a safe and inclusive educational and work environment free from sexual harassment, including sexual assault, non-consensual sexual contact, non-consensual sexual intercourse, sexual exploitation, dating and intimate partner violence, relationship and domestic violence, stalking and gender-based bullying. All students are expected to comply with NKU's Sexual Harassment Policy (https://inside.nku.edu/titleix/policy/sexual-harassment-policy.html).

NKU has procedures in place in order to be sensitive to victims who report sexual assault, domestic violence, dating violence and stalking--including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, and other services on and/or off campus; as well as additional remedies to prevent contact between a complainant and an accused party, such as housing, academic, transportation and working accommodations, if reasonably available. The university will make such accommodations if the victim requests them and, if they are reasonably available, regardless of whether the victim chooses to report the crime to the University Police or local law enforcement.

The Offices of Title IX and Student Conduct, Rights & Advocacy work to appropriately respond to all reports of sexual harassment involving NKU students. Investigation and adjudication may by conducted by either of these offices, in accordance with relevant university policy and guidance. For more information, or to file a complaint, please visit: <a href="https://inside.nku.edu/titleix.html">https://inside.nku.edu/titleix.html</a>

**Appendix B: Medical Amnesty** 

Northern Kentucky University encourages a living and learning environment that promotes the health and safety of all members of our community. Alcohol (or other drug) consumption-including excessive consumption, rapid consumption, or consumption by someone with sensitivity- can cause serious physical and neurological harm or be life-threatening. Both Students who are under the influence and students accompanying Students under the influence may encounter alcohol (or other drug) emergencies during their time at college. Students are encouraged to make responsible decisions and to seek medical attention in serious or life-threatening situations that result from alcohol (or other drug) consumption. Sometimes Students are afraid to seek emergency medical care when alcohol (or other drug) poisoning (or overdose) is suspected because they do not want to get themselves or others in trouble. The University has instituted a limited Medical Amnesty Protocol in an effort to address this concern in the first instance where a Student over-consumes alcohol (or other drugs) and seeks medical attention and does not otherwise potentially violate University policies.

If medical attention is required, Students should immediately contact professional medical personnel by calling 859.572.7777 if on campus or by calling 911 if off campus. A (1) Student who seeks emergency assistance for themselves, another Student, or a friend experiencing an alcohol (or other drug) related emergency, as well as (2) the individual in distress will not be subject to formal student conduct action under the NKU Code of Student Rights and Responsibilities.

The following procedures pertain to the two (2) different types of Students covered by the Amnesty Protocol: Students in need of medical attention, and active bystanders.

#### Student In Need of Medical Attention

The policy may apply when a Student receives emergency medical assistance that is (a) related to the consumption of alcohol (or other drugs), and (b) sought by a person not serving in an official University capacity. The Student will not be required to participate in the NKU student conduct process. NKU Students seeking medical amnesty are required to submit a request to the office of Student Conduct, Rights and Advocacy within five (5) Days of the incident. If a request is approved, the Student will need to meet with a professional staff member in the office of Student Conduct, Rights and Advocacy, and may be required to participate in an appropriate educational program. The Medical Amnesty Protocol only applies when a Student initiates a call for emergency medical attention and only when the emergency medical attention is needed to address alcohol (or other drug) emergencies. It does not apply when the individual suffering from the alcohol (or other drug) emergency is discovered by a University official (e.g. NKU Police, Resident Assistant, etc.) without a prior call for emergency medical attention.

If the Student qualifies for medical amnesty under this protocol, the office of Student Conduct, Rights and Advocacy will refrain from charging or sanctioning the Student for violations of the NKU Code of Student Rights and Responsibilities related to alcohol (or other drugs). As mentioned above, as a condition of receiving amnesty, Students may be required to successfully complete an educational assignment through the office of Student Conduct, Rights and Advocacy.

In compliance with the Family Educational Rights and Privacy Act ("FERPA") and University policies and regulations, the office of Student Conduct, Rights and Advocacy may notify the

parent(s) or legal guardians(s) of Students who receive medical amnesty under this protocol, as needed.

No individual may receive medical amnesty under this Protocol more than one (1) time in a twenty four (24) month period. Records of all requests for assistance under this Protocol shall be maintained by the office of Student Conduct, Rights and Advocacy. Participation in any program as a result of this policy shall not be noted on the Student's NKU student conduct record. In the event an individual who previously utilized the Medical Amnesty Protocol is involved in a subsequent alcohol (or other drug) related incident, the most recent incident and any resulting NKU Code of Student Rights and Responsibilities charges shall be considered a second offense allegation. While amnesty may be granted multiple times, it is not guaranteed.

#### **Active Bystander**

Students who seek emergency assistance on behalf of persons experiencing alcohol (or other drug) related emergencies will be considered for amnesty under this Protocol. The Student will not be required to participate in the NKU student conduct process. NKU students seeking medical amnesty are required to submit a request to the office of Student Conduct, Rights and Advocacy within five (5) Days of the incident. If a request is approved, the Student will need to meet with a professional staff member in the office of Student Conduct, Rights and Advocacy, and may be required to participate in an appropriate educational program, depending upon their involvement in the situation. Participation in any program as a result of this policy shall not be noted on the Student's NKU student conduct record. The Medical Amnesty Protocol only applies when a Student initiates the call for emergency medical attention and only when the emergency medical attention is needed to address alcohol (or other drug) emergencies. It does not apply when the individual suffering from the alcohol (or other drug) emergency is discovered by a University official (e.g. NKU Police, Resident Assistant, etc.).

In compliance with the Family Educational Rights and Privacy Act ("FERPA") and University policies and regulations, the office of Student Conduct, Rights and Advocacy can notify the parent(s) or legal guardians(s) of Students who receive medical amnesty under this Protocol, as needed.

No individual may receive amnesty under this section more than one (1) time in a twenty-four (24) month period. Records of all requests for assistance under this policy shall be maintained by the office of Student Conduct, Rights and Advocacy. Participation in any program as a result of this protocol shall not be noted on the Student's NKU student conduct record. In the event an individual who previously utilized the Medical Amnesty Protocol is involved in a subsequent alcohol (or other drug) related incident, this incident and any resulting NKU Code of Student Rights and Responsibilities charges shall be considered an alleged second offense. While amnesty may be granted multiple times, it is not guaranteed.

#### 1. Preamble

This Student Honor Code [the "Honor Code"] is a commitment by students of Northern Kentucky University, through their matriculation or continued enrollment at the University, to adhere to the highest degree of ethical integrity in academic conduct. It is a commitment individually and collectively that the students of Northern Kentucky University will not lie, cheat, or plagiarize to gain an academic advantage over fellow students or avoid academic requirements.

The purpose of the Honor Code is to establish standards of academic conduct for students at Northern Kentucky University and to provide a procedure that offers basic assurances of fundamental fairness to any person accused of violations of these rules. Each Northern Kentucky University student is bound by the provisions of the Honor Code and is presumed to be familiar with all of its provisions. Students also should aspire to conduct themselves in a manner that is consistent with the highest degree of ethical integrity in all matters, whether covered in the Honor Code or not. The success of this commitment begins in the diligence with which students uphold the letter and the spirit of the Honor Code.

    - h. Damage or impair any library, laboratory, studio, field, or other courserelated resources or another student's completed assignments.

NOTE: These prohibitions shall not preclude an instructor or department from assigning team projects, cooperative efforts, and other similar activities in a course or for a graduation requirement and are subject to modification in order to adhere to the NKU Policy on Accommodations for Students With Disabilities.

- A student who violates one of the above provisions will be identified to the Department Chair, Program Director, Academic Dean, and Director of Student Conduct, Rights & Advocacy. The student may also be subject to one or more of the following consequences:
  - a. For the first violation, any one or a combination of the following:
    - i. Faculty imposed sanction(s) as outlined in the course syllabus;
    - ii. An oral admonition or reprimand;
    - iii. A written admonition or reprimand;

- 3. Academic Departmental Procedure
  - A. A course instructor who has sufficient information to believe that a student has violated the Honor Code shall notify the student within five (5) Days from the date of discovery of the alleged violation unless extenuating circumstances apply. If grades must be turned in during the meantime, the instructor shall give the student a grade of incomplete.
  - B. The instructor may take action as described in H.2.2. and shall report the incident and sanctions in writing within five (5) Days to the student, the Department Chair or Program Director, the Academic Dean or Vice Provost and Director of Student Conduct, Rights & Advocacy. An instructor is not required to report the incident or take any action if, in his/her professional judgment, the student's conduct should be dealt with outside the Honor Code as an academic or administrative matter, and the conduct is so dealt with promptly.
  - C. If the student disagrees with the instructor's decision, the student may appeal in writing to the Department Chair or if no Departmental Chair exists, to the Program Director within five (5) Days of receipt of the decision of the instructor. If the appeal is not requested in the time allotted, the instructor's action shall be final and binding. If the student's written appeal is received by the Department Chair or Program Director within five (5) Days of receipt of the instructor's decision, the Department Chair or Program Director will meet with the student within five (5) Days of receipt of the appeal. The Department Chair or Program Director will notify the student of his/her decision in writing within five (5) Days of the meeting. The Department Chair or Program Director will forward a copy of

the written decision to the instructor, the Academic Dean (or his/her designee), the Office of Student Conduct, Rights and Advocacy and will retain a copy in the department files.

- D. If the student is dissatisfied with the decision of the Department Chair or Program Director, the student may appeal to the Academic Dean, or if no Academic Dean exists to the Vice Provost for Academic Affairs or his/her designee by submitting a written request of appeal within five (5) Days after receipt of the Department Chair's or Program Director's decision. The Academic Dean or Vice Provost or his/her designee will notify the student of his/her decision in writing within five (5) Days of receipt of the appeal. The Academic Dean or Vice Provost or his/her designee will forward a copy of the decision to the Department Chair or Program Director, the Director of Student Conduct, Rights & Advocacy and the instructor.
- E. If the student is dissatisfied with the decision of the Academic Dean or Vice Provost, the student may appeal to the Academic Appeals Panel by submitting a written request of appeal in care of the Academic Dean or Vice Provost within five (5) Days after receipt of the Academic Dean's or Vice Provost's decision. Within five (5) days of receipt of the student's written appeal, the Academic Dean or Vice Provost will convene an Appeals Panel to consider the appeal.

The Appeals Panel will consist of:

- a. Two faculty members chosen by the Academic Dean or Vice Provost at the beginning of the academic year. These choices will be made from a group comprised of one representative from, and chosen by, each department responsible to the Academic Dean or Vice Provost.
- b. One faculty member chosen by the Academic Dean from the college or Vice Provost from the program in which the appeal was initiated. Should this department or program already be represented on the panel, the Academic Dean or Vice Provost will select the third faculty panel member from the original group of department or program representatives referenced above. The faculty member whose decision is in question may not sit on the panel. Other panel members will be excused when a conflict of interest exists.
- c. Two students. These panel members plus an alternate will be chosen from the academic college by the Academic Dean or Vice Provost from the department or program at the beginning of the academic year. If these students are unavailable, the Academic Dean or Vice Provost will select two student panel members and an alternate student to serve on the committee. The student initiating the appeal may not sit on the panel. Student panel members will be excused when a conflict of interest exists.

The Academic Dean or Vice Provost will convey to the Academic Appeals Panel the entire file of the case. If the Academic Appeals Panel

determines that the case meets any of the grounds for appeal, the panel will proceed to a full hearing of the appeal within a reasonable time period (not to exceed 20 Days). A full hearing may include collection of evidence by the Appeals Panel through research and interview. Insofar as possible, all persons directly involved in the appeal will cooperate by honoring the panel's requests for information. Both the faculty member and the student have the right to engage the Appeals Panel. All information relevant to an appeal will be held in strict confidence during the appeal process and upon its conclusion. The Appeals Panel will provide a written report of its decision to the Academic Dean or Vice Provost within five (5) Days of the formal hearing. The Academic Dean or Vice Provost will send notification of the Appeals Panel's decision to the student, the instructor, the Department Chair or Program Director and the Director of Student Conduct, Rights & Advocacy.

- F. Except in cases of suspension or expulsion, the Academic Appeals Panel's decision shall be final and binding. There shall be no further appeal. In cases of suspension or expulsion, the student may decide to accept responsibility for the violation(s) but wish to appeal the sanction of suspension or expulsion. In such cases, the student may avoid meeting with the Academic Appeals Panel and file an appeal to the Vice President for Academic Affairs/Provost limited to the question of suspension or expulsion.
- G. An appeal to the Vice President for Academic Affairs/Provost limited to the question of suspension or expulsion must be in writing and must be submitted within five (5) Days of the student's receipt of the decision of the Appeals Panel. The Academic Dean or Vice Provost will forward the entire file to the Provost's office at the time the appeal is made. The Provost will review the appeal within five (5) Days of receipt of the file, and determine whether to uphold the recommended sanction or to recommend a lesser sanction. The Provost will notify the student, Academic Dean or Vice Provost and Director of Student Conduct, Rights & Advocacy of his/her decision in writing.
- H. If the student disagrees with the decision of the Vice President for Academic Affairs/Provost, he/she may appeal to the Board of Regents by submitting a written statement of appeal to the Academic Dean office within five (5) Days after receipt of the Vice President for Academic Affairs/Provost's decision. The Board will review the file and determine whether to approve, reject, or modify an earlier decision or the consequences recommended or imposed. The decision of the Board of Regents will be final and the sanction(s) imposed will stand. The Board will inform the Academic Dean or Vice Provost of their decision in writing, and provide these findings and sanctions to the student in writing within five (5) Days following the Board of Regents Meeting. The Academic Dean or Vice Provost shall implement the decision of the Board.

# 4. Grounds for appeals

An appeal must meet one or more of the following grounds to be considered:

- 1. A significant procedural error was made during the disciplinary process, including but not limited to failure to hold an administrative meeting, notice of the alleged violation, and/or no opportunity to present evidence.
- 2. A sanction was not appropriate to the violation, and/or the sanctions were grossly disproportionate.
- 3. A finding was not supported by evidence, and/or significant information is presented on appeal that was not available at the time of the hearing or could not have been obtained despite the student's exercise of reasonable diligence which materially affects the finding sanctions.

## Appendix F: Graduate Student Academic Policies and Procedures

#### I. PREAMBLE

This document establishes a Graduate Student Honor Code (referred to as the Honor Code). The purpose of the Honor Code is to establish standards of academic integrity for graduate students at the university and provide procedures that offer assurances of fundamental fairness to any student accused of violating the Honor Code. This document also provides a process for graduate students to appeal certain decisions to the Graduate Council. Covered under this section of the document are university regulations applicable to graduate students, but not regulations relating to admission decisions, grade appeals, or violations of the Graduate Honor Code.

The procedures set forth in this document are specific to graduate students at the university. As Northern Kentucky University students, graduate students are also subject to the provisions of the Code of Student Rights and Responsibilities as adopted by the Board of Regents. Where provisions or procedures set forth in the two documents differ or conflict, this document will prevail in cases involving graduate students. Grade appeals that do not relate to consequences for violations of the Graduate Honor Code are covered by the Code of Student Rights and Responsibilities, Section VII. Academic Grievance Process. It is incumbent upon graduate students to be aware of university regulations. Ignorance of these regulations does not excuse students from adherence to them.

# III. GRADUATE STUDENT HONOR CODE: Academic Integrity

# A. Preamble and Honor Code Pledge

This Graduate Student Honor Code (referred to as the Honor Code) is a commitment by graduate students of Northern Kentucky University, through their matriculation or continued enrollment at the university, to adhere to the highest degree of ethical integrity in academic conduct. It is a commitment individually and collectively that the graduate students of NKU will uphold professional standards of research, writing, assessment, and ethics in their areas of study.

The purpose of the Honor Code is to establish standards of academic integrity for graduate students at NKU and to provide a procedure that offers basic assurances of fundamental fairness to any person accused of violations of these rules. Each NKU graduate student is bound by the provisions of the Honor Code and is presumed to be familiar with all of its provisions. Students must conduct themselves in a manner that is consistent with the highest degree of ethical integrity in all matters, whether covered in the Honor Code or not. The success of this commitment begins in the diligence with which students uphold the letter and the spirit of the Honor Code.

By enrollment at NKU all graduate students accept and acknowledge the following pledge:

"I do hereby acknowledge the existence of the NKU Graduate Student Honor Code. I understand that the Graduate Student Honor Code supports an environment that values integrity, honesty, and ethical conduct for all NKU students. I understand that by my enrollment at NKU, I confirm my agreement and understanding of the policies and procedures outlined in the Graduate Student Honor Code."

### **B.** Academic Dishonesty

Behaviors that constitute academic dishonesty include, but are not limited to, the following:

- 1. Engaging in any conduct involving academic deceit, dishonesty, or misrepresentation, including conduct during the application process for admission to NKU.
- Committing plagiarism on any examination, assignment or graduation requirement.
   Plagiarism is defined as taking the literary property or ideas of another, passing it off as
   one's own without appropriate attribution and reaping from its use any benefit from an
   academic institution. Accordingly, a graduate student must:
  - 1. Acknowledge direct use of someone else's words.
  - 2. Acknowledge any words he/she paraphrases from any source.
  - 3. Acknowledge his/her direct use of someone else's ideas.
  - 4. Acknowledge his/her source when the student's own analysis or conclusion builds on that source.
  - 5. Follow any plagiarism policy adopted by an instructor for a course or program, of which the students in that course or program have been given adequate notice. (This Plagiarism Policy is adapted from the Chase College of Law Plagiarism Policy, as found in The College of Law Honor Code.)

- 3. Writing, taking, researching, developing, preparing, or creating an examination, assignment, or graduation requirement for another student, in whole or in part.
- 4. Submitting an examination, assignment, or graduation requirement written, taken, researched, developed, prepared, or created by another person, in whole or in part.
- 5. Submitting an examination, assignment, or graduation requirement for credit in two or more courses or activities, without written approval from the instructors in each of the courses or activities.
- 6. Preventing or interfering with the use of any library, laboratory, studio, field, or other course-related resource by other students or other users for the purpose of causing them a disadvantage.
- 7. Damaging or impairing any library, laboratory, studio, field, or other course-related resources or another student's completed assignments (for example, but not limited to, science experiments and technology-related assignments).
- 8. Taking or using the notes, papers, or other materials of another student or of a professor without express permission
- 9. Misrepresenting class or other activity attendance.
- 10. Misrepresenting information to postpone examination, assignment, graduation requirement, or other deadlines.
- 11. Misrepresenting or distorting academic or biographical data in connection with an application for criteria-based placements, course or program honors, or awards.
- 12. Engaging in any other fraudulent, deceptive, knowingly false or misleading act, or other dishonest action or inaction involving academic endeavors for the purpose of obtaining an advantage therein.

These prohibitions shall not preclude an instructor or department from assigning team projects, cooperative efforts, and other similar activities in a course or for a graduation requirement, nor shall they preclude graduate students from preparing for classes or examinations together or in study groups.

### C. Research Misconduct

The university is fully committed to the ethical conduct of research. Misconduct in research is a serious deviation from the university's Honor Code and the professional practices within the disciplines. Research misconduct is defined as fabrication, falsification, or plagiarism in proposing or performing research, or reporting research results. Research includes not only intellectual activity designed to expand knowledge, but also activities in the creative and performing arts designed to interpret and create.

Behaviors that constitute research misconduct include, but are not limited to, the following:

- 1. Falsifying or fabricating information or data.
- 2. Reporting results in a dishonest manner, whether by altering, revising, or selectively reporting data.
- 3. Representing another person's ideas, writing or data as one's own.
- 4. Releasing the ideas or data of others when such data have been shared in confidence.
- 5. Misrepresenting the nature of creative material or its originality.
- 6. Adding or deleting the names of authors on publications without permission.
- 7. Listing oneself or another individual as an author when his/her contribution does want warrant authorship.

#### **D. Ethical Violations**

Students are expected to adhere to the ethical and professional standards associated with their particular programs of study. These standards are generally communicated to students by instructors and are available through publications produced by the relevant professional organization(s). Unethical or unprofessional behavior will be treated in the same manner as academic dishonesty and research misconduct.

### E. Consequences for Academic Dishonesty, Research Misconduct or Ethical Violations

- 1. A graduate student who violates the foregoing provisions may be subject to one or any combination of the following consequences:
  - 1. An oral admonition or reprimand.
  - 2. A written admonition or reprimand.
  - 3. Redoing the assignment or retaking all or part of the course or program in which the conduct occurred.
  - 4. A grade reduction or a grade of "F" in the course, examination, or assignment.
  - 5. Expulsion from the course.
  - 6. Suspension from the university for the remainder of the current semester or session.
  - 7. Suspension from the university for the semester or session following the current semester or session.
  - 8. Suspension from the university for one or more years.
  - 9. Expulsion from the university (with the word "expulsion" included on the student's transcript in order to prevent any reapplication).
- Information about prior or multiple Honor Code violations by a graduate student is
  relevant and receivable in any hearing with regard to the consequences to be imposed
  for a violation of the Honor Code and is grounds for such additional or increased
  consequences as the circumstances may warrant.
- 3. Withdrawal from a course or from the university shall have no effect on the application of the Honor Code.

## F. Procedures for Handling Alleged Violations of the Honor Code

# 1. Informal Proceedings

A course instructor who has sufficient information to believe that a graduate student has violated the Honor Code shall meet with the student within ten Days from the date of discovery of the alleged violation. (For students enrolled in online programs who do not live in the immediate area, a telephone conference may take the place of an in-person meeting. For violations not related to a specific course (e.g., ethical violations), upon discovery of the alleged violation, the program director or his/her designee shall meet with the student.) If grades must be turned in during the meantime, the instructor shall give the student a grade of incomplete. At such a meeting, neither the instructor nor the student may be represented or accompanied by an attorney or any other advisor. At the meeting, the instructor will inform the student of the details of the alleged violation and present evidence of the violation. The student will be afforded the opportunity to respond to the allegations and may present evidence, provide additional relevant information, explain extenuating or mitigating circumstances, or acknowledge the violation. If, after holding a meeting with the student, the instructor believes there is a preponderance of evidence that the student violated the Honor Code, the instructor may orally admonish or reprimand the student or may impose one or more of the following:

- 1) Written admonition or reprimand.
- 2) Redoing the assignment or retaking all or part of the course in which the conduct occurred.
- 3) A grade reduction or a grade of "F" in the course, examination, or assignment.

If the student declines to discuss the matter or attend a meeting with the instructor, or is unavailable for more than ten (10) Days, the instructor shall make a determination as to whether a violation of the Honor Code has occurred and what the appropriate consequences will be. The student will be notified accordingly.

In addition to the above sanctions, in cases where the instructor believes that the violation is sufficiently serious to warrant more severe consequences, the instructor shall refer the matter to the Dean of Graduate Studies for formal proceedings to consider the imposition of additional sanctions in accordance with subsequent provisions of this Code.

When the instructor decides to impose any consequence, the instructor will notify the student of this decision by sending a letter to the student both by regular mail and email, or by personal delivery to the student. A letter mailed will be sent to the student's address on file with the Registrar's Office. If the student disagrees with the instructor's decision, the student may appeal in writing to the Dean of Graduate Studies within ten (10) Days of receipt of the decision of the instructor. A mailed letter of decision will be deemed received two (2) days following the date the letter is postmarked. A copy of the letter shall be made a part of the file on the violation maintained in the graduate office.

If an appeal is not requested in the time allotted, the instructor's action shall be final and binding, subject to formal proceedings for additional sanctions in those cases where the instructor has referred the matter to the Dean of Graduate Studies.

#### 2. Appeal of an Informal Proceeding

A student sanctioned for violation of the Honor Code may appeal the instructor's decision that a violation of the Honor Code has occurred and/or the sanction. The appeal must be received by the Dean of Graduate Studies within ten (10) Days of receipt of the instructor's decision. An appeal not made within the time limit will not be heard. The written statement of appeal must include: the name of the student appealing; the grounds or basis of the appeal; the name of the instructor who made the decision being appealed; the course name and number or program name if the alleged violation was not associated with a particular course; and the remedy which the student is seeking.

An appeal is not simply a rehearing of the original case. The purpose of the appeal is to decide if the decision of the instructor was so erroneous that it should be changed. An appeal must state one or more of the following grounds to be considered:

- 1. The student was not afforded a fair hearing by the instructor, including notice of the alleged violation and an opportunity to present evidence;
- 2. The sanction was not appropriate to the violation, and/or the sanctions were arbitrary or capricious;
- 3. The decision was not supported by substantial evidence; and/or
- 4. Significant newly discovered evidence is shown on appeal that was not available at the time of the hearing, could not have been obtained for presentation during the hearing by the student's exercise of reasonable diligence, and materially affects the finding of a violation or the imposition of consequences.

Upon receipt of a timely appeal, the Dean of Graduate Studies will refer the appeal to the formal proceedings stage as set forth in the provisions below.

# 3. Formal Proceedings

The proceedings and hearing process set forth in this section are applicable in the following cases:

a. A student has filed a timely appeal of an instructor's decision that a violation of the Honor Code has occurred and/or the imposition of the sanctions for that violation.b. An instructor has referred the matter to the Dean of Graduate Studies for formal proceedings seeking additional sanctions because of the seriousness of the violation.

For these proceedings, the matter will be heard by the Graduate Honor Code Council (referred to as the Honor Code Council). The Honor Code Council will be a standing committee appointed by the Dean of Graduate Studies. The Honor Code Council shall be comprised of five to seven graduate faculty members, who will be appointed at the beginning of each academic year. The faculty will represent all colleges with programs covered by this document. In addition, two graduate students will be appointed to serve on the Honor Code Council at the time a hearing is requested. A member of the Honor Code Council will be excused from hearing a matter when the student or instructor involved is in that member's academic department or program, or when the Dean of Graduate Studies determines that a conflict of interest exists for other reasons. When members of the Honor Code Council are excused or absent, the members present shall hear and decide on the matter, providing that at least three faculty participate in the full hearing process.

The Chair of the Honor Code Council, as designated by the Dean of Graduate Studies, will hold a preliminary meeting with the graduate student and the instructor. This preliminary meeting will explain the hearing process and the rights of the accused student. The Chair will convene a hearing within a reasonable time period (not to exceed 20 Days) after the matter is forwarded from the Dean of Graduate Studies, unless extenuating circumstances prevent otherwise or unless the instructor and student both agree to a delay. The Chair of the Honor Code Council shall determine all procedural matters relating to the hearing process.

If the matter involves an appeal by the student of the instructor's decision, the Honor Code Council shall first determine whether the student has stated a ground for appeal as listed in section F.2. An appeal that does not state such a ground for appeal will be denied, and the decision and consequences being appealed will stand.

The student and instructor will be allowed an opportunity to address the Honor Code Council and provide testimony at an appeal hearing or at a hearing to consider the imposition of additional sanctions for serious violations. Both the student and instructor may bring supporting witnesses to the hearing. The student may have an advisor of the student's choice present at the hearing. If the student's advisor is an attorney, the student must notify the Chair of the Honor Code Council at least five (5) days in advance of the hearing. The advisor's role is limited to providing advice to the student. The advisor is not permitted to ask or answer questions or make oral arguments. Any case presented must be made by the student.

In the case of an appeal, the Honor Code Council will deliberate and vote on whether the instructor's decision was so erroneous that the remedy sought by the appeal should be granted or that the decision or consequences should otherwise be modified. In cases where the matter

has been referred to the Honor Code Council because of the seriousness of the violation, the Honor Code Council will deliberate and vote on whether the violation has occurred and on the sanctions to be imposed, up to and including suspension or expulsion. The Dean of Graduate Studies shall provide the Honor Code Council with information about other Honor Code violations by the student in connection with their deliberations on any sanctions to be imposed. A majority vote shall be required to sustain a violation and to impose sanctions.

The Honor Code Council will make a written report of its decision to the Dean of Graduate Studies within ten (10) Days of the hearing, unless there is good cause for delay, in which case such delay shall be communicated and justified to, and approved by, the graduate dean. The Dean of Graduate Studies will provide written notification of the decision to the student and the instructor, with a copy to the graduate program director and the department chair, within five (5) Days. The Honor Code Council's decision will be final and binding, except in the cases of suspension or expulsion. There shall be no further appeal in any case not involving suspension or expulsion.

In a case where the Honor Code Council determines that a violation of the Honor Code has not occurred, all parties shall be bound by that determination.

# 4. Appeals

In cases of suspension or expulsion, the student may file an appeal to the Provost, limited to the question of suspension or expulsion. The appeal to the Provost must be in writing and must be based on grounds listed in Section F.2. The appeal must be submitted within ten (10) Days of the student's receipt of the decision of the Honor Code Council. Upon receiving the appeal, the Provost will obtain the entire file from the Dean of Graduate Studies.

The Provost will review the appeal within fifteen (15) Days of receipt of the file, and determine whether to uphold the recommended sanction or a lesser sanction. The Provost will notify the Dean of Graduate Studies of his/her decision in writing, and will return the file to the Dean of Graduate Studies. The Dean of Graduate Studies will communicate the Provost's decision to the student. The communication will be in writing with a copy to the graduate program director and the department chair. The Provost's decision shall be final and binding unless the student submits a timely appeal to the President.

If the student is dissatisfied with the Provost's decision in a case of suspension or expulsion, the student may file an appeal to the President limited to the question of suspension or expulsion. The appeal to the President must be in writing and must be based on grounds listed in Section F.2. The appeal must be submitted within ten (10) Days of the student's receipt of the decision of the Provost. Upon receiving the appeal, the President will obtain the entire file from the Dean of Graduate Studies.

The President will review the appeal within fifteen (15) Days of receipt of the file, and determine whether to uphold the recommended sanction or a lesser sanction. The President will provide written notification to the Dean of Graduate Studies of his/her decision, and will return the file to the Dean of Graduate Studies. The Dean of Graduate Studies will communicate the President's decision to the student. The communication will be in writing with a copy to the graduate program director and the department chair. The President's decision shall be final and binding unless the student submits a timely appeal to the Board of Regents.

If the student is dissatisfied with the President's decision in a case of suspension or expulsion, the student may appeal to the Board of Regents. The appeal to the Board of Regents must be in writing and must be based on grounds listed in Section F.2. The appeal must be submitted within ten (10) Days of the student's receipt of the President's determination. The Board of Regents will review the file and determine whether to uphold the recommended sanction or a lesser sanction. The Board of Regents will provide written notification to the President or the Provost and to the Dean of Graduate Studies of their decision. The Dean of Graduate Studies will communicate the decision to the student. The communication will be in writing with a copy to the graduate program director and the department chair. The Board of Regents' determination will be final and binding.

In a case where the Provost, the President, or the Board of Regents finally determines that a violation of the Honor Code has not occurred, all parties shall be bound by that determination.

#### 5. Proceedings on Appeals in Cases of Suspension or Expulsion

The Provost, the President or the Board of Regents reviewing an appeal in the case of suspension or expulsion will first determine whether the student has stated a ground for appeal listed in section F.2. An appeal that does not state such a ground for appeal will be denied, and the decision and consequences being appealed from will stand.

The Provost, President or the Board of Regents may approve, reject, or modify the decision or the consequences recommended or imposed. The Provost or President should make a decision on the appeal within fifteen (15) Days after all the documentation was received, or he/she may postpone a decision for good cause. The Board of Regents should make a decision on the appeal at the next meeting on which the appeal may be placed on its agenda in a timely manner, or it may postpone a decision for good cause.

# G. Confidentiality and Record Keeping

All proceedings under the Honor Code shall be confidential, and information about a student shall be provided only to a person or persons who have responsibilities for the proceedings in a case involving that student.

The Dean of Graduate Studies shall maintain records on proceedings and decisions under the Honor Code sufficient to preserve the information needed for determinations of multiple or subsequent violations and responses by or on behalf of the university in connection with requests from authorized agents. In the case of expulsion from the university, the Dean of Graduate Studies shall preserve the information needed to support the expulsion notation on the student transcript.

#### IV. STUDENT APPEALS TO GRADUATE COUNCIL

The Graduate Council is authorized to hear appeals from graduate students on university graduate regulations, excluding admission decisions, grade appeals, and violations of the Honor Code. When a graduate student wishes to appeal the application of a university rule or regulation relating to graduate students (e.g., time limits for graduation, limits on transfer credits, limits on hours taken as a non-degree student that may apply to a graduate degree) the graduate student should adhere to the following procedure:

# 1. Formal Written Request

The graduate student will submit a formal written request/appeal to his/her program director identifying the rule or regulation at issue and stating the basis for the request that the rule or regulation be waived or otherwise modified in the student's particular case. The written request should include any relevant supporting documentation.

# 2. Program Director Response

The graduate student's program director will prepare, in a timely manner, a written response to the student's request/appeal, which will provide a recommendation that the student's request be approved, modified or denied. The program director's response will provide a rationale for his/her recommendation and will include any relevant supporting documentation.

# 3. Graduate Council Agenda

The program director will forward the graduate student's request/appeal, the program director's recommendation, and all supporting documentation ("the appeal file") to the graduate office for action by the Graduate Council. For the appeal to be heard at a specific Graduate Council meeting, the appeal file must be received by the graduate office at least 14 days prior to the Graduate Council meeting and prior to the time when the agenda for that meeting is scheduled to be set by the Graduate Council's Executive Committee.

#### 4. Graduate Council Executive Committee

The Graduate Council Executive Committee will first consider the appeal to determine whether or not the appeal file is complete. If the Executive Committee determines that the file is complete, the appeal will be placed on the next regular Graduate Council meeting agenda, or alternatively, on the agenda of a future meeting that is agreeable to both the student and the program director. If the appeal file is not complete, the appeal will be referred back to the program director with an indication of what documents are needed to complete the file. After taking the necessary action to complete the file, the program director will resubmit the appeal to the graduate office for referral back to the Executive Committee.

#### 5. Graduate Council Action

After the Executive Committee has reviewed the appeal and placed it on a Graduate Council meeting agenda, a complete copy of the appeal file will be provided to each Graduate Council member prior to the meeting where the appeal will be considered. The graduate office will notify the student of the date/time/place when the appeal will be considered by the Graduate Council. The student is entitled, but not required, to be present when the appeal is considered, to make a statement and/or answer questions about the basis for the appeal. The student may not be represented or accompanied by an attorney or any other advisor at the appeal. The Graduate Council may discuss the merits of the appeal while the student is present, but the student may not be present during final deliberations or during the time when the Graduate Council votes on the appeal. The Chair of the Graduate Council will notify the student and program director in writing of the decision of the Graduate Council. Program representatives will abstain in cases involving appeals from their respective programs.

# 6. Summer Appeals

During the summer or at other times when the Graduate Council is not meeting, the Graduate Council Executive Committee, as currently formed, is authorized to act on student appeals in accordance with the other provisions of this policy.

#### I. Preamble

This Community Standards & Student Rights document (the Code) is designed to ensure that Northern Kentucky University (the University) students shall enjoy intellectual freedom, fair and legal treatment, the freedom of speech both on and off campus, freedom of press, the right of peaceable assembly, the right to petition for redress of grievances, the right to a fair hearing of charges made against one, and the right to responsible participation in the university community. Rights imply responsibilities; therefore members of the University community must show both initiative and restraint. The Code is designed neither to be exhaustive nor to encompass all possible relationships between students and the institution. This document is endorsed and approved by the Northern Kentucky University Board of Regents. The Code is not rigid nor unchangeable. As the relationship between students and the University continues to grow, it may be necessary to modify the Code.

It is incumbent upon students to be aware of University regulations. Ignorance of these regulations does not excuse students from adherence to them. University Officials should endeavor to inform students of University rules, regulations, and policies, whenever the circumstance is applicable.

#### II. Freedom from Discrimination

Northern Kentucky University (NKU) does not discriminate based on national origin, race, color, age, gender, gender identity, gender expression, sexual orientation, religion, political affiliation, physical or mental disability, genetic information, pregnancy, and Uniform Services or veteran status in its educational programs and activities, employment, daily operations and admissions policies, in accordance with all applicable federal, state local laws and university policies. No retaliation shall be initiated against any person who makes a good faith report of a violation.

#### **III. University Conduct Action**

The Board of Regents of Northern Kentucky University has adopted the following procedures for implementing the Code. The Board of Regents affirm both the Code and these student conduct procedures, which emphasize the maintenance of the University as an institution dedicated to the education of its students. Furthermore, the Board of Regents affirm their grant of authority for student conduct to the President and to others designated as indicated in this Code to implement these procedures. Furthermore, the University reserves the right to amend these regulations or make rules as deemed necessary for the protection of property and/or the general welfare the University community.

#### A. University Authority and Civil Power

The institution may impose student conduct sanctions for behavior on or off-campus where the University's interests as an academic community are seriously and distinctly threatened. Infringements of local, state, and federal law are also infringements of University policies.

Where it is necessary for members of the NKU University Police, in their capacity as police officers to investigate the conduct of students, detain, or arrest Students, all of the legal safeguards of personal rights guaranteed to citizens will be observed in accordance with the law.

#### B. Administrative Search and Seizures

The overriding standard by which the law tests searches of students is one of "reasonableness" under the circumstances, and University officials must use their good judgment to determine what is reasonable. University property remains the property of the University even when used by students. Apartments, suites, residence halls, lockers, etc. are subject to administrative search only in the interest of school safety, sanitation, enforcement of the Code and other University regulations. Search by law enforcement officials may be upon presentation of a proper warrant or pressing circumstances. A student's person and possessions (including vehicle) may be searched by a University official provided the official has reasonable grounds to suspect that the search will turn up evidence that the student has violated or is violating either the law, the Code, or the rules and regulations of the University. The extent or scope of the search shall be reasonably related to the objectives of the search and not excessively intrusive in light of the nature of the infraction.

#### C. Violations of Law and this Code

Students may be accountable to both civil and criminal authorities and to the University for acts that constitute violation of law and of this Code. Those charged with violations are subject to University student conduct proceedings even if criminal proceedings are pending and may not challenge University proceedings on the grounds that criminal charges for the same incident have been dismissed, reduced, or are not yet adjudicated. Students and recognized student organizations are cautioned that any material posted on the Internet, including social networking sites and Internet blogs, is not private or protected information. Students may be held accountable for content posted in this manner and information obtained from this source may be considered in cases of misconduct.

University Officials shall have the right to investigate or seek out information about conduct of suspected persons in any case involving an alleged violation of the law or University regulations. However, students are required to comply with the directives of University officials in the performance of their duties. Failure to do so may result in student conduct action. Students are informed that a Hearing Body, including a University Conduct Board, may draw negative inferences that may result in sanctions if they fail to answer questions during a student conduct hearing. If a student does not participate in a meeting or hearing, the adjudication process will continue without their participation input.

Pending action on charges, the status of students should not be altered, nor their rights to be present on campus and to attend classes suspended, except for reasons relating to their physical or emotional safety, interim actions, and/or the well-being of the University community or University property. Student status in NKU academic programs should not be altered for non-academic reasons without providing the student the right to appropriate due process.

#### D. Academic Integrity Violations

The behavioral expectations and procedures described below is used to address alleged violations of the Code, except for alleged academic integrity violations, which are resolved through the conduct process outlined in the Academic Integrity Policy and any other applicable campus policies and procedures, such as those enforced by the Division of Research and Graduate Studies. # XVI. Student Record Privacy and Parental Notification Procedures

The Family Educational Rights and Privacy Act (FERPA), also known as the Buckley Amendment, passed by Congress in 1974, was designed both to protect the privacy of Students' educational records and to establish the right of Students to inspect and review their non-privileged educational records.

"Educational records" are all records, in any medium, that are maintained by the college and are directly related to a Student, including, but not limited to: academic, student conduct, and career planning records. Other statutes protect Students' rights to privacy over their medical and counseling records. FERPA protects Students' privacy rights by defining to whom and under what conditions a college may disclose Students' educational records. FERPA has been tested in the courts and modified by Congress in the almost thirty years since its passage, but its essential principles of Student rights to access and privacy for their educational records remain intact.

- A. FERPA allows a college or university to disclose information to "appropriate parties," which may include parents, without written consent from the Student. NKU does reserve the right to make such notifications in the following situations:
  - i. The Student is over the age of 18 at the time of the alleged violation; or
  - ii. The Student is involved in a violation of any federal state or local law, or
  - iii. The Student has violated any rule or policy of the institution governing the use or possession of alcohol or a controlled substance, or
  - iv. The Student is involved in any emergency situations when notification is determined to be necessary to protect the health or safety of the Student or others. This notification may occur due to a medical emergency, or incident of imminent danger.
- B. The Director of Student Conduct, Rights & Advocacy, or designee, has the authority to contact parents when the violation is severe enough to warrant an immediate need for parental notification.

#### XVII. Records and Retention

Student Conduct files are retained in the office of Student Conduct, Rights and Advocacy for seven (7) years after the Student graduates or is no longer enrolled at Northern Kentucky University. Student Conduct records involving Student Groups or RSOs will be retained permanently if the case results in an outcome of Recognition Suspension/Revocation. Student conduct decisions resulting in sanctions of University Suspension/Expulsion will be retained permanently. Student records that are not related to Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act reporting and/or are not related to suspension/expulsion from the University may be destroyed after a Student's degree is conferred if a written request is received from the Student. Academic records are maintained in the offices of Admissions, Registrar, Academic Deans, chairpersons of departments, and directors of graduate and interdisciplinary programs. The Office of Health, Counseling and Student Wellness keeps health records. University policy, FERPA, and Section 164.283 of the Kentucky Revised Statutes strictly control the information that may be given out about Students. Unless Students specifically waive their rights under these statutes or the University receives a properly served subpoena, only the following directory information may be released:

- Name, address, and telephone listing
- E-mail address
- Photograph
- Date and place of birth
- Major field of study
- Grade level
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Dates of attendance
- Degrees and awards received
- The most recent previous educational agency or institution attended
- Enrollment status (e.g., undergraduate, graduate, full-time, part-time, etc.)

Forms are available to waive a Student's FERPA rights for non-student conduct records in the Registrar's office, and forms are available to waive student conduct FERPA records in the office of Student Conduct, Rights and Advocacy. Absent a written waiver or properly served subpoena, educational information may be released to school officials who have a legitimate educational interest in the information. Certain records may be released to appropriate officials in situations which are life threatening. (See parental notification guidelines in section XV). Under FERPA, parents of Students over 18 years old have no automatic right to access the Student's records without the Student's consent, even if the Student is an economic dependent.

#### A. Right to Inspect Records

Under FERPA, Students have the right to inspect and review any and all official records, files, and data pertaining to them (with specific exceptions, a list of which may be obtained from the Registrar's Office).

Students have the opportunity for a hearing to challenge the contents of these records to ensure that the records are accurate and are not in violation of any rights of Students. Students have the right to an explanation and interpretation of these records. In the event that any student believes that the records are inaccurate, misleading, or in violation of his/her privacy, the Student may request the University to amend these records at that time. If the holder of the records decides at that time or within a ten (10) day period not to amend the file, the student may do either or both of the following:

- i. Cite in writing the information believed to be inaccurate, misleading or in violation of privacy and submit amended data; this material will be added to the Student's file.
- ii. Request a hearing before the Educational Rights and Privacy hearing committee. The hearing request should be submitted in writing to the Vice President for Student Affairs. Within a reasonable time, not to exceed thirty (30) calendar days, a hearing will take place. The Student will have a fair opportunity to present information. A

written decision, based upon the information taken at the hearing, will include a summary of the information and the reasons for the decision.

The President of the University will appoint to the three-member Educational Rights and Privacy hearing committee including: a representative from the Student body selected by the president of Student Government, an administrative officer without direct interest in the outcome of the hearing, and a tenured faculty member of the University. The Student has the right to appeal to the Office of the Review Board of the Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202.

### XVIII. Revision and Communication

This Code may be reviewed and amended by the Vice President for Student Affairs (or designee). The official Code will be available on the University website at scra.nku.edu.

Amended: 11/21/2012; 9/8/2021; 6/15/2022

### **Appendix A: Sexual Harassment**

Northern Kentucky University is committed to fostering a safe and inclusive educational and work environment free from sexual harassment, including sexual assault, non-consensual sexual contact, non-consensual sexual intercourse, sexual exploitation, dating and intimate partner violence, relationship and domestic violence, stalking and gender-based bullying. All students are expected to comply with NKU's Sexual Harassment Policy (<a href="https://inside.nku.edu/titleix/policy/sexual-harassment-policy.html">https://inside.nku.edu/titleix/policy/sexual-harassment-policy.html</a>).

NKU has procedures in place in order to be sensitive to victims who report sexual assault, domestic violence, dating violence and stalking--including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, and other services on and/or off campus; as well as additional remedies to prevent contact between a complainant and an accused party, such as housing, academic, transportation and working accommodations, if reasonably available. The university will make such accommodations if the victim requests them and, if they are reasonably available, regardless of whether the victim chooses to report the crime to the University Police or local law enforcement.

The Offices of Title IX and Student Conduct, Rights & Advocacy work to appropriately respond to all reports of sexual harassment involving NKU students. Investigation and adjudication may by conducted by either of these offices, in accordance with relevant university policy and guidance. ## **Appendix B:** Medical Amnesty

Northern Kentucky University encourages a living and learning environment that promotes the health and safety of all members of our community. Alcohol (or other drug) consumption-including excessive consumption, rapid consumption, or consumption by someone with sensitivity- can cause serious physical and neurological harm or be life-threatening. Both Students who are under the influence and students accompanying Students under the influence may encounter alcohol (or other drug) emergencies during their time at college. Students are encouraged to make responsible decisions and to seek medical attention in serious or life-threatening situations that result from alcohol (or other drug) consumption. Sometimes Students are afraid to seek emergency medical care when alcohol (or other drug) poisoning (or overdose) is suspected because they do not want to get themselves or others in trouble. The University has instituted a limited Medical Amnesty Protocol in an effort to address this concern in the first instance where a Student over-consumes alcohol (or other drugs) and seeks medical attention and does not otherwise potentially violate University policies.

If medical attention is required, Students should immediately contact professional medical personnel by calling 859.572.7777 if on campus or by calling 911 if off campus. A (1) Student who seeks emergency assistance for themselves, another Student, or a friend experiencing an alcohol (or other drug) related emergency, as well as (2) the individual in distress will not be subject to formal student conduct action under the NKU Code of Student Rights and Responsibilities.

The following procedures pertain to the two (2) different types of Students covered by the Amnesty Protocol: Students in need of medical attention, and active bystanders.

#### Student In Need of Medical Attention

The policy may apply when a Student receives emergency medical assistance that is (a) related to the consumption of alcohol (or other drugs), and (b) sought by a person not serving in an official University capacity. The Student will not be required to participate in the NKU student conduct process. NKU Students seeking medical amnesty are required to submit a request to the office of Student Conduct, Rights and Advocacy within five (5) Days of the incident. If a request is approved, the Student will need to meet with a professional staff member in the office of Student Conduct, Rights and Advocacy, and may be required to participate in an appropriate educational program. The Medical Amnesty Protocol only applies when a Student initiates a call for emergency medical attention and only when the emergency medical attention is needed to address alcohol (or other drug) emergencies. It does not apply when the individual suffering from the alcohol (or other drug) emergency is discovered by a University official (e.g. NKU Police, Resident Assistant, etc.) without a prior call for emergency medical attention.

If the Student qualifies for medical amnesty under this protocol, the office of Student Conduct, Rights and Advocacy will refrain from charging or sanctioning the Student for violations of the NKU Code of Student Rights and Responsibilities related to alcohol (or other drugs). As mentioned above, as a condition of receiving amnesty, Students may be required to successfully complete an educational assignment through the office of Student Conduct, Rights and Advocacy.

In compliance with the Family Educational Rights and Privacy Act ("FERPA") and University policies and regulations, the office of Student Conduct, Rights and Advocacy may notify the

parent(s) or legal guardians(s) of Students who receive medical amnesty under this protocol, as needed.

No individual may receive medical amnesty under this Protocol more than one (1) time in a twenty four (24) month period. Records of all requests for assistance under this Protocol shall be maintained by the office of Student Conduct, Rights and Advocacy. Participation in any program as a result of this policy shall not be noted on the Student's NKU student conduct record. In the event an individual who previously utilized the Medical Amnesty Protocol is involved in a subsequent alcohol (or other drug) related incident, the most recent incident and any resulting NKU Code of Student Rights and Responsibilities charges shall be considered a second offense allegation. While amnesty may be granted multiple times, it is not guaranteed.

#### Active Bystander

Students who seek emergency assistance on behalf of persons experiencing alcohol (or other drug) related emergencies will be considered for amnesty under this Protocol. The Student will not be required to participate in the NKU student conduct process. NKU students seeking medical amnesty are required to submit a request to the office of Student Conduct, Rights and Advocacy within five (5) Days of the incident. If a request is approved, the Student will need to meet with a professional staff member in the office of Student Conduct, Rights and Advocacy, and may be required to participate in an appropriate educational program, depending upon their involvement in the situation. Participation in any program as a result of this policy shall not be noted on the Student's NKU student conduct record. The Medical Amnesty Protocol only applies when a Student initiates the call for emergency medical attention and only when the emergency medical attention is needed to address alcohol (or other drug) emergencies. It does not apply when the individual suffering from the alcohol (or other drug) emergency is discovered by a University official (e.g. NKU Police, Resident Assistant, etc.).

In compliance with the Family Educational Rights and Privacy Act ("FERPA") and University policies and regulations, the office of Student Conduct, Rights and Advocacy can notify the parent(s) or legal guardians(s) of Students who receive medical amnesty under this Protocol, as needed.

No individual may receive amnesty under this section more than one (1) time in a twenty-four (24) month period. Records of all requests for assistance under this policy shall be maintained by the office of Student Conduct, Rights and Advocacy. Participation in any program as a result of this protocol shall not be noted on the Student's NKU student conduct record. In the event an individual who previously utilized the Medical Amnesty Protocol is involved in a subsequent alcohol (or other drug) related incident, this incident and any resulting NKU Code of Student Rights and Responsibilities charges shall be considered an alleged second offense. While amnesty may be granted multiple times, it is not guaranteed.

    - a. Engage in any conduct involving academic deceit, dishonesty, or misrepresentation.
    - b. Give, receive, or use unauthorized or prohibited information, resources, or assistance on an examination, assignment, or graduation requirement.
    - c. Commit plagiarism (e.g., representing another's work, in whole or in part, as one's own) on any examination, assignment or graduation requirement (including those involving use of the web, internet or other electronic resources).
    - d. Write, take, research, develop, prepare, or create an examination, assignment, or graduation requirement for another student, in whole or in part.
    - e. Submit an examination, assignment, or graduation requirement written, taken, researched, developed, prepared, or created by another person, in whole or in part.
    - f. Submit an examination, assignment, or graduation requirement that the student has or will submit for credit in another course, without express approval from the instructors' in each of the courses.
    - g. Prevent or interfere with the use by other students of any library, laboratory, studio, field, or other course-related resource; or
    - h. Damage or impair any library, laboratory, studio, field, or other courserelated resources or another student's completed assignments.

NOTE: These prohibitions shall not preclude an instructor or department from assigning team projects, cooperative efforts, and other similar activities in a course or for a graduation requirement and are subject to modification in order to adhere to the NKU Policy on Accommodations for Students With Disabilities.

- A student who violates one of the above provisions will be identified to the Department Chair, Program Director, Academic Dean, and Director of Student Conduct, Rights & Advocacy. The student may also be subject to one or more of the following consequences:
  - a. For the first violation, any one or a combination of the following:
    - i. Faculty imposed sanction(s) as outlined in the course syllabus;
    - ii. An oral admonition or reprimand;
    - iii. A written admonition or reprimand;
    - iv. A reduction in the grade or a grade of "F" in the course, examination, or assignment;
    - v. Expulsion from the course.
  - b. For multiple violations of the above provisions, where suspension or expulsion from the University may be warranted, the case will be referred to the Office of Student Conduct, Rights and Advocacy.
- 3. Academic Departmental Procedure
  - A. A course instructor who has sufficient information to believe that a student has violated the Honor Code shall notify the student within five (5) Days from the date of discovery of the alleged violation unless extenuating circumstances apply. If grades must be turned in during the meantime, the instructor shall give the student a grade of incomplete.
  - B. The instructor may take action as described in H.2.2. and shall report the incident and sanctions in writing within five (5) Days to the student, the Department Chair or Program Director, the Academic Dean or Vice Provost and Director of Student Conduct, Rights & Advocacy. An instructor is not required to report the incident or take any action if, in his/her professional judgment, the student's conduct should be dealt with outside the Honor Code as an academic or administrative matter, and the conduct is so dealt with promptly.
  - C. If the student disagrees with the instructor's decision, the student may appeal in writing to the Department Chair or if no Departmental Chair exists, to the Program Director within five (5) Days of receipt of the decision of the instructor. If the appeal is not requested in the time allotted, the instructor's action shall be final and binding. If the student's written appeal is received by the Department Chair or Program Director within five (5) Days of receipt of the instructor's decision, the Department Chair or Program Director will meet with the student within five (5) Days of receipt of the appeal. The Department Chair or Program Director will notify the student of his/her decision in writing within five (5) Days of the meeting. The Department Chair or Program Director will forward a copy of

the written decision to the instructor, the Academic Dean (or his/her designee), the Office of Student Conduct, Rights and Advocacy and will retain a copy in the department files.

- D. If the student is dissatisfied with the decision of the Department Chair or Program Director, the student may appeal to the Academic Dean, or if no Academic Dean exists to the Vice Provost for Academic Affairs or his/her designee by submitting a written request of appeal within five (5) Days after receipt of the Department Chair's or Program Director's decision. The Academic Dean or Vice Provost or his/her designee will notify the student of his/her decision in writing within five (5) Days of receipt of the appeal. The Academic Dean or Vice Provost or his/her designee will forward a copy of the decision to the Department Chair or Program Director, the Director of Student Conduct, Rights & Advocacy and the instructor.
- E. If the student is dissatisfied with the decision of the Academic Dean or Vice Provost, the student may appeal to the Academic Appeals Panel by submitting a written request of appeal in care of the Academic Dean or Vice Provost within five (5) Days after receipt of the Academic Dean's or Vice Provost's decision. Within five (5) days of receipt of the student's written appeal, the Academic Dean or Vice Provost will convene an Appeals Panel to consider the appeal.

The Appeals Panel will consist of:

- a. Two faculty members chosen by the Academic Dean or Vice Provost at the beginning of the academic year. These choices will be made from a group comprised of one representative from, and chosen by, each department responsible to the Academic Dean or Vice Provost.
- b. One faculty member chosen by the Academic Dean from the college or Vice Provost from the program in which the appeal was initiated. Should this department or program already be represented on the panel, the Academic Dean or Vice Provost will select the third faculty panel member from the original group of department or program representatives referenced above. The faculty member whose decision is in question may not sit on the panel. Other panel members will be excused when a conflict of interest exists.
- c. Two students. These panel members plus an alternate will be chosen from the academic college by the Academic Dean or Vice Provost from the department or program at the beginning of the academic year. If these students are unavailable, the Academic Dean or Vice Provost will select two student panel members and an alternate student to serve on the committee. The student initiating the appeal may not sit on the panel. Student panel members will be excused when a conflict of interest exists.

The Academic Dean or Vice Provost will convey to the Academic Appeals Panel the entire file of the case. If the Academic Appeals Panel

determines that the case meets any of the grounds for appeal, the panel will proceed to a full hearing of the appeal within a reasonable time period (not to exceed 20 Days). A full hearing may include collection of evidence by the Appeals Panel through research and interview. Insofar as possible, all persons directly involved in the appeal will cooperate by honoring the panel's requests for information. Both the faculty member and the student have the right to engage the Appeals Panel. All information relevant to an appeal will be held in strict confidence during the appeal process and upon its conclusion. The Appeals Panel will provide a written report of its decision to the Academic Dean or Vice Provost within five (5) Days of the formal hearing. The Academic Dean or Vice Provost will send notification of the Appeals Panel's decision to the student, the instructor, the Department Chair or Program Director and the Director of Student Conduct, Rights & Advocacy.

- F. Except in cases of suspension or expulsion, the Academic Appeals Panel's decision shall be final and binding. There shall be no further appeal. In cases of suspension or expulsion, the student may decide to accept responsibility for the violation(s) but wish to appeal the sanction of suspension or expulsion. In such cases, the student may avoid meeting with the Academic Appeals Panel and file an appeal to the Vice President for Academic Affairs/Provost limited to the question of suspension or expulsion.
- G. An appeal to the Vice President for Academic Affairs/Provost limited to the question of suspension or expulsion must be in writing and must be submitted within five (5) Days of the student's receipt of the decision of the Appeals Panel. The Academic Dean or Vice Provost will forward the entire file to the Provost's office at the time the appeal is made. The Provost will review the appeal within five (5) Days of receipt of the file, and determine whether to uphold the recommended sanction or to recommend a lesser sanction. The Provost will notify the student, Academic Dean or Vice Provost and Director of Student Conduct, Rights & Advocacy of his/her decision in writing.
- H. If the student disagrees with the decision of the Vice President for Academic Affairs/Provost, he/she may appeal to the Board of Regents by submitting a written statement of appeal to the Academic Dean office within five (5) Days after receipt of the Vice President for Academic Affairs/Provost's decision. The Board will review the file and determine whether to approve, reject, or modify an earlier decision or the consequences recommended or imposed. The decision of the Board of Regents will be final and the sanction(s) imposed will stand. The Board will inform the Academic Dean or Vice Provost of their decision in writing, and provide these findings and sanctions to the student in writing within five (5) Days following the Board of Regents Meeting. The Academic Dean or Vice Provost shall implement the decision of the Board.

## 4. Grounds for appeals

An appeal must meet one or more of the following grounds to be considered:

- 1. A significant procedural error was made during the disciplinary process, including but not limited to failure to hold an administrative meeting, notice of the alleged violation, and/or no opportunity to present evidence.
- 2. A sanction was not appropriate to the violation, and/or the sanctions were grossly disproportionate.
- 3. A finding was not supported by evidence, and/or significant information is presented on appeal that was not available at the time of the hearing or could not have been obtained despite the student's exercise of reasonable diligence which materially affects the finding sanctions.

## Appendix FG: Graduate Student Academic Policies and Procedures

#### I. PREAMBLE

This document establishes a Graduate Student Honor Code (referred to as the Honor Code). The purpose of the Honor Code is to establish standards of academic integrity for graduate students at the university and provide procedures that offer assurances of fundamental fairness to any student accused of violating the Honor Code. This document also provides a process for graduate students to appeal certain decisions to the Graduate Council. Covered under this section of the document are university regulations applicable to graduate students, but not regulations relating to admission decisions, grade appeals, or violations of the Graduate Honor Code.

The procedures set forth in this document are specific to graduate students at the university. As Northern Kentucky University students, graduate students are also subject to the provisions of the Code of Student Rights and Responsibilities as adopted by the Board of Regents. Where provisions or procedures set forth in the two documents differ or conflict, this document will prevail in cases involving graduate students. Grade appeals that do not relate to consequences for violations of the Graduate Honor Code are covered by the Code of Student Rights and Responsibilities, Section VII. Academic Grievance Process. It is incumbent upon graduate students to be aware of university regulations. Ignorance of these regulations does not excuse students from adherence to them.

#### II. DEFINITIONS

  Dean of Graduate Studies is the university official designated by the university to promote,
  create, interpret and enforce the Graduate Student Honor Code or to designate such
  enforcement to other individuals within the institution.
- **Expulsion**-a permanent dismissal from the university. The expulsion will remain a permanent record within the graduate office and shall be reflected on the academic transcript.

- **Graduate Honor Code Council** a standing committee appointed by the Dean of Graduate Studies to conduct formal proceedings regarding violations of the Graduate Honor Code.
- **Graduate Student** -- includes all persons enrolled at the university at the graduate level; includes non-degree graduate students and graduate certificate students but excludes Chase law students and post-baccalaureate students.

  the Graduate Student Honor Code a student may not enroll in courses or be an active member
  of the university during the suspension period. After the suspension is served a student may
  apply for re enrollment. The suspension will remain a permanent record within the graduate
  office.

#### III. GRADUATE STUDENT HONOR CODE: Academic Integrity

#### A. Preamble and Honor Code Pledge

This Graduate Student Honor Code (referred to as the Honor Code) is a commitment by graduate students of Northern Kentucky University, through their matriculation or continued enrollment at the university, to adhere to the highest degree of ethical integrity in academic conduct. It is a commitment individually and collectively that the graduate students of NKU will uphold professional standards of research, writing, assessment, and ethics in their areas of study.

The purpose of the Honor Code is to establish standards of academic integrity for graduate students at NKU and to provide a procedure that offers basic assurances of fundamental fairness to any person accused of violations of these rules. Each NKU graduate student is bound by the provisions of the Honor Code and is presumed to be familiar with all of its provisions. Students must conduct themselves in a manner that is consistent with the highest degree of ethical integrity in all matters, whether covered in the Honor Code or not. The success of this commitment begins in the diligence with which students uphold the letter and the spirit of the Honor Code.

By enrollment at NKU all graduate students accept and acknowledge the following pledge:

"I do hereby acknowledge the existence of the NKU Graduate Student Honor Code. I understand that the Graduate Student Honor Code supports an environment that values integrity, honesty, and ethical conduct for all NKU students. I understand that by my enrollment at NKU, I confirm my agreement and understanding of the policies and procedures outlined in the Graduate Student Honor Code."

### **B.** Academic Dishonesty

Behaviors that constitute academic dishonesty include, but are not limited to, the following:

- 1. Engaging in any conduct involving academic deceit, dishonesty, or misrepresentation, including conduct during the application process for admission to NKU.
- Committing plagiarism on any examination, assignment or graduation requirement.
   Plagiarism is defined as taking the literary property or ideas of another, passing it off as
   one's own without appropriate attribution and reaping from its use any benefit from an
   academic institution. Accordingly, a graduate student must:
  - 1. Acknowledge direct use of someone else's words.
  - 2. Acknowledge any words he/she paraphrases from any source.
  - 3. Acknowledge his/her direct use of someone else's ideas.
  - 4. Acknowledge his/her source when the student's own analysis or conclusion builds on that source.
  - 5. Follow any plagiarism policy adopted by an instructor for a course or program, of which the students in that course or program have been given adequate notice. (This Plagiarism Policy is adapted from the Chase College of Law Plagiarism Policy, as found in The College of Law Honor Code.)

- 3. Writing, taking, researching, developing, preparing, or creating an examination, assignment, or graduation requirement for another student, in whole or in part.
- 4. Submitting an examination, assignment, or graduation requirement written, taken, researched, developed, prepared, or created by another person, in whole or in part.
- 5. Submitting an examination, assignment, or graduation requirement for credit in two or more courses or activities, without written approval from the instructors in each of the courses or activities.
- 6. Preventing or interfering with the use of any library, laboratory, studio, field, or other course-related resource by other students or other users for the purpose of causing them a disadvantage.
- 7. Damaging or impairing any library, laboratory, studio, field, or other course-related resources or another student's completed assignments (for example, but not limited to, science experiments and technology-related assignments).
- 8. Taking or using the notes, papers, or other materials of another student or of a professor without express permission
- 9. Misrepresenting class or other activity attendance.
- 10. Misrepresenting information to postpone examination, assignment, graduation requirement, or other deadlines.
- 11. Misrepresenting or distorting academic or biographical data in connection with an application for criteria-based placements, course or program honors, or awards.
- 12. Engaging in any other fraudulent, deceptive, knowingly false or misleading act, or other dishonest action or inaction involving academic endeavors for the purpose of obtaining an advantage therein.

These prohibitions shall not preclude an instructor or department from assigning team projects, cooperative efforts, and other similar activities in a course or for a graduation requirement, nor shall they preclude graduate students from preparing for classes or examinations together or in study groups.

#### C. Research Misconduct

The university is fully committed to the ethical conduct of research. Misconduct in research is a serious deviation from the university's Honor Code and the professional practices within the disciplines. Research misconduct is defined as fabrication, falsification, or plagiarism in proposing or performing research, or reporting research results. Research includes not only intellectual activity designed to expand knowledge, but also activities in the creative and performing arts designed to interpret and create.

Behaviors that constitute research misconduct include, but are not limited to, the following:

- 1. Falsifying or fabricating information or data.
- 2. Reporting results in a dishonest manner, whether by altering, revising, or selectively reporting data.
- 3. Representing another person's ideas, writing or data as one's own.
- 4. Releasing the ideas or data of others when such data have been shared in confidence.
- 5. Misrepresenting the nature of creative material or its originality.
- 6. Adding or deleting the names of authors on publications without permission.
- 7. Listing oneself or another individual as an author when his/her contribution does want warrant authorship.

#### **D. Ethical Violations**

Students are expected to adhere to the ethical and professional standards associated with their particular programs of study. These standards are generally communicated to students by instructors and are available through publications produced by the relevant professional organization(s). Unethical or unprofessional behavior will be treated in the same manner as academic dishonesty and research misconduct.

### E. Consequences for Academic Dishonesty, Research Misconduct or Ethical Violations

- 1. A graduate student who violates the foregoing provisions may be subject to one or any combination of the following consequences:
  - 1. An oral admonition or reprimand.
  - 2. A written admonition or reprimand.
  - 3. Redoing the assignment or retaking all or part of the course or program in which the conduct occurred.
  - 4. A grade reduction or a grade of "F" in the course, examination, or assignment.
  - 5. Expulsion from the course.
  - 6. Suspension from the university for the remainder of the current semester or session.
  - 7. Suspension from the university for the semester or session following the current semester or session.
  - 8. Suspension from the university for one or more years.
  - 9. Expulsion from the university (with the word "expulsion" included on the student's transcript in order to prevent any reapplication).
- 2. Information about prior or multiple Honor Code violations by a graduate student is relevant and receivable in any hearing with regard to the consequences to be imposed for a violation of the Honor Code and is grounds for such additional or increased consequences as the circumstances may warrant.
- 3. Withdrawal from a course or from the university shall have no effect on the application of the Honor Code.

## F. Procedures for Handling Alleged Violations of the Honor Code

#### 1. Informal Proceedings

A course instructor who has sufficient information to believe that a graduate student has violated the Honor Code shall meet with the student within ten Days from the date of discovery of the alleged violation. (For students enrolled in online programs who do not live in the immediate area, a telephone conference may take the place of an in-person meeting. For violations not related to a specific course (e.g., ethical violations), upon discovery of the alleged violation, the program director or his/her designee shall meet with the student.) If grades must be turned in during the meantime, the instructor shall give the student a grade of incomplete. At such a meeting, neither the instructor nor the student may be represented or accompanied by an attorney or any other advisor. At the meeting, the instructor will inform the student of the details of the alleged violation and present evidence of the violation. The student will be afforded the opportunity to respond to the allegations and may present evidence, provide additional relevant information, explain extenuating or mitigating circumstances, or acknowledge the violation. If, after holding a meeting with the student, the instructor believes there is a preponderance of evidence that the student violated the Honor Code, the instructor may orally admonish or reprimand the student or may impose one or more of the following:

- 1) Written admonition or reprimand.
- 2) Redoing the assignment or retaking all or part of the course in which the conduct occurred.
- 3) A grade reduction or a grade of "F" in the course, examination, or assignment.

If the student declines to discuss the matter or attend a meeting with the instructor, or is unavailable for more than ten (10) Days, the instructor shall make a determination as to whether a violation of the Honor Code has occurred and what the appropriate consequences will be. The student will be notified accordingly.

In addition to the above sanctions, in cases where the instructor believes that the violation is sufficiently serious to warrant more severe consequences, the instructor shall refer the matter to the Dean of Graduate Studies for formal proceedings to consider the imposition of additional sanctions in accordance with subsequent provisions of this Code.

When the instructor decides to impose any consequence, the instructor will notify the student of this decision by sending a letter to the student both by regular mail and email, or by personal delivery to the student. A letter mailed will be sent to the student's address on file with the Registrar's Office. If the student disagrees with the instructor's decision, the student may appeal in writing to the Dean of Graduate Studies within ten (10) Days of receipt of the decision of the instructor. A mailed letter of decision will be deemed received two (2) days following the date the letter is postmarked. A copy of the letter shall be made a part of the file on the violation maintained in the graduate office.

If an appeal is not requested in the time allotted, the instructor's action shall be final and binding, subject to formal proceedings for additional sanctions in those cases where the instructor has referred the matter to the Dean of Graduate Studies.

#### 2. Appeal of an Informal Proceeding

A student sanctioned for violation of the Honor Code may appeal the instructor's decision that a violation of the Honor Code has occurred and/or the sanction. The appeal must be received by the Dean of Graduate Studies within ten (10) Days of receipt of the instructor's decision. An appeal not made within the time limit will not be heard. The written statement of appeal must include: the name of the student appealing; the grounds or basis of the appeal; the name of the instructor who made the decision being appealed; the course name and number or program name if the alleged violation was not associated with a particular course; and the remedy which the student is seeking.

An appeal is not simply a rehearing of the original case. The purpose of the appeal is to decide if the decision of the instructor was so erroneous that it should be changed. An appeal must state one or more of the following grounds to be considered:

- 1. The student was not afforded a fair hearing by the instructor, including notice of the alleged violation and an opportunity to present evidence;
- 2. The sanction was not appropriate to the violation, and/or the sanctions were arbitrary or capricious;
- 3. The decision was not supported by substantial evidence; and/or
- 4. Significant newly discovered evidence is shown on appeal that was not available at the time of the hearing, could not have been obtained for presentation during the hearing by the student's exercise of reasonable diligence, and materially affects the finding of a violation or the imposition of consequences.

Upon receipt of a timely appeal, the Dean of Graduate Studies will refer the appeal to the formal proceedings stage as set forth in the provisions below.

## 3. Formal Proceedings

The proceedings and hearing process set forth in this section are applicable in the following cases:

a. A student has filed a timely appeal of an instructor's decision that a violation of the Honor Code has occurred and/or the imposition of the sanctions for that violation.b. An instructor has referred the matter to the Dean of Graduate Studies for formal proceedings seeking additional sanctions because of the seriousness of the violation.

For these proceedings, the matter will be heard by the Graduate Honor Code Council (referred to as the Honor Code Council). The Honor Code Council will be a standing committee appointed by the Dean of Graduate Studies. The Honor Code Council shall be comprised of five to seven graduate faculty members, who will be appointed at the beginning of each academic year. The faculty will represent all colleges with programs covered by this document. In addition, two graduate students will be appointed to serve on the Honor Code Council at the time a hearing is requested. A member of the Honor Code Council will be excused from hearing a matter when the student or instructor involved is in that member's academic department or program, or when the Dean of Graduate Studies determines that a conflict of interest exists for other reasons. When members of the Honor Code Council are excused or absent, the members present shall hear and decide on the matter, providing that at least three faculty participate in the full hearing process.

The Chair of the Honor Code Council, as designated by the Dean of Graduate Studies, will hold a preliminary meeting with the graduate student and the instructor. This preliminary meeting will explain the hearing process and the rights of the accused student. The Chair will convene a hearing within a reasonable time period (not to exceed 20 Days) after the matter is forwarded from the Dean of Graduate Studies, unless extenuating circumstances prevent otherwise or unless the instructor and student both agree to a delay. The Chair of the Honor Code Council shall determine all procedural matters relating to the hearing process.

If the matter involves an appeal by the student of the instructor's decision, the Honor Code Council shall first determine whether the student has stated a ground for appeal as listed in section F.2. An appeal that does not state such a ground for appeal will be denied, and the decision and consequences being appealed will stand.

The student and instructor will be allowed an opportunity to address the Honor Code Council and provide testimony at an appeal hearing or at a hearing to consider the imposition of additional sanctions for serious violations. Both the student and instructor may bring supporting witnesses to the hearing. The student may have an advisor of the student's choice present at the hearing. If the student's advisor is an attorney, the student must notify the Chair of the Honor Code Council at least five (5) days in advance of the hearing. The advisor's role is limited to providing advice to the student. The advisor is not permitted to ask or answer questions or make oral arguments. Any case presented must be made by the student.

In the case of an appeal, the Honor Code Council will deliberate and vote on whether the instructor's decision was so erroneous that the remedy sought by the appeal should be granted or that the decision or consequences should otherwise be modified. In cases where the matter

has been referred to the Honor Code Council because of the seriousness of the violation, the Honor Code Council will deliberate and vote on whether the violation has occurred and on the sanctions to be imposed, up to and including suspension or expulsion. The Dean of Graduate Studies shall provide the Honor Code Council with information about other Honor Code violations by the student in connection with their deliberations on any sanctions to be imposed. A majority vote shall be required to sustain a violation and to impose sanctions.

The Honor Code Council will make a written report of its decision to the Dean of Graduate Studies within ten (10) Days of the hearing, unless there is good cause for delay, in which case such delay shall be communicated and justified to, and approved by, the graduate dean. The Dean of Graduate Studies will provide written notification of the decision to the student and the instructor, with a copy to the graduate program director and the department chair, within five (5) Days. The Honor Code Council's decision will be final and binding, except in the cases of suspension or expulsion. There shall be no further appeal in any case not involving suspension or expulsion.

In a case where the Honor Code Council determines that a violation of the Honor Code has not occurred, all parties shall be bound by that determination.

### 4. Appeals

In cases of suspension or expulsion, the student may file an appeal to the Provost, limited to the question of suspension or expulsion. The appeal to the Provost must be in writing and must be based on grounds listed in Section F.2. The appeal must be submitted within ten (10) Days of the student's receipt of the decision of the Honor Code Council. Upon receiving the appeal, the Provost will obtain the entire file from the Dean of Graduate Studies.

The Provost will review the appeal within fifteen (15) Days of receipt of the file, and determine whether to uphold the recommended sanction or a lesser sanction. The Provost will notify the Dean of Graduate Studies of his/her decision in writing, and will return the file to the Dean of Graduate Studies. The Dean of Graduate Studies will communicate the Provost's decision to the student. The communication will be in writing with a copy to the graduate program director and the department chair. The Provost's decision shall be final and binding unless the student submits a timely appeal to the President.

If the student is dissatisfied with the Provost's decision in a case of suspension or expulsion, the student may file an appeal to the President limited to the question of suspension or expulsion. The appeal to the President must be in writing and must be based on grounds listed in Section F.2. The appeal must be submitted within ten (10) Days of the student's receipt of the decision of the Provost. Upon receiving the appeal, the President will obtain the entire file from the Dean of Graduate Studies.

The President will review the appeal within fifteen (15) Days of receipt of the file, and determine whether to uphold the recommended sanction or a lesser sanction. The President will provide written notification to the Dean of Graduate Studies of his/her decision, and will return the file to the Dean of Graduate Studies. The Dean of Graduate Studies will communicate the President's decision to the student. The communication will be in writing with a copy to the graduate program director and the department chair. The President's decision shall be final and binding unless the student submits a timely appeal to the Board of Regents.

If the student is dissatisfied with the President's decision in a case of suspension or expulsion, the student may appeal to the Board of Regents. The appeal to the Board of Regents must be in writing and must be based on grounds listed in Section F.2. The appeal must be submitted within ten (10) Days of the student's receipt of the President's determination. The Board of Regents will review the file and determine whether to uphold the recommended sanction or a lesser sanction. The Board of Regents will provide written notification to the President or the Provost and to the Dean of Graduate Studies of their decision. The Dean of Graduate Studies will communicate the decision to the student. The communication will be in writing with a copy to the graduate program director and the department chair. The Board of Regents' determination will be final and binding.

In a case where the Provost, the President, or the Board of Regents finally determines that a violation of the Honor Code has not occurred, all parties shall be bound by that determination.

#### 5. Proceedings on Appeals in Cases of Suspension or Expulsion

The Provost, the President or the Board of Regents reviewing an appeal in the case of suspension or expulsion will first determine whether the student has stated a ground for appeal listed in section F.2. An appeal that does not state such a ground for appeal will be denied, and the decision and consequences being appealed from will stand.

The Provost, President or the Board of Regents may approve, reject, or modify the decision or the consequences recommended or imposed. The Provost or President should make a decision on the appeal within fifteen (15) Days after all the documentation was received, or he/she may postpone a decision for good cause. The Board of Regents should make a decision on the appeal at the next meeting on which the appeal may be placed on its agenda in a timely manner, or it may postpone a decision for good cause.

#### G. Confidentiality and Record Keeping

All proceedings under the Honor Code shall be confidential, and information about a student shall be provided only to a person or persons who have responsibilities for the proceedings in a case involving that student.

The Dean of Graduate Studies shall maintain records on proceedings and decisions under the Honor Code sufficient to preserve the information needed for determinations of multiple or subsequent violations and responses by or on behalf of the university in connection with requests from authorized agents. In the case of expulsion from the university, the Dean of Graduate Studies shall preserve the information needed to support the expulsion notation on the student transcript.

#### IV. STUDENT APPEALS TO GRADUATE COUNCIL

The Graduate Council is authorized to hear appeals from graduate students on university graduate regulations, excluding admission decisions, grade appeals, and violations of the Honor Code. When a graduate student wishes to appeal the application of a university rule or regulation relating to graduate students (e.g., time limits for graduation, limits on transfer credits, limits on hours taken as a non-degree student that may apply to a graduate degree) the graduate student should adhere to the following procedure:

#### 1. Formal Written Request

The graduate student will submit a formal written request/appeal to his/her program director identifying the rule or regulation at issue and stating the basis for the request that the rule or regulation be waived or otherwise modified in the student's particular case. The written request should include any relevant supporting documentation.

#### 2. Program Director Response

The graduate student's program director will prepare, in a timely manner, a written response to the student's request/appeal, which will provide a recommendation that the student's request be approved, modified or denied. The program director's response will provide a rationale for his/her recommendation and will include any relevant supporting documentation.

#### 3. Graduate Council Agenda

The program director will forward the graduate student's request/appeal, the program director's recommendation, and all supporting documentation ("the appeal file") to the graduate office for action by the Graduate Council. For the appeal to be heard at a specific Graduate Council meeting, the appeal file must be received by the graduate office at least 14 days prior to the Graduate Council meeting and prior to the time when the agenda for that meeting is scheduled to be set by the Graduate Council's Executive Committee.

#### 4. Graduate Council Executive Committee

The Graduate Council Executive Committee will first consider the appeal to determine whether or not the appeal file is complete. If the Executive Committee determines that the file is complete, the appeal will be placed on the next regular Graduate Council meeting agenda, or alternatively, on the agenda of a future meeting that is agreeable to both the student and the program director. If the appeal file is not complete, the appeal will be referred back to the program director with an indication of what documents are needed to complete the file. After taking the necessary action to complete the file, the program director will resubmit the appeal to the graduate office for referral back to the Executive Committee.

#### 5. Graduate Council Action

After the Executive Committee has reviewed the appeal and placed it on a Graduate Council meeting agenda, a complete copy of the appeal file will be provided to each Graduate Council member prior to the meeting where the appeal will be considered. The graduate office will notify the student of the date/time/place when the appeal will be considered by the Graduate Council. The student is entitled, but not required, to be present when the appeal is considered, to make a statement and/or answer questions about the basis for the appeal. The student may not be represented or accompanied by an attorney or any other advisor at the appeal. The Graduate Council may discuss the merits of the appeal while the student is present, but the student may not be present during final deliberations or during the time when the Graduate Council votes on the appeal. The Chair of the Graduate Council will notify the student and program director in writing of the decision of the Graduate Council. Program representatives will abstain in cases involving appeals from their respective programs.

# 6. Summer Appeals

During the summer or at other times when the Graduate Council is not meeting, the Graduate Council Executive Committee, as currently formed, is authorized to act on student appeals in accordance with the other provisions of this policy.

#### **RECOMMENDATION:**

That the Board of Regents authorizes the proposed housing, dining, and parking fees and the attached Schedule of Fees and Service Charges for the 2022-2023 academic year.

#### **BACKGROUND:**

Housing Fees: Housing is managed as a self-supporting auxiliary unit. Over the course of the next year, University Housing will be working on a Housing Master Plan which will provide both a road map and a vision for NKU Housing to develop residential facilities and increase occupancy. The overall objective and intent of the planning efforts is to determine a 5-year implementation strategy aligned with NKU's strategic objectives that prioritizes capital reinvestment in existing facilities, pursues new construction, increased occupancy and retention, and supports the financial strength of the housing system.

In the meantime, there are some specific things that University Housing needs to invest in to make immediate change for the student experience. An increase of 4.5%, for FY2022-2023, of the least expensive inventory and an annual \$25 Residence Hall Association (RHA) fee throughout the housing system is required. This rental rate increase will meet two preimplementation requirements:

- 1. Ensure the housing system is infused with additional cash necessary to pay student employees, predominantly desk staff, a competitive wage to increase safety and security.
- 2. Redistribute dollars to fund reinvestment in facilities not covered under the bonding process for construction and renovation campaigns.

In order to address a long-term approach to expand housing and address deferred maintenance and capital improvements on existing facilities, at the March 2018 meeting, the Board approved weighted average increases of 4% for 2019-2020 and 3% weighted average increases for 2020-2021, 2021-2022, and 2022-2023. We are proposing increasing all residential housing fees for FY23, with the exception of the new residence hall, at the amounts shown below. The weighted average of the rate increase is slightly above the 3% approved at the March 2018 meeting, the additional funds are needed to keep housing operating in a post COVID world.

### **RECOMMENDATION:**

For the Board of Regents to approve the updated 2022-23 academic year School Based Scholar undergraduate rate as well as the graduate and doctorate tuition rates for the 2022-23 academic year as detailed in the Authorized Schedule of Tuition (attached). These rates will be shared with the Council on Postsecondary Education (CPE) and communicated at the June CPE Finance Committee meeting.

### **SUMMARY**

### Undergraduate

The Board approved a 2% (CPE's maximum rate is based on 1.97%) tuition increase for undergraduate tuition for the 2022-23 academic year at its March 2022 meeting.

After the Board of Regent's approved the Dual Credit Scholarship (School Based Scholar) rate of \$72, at the March 2022 meeting, notification was received from the Kentucky Higher Education Assistance Authority (KHEAA), that the required FY23 rate will be \$91 per credit hour. The tuition schedule reflects that update.

### Graduate

The majority of the graduate rates are recommended to remain at their current levels with the exception of the changes noted below in the College of Health & Human Services and the Chase College of Law.

College of Health & Human Services – The College of Health & Human Services is recommending a reduction in the Accelerated Online Master of Social Work rate from \$653 per credit hour to \$599 per credit hour (8% reduction). This rate is more representative of the cost of the program. The College of Health & Human Services is also launching a new Cardiovascular Perfusion program that will be \$850 per credit hour.

Chase College of Law – There is an overall 4% increase for the resident and non-resident programs to continue providing quality instruction while offsetting the increased costs.

### **BACKGROUND**

CPE has the statutory authority to set tuition rates and mandatory fees for Northern Kentucky University in accordance with KRS 164.020. CPE policy allows institutions to set graduate, law, and doctorate tuition at competitive market rates.

Recommendation relating to Fiscal Year 2022-23 Budget, Northern Kentucky University, Board of Regents, June 15, 2022:

Be it resolved that, upon due consideration of the recommendation of the President, the Annual Unrestricted Operating Budget for Northern Kentucky University is hereby established and approved in an amount totaling \$271,500,000 for the fiscal year beginning July 1, 2022, and ending June 30, 2023. This authorization is an increase of \$7,000,000 (2.6%) over the FY22 authorization of \$264,500,000.

The President is authorized to approve adjustments between the budget authorizations when suchaction appears, in his judgment, to represent the best interests of the University. However, any adjustment that alters the Annual Unrestricted Operating Budget authorization of \$271,500,000 shall be submitted to this Board for approval at its next regular meeting.

In the event that unrestricted sources of funds are not sufficient to equal projected unrestricted expenditures, the President shall take appropriate measures to reduce budgeted expenditure authorizations by amounts sufficient to ensure that unrestricted expenditures do not exceed authorized unrestricted sources of funds.

In the incurrence of financial obligations and the expenditure and disbursement of university funds available under this authorization, all University units and University personnel or agents shall adhere to and observe applicable laws, regulations, and policies of both the Commonwealth of Kentucky and the University, which govern and control the expenditure of funds. Administrators of the various units shall not authorize nor incur any financial obligation more than the budget authorizations.
