Report on Subcommittee on Presidential Transition: (Report given by Vice Chair, Brenda Wilson)
The Presidential Transition Committee, comprised of Regent Mann, Bob Zapp, and Regent Wilson, met at the end of December to consider three proposals related to the honoring of President Votruba. Each of these proposals was vetted through the normal university process with one change. Instead of sending the proposals to the President, the proposals were sent directly to the subcommittee.

The subcommittee believes that these recognitions are well deserved and merited given Dr. Votruba’s outstanding service.

The Presidential Transition Committee unanimously recommends that the board take the following actions:

1. Approve the naming of the Student Union in honor of President and Mrs Votruba.
Regent Robinson and his colleagues in Student Government initiated a resolution to do this and it was passes unanimously by Student Government. The resolution was then forwarded to the university’s naming committee where it was also unanimously

approved.

2. Approve the awarding of an honorary degree to President Votruba at the May, 2012 commencement. This proposal has been vetted by the honorary degree committee at the university and was unanimously approved.

3. Approve naming a new privately-endowed scholarship fund, the “James and Rachel Votruba Endowed Scholarship Fund.” The university has received nearly $200,000 in private gift commitments for this purpose and additional fundraising efforts throughout the remainder of this fiscal year will provide others the opportunity to contribute to this fund as a way of participating directly in honoring and thanking the Votrubas.

Regent Dustin R. Robinson seconded Regent Brenda L. Wilson’s motion to approve the three recommendations of the Presidential Transition Committee. (Motion carried)

Presidential Comments:
Dr. James Votruba noted:
I am deeply moved by the actions just taken by the Board of Regents to honor Rachel and me. For both of us, NKU has been a labor of love for 15 years. Thank you to the Board of Regents, Dustin Robinson, and the Student Government for the action you took a few moments ago. I couldn’t imagine a better place to work than Northern Kentucky University.

There are serious budget challenges ahead. There are additional budget reductions coming our way in the neighborhood of 7%, next fiscal year. We will not know anything for sure until the Governor’s budget address on January 17th. NKU is well positioned to handle these reductions, but they will cause pain for our campus, our students in terms of affordability and access, and NKU’s capacity to support regional programs.

On January 17, there will be an announcement about one of the most ambitious economic development initiatives ever undertaken regionally. NKU’s Colleges of Business, Informatics, and Health Innovations are front and center in the initiative.

application of informatics, focusing on the regulation and utilization of information.

A booklet summarizing 2010-11 faculty development award activities was shared with the Board.

A list of the 2012-13 faculty development award activities is recommended for your approval.

**Report on College of Business:**
This morning the Board received an overview of the Haile/US Bank College of Business’ programs and its people. The presentation highlighted present accomplishments as well as future initiatives. Presenters included: Dr. Rick Kolbe, Dean of the Haile/U.S. Bank College of Business; Dr. David Raska, Assistant Professor, Marketing; Dr. Eileen Weisenbach Keller, Assistant Professor, Marketing and Director, of the Fifth Third Bank Entrepreneurship Institute; and Dr. Ihab Saad, Chair, Department of Construction Management.

**Report on Wellness:**
Vice President Ramey and Karen Campbell, Director of Wellness provided an overview of the universities wellness program, a model that has received regional and national attention. This recognition culminated with NKU winning The Business Courier competition as “Healthiest Employers of Greater Cincinnati” for the 1,500-4,999 employees category in 2011. The Award methodology was based on a web based assessment survey comprised of 75 scored questions. The categories, scoring, and analysis were developed by a private panel of medical, academic, business, wellness, finance, and statistics professionals. This achievement speaks volumes as to how far NKU has come in its commitment to the wellness and health of our faculty, staff and students.

The program will continue to evolve in 2012 as we support the 4th year of individual health screenings and continued dialogue related to transitioning the campus to an entirely tobacco free environment.
Audit Committee Report: (Report given by Regent Dennis Repenning, Audit Committee Chair)

Yesterday members of the Audit Committee met with Larry Meyer, Director of the Financial and Operational Audit Office. Vice-President Ramey and President Votruba were also present. This was one of three regularly scheduled meetings between the Internal Auditor and the Committee.

Mr. Meyer provided a report on his office’s activity during the second quarter of this fiscal year. Larry reviewed recently completed audit reports and gave us an update on the audit plan for the remainder of the year.

The Audit Committee received an update on the actions taken by management to correct the minor recommendations issued by our external auditors. Each recommendation has either been corrected or is in-process and on schedule.

Finally, Larry provided the members with a report that addressed the Kentucky Auditor of Public Accounts recommendations for nonprofit boards to consider. In general the University has already established procedures that incorporate many of the recommendations.

Before the meeting ended the Audit Committee met privately with Larry to discuss issues outside the presences of management.

Search and Screening Committee Report: (Report given by Regent Martin C. Butler, Chair of the Presidential Search and Screening Committee)

In November we issued a vacancy notice for the Presidency in multiple publications. We are about to begin reviewing preliminary active prospects. The search firm has continued to do an excellent job at generating a pool of active prospects. We will begin to narrow down the list to identify individuals we would like to meet with further. The finalists names will be made public, and they will be brought to campus for meetings. We expect the campus visits will take place between March 15 and March 30th.
