COMPETITIVE BIDDING EXCEPTIONS: STANDING DETERMINATION OF NOT PRACTICABLE OR FEASIBLE

Northern Kentucky University's Office of Procurement Services has determined that the establishment of weighted evaluation criteria, published in a Request for Proposals (RFP), shall be considered the buyer's "determination" required by KRS 45A.085(1) that sealed bidding is not practicable.

Criteria may include, but not necessarily be limited to: service or product capability, company qualifications and proven ability to perform, implementation services, training, life cycle costs, warranty, support, etc. The Request for Proposals shall detail the specific criteria pertinent to the requirements.
