

Kentucky Commercialization Ventures

INNOVATION FELLOWSHIP

During this experiential learning program, you will receive proven frameworks, resources, and networking opportunities to create a hands-on, customized, and integrated educational experience focused on commercialization. This program is designed to equip the next generation of ecosystem builders with the practical skills necessary to lead the translation of Kentucky's most innovative solutions to the real-world market.

The KCV Innovation Fellows program includes bi-weekly cohort meetings held online, independent study with high-quality startup training materials, guided application exercises, and bi-weekly coaching sessions with KCV staff and coaches.

Program Details

- The KCV Innovation Fellowship is open to undergraduate students, graduate students, faculty, and staff of KCV Partner Institutions and affiliated members
- The Spring 2022 pilot program runs March 1 – April 30, requiring 5-10 hours/week
- Pilot program participants may qualify for a \$1,000 stipend upon completing the program

Eligible Institutions

- Eastern Kentucky University
- KCTCS
- Kentucky State University
- Morehead State University
- Murray State University
- Northern Kentucky University
- Western Kentucky University

About Kentucky Commercialization Ventures

Kentucky Commercialization Ventures (KCV) is a dedicated resource for faculty, staff, and students at partner universities and colleges that transforms great ideas and research to products on the market for public benefit. The Kentucky Science and Technology Corporation (KSTC) has partnered with the Kentucky Cabinet for Economic Development, the Kentucky Council on Postsecondary Education, the University of Kentucky, and the University of Louisville to lead the development of this statewide collaboration.

Application Deadline

February 15, 2022
