Anthropology  
& Philosophy

# What you can do with an **ANTHROPOLOGY DEGREE**

Never doubt that a small group of thoughtful, committed citizens can change the world; indeed, it's the only thing that ever does.

- Margaret Mead

## What professional skills do anthropology graduates develop?

In anthropology courses students develop skills sought by employers and graduate schools:

**ANALYTICAL SKILLS** - Qualitative and quantitative data analysis; interpreting, correlating, translating, and linking data

**COMMUNICATION SKILLS** - Negotiating, advising, writing, listening, and sharing with diverse peoples and cultures

**CRITICAL THINKING SKILLS** - Evaluating, observing, and data analysis

**DESIGN SKILLS** - Identifying goals, objectives, problems, methods, strategies, priorities, issues, and opportunities in planning projects

**DISCOVERY SKILLS** - Surveying, interviewing, observing, participating, data recording, and secondary research

**EVALUATION SKILLS** - Interpreting, summarizing and synthesizing data

**MANAGEMENT SKILLS** - Delegating, budgeting, supervising, collaborating, troubleshooting, coordinating, and motivating

**PROBLEM SOLVING SKILLS** - Research and observation
