EXPERIENTIAL LEARNING

COOPERATIVE EDUCATION & INTERNSHIPS

Employ students for co-ops and internships to assess job and organizational fit before hire, and provide students with meaningful real-world experience.

A “co-op” is a paid, for-credit work experience related to a student’s academic major or minor.

NKU OFFERS TWO MODELS OF COOPERATIVE EDUCATION:

- *Alternating:* students stop classes to work for a predetermined amount of time and return to classes after the co-op ends (traditionally a semester).
- *Parallel:* students continue taking classes and work simultaneously. The co-op timeframe and work hours are flexible (most popular model).

An internship is a work experience related to a student’s academic program. It may be paid or unpaid, for credit or not.
