Physics and Pre-Engineering Club
Contact: Wayne Bresser
bresserw@nku.edu
The Physics and Pre-Engineering Club works to unite students within the physics department. Students help fellow peers with their studies and encourage group study sessions.

SCUBA Dive Enthusiasts
Contact: Charles Acosta
acostac@nku.edu
The SCUBA Dive Enthusiasts club focuses on educating students in all recreational underwater activities. The club hosts speakers, informative seminars, and pool activities.

Society of Manufacturing Engineers (SME)
Contact: Morteza Sadat-Hossieny
sadathossien@nku.edu
SME is an organization for the Mechanical, Manufacturing, and Pre-Engineering students and alumni. Its purpose is to provide an adequate social and educational environment for its members to acquire contacts and opportunities for the development of a career in the field of engineering.

STEM Ambassadors
Contact: Ellen Hokkanen
hokkanene1@nku.edu
The STEM Ambassadors work with NKU STEM programs to offer peer learning sessions and social events to support the STEM community at NKU.

Student Affiliates of the American Chemical Society (SAACS)
Contact: Grant Edwards
nkusaacs@gmail.com
SAACS is a professional chemistry organization that works to stimulate the interest of students in chemistry. SAACS is not exclusive to chemistry majors and often includes biochemistry and biology majors as members.

Women in Informatics
Contact: Maureen Doyle
doylem3@nku.edu
Our main goal is to promote growth, support, and opportunity for the women in the College of Informatics.

For additional information about these STEM Organizations and information on how to join, visit:
cinsam.nku.edu/STEMorganizations
ACM @ NKU
Contact: Alina Campan or Maureen Doyle campana1@nku.edu; doylem3@nku.edu
ACM is the world’s largest educational and scientific computing society advancing computing as a science and profession.

American Society of Mechanical Engineers (ASME)
Contact: Morteza Sadat-Hossieny sadathossien@nku.edu
ASME serves the global mechanical engineering mission in developing solutions to real world challenges and providing venues for MMET students with opportunities to interact with their peers and those in the engineering industry.

Astronomy Club
Contact: Wayne Bresser bresserw@nku.edu
The NKU Astronomy Club fosters interest in the study and practice of Astronomy. The club is a group where any student, scientifically-inclined or not, can participate in the pursuit of astronomy.

Beta Beta Beta Biological Honor Society (Tri Beta)
Contact: Richard Boyce boycer@nku.edu
Tri Beta is a chapter of the National Honors Society that allows students to learn about the opportunities available within the biology field. Tri Beta has over 500 chapters in the USA. Students can present research, connect with fellow students, and gain volunteer experience.

Biological Integration & Outreach for Teaching Advancement (BIOTA)
Contact: Bethany Bowling bowlingb2@nku.edu
BIOTA is a group composed of primarily biology majors which seeks to educate others about biology. BIOTA works with P-12 schools, undergraduate students, and the Department of Biological Sciences at NKU.

Cyber Defense Team (NorseRage)
Contact: Yi Hu huy1@nku.edu
The Cyber Defense Team is a group of students who are passionate about computer security. Students are able to enhance their learning experiences by joining the team, but also have opportunities to participate in a variety of computer security competitions.

Environmentally Concerned Organization of Students (ECOS)
Contact: Kirsten Schwarz schwarzk1@nku.edu
ECOS is open to students of all majors who are passionate about working to improve the environment on and off campus.

Health Professions Club
Contact: Patrick Schultheis schultheisp@nku.edu
HPC provides opportunities for its members to learn more about future careers and to gain a better understanding of other health careers. Mainly concentrates on the professions of: Medical Doctors (MD & DO), Pharmacists, Veterinarians, Dentists, Optometrists, Podiatrists, and Physician’s Assistants.

Institute of Electrical and Electronics Engineers (IEEE)
Contact: Gang Sun sung1@nku.edu
Opens the door to opportunities that help develop students professional identity in IEEE’s designated fields of interest: sciences, technology, engineering, and mathematics (STEM). It will allow global connections with people who can help members along their targeted career path.

Math & Stat Club
Contact: Brooke Buckley buckleyb1@nku.edu
Join fellow Mathematics and Statistics majors in the Math and Stat Club. Members spend time together throughout the year in various activities. All are invited and welcome to join.

Minorities in STEM
Contact: Charlisa Daniels or Denice Robertson danielsc6@nku.edu; robertsonde@nku.edu
Join a new group of students promoting diversity in STEM majors. We are currently recruiting new members from all backgrounds. Everyone is welcome to join!

Norse Baja
Contact: Morteza Sadat-Hossieny sadathossien@nku.edu
Norse Baja is a student group that allows students to work as a team to design, build, and race vehicles while developing personal skills such as leadership, delegation, project management, communications, time management, and more.

Northern Geology Club
Contact: John Rockaway rockawayj@nku.edu
The Northern Geology Club seeks to establish an appreciation for geology through a variety of hands on activities including field trips to areas of specific geological interest.
