

Different types of industries use unique terminology to express Intellectual Property issues. Utilizing the jigsaw method, each of the 4 groups should brainstorm and identify one term that reflects the particular language or jargon of each of the four industries below.

Type of Industry	Term 1	Term 2	Term 3	Term 4
Legal Industry				
Music Trade				
Higher Education				
Business World				

Additional assignment options:

- 1) Have students search a specific journal or database with one of the terms they've chosen from that particular industry and see if they find other keywords/ terms from that search.
- 2) Have students research one of the subjects they found interesting, locating at least three sources, write a short paper, and cite correctly.

Alternate Assignment: Give each group a specific medium and ask them to locate 3 articles on this area and report back. (Sample Mediums: Face Book/MySpace, Internet, Movies, Education, Software, Music, Business)
