

BIO 235: Costa Rican Natural History

This course provides an introduction to the people, culture, and landscape of Costa Rica. Students will attend lecture/discussions during the spring semester while engaging in hands-on experiential learning through a nine-day Alternative Spring Break program to Costa Rica. Knowledge of Spanish is encouraged, but not necessary. This general education course completes the Global Viewpoints Category within the Foundation of Knowledge.

MARCH 8-16, 2019

Application Deadline- November 16, 2018
