  A. The revised bylaws wording approved in our last meeting and presented to the Faculty Senate last week needs modification. Discuss the following correction (while Sue Hodges Moore and Mike Hales present).

As revised in last meeting: It shall periodically report to the Faculty Senate on the University’s budget priorities submitted to the Council on Postsecondary Education’s biennial budget development process and recommendations for funding the public universities.

Proposed modification: It shall periodically report to the Faculty Senate on the University’s budget priorities submitted to the Council on Postsecondary Education’s (CPE) biennial budget development process, including the University’s capital budget priorities and the CPE’s capital and operating recommendations for funding NKU and each of the public universities institutions.

It shall periodically report to the Faculty Senate on the Council on Postsecondary Education’s (CPE) biennial budget development process, including the University’s capital budget priorities and the CPE’s capital and operating recommendations for funding NKU and each of the public institutions.

For additional consideration: If the above revision is made, could Article I, Part D be omitted? It shall review and report to the Faculty Senate on major capital expenditure proposals submitted by the administration to assess their budgetary impact upon the University.

B. The budget priorities survey is now closed. Discuss how to analyze and report results to administration and Faculty Senate.

Proposal: Make full Qualtrics report available now and provide brief executive summary after the break? Any volunteers to help with the analysis?
For reference, see the following:
- Faculty Senate Budget Committee Priorities Report 2013-2014 (posted on Budget Committee website) and the previous budget priorities reports posted on Blackboard
- “Summary of Faculty Budget Priority Surveys, 2003-2014” (posted on Blackboard)

C. Salary policies and analysis (discussed while Beth Sweeney is present). Salary analysis is a charge of this committee and salary concerns rated high on the priorities survey. Discuss proposed content of salary data to be requested from Institutional Research to update and build upon the salary study done by the 2013-14 Budget Committee. Discuss how to proceed with salary analysis next semester, including some analysis of administrative salaries.
