# Who are you looking for?

## Primary Care

Family doctors, internists, OB-GYNs, pediatricians

## Specialty Care

Dermatologists, cardiologists, oncologists, more

## Medical Groups

Small practices or large organizations of doctors

## Which type of primary care provider (PCP)?

### All Primary Care Providers

The first person you call when you have a medical concern. Primary care providers can be doctors in family practice, internal medicine, pediatrics or other specialties.

### Primary Care Medical Group

Primary care medical groups have multiple doctors who can provide primary care. These groups range from small practices to large organizations of doctors.

### Community Health & Rural Clinics

A Community Health Center (also known as a Federally Qualified Health Center) provides comprehensive primary care, behavioral health services, and dental care to all patients regardless of their ability to pay. Rural Health Clinics provide primary care in rural areas.

### Family Doctor

Family physicians provide preventive care and treatment for people of all ages. They provide care in gynecology, internal medicine, pediatrics, geriatrics, and psychiatry.

### Generalist

Generalists (also general practitioners or GPs) prefer not to focus on a single specialty and usually are family doctors, internists, or pediatricians.
