

Delta Dental of Kentucky

The Value of Dental Benefits

Having a Delta Dental of Kentucky plan saves you money and makes it easy to get the care you need to protect your smile and keep it healthy.

Save Money

As the nation's leading dental benefits provider, Delta Dental negotiates lower fees with dentists so you pay less for dental care. We have 150,000+ dentists in our network across the country, providing access to cost-saving dental care no matter where you live.

Save Time

Our time-saving tools make it easy to find a dentist in your area, estimate the cost of a procedure before you go to the dentist, obtain an ID card or manage your dental benefits plan. These tools are available online, in our mobile app or over the phone.

Stay Healthy

When families have dental benefits, they are almost twice as likely to get the preventive dental care that they need to stay healthy. With most Delta Dental plans, preventive care such as exams, cleanings and X-rays are covered at 100%. Keeping your smile healthy is not just about your appearance - oral health is a critical component of your overall health.

It's easy to see the savings.

Whether you regularly receive your two cleanings or have an unexpected dental emergency, investing in a plan with Delta Dental will always save you money. Visiting a Delta Dental dentist provides network discounts that result in lower out-of-pocket costs.
