

NKU Benevolent Association Application Form

The Benevolent Association provides support to a faculty or staff employee for emergency needs, such as catastrophic personal or family illness. Support can be provided as additional sick time when the employee has exhausted sick and vacation time and requires additional time for personal illness or to care for an immediate family member. Support can also be financial for an extraordinary emergency need for basic needs. To be eligible to apply an employee must:

- have completed 90 days employment
- be full-time, part-time, or contract faculty or staff
- not have received time/money from the Benevolent Association in the preceding 12 months

A maximum of 30 days of benevolent time may be awarded to an employee*. The Benevolent Emergency Committee urges enrollment in Short Term Disability following a request for benevolent sick time. The maximum financial award is \$1,000 payable only to the organization to whom money is owed.

An application is submitted to the Benevolent Emergency Committee members anonymously with summarized information. Typically an application decision is available within 7 working days after the completed application has been received.

Send completed form to: Susann Schulte at schultes7@nku.edu. Incomplete forms will not be processed.
