

PATHWAY REVIEW CHECKLIST

WHAT IS A PATHWAY AGREEMENT?

A pathway agreement is one type of articulation agreement that is designed for students who have completed an Associate's degree that wants to then transfer and earn a bachelor's degree.

Pathway agreements are typically viewed as two-plus-two types of agreements but can require greater than 120 hours to complete. Most NKU pathways fall under an overarching articulation agreement (example: Gateway2NKU). Sometimes a pathway is part of a program-specific articulation agreement.
