Embedding JoVE Videos Into canvas
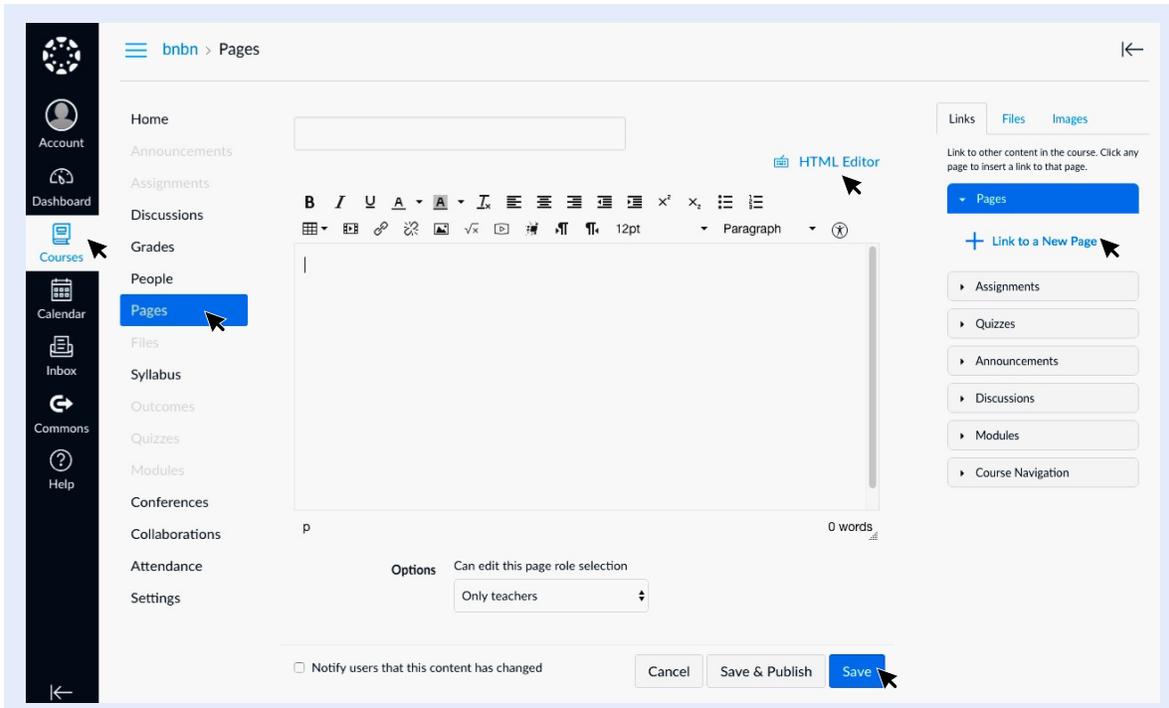

1. Select Dashboard on the start-up page

2. Select 'Start a new course' at upper right

3. Name course

4. Click 'courses' on the left hand menu

5. In the adjacent column to the right, select 'pages'

6. At the top right, click the +page to create a new page

7. Go to the JoVE page displaying your video of interest

8. Below the video there is an Embed tab

9. Click and then copy the entire HTML code

10. Return to your new Canvas page

11. To the top, right of the text box, click the blue HTML Editor

12. Paste your HTML code into the box, then select the blue Rich Content Editor

13. Your video should appear in the central box and will appear on your course website

14. By clicking on the tabs to the right, you will create links that will take the student to
    other course pages

15. Click Save at bottom right

16. View video in course page
