## Event Planning 2: Update Seats and Instructors

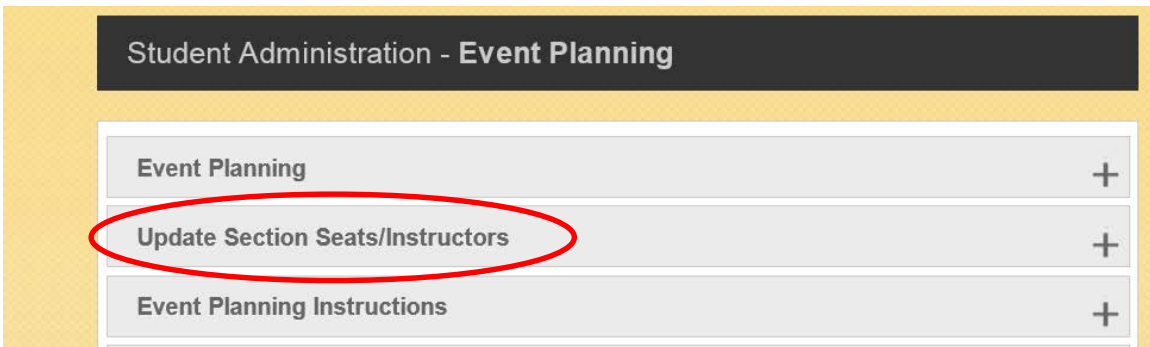

This application is for updating seat capacity on an offered course section, updating the assigned instructor, or proposing a different workload than what is system generated.

These options are only available after the scheduling building and editing process has ended.

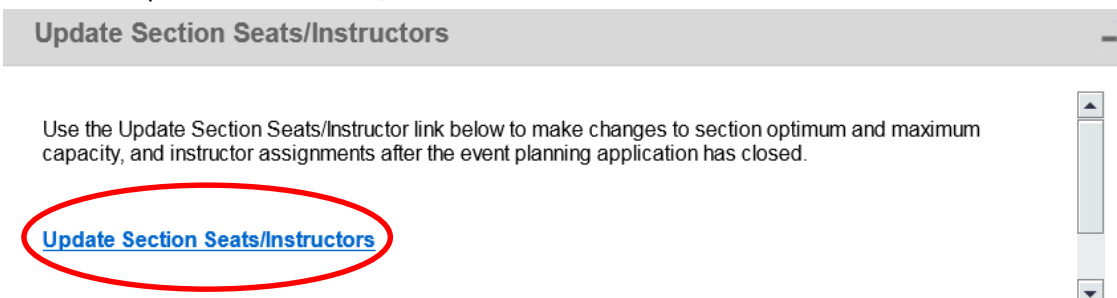

1. Log into myNKU
2. Go to Student Administration tab, then click on the Event Planning sub-tab

3. Click Update Section Seats/Instructors to expand the area.

4. Select the Update Section Seats/Instructors link.

5. Select the appropriate academic period from dropdown.
6. Enter course number and prefix (ex. ANT 100).
7. Click Find or hit enter on the keyboard.

### Update Seats

The Update Seats button has logic built in to assist the user in determining room capacity. The total of all combined optimum and/or maximum seat capacity cannot exceed the classroom capacity or seat limit.

- Section is **online, TBA**, or does **not** have a classroom assignment, the seat limit capacity will be reflected as 99999.
- Section is **regular** with a classroom assignment, the seat limit capacity will be reflected.
- Section is **multiple component** with both components having classroom assignment, the smallest seat limit will be reflected.

Ex. PHY 110 001

LEC - maximum room capacity is 35

LAB - maximum room capacity is 26

Seat limit for this section will be 26

Course	Course Title	Section	Session Description	Event Type	Event Type Desc	Room	Room Cap	Opt Seats	Max Seats
PHY 110	Introduction to Physics with Lab	Section 001	Spring (01/14/2013 - 05/03/2013)	PHY 110 LEC	PHY 110 Lecture	SC 128	35	10	10
	Introduction to Physics with Lab		Spring (01/14/2013 - 05/03/2013)	PHY 110 LAB	PHY 110 Lab	SC 263	26	10	10

## Event Planning 2

- Section is a **shared event** with a classroom assignment, the seat limit will reflect what is still available taking into consideration the assigned maximum capacity of the other section(s).

Ex. GLY 110 013 has a shared event with GLY 110 014

**\*\* Shared lecture – Room Capacity is 28\*\***

- When editing GLY 110 013 seats, seat limit will be 23 (28 seat capacity-5 seats from section 014).
- When editing GLY 110 014 seats, seat limit will be 5 (28 seat capacity-23 seats from section 013).

Course	Course Title	Section	Session Description	Event Type	Event Type Desc	Room	Room Cap	Opt Seats	Max Seats
GLY 110	The Face of the Earth with Lab	Section 013	Spring (01/14/2013 - 05/03/2013)	SHARED EVENT	GLY 110 Shared Lecture	SC 264	28	10	23
	The Face of the Earth with Lab	Section 014	Spring (01/14/2013 - 05/03/2013)	SHARED EVENT	GLY 110 Shared Lecture	SC 264	28	5	5

- Section is **multiple component with a shared event**, the smallest seat limit **for that section** will be reflected.

Ex. GLY 110 023 has a shared event with GLY 110 024/GLY 110 025; each section has a stand-alone lab.

**\*\*Shared lecture – Room Capacity is 60\*\***

GLY 110 023 – opt/max capacity = 15      lab room maximum capacity is 18

GLY 110 024 – opt/max capacity = 15      lab room maximum capacity is 15

GLY 110 025 – opt/max capacity = 25      lab room maximum capacity is 27

## Update Instructor

When you click on Update Instructors, two tabs are displayed: Update Instructors and Workload.

1. Click Update Instructors tab.
2. Delete the current instructor and input the desired instructor.
  - o You may also delete the current instructor and enter the wildcard '\*' to see a list of all instructors assigned to that department.
3. Click Save and then click Back to return to the grid.

**Note:** Only instructors assigned to the department offering the course will be reflected. If an instructor from another department needs to be assigned, one of two things must be done:

- o If the teaching will be in addition to the instructor's regular workload (an overload), then a Part Time Faculty PAR should be created and submitted on paper to establish an additional personnel assignment in the department offering the course, which will add the instructor to the list of those who may be assigned to the course in myNKU.
- o If the teaching will be included in the instructor's regular workload, assignment to the course will need to be done by the registrar's office, and can be requested via email to [registrarschedule@nku.edu](mailto:registrarschedule@nku.edu).
