I. POLICY STATEMENT

Aerosol containers that are not empty and are no longer considered usable by a department must be sent to Safety and Emergency Management for a usability determination. Pickup of aerosol cans can be requested from Safety and Emergency Management.

Once received by Safety and Emergency Management all aerosol cans are inspected for usability. If it is determined that the product is no longer of use to the University, the can will be punctured and drained. Once punctured and drained, the can shall be recycled. The contents of the can shall be collected as hazardous waste.

Aerosol cans that are still considered useful will be made available to other departments through the Supply Closet Events.
