I. POLICY STATEMENT

Northern Kentucky University (NKU) is entrusted with resources by students, parents, taxpayers, sponsors, alumni, donors, and other constituencies with the responsibility to fulfill our educational mission. This trust and responsibility require a commitment to ethical standards to assure others that our activities are executed to serve the mission of the university. This policy documents value and ethical standards at NKU.

II. ENTITIES AFFECTED

Faculty, staff and administration, members of the Board of Regents, any individual employed by the university, using university resources or facilities, receiving funds administered by the university and other representatives when speaking or acting on behalf of NKU. These individuals may be referred to as “community members.”

III. CORE VALUES

The NKU community is committed to these core values:

- Excellence
- Integrity
- Inclusiveness
- Innovation
- Collegiality

As a reflection of these core values, NKU community members strive to behave ethically, and with integrity and common sense, at all times. University community members seek to fulfill obligations towards students, co-workers and other members of the university community with honesty and transparency, and to behave according to the highest ethical and professional standards of conduct.
NKU is committed to tolerance, inclusion, and respect for others, regardless of differences. All members of the NKU community strive to treat others with professional courtesy and civility, regardless of position or status, and to work cooperatively with others. University community members seek to promote equality and collaboration among faculty, staff, and administrators. NKU provides equal access to programs, facilities, and employment and seeks to foster positive campus change through greater diversity, equity, inclusion, and accountability.

IV. ETHICAL RESPONSIBILITIES

In addition to following these guidelines, the faculty, staff, administrators, student workers, members of the Board of Regents, and other affiliated individuals in conducting the affairs of NKU will comply with all federal, state, and local laws and regulations as well as university policies, procedures, and codes in the performance of job-related duties. The values, principles, and standards of conduct in this policy are supported through university policies, procedures, and guidelines that provide guidance for making decisions consistent with NKU’s commitment to responsible and ethical behavior.

All NKU faculty, staff, administrators, and members of the Board of Regents who are members of occupations or professions that have established standards or codes of ethics shall, in addition to the responsibilities referenced in this document, be bound by the standards of conduct and/or codes of ethics that apply to such occupations or professions.

The university and community members have the following ethical responsibilities:

Manage Responsibly
University community members who supervise, instruct and/or advise faculty, staff, and student workers are entrusted with significant responsibility. Those university community members are expected to:
  • Foster an environment of transparency and integrity;
  • Ensure compliance with applicable laws, policies, regulations, and workplace rules;
  • Evaluate performance impartially and conscientiously;
  • Ensure access to and delivery of proper training on applicable workplace and educational rules, laws, policies, and procedures (including these principles);
  • Foster opportunities for intellectual growth and professional development both on and off campus;
  • Promote a productive, innovative, and professional atmosphere that encourages dialogue and is responsive to concerns; and
  • Avoid making unreasonable job demands.

Protect and Preserve University Resources
University members are responsible for integrity in the stewardship of resources entrusted to us and are expected to:
  • Exercise responsible and ethical behavior regarding stewardship of university resources;
  • Protect university property, equipment, data and other assets of the university;
  • Prevent waste, abuse, and misuse of university resources;
  • Follow guidelines, procedures, and/or manuals regarding the use of financial assets, including university procurement cards;
  • Comply with government grants and contract terms and conditions;
  • Follow sound financial practices, including accurate financial reporting, controls and processes to protect assets, and responsible fiscal management; and
  • Engage in appropriate accounting and monitoring.
Promote a Culture of Compliance
NKU is committed to meeting legal requirements as well as fostering a culture of ethics and compliance. University community members are expected to:

- Be aware of, understand, and comply with laws, regulations, contracts, and university policies and procedures applicable to their duties;
- Seek to prevent, detect and report suspected compliance violations to the appropriate university official. Supervisors will ensure that reports of violations within their area of responsibility are properly resolved, including disclosure to any authority as appropriate; and
- Participate in mandatory education opportunities required of faculty, staff, administrators, and student workers.

NOTE – No employee is permitted to engage in retaliation, retribution, adverse employment consequences or any form of harassment against an individual for a good faith report of misconduct or other ethics or compliance-related concern, or participation in an investigation of a good faith report of misconduct, ethics or compliance-related concern or retaliation.

Preserve Academic Freedom and Meet Academic Responsibilities
Academic freedom is essential to NKU’s mission. University community members are expected to:

- Encourage students in the free pursuit of learning;
- Demonstrate respect for the student as an individual, make every effort to foster honest academic conduct, and assure that the evaluation of student work reflects that work’s true merit;
- Respect the confidential nature of the relationship between professor and student;
- Avoid exploitation of students for private advantage and acknowledge significant assistance from them;
- Promote academic freedom, including the freedom to discuss relevant matters in the classroom, with fellow NKU community members, and with the public. Academic freedom includes the freedom to explore all avenues of scholarship, research and creative expression, to participate in the shared governance of the University, and to speak and write as a public citizen without institutional restraint;
- Accept his/her share of responsibilities for the governance of the university;
- Where appropriate, assist the university in meeting its public engagement mission;
- Accurately evaluate the professionalism of other members of the university community when writing letters of recommendation or otherwise providing input regarding the manner in which individuals carry out responsibilities expected of or entrusted to them.

The freedom of speech of community members includes the freedom to express their views on matters having to do with their institution and its policies. This freedom should be accorded — and rights to it protected — because grounds for thinking an institutional policy desirable or undesirable must be heard and assessed if the community is to have confidence that its policies are appropriate. The faculty protection for Academic Freedom is described in Section 16.3 in the Faculty Policies and Procedures Handbook, which is incorporated herein by reference.

Teach and Conduct Research Ethically
University community members have an obligation to the university and the larger global community as they seek knowledge and understanding. University community members are expected to:

- Propose, conduct, and report research honestly and with integrity;
- Adhere to the practical and ethical professional standards appropriate to a discipline in order to protect people and appropriately care for animals in the context of teaching;
• Protect the welfare and dignity of human participants and properly care for animals in compliance with current federal regulations and NKU Institutional Review Board (IRB), Institutional Animal Care and Use Committee (IACUC), and/or Institutional Biosafety Committee (IBC) policies in the context of research. Individuals uncertain about whether a teaching or research activity is governed by federal guidelines and NKU IRB, IACUC, and/or IBC policies can contact the NKU Office of Research Compliance for guidance;

• Faithfully transmit research findings;

• Refrain from engaging in copyright infringement or plagiarism;

• Ensure originality of work, provide credit for the ideas of others upon which their work is built;

• Be responsible for the accuracy and fairness of published information; and

• Truthfully report authorship.

Teachers are entitled to full freedom in research and in the publication of the results, subject to the adequate performance of their other academic duties; but research for pecuniary return should be based upon an understanding with the authorities of the institution.

Teachers are entitled to freedom in the classroom in discussing their subject.

Avoid Conflict of Commitment and Interest
University community members have a responsibility to maintain objectivity and impartiality when making decisions on behalf of NKU. To ensure objectivity, community members are expected to:

• Base decisions on judgment free from conflicting interest;

• Refrain from using their official position to inappropriately further professional or private interests or the interests of any members of their family;

• When conducting or participating in any transaction, disclose any real or perceived conflict with personal interests and remove himself or herself from further participation; and

• Ensure personal relationships do not interfere with objective judgment in decisions affecting university employment and/or the academic progress of a community member.

Carefully Manage Public, Private, and Confidential Information
University community members are the creators, custodians, and stewards of many types of information, much of which is confidential. Access to this data and the individual’s right to privacy are governed by both laws and university policies. In order to meet our responsibilities, university community members are expected to:

• Learn and follow laws, regulations, and university policies regarding access, use, protection, disclosure, retention, and disposal of public, private, and confidential information;

• Follow document retention and disposal guidelines;

• Maintain data security using electronic and physical safeguards;

• Protect data quality and integrity;

• Ensure that data provided to the university community and other entities is accurate and consistent; and

• Provide information as needed for other community members to adequately perform job duties.

Promote Health and Safety in the Workplace
All university community members have a shared responsibility to ensure a safe, secure, and healthy campus for all faculty, staff, students, volunteers, and visitors. University community members are expected to:
• Follow federal and state safety laws and university policies and practices, including participating in appropriate education; using appropriate personal safety equipment; and reporting accidents, injuries, and unsafe situations promptly;
• Maintain security, including securing university assets and facilities;
• Report suspicious activities and suspected abuse; and
• Protect the environment, including carefully handling hazardous waste and other potentially harmful agents, materials, or conditions.

A. Presidential Recommendations:

1. FY 2016-2017 Budget Approval:

Regent Richard Boehne seconded Regent Terry Mann’s motion to approve the FY 2016-2017 Budget. (Motion carried)

The Board of Regents approved the resolution establishing and approving the Fiscal Year 2016-17 Annual Unrestricted Operating Budget for Northern Kentucky University.

2. Values and Ethical Responsibilities Statement:

Regent Richard Boehne seconded Regent Virginia Fox’s motion to approve the Values and Ethical Responsibilities Statement. (Motion carried)

The Board of Regents approved the proposed addendum to the Values and Ethical Responsibilities Statement.
RECOMMENDATION:

That the Board of Regents approve the proposed addendum to the Values and Ethical Responsibilities Statement.

BACKGROUND:

In April 2016, the Board of Regents approved revisions to the Values and Ethical Responsibilities Statement. The Board of Regents deleted one paragraph from the document because of concerns with a possible conflict with an existing policy. Since the April 2016 Board meeting, the Faculty Senate Professional Concerns Committee and the Staff Congress have approved the following language to replace the previously deleted paragraph.

The freedom of speech of community members includes the freedom to express their views on matters having to do with their institution and its policies. This freedom should be accorded – and rights to it protected – because grounds for thinking an institutional policy desirable or undesirable must be heard and assessed if the community is to have confidence that its policies are appropriate. Protecting the academic freedom on campus requires ensuring that a particular instance of faculty speech will be subject to discipline only where that speech violates some central principle of academic morality, as, for example, where it is found to be fraudulent (academic freedom does not protect plagiarism and deceit). Protecting academic freedom also requires ensuring that faculty status turns on a faculty member’s views only where the holding of those views clearly supports a judgment of competence or incompetence. The faculty protection for Academic Freedom is described in Section III, Items A-D, in the Faculty Policies and Procedures Handbook, which is incorporated herein by reference.

The red line document reflects the changes to the April 2016 proposed paragraph that was deleted by the Board of Regents. Upon approval, this new paragraph will be inserted into the Values and Ethical Responsibilities statement in the section and location where the previous paragraph was deleted.
Regent Nathaniel Smith, Chair, called the regular meeting of the Board of Regents to order at 1:00 pm, Wednesday, April 27, 2016.

Other Attendees: Geoffrey S. Mearns, Kathryn Herschede, Wendy Peek, Sue Hodges Moore, Sue Ott Rowlands, Eric Gentry, Sara Sidebottom, Kathleen Roberts, Kim Turner, Kim Scranage, Lori Southwood, Mike Hales, Katherine Frank, Rebecca Porterfield, Cynthia Reed, Dale Scalise-Smith, Jeff Standen, Tracy Insko, Chris Bowling, Bill Farrow, Kathy Stewart, Sara Kelley, Larry Meyer, Melissa Gorbandt, Samantha Langley, Amanda Nagleisen, Mary Paula Schuh, Russ Kerdolff, Allen Cole, Pat Moynahan, Leah Stewart, Syed Zaidi, Janel Bloch, Amy Racke, Dawn Bell Gardiner, Matt Sexton, Leonard Ivy, Kathy Dewberry, Barb Barnes, Sarah Larcombe, Dave Bauer, Tim Sofranko, Toni Wice, Steve Meier, Tiffany Budd, Katie Lovold, Kate Murphy

**Presidential Comments:**

As you know, as I mentioned a moment ago at lunch, we will celebrate three commencement ceremonies in two weeks. Our law school commencement on Friday evening, May 13 and our two university commencements on Saturday, May 14. More than 1,600 outstanding students will cross the stage and receive their diploma. You just heard about six of these remarkable students at the student awards luncheon. Now, let me tell you about how our recent graduates are doing.

**Our Graduates**

For the past four years, we have surveyed graduates approximately six months after their graduation. The results demonstrate the outstanding education students receive at NKU. Some of the findings include:

- Consistently from year-to-year, more than 90% of undergraduate alumni responding to the survey indicated that they are employed or are continuing their education.
- Approximately 81% of undergraduate alumni who responded that they were employed found jobs related, closely related, or somewhat related to their major in 2014-2015, an increase of three percentage points compared 2011-2012. Similarly, 91% of graduate alumni responded in 2014-2015 that they found jobs related to or somewhat related to their major, an increase of five percentage points over 2011-2012 responses.

RECOMMENDATION:

That the Board of Regents approve the proposed NKU Values and Ethical Responsibilities Statement.

BACKGROUND:

In March 2014, the Board of Regents approved the then existing Ethical Principles and Code of Conduct to add one item, an annual acknowledgement.

Since that time, there has been substantial discussion and debate among faculty and staff about the substance of the Code.

Faculty Senate and Staff Congress have now approved the following Values and Ethical Responsibilities Statement. The President is forwarding their document to you for your review, consideration, and approval.
NKU Values and Ethical Responsibilities

Teachers are entitled to full freedom in research and in the publication of the results, subject to the adequate performance of their other academic duties; but research for pecuniary return should be based upon an understanding with the authorities of the institution.

Teachers are entitled to freedom in the classroom in discussing their subject.

**Avoid Conflict of Commitment and Interest**

University community members have a responsibility to maintain objectivity and impartiality when making decisions on behalf of NKU. To ensure objectivity, community members are expected to:

- Base decisions on judgment free from conflicting interest;
- Refrain from using their official position to inappropriately further professional or private interests or the interests of any members of their family;
- When conducting or participating in any transaction, disclose any real or perceived conflict with personal interests and remove himself or herself from further participation;
- Ensure personal relationships do not interfere with objective judgment in decisions affecting university employment and/or the academic progress of a community member.

**Carefully Manage Public, Private and Confidential Information**
