My goal for the Undergraduate Catalog cover design is to celebrate the words “Unstoppable Future” and the university’s 50th anniversary. Additionally, the objective is to design through a student lens and interpret what it is like to be a student during this milestone.

This design creates a narrative of time through use of an energy surge to highlight NKU’s growth as a university. This surge of energy weaves through and around the letterforms, as well as an image of NKU’s sundial, to enliven their meaning. This design represents the university’s encouragement for students to follow their own path — ultimately, gaining the momentum for an unstoppable future.

The catalog cover design and the online catalog banner graphic were designed by Maria under the art direction of Professor Julie Mader-Meersman as an independent project.

The Catalog
The university's catalog is the document of authority for all students. It contains detailed information that will help students succeed in their degree and certificate programs, have a positive university experience, and graduate in a timely manner. The catalog contains information on domestic and international admissions; tuition and fees; degree requirements for every program; general education requirements; university-wide graduation requirements; academic opportunities; support services; enrichment opportunities; university policies and procedures; and faculty and administration. It also contains a brief description of each of the courses offered by the university. Students are strongly urged to read the catalog carefully and work closely with their advisors.

Catalog Changes
The information contained in the catalog is accurate at the time of publication. However, Northern Kentucky University reserves the right to change regulations, policies, fees, services, and curricula through official actions of the NKU administration, its Board of Regents, or the Kentucky Council on Postsecondary Education.

University Accreditation
Northern Kentucky University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate, baccalaureate, masters and doctoral degrees. Contact SACS/COC (http://sacscoc.org) at 1866 Southern Lane, Decatur, GA 30033-4097 or call 404-679-4500 for questions about the accreditation of Northern Kentucky University.

Employment and Earnings of Kentucky College Graduates
Aggregate data on degrees and salary for all Kentucky colleges and universities is available from Kentucky’s Office for Education and Workforce Statistics (https://kcews.ky.gov/Reports/EmploymentEarningsJan2013.pdf). This data may be helpful to students seeking to match educational goals with jobs and professions, and in finding out about students who go on to pursue advanced degrees, average wages for various degree categories, and some insights into what happens to students who leave without a credential and do not continue their education elsewhere.

Disclosures
This publication was prepared by Northern Kentucky University and printed with state funds (KRS 57.375). NKU is an affirmative action/equal opportunity institution.
Mission

As a public comprehensive university located in a major metropolitan area, Northern Kentucky University delivers innovative, student-centered education and engages in impactful, scholarly and creative endeavors, all of which empower our graduates to have fulfilling careers and meaningful lives, while contributing to the economic, civic, and social vitality of the region.

Our 2018 Vision

Northern Kentucky University will be acclaimed by students, alumni, the region, and the commonwealth for:

- **Our Success**...in preparing graduates for a global society.
- **Our Contribution**...to regional progress and economic growth.
- **Our Delivery**...of distinctive academic programs.
- **Our Dedication**...to the development and wellbeing of our people.
- **Our Effectiveness**...in securing and managing resources sustainably.

Our Core Values

These are the core values that Northern Kentucky University embraces as we go about our work:

- We will promote a culture that fosters and celebrates EXCELLENCE in all that we do.
- We will engage in honest, fair, and ethical behavior with INTEGRITY at the heart of every decision and action.
- Ours will be a community that embraces INCLUSIVENESS, diversity, and global awareness in all dimensions of our work.
- We will approach our work - how we teach, engage, and serve - with creativity and INNOVATION.
- We will maintain a climate of COLLEGIALITY built on respect and characterized by open communication and shared responsibility.

Institutional History

NKU is the youngest of Kentucky’s eight state universities. The university’s roots go back to 1948 when the University of Kentucky established a two-year community college in Covington. In 1962 the extension branch was renamed Northern Community College. Five years later, a grassroots petition asking for a community college in Covington led to the establishment of Northern Kentucky State College, which eventually became Northern Kentucky University.

In late 1969, Dr. Frank Steely was selected as NKU’s first president. He immediately began work to hire faculty and staff, obtain funding, and oversee building construction. From 1970 to 1972, undergraduate courses were offered at the old community college’s location until Nunn Hall was completed in Highland Heights. When Nunn Hall opened in 1972, it constituted all of NKSC: the president’s office, classrooms, library, bookstore, vending machines - everything was located there.

Rapid growth occurred during the early years: nine buildings were constructed in the 1970s. The Salmon P. Chase Law School of Cincinnati merged with NKSC in 1971, and the first intercollegiate men’s basketball game was held that year.

The first NKSC commencement ceremony was in the spring of 1973; graduate programs were added in 1975; the state college became a full-fledged university in 1976; and before the end of the decade the athletics program was winning regional championships. Chase Law School moved to the main campus in 1982. The first residence hall also opened that year, marking a shift from a student body composed exclusively of local commuters to a more diverse one from across the nation and the globe. When President Steely resigned in September 1975, the school enrolled almost 4,300 students.

Dr. A. D. Albright served as the second president, leading the institution from 1976-83. During his term, additional academic buildings opened and eased overcrowding. The 1977 opening of the University Center with a place to eat, meet, and hold student activities brought a more traditional campus feel. In 1983, at the end of Dr. Albright’s presidency, the school enrolled about 8,500 students and employed 1,160 faculty and staff.

In the 1980s and early 1990s, NKU began to focus on its place in the region and the world. Dr. Leon Boothe, president from 1983-97, sought to diversify the university by initiating an international exchange program. He also led the first capital campaign in response to state funding cuts that reached a cumulative 30 percent of the university’s state appropriation. At the end of Dr. Boothe’s presidency, enrollment stood at 11,785, and 1,584 faculty and staff served the university.

Dr. James C. Votruba became NKU’s fourth president in 1997 and retired from the position in the summer of 2012. Under his leadership, new programs were added including cutting-edge undergraduate programs, many more master’s degree options, and two doctoral programs. Numerous buildings were built during his tenure including the Dorothy Westerman Herrmann Natural Science Center, the James C. and Rachel M. Votruba Student Union - named for President and Mrs. Votruba upon his retirement as president - The Bank of Kentucky Center, and NKU’s newest building: the super-high-tech Griffin Hall, home to the College of Informatics. Throughout his presidency, Dr. Votruba built on the concept of NKU as a metropolitan university, calling on the whole campus to become locally and regionally engaged for the benefit not just of the campus but also the community at large. On numerous occasions, NKU has been recognized nationally for its success in sharing knowledge through public engagement.

NKU’s athletics program was very successful during Dr. Votruba’s tenure as president. As a member of NCAA Division II, NKU won three national championships and 22 regional titles. The university’s first national athletics championship was earned by the women’s basketball team in 2000. When the women repeated in 2008, they became the first women’s team in Kentucky to win two national championships. The men’s soccer team followed in 2010 with a national title of its own.

At the end of Dr. Votruba’s presidency, NKU employed about 2,030 faculty and staff who served close to 15,800 students: 85 percent undergraduates, 11 percent graduate students, and 3 percent law students.
NKU Today

In August 2012, NKU welcomed its fifth president, Geoffrey S. Mearns, a former federal prosecutor, law school dean, and provost. Under his leadership, the university has continued to excel and attract high-achieving students who benefit from a student-centered faculty and extremely dedicated administrators and staff. The university offers associate degrees in a limited number of areas and eight bachelor degrees: Bachelor of Arts (B.A.), Bachelor of Science (B.S.), Bachelor of Fine Arts (B.F.A.), Bachelor of Music (B.M.), Bachelor of Music Education (B.M.E.), Bachelor of Science in Nursing (B.S.N.), Bachelor of Social Work (B.S.W.), and Bachelor of Science in Business Administration (B.S.B.A.). Undergraduate students have a choice of 72 majors and 89 minors. Students can also choose from among more than 200 student clubs and organizations ranging from disciplinary clubs such as the biology club to service organizations, advocacy groups, Greek organizations, sports clubs, faith-based organizations, leadership societies, and more.

Reflective of the university’s maturity, the athletics program began the four-year process of reclassifying to NCAA Division I in 2012, joining the Atlantic Sun conference. In addition to Kentucky, the Atlantic Sun includes universities from four states: Florida, Georgia, South Carolina, and Tennessee. NKU moved to the Horizon League in July 2015. In addition to Kentucky, the Horizon League is made up of universities in Ohio, Indiana, Illinois, Michigan and Wisconsin. Today, NKU is a vibrant, exciting center of teaching and learning, research and creative work, and service to the northern Kentucky region, the commonwealth, the nation, and the world. The university prepares for the construction of its newest academic facility - a Health Innovation Center that will integrate a portfolio of health care disciplines with psychology, social work, and other areas. It will allow the university to identify and develop the next generation of talent and applied research Kentucky and our region desperately needs.

The university’s 2013-18 strategic plan focuses on the success of students in the classroom and beyond. It emphasizes a transdisciplinary approach to teaching and learning, expanding upon and extending the principles of interdisciplinary study by fostering a holistic approach to studying topics that arise at the intersection of business, science, law, and culture.

Accreditations

Northern Kentucky University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate, baccalaureate, masters, and doctoral degrees. Contact SACSCOC at 1866 Southern Lane, Decatur, GA, 30033-4097 or call 404-679-4500 for questions about the accreditation of Northern Kentucky University.

The following organizations have accredited specific NKU programs: AACSB International-the Association to Advance Collegiate Schools of Business; American Bar Association (ABA); American Chemical Society (ACS); American Council for Construction Education (ACCE); Commission on Accreditation of Athletic Training Education (CAATE); Commission on Accreditation for Respiratory Care (CoARC); Council on Social Work Education (CSWE); Joint Review Committee on Education in Radiologic Technology (JRCERT); National Association of Schools of Music (NASM); National Association of Schools of Public Affairs and Administration (NASPAA); National Council for Accreditation of Teacher Education (NCATE); Council for Accreditation of Educator Preparation (CAEP); Commission on Collegiate Nursing Education (CCNE); Engineering Technology Accreditation Commission (ETAC); Accreditation Board for Engineering and Technology ABET, Inc; and Council for Accreditation of Counseling and Related Educational Programs (CACREP).

Campus Map

NKU makes available online a variety of campus maps (http://nku.edu/campusmaps.html) including: a three-dimensional view of the Highland Heights campus with links and information about each building; a regional map showing the location of the Highland Heights campus, NKU’s Grant County Center, and NKU’s METS Center; and driving directions to the Highland Heights campus.

Campus Calendars

NKU provides a variety of calendars (http://nku.edu/calendars.html) online, including a public events calendar (http://nkunorse.com) and music (http://artscience.nku.edu/departments/music/concerts.html) events, and several academic calendars (http://inside.nku.edu/registrar/calendars.html).
ADMISSIONS AND ENROLLMENT

Fax: 859-572-6094
Web Address: http://transfer.nku.edu
Interim Director: Kelsey Haskins

Northern Kentucky University invites undergraduate and graduate students to apply for admission to NKU as freshmen, transfer students, readmitted students, post-baccalaureate students, international students, and non-degree students.

This section discusses the application process for all prospective students except international and graduate students. Information for international students is provided in the International Admissions and Enrollment section. Graduate students should refer to the graduate catalog.

Potential applicants are encouraged to contact the Office of Undergraduate Admissions or the Transfer Service Center if they have questions or would like assistance with the application process.

All students shall be free from discrimination based on race, color, ethnic origin, national origin, color, creed, religion, age, gender, marital status, sexual orientation, uniform service or veteran status, physical or mental disability or political belief.

Deadline Definitions

Early Action
Students interested in NKU freshman scholarship opportunities must apply by this deadline. A separate scholarship application is required for some scholarships and must be submitted by the early action date.

Priority
For freshman applicants applying for spring semester admission: Students meeting this deadline will be invited to participate in a December orientation and advising session.

For transfer/post-bachelor/readmission applicants: This deadline ensures adequate time for full consideration of the application file and allows time to schedule an advising appointment prior to selecting classes.

Assured Consideration
Students applying after this deadline risk not being admitted if NKU reaches capacity for new freshmen or transfer students. Applicants could be placed on a waiting list, deferred to a subsequent semester, or denied admission.

Enrollment Confirmation
This is the deadline by which students must confirm their intention to enroll by submitting the nonrefundable confirmation fee.

Final Deadline
This is the last date a student can submit an application for admission consideration.

Admission Requirements and Procedures

Freshman Applicants
A freshman applicant is a prospective student who has not attempted coursework at a regionally accredited college or university (other than college credit earned while in high school or during the summer immediately following high school graduation). Prospective freshmen are strongly encouraged to apply for admission early in their senior year. To be considered for admission as a freshman, applicants must submit the following:

1. An online application form (http://apply.nku.edu).
2. A $40 nonrefundable application fee.*
3. Official high school transcripts or GED scores.
4. ACT or SAT scores.

*See the section on Application and Enrollment Fee Policies for information on fee waivers and fee exclusions.
Home School and Independent Study Applicants

Applicants who are home schooled or completing their high school diploma through an independent study program must submit the following:

1. An online application form (http://apply.nku.edu).
2. A $40 nonrefundable application fee.*
3. ACT or SAT scores.
4. A notarized statement from the home-school teacher detailing the content of the student’s home-school curriculum, letter grades, and the duration of each course.

*See the section on Application and Enrollment Fee Policies for information on fee waivers and fee exclusions.

Application Evaluation

The Office of Undergraduate Admissions evaluates the applications of every degree-seeking freshman. Only completed applications are reviewed. The evaluation focuses on:

1. Completed high school classes and their relation to the Kentucky minimum high school graduation requirements.
2. High school GPA.
3. High school class rank.
4. ACT composite and sub-scores in English, mathematics, and reading; or SAT total* and sub-scores in writing, mathematics, and critical reading. Applicants 21 years of age and older may submit COMPASS or ACCUPLACER scores in place of ACT or SAT scores.

*Combined mathematics and critical reading score.

The purpose of this evaluation is to determine the applicant’s preparation for college-level coursework. The evaluation considers whether the applicant meets the minimum requirements for admission set forth by both the Kentucky Council on Postsecondary Education and NKU. NKU’s freshman admission standards are available online (http://nku.edu/standards).

All degree-seeking freshmen must submit a final, official high school transcript upon graduation. Final transcripts must be received prior to October 1 to ensure eligibility for continued enrollment and student financial assistance.

Kentucky Pre-College Curriculum

The Kentucky Pre-College Curriculum was established by the Kentucky Council on Postsecondary Education. It is a prescribed set of high school courses required for admission to an associate or baccalaureate degree program at a Kentucky public institution. Students admitted to the university not meeting the minimum high school graduation requirements.

The purpose of this evaluation is to determine the applicant’s preparation for college-level coursework. The evaluation considers whether the applicant meets the minimum requirements for admission set forth by both the Kentucky Council on Postsecondary Education and NKU. NKU’s freshman admission standards are available online (http://nku.edu/standards).

All degree-seeking freshmen must submit a final, official high school transcript upon graduation. Final transcripts must be received prior to October 1 to ensure eligibility for continued enrollment and student financial assistance.

### Application Evaluation

The Office of Undergraduate Admissions evaluates the applications of every degree-seeking freshman. Only completed applications are reviewed. The evaluation focuses on:

1. Completed high school classes and their relation to the Kentucky minimum high school graduation requirements.
2. High school GPA.
3. High school class rank.
4. ACT composite and sub-scores in English, mathematics, and reading; or SAT total* and sub-scores in writing, mathematics, and critical reading. Applicants 21 years of age and older may submit COMPASS or ACCUPLACER scores in place of ACT or SAT scores.

*Combined mathematics and critical reading score.

The purpose of this evaluation is to determine the applicant’s preparation for college-level coursework. The evaluation considers whether the applicant meets the minimum requirements for admission set forth by both the Kentucky Council on Postsecondary Education and NKU. NKU’s freshman admission standards are available online (http://nku.edu/standards).

All degree-seeking freshmen must submit a final, official high school transcript upon graduation. Final transcripts must be received prior to October 1 to ensure eligibility for continued enrollment and student financial assistance.

### Kentucky Pre-College Curriculum

The Kentucky Pre-College Curriculum was established by the Kentucky Council on Postsecondary Education. It is a prescribed set of high school courses required for admission to an associate or baccalaureate degree program at a Kentucky public institution. Students admitted to the university not meeting the minimum high school graduation requirements.

The purpose of this evaluation is to determine the applicant’s preparation for college-level coursework. The evaluation considers whether the applicant meets the minimum requirements for admission set forth by both the Kentucky Council on Postsecondary Education and NKU. NKU’s freshman admission standards are available online (http://nku.edu/standards).

All degree-seeking freshmen must submit a final, official high school transcript upon graduation. Final transcripts must be received prior to October 1 to ensure eligibility for continued enrollment and student financial assistance.

### Admission Status - Freshmen

All freshman students offered admission to NKU will be placed in one of two categories: regular admission or admission with conditions.

### Regular Admission

To be granted regular admission an applicant must meet the following three conditions:

1. High school or equivalent completion as evidenced by:
   a. A diploma from an accredited high school with a minimum cumulative high school GPA of 2.00 on a 4.00 scale.
   -- OR --
   b. A general equivalency diploma (GED).
   -- OR --
   c. Documented completion of an approved home school or distance learning high school program.

2. Satisfactory standardized test performance as evidenced by:
   a. A minimum ACT composite score of 20 and minimum English, mathematics, and reading subject scores of 18.
   -- OR --
   b. A minimum SAT composite score of 1020 (combined mathematics and critical reading scores) and minimum subject scores of 25 in

**TOTAL CREDITS** 22

*A student may substitute an integrated, applied, interdisciplinary, or higher-level course within a program of study if the substituted course offers the same or greater academic rigor and the course covers or exceeds the minimum required content.
writing, 23.5 in mathematics, and 25 in critical reading.

-- OR --

c. A minimum COMPASS score of English 74 or higher, mathematics 36 or higher, and reading 85 or higher. (For applicants 21 years of age or older)

-- OR --

d. A minimum ACCUPLACER score of writing 92 or higher or write placr 6 or higher for English; elementary algebra of 84 or higher AND a college level math score of 50 or higher for mathematics; and reading score of 96 or higher. (For applicants 21 years of age or older)

3. Completion of the Kentucky Pre-College Curriculum (waived for applicants 21 years of age or older)

Students are required to submit all required credentials to be considered for admission. NKU reserves the right to verify authenticity of all submitted educational credentials.

Admission with Conditions

Admission with conditions may be granted to a limited number of students who do not meet all criteria for regular admission.

1. Conditionally admitted students are required to take placement test(s) and enroll in any required developmental courses during their first year.

2. Students who are granted admission with two or more academic deficiencies are assigned to Norse Advising. Norse Advising advises students regarding their academic plan and refers students to appropriate support programs. The students may have a limited course load for their first semester. The limited course load and mandatory academic support may be continued if a student is not in good standing after his or her initial semester.

3. Students admitted with conditions may not declare/change a major until all conditions are satisfied.

4. First-time freshmen who are granted admission with two or more academic deficiencies will be admitted to an associate degree program and must participate in the Pathfinders Program.* Through the Pathfinders Program, students must participate in a variety of advising appointments, study sessions and special programs to maintain their enrollment eligibility. Please visit the website for specific details (http://pathfinders.nku.edu).

*Students who are 21 years of age or older are exempt from the Pathfinders Program and should follow the requirements outlined in #2 above.

Some applicants with two or more academic deficiencies could be placed on a waiting list to have their files reviewed by an admissions committee. A limited number of wait-listed students with the strongest academic record may be offered admission if there is space remaining in the freshman class.

Students Denied Admission

Applicants who are denied admission are encouraged to complete 24 semester credits of coursework at a regionally accredited institution or one with which NKU has an articulation agreement, and successfully complete all required developmental academic work prior to applying as a transfer student.

Transfer Admission

Transfer applicants are students who have graduated from high school and have previously attempted coursework for credit (other than college credits taken while in high school) at another regionally accredited college or university. Potential transfer students who have a GPA of at least a 2.00 from a regionally accredited institution and who have 24 or more transferable credit hours must submit the following:

1. An online application form (http://apply.nku.edu).
2. A $40 nonrefundable application fee.*
3. Official transcripts from each college attended.
4. ACT or SAT or COMPASS/ACCUPLACER test scores.

*See the section on Application and Enrollment Fee Policies for information on fee waivers and fee exclusions.

Potential transfer students with a GPA of at least 2.00 and fewer than 24 transferable credit hours must supply the following credentials; applicants are evaluated based on the freshman admission standards.

1. An online application form (http://apply.nku.edu).
2. A $40 nonrefundable application fee.*
3. Official transcripts from each college attended.
4. Final and official high school transcript or GED scores.
5. ACT or SAT or COMPASS/ACCUPLACER test scores.

*See the section on Application and Enrollment Fee Policies for information on fee waivers and fee exclusions.

Potential transfer students with lower than a 2.00 GPA may apply but are not guaranteed admission to NKU. They must adhere to the following deadline dates and submit all required application materials. Their applications are reviewed by a committee, and decisions of the committee are final.

Applicants for Fall: July 1
Applicants for Spring: November 1
Applicants for Summer: April 1

1. An online application form (http://apply.nku.edu).
2. A $40 nonrefundable application fee.*
3. Official transcripts from each college attended.
4. Final and official high school transcript or GED scores.
5. ACT or SAT or COMPASS/ACCUPLACER test scores.

*See the section on Application and Enrollment Fee Policies for information on fee waivers and fee exclusions.

Regular Admission - Transfer Students

To be considered for regular admission, transfer applicants must have a 2.00 GPA. Students are required to submit all required credentials to be considered for admission. NKU reserves the right to verify authenticity of all submitted educational credentials.

Admission with Conditions - Transfer Students

Admission with conditions may be granted to a limited number of transfer students who do not meet all criteria for regular admission.

1. Conditionally admitted students may be ineligible to declare a major.
2. Students admitted with conditions may not declare/change a major until all conditions are satisfied.
3. Conditionally admitted students may be limited to a 12-credit course load for their first semester.
Advising and Registration of Transfer Students
Once admitted to NKU, transfer students will receive a full transfer credit evaluation applying NKU's policies on transfer credit that appear in the University Policies and Procedures section of this catalog. A completed transfer credit evaluation report shows which courses have been accepted and how each course will transfer to NKU. Once the student receives this report, the student is ready to meet with an academic advisor who will answer questions such as what courses are needed for the student’s chosen major and how the transfer work will apply to the student’s general education, major, and minor requirements. Academic advisors also assist students with course selection for registration. Transfer students are eligible to register based on their number of earned credit hours.

Kentucky Postsecondary General Education/Framework Transfer Agreement
The Kentucky Council on Postsecondary Education (CPE) and other Kentucky public institutions developed and approved the Kentucky Transfer Policy to facilitate student progress toward graduation and to ease the transition between state institutions within Kentucky. Under this agreement, students who complete a general education category at a Kentucky public institution from which they are transferring will have that category fulfilled at NKU.

In addition to general education, the Baccalaureate Program Transfer Frameworks identify 12 hours of coursework in specific majors that may be successfully transferred. Each framework has a specific guide to the exact courses that a student must complete. Students should work closely with advisors at their home institutions to ensure they are taking framework courses for transfer to NKU. For more information regarding this policy, students should contact the Office of Transfer Services at 859-572-5220.

General Education Certification for Transfer Students with an Associate of Arts (AA) or Associate of Science (AS) Degree
Students transferring to NKU in the Spring 2017 forward, who have earned an AA or AS degree as of Fall 2012 forward from a US regionally accredited transferring institution, will be considered complete for their general studies framework at NKU. A student may be required to take an additional general education course if that course is a prerequisite for a specific major or the major requires a higher grade for the course.

Articulation Agreements
Northern Kentucky University has established formal articulation agreements with a variety of colleges and universities. These agreements facilitate the transfer of credits to NKU and specify how the credits will contribute to satisfying general education or other degree requirements. Students should alert their academic advisor if they have completed a program that is governed by a formal, approved articulation agreement between their prior institution and NKU. For specific information, contact the Office of Transfer Services at 859-572-5220.

Placement Testing
The Kentucky Council on Postsecondary Education has established the following college readiness standards for all incoming freshmen and transfer students. Failure to meet one of the standards constitutes a deficiency. Students who do not meet the college readiness standards are required to take a placement test in every area in which the standard is not met. Placement tests must be taken prior to orientation and registration in any course at NKU.

Each placement test can be taken only once. However, students may opt to retest once after 30 days have passed from the initial placement test. Students register for placement tests online (http://testing.nku.edu).

Post-traditional students who are admitted based on COMPASS/ACCUPLACER scores are not required to take placement tests.
Students with an academic deficiency are required to enroll in all necessary developmental courses during their first two semesters at NKU. Developmental courses do not contribute to the credits required for graduation and will not be calculated in the GPA. Please refer to Learning PLUS in the Academic Support section of this catalog, or the Learning PLUS website (http://plus.nku.edu/) for more information and a listing of available developmental courses.

Readmission Applicants

Effective Spring 2015, readmission applicants are undergraduate students who have previously attended NKU but have not been enrolled during the previous two years. Graduation requirements for readmitted students will change to the current year's catalog of record. Applicants for readmission should submit the following:

1. Online application form (http://apply.nku.edu).
2. $40 nonrefundable application fee.*
3. Official transcripts from each college attended since leaving NKU if applicable.

*See the section on Application and Enrollment Fee Policies for information on fee waivers and fee exclusions.

Post-Baccalaureate Applicants

Post-Baccalaureate applicants have received a bachelor's degree and intend to enroll for additional undergraduate credit as degree-seeking students. Applicants should submit the following:

1. An online application form (http://apply.nku.edu).
2. A $40 nonrefundable application fee*.
3. Official transcripts from each college attended other than NKU.

*See the section on Application and Enrollment Fee Policies for information on fee waivers and fee exclusions.

Transfer coursework for a Post-Baccalaureate student is subject to departmental approval and is not evaluated in its entirety. Post-Baccalaureate students are considered to have completed general education requirements.

School-Based Scholars Program

This program allows eligible high school students to take NKU classes prior to high school graduation at a discounted rate at their respective high schools, online, the NKU Grant County Center, or the Highland Heights campus. The current tuition rate is available online (http://nkusbs.nku.edu). Students are responsible for the cost of textbooks. High school students are eligible for the School-Based Scholars Program if they:

- Have completed the sophomore year of high school at the time classes are taken.
- Have earned a cumulative high school GPA of at least 3.0 on a 4.0 scale.
- Have earned an ACT composite score of 20, or the equivalent SAT/PSAT scores. If a student does not have any of these test scores, they can be admitted with a 3.0 GPA and recommendation from their HS Guidance Counselor*.
- Maintain a grade of C or higher in each college course completed prior to high school graduation.
- Have written permission from a parent or guardian via a signed disclosure form.

- *Meet all prerequisites for the specific NKU courses in which they intend to enroll. For some courses, prerequisites include minimum ACT sub-scores in English, mathematics, or reading.

School-Based Scholars must submit the following to be considered for admission:

- A disclosure form signed by the student and a parent/guardian.
- A copy of the student’s transcript and any applicable test scores (ACT, SAT, and/or PSAT)
- No application fee is required (Spring 2017 forward)
- If applicable, any Advanced Placement test scores and/or prior dual-credit transcript from other institutions

To be eligible to continue in the School-Based Scholars Program, students must achieve a grade of C or higher in each SBS course. Continuing School-Based Scholars must submit an updated official high school transcript with high school GPA and ACT test scores (if taken or retaken since previous submission of credentials) prior to enrollment in subsequent semesters.

For applications and deadlines for each semester, interested students should see their high school guidance counselor or visit the SBS website (http://nkusbs.nku.edu). Application materials are usually picked up through the high school; however, documents may also be sent via email (nkusbs@nku.edu) or by fax (859-572-1905).

NKU is also a participating postsecondary institution in the Kentucky Dual-Credit Scholarship Program created through KY HC 206 (2017); therefore, Kentucky public high school students may be awarded a dual credit scholarship for up to two courses over the course of their high school career. For 2017-18, this scholarship was available to Kentucky public, private, and home-schooled students. Slight variations to this program occur each year. For more information about this scholarship and if a student is covered, please contact your high school guidance counselor.

The Kentucky Department of Education also offers the Mary Jo Young Scholarship for eligible students with financial hardship. Please contact your high school guidance counselor for application information and deadlines.

School-Based Scholars wishing to apply to NKU as freshmen after high school graduation must submit a new application along with the appropriate credentials including the $40 application fee for freshman admission. (Effective Spring 2017, no application fee is required for the School-Based Scholars Application; however, a $40 application fee is required when the student applies as a degree seeking Freshmen or Transfer student.)

Non-Degree Seeking Students

NKU offers a variety of non-degree options:

1. **General non-degree students** are those who do not intend to enter a degree program at the time of application.
2. **Non-degree post-baccalaureate students** are those who have previously earned a bachelor's degree and intend to enroll for additional undergraduate credit as non-degree seeking.
3. **Visiting students** are those who attend another college or university but wish to enroll at NKU for one semester. These students are responsible for having coursework approved by the institution to which the work will be transferred. Visiting students, except for ones who enroll through the Greater Cincinnati Collegiate Connection, may not enroll at NKU for more than one consecutive semester. For the
purposes of this rule, all summer terms taken together are considered one semester.

To apply as a non-degree student, applicants should submit the following:

1. An online application form (http://apply.nku.edu).
2. A $40 nonrefundable application fee.

Application materials should be submitted by the following dates:

- Applicants for Fall: August 1
- Applicants for Winter or Spring: December 1
- Applicants for Summer: May 1

**Non-Degree Policy**

To apply for non-degree admission, an applicant must have a high school diploma or GED. A maximum of 36 semester credit hours earned as a non-degree student may be applied to a degree at NKU. Non-degree students are NOT eligible to receive federal financial aid. To facilitate the admission process, prospective non-degree students are strongly encouraged to apply and supply all required credentials by the deadline given above. Requests for exceptions to admission deadlines will be reviewed by the admissions director. Non-degree students are required to meet the prerequisites for all courses they wish to take. Students who choose to become degree-seeking at a later date must submit a new application for admission, pay the application fee, submit all required credentials, and meet the appropriate admission deadline.

**Permanent Resident Applicants**

Permanent residents should file the standard domestic application for admission. Permanent residents must submit application materials as listed in the appropriate admission category: freshman, transfer, post-baccalaureate, readmission, and non-degree. Applicants must submit a copy of their Permanent Resident Card. Permanent residents will be evaluated based on the standards used with domestic applicants. If a student is unable to supply a Permanent Resident Card, please contact the Office of Admissions at 859-572-5220 for alternate document types that may be submitted.

Permanent residents may also be required to take placement tests to determine placement in English and mathematics courses at NKU. The transfer evaluation of foreign documents requires an evaluation by a foreign evaluation service. NKU only accepts evaluations from companies which hold active membership in the National Association of Credential Evaluation Services. You can find a list of members on the web (http://www.naces.org). Students must submit certified English translations (if applicable) along with original foreign language transcripts for all university and/or postsecondary coursework completed overseas. Students must submit detailed course descriptions and/or syllabi of all completed coursework in order to be considered for specific transfer credit.

**Online Learning**

Online Learning provides administrative and student-support services for 25 fully online degree programs and certificates at the undergraduate and graduate levels plus hundreds of online courses. Through online learning, students can complete their educational goals at a time and place convenient to their schedule. The current list of online degree programs may be found at (http://www.nku.edu/admissions/adult/online.html). Admission criteria and application procedures for online programs can be obtained by calling 859-392-2400 or sending an email (mccoyk8@nku.edu).

1) **State Authorization**

There are regulations pertaining to post-secondary online instruction. These laws and regulations apply to online, distance, and correspondence educational instruction offered to permanent state residents. Kentucky is a member of the State Authorization Reciprocity Agreement (SARA) and Northern Kentucky University is an approved SARA institution. SARA allows institutions to offer distance education courses and programs to other SARA participating institutions and ensures adherence to national standards for postsecondary distance education. We work through the SARA process and with states to ensure that when authorization or licensure of online programs is necessary, required approvals are secured.

It is the student’s responsibility to understand the current status or special requirements related to the authorization of distance education in their state of residence. For more information about SARA, please visit (http://www.nc-sara.org/). If considering an academic program that leads to a professional licensure (example: Education or Nursing), it is recommended students first contact the appropriate licensing agency in their home state prior to starting a program outside their state of residency. It is the student’s responsibility to contact the appropriate licensing entity in the student’s home state to confirm whether a NKU program will meet the requirements for licensure in that state. Although a program may be available in your resident state, there may be additional obligations required by the institution and NKU has the right to determine if program will be available in state of residence.

a) **State Authorization Statements (as required by the states below)**

- This institution is authorized by The Indiana Commission for Higher Education/The Indiana Board for Proprietary Education; 101 West Ohio St., Suite 670; Indianapolis, Ind.; 46204-1984; 317-464-4400 Ext. 138 or 141.

b) **Online Learning Student Complaint Information**

NKU is required to provide all current and prospective out-of-state students with the contact information of the state agency that handles complaints against institutions of higher education within that state. Enrolled students are encouraged to utilize NKU’s internal complaint and review policies. State-specific information is available on the web (Complaint Process Links).

**Project Graduate**

For adults who started their bachelor’s degrees years ago but left college before finishing, Project Graduate provides an opportunity to complete a degree. This statewide initiative assists adult learners who have accumulated 80 credit hours to return to finish their first bachelor’s degree. NKU Project Graduate benefits include personalized advising and limited scholarship opportunities for both prior and new transfer students. Prospective students can find out if they qualify by calling 859-392-2400, or by visiting (http://www.nku.edu/admissions/adult/projectgraduate.html).

**Credit for Prior Learning**

Northern Kentucky University will grant credit to enrolled students based upon established prior learning assessment equivalencies. Additional Credit for Prior Learning assessment options may be found in the Policies and Procedures section.

1) **Portfolio**

Students may receive credit for certain approved courses via portfolio development for learning that has occurred through their military, career, and non-academic experiences. A portfolio is a set of written documents (and in
some cases, oral supplements) that demonstrate experiential learning equivalent to the learning objectives of a specific course. Prior to development of a portfolio, the student must schedule a meeting with an advisor to determine program eligibility. For each portfolio attempted, the student will work with a faculty evaluator who will determine whether the portfolio and the student’s experience meet the learning objectives of a specific course. Credit is granted upon recommendation of the faculty evaluator with approval from the appropriate department chair and dean. For more information about Credit for Prior Learning Portfolio, email (mccoyk8@nku.edu) or call the Prior Learning Specialists in Norse Advising at 859-392-2400.

2) American Council on Education Non-Collegiate Sponsored Instruction (ACE)
Credit may be awarded based on educational programs offered by many large corporations or nonacademic institutes. Only programs approved and recommended by the American Council on Education will be considered for credit. Students may request evaluation of credit by sending the ACE transcript “Registry of Credit Recommendations” and appropriate course outline(s) to Prior Learning Specialists in Norse Advising. More information can be obtained by calling 859-392-2400.

Community Education Non Courses
Office: Community Connections
Location: Steely Library 250
Telephone: 859-572-5600
Fax: 859-572-5174
Email address: connect@nku.edu
Web address: http://communityconnections.nku.edu/
Director: Melinda Spong
Coordinator: Melanie Hartzel

NKU provides noncredit lifelong learning programs covering a wide range of topics in a variety of delivery styles. Courses are available in NKU classroom settings and in various online formats. The current schedule of noncredit continuing education programs offered by the Office of Community Connections is online at (http://communityconnections.nku.edu/). More information may be obtained by sending an email (connect@nku.edu) or calling 859-572-5600.

Community Connections advances the university’s commitment to public engagement through noncredit personal development programs, elementary and secondary educational outreach, and event support services for university-sponsored activities, thus facilitating faculty, staff and student involvement in outreach and community engagement.

Application and Enrollment Fee Policies
Application Fee Waivers
An applicant may request a fee waiver based on financial hardship. The request will be considered by the admissions leadership provided that it is accompanied by a letter from one of the following:

1. A high school counselor or principal.
2. A Talent Search counselor, Upward Bound official or Student Support Services representative.
3. A state of Kentucky representative issuing a Certification of Financial Assistance.
4. ACT/SAT application fee waiver request.

Application Fee Exemptions

1. Students from the Greater Cincinnati Collegiate Connection are not charged the application fee if they apply as a non-degree visiting/consortium student. If applying as degree-seeking student, the application fee is required.
2. Students whose last attendance was at an institution within the Kentucky Community and Technical College system are not charged an application fee.
3. Alumni who have earned a bachelor’s degree from NKU will have the application fee waived for future undergraduate applications for admission.
4. The application fee is waived for faculty and staff, as well as for spouses or dependents of NKU faculty or staff who are eligible for the tuition waiver. NKU faculty or staff must supply a current NKU ID to the appropriate admissions office.
5. Students who participated in NKU’s School-Based Scholars program (prior to Spring 2017) are not charged an application fee. Students who participated in NKU’s School-Based Scholars program after Spring 2017 must pay an application fee to be admitted as a degree-seeking student unless they qualify for a different exemption.
6. All veterans are not charged an application fee.
7. Qualified employees of EdAssist partners may request the application fee be waived at time of application. Paid application fees may not be refunded.
8. Students who participate in the CState2NKU Transfer program are not charged an application fee.

Enrollment Confirmation Fee
All first-time, degree-seeking, new undergraduate students who will enroll in six or more semester credit hours must confirm their intention to enroll by submitting the confirmation fee form with a nonrefundable $75 confirmation fee payment. The deadline to submit the confirmation form and fee is May 1 for the summer and fall semesters and December 1 for the spring semester. Students admitted after these deadlines will have two weeks from their date of acceptance to submit the Enrollment Confirmation Fee. International students will be charged at the time they enroll for their first semester at NKU.

Residency
Residency affects a student’s classification for tuition purposes. Students are notified of their residency status when they are admitted to the university. Residency status is determined in accordance with the state of Kentucky (CPE) classifications. Relevant portions of the policy are given in the appendix of this catalog.

Students who wish to appeal their initial residency classification or request a change of residency must complete a residency affidavit packet. Packets may be obtained from the Office of the University Registrar, Lucas Administrative Center 301. Residency packet deadlines and residency FAQs are available online (http://inside.nku.edu/registrar/forms-records/residency.html).

Selective Admissions Programs
Admission to NKU does not guarantee acceptance to all academic programs. The following academic programs have requirements above those listed for regular admission: biological sciences, chemistry, communications, data science, health science, honors, international studies, nursing, radiologic technology, and respiratory care. Music and BFA programs may have additional requirements such as a portfolio or auditions. Please review program admission requirements listed in the appropriate section of this catalog.
Northern Exposure: Registration and Orientation

As students begin to prepare for the transition to college, NKU has developed a comprehensive orientation program to assist all incoming students in cultivating their own individual support network at the university. Northern Exposure: Registration and Orientation is designed to foster an enduring connection between the students, their families and the NKU community. Through interactive experiences, students will become informed and skilled consumers of the academic programs, comprehensive services and engagement opportunities offered at NKU. While Northern Exposure is mandatory for all incoming students, we do have separate orientations for new first-time freshmen, post-traditional students, veterans and transfers. Students enrolled in an online degree program will complete an online orientation.

Traditional Undergraduate First-Time Students

For new traditional-age first-time freshmen, Northern Exposure is required and consists of a two-part process known as Registration and Orientation. Registration consists of a one-day advising and registration program (dates in June and July) AND Orientation consists of three days of orientation (in August). Northern Exposure allows students to become familiar with academic departments, register for classes, and learn about the variety of services and leadership opportunities available to them as NKU students. All traditional-age first-time freshmen are required to attend BOTH Registration and Orientation to fulfill their mandatory orientation requirement. Students are encouraged to bring their parent(s)/guardian(s) to the one-day registration program as there will be a parent/guest program schedule running concurrently with the student schedule.

Transfer, Veteran and Post-Traditional Students

Orientation for transfer* students is held in concurrence with the new, first-time, post-traditional student orientation. This is a one-day program offered in a conference-style format, that will educate students on the many services that NKU has to offer, answer questions they may have about college life and help them begin to build a strong success network at NKU. During each orientation experience, students will have the chance to meet with faculty and staff from their respective college or school, new classmates, and current students. Students will also learn about the campus resources available to enhance their success from their first semester to graduation.

For transfer students, the orientation program depends on how many earned hours they are transferring to NKU. They may be eligible to participate in SCOOP: Student Centered Online Orientation Program versus attending the one-day, on campus program.

Students who are veterans (defined as being a member of a branch of the U.S. military or receiving benefits), may choose to attend the veteran track available during the one-day transfer/post-traditional orientation programs. The veteran track will provide more specific information about our nationally-recognized student veteran organization, our Veteran Resource Station, the veteran education benefit process, how benefits impact financial aid eligibility, and the full range of campus resources available to veterans attending NKU.

Advising and course registration is not included in the one-day orientation program for transfer, post-traditional and veteran students. Students should contact their advising centers directly to make an advising appointment prior (if possible) to their orientation.

*Transfer students are eligible for priority registration based on the number of earned hours they are transferring to NKU.

For more detailed information, students should consult the orientation website (http://orientation.nku.edu) or contact the Office of New Student Orientation and Parent Programs at (859) 572-1967.

Enrolling and Registering for Classes

Building a Good Schedule

NKU offers the following tips to help students build a good schedule:

1. Know yourself. NKU classes are offered at a variety of times throughout the week: morning, afternoon, evening, and weekends. There are classes offered in a traditional face-to-face classroom on the main campus, classes offered online, and classes at the Grant County Center. What works best for you? Are you a morning person? What kind of outside obligations do you have? Will family or work responsibilities impact the time you can take classes? Do you like the idea of online classes that require more self-directed learning?

2. Create a balanced schedule.
   a. Balance the types of courses you choose. In a single semester, do not take five heavy reading classes, or three mathematics courses, or several heavy writing classes. Seek variety in the kinds of courses you will be taking.
   b. Balance the times of courses you have in your schedule. Most courses meet Monday, Wednesday, and Friday for 50 minutes or Tuesdays and Thursdays for 75 minutes. Avoid taking all classes on the same few days. If you cannot avoid it, then be sure to schedule some breaks during the day so you have time to get up, walk around, and get something to eat.

3. If you need to take developmental classes, take them as soon as possible. These classes are essential to academic success in college-level courses, and they must be taken within the first two semesters of enrollment.

4. Meet with your advisor early in the semester to review your educational plan and choose your courses for the upcoming semester. Review any developmental classes that you might need. Be sure you are meeting the general education requirements as well as requirements for your major and minor.

Registering for Classes

Academic advising is required for many students and strongly recommended for all students prior to registering for classes. Students who are in good standing may register through myNKU. myNKU is the secure Internet-based portal from which students can access registration (including adding, dropping, and withdrawing from courses), course offerings and class descriptions, grades, official and unofficial transcripts, student accounts (tuition, student fees, and payments), and financial aid. Upon admission, students are issued user names and directed to create a password to access their myNKU account. For myNKU tutorials, students should visit the website (http://inside.nku.edu/content/dam/registrar/docs/registration/NKU_CourseRegistration_Student.pdf).

Registration Holds

Registration holds prevent students from registering for courses. They are most often established because the student has not submitted final official transcripts, is required to meet with his or her advisor prior to registering, or
owes money to the university. Registration holds must be cleared (resolved) before a student can register online via myNKU. The student can still search for courses and place them in the registration cart, but the student must contact the office or department that placed the hold before being able to register. For advising holds, the student should contact his or her academic advisor to make arrangements for clearing the advising hold. If a hold is related to a fee, the fee must be paid before the hold will be released. To release a credential hold, students should contact the Office of Undergraduate Admissions. Generally, holds can be released Monday-Friday between 8:15 a.m. and 4:30 p.m. For more information about holds, students should consult the web (http://inside.nku.edu/registrar/registration/registration-holds.html).

Housing

Location: Norse Commons 101
Telephone: 859-572-5676
Fax: 859-572-6099
Email Address: housing@nku.edu
Web Address: http://housing.nku.edu
Director: Arnie Slaughter
Other Key Personnel:
  - Associate Director of Residence Life: Victoria Suttmiller
  - Associate Director of Housing Operations: Cathy Carson

University Housing provides housing services for single students who live on campus during the school year. Unless qualifying for an exemption, new first-year students are required to live on campus. Please visit the website for exemption categories (http://housing.nku.edu).

Campus housing includes traditional residence hall rooms as well as apartment-style living and suite-style living. Lounge areas, information desks, computer labs, laundry rooms, vending areas, loft/study areas, and space for student recreation are available to students who live in the residential village. NKU can accommodate 2,000 students in on-campus housing. The Association of Campus Residents represents residential students to the Office of University Housing and to the Student Government Association. ACR serves as a sponsor of residential village events and reviews and recommends university policy changes.

Housing costs and a virtual tour of all housing room types are posted online (http://housing.nku.edu). One bill covers rent, utilities (electricity, water, and sewage), local phone service (Callahan Hall residents only), cable TV, and internet access. Students have the option to reside on campus for the academic year (fall and spring semesters), spring semester only, or during summer sessions.

Meal Plans

NKU Dining Services offers more than 15 dining locations and several meal plans to residential and commuter students. Residential students - except those living in Woodcrest Apartments and Northern Terrace rooms with full kitchens - are required to purchase a meal plan. Meal plans for residential students are purchased through the housing application process. Commuter students may purchase meal plans online (http://dineoncampus.com/nku). All students paying for food with "flex dollars" on their All Card will receive a dining discount. These flex dollars can be used in any dining facility on campus and receive the dining discount. Flex dollars will roll over from fall to spring semester and expire the end of the spring semester. Students can purchase additional flex dollars on the food service website (http://dineoncampus.com/nku). AllCard dollars can be added on the AllCard web site (http://inside.nku.edu/allcard.html). See AllCard for additional information.
International Admissions and Enrollment

Office: International Student and Scholar Services
Location: University Center 305
Telephone: 859-572-6517
Fax: 859-572-6178
Email Address: isss@nku.edu
Web Address: http://nku.edu/international
Director: François Le Roy
Other Key Personnel:
   Assistant Director of Immigration Services: Adam Widanski
   Assistant Director of International Admissions: Rebecca D. Hansen
   Manager of International Admissions and Credential Evaluation: Jane Bratton
   Immigration Advisor: Sarah Mackey
   Intercultural Programs Coordinator: Fatimata Ndiaye
   International Student Specialist: Hoon Kang

International Student and Scholar Services supports all prospective and current international students (non-immigrants). The office issues the required documentation (Form I-20 and DS-2019) for all newly admitted undergraduate students, granting them the opportunity to apply for a student visa at a U.S. consulate or embassy abroad. The office handles all recruitment and admission of international undergraduate students including admission policies and standards. In addition, ISSS offers various programs to educate students about American life and culture and expose the greater NKU community to international students on campus. Members of the office staff serve as advisors to the International Student Union, a group that sponsors an international dinner and fashion show each spring.

Application Procedures
International students (all non-immigrants) should apply to Northern Kentucky University at least four months before the beginning of the semester for which they wish to enroll. In general, applicants will be admitted only after they have documented that they have acceptable academic credentials. Students may be conditionally admitted to a degree program contingent upon submitting proof of English proficiency at a later date. Conditionally admitted students will remain in the American English Language Program or the Bridge program until a full-time course load is available (if necessary for visa status) and proof of English proficiency is submitted. International applicants are required to submit the following credentials:

1. International online application for undergraduate admission* (http://www.nku.edu/apply.html).
2. A $40 nonrefundable application fee.
3. Declaration and certification of finances (Financial Certification Form).
4. Official or certified copies of transcripts of secondary school coursework in the original language, appropriate certificates of examination (if applicable), AND certified English translations (if applicable).
5. An official transcript from each college or university attended, certified English translations (if applicable), AND a professional course-by-course evaluation from a member of the National Association of Credential Evaluation Services (http://naces.org/).

*Students wishing to apply for conditional admission through NKU’s American English Language Program should use the International online application for undergraduate international student admission.

The SAT exam may be required of students from certain countries depending on U.S. consulate procedures, the first language of the student’s home country and/or language proficiency. Those individuals will be so advised by the university or U.S. consulate.

</tr>
</tbody>
</table>

Summer term admission is typically not available for fully admitted international students who wish to take degree classes. If a transfer student must apply for summer admission because of immigration constraints, the student must contact International Student and Scholar Services.

English Proficiency
English proficiency required for admission can be satisfied by any one of the following:

1. An official and satisfactory score from the Test of English as a Foreign Language (TOEFL) taken within the last two years. The minimum TOEFL scores to be considered for admission are a 500 on the paper-based exam or a 61 on the internet-based (iBT) exam. Students interested in applying for a post baccalaureate program must submit a 550 or above on the paper-based TOEFL or an iBT score of 79 or above.

2. Documentation of having satisfactorily completed freshman-level English composition at an American regionally accredited college or university in the U.S. and an overall acceptable GPA. Non-native speakers of English may still be asked to take the TOEFL if it has been several years since taking the English courses or if the student has returned to his or her home country for several years since taking the course.

3. A satisfactory score on the verbal portion of the ACT or SAT taken within the last two years. The minimum scores to be considered for admission are an ACT of 18 or SAT of 430 (through 3/15/16) or 25 (effective 3/16/16).

4. An official and satisfactory score from the International English Language Testing Service (IELTS) taken within the last two years. The minimum IELTS scores to be considered for admission must include a cumulative band of 5.5 and sub-scores in reading and writing of 5.0 or better. Students interested in applying for a post baccalaureate program must submit an IELTS score of 6.5 band or above.

5. Successful completion of NKU’s American English Language Program with at least an 80% in each AELP class. International students educated in countries where English is the primary spoken language will be exempt from the English proficiency
requirements. Please contact International Student and Scholar Services for a list of NKU approved countries where English is considered the primary language. International students from countries where English is considered the primary language are still required to take the SAT or ACT to be considered for admission. Some departments, such as nursing, may have selective admission requirements.

Note: Students wishing to declare pre-nursing as a major must obtain a minimum cumulative TOEFL paper-based score of 550, internet-based (iBT) score of 79, or IELTS score of 6.5 unless exempted by another language proficiency standard as noted above. To be considered for admission to the nursing program, international students must submit a cumulative total iBT of at least 90. The paper-based TOEFL and the IELTS exams are not acceptable for admission to the nursing program. An interview with the program director may also be required.

Placement Testing Requirements for International Students

Once admitted, all undergraduate international students (including transfer students) may be required to take one or more placement tests in order to determine placement in mathematics, English, and/or reading, unless specifically exempted by the university. All placement tests may be taken only once and must be taken within a student’s first semester at NKU. A student may re-test one time for a fee (must wait 30 days in between testing sessions). If international students do not place into a college-level course, they will be placed into the appropriate developmental course. For more information, please refer to the Placement Testing office’s website (http://testing.nku.edu).

International students who are admitted based on college-ready TOEFL or IELTS scores may not be required to take English or reading placement tests, but may do so in an attempt to place into a college-level course. However, they are required to take a mathematics placement test, unless they produce a transcript showing completion of the NKU equivalent of college-level mathematics.

All placement exams are administered by The Office of Testing Services at NKU. Each placement test can be taken only once. Students register for placement tests online (http://testing.nku.edu). Placement tests cannot be taken for admission purposes.

Writing Placement Test

Students will automatically be enrolled in English writing developmental courses based on either the results of their TOEFL or IELTS exam. Undergraduate international students may be exempt from enrolling in these English language developmental courses (such as “ENGI 099”) if one of the following criteria are met at the time of admission:

1. A paper-based TOEFL cumulative score of 550 or higher, or internet-based (iBT) TOEFL cumulative score of 79 or higher.
2. An IELTS cumulative score of 6.5 or higher.
3. An SAT writing score of 25 or 430
4. A minimum ACT writing score of 18.
5. A transcript showing completion of the NKU equivalent of college writing from a regionally accredited U.S. college or university.
6. Proof of a U.S. bachelor’s degree from a regionally accredited U.S. college or university.

No transfer credit is given for English writing for any student who studied in a country where English is not the official or primary language as determined by International Student and Scholar Services.

Reading Placement Test

The reading exam is not required unless the international student’s TOEFL reading sub-score is below 48 (paper-based), 14 (Internet-based), or an IELTS reading sub-score below 5.5. Reading comprehension is a critical component already assessed with the TOEFL and IELTS examinations. An exemption may be possible for any student with an eligible SAT or ACT on file at the time of admission. No transfer credit is given for English reading for any student who studied in a country where English is not the official or primary language as determined by International Student and Scholar Services.

Mathematics Placement Test

All international students without an eligible SAT or ACT score will be required to take the mathematics placement exam unless they receive transfer credit for mathematics. International students who submit ACT or SAT scores will be required to take the mathematics placement exam if their test scores fall below the CPE standards. See minimum scores on the testing and placement website (http://testing.nku.edu).

Developmental Courses

Generally, admitted international students with college-ready test scores on the TOEFL, IELTS or other NKU placement test will not be required to take any additional developmental literacy courses, but an individual department may request that the student do so. Students must enroll in all required developmental courses within the first two semesters of enrollment. Students must continue to enroll in developmental classes until they have passed all of the classes that the university requires them to take. Developmental courses do not contribute to the credits required for graduation and will not be calculated in the GPA.
International Student Transfer Applicants

Students must submit certified English translations (if applicable) along with original foreign language transcripts for all university and/or postsecondary coursework completed overseas or in the U.S. Also, students must submit detailed course descriptions and/or syllabi of all completed coursework in order to receive NKU transfer credit. This documentation, including the transfer credit evaluation form, must be received by International Student and Scholar Services within 30 days of the student’s acceptance to NKU and no later than 30 days after the start of the student’s first enrolled semester at NKU.

In addition, all students wishing to receive international transfer credit must submit certified copies of all post-secondary transcripts to an official evaluation company for a course-by-course evaluation of credentials. NKU only accepts evaluations from companies that maintain active membership in the National Association of Credential Evaluation Services (http://www.naces.org). ISSS does not guarantee NKU course equivalents but will work with departments to evaluate coursework as appropriate.

Students are required to submit all required credentials to be considered for admission, regardless of whether or not they wish to receive transfer credit. Any student who fails to provide accurate and complete, certified copies of all educational credentials prior to being admitted to NKU may be dismissed from the university and/or denied transfer credit.

The first professional transcript evaluation submitted by a student will be evaluated for transfer credit. If a student later takes courses at another school, the coursework that has already been evaluated by NKU will not be re-evaluated; the additional courses will be evaluated separately. Credits from a university which has a standing articulation agreement with NKU will not be submitted for professional transcript evaluation.

Overseas Articulation Agreements

NKU has established agreements with overseas universities for the purpose of degree completion. Each articulation is unique, so students who are studying at the following universities and are interested in further details should contact their academic advisor, or reach out to NKU at isss@nku.edu:

- Hansung University (South Korea)
- Jubail Industrial College (Saudi Arabia)
- Sichuan Normal University (China)
- Thu Dao Mot University (Vietnam)
- University of Ulsan (South Korea)

American English Language Program (AELP)

Location: University Center 300
Telephone: 859-572-6517
Fax: 859-572-6178
Email Address: aelp@nku.edu
Web Address: http://nku.edu/aelp
Coordinators: Dana Linville and Melissa Napier

The American English Language Program is an intensive English program that serves to develop students’ reading, writing, listening, speaking, and grammar skills in order to participate successfully in university study or for personal growth. Emphasis is placed on acclimating students to American culture, campus life, and the local community. The primary goals of the program are: (1) student achievement at an advanced level of English proficiency to be successful in university undergraduate and graduate settings, and (2) student...
ability to speak fluently on topics related to university study and engage in conversation using everyday English. AELP offers an intensive program (required of all F-1 or J-1 students) of 25 hours of instruction each week, a semi-intensive program of 15 hours of instruction each week, or a bridge program that allows students who have received the required exam score (TOEFL ITP of 485 or higher) to take intensive English and university-level classes concurrently.

New sessions begin in August (Fall Semester), January (Spring Semester), and May (Summer Session) for 15 weeks each session, with the exception of the summer term which is eight weeks. All instructors have degrees and experience related to teaching English to international students. The application and additional information are available on the web (http://issss.nku.edu/aelp.html).

Students seeking to enroll only in AELP must submit an AELP application and pay a $50 application fee. Students seeking conditional admission to NKU should apply to NKU using the regular international online application and follow the instructions outlined by the Office of International Students and Scholars for admission to NKU as an international student. Email inquiries may be sent to aelp@nku.edu.

To be considered for the bridge program, an intensive English program student should have a paper-based TOEFL score of at least 485, an Internet-based TOEFL score of at least 59, or a 5.0 on the International English Language Testing Service exam. The student must also have been enrolled in the intensive English program for at least one 16-week term and must have demonstrated good progress with conscientious preparation and regular attendance. Students must receive permission from the AELP director and the chair of the chosen academic department. Bridge students are limited to six semester credit hours of university-level coursework.

Undergraduate students who are unable to show proof of English proficiency may still apply and be conditionally admitted to a degree program at NKU. Conditionally admitted students must first enroll in the AELP and achieve a minimum passing score of 500 on the institutional TOEFL, 5.5 on the IELTS (with minimum sub-scores of a 5.0 in reading and a 5.0 in writing), a 61 on the TOEFL iBT, or successful completion of level 6 of AELP with a minimum of 80% in each of the four AELP subject areas of Grammar, Writing, Reading, and University Preparation.

Note: Students who achieve a paper-based TOEFL score below 550, internet-based TOEFL below 79 or an IELTS score below 6.5 will also be required to enroll in “ENGI 099 Writing Workshop for International Students (3 credits)” and “ENGI 080 Writing Laboratory for International Students (1 credit)” before moving into freshman composition (“ENG 101 College Writing - WC (3 credits)”)

Admitted students who wish to be considered for an exemption from ENGI 099, may choose to take the NKU writing placement test during or before orientation. Students must receive a passing score on this writing placement test to be eligible for an exemption. Each placement test can be taken only once. Placement testing is for NKU admitted students only and cannot be taken for admission purposes to NKU. Students register for placement tests online (http://testing.nku.edu).

**Exchange Students (Non-Immigrant J-1)**

**Location:** University Center 330  
**Telephone:** 859-572-6908  
**Email Address:** perrya@nku.edu  
**Web Address:** http://international.nku.edu/studyabroad.html  
**Coordinator:** Anne Perry

The Office of Education Abroad works in partnership with International Student and Scholar Services to receive a select group of exchange students each semester. OEA receives notification of an NKU exchange student from the student's home institution, and these students typically arrive as J-1 exchange visitors. International Student and Scholar Services staff create the required Form DS-2019 in SEVIS in order for the student to arrive in the United States with a J-1 exchange visitor’s visa status. SEVIS reporting is managed by ISSS while orientation and programming are a joint effort of both OEA and ISSS.

**Health Insurance Requirement for all F-1 and J-1 Students**

NKU requires all international students to maintain medical insurance that provides coverage in the U.S. and meets certain minimum benefit requirements. To ensure this, NKU will automatically enroll all NKU international students, scholars, and their dependents with F-1/F-2 and J-1/J-2 status in an international student health plan available through the university. Information about the international student health insurance plan is available through International Student and Scholar Services at 859-572-6517. Certain international students may be eligible to request a waiver by completing a waiver petition form and submitting it to ISSS. Students must submit a waiver petition form request every academic year to remain eligible for the waiver.
TUITION, FEES, AND FINANCIAL AID

Tuition and Fees

Office: Student Account Services
Location: Lucas Administrative Center 235
Telephone: 859-572-5204
Fax: 859-572-6087
Email Address: studentaccountservices@nku.edu
Web Address: http://inside.nku.edu/studentaccountservices

The Office of Student Account Services is responsible for assessment and collection of student tuition and fees. Office hours are subject to change as necessary and are posted outside the office and on the Student Account Services website (http://inside.nku.edu/studentaccountservices).

Because the complete tuition rates are not officially approved until after the catalog is finalized for publication, it is not possible to include the tuition schedule in this catalog. The information is available at the Student Account Services website, and students should review it carefully. Students should be certain to note that there are different tuition classifications:

1. Resident and nonresident rates.
2. Rates for online majors.
3. Rates for full-time and part-time students.
4. Graduate and undergraduate rates.
5. The former undergraduate Metro rate (prior to Fall 2017 only) is being phased out over the next 6 years. Effective Fall 2017 - New incoming full-time students who live in the following Ohio and Indiana counties may be charged the regular non-resident rate but qualify for the Tuition Incentive Program. Additional information can be found here: (http://admissions.nku.edu/tip.html). This applies to Ohio residents from certain counties (Adams, Brown, Butler, Champaign, Clark, Clermont, Clinton, Cuyahoga, Darke, Delaware, Fairfield, Fayette, Franklin, Greene, Hamilton, Highland, Jackson, Lawrence, Licking, Lorain, Pike, Preble, Madison, Miami, Montgomery, Pickaway, Ross, Scioto, Union, Warren) and Indiana (Clark, Hamilton, Marion).
6. A special rate (Indiana rate) for undergraduate, degree-seeking students from selected counties in Indiana (Dearborn, Franklin, Jefferson, Ohio, Ripley, and Switzerland).
7. A special rate (Ohio Reciprocity) for undergraduate students who are working on an initial bachelor’s degree and meet the following three conditions:
   b. Have an associate degree from one of the following Ohio institutions: University of Cincinnati (including UC Blue Ash College and UC Clermont College), Cincinnati State Technical and Community College, Clark State Community College, or Southern State Community College.
   c. Have submitted all necessary credentials to the NKU Office of Undergraduate Admissions by appropriate deadlines (fall deadline is August 1, spring deadline is December 1, and summer deadline is May 1).
   d. The following programs are excluded from this tuition program: early childhood education (birth-kindergarten), criminal justice, environmental science, and nursing.

Registration Agreement

By registering for classes, you (the student) enter into a legally-binding contract to pay all tuition and fees, including any non-refundable fees. Please refer to the NKU Registration Agreement - Terms and Conditions, which is acknowledged by acceptance upon class registration, at the following website: (http://studentaccountservices.nku.edu/agreement.html)

Fees

Like the tuition schedule, the official fee schedule is approved too late to be included in the catalog. Information about fees is included on the Student Account Services website (http://inside.nku.edu/studentaccountservices). Here is a list of some of the fees that students may encounter after enrolling at NKU:

1. Course fees - Information concerning specific class fees can be found by clicking the class fee list under the Course Fees section on the Tuition and Fees page (http://inside.nku.edu/studentaccountservices/tuition).
2. Late registration fee - Students registering as of the first day of the term will be assessed a late registration fee.
3. NKU installment plan enrollment fee - Students not paid in full by the original due date of the semester will automatically be enrolled in the NKU installment plan and charged a $50 payment plan enrollment fee for participating in the installment plan.
4. Account maintenance fees - Any outstanding balances at the end of each month will be assessed a 1.25 percent account maintenance fee.
5. Returned check fee - Students whose checks are returned to the Student Account Services Office as unpaid will be charged a fee.
6. Graduation fee - Students are charged a fee at the time they apply to graduate.
7. Campus recreation fee - All students are charged an additional, per credit hour student recreation center fee as approved by Student Government Association and NKU's Board of Regents.

Account Statements

Account statements are sent ONLY to the student’s NKU email address. Account statements are not sent via the U.S. Postal Service. They are sent once a month. Students should be sure to regularly check their NKU email accounts. Failure to read the email statement does not relieve the student of the financial obligation to the university.

Payment Methods

1. Online via myNKU - Biller Direct Tab
   - E-check payments (no fee) and credit cards (VISA, Master Card, AMEX and Discover) accepted (2.5% service fee).
2. By Mail - Student Account Services, AC 235 Nunn Drive, Highland Heights, KY 41099.
3. In Person - The office is located on the second floor of the Lucas Administrative Center.

Please note, for your safety and ours, effective January 1, 2018 cash payments* on student accounts at our office will be limited to $5,000 per semester. NKU encourages all students to pay electronically via E-check from their domestic bank of choice. E-check payments are free and easy to do via the student’s myNKU payment portal account. Detailed directions can be found on the Student Account Services website: (https://inside.nku.edu/studentaccountservices)

*Additional monetary instruments considered as cash payments include:
1. Cashier’s Check
2. Money Order
3. Traveler’s Check

****Personal checks will be accepted without limitation****

NKU Installment Plan

Students who do not pay their bill in full by the original tuition due date will automatically be placed into the NKU installment plan. Students entering the installment plan will be charged a payment plan enrollment fee of $50 and will be assessed a 1.25 percent account maintenance fee each month. Payments are due according to the following schedule:
1. 50 percent of the full balance is due on the original tuition due date.
2. An additional 25 percent is due 30 days after the start of the semester, bringing the total paid to 75 percent of the bill.
3. The balance is due 60 days after the initial due date. Accounts must be paid in full by the close of business on that day.

Cancellation of Classes for Nonpayment

Students enrolled in the NKU installment plan who do not pay 50 percent of their total charges will be at risk for cancellation of their classes for nonpayment. Minimum payment criteria must be met by the due dates to avoid course cancellation for nonpayment. Students who have their classes cancelled as a result of nonpayment remain responsible for 100 percent of their original bill.

Students who register and later change their plans for attendance should not rely on the cancellation for nonpayment or cancellation for nonattendance processes to complete administrative drops for them. Those who no longer wish to be enrolled must drop their courses via myNKU and officially withdraw for accurate determination of any financial obligation to the university.

Past Due Notices

Any student whose bill is not paid before the end of the month will be sent a past-due notice to his or her NKU email address. Any student who continues to remain unpaid by the fourth notice will receive the final warning letter at the student’s standard address on file with the university registrar as well as at his or her NKU email address. This is the final warning to a student before the account is turned over for collection. Students should make necessary financial arrangements with the Student Account Services Office before an account is turned over to a collection agency because additional fees are incurred once the account is turned over for collection.

Collections

The student is responsible for all outstanding debts and contracts with the University, including but not limited to institutional charges for tuition & fees, room & board, parking citations and registration, library fines, course books, insurance, class resource materials etc. The University reserves the right to assess financial penalties on any indebtedness. By accepting the Registration Agreement, the student agrees to reimburse NKU the fees of any collections agency (regional or state), which may be based on a percentage at a maximum of 33.3% of the debt; all fees, costs and expenses, including attorney’s fees that NKU may incur in such collection efforts on my behalf. Any past due accounts may be referred to an outside collection agency which could result in such fees for collection. Any accounts sent to collection are assessed a collection fee on their full unpaid balance and are reported as a delinquent account to the credit bureaus. If the account remains unpaid at the collection agency, the account will be sent to the Kentucky Department of Revenue for collection.

Refunds

7-Day Hold

All refunds are subject to a 7-day hold before disbursement. This period is used to ensure that funds have been received by the university, allow for adjustments, and ensure accuracy of the refund being disbursed. Students who fail to receive a refund within seven days should call the Student Account Services Office at 859-572-5204.

Refund Calculations

Any refund is subject to the last day to cancel classes and receive tuition refunds for each term as published on the NKU academic calendar on the Office of the University Registrar website. A reimbursement of some or all tuition depends on when a student drops a class, or several classes, and whether the student adds other classes. Refunds are calculated based on the number of financially equivalent hours, not academic hours. This means that a student who drops and adds the same number of credits does not necessarily end up with the same tuition bill as he or she would have gotten for the initial set of courses. For example, if a student originally had 15 credit hours and dropped 5 credit hours during the 50 percent tuition adjustment period, the student would be charged for 12.5 hours (15 credits less half of 5 credits = 12.5 credits). If the student added five credits at the same time, the student would be charged for 17.5 hours. The formula to determine financial equivalent hours follows:

\[
\text{Previous academic hours} - (\text{dropped hours} \times \text{tuition adjustment percent}) + \text{added hours} = \text{financial equivalent hours charged.}
\]

To determine refund eligibility, calculate:

\[
\text{New tuition charge} - \text{previous tuition charge} = \text{difference.}
\]

If the difference is negative, the student is due a refund; if the difference is positive, the student owes money to the university.

Direct Deposit

Students are encouraged to use their existing checking account to sign up for direct deposit to receive refunds. They have a choice of checking account and can change it at any time. There is no preselection option of account. At myNKU, go to Biller Direct Tab, then select Manage Bank Accounts, Add Account, Enter Bank Account Details, Check Box for Account to Refund, Click Review and Click Confirm. Full, detailed instructions are available on the Student Account Services website. Direct deposit refunds are sent daily. If you choose not to set up an account, you will be mailed a check within 14 days.

Form 1098-T

NKU now electronically provides students with the Internal Revenue Service required 1098-T Tuition Statement form. The electronic 1098-T form may be used for all income tax purposes and is sanctioned by the Internal Revenue
Service. By eliminating hard copies of this paper tax document and providing an electronic copy through myNKU’s web system, the risk of identity theft associated with postal delivery is reduced. The 1098-T form will be available for viewing and printing from NKU’s On-Line portal system on or before January 31st of the year following the tax year reported. All future 1098-T forms will be furnished electronically. You will receive an e-mail each January notifying you when your electronic 1098-T form is available. Electronic delivery will remain in effect each year unless you opt out and specifically request a hard copy by emailing studentaccountservices@nku.edu.

Financial Audit
All student account activity is subject to financial audit at any time. If the result of an audit indicates a change is needed, it may include an administrative adjustment. This could result in the student owing the university more money, or it may result in the student receiving a refund, depending on the outcome of the audit.

Financial Assistance
Approved financial assistance is applied directly to a student’s account. If the assistance is not showing, the student should contact the Office of Student Financial Assistance at 859-572-5143 or toll free at 888-225-4499.

Students receiving financial aid may obtain a temporary deferment of their financial obligation if the financial aid process is complete (that is, estimated aid is viewable on the student’s account and covers the entire account balance owed). At the time financial aid is disbursed to the student account, the Student Account Services Office will deduct any balance due the university.

Students who fail to have their financial aid in estimate status and viewable on the myNKU portal adhering to all academic calendar deadlines. IF THE STUDENT: Changes to the student’s schedule may affect the authorized payment amount. A student should contact the Student Account Services Office immediately if changes to the schedule affect the tuition and fees charged.

Tuition Reimbursement for Employed Students
In order to comply with federal regulations surrounding Truth-in-Lending disclosures, Northern Kentucky University does not have an Employer Reimbursement Plan. If a student is receiving tuition reimbursement from their employer, the student will initially be responsible for paying the first semester up front through a variety of options (i.e. government loans by filing the FAFSA, alternative loans, savings, etc.) or any combination of these and other financial resources. Once they complete their first semester, they can use the reimbursement that they receive from their employer to pay for the next semester, and continue this process for subsequent semesters until the final employer reimbursement is made, at which time those funds can go to pay off any loans that were taken out and/or replenish any savings that were depleted to fund the first semester. At the end of each semester, the employer will usually ask for a copy of an account statement indicating the balance has been paid and by what means. The student may print off their account statement via their myNKU account under the Biller Direct tab and the Pay Your Bill link. To avoid any additional fees, the balance will need to be paid in full by the tuition due date each semester. Students are automatically enrolled in the NKU Installment Plan if they have not paid their account balance by the tuition due date.

Veterans' Benefits
Students eligible for veterans’ educational benefits should contact the Veteran’s Resource Station in University Center, Room 131 or at 859-572-7867 prior to registration.

Official Withdrawal from the University
When a student determines that he or she will NOT be attending NKU for the upcoming semester, the student must drop all of his or her classes through the myNKU portal adhering to all academic calendar deadlines. IF THE STUDENT DOES NOT OFFICIALLY WITHDRAW FROM THE UNIVERSITY, THE STUDENT MAY BE HELD RESPONSIBLE FOR ALL TUITION AND FEES AND MAY ALSO RECEIVE FAILING GRADES FOR COURSES IN WHICH THE STUDENT IS CURRENTLY REGISTERED.

Financial Aid and Scholarships
Location: Lucas Administrative Center 301
Telephone: 859-572-5143
Fax: 859-572-6997
Email Address: ofa@nku.edu
Web Address: http://financialaid.nku.edu
Director: Leah Stewart
Other Key Personnel:

Associate Director: Penny Parsons

The Office of Student Financial Assistance creates clear pathways for students and parents to apply for and receive financial aid. Staff will employ creative and innovative approaches to provide personalized service to both current and prospective students as financial aid options are explored. The office staff continually strives to exceed the expectations of those they serve.

Financial Aid Application (FAFSA)
Students apply for federal, state, and institutional aid programs by completing the FAFSA (http://fafsa.gov). Students are encouraged to complete the FAFSA online. The FAFSA is available October 1 of every year.

To be considered for aid for the academic year or for fall semester only, the FAFSA should be submitted by February 1. Applications submitted after the priority date will be considered if funds are available.
FAFSA Priority Dates

FAFSA available October 1
FAFSA Fall Semester Priority Date February 1
FAFSA Spring Semester Priority Date November 1
FAFSA Summer Priority Date* February 1
*Students who wish to apply for a summer term should contact the NKU Office of Student Financial Assistance.

Scholarships

Scholarships are awarded on the basis of academic excellence or artistic talent. Freshman students who wish to be considered for scholarships must complete the admissions application requirements by February 15. The scholarship application deadline for current/transfer students is March 15 for the next academic year.

NKU provides scholarships to new freshmen and transfer students as well as current students. For a complete listing of all undergraduate scholarships, view the online scholarship listing (http://scholarships.nku.edu).

Many scholarships are renewable for additional years provided students meet specific requirements. Students should refer to the web for renewal requirements and for a full scholarship listing.

Donovan Scholars

The Herman L. Donovan Fellowship for Older Adults program allows Kentucky residents 65 years of age or older to pursue credit-bearing coursework at NKU for a degree or for personal enrichment without payment of application fees or tuition. Donovan scholars are responsible for books, supplies, course fees, parking, and applicable taxes. Noncredit courses are not included in this benefit. Upon applying for admission, students must submit proof of age. The tuition award is posted to the student's account by the Office of Student Financial Assistance. Prospective Donovan scholars should follow the requirements and due dates for freshmen or transfer students, depending upon whether they are just beginning their college career or have transfer credit.

Financial Aid Eligibility

To receive financial aid, a student must be enrolled in a program leading to a degree. Transient or non-degree student enrollment does not qualify for financial aid consideration.

During any semester, a student must be enrolled for at least 6 semester credit hours to receive a student loan and 12 semester credit hours to be considered a full-time student.

In order to determine eligibility, students must be fully admitted to NKU, and they must annually complete the FAFSA if they are applying for federal or state financial aid or for other special programs that indicate the FAFSA is required. Students will not be awarded federal, state, or institutional aid until their financial aid file is complete. Students must also be maintaining progress according to NKU’s Satisfactory Academic Progress policy and must meet all federal, state, and institutional eligibility requirements. All estimated aid is awarded based on the number of enrolled hours.

International students are not eligible for federal financial aid. International students may be eligible for university-sponsored scholarships listed on the Office of Student Financial Assistance website. Please note any citizenship or residency requirements. International students may also be eligible for alternative loans.

Award Notification

Students who submit application materials for federal aid according to the instructions and before February 1 for fall aid will receive notices from three different sources: the federal government, the Kentucky Higher Education Assistance Authority (Kentucky residents only), and NKU.

Students will receive notice with instructions to view their myNKU account online to accept or decline the financial aid offer(s). This notice will include financial aid for which the student is eligible (that is, grants, student employment, scholarships, and student loans). Upon acceptance of loans, students need to complete the required loan entrance counseling and master promissory note. These requirements can be completed online (http://studentloans.gov).

It is important for students to understand that all financial aid awards are dependent upon institutional, private, state, or federal funding. Although the Office of Student Financial Assistance fully intends to adequately fund any commitments made to the student, circumstances can change. Notification of any change to financial aid awards will be sent to the student via his or her NKU email address or via U.S. mail.
Types of Financial Aid

There are various types of financial aid that can be viewed on the financial aid website. For additional information concerning the financial aid process, prospective and current students should contact the Office of Student Financial Assistance or visit the website (http://financialaid.nku.edu). The chart below lists various types of aid that are in addition to the scholarship opportunities listed elsewhere in this section.

Note: The information in this chart is current as of the date of this publication. Information could be subject to change based on federal, state or institutional adjustments.

</table>
Financial Support Options Specifically for Transfer Students

Transfer students who meet certain criteria may be eligible for awards or benefits to assist with covering their educational costs at NKU.

KCTCS Scholars Award

This scholarship is only for students transferring from the Kentucky Community and Technical College System. To be considered for the KCTCS Scholar Award that pays $2,500 annually ($1,250 per fall and $1,250 per spring semester), a student must:

1. Be a legal Kentucky resident.
2. Meet the deadline for the scholarship application. The website (http://transfer.nku.edu) provides access to the scholarship application and gives the deadline date for application.
3. Have completed a minimum of 36 semester credit hours at a KCTCS school.
4. Have attended a KCTCS institution as the last school attended.
5. Have earned a minimum 3.0 cumulative GPA.
6. Be eligible for regular admission to an undergraduate bachelor’s degree program at NKU with no further remediation required.
7. Be academically eligible to return to the prior institution.
8. Remain in good academic standing at NKU as defined by the satisfactory academic progress guidelines used for financial aid eligibility.
9. Not have been enrolled previously as a degree-seeking student at NKU.
10. Enroll in a minimum of 12 credit hours in the fall and spring semesters.

Note: Students seeking post baccalaureate credit hours or a second bachelor’s degree are not eligible.

Ohio Tuition Reciprocity

NKU has an undergraduate tuition reciprocity agreement with the University of Cincinnati, Cincinnati State Technical and Community College, Southern State Community College and Clark State Community College. This agreement extends reciprocity tuition rates to residents of certain Ohio counties who meet the program/residency requirements. To qualify, students must:

1. Reside in Adams, Brown, Butler, Clermont, Clinton, Fayette, Hamilton, Highland, or Warren County in Ohio.
2. Have earned an associate degree from the University of Cincinnati (including UC Blue Ash College, UC Clermont College), Cincinnati State Technical and Community College, Southern State Community College, or Clark State Community College.
3. Be working toward a first bachelor’s degree at NKU and not majoring in one of the ineligible programs (criminal justice, early childhood education, environmental science or nursing) or undeclared in AARC.

Students who wish to be considered for this tuition reciprocity rate must submit a final transcript and all necessary credentials indicating that an associate degree has been earned by August 1 for fall semester, December 1 for spring semester, or May 1 for summer semester. This agreement and rate is subject to change or can be discontinued at any time.

Nonresident Transfer Award

This award is only for students transferring to NKU who live out of state, i.e., do not live in the state of Kentucky. To qualify for this $2,000 award ($1,000 per fall and spring semester only), a student must:

1. Be admitted to NKU by the following dates: August 1 for fall semester or December 1 for spring semester.
2. Receive a final transfer evaluation of at least 60 semester credit hours or 90 quarter hours; that is, equal to or greater than junior status from a regionally accredited institution(s).
3. Be academically eligible to return to the institution previously attended and have earned a minimum 2.0 cumulative GPA.
4. Be admitted to an undergraduate bachelor’s degree program at NKU with no restrictions or academic deficiencies (a student is not eligible if the student has been previously enrolled at NKU as a non-degree, degree-seeking, or consortium student).
5. Enroll in a minimum of 12 semester credit hours in both fall and spring semesters.
6. Be a resident of any U.S. state except Kentucky or be an international student.

Students are not eligible for the nonresident transfer award if any of the following apply:

1. They are receiving Ohio tuition reciprocity or the Indiana tuition rate.
2. They are admitted to any online program.
3. They have already earned a bachelor’s degree.

An application is not required to receive this award. Awards are not tuition based and are awarded after tuition due dates.

Additional Scholarship Opportunities for Transfer Students

Other scholarship opportunities for transfer students are available online (http://financialaid.nku.edu/scholarships.html).

Student Employment

Students may elect to work to assist with meeting educational costs and living expenses.

NKU administers the federal work-study program and an institutional student employment program. NKU administers these programs in accordance with the laws, federal and state regulations, and instructions issued by or on behalf of the Department of Education as well as its own institutional policies. The federal work-study program provides funds for students with financial need as determined by the FAFSA. These funds are earned through part-time employment and assist in financing the cost of postsecondary education.

Student workers must be enrolled for at least six credit hours during the fall and spring semesters. U.S. citizens are allowed to work a maximum of 25 hours per week during the academic year and a maximum of 35 hours per week during the summer session. For summer employment, the student must have been enrolled in the previous spring or intend to enroll for the upcoming fall semester. International students are allowed to work a maximum of 20 hours per week during the academic year and must be enrolled for 12 hours per semester.

Jobs.nku.edu
Cost of Attendance

The federal government requires that the Office of Student Financial Assistance establish an annual cost of attendance (COA). The COA includes tuition, room and board, books, transportation, and miscellaneous expenses. The COA differs based on a student's residency (Kentucky resident or nonresident). The COA also differs based on whether it is for an undergraduate, graduate, or law program. The COA can be prorated depending on the length of the term. Those with questions regarding a student's COA should contact the Office of Student Financial Assistance.

Satisfactory Academic Progress

This policy will be used to determine eligibility for aid for the 2017-18 academic year. This policy is current as of the date of this publication and could be subject to change due to federal, state or institutional adjustments. Students should always review the policy on our website (http://financialaid.nku.edu) or contact our office for the most current information.

Federal regulations mandate that all students make satisfactory, measurable academic progress toward completion of a degree in order to receive federal assistance through Title IV federal grant, work, and loan programs.

First time freshman, new transfer students and new post baccalaureate students are automatically considered to be making satisfactory academic progress during their first academic year. These students will be subject to the standards of satisfactory academic progress at the end of their first academic year and thereafter. An academic year is defined as August to May.

Students are expected to earn a bachelor's degree before 120 hours to complete, as described in the catalog.

Students must maintain satisfactory progress in all three areas whether or not they have received financial aid in the past.

Qualitative Progress (GPA)

1. Students whose academic standing status is academic warning, academic probation, or suspension are not considered to be meeting the qualitative (GPA) standards of academic progress.
2. The following chart summarizes the minimum GPA required to be considered to be in good academic standing:

<table>
<thead>
<tr>
<th>DEGREE PROGRAM</th>
<th>MINIMUM ACCEPTABLE CUMULATIVE GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>Undergraduate student with 0-15 quality hours</td>
<td>1.66</td>
</tr>
<tr>
<td>Undergraduate students</td>
<td>2.0</td>
</tr>
</tbody>
</table>

Quantitative Progress (Pace of Completion)

Students must earn at least 67 percent of the total number of cumulative credit hours they have attempted. This includes all NKU coursework, remedial courses and transfer credits. Examples are below:

Student #1: Total Official Attempted Credit Hours: 84
Total Official Earned Credit Hours: 39
39/84 = 46%

This student has failed the quantitative (pace of completion) standard.

Student #2: Total Official Attempted Credit Hours: 54
Total Official Earned Credit Hours: 42
42/54 = 77%

This student has passed the quantitative (pace of completion) standard.

Note: Percentages are not rounded up. For example, a student who has earned 66.66 percent of their hours attempted is not considered to be meeting the quantitative (pace of completion) standard of academic progress.

Maximum Time Frame for Degree Completion

1. Students are expected to earn a bachelor's degree before
   a. 180 credit hours are attempted.
   b. 150 percent of the hours required for completion are exceeded, if the degree requires considerably more than 120 hours to complete, as described in the catalog.
2. Students are expected to earn an associate degree before 90 credit hours are attempted.
3. The allowed time frame does not increase if you change your major, pursue double majors, or pursue an additional degree. However, students may appeal if they have experienced unusual or mitigating circumstances that prohibited them from meeting these standards.

Important Notes

1. Classes for which students receive grades of T (audit), F, NR (grade not reported), X, I, I+ or W (withdrawal) are not counted as earned hours. Incomplete coursework and deferred grades are not considered earned hours.
2. Remedial courses are counted as hours attempted and earned but are not factored into the GPA component of satisfactory academic progress. Therefore, they are subject only to the quantitative (pace of completion) measure of SAP.
3. English as a Second Language (ESL) courses are counted as hours attempted and earned as well as factored into the GPA component of SAP. Therefore they are subject to both quantitative (hours earned) and qualitative (GPA) measures of SAP.
4. Change of major and students who work toward an additional degree are subject to both the qualitative (GPA) and quantitative (pace of completion) measures of SAP.

5. Transfer hours are counted as both hours attempted and hours earned.

6. Hours included in academic renewal are counted as attempted hours.

**Course Repletions**

1. When a student repeats a course, the last grade prevails and the original grade is removed from the GPA computation.

2. A repeated course may only count toward enrollment status if the student is receiving credit for that course. If it does not count toward enrollment status, the student will not receive financial aid for that course.

3. For financial aid purposes, a student may only repeat a course once if he/she has previously passed the course. If a student repeats a course more than once that he/she has previously passed, the student cannot receive aid for that course.

**Re-establishing Financial Aid Eligibility**

1. A student ineligible to receive financial aid for failure to meet the standards of satisfactory academic progress may re-establish his/her eligibility by enrolling at his or her own expense in a subsequent term and meeting the standards according to the qualitative (GPA) and quantitative (pace of completion) measures.

2. If a student was denied financial aid because he/she did not meet the minimum GPA standard but has taken courses to bring his/her GPA up to the minimum, the student should contact the Office of Student Financial Assistance. The student’s record will then be evaluated to determine if he/she is meeting the pace of completion requirement. If the student is meeting all three components of academic progress, the student’s aid may be reinstated.

3. If a student was denied financial aid because he/she did not earn at least 67 percent of the total hours attempted during the first semester, a student's appeal cannot be approved and will automatically be denied.

4. If a student initially failed to meet the standards of academic progress but is now meeting the standards due to grade changes or the granting of academic renewal, the student should contact the Office of Student Financial Assistance to have his/her aid eligibility re-evaluated.

**Appeals**

1. If a student was denied their financial aid for failure to meet the academic progress standards, he/she may submit a written appeal if the student’s extraordinary circumstances have been resolved. Students should not and may not base their appeal on their need for financial aid or their lack of knowledge that their financial aid was in jeopardy.

2. Students may appeal once per academic year.

3. The appeal decision by the committee is final.

4. If it is mathematically impossible for a student to achieve a cumulative GPA of at least 1.8 after one semester, a student’s appeal will automatically be denied.
   a. For undergraduates, this determination will be made based on the assumption of full-time enrollment (12 hours) and a 4.0 term GPA for one semester.

5. If it is mathematically impossible for a student to achieve a cumulative pace of completion of at least 67 percent after one academic year, the student’s appeal cannot be approved and will automatically be denied.
   a. This determination will be made based on the assumption of full-time enrollment (12 hours) for both fall and spring semester (total of 24 hours).

6. The Student Financial Aid Appeals Committee will review appeal requests and may grant approval for the following reasons:
   a. The death of a relative of the student.
   b. The personal injury or illness of the student.
   c. Special circumstances as determined by the institution.
   d. The student meets twice a month during June, July, and August and at least once a month during September, December, and January.

7. Appeals must include:
   a. A letter written by the student that clearly states the extraordinary circumstances that may have adversely impacted the student’s academic progress. The appeal must indicate why the student failed to make satisfactory academic progress and what changes that will allow the student to make satisfactory progress at the next evaluation. Supporting documentation is also required. Appeals submitted without supporting documentation will not be accepted and will not be submitted to the appeals committee.
   b. Documentation to support all extenuating and/or unusual circumstance detailed in the letter. Note that documentation will not be returned; students must keep a copy for their records. NKU will not contact anyone to obtain information for an appeal.
   c. Examples of supporting documentation include copies of obituaries, documentation issued by a physician or hospital, police records, or other documentation provided by a third party professional.
   d. A student may submit a statement from his/her academic advisor, dean, or department chair, if the student feels it is appropriate.
   e. If a student is appealing due to maximum timeframe, the student must include the Maximum Timeframe Academic Plan Worksheet in addition to supporting documentation.
   f. Appeals may be approved or denied. Students will be notified of the results of their appeal. If a student’s appeal is approved, the student will be placed on financial aid probation and will be required to follow an academic plan for the academic year (two semesters) based on the following:
      1. If an undergraduate student failed to make academic progress because he/she did not meet the minimum GPA, the student must have a cumulative GPA of 2.0 after completing two semesters. A student who does not have a cumulative GPA of at least 1.8 at the end of the first semester of financial aid probation cannot receive aid for the second semester.
      2. If a student failed to make academic progress because he/she did not meet the qualitative (pace of completion) standard, the student will be required to earn 67 percent of their hours attempted for each of the two semesters. If a student does not earn 67 percent of the credit hours attempted during the first semester of financial aid probation, he/she cannot receive aid for the second semester. Percentages are not rounded up.
      3. If a student failed to make academic progress because he/she is exceeding the maximum timeframe, the student must complete the number of hours required per semester, as indicated on the
Maximum Timeframe Academic Plan worksheet. If the student fails to meet the academic plan as outlined, the student will no longer be eligible to receive federal financial aid. Students must meet the academic plan requirements each semester in order to continue to be eligible to receive federal aid.

4. A student may not submit an appeal if he/she fails to meet the requirements of the academic plan.

5. If a student fails more than one standard and his/her appeal is approved the student will need to meet the academic plan requirements of each standard that he/she failed in order to receive aid for the second semester.

6. Appeals must be received and reviewed before or during the term for which the student is requesting aid. Any appeal received after the last day of the term will be considered for the next term for which the student enrolls. Appeal decisions are not retroactive.

7. Appeals decisions are applicable for one academic year only and do not carry over to a future academic year if the student does not enroll during the academic year for which their appeal was reviewed.

**Summer Sessions**

1. Financial aid recipients have a conditional period of the summer session after the spring semester. This allows students a chance to bring up their GPA or to meet the quantitative (pace of completion) progress standard. If a student previously not meeting the academic progress standards after completing courses during the summer session, the student’s financial aid may be reinstated. Students should contact the Office of Student Financial Assistance to have his/her aid eligibility re-evaluated.

2. If a student submits an appeal for the summer session and the appeal is approved, the student must then be meeting the standards of academic progress at the conclusion of the summer session in order to be eligible for aid for future years. Students who appeal for the summer session are not able to be placed on an academic plan.

**How Withdrawing from Classes Affects Financial Aid**

Withdrawing from classes could result in loss of or return of a student’s financial assistance.

**Nonattendance Policy**

Students who do not attend their classes are subject to being dropped by their instructors for nonattendance. As a result, these students may lose part or all of their financial assistance. Any remaining balance must be repaid before the student can receive further financial assistance.

**Return of Funds Due to Withdrawal**

If a student completely withdraws from the university either voluntarily or involuntarily during a semester, a portion of the federal Title IV aid disbursed to the student must be returned to the financial aid programs. The percentage of Title IV aid required to be returned is based on the percentage of time remaining in the semester as of the student’s date of withdrawal. This percentage is equal to the number of calendar days remaining in the semester divided by the total number of calendar days in the semester. Scheduled breaks of more than four consecutive days are excluded from this calculation.

\[
\text{Percent of aid to be returned =} \frac{\text{Number of calendar days remaining in the semester}}{\text{Total number of calendar days in the semester}}
\]

Example: A student who remains enrolled for 10 percent of a semester will be eligible to keep 10 percent of the total Title IV aid disbursed to him or her. The balance (90 percent) must be returned to the Title IV program(s).

**Note:** No Title IV aid funds are required to be returned if the student remains enrolled for more than 60 percent of the semester.

The date of withdrawal is the date a student officially notifies the NKU Office of the University Registrar of his or her intent to completely withdraw from school. If a student unofficially withdraws from school, the Office of Student Financial Assistance will use the midpoint of the semester to establish the student’s date of withdrawal.

At the time a student withdraws, the Student Account Services office will automatically use all or a portion of the student’s "institutional refund" as payment toward the amount that must be returned to the Title IV programs. The student may also be required to repay a portion of the aid funds that were directly disbursed to him or her in the form of a residual check. The student will be notified and billed for any grant funds that must be repaid immediately.

Failure to pay will result in a HOLD being placed on the student’s account, and the student will not be allowed to register for classes, obtain grades, or obtain an academic transcript. Student loan funds are to be repaid in accordance with the terms of the loan.

Funds will be returned first to the Title IV loan programs and then the Title IV grant programs in the following order:

<table>
<thead>
<tr>
<th></th>
<th>Fund Type</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Federal Unsubsidized Direct Loan</td>
</tr>
<tr>
<td>2</td>
<td>Federal Subsidized Direct Loan</td>
</tr>
<tr>
<td>3</td>
<td>Federal Perkins Loan</td>
</tr>
<tr>
<td>4</td>
<td>Federal Plus Loan</td>
</tr>
<tr>
<td>5</td>
<td>Federal Pell Grant</td>
</tr>
<tr>
<td>6</td>
<td>Federal Supplemental Educational Opportunity Grant</td>
</tr>
</tbody>
</table>

Funds are not required to be returned to the federal work-study program.
Post-Withdrawal Disbursement of Title IV Aid: The Office of Student Financial Assistance will determine if a student is eligible to receive Title IV funds that were awarded but not yet disbursed to the student at the time of his or her withdrawal from school. If the student is eligible for a post-withdrawal disbursement, the Office of Student Financial Assistance will first apply these funds to the student’s outstanding university charges (if any). Any remaining amount of the post-withdrawal disbursements will be mailed directly to the student.

Worksheets used to determine the amount of refund or return of Title IV aid are available upon request from the Office of Student Financial Assistance.

Return of Funds Due to Unofficial Withdrawal
Federal financial aid recipients who fail to receive any passing grades in a semester are subject to federal regulations titled Return of Title IV Funds. These students are considered unofficially withdrawn as of the midpoint of the semester. Without acceptable proof of attendance or participation in an academic related activity beyond the 60 percent point of the semester, the federal Title IV financial aid credited for the term is refunded to the aid program(s) from which it came at the rate of 50 percent of university charges. Loans are refunded before grants. For example, a student with a $3,500 Federal Direct Subsidized Loan and a $2,000 Pell Grant fails all of his or her classes for a semester. Assume the charges totaled $2,000. Federal regulations require that 50 percent ($2,000 x 50% = $1,000) be refunded to the Federal Direct Student Loan Program. The student’s loan debt decreases, but the student still owes NKU $1,000 (assuming the student’s account balance was $0).

Acceptable proof of attendance or participation in an academic related activity is a letter from a professor noting the last date of a student’s presence in class or involvement in an academic related activity. Examples of academic related activities include physically attending a class where there is an opportunity for direct interaction between the instructor and students, submitting an academic assignment, taking an exam, an interactive tutorial or computer-assisted instruction, attending a study group that is assigned by the school, participating in an online discussion about academic matters, and initiating contact with a faculty member to ask a question about the academic subject studied in the course. Participating in academic advising is not considered an academically related activity. Financial aid recipients who fail to earn any passing grades for a given semester are notified by mail of the deadline for submitting documentation of class attendance or participation for the semester. Included in the student’s notification is a class attendance verification form that can be completed by the professor verifying attendance. Late verification of attendance is not accepted.

NKU is required to comply with Title IV federal regulations in this manner to ensure continued participation in federally funded aid programs.

Return of Funds for Modules (R2T4)
For all programs offered in modules (a course that does not span the entire length of the semester), a student is considered a withdrawal for Title IV purposes if the student ceases attendance at any point prior to completing the payment period or the period of enrollment, unless the school obtains written confirmation that he/she will attend a module that begins later in the same payment period or period of enrollment. To determine if a student who is enrolled in at least one course offered in modules is considered a withdrawal, the student must have begun attendance in the period of enrollment, ceased to attend a course and at the time he/she ceased to attend, he/she was no longer attending any other courses as well.
Academic Program Opportunities

Academic Common Market
The Academic Common Market is a cooperative tuition-reduction agreement among 16 Southern Regional Education Board states. The program allows Kentucky students who are interested in an academic program not offered at a public/state-funded university in Kentucky to pay in-state tuition at participating public/state-funded colleges and universities. The list of programs included in the ACM is revised periodically to reflect the changing needs and offerings of participating states. The 16 states that participate in the ACM are Alabama, Arkansas, Delaware, Florida (graduate-level only), Georgia, Kentucky, Louisiana, Maryland, Mississippi, Oklahoma, South Carolina, Tennessee, Texas (graduate-level only), Virginia, and West Virginia. For more information, contact: the Vice Provost for Undergraduate Academic Affairs, 415 University Center, 859-572-6079, or the Council on Postsecondary Education, Kentucky ACM Coordinator, Frankfort, KY 40601, 502-892-3082.

Email Address: careerservices@nku.edu
Web Address: http://nku.edu/careerservices
Director: Bill Froude
Co-op Manager: Amanda Meeker

Cooperative education is an academic option that incorporates relevant work experience into a student’s program of study. This learning experience involves gainful employment, and academic credit is earned and applied toward associate and bachelor’s degrees. The employment experience is planned, supervised, and coordinated by employers, faculty coordinators, and career services’ staff. Students register for CEP 300 in order to receive cooperative education credit. For instructions, visit the website (http://inside.nku.edu/careerservices/students/coopinternships.html).

Requirements
To be admitted to the cooperative education program, a student must have an overall GPA of at least 2.20 based on a 4.00 scale. This GPA must be maintained throughout the student’s cooperative education experience. To qualify as candidates for the program, associate degree students must have completed 15 semester hours; bachelor’s degree students must have completed 30 semester hours.

Academic Credit
Students may work part time or full time, earning academic credit - one, two, three, or six credits - based on the total number of hours they work each semester. Students enrolled for six credits (full-time employment for an entire semester) are considered full-time students for the purposes of student benefits and activities. Credits earned in cooperative education count toward NKU graduation requirements for the associate or bachelor’s degree. Bachelor’s degree students may apply a total of 12 semester hours toward graduation requirements; associate degree students may apply a total of 6 semester hours. Cooperative education is graded pass/fail. Cooperative education credit does not replace any general education requirements. The application of cooperative education credit toward the degree will be determined by the student and the academic advisor. Academic loads may vary depending on special arrangements agreed to by a student’s academic unit and Career Services.

Tuition
Cooperative Education students pay the usual tuition and fees; there are no special fees associated with Cooperative Education.

First-Year Programs
Location: University Center 122
Telephone: 859-572-5913
Email Address: firstyearprograms@nku.edu
Web Address: http://inside.nku.edu/fyp.html
Director/Senior Lecturer: Jeanne Pettit
Lecturer II: Tracy Hart

The Office of First-Year Programs is responsible for coordinating four major academic initiatives for freshmen: (1) UNV 101, (2) learning communities, (3) Alpha Lambda Delta, a freshman honors society, and (4) the Book Connection.

UNV 101: Orientation to College and Beyond
This course is an active-learning experience designed to help students make a successful transition to university life. UNV 101 provides students with essential information about university policies, rules, procedures, and resources. UNV 101 topics include critical and creative thinking, inclusiveness, college success skills, choosing a major and a career, and research strategies. Students are required to attend class and to interact with their instructor and classmates. Throughout the course, students are strongly encouraged to take responsibility for their own learning inside and outside of the classroom. Students will learn skills essential for a positive transition to college and to future transitions in their lives.

UNV 101 is a graded, academic, three-credit-hour course limited to freshmen. It counts as an elective that may be applied toward graduation. UNV 101 is taught by a specially trained group of instructors who come from various areas and disciplines across campus. Some sections may be team-taught by two instructors or be part of a learning community. Students may enroll for a UNV 101 course during registration.

Alpha Lambda Delta
Alpha Lambda Delta is a freshman honors society for first-time, full-time freshmen. Minimum criteria include that students must be in the top 20 percent of their class with a minimum 3.5 GPA at the end of their first semester. Students are invited to join, and an induction ceremony is held during the spring semester to honor students’ academic achievement.

Learning Communities
Learning communities organize popular courses, including many general education courses, to promote student learning and to enhance connections among students, and among students and faculty. Typically, a group of 24 students enrolls in two or three courses that are linked together. Because they
have shared classes, these students are more likely to become friends, form study groups, participate in class discussions, experience a deeper level of learning, and get to know faculty. Learning communities are open to all students, and students can choose from a wide range of options when they register for classes. However, students must register for all the courses linked together in a learning community.

The Book Connection

The Book Connection creates a sense of community and welcomes students to the academic life of the university by engaging them in a campus-wide discussion of a book of common interest. Every year, a different book is selected. All first-year students are given a copy of the book before the semester begins. Many faculty who teach first-year courses use the book in their courses. During the academic year, there are additional curricular and cocurricular activities addressing the various themes of the book.

Grant County Center

Location: 390 North Main, Williamstown, KY 41097
Telephone: 859-824-3600
Fax: 859-824-3625
Email Address: grantcounty@nku.edu
Web Address: http://grantcounty.nku.edu
Director: Sherry Cucchiara
Other Key Personnel:

Lecturers: Matt Birkenhauer, Sam Lapin

The NKU Grant County Center, located in Williamstown, Ky., is dedicated to increasing access to education for the residents of Grant, Gallatin, Owen, Pendleton, southern Boone, southern Kenton and Harrison counties. At the NKU Grant County Center, classes are small, services are outstanding, and the staff is supportive. Classes are available onsite and via interactive television. More information about the NKU Grant County Center can be obtained by calling the center at (859) 824-3600 or by email (GrantCounty@nku.edu).

Greater Cincinnati Collegiate Connection

NKU is a member of the Greater Cincinnati Collegiate Connection (GC3), which allows NKU students to take courses from GC3 member schools when those courses are not available at NKU.

A list of colleges and universities that are members of GC3 follows the list of policies below.

Policies

1. NKU students may enroll in courses at a GC3 member institution providing that the course(s) is not offered at NKU for one academic year. Exception: the student has officially applied for graduation with the Office of the University Registrar and needs a course(s) to graduate. Course availability at a consortium college or university is on a space-available basis and students are responsible for ensuring they have taken the necessary prerequisites for consortium course(s).
2. Students must be degree seeking and in good academic standing to participate in the consortium.
3. Course load policies stipulate that:
   a. Students may enroll in no more than two courses at the consortium (non-NKU) institution in any one semester.
   b. The student’s total load is governed by NKU’s course load policy.
4. The total number of consortium semester hours a student may take is limited to 12.
5. Students enrolling at a member institution in the summer must either:
   a. Also be enrolled at NKU in the summer, or
   b. Have been enrolled at NKU at least half-time during the preceding spring semester, in which case they are not required to be enrolled at NKU during the summer.
6. Tuition and fees:
   a. Students who take courses through the consortium program pay tuition to NKU at the regular NKU tuition rate applicable to specific degree programs.
   b. Students are required to pay course-related fees at the host institution.
7. Students must have prior approval from the vice provost to enroll in course(s) through GC3. In addition:
   a. Courses for credit toward an academic major must be approved by the chair of the major department.
   b. Courses for credit toward an academic minor must be approved by the chair of the department housing the minor.
   c. Courses for credit in the general education program must be approved by NKU’s director of general education.
8. Course credits and grades for courses earned under this program will be posted on the NKU transcript.
   a. Credit hours earned under this program are considered as credits earned in residence at NKU.
   b. If credits earned are in quarter hours rather than semester hours, they will be multiplied by two-thirds to convert them to semester credit hours; for example three quarter hours = two semester hours.
9. Students must observe all regulations of the host institution.

Course offerings and course schedules for a particular institution are available on the website of that institution. Forms for registering for this program are available in the Office of the University Registrar. Additional information can be obtained by calling NKU’s Office of the University Registrar at 859-572-5556 or by visiting http://inside.nku.edu/registrar/registration/gc3.html.

Member Institutions of GC3

ROTC

ROTC Air Force

Telephone: 513-556-2237
Email: afrotc@ucmail.uc.edu
Web Address: www.uc.edu/afrotc
Contact at NKU: AFROTC Cadet Recruiter

Air Force ROTC Aerospace Studies is offered through a cooperative agreement with the University of Cincinnati. Qualified NKU freshman and sophomore students may participate in the program and may compete for scholarship opportunities through the United States Air Force ROTC.

Air Force ROTC prepares students to assume positions as commissioned officers in the U.S. Air Force, through a combination of classroom and practical leadership experiences, and esprit-de-corps activities with others in the cadet wing. Graduates are commissioned as second lieutenants trained to begin careers as pilots, navigators, engineers, program managers, scientists, space and missile operators, air battle managers, nurses, security forces or maintenance officers, as well as any of the more than 150 officer career fields offered.

The Air Force ROTC program begins with a general military course. Freshmen- and sophomore-level students participate in classroom work, a one-credit hour aerospace studies course, and a hands-on leadership-skills laboratory course. The program consists of 12 credit hours in aerospace studies courses that count toward your degree requirements. (Students must consult their academic advisor for details.)

Students interested in additional information may visit the national website (http://www.afrotc.com) or the local website (www.uc.edu/afrotc.html), or call 513-556-2237. Refer to the course descriptions section of this catalog for a list of military science (MSC) consortium courses.

ROTC Army

Location: University Center 120-J
Telephone: 513-745-1060
Email: weaverm7@xavier.edu
Web Address: http://www.xavier.edu/rotc
Contact at NKU: Martin Weaver

Military science/Army ROTC is offered through a consortium agreement with Xavier University. The Department of Military Science at Xavier is located in St. Barbara Hall on Xavier’s campus and may be reached during business hours at 513-745-1060. An office is located on NKU’s campus in University Center 120-J. The faculty listed above work in offices at both Xavier and NKU.

The Department of Military Science offers a commission as a second lieutenant and provides an opportunity for men and women to study subjects of recognized military and educational value, which assist them in gaining the foundations of leadership. The primary purpose of ROTC is to produce quality leaders to serve as commissioned officers in the United States Army, the Army National Guard, and the Army Reserves.

A commission is earned through a two-, three-, or four-year participation in the ROTC program. The four-year program is completed at the university and consists of courses numbered below 300 in the freshman and sophomore years, followed by courses numbered 300 and above in the junior and senior years. The two-year program begins with credit granted for prior military training, including basic training, or a four-week paid summer camp at Fort Knox, Ky., between the sophomore and junior years that teaches the student all subjects covered in the courses numbered below 300. In the two-year program, the student completes the courses numbered 300 and above during the junior and senior years. Courses numbered below 300 are taken on a voluntary basis. There is no military obligation incurred for taking courses numbered below 300. The courses numbered 300 and above qualify the student for a commission as an officer in the United States Army. A military obligation is incurred for taking courses numbered 300 and above. Admission to courses numbered 300 and above must be approved by the chair of the military science department.

Select admission requirements: Army ROTC seeks to produce officers for the United States Army, which means that only high-quality applicants with demonstrated leadership ability are sought and retained. To enroll in Army ROTC, students must be in good physical condition, be full-time students in good academic standing with their university, and maintain a cumulative GPA of at least 2.0.

Non-contracted (basic course) cadets must obtain a "sports physical" from a physician who must attest that there is nothing that would preclude the student from normal participation in a regular physical education class. Cadets who seek to contract must meet the Army physical fitness standards by passing the Army Physical Fitness Test and meeting the Army’s prescribed height, weight, and body fat standard, be medically qualified by the Department of Defense Medical Examination Review Board, possess at least a 2.0 GPA, and maintain full-time enrollment in a bachelor’s degree program. No prior military training is required, and students are not required to enlist in the Army to join ROTC. However, students who do have prior military service or who are current Army National Guard or Army Reserve members may be granted credit for MSC 100- and MSC 200-level classes, at the discretion of the professor of military science. Current National Guard and Reserve soldiers are encouraged to contact the department for information on gaining a commission through the simultaneous membership program.

More information about the program and details regarding specific courses are available on the website (http://www.xavier.edu/rotc). Refer to the course descriptions section of this catalog for a list of military science (MSC) consortium courses.

Scripps Howard Center for Civic Engagement

Location: Griffin Hall 527
Telephone: 859-572-1448
Fax: 859-572-1445
Email Address: engage@nku.edu
Web Address: http://civicengagement.nku.edu
Executive Director: Mark Neikirk
Coordinator: Collette Thompson

For students who are looking for a chance to get outside of the classroom and learn from the real world, NKU opens doors they might not have imagined possible. For those who are looking to engage in lively discussions of current events and public policy, NKU welcomes their voices. The Scripps Howard Center for Civic Engagement coordinates and encourages learning opportunities in both of these crucial areas: service and citizenship. The center also is the home of NKU’s nationally recognized Mayerson Student
Philanthropy Project, which allows students to evaluate community needs and address those needs with mini-grants to nonprofit agencies.

**Service**

NKU students have travelled to California’s agricultural valleys to learn about migrant workers and to New Orleans’ Ninth Ward to learn about disaster relief. Closer to home, they have built web pages for small nonprofit agencies, designed exhibits for community museums, chipped in after tornadoes for disaster relief, and partnered with inner-city residents to address community needs. This marriage of curriculum and community service is called service learning. NKU offers about 50 service-learning classes each semester. Students will find service-learning classes across all majors. The Scripps Howard Center also works with academic departments to support internships, alternative spring breaks, applied research, and independent studies to provide additional routes for connecting academic experiences to community service.

**Citizenship**

Students interested in public affairs and current events will be attracted to programs sponsored or co-sponsored by the Scripps Howard Center for Civic Engagement. Students explore community, state, national, and international issues in the classroom and beyond the classroom. University-sponsored public forums draw students and the community together to discuss timely topics, from healthcare to new media, from the economy to education. The Scripps Howard Center also conducts nonpartisan voter registration drives; and maintains an on-campus bulletin board, Democracy Square in Steely Library, for the exchange of ideas and commentary on public affairs; and coordinates NKU’s Newspaper Readership Program to promote a climate of inquiry about public affairs and current events.

Do you have an idea about how to engage your fellow students? Contact the Scripps Howard Center for support.

**Student Research and Creative Opportunities**

The university strives to enhance the experiences of students by offering opportunities that enable them to fund and present research and creative work. Students can obtain funding for materials, supplies, equipment, software, or project-related travel while they conduct a project under the mentorship of a faculty member. Funding guidelines are available online (http://rgsrs.nku.edu/research/rgc/opportunities.html). Students can also present their work at NKU’s annual Celebration of Student Research and Creativity. This event, held during the spring semester, highlights students’ achievements in a broad array of scholarly and creative activities.

Students display their work through posters, oral presentations, interactive demonstrations, performances, and exhibits of artistic work. For further information, contact the Office of Research, Grants, and Contracts at 859-572-5136 or visit the web (http://celebration.nku.edu).

**Study Abroad**

**Office of Education Abroad**

**Location:** University Center 330  
**Telephone:** 859-572-6908  
**Email Address:** studyabroad@nku.edu  
**Web Address:** http://nku.edu/studyabroad  
**Director:** François LeRoy

The Office of Education Abroad coordinates all education abroad programs at NKU. Through membership in several consortia, third party providers, its own exchange agreements with foreign universities, and independently designed programs, the Office of Education Abroad is committed to providing students with a variety of affordable opportunities for education throughout the world. In addition to study abroad options, students can participate in internships, volunteering and service learning experiences, as well as Study Away programs within the United States. Education majors have the opportunity to teach overseas as part of their student teaching experience. Students earn academic credit for courses taken abroad through these programs. Students should consult with their advisors to ensure that courses taken abroad will count toward their major or minor requirements.

Students may participate in a wide range of courses and programs to fit the academic needs and objectives of all students.

Student and faculty exchanges are offered in the following countries: Australia, China, Denmark, Ecuador, England, France, Germany, Japan, Netherlands, Romania, Scotland, South Korea, Spain, Sweden, and Taiwan.

The office also provides information on numerous international scholarships including the NKU International Study Scholarship, Beyond the Classroom SOC 100 Award, Fulbright, Critical Language Scholarship Program, Rhodes, National Security Education Program, the Benjamin A. Gilman International Scholarship, and British Marshall Scholarship.

All interested students should stop by the Office of Education Abroad to meet with a specialist to discuss these and other opportunities available to enrich their education. They may also call 859-572-6908 or visit the website (http://nku.edu/studyabroad).
Policies and Procedures

Academic Appeals - Course Related

When a student believes that an instructor has violated his or her rights in the classroom - for example, discrimination in evaluating individual achievement, illegal discrimination or harassment - the student should follow the procedures listed in Code of Student Rights and Responsibilities, section 5.G (http://deanofstudents.nku.edu/policies/student-rights.html).

Grade Appeals

Any student who believes his/her final course grade is inaccurate, or based on factors that were not included in the grading policy, may appeal the grade. To be considered, the grade appeal must meet one or more of the following conditions:

1. The method for determining the final course grade conflicts with the grading policy per the course syllabus or other announced grading policies.
2. There is an alleged mathematical error in calculating the final course grade.
3. There is evidence that the final course grade is based on something other than performance in the course.

Grades on individual assignments cannot be appealed.

If a student wishes to appeal a course grade, the procedure below should be followed:

1. The student must initiate the appeal of the grade no later than fifteen (15) working days after the last date for faculty to submit grades. To facilitate the discussion, the student shall provide the faculty member with a written statement (email or letter) that outlines the grade appeal. If the student is unable to reach the faculty member, he/she should seek assistance in making contact through the chair of the department for which the course was taught. After considering the student’s appeal, the instructor must respond in writing to the student within five (5) working days from the receipt, stating whether or not the appeal is granted and stating the instructor’s rationale for the decision.

2. If the student and the faculty member are unable to resolve the matter at Step 1, and the student wishes to continue to pursue the appeal, the student must submit a letter of appeal within five (5) working days of the instructor’s decision to the chair of the department for which the course was taught. The department chair will review the issue in consultation with the student and faculty member. The department chair may uphold the decision of the faculty member or recommend a different solution. The chair shall submit a written response to the student and the instructor within 5 working days following the receipt of the student’s letter of appeal. The instructor shall respond in writing within five (5) working days whether he/she agrees with the chair’s recommendation. If a grade change is agreed, the record change shall be initiated by the instructor within 2 working days.

3. If no mutually satisfactory decision was reached at Step 2, the student may appeal to the dean of the college (or designee) that houses the course. The written appeal must be submitted within five (5) working days of receipt of the instructor’s response. The dean (or designee) shall review the recommendation and respective documentation, and provide, in writing, to all parties a recommendation for the solution of the problem within five (5) working days following receipt of the written appeal. The instructor shall respond in writing within five (5) working days to all parties whether he/she agrees with the dean or designee’s recommendation. If a grade change is agreed, the record change shall be initiated by the instructor within 2 working days.

4. If the student is dissatisfied with the results of the appeal in Step 3, the student may submit a written appeal requesting a hearing with the Grade Appeals Panel to the Vice Provost for Undergraduate Academic Affairs, within five (5) working days of the instructor’s response to the dean’s recommendation. The Vice Provost will convene a Grade Appeals Panel as soon as practical.

Grade Appeals Panel

1. Membership: The Grade Appeals Panel shall be comprised of a dean not involved in the appeals process, two faculty members from a department other than the one involved in the appeal (selected by the Vice Provost), and two undergraduate students (selected by the Dean of Students). The Vice Provost (or designee) convenes the panel and serves as a non-voting member.

2. Determination of Merit: The Grade Appeals Panel shall receive copies of the written appeal and all prior documentation. Thereafter, neither new evidence nor changes shall be introduced before the Grade Appeals Panel. The Grade Appeals Panel shall review the file to determine if the student’s case meets any of the grounds for appeal. If the panel determines that the appeal does not meet any of the grounds, the appeal will not be considered. The ruling of the Grade Appeals Panel is final and must be communicated to all parties within 2 working days of the decision.

3. Hearing Meeting: If the Grade Appeals Panel determines that the case meets any of the grounds for appeal, the Panel will proceed to a full hearing of the appeal. All previously involved parties (instructor, student, chair and dean (or designee) have the right to attend the meeting and offer evidence or rebuttal. Both student and instructor may request to be accompanied by advisors during the hearing. Advisors may only consult and interact privately with the student and instructor during the hearing and will not be allowed to address the Grade Appeals Panel. The Vice Provost or her/his designee will notify the parties of the exact date, time and location of the hearing at least five (5) working days before the hearing. During the hearing, both student and instructor shall be granted time to present their case.

4. Deliberation and Decision: The Grade Appeals Panel shall deliberate confidentially and arrive at a decision by majority vote. If the Grade Appeals Panel finds that an academic evaluation based upon anything other than a good-faith judgment of a student’s work has been proved, it will approve a grade change to the academic record. The Grade Appeals Panel shall provide a written report of its ruling to the student, the instructor, the department chair, and the dean of the college within five (5) working days of the hearing. The decision of the Grade Appeals Panel is final and binding. If a grade change is approved, the Vice
Academic Renewal Policies

1. A returning undergraduate student who has not attended NKU for a minimum of two full consecutive academic semesters may petition for academic renewal of NKU coursework on a one-time-only basis. For the purpose of academic renewal, all summer sessions in one year will be counted as one semester.

2. When a student successfully completes 12 semester hours of courses numbered 100 and above at NKU, he or she should make an appointment with their academic advisor to discuss academic renewal and complete the Undergraduate Academic Renewal Petition on the website (http://inside.nku.edu/registrar/forms-records/forms.html).

3. To be considered for academic renewal, the student must have a GPA of at least 2.00 based on all courses completed since being readmitted and up through the semester in which the student earned the twelfth credit.

4. In completing an application for academic renewal, a student must specify the semesters that he or she wishes to be removed from the GPA calculation and credits earned.

5. For every semester selected for academic renewal, ALL courses transcripted for that semester will be subject to academic renewal.

6. For the semesters that are part of academic renewal, the courses and grades earned during those semesters will remain on the transcript, but the grades will not be included in the calculation of the student’s overall GPA and the credits will not apply to the minimum of 120 semester hours required for the bachelor’s degree or to the minimum of 60 semester hours required for the associate degree. The credits also will not apply to the bachelor’s degree requirement of 45 credits at the 300 level and above.

7. Courses that are part of academic renewal and satisfy the requirements for general education may be applied, but without awarding of credit, toward those requirements, provided that the student passed the course(s) at an acceptable level. Such application for major/minor requirements is subject to written approval by the chair of the department housing the relevant major or minor. This approval is found on the academic renewal petition (http://inside.nku.edu/registrar/forms-records/forms.html).

8. The student’s transcript will indicate the semesters that were subjected to academic renewal.

9. An updated transcript will be available via my Records on myNKU.

10. It is the student’s responsibility to contact any agency providing financial assistance to determine the effects of academic renewal on past or future financial benefits.

11. Students may apply for academic renewal only once.

12. Students who first enrolled at NKU between fall semester of 2004 through summer semester 2009 may have policies that affect their records outside of this catalog. These students are encouraged to contact the Office of the University Registrar for clarification.

Academic Requirements and Regulations

Academic Renewal

Academic renewal allows students who meet specific criteria to remove certain courses from their GPA calculation and credits earned. The courses and grades remain on the student’s transcript, but they do not contribute to the GPA or total credits earned.

Academic Renewal Policies

1. A returning undergraduate student who has not attended NKU for a minimum of two full consecutive academic semesters may petition for academic renewal of NKU coursework on a one-time-only basis. For the purpose of academic renewal, all summer sessions in one year will be counted as one semester.

Academic Requirements and Regulations

Updates

The colleges of the university reserve the right to change requirements. Program changes will become effective at the beginning of the next fall semester following their approval and are applicable only to new students and to readmitted students as stipulated elsewhere in this catalog under Catalog of Record. Changes in program requirements with any other effective date require the approval of the provost; such changes will become effective when posted in the Lucas Administrative Center, the University Center, the Student Union, the Office of Graduate Programs (for graduate programs only), and in each academic building. Students should refer any inquiries to the appropriate dean or the university registrar. Visit the university website (http://www.nku.edu) for more information.

Academic Standing

1. Student Classification: Students are classified based on the number of successfully completed semester credit hours earned in courses numbered 100 and above.

   Freshman 0-29 credit hours
   Sophomore 30-59 credit hours
   Junior 60-89 credit hours
   Senior 90 or more credit hours

2. Good Standing: A student is in good standing when he or she has at least 16 credit hours (for all courses attempted at the 100 level and above) and a cumulative GPA that meets or exceeds 2.00 for all courses attempted at the 100 level and above. A student with 0-15 credit hours is in good standing with a cumulative GPA that meets or exceeds 2.00 for all courses attempted at the 100 level and above.

Academic Warning

1. The first time a student’s overall GPA drops below 2.00 (or below 1.66 if the student has fewer than 16 quality hours), the student is placed on academic warning and will receive a letter indicating the student’s status and the consequences of being on academic warning. When a student is placed on academic warning:

   a. A registration hold is placed on the student’s record, which prevents the student from registering for classes prior to meeting with an advisor.

   b. The student will be required to meet with an advisor to remove the registration hold and to develop a plan for improving the student’s academic performance.
c. The student will be advised to take advantage of the university’s many services that support student success.

2. Students who are placed on academic warning will not be subject to probation before completion of 30 quality hours. After completion of 30 quality hours, one of two things will happen for any student on academic warning the previous semester:
   a. If the cumulative GPA has increased to at least 2.00, the student will return to good standing.
   b. If the cumulative GPA has not increased to at least 2.00, the student will be placed on probation.

**Academic Probation**

1. If a student on academic warning fails to increase his or her overall GPA to at least 2.00, then the student will be placed on probation.
2. When a student is placed on academic probation:
   a. A registration hold is placed on the student’s record, which prevents the student from registering for classes prior to meeting with an advisor.
   b. The student will be required to meet with an advisor to remove the registration hold and to develop a plan for improving the student’s academic performance.
   c. The student will be allowed to take no more than 13 semester credit hours during fall and spring semester, no more than six semester credit hours in the summer, and no more than one class in any one summer or winter session.
   d. The student is expected to work closely with his or her advisor to identify and take advantage of the university’s many services that support student success.
3. A student will be removed from academic probation status if he or she achieves an overall GPA of at least 2.00.
4. A student with a cumulative GPA of less than 2.00 will remain on academic probation if he or she earns a GPA of at least 2.25 in the current semester.
5. A student on academic probation who fails to achieve either 3 or 4 will be suspended.

**Academic Suspension**

**First Suspension**

1. A student suspended from NKU or another institution for the first time for academic reasons is required to remain out of school for at least two full semesters (counting only spring and fall).
2. After serving the period of suspension, a student may be reinstated or admitted to the university.
   a. To be reinstated or admitted, the student must meet with the dean (or dean’s designee) for the student’s college or if the student is “undeclared,” the director of Norse Advising, to discuss academic standing and future direction.
   b. This meeting must occur by August 1 for fall semester, December 1 for spring semester, and May 1 for summer sessions.
3. If the suspended student has remained out of school for more than two years, the student must complete and submit an application for readmission to the university once reinstatement has been approved.
4. Step #2 also applies to students transferring to NKU who are ineligible to return to their previous institution(s) because of academic deficiencies or if they have a cumulative GPA of less than 2.00

**Second Suspension**

1. A student suspended a second time is required to remain out of school for at least two full semesters (counting only spring and fall).
2. The student will not be reinstated to NKU except in unusual circumstances and then only if the following conditions are met:
   a. The student meets with the appropriate college dean (or dean’s designee) or the director of Norse Advising if he or she lacks a declared major and obtains a positive recommendation for reinstatement.
   b. The student submits an appeal letter to the ad hoc group described in (c) below.
   c. An ad hoc group, consisting of the dean (or dean’s designee) from each of the undergraduate colleges plus the director of Norse Advising, approves the student’s request for readmission.
3. If reinstatement is approved, the student must then complete and submit an application for readmission to the university.

**ADA Policy**

The Office of Disability Programs and Services (http://disability.nku.edu) provides academic accommodations and auxiliary aids to individuals with disabilities in compliance with the Americans with Disabilities Act and Section 504 of the Rehabilitation Act. The office staff are committed to providing reasonable accommodations and a supportive environment for qualified students with disabilities to ensure equal access to the university’s programs and curriculum.

**Adding a Course**

1. The online registration guide and online academic calendar list the dates when a student may add a course after completing registration.
2. A course should be added via myNKU or in person at the Office of the University Registrar, Lucas Administrative Center 301. Registration for the added course is not official unless processed via one of these methods.
3. When adding courses, a student should see the course load policy for allowable limits.

**Alcohol and Drug Abuse Policy**

In order to ensure the university’s commitment to a quality educational and work environment, every faculty member, employee, and student has a right to work and learn in an environment free from the effects of abuse of alcohol and other drugs. It is the policy of the university to discourage the misuse and abuse of alcoholic beverages and other drugs. NKU prohibits the unlawful possession, use, or distribution of drugs and alcohol on its property or as a part of its activities. A clear statement of unacceptable conduct and consequences related to substance abuse is found in the Code of Student Rights and Responsibilities (http://scra.nku.edu/policies/student-rights.html).

Students may be accountable to both civil authorities and to the university for acts that constitute violations of both the law and the student code. Those charged with violations are subject to university disciplinary proceedings pending criminal proceedings and may not challenge university proceedings on grounds that criminal charges for the same incident have been dismissed, reduced, or not yet adjudicated.
The following misconduct is subject to disciplinary action:

- Unauthorized distribution, possession, or use of any controlled substance, illegal drug, or paraphernalia as defined by Kentucky Revised Statutes, chapter 218A, on university premises or at university-sponsored activities.
- The use, possession, or distribution of alcoholic beverages on university property except as authorized by university policy.
- Appearing in a public place on university premises or at university-sponsored activities manifestly under the influence of a controlled or other intoxicating substance to the degree that there is danger to self, others, or property, or there is unreasonable annoyance to persons in the vicinity.
- Aiding or abetting any conduct described above.

The legal drinking age in Kentucky is 21. Individuals are personally responsible for knowing the laws that apply to substance abuse in Kentucky. In particular, individuals should be aware of the legal consequences for violation of the legal age, use of false identification, drunk driving, and the sale or distribution of illicit drugs.

Recognizing that alcohol and drug abuse are serious problems in our society, NKU offers a variety of educational and assistance programs to the student population. For more information, students should contact the Office of Health, Counseling, and Student Wellness (http://hcsw.nku.edu), University Center 440, or by calling 859-572-5650.

Auditing a Course

1. A student may enroll to audit a course when the student does not desire to earn academic credit for the course.
2. The same registration procedures are followed and the same tuition and fees are charged as for credit courses.
3. An audit form must be completed and filed in the Office of the University Registrar, Lucas Administrative Center 301, by the last day to register or enter a class.
4. A grade of T is awarded for all audited courses, and no academic credit is awarded.
5. Audited courses cannot apply to any degree or certificate programs.
6. Students auditing a course are expected to follow the university’s attendance policy. Other course requirements will vary depending upon the nature of the course and the individual instructor or program.
7. Any change from audit to credit or credit to audit must be completed by the last day to register for a class.
8. Refunds for withdrawals from audited courses are calculated according to NKU policy.

Catalog of Record

1. A student’s catalog of record is the source for all policies and program requirements associated with the student’s degree requirements (for a list of degree requirements, see section on Requirements for a Bachelor’s Degree or Requirements for an Associate Degree).
   a. The most recent catalog in existence determines all other university policies and procedures.
   b. A student’s catalog of record does not impact course prerequisites or co-requisites. What is in effect when the student enrolls in the course determines the required prerequisites and co-requisites.
2. The catalog in effect when a student enters the university (enrolls in classes) as a degree-seeking student is the student’s catalog of record.
   a. If a student is not enrolled for two or more academic years, the student will be required to follow all institutional and program requirements in effect at the time of re-entry to the university. EXCEPTION: Adult learners re-entering the university with more than 80 hours earned under the Project Graduate program.
   b. A student who is enrolled in a pathway partnership program or program with assigned memorandum of understanding allowing for a back dating of the catalog of record may petition for their catalog of record to be back dated up to two years, prior to the year of admission.
3. A student may elect to change his/her catalog of record to a catalog issued at a later date. The student must then satisfy ALL requirements for the desired degree under the catalog selected.
4. To follow a later catalog, the student must make his or her intentions known by writing to the Office of the University Registrar (Lucas Administrative Center 301).
5. EXCEPTION: Transfer policies relative to GPA and course equivalencies will not change even if the student elects to follow a later catalog.
6. Except in unusual circumstances, the requirements of one catalog may be followed for no more than eight consecutive academic years from the time the student first enrolled. After eight consecutive academic years, the student’s catalog of record will be the catalog following the one that just expired unless the student designates in writing to the Office of the University Registrar (Lucas Administrative Center 301) a more recent catalog.
7. Students should consult their academic advisors for questions regarding their catalog of record.
8. Appeals to this policy are handled by the academic dean of the college housing the student’s major.

Class Attendance

Classroom participation is essential to the educational process. When requirements of attendance are delineated in the syllabus, the instructor may lower a student’s final grade because of absences. Students are responsible for material disseminated in class and online and are not released from this responsibility because they cease to attend. It is the student’s responsibility to be aware of the calendar deadline for officially withdrawing from a course. If a student does not officially withdraw prior to this deadline and fails to successfully complete the required coursework, a failing grade will be recorded.

Non-Attendance Policy

NKU students are expected to attend the first scheduled class session of each course for which they are enrolled. If a student does not attend the first day of class, the instructor may drop the student for non-attendance. Students who know they will be absent must contact their instructor(s) prior to the first class meeting to explain their absence and request to remain enrolled in the course.

Student Absence Due to Military Service

Northern Kentucky University recognizes and appreciates the important contributions made by Active Duty, Reserve, National Guard, ROTC military students in service to their country of allegiance. The university understands that students may be called into active military service for periods longer than 14 days or be required to be absent from class for shorter durations to fulfill military obligations.
The University has adopted an Active Duty Military Absence option to be considered for absences longer than 14 days. The University also has developed a Short-Term Military Absence policy for absences that exceed the attendance policy for the course(s) or last up to two weeks during the fall and spring semesters. The Short-Term Military Absence policy will apply to an equivalent time period in reduced semesters (e.g., 7-week terms and summer sessions).

Examples of Active Duty Military Absence include but are not limited to: individual or unit calls to active duty for deployment, natural disaster response, or receipt of military permanent change of station orders. Short-Term Military Absences may include funeral honor guard details, periodic training/drill obligations, ROTC field training exercises or service related medical appointments.

Students must provide instructors with maximum advance notice of absences and provide copies of their official military documentation (paper, electronic orders, or a unit’s memorandum). It is the responsibility of the student to request the opportunity to complete missed work, and to complete coursework according to the terms mutually agreed upon between the instructor and the student. Registration for those courses in which instructors accommodate the absence will remain intact and tuition and mandatory fees will be assessed in full for those courses.

The Certifying Official and the Office of the University Registrar will collaborate to obtain a copy of the official military documentation. The Certifying Official and the Office of the University Registrar will work with the student and instructor to ensure complete understanding of the policy and the impact of the policy on the academic record. All parties will be notified and provide assistance in completing the form if necessary. If the student is serving in a country other than the United States, the Office of International Students and Scholars may be required to verify the student’s military necessity for withdrawal.

Once the student is aware of call to duty, the student must discuss their circumstances with the Certifying Official located in the Office of the University Registrar. The student will be advised of the policy and given a Student Absence Due to Military Service form. Any withdrawal from the university may impact current and future VA benefits.

If a withdrawal is under any consideration, the student will immediately notify and collaborate with the instructor. After discussion with the instructor, the only viable option may be to withdraw from some or all classes. Should a withdrawal be necessary or adjustments be made for a course, the student will follow the procedures identified in option A and B found in the Absence Due to Military Service Form.

The student should see the Certifying Official located in the Office of the University Registrar. The student will be advised of the policy and given a Student Absence Due to Military Service form. If a withdrawal is being considered, the student will immediately notify and collaborate with the instructor.

The Certifying Official will collect a copy of the official military documentation and a completed Absence form. Any questions regarding the decision will be answered and explained to the student.

Per the student’s form, the following may occur:

a. Withdraw from all classes with a 100% refund with the report date used as the effective withdrawal date. Student is then Deregistered using “Military/Civil Service” as reason for withdrawal.

b. Certifying Official will request the grade earned to date by the report date from each instructor, and that grade will be recorded by the official in the Office of the University Registrar. Student is then Deregistered using “Military/Civil Service” as reason for withdrawal.

c. Withdraw from selected courses as indicated on the Notification form with the report date used as the effective withdrawal date.

Required reporting, outside of notifying SAS, FA and the instructors, includes notifying the VA Education Division for students using a GI Bill or VA Education Benefit. This will be done by the Certifying Official within 30 days of the withdrawal date. SAS will process and return any federal Tuition Assistance refunds, and FA will process and return any state Tuition Assistance refunds in accordance to Title IV.

Late submissions can be accepted and processed. However, retroactive withdrawals cannot be processed more than 6 months from the "end of active duty” date. The Office of the University Registrar and the Certifying Official will verify end dates to determine whether or not a late withdrawal will be allowed.

Any withdrawals not included on the Absence form, meaning submitted by the student using myNKU, will be processed in accordance with the dates published on the University’s Academic Calendar and may not be eligible for a refund. Appeals will be considered within 6 months of the "end of active duty" date. The student will need to provide a copy of the official military documentation before an appeal will be considered.

**Course Load Policy**

It is normal that, for one 3-credit hour course, students should expect to spend five to six hours on course-related work outside of class time. This means that students carrying 15 credit hours may need to spend a minimum of 25 to 30 hours per week in outside class work. This must be considered in developing a class schedule.

The following course load policies apply for each semester/session:

1. The suggested undergraduate course load for fall and spring semesters is 15 credit hours.

2. The maximum course load in fall or spring semester is 18 credit hours (including audit, residence, correspondence, off-campus, and consortium courses). EXCEPTIONS:
   a. A student who has attained a GPA of 3.00 or higher for a total of at least 15 credit hours for the preceding semester may be permitted by his or her dean to carry up to 21 credit hours.
   b. If a student’s curriculum specifies that a student should take more than 18 credits in a given semester, the student should follow the curriculum.

3. A student may take only one intersession course and one winter term course each year.

4. A student may take up to 6 credit hours during each of the five-week summer sessions for a total of 12 credit hours. The maximum course load for all summer sessions is 15 credit hours.

5. A student on academic probation may not take more than 13 credit hours in a fall or spring semester, no more than six credit hours total in summer, and no more than one class in any one summer or winter session.

6. A student with particular problems concerning course load should see the dean (or designee) of the college that houses his or her major.
Course Numbers
Course numbers help students to know which courses are most appropriate for them. Here is the explanation of NKU’s course numbering system:

000-099: developmental courses; courses with these numbers may not be applied toward a student’s classification or toward a degree.
100-199: courses intended for freshmen.
200-299: courses intended for sophomores.
300-499: courses intended for juniors and seniors.
500-599: courses intended for juniors, seniors, and graduate students.
600-899: courses intended for graduate students only.

Course Substitution
Requirements for specific majors and minors have been carefully established by the faculty of the relevant department, and they have been approved by the University Curriculum Committee. Thus, students are strongly urged to complete the requirements as listed in the catalog that they are following. There are, however, limited circumstances that justify deviating from the required list of courses, and the student may be allowed to substitute a different course in place of a required course. In those instances, a course substitution form must be requested by the faculty advisor, approved by the department chair, and submitted to the Office of the University Registrar (Lucas Administrative Center 301).

Credit for Prior Learning
Northern Kentucky University will grant credit to enrolled students based upon established prior learning assessment equivalencies. The University expects prior learning recommendations to meet the institution’s quality criteria, as outlined in assessment procedures herein outlined.

a) Prior Learning Assessments shall include:
1. Advanced Placement (AP) Exams
2. American Council on Education (ACE) Credit
3. College Level Examination Program (CLEP) Exams
4. Credit for Prior Learning Examination (CLEP), previously known as Advanced Standing
5. DSST Credit by Exam Program
6. Industry Credentials or licensure or certification that relate to the student’s specialty area, such as the Financial Industry Regulatory Authority Examination (FINRA)
7. International Baccalaureate (IB)
8. Portfolio-Based Assessments, through the submission of a portfolio of work and formal instructional experiences, including life learning essays and documentation from the employer, which is evaluated by the appropriate department and has been assessed as equivalent to the learning outcomes for specific courses.
9. World Language Incentive Program

b) Credit for prior learning may apply toward any part of a student’s degree. The number of credit hours that a student can apply toward graduation through prior learning assessment is governed by the graduation requirements of the major. Appeals can be made to the dean (or designee) of the college where the student’s major is housed regarding Prior Learning Assessment credit and residency requirements. Students cannot use Prior Learning Assessment credit to replace an unsatisfactory grade. However, students who attempt and pass a form of Prior Learning Assessment credit may still use this satisfactory credit to meet program, degree, and graduation requirements. Finally, NKU Prior Learning Assessment credit will only be granted for students who have enrolled at NKU.

c) University officials and departments will approve the award of credit appropriate to the overall context of the student’s degree, and determine the nature of the credit (e.g., introductory-level courses, general education equivalencies, major courses, elective courses), consistent with Northern Kentucky University curriculum policies.

d) Credit for prior learning not entered as transfer credit shall be entered on the student’s record by the Office of the University Registrar by the end of the term in which the assessment took place or the request for prior learning assessment credit was approved.

e) Student fees will only be collected for prior learning not entered as transfer credit.

f) To equate a form of prior learning to a NKU course, the initiating department must complete the Credit for Prior Learning Course Equivalency Request Form. The form must be signed by the department chair and the Dean of the initiating college. This form indicates that the prior learning assessment will assess all learning outcomes of the course. It will detail the process that was executed to ensure that the prior learning assessment effectively measures the learning outcomes for the course that it is being equated. The requested prior learning assessment equivalencies will require approval through the regular University curriculum approval process.

Advanced Placement (AP)
High school students may receive credit by earning the required score on an approved AP examination. An appropriate number of semester hours will be awarded, and a grade of pass (P) will be assigned for successful completion of approved courses. Information concerning the AP program may be obtained from a high school counselor. Official AP scores should be sent to NKU’s Office of Admissions (Lucas Administrative Center 400). Additional information on regulations and approved NKU programs for AP credit may be obtained from the Office of Admissions. Examination scores range from 1 to 5. Subject areas in which a student may receive credit from NKU by earning acceptable scores are listed in the Appendix.

American Council on Education Non-Collegiate Sponsored Instruction (ACE)
Credit may be awarded based on educational programs offered by many large corporations or nonacademic institutes. Only programs approved and recommended by the American Council on Education will be considered for credit. Students may request evaluation of credit by sending the ACE transcript “Registry of Credit Recommendations” and appropriate course outline(s) to Prior Learning Specialists in Norse Advising. More information can be obtained by calling 859-392-2400.

College Level Examination Program (CLEP)
CLEP, a national program of credit by examination administered by the College Board, was adopted at NKU to provide individuals with an opportunity to earn credit by examination. The Office of Testing Services at NKU is a recognized CLEP testing center and provides information about the tests as well as administers them. A grade of pass (P) will be assigned for the successful passage of a CLEP examination. Students are urged to consult their advisors before registering for CLEP exams. NKU requires submission of an official score.
report. Check the university’s testing website (http://testing.nku.edu) for updates. Please see the Appendix for specific course equivalences. (The university reserves the right to revise these listings in accord with recommendations from the American Council on Education).

**Credit for Prior Learning Examination (CPLE)**
Currently enrolled, matriculated students can receive credit for certain approved courses by passing an examination in a subject in which they have demonstrated exceptional ability. There is a fee for each examination attempted. These examinations are graded as pass/fail. However, some departments may have minimum passing scores. If a failing grade is earned, the course will not be posted to the student’s transcript. If a passing grade is earned, the student’s NKU transcript will indicate the class as a Credit for Prior Learning Examination (CPLE). Check the university’s testing website (http://testing.nku.edu) for updates.

**DSST Examinations**
The DSST credit-by-examination program, recommended by the American Council on Education, is a form of prior-learning assessment that gives students the opportunity to receive college credit as a result of their test scores. The Office of Testing Services at NKU is a recognized DSST testing center and provides information about the tests as well as administers them. A grade of pass (P) will be assigned for the successful passage of a DSST examination. Students are urged to consult their advisors before registering for DSST exams. NKU requires submission of an official score report for evaluation by NKU standards. Check the university’s testing website (http://testing.nku.edu) for updates. Please see the Appendix for specific course equivalences. (The university reserves the right to revise these listings in accord with recommendations from the American Council on Education).

**Industry Credentials**
We award credit for the passage of certain professional licensure examinations in fields like Nursing, Respiratory Care, Business, and Radiology. The list below shows the current Industry Credentials accepted at NKU. Please click the links to show the certifications accepted by NKU, the minimum score, the semester credit hours earned with that score, and the equivalent NKU courses. These equivalencies can also be found in the catalog appendices.

Financial Industry Regulatory Authority (FINRA)
The American Registry of Radiologic Technologists (ARRT)
The American Registry for Diagnostic Medical Sonography (ARDMS)
National Board for Respiratory Care (NBRC)
Nuclear Medicine Technology Certification Board (NMTCB)
National Council Licensure Examination (NCLEX)
National Association of Insurance Commissioners (NAIC)

**International Baccalaureate (IB)**
High school students completing this rigorous program may receive credit by earning the required score in a specific subject. An appropriate number of semester credit hours will be awarded the grade of pass (P) for successful completion of approved courses. To earn credit, the student must request that an official transcript issued by the New York office of the International Baccalaureate be sent to the Office of the University Registrar. Please see the Appendix for specific course equivalences.

**Credit for Prior Learning Portfolio (CPLP)**
Students may receive credit for certain approved courses via portfolio development for learning that has occurred through their military, career, and non-academic experiences. A portfolio is a set of written documents (and in some cases, oral supplements) that demonstrate experiential learning equivalent to the learning objectives of a specific course. Prior to development of a portfolio, the student must schedule a meeting with an advisor to determine program eligibility. For each portfolio attempted, the student will work with a faculty evaluator who will determine whether the portfolio and the student’s experience meet the learning objectives of a specific course. Credit is granted upon recommendation of the faculty evaluator with approval from the appropriate department chair and dean. For more information about Credit for Prior Learning Portfolio call Norse Advising at 859-392-2400.

**World Language Incentive Program**
WLIP is intended for students who are enrolling in their first language course at NKU and who have prior experience in that language. French, German, and Spanish students must take the placement test which is available free-of-charge online (http://artscience.nku.edu/departments/worldlanglit/placement/webcape.html) or in the language lab (Landrum Academic Center 103).

Students who place into a course above the 101 level should go to Landrum Academic Center 134 for the electronic permit for their indicated course, or they may consult the department coordinator or the department chair at worldlanglit@nku.edu. Students who are enrolling in their first language course at NKU who have prior experience in a language other than French, German, or Spanish should consult the Department of World Languages and Literatures (Landrum Academic Center 103) about enrollment in the appropriate course and WLIP credit.

Students who enroll at NKU in world languages courses at the 102 level or higher and who complete one course in the same language with a grade of C- or better are eligible to receive credit for the 101 course in the same language. Students who enroll at NKU in a world language course at the 201 level or higher and complete two courses at the equivalent level or higher in the same language with a grade of B- or higher are eligible to receive up to 12 hours of retroactive 100- or 200-level credit in the same language. Transfer students may be eligible for retroactive credit after completing one course at NKU with a grade of B- or higher. Transfer students should contact the Department of World Languages and Literatures at 859-572-7650 to discuss the retroactive credit option.

Upon completion of the appropriate course(s), the student must submit an application for retroactive credit to the chair of the world languages and literatures department. Application forms are available in the department office, Landrum Academic Center 134.

Additional information regarding world language placement is available online (http://artscience.nku.edu/departments/worldlanglit/placement.html). Students who receive credit through AP or CLEP exams are still eligible for the World Language Incentive Program. The total language credits from all sources cannot exceed 12 hours. Requests for credit from students who complete courses in the 101-202 sequence out of order require the approval of the department chair, the assistant dean of the College of Arts and Sciences and the vice provost.

**Declaring and Changing a Major**
1. Most students are allowed to declare a major at the time they apply to NKU or at the time they register as freshmen. This declaration is not considered binding, and the student may elect later to change his or her major.
2. Freshman students uncertain about their major may choose an “undeclared” major.

3. Students seeking a bachelor’s degree should declare an academic major by the time they reach 30 earned credit hours, but not later than 40 hours. Transfer students entering with more than 40 hours credit will be required to declare an academic major by the end of their first semester of enrollment.

4. Students seeking an associate degree should declare a major by the time they complete 20 earned credit hours. Transfer students entering with more than 20 hours credit will be required to declare an academic major by the end of their first semester of enrollment.

5. Students must submit a declaration/change of major request through the online form in the myNKU portal any time they elect to change their program. It is a student’s responsibility to submit this online form, and once submitted, it will be routed electronically to the appropriate department(s) and the Office of the University Registrar for approval. Failure to submit this form may affect the student’s graduation plans.

**Diplomas**

The diploma, which documents that one has earned a degree, is issued and dated only after all graduation requirements are met. NKU awards degrees in May, August, and December. Diplomas are then mailed to the recipient’s diploma address submitted at the time of application. It generally takes at least six to eight weeks following commencement for the diploma to arrive.

**Dropping a Course**

**Dropping a Course - Student Initiated**

1. Once the semester has begun, students may withdraw from a course only during the session or semester in which the course is taken.

2. There are three time periods that relate to withdrawing from a course.

   a. **Weeks 1 through 3 or equivalent:** during the first three weeks or equivalent of the semester, official course withdrawals are not reflected on the student’s transcript. That is, the transcript will not indicate that the student was ever registered for the course.

   b. **Weeks 4 through 10 or equivalent:** a student who withdraws from a course after the third week of the semester (or equivalent) and prior to the end of the 10th week of the semester (or equivalent) will receive a grade of W for the course.

   c. **Weeks 11 through 14 or equivalent:** course withdrawals after the 10th week or equivalent are not usually allowed. In circumstances beyond the student’s control, a W may be granted with approval of the instructor, the chair of the department offering the course, and the dean of the college offering the course. In cases not approved, the student will receive the grade of F (failure).

   1. Students withdrawing completely after the 10th week need only the approval of the dean of the student’s major.

   2. The instructor may not issue a W as the final grade for students who did not withdraw prior to the 10th week or equivalent if they are not covered by exceptions listed above.

**Removal from a Course - University Initiated**

1. Students are expected to attend the first day of each course for which they are enrolled. A student who, without previous arrangement with the instructor or department, fails to attend the first class meeting of a given term may be dropped from the course. An instructor may drop a student for nonattendance only during the regular drop/add period of the term as defined by the academic calendar. Nonattendance does not release students from the responsibility to officially drop any course for which they have enrolled and choose not to complete.

2. A student may also be dropped from a course as a result of his or her disruptive classroom behavior. See the Code of Student Rights and Responsibilities (http://deanofstudents.nku.edu/policies/student-rights.html) for more information.

**Final Exams**

All classes will meet during the officially scheduled time for the final exam as published on the Office of the University Registrar’s website. During the scheduled exam time, the faculty member will either administer a final exam or, if an exam is not warranted, provide some other meaningful course-related experience.

A take-home final exam does not eliminate the need to use the final exam time to either administer an in-class exam or provide another meaningful course-related experience.

No student can be required to take more than two final exams on the same day. If more are scheduled, it is the student’s responsibility to contact the faculty no later than the 14th week of the semester (or its equivalent) to work out a plan to move one of the exams to a different date. If none of the faculty agrees to a different exam date, the faculty member giving the third exam of the day is required to arrange a different date for the student to take the exam.

**Four-Year Graduation Plans**

Each academic major described in the college/department sections of the catalog is linked to a four-year graduation plan that shows one way that a student entering NKU fully qualified to undertake college-level study - that is, no deficiencies requiring developmental coursework - can complete all degree requirements in four years. These plans do not take the place of the academic advisor, and students must still work with their advisors to ensure timely graduation. They do, however, provide helpful guidance. In order to access a four-year plan, the student must use the online version of the catalog.

**Full-time Status**

To be classified as a full-time undergraduate student at NKU, the minimum course load is 12 credit hours in a fall or spring semester and nine semester hours in summer.

**Grading Policies**

**Calculating a Grade-Point Average (GPA)**

1. Consider ONLY courses numbered 100 and above. Developmental courses do not contribute to the GPA.

2. For each course, multiply the credits awarded by the letter grade. Each letter grade, A through F, has a numerical equivalent that is listed in the grading scale table given earlier. For example, if a course numbered 100 and above is worth three credits and the student earns a grade of B+, then multiply three times 3.333 to get 9.999. This yields the points for that course.

3. Add together all of the points.

4. Add together all of the credits for courses that were assigned a letter grade and that were at the 100 level and above.
5. Divide the sum of the total points by the sum of the credits.

6. **Note:** Grades of I, K, N, NR, P, T, and W do not affect the GPA; a grade of F does affect it.

7. Here is an example of how to calculate a GPA:

<table>
<thead>
<tr>
<th>Course No.</th>
<th>Credits</th>
<th>Grade</th>
<th>Grade Value</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENG 101</td>
<td>3</td>
<td>B+</td>
<td>3.333</td>
<td>9.999</td>
</tr>
<tr>
<td>CMST 101</td>
<td>3</td>
<td>A-</td>
<td>3.667</td>
<td>11.001</td>
</tr>
<tr>
<td>MAHD 095</td>
<td>0</td>
<td>A-</td>
<td>course below 100</td>
<td>0</td>
</tr>
<tr>
<td>HIS 103</td>
<td>3</td>
<td>B</td>
<td>3.000</td>
<td>9.000</td>
</tr>
<tr>
<td>AST 110</td>
<td>4</td>
<td>F</td>
<td>0</td>
<td>0</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td>13</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td>30</td>
</tr>
</tbody>
</table>

8. GPA = 30/13 = 2.308

**Grading Scale**

<table>
<thead>
<tr>
<th>Grade</th>
<th>Value in GPA Calculation</th>
<th>Interpretation</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.000</td>
<td>Exceptionally high achievement</td>
</tr>
<tr>
<td>A-</td>
<td>3.667</td>
<td></td>
</tr>

<td>B+</td>
<td>3.333</td>
<td></td>
</tr>
<tr>
<td>B</td>
<td>3.000</td>
<td>High achievement</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Other grading options include the following:**

- **I** An I grade may be assigned when part of the work in a course remains incomplete. It is given only at the student's request and when there is a reasonable possibility that a passing grade will result from completion of the work. The student and faculty member will mutually set a deadline for completion of the work. The faculty member will file a grade change when the work is completed. However, if the coursework is not completed by the last day of the following semester (excluding summer and winter terms), a grade of F will automatically be assigned. The appropriate dean may grant a semester extension of an I grade due to unforeseen family or medical circumstances and will notify the university registrar of such action. Under no circumstances will more than one extension be granted for an I grade.

- **K** Represents satisfactory progress in courses identified by the department, the dean, and the university registrar as developmental or remedial, or music courses identified by the music department. Students receiving a grade of K will be required to register for that course again the next semester. During the semester in which the student achieves proficiency in the course that was previously assigned the grade of K, the instructor will assign a standard letter grade of A, B, C, etc., or a P if the course is offered only on a pass/fail basis. At that time, semester hours attempted and semester hours earned in the course will appear on the student's permanent record.

- **N** Represents satisfactory performance in those courses that carry no academic credit but must be taken in conjunction with other courses.

- **NR** Is a temporary grade indicating that a grade was not yet reported for the particular course. When the grade is issued, the NR will be changed to one of the other grades.

- **P** Represents satisfactory performance, or "passing," in those courses graded pass/fail. Only the grade of C- or better is considered passing on the pass/fail system.

- **T** Represents an audit (no academic credit awarded).

- **W** Represents an official withdrawal from a course. The W will appear on the permanent academic record but will not be used in computing the student's GPA.

**Honors Lists**

1. All undergraduate students attempting at least 12 semester credit hours at the 100 level and above (this excludes developmental
coursework) who achieve a semester GPA of 4.000 at the completion of a semester’s work will be appointed to the President’s Honors List.

2. All undergraduate students attempting at least eight semester hours at the 100 level and above (this excludes developmental coursework) achieving a semester GPA of at least 3.600 at the completion of a semester’s work will be appointed to the Dean’s List.

3. All undergraduate students attempting at least three semester hours but fewer than eight semester hours at the 100 level and above (this excludes developmental coursework) achieving a semester GPA of at least 3.600 at the completion of a semester’s work will be appointed to the Scholar’s List.

Pass/Fail Grading Option: Student-Initiated Option

1. The student-initiated option to take a course pass/fail encourages students to experiment in academic disciplines by enrolling in courses they may not take normally if subjected to the same grading pressures incurred as in their major area of study. For this reason, pass/fail can contribute substantially to a student’s breadth of experience at NKU.

2. Taking courses pass/fail under the student-initiated option is subject to the following restrictions:
   a. The student must complete the appropriate form online (https://nku.co1.qualtrics.com/SE/?SID=SV_5p6RJuqqAJNBUGN).
   b. The form can be completed at the time of registration but not later than the last day to register for a class for that semester/term as listed in the appropriate online academic calendar.
   c. The choice to receive a traditional letter grade or a pass/fail grade cannot be changed after the last day to register for a course except by withdrawal or by repeating the course.
   d. A student may not repeat a course on a pass/fail basis in order to replace a previously earned letter grade of $A$ through $F$.
   e. The student must be a bachelor’s student who has attained junior standing (having earned 60 credit hours or more).
   f. Courses taken pass/fail must be elective in nature and cannot be used to fulfill specific general education, major, minor, or focus requirements.
   g. Pass/fail courses may be applied toward 300 level and above course requirements.
   h. No more than 12 credit hours toward graduation may be completed through the student-initiated pass/fail.
   i. Only the grade of $C-$ or above will be considered passing when courses are taken under the pass/fail option; the grades of $D$ and $F$ will be recorded as failing grades.
   j. The grade of $P$ will not be computed in the GPA but the credit hours associated with the course will be counted as credit hours earned and will count toward graduation under the restrictions previously mentioned.
   k. The grade of $F$ will be computed in the student’s GPA as hours attempted.

3. Under the student-initiated pass/fail policy, the instructor will not know whether an individual is taking the course for a traditional letter grade or pass/fail. When the semester ends, the instructor will submit traditional letter grades for all students. For those students taking the course as pass/fail, grades will be converted by the Office of the University Registrar.

4. Should a student change major, minor, or focus after having taken a course under the student-initiated pass/fail option, any discussion regarding acceptance of the course for major, minor, or requirements will be made on an individual basis by the appropriate department chair. If needed, and with the student’s permission, the instructor’s record of the original letter focus grade may be consulted in such a case.

Graduate Courses

In general, no undergraduate student may enroll in a course at the 600 level or above. At the beginning of the semester, the Office of Graduate Programs will notify any student enrolled in a graduate-only course, and the student will be required to drop the course. If the student fails to drop the course, he or she will be administratively removed from the course by the Office of Graduate Programs.

EXCEPTION: An undergraduate student who has no more than six credits remaining to complete a bachelor’s degree may be dually enrolled as an undergraduate and graduate student, provided the student has the approval of his or her undergraduate academic advisor and the relevant graduate program director. Students seeking dual enrollment must submit a graduate application and meet all admission requirements for the graduate program with the exception of the undergraduate degree. Once accepted, a dually-enrolled student may take a maximum of 12 credits, six at the graduate level and six at the undergraduate level, in a single semester. Graduate credit for these courses will not be granted unless all work for the undergraduate degree is completed in the semester in which the student is enrolled for graduate credit. Credits earned in a graduate course cannot apply toward both a bachelor’s and a graduate degree. Students taking undergraduate and graduate courses concurrently will be assessed tuition at the graduate level for all courses.

Graduation Requirements

Requirements for a Bachelor’s Degree

In order to receive a bachelor’s degree, a student must:

1. Complete a minimum of 120 semester credit hours.
2. Complete from NKU* at least 25 percent of the credits required for the degree.
3. Complete the last 30 semester credit hours from NKU*. Limited exceptions are possible when approved by the dean (or designee) of the college where the student’s major is housed.
4. Complete developmental coursework, if required.
5. Complete the general education requirements for a bachelor’s degree.
6. Complete at least 45 semester credit hours in courses numbered 300 and above. Note: Freshman- and sophomore-level courses completed at other institutions may have course titles or content similar to certain 300- and 400-level courses at NKU. The Office of Transfer Services, in consultation with the department chair where the equivalent NKU course is housed, will determine whether such courses will contribute to meeting NKU’s requirement for 45 credits in courses numbered 300 and above.
7. Complete the requirements for the major.
8. Complete one of the following:
   a. A minor in a discipline outside the major discipline
   b. A minor in an interdisciplinary program offered by NKU
   c. A focus consisting of at least 12 semester hours in courses numbered 300 or above, in a discipline that is different from the
To apply to graduate with a bachelor’s degree, a student must:

Applying to Graduate - Bachelor’s Degree

To apply to graduate with a bachelor’s degree, a student must:

1. Have a **program certification form** on file.
   a. One signed form is required for each major, minor, and focus the student is completing.
   b. The form is available online, and the department chairs (or designees) of a student’s major and minor fields of study must each sign the program certification form. The chair of the student’s major fields of study should sign the program certification form for the area of focus.
   c. The program certification forms must be submitted concurrently with the application for degree candidacy, described below.

2. File an **Application for Undergraduate Degree Candidacy** in the Office of the University Registrar. The application is available online through myNKU and should be submitted by the following dates.

   - **For fall graduation**: April 22
   - **For spring graduation**: October 22
   - **For summer graduation**: April 22

3. Pay the **application to graduate fee**.
   a. For fall semester graduation, apply for undergraduate degree candidacy:
      - By April 22: $50
      - Between April 23 and August 8: $80

   b. *Graduation applications submitted after October 31 will not be processed for fall semester graduation unless special approval is obtained. Those graduating with a bachelor’s degree must receive permission from the associate dean of their college. Even with that approval, there is no guarantee that the application can be processed in time for fall graduation.

   c. For spring semester graduation, apply for undergraduate candidacy:
      - By October 22: $50
      - Between October 23 and January 8: $80
      - Between January 9 and March 30: $100
      - After March 30*: $100

   d. *Graduation applications submitted after March 30 will not be processed for spring semester graduation unless special approval is obtained. Those graduating with a bachelor’s degree must receive permission from the associate dean of their college. Even with that approval, there is no guarantee that the application can be processed in time for spring graduation.

   e. For summer semester graduation, apply for undergraduate candidacy:
      - By April 22: $50
      - Between April 23 and May 31: $80
      - Between June 1 and July 1: $100
      - After July 1*: $100

   f. *Graduation applications submitted after July 1 will not be processed for summer semester graduation unless special approval is obtained. Those graduating with a bachelor’s degree must receive permission from the associate dean of their college. Even with that approval, there is no guarantee that the application can be processed in time for summer graduation.

Second Bachelor’s Degree

A student who wishes to receive two bachelor’s degrees may meet the requirements for them concurrently or consecutively.

1. In order to receive two bachelor’s degrees on the same date, a student must:
   a. Complete requirements for both degrees.
   b. Complete both degrees based on the same catalog. See the Catalog of Record section for more information.
   c. Earn a minimum of 30 semester credits from NKU* in addition to the hours required for the first degree.
   d. The student must earn a minimum of 60 semester credits from NKU.

2. A student wishing to earn a second bachelor’s degree after receiving the first must:
   a. Complete major requirements for the second degree.
   b. Earn a minimum of 30 semester hours from NKU beyond the credits earned for the first degree. Of these at least 12 must be in the major field for the second degree.
Graduating with Honors - Bachelor's Degree

1. In order for a student to graduate with bachelor's degree honors, the student must earn a minimum of 30 semester credits from NKU* and have an overall GPA and NKU GPA of at least 3.50, excluding developmental coursework. The level of honors will be based on the NKU GPA.

2. There are three levels of bachelor's degree honors:

   - Cum laude: 3.50 - 3.7499
   - Magna cum laude: 3.75 - 3.8999
   - Summa cum laude: 3.90 - 4.00

3. Honors recognition appears in the commencement program based upon the student’s NKU GPA (excluding developmental coursework) at the conclusion of the previous semester. Honors will appear on the transcript based upon the student’s NKU GPA (excluding developmental coursework) at the time of graduation.

4. In order to be considered for graduation with honors, a student who has a bachelor’s degree and is earning a second bachelor’s degree must complete a minimum of 30 semester credits from NKU* beyond those earned for the first bachelor's degree.

*Note: For the purposes of the policies related to graduation and graduating with honors, courses taken through the Greater Cincinnati Collegiate Connection are treated as though they were taken from NKU.

Two or More Majors - Bachelor's Degree

1. A student may earn two or more majors by completing the requirements for all of the majors and earning a minimum 2.00 GPA in each. Note: Some programs require a GPA higher than a 2.0.

2. The degree conferred (for example, B.A., B.S., B.F.A.) will be based upon the student’s first major. All majors will be indicated on the student’s academic transcript. The “first major” is the one with the earliest submission date. A student who wants his or her “first major” to be the one with the more recent submission date should make this change at the Office of the University Registrar (Lucas Administrative Center 301).

Requirements for an Associate Degree

In order to receive an associate degree, a student must:

1. Complete a minimum of 60 semester credit hours, the last 20 of which must be taken from NKU*.
2. Complete developmental coursework, if required.
3. Complete the general education requirements for an associate degree.
4. Complete the requirements of the major for associate degree candidates.
5. Remove all incomplete grades by earning a grade of A through F in place of each one.
6. Earn an overall GPA of at least 2.00 (excluding developmental coursework) and a GPA of 2.00 in the major (unless the department has a higher requirement for the GPA in the major).
7. Satisfy all financial and administrative obligations to the university.
8. Apply to graduate.

*Note: For the purposes of the policies related to graduation and graduating with honors, courses taken through the Greater Cincinnati Collegiate Connection are treated as though they were taken from NKU.

Applying to Graduate - Associate Degree

To apply to graduate with an associate degree, a student must:

1. Have a program certification form on file.
   a. The form is available online and must be signed by the department chair (or designee) of the student’s major field of study.
   b. The program certification form must be submitted concurrently with the application for degree candidacy, described below.

2. File an application for undergraduate degree candidacy in the Office of the University Registrar (Lucas Administrative Center 301). The application is available online through myNKU and should be submitted by the following dates:

   For fall graduation: October 22
   For spring graduation: April 22
   For summer graduation: April 22

3. Pay the application to graduate fee.
   a. For fall semester graduation, apply for undergraduate degree candidacy:
      - By April 22: $100
      - Between April 23 and Aug. 8: $ 80
      - Between August 9 and Oct. 31: $100
      - After October 31*: $100
   b. *Graduation applications submitted after October 31 will not be processed for fall semester graduation unless special approval is obtained. Those graduating with an associate degree must receive permission from the associate dean of their college. Even with that approval, there is no guarantee that the application can be processed in time for fall graduation.
   c. For spring semester graduation, apply for undergraduate degree candidacy:
      - By October 22: $50
      - Between October 23 and January 8: $80
      - Between January 9 and March 30: $100
      - After March 30*: $100
   d. *Graduation applications submitted after March 30 will not be processed for spring semester graduation unless special approval is obtained. Those graduating with an associate degree must receive permission from the associate dean of their college. Even with that approval, there is no guarantee that the application can be processed in time for spring graduation.
   e. For summer semester graduation, apply for undergraduate degree candidacy:
      - By April 22: $50
      - Between April 23 and May 31: $ 80
      - Between June 1 and July 1: $100
      - After July 1*: $100
   f. *Graduation applications submitted after July 1 will not be processed for summer semester graduation unless special approval
Associate Degree

A student who has already earned a bachelor's degree and wishes to receive an associate degree must:

1. Complete requirements for both degrees.
2. Earn a minimum of 20 semester credits from NKU* beyond the credits that were required for the bachelor's degree. Of these 20 credits, at least 12 must be in the discipline of the associate degree.

*NNote: For the purposes of the policies related to graduation and graduating with honors, courses taken through the Greater Cincinnati Collegiate Connection are treated as though they were taken from NKU.

Second Associate Degree

A student who has not earned a bachelor's degree and wishes to receive two associate degrees consecutively. In order to receive two associate degrees, a student must:

1. Complete requirements for both degrees.
2. Earn a minimum of 40 semester credits from NKU* in order to earn two associate degrees.

*Note: For the purposes of the policies related to graduation and graduating with honors, courses taken through the Greater Cincinnati Collegiate Connection are treated as though they were taken from NKU.

Graduating with Honors - Associate Degree

1. In order for a student to graduate with associate degree honors, he or she must earn a minimum of 30 semester credits from NKU* and have an overall GPA and NKU GPA of at least 3.50, excluding developmental coursework. The level of honors will be based on the NKU GPA.
2. There are two levels of associate degree honors:
   - With distinction: 3.50 - 3.799
   - With high distinction: 3.80 - 4.00
3. Honors recognition appears in the commencement program based upon the student’s NKU GPA (excluding developmental coursework) at the conclusion of the previous semester. Honors will appear on the transcript based upon the student’s NKU GPA (excluding developmental coursework) at the time of graduation.
4. In order to be considered for graduation with honors, a student who has a bachelor’s degree and is subsequently earning an associate degree must complete a minimum of 30 semester credits from NKU* beyond the credits that were required for the bachelor’s degree.

*Note: For the purposes of the policies related to graduation and graduating with honors, courses taken through the Greater Cincinnati Collegiate Connection are treated as though they were taken from NKU.

Associate Degree after a Bachelor's Degree

A student who has already earned a bachelor’s degree and wishes to receive an associate degree must:

1. Complete the requirements for the associate degree.
2. Earn a minimum of 20 semester credits from NKU* beyond the credits that were required for the bachelor's degree. Of these 20 credits, at least 12 must be in the discipline of the associate degree.

*Note: For the purposes of the policies related to graduation and graduating with honors, courses taken through the Greater Cincinnati Collegiate Connection are treated as though they were taken from NKU.

Mandatory Senior Survey

1. Completion of the senior survey is a bachelor's degree graduation requirement.
2. A student is eligible to take the survey after an application for graduation has been processed.

3. An email notification with information about the online survey is sent to an eligible student during the semester in which graduation is expected.

Graduation Ceremonies

Each year, NKU holds two graduation ceremonies: one in May and one in December, each occurring on the weekend following final exams. Note: Participating in these ceremonies does not mean that one has graduated. The graduation ceremony is held in The Bank of Kentucky Center and is currently followed by a reception for graduates, their guests, and the faculty, staff, and administrators participating in the graduation ceremony. At this time, there is no limit to the number of guests that a graduate can invite, and guests are not required to have a ticket.

In order to participate in the December commencement ceremony, an undergraduate student must have either:

1. Completed all classes required for the degree.
   -- OR --
2. Be enrolled in all classes needed to complete the degree.

In order to participate in the May commencement ceremony, an undergraduate student must have either:

1. Completed all classes required for the degree.
   -- OR --
2. Be enrolled that fall in all classes needed to complete the degree.

Exceptions to this policy can be approved only by the vice provost upon recommendation of the dean of the college that houses the student’s major.

Honor Code

The student honor code is a commitment by students of NKU, through their matriculation or continued enrollment at the university, to adhere to the highest degree of ethical integrity in academic conduct. It is a commitment individually and collectively that the students of NKU will not lie, cheat, or plagiarize to gain an academic advantage over fellow students or avoid academic requirements.

The honor code specifies that an NKU student shall not:

1. Engage in any conduct involving academic deceit, dishonesty, or misrepresentation.
2. Give, receive, or use unauthorized or prohibited information, resources, or assistance on an examination, assignment, or graduation requirement.
3. Commit plagiarism (for example, representing another's work, in whole or in part, as one’s own) on any examination, assignment, or graduation requirement (including those involving use of the web, Internet, or other electronic resources).
4. Write, take, research, develop, prepare, or create an examination, assignment, or graduation requirement for another student, in whole or in part.
5. Submit an examination, assignment, or graduation requirement written, taken, researched, developed, prepared, or created by another person, in whole or in part.
6. Submit an examination, assignment, or graduation requirement that the student has or will submit for credit in another course without express approval from the professors in each of the courses.
7. Prevent or interfere with the use by other students of any library, laboratory, studio, field, or other course-related resource.
8. Damage or impair any library, laboratory, studio, field, or other course-related resources or another student’s completed assignments. The consequences of violating the honor code are described in detail in the Code of Student Rights and Responsibilities, section 5.G (http://scra.nku.edu/policies/student-rights.html).

Instructor and Course Evaluations

NKU takes instructor and course evaluations very seriously. They are an important means of gathering information about instructors and courses, information that will be used to enhance student-learning opportunities. As such, NKU asks its students to participate responsibly in the instructor and course evaluation process and to include thoughtfully written comments.

Evaluation periods begin two weeks prior to final exams for a full-semester course and one week prior to final exams for any course shorter than the full semester. Students are notified by email when the online evaluation process is available and are sent several reminders until evaluations are completed. Students who complete an evaluation or select “opt out” for any of their courses on the online instrument will be granted two-week advanced access to their course grades. (Please note that, as of the Spring 2018 semester, failing to complete or opt out of the evaluation for any course will block advanced access for all courses.)

Students who do not complete all of their course evaluations or do not select “opt out” on each online evaluation instrument will not be able to see any of their final grades, obtain unofficial and official transcripts, or run a degree audit until the university’s standard date for grade availability.

Student evaluations are strictly confidential, and results are not available to instructors until after final grades for the course are posted. The university has established extensive precautions to prevent individual student comments from being identified.

For more information and to view the instructor and course evaluation schedule, visit the student evaluation home page (http://eval.nku.edu).

Misrepresentation of NKU Credentials

Any person reporting their accomplishments or relationship with NKU is expected to do so in a completely truthful manner. Misrepresentation of accomplishments may relate to, but is not limited to, grades, coursework, co-curricular activities, honors, certificates, and degrees. Anyone misrepresenting his or her work or accomplishments at NKU may be barred from future enrollment and graduation from NKU. In addition, such behavior may be subject to criminal prosecution.

Prerequisites and Co-Requisites

A prerequisite is a requirement that must be satisfied before taking a specific course. If a student is enrolled in a prerequisite course at the time of registration for the next semester, the student may conditionally register for the course that requires the prerequisite. However, if the prerequisite course is not completed successfully, the student may be withdrawn from the course by the department. A co-requisite is a course that must be taken concurrently with another course. Both prerequisites and co-requisites are listed in the course descriptions in the catalog.

1. The university’s computerized registration system will not allow students to register for courses for which they lack the stated prerequisites and will not allow them to register for a course without registering for its co-requisite.

2. Students who believe they have met the intent of the prerequisite or have a justifiable reason for skipping the co-requisite should see the department chair of the department that offers the course. Students should provide the department chair with documentation justifying their request. If convinced that the student can succeed in the course, the department chair can issue a permit for the student to take a course without the prerequisites or co-requisites.

3. Because they are not required to present transcripts at the time of admission, non-degree students must consult the department chair for each course he or she wishes to take that has a prerequisite. Unless the student can document that he or she meets the course prerequisites, the student may not be allowed to enroll in the course. If convinced that the student can succeed in the course, the department chair can issue a permit for the student to take the course.

Privacy Rights: FERPA

The Family Educational Rights and Privacy Act affords students certain rights with respect to their education records, including:

1. The right to inspect and review the student’s education records within 45 days of the day the university receives a request for access.
   a. Students should submit to the university registrar, dean, head of the academic department, or other appropriate official a written request that identifies the record(s) they wish to inspect.
   b. The university official will make arrangements for access and notify the student of the time and place where the records may be inspected.
   c. If the records are not maintained by the university official to whom the request was submitted, that official shall advise the student of the time and place where the records may be reviewed and the correct official to whom the request should be addressed.

2. The right to request the amendment of the student’s education records that the student believes are inaccurate or misleading.
   a. Students may ask the university to amend a record that they believe is inaccurate or misleading. They should write the university official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.
   b. If the university decides not to amend the record as requested by the student, the university will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.
   a. Disclosure without the student’s consent is permissible to school officials with legitimate educational interests. A school official is a person employed by the university in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the university has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Regents; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a
legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

b. FERPA allows the institution to routinely release information defined as “directory information.” The following student information is included in the definition: the student’s name, address, email address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletics teams, dates of attendance, enrollment status (including full time, part time, not enrolled, withdrawn, and date of withdrawal), degree and awards received, and the most recent previous education agency or institution attended by the student. When a student wants any part of the directory information to remain confidential, an official request form must be completed in the Office of the University Registrar (Lucas Administrative Center 301) within the first five days of class of each school term.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by NKU to comply with the requirements of FERPA. The name and address of the office that administers FERPA is: Family Policy Compliance Office U.S. Department of Education 600 Independence Ave., SW Washington, DC 20202-4605

5. Students who have questions about FERPA, would like to grant access to their educational records to a third party, or wish to see their records should contact NKU’s Office of the University Registrar at 859-572-5556, email the university registrar at registrar@nku.edu, or check the website (http://inside.nku.edu/registrar/forms-records/ferpa.html).

Registration Holds
Registration holds prevent students from registering for courses. They are most often established because the student is required to meet with his or her advisor prior to registering or because the student owes money to the university. Registration holds must be resolved before a student can register online via myNKU. The student can still search for courses and place them in the registration cart, but the student must contact the office or department that placed the hold and resolve the issue before being able to register. For advising holds, the student should contact his or her academic advisor to make arrangements for clearing the advising hold. If a student has a fee-related hold, the fee must be paid before the hold will be released. Generally, holds can be released Monday-Friday between 8:30 a.m. and 4:30 p.m. For more information about holds, students should visit the web (http://inside.nku.edu/registrar/registration/registration-holds.html).

Repeating a Course
The provisions of this policy apply when a student is retaking a course with the intention of improving the grade on the student’s transcript.

1. Throughout their undergraduate careers, students are permitted no more than four opportunities to repeat courses for grade replacement.
   a. It is permissible to repeat an elective or required course (that is, a major, minor, or general education requirement or a course taken for general interest) exercising one of the student’s four repeat opportunities.
   b. A student may not repeat the same course more than three times (original attempt plus two repeats) without special permission from the dean of the college offering the course.
   c. If a student officially withdraws from a course taken under the repeat option, that course does not count toward the limit of four opportunities to repeat a course.
   d. A student may use a repeat option to take the CLEP subject examination instead of repeating a course in which he or she received a D or F provided that the student has the written approval of the dean of the college that houses the course.
   e. CAUTION: If a student receiving financial aid wishes to repeat a course more than once, the student should consult the Office of Student Financial Assistance to determine how this will affect his or her financial aid.

2. When a course is repeated, the last grade - not necessarily the best grade - prevails. The original grade remains on the transcript but is removed from the GPA computation.

3. If a student has used all four repeat opportunities and is required to retake a course in which a D or F was received to proceed with her or his academic program, both grades will remain on the permanent record. Both grades will be calculated into the GPA and for fulfilling major requirements. However, if the course is passed both times, only the initial passing grade is used to satisfy institutional semester hour requirements for a degree.

4. The repeat option may not be used in certain circumstances, specifically:
   a. The repeat option may not be used to replace a letter grade of A through F with a P/F grade.
   b. The repeat option does not apply when a student repeats an independent study, directed research, special topics, or similar course in which the course content is significantly different each time the student enrolls.
   c. Because NKU transfers in credits but not grades, repeating an NKU course at another college or university will not impact the grade earned at NKU or the student’s GPA. However, a student who fails an NKU course - or fails to perform at the level required to progress in a program - is allowed to retake it elsewhere. If performance is satisfactory and the course otherwise qualifies for transfer to NKU, the student is allowed to use it to satisfy an NKU requirement.
   d. The repeat option cannot be invoked for any course previously passed on the student’s academic record at the time any degree was awarded by NKU. Similarly, if transfer work was included as part of the hours used for an AAS degree and D and F grades were included on the record, the transfer work will not be reevaluated to eliminate these grades in the computation of the GPA even if the student declares a new catalog.
   e. Discontinued courses cannot be repeated unless a new course covering the same content has been created to replace the discontinued course. Verification from the department chair is required before such a substitution is allowed. Under no circumstances is one course of different content allowed to substitute for another under the repeat policy.

5. Policy exceptions:
   a. For exceptions to the limitation on three attempts of a single course, the student must have the permission of the dean of the college
Sexual Discrimination and Sexual Misconduct

As members of the campus community, all university students, faculty and staff as well as guests and visitors have the right to be free from sexual misconduct. The university does not tolerate gender-based misconduct and does not discriminate on the basis of sex in its education programs. The university is committed to treating those involved in an allegation of sexual misconduct with dignity and respect. Investigative and hearing proceedings are conducted in a timely, thorough, and impartial manner. This policy has been developed to reaffirm these principles and to provide recourse for those individuals whose rights have been violated. This policy is intended to define expectations and to establish a mechanism for determining when those expectations have been violated. More information on the university’s sexual misconduct policy can be found in the Code of Student Rights and Responsibilities (http://deanofstudents.nku.edu/policies/student-rights.html)

NKU prohibits all forms of discriminatory harassment that are unlawful under applicable local, state, and federal law, including sexual harassment. It is the policy of the university to provide every employee and student with an environment conducive to productivity and learning, free from intimidating, hostile, or offensive behavior. The university condemns all forms of sexual harassment on the part of any employee, student, or vendor. Sexual harassment is the making of unwelcome sexual advances or of sexually offensive remarks or acts, especially by one in a superior or supervisory position or when compliance is made a condition of continued employment or advancement. Unwelcome behavior is behavior that is not welcome, not solicited, and not wanted by the offended person.

Title IX prohibits gender discrimination at all institutions receiving federal funding, including Northern Kentucky University. These requirements apply to all forms of sexual misconduct including, but not limited to sexual harassment and sexual violence, and are important for preventing and effectively responding to sex discrimination.

If you are a student who believes you have been subjected to (1) sexual harassment by University faculty or staff; or (2) any other form of gender discrimination under Title IX, you may report such misconduct or file a formal complaint with the Title IX Coordinator in the Office of the Dean of Students. Complaints must be submitted in writing. If you are a student who believes you have been or are the victim of sexual harassment, including sexual assault, sexual violence or other sexual misconduct, by another University student, you may report such conduct or file a complaint under Title IX with the Title IX Coordinator. Complaints of student sexual misconduct are addressed by the Code of Student Rights and Responsibilities. Federal and state laws prohibit the taking of retaliatory measures against any individual who files a complaint in good faith. Contact information for the Title IX Coordinator, as well as additional information about Title IX legislation, may be found online (http://titleix.nku.edu/).

A report may also be filed by calling university police at 859-572-5500, the Office of the Dean of Students at 859-572-5147 or by completing an incident report form on the dean of students office website (http://deanofstudents.nku.edu/).

Violence Against Women

The Norse Violence Prevention Center provides support and advocacy for students who have experienced sexual and other types of violence. The center is located on the third floor of the Votruba Student Union and may be reached by phone at 859-572-5685.

Student Code of Conduct

The Code of Student Rights and Responsibilities is designed to ensure that students enjoy intellectual freedom, fair and legal treatment, the freedom of speech both on and off campus, freedom of press, the right of peaceable assembly, the right to petition for redress of grievances, the right to a fair hearing of charges made against one, and the right to responsible participation in the university community. Rights imply responsibilities; therefore members of the university community must show both initiative and restraint. The code is endorsed by the Student Government Association, Faculty Senate, Staff Congress, and university administration, and it was approved by the NKU Board of Regents.

It is incumbent upon students to be aware of university regulations. Ignorance of these regulations does not excuse students from adherence to them. The Code of Student Rights and Responsibilities is available online (http://scra.nku.edu/Infostudents/Infostudents.html).

Tobacco-Free Policy

Northern Kentucky University is a tobacco-free campus.

Tobacco use at all university-owned, -operated, and -leased properties is covered by this policy. Tobacco products are therefore prohibited in all interior and exterior building space, outside ground areas, walkways and parking structures, indoor and outdoor athletic facilities, and vehicles.

Numerous products are prohibited by this campus policy. They include, but are not limited to, cigarettes, cigars, pipes, hookah-smoked products, and oral tobacco such as spit/spit less, smokeless, chew, and snuff products. Products that contain tobacco flavoring or simulate tobacco use, such as electronic cigarettes, are also prohibited.

Violations of this policy will be addressed by the appropriate administrative departments. Concerns about tobacco use will be respectfully addressed. Support resources are available online (http://tobaccofree.nku.edu).

Transcript Availability

Transcripts of NKU coursework are available upon request. Students must request their official transcript through the National Student Clearinghouse. More information on this process can be found on the Office of the University Registrar website. Students may view and print an unofficial transcript through myNKU. Note: The section on instructor and course evaluations explains why a student’s access to his or her transcript can be delayed.

Northern Kentucky University charges a fee for each transcript. For regular mailed or picked-up transcripts, the fee is $7 per copy. For expedited service transcripts (one to two business days processing time), the fee is $10 per copy.
Normal processing time for a non-expedited transcript is up to 15 business days. Processing time does not reflect delivery time. All transcripts to be mailed from NKU will only be mailed via U.S. Postal Service with first class postage.

**Transcripts from Other Institutions**

When NKU receives transcripts from another institution, the transcripts are considered property of NKU. NKU does not reproduce or copy transcripts received from any sending institutions. Students should seek copies of transcripts from the institution that originally issued the transcript.

**Transfer Credit**

**Transfer of Undergraduate Credit**

The policies that follow apply to transfer of undergraduate credit to an NKU undergraduate degree. Once NKU receives all of the relevant transfer documentation, NKU will complete a course-by-course evaluation of the student’s transfer coursework. The process normally takes at least three weeks.

1. NKU requires official transcripts from all previously attended institutions. The transcript must include coursework completed up to the application date.
2. Students enrolled in courses at a postsecondary institution (other than NKU) at the time of application will have one semester to provide a final, official transcript showing all grades and credits earned.
3. When applicable, students should request that the Kentucky General Education Transfer Policy certifications be included on official transcripts.
4. Students with CLEP credit should submit their official transcripts to the Office of the University Registrar (Lucas Administrative Center 301). Students with AP credit should submit their official transcripts to the undergraduate admissions office (Lucas Administrative Center 401).
5. Only coursework from a regionally accredited institution or an institution with an approved articulation agreement will be considered for awarding of transfer credit.
6. Effective fall 2009 forward, coursework completed at a regionally accredited institution with a grade of $D-$ or higher will be evaluated for transfer credit.
7. Transfer work and grades:
   a. Students who transferred to NKU between fall 2004 and summer 2009 will have the grades associated with transfer work included in their GPA calculation based on NKU’s policies and procedures. Changing their catalog of record or being readmitted to the University will not change this policy: that is, grades associated with courses transferred to NKU will continue to be included in the calculation of their GPA.
   b. For students transferring to NKU after the summer of 2009, credits may be accepted in transfer, but no grades or GPA will be transferred to NKU. In other words, transfer students with no prior NKU coursework will begin NKU with a new GPA.
8. Courses evaluated as developmental in content will not be considered for credit hours. These courses may be used to satisfy a course prerequisite or to meet statewide Council for Postsecondary Education admission requirements.
9. Students may be required to take a placement test in English, mathematics and/or reading if evidence of college readiness is not demonstrated, as prescribed by state regulation (13 KAR 2:020). Students will not receive transfer credit nor be exempt from taking developmental courses into which they are placed after initial admission to the university.
10. Students who earn transfer credit (or a combination of transfer credit and NKU credit) within one semester hour of that necessary for completion of a general education, major, or minor course requirement will be considered to have completed that requirement. This does not affect the number of transfer credits awarded.
11. A transfer student may not be awarded credit for all courses in a major. In general, it is recommended that at least half the work in a major be taken at NKU, but academic departments may set specific limits on the amount of transfer allowed for their majors. The chair of the student’s major will make the final determination of the requirements for the student’s major.
12. Transfer coursework for post-baccalaureate students is subject to departmental approval and is not evaluated in its entirety. Post-baccalaureate students are considered to have completed general education requirements.

**Note:** Students who completed coursework more than five years ago should plan on submitting course descriptions or a catalog from that year in order to expedite the evaluation process.

**Transfer of Professional or Graduate Credit**

The following applies to transfer of professional or graduate credit to an NKU undergraduate degree. A student who receives early admission to certain professional or graduate schools may, under certain conditions, transfer credits back to NKU from that school to meet NKU’s requirements for graduation with the bachelor’s degree.

1. Acceptable sources of transfer are usually medical schools, dental schools, law schools, schools of social work, and schools of veterinary medicine. Excluded are schools that grant a bachelor’s degree to students who transfer credits to them.
2. The source of the transfer credit must be accredited by a regional accrediting association.
3. The student must complete at least 90 semester hours of work at NKU, meet general education requirements of the university before he or she leaves, and satisfy requirements of her or his major.
   a. Courses taken at the graduate or professional school may be used to meet major requirements at the discretion of the student’s advisor and department chair with the approval of the appropriate dean and the university registrar.
4. Transfer of credit must occur by the end of a student’s initial year of post-bachelor’s study.
5. To transfer credit, students must have an appropriate transcript sent to NKU and must also complete an application for the bachelor’s degree from NKU.
6. A student who receives early admission to a graduate or professional school and who meets the above conditions is urged to discuss with his or her chair the possibility of transferring credit from the school to NKU.
7. Students are warned that in a few cases their early admission to graduate or professional school may permanently bar them from licensure in certain states. It is the responsibility of the student to...
ascertain requirements of the state in which he or she plans to practice.

Military Credit Evaluation

Location: Lucas Administrative Center 301
Telephone: 859-572-7609
Fax: 859-572-6094
Web Address: veterans.nku.edu

Transfer Services evaluates and certifies military transcripts for credit. Courses approved and recommended by the American Council of Education’s publication, Guide to Evaluation of Educational Experiences in the Armed Forces, will be considered for credit. A maximum of 32 semester hours may be earned upon submission of an official military transcript. All military transcripts including the Community College of the Air Force transcripts should be sent to: Office of the University Registrar/Transfer Services, Northern Kentucky University, Highland Heights, KY 41099. Please allow two to four weeks for the entry and evaluation of a transcript. More information is available online (http://nku.edu/admissions/transfer/policies.html).

Withdrawal from the University

Withdrawal from the University - Student Initiated

1. A student may withdraw from the university - that is, withdraw from all classes for which he or she is registered - at any time prior to the 11th week of classes.
2. The Office of the University Registrar will determine the date of withdrawal, and process the withdrawal as long as it falls within approved withdrawal-date guidelines.
3. Grades
   a. **Weeks 1 through 3 or equivalent:** if a student withdraws prior to the end of the third week of the semester or its equivalent, the transcript will not reflect that the student was enrolled in the classes.
   b. **Weeks 4 through 10 or equivalent:** if the student withdraws after the third week (or its equivalent) and prior to the end of the 10th week (or its equivalent), the student will receive a grade of W in each course for which he or she was registered.
   c. The specific dates for sections (a) - (b) can be found in the online registration guide and the online academic calendar.
   d. EXCEPTION: In cases of academic dishonesty, the instructor will determine the student’s grade.
4. Other responsibilities
   a. A student withdrawing from the university should check with Student Account Services to determine the financial implications of the withdrawal and to settle any money owed to the university or to the student.
   b. A student who has financial aid and is withdrawing from the university should check with the Office of Student Financial Assistance as there may be important consequences for the student’s financial aid.
   c. If the student leaving the university lives in university housing, he or she should contact the housing office and complete a contract termination form (http://housing.nku.edu/content/dam/housing/docs/General/Contract_Termination_1011.pdf). A student withdrawing from the university is not eligible to live in university housing.

Withdrawal from the University - Military Purposes

1. When a student is called into active military status on an emergency basis and therefore cannot complete coursework for a given semester, the timing of the withdrawal affects whether the student receives a W or the earned grade in each course.
   a. **First 12 weeks or equivalent:** the student will receive a withdrawal (W) in each course with full refund if call-up is within the first 12 weeks of the semester.
   b. **Weeks 13 and 14 or equivalent:** the student may elect to receive the grade earned to-date in each course or receive a W in each course with a full refund if call-up is during the 13th or 14th week of the semester.
   c. **Weeks 15 and 16 or equivalent:** the student will receive the grade earned to date in each course if call-up is in the 15th or 16th week of the semester.
2. The student should present his or her orders at the Office of the University Registrar (Lucas Administrative Center 301) or fax them to 859-572-6094. If the student does not yet have written orders, he or she will have 60 days in which to present the orders. A family member or friend may bring in a copy of the orders in the student’s absence. If this deadline is not met, the student’s grades will revert to F, and he or she will not be eligible to receive a refund. In the situation in which the student has a choice, he or she must take either the grades or drop all courses for a full refund.

Withdrawal from the University - Involuntary Withdrawal

Students who are dismissed from the University for administrative or disciplinary reasons will be withdrawn from all of their classes and will receive a W for each class in which they were enrolled. Standard NKU financial policies will apply. Students should check with Student Account Services.
Academic Support

Advising

NKU's Academic Advising Philosophy

Academic advising at NKU is an integral part of the learning process. As such, academic advising is a collaborative effort that encourages students to develop clear educational plans and choose realistic life/career goals. In order to assist students in realizing their full potential at the university, faculty and staff advisors at NKU embrace the following beliefs about academic advising:

- The primary responsibility for decision-making rests with the student.
- Students are often unaware of the demands and expectations of the university and therefore need to clearly understand the culture of higher education.
- Academic advising is not an isolated event but an ongoing communication between the student and advisor in which mutual trust and respect must be established.
- Academic advisors recognize and accept that each student is unique.
- The core of all academic advising is the development of a holistic educational plan that facilitates the student’s intellectual and personal growth and includes an academic plan that identifies the most appropriate courses to satisfy degree requirements in an efficient and effective manner.

Primary Goals and Objectives of Academic Advising

As a result of the collaborative advising process the student will:

- Define and develop educational and career goals that are consistent with their personal values, interests, and talents.
- Develop a rapport with their advisors to enhance their academic performance.
- Utilize university resources to support their educational development.
- Develop an understanding of university policies, procedures, and requirements.

The desired outcome of the above goals is that students learn to make informed and increasingly independent decisions about their educational plans and other academic issues. Accordingly, as students become more knowledgeable about curriculum, policies, and procedures, they should become less reliant on advisors for information, but they will continue to consult advisors or designated faculty concerning university requirements, graduate school admission, career opportunities and most importantly graduation requirements (http://inside.nku.edu/registrar/graduation/graduation-requirements.html).

Students' Responsibilities in the Advising Process

Students should be active participants in developing their educational plan. Central to this responsibility is developing a strong relationship with the academic advisor by:

- Preparing for academic advising meetings.
- Actively participating in advising discussions.
- Maintaining personal academic records.
- Developing an understanding of all graduation requirements:

- Major/minor requirements.
- Foundation of Knowledge/general education.
- University requirements.
- Learning how to access campus and online resources.
- Informing academic advisors regarding issues that may impact academic success.
- Proactively participating in planning for their post-graduate career.

Advisors' Responsibilities in the Advising Process

The academic advisor will serve as a teacher and facilitator to enable students to be successful by developing appropriate academic and post-graduate career plans. Central to this process is serving advisees by:

- Maintaining accurate and current documentation of student records to the best of their ability at the time of communication with the advisor.
- Communicating information about current university policies and procedures through a variety of channels.
- Assisting advisees in developing decision-making skills and encouraging them to take responsibility for their decisions.
- Facilitating connections between students and appropriate resources when needed.
- Participating in professional development activities relevant to advising.

Advising Requirements for Registration

The proper selection of courses is important for every NKU student. Therefore, all students are strongly encouraged to meet with their academic advisor prior to registration each term. Some students are required to meet with their academic advisor prior to registration. All degree-seeking undeclared and University Studies students assigned to Norse Advising (http://advising.nku.edu) are required to meet with their advisor before registering for classes each semester. All non-degree students on probation are also required to meet with an advisor prior to registering for classes.

Note: Students on academic probation will not have access to online registration until they comply with the following. They MUST first see their academic advisor to obtain registration approval and should check with their advising center to determine if there are additional requirements.

Here is a list, by college, showing which students MUST see their academic advisor prior to registration.

**COLLEGE OF ARTS AND SCIENCES**

Location: UC 210
Telephone: 859-572-5494
Web Address: https://artscience.nku.edu/advisingcenter.html

All College of Arts and Sciences majors are required to meet with an advisor in their departments:

- Anthropology
- Art
- Biological sciences
- Chemistry
- English
The following students are required to meet with an advisor:

- History and Geography
- Integrative Studies
- Mathematics
- Music
- Philosophy
- Physics, Geology, and Engineering Technology
- Political Science, Criminal Justice, and Organizational Leadership
- Psychology
- Sociology
- Theatre and Dance
- Undeclared
- World Languages and Literatures

**COLLEGE OF EDUCATION AND HUMAN SERVICES**

**Location:** MEP 230  
**Telephone:** 859-572-6944  
**Web Address:** http://coehs.nku.edu/advising/appointment.html  
**Hours:** Monday - Thursday, 8:15 a.m. - 6:00 p.m.; Friday 8:15 - 4:30 p.m.

The following students are required to meet with an advisor:

- All pre-education majors (including secondary education students).
- Counseling, social work, and mental health/human services: all students.
- Exercise science: all majors.
- Athletic training: all pre-majors.

**COLLEGE OF INFORMATICS**

**Location:** Griffin Hall 404  
**Telephone:** 859-572-7670  
**Web Address:** http://inside.nku.edu/informatics/advising.html  
**Email:** coiadvising@nku.edu

The following students are required to meet with an advisor:

- Business informatics: all freshman and sophomore students.
- Communication: students with 45 and under earned credit hours.
- Computer science, computer information technology, and data science: students with 45 and under earned credit hours.
- Undeclared: all students.

**COLLEGE OF HEALTH PROFESSIONS**

**Telephone:** 859-572-5248  
**Web Address:** http://healthprofessions.nku.edu/Advising/schedule-an-appointment.html

The following students are required to meet with an advisor:

- Nursing students: all pre-major undergraduates.
- Four-year BSN, the accelerated BSN, and the RN-to-BSN programs: all students.
- Respiratory care and radiologic technology: all pre-majors and all new majors.

**HAILE/U.S. BANK COLLEGE OF BUSINESS**

**Location:** Business Center 206  
**Telephone:** 859-572-6134  
**Fax:** 859-572-6144

**Web Address:** http://cob.nku.edu/advising.html  
**Hours:** Monday, Thursday & Friday 8:15 a.m. - 4:30 p.m.; Tuesday & Wednesday 8:15 - 6:00 p.m.

The following students are required to meet with an advisor:

- All new majors in the Haile/U.S. Bank College of Business (freshmen, transfers, and readmits).
- All students with fewer than 30 hours earned who are currently enrolled in their first or second semester at NKU.
- All students with 75 or more hours that have not certified in their major.
- Construction Management and Construction Technology: all students.

**Norse Advising**

**Location:** University Center 210  
**Telephone:** 859-572-6900  
**Fax:** 859-572-6989  
**Web Address:** http://advising.nku.edu  
**Hours:** Monday - Thursday, 8:15 a.m. - 6:00 p.m.; Friday 8:15 - 4:30 p.m.

Other hours may be available by special appointment. Summer hours vary.

**Director:** Frank Robinson  
**Other Key Personnel:**  
- Associate Director: Amy Pieper  
- Coordinator of Advising Programs: Megan LaDow

Norse Advising provides a range of academic advising services, ranging from answering general questions for all students on a walk-in basis to development of academic plans for undeclared students, all University Studies students, and some students interested in but not yet admitted to some academic programs. Norse Advising also administers the Pathfinders Program and Project Graduate program, and assists with advising of students in the School Based Scholars Program, and Chase 3+3. Non-degree-seeking students may also request to meet with a Norse advisor. Norse advisors help students make well informed, timely decisions about programs of study and promote academic success. Norse Advising also supports campus wide initiatives related to academic advising such as the Master Advisor Professional Development Program.

**Undeclared Students**

Many entering students elect to be "undeclared" rather than selecting a major. Some undeclared students may want time to explore possible areas of interest, make appropriate choices about majors, and develop academic plans. Other undeclared students want advice about which programs might be best suited to their academic strengths and weaknesses, personal interests, and career objectives. Norse Advising helps only undeclared students whose academic interests cannot be narrowed to a specific college. Undeclared students who have focused their major choice(s) within a specific college should be advised in one of the five colleges: Arts and Sciences, Business, Education and Human Services, Health Professions, or Informatics.

**University Studies Students**

NKU has developed a special program for entering students who have not yet fulfilled the Kentucky Pre-College Curriculum requirements or who have not met all of the ACT admission standards. Students who have academic needs as defined by their admission status are classified as University Studies students and are advised by Norse Advising. Norse advisors help these students plan for their timely completion of pre-college curriculum requirements and discuss...
avenues for academic success. They also help facilitate the selection of an appropriate major upon completion of readiness standards.

First-time freshmen who are granted admission but have two or more academic deficiencies will be admitted to and must participate in an associate degree program called the Pathfinders Program.* Through the Pathfinders Program, students must participate in a variety of advising appointments, tutoring sessions and special programs to maintain their enrollment eligibility. Please visit the website for specific details (http://pathfinders.nku.edu).

*Students who are 21 years of age or older are exempt from the Pathfinders Program. Please visit the website for specific details.

**Advising Services**

Undeclared students, all University Studies students, and those students who are interested in but not admitted to a program in various colleges must meet formally with an academic advisor in Norse Advising each semester. During advising appointments, NA advisors provide academic advising that is focused on students’ individual needs. Specifically, NA advisors assist students in the following ways:

1. Discuss students’ academic progress.
2. Teach students how to access information related to pre-college curriculum, general education, and major or minor course requirements.
3. Clarify university policies and procedures and help students navigate the higher education system.
4. Help students learn effective decision-making skills for choosing majors.
5. Offer proactive academic counseling for students to promote academic success.
6. Help students develop educational plans based on academic strengths, personal interests and career objectives.
7. Make referrals to appropriate university faculty, staff, and services.
8. Help students begin to identify academic majors consistent with their goals and interests.

In addition to meeting students’ advising needs, the NA director (or designee) provides assistance to students with issues that need approval from the dean/assistant dean. These include, but are not limited to, withdrawal from classes, probation, suspension, and reinstatement.

**Information Technology**

**Location:** Lucas Administrative Center
**Telephone:** 859-572-6911
**Web Address:** http://it.nku.edu

NKU’s Office of Information Technology is committed to supporting student success. IT provides a variety of services. All students are urged to visit the student page of the IT website to learn about services and view guides that answer common IT-related questions.

**NKU Username and Password**

Your NKU username and password are required to access many online services at NKU. As a security measure, NKU passwords expire every 90 days. To activate your NKU user ID, change your NKU user account password or reset your password, visit the website (https://password.nku.edu). Also on that website, add a personal phone number and/or an alternate email address on your account so if your password expires in the future, you can have a recovery code sent as text or email.

**Technology Help**

Students have two options for technology assistance: Norse Tech Bar and IT Help Desk.

If on campus during normal business hours, students are urged to visit the Norse Tech Bar in University Center 252. Go there for answers to all of your technology questions as well as software and hardware troubleshooting. We also offer lab computers with printers, computer/tablet/camera checkout and LCD screens for group work.

The IT Help Desk provides a similar support service but via phone 859-572-6911, instant message or online service request (https://it.nku.edu). The IT Help Desk is also open longer business hours during the week and on weekends.

**One.nku.edu**

One.nku.edu (https://one.nku.edu) is a student portal that pulls in many of the NKU tasks to one website. From there, you can access your email, All Card, myNKU and much more.

**Canvas**

Canvas is NKU’s online learning management system. Faculty often post course syllabi, assignments, reading material and other course-related materials on Canvas for student access. Visit one.nku.edu (https://one.nku.edu) to see all your classes in Canvas.

**Computer Labs**

IT provides open computer labs in SL 1st floor and 4th floor, GH322, BC120, SC 3rd and 4th floor and UC252 (Norse Tech Bar) Many academic departments offer additional computer labs for their students. Also, students may access software licensed by the University via the “virtual lab” which is essentially a lab computer you can log into when you are off campus via your personal computer or tablet.

**Technology Discounts for Students**

Vendors offer discounts to students, so those who are buying Dell or Apple computers are eligible for a student discount. More information and links to the vendors’ websites to make purchases are available online (http://it.nku.edu).

**Email/Storage**

All official communication from the University is directed to your NKU email address. IT will assist students in setting up mobile devices to access email. For help, visit the Norse Tech Bar, University Center 252, or contact our IT Help Desk (https://it.nku.edu). Also, connected to the email account is a free cloud storage option for files called OneDrive. Storage on this drive is unlimited as long as you are a student.

**Printing**

Students can add money to their All Card to print in any computer lab or print kiosk on campus.

**Software**

Active enrolled students can download Microsoft Office through their webmail account free of charge.
Wi-Fi

NKU has wireless access throughout the campus. Depending on the purpose when connecting through Wi-Fi, students can select from the various NKU networks as described online.

Technology Use Policies

To ensure that NKU’s technology resources are secure, responsibly utilized, and available to everyone, the University has established policies that must be followed by all users of NKU’s technology resources. Illegal downloads of copyrighted materials and inappropriate use of technology resources is strictly forbidden. Policies are available online (https://it.nku.edu).

Learning PLUS

Location: University Center 170
Telephone: 859-572-5475
Email Address: laplearn@nku.edu
Web Address: http://plus.nku.edu/
Director: Diane Williams
Other Key Personnel:

Associate Director for Tutoring Programs: Jered Wasburn-Moses
Assistant Director for School-Based Scholars: James Catchen
Success Skills Coordinator: Jered Wasburn-Moses
Writing Center Coordinator: Wanda Crawford
PLUS Tutoring Coordinator: Robin Theobald
Supplemental Instruction Coordinator: Zach Wells
Developmental Mathematics Coordinator: Joetta Browning
Developmental Literacy Coordinator: Wanda Crawford
Pathways and School-Based Scholars Coordinator: Kristin Hornsby
Academic Specialist: Mary Seifried
Academic Specialist: Mary Golden

Full-time faculty: James Catchen, Wanda Crawford, Melody Dilts, Martha Ferguson, Elizabeth McMillan-McCartney, Robin Theobald, Jered Wasburn-Moses, Zach Wells, Diane Williams, Natalie Williams

Services

Learning PLUS provides a variety of services to support students’ academic achievement. The tutoring programs assist students with specific classes and general skills required for academic success. Learning PLUS tutoring programs include PLUS Tutoring, PLUS Online, the Writing Center, Success PLUS, and Supplemental Instruction. Learning PLUS also offers developmental education and coordinates the School-Based Scholars program.

PLUS Tutoring

PLUS Tutoring provides FREE assistance and support for students who want or need to better understand the course content and concepts of specific 100-, 200-, and some higher-level courses. To learn more about the service and how to schedule an appointment, students should visit the website (https://inside.nku.edu/plus/tutoring/plus_tutor.html).

PLUS Online

For students who are unable to come to campus, PLUS Online brings our PLUS Tutoring program to the web. Students can work with our regular peer tutors in an online whiteboard and videoconference environment. For more information or to schedule an appointment, students should visit the website (https://inside.nku.edu/plus/tutoring/online.html).

Writing Center

The Writing Center provides FREE assistance and support for students with college writing tasks assigned in any course: essays, reports, research papers, etc. Writing Center consultants can guide and advise students through the entire writing process. To learn more about the service and how to schedule an appointment, students should visit the website (https://inside.nku.edu/plus/tutoring/wc.html).

Success PLUS

Success PLUS provides FREE, ongoing one-on-one peer assistance with many important college and life success skills, including time management, effective note-taking and studying practices, and test-taking strategies. To learn more about the service and how to schedule an appointment, students should visit the website (https://inside.nku.edu/plus/tutoring/success.html).

Supplemental Instruction

Supplemental Instruction provides FREE collaborative peer review sessions for some sections of difficult and challenging courses. SI leaders attend all classes and conduct weekly review sessions to help students with mastering content as well as developing learning strategies that can be applied to other courses. Students are encouraged to attend review sessions often. For more information about SI, students should visit the website (https://inside.nku.edu/plus/tutoring/si.html).

Developmental Courses

The developmental mathematics and developmental literacy programs help underprepared students develop the skills and attitudes necessary for success in their college-level courses. The programs enable NKU to maintain high standards and at the same time make NKU accessible to students who do not meet the Kentucky Council on Postsecondary Education college readiness standards. Placement into developmental courses is based on ACT scores, SAT scores, and Accuplacer and KYOTE placement test results. More information on college readiness standards and placement testing is available under Placement Testing in the Admissions and Enrollment section of this catalog, and on the website (http://plus.nku.edu/developmental.html).

Students with an academic deficiency are required to enroll in all necessary developmental courses during their first two semesters at NKU. Courses numbered below 100 do not contribute to the credits required for graduation and will not be calculated in the GPA. The following developmental courses are available:

Note: Some college-level courses have a prerequisite that is higher than the CPE college readiness standards and could result in a student needing a developmental course(s).

Library

Telephone: 859-572-5457  
Fax: 859-572-6181  
Web Address: http://library.nku.edu  
Associate Provost and Dean of the Library: Arne Almquist

Hours During Regular Semesters:

- Monday - Thursday: 7:30 a.m. - 1:00 a.m.
- Friday: 7:30 a.m. - 7:00 p.m.
- Saturday: 10:00 a.m. - 5:00 p.m.
- Sunday: 12:30 p.m. - 1:00 a.m.

The W. Frank Steely Library, located in the center of campus and online, partners with many campus departments to support the academic achievement and success of NKU students. The library provides a variety of services and resources including wireless access, a coffee shop, group study rooms, a variety of public study and social spaces, and computers with Internet access and Microsoft Office products. An eContent area provides computers with multimedia software such as Photoshop, Acrobat Professional, Dreamweaver, and InDesign.

Other special services include research consultation (in person, by phone, by email, by chat, or by appointment); classroom instruction and embedded librarians via Canvas courses; My Librarian and First-Year Experience services; web-based research guides and tutorials; SourceFinder (a document delivery service for obtaining materials not available at Steely Library); access to 110 databases, many with full-text documents; and a growing collection of electronic books. Steely Library is also a depository for many federal government publications. The Eva G. Farris Special Collections and Schlachter University Archives contain materials related to the history of NKU and materials documenting the history and heritage of the northern Kentucky region, the Ohio River valley, the Underground Railroad, Appalachian writers, and military history.

Steely Library has reciprocal borrowing agreements with the University of Cincinnati’s Langsam Library and the three northern Kentucky public library systems in Boone County, Campbell County, and Kenton County. Students and faculty may use their NKU All Card to borrow materials from these libraries. Please visit the library’s home page for more information about its facilities and services.

NKU Bookstore, Barnes & Noble

Location: University Center Plaza Level  
Telephone: 859-572-5142

Web Address: http://www.shopnku.com  
Summer Hours from 5/16 - 8/15:

- Monday - Friday 8:00 a.m. - 4:30 p.m.

Store Hours will be updated regularly on our Bookstore Website (http://shopnku.com).

Please check for changes and extended hours.

Extended Hours: At the beginning of fall and spring semesters.

Barnes & Noble offers NKU students all the options for college textbooks. Students can buy new and used books, rent books, and obtain digital editions of books. The bookstore also stocks the materials required for classes. Students looking for easy and convenient textbooks for the best price should visit the NKU bookstore website to place an online order. For books ordered online, the bookstore will box up the requested books and have them ready for pick-up.

Student Success Center

Located in the University Center, the Student Success Center serves as a seamless and streamlined experience to equip and empower students for success. For additional information regarding the student success center and services offered, please contact us at success@nku.edu. Services and programs available to students in the student success center include:

Career Services

University Center 225  
859-572-5680

Career Services provides programs and services that engage and empower students to establish academic and career goals, obtain co-ops and internships, secure meaningful employment, and manage their careers for rewarding, fulfilled lives. Career Services also operates as the principal point of contact and servicing unit for employers who wish to recruit students for co-ops, internships and full-time positions. The career services team is committed to providing excellent career-related programs, services, and resources. Visit the website or stop by for details (http://nku.edu/careerservices).

First-Year Programs

University Center 122  
859-572-5913

Northern Kentucky University freshman students have the opportunity to experience their first college year in an environment that promotes active learning, collaboration and personal development through these programs:

- Alpha Lambda Delta
- Book Connection
- Learning Communities
- University 101: Orientation to College & Beyond

Health, Counseling and Student Wellness

University Center 440  
859-572-5650

Health, Counseling and Student Wellness is dedicated to helping students achieve and maintain optimal levels of physical, mental and emotional functioning. Services are administered by highly trained and qualified professionals, including a registered nurse who is available free of charge and on a walk-in basis. NKU’s licensed clinicians provide confidential services in

Note: Some college-level courses have a prerequisite that is higher than the CPE college readiness standards and could result in a student needing a developmental course(s).
crisis intervention and individual and group counseling. Health, Counseling and Student Wellness also educates students on substance use and provides women’s health services.

**International Education Center**

University Center 340  
859-572-7976
The international education center is composed of the Office of Education Abroad, the Office of International Students and Scholars, and the Office of American English Language Programs. Our mission is to develop and promote global perspectives through engagement in the international arena and to become a regional resource for global initiatives. NKU achieves its international mission through high-quality study abroad experiences; international student recruitment, retention and involvement; an international curriculum; international scholar exchanges; and diverse international opportunities for faculty and staff in teaching, research and outreach.

**Learning Assistance Programs**

University Center 170  
859-572-5475
Learning Assistance Programs offers five, free tutoring services: academic tutoring for help learning the content and materials of specific courses, a mathematics center, a writing center, success skills tutoring, and a supplemental instruction program that offers group tutoring/review sessions in selected, historically difficult courses. Learning Assistance Programs also offers developmental courses in mathematics, reading, and writing.

**Norse Advising**

University Center 210  
859-572-6900
The mission of Norse Advising is to advise and teach students skills that facilitate growth through exploration as they embark upon their educational careers at NKU. We help students navigate the university and make informed decisions while transitioning into majors and professional careers. Norse Advising serves as the primary advising center for undeclared students in University Studies and offers walk-in advising assistance to all NKU students. We also manage the Peer Coaches program, where current student mentors provide quick answers to student questions.

**Norse Tech Bar**

University Center 252
The Norse Tech Bar is the student destination for technology. Go there for answers to all your technology questions as well as software and hardware troubleshooting. We also offer lab computers with printers, large format printers, computer/tablet/camera checkout, and LED screens for group work. Visit the website [http://techbar.nku.edu](http://techbar.nku.edu) for more information and hours, and follow us on Twitter for the latest news @nkutechbar.

**Testing Services**

University Center 101  
859-572-6373
Test with the best! Testing Services at NKU offers testing services for placement, undergraduate admissions, credit by examination, accommodated classroom examinations, distance learning proctoring, and certification/licensure. Testing services provides standardized and proctored exams in a convenient and secure testing environment for the NKU community and region. Testing services adheres to the National College Testing Association Professional Standards and Guidelines.

**TRiO-Student Support Services**

University Center 127  
859-572-5138
TRiO-Student Support Services is the home on campus for first generation college students. You will find friendly and knowledgeable staff and students who understand what it means to be the first in your family to attend and finish college. You will benefit from mentoring, advising, coaching, and other resources and opportunities designed to support your personal, academic, and career goals. SSS is funded through a federal TRiO grant from the U. S. Department of Education. You must meet parental education and income guidelines to be eligible. Apply online to be an SSS Scholar [http://sss.nku.edu](http://sss.nku.edu).

**University Connect and Persist**

University Center 120  
859-572-6497
University Connect and Persist empowers students to create action plans, establish success networks, and implement techniques that promote persistence to graduation and lifelong learning. UCAP offers a Lending Library, Financial consultation, and a last dollar SGA retention award. Any student with questions or concerns related to their NKU experience is welcome to stop in or make an appointment with a member of our team. UCAP likewise supports faculty and staff in their work with students through timely outreach once a student is referred to our office.

**Other Key Personnel**

- **Associate Director:** Joyce Couch  
- **Support Coach:** Charles Rains  
- **Administrative Assistant:** Cynthia Ash

University Connect and Persist empowers students to create action plans, establish success networks, and implement techniques that promote persistence to graduation and lifelong learning. UCAP offers a Lending Library, Financial consultation, and a last dollar SGA retention award. Any student with questions or concerns related to their NKU experience is welcome to stop in or make an appointment with a member of our team. UCAP likewise supports faculty and staff in their work with students through timely outreach once a student is referred to our office.
University Connect and Persist empowers students for success! We help students develop success plans, build customized success networks, and get the most out of their NKU experience. UCAP engages the campus community in collaborative partnerships to facilitate student success, oversees the early referral process, and assists students in creating and utilizing their success networks.

**How do students connect with us?**

- **Early Referral**: Faculty may refer any student who appears to need assistance with issues that could hinder academic progress.
- **Walk-In/Self-Referral**: Any student with questions or concerns related to their NKU experience is welcome to stop in or make an appointment with UCAP staff.
- **Scholarship and Grant Recipients**: UCAP staff work one on one with students who receive the Educational Diversity Scholarship and the Northern Difference Grant. Students are required to meet with UCAP staff throughout their college career for guidance and support.
- **Proactive Outreach**: Students who are identified as needing additional support are contacted by UCAP for early intervention.

**Our Programs and Services**

- **The Lending Library**: allows students to borrow one textbook per semester. Students who borrow books meet with a UCAP staff for a financial and academic wellness check.
- **SGA Retention Award**: is a one-time-only tuition assistance award that helps students who need financial support. Students schedule an appointment with a UCAP coordinator to discuss eligibility criteria and the application process.
- **Financial Consultation and Workshops**: provide students with essential information about their financial picture, especially as it relates to their academic plan. UCAP coordinators are available to work with students to develop strategies and plans to address financial challenges.

- **Networking**: is a life skill beneficial in college and beyond. Students learn how to build, expand and activate their success network at NKU.

**Benefit Programs Through the GI Bill**

**Chapter 33**  
Post-9/11 GI Bill
The Post-9/11 GI Bill provides financial support for education and housing to individuals with at least 90 days of aggregate service on or after September 11, 2001, or individuals discharged with a service-connected disability after 30 days. You must have received an honorable discharge to be eligible for the Post-9/11 GI Bill. For the first time in history, service members enrolled in the Post-9/11 GI Bill program will be able to transfer their unused educational benefits to their spouses or children. The Post-9/11 VA benefit provides up to 36 months of education benefits. Generally benefits are payable for 15 years following release from active duty.

**To apply:**
- If you are the veteran, complete VA Form 22-1990 Application for VA Education Benefits and submit with DD-214, Copy 4.  
  - More information is available online (http://www.gibill.va.gov/benefits/post_911_gibill/transfer_of_benefits.html).

**Chapter 30**  
Montgomery GI Bill - Active Duty
To be eligible for the GI Bill, you must have served as a member of the armed forces on active duty after June 30, 1985. You must have a high school diploma or a GED and have participated in the program, having had $100 withheld each month for 12 months.

**To apply**: Complete VA Form 22-1990 Application for VA Education Benefits and submit with DD-214, Copy 4.

**Chapter 31**  
Vocational Rehabilitation - Disabled Veterans
A disabled veteran who has a service-connected disability of 10 percent or more may qualify. If eligible, veterans receive full tuition, fees and book coverage. Disabled veterans must complete the appropriate paperwork and receive counseling through the Veterans Administration. **To apply**: Complete VA Form 28-1900 Disabled Veterans Application for Vocational Rehabilitation and submit with DD-214, Copy 4, copy of original marriage license, and copies of original birth certificates for all dependent children.

### All Card (ID card)

**Location:** Votruba Student Union 120  
**Telephone:** 859-572-6016  
**Web Address:** https://inside.nku.edu/allcard.html  
**Director:** Ward Wenstrup

The All Card is the official identification card for NKU. It is imprinted with a student’s photograph and an assigned ID number. The All Card allows students to be recognized as members of the university community. It also enables them to enjoy discounts and gain access to services and activities throughout campus. All Cards are automatically activated each semester for the duration of a student’s attendance. New students should visit the All Card office after classes begin to receive an ID card. Lost or stolen All Cards should immediately be reported to the All Card office.

Students can add money to their All Card and enjoy convenience and savings at campus dining locations (six percent discount) and copiers (50 percent discount). Students can also use this account to make purchases at the NKU bookstore, drink and snack vending machines, The BB&T Arena concessions, and the Votruba Student Union game room. The All Card can also be used to pay for computer lab printing, NKU parking permits and fines, Health, Counseling and Student Wellness, Norse Tech Bar in University Center, and Steely Library fines, SOTA Fine Arts Box Office and more. More information is available online (https://inside.nku.edu/allcard.html).

### Alumni Relations

**Location:** Lucas Administrative Center 221  
**Telephone:** 859-572-5486  
**Email Address:** alumni@nku.edu  
**Web Address:** https://inside.nku.edu/alumni.html  
**Contact:** Michelle McMullen

The NKU Alumni Association provides a wide range of opportunities for alumni to stay connected after graduation. All graduates of NKU are members of the NKU Alumni Association.

The Alumni Association has a 24-member alumni volunteer board called the Alumni Council, which, in conjunction with the Alumni Relations Office, assists in planning events both locally and throughout the country to engage alumni with each other and with NKU.

All alumni are encouraged to join the alumni online community and keep the university updated about their accomplishments, address changes, email, etc. The NKU Alumni Association provides unmatched networking opportunities and a chance to celebrate and participate in the greater NKU community. The benefits of being an NKU alumnus begin right after graduation:

- Free subscription to NKU Magazine, our award-winning alumni magazine published quarterly and distributed to more than 50,000 alumni around the globe.
- Invitations to alumni events including the Alumni Awards Celebration, Alumni Weekend, and other special events.
- Opportunity to take advantage of services provided by Career Services.
- 10 percent discount on many items in the NKU Bookstore, excluding textbooks and computers.
- 15 percent discount on courses offered through NKU Community Connections.
- Use of the NKU library including borrowing privileges.
- Access to Ref Works at Steely Library.
- Gift mailed to baby Norse upon receipt of a birth announcement.
- Campus Recreation Center membership at discounted alumni rate.
- Discounted insurance through Liberty Mutual Insurance.
- Affordable short-term health insurance while job-hunting or waiting for new employee benefits to begin through GradMed.
- International travel program through Alumni Holidays and GO NEXT.
- Opportunity to join Norse Athletics Kids Club.
- Discount membership with AAA.

### Arts and Culture

The university offers a variety of arts and cultural opportunities throughout the year. Many are open to nonstudents as well as to students. Some activities are sponsored by the Activities Programming Board, which is described in the Student Union and Programming section. Other activities are sponsored by various departments across campus.

### Art Galleries

NKU’s two art galleries exhibit art by regional, national, and international artists, as well as work created by visual arts faculty and students. The galleries, located in the Fine Arts Center, engage in outreach programs and experimental projects and provide a forum for traditionally underrepresented individuals to display their work for the community. There is no fee to visit the galleries. For more information about the galleries and for an exhibition schedule, visit the web (http://art.nku.edu/galleries).

### BB&T Arena

BB&T Arena is Northern Kentucky’s premier special-events facility. It is home to NKU’s men’s and women’s basketball teams and features first-class concerts, family shows, and a wide variety of sporting events. For information on the events’ schedule and tickets, visit the web (http://art.nku.edu/galleries).

### Digitiorum

The College of Informatics’ George and Ellen Rieveschl Digitorium, located in Griffin Hall, is an exciting place for classes, live performances, and events, all enhanced by advanced digital technology. With retractable and flexible floor seating facing a floor-to-ceiling digital media wall, and a second level ringed with multipurpose “opera boxes,” the digitorium has the capacity to transport audiences to new experiences, even new worlds. It is a unique place where innovative performances and multiple emerging digital technologies are integrated in novel ways to produce stunning results. As the synthesis of a digital opera house, global command center, trading floor, theatre, and auditorium, it can host any type of public event, from individual speaking to collaborative group activities; from digitally-mediated human performances to complex, real-time simulations. Pictures of the digitorium, as well as...
information about reserving the digitorium can be found on the web ([http://inside.nku.edu/artsci/departments/pget/planetarium.html](http://inside.nku.edu/artsci/departments/pget/planetarium.html)).

**English Literary Readings**

The Department of English, often in conjunction with other campus organizations, sponsors literary events featuring readings from outstanding writers in the fields of fiction, creative nonfiction, and poetry. The literary events celebrate diverse voices from contemporary writers. Events are open to the public and the student body. For more information, contact P. Andrew Miller (millera@nku.edu), coordinator of creative writing, or Kelly Moffett (moffettk1@nku.edu), chair of events and community outreach.

**Friends of Steely Library**

The Friends of Steely Library maintains a regular schedule of author appearances. These include poetry and book readings by prominent authors and poets as well as other literary and art-themed events. More information is available online ([http://friendsofsteely.nku.edu](http://friendsofsteely.nku.edu)).

**Haile Digital Planetarium**

The planetarium, located in the Herrmann Science Center 409 has free showings every Monday during the spring and fall semesters at noon, and on special Friday evenings and Saturdays that offer a chance to learn about topics on and off the earth. Visitors travel through time and space to look at the formation of the moon, a future solar eclipse in the area, ancient monuments around the world, or a cave in Kentucky. The website ([http://inside.nku.edu/artsci/departments/pget/planetarium.html](http://inside.nku.edu/artsci/departments/pget/planetarium.html)) provides program information and a calendar of events.

**Museum of Anthropology**

Located in Landrum Academic Center 200, the museum’s collections focus on (1) contemporary arts of Native Americans, (2) contemporary ethnographic and folk arts of world cultures, especially those of Latin America, Africa, Southeast Asia, and New Guinea, and (3) the archaeology of Northern Kentucky and the middle Ohio Valley. The museum provides outreach through displays, exhibitions, public lectures and occasional film series, tours including K-12 outreach, and other specifically designed educational programs for groups of all ages. More information is available online ([http://map.nku.edu/html/FAC_2018050964962.html](http://map.nku.edu/html/FAC_2018050964962.html)).

**Music Performances**

NKU offers a variety of exciting and creative musical performances from NKU students, area musicians, and professional musicians. Details about scheduled performances can be found online ([http://artsscience.nku.edu/departments/music/concerts.html](http://artsscience.nku.edu/departments/music/concerts.html)).

**Reading Room Gallery**

The Eva G. Farris Reading Room gallery in the W. Frank Steely Library presents an ongoing series of art displays representing the work of faculty, students, and local artists from the northern Kentucky region. Information on the exhibits can be found on the library’s website ([http://inside.nku.edu/library.html](http://inside.nku.edu/library.html)).

**Sehnert Lecture Series**

The Sehnert Lecture Series is an annual event held each fall. The NKU Department of Mathematics and Statistics invites a nationally known mathematician or statistician to give a general audience lecture on a mathematical science theme. For more information call 859-572-5377 or email math@nku.edu.

**Theatrical Performances**

During the fall and spring semesters, the NKU Department of Theatre and Dance presents six to eight productions in the NKU Corbett Theatre and the Robert and Rosemary Stauss Theatre. Shows presented range from classics of dramatic literature to contemporary comedy, drama, and musicals. The Department of Theatre and Dance also offers dance performances during the year. Information about performances is available online ([http://artsscience.nku.edu/departments/theatre/boxoffice.html](http://artsscience.nku.edu/departments/theatre/boxoffice.html)).

**Athletics**

**Location:** The BB&T Arena 133  
**Telephone:** 859-572-5193  
**Fax:** 859-572-6089  
**Email Address:** athletics@nku.edu  
**Web Address:** [http://www.nkunorse.com](http://www.nkunorse.com)  
**Director:** Ken Bothof  
**Other Key Personnel:**

- Senior Associate Athletic Director for Business and Finance: Dan McIver  
- Associate Athletic Director for Compliance and Student Services/Senior Woman Administrator: Debbie Kirch  
- Associate Athletic Director for Operations and Event Management: Chris Hafling  
- Assistant Athletic Director for Marketing, Promotions and Tickets: Brandon Hays  
- Associate Athletic Director for Sports Medicine and Risk Management: Molly Woods  
- Assistant Athletic Director for Communication and Media Services: Bryan McEldowney  
- Director of Development: Jeff Baldwin  
- Head Men’s Baseball Coach: Todd Asalon  
- Head Men’s Basketball Coach: John Brannen  
- Head Women’s Basketball Coach: Camryn Whitaker  
- Head Men’s & Women’s Cross Country and Track and Field Coach: Steve Kruse

- Head Men’s Soccer Coach: Stu Riddle  
- Head Women’s Soccer Coach: Bob Sheehan  
- Head Women’s Softball Coach: Kathryn Gleason  
- Head Men’s & Women’s Tennis Coach: Brian Nester  
- Head Women’s Volleyball Coach: Liz Hart

The intercollegiate athletics program provides a natural extension of secondary school programs, offering skilled student-athletes the opportunity to continue their educational and athletics experiences beyond high school. Membership in the National Collegiate Athletic Association Division I and the Horizon League and adherence to the governing philosophies and regulations of these bodies provide a framework for implementing the mission of the department. The strategic initiative is to position intercollegiate athletics to compete at the highest level of NCAA Division I and in the Horizon League.

NKU sponsors intercollegiate competition in 17 varsity sports, eight for men (baseball, basketball, cross country, golf, indoor and outdoor track & field, soccer, and tennis) and nine for women (basketball, cross country, golf, indoor
and outdoor track and field, soccer, softball, tennis, and volleyball. In addition, the department has a student-athletic training program, co-ed cheerleading team, dance team and a pep band. It also offers numerous student employment opportunities.

Athletics facilities include the NKU Soccer Complex, the Bill Aker Baseball Complex at Friendship Field, the Joyce E. Yeager Tennis Complex, the Frank Ignatius Grein Softball Field, Regents Hall, and the BB&T Arena. The BB&T Arena is a 9,400-seat venue, which features the Thomas J. Kearns Student-Athlete Academic Center, film viewing/study rooms, and a strength and conditioning area for NKU’s 225 student-athletes.

Bus Services

NKU and Transit Authority of Northern Kentucky, the northern Kentucky bus service, have partnered to establish the U-Pass program, which provides NKU students, faculty, and staff with free transportation on all TANK routes. The U-Pass program includes all TANK buses - including the Southbank Shuttle - and riding is unlimited. There are no forms to fill out and no paperwork to sign. NKU users just swipe their valid NKU All Card upon boarding and ride any route in the TANK system for free. The bus can be used to ride to class, go shopping, visit friends, or for any other purpose where the NKU rider needs transportation. The U-Pass program applies only to Kentucky and does not affect rates on the Ohio side of the river. Students can obtain additional information by calling 859-331-TANK (8265) or visiting the web (http://www.tankbus.org/learn/rider-information/college-u-pass).

Campus Recreation

Location: Campus Recreation Center
Telephone: 859-572-5197
Email Address: crc@nku.edu
Web Address: http://inside.nku.edu/campusrec.html
Director: Stephen A. Meier (interim)

Our mission is to enhance student and university community success by advocating and providing inclusive, developmental opportunities that promote student engagement, lifelong learning and healthy behaviors. Recreation facilities and programs add greatly to the NKU experience. A valid NKU All Card is all that is needed to get started. All registered NKU students are automatically members of the Campus Recreation Center and may also purchase supplemental or family recreation center memberships.

The Campus Recreation Center, intramural field complex, and sand volleyball courts are the places to be for fitness, sports, and socializing day or night. Whether it’s playing basketball, running on a treadmill, kicking a soccer ball, or taking laps in the pool, there is something for everyone. The Campus Recreation Center is open seven days a week so students can work out before or after class, as well as on the weekends. Students can play on intramural sports teams, relieve stress with a yoga class in the Norse fitness program, climb on the bouldering wall, join sports club teams as they compete and travel to other schools and achieve fitness goals by working with a personal trainer. Please refer to the website for more information (http://inside.nku.edu/campusrec.html).

Employment

Campus Recreation is the largest employer on campus with over 120 student employees. Students can learn valuable career skills such as customer service, leadership, and time management, and earn extra money by working for

Campus Recreation. Please refer to our website for more information regarding student employment opportunities.

Facilities

Campus Recreation Center

NKU’s Campus Recreation Center, a $45M facility recently renovated and expanded in 2015, includes the following recreation areas:

- Aquatics Center with 8-lane competition pool, dive well, active shallow water area, warm water pool & sauna.
- 6 basketball courts
- 17,000 square feet of cardio, weight and strength training equipment
- 2 fitness studios
- 1 spinning studio
- 2 racquetball courts
- Multi Activity Court (MAC) for indoor soccer, floor hockey, volleyball, basketball and other activities
- Bouldering wall
- Locker rooms and sauna
- Lounge and study areas
- Functional training area
- Outdoor courtyard and sand volleyball court

Outdoor Facilities

- Sand volleyball courts - Two sand volleyball courts with lights are located in the residential village
- Pavilion - Sheltered pavilion with picnic tables and restrooms.
- Outdoor basketball courts - Two outdoor basketball courts located in the residential village
- Intramural field complex - Two turf sport fields with lights and a pavilion. This complex can accommodate sports such as football, soccer, softball, ultimate frisbee, and more.
- Team Building Course - The Team Building Course aims to help groups reach their goals through a variety of activities, which focus on goals and objectives. Facilitators are trained to safely lead groups through various programs, help them debrief the experience, and form connections between the experience and everyday life.

Programs

Intramural Sports - Have fun and make friends while playing intramural sports! With over 25 tournaments and leagues each year, there is something for everyone: Basketball, Flag Football, Softball, Soccer (indoor, outdoor, futsal & 3v3), Volleyball (sand & indoor), Floor Hockey, Dodge Ball, Wiffleball, Corn Hole, Spikeball, Texas Hold’em, NFL Combine, InnerTube Water Polo, Rock/Paper/Scissors, Bench-press Challenge, Ultimate Frisbee, Home Run Derby/Hit Challenge, Tennis, 3pt/Free-throw Competition and more!

Norse Fitness - Get fit and have a blast! From Zumba to Yoga, the Norse fitness program offers something for everyone. Group fitness classes are a great way to change up your workout and meet new people. Classes which range from 30 to 50 minutes include the following: TRX, Cycling, Kickboxing, Pilates, Yoga, Boot Camp, Zumba, Body Sculpt, Butts & Guts, Abs Xpress, and more!

Sport Clubs - Get Involved! Want to compete on a higher level? Try out one of the numerous sport clubs: Men’s and Women’s Basketball, Bassmasters, Bowling, Equestrian, Wrestling, ESports, Hiking, Men’s and Women’s Lacrosse,
Men’s and Women’s Soccer, Tennis, Taekwondo, Ultimate Frisbee, Vertical Frontier Climbing Wall, Women’s Volleyball and Wrestling. Want something new...start your own club!

Personal Training - Don’t know where to start...we’ll show you the way! The Department of Campus Recreation has personal trainers prepared to help you get more out of your workout time. Learn effective techniques and reach your fitness goals.

Aquatics - The aquatics program offers open lap swim as well as ‘Learn to Swim’ programs. The ‘Learn to Swim’ program has parent-child aquatics with progressive levels of instruction designed to help swimmers of all ages learn stroke techniques and personal water safety skills. These are offered as group lessons with a maximum 7:1 student/instructor ratio. Private lessons are available upon request for all ages and provide one-on-one instruction that is catered to the participant’s skill level.

Career Services

Location: University Center 225
Telephone: 859-572-5680
Fax: 859-572-6996
Email Address: careerservices@nku.edu
Web Address: http://nku.edu/careerservices
Director: Bill Froude
Other Key Personnel:
  Associate Director: Amanda Meeker
  Career Advisor: Jennifer Richmond
  Career Advisor: Lisa McElfresh

Learn about yourself, explore career options, make career decisions, and put your plans into action. Career Services offers an integrated program of services that emphasize the developmental nature of career decision-making: self-exploration, world-of-work preparation, job-search skill development, and career-transition assistance. These services are available to NKU students and alumni and may include career advising, resume assistance, job-search coaching, and interview preparation. Numerous online resources are provided through the Career Services website, including the HireNKU job and employer database and the FOCUS 2 career planning tool. Career Services also offers the EDU 294 (formerly CEP 101) career development course for students who are undecided about their major or career choice.

Career Services is the university’s liaison to area corporations and organizations, inviting these employers for on-campus interviews, career fairs, information sessions, and other events. Employers are encouraged to post co-op, internship, and full-time positions to the HireNKU job and employer database. Career Services also coordinates the Cooperative Education program (CEP 300) on the NKU campus. Co-op integrates classroom learning with paid, real-life work experience in a related field.

Center for Student Inclusiveness

Location: Votruba Student Union 309
Telephone: 859-572-6684
Fax: 859-572-6161
Email address: csi@nku.edu
Web address: http://inside.nku.edu/csi.html
Assistant Vice President for Student Inclusiveness: Dannie Moore
Other Key Personnel:
  Director of African American Programs and Services: Tracey Stokes
  Director of Latino Programs and Services: Leo Calderon
  Director of LGBTQ Programs and Services: Bonnie Meyer
  Administrative Assistant: Laura Dektas

The Center for Student Inclusiveness places inclusive excellence at the center of student life and provides student centered programming that aligns with NKU’s core value of being a community that embraces inclusiveness, diversity, and global awareness. The goals of CSI are to:

1. Enhance and expand opportunities for co-curricular student engagement.
2. Create, coordinate and sustain retention programs that foster student success for underrepresented student populations.
3. Collaborate with other university associates and offices to create a climate where all students are acknowledged, welcomed and valued; implement best practices in the areas of inclusive excellence and diversity; and help prepare students for an increasingly diverse and global society.

African American Programs and Services

Location: Votruba Student Union 309
Telephone: 859-572-6684
Fax: 859-572-6161
Email Address: aaps@nku.edu
Web Address: http://inside.nku.edu/aaps.html
Director: Tracy Stokes
Other Key Personnel:
  Department Coordinator: Anthony Mize, Jr.

Established in 1993, the mission of African American Programs & Services (AAP&S) is to facilitate a support system which advocates academic excellence, celebrates African/African American culture, and engages students with faculty, staff, and alumni. We provide opportunities that help students develop academically and socially by offering programs and services in self and cultural identity, leadership, career exploration, and community building.

AAP&S provides opportunities for students to engage with faculty, staff and alumni, develop leadership skills, and celebrate African American culture. Students are encouraged to join AAP&S in celebrating African American cultural Heritage through events such as Pre-Kwanzaa Celebration, Dr. Martin Luther King Jr. Commemoration Week, Black History Month, and Sherehe (afro-centric graduation celebration).

Since 2003 AAP&S has sponsored NKU R.O.C.K.S. (Responsibility, Opportunity, Community, Knowledge and Success) a transition program which serves incoming African American first year students with support programming that aims to assist with building yearlong relationships with peer mentors, faculty, and staff. The program helps students to explore personal and institutional expectations of college and develop effective study habits and skills that will increase their potential for success. NKU R.O.C.K.S. also exposes students to the many valuable resources available on NKU’s campus and provides a comprehensive support system throughout students’ undergraduate experience.

Through collaborative efforts with Disability Programs and Services, Latino Programs and Services, LGBTQ Programs and Services, and partners across the campus community AAP&S works to promote an inclusive environment for all members of the NKU community. We have also formed partnerships with middle schools and high schools across the region to help aspiring college
students cultivate relationships with NKU’s campus and provide resources/programs to help students succeed through social involvement with current students. AAP&S has developed relationships with community organizations such as NAACP, The Urban League, and The YMCA of Greater Cincinnati.

Disability Programs and Services

Location: Votruba Student Union 303
Telephone: 859-572-5401
Fax: 859-572-5874
Email Address: disability@nku.edu
Web Address: http://disability.nku.edu
Director: Cindy Knox

Disability Programs and Services provides access to academic and co-curricular programs through reasonable accommodations and student-centered assistance. The office operates in compliance with federal regulations to reduce or eliminate physical, academic, and attitudinal barriers for individuals with disabilities. In addition to reasonable accommodations, the office offers various services and support programs including: consultation about disability issues for faculty, staff, and students; individual academic advising; liaison with outside agencies; and assistive technology training. Students must be registered with Disability Programs and Services to receive reasonable academic accommodations.

Latino Programs and Services

Location: Votruba Student Union 313, 315
Telephone: 859-572-5821
Fax: 859-572-6161
Email Address: latino@nku.edu
Web Address: http://latino.nku.edu
Director: Leo Calderon
Coordinator: Vacant

The Office of Latino Programs and Services coordinates academic, cultural, and social activities with the World Languages and Literatures Department, African American Programs and Services, Latino Institute for Excellence, and other departments. The office also offers a Latino Mentor Program Orientation, Latino Mentor Program (LAMP), Latino UNV 101 class, LAMP EDU 294 one-credit hour course, Latino Keynote Lecture Speaker Series, National Hispanic Heritage Month Calendar of Events, Latino Student Recognition Dinner, etc. Other services include scholarship and employment opportunities, leadership development, participation in three Latino organizations, and volunteer opportunities. The office has developed strong partnerships with Latino and non-Latino community organizations such as the English Language Learning Foundation, League of United Latin American Citizens, Su Casa Hispanic Center, Centro de Amistad, YMCA of Greater Cincinnati, the Behringer-Crawford Museum, Hispanic Chamber of Commerce Cincinnati USA, and many others. Part of these community outreach projects includes a high school Latino and English Language Fun with Science Camp, and bilingual college fairs. The Office of Latino Programs and Services also serves as a consultant to businesses, K-12 educators and public service agencies and is a bilingual resource for NKU.

LGBTQ Programs and Services

Location: Votruba Student Union 309
Telephone: 859-572-5835
Fax: 859-572-6161
Email Address: lgbtq@nku.edu
Web Addresses: http://inside.nku.edu/lgbtq.html
Director: Bonnie Mayer
Coordinator: Rachel Loftis

The Office of LGBTQ Programs and Services promotes education, awareness, and advocacy for the lesbian, gay, bisexual, trans*, questioning, and ally community at NKU. LGBTQ Programs and Services coordinates the campus-wide Allied Zone Training program, Trans* Ally trainings, Speak Out trainings, several different workshops, and classroom presentations. Through collaborative efforts with African American Programs and Services, Latino Programs and Services, and Disability Programs and Services, and with partners across campus, we work to promote an inclusive environment for all members of the NKU community.

LGBTQ Programs and Services provides programming during October’s LGBTQ History Month (including a celebration of National Coming Out Day, Ally Appreciation Day, and Asexual Awareness Week), Transgender Day of Remembrance, World AIDS Day, National Day of Silence, and Norse PRIDE Week. Social mixers and brown bag lunch conversations are coordinated monthly. The office is excited to announce that the Student Ambassador and Mentorship program began in the fall of 2014. Additional information is available on the office’s website (http://inside.nku.edu/lgbtq.html).

The office has strong partnerships with numerous LGBTQ community and state organizations in Kentucky and Ohio and also serves as a consultant to businesses, K-12 educators, and community organizations.

Dining Services

Location: Votruba Student Union 116
Telephone: 859-572-5212
Fax: 859-572-6478
Web Address: http://www.dineoncampus.com
Resident District Manager: Melissa Pompa

Other Key Personnel:

- Director of Operations: Jorge Elizagaray
- Retail Director/Executive Chef: Eric Nousiainen
- Residential Director: Thomas Mcgugh
- Northern Class Catering Director: Aalayne Strong

NKU dining services provides a variety of exciting dining experiences that are value-oriented for college students. The Votruba Student Union includes the Northern Fare Food Court as well as a full-service Starbucks. The food court includes seven stations serving a variety of food including Mexican options, sub sandwiches, burgers, pizza, soups, made-to-order salads, and Asian food. Coffee, sandwiches, and snack food are also available in a variety of locations on campus including Steely Library, Landrum Academic Center, and the Herrmann Science Center.

Early Childhood Center

Location: Mathematics Education Psychology Center 147
Telephone: 859-572-6338
Email Address: ecc@nku.edu
Web Address: http://inside.nku.edu/earlychildhoodcenter.html

Throughout the calendar year, the Early Childhood Center provides childcare for children ages one through five. The services are available for children of NKU students, staff, faculty and alumni. During June and July, the center also offers
a summer enrichment program for children ages six through 14. The ECC is licensed through the state of Kentucky and STAR rated.

Fraternity and Sorority Life
Location: Votruba Student Union 325
Telephone: 859-572-5146
Fax: 859-572-5774
Email Address: vanceki@nku.edu
Web Addresses: http://inside.nku.edu/greeklife.html; http://studenthome.nku.edu/~ifc
Director: Kimberly Vance

Fraternities and sororities are the largest, most visible, and most active groups on campus. Fraternity and sorority recruitment is held at the beginning of the fall semester. Black Greek-letter organizations and the Latina/Latino organization hold membership intake at times scheduled by the individual organizations. More information is available in the Office of Fraternity and Sorority Life room 328 in the Votruba Student Union. The Greek organizations currently chartered or forming on campus are:

Panhellenic Council Sororities
- Alpha Omicron Pi
- Delta Gamma
- Delta Zeta
- Kappa Delta
- Phi Mu
- Phi Sigma Sigma
- Theta Phi Alpha

Interfraternity Council Fraternities
- Alpha Sigma Phi
- Alpha Tau Omega
- Phi Gamma Delta
- Pi Kappa Alpha
- Sigma Phi Epsilon
- Tau Kappa Epsilon
- Theta Chi

National Panhellenic Conference Greek Letter Organizations
- Alpha Phi Alpha Fraternity, Inc.
- Kappa Alpha Psi Fraternity, Inc.
- Omega Psi Phi Fraternity, Inc.
- Phi Beta Sigma Fraternity, Inc.
- Sigma Gamma Rho Sorority, Inc.
- Zeta Phi Beta Sorority, Inc.

National Association of Latino Fraternal Organizations
- Alpha Psi Lambda Fraternity

Health, Counseling, and Student Wellness
Location: University Center 440
Telephone: 859-572-5650
Fax: 859-572-5615
Email Address: hcsw@nku.edu
Web Address: http://inside.nku.edu/hcsw.html
Director: Ben Anderson

Health, Counseling, and Student Wellness provides a variety of preventive and acute-care services to promote the physical and mental health of students. Registered nurses and nurse practitioners provide treatment for acute illnesses or injuries. Licensed mental health professionals provide assessment, diagnosis, and treatment for a variety of crisis, adjustment, relationship, and general mental health issues. Individual, couples, and group treatment options are available. Health, Counseling, and Student Wellness staff members are also available for educational programming addressing the mental and physical health needs of students. Faculty and staff are encouraged to consult with the staff regarding specific student needs.

Housing
Location: Norse Commons 101
Telephone: 859-572-5676
Fax: 859-572-6099
Email Address: housing@nku.edu
Web Address: http://inside.nku.edu/housing.html
Director: TBD
Other Key Personnel:
- Associate Director of Residence Life: Victoria Suttmiller
- Associate Director of Housing Operations: Cathy Carson

University Housing provides housing services for single students who live on campus during the school year. Unless qualifying for an exemption, new first-year students are required to live on campus. Please visit the website for exemption categories (http://inside.nku.edu/housing.html). Campus housing includes traditional residence hall rooms as well as apartment-style living and suite-style living. Lounge areas, information desks, computer labs, laundry rooms, vending areas, loft/study areas, and space for student recreation are available to students who live in the residential village. NKU can accommodate 2,000 students in on-campus housing. The Association of Campus Residents represents residential students to the Office of University Housing and to the Student Government Association. ACR serves as a sponsor of residential village events and reviews and recommends university policy changes.

Housing costs and a virtual tour of all housing room types are posted online (http://inside.nku.edu/housing.html). One bill covers rent, utilities (electricity, water, and sewage), local phone service (Callahan Hall residents only), cable TV, and internet access. Students have the option to reside on campus for the academic year (fall and spring semesters), spring semester only, or during summer sessions.

Lost and Found
Location: Information desk on the second floor of the Votruba Student Union.
Telephone: 859-572-6588

The official Lost and Found is located at the information desk on the second floor of the Votruba Student Union. Items turned in at this location are retained until the end of each semester.

New Student Orientation and Parent Programs
Location: Votruba Student Union 316
Telephone: 859-572-1967
As students begin to prepare for the transition to college, NKU has developed a comprehensive orientation program to assist all incoming students in cultivating their own individual support network at the university. *Northern Exposure: Registration and Orientation* is designed to foster an enduring connection between the students, their families and the NKU community. Through interactive experiences, students will become informed and skilled consumers of the academic programs, comprehensive services and engagement opportunities offered at NKU. While *Northern Exposure* is mandatory for all incoming students, we do have separate orientations for new first-time freshmen, post-traditional students, veterans and transfers.

The NKU Parents Association was founded in November 2008. There is no cost to join, and all parents/guardians and family members are eligible to join. Parents Association members receive the following:

- Monthly e-newsletters with important dates and deadlines, tips, relevant articles, and information regarding NKU events.
- Invitations to parent and family events including Family Weekend.
- Opportunities to meet and network with other NKU parents.
- Volunteer opportunities at NKU.

Join NKU’s Parents Association today for free, and begin receiving the monthly e-newsletter. If you would like to join, visit the website [http://orientation.nku.edu/parents.html](http://orientation.nku.edu/parents.html).

**Norse A!ert**

The university has partnered with Rave to create Norse A!ert, which will contact members of the campus community through voice and text messages in the event of an emergency situation or campus closing. Students, faculty, and staff are encouraged to sign up for Norse A!ert. More information is available online [http://inside.nku.edu/norsealert.html](http://inside.nku.edu/norsealert.html).

**Key Personnel:**

- Sr. Associate Dean of Students/Director of Student Conduct, Rights and Advocacy and Deputy Title IX Coordinator: Ann James
- Assistant Dean of Students: Bob Alston
- Coordinator: Julie Bridewell
- Administrative Assistant: Merlyn Mabrey

The Office of Student Conduct, Rights and Advocacy enforces the Code of Student Rights and Responsibilities, and oversees campus crises, students of concern, Title IX compliance related to students, and student advocacy services.

In addition, the Office of Student Conduct, Rights and Advocacy coordinates the resolution of issues that arise between or among faculty, staff, and students through the administration of the student conduct and student grievance processes. This office is also the contact point for student advocacy when students have problems, issues, or concerns that have not been addressed through other avenues. The Code of Student Rights and Responsibilities is available on the web [http://inside.nku.edu/scra/information/students/rights-responsibilities.html](http://inside.nku.edu/scra/information/students/rights-responsibilities.html). For information concerning the application of the Code, please visit the website or contact the Office of Student Conduct, Rights and Advocacy. For a complete list of University policies and procedures go to the web [http://inside.nku.edu/policy.html](http://inside.nku.edu/policy.html).

If you are a student who believes you have been or are the victim of sexual harassment, including sexual assault, sexual violence or other sexual misconduct, you may report such conduct or file a complaint on the web [http://inside.nku.edu/scra/report-incident.html](http://inside.nku.edu/scra/report-incident.html) or in person with the Office of Student Conduct, Rights and Advocacy. Complaints of gender based discrimination related to students are addressed by the Code of Student Rights and Responsibilities.

Federal and state laws, as well as University policy, prohibit the taking of retaliatory measures against any individual who files a complaint in good faith.

**Key Personnel:**

- Director of Norse Violence Prevention Center: Gabby Dralle

The Norse Violence Prevention (NVP) Center promotes the vision of a violence free campus by engaging the NKU community in innovative prevention strategies and support-centered advocacy for students that have experienced sexual or gender-based violence. Come by NVP anytime 8:30-4:30pm in Student Union 304, M-F to speak confidentially with a staff person. There is no cost. You can share as little or as much as you want and we will listen and help you explore options and resources. If you need to speak to someone right away when we are not open, here are a few places you could call: Women’s Crisis Center (Kentucky)- 24-hour line, 1-800.928.3335 or Women Helping Women (Ohio) - 24-hour line, (513) 872-9259.
Parking
Location: Welcome Center
Telephone: 859-572-5505
Fax: 859-572-6902
Email Address: parkingservices@nku.edu
Web Address: http://inside.nku.edu/parking.html
Director: Curtis Keller (interim)

All students who operate and park a motor vehicle on the Highland Heights campus must properly display a current parking permit on their vehicle and must park their cars in appropriate parking areas. During the online registration period, a parking permit may be ordered via the parking services’ website (http://inside.nku.edu/parking.html). Three weeks prior to the start of classes, the permit will be mailed to the address indicated on the online registration form. After the online registration period ends, permits must be purchased at the parking services office located at the welcome center.

All parking citations must be paid before a permit can be purchased for the next academic year. Lost or stolen parking permits should be reported immediately to parking services. Lost or stolen permits may be replaced for a fee of $25.

Police Department
Office: University Police
Location: 419 Johns Hill Road
Telephone: 859-572-5500
Fax: 859-572-6991
Email Address: police@nku.edu
Web Address: http://police.nku.edu

   Captain: Gerald Pizzano
   Lieutenant: John Gaffin
   Sergeant: Matthew Bunning
   Sergeant: Ray Haley
   Sergeant: Anthony Williams
   Sergeant: Rob Yelton
   Records Manager: Kristy Webb

The NKU University Police department is a service- and safety-oriented department with broad enforcement powers, dedicated to providing an atmosphere in which the mission of the university can be accomplished. Providing a safe and secure environment for NKU students, faculty, and staff is a top priority at NKU.

The department operates 365 days a year, 24/7, and provides a full range of law enforcement services, including criminal investigations, accident investigations, and emergency services. Representatives of the department are actively involved in instructional and educational outreach. University police have jurisdiction over all university properties. Jurisdiction is extended to off-campus locations when requested by other law enforcement agencies. Pursuant to KRS 164.955 and 527.020 (3), police officers of NKU are authorized to carry firearms at all times within the Commonwealth of Kentucky.

Call boxes are strategically located throughout campus for students, faculty, and staff to summon assistance from the university police department. In addition, during an emergency, the university police can be reached by dialing 911 on a university phone. All 911 calls made on a cell phone will go to police agencies closest to the cell tower used by the caller’s phone. Callers should let the 911 operator know the emergency is located on NKU’s campus.

Violations of university regulations are reported to the university’s chief judicial officer for further action. Individuals arrested for violations of law are transported to the Campbell County Detention Center for booking.

University Police reports statistical information monthly to the U.S. Department of Justice and the Kentucky State Police. Each report includes the number and types of crimes committed. A report from the previous academic year is available online (http://police.nku.edu).

Registrar
Location: Lucas Administrative Center 301
Telephone: 859-572-5556
Fax: 859-572-6094
Email Address: registrar@nku.edu
Web Address: http://inside.nku.edu/registrar.html
University Registrar: W. Allen Cole III
Other Key Personnel:
   Director of Registrar Services: Angela Calhoun
   Interim Director of Transfer Services: Kelsey Haskins

The Office of the University Registrar is responsible for official student and curricular records. Staff members handle course and room scheduling, degree audit, and produce the registration guide, the academic calendar, and the schedule of classes.

The Office of the University Registrar processes requests to add, drop, or withdraw from courses; audit courses; repeat courses; change courses to pass/fail status; enroll in multiple sections of courses; change student names and addresses; change, add, or drop a student’s majors, minors, or focus; change or establish residency; declare academic renewal; and graduate from the university.

The Office of the University Registrar also handles course registration; assists transfer students with enrollment in prerequisite and co-requisite classes; processes enrollment for all incoming and outgoing students who are enrolling through the Greater Cincinnati Collegiate Connection; processes graduation applications; handles enrollment and processing of benefits for veterans and their dependents; handles enrollment verification for any purpose; is responsible for maintaining and issuing official NKU transcripts; and processes and awards credit for CLEP, DSST, IB, Portfolio, ACE, and military and Department of Defense-approved institution attendance.

Student Affairs
Location: Lucas Administrative Center 832
Telephone: 859-572-6447
Fax: 859-572-1310
Email Address: studentaffairs@nku.edu
Web Address: http://inside.nku.edu/studentaffairs.html
Vice President for Student Affairs: Kimberley Turner (interim)

The Division of Student Affairs promotes student success through transformational co-curricular programs and services that inspire and prepare students to be productive global citizens.

An array of programs, services, activities, and facilities are provided to promote academic achievement, student involvement, personal awareness, social and
interpersonal development, leadership, and responsible citizenship. The vice president for student affairs provides administrative leadership for the division. The division is organized into two units: student development and student services.

### Student Government Association

**Location:** Votruba Student Union 330  
**Telephone:** 859-572-5149  
**Fax:** 859-572-6173  
**Email Address:** sga@nku.edu  
**Web Address:** http://sga.nku.edu

The Student Government Association is an elected, representative student assembly. It is the official student organization representing the collective viewpoint of the student body on university policy or action. Besides serving as a liaison to the university’s administration, SGA works to promote a more meaningful university experience. It initiates and implements student-oriented programs and awards several student scholarships and book/special-needs grants.

SGA is composed of three distinct branches: the executive cabinet includes the president, vice president, secretary of public relations, secretary of administration, and secretary of student involvement; the legislative branch includes the student senate composed of 30 senators; and the judicial branch is composed of five judicial council members. The SGA president is a member of the university’s Board of Regents, which is the governing board for the entire university. Legislative powers of student government are vested in the student senate. Members of SGA’s cabinet and student senate represent students on several university committees.

SGA elections are held during the fall and spring semesters of each academic year. The assembly meets Mondays at 3:30 p.m. in Votruba Student Union 104, and all meetings are open for students to attend.

### Student Engagements

**Location:** Votruba Student Union 316  
**Telephone:** 859-572-6514  
**Fax:** 859-572-5774  
**Email Address:** studentlife@nku.edu  
**Web Addresses:** http://nkustudentunionengagement.orgsync.com/  
**Director:** Tiffany Mayse  
**Other Key Personnel:**

Specialist for Student Organizations: Ashley Farnsley

The Office of Student Engagement assists students as they link their academic work to real-world pursuits. NKU students can learn, practice, and hone their leadership skills by taking advantage of the Northern Kentucky Leadership Institute and the more than 200 student organizations available at the university. Students can connect with other students who share similar interests, spirituality, or political causes. Students who get involved find better jobs, earn better grades, and are more likely to graduate. Moreover, they are more satisfied with their college experience. The Office of Student Engagement serves as the coordinating office for the many activities and registered student organizations on campus, including those described here.

### Northern Kentucky Leadership Institute

Northern Kentucky Leadership Institute is the umbrella group of the three organizations that provide leadership programming for all NKU students - Norse Leadership Society, Freshmen Service Leadership Committee, and Leadership Mentors. NKLI also produces Leadership University for students interested in developing personal and professional skills independently. More information about the Northern Kentucky Leadership Institute, its programming, and the organizations is available in the Votruba Student Union room 329.

### Norse Leadership Society

Norse Leadership Society is recognized by students, faculty, and staff as the premier leadership organization on campus. NLS is composed of outstanding student leaders with at least sophomore status. Members come from different backgrounds and display tremendous pride in the university. Most NLS members are also leaders in other student organizations and in the community. NLS provides programs and activities that will cultivate a broad base of leadership and developmental skills either independently or through association with other local organizations. Notable events held by NLS are the fall retreat, Fresh Start, the Presidents Academy, and Catalyst. For more information contact the Office of Student Engagement, third floor of the Votruba Student Union.

### Freshman Service Leadership Committee

The Freshman Service Leadership Committee is a student organization dedicated to the development of freshmen as leaders through service. Members can be seen throughout campus, working fundraisers for one of their upcoming events or showing off their skills at NKU’s Service on Saturday. While attending FSLC meetings, students are given the opportunity to test their leadership skills, and learn more about being an effective leader through serving others. Members can be elected to an office on the executive board. In addition, students can chair a committee that will focus on helping facilitate group functions, social activities, and community service projects. For more information, email studentlife@nku.edu.

### Leadership Mentors

Leadership mentors are NKU students with advanced leadership skills working collaboratively with other NKU students to train local high school students for their future leadership roles. For more information, stop by the Northern Kentucky Leadership Institute or Student Engagement in the Student Involvement Center, third floor of the Votruba Student Union. For more information email studentlife@nku.edu.

### Student Media

**Location:** Griffin Hall 125  
**Telephone:** 859-572-6128 (Editor); 859-572-5232 (Advertising)  
**Email Address:** northerner@nku.edu  
**Web Addresses:**

- http://www.norsecoderadio.com  
- http://www.thenortherner.com  
- http://www.norsecoderadio.com  
**Adviser:** Michele Day

Student Media, which is housed in the Department of Communication, provides budgetary and advisory support to student-run media, including Norse Code Radio, where students broadcast music and commentary via the Internet and The Northerner, an independent, free weekly student newspaper distributed on and near NKU’s Highland Heights campus and an independent student news website.
N3 is a newsletter published weekly by the Office of Student Engagement. It is "N3" - Norse News Network wanting to be part of the fun. The student engagement calendar provides a list of times and places for all who want to be part of the fun. White Gala, Yell Like Hell, and the announcements of campus royalty. The week including the Nearly Naked Run, Talent Show, Canstruction, Gold & an NKU basketball game. There are multiple events throughout Homecoming Week. Homecoming at NKU takes place early in the spring semester, coinciding with Homecoming at NKU. The Activities Programming Board is the official student programming body of the university, coordinating events such as drive-in movies, Pumpkin Bust, hypnotists, lectures, comedy shows, and other activities that provide relief from the day’s stresses and provide for a social atmosphere where students can interact in a casual and fun setting. Students who join APB have the exciting opportunity to select programs provided on campus and then manage the event. For students who want to be part of the planning or just participate in the activities, APB has something for everyone. The Activities Programming Board’s office is located in the Student Involvement Center, Votruba Student Union 327, and members can be reached by email (apb@nku.edu).

Calendar
Activities available for NKU students are listed on the student engagement calendar available online (http://nku.orgsync.com/calendar).

Homecoming
Homecoming at NKU takes place early in the spring semester, coinciding with an NKU basketball game. There are multiple events throughout Homecoming Week including the Nearly Naked Run, Talent Show, Construction, Gold & White Gala, Yell Like Hell, and the announcements of campus royalty. The student engagement calendar provides a list of times and places for all who want to be part of the fun.

"N3" - Norse News Network
N3 is a newsletter published weekly by the Office of Student Engagement. It is delivered directly to students’ NKU email address to let them know what is happening on campus and in the community. Each edition includes information about important deadlines, campus activities, student organization events, volunteer opportunities, and co-op or internship opportunities that will enjoy learning about and need to know. N3 provides up-to-date information that helps students connect with others and build their on-campus network. For more information, contact studentlife@nku.edu.

Student Organizations
There are over 200 registered student organizations at NKU. Current and prospective students can learn more about the organizations from the Student Engagement website. All students have access to the OrgSync portal through their NKU username and password. Students use OrgSync to interact with organizations, members, and other students online. Students can create an OrgSync profile by going to their website and selecting "Register," then clicking on "Northern Kentucky University" and selecting "Register." Students who complete account and profile information are set. It's fast, free, and easy. To join an organization through OrgSync, students can visit http://www.orgsync.com, log on, and select "Join an Org," then browse for organizations of interest to them. Through the OrgSync portal, NKU students can document both their academic and co-curricular work through the co-curricular transcript and the e-portfolio.

Testing Services
Location: University Center 101
Telephone: 859-572-6373
Fax: 859-572-1574
Email Address: testing@nku.edu
Web Address: http://inside.nku.edu/testing.html
Director: Amy Danzo
Other Key Personnel:

Senior Testing Services Coordinator: Stephanie Wittenstrom
Testing Services Coordinator: Barbara Narwold
Administrative Specialist: Connie Seiter

Testing Services provides standardized and proctored examinations in a convenient and secure testing environment for the NKU community and region. Testing Services adheres to the standards set forth through the National College Testing Association.

Tests offered include accommodated classroom exams, admissions tests, such as the National ACT, Residual ACT, and Accuplacer Admission Test for students aged 21 and older; Credit-by-Examination (CLEP, DSST, and CPLE); PRAXIS (Professional Assessments for Beginning Teachers), Informatics Competency Exams, Major Field Tests, and distance learning examinations. National certification and licensing exams are also available through Testing Services.

In addition, admitted freshmen and transfer students who do not meet current Kentucky CPE testing standards are required to take placement test(s) in English, mathematics, and reading through Testing Services. Students must complete placement testing prior to attending their registration program or registering for classes. Registration for placement testing is available online. Students are encouraged to browse the Testing Services website for detailed information regarding each test, as well as to register and pay for each test offered.
University Center

**Office Location:** University Center lobby information booth  
**Telephone:** 859-572-6103  
**Fax:** 859-572-5296  
**Web Address:** [https://inside.nku.edu/ucap.html](https://inside.nku.edu/ucap.html)  
**Director:** Sarah Aikman  
**Other Key Personnel:**
- Associate Director: Chris Tambling  
- Coordinator of Programming: Leah Koch  
- Technical Services Manager: Chris Bowling  
- Office Manager: Maryann Trumble

The University Center houses a variety of support services for students. Offices and services located in the University Center include: the bookstore; Norse Tech Bar; Norse Advising; Career Services; Health, Counseling, and Student Wellness; Veterans Resource Station; Office of First-Year Programs; Office of International Students and Scholars; Office of Education Abroad; International Education Center; Learning Assistance Programs; Student Achievement Programs and Services; Testing Services; University Connect and Persist; University Center information desk; and U.S. Bank banking center. Also included in the facility are several meeting rooms, a ballroom, lounge space, and the Otto M. Budig Theater. Room reservations for these areas can be made through Astra Schedule or by contacting Sarah Aikman at 859-572-1940, or aikmans1@nku.edu. The University Center information desk, located on the second floor main plaza level, provides information concerning campus events, building and office locations, and campus maps.
GENERAL EDUCATION

Foundation of Knowledge
The general education program guides students to become independent learners, innovative thinkers, and responsible citizens. The program gives students a foundation of values, knowledge, and skills that empower them to discover their personal potential, communicate effectively, work in diverse communities, and solve problems in a global society. Courses invite students to expand the lifelong practice of asking questions, seeking new points of view, applying principles of reason, adjusting ideas in relation to new situations, and taking reflective action.

Foundation of Knowledge Core Competencies

A - Critical Thinking
Students will demonstrate the ability to gather, process, interpret, and evaluate information; to develop a plan to apply that information appropriately to a variety of situations; and to assess the appropriateness and relevance of its application.

B - Perspectives
Students will demonstrate the ability to analyze and understand multiple historical and contemporary perspectives and cultural identities.

C - Communication
Students will demonstrate the ability to communicate a depth of understanding of that information through written, spoken, and visual media appropriate to audiences.

D - Science and Technology
Students will demonstrate an understanding of the scientific method in observing, evaluating, analyzing, and predicting phenomena in the natural and physical world.

E - Personal Responsibility and Community
Students will demonstrate an understanding of the ethical, moral, and pragmatic consequences of their choices and decisions, including the roles and responsibilities of citizenship.

Assessment of Core Competencies
All NKU students will be required to participate in a formal assessment of the core competencies at a minimum of two points during their academic career. Results will be used by the administration and faculty to ensure the continuous improvement of the educational experience provided to NKU students and to provide evidence that graduates have attained those competencies.

Program Requirements: Bachelor's Degree Candidates
Bachelor’s degree candidates who begin their postsecondary education at NKU must satisfy the requirements listed below; transfer students may be able to receive credit for some or all of the general education requirements through the Kentucky Transfer Policy.

Program Requirements: Associate Degree Candidates
Associate degree candidates must satisfy the requirements listed here. The courses that satisfy each program category are listed after the program requirements for bachelor’s degree candidates.

The Categories Comprising Foundation of Knowledge

Written Communication I

Three semester credit hours required.

- ENG 101 College Writing - WC (3 credits)
- ENG 151H Honors Freshman Composition - WC (3 credits) •
- *ENG 151H: satisfies both Written Communication I and II requirements, which reduces the student’s General Education requirements by three semester credit hours.

Written Communication II

Three semester credit hours required.

- ART 291W Advanced Writing-Writing/Artists - WC (3 credits)
- BIO 291W Advanced Writing in Biology - WC (3 credits)
- CHE 391W Chemical Information and Writing - WC (3 credits)
- EGT 291W Writing in Engineering Technology - WC (3 credits)
- ENG 102 Advanced College Writing - WC (3 credits)
- ENV 291W Advanced Writing in Environmental Science - WC (3 credits)
- HIS 291W Advanced Historical Writing - WC (3 credits)
- HSC 291W Writing in the Health Science - WC (3 credits)
- MUS 291W Advanced Writing in the Music Profession (3 credits)

Scientific and Quantitative Inquiry Category

The objectives of these courses are to teach students to develop evidence-based arguments; to apply scientific and quantitative reasoning through problem solving or experimentation and effectively communicate results through scientific, analytic, and quantitative methods; to identify major concepts of science behind technological innovations or applications in our daily lives; and to distinguish between scientific and non-scientific methods. The following courses are approved for this category:

Natural Sciences

Seven semester credit hours required for this category. One course must include a laboratory component; the two courses must be from different disciplines.

- AST 110 Solar System Astronomy with Laboratory - SL (4 credits)
- AST 115 Stars, Galaxies, and Cosmology with Laboratory - SL (4 credits)
- BIO 120 Understanding the Living World - NS (4 credits) and
- BIO 120L Understanding the Living World Laboratory - SL (0 credits)
- BIO 121 Diseases and the Systems they Affect - NS (3 credits) and
- BIO 121L Diseases and the Systems they Affect Laboratory - SL (1 credit)
- BIO 123 Human Ecology - NS (3 credits)
- BIO 125 Biological Perspectives of Wellness - NS (3 credits)
- BIO 126 Human Nutrition - NS (3 credits)
- BIO 150 Introduction to Biology I - NS (4 credits) and
- BIO 150L Introduction to Biology I Laboratory - NS (0 credits)
- BIO 158 Biological Evolution - NS (3 credits)
- BIO 208 Human Anatomy and Physiology I - NS (4 credits) and
- BIO 208L Human Anatomy and Physiology I Laboratory - SL (0 credits)
- CHE 105 Discovering Chemistry with Laboratory - SL (4 credits)
- CHE 112 Chemistry and Society - NS (3 credits) and
• CHE 112L Chemistry and Society Laboratory - SL (1 credit)
• CHE 115 Physiological Chemistry - NS (3 credits) and
• CHE 115L Physiological Chemistry Laboratory - SL (1 credit)
• CHE 120 General Chemistry I - NS (3 credits) and
• CHE 120L General Chemistry Laboratory - SL (1 credit)
• EGT 110 Introduction to Engineering/Technology - NS (3 credits)
• ENV 110 Introduction to Environmental Science and Issues - NS (3 credits)
• ENV 220 Protecting Water Resources - NS (3 credits) and
• ENV 220L Protecting Water Resources Laboratory - SL (1 credit)
• GEO 108 Physical Geography - NS (3 credits)
• GLY 110 The Face of the Earth with Laboratory - SL (4 credits)
• GLY 120 This Dangerous Earth - NS (3 credits)
• GLY 125 Prehistoric Life - NS (3 credits)
• GLY 130 Geology of National Parks - NS (3 credits)
• INF 120 Elementary Programming - NS (3 credits)
• PHY 101 Einstein 101 - NS (3 credits)
• PHY 110 Introduction to Physics with Laboratory - SL (4 credits)
• PHY 211 General Physics with Laboratory I - SL (5 credits)
• PHY 220 University Physics with Laboratory I - SL (4 credits)
• SCI 110 Integrative Science - SL (4 credits)

### Mathematics and Statistics

Three semester credit hours required.

- MAT 114 Finite Mathematics - QR (3 credits)
- MAT 115 Mathematics for Liberal Arts - QR (3 credits)
- MAT 128 Calculus A - QR (3 credits)
- MAT 129 Calculus I - QR (4 credits)
- MAT 185 Introductory Discrete Mathematics - QR (3 credits)
- PHI 265 Logic - QR (3 credits)
- STA 113 Probability and Statistics with Elementary Education Applications - QR (3 credits)
- STA 205 Introduction to Statistical Methods - QR (3 credits)

### Self and Society Category

The objectives of these courses are to teach students to effectively gather material relating to a focused topic using a variety of tools, sources, and search strategies; to identify, interpret, and evaluate assumptions, evidence, conclusions, and theories; to understand economic, political, and social legacies of imperialism and colonialism, with reference to the linguistic or cultural diversity, for societies, groups, and individuals; to compare historical perspectives on the development of various cultures; to identify the connections and differences among local, national, and global communities; to demonstrate how literature and the arts reflect and influence cultures; to distinguish between scientific and non-scientific explanations by employing scientific methods; to understand the influence of cultural and socioeconomic backgrounds in shaping attitudes and opinions (in themselves and others); and to demonstrate an understanding of the variety of influences on human behavior. The following courses are approved for this category:

### Cultural Pluralism

Three semester credit hours required to satisfy the category, and course must be from a different discipline than courses taken to satisfy the Individual and Society category.

- ANT 201 World Cultures - SB (3 credits)
- ANT 230 North American Indians - SB (3 credits)
- ANT 231 Modern American Indians - SB (3 credits)
- ANT 245 Peoples of Latin America and the Caribbean - SB (3 credits)
- ANT 270 Native Australia and Oceania - SB (3 credits)
- BLS 100 Introduction to Black Studies - SB (3 credits)
- EPU 316 Racism and Sexism in Educational Institutions - SB (3 credits)
- EMB 105 Media in a Diverse Society - SB (3 credits)
- MUS 110 Appreciation of Jazz - SB (3 credits)
- SOC 101 Global Inequalities - SB (3 credits)
- SWK 105 Social Work and the Community - SB (3 credits)
- TAR 102 Race, Gender and Theatre - SB (3 credits)
- WGS 150 Introduction to Contemporary Gender Issues - SB (3 credits)

### Individual and Society

Six semester credit hours required to satisfy the category. Each course must be from a different discipline, and neither course can be from the same discipline as the course taken to satisfy the Cultural Pluralism category.

- ANT 100 Introduction to Cultural Anthropology - SB (3 credits)
- ANT 110 Unearthing the Past: World Archaeology - SB (3 credits)
- BIS 111 Problem Solving and Creativity - SB (3 credits)
- ECO 200 Principles of Macroeconomics - SB (3 credits)
- ECO 201 Principles of Microeconomics - SB (3 credits)
- INF 128 Principles of Informatics - SB (3 credits)
- JST 185 Introduction to Integrative Studies - SB (3 credits)
- JOUT 110 Introduction to Mass Communication - SB (3 credits)
- JUS 101 Introduction to Criminal Justice - SB (3 credits)
- LIN 175 Information Literacy - SB (3 credits)
- PHI 110 Philosophy, Individuals and Society - SB (3 credits)
- PSC 100 American Politics - SB (3 credits)
- PSC 101 State and Local Politics - SB (3 credits)
- PSY 100 Introduction to Psychology - SB (3 credits)
- SOC 100 Introduction to Sociology - SB (3 credits)

### Culture and Creativity Category

The objectives of these courses are to teach students to effectively gather material relating to a focused topic using a variety of tools, sources, and search strategies; to explore the implications and consequences of their initial conclusions and use them to generate new ideas, questions, and directions for further inquiry; to compare historical perspectives on the development of various cultures; and to demonstrate how literature and the arts reflect and influence cultures. The following courses are approved for this category:

### Six semester credit hours required to satisfy this category

Each course must be from a different discipline. Bachelor’s degree candidates are limited to three credit hours (one course) of foreign language to
satisfy this category. Associate degree candidates may not use a foreign language course to satisfy this category.

- ARI 101 Elementary Arabic I - AH (3 credits)
- ART 100 Art Appreciation - AH (3 credits)
- CHI 101 Elementary Chinese - AH (3 credits)
- EMB 100 Media Literacy - AH (3 credits)
- ENG 200 Understanding Literature - AH (3 credits)
- ENG 214 Literature Across History - AH (3 credits)
- ENG 302 Literature and Film - AH (3 credits)
- ENG 316 Social Issues in Literature - AH (3 credits)
- FRE 101 Elementary French I - AH (3 credits)
- GER 101 Elementary German I - AH (3 credits)
- HIS 102 History of the United States through 1877 - AH (3 credits)
- HIS 103 History of the United States since 1877 - AH (3 credits)
- ITA 101 Elementary Italian I - AH (3 credits)
- JPN 101 Elementary Japanese I - AH (3 credits)
- KOR 101 Elementary Korean I - AH (3 credits)
- MUS 100 Music Appreciation - AH (3 credits)
- PHI 181 Philosophers, Cultures and Creativity - AH (3 credits)
- POP 205 Introduction to Popular Culture - AH (3 credits)
- POP 250 International Popular Culture - AH (3 credits)
- REL 200 World Religions and Cultures - AH (3 credits)
- RUS 101 Elementary Russian I - AH (3 credits)
- SPI 101 Elementary Spanish I - AH (3 credits)
- TAR 100 Theatre Appreciation - AH (3 credits)
- TAR 165 Comparative Arts - AH (3 credits)

Global Viewpoints Category

The objectives of these courses are to teach students to understand economic, political, and social legacies of imperialism and colonialism, with reference to linguistic or cultural diversity, for societies, groups, and individuals; to compare historical perspectives on the development of various cultures; to identify connections and differences among local, national, and global communities; to demonstrate how literature and the arts reflect and influence cultures; to comprehend the ethical perspectives and responsibilities of individuals; to understand the influence of cultural and socioeconomic backgrounds in shaping attitudes and opinions (in themselves and others); and to demonstrate an understanding of the variety of influences on human behavior. The following courses are approved for this category:

Three semester credit hours required to satisfy this category

- ANT 100 Introduction to Cultural Anthropology - SB (3 credits)
- ANT 114 Great Archaeological Sites - AH (3 credits)
- BIO 235 Costa Rican Natural History - AH (3 credits)
- ENG 213 Global Viewpoints in Literature - AH (3 credits)
- GEO 100 Global Viewpoints on Geography and the Human Landscape - AH (3 credits)
- GLY 120 This Dangerous Earth - NS (3 credits)
- HIS 111 Global Viewpoints in History - AH (3 credits)
- JUS 231 Race, Gender and Crime - AH (3 credits)
- LDR 160 Leadership Around the World - AH (3 credits)
- MUS 106 Music of World Cultures - AH (3 credits)
- PHI 200 Ethics - AH (3 credits)
- PHI 220 Health Care Ethics - AH (3 credits)
- PSC 102 Comparative Politics - AH (3 credits)
- PSC 103 International Politics - AH (3 credits)
- PSC 110 Political Ideas (3 credits)
- SOC 100 Introduction to Sociology - SB (3 credits)
- SOC 101 Global Inequalities - SB (3 credits)
- SWK 106 Introduction to Social Justice - AH (3 credits)

Kentucky Transfer Policy

The Kentucky Council on Postsecondary Education and other Kentucky institutions developed and approved the Kentucky Transfer Policy to facilitate student progress to graduation and ease transfer between state institutions. Students must have a cumulative GPA of 2.0 or higher to qualify for the Kentucky Transfer Policy.

Certification of General Education Blocks

For a student transferring from a public college or university of the commonwealth of Kentucky, there are three levels of general education certification. Each level is based on the number and category of courses taken. Students can complete general education courses in categories (also referred to as blocks), as a core component, and as a complete general education program. Each level of certification is identified below.

1. General Education Category Certified. Students who have completed some but not all of the five categories in the Core Component will be “category certified” for purposes of transfer. Individuals in this situation must fulfill all of the remaining general education requirements of the receiving institution that have not been satisfied through category certification.

2. General Education Core Certified. Students who have completed all of the categories - the core component - with a minimum of 30 unduplicated credit hours will be “core certified” for purposes of transfer. Individuals in this category must fulfill the remaining general education requirements of the receiving institution that have not been satisfied through the core component. At NKU, this means completing three credit hours in the Global Viewpoints category.

General Education Fully Certified. Students who have completed a general education program, with a minimum of 30 unduplicated semester credit hours or the equivalent (may include a SACS justification for fewer hours) which includes the core component and all additional institutional-specific general education courses, will be "general education fully certified" for purposes of transfer. If the receiving institution’s general education program requires a sum of hours that is less than the total the student has taken at the sending institution, the excess hours will be accepted for transfer by the receiving institution and evaluated for application toward degree requirements. There may be graduation requirements beyond general education requirements that a student will need to complete (e.g., senior year capstone experiences).
College of Arts and Sciences

Location: Steely Library 410  
Telephone: 859-572-5495  
Fax: 859-572-6185  
Email Address: deanaands@nku.edu  
Web Address: http://www.nku.edu/academics/artsci.html  
Dean: Diana McGill  
Other Key Personnel:  
Associate Dean: Bethany Bowling  
Associate Dean: Emily Detmer-Goebel  
Assistant Dean and Director of the College Advising Center: Amy Racke  
Budget Officer: Karen Sullivan  
Director of Development: Kelly Keene  
Interim Director of Integrative Studies: Rudy Gams  
Assistant to the Dean: Annette Pendery  

The College of Arts and Sciences is not only the largest of the six colleges at Northern Kentucky University, but we also offer the most diverse collection of undergraduate and graduate degree programs and the widest array of general education courses. All students will discover something of interest in our classes and leave better prepared to solve problems, create, discover, communicate, and influence their communities and the world around them. Students in Arts and Sciences may choose from among 48 undergraduate degree programs and 46 minors. We offer undergraduate certificates in 5 areas, and graduate certificates and master's degrees in 12 areas. Pre-professional programs are available for students interested in specific career paths such as medicine, pharmacy, law, engineering, forestry and wildlife management. Students interested in experiencing multiple disciplines and understanding the connections among them may choose from many interdisciplinary program options at the undergraduate and graduate levels.

We look forward to welcoming you to the College of Arts and Sciences and helping you succeed throughout your university experience and beyond!

College Advising Center

Location: University Center 218C  
Telephone: 859-572-5494  
Fax: 859-572-1444  
Email Address: campbellb1@nku.edu  
Web Address: http://artscience.nku.edu/advisingcenter.html  
Key Personnel:  
Assistant Dean and Director: Amy Racke  
Academic Advisor: Tiffany Freytag  
Academic Advisor: Dave Mooring  
Academic Advisor: Amanda Laskowski  

The center helps students who have issues and may need approval from the assistant dean. These include but are not limited to problems with graduation, withdrawal from classes, registration, probation, suspension, and reinstatement. The advisors in the center assist all Integrative Studies and undeclared majors in the College of Arts and Sciences with course selection and general education requirements, transfer credit, personal time management, and varied program possibilities. In addition, they address all advising needs for students interested in but not yet admitted to the following selective admission programs such as biological sciences, chemistry, and music.

Accreditations

American Chemical Society - Chemistry  
National Association of Schools of Music - Music  
Network of Schools of Public Policy, Affairs and Administration - Political Science and Criminal Justice  
Technology Accreditation Commission of ABET, Inc. - Electrical Engineering Technology; Mechanical and Manufacturing Engineering Technology

Centers

Center for Applied Anthropology

Location: Landrum Academic Center 228  
Telephone: 859-572-5702  
Fax: 859-572-6086  
Email Address: cfaa@nku.edu  
Web Address: http://cfaa.nku.edu  
Director: Douglas W. Hume  

This center collaborates and conducts community-based ethnographic research with local, national, and international nonprofit and governmental agencies. The CfAA partners with the Scripps Howard Center for Civic Engagement, Kentucky Campus Compact, NKU Office of Education Abroad, and the Cooperative Center for Study Abroad to provide service-learning projects for NKU students both in the United States and abroad. Anthropological theory and method is uniquely equipped to provide ethnographic data to assist projects involving local human communities and other project stakeholders. Our methods include ethnographic interviews, qualitative analyses, questionnaires, and quantitative analyses.

The Burkardt Consulting Center

Location: Mathematics-Education-Psychology Center 463  
Telephone: 859-572-1325  
Fax: 859-572-6097  
Email Address: bcc@nku.edu  
Web Address: http://bcc.nku.edu  
Director: Joseph Nolan  
Assistant Director: Mary Lee Glore  

The Burkardt Consulting Center (BCC) provides statistical consulting to NKU students, NKU faculty, and community members throughout the Northern Kentucky region. As part of its mission, the BCC also provides a venue for undergraduate statistics and/or mathematics majors at NKU to gain valuable internship experience in which they (under the direction of our faculty) consult with clients on real-world problems. The BCC assists clients with quantitative...
analyses including, but not limited to: study design, survey design, data collection, data analysis, and reporting.

**Center for Integrative Natural Science and Mathematics**

**Location**: Natural Science Center 200  
**Telephone**: 859-572-5381  
**Fax**: 859-572-6179  
**Email Address**: cinsam@nku.edu  
**Web Address**: http://cinsam.nku.edu

**Director**: Madhura Kulkarni  
**Other Key Personnel**:  
- STEM Outreach Director: Ella Bowling  
- Outreach Specialist: Amber Carter  
- Director of Recruitment and Retention: Ellen Hokkanen  
- Program Manager: Garrett Scala  
- Robotics Coordinator: Beth Koch  
- Network Laboratory Manager: Corey Powers  
- Laboratory Coordinator: Jonathan Wright

The Center for Integrative Natural Science and Mathematics, established in 1999 as NKU’s program of distinction, strives to enhance the teaching, learning, and applying of science and mathematics at NKU and in the northern Kentucky region through interdisciplinary collaboration. CINSAM engages teachers of science and mathematics by offering integrative science and mathematics coursework for prospective teachers and through programs of outreach and continuing education for current teachers. CINSAM also supports the science, technology, engineering and mathematics programs at NKU in the recruitment, retention, and graduation of STEM students. In addition, CINSAM funds collaborative research between NKU faculty and students. CINSAM engages with the community through summer camps and outreach events for area students and by working with industry and government on joint projects involving NKU faculty and students.

**Center for Public History**

**Location**: Landrum Academic Center 415  
**Telephone**: 859-572-6186  
**Email Address**: centerforpublichisto@nku.edu  
**Web Address**: http://publichistory.nku.edu

**Director**: Paul Tenkotte  
**Assistant Director**: Brian Hackett

The Center for Public History supports the civic engagement and community outreach activities of the faculty and students of the History and Geography department providing students with practical and real-world experiences in the promotion, presentation and preservation of local and regional history. The Center also provides a venue for department students and faculty to showcase their work as it actively plans, supports and implements history-related projects in the tri-state area.
Department of Biological Sciences

Location: Herrmann Science Center 204D
Telephone: 859-572-5110
Fax: 859-572-5639
Email Address: biosci@niku.edu
Web Address: http://biology.nku.edu
Department Chair: Patrick Schultheis
Other Key Personnel:
  - Assistant Chair: Denice Robertson
  - Academic Advisor: Lynn Crane
  - Department Coordinator: Beth Sweeney
  - Secretary: Victoria Hugo

Full-Time Faculty: Charles A. Acosta, Bethany V. Bowling, Richard L. Boyce, John C. Carmen, Joshua Cooper, Christine Curran, Gregory Dahlem, Debby S. Dempsey, Richard D. Dursche, Kristine N. Hopfensperger, Patricia Kappesser, Robert Kues, Joseph Mester, Denice N. Robertson, Megan Sanctuary, Patrick J. Schultheis, Kirsten Schwarz, Michael P. Scola, Emily Shifley, Erin Strome, David Thompson, Lindsey Walters, Lauren Williamson, Mary K. Whitson

Thinking about the discipline: A major in the biological sciences can lead to a variety of careers including laboratory and field research, medicine, dentistry, veterinary medicine, pharmacy, physical therapy, teaching, forensics, and many others.

Special opportunities for our students: The best way for students to learn about science is by doing science. Therefore, the department strongly encourages all students majoring in biology to participate in research with a faculty member. Students can begin learning about research in “BIO 292 Introduction to Research in Biology (0 credits)” and continue working with a faculty member in “BIO 399 Techniques of the Biological Sciences (1-2 credits).” In BIO 399 students will learn techniques they can use in “BIO 492 Directed Research: Biological Sciences (1-3 credits).” Students present their data at local, state, and national professional meetings.

Biology courses are offered in a variety of countries each year, presenting students with the opportunity for international experiences. In addition, the department has four very active clubs: Tri-Beta National Honor Society, Health Professions Club, Environmentally Concerned Organization of Students, and Biology Integration and Outreach for Teaching Advancement.

Special admission requirements: The admission standards for all students pursuing degrees in biology (all tracks) and those interested in pre-professional areas offered by the department are: mathematics ACT ≥ 22 and CPE minimum standards of 18 English and 20 reading, or successful completion of appropriate developmental courses. Transfer students must also meet these requirements before declaring a biology major.

Special graduation requirements: Prior to graduation, all students majoring in biology are required to pass a comprehensive exam. This examination is designed to verify that the graduating student has at least a basic knowledge of the broad area of the biological sciences. Students will complete this requirement by registering for “BIO 491 Comprehensive Examination (0 credits)” during the senior year. Those who fail the exam will not be allowed to graduate until the exam is passed.

Biological Sciences
Interdisciplinary Minor:

- Environmental Science, B.A.
- Environmental Science, B.S.
- Neuroscience, B.S.

Pre-Professional programs:

NOTE: The following are not majors; they are areas of emphasis for advising purposes. Other pre-professional programs can be found in the section of the catalog dealing with pre-professional programs. The pre-professional programs that fit well with biology are:

- Pre-Dental
- Pre-Medical or Physician Assistant
- Pre-Optometry
- Pre-Veterinary Medicine
- Pre-Physical Therapy
- Pre-Psychology
- Pre-Wildlife Management

*Information about these programs can be found below.

Interdisciplinary Minors:

- Environmental Studies Minor
- Neuroscience Minor

BACHELOR OF ARTS

Biological Sciences, B.A.

BIOLOGICAL SCIENCES MAJOR

Students pursuing a degree in the biological sciences may do so by choosing one of seven different tracks. These tracks allow the individual student to place an emphasis on areas of biology that he or she finds of interest. However, the faculty of the department feel very strongly that each student completing a degree in biology must have a solid foundation in the discipline. Therefore, there is a core of courses required of all majors. A grade of C- or better must be earned in all biology courses that count toward completion of major requirements. The department has also identified a common core of support courses that must be completed with a C- or better by all biological science majors. Details concerning the biology core, support core, and each of the tracks follow.

Indicates prerequisite.

These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements.

Wishing to be certified to teach biology at the secondary level should complete the B.A. General Biology Track in conjunction with a B.A. Secondary Education. Students should review the section of the catalog describing the B.A. Secondary Education track within the Department of Teacher Education.

Degree Requirements (41-49 credits)

Core Courses (22 credits)

- BIO 150 Introduction to Biology I - NS (4 credits)†

- BIO 491 Comprehensive Examination (0 credits) ♦

Core Courses in Other Disciplines (19-27 credits)

- CHE 120 General Chemistry I - NS (3 credits) ♦
- CHE 120L General Chemistry I Laboratory - SL (1 credit)
- CHE 121 General Chemistry II (3 credits) ♦
- CHE 121L General Chemistry II Laboratory (1 credit) ♦
- PHY 211 General Physics with Laboratory I - SL (5 credits) ♦ and
- PHY 213 General Physics with Laboratory II (5 credits) ♦
- PHY 220 University Physics with Laboratory I - SL (4 credits) ♦ and
- PHY 222 University Physics with Laboratory II (4 credits) ♦
- STA 205 Introduction to Statistical Methods - QR (3 credits) ♦

Foreign language requirement (0-6 credits)

All biological science majors are required to complete the 102 level or higher of a foreign language. Students may satisfy this requirement by completing the appropriate two-course sequence in a foreign language, or via CLEP or AP exam equivalency.

GENERAL BIOLOGY TRACK (20-25 CREDITS)

This track is not recommended for those who wish to pursue a postgraduate education in the sciences.

- BIO 304L Ecology Laboratory (1 credit) ♦
- Select one course from the cellular/molecular/genetics group (3-4 credits)
- Select one course from the ecology/evolution/organismal group (3-4 credits)
- Select three BIO elective courses (9-12 credits) *
- CHE 310 Organic Chemistry I (3 credits) ♦
- CHE 310L Organic Chemistry I Laboratory (1 credit) ♦

TOTAL CREDITS 61-74

*One course must be an animal course and one must be a plant course.

- MAT 128 Calculus A - QR (3 credits) ♦
  OR
- MAT 129 Calculus I - QR (4 credits) ♦

TOTAL CREDITS 85-94

FORENSIC SCIENCE TRACK (44-45 CREDITS)
This track is designed to provide students who wish to pursue a career in forensic science with a solid background in the sciences while giving them the basic knowledge that they will need in order to succeed in the criminal justice system. It is strongly recommended that majors in the track complete the minor in criminalistics offered by the Department of Political Science, Criminal Justice, and Organizational Leadership. By doing so, they will be much better prepared to work with law enforcement professionals. This track is designed to ensure that graduates who later decide to pursue some other area of work in the biological sciences or go to graduate school can do so with little if any additional coursework.
- BIO 342 Biometry (3 credits) ♦
- BIO 302 General Microbiology (4 credits) ♦
- BIO 302L General Microbiology Laboratory (0 credits)
- BIO 320 Entomology (4 credits) ♦
- BIO 320L Entomology Laboratory (0 credits)

- MAT 112 Applied Calculus (3 credits) ♦
  OR
- MAT 128 Calculus A - QR (3 credits) ♦
  OR
- MAT 129 Calculus I - QR (4 credits) ♦

TOTAL CREDITS 85-94
PHARMACEUTICAL SCIENCES TRACK (49-59 CREDITS)

Pharmacy schools do not require students to complete a bachelors degree prior to admission. The pharmaceutical sciences track is designed to enable students interested in applying to pharmacy school early (generally after their third year) to complete a bachelors degree by transferring coursework from pharmacy school back to satisfy the remaining requirements for graduation (see below for more details). Due to the fact that pharmacy schools have a varied list of prerequisites and due to the complexity of the pharmaceutical sciences track, students need to work closely with their NKU academic advisor to ensure success. Should a student decide not to attend pharmacy school after their third year, they can complete the requirements for the cellular/molecular/genetics track during their fourth year.

- BIO 302 General Microbiology (4 credits) ♦
- BIO 302L General Microbiology Laboratory (0 credits)
- BIO 425 Advanced Human Anatomy and Physiology I (4 credits) ♦
- BIO 425L Adv. Human Anatomy and Physiology I Lab (0 credits)
- CHE 310 Organic Chemistry I (3 credits) ♦
- CHE 310L Organic Chemistry I Laboratory (1 credit) ♦
- CHE 311 Organic Chemistry II (3 credits) ♦
- CHE 311L Organic Chemistry II Laboratory (1 credit) ♦
- CHE 482 Biochemistry I (3 credits) ♦
- MAT 112 Applied Calculus (3 credits) ♦
- OR
- MAT 129 Calculus I - QR (4 credits) ♦

Pharmacy School Coursework (27-36 credits)

In order to complete the requirements for graduation, you will need to complete 30-39 credits of approved coursework in a pharmacy school which has a pathway agreement with NKU. Due to curriculum differences between pharmacy school and the fact that schools can change their curriculum, you will need to work closely with your advisor to determine what courses you need to complete as outlined in the pathway designed with your pharmacy school. These credits include: 3 credits for Foundations of Knowledge through the completion of a medical ethics course and 27-36 credits to fulfill the track requirements and meet the university graduate requirement of 120 credit hours.

TOTAL CREDITS 99

Neuroscience, B.S.

Email Address: curranc1@nku.edu
Program Director: Christine Curran, Department of Biological Sciences

The bachelor’s degree in Neuroscience will allow students to gain a rich, transdisciplinary understanding of how behavior and cognition can be explained from a biological perspective and gain familiarity with the computational tools used to analyze complex behavioral data. This understanding will include considerations of nervous system function that range from the genetic to the computational to the philosophical. Academic departments participating in this program include: Biological Sciences; Chemistry; Computer Science; Mathematics & Statistics, Psychological Science; and Sociology, Anthropology & Philosophy. Students in the neuroscience major will engage in educational and experiential learning activities that will prepare them for careers in many fields including medicine, biomedical research, psychological science, and computational neuroscience. Students may select pathways that prepare them for job placement immediately upon graduation or graduate studies in neuroscience or one of the disciplines included in the neuroscience major.

Note: The neuroscience major does not require a secondary area of study (e.g. minor or focus).

Admission requirements: The admission standards for all students pursuing degrees in neuroscience (all tracks) are: mathematics ACT 22 or greater and CPE minimum standards of 18 English and 20 reading, or successful completion of appropriate developmental courses. Transfer students must also meet these requirements before declaring a neuroscience major.

Graduation requirements: Students must complete 120 semester credit hours with the last 30h completed at NKU. Students must earn a C- or higher in all core courses, a cumulative 2.0 GPA in their core courses, and a cumulative 2.0 GPA in their track courses. Students must complete a semester-long experiential learning project and the final report associated with that project.

Indicates prerequisite

INTRODUCTORY CORE (25 CREDITS)

Pre-requisites for upper-division major core.

- BIO 150 Introduction to Biology I - NS (4 credits) ♦
- BIO 150L Introduction to Biology I Laboratory - NS (0 credits)

• BIO 440 Animal Behavior (4 credits) ♦
• BIO 440L Animal Behavior Laboratory (0 credits)
• BIO 467 Endocrinology (3 credits) ♦
• NEU 301 Neuroanatomy (4 credits) ♦

Social Neuroscience Track
Take a minimum of 16 credits from at least three disciplines and at least 12
credits at the 300 level or above.
• ANT 202 Biological Anthropology - NS (4 credits)
• ANT 275 Language and Culture (3 credits)
• ANT 333 Paleoanthropology Laboratory (3 credits)
• ANT 334 Behavioral Field Methods (3 credits)
• ANT 340 Ethnographic Methods and Research (3 credits)
• ANT 342 Quantitative Methods in Anthropology (3 credits)
• ANT 347 Primate Behavioral Ecology (3 credits)
• ANT 348 Primate Sexuality (3 credits)
• ANT 371 Psychological Anthropology (3 credits)
• NEU 301 Neuroanatomy (4 credits)
• NEU 301L Neuroanatomy Laboratory (0 credits)
• NEU 302 Neurosignaling (4 credits)
• NEU 302L Neurosignaling Laboratory (0 credits)
• PHI 306 Philosophy and Science (3 credits)
• PHI 315 Knowledge and Reality (3 credits)
• PHI 340 Neuroethics (3 credits)
• PSI 304 Consumer Psychology (3 credits)
• PSI 321 Lifespan Development (3 credits)
• PSI 321L Developmental Science Laboratory (2 credits)
• PSI 340 Social Psychology (3 credits)
• PSI 340L Social Psychology Laboratory (2 credits)
• PSI 510 Psychopharmacology (3 credits)
• PSI 465 Health Psychology (3 credits)
• PSI 465L Health Psychology Laboratory (2 credits)
• SOC 303 Social Psychology (3 credits)
• SOC 320 Social Research (3 credits) ♦
• SOC 322 Qualitative Research Methods (3 credits) ♦
• SOC 332 Collective Behavior (3 credits)

**Computational Neuroscience Track**

Take a minimum of 16 credits in at least three disciplines and at least 12 credits at the 300-level or above.

- ANT 342 Quantitative Methods in Anthropology (3 credits) ♦
- BIO 342 Biometry (3 credits) ♦
- CSC 260 Object-Oriented Programming I (3 credits) ♦
- CSC 260L Object-Oriented Programming Laboratory (1 credit) ♦
- CSC 270 Mathematics Software Programming (3 credits) ♦
- CSC 325 Introduction to Neural Networks and A.I. (3 credits) ♦
- CSC 360 Object-Oriented Programming II (3 credits) ♦
- DSC 311 Data Analytics (3 credits) ♦
- DSC 321 Data Visualization (3 credits) ♦
- MAT 112 Applied Calculus (3 credits) ♦
- OR
- MAT 129 Calculus I - QR (4 credits) ♦
- OR
- MAT 128 Calculus A - QR (3 credits) ♦
- OR
- MAT 129 Calculus I - QR (4 credits) ♦
- NEU 494 Special Topics in Neuroscience (3 credits) ♦
- PHI 265 Logic - QR (3 credits) ♦
- OR
- PHI 340 Neuroethics (3 credits) ♦
- OR
- PHI 345 Philosophy of Mind (3 credits) ♦
- PSY 210 Research Methods and Lab (5 credits) ♦
- PSY 305 Psychological Testing & Measurement (3 credits) ♦
- SOC 322 Qualitative Research Methods (3 credits) ♦
- STA 314 Design and Analysis of Experiments (3 credits) ♦
- STA 316 Regression Analysis (3 credits) ♦
- STA 327 Categorical Data Analysis (3 credits) ♦
- STA 360 Statistical Computing (3 credits) ♦

**PRE-PROFESSIONAL**

**Pre-Forestry**

Students interested in forestry may take their first two years of coursework at NKU and then finish work for the bachelor’s degree in forestry at a forestry school. Realizing that many students do not go on to forestry school for one reason or another, the department recommends that students follow a B.S. or B.A. track. By so doing, it is likely that little if any credit will be lost if a change of direction does occur. In addition to pre-professional requirements, students will have to complete general education requirements for the school they will attend.

At the earliest opportunity, students should schedule an appointment with an advisor and consult the catalogs or websites of any forestry schools that they plan to consider. The University of Kentucky website is www.ca.uky.edu/forestry. The curriculum plan for general biology may be used as a guide for planning the first year of coursework.

- Indicates prerequisite.

**PRE-PROFESSIONAL REQUIREMENTS**

Pre-professional requirements for the forestry school at the University of Kentucky include the following:

- MAT 119 Pre-Calculus Mathematics (3 credits) ♦
- MAT 129 Calculus I - QR (4 credits) ♦
- STA 205 Introduction to Statistical Methods - QR (3 credits) ♦
- CHE 120 General Chemistry I - NS (3 credits) ♦
- CHE 121 General Chemistry II (3 credits) ♦
- BIO 150 Introduction to Biology I - NS (4 credits) ♦
- BIO 151 Introduction to Biology II (4 credits) ♦
- BIO 155 Orientation to Biology (1 credit) ♦
- PHY 211 General Physics with Laboratory I - SL (5 credits) ♦
- ECO 201 Principles of Microeconomics - SB (3 credits) ♦
- AEC Economics of Food and Agriculture (to be taken at UK)
- GEO 306 Environmental Resource Management (3 credits) ♦
- STA 340 Probability II (3 credits) ♦
- OR
- SOC 355 Sociology of the Environment (3 credits)

**Pre-Wildlife Management**

Students interested in wildlife management may complete their first two years of coursework at NKU and then finish work for the bachelor's degree in wildlife management at a university offering such a degree. Realizing that many students do not go on to a wildlife management program for one reason or another, they are advised to follow a B.S. or B.A. track. By so doing it is likely that little if any credit will be lost if a change of direction does occur. At the earliest opportunity, students should consult the catalog or website (for Eastern Kentucky University, students should refer to the website http://people.eku.edu/frederickb/wild.htm) for the wildlife management program they plan to attend and work with an NKU advisor to make certain that minimum requirements for admission are met.

**MINOR**

**Biological Sciences Minor**

Students must earn at least a C- in all biology courses contributing to the minor.

- Indicates prerequisite.

These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements.

**REQUIREMENTS FOR MINOR (20 CREDITS)**

**Core Requirements**

- BIO 150 Introduction to Biology I - NS (4 credits) ♦
• BIO 150L Introduction to Biology I Laboratory - NS (0 credits)
• BIO 151 Introduction to Biology II (4 credits)
• BIO 151L Introduction to Biology II Laboratory (0 credits)

Select 12 additional credit hours of BIO courses
• at least 9 at the 300 level or above*

Note:
*Transfer students must complete the additional 12 credits from NKU.

OTHER DEGREES

Biological Sciences

CELLULAR/MOLECULAR/GENETICS GROUP
• BIO 302 General Microbiology (4 credits)
• BIO 305 Developmental Biology (4 credits)
• BIO 305L Developmental Biology Laboratory (0 credits)
• BIO 342 Biometry (3 credits)
• BIO 400 Advanced Molecular Biology (4 credits)
• BIO 402 Evolutionary Neurobiology (4 credits)
• BIO 425 Advanced Human Anatomy and Physiology I (4 credits)
• BIO 426 Advanced Human Anatomy and Physiology II (4 credits)
• BIO 430 Immunology (3 credits)
• BIO 436 Advanced Biology of the Cell (3 credits)
• BIO 446 Plant Physiology (3 credits)
• BIO 452 Cancer Genetics (3 credits)
• BIO 458 Evolution of Organisms (3 credits)
• BIO 467 Endocrinology (3 credits)
• BIO 470 Medical Microbiology (4 credits)
• BIO 475 Virology (3 credits)
• CHE 482 Biochemistry I (3 credits)

• BIO 440 Animal Behavior (4 credits)
• BIO 441 Animal Physiological Ecology (4 credits)
• BIO 446 Plant Physiology (3 credits)
• BIO 460 Marine Biology (3 credits)
• BIO 461 Ecology and Geology of Coral Reefs (4 credits)
• BIO 462 Tropical Ecology (3 credits)
• BIO 463 Tropical Ecology Laboratory (1 credit)
• BIO 465 Regional Biology (3-4 credits)
• BIO 474 Microbial Ecology
• ENV 350 Environmental Toxicology (3 credits)
• NEU 301 Neuroanatomy (4 credits)
Department of Chemistry & Biochemistry

**Location:** Herrmann Science Center 204F  
**Telephone:** 859-572-5409  
**Fax:** 859-572-5162  
**Email Address:** chemistry@nku.edu  
**Web Address:** http://nku.edu/chemistry  
**Department Chair:** Keith Walters  
**Other Key Personnel:**
- Assistant Chair: P.J. Ball  
- Academic Advisor/Retention Specialist: Julia Yang Bedell  
- Department Coordinator: Kathryn Lovold  
- Stockroom Manager: Kris Mason  
- Laboratory Coordinator: Jim Wilkinson

**Full-Time Faculty:** P.J. Ball, Charlisa Daniels, Grant A. Edwards, John Farrar, Gwen Fields, Kebede Gemene, Michael Guy, Patrick Hare, Molly Hopper, Isabelle Lagadic, Lili Ma, Diana McGill, Amber Onorato, Laura L. Padolik, K.C. Russell, Catherine Shelton, Bradley Sieve, Keith Walters

**Thinking about the discipline:** Students who choose to major in chemistry are inquisitive and good problem solvers. A degree in chemistry prepares students to become professional chemists and biochemists and to enter graduate programs or professional programs such as medical, pharmacy, dental, veterinary, and law school. Graduates from NKU’s chemistry & biochemistry program are successful industrial and environmental chemists, forensic scientists, physicians, pharmacists, college professors, and high school teachers. Some graduates choose unconventional career paths such as pharmaceutical and medical equipment sales, public health administration, and even banking or finance. In short, the training students receive in this rigorous, student-centered curriculum prepares them to be successful in any field that requires creativity, critical thinking, and problem-solving skills.

**Special opportunities for our students:** Students interested in chemistry & biochemistry have many opportunities outside the classroom where they can apply their skills and interests. The department is extremely well equipped to support faculty-student collaborative work, and the department strongly encourages students to work with a professor on an undergraduate research project. Students can participate in several different vibrant research groups as well as regional internship experiences. The department also provides several international opportunities. The department has a very active student group, the Student Affiliates of the American Chemical Society, as well as an honor society, Gamma Sigma Epsilon Chemistry Honor Society (www.gammasigmaepsilon.org).

**Special admission requirements:** The admission standards for all students pursuing degrees in chemistry and those interested in pre-professional areas of emphasis offered by the department are: mathematics ACT ≥ 22, English ACT ≥ 18 and reading ACT ≥ 20 (or their equivalents), or successful completion of appropriate developmental courses. Transfer students must meet these requirements before declaring a chemistry major as well. There are also requirements for registering for CHE 120 General Chemistry I - NS (3 credits). The prerequisite is high school chemistry and one of the following: 1) a minimum score of 22 on the ACT mathematics section or equivalent, 2) a B- or better in CHE 102 Introduction to Chemistry (3 credits), or 3) satisfactory performance on the department’s placement exam. Students should contact the department to schedule the placement exam if they had high school chemistry but scored less than 22 on the ACT mathematics section and wish to try to place into this course.

**You should also know:** Many upper-level labs require completion of CHE 391W Chemical Information and Writing - WC (3 credits) as a prerequisite, so students are encouraged to take this course in their sophomore year. For all major tracks in chemistry, students must take a minimum of 9 hours of chemistry courses at NKU, 1 credit hour of which must be CHE 400 Chemistry Seminar (1 credit).

**Pre-Professional programs:**
- Pre-Dental  
- Pre-Medical or Physician Assistant  
- Pre-Optometry  
- Pre-Pharmacy  
- Pre-Physical Therapy  
- Pre-Veterinary Medicine

**These areas may be selected by majors in the B.S. General Chemistry, B.S. Biochemistry, or B.A. Chemistry tracks, and more information is found in the pre-professional section of the catalog.**

**BACHELOR OF ARTS**

**Chemistry, B.A.**

This degree is designed for those students who are interested in teaching chemistry at the high school level or for those students who will graduate with two majors. Students completing the Bachelor of Arts in chemistry are required to complete a minor or a focus if they have just one major.

- Indicates prerequisite.

**DEGREE REQUIREMENTS (54-56 CREDITS)**

**Core Courses**

- CHE 125 Introduction to Chemistry & Biochemistry (1 credit) ♦
- CHE 120 General Chemistry I - NS (3 credits) ♦
- CHE 120L General Chemistry I Laboratory - SL (1 credit)
- CHE 121 General Chemistry II (3 credits) ♦
- CHE 121L General Chemistry II Laboratory (1 credit) ♦
- CHE 310 Organic Chemistry I (3 credits) ♦
- CHE 310L Organic Chemistry I Laboratory (1 credit) ♦
- CHE 311 Organic Chemistry II (3 credits) ♦
- CHE 311L Organic Chemistry II Laboratory (1 credit) ♦
- CHE 340 Analytical Chemistry (3 credits) ♦
- CHE 340L Analytical Chemistry Laboratory (2 credits) ♦
- CHE 360 Physical Chemistry I (3 credits) ♦
- CHE 361 Physical Chemistry II (3 credits) ♦
- CHE 362L Physical Chemistry Laboratory (2 credits) ♦
- CHE 391W Chemical Information and Writing - WC (3 credits) ♦
- CHE 400 Chemistry Seminar (1 credit) ♦
ensure that all requirements are met in a timely fashion. Students are encouraged to work closely with advisors in both departments to receive a bachelor's degree and double major in both chemistry (any track) and secondary education (offered by the Department of Teacher Education).

### DEGREE REQUIREMENTS

At least 3 additional credit hours of allowed 300-level-or-above chemistry courses (3 credits)

- MAT 129 Calculus I - QR (4 credits) • and
- MAT 229 Calculus II (5 credits) •

OR
- MAT 128 Calculus A - QR (3 credits) • and
- MAT 227 Calculus B (3 credits) • and
- MAT 228 Calculus C (3 credits) •

- PHY 211 General Physics with Laboratory I - SL (5 credits) • and
- PHY 213 General Physics with Laboratory II (5 credits) •

OR
- PHY 220 University Physics with Laboratory I - SL (4 credits) • and
- PHY 222 University Physics with Laboratory II (4 credits) •

### SECONDARY CHEMICAL EDUCATION

Students interested in a career as a high school chemistry teacher should receive a bachelor’s degree and double major in both chemistry (any track) and secondary education (offered by the Department of Teacher Education). Students are encouraged to work closely with advisors in both departments to ensure that all requirements are met in a timely fashion.

### BACHELOR OF SCIENCE

#### Chemistry, B.S.

Students who aspire to careers as professional chemists should seek to obtain the Bachelor of Science. Students must complete the core courses listed below plus one of the four tracks:

- General Chemistry Track (ACS Certified)
- Biochemistry Track
- Forensics Track
- Pharmaceutical Sciences Track

Students majoring in chemistry are urged to participate in independent research (CHE 292 or CHE 492) and are also encouraged to take at least one year of a foreign language and additional mathematics coursework beyond the required Calculus II. A student completing the Bachelor of Science in chemistry is not required to complete a minor or a focus.

The general chemistry track is certified by the American Chemical Society, as it meets certain requirements prescribed by that organization. Students may also receive ACS certification in the Bachelor of Science Biochemistry and Forensics tracks by selecting appropriate course options as indicated below.

♦ Indicates prerequisite.

### DEGREE REQUIREMENTS

#### Core Courses (48-50 credits)

- CHE 125 Introduction to Chemistry & Biochemistry (1 credit) •
- CHE 120 General Chemistry I - NS (3 credits) •
- CHE 120L General Chemistry I Laboratory - SL (1 credit)
- CHE 121 General Chemistry II (3 credits) •
- CHE 121L General Chemistry II Laboratory (1 credit) •
- CHE 310 Organic Chemistry I (3 credits) •
- CHE 310L Organic Chemistry I Laboratory (1 credit) •
- CHE 311 Organic Chemistry II (3 credits) •
- CHE 311L Organic Chemistry II Laboratory (1 credit) •
- CHE 340 Analytical Chemistry (3 credits) •
- CHE 340L Analytical Chemistry Laboratory (2 credits) •
- CHE 360 Physical Chemistry I (3 credits) •
- CHE 391W Chemical Information and Writing - WC (3 credits) •
- CHE 482 Biochemistry I (3 credits) •

- MAT 129 Calculus I - QR (4 credits) • and
- MAT 229 Calculus II (5 credits) •

OR
- MAT 128 Calculus A - QR (3 credits) • and
- MAT 227 Calculus B (3 credits) • and
- MAT 228 Calculus C (3 credits) •

- PHY 211 General Physics with Laboratory I - SL (5 credits) • and
- PHY 213 General Physics with Laboratory II (5 credits) •

OR
- PHY 220 University Physics with Laboratory I - SL (4 credits) • and
- PHY 222 University Physics with Laboratory II (4 credits) •

#### GENERAL CHEMISTRY TRACK (ACS CERTIFIED) (23 CREDITS)

The general chemistry track (ACS Certified) is designed to offer students a rigorous background in chemistry that will prepare them for careers in industrial chemistry and for graduate work in chemistry. With the addition of one year of biology (BIO 150/BIO 150L and BIO 151/BIO 151L), this track is also well suited for those students who wish to further education in professional school (medical, dental, veterinary, pharmacy, etc.).

- CHE 300 Careers in Chemistry (1 credit) •
- CHE 320 Inorganic Chemistry (3 credits) •
- CHE 320L Inorganic Chemistry Laboratory (2 credits) •
- CHE 350 Instrumental Analysis (3 credits) •
- CHE 350L Instrumental Analysis Laboratory (2 credits) •
- CHE 361 Physical Chemistry II (3 credits) •
- CHE 362L Physical Chemistry Laboratory (2 credits) •
- CHE 400 Chemistry Seminar (1 credit) •

#### Advanced content coursework (3 credits)

Select at least 3 credit hours from the following

- CHE 410 Spectrometric Identification of Compounds (3 credits) •
- CHE 440 Environmental Chemistry (3 credits) •
- CHE 450 Advanced Chemical Analysis (3 credits) •

- CHE 460 Molecular Spectroscopy (2 credits) • and
- CHE 460L Molecular Spectroscopy Laboratory (2 credits)

- CHE 483 Biochemistry II (3 credits) •
- CHE 511 Natural and Medicinal Product Synthesis (3 credits) •
- CHE 512 Physical Organic Chemistry (3 credits) •

- CHE 310 Organic Chemistry I (3 credits) •
- CHE 310L Organic Chemistry I Laboratory (1 credit) •
- CHE 311 Organic Chemistry II (3 credits) •
- CHE 311L Organic Chemistry II Laboratory (1 credit) •
- CHE 340 Analytical Chemistry (3 credits) •
- CHE 340L Analytical Chemistry Laboratory (2 credits) •
- CHE 360 Physical Chemistry I (3 credits) •
- CHE 391W Chemical Information and Writing - WC (3 credits) •
- CHE 482 Biochemistry I (3 credits) •

- MAT 129 Calculus I - QR (4 credits) • and
- MAT 229 Calculus II (5 credits) •

OR
- MAT 128 Calculus A - QR (3 credits) • and
- MAT 227 Calculus B (3 credits) • and
- MAT 228 Calculus C (3 credits) •

- PHY 211 General Physics with Laboratory I - SL (5 credits) • and
- PHY 213 General Physics with Laboratory II (5 credits) •

OR
- PHY 220 University Physics with Laboratory I - SL (4 credits) • and
- PHY 222 University Physics with Laboratory II (4 credits) •
• CHE 560 Quantum Mechanics (3 credits)

**Advanced research methods coursework (3 credits)**

Select at least 3 credit hours from the following

- CHE 392 Advanced Laboratory Projects (1-3 credits)
- CHE 482L Biochemistry I Laboratory (1 credit)
- CHE 483L Biochemistry II Laboratory (1 credit)
- CHE 492 Research: Chemistry (1-3 credits)
- CHE 505 The History of Chemistry (2-3 credits)

**TOTAL CREDITS 71-73**

**BIOCHEMISTRY TRACK (31-33 CREDITS)**

The biochemistry track is designed for students who are interested in both chemistry and biology. In particular, it is designed for those students who are interested in the chemistry of living organisms. It is well suited for those who wish to pursue careers in biochemistry-related fields or for those students who wish to further their education in graduate school or professional school (medical, dental, veterinary, pharmacy, etc.).

- CHE 300 Careers in Chemistry (1 credit)
- CHE 361 Physical Chemistry II (3 credits)
- CHE 362L Physical Chemistry Laboratory (2 credits)
- CHE 400 Chemistry Seminar (1 credit)
- CHE 482L Biochemistry I Laboratory (1 credit)
- CHE 483 Biochemistry II (3 credits)
- CHE 483L Biochemistry II Laboratory (1 credit)
- BIO 150 Introduction to Biology I - NS (4 credits)
- BIO 150L Introduction to Biology I Laboratory - NS (0 credits)
- BIO 151 Introduction to Biology II (4 credits)
- BIO 151L Introduction to Biology II Laboratory (0 credits)
- BIO 151L Introduction to Biology II Laboratory (0 credits)
- BIO 302L General Microbiology Laboratory (0 credits)
- BIO 302 General Microbiology (4 credits)
- BIO 349 Genetics Laboratory (0 credits)
- BIO 349L Genetics Laboratory (0 credits)
- BIO 400 Chemistry Seminar (1 credit)
- CHE 362 Instrumental Analysis (3 credits)
- CHE 361 Physical Chemistry II (3 credits)
- CHE 350L Instrumental Analysis Laboratory (2 credits)
- CHE 400 Chemistry Seminar (1 credit)
- CHE 482L Biochemistry I Laboratory (1 credit)
- CHE 483 Biochemistry II (3 credits)
- CHE 483L Biochemistry II Laboratory (1 credit)
- BIO 150 Introduction to Biology I - NS (4 credits)
- BIO 150L Introduction to Biology I Laboratory - NS (0 credits)
- BIO 151 Introduction to Biology II (4 credits)
- BIO 151L Introduction to Biology II Laboratory (0 credits)
- BIO 302 General Microbiology (4 credits)
- BIO 349 Genetics (4 credits)
- BIO 349L Genetics Laboratory (0 credits)
- BIO 400 Advanced Molecular Biology (4 credits)
- BIO 400L Advanced Molecular Biology Laboratory (0 credits)
- BIO 436 Advanced Biology of the Cell (3 credits)
- CHE 320 Inorganic Chemistry (3 credits)
- CHE 320L Inorganic Chemistry Laboratory (2 credits)
- CHE 350 Instrumental Analysis (3 credits)
- CHE 350L Instrumental Analysis Laboratory (2 credits)

**Select at least two courses from the following (7-9 credits)**

- BIO 302 General Microbiology (4 credits) and
- BIO 302L General Microbiology Laboratory (0 credits)
- BIO 400 Advanced Molecular Biology (4 credits) and
- BIO 400L Advanced Molecular Biology Laboratory (0 credits)
- BIO 436 Advanced Biology of the Cell (3 credits)
- CHE 320 Inorganic Chemistry (3 credits) and
- CHE 320L Inorganic Chemistry Laboratory (2 credits)
- CHE 350 Instrumental Analysis (3 credits) and
- CHE 350L Instrumental Analysis Laboratory (2 credits)

**Note:**

*To receive ACS certification, CHE 320-CHE 320L must be taken as one course in this distribution area.

**TOTAL CREDITS 79-83**

**FORENSICS TRACK (36-38 CREDITS)**

The forensics track is designed for students who wish to pursue a career in forensic science with a solid background in chemistry while gaining the basic knowledge needed to succeed in the criminal justice system. While a minor or focus is not required with this track, it is strongly recommended that majors in this track complete the minor in criminalistics offered by the Department of Political Science, Criminal Justice, and Organizational Leadership. By doing so, students will be much better prepared to work with law enforcement professionals. Due to the complexity of this program, it is critical that students work closely with their advisor throughout their NKU academic career.

**NOTE:** To receive ACS certification, CHE 320/CHE 320L must also be taken in addition to the coursework specified in this track.

- CHE 300 Careers in Chemistry (1 credit)
- CHE 361 Physical Chemistry II (3 credits)
- CHE 362L Physical Chemistry Laboratory (2 credits)
- CHE 400 Chemistry Seminar (1 credit)
- CHE 482L Biochemistry I Laboratory (1 credit)
- BIO 150 Introduction to Biology I - NS (4 credits)
- BIO 150L Introduction to Biology I Laboratory - NS (0 credits)
- BIO 151 Introduction to Biology II (4 credits)
- BIO 151L Introduction to Biology II Laboratory (0 credits)
- BIO 349 Genetics (4 credits)
- BIO 349L Genetics Laboratory (0 credits)
- BIO 400 Advanced Molecular Biology (4 credits)
- BIO 400L Advanced Molecular Biology Laboratory (0 credits)
- BIO 436 Advanced Biology of the Cell (3 credits)
- CHE 320 Inorganic Chemistry (3 credits)
- CHE 320L Inorganic Chemistry Laboratory (2 credits)
- CHE 350 Instrumental Analysis (3 credits)
- CHE 350L Instrumental Analysis Laboratory (2 credits)

**Select at least one course from the following (3-5 credits)**

- BIO 455 Scanning Electron Microscopy (3 credits)
- CHE 350 Instrumental Analysis (3 credits) and
- CHE 350L Instrumental Analysis Laboratory (2 credits)

**TOTAL CREDITS 84-88**

**PHARMACEUTICAL SCIENCES TRACK (50-52 CREDITS)**

The pharmaceutical sciences track is designed for students who wish to attend pharmacy school following completion of their third year at NKU. Coursework at your pharmacy school will transfer back to satisfy remaining requirements for graduation (see below for more details). Should you not decide to attend pharmacy school, you can complete the requirements for the biochemistry track during your fourth year. Due to the complexity of this program, it is critical that students work closely with their advisor throughout their NKU academic career.

- CHE 300 Careers in Chemistry I (1 credit)
- CHE 361 Physical Chemistry II (3 credits)
- CHE 362L Physical Chemistry Laboratory (2 credits)
- CHE 400 Chemistry Seminar (1 credit)
- CHE 482L Biochemistry I Laboratory (1 credit)
- BIO 150 Introduction to Biology I - NS (4 credits)
- BIO 150L Introduction to Biology I Laboratory - NS (0 credits)
- BIO 151 Introduction to Biology II (4 credits)
- BIO 151L Introduction to Biology II Laboratory (0 credits)
- BIO 349 Genetics (4 credits)
- BIO 349L Genetics Laboratory (0 credits)
- BIO 400 Advanced Molecular Biology (4 credits)
- BIO 400L Advanced Molecular Biology Laboratory (0 credits)
- BIO 436 Advanced Biology of the Cell (3 credits)
- CHE 320 Inorganic Chemistry (3 credits)
- CHE 320L Inorganic Chemistry Laboratory (2 credits)
- CHE 350 Instrumental Analysis (3 credits) and
- CHE 350L Instrumental Analysis Laboratory (2 credits)

**TOTAL CREDITS 79-83**

**FORENSICS TRACK (36-38 CREDITS)**

The forensics track is designed for students who wish to pursue a career in forensic science with a solid background in chemistry while gaining the basic knowledge needed to succeed in the criminal justice system. - STA 205 Introduction to Statistical Methods - QR (3 credits)

**Pharmacy School Coursework (27-29 credits)**

Complete 27-29 credits of approved coursework as described in the approved pathway agreement with a pharmacy school (pending pathways include the University of Cincinnati and Sullivan University).

Of these listed credits, 14 are used to fulfill the remaining requirements for this degree track, while the others are used to fulfill remaining general education (each pathway includes a substitute course for PHI 110) and university requirements.

Because pathways can change as a result of curriculum modifications at our partner institutions, it is crucial to work with your advisor to obtain the most up-to-date requirements associated with these agreements.

**TOTAL CREDITS 98-102**

**MINOR**

**Chemistry Minor**

The minor in chemistry requires 8 hours of general chemistry (CHE 120, CHE 120L, CHE 121, and CHE 121L) plus an additional 12 credit hours of 300/400/500-level chemistry courses (CHE 391W, CHE 392, CHE 396, CHE 492 do not count toward the minor). Students must take at least 4 of the 12 300/400/500-level hours at NKU and earn a GPA of at least 2.0 in all chemistry courses.
Thinking about the discipline: English programs promote critical, creative, and reflective expression in the English language. Students in the English program engage with diverse literary texts and cultural texts, and they learn and practice critical reading and effective writing. In addition to these skills, students seeking secondary teaching certification in English learn and practice the most up-to-date pedagogical theories and methods.

The skills that English majors develop in research, communication, comprehension, and analysis prepare them for careers in a multitude of fields in the private and public sectors such as government, law, education, business, and nonprofits. NKU’s English program emphasizes written communication skills, intellectual development, and humanistic values, which enable students to identify and pursue personal, career, and civic goals.

What can someone do with an English degree? In today’s ever-changing and dynamic modern economy, graduates need a diverse set of skills and experiences, a flexible and adaptable outlook, and the ability to think creatively, all of which the major in English provides. The major in English helps prepare students for careers in many professional areas, including business, law, government, public relations, and teaching.

Special opportunities for our students: Sigma Tau Delta is an international English honor society for students with exemplary academic achievement in their major. English majors are selected for membership on the basis of total credit hours of university work, number of hours of work completed in English, and GPA in English classes.

The department offers a variety of scholarships and awards including: Stallings English Scholarship; Eric Meyer Poetry Scholarship; R.M. Miller Endowed Award for Outstanding Fiction Writing; Barbara M. Collier Memorial Endowed Scholarship; Byron Award; Thad Lindsey Award; Lindsey Book Awards; Lindsey Leadership Award; Judith Blackburn Award; and the Writing Instruction Program Awards. Information about selection criteria and applications can be found on the English department website (http://inside.nku.edu/arts/sci/departments/english.html).

The English department has three publications that provide publishing opportunities for students: (1) Loch Norse Magazine is Northern Kentucky University’s student literary magazine. Loch Norse Magazine publishes exclusively student poems, short stories, one-act plays, and excerpts from longer works of fiction (novella and novel); (2) The Licking River Review is Northern Kentucky University’s annual literary and art magazine. The Licking River Review’s purpose is to showcase the best literary and art works submitted each year by NKU students, alumni, and emerging or established writers; and (3) Pentangle is a literary journal run by NKU’s chapter of the Sigma Tau Delta International English Honor Society. Pentangle publishes undergraduate and graduate research papers, critical essays, and book reviews related to all areas of literary studies.

Special graduation requirements: To graduate, a student must earn a grade of C or higher in every course used to fulfill the major or minor requirements in English, including courses used to fulfill the foreign language requirement. All English majors are required to demonstrate (1) intermediate-level proficiency in a foreign language previously spoken or used to satisfy the NKU entrance requirement or (2) novice-level proficiency in a second foreign language. Students can demonstrate intermediate-level proficiency by either completing the appropriate 200-level course in the language studied in high school or by attaining an acceptable score on the CLEP test in that language. Students can demonstrate novice-level proficiency by completing two semesters of a language not previously studied or spoken.

Interdisciplinary Minors:

- Cinema Studies Minor

BACHELOR OF ARTS

English, B.A.

The Bachelor of Arts is conferred upon students completing a major in English. The English major consists of a minimum of 51 credit hours, including 27 credit hours from the core courses plus 24 credit hours in one of the four program tracks: creative writing, English education, literature, and writing studies.

Special Requirement: Foreign Language requirement (see Department of English)

♦ Indicates prerequisite.

DEGREE REQUIREMENTS (51 CREDITS)

Core Courses for ALL Majors (27 credits)

- ENG 250 Introduction to English Studies (3 credits) ♦
- ENG 200 Understanding Literature - AH (3 credits)
- ENG 204 Introduction to Writing Studies (3 credits) ♦
- ENG 307 Diverse Voices in English Studies (3 credits) ♦

Select one survey sequence from the following (6 hours)

British

- ENG 202 Survey of British Literature I (3 credits) ♦
- ENG 203 Survey of British Literature II (3 credits) ♦

**American**
- ENG 208 Survey of American Literature I (3 credits) ♦
- ENG 209 Survey of American Literature II (3 credits) ♦

**Select one of the following (3 credits)**
- ENG 231 Introduction to Creative Writing (3 credits) ♦
- ENG 340 Business Writing (3 credits) ♦

**Select one of the following (3 credits)**
- ENG 350 Critical Theory (3 credits) ♦
- ENG 351 Rhetorical Theories & Writing Practices (3 credits) ♦

**Select one of the following (3 credits)**
- ENG 232 Writers in Context (3 credits)
- ENG 335 Craft of Creative Writing (3 credits) ♦

---

**ALL MAJORS MUST FOLLOW ONE OF THE FOLLOWING FOUR TRACKS:**

**Creative Writing Track (24 credits)**

The creative writing track gives students background in the three major areas of creative writing studies. Students in this track receive workshop experience in specific fields.

**Creative Writing - Group A (9 credits)**
Students must take three courses (9 credits) from this group.

- ENG 332 Fiction Writing (3 credits) ♦
- ENG 334 Poetry Writing (3 credits) ♦
- ENG 336 Creative Nonfiction Writing (3 credits) ♦

**Creative Writing - Group B (6 credits)**
Students must choose two courses (6 credits) from this group.

- ENG 357 Biographical Writing (3 credits) ♦
- ENG 358 Writing in Creative Genres (3 credits) ♦
- ENG 371 Traditional Grammar (3 credits) ♦
- ENG 431 Screenwriting (3 credits) ♦
- ENG 432 Novel Writing (3 credits) ♦

**Creative Writing - Group C (6 credits)**
Students must choose two courses (6 credits) from this group.

- ENG 430 Advanced Poetry Writing (3 credits) ♦
- ENG 433 Novel Writing II (3 credits) ♦
- ENG 542 Teaching and Practice/Creative Writing (3 credits) ♦
- ENG 584 Literary Publishing and Editing (3 credits) ♦
- ENG 434 Advanced Fiction Writing (3 credits) ♦
- ENG 436 Advanced Creative Nonfiction Writing (3 credits) ♦

**Creative Writing - Capstone (3 credits)**
Students must take ENG 450 (3 credits).

- ENG 450 Capstone in English Studies (3 credits) ♦

---

**English Education Track (24 credits)**

The English with Secondary Education Certification degree is a double major. Students who plan to teach high school English must declare a major in English with the Department of English and a major in Secondary Education with the Department of Teacher Education. Students pursuing this degree should review the portions of this catalog relating to both major programs. Upon deciding to pursue this program, students must schedule appointments with an advisor in the Department of English and an advisor in the College of Education and Human Services. There are specific Foundation of Knowledge requirements for this degree. Students pursuing this degree do not need to declare a minor or area of focus.

- Indicates prerequisite.

**English Education Track - Group A (6 credits)**

English Education students must take ENG 202 and ENG 203 in the core of the major to fulfill certification requirements.

Students must select two survey courses (6 credits) they did not use to fulfill core requirements, either ENG 208 or ENG 217 and either ENG 209 or ENG 218.

- ENG 208 Survey of American Literature I (3 credits) ♦
- OR
- ENG 217 African-American Literature to 1940 (3 credits) ♦
- ENG 209 Survey of American Literature II (3 credits) ♦
- OR
- ENG 218 African-American Literature 1940-Present (3 credits) ♦

**English Education Track - Group B (6 credits)**

Students must select two survey courses (6 credits): Either ENG 206 or ENG 207 and either ENG 308 or ENG 309.

- ENG 206 Western World Literature I (3 credits) ♦
- OR
- ENG 207 Western World Literature II (3 credits) ♦
- ENG 308 Shakespeare I (3 credits) ♦
- OR
- ENG 309 Shakespeare II (3 credits) ♦

**English Education Track - Group C (9 credits)**

Students must select one of two courses (3 credits) and then complete two additional courses (6 credits) for a total of three courses (9 credits).

Students must select either ENG 381 or ENG 382, and they must complete ENG 535 and ENG 537.

- ENG 381 Introduction to Linguistics (3 credits) ♦
- OR
- ENG 535 Teaching High School Writing (3 Credits) ♦

- ENG 382 History of the English Language (3 credits) ♦
- ENG 537 Teaching High School Literature (3 Credits) ♦
  The Clinical Teaching semester serves as the English Education track capstone experience.

**Total Credits 51**
**Literature Track (24 credits)**

The literature track assures that all literature track students will take twelve hours of survey courses between the core and the track, enhancing their historical foundation in literary studies. With three distribution requirements plus a capstone, students can meet requirements in the track while at the same time preserving an emphasis on historical breadth in students' literature educations. This track includes a senior seminar option as well as an internship option to the capstone with an eye toward preparing literature track students for post-graduation endeavors such as graduate school or employment.

**Literature Track - Group A (6 credits)**

Students must select two survey courses (6 credits) they did not use to fulfill core requirements.

- ENG 202 Survey of British Literature I (3 credits)
- ENG 203 Survey of British Literature II (3 credits)
- ENG 206 Western World Literature I (3 credits)
- ENG 207 Western World Literature II (3 credits)
- ENG 208 Survey of American Literature I (3 credits)
- ENG 209 Survey of American Literature II (3 credits)
- ENG 217 African-American Literature to 1940 (3 credits)
- ENG 218 African-American Literature 1940-Present (3 credits)

**Literature Track - Group B (6 credits)**

Students must choose two courses (6 credits) from this group.

- ENG 308 Shakespeare I (3 credits)
- ENG 309 Shakespeare II (3 credits)
- ENG 401 Chaucer (3 credits)
- ENG 402 Middle English Literature (3 credits)
- ENG 403 Old English (3 credits)
- ENG 404 Arthurian Legend (3 credits)
- ENG 411 Elizabethan Literature (3 credits)
- ENG 412 Seventeenth Century Literature (3 credits)
- ENG 414 English Renaissance Drama (3 credits)
- ENG 418 Gender and Early Modern Literature (3 credits)
- ENG 420 Pre 1800 Exploration/Travel Literature (3 credits)
- ENG 421 Restoration and Eighteenth Century Literature (3 credits)
- ENG 422 Studies in Eighteenth Century Literature (3 credits)
- ENG 425 Eighteenth Century British Novel (3 credits)

**Literature Track - Group C (9 credits)**

Students must choose three courses (9 credits) from this group.

- ENG 300 American Women Poets (3 credits)
- ENG 301 American Novel (3 credits)
- ENG 304 Introduction to Post-Colonial Literature (3 credits)
- ENG 305 American Women Writers (3 credits)
- ENG 306 Multicultural American Literature (3 credits)
- ENG 322 Literature and Sexuality (3 credits)
- ENG 324 Holocaust Literature (3 credits)
- ENG 326 Literature and the Environment (3 credits)
- ENG 355 Contemporary Literature (3 credits)
- ENG 570 American Folklore (3 credits)
- ENG 368 The Graphic Novel (3 credits)
- ENG 380 Studies in Literature and Other Arts (3 credits)
- ENG 384 Modern Poetry (3 credits)
- ENG 451 British Romanticism (3 credits)
- ENG 452 Victorian Literature (3 credits)
- ENG 453 Victorian Poetry (3 credits)
- ENG 455 British Narrative Fantasy (3 credits)
- ENG 456 The Gothic in Literature and the Arts (3 credits)
- ENG 461 Nineteenth Century American Literature (3 credits)
- ENG 462 Modern American Literature (3 credits)
- ENG 467 Studies in African-American Literature (3 credits)
- ENG 470 Twentieth Century British Novel (3 credits)
- ENG 472 Studies in British Modernism (3 credits)
- ENG 473 Studies in Contemporary British Literature (3 credits)
- ENG 474 Studies in Postmodern Literature (3 credits)
- ENG 475 Post-Colonial Literature and Theory (3 credits)
- ENG 477 Irish Literary Renaissance (3 credits)

**Literature Track - Capstone (3 credits)**

Students must choose one course (3 credits) from this group.

- ENG 450 Capstone in English Studies (3 credits)
- ENG 494 Senior Seminar (3 credits)
- ENG 496 Internship: Various (1-3 credits)

**Total Credits 51**

**Writing Studies Track (24 credits)**

The Writing Studies track includes a technology requirement for Writing Studies students as well as a transdisciplinary component, both of which are intended to prepare Writing Studies students for career opportunities they might seek after graduation. Additionally, the Writing Studies track has an internship option for its students’ capstone experience.

**Writing Studies - Group A (12 credits)**

Students must choose four courses (12 credits) from this group. All courses must be different from those taken in core or in group C; ENG 394 topic must be approved by department chair as a Writing Studies course.

- ENG 205 Contemporary Issues in Writing Studies (3 credits)
- ENG 331 Persuasive Writing (3 credits)
- ENG 338 Writing for Social Change (3 credits)
- ENG 340 Business Writing (3 credits)
- ENG 347 Technical Writing (3 credits)
- ENG 348 Professional Editing in the Workplace (3 credits)
- ENG 349 Web Writing for the Professions (3 credits)
- ENG 371 Traditional Grammar (3 credits)
- ENG 381 Introduction to Linguistics (3 credits)
- ENG 394 Topics (3 credits) (if approved by dept. as Writing Studies)
- ENG 496 Internship: Various (1-3 credits) (if not taken as Group C credits)
- ENG 497 Projects: Writing (1-3 credits)
- ENG 544 Research/Methods in Professional Writing (3 credits)
- ENG 546 Grant Writing (3 credits)
- ENG 556 Composition Theories (1-3 credits)
Writing Studies - Group B (3 credits)
Students must choose one course (3 credits) from this group.
- ARTV 101 Adobe Creative Cloud: Vis. Design Basics (3 credits)
- BIS 101 Fundamentals of Business Computing (3 credits)
- INF 128 Principles of Informatics - SB (3 credits)

Writing Studies - Group C (6 credits)
Writing Studies inherently involves connections to other fields; therefore, the courses in this group are intended to enable students to enhance these transdisciplinary connections.
- The courses taken to fulfill this requirement must be in addition to those taken to fulfill the core, Group A, the capstone, an area of focus, or a minor.
- ENG courses counted towards general education requirements cannot be used to fulfill this requirement.
- Courses on the lists below taken as part of a double major outside of ENG can be counted towards both majors.

Select 6 credit hours from any combination of courses from any of the following. (The categories are for organizational purposes only.)

- English courses

Any additional 300, 400, or 500-level ENG course not used to fulfill any other requirement, including general education requirements.

Professional writing-related courses:
- CMST 403 Health Communication (3 credits)
- ENTP 305 Introduction to Entrepreneurship (3 credits)
- JOU 220 News Writing (3 credits)
- JOU 321 Digital Publishing (3 credits)
- JUS 210 Legal Research (3 credits)
- MGT 300 Behavior in Organizations: Understanding Organizational Life (3 credits)
- MGT 306 Project Management (3 credits)
- MKT 205 Principles of Marketing (3 credits)
- MKT 308 Marketing and the Digital Age (3 credits)
- MKT 370 Social and Digital Marketing (3 credits)
- SPB 309 Sports and Events Public Relations (3 credits)
- STA 205 Introduction to Statistical Methods - QR (3 credits)
- PHI 306 Philosophy and Science (3 credits)
- PSC 312 Modern Identities (3 credits)
- SOC 334 Contemporary Sociological Theory (3 credits)
- SOC 360 Technology and Social Change (3 credits)
- SOC 425 Political Sociology (3 credits)
- WGS 310 Gender in the Workplace (3 credits)
- WGS 317 Gender and Communication (3 credits)

Writing Studies - Capstone (3 credits)
Students must choose one course (3 credits) from this group.
- ENG 450 Capstone in English Studies (3 credits)
- ENG 496 Internship: Various (1-3 credits)

Total Credits 51
• ENG 231 Introduction to Creative Writing (3 credits)♦

Select five ENG electives (15 credits)
(at least 9 credit hours must be 300 and 400 level)

Professional Writing Minor

The professional writing minor consists of at least 21 credit hours, not
including "ENG 101 College Writing - WC (3 credits)," "ENG 102 Advanced
College Writing - WC (3 credits)," or "ENG 151H Honors Freshman Composition
- WC (3 credits)."
♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (21 CREDITS)

Core Requirements
• ENG 340 Business Writing (3 credits)♦
  OR
• ENG 347 Technical Writing (3 credits)♦
• ENG 348 Professional Editing in the Workplace (3 credits)♦
• ENG 349 Web Writing for the Professions (3 credits)♦
• INF 101 Computer Literacy and Informatics (3 credits)
  OR
• JOU 321 Digital Publishing (3 credits)♦

Select 9 credit hours from the following (9 credits)
• ENG 204 Introduction to Writing Studies (3 credits)♦
• ENG 205 Contemporary Issues in Writing Studies (3 credits)♦
• ENG 340 Business Writing (3 credits)♦
  OR
• ENG 347 Technical Writing (3 credits)♦ (whichever not taken to
  fulfill the above requirement)
• ENG 371 Traditional Grammar (3 credits)♦
• ENG 231 Introduction to Creative Writing (3 credits)♦
• ENG 345 Legal Writing (3 credits)♦
• ENG 359 Writing in Workplace Genres (3 credits)♦
• ENG 331 Persuasive Writing (3 credits)♦
• ENG 431 Screenwriting (3 credits)♦
• ENG 497 Projects: Writing (1-3 credits)♦

Full-Time Faculty: Rebecca Bailey, Connie Bruins, Mary Bucklin, Brian Hackett, Eric Jackson, William Landon, François LeRoy, Joe Lombardi, Carol Medlicott, John Metz, Debra Meyers, Burke Miller, Kathleen Quinn, Jonathan Reynolds, Paul Tenkotte, Sharon Vance, Michael Washington, Andrea Watkins, Robert Wilcox

Who are we?: We are explorers, storytellers, educators, and activists who offer opportunities to engage with the forces that make us who we are as individuals and global citizens. Our goal is to provide students with foundations for fulfilling lives and careers of discovery and creativity.

Special opportunities for our students: History and Geography majors serve as interns at dozens of agencies, archives, historical societies, museums, and state and national parks. Contact the department chair for further information.

Student organizations include Geography Education Organization for Students and Alpha Beta Phi chapter of Phi Alpha Theta International History Honor Society. GEOS sponsors field trips, social activities, and research/service opportunities. NKU’s chapter of Phi Alpha Theta, named a best chapter in the United States for more than 20 years, holds many educational and social activities and publishes an annual journal titled Perspectives in History.

Annual student awards include the W. Frank Steely Senior Award, H. Lew Wallace Junior History Award, Leon E. Boothe Community Service Award, Outstanding Geography Student, Outstanding Graduate Student in Public History, W. Frank Steely Travel Fellowship, Ed and Betty Foster Endowed Scholarship for History, Mark R. Herrmann History Scholarship, W. Frank Steely Endowed History Scholarship, W. Frank Steely and Martha J. Pelfrey Social Studies Scholarship, and the Macel Wheeler Scholarship.

You should also know: Students can complete a major, minor or focus in history in a fully online format. Our minors complement a variety of majors in different disciplines by enhancing their career opportunities.

Interdisciplinary Minors:
- Black Studies Minor
- Medieval and Renaissance Studies Minor
- Women’s and Gender Studies Minor

Interdisciplinary Certification:
- Geographic Information Systems Certificate

BACHELOR OF ARTS

Geography, B.A.

To graduate with a Bachelor of Arts in geography, a student must complete 37 credit hours of geography courses, consisting of 22 core requirement credit hours and 15 300-level or higher credit hours. All students majoring in geography are required to participate in outcomes assessment. Information on the nature of assessment and a calendar of dates for submission of materials are available from the program coordinator.

♦ Indicates prerequisite.

DEGREE REQUIREMENTS (37 CREDITS)

Courses in Geography (22 credits)
- GEO 100 Global Viewpoints on Geography and the Human Landscape - AH (3 credits)
- GEO 101 World Regional Geography (3 credits)
- GEO 108 Physical Geography - NS (3 credits)
- GEO 314 Maps and Map Interpretation (3 credits) ♦
- GEO 389 Research and Career Development (3 credits)
- GEO 418 Geographic Information Systems (4 credits) ♦
- GEO 301 Geographical Processes in World Cities (3 credits) ♦
- GEO 306 Environmental Resource Management (3 credits) ♦
- GEO 301 Geographical Processes in World Cities (3 credits) ♦
- GEO 306 Environmental Resource Management (3 credits) ♦
- GEO 301 Geographical Processes in World Cities (3 credits) ♦
- GEO 306 Environmental Resource Management (3 credits) ♦

Electives 300 level or above (15 credits)
- Select five 300/400/500-level GEO courses

History, B.A.

Available in both traditional and fully-online formats.

To graduate with a Bachelor of Arts in History, a student must earn 36 credit hours in the major (with a C or above in each course) consisting of 18 core requirement hours and 18 upper division (300-level or above) hours. All students majoring in history are required to participate in outcomes assessment as stipulated in instructions provided to graduating seniors each semester.

♦ Indicates prerequisite.

DEGREE REQUIREMENTS (36 CREDITS)

Core (18 credits)
- HIS 102 History of the United States through 1877 - AH (3 credits)
- HIS 103 History of the United States since 1877 - AH (3 credits)

97
• HIS 108 World History to 1500 (3 credits)
• HIS 109 World History since 1500 (3 credits)
• HIS 111 Global Viewpoints in History - AH (3 credits)
• HIS 291W Advanced Historical Writing - WC (3 credits)
• HIS 489 Senior Seminar (3 credits)

Electives (18 credits)

Students must complete 18 hours of upper-division HIS courses (300 level or above).

Social Studies with a Secondary Education Certification, B.A.

Students pursuing social studies certification for secondary education should review the portion of the undergraduate catalog relating to secondary education program requirements. Upon deciding to pursue the teacher education program, students must schedule an appointment with the certification specialist in the College of Education and Human Services. To complete degree requirements, students must satisfy social studies, education, and general education requirements. An overall GPA of 2.75 is required for admission and retention of students in the social studies program. Students must meet with their social studies secondary education advisor in the history and geography department to register for their 57 credit hours of social studies content classes, as outlined below. For core courses in education, students must meet separately with their advisor in the College of Education and Human Services.

♦ Indicates prerequisite.

DEGREE REQUIREMENTS (60 CREDITS)

Courses in History and Geography (30 credits)

• GEO 100 Global Viewpoints on Geography and the Human Landscape - AH (3 credits)
  OR
• GEO 101 World Regional Geography (3 credits)
• HIS 100 History of Europe to 1500 (3 credits)

• PSC 103 International Politics - AH (3 credits)
• PSY 100 Introduction to Psychology - SB (3 credits)
• SOC 100 Introduction to Sociology - SB (3 credits)
• EDU 304 Reading and Writing Across the Curriculum: Middle Grades (3 credits)
  OR
• EDU 530 Reading in Junior and Senior High School (3 credits)
  • Select three 300/400/500-level courses in any social studies disciplines other than history (9 credits)

MINOR

Geography Minor

REQUIREMENTS FOR MINOR (21 CREDITS)

Core Requirement

• GEO 100 Global Viewpoints on Geography and the Human Landscape - AH (3 credits)

Select three courses from the following (9 credits)

• GEO 301 Geographical Processes in World Cities (3 credits)
• GEO 302 Cultural Geography (3 credits)
• GEO 303 Geographic Patterns of Economic Development (3 credits)
• GEO 304 Political Geography and Geopolitics (3 credits)
• GEO 306 Environmental Resource Management (3 credits)
• GEO 308 Dynamics of Weather and Climate (3 credits)
• GEO 309 Historical Geography of North America (3 credits)
• GEO 310 Geography of Population (3 credits)
• GEO 314 Maps and Map Interpretation (3 credits)
• GEO 335 Geography Through Film, Art and Literature (3 credits)
• GEO 340 Sustainable Food Systems (3 credits)
• GEO 415 Cartography (3 credits)
• GEO 418 Geographic Information Systems (4 credits)
• GEO 419 Remote Sensing of Environment (3 credits)
• GEO 502 Geography of Kentucky (3 credits)
• GEO 518 Geographic Information Analysis (3 credits)
• GEO 519 Advanced Remote Sensing (3 credits)
• GEO 522 Introduction to Historic Preservation (3 credits)
• GEO 540 Cultural Geography of Asia (3 credits)
• GEO 552 Spatial Data Bases (3 credits)

Select two GEO electives (6 credits)

Select one 200/300/400/500-level GEO elective (3 credits)
History Minor

Available in both traditional and fully-online formats.

The minor in history consists of 21 credit hours. Only history courses in which a student earns a C or better will count toward a history minor. For more information on the online format, contact Distance and Online Learning.

♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (21 CREDITS)

Select one pair of courses from the following (6 credits)

- HIS 100 History of Europe to 1500 (3 credits)
- HIS 101 History of Europe since 1500 (3 credits)
  OR
- HIS 102 History of the United States through 1877 - AH (3 credits)
- HIS 103 History of the United States since 1877 - AH (3 credits)
  OR
- HIS 106 History of African Americans to 1877 (3 credits)
- HIS 107 History of African Americans since 1877 (3 credits)
  OR
- HIS 108 World History to 1500 (3 credits)
- HIS 109 World History since 1500 (3 credits)

Select five 200/300/400-500-level HIS courses (15 credits)

Military History Minor

A minor in military history offers a range of courses to students who are interested in war and peace. It consists of 21 credit hours.

♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (21 CREDITS)

Select seven courses from the following

- HIS 365 European Military History: Ancient World to the Renaissance (3 credits)
- HIS 409 The French Revolution (3 credits)
- HIS 413 History of Nazi Germany (3 credits)
- HIS 414 The Holocaust (3 credits)
- HIS 417 Civil War and Reconstruction, 1860-1877 (3 credits)
- HIS 423 Diplomacy and Foreign Policy of the United States (3 credits)
- HIS 512 History of Arab Israeli Conflict (3 credits)

Women's and Gender Studies Minor

Location: Landrum Academic Center 415
Telephone: 859-572-5461
Fax: 859-572-6088
Email Address: hisgeo1@nku.edu
Web Address: http://artsscience.nku.edu/departments/hisgeo/wgstudies.html
Program Director: Meredith Smith, Department of History and Geography
Other Key Personnel:

Available in both traditional and fully-online formats.

Women’s and gender studies explores the intersections of gender, race, and other categories of difference via a feminist lens. WGS focuses on the construction and representation of identities, behaviors, and social relations within culturally specific institutions and within a global context. WGS courses stress the understanding of self and others and the importance of social justice, activism, and community engagement. This minor requires a total of 18 credit hours, at least 12 of which must be 300-level or above. Students must achieve a C or better in all courses. This minor may be completed online as well as in the traditional classroom setting. Required courses include WGS 150, WGS 310, and the capstone experience, WGS 594. Students may complete the remaining credit hours with WGS 300-level or above courses or director-approved courses from other disciplines.

REQUIREMENTS FOR MINOR (18 CREDITS)

Core Requirements (9 credits)

- WGS 150 Introduction to Contemporary Gender Issues - SB (3 credits)
- WGS 310 Gender in the Workplace (3 credits)
  ♦

Choose one of the following courses:

- WGS 384 The Gendered Self and the Environment (3 credits)
  ♦
- WGS 494 Gendered Experiential Learning (3 credits)
  ♦

Electives (3 credits)

Choose any three of the following courses (note: WGS 384 and WGS 494 may not both be used as electives). Alternatively, director-approved courses from other disciplines may be substituted.

- WGS 317 Gender and Communication (3 credits)
  ♦
- WGS 350 Perspectives in Feminist Theory (3 credits)
  ♦
- WGS 360 Gendered Spirituality (3 Credits)
  ♦
- WGS 361 Feminine Face of God (3 Credits)
  ♦
- WGS 381 Gender in Literature (3 credits)
  ♦
- WGS 382 Women and Society (3 credits)
  ♦
- WGS 383 Women and World Cultures (3 credits)
  ♦
- WGS 384 The Gendered Self and the Environment (3 credits)
  ♦
- WGS 385 Gender and Film (3 credits)
  ♦
- WGS 386 Women in the Bible (3 credits)
  ♦
- WGS 388 African-American Women’s History and Culture (3 credits)
  ♦
- WGS 394 Topics in WGS (3 credits)
  ♦
- WGS 444 History of Women in the United States to 1900 (3 credits)
  ♦
- WGS 445 History of Women in the US after 1900 (3 credits)
  ♦
- WGS 494 Gendered Experiential Learning (3 credits)
  ♦
- WGS 499 Independent Study: Women’s and Gender Studies (1-3 credits)
  ♦
- WGS 594 Topics in WGS (3 credits)
  ♦
FOCUS

Women's and Gender Studies Focus

Location: Landrum Academic Center 415
Telephone: 859-572-5461
Fax: 859-572-6088
Email Address: hisgeo1@nku.edu
Web Address: http://artscience.nku.edu/departments/hisgeo/wgstudies.html

Program Director: Debra Meyers, Department of History and Geography
Other Key Personnel:
   Department Coordinator: Janice Rachford
   Secretary: Lou Stuntz

The women’s and gender studies focus requires a total of 12 credit hours (four courses) of coursework at the 300 level or above. Students must achieve a C or better in all courses that apply to the focus.
Department of Mathematics and Statistics

Location: Mathematics-Education-Psychology Center 401
Telephone: 859-572-5377
Fax: 859-572-6097
Email Address: math@nku.edu
Web Address: http://nku.edu/math
Department Chair (Interim): Brooke Buckley
Other Key Personnel:
  Academic Advisor: Kevin Corea
  Department Secretary: Joni Landwehr

Full-Time Faculty: David Agard, Axel Brandt, Brooke Buckley, Chris Christensen, Paulette Ebert, Mary Lee Giore, Theodore Hodgson, Lisa Holden, Dhanuja Kasturiratna, Aimee Krug, Mark Lancaster, Andrew Long, Philip McCartney, Carl Miller, Stephen Newman, Bethany Noblitt, Joseph Nolan, Mel Peterson, John Rankin, Michael Waters, Steven Wilkinson, Jacqueline Wroughton, Roger Zarnowski

Thinking about the discipline: Mathematics and statistics involve finding patterns in quantitative information and using those patterns to solve problems and predict future trends. A good understanding of mathematics and statistics prepares students for careers in a variety of fields where good problem-solving skills are required. In lists of the best jobs, publications such as The Wall Street Journal and Forbes routinely rank mathematician, statistician, actuary, and related occupations among the top 10.

A major in mathematics can lead to a variety of careers including mathematical and scientific research in areas as different as national security and petroleum exploration; in several business fields such as insurance, banking, and finance; and in professions such as law, teaching, and medicine. The study of mathematics builds a way of thinking that is used to solve a variety of problems that arise in different contexts. That ability to solve problems makes mathematicians a valuable commodity in many occupations.

Statistics is the science of learning from data, whether those data come from biology, economics, engineering, medicine, public health, psychology, marketing, sports, or education. The major in statistics offers students the breadth and depth of knowledge necessary to attain various career objectives in many different fields.

Special opportunities for our students: Mathematics and statistics students have a variety of opportunities, both curricular and extracurricular, to explore and practice their chosen discipline.

- All students take a 1-credit-hour mathematical sciences seminar course early in their major to discover the possibilities in the disciplines, both while at NKU and after graduating.
- A number of students participate in annual national and international competitions such as the Virginia Tech exam and the Putnam exam, which are timed exams of challenging mathematical problems, or the COMAP competition where over one weekend teams of students tackle a large problem that requires them to synthesize and use a number of the mathematical and statistical tools along with the problem-solving skills they have learned.
- The Mathematics and Statistics Club is a student organization that provides both social and informational opportunities for the majors.

Special admission requirements: Students who plan to undertake studies in mathematics or statistics will need a background in mathematics equivalent to four years of high school that includes algebra I and II, geometry, and trigonometry. An ACT mathematics score of 27 or an SAT mathematics score of at least 610 indicates mastery at a level ready to begin the core courses in the department majors, beginning with calculus. It is recommended that students be at this level before declaring a mathematics or statistics major. Deficiencies in a student’s background can be remedied in courses taught at NKU.

BACHELOR OF SCIENCE

Mathematics, B.S.

A major in mathematics can lead to a variety of careers including mathematical and scientific research in areas as different as national security and petroleum exploration; in several business fields such as insurance, banking, and finance; and in professions such as law, teaching, and medicine. The study of mathematics builds a way of thinking that is used to solve a variety of problems that arise in different contexts. That ability to solve problems makes mathematicians a valuable commodity in many occupations. The department offers a Bachelor of Science in mathematics with three tracks. While all mathematics majors complete a common core of courses that ensures the student has a broad knowledge of mathematics, students can follow their interests by choosing from one of three required tracks:

- Pure mathematics designed for those who plan to pursue graduate studies.
- Applied mathematics for those who want to pair mathematics with interests in business, the natural sciences, or the social sciences.
- General mathematics for anyone who wants a comprehensive introduction to mathematics, including those who plan to teach in secondary schools.

Students wishing to teach mathematics at the secondary level should complete a BS in mathematics with the general mathematics track in conjunction with the coursework required for teacher certification. Students should review the coursework required for teacher certification with an advisor in the College of Education and Human Services.

NOTES:

- A grade below a C- is not applicable to the major.
- At least 9 credit hours toward the major must be completed at NKU.
A double major in mathematics and statistics consists of satisfying the degree requirements of both majors with a minimum of 58 credit hours of courses applicable to either major.

A student majoring in mathematics and seeking a focus in statistics must complete four additional 300- or 400-level STA courses not used to satisfy the mathematics major.

Any substitutions in these programs must be made in consultation with the chair of the department.

Indicates prerequisite.

### DEGREE REQUIREMENTS (23 CREDITS)

#### Core Courses (20 credits)
- MAT 129 Calculus I - QR (4 credits) AND
- MAT 229 Calculus II (6 credits) OR
- MAT 128 Calculus A - QR (3 credits) AND
- MAT 227 Calculus B (3 credits) AND
- MAT 228 Calculus C (3 credits)
- MAT 329 Calculus III (4 credits)
- MAT 194 Mathematical Sciences Seminar (1 credit)
- MAT 234 Linear Algebra (3 credits)
- STA 250 Probability and Statistics I (3 credits)
- MAT 489 Comprehensive Examination (0 Credits)

#### Core Courses in Other Disciplines (3 credits)
- CSC 270 Mathematics Software Programming (3 credits) OR
- CSC 260 Object-Oriented Programming I (3 credits)

### PURE MATHEMATICS TRACK (21 CREDITS)
- MAT 302 Introduction to Higher Mathematics (3 credits)
- MAT 310 Elementary Theory of Numbers (3 credits) OR
- MAT 410 Abstract Algebra I (3 credits)
- MAT 420 Real Variables I (3 credits)
- MAT 430 Complex Variables (3 credits)

#### Select 9 additional credit hours
- MAT/STA courses at the 300 level or above, excluding MAT 490/STA 490 and MAT 491/STA 491

### TOTAL CREDITS 44

### GENERAL MATHEMATICS TRACK (21 CREDITS)
- MAT 302 Introduction to Higher Mathematics (3 credits)
- MAT 345 Introduction to Geometry (3 credits)
- MAT 310 Elementary Theory of Numbers (3 credits) OR
- MAT 410 Abstract Algebra I (3 credits)
- MAT 310 Elementary Theory of Numbers (3 credits)
- MAT 430 Complex Variables (3 credits)
- MAT 483 Cryptology (3 credits)

#### Select one of the following sets of courses and 3 additional MAT/STA credit hours at the 300-level or above* (9 credits)
- MAT 310 Elementary Theory of Numbers (3 credits) AND
- MAT 410 Abstract Algebra I (3 credits) OR
- MAT 325 Differential Equations (3 credits) AND
- MAT 375 Applied Mathematical Models (3 credits) OR
- STA 340 Probability II (3 credits) AND
- STA 341 Statistics II (3 credits) OR
- Two 400-level MAT/STA courses, excluding MAT 490/STA 490 and MAT 491/STA 491

### TOTAL CREDITS 44

### APPLIED MATHEMATICS TRACK (21 CREDITS)
- CSC 270 Mathematics Software Programming (3 credits) OR
- CSC 260 Object-Oriented Programming I (3 credits)

### TOTAL CREDITS 44

### Statistics, B.S.

Statistics is the science of learning from data, whether those data come from biology, economics, engineering, medicine, public health, psychology, marketing, sports, or education. The major in statistics offers students the
breadth and depth of knowledge necessary to attain various career objectives in many different fields. The department offers a Bachelor of Science in statistics consisting of a 22-credit-hour core along with a minimum of 18 credit hours of MAT/STA electives. The electives may be chosen from courses at the 300 level or above (or MAT 234) with at least 9 of these credit hours being STA courses. Although students have freedom in choosing these elective courses, it is recommended that each student choose one of the sets that have been specially designed for particular areas of emphasis. These areas are applied statistics, theoretical statistics, and actuarial sciences.

NOTES:
- A grade below a C- is not applicable to the major.
- At least 9 credit hours toward the major must be completed at NKU.
- A double major in mathematics and statistics consists of satisfying the degree requirements of both majors with a minimum of 58 credit hours of courses applicable to either major.
- A student majoring in statistics seeking a focus in mathematics must complete four additional 300- or 400-level MAT courses not used to satisfy the statistics major.
- Any substitutions in these programs must be made in consultation with the chair of the department.

Indicates prerequisite.

DEGREE REQUIREMENTS (22 CREDITS)

Core Courses
- MAT 129 Calculus I - QR (4 credits)
- OR
- MAT 128 Calculus A - QR (3 credits)
- MAT 229 Calculus II (5 credits)
- OR
- MAT 227 Calculus B (3 credits)
- MAT 228 Calculus C (3 credits)
- MAT 194 Mathematical Sciences Seminar (1 credit)
- STA 250 Probability and Statistics I (3 credits)
- STA 314 Design and Analysis of Experiments (3 credits)
- STA 341 Statistics II (3 credits)
- STA 360 Statistical Computing (3 credits)
- STA 489 Comprehensive Examination (0 Credits)

APPLIED STATISTICS AREA ELECTIVES (18 CREDITS)

The applied statistics set of electives is recommended for those who plan to seek employment in industry as a practicing statistician in positions such as a data analyst or statistical consultant.

- STA 312 Elementary Survey Sampling (3 credits)
- STA 316 Regression Analysis (3 credits)
- STA 317 Introduction to Time Series Analysis (3 credits)
- STA 370 Introduction to Statistical Consulting (3 credits)
- STA 419 Applied Multivariate Statistics (3 credits)
- MAT 234 Linear Algebra (3 credits)
- OR
- Select 3 additional credit hours of MAT/STA courses at the 300 level or above (3 credits)

TOTAL CREDITS 40

THEORETICAL STATISTICS AREA ELECTIVES (19 CREDITS)

The theoretical statistics set of electives is recommended for those who plan to pursue graduate studies in statistics.

- MAT 234 Linear Algebra (3 credits)
- MAT 329 Calculus III (4 credits)
- STA 340 Probability II (3 credits)

Select 9 additional semester hours (9 credits)

- Select 6 additional semester hours of STA courses at the 300 level or above and 3 additional credit hours of MAT/STA courses at the 300 level or above.

TOTAL CREDITS 41

ACTUARIAL SCIENCES AREA ELECTIVES (19 CREDITS)

The actuarial sciences set of electives is recommended for those who plan to enter the actuarial field and need a solid theoretical background along with specialized courses to prepare for success on the actuarial examinations.

- MAT 234 Linear Algebra (3 credits)
- MAT 329 Calculus III (4 credits)
- MAT 350 Financial Mathematics (3 credits)
- STA 317 Introduction to Time Series Analysis (3 credits)
- STA 340 Probability II (3 credits)
- STA 450 Introduction to Actuarial Science (3 credits)

Select 3 additional semester hours

- MAT/STA courses at the 300 level or above (3 credits)

TOTAL CREDITS 41

MINOR

Applied Statistics Minor

The minor in applied statistics requires 21-22 credit hours and a GPA of at least a 2.0 and C- in classes relating to the minor. It is not open to students majoring in either mathematics or statistics.

NOTE:
- At least 6 credit hours toward the minor must be completed at NKU.

Indicates prerequisite.

REQUIREMENTS FOR MINOR (21-22 CREDITS)

Core Requirements
- MAT 112 Applied Calculus (3 credits)
- OR
- MAT 129 Calculus I - QR (4 credits)
- OR
- MAT 227 Calculus B (3 credits)
• STA 213 Statistics for Business Applications II (3 credits) ♦
  OR
• STA 250 Probability and Statistics I (3 credits) ♦
• STA 314 Design and Analysis of Experiments (3 credits) ♦
  OR
• STA 316 Regression Analysis (3 credits) ♦

Select 6 additional credit hours
• MAT or STA courses at the 200 level or above. (May substitute MAT 128 and/or an approved statistical methodology course from major discipline.) (6 credits)

Select 6 additional credit hours
• STA courses at the 300 level or above. (6 credits)

Mathematics Minor
The minor in mathematics requires 21 credit hours and a GPA of at least a 2.0 and C- in classes relating to the minor. It is not open to students majoring in either mathematics or statistics.

NOTE:
• At least 6 credit hours toward the minor must be completed at NKU.
  ♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (21 CREDITS)
Core Requirements
• MAT 129 Calculus I - QR (4 credits) ♦ and
• MAT 229 Calculus II (5 credits) ♦
  OR
• MAT 128 Calculus A - QR (3 credits) ♦ and
• MAT 227 Calculus B (3 credits) ♦ and
• MAT 228 Calculus C (3 credits) ♦
  OR
• MAT 234 Linear Algebra (3 credits) ♦

Select 9 additional credit hours
• MAT courses at the 300 level or above. (May substitute no more than two of STA 250, CSC 270, MAT 119.) (9 credits)
Department of Physics, Geology, and Engineering Technology

Fax: 859-572-6092

Email Addresses:
- physics@nku.edu
- geology@nku.edu
- engineeringtechnology@nku.edu
- pre-engineering@nku.edu
- planetarium@nku.edu

Web Address: http://inside.nku.edu/artsci/departments/pget.html
Department Chair: Sharmanthie Fernando

Other Key Personnel:
- Director of Geology: Janet Bertog, Trent Garrison, Sarah Johnson
- Director of Engineering Technology: Morteza Sadat-Hossieny
- Department Coordinator: Jamie Fearn
- Department Assistant: Pam Kremer
- Planetarium Director: Christa Speights
- Lab Technician: Mike Lehrter, Roger Miller (EGT labs)

Full-Time Faculty - Physics and Astronomy: Wayne Bresser, Nathan De Lee, Sharmanthie Fernando, Scott Nutter, Chari Ramkumar, Karl Vogler, Matthew Zacate

Full-Time Faculty - Geology: Wayne Bresser, Nathan De Lee, Sharmanthie Fernando, Scott Nutter, Chari Ramkumar, Karl Vogler, Matthew Zacate

Full-Time Faculty - Engineering Technology: Seyed Allameh, Morteza Sadat-Hossieny, Mark Keshtvarz, Gang Sun, Mauricio Torres, Harold Wiebe

You should also know: Transfer students majoring in any of the degree programs offered by this department (physics, geology, or engineering technology) must complete at least 9 credit hours of the applicable discipline-specific courses for the major at NKU. A minimum of 6 credit hours of the applicable courses for any minor in the department must be completed at NKU.

Physics

Thinking about the discipline: Physics is the study of matter, energy, and their fundamental interactions. Physics laws govern the dynamics and structure of physical systems (ranging from subatomic particles to the entire universe). Applications of physics have led to the development of new technologies at all levels. The NKU physics program is a vibrant community of faculty and staff whose main objective is to prepare students for a variety of careers in physics and related areas. NKU offers physics majors two degree tracks as well as a pre-engineering dual-degree option. NKU also offers the physics minor. People with bachelor’s degrees in physics are often hired for their problem-solving skills, and they find careers in industry, government, and education. Recent NKU physics graduates have worked for companies in telecommunication, manufacturing, engineering, and product research. About a third of NKU physics graduates continue their education after leaving NKU to become research physicists in specialized areas such as astrophysics; elementary particles and fields; nuclear physics; atomic, molecular, and optical physics; plasma physics; biophysics; chemical physics; condensed-matter physics; low-temperature physics; and others. Some physics graduates have chosen to further their education by pursing advanced degree programs in other related areas, including engineering, medicine, mathematics, and computer science. Physicists with the appropriate terminal degree can teach at the secondary or college level.

Special opportunities for our students: Undergraduate students (physics majors and other related majors) have the opportunity to participate in research with physics faculty in the department. In recent years, physics faculty have supervised student research in computational physics, optical sciences, material science, geophysics, gravitation and relativity, astrophysics, and particle physics. The physics program has 2,700 square feet of research lab space. This includes a machine shop and six research labs: computational research lab, X-ray diffraction lab, radioisotope lab, material science lab, optical sciences lab, and particle astrophysics lab. In support of research, the physics program is equipped with a computer cluster, a Mössbauer spectrometer, vacuum systems, a modulated differential calorimeter, wide bandwidth digital and analog oscilloscopes, CAMAC data-acquisition equipment, high-speed NIM electronics, air-supported optics tables, UVNIR spectroradiometers, laser Raman spectrometer spin processor for microfabrication, pulsed/CW NMR spectrometer, and an X-ray diffractometer. Students are encouraged to become active members of the Physics and Pre-engineering Club, which holds special events such as telescope nights, planetarium shows, and physics demonstration shows.

Geology

Thinking about the discipline: Geology is the study of the Earth, its origin, its history, and the dynamics of how it changes. As such, geologists may be considered "stewards" or caretakers of the Earth, and they work to understand how natural processes affect our daily lives. For example, geologists provide essential information for answering questions about how to avoid or minimize the consequences of geologic hazards such as earthquakes, landslides, and volcanoes; how to find and develop the energy and mineral resources necessary for our wellbeing; and how to reduce the environmental impact of our interaction with the Earth. Geology is the study of natural processes that have happened in the past as well as those that are happening today and the application of this knowledge to the betterment of our lives.

Special opportunities for our students: Geology students are active with field trips that range from class field trips to the Appalachians to summer field trips to places like Colorado, Utah, and Belize. These field trips are particularly useful for seeing geology that is not available locally. Students are encouraged to participate in research activities and get involved with internships. Research opportunities are available in paleontology, hydrology, geomorphology, engineering geology, and seismology. Students may have the opportunity to get involved with internships at government agencies. Students are encouraged to participate in the geology club.

You should also know: A grade of C- or better must be earned in all geology courses counting toward the major. Students interested in the application of geology in environmental studies may take courses emphasizing hydrogeology.

Engineering Technology

Thinking about the discipline: Engineering technology is the study and application of concepts from mathematics and natural sciences used in the implementation and extension of existing or emerging technologies. NKU offers programs leading to an ETAC-ABET-accredited Bachelor of Science degree in the field of electronics engineering technology or mechanical and
manufacturing engineering technology. These programs provide the knowledge and practical skills required to gain professional employment in electronics, manufacturing automation and control (mechatronics), mechanical systems, and manufacturing industry. The engineering technology programs are supported by local industry, with whom many of our students find opportunities to use what they have learned. The opportunity for positions starts in the second year and typically leads to an offer of full-time employment. Graduates are hired as electronics engineers, product design engineers, manufacturing process engineers, quality engineers, sales engineers, etc. Career placement of engineering technology graduates from NKU is excellent.

Special opportunities for our students: Engineering technology students co-op for at least one semester in a field closely related to their major. Many students participate in national engineering societies, such as the SME (Society for Manufacturing Engineers), ASQ (American Society for Quality), ASME (American Society for Mechanical Engineers), IEEE (Institute for Electrical and Electronics Engineering), and the SAE (Society of Automotive Engineers). Currently, students compete in the SAE Mini-Baja competition against many of the powerhouse engineering schools from the United States, Canada, Mexico, and other countries.

Graduates may pursue registration/licensure as a professional engineer in most states. The licensure is acquired after meeting requirements such as registration, passing the requisite tests, and a period of supervised practice.

You should also know: Transfer students majoring in engineering technology must complete at least 9 credit hours of the applicable discipline-specific courses for the major at NKU. A minimum of 6 credit hours of the applicable courses for any minor in the department must be completed at NKU.

For more information about the programs including the program objectives and student learning outcomes of EET and MMET, please see the appropriate brochures.

Other Physics, Geology, and Engineering Technology Programs

Astronomy Program
The study of astronomy is an excellent way to present scientific procedure to both science and non-science students. As one of the oldest sciences, astronomy has a rich history, yet modern astronomy carries with it the excitement of discovery and confrontation with the unknown. As a discipline, astronomy relies heavily on the contributions of other sciences, especially the physical sciences. Although a major is not currently offered in astronomy, a minor in astronomy is available. Courses in astronomy may be used to satisfy the general education requirement in natural sciences. Astronomy courses support the science requirements for education majors and may be applied toward the minor in physics. Astronomy courses numbered 300 and above may be applied toward a major in physics. Students interested in pursuing graduate work in astronomy may want to consider majoring in physics with an astronomy minor.

In support of astronomy education, NKU has a state-of-the-art digital planetarium/theatre (Haile Digital Planetarium) that serves as a classroom for university courses and as an outreach facility for P-12 children. The space is covered by a 30-foot dome-shaped projection screen and is equipped with a high-resolution digital laser projector and two high-resolution LCD projectors. Any digital image can be projected onto the dome via the laser projector, including high-quality animation and video sequences. The LCD systems serve more traditional classroom functions, projecting typical presentations, web material, and the like.

NKU planetarium staff, assisted by department faculty, have produced award-winning documentaries. Examples range from highlighting the human fascination with understanding events in the sky through the origin of the Earth-moon system to a virtual tour of a Kentucky cave. The breadth of offerings is enhanced by purchase of commercial packages as well as those produced at other planetariums. Works produced at NKU have been shared with other planetariums across the United States and around the world. Several thousand school children attend programs in the planetarium each year and go back to their classes with new-found knowledge and excitement for science. While a major focus is on astronomy, the mission of the planetarium is interdisciplinary, presenting additional programs in geology, chemistry, biology, anthropology, and more. Due to the major public funding that made the planetarium possible, all programs are free of charge.

BACHELOR OF ARTS

Geology, B.A.
The Bachelor of Arts in geology is most appropriate for students seeking a dual major who wish to have a background in geology to support another major or for students seeking a degree in secondary education. For students majoring only in geology, this Bachelor of Arts degree requires a minor. The Bachelor of Arts in geology requires 30 hours of geology courses. General graduation requirements include 45 hours of 300- or 400-level courses, so students seeking the Bachelor of Arts in geology need to take at least 15 hours of 300- or 400-level courses in addition to the core courses for the degree. Students should choose these courses in consultation with their advisor, but additional elective courses in geology, geography or environmental science are highly recommended.

♦ Indicates prerequisite.

DEGREE REQUIREMENTS (30 CREDITS)

Core Courses
- GLY 110 The Face of the Earth with Laboratory - SL (4 credits)
- GLY 115 History of the Earth (3 credits)
- GLY 330 Geomorphology with Laboratory (4 credits)♦
- GLY 335 Earth Materials (4 credits)♦
- GLY 425 Economic Geology (4 credits)♦
- Select 11 additional GLY additional hours (11 credits)

Physics, B.A.
The Bachelor of Arts degree with a major in physics provides a basic core of physics courses and is most appropriate for students pursuing dual majors where the second major may be engineering, mathematics, computer science, or education with an emphasis on physical sciences. The Bachelor of Arts in physics requires 37 credit hours of physics or astronomy courses (plus 24 hours of additional required courses in related fields). General graduation requirements include 45 hours of 300- or 400-level courses, so students seeking the Bachelor of Arts in physics need to take at least 14 hours of 300- or 400-level courses in addition to the courses required for the degree. Students should choose these courses in consultation with their advisor, but additional
elective courses in physics, computer science, and mathematics are highly recommended.

A student pursing a B.S. in Physics has to complete a minor or a focus.

* Indicates prerequisite.

** DEGREE REQUIREMENTS (61 CREDITS)**

**Core Courses (37 credits)**

- PHY 100 Science, Engineering, and Design (1 credit)
- PHY 220 University Physics with Laboratory I - SL (4 credits) ♦
- PHY 222 University Physics with Laboratory II (4 credits) ♦
- PHY 224 University Physics with Laboratory III (4 credits) ♦
- PHY 300 Intermediate Physics Laboratory (2 credits)
- PHY 310 Dynamics (3 credits)
- PHY 380 Thermodynamics (3 credits)
- PHY 361 Modern Physics I (3 credits) ♦
- PHY 494 Physics Seminar (1 credit)
- Select 12 credit hours of PHV or AST at the 300 level or above (12 credits)

**Courses in Other Disciplines (24 credits)**

- CHE 120 General Chemistry I - NS (3 credits)
- CHE 120L General Chemistry I Laboratory - SL (1 credit)
- CHE 121 General Chemistry II (3 credits)
- CHE 121L General Chemistry II Laboratory (1 credit)
- MAT 129 Calculus I - QR (4 credits) ♦
- MAT 129 Calculus II (4 credits) ♦
- MAT 129 Calculus III (4 credits)
- MAT 325 Differential Equations (3 credits)

**Note:**

*A C- or better is required to proceed to the next-level physics course.

***MAT 128 Calculus A - QR (3 credits), ♦ ♦ MAT 227 Calculus B (3 credits), ♦ ♦
MAT 228 Calculus C (3 credits)* can be taken instead of *MAT 129 Calculus I - QR (4 credits)* and “MAT 229 Calculus II (5 credits).”

**BACHELOR OF SCIENCE**

**Electrical and Electronic Engineering Technology, B.S.**

This program provides students with both the technological and managerial skills necessary to enter careers in design, application, installation, manufacturing, operation, and maintenance of electrical or electronics systems. Graduates gain skills to analyze, design, apply, and troubleshoot systems with electronic, digital, analog, microcontroller, software, and mechanical components. The combination of practical and theoretical education leads to graduates with diverse technical skills throughout a wide range of applications. Students are required to co-op in industry starting with their second year at school, which often continues and leads to full-time employment.

The EEET program is accredited by the Engineering Technology Accreditation Commission of ABET (http://www.abet.org). EEET program will be reviewed in 2019.

Students are required to complete the core and a track. A minor is not required.

♦ Indicates prerequisite.

**DEGREE REQUIREMENTS (96-98 CREDITS)**

**Core Courses (51 credits)**

- EGT 161 DC Circuit Analysis (3 credits)
- EGT 212 Computer-Aided Drafting and Design (3 credits)
- EGT 243 AC Circuit Analysis (3 credits)
- EGT 245 Digital Electronics (3 credits)
- EGT 267 Programming for Engineering Applications (3 credits)
- EGT 280 Introduction to Microtechnology (3 credits)
- EGT 301 Cooperative Education in Engineering Technology (3 credits)
- EGT 310 Project Management and Problem Solving (3 credits)
- EGT 317 Introduction to Capstone Project in EGT (1 Credit)
- EGT 344 Analog Electronics (3 credits)
- EGT 367 Microprocessors (3 credits)
- EGT 377 Power Electronic Systems (3 credits)
- EGT 386 Electro-Mechanical Instrumentation and Control (3 credits)
- EGT 404 Signals and Systems (3 credits)
- EGT 448 Network Hardware (3 credits)
- EGT 467 Advanced Microprocessors (3 credits)
- EGT 471 Senior Design in Technology (2 credits) ♦ (may be repeated up to three times)
- EGT 477 Advanced Power Designs (3 credits)

**Core Courses in Other Disciplines (24 or 26 credits)**

- CHE 130 Chemistry for Engineering Technology - NS (3 credits)
- CHE 130L Chemistry for Engineering Technology Lab - SL (1 credit)
- MAT 119 Pre-Calculus Mathematics (3 credits)
- MAT 128 Calculus A - QR (3 credits) and
- MAT 227 Calculus B (3 credits) ♦ OR
- MAT 129 Calculus I - QR (4 credits)
- PHY 211 General Physics with Laboratory I - SL (5 credits)
- PHY 213 General Physics with Laboratory II (5 credits)
- STA 205 Introduction to Statistical Methods - QR (3 credits)

**Tracks**

Select one track (12 credits)

**Systems and Design Track (12 credits)**

- EGT 320 Robotic Systems and Material Handling (3 credits)
- EGT 408 Mechatronics Topics (3 credits)
- EGT 412 Advanced CADD (3 credits)
- EGT 462 Finite Element Modeling (3 credits)

**Fundamentals of Engineering Track (12 credits)**

- EGT 300 Statics and Strength of Materials (3 credits)
Select three GLY courses from the following (9-12 credits)

- GYL 340 Applied Dynamics (3 credits)
- GYL 361 Fluid Power (3 credits)
- GYL 450 Thermodynamics and Heat Transfer (3 credits)

Electives (9 credits)

Select 9 credit hours of electives from the following list:

- EGT 211 Quality Control (3 credits)
- EGT 261 Engineering Materials (3 credits)
- EGT 318 Introduction to Nanotechnology (3 credits)
- EGT 321 Productivity Management, Scheduling, and Planning (3 credits)
- EGT 341 Integrated Resource Management (3 credits)
- EGT 362 Tool Design and Computer Aided Manufacturing (3 credits)
- EGT 405 Metrology and Geometric Tolerance (3 credits)
- EGT 411 Quality Assurance and Auditing (3 credits)
- EGT 423 Planning and Design of Industrial Facilities (3 credits)

TOTAL CREDITS 96-98

Geology, B.S.

Students pursuing a career in the field of geology or students planning to attend graduate school - earning either a Master of Science in teaching or in geology - should complete the Bachelor of Science degree. Upon completion of the requirements for a Bachelor of Science degree, students are eligible to take the Geologist Registrants in Training Exam, which is the first requirement toward professional registration. Due to the interdisciplinary nature of this program, a minor is not required for the Bachelor of Science degree in geology.

♦ Indicates prerequisite.

DEGREE REQUIREMENTS (74-77 CREDITS)

Core Courses (50-53 credits)

- GYL 110 The Face of the Earth with Laboratory - SL (4 credits)
- GYL 115 History of the Earth (3 credits)
- GYL 315 Structural Geology with Laboratory (4 credits)
- GYL 330 Geomorphology with Laboratory (4 credits)
- GYL 335 Earth Materials (4 credits)
- GYL 340 Introduction to Environmental Geoscience (3 credits)
- GYL 394 Seminar: Geology (1 credit)
- GYL 420 Stratigraphy and Sedimentation with Laboratory (4 credits)
- GYL 425 Economic Geology (4 credits)
- GYL 450 Hydrogeology (4 credits)

Select two GLY courses from the following (6 credits)

- GYL 120 This Dangerous Earth - NS (3 credits)
- GYL 150 Introduction to Field Paleontology (3 credits)
- GYL 125 Prehistoric Life - NS (3 credits)
- GYL 130 Geology of National Parks - NS (3 credits)

Select three GLY courses from the following (9-12 credits)

- GEO 345 Geography of Natural Hazards (3 credits)
- GYL 350 Field Paleontology (3 credits)
- GYL 360 Introduction to Geophysics (4 credits)
- GYL 402 Invertebrate Paleontology with Laboratory (4 credits)
- GYL 415 Earth Science Applications of GIS (3 Credits)
- GYL 416 Geologic Field Methods (3 credits)
- GYL 435 Petrology and Petrography (4 credits)
- GYL 440 Applied Geophysics (3 credits)
- GYL 445 Geophysical Modeling (3 credits)
- GYL 455 Groundwater Resources and Management with Laboratory (4 credits)
- GYL 461 Ecology and Geology of Coral Reefs (4 credits)

Courses in Other Disciplines (24 credits)

- CHE 120 General Chemistry I - NS (3 credits)
- CHE 120L General Chemistry I Laboratory - SL (1 credit)
- CHE 121 General Chemistry II (3 credits)
- CHE 121L General Chemistry II Laboratory (1 credit)
- MAT 119 Pre-Calculus Mathematics (3 credits)
- PHY 211 General Physics with Laboratory I - SL (5 credits)
- PHY 213 General Physics with Laboratory II (5 credits)

Select one course from the following (3 credits)

- MAT 128 Calculus A - QR (3 credits)
- MAT 129 Calculus I - QR (4 credits)
- STA 205 Introduction to Statistical Methods - QR (3 credits)

Mechanical and Manufacturing Engineering Technology, B.S.

The accredited Bachelor of Science in mechanical and manufacturing engineering technology focuses on the design and development of parts, processes, and systems. Under this program graduates will acquire knowledge, problem-solving ability, and hands-on skills to enter careers in the design, installation, manufacturing, testing, evaluation, technical sales, or maintenance of mechanical systems. In addition, graduates will have strengths in the analysis, applied design, development, implementation, or oversight of more advanced mechanical systems and processes.

This bachelor’s degree program is designed to provide students with the knowledge and skills needed to succeed as engineers in today's industry. Students are required to co-op in industry starting with their second year, which often continues and leads to full-time employment. Together with the study of engineering principles, design is the cornerstone of the mechanical and manufacturing engineering technology degree program.

The MMEET program is accredited by the Engineering Technology Accreditation Commission of ABET (http://www.abet.org).

Students are required to complete the core plus one track. A minor is not required.

♦ Indicates prerequisite.

DEGREE REQUIREMENTS (90 OR 92 CREDITS)

Core Courses (66 credits)

- EGT 116 Introduction to Manufacturing (3 credits)
QUALITY TRACK (6 CREDITS)

- EGT 321 Productivity Management, Scheduling, and Planning (3 credits)
- EGT 341 Integrated Resource Management (3 credits)

TOTAL CREDITS 96 OR 98

OPTIONAL CONCENTRATIONS

- Students interested in ASQ or SME certificate preparation should take EGT 321, EGT 341, and EGT 411.
- Students interested in systems and controls courses should take EGT 386 and EGT 260.
- Students interested in ISO standards should take EGT 260 and EGT 405.

Mechatronics Engineering Technology, B.S.

Bachelor of Science in mechatronics engineering technology provides graduates real-world experiential education combined with personalized undergraduate experiences in mechanical, electrical, and computer control systems, as well as engineering design and management. The core courses include both mechanical and electrical fundamentals, principles and design concepts with a focus on materials handling systems, automation and manufacturing systems, embedded systems design, and industrial robotic.

This bachelor’s degree program is designed to provide students with the knowledge and skills needed to succeed in today’s highly integrated computer controlled manufacturing. Throughout their curriculum, students are required to co-op in industry in their second or third year of the program, which often continues and leads to full-time employment. Graduates with a rigorous theoretical education and multidisciplinary technical skills are well prepared for engineering and technology positions in applied design, development, implementation, or oversight and maintenance of electromechanical systems and processes.

Students are required to complete the core plus one track. A minor is not required.

Indicates prerequisite.

DEGREE REQUIREMENTS (97-99 CREDITS)

Core Courses in Mechatronics Engineering Technology (51 credits)

- EGT 161 DC Circuit Analysis (3 credits)
- EGT 212 Computer-Aided Drafting and Design (3 credits)
- EGT 243 AC Circuit Analysis (3 credits)
- EGT 245 Digital Electronics (3 credits)
- EGT 261 Engineering Materials (3 credits)
- EGT 265 Manufacturing Processes and Metrology (3 credits)
- EGT 267 Programming for Engineering Applications (3 credits)
- EGT 300 Statics and Strength of Materials (3 credits)
- EGT 301 Cooperative Education in Engineering Technology (3 credits)
- EGT 310 Project Management and Problem Solving (3 credits)
- EGT 317 Introduction to Capstone Project in EGT (1 Credit)
- EGT 318 Introduction to Nanotechnology (3 credits)
- EGT 320 Robotic Systems and Material Handling (3 credits)
- EGT 340 Applied Dynamics (3 credits)
- EGT 361 Fluid Power (3 credits)
- EGT 365 CNC & Manufacturing Process Planning (3 credits)
- EGT 386 and EGT 260.
- EGT 411 Quality Assurance and Auditing (3 credits)
- EGT 423 Planning and Design of Industrial Facilities (3 credits)

Select two courses from the following (6 credits)

- EGT 260 Industrial Standards, Safety, and Codes (3 credits)
- EGT 280 Introduction to Microtechnology (3 credits)
- EGT 362 Tool Design and Computer Aided Manufacturing (3 credits)
- EGT 386 Electro-Mechanical Instrumentation and Control (3 credits)
- EGT 411 Quality Assurance and Auditing (3 credits)
- EGT 423 Planning and Design of Industrial Facilities (3 credits)

Core Courses in Other Disciplines (24 or 26)

- CHE 130 Chemistry for Engineering Technology - NS (3 credits)
- CHE 130L Chemistry for Engineering Technology Lab - SL (1 credit)
- MAT 119 Pre-Calculus Mathematics (3 credits)

- MAT 128 Calculus A - QR (3 credits) and
- MAT 227 Calculus B (3 credits)
- OR
- MAT 129 Calculus I - QR (4 credits)

- PHY 211 General Physics with Laboratory I - SL (6 credits)
- PHY 213 General Physics with Laboratory II (5 credits)
- STA 205 Introduction to Statistical Methods - QR (3 credits)

Design Track (6 Credits)

- EGT 412 Advanced CADD (3 credits)
- EGT 462 Finite Element Modeling (3 credits)

TOTAL CREDITS 96 OR 98
• EGT 310 Project Management and Problem Solving (3 credits)
• EGT 317 Introduction to Capstone Project in EGT (1 Credit)
• EGT 340 Applied Dynamics (3 credits)
• EGT 361 Fluid Power (3 credits)
• EGT 367 Microprocessors (3 credits)
• EGT 408 Mechatronics Topics (3 credits)
• EGT 417 Senior Design in Technology (2 credits)
• EGT 448 Network Hardware (3 credits)
• EGT 480 Machine Design (3 credits)

Support Courses in Other Disciplines (24-26)
• CHE 130 Chemistry for Engineering Technology - NS (3 credits)
• CHE 130L Chemistry for Engineering Technology Lab - SL (1 credit)
• MAT 119 Pre-Calculus Mathematics (3 credits)

• MAT 128 Calculus A - QR (3 credits) •
• MAT 227 Calculus B (3 credits) •
• OR •
• MAT 129 Calculus I - QR (4 credits) •

• PHY 211 General Physics with Laboratory I - SL (5 credits)
• PHY 213 General Physics with Laboratory II (5 credits)
• STA 205 Introduction to Statistical Methods - OR (3 credits)

SELECT ONE TRACK PLUS ELECTIVE EGT AND/OR EMET* COURSES

For more information regarding EMET courses from Cincinnati State Technical and Community College (CSTCC), click here.

AUTOMATED SYSTEMS TRACK (21 CREDITS)
• EGT 320 Robotic Systems and Material Handling (3 credits)
• EGT 365 CNC & Manufacturing Process Planning (3 credits)
• EGT 386 Electro-Mechanical Instrumentation and Control (3 credits)
• EGT 465 Automated Manufacturing Systems (3 credits)
• Select 9 additional credit hours of EGT courses (9 credits)

TOTAL CREDITS 97-99

ALTERNATIVE ENERGY TRACK (21 CREDITS)
• PSET 140* Power Systems Foundations (1 credit)
• EMT 150* Introduction to Controls and Robotics (2 credits)
• EMT 210* Energy Efficiency and Audits (3 credits)
• EMT 225* Solar and Renewable Energy (3 credits)
• EGT 450 Thermodynamics and Heat Transfer (3 credits)
• Select 9 additional credit hours of EGT/EMET courses (9 credits)

TOTAL CREDITS 97-99

LASER TECHNOLOGY TRACK (21 CREDITS)
• EMT 245* Laser Foundations and Safety (3 credits)
• EMT 246* Laser 2 (3 credits)
• EMT 275* Electric Drive Mechanisms (4 credits)
• EMT 150* Introduction to Controls and Robotics (2 credits)
• Select 9 additional credit hours of EGT/EMET courses (9 credits)

TOTAL CREDITS 97-99

COMPUTER SCIENCE TRACK (21 CREDITS)
• CSC 260 Object-Oriented Programming I (3 credits)
• CSC 360 Object-Oriented Programming II (3 credits)
• CSC 362 Computer Systems (3 credits)
• CSC 407 Concepts of Programming Languages (3 credits)
• CSC 462 Computer Architecture (3 credits)
• CIT 371 Unix Systems (3 credits)
• Select 3 additional credit hours of EGT, INF, CIT, and CSC courses (3 credits)

TOTAL CREDITS 97-99

Physics, B.S.
The Bachelor of Science in physics is designed for those who plan to study physics in graduate school, who wish to pursue another technical field at the graduate level, or who wish to pursue a technical career in industry. The degree requires 52 credit hours in physics or astronomy courses (plus 24 hours of additional required courses in related fields). General graduation requirements include 45 hours of 300- or 400-level courses, so students seeking the Bachelor of Science in physics need to take at least four hours of 300- or 400-level courses in addition to the courses required for the degree. Students should choose these courses in consultation with their advisor, but additional elective courses in physics, computer science, or mathematics are highly recommended. A minor in mathematics is recommended for students seeking the Bachelor of Science in physics. This will require 2 3-credit-hour courses beyond those required for the physics degree. Suggested courses include " MAT 234 Linear Algebra (3 credits), " MAT 360 Numerical Analysis (3 credits)," and " MAT 430 Complex Variables (3 credits)." The computing course " CSC 270 Mathematics Software Programming (3 credits)" can also be included in a mathematics minor.

NOTE: A student successfully completing " MAT 330 Classical Applied Analysis (3 credits)," which is cross-listed as " PHY 330 Mathematical Physics (3 credits)," receives credit toward the physics major and the minor in mathematics.

A student pursing a B.S. in Physics has to complete a minor or a focus.
• Indicates prerequisite.

DEGREE REQUIREMENTS (76 CREDITS)

Core Courses (52 credits)
• PHY 100 Science, Engineering, and Design (1 credit)
• PHY 220 University Physics with Laboratory I - SL (4 credits)
• PHY 222 University Physics with Laboratory II (4 credits)
• PHY 224 University Physics with Laboratory III (4 credits)
• PHY 300 Intermediate Physics Laboratory (2 credits)
• PHY 301 Advanced Physics Laboratory (2 credits)
• PHY 310 Dynamics (3 credits)
Pre-engineering students may elect to follow a three/two agreement that leads to an Engineering degree. Similar arrangements exist with the Speed Scientific School at the University of Louisville. At University of Louisville, there are programs leading to degrees in Bio, chemical, civil, computer/electrical, mechanical, or mining engineering and computer science. NKU, in conjunction with the University of Kentucky, offers students the opportunity to pursue a degree in biosystems, chemical/materials, civil, computer/electrical, mechanical, or mining engineering and computer science. Similar arrangements exist with the Speed Scientific School at the University of Louisville. At University of Louisville, there are programs leading to degrees in Bio, chemical, civil, computer, electrical, industrial, and mechanical engineering as well an integrated five-year program leading to the Master of Engineering degree. Pre-engineering students may elect to follow a three/two agreement that leads to the award of a degree in physics from NKU and the award of a degree in another institution to complete the requirements for the B.S. in a field of engineering from the program and institution of choice. Alternatively, a student may elect to study at NKU for two years of coursework then transfer to another institution to complete the requirements for the B.S. in a field of engineering in two years without a physics degree from NKU.

Pre-engineering students must contact the Department of Physics and Geology to obtain an academic advisor. Most pre-engineering students will be expected to complete at least this group of courses at NKU before transfer to a degree program in engineering:

- One year of English composition.
- Three semesters of calculus-based physics with lab.
- Two years of calculus and differential equations.
- One year of chemistry.
- Courses in computer graphics, general education, and introduction to engineering and design.

More information is available about pre-engineering and related programs in the catalog section for physics and geology.

**Pre-Engineering: Biosystems, Chemical, Materials Engineering**

Engineering is the profession in which the knowledge of the mathematical and natural sciences gained by study, experience, and practice is applied with judgment to develop ways to use economically the materials and forces of nature for the benefit of mankind (ABET, Inc., 2002).

Hence, engineering and the practice of engineers refer to activities that involve the beneficial application of scientific knowledge to the solution of problems. Notice that this application includes economic considerations, uses of materials (for example, resources), and the forces of nature. Additionally, engineering is a profession. Webster notes that a profession is "the body of people in a learned occupation." Engineers have a specialized charge of using knowledge, experience, and creativity, to tackle and systematically design solutions to challenges and problems.

The student who graduates with a Bachelor of Science in engineering will complete study of mathematics courses through differential equations, basic classes in chemistry and calculus-based physics, and the normal set of general-education classes during the whole of the first two years of college. During the second year the engineering student will start the study of coursework (for example, statics or dynamics) that bridges the gap between these basic sciences and the engineering applications of the knowledge of the basic sciences. The last two years will be completed at a campus such as the University of Kentucky or the University of Louisville. These last two years of courses are largely devoted to the study of engineering applications of science and mathematics to the matters of the student’s chosen engineering discipline. These courses involve design of solutions culminating with a senior design course and project that are specific to the discipline.

Students who expect to transfer to engineering degree programs such as biosystems, chemical, materials engineering should complete the courses from the following list depending upon their choice of engineering plus general education classes during the whole of the first two years of college. During the second year the engineering student will start the study of coursework (for example, statics or dynamics) that bridges the gap between these basic sciences and the engineering applications of the knowledge of the basic sciences. The last two years will be completed at a campus such as the University of Kentucky or the University of Louisville. These last two years of courses are largely devoted to the study of engineering applications of science and mathematics to the matters of the student’s chosen engineering discipline. These courses involve design of solutions culminating with a senior design course and project that are specific to the discipline.

Pre-engineering students should contact the director of pre-engineering for the selection of courses based on their choice of engineering.

Pre-Engineering:

NKU, in conjunction with the University of Kentucky, offers students the opportunity to pursue a degree in biosystems, chemical/materials, civil, computer/electrical, mechanical, or mining engineering and computer science. Similar arrangements exist with the Speed Scientific School at the University of Louisville. At University of Louisville, there are programs leading to degrees in Bio, chemical, civil, computer, electrical, industrial, and mechanical engineering as well an integrated five-year program leading to the Master of Engineering degree. Pre-engineering students may elect to follow a three/two agreement that leads to the award of a degree in physics from NKU and the award of a degree in another institution to complete the requirements for the B.S. in a field of engineering from the program and institution of choice. Alternatively, a student may elect to study at NKU for two years of coursework then transfer to another institution to complete the requirements for the B.S. in a field of engineering in two years without a physics degree from NKU.

Courses in Other Disciplines (24 credits)

- MAT 325 Differential Equations (3 credits)
- MAT 329 Calculus III (4 credits)
- MAT 229 Calculus II (5 credits)
- MAT 228 Calculus A - QR (3 credits)
- MAT 129 Calculus I - QR (4 credits)
- PHY 405 Classical Mechanics (3 Credits)
- PHY 420 Modern Physics II (3 credits)
- PHY 460 Quantum Mechanics (3 credits)
- PHY 494 Physics Seminar (1 credit)

Select two 300/400-level PHY or AST course (6 credits)

Courses in Other Disciplines (24 credits)

- CHE 120 General Chemistry I - NS (3 credits)
- CHE 120L General Chemistry I Laboratory - SL (1 credit)
- CHE 121 General Chemistry II (3 credits)
- CHE 121L General Chemistry II Laboratory (1 credit)
- MAT 129 Calculus I - QR (4 credits)
- MAT 129 Calculus I - QR (4 credits)
- MAT 229 Calculus II (5 credits)
- MAT 329 Calculus III (4 credits)
- PHY 100 Science, Engineering, and Design (1 credit)
- PHY 220 University Physics with Laboratory I - SL (4 credits)
- PHY 222 University Physics with Laboratory II (4 credits)
- PHY 224 University Physics with Laboratory III (4 credits)

**Note:**

- A C- or better is required to proceed to the next-level physics course.
- ** Indicates prerequisite.
- *** MAT 128 Calculus A - QR (3 credits), **MAT 227 Calculus B (3 credits),** and **MAT 228 Calculus C (3 credits)** can be taken instead of **MAT 129 Calculus I - QR (4 credits)** and **MAT 229 Calculus II (5 credits)**.

**Pre-Professional**

**Core Courses**

- MAT 129 Calculus I - QR (4 credits)
- MAT 229 Calculus II (5 credits)
- MAT 329 Calculus III (4 credits)
- PHY 220 University Physics with Laboratory I - SL (4 credits)
- PHY 222 University Physics with Laboratory II (4 credits)
- PHY 224 University Physics with Laboratory III (4 credits)

- MAT 325 Differential Equations (3 credits)
DUAL-DEGREE OPTION FOR PRE-ENGINEERS

Transferring from NKU to engineering degree programs elsewhere generally requires at least two years of study at NKU and then an additional two (or more) years of study after transfer to the engineering degree program at the institution of choice. Pre-engineers have the opportunity to earn a bachelor's degree in physics (or chemistry) from NKU if they complete three years of study at NKU prior to transferring to an engineering school. The fourth-year requirements for the NKU degree in physics (or chemistry) are obtained after transferring course credit to NKU that was earned at the engineering school. This dual-degree program (one bachelor's degree from NKU, the other from an engineering school) should be coordinated with the department chair of the academic program (physics or chemistry) prior to transfer from NKU.

A shared cooperative education program with UK is available. The enrolled student works full time and enrolls full time in classes during alternating semesters/sessions. Cooperative education credit earned at NKU may be transferred to other schools.

Pre-Engineering: Civil, Electrical, Mechanical, Mining

Engineering is the profession in which the knowledge of the mathematical and natural sciences gained by study, experience, and practice is applied with judgment to develop ways to use economically the materials and forces of nature for the benefit of mankind (ABET, Inc., 2002). Hence, engineering and the practice of engineers refer to activities that involve the beneficial application of scientific knowledge to the solution of problems. Notice that this application includes economic considerations, uses of materials (for example, resources), and the forces of nature. Additionally, engineering is a profession. Webster notes that a profession is “the body of people in a learned occupation.” Engineers have a specialized charge of using knowledge, experience, and creativity, to tackle and systematically design solutions to challenges and problems.

The student who graduates with a Bachelor of Science in engineering will complete study of mathematics courses through differential equations, basic classes in chemistry and calculus-based physics, and the normal set of general-education classes during the whole of the first two years of college. During the second year the engineering student will start the study of coursework (for example, statics or dynamics) that bridges the gap between these basic sciences and the engineering applications of the knowledge of the basic sciences. The last two years will be completed at a campus such as the University of Kentucky or the University of Louisville. These last two years of courses are largely devoted to the study of engineering applications of science and mathematics to the matters of the student’s chosen engineering discipline. These courses involve design of solutions culminating with a senior design course and project that are specific to the discipline.

Students who expect to transfer to engineering degree programs such as civil, electrical, mechanical, or mining engineering should complete the courses from the following list depending upon their choice of engineering plus general education courses. Pre-engineering students should contact the director of pre-engineering for the selection of courses based on their choice of engineering.

- Indicates prerequisite.

RECOMMENDED MINIMUM TRANSFER TO A B.S. ENGINEERING DEGREE PROGRAM (63 CREDITS)

Core Requirements

- MAT 129 Calculus I - QR (4 credits)
- MAT 229 Calculus II (5 credits)
- MAT 329 Calculus III (4 credits)
- MAT 325 Differential Equations (3 credits)
- PHY 100 Science, Engineering, and Design (1 credit)
- PHY 220 University Physics with Laboratory I - SL (4 credits)
- PHY 222 University Physics with Laboratory II (4 credits)
- PHY 224 University Physics with Laboratory III (4 credits)
- PHY 305 Statics (3 credits)
• PHY 310 Dynamics (3 credits) ♦
• CHE 120 General Chemistry I - NS (3 credits) ♦
• CHE 120L General Chemistry I Laboratory - SL (1 credit)
• CHE 121 General Chemistry II (3 credits) ♦
• CHE 121L General Chemistry II Laboratory (1 credit) ♦
• ENG 101 College Writing - WC (3 credits) ♦
• CMST 101 Public Speaking - OC (3 credits)
• EGT 212 Computer-Aided Drafting and Design (3 credits) *
• ECO 201 Principles of Microeconomics - SB (3 credits) ♦ **

Technical elective (3 credits)
(e.g. PHY 360 Thermodynamics (3 credits))

Select 9 credit hours
• General education courses (9 credits)

Note:
* Recommended for students who wish to co-op in the area. EGT 212 uses the same design software as UK/UofL, but EGT 212 will not transfer to UK/UofL as engineering credit. However, the co-op experience will transfer.
** Recommended as part of the general education requirements.

Students who expect to transfer to engineering degree programs such as chemical, biomedical, materials or agricultural bioengineering should complete the core courses below plus general education courses.

TRANSFER AND DEGREE COMPLETION

NKU has transfer programs with the College of Engineering at the University of Kentucky and with the Speed Scientific School at the University of Louisville. Students may elect to transfer to other schools or colleges of engineering. Grades of C or better are required for successful transfer of credit. The director of pre-engineering will assist in the transfer for all pre-engineering students.

At the bachelor's degree level at UK, ABET-accredited degrees are offered in the fields of biosystems and agricultural, chemical, civil, computer, electrical, materials, mechanical, and mining engineering. At University of Louisville in the Speed School, ABET-accredited degrees are offered in Bio, chemical, civil, computer, electrical, industrial, and mechanical engineering as well as an integrated five-year program leading to the Master of Engineering degree.

DUAL-DEGREE OPTION FOR PRE-ENGINEERS

Transferring from NKU to engineering degree programs elsewhere generally requires at least two years of study at NKU and then an additional two (or more) years of study after transfer to the engineering degree program at the institution of choice. Pre-engineers have the opportunity to earn a bachelor's degree in physics (or chemistry) from NKU if they complete three years of study at NKU prior to transferring to an engineering school. The fourth-year requirements for the NKU degree in physics (or chemistry) are obtained after transferring course credit to NKU that was earned at the engineering school. This dual-degree program (one bachelor's degree from NKU, the other from an engineering school) should be coordinated with the department chair of the academic program (physics or chemistry) prior to transfer from NKU.

A shared cooperative education program with UK is available. The enrolled student works full time and enrolls full time in classes during alternating semesters/sessions. Cooperative education credit earned at NKU may be transferred to other schools.

TEACHING CERTIFICATION

Earth and Space Science for Secondary Education Certificate

Preparation for certification to teach Earth and space science at the secondary level requires completion of the Bachelor of Arts in geology plus 11 hours of astronomy courses. Detailed program requirements can be found under "secondary education 8-12" in the College of Education and Human Services section of this catalog. Students interested in this program should declare a major in geology and consult with the director of the geology program and the certification specialist in the College of Education and Human Services.

UNDERGRADUATE CERTIFICATE

Automated Manufacturing Processes and Systems Certificate

This program is designed to provide students with manufacturing automation knowledge. Individuals planning to work in agile and flexible automated manufacturing would greatly benefit from this certificate program. The NKU engineering technology faculty are committed to quality education and training needed by individuals to function effectively in a technological environment.

REQUIREMENTS FOR CERTIFICATE (21 CREDITS)

• EGT 161 DC Circuit Analysis (3 credits) ♦
• EGT 212 Computer-Aided Drafting and Design (3 credits)
• EGT 265 Manufacturing Processes and Metrology (3 credits) ♦
• EGT 301 Cooperative Education in Engineering Technology (3 credits) ♦
• EGT 320 Robotic Systems and Material Handling (3 credits) ♦
• EGT 365 CNC & Manufacturing Process Planning (3 credits) ♦
• EGT 386 Electro-Mechanical Instrumentation and Control (3 credits) ♦

Computer-Aided Design/Drafting (CADD) Certificate

REQUIREMENTS FOR CERTIFICATE (21 CREDITS)

The CADD certificate is a component of the Mechanical and Manufacturing Engineering Technology bachelor degree program. It consists of a number of courses that allow individuals to meet the need for manufacturers and/or innovators in the region. Knowledge and skills gained through this certificate program will allow individuals to convey their ideas into a manufactureable drawing. Students taking these courses can design, make solid models, and create finite element analysis models necessary to test the models.
Manufacturing Processes Certificate

This program provides hands-on expertise in manufacturing processes, enabling individuals to perform material-processing tasks and achieve higher levels of performance to advance in their industrial professions. The manufacturing process certificate is a component of the mechanical and manufacturing engineering technology degree program. It is designed to meet the industrial workforce development needs in the Greater Cincinnati area. Completion of the following 21 credit hours is required for this certificate program.

REQUIREMENTS FOR CERTIFICATE (21 CREDITS)

- EGT 116 Introduction to Manufacturing (3 credits)
- EGT 161 DC Circuit Analysis (3 credits) ♦
- EGT 211 Quality Control (3 credits) ♦
- EGT 212 Computer-Aided Drafting and Design (3 credits)
- EGT 365 CNC & Manufacturing Process Planning (3 credits) ♦
- EGT 412 Advanced CADD (3 credits) ♦
- MAT 119 Pre-Calculus Mathematics (3 credits) ♦

Technological Leadership and Innovation Certificate

The technological leadership and innovation certificate program helps develop an understanding of the method for managing technology as a global strategic resource. It examines how industries are transformed by new technologies and develops an understanding of the process, roles, and rewards of technological innovation.

It integrates content from strategy and policy, organizational behavior, engineering operations, marketing research and development. The relationship of technology with strategic planning, marketing, finance, engineering, and manufacturing is integrated. Service, societal issues, and international policy issues are covered in some courses.

REQUIREMENTS FOR CERTIFICATE (21 CREDITS)

- EGT 211 Quality Control (3 credits) ♦
- EGT 318 Introduction to Nanotechnology (3 credits) ♦
- EGT 321 Productivity Management, Scheduling, and Planning (3 credits) ♦
- EGT 310 Project Management and Problem Solving (3 credits) ♦
- EGT 318 Introduction to Nanotechnology (3 credits) ♦
- STA 205 Introduction to Statistical Methods - QR (3 credits) ♦

Astronomy Minor

Astronomy is the study of the universe and its contents including planets, stars, galaxies, and clusters. A minor in astronomy would be particularly useful to students majoring in the physical or biological sciences and math. An astronomy minor can help expand employment and educational opportunities in graduate school, government and industry. The minor in astronomy requires 27 to 29 credit hours. At least nine of those credit hours must be 300 level or above.

REQUIREMENTS FOR MINOR (27-29 CREDITS)

Core Requirements

- AST 110 Solar System Astronomy with Laboratory - SL (4 credits)
- AST 115 Stars, Galaxies, and Cosmology with Laboratory - SL (4 credits)
- PHY 211 General Physics with Laboratory I - SL (5 credits) ♦
- PHY 213 General Physics with Laboratory II (5 credits) ♦
- PHY 220 University Physics with Laboratory I - SL (4 credits) ♦
- PHY 222 University Physics with Laboratory II (4 credits) ♦
- PHY 224 University Physics with Laboratory III (4 credits) ♦
- AST 310 Astronomical Techniques (3 credits) ♦

MINOR

Advanced Technology Minor

The minor in advanced technology is designed to supplement the knowledge and expertise of students majoring in one of the STEM fields who have an interest in microsystems, nanotechnology and other emerging technologies. Students majoring in MMET are not eligible for this minor.

REQUIREMENTS FOR MINOR (21 CREDITS)

- EGT 116 Introduction to Manufacturing (3 credits)
- EGT 211 Quality Control (3 credits) ♦
- EGT 261 Engineering Materials (3 credits)
- EGT 280 Introduction to Microtechnology (3 credits) ♦
- EGT 310 Project Management and Problem Solving (3 credits) ♦
- EGT 318 Introduction to Nanotechnology (3 credits) ♦
- EGT 386 Electro-Mechanical Instrumentation and Control (3 credits)
- STA 205 Introduction to Statistical Methods - OR (3 credits) ♦

Advanced Technology Minor

- EGT 212 Computer-Aided Drafting and Design (3 credits) ♦
- EGT 265 Manufacturing Processes and Metrology (3 credits) ♦
- EGT 362 Tool Design and Computer Aided Manufacturing (3 credits)
- EGT 365 CNC & Manufacturing Process Planning (3 credits) ♦
- EGT 412 Advanced CADD (3 credits) ♦
- EGT 462 Finite Element Modeling (3 credits)
- MAT 119 Pre-Calculus Mathematics (3 credits)

- ENTP 376 New Venture Financing (3 credits)
- LDR 305 Human Relations in Organizations (3 credits)
- LDR 308 Leadership Development (3 credits) ♦

MINOR

Advanced Technology Minor

The minor in advanced technology is designed to supplement the knowledge and expertise of students majoring in one of the STEM fields who have an interest in microsystems, nanotechnology and other emerging technologies. Students majoring in MMET are not eligible for this minor.

- EGT 116 Introduction to Manufacturing (3 credits)
- EGT 211 Quality Control (3 credits) ♦
- EGT 261 Engineering Materials (3 credits)
- EGT 280 Introduction to Microtechnology (3 credits) ♦
- EGT 310 Project Management and Problem Solving (3 credits) ♦
- EGT 318 Introduction to Nanotechnology (3 credits) ♦
- EGT 386 Electro-Mechanical Instrumentation and Control (3 credits)
- STA 205 Introduction to Statistical Methods - OR (3 credits) ♦
• AST 315 Introductory Astrophysics (3 credits) ♦
OR
• AST 394 Topics: Astronomy (3 credits) ♦

Select three credit hours from the following (3 credits)
• PHY 320 Physical Optics (3 credits) ♦
• AST 325 Geology of the Planets (3 credits) ♦
• AST 392 Directed Research: Astronomy (1-3 credits) ♦
• AST 397 Special Projects: Astronomy (1-3 credits) ♦
• AST 399 Independent Study in Astronomy (1-3 credits) ♦
• AST 492 Directed Research: Astronomy (1-3 credits) ♦

Electronics Technology Minor
The minor in electronics technology is designed to offer expertise in electronics to those students who need or want this background as a supplement to majors in technology, mathematics, computer science, information systems, radio/television, or other programs that may directly or indirectly interact with electrical or electronic skills.

Indicates prerequisite.

Requirements for Minor (21 credits)
Core Requirements
• EGT 161 DC Circuit Analysis (3 credits) ♦
• EGT 243 AC Circuit Analysis (3 credits) ♦
• EGT 344 Analog Electronics (3 credits) ♦
• EGT 245 Digital Electronics (3 credits) ♦

Select 9 credit hours from
• Courses listed under EET program tracks (9 credits)

Geology Minor
A minor in geology consists of 21 credit hours, of which at least 12 must be at the 300 level or above. A minor in geology, emphasizing courses in environmental geology and hydrogeology, is particularly appropriate for students majoring in environmental science. The minor in geology is most appropriate for students who wish to have a background in geology to support another major.

Industrial Technology Minor
The minor in industrial technology is designed to supplement the knowledge and expertise of students majoring in one of the STEM fields who have an interest in design, problem-solving materials processes, and robotics. Students majoring in MMET are not eligible for this minor.

Physics Minor
The minor in physics requires 21 credit hours of physics and astronomy. Credit in PHY 110 cannot be applied to the minor.

Indicates prerequisite.

Requirements for Minor (21 credits)
Core Requirements (10 or 12 credits)
• PHY 211 General Physics with Laboratory I - SL (5 credits) ♦ and
• PHY 213 General Physics with Laboratory II (5 credits) ♦ OR
• PHY 220 University Physics with Laboratory I - SL (4 credits) ♦ and
• PHY 222 University Physics with Laboratory II (4 credits) ♦ and
• PHY 224 University Physics with Laboratory III (4 credits) ♦

Select one course from the following (3 credits)
• PHY 305 Statics (3 credits) ♦
• PHY 310 Dynamics (3 credits) ♦
• PHY 315 Introduction to Astrophysics (3 credits) ♦
• PHY 320 Physical Optics (3 credits) ♦
• PHY 330 Mathematical Physics (3 credits) ♦
• PHY 360 Thermodynamics (3 credits) ♦
• PHY 361 Modern Physics I (3 credits) ♦

Electives (6-8 credits)
6-8 hours of additional PHY coursework excluding PHY 110. Total hours must add up to a minimum of 21.
Department of Political Science, Criminal Justice, and Organizational Leadership

Location: Founders Hall 555
Telephone: 859-572-5321
Fax: 859-572-6184
Email Address: psc@nku.edu
Web Address: http://arts.nku.edu/departments/psccj.html
Department Chair: Karen Miller
Other Key Personnel:

- Assistant Department Chair: Danielle McDonald
- Program Coordinator for Political Science: Jonathan McKenzie
- Program Coordinator for Criminal Justice: Marcos Misis
- Program Coordinator for Criminal Justice Online: Alexis Miller
- Program Director or Organizational Leadership: Jeffrey Zimmerman
- Program Coordinator for Organizational Leadership: Amanda Kilmer
- Program Coordinator for International Studies: Edward Kwon
- Program Coordinator for Pre-Law: Bruce McClure
- Program Director for Master of Public Administration: Julie Olberding
- Program Coordinator for Master of Public Administration: Melissa Gish
- Retention Specialist: Aprile Redden
- Internship Coordinator: Caroline Braden
- Academic Coordinator: Margo Wheatley
- Secretary: Samra Pilav

Thinking about the discipline: Majors in these programs prepare students for careers in government (from local to international positions), entry into the private sector, and opportunities in nonprofit organizations. This multidisciplinary department offers students a comprehensive understanding of government, politics, ethics, and leadership, and bureaucracy.

Special opportunities for our students: Majors in this department have opportunities to conduct research with faculty and to enroll in independent reading courses to meet their specific or unique intellectual needs. Students have excellent opportunities to intern or co-op at different places including in Frankfurt (through the FLIP program) and in Washington, D.C. (through the Washington Center Internship Program). Through its curriculum, the department regularly offers courses for the honors program and service-learning experiences for students. The department advises several student clubs including Xi Omega (political science honor society), Phi Alpha Delta (pre-law honor society), Model United Nations Club, College Democrats, College Republicans, Lambda Alpha Epsilon (American Criminal Justice Association), Alpha Phi Sigma (national criminal justice honor society), and Organizational Leadership Collaborative (organizational leadership student group).

Each year the department holds an awards ceremony to recognize students’ achievements. The department regularly offers study abroad courses that students are encouraged to avail.

Special admission requirements: To declare a major in political science, criminal justice, organizational leadership, or international studies, students - including transfer students - must have earned a GPA of at least 2.50 in all prior college work. First-semester students who wish to declare a major in one of the above programs must have an ACT composite score of at least 21 or an SAT score of at least 990.

Students with less than 2.5 cumulative GPA seeking to declare the organizational leadership major must first be admitted to the pre-LDR major. Students in the pre-major who successfully complete 12 credit hours with a GPA of 2.5 or above may request to be admitted into the major.

You should also know: Students majoring or minoring in any of the programs offered by the Department of Political Science, Criminal Justice, and Organizational Leadership must earn at least a C- in each course counted as part of their program. Students can also complete a bachelor’s degree in criminal justice and organizational leadership in a fully online format. For more information, contact Distance and Online Learning (nkonline@nku.edu).

Interdisciplinary Minors:
- Asian Studies Minor
- European Studies Minor
- International Studies Minor
- Latin American and Caribbean Studies Minor
- Middle Eastern and North African Studies Minor
- Sub-Saharan African Studies Minor
- Geographic Information Systems Certificate

BACHELOR OF ARTS

Criminal Justice, B.A.

Available in both traditional and fully-online formats.

The major consists of a 24-credit-hour core and 24 credit hours of additional requirements. Core courses provide a conceptual understanding of criminal justice institutions and processes, theories of crime and punishment, ethics, and social science research methods. Rather than training individuals for a particular occupation through instruction in specific vocational skills, the program offers a broad, liberal education focused on the cultivation of analytical and creative thought and on the ability to read, write, and speak effectively.

The degree is also available in a fully-online format; interested students should contact Distance and Online Learning for more information. JUS online course offerings in the fall and spring semesters are set up for students enrolled in our criminal justice online program. Thus, we do not give permits for face-to-face students to enroll in online restricted classes (those designated ONL). However, depending on the enrollment numbers in the online restricted sections, and the incoming online student population, we may release some seats from the restricted sections to the online non-restricted sections (those designated ONLR) immediately after the priority registration deadline and again just before classes begin. Students interested in the online section of a course
must check myNKU for openings in the online non-restricted (ONL) section of those courses after priority registration and before classes begin.

Students majoring or minorin in criminal justice must earn at least a C in each course counted as part of the major or minor. At least 24 hours of JUS courses must be earned in residence at NKU. A maximum of 6 hours of JUS 496 may be counted toward the major.

Special admission requirements: To declare a major in political science, criminal justice, organizational leadership, or international studies, students - including transfer students - must have earned a GPA of at least 2.0 in all prior college work. First-semester students who wish to declare a major in one of the above programs are required to have ACT scores of at least 18 for English, Math, and Reading or SAT scores of at least 430 for Math and Writing and 450 for Critical Reading, or 23.5 for Math and 25 for Reading, Writing, and Language.

♦ Indicates prerequisite.

These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements.

DEGREE REQUIREMENTS (48 CREDITS)

Core Requirements

- JUS 101 Introduction to Criminal Justice - SB (3 credits)
- JUS 200 Police in America (3 credits)
- JUS 201 Corrections in America (3 credits)
- JUS 203 The Criminal Court Systems (3 credits)
- JUS 300 Juvenile Justice (3 credits)
- JUS 301 Ethics in Criminal Justice (3 credits)
- JUS 315 Criminal Justice Research Methods (3 credits)
- JUS 317 Perspectives on Crime (3 credits)

Select 24 JUS credit hours from the following

15 credit hours must be at the 300 level or above.

- JUS 294 Criminal Investigation (3 credits)
- JUS 210 Legal Research (3 credits)
- JUS 231 Race, Gender and Crime - AH (3 credits)
- JUS 294 Topics: Justice Studies (3 credits)
- JUS 302 Criminal Law (3 credits)
- JUS 303 Criminal Procedure (3 credits)
- JUS 310 Police Management (3 credits)
- JUS 311 Police in the Community (3 credits)
- JUS 312 Institutional Corrections (3 credits)
- JUS 313 Rights of the Convicted (3 credits)
- JUS 319 Criminal Justice in Film (3 credits)
- JUS 320 Advanced Crime Scene Technology and Criminalistics (3 credits)
- JUS 323 Drugs and Crime (3 credits)
- JUS 333 Careers in Criminal Justice (3 credits)
- JUS 351 Financial Investigations (3 credits)
- JUS 395 Criminal Justice: Study Abroad (1-15 credits)
- JUS 402 Alternatives to Incarceration (3 credits)
- JUS 403 Crime and Public Policy (3 credits)
- JUS 404 Evidence Preparation and Courtroom Testimony (3 credits)
- JUS 405 Crime Prevention (3 credits)
- JUS 406 Terrorism and Homeland Security (3 credits)
- JUS 407 Media, Crime, and Justice (3 credits)
- JUS 408 Victims and Crime (3 credits)
- JUS 413 Flawed Criminal Justice Policies (3 credits)
- JUS 414 The Death Penalty (3 credits)
- JUS 428 Crime Across the Life Course (3 credits)
- JUS 429 Women in Criminal Justice (3 credits)
- JUS 494 Seminar: Justice Studies (3 credits)
- JUS 496 Internship: Justice Studies (1-6 credits)
- JUS 499 Readings: Justice Studies (1-3 credits)

International Studies, B.A.

Location: Founders Hall 555
Telephone: 859-572-5321
Fax: 859-572-6184
Email Address: psc@nku.edu
Web Address: http://inside.nku.edu/artsci/departments/pscjol/programs/internationalstudies.html

Program Coordinator: Edward Kwon, Department of Political Science, Criminal Justice and Organizational Leadership

International relations are shaped by the forces of culture, ideology, identity, geography, history, religion, social relations, and economics. International studies is an interdisciplinary major that focuses on understanding these dynamic transnational factors and issues that influence relations between actors in the world system. The international studies major requires completing 15 hours in required classes; 27 hours in electives, with one course from each of the four international fields (business and economics, culture and ideas, development, and politics and policy); and five additional elective courses. Students are encouraged to take classes from a variety of prefixes to become more versed in international studies from a broad prospective. Students must take classes in three of the following five prefixes (ANT, GEO, HIS, PSC, and SOC).

Students must also complete 12 hours in a foreign language.

Only courses with a grade of C- or better may count toward an international studies major, minor, or area of focus. Students must have a cumulative GPA of at least 2.0 in their degree coursework to qualify for graduation. Students are encouraged to complete study-abroad courses and internships toward the international studies major. Topics courses and independent study credit hours may fulfill secondary course requirements. Contact the international studies coordinator prior to enrolling in any of these options to verify whether the credit hours qualify, and if so, how much they will apply toward completing the major degree program requirements.

The Office of Education Abroad (University Center 330) can help with scholarship applications to offset expenses, including university scholarships, as well as a “beyond the classroom” scholarship toward study abroad, sponsored by the sociology department, for which all majors are eligible.

Special admission requirements: To declare a major in political science, criminal justice, organizational leadership, or international studies, students -
including transfer students - must have earned a GPA of at least 2.0 in all prior
college work. First-semester students who wish to declare a major in one of
the above programs are required to have ACT scores of at least 18 for English,
Math, and Reading or SAT scores of at least 430 for Math and Writing and 450
for Critical Reading, or 23.5 for Math and 25 for Reading, Writing, and
Language.
♦ Indicates prerequisite.

DEGREE REQUIREMENTS (54 CREDITS)

Core Requirements

- PSC 102 Comparative Politics - AH (3 credits)
- PSC 103 International Politics - AH (3 credits)
- PSC 470 Globalization (3 credits)

Select two courses from the following (6 credits)

- ANT 100 Introduction to Cultural Anthropology - SB (3 credits)
- ECO 200 Principles of Macroeconomics - SB (3 credits)
- GEO 101 World Regional Geography (3 credits)
- HIS 111 Global Viewpoints in History - AH (3 credits)
- LDR 160 Leadership Around the World - AH (3 credits)
- REL 200 World Religions and Cultures - AH (3 credits)
- SOC 101 Global Inequalities - SB (3 credits)

Languages

Students placing out of the 202 level of language must complete one 300+
level language course at NKU.

Students may select from the following languages: Arabic, Chinese, French,
German, Italian, Japanese, Korean, Russian, and Spanish. Note that Latin does
not qualify.

French, German, Japanese, and Spanish sections of 101, 102, 201, and 202 are
offered every fall and spring semester at NKU.

Arabic, Chinese, Italian, Korean, and Russian are offered as follows: 101 in the
fall semester, 102 in the spring semester. Completing the intermediate level for
these courses may involve taking courses off-campus through the regional
consortium. Contact the Department of World Languages and Literatures for
details regarding regularity and availability of these courses.

- Elementary Language I (3 credits)
- Elementary Language II (3 credits)
- Intermediate Language I (3 credits)
- Intermediate Language II (3 credits)

Note:

Students are encouraged to take classes from a variety of pre-fixes to become
more versed in international studies from a broad prospective. Student must
take classes in three of the following five prefixes (ANT, GEO, HIS, PSC, and
SOCI).

Business and Economics (3 credits)

Select one course from the following

- ANT 386 Economy, Wealth and Culture (3 credits)
- BIS 440 Global Information Technology Management (3 credits)
- CTE 316 Intercultural Business Communication (3 credits)
- ECO 340 International Economics (3 credits)
- ECO 342 Economic Development (3 credits)
- FIN 415 International Finance (3 credits)
- GEO 303 Geographic Patterns of Economic Development (3 credits)
- MGT 355 International Business Environment (3 credits)
- MGT 360 Comparative International Management (3 credits)
- MKT 333 Global and Cultural Issues in Marketing (3 credits)
- PSC 440 Politics of Food (3 credits)
- PSC 445 Sustainability (3 credits)

Culture and Ideas (3 credits)

Select one course from the following

- ANT 201 World Cultures - SB (3 credits)
- ANT 275 Language and Culture (3 credits)
- ANT 320 Religion and Culture (3 credits)
- ANT 330 Women, Gender, and Culture (3 credits)
- ANT 358 Art and Culture (3 credits)
- CIN 201 Survey of World Cinema (3 credits)
- EMB 370 International Media (3 credits)
- ENG 213 Global Viewpoints in Literature - AH (3 credits)
- GEO 302 Cultural Geography (3 credits)
- HNR 309 World Cities/World Cultures (3 credits)
- LDR 460 Leading in Diverse and Global Contexts (3 credits)
- MUS 106 Music of World Cultures - AH (3 credits)
- PHI 320 Social and Political Philosophy (3 credits)
- PHI 309 Global Ethics (3 credits)
- POP 250 International Popular Culture - AH (3 credits)
- PSC 312 Modern Ideologies (3 credits)
- PSC 322 International Politics in Film (3 credits)
- SOC 301 World Patterns of Race Ethnicity (3 credits)
- SOC 430 Sociology of Religion (3 credits)
- WGS 383 Women and World Cultures (3 credits)

Development (3 credits)

Select one course from the following

- ANT 345 Environmental Anthropology (3 credits)
- ANT 372 Peasant Societies (3 credits)
- ENG 304 Introduction to Post-Colonial Literature (3 credits)
- GEO 310 Geography of Population (3 credits)
- HIS 321 Modernization in the Non-Western World (3 credits)
- PSC 340 Politics of Development (3 credits)
- PSC 410 International Political Economy (3 credits)
- PSC 425 Sex in Global Society (3 credits)
- PSC 465 Democratization (3 credits)
- SOC 340 Population (3 credits)
- SOC 355 Sociology of the Environment (3 credits)

Politics and Policy (3 credits)

Select one course from the following

- GEO 304 Political Geography and Geopolitics (3 credits)
Adult-Centered Education, an accelerated face-to-face evening program for program delivery modes: (1) traditional face-to-face classes; (2) the Program for students to collaborate, lead, and adapt to future needs in an area of interest. study (minor or focus) aligned with educational and career objectives equips Partnering organizational leadership requirements with a secondary area of organizational leadership program will be able to understand theory, think that is inclusive and collaborative. Students who successfully complete the understanding leadership as a solitary, authoritarian phenomenon to a process capacities. The program offers the chance for students to evolve from and group settings and developing personal and professional leadership relationships and effectively addressing challenges in all types of human groups, communities, and settings. Emphasis is placed on leadership in team and group settings and developing personal and professional leadership capacities. The program offers the chance for students to evolve from understanding leadership as a solitary, authoritarian phenomenon to a process that is inclusive and collaborative. Students who successfully complete the organizational leadership program will be able to understand theory, think critically, navigate and creatively solve complex problems, examine and handle ethical issues, facilitate intentional change, communicate effectively, use contemporary technology, and appreciate diverse and global perspectives. Partnering organizational leadership requirements with a secondary area of study (minor or focus) aligned with educational and career objectives equips students to collaborate, lead, and adapt to future needs in an area of interest. Degree completion in organizational leadership is available in the following program delivery modes: (1) traditional face-to-face classes; (2) the Program for Adult-Centered Education, an accelerated face-to-face evening program for adult learners; and (3) completely online. Online learning offers a flexible alternative, and PACE offers an accelerated evening format in Highland Heights and at the Grant County Center in Williamstown, Ky.

For questions about organizational leadership, email the program coordinator (orgleadership@nku.edu).

Special admission requirements: To declare a major in political science, criminal justice, organizational leadership, or international studies, students - including transfer students - must have earned a GPA of at least 2.0 in all prior college work. First-semester students who wish to declare a major in one of the above programs are required to have ACT scores of at least 18 for English, Math, and Reading or SAT scores of at least 430 for Math and Writing and 450 for Critical Reading, or 23.5 for Math and 25 for Reading, Writing, and Language.

To declare a major in Organizational Leadership, students who have earned at least 12 credit hours, including transfer students, must have earned an official GPA of at least 2.0. Students with less than a 2.0 cumulative GPA seeking to declare the organizational leadership major must first be admitted to the pre-major for Organizational Leadership. Students in the pre-major will be admitted into the major once their official GPA is 2.0 or higher.

Note:
For all options, other courses carrying international studies credit will be listed in the schedule of classes each semester and may be used as substitute electives on approval by the chair of the Department of Political Science, Criminal Justice, and Organizational Leadership or the coordinator of international studies. Students may take Independent Studies or PSC 496 Internship in Political Science (1-15 credits) (only acceptable for internships approved by the department that relate to international studies up to 3 credits).

Organizational Leadership, B.A.

Available in both traditional and fully-online formats.
The organizational leadership program explores both theoretical and practical understandings of leadership. Students examine leadership in various types of organizations and across organizational levels and positions while recognizing that leadership is not necessarily position-bound, but based on building relationships and effectively addressing challenges in all types of human groups, communities, and settings. Emphasis is placed on leadership in team and group settings and developing personal and professional leadership capacities. The program offers the chance for students to evolve from understanding leadership as a solitary, authoritarian phenomenon to a process that is inclusive and collaborative. Students who successfully complete the organizational leadership program will be able to understand theory, think critically, navigate and creatively solve complex problems, examine and handle ethical issues, facilitate intentional change, communicate effectively, use contemporary technology, and appreciate diverse and global perspectives. Partnering organizational leadership requirements with a secondary area of study (minor or focus) aligned with educational and career objectives equips students to collaborate, lead, and adapt to future needs in an area of interest. Degree completion in organizational leadership is available in the following program delivery modes: (1) traditional face-to-face classes; (2) the Program for Adult-Centered Education, an accelerated face-to-face evening program for adult learners; and (3) completely online. Online learning offers a flexible alternative, and PACE offers an accelerated evening format in Highland Heights and at the Grant County Center in Williamstown, Ky.

For questions about organizational leadership, email the program coordinator (orgleadership@nku.edu).

Special admission requirements: To declare a major in political science, criminal justice, organizational leadership, or international studies, students - including transfer students - must have earned a GPA of at least 2.0 in all prior college work. First-semester students who wish to declare a major in one of the above programs are required to have ACT scores of at least 18 for English, Math, and Reading or SAT scores of at least 430 for Math and Writing and 450 for Critical Reading, or 23.5 for Math and 25 for Reading, Writing, and Language.

To declare a major in Organizational Leadership, students who have earned at least 12 credit hours, including transfer students, must have earned an official GPA of at least 2.0. Students with less than a 2.0 cumulative GPA seeking to declare the organizational leadership major must first be admitted to the pre-major for Organizational Leadership. Students in the pre-major will be admitted into the major once their official GPA is 2.0 or higher.

Note:
For all options, other courses carrying international studies credit will be listed in the schedule of classes each semester and may be used as substitute electives on approval by the chair of the Department of Political Science, Criminal Justice, and Organizational Leadership or the coordinator of international studies. Students may take Independent Studies or PSC 496 Internship in Political Science (1-15 credits) (only acceptable for internships approved by the department that relate to international studies up to 3 credits).

DEGREE REQUIREMENTS (33 CREDITS)

Courses in Leadership (24 credits)
- LDR 300 Foundations of Leadership (3 credits)
- LDR 308 Leadership Development (3 credits)
- LDR 310 Research Methods in Leadership (3 credits)
- LDR 381 Organizational Ethics and Decision Making (3 credits)
- LDR 382 Organizational Theory and Change (3 credits)
- LDR 385 Teamwork in Organizations (3 credits)
- LDR 460 Leading in Diverse and Global Contexts (3 credits)
- LDR 480 Organizational Leadership Capstone (3 credits)

Organizational Leadership Elective Courses (3 credits)
Select one of the following courses:
- LDR 315 Leading People in Organizations (3 credits)
- LDR 320 Leading with Emotional Intelligence (3 credits)
- LDR 330 Budgeting for Leaders (3 credits)
- LDR 335 Lessons in Leadership (3 credits)
- LDR 394 Special Topics in Leadership (3 credits)
- PAD 420 Managing the Not-For-Profit Organization (3 credits)
- PAD 501 Human Resource Management (3 credits)
- CMST 303 Organizational Communication (3 credits)
- ENG 340 Business Writing (3 credits)

Courses in Other Disciplines (6 credits)
- PSY 340 Social Psychology (3 credits)
- PSY 344 Industrial/Organizational Psychology (3 credits)

FOUNDATION COURSES (9 CREDITS)
Students with fewer than 60 hours credit at admission or major declaration must complete the following three foundation courses, plus one elective course from the “Foundation Elective Courses” list below:
- LDR 117 Introduction to Supervision (3 credits)
- LDR 160 Leadership Around the World - AH (3 credits)
- LDR 205 Human Relations in Organizations (3 credits)
FOUNDATION ELECTIVE COURSES (3 CREDITS)

Choose one of the following courses (this is in addition to the elective required for the major):

- LDR 315 Leading People in Organizations (3 credits)
- LDR 320 Leading with Emotional Intelligence (3 credits)
- LDR 330 Budgeting for Leaders (3 credits)
- LDR 335 Lessons in Leadership (3 credits)
- LDR 394 Special Topics in Leadership (3 credits)
- PAD 420 Managing the Not-For-Profit Organization (3 credits)
- PAD 501 Human Resource Management (3 credits)
- CMST 303 Organizational Communication (3 credits)
- ENG 340 Business Writing (3 credits)

*Students may select to take LDR 394 for both electives, provided they choose different topics.

NOTE:

Students seeking additional elective hours to meet the minimum of 120 credit hours/45 upper division hours required for graduation may select any LDR course, provided they have not already completed them as part of the major requirements. Furthermore, other electives include: LDR 396 Leadership Practicum (1-6 credits) (variable credit one to 6 hours; repeatable for up to 12 hours), and the option to repeat LDR 394 for up to 12 credit hours as long as topics differ.

Political Science, B.A.

The major in political science provides a comprehensive understanding of politics. It does so by acquainting students with the literature of the discipline in six different areas (American politics, comparative politics, international politics, law, political theory, and public policy) and by equipping students with methodological tools necessary for sound and critical analysis of political institutions of behavior and of processes by which public policy is formed. The faculty also seek to engage students in a partnership of research and other scholarly endeavors.

There are 36 hours of required classes for the Bachelor of Arts. In addition, students are required to complete 15 hours of political science electives.

Special admission requirements: To declare a major in political science, criminal justice, organizational leadership, or international studies, students - including transfer students - must have earned a GPA of at least 2.0 in all prior college work. First-semester students who wish to declare a major in one of the above programs are required to have ACT scores of at least 18 for English, Math, and Reading or SAT scores of at least 430 for Math and Writing and 450 for Critical Reading, or 23.5 for Math and 25 for Reading, Writing, and Language.

♦ Indicates prerequisite.

DEGREE REQUIREMENTS (51 CREDITS)

Core Requirements

- PSC 100 American Politics - SB (3 credits) OR
- PSC 100H American Politics - SB (3 credits) ♦

Select five additional 300/400-level PSC courses (15 credits)

- PSC 101 State and Local Politics - SB (3 credits)
- PSC 102 Comparative Politics - AH (3 credits)
- PSC 103 International Politics - AH (3 credits) OR
- PSC 103H Honors International Politics (3 credits)
- PSC 110 Political Ideas (3 credits) OR
- PSC 110H Political Ideas - AH (3 credits)
- PSC 215 Scope and Methods (3 credits) ♦ (taken prior to 96 hours)
- PSC 301 American Political Institutions (3 credits) ♦
- PSC 310 Political Behavior (3 credits) ♦
- PSC 372 Modern Political Theory (3 credits) ♦
- PSC 403 Politics in Action (3 credits) ♦
- PSC 410 International Political Economy (3 credits) ♦
- PSC 465 Democratization (3 credits) ♦
- PSC 486 Conflict and Security (3 credits) ♦

Select five additional 300/400-level PSC courses (15 credits)

ADDITIONAL PROGRAM INFORMATION

- The Bachelor of Arts is conferred upon those students completing all requirements for the major or minor in political science and other NKU requirements for the degree, which includes a minimum GPA of 2.0 in all major coursework and earning at least a C- in each course counted.
- Only two courses meeting these degree requirements may also be used to satisfy general education requirements or to meet a minor or focus (with the exception of the pre-law focus) when the accompanying major is within the department.
- PSC 496 and PSC 499 cannot count toward secondary requirements.

MINOR

Criminal Justice Minor

♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (21 CREDITS)

Core Requirements

- JUS 101 Introduction to Criminal Justice - SB (3 credits)
- JUS 200 Police in America (3 credits)
- JUS 201 Corrections in America (3 credits)
- JUS 203 The Criminal Court Systems (3 credits)

Select 9 credit hours of 300/400-level JUS credit hours (9 credits)
Criminalistics Minor

This minor provides students with an understanding of the significant role that science is accorded in the criminal justice system, especially in criminal investigations and criminal trials. This minor is not permitted for criminal justice majors.

♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (21 CREDITS)

A minimum grade of C- is required in each course counted as part of the minor.

- JUS 101 Introduction to Criminal Justice - SB (3 credits)
- JUS 204 Criminal Investigation (3 credits)
- JUS 231 Race, Gender and Crime - AH (3 credits)
- JUS 302 Criminal Law (3 credits)
- JUS 303 Criminal Procedure (3 credits)
- JUS 320 Advanced Crime Scene Technology and Criminalistics (3 credits)
- JUS 404 Evidence Preparation and Courtroom Testimony (3 credits)

Organizational Leadership Minor

Available in both traditional and fully-online formats.

♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (18 CREDITS)

Core Requirements

- LDR 300 Foundations of Leadership (3 credits)
- LDR 308 Leadership Development (3 credits)

Select four additional LDR courses (12 credits)

Political Science Minor

Available in both traditional and fully-online formats.

♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (21 CREDITS)

Core Requirements

- PSC 100 American Politics - SB (3 credits)
- PSC 102 Comparative Politics - AH (3 credits)
- PSC 103 International Politics - AH (3 credits)

Select 12 PSC credit hours at the 300 level or above (12 credits)

Pre-Law Minor

The pre-law minor may appeal to students who major in non-law-related fields and plan to apply to law school. It exposes them to legal courses before pursuing their professional education. The minor in pre-law does not guarantee successful admission into law school nor is it a prerequisite for law school.

♦ Indicates prerequisite.

These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements.

REQUIREMENTS FOR MINOR (21 CREDITS)

A minimum grade of C- is required in each course counted as part of the minor.

Core Requirements

- JUS 210 Legal Research (3 credits)
- PSC 110 Political Ideas (3 credits)
- PSC 204 Introduction to the Law (3 credits)
- PSC 305 The Judicial Process (3 credits)

Select three courses from the following (9 credits)

- PSC 307 Constitutional Law (3 credits)
- PSC 308 Civil Liberties (3 credits)
- PSC 375 Perspectives on Law (3 credits)
- PSC 394 Topics: Politics (3 credits)
- PSC 480 International Law (3 credits)
- PSC 496 Internship in Political Science (1-15 credits)
- JUS 203 The Criminal Court Systems (3 credits)
- JUS 231 Race, Gender and Crime - AH (3 credits)
- JUS 302 Criminal Law (3 credits)
- JUS 303 Criminal Procedure (3 credits)
- JUS 313 Rights of the Convicted (3 credits)
- PHI 200 Ethics - AH (3 credits)
- PHI 330 Philosophy and Law (3 credits)

Public Service Minor

The Public Service minor is designed for students interested in careers that focus on serving others, usually through government agencies and nonprofit organizations. These careers may involve policy making, implementation and evaluation in areas such as: community and economic development, policing and emergency management, health care and education administration, community and public art programs, and so on. Some courses are offered online, and others are internships or practicums that allow students to apply classroom learning in a government, nonprofit, or related organization in the northern Kentucky/Greater Cincinnati region, the state capital of Frankfort, or another locale (maximum 6 credit hours in internships and practicums). For students interested in pursuing a Master of Public Administration at NKU, the three required courses (PAD 500, 501, and 511) may be waived by the MPA Admission Committee, after review of transcripts and consultation with the student.

♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (18 CREDITS)

A minimum grade of C- is required in each course counted as part of the minor.

Core Requirements (9 credits)

- PAD 500 Foundations of Public Administration (3 credits)
- PAD 501 Human Resource Management (3 credits)
- PAD 511 Budgeting Techniques and Applications (3 credits)
Select courses from the following (9 credits)

- PAD 403 Public Policy (3 credits)
- PAD 412 Administrative Law (3 credits)
- PAD 420 Managing the Not-For-Profit Organization (3 credits)
- PAD 560 Planning and Community Development (3 credits)
- PAD 394 Special Topics in Public Administration (3 credits)
- PAD 496 Internship in Public Administration (1-15 credits)
- PAD 498 Public Service Practicum (1-6 credits)
- PSC 100 American Politics - SB (3 credits)
- PSC 403 Politics in Action (3 credits)
- PSC 405 Politics of Money (3 credits)
- JUS 301 Ethics in Criminal Justice (3 credits)
- JUS 403 Crime and Public Policy (3 credits)
- JUS 413 Flawed Criminal Justice Policies (3 credits)
- JUS 496 Internship: Justice Studies (1-6 credits)
- LDR 308 Leadership Development (3 credits)
- LDR 381 Organizational Ethics and Decision Making (3 credits)
- LDR 396 Leadership Practicum (1-6 credits)

FOCUS

Pre-Law Focus

Students considering law careers may choose a pre-law minor or may simply wish to fulfill their requirement for a pre-law focus by taking any four of the political science courses listed below. Students must complete an introductory PSC class as a prerequisite. Students cannot double-dip courses between their political science major and pre-law focus.

♦ Indicates prerequisite.

REQUIREMENTS FOR FOCUS (15 CREDITS)

Select any four courses from the following (12 credits)

- PSC 204 Introduction to the Law (3 credits)
- PSC 305 The Judicial Process (3 credits)
- PSC 307 Constitutional Law (3 credits)
- PSC 308 Civil Liberties (3 credits)
- PSC 480 International Law (3 credits)
- PSC 375 Perspectives on Law (3 credits)

Additional Prerequisite (3 credits)
Department of Psychological Science

Location: Mathematics-Education-Psychology Center 301
Telephone: 859-572-5310
Fax: 859-572-6085
Email Address: psychology@nku.edu
Web Address: http://psychology.nku.edu
Department Chair: Jeffrey Smith

Other Key Personnel:
- Assistant Chair: Angela Lipsitz
- Retention Specialist: Kathleen O'Connor
- Department Coordinator: Debbie Kelly
- Secretary: Lynne Fuhrmann

Full-Time Faculty: Bill Attenweiler, Mark Bardgett, Robin Bartlett, Kim Breitenbecher, Ty Bromback, Kathleen Fuegen, Perilou Goddard, Doug Krull, Angela Lipsitz, Cecile Marczinski, Philip J. Moberg, Kathleen O'Connor, Jeff Smith, Kalif Vaughn, Justin Yates

Thinking about the discipline: A degree in psychological science opens the door to one of the most challenging and rewarding professional fields today. The psychological science major is designed to provide students with flexibility in the selection of courses to meet their individual interests and career goals. Psychological science graduates have the skills and tools they need to be successful in a variety of challenging careers in mental health, business, and industry. Students will also be prepared for advanced graduate study.

Special opportunities for our students: Students may have the opportunity to conduct research with faculty and present it at international, national, or regional conferences. Honors in psychological science can be earned by students who conduct research with a faculty member and meet the academic qualifications. Students who meet the criteria can be admitted into the NKU chapter of Psi Chi, the international honor society in psychology. Any student at the university may join the Psychology Club. These organizations are for students who want to become more involved with the Department of Psychological Science and with the field of psychology in general. They offer a mix of educational, service, and social activities to enhance the academic experience of the psychological science student. The department also facilitates student participation in practicum experiences.

Honors in Psychology

The Honors in Psychology (HIP) program is designed to provide an enhanced learning experience for outstanding psychological science undergraduates. Each HIP student will collaborate with a faculty mentor to design, conduct, analyze, document, and present an original empirical study in a two-semester sequence. In the process, students should develop or refine a variety of skills that will be useful in graduate school and their future careers.

To be eligible for the HIP program, students must have (a) a declared major in psychological science; (b) a minimum of 45 earned credit hours; (c) a minimum overall GPA of 3.5; (d) at least two semesters remaining prior to graduation; and (e) a minimum grade of B in PSY 100, STA 205, and PSY 210. Students who are currently enrolled in PSY 210 at the time of application may be admitted provisionally to HIP, but they may not begin the HIP research project until these courses are completed with the required minimum grade in each. HIP students are not required to participate in the university honors program. However, HIP students who are enrolled in the honors program may, with the permission of the honors director, use the HIP project as an honors capstone experience. Final admission into HIP depends on students identifying a psychological science faculty mentor who agrees to work with them on their project. This agreement requires a written contract signed by the student, faculty mentor, HIP coordinator, and chair of the Department of Psychological Science, and registration for 3 credit hours in PSY 497 (Honors Project in Psychology) and HNR 490 (if the student plans to use the project in partial fulfillment of the requirements of the honors minor) for two semesters. Contact the Department of Psychological Science for more detailed information about Honors Psychology.

Special graduation requirements:

1. To graduate, students majoring in psychological science must have a grade of C- or better in all courses applied toward certification of the major or minor, as well as an overall 2.00 GPA in the discipline. This includes courses listed below for tracks A and B on each of the two degree programs.
2. Psychological science majors are required to participate in a standardized assessment test given by the department prior to graduating. This is in addition to the university’s graduation requirements.
3. Transfer students must complete at least half of their required coursework in psychological science at NKU.

Interdisciplinary Minors:
- Neuroscience Minor

BACHELOR OF ARTS

Psychological Science, B.A.

PSYCHOLOGICAL SCIENCE MAJOR

The psychological science major is designed to provide students with flexibility in the selection of courses to meet their individual interests and career goals. Students must meet with a psychological science faculty advisor during the first semester following the declaration of psychological science as their major to design a program of coursework based on their individual needs. All students must meet with a faculty advisor in subsequent semesters for assistance in career planning and course selections to meet degree requirements. For students planning to pursue graduate study in psychology, the department strongly recommends a broad and balanced program of applied and theoretical courses with careful planning to meet the requirements for admission to graduate schools in psychology. In addition, such students are encouraged to take more than the minimum number of required courses, including advanced courses that involve the opportunity for independent or supervised research. The department offers a variety of special topics (PSY 494) classes. Recent topics have included "Image of Psychology in Film," "Drug Policy," "Psychology of Religion," and "Neuroscience Seminar." Students should consult the schedule of classes each semester for information about available special topics classes.

All psychological science majors must complete the requirements listed below for the major plus the additional credit hours required for either the Bachelor of Arts or the Bachelor of Science degree.
Degree Requirements (46 credits)

Core Courses (46 credits)
- PSY 100 Introduction to Psychology - SB (3 credits)
- STA 205 Introduction to Statistical Methods - QR (3 credits) ♦
- PSY 210 Research Methods and Lab (5 credits) ♦ OR
- PSY 211 Research Methods A (3 credits) ♦ AND
- PSY 212 Research Methods B (2 credits) ♦
- PSY 210R Career Planning for Psychology Majors (1 credit)
- PSY 305 Psychological Testing & Measurement (3 credits) ♦
- PSY 311 Biopsychology (3 credits) ♦
- PSY 321 Lifespan Development (3 credits) ♦
- PSY 337 Animal Learning (3 credits) ♦
- PSY 338 Cognitive Processes (3 credits) ♦
- PSY 340 Social Psychology (3 credits) ♦
- PSY 333 Abnormal Psychology (3 credits) ♦

Elective (13 credits)
Select five PSY courses (must total at least 13 credit hours). At least three of these courses must be at the 300 or 400 level. Optional two-credit-hour laboratory classes also may be included in this category.

ADDITIONAL REQUIREMENTS (3-6 CREDITS)

Students who wish to complete the requirements for the Bachelor of Arts in psychological science must complete either track A or B listed below:

Track A (6 credits)
A minimum of 6 credit hours in the same foreign language or its equivalent. This requirement is in addition to current general education requirements, so students cannot use these foreign language courses to meet the Foundation of Knowledge Culture and Creativity requirement.

Track B (3 credits)
Successful completion of 3 credit hours in a study-abroad program approved by the NKU Office of Education Abroad. The course does not have to be in psychology. If the study abroad course is in psychology, then it may also count as an elective for the major (included in the 13 hours of elective credits).

TOTAL CREDITS 49-52

BACHELOR OF SCIENCE

Psychological Science, B.S.

PSYCHOLOGICAL SCIENCE MAJOR
The psychological science major is designed to provide students with flexibility in the selection of courses to meet their individual interests and career goals. Students must meet with a psychological science faculty advisor during the first semester following the declaration of psychological science as their major to design a program of coursework based on their individual needs. All students must meet with a faculty advisor in subsequent semesters for assistance in career planning and course selections to meet degree requirements. For students planning to pursue graduate study in psychology, the department strongly recommends a broad and balanced program of applied and theoretical courses with careful planning to meet the requirements for admission to graduate schools in psychology. In addition, such students are encouraged to take more than the minimum number of required courses, including advanced courses that involve the opportunity for independent or supervised research. The department offers a variety of special topics (PSY 494) classes. Recent topics have included “Image of Psychology in Film,” “Drug Policy,” “Psychology of Religion,” and “Neuroscience Seminar.” Students should consult the schedule of classes each semester for information about available special topics classes.

All psychological science majors must complete the requirements listed below for the major plus the additional credit hours required for either the Bachelor of Arts or the Bachelor of Science degree. ♦ Indicates prerequisite.

Degree Requirements (46 credits)

Core Courses (46 credits)
- PSY 100 Introduction to Psychology - SB (3 credits)
- STA 205 Introduction to Statistical Methods - QR (3 credits) ♦
- PSY 210 Research Methods and Lab (5 credits) ♦ OR
- PSY 211 Research Methods A (3 credits) ♦ AND
- PSY 212 Research Methods B (2 credits) ♦
- PSY 210R Career Planning for Psychology Majors (1 credit)
- PSY 305 Psychological Testing & Measurement (3 credits) ♦
- PSY 311 Biopsychology (3 credits) ♦
- PSY 321 Lifespan Development (3 credits) ♦
- PSY 337 Animal Learning (3 credits) ♦
- PSY 338 Cognitive Processes (3 credits) ♦
- PSY 340 Social Psychology (3 credits) ♦
- PSY 333 Abnormal Psychology (3 credits) ♦

Elective (13 credits)
Select five PSY courses (must total at least 13 credit hours). At least three of these courses must be at the 300 or 400 level. Optional two-credit-hour laboratory classes also may be included in this category.

ADDITIONAL REQUIREMENTS (3-6 CREDITS)

Students who wish to complete the requirements for the Bachelor of Arts in psychological science must complete either track A or B listed below:

Track A (6 credits)
Select one (3 credits)
- College-level MAT/STA course at the 200-level or above, in addition to STA 205

Select two courses from the following (4 credits)
- PSY 311L Biopsychology Laboratory (2 credits) ♦
• PSY 321L Developmental Science Laboratory (2 credits) ♦
• PSY 338L Cognitive Processes Laboratory (2 credits) ♦
• PSY 340L Social Psychology Laboratory (2 credits) ♦
• PSY 465L Health Psychology Laboratory (2 credits) ♦

**Note:**
Laboratory classes may be taken at the same time as the core class or at a later time, but students must complete "PSY 210 Research Methods and Lab (5 credits)" to take a laboratory. The laboratory classes listed here may also count as elective classes toward the major requirements.

**Track B (8 credits)**

**Select 6 300/400/500-level credit hours in statistics (6 credits)**

**Select one course from the following (2 credits)**

• PSY 311L Biopsychology Laboratory (2 credits) ♦
• PSY 321L Developmental Science Laboratory (2 credits) ♦
• PSY 338L Cognitive Processes Laboratory (2 credits) ♦
• PSY 340L Social Psychology Laboratory (2 credits) ♦

• PSY 465L Health Psychology Laboratory (2 credits) ♦

**Note:**
Laboratory classes may be taken at the same time as the core class or at a later time, but students must complete "PSY 210 Research Methods and Lab (5 credits)" to take a laboratory. The laboratory classes listed here may also count as elective classes toward the major requirements.

**TOTAL CREDITS 53-54**

**MINOR**

**Psychological Science Minor**

The minor requires 24 credit hours in psychological science including "PSY 100 Introduction to Psychology - SB (3 credits)" and any 21 additional credit hours in psychological science.
Department of Sociology, Anthropology, and Philosophy

Location: Landrum Academic Center 217C
Telephone: 859-572-5259
Fax: 859-572-6086
Email Addresses:
- anthropology@nku.edu
- archaeology@nku.edu
- philosophy@nku.edu
- sociology@nku.edu
Web Address: http://nku.edu/sap
Department Chair: Douglas W. Hume
Other Key Personnel:
- Department Coordinator: Mindy Berry

The Department of Sociology, Anthropology, and Philosophy is a multidisciplinary department that houses its namesake programs as well as several interdisciplinary minors. Ancient Civilizations Minor, Celtic Studies Minor, Culture, Society, and Health Minor, Evolutionary Studies Minor, Healthcare Ethics and Policy Minor, Native American Studies Minor, and Religious Studies Minor.

Sociology Programs

Location: Landrum Academic Center 217C
Telephone: 859-572-5259
Fax: 859-572-6086
Email Address: sociology@nku.edu
Web Address: http://nku.edu/sociology
Full-Time Faculty: David Bourne, Nicole Grant, Lynda Hillman, Boni Li, Kristie Vise

Thinking about the discipline: The mission of the sociology program is to provide undergraduate students with the conceptual and applied skills to understand society and how social interactions and human activities are organized and structured. Sociology offers a perspective and set of skills that develop and enhance students’ abilities to observe and think critically about their own and other societies, to become more sensitive to behavioral and value differences among peoples, and to succeed in an information and knowledge economy. Sociology is also a discipline that welcomes and draws upon insights from any discipline. The sociology program mentors students to think of college as a time for engaging in experiences and developing skills that position them for success in an ever-changing labor market of career possibilities.

The program offers a major in sociology leading to the Bachelor of Science. There are six broad career areas that students of sociology may choose to enter: nonprofit, government, business, education/continuing education, graduate school, and self-employment. Students can also minor or focus in sociology.

Special opportunities for our students: Among the many experiences in which students of sociology can participate are opportunities to do co-ops and internships, engage in summer service on Native American reservations in South Dakota, engage in class projects that address social issues, participate in research studies, and publish articles and essays collaboratively with faculty.

There are several vibrant student clubs associated with the sociology program: the Sociology Club, National Sociology Honor Society, and Kiksuya/First Nations Student Organization. Each year NKU’s sociology program presents the outstanding student in sociology award, outstanding student in applied sociology and outstanding student.

It is possible to earn a sociology major or minor taking a combination of online and evening classes and two (for minor) or three (for major) core courses face-to-face. In addition to the major and minor, there is also a focus that consists of any four sociology courses taken at the 300/400/500 level. It is possible to complete a focus in sociology online.

You should also know: Students must earn at least a C (2.00) in the core courses, and earn a C (2.00) average in all sociology courses counting for the major or minor.

Anthropology Programs

Location: Landrum Academic Center 217C
Telephone: 859-572-5259
Fax: 859-572-6086
Email Address: anthropology@nku.edu
Web Address: http://nku.edu/anthropology
Key Personnel:
- Archaeology Director: Thaddeus Bissett
- Center for Applied Anthropology Director: Douglas Hume
- Museum Director: Judy Voelker

Full-Time Faculty: Thaddeus Bissett, Zacary Hruby, Douglas W. Hume, Sharyn Jones, Denise Knisely, Michael J. Simonton, Judy Voelker, Monica Wakefield

Thinking about the discipline: Anthropology is the study of human beings, both physically and culturally, in the past and present, mostly in the non-Western world, mostly through the method of fieldwork. It includes the subfields of cultural anthropology (study of the great variety of societies and cultures in the world today); archaeology (study of past societies and cultures); biological anthropology (study of the origin and biological nature of humans); anthropological linguistics (study of language and its relationship to culture); and applied anthropology (the use of anthropological knowledge to help solve practically oriented problems). Through these subfields, anthropology explains differences and similarities among all human groups, at all times, and in all places. In the words of the American Anthropological Association, “Only anthropology seeks to understand the whole panorama - in geographic space and evolutionary time - of human existence.” To study anthropology is to explore the many avenues of what it means to be human.

NKU anthropology majors and minors are students prepared both for career opportunities upon graduation and for graduate work in anthropology. The anthropology faculty provide students with opportunities to do anthropology outside the classroom and develop résumé-worthy skills important in the job quest.

Special opportunities for our students: Among the many experiences in which anthropology majors and minors can participate are opportunities to go on archaeology digs, develop museum exhibits, do research with various peoples throughout the state and nation, and travel to places such as Belize, Thailand, Ireland, and Fiji.
There are several vibrant student clubs associated with the anthropology program at NKU: the Student Anthropology Society, Lambda Alpha National Anthropology Honor Society, First Nations Student Organization, Kiksuya, and Tuath an Ard Tíre Ardaí: The Celtic Studies Club. Each year the anthropology program presents the outstanding student in anthropology award and the award for academic excellence in anthropology.

You should also know: Students must earn at least a C (2.00) in the core courses, and a C (2.00) average in all anthropology courses counting for the major.

Philosophy Programs

Location: Landrum Academic Center 217C
Telephone: 859-572-5259
Fax: 859-572-6086
Email Address: philosophy@nku.edu
Web Address: http://nku.edu/philosophy

Full-Time Faculty: Gary Blahnik, Robert Brice, Rudy, Garns, Augustine Frimpong-Mansoh, Terry Pence

Thinking about the discipline: Philosophy seeks answers to fundamental questions about human existence and examines in a reasoned and systematic way basic questions about the values and concepts central to understanding of ourselves and the world around us. Through careful and critical reflection, philosophers seek answers to questions such as: a) What is the nature of the good, and what is the rational thing to do? (Ethics); b) What is the nature of reality? Does God exist? Do we have free will? What is knowledge and what distinguishes it from mere belief and opinion? (Metaphysics and Epistemology); c) How should society be organized? What is the basis of political obligation? What is the nature and aim of law? (Politics and Law). In pursuing such fundamental questions about the world and human experience, philosophy prepares students to acquire conceptual and applied skills essential to adapting to career possibilities and pursuing a meaningful life. Such skills include critical analysis, creative and innovative thinking, effective written and oral communication, principled ethical evaluation, problem-solving and rational-decision making. These transdisciplinary skills integrate and transcend specific and separate discipline, profession or career; they are requisite for information processing, analysis, syntheses, and application for an informed and efficient decision-making in career planning and choices.

NKU offers a bachelor’s degree in philosophy designed to meet the needs of students who want to pursue any career of their choice. For example, the transdisciplinary transferable skills which students acquire through the study of philosophy prepare them suitably to pursue successful careers in law (and in para-legal professions), education, health care, information and communication technology, ethics consulting, journalism, publishing, politics and public policy, public relations, fundraising and nonprofit work, religion and ministry, business and management, and architecture. As innovative creative thinkers, philosophy students tend also to create and manage their own businesses and services. Few disciplines can boast of contributing to such diverse pursuits! It’s not for nothing then that The London Times recently called philosophy the “ultimate transferable work skill.” This observation seems to be confirmed by a survey of employers conducted recently by the Hart Research Associates on behalf of the Association of American Colleges and Universities (2013). The survey reveals that “Employers are highly focused on innovation as critical to the success of their companies and they report that the challenges their employees face today are more complex and require a broader skill set than in the past.” Notably, the survey indicates that employers prioritize a job candidate’s demonstrated capacity for “critical thinking, complex problem-solving, written and oral communication, and applied knowledge in real-world settings” when making hiring decisions. This is one of the distinctive strengths, and key benefits, of studying philosophy. Whereas the knowledge learned in other disciplines may be superseded by future discoveries or made obsolete by changes of circumstances, the general transferable skills (e.g. the ability of critical thinking) acquired from studying philosophy do not become devalued over time. On the contrary, the transdisciplinary skills are invaluable when new situations occur. It is not surprising then that philosophy students rank highly in median mid-career salary; consistently score at or near the top on admissions tests like the LSAT and GMAT; earn entrance to medical school at a higher rate than all other majors, including chemistry and biology; and, more generally, enjoy a well-earned reputation for clear and rigorous thinking. While the best reason to major in philosophy is because it interests you, that choice turns out to be an excellent career move, too.

Special opportunities for our students: The philosophy program at NKU is well-known for a delivery of distinctive academic programs and for dedicated faculty that effectively and efficiently prepare outstanding graduates for success in a fast-growing technology-driven information workplace, economy, and global society. What makes the philosophy program special is that philosophy courses remain “up close and personal.” These small classes help students to participate in the study of questions of philosophical importance, hone writing and analytical skills, and receive more attention from their professors. Students also have the opportunity to participate in intercollegiate competition in the ethics bowl and become a member of the national honor society in philosophy, Phi Sigma Tau. A student philosophy club is active, and the program offers monthly events like a philosophers’ café where issues of contemporary interest are raised in a public forum, and a film and philosophy series where feature films with philosophical themes are screened and discussed. Each year NKU’s philosophy program presents the outstanding senior in philosophy award.

You should also know: At least 20 percent of the total required hours must be taken at NKU. Students must make a C or better in all courses chosen to meet the core requirements.

Interdisciplinary Minors:

- Ancient Civilizations Minor
- Celtic Studies Minor
- Culture, Society, and Health Minor
- Evolutionary Studies Minor
- Healthcare Ethics and Policy Minor
- Native American Studies Minor
- Religious Studies Minor

BACHELOR OF ARTS

Anthropology, B.A.

- Indicates prerequisite.

These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements.

DEGREE REQUIREMENTS (43-44 CREDITS)
Core Courses (24 credits)

- ANT 100 Introduction to Cultural Anthropology - SB (3 credits) OR
- ANT 100H Honors Introduction to Cultural Anthropology - SB (3 credits)

- ANT 110 Unearthing the Past: World Archaeology - SB (3 credits)
- ANT 202 Biological Anthropology - NS (4 credits)
- ANT 210 Introduction to Archaeological Methods and Theory (3 credits)
- ANT 275 Language and Culture (3 credits)
- ANT 280 Careers in Anthropology (0 credits)
- ANT 312 Social Organization (3 credits) ♦
- ANT 328 Contemporary Issues in Anthropology (3 credits) ♦
- ANT 401 Anthropological Theory (3 credits) ♦
- ANT 480 Anthropology Capstone (0 credits) ♦

Topical (6 credits)

Select two courses from the following, at least one of which must be 300 level

- ANT 114 Great Archaeological Sites - AH (3 credits)
- ANT 201 World Cultures - SB (3 credits)
- ANT 231 Modern American Indians - SB (3 credits)
- ANT 311 Museums in Contemporary Society (3 credits) ♦
- ANT 318 Prehistoric Ecology (3 credits)
- ANT 320 Religion and Culture (3 credits) ♦
- ANT 321 Medical Anthropology (3 credits) ♦
- ANT 322 Health and Disease in Past Societies (3 Credits) ♦
- ANT 330 Women, Gender, and Culture (3 credits) ♦
- ANT 331 Women in Prehistory (3 credits) ♦
- ANT 336 Historical Archaeology (3 credits) ♦
- ANT 345 Environmental Anthropology (3 credits) ♦
- ANT 347 Primate Behavioral Ecology (3 Credits)
- ANT 348 Primate Sexuality (3 Credits)
- ANT 350 North American Archaeology (3 credits) ♦
- ANT 352 Archaeology of Mesoamerica (3 credits) ♦
- ANT 358 Art and Culture (3 credits) ♦
- ANT 370 Celtic Europe (3 credits) ♦
- ANT 371 Psychological Anthropology (3 credits) ♦
- ANT 372 Peasant Societies (3 credits) ♦
- ANT 375 Anthropology of Aging (3 credits) ♦
- ANT 380 Origins of Civilization (3 credits) ♦
- ANT 381 European Archaeology (3 credits) ♦
- ANT 382 Visual Anthropology (3 credits) ♦
- ANT 386 Economy, Wealth and Culture (3 credits) ♦
- ANT 394 Topics: Anthropology (3 credits) ♦

Ethnographic (6 credits)

Select two courses from the following, at least one of which must be 300 level

- ANT 230 North American Indians - SB (3 credits)
- ANT 245 Peoples of Latin America and the Caribbean - SB (3 credits)

- ANT 270 Native Australia and Oceania - SB (3 credits)
- ANT 309 Peoples of Africa (3 credits) ♦
- ANT 360 Mesoamerican Indians (3 credits) ♦
- ANT 385 Peoples of East and Southeast Asia (3 credits) ♦

Field Methods (3-4 credits)

Select one course from the following

- ANT 308 Cultural Resource Management (3 credits) ♦
- ANT 315 Archaeological Excavation Methods (3-4 credits) ♦
- ANT 325 Applied Anthropology (3 credits) ♦
- ANT 334 Behavioral Field Methods (3 credits) ♦
- ANT 340 Ethnographic Methods and Research (3 credits) ♦
- ANT 365 Ethnographic Field Methods (4 credits) ♦
- ANT 396 Museum Internship (3-6 credits) ♦

Laboratory Methods (3 credits)

Select one course from the following

- ANT 307 Museum Methods (3 credits) ♦
- ANT 333 Paleoanthropology Laboratory (3 credits) ♦
- ANT 342 Quantitative Methods in Anthropology (3 credits) ♦
- ANT 355 Archaeology Laboratory Analysis (3 credits) ♦

Philosophy, B.A.

The major in philosophy requires a total of at least 30 credit hours, six required core classes (18 credit hours).

To complete the major, select one of the three following tracks:

The Traditional track allows students to complete the major purely within the discipline of Philosophy.

The Philosophy & Religious Studies track expands the opportunity to deepen knowledge of religion, religious phenomenon, history, influence on culture, historical and current issues and to also to experience these from disciplinary perspectives other than Philosophy.

The Interdisciplinary Ethical Studies track deepens the student’s understanding of ethics and expands the opportunity to explore ethics from the perspective and/or exemplification in of other disciplines and professions.

At least 18 credit hours must be 300 level or above. No more than 3 credit hours at the 100 level will count toward the required hours. Students must make a C- or better in all courses. At least 20 percent of the total required hours must be taken at NKU.

♦ Indicates prerequisite.

DEGREE REQUIREMENTS (30 CREDITS)

LOGIC CORE (3 CREDITS)

- PHI 265 Logic - QR (3 credits) ♦

HISTORY (3 CREDITS)

- PHI 305 Existentialism (3 credits) ♦
- PHI 393 History of Philosophy (3 credits) ♦
EPISTEMOLOGY AND METAPHYSICS (6 CREDITS)

Select two of the following:

- PHI 306 Philosophy and Science (3 credits)
- PHI 315 Knowledge and Reality (3 credits)
- PHI 345 Philosophy of Mind (3 credits)

ETHICS (3 CREDITS)

- PHI 300 Ethics and Social Responsibility (3 credits)
- PHI 308 Professional Ethics (3 credits)

RELIGIOUS STUDIES (3 CREDITS)

- PHI 350 Philosophy of Religion (3 credits)
- PHI 371 Death and the Afterlife (3 credits)

CAPSTONE (0 CREDITS)

- PHI 491 Philosophy Capstone (0 credits)

TRADITIONAL TRACK OPTION (12 CREDITS)

Select from any course with a PHI prefix not previously chosen to satisfy a core category. However, only one 100-level course can count toward the major.

PHILOSOPHY & RELIGIOUS STUDIES TRACK OPTION (12 CREDITS)

Select from any course approved for the Interdisciplinary Religious Studies not previously chosen to satisfy a core category. At least 6 credits must come from PHI or PHI/REL cross-listed courses See the Interdisciplinary Minors section of the catalog for a list of these courses.

ETHICAL STUDIES TRACK OPTION (12 CREDITS)

Select courses from the following list not previously chosen to satisfy a core category. At least 6 credits must be from PHI courses and no more than one 200-level PHI ethics course can count toward this track.

- ANT 340 Ethnographic Methods and Research (3 credits)
- BUS 230 Legal Environment (3 credits)
- HSR 300 Ethics & Issues in Human Svc Profession (3 credits)
- JOU 440 Current Topics in Media Ethics (3 credits)
- JUS 301 Ethics in Criminal Justice (3 credits)
- LDR 381 Organizational Ethics and Decision Making (3 credits)
- MGT 330 Negotiation and Conflict Resolution (3 credits)
- NRS 370 Legal, Ethical, and Professional Issues (3 credits)
- PHI 200 Ethics - AH (3 credits)
- PHI 220 Health Care Ethics - AH (3 credits)
- PHI 300 Ethics and Social Responsibility (3 credits)
- PHI 302 Ethics and Scientific Research (3 credits)
- PHI 308 Professional Ethics (3 credits)
- PHI 309 Global Ethics (3 credits)
- PHI 323 Peace and War (3 credits)
- PHI 335 Great Traditions in Ethics (3 credits)

- PHI 340 Neuroethics (3 credits)
- PSC 403 Politics in Action (3 credits)
- SOC 322 Qualitative Research Methods (3 credits)

BACHELOR OF SCIENCE

Sociology, B.S.

The major in sociology requires the successful completion of 33 credit hours in the discipline, 18 of which must be at the 300/400 level. All majors must take introduction to sociology, a 3-credit hour course that counts for generaleducation credit, but not toward the 33 hours needed to complete the sociology major.

Students majoring in sociology are required to complete a 21-credit-hour core and choose four electives or one course each from a list of four options. In addition, sociology majors must choose one of two tracks: general sociology or society, environment, and technology. Consult with your advisor about which track fits best with academic and career goals. The choice of tracks affects choice of elective courses.

You should also know: A grade of at least a C (not C-) must be earned in the core courses, and a GPA of at least 2.00 must be earned in all courses that comprise the major.

All students majoring in sociology are required to prepare a portfolio for “SOC 493 Sociology Senior Seminar (3 credits).” The table of contents must specify the title of each entry and the course for which the assignment was written. The portfolio must include a letter discussing its contents. The contents must include five assignments that, when taken together, demonstrate that the student:

1. Understands and can apply the classical and contemporary theoretical perspectives in sociology;
2. Can analyze personal and societal issues using a sociological framework (theories, concepts, or perspectives);
3. Is able to articulate a meaningful research question, specify a design, collect relevant data to answer that question and discuss implications;
4. Has explored an issue related to socio-cultural diversity;
5. Can demonstrate a basic statistical literacy needed to read, critique and present research findings;
6. Sees their major as meaningfully informed by transdisciplinary and interdisciplinary dialogue and collaboration;
7. Has engaged in at least two experiential learning endeavors such as a co-op, study abroad, applied research, or community engagement that serve as resume items.

Indicates prerequisite.

DEGREE REQUIREMENTS

Core Courses (24 credits)

- SOC 100 Introduction to Sociology - SB (3 credits)
- SOC 330 Classical Sociological Theory (3 credits)
- SOC 334 Contemporary Sociological Theory (3 credits)
- SOC 493 Sociology Senior Seminar (3 credits)

Select two courses from the following (6 credits)

- SOC 319 Managing and Analyzing Databases (3 credits)
• SOC 320 Social Research (3 credits) ♦
• SOC 322 Qualitative Research Methods (3 credits) ♦

Select one course from the following (3 credits)
• SOC 303 Social Psychology (3 credits)
• SOC 305 Criminology (3 credits) ♦

Select one course from the following (3 credits)
• SOC 307 Social Stratification (3 credits) ♦
• SOC 340 Population (3 credits) ♦

GENERAL SOCIOLOGY TRACK (12 CREDITS)

Social Institutions (3 credits)
Select one course from the following
• SOC 308 Social Organization (3 credits) ♦
• SOC 315 Marriage and the Family (3 credits) ♦
• SOC 355 Sociology of the Environment (3 credits)
• SOC 430 Sociology of Religion (3 credits) ♦
• SOC 450 Medical Sociology (3 credits) ♦

Power and Inequality (3 credits)
Select one course from the following
• SOC 300 Race and Ethnic Relations (3 credits) ♦
• SOC 301 World Patterns of Race Ethnicity (3 credits) ♦
• SOC 307 Social Stratification (3 credits) ♦
• SOC 335 Popular Culture (3 credits) ♦
• SOC 364 Women and Men in Society (3 credits) ♦
• SOC 425 Political Sociology (3 credits) ♦

People, Places, and the Lifecycle (3 credits)
Select one course from the following
• SOC 300 Social Psychology (3 credits)
• SOC 340 Population (3 credits) ♦

Social Issues and Social Change (3 credits)
Select one course from the following
• SOC 305 Criminology (3 credits) ♦
• SOC 332 Collective Behavior (3 credits)
• SOC 360 Technology and Social Change (3 credits) ♦
• SOC 371 Environment, Society, and Public Health (3 Credits) ♦
• SOC 415 Sociology of Planning and Development (3 credits) ♦

TOTAL CREDITS 33

MINOR

Anthropology Minor
♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (22 CREDITS)

Core Requirements
• ANT 100 Introduction to Cultural Anthropology - SB (3 credits) OR
• ANT 100H Honors Introduction to Cultural Anthropology - SB (3 credits)
• ANT 110 Unearthing the Past: World Archaeology - SB (3 credits)
• ANT 202 Biological Anthropology - NS (4 credits)
• ANT 210 Introduction to Archaeological Methods and Theory (3 credits)
• ANT 275 Language and Culture (3 credits)

Select two 300-400-level ANT courses (6 credits)

Applied Philosophy Minor
The minor in applied philosophy requires 21 credit hours of PHI classes with at least six credit hours at the 300 level or above and must include “PHI 396 Internship: Applied Philosophy (3 credits).” Students must make a C- or better in all courses.
Archaeology Minor

Archaeology is the study of past peoples’ ways of life through the excavation and analysis of their culture and artifacts. By studying past societies and cultures, archaeology explores the many avenues throughout time of what it means to be human. The archaeology minor is housed within the anthropology program.

Students who graduate with an archaeology minor are prepared both for career opportunities and for graduate work in anthropology. Because an archaeology focus is already available within the anthropology major, anthropology majors may not minor in archaeology.

NKU provides students with opportunities to do archaeology outside the classroom and develop résumé-worthy skills important in the job quest. Among the many experiences in which archaeology minors can participate are opportunities to go on archaeological digs, do laboratory analysis, develop museum exhibits, and work for local archaeology companies.

♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (21 CREDITS)

Core Requirements

- ANT 100 Introduction to Cultural Anthropology - SB (3 credits)
- ANT 110 Unearthing the Past: World Archaeology - SB (3 credits)
- ANT 210 Introduction to Archaeological Methods and Theory (3 credits)

Select one course from the following (3 credits)

- ANT 307 Museum Methods (3 credits) ♦
- ANT 315 Archaeological Excavation Methods (3-4 credits) ♦
- ANT 355 Archaeology Laboratory Analysis (3 credits) ♦

Select three courses from the following (9 credits)

- ANT 114 Great Archaeological Sites - AH (3 credits)
- ANT 307 Museum Methods (3 credits) ♦ (if not used as methods course)
- ANT 308 Cultural Resource Management (3 credits) ♦
- ANT 315 Archaeological Excavation Methods (3-4 credits) ♦ (if not used as methods course)
- ANT 318 Prehistoric Ecology (3 credits) ♦
- ANT 331 Women in Prehistory (3 credits) ♦
- ANT 336 Historical Archaeology (3 credits) ♦
- ANT 350 North American Archaeology (3 credits) ♦
- ANT 352 Archaeology of Mesoamerica (3 credits) ♦
- ANT 355 Archaeology Laboratory Analysis (3 credits) ♦ (if not used as methods course)
- ANT 380 Origins of Civilization (3 credits) ♦
- ANT 381 European Archaeology (3 credits) ♦
- ANT 515 Advanced Archaeological Excavation Methods (3 credits) ♦

Philosophy Minor

The minor in philosophy requires 21 credit hours of PHIL classes with at least 6 credit hours at the 300 level or above. Students must make a C- or better in all courses.

Sociology Minor

A grade of at least a C (not C-) must be earned in the core courses, and a GPA of at least 2.00 must be earned in all courses that comprise the minor.

♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (18 CREDITS)

Prerequisites (3 credits)

- SOC 100 Introduction to Sociology - SB (3 credits)

Select one course from the following (3 credits)

- SOC 319 Managing and Analyzing Databases (3 credits) ♦
- SOC 320 Social Research (3 credits) ♦
- SOC 322 Qualitative Research Methods (3 credits) ♦

Select one course from the following (3 credits)

- SOC 330 Classical Sociological Theory (3 credits) ♦

- SOC 305 Criminology (3 credits) ♦
- SOC 307 Social Stratification (3 credits) ♦
- SOC 340 Population (3 credits) ♦
Department of World Languages and Literatures

Location: Mathematics-Education-Psychology Center 475
Telephone: 859-572-7650
Fax: 859-572-1382
Email Address: worldlanglit@nku.edu
Web Address: http://inside.nku.edu/artsci/departments/worldlanglit.html
Department Chair: Caryn Connelly
Department Coordinator: Eden Schlosser
Full-Time Faculty: Caryn Connelly, Irice Encarnacion, Nancy Jentsch, Hilary Landwehr, Kajsas Larson, Giselle Loriot-Raymer, Makoto Nakamura, Blas Puente-Baldoceda

Thinking about the discipline: The study of another language helps us to understand and appreciate our neighbors in the world. Today, as countries become increasingly dependent on each other, the knowledge of other languages and cultures is more important than ever before. The study of languages can directly and indirectly provide job-related knowledge and skills that can offer a competitive edge in finding employment. Possible areas of employment include education; international business, law or journalism; social work; tourist industry (airlines, tour guides, travel agents); library and information science; immigration, customs and foreign service; and translation and interpretation.

Special opportunities for our students: The department sponsors conversation hours in French, German, and Japanese. In addition, the department sponsors film series and the Phi Sigma Iota Honor Society. Funding for study abroad is available through the Carol Swarts Milburn Scholarship, the Foreign Language Award for International Study (FLAIS), and the World Languages and Literatures Award for German Study Abroad. Internship and co-op experiences are encouraged. WLL 396: World Languages & Literatures Internship may be used as an elective in all World Languages and Literatures major and minor programs.

Special graduation requirements: No course in which a grade below a C- is earned can be used to fulfill the major course requirements in French, German, or Spanish.

Program assessment: All graduating seniors with majors in French, German, or Spanish are required to submit a portfolio prior to graduation. As part of the portfolio, they are required to submit the results of language proficiency tests. Candidates for teaching certification in French, German, or Spanish must achieve a proficiency level of at least "advanced low" on an ACTFL oral proficiency interview or equivalent in order to be recommended for certification. Guidelines for the entire portfolio and for fulfillment of the ACTFL proficiency requirement can be found in the World Languages and Literatures Majors’ Handbook online (http://inside.nku.edu/content/dam/worldlanglit/docs/Majors%2720Handbook.pdf).

You should also know: Departmental placement and retroactive credit policies: Any courses in the 101, 102, 201, 202 sequence in a language may not be taken for credit by a student who has already received credit for the course or a higher numbered course in the same language without permission of the department chair. Initial placement in French, German, or Spanish must be in accord with departmental placement guidelines. Students with three or more years of high school language study are highly encouraged to take the free WebCAPE placement test. Retroactive credit through the World Language Incentive Program (WLIP) may be available for students who enroll in courses at a level higher than 101. Placement above or below the range specified in the guidelines requires approval of the department chair. Students whose placement does not reflect departmental guidelines may be removed from a course. The WebCAPE placement test, detailed placement guidelines and information about retroactive credit options can be found online (http://inside.nku.edu/artsci/departments/worldlanglit/placement/webcape.html).

Interdisciplinary Minors:
- Chinese Studies Minor

BACHELOR OF ARTS

French, B.A.
- Indicates prerequisite.
These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements.

Students wishing to be certified to teach French at the secondary level should complete the requirements for Bachelor of Arts in French outlined above in conjunction with a Bachelor of Arts in Secondary Education. Students should review the section of the catalog describing the BA - Secondary Education track within the Department of Teacher Education. Students pursuing this option must also take FRE 350 Methods of Teaching in French (3 credits), which is offered in spring of even numbered years.

DEGREE REQUIREMENTS (36 CREDITS)

Core Courses
- FRE 201 Intermediate French I (3 credits) ♦
- FRE 202 Intermediate French II (3 credits) ♦
- FRE 304 French Composition and Conversation (3 credits) ♦
- FRE 401 French Phonetics and Pronunciation (3 credits) ♦
- FRE 402 Advanced French Grammar and Syntax (3 credits) ♦
- FRE 403 French Literary Study (3 credits) ♦
- FRE 404 French Literary Study (3 credits) ♦
- WLL 400 World Languages Program Assessment (0 credits) ♦

Culture Study (6 credits)
Select two courses from the following not already taken
- FRE 307 Introduction to French Translation (3 credits) ♦
- FRE 310 French Culture and Society Today (3 credits) ♦
- FRE 311 French Cultural History (3 credits) ♦
- FRE 330 Studies in French Language Cinema (3 credits) ♦
- FRE 340 Business French (3 credits) ♦
- FRE 401 French Phonetics and Pronunciation (3 credits) ♦
- FRE 402 Advanced French Grammar and Syntax (3 credits) ♦
• FRE 480 Studies in French Culture (3 credits) ♦
• FRE 520 Readings: French (3 credits) ♦ (literature topic)

**Literary Study (6 credits)**

Select any one course from among the following:

- FRE 320 Survey of French Literature (3 credits) ♦
- FRE 322 French Drama (3 credits) ♦
- FRE 323 French Prose Fiction (3 credits) ♦
- FRE 481 Studies in French Literature (3 credits) ♦
- FRE 520 Readings: French (3 credits) ♦ (literature topic)

**Interdisciplinary Component (3 credits)**

Select one course from the following:

- ANT 275 Language and Culture (3 credits)
- CIN 201 Survey of World Cinema (3 credits)
- ENG 206 Western World Literature I (3 credits) ♦
- ENG 207 Western World Literature II (3 credits) ♦
- ENG 381 Introduction to Linguistics (3 credits) ♦
- GEO 402 Geography of Europe (3 credits) ♦
- HIS 348 History of France, 1804-1918 (3 credits) ♦
- HIS 349 History of France, 1918 to Present (3 credits) ♦
- HIS 409 The French Revolution (3 credits) ♦
- PHI 305 Existentialism (3 credits) ♦
- PSC 330 Politics of Europe (3 credits) ♦

**Electives (3 credits)**

Select any one course from among the following:

- Any FRE course above the 202 level
- WLL 294 Topics in Language for the Professions (3 credits) (must have French topic)
- WLL 396 World Languages and Literatures Internship (3 credits)

**German, B.A.**

♦ Indicates prerequisites.

These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements. Students wishing to be certified to teach German at the secondary level should complete the requirements for Bachelor of Arts in German outlined above in conjunction with a Bachelor of Arts in Secondary Education. Students should review the section of the catalog describing the BA - Secondary Education track within the Department of Teacher Education. Students pursuing this option must also take GER 350 Methods of Teaching German (3 credits), which is offered in spring of odd numbered years.

**DEGREE REQUIREMENTS (36 CREDITS)**

- GER 520 Readings: German (3 credits) ♦ (culture topic)

**Literary Study (3 credits)**

Select one course from the following
- GER 320 Survey of German Literature (3 credits) ♦
- GER 322 German Drama (3 credits) ♦
- GER 323 German Prose Fiction (3 credits) ♦
- GER 481 Studies in German Literature (3 credits) ♦
- GER 520 Readings: German (3 credits) ♦ (literary topic)

**Select two GER electives above the 202 level (6 credits)**

- Select two GER courses above the 202 level. May substitute WLL 294 if it has a German topic. May also substitute WLL 396.

**Japanese Language and Culture Minor**

♦ Indicates prerequisite.

These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements.

REQUIREMENTS FOR MINOR (21 CREDITS)

**Core Requirements**

- JPN 201 Intermediate Japanese I (3 credits) ♦
- JPN 202 Intermediate Japanese II (3 credits) ♦

**Language and Culture Study (9 credits)**

Select three courses from the following
- JPN 304 Japanese Composition and Conversation (3 credits) ♦
- JPN 307 Introduction to Japanese Translation (3 credits) ♦
- JPN 311 Japanese Cultural History (3 credits) ♦
- JPN 325 Japanese Myth and Folklore (3 credits) ♦
- JPN 340 Business Japanese (3 credits) ♦
- JPN 380 Topics in Advanced Japanese (3 credits) ♦ (may be repeated once as a language and culture course if topic varies)
- JPN 401 Japanese Phonetics and Pronunciation (3 credits) ♦
- JPN 402 Advanced Japanese Grammar and Syntax (3 credits) ♦
- WLL 294 Topics in Language for the Professions (3 credits) ♦ (Note: WLL 294 must have a Japanese topic)

**Select two GER electives above the 202 level (6 credits)**

- Select two GER courses above the 202 level. May substitute WLL 294 if it has a German topic. May also substitute WLL 396.

**Electives (6 credits)**

Select two courses from the following or any two above not already taken
- ANT 385 Peoples of East and Southeast Asia (3 credits) ♦
- ARTH 304 Survey of Asian Art (3 credits) ♦
- ARTH 359 Arts and Crafts of Japan (3 credits) ♦
- GEO 410 Geography of East Asia (3 credits) ♦
- GEO 540 Cultural Geography of Asia (3 credits) ♦
- HIS 338 History of Japan (3 credits) ♦
- JPN 350 Methods of Teaching Japanese (3 credits) ♦
- MUS 106 Music of World Cultures - AH (3 credits)
- POP 345 Japanese Popular Culture (3 credits) ♦
- SCI 312 Eastern Philosophy (3 credits) ♦
- PSC 388 Politics of Asia (3 credits) ♦
- WLL 396 World Languages and Literatures Internship (3 Credits) ♦

**Spanish Minor**

♦ Indicates prerequisite.
These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements.

**REQUIREMENTS FOR MINOR (21 CREDITS)**

### Core Requirements
- SPI 201 Intermediate Spanish I (3 credits) ♦
- SPI 202 Intermediate Spanish II (3 credits) ♦
- SPI 304 Spanish Composition and Conversation (3 credits) ♦

### Culture Study (3 credits)

Select one course from the following:
- SPI 307 Introduction to Spanish Translation (3 credits) ♦
- SPI 310 Spanish Culture and Civilization (3 credits) ♦
- SPI 311 Spanish-American Culture and Civilization (3 credits) ♦
- SPI 330 Studies in Spanish Language Cinema (3 credits) ♦
- SPI 340 Business Spanish (3 credits) ♦
- SPI 401 Spanish Phonetics and Pronunciation (3 credits) ♦
- SPI 402 Advanced Spanish Grammar and Syntax (3 credits) ♦
- SPI 480 Studies in Spanish and Spanish-American Culture (3 credits) ♦
- SPI 520 Readings in Spanish (3 credits) ♦ (culture topic)

### Literary Study (3 credits)

Select one course from the following:
- SPI 320 Survey of Peninsular Spanish Literature (3 credits) ♦
- SPI 321 Survey of Spanish-American Literature (3 credits) ♦
- SPI 322 Hispanic Drama (3 credits) ♦
- SPI 323 Hispanic Prose Fiction (3 credits) ♦
- SPI 481 Studies in Spanish and Spanish-American Literature (3 credits) ♦
- SPI 520 Readings in Spanish (3 credits) ♦ (literary topic)

### Electives (6 credits)

Select two SPI courses above the 202 level. May substitute WLL 294 if it has a Spanish Topic. May also substitute WLL 396.
School of the Arts

Location: Fine Arts Center 253
Telephone: 859-572-7622
Fax: 859-572-6076
Email Address: sota@nku.edu
Web Address: http://sota.nku.edu/index.html
Director: Ken Jones

Other Key Personnel:
- Associate Director: Thomas McGovern
- Budget Officer: Sandy Davis
- Assistant to the Director: Ronda Schweitzer-Hardy
- Academic Specialist: Ashley Coates
- Publicity & Fine Arts Manager: Rick Endres
- Box Office Manager: Susan Bolger
- Greaves Concert Hall Coordinator: Jonathan Eaton

About the School of the Arts: Created in July 2015 the School of the Arts combines Dance, Music, Theatre, and Visual Arts to bring unparalleled artistic opportunities to current and future students. Housed within the College of Arts and Sciences, SOTA encourages students to pioneer new frontiers in arts education across multiple disciplines.

Music Program

Location: Fine Arts Center
Telephone: 859-572-6362
Fax: 859-572-6076
Email Address: music@nku.edu
Web Address: http://sota.nku.edu/programs-music.html
Program Head: Thomas F. McGovern III (Interim)

Other Key Personnel:
- Academic Advisor: Joan Brummer
- Greaves Concert Hall Coordinator: Jonathan Eaton
- Director of Preparatory Program: Holly Attar

Full-Time Faculty: Holly Attar, Katie Barton, Joy Burdette, George Carpten, IV, Amy Gillingham, Kimberly Gelbasser Lazzeri, William Hogg, Brant Karrick, Eric Knechtges, Wooran Kwon, Scott Lang, Kurt Sander, E. Danielle Todd, Jason Vest, Sophie Wang

Thinking about the discipline: Students with degrees in music have a wide range of opportunities available in the workforce as public or private school teachers, independent studio educators, liturgical music directors, composers, producers, conductors, and performers. Other opportunities also exist in arts administration, marketing, or promotion. Some students opt to continue their studies at the graduate level for careers as university professors, researchers, and nonprofit administrators. Occasionally students will ear their degree in music and opt to pursue additional study in law or medicine.

Special opportunities for our students: Music students are offered a variety of special opportunities tied to groups and opportunities beyond the campus borders.

National Association for Music Education: The mission of the National Association for Music Education is to advance music education by encouraging the study and making of music by all. Students can join NAfME to acquire a connection to the professional world of music education and to gain an increased understanding of the role of NAfME in the field of music teaching.

Phi Mu Alpha Sinfonia: The primary purpose of this fraternity is to encourage and promote the highest standards of creativity, performance, education, and research in music in America. Membership is open to any male student in good academic standing or faculty/staff member at NKU who works to advance the cause of music in America.

Sigma Alpha Iota: Sigma Alpha Iota is an international fraternity for women in music. Members include undergraduates and graduates in music, alumnae, professional musicians, and outstanding music patrons. In addition to personal encouragement and support, members may receive scholarships, loans, and awards in many areas and at all levels of music-related study.

Special admission requirements: Any student wishing to declare a major in music must complete a successful entrance audition in his or her major applied area to be accepted into the Music Program.

To be admitted into the music education program, a student must have achieved a 21 composite on the ACT or 1470 combined (three parts) on the SAT.

Entering freshmen and transfer students are required to take placement examinations in music theory and piano. Transfer students must also take a music history examination if deemed appropriate by the program head.

Information regarding auditions and placement tests may be found on the web (http://music.nku.edu).

You should also know:

Academic standards: Candidates for degrees in music are required to receive a grade of C (not C-) or better in all music courses applied toward the major or minor and to maintain a GPA of 2.50 in music courses.

Applied music requirements: All students majoring or minoring in music, or majoring in musical theatre and studying applied voice, must perform before a panel of faculty members at the end of each semester. At this time, their grade for that semester and the approval or disapproval to register for the next-higher level of study will be decided. At the end of two semesters of study, students must pass the Freshman Proficiency Jury to continue in the Music Program. At the end of four semesters of applied study, students must pass the Sophomore Comprehensive Jury to qualify for 300/400-level study. If the four semesters are not completed consecutively, students must secure written permission from the appropriate faculty and the Program Head to delay the examination.

Students not approved in the Sophomore Comprehensive Jury must petition to the appropriate faculty and the Program Head to delay the examination. Students not approved in the Sophomore Comprehensive Jury must petition to retake the examination. The Sophomore Comprehensive Jury may be taken three times only and will be heard by at least three music faculty members who, by a majority vote, will grade the performance as pass or fail. A summary of the faculty vote is recorded and filed in students’ permanent folders.

Applied music instruction: Individual instruction for qualified students is available in wind, brass, percussion, string instruments, organ, piano, voice, guitar, harp, and harpsichord. Private lessons are provided weekly for a half-hour or one hour. Students studying privately may earn one or 2 credit hours. The number of credit hours is determined by the length of the lesson (one-half hour = 1 semester hour; one hour = 2 credit hours). Students will be assigned to applied lesson instructors by the music chair or area coordinator. Students who
have not passed their Sophomore Comprehensive Jury may not register for 300- or 400-level applied courses. Requests for a specific instructor will be honored when possible.

**Per-semester fees:** For applied music and composition, the semester fee is $150 for a half-hour lesson per week and $300 for a one-hour lesson per week. A $55 accompanying fee is also assessed to help cover program expenses including staff accompanists, instrument maintenance, and other costs associated with applied lessons.

**Performance organizations:** Membership in performance organizations is open to all qualified NKU students. Ensembles include Northern Chorale, Chamber Choir, University Concert Band, Symphonic Winds, Jazz Ensemble, Pep Band, NKU Philharmonic, Percussion Ensemble and Steel Drum Band. Opportunities for performance in chamber ensembles and the opera workshop are also available. Interested students should call the music office to arrange an audition. Large-ensemble requirements pertaining to curricula for music majors are satisfied only by Symphonic Winds, University Concert Band, Northern Chorale, Chamber Choir, and NKU Philharmonic.

**Recital attendance requirement:** All students majoring in music, unless excused by the Program Head, must successfully complete 7 semesters of MUSM 109 Recital Review (0 credits). Requirements for this course are satisfied by certified attendance at recitals approved and required by the course syllabus; grading is pass/fail.

**Recital performance:** Students majoring in music performance must perform two major recitals, a junior (half) recital and a senior (full) recital. Students majoring in music education perform a junior recital prior to graduation. Students preparing junior and senior recitals must pass a recital jury audition at least one month prior to public performance. Students majoring in music composition must prepare a junior recital consisting of at least 30 minutes of their own music. Students majoring in music education must perform a junior recital prior to their clinical experience semester. Guidelines for the preparation and scheduling of recitals are available from the music office.

**Scholarships:** Music scholarships are awarded to students who have made outstanding accomplishments or evidence significant potential. Students should contact the music office for audition dates. Applied music juries at the end of fall semester serve as an evaluation and re-audition for continuing scholarship students.

**Advising:** All students majoring or minoring in music will be advised by the program advisor. Students are urged to work in consultation with the advisor in order to ensure proper selection and sequencing of courses.

**Special instructional programs:** The preparatory division offers private instruction in many instruments and voice to students below college age, university students who are not majoring or minoring in music, and adult students. Interested students should contact the music office prior to the start of each semester or summer school for information.

All degrees and certificates offered by the Music Program are fully accredited by the National Association of Schools of Music.

**Majors:**

- Composition, B.M.
- Music Education, B.M.E.
- Music, B.A.
- Performance, B.M.

**Minor:**

- Music Minor

**Program Head:** Mike King

**Other Key Personnel:**

- Publicity & Fine Arts Manager: Rick Endres  
- Box Office Manager: Sue Bolger  
- Technical Director: Rob Kerby  
- Scene Shop Foreman: Kevin Havlin  
- Costume Shop Manager: Catherine Schmeal

**Full-Time Faculty:** Tracey Bonner, Ronnie Chamberlain, Corrie Danieley, Daryl L. Harris, Michael W. Hatton, Christine Jones, Kenneth Jones, Robert Kerby, Michael E. King, Nicole Perrone, Terry D. Powell, Brian Robertson, Charlie Roetting, Sue Ott Rowlands, Catherine Schmeal, Ronald A. Shaw, Damon Stevens, Jamey Strawn

**Thinking about the discipline:** The NKU Theatre and Dance Program is a student-centered program whose focus is on undergraduate training. The program offers a variety of degrees that will suit each student’s unique career goals. In addition, the program provides a variety of performance and production experiences that will train students to successfully enter a theatre profession.

Students who have graduated from the program are currently at work in Broadway shows, national tours, regional theatres, cruise ships, Disney productions, Cirque du Soleil, television, and feature films. Students have also found success in careers outside of theatre and are working in K-12 education, law careers, business, marketing, and others.

The skills learned with a degree in theatre and dance help students maximize careers in which interaction with the public is necessary.

**Special opportunities for our students:** NKU offers students the opportunity to establish internships with several local professional theatre and performing arts groups as well as I.A.T.S.E. (stagehand union Local 5). The NKU Theatre and Dance Program offers scholarships to students based on auditions as well as GPA:

- **Incoming student scholarships:** The Theatre and Dance Program endeavors first and foremost to recruit gifted students into the program. In early December, theatre faculty audition high school seniors and transfer students and then rank them according to four major criteria: talent, academic achievement, growth potential, and likely contributions to the program. Scholarships for top candidates may become available at any time through the following December. The faculty present awards to alternate list candidates or to
qualified students already enrolled at any level with an overall 2.75 GPA.

- **Currently enrolled student scholarships** - To be considered for a scholarship, currently enrolled students with an overall 2.75 GPA must maintain good academic standing as detailed below, high visibility in the production program, and consistent contributions to program activities. To apply, complete the online application.

The Theatre and Dance Program offers performance opportunities for NKU students with a full season of theatrical productions including musicals, dance, dramas, comedies, and classical plays. Auditions for these productions are open to any student enrolled at NKU. The Theatre and Dance program is dedicated to creating professional-quality theatrical productions to help students build confidence, strengthen résumés, and prepare for careers after graduation. While some graduates may go on to careers in performance areas, others may use the skills they developed through performance to pursue jobs not directly related to the performing arts.

The program also sponsors a number of campus/community/recruitment outreach programs. The Dance Troupe, the Comedy Improv Troupe, the Musical Theatre Tour Troupe, and the freshman-only Broadway Chorus Tour Troupe may be taken for up to 6 credit hours. Tour troupes hold auditions as a condition of acceptance into a troupe. Tour troupe members must commit to a one-year term or arrange a special one-semester commitment with the supervising faculty member. A particular troupe might not operate in every academic year.

**Special admission requirements**: Bachelor of Fine Arts candidates must maintain a 2.75 GPA in theatre and dance coursework as well as an overall 2.50 GPA for all NKU coursework. Students falling below the required GPA will go on probation for one semester. Students on probation must achieve the required GPA minimums in order to be removed from probation. Failure to achieve the minimum GPA will result in the student being removed from the B.F.A. program.

B.F.A. students receiving a grade of D or F in theatre and dance B.F.A. courses will be removed from the B.F.A. program. Students removed for a D can petition the B.F.A. review committee to retake the course and re-enter the B.F.A. program. (This appeal should be made within 30 days from receiving the D.) Students removed for an F cannot re-enter the B.F.A. program for any reason.

**Majors**:
- Stage Management, B.F.A.
- Theatre Design or Technology, B.F.A.
- Theatre in World Cultures, B.A.
- Theatre Performance, B.F.A.
- Theatre, B.A.

**Minors**:
- Dance Minor
- Theatre Minor

**Theatre and Dance Course Groups**

**Visual Arts Program**

**Location**: Fine Arts Center 312
**Telephone**: 859-572-5421
**Fax**: 859-572-6501

**Program Head**: Matthew Albritton

**Other Key Personnel**:
- Retention Specialist: Candice van Loveren Geis
- Academic Specialist: Ashley Coates
- Gallery Coordinator: David Knight
- Sculpture/Ceramics Building Coordinator: Ben Huber

**Full-Time Faculty**: Matthew Albritton, Kimberly Allen-Kattus, Nicholas Bonner, Rachael Banks, Maren Carpenter-Fearing, Steven Finke, Lisa Jameson, JeeEun Lee, Marc Leone, Julie Mader-Meersman, Brad McCombs, Thomas F. McGovern III, Kevin Muente, Hans Schellhas, Chris Smith, Candice van Loveren Geis, Paige Wideman

**Thinking about the discipline**: Innovation, critical thinking, and a dynamic curriculum drive our students to embrace the future. Students wishing to pursue a career in visual arts can select a specific track from visual communication design, drawing, painting, spatial arts (sculpture, ceramics), new media art, and photography or pursue a more generalized approach by taking courses from all the discipline areas. Additionally, degrees in art history, art education, and pre-art therapy broaden career choices. The Visual Arts faculty are committed to student success and assist students in making informed decisions about their majors and career plans during their undergraduate years.

Many of our graduates are professional artists, designers, and arts educators with successful careers in a wide variety of art-related fields and world-renowned design firms. Other graduates successfully apply creativity and critical thinking learned in visual arts degrees to a broad spectrum of careers in non-art related fields.

**Special opportunities for our students**: The Visual Arts program offers a variety of programs and educational enrichment experiences including: discipline-based art clubs such as the Art History Club, Sculpture and Ceramics Society, Next Generation Artists, The Design Guild, New Media Art Collective and student chapters of the American Institute of Graphic Art and the National Art Education Association. Numerous study-abroad opportunities, scholarships, internships, and professional exhibition opportunities are available and can be found on the program website.

**Majors**:
- Visual Arts, B.A.
- Visual Arts, B.F.A.
- Visual Arts, B.S., Photography Track
- Visual Communication Design, B.A.
- Visual Communication Design, B.F.A.

**Minors**:
- Art History Minor
- Photography Minor
- Spatial Arts Minor
- Studio Arts Minor

**BACHELOR OF ARTS**

**Music, B.A.**

The Bachelor of Arts in music is a liberal arts degree designed for students who wish to develop their musical talents while acquiring a well-rounded education.
in other academic areas. Three tracks are offered for the student who wishes to combine musical study with a secondary area in audio production, music technology, or entrepreneurship. Students may enroll in the liberal studies track to combine musical study with a focus in business, psychology, mathematics, history, anthropology, and other fields to create a curriculum tailored to their academic and career interests.

♦ Indicates prerequisite.

DEGREE REQUIREMENTS (56 CREDITS)

Core Courses
- MUSM 111 Music Theory I (3 credits) ♦
- MUSM 112 Music Theory II (3 credits) ♦
- MUSM 211 Music Theory III (3 credits) ♦
- MUSM 212 Music Theory IV (3 credits) ♦
- MUSM 122 Aural Skills I (1 credit)
- MUSM 124 Aural Skills II (1 credit) ♦
- MUSM 222 Aural Skills III (1 credit) ♦
- MUSM 224 Aural Skills IV (1 credit) ♦
- MUSM 132 Class Piano I (1 credit)
- MUSM 134 Class Piano II (1 credit) ♦
- MUSM 232 Class Piano III (1 credit) ♦
- MUSM 234 Class Piano IV (1 credit) ♦
- MUSM 109 Recital Review (0 credits) (must pass at least seven semesters)
- MUSA 196 Freshman Proficiency Jury (0 credits)
- MUSM 241 History of Music I: Antiquity through Early Baroque (3 credits)
- MUSM 242 History of Music II: Late Baroque to Mid 19th Century (3 credits)
- MUSM 243 History of Music III: Mid 19th and 20th Centuries (3 credits) ♦
- MUSA 296 Sophomore Comprehensive Jury (0 credits)
- MUSM 312 Computer Applications for Musicians (1 credit) ♦
- MUSM 496 Senior Capstone (3 credits) ♦
- Electives in music (must have advisor’s approval) (12 credits)
- Ensembles - any MUSE (6 credits)

AUDIO PRODUCTION TRACK (21 CREDITS)
The audio production track is exempt from the university’s requirement to complete a minor or focus.
- EMB 140 Introduction to Media Aesthetics (3 credits)
- MUSM 381 Music Technology I (3 credits) ♦
- MUSM 383 Mixing Techniques I (3 credits) ♦
- MUSM 384 Mixing Techniques II (3 credits) ♦
- MUSM 385 Commercial Music Production I (3 credits) ♦
- MUSM 386 Commercial Music Production II (3 credits) ♦
- MUSM 387 Advanced Music Production (3 credits) ♦

TOTAL CREDITS 77

ENTREPRENEURSHIP TRACK (21 CREDITS)
The entrepreneurship track is exempt from the university’s requirement to complete a minor or focus.
- PRE 350 Music and Entertainment Publicity (3 credits) ♦
- ENTP 201 Entrepreneurial Mindset (3 credits)
- ENTP 202 Opportunity Recognition (3 credits)
- ENTP 290 Idea Validation (3 credits)
- ENTP 375 Entrepreneurial Skills & Marketing (3 credits) ♦
- ENTP 499 Independent Study (3 credits) ♦
- ENTP elective (3 credits)

TOTAL CREDITS 77

LIBERAL STUDIES TRACK (21 CREDITS)
- Focus Electives 300-400 level (12 credits)
- Electives (9 credits)

TOTAL CREDITS 77

MUSIC TECHNOLOGY TRACK (21 CREDITS)
The music technology track is exempt from the university’s requirement to complete a minor or focus.
- PRE 350 Music and Entertainment Publicity (3 credits) ♦
- EMB 140 Introduction to Media Aesthetics (3 credits)
- MUSM 381 Music Technology I (3 credits) ♦
- MUSM 382 Music Technology II (3 credits) ♦
- MUSM 385 Commercial Music Production I (3 credits) ♦
- MUSM 380 Composition for Commercial Media (3 credits) ♦
- MUSM 383 Mixing Techniques I (3 credits) ♦

TOTAL CREDITS 77

Theatre in World Cultures, B.A.

♦ Indicates prerequisite.

DEGREE REQUIREMENTS (45 CREDITS)

Core Courses
- TAR 104 Introduction to NKU Theatre and Dance (1 credit)
- TAR 245 Introduction to Theatre in World Cultures (3 credits)
- TAR 348 Theatre History and Society (3 credits) ♦
- TAR 400 Theatre in World Cultures Styles Studio (3 credits)
- TAR 160 Stagecraft (2 credits)
- TAR 160L Stagecraft Laboratory (1 credit)
- Foreign language (may fulfill one culture and creativity general education requirement) (6 credits)
- Study abroad (two opportunities outside student’s native culture) (6 credits)
- TAR 496 Theatre In World Cultures Capstone (3 credits) ♦
- Select 15 TAR/DAN credit hours in required theatre in world cultures electives (15 credits)

TOTAL CREDITS 77
Production Credits (3 credits)
1 production credit must be in a departmentally-approved organization/venue
(for example, museum)

- TAR 390 Production Credits (1 credit)
- TAR 391 Production Credits (1 credit)
- TAR 490 Production Credits (1 credit)
- TAR 491 Production Credits (1 credit)

Note:
A minor or an area of focus is required.

Theatre, B.A.
This is a liberal arts-based degree ideal for the student who wishes to pursue
multiple interests in theatre and dance.

♦ Indicates prerequisite.

DEGREE REQUIREMENTS (40 CREDITS)

Core Courses

- TAR 104 Introduction to NKU Theatre and Dance (1 credit)
- TAR 110 Acting I (3 credits)
- TAR 118 Stage Make Up (3 credits)
- TAR 160 Stagecraft (2 credits)
- TAR 160L Stagecraft Laboratory (1 credit)
- TAR 340 Playscript Analysis (3 credits)
- TAR 346 Theatre History (3 credits)
- TAR 347 Dramatic Literature (3 credits)
- Select 3 TAR credit hours from group II or group III (3 credits)
- Select 15 TAR/DAN credit hours in group I, group II, group III, group IV, group V, group VI or group VII (15 credits)

Production Credits (3 credits)

- TAR 390 Production Credits (1 credit)
- TAR 391 Production Credits (1 credit)
- TAR 490 Production Credits (1 credit)
- TAR 491 Production Credits (1 credit)

Note:
A minor or focus is required.

Visual Arts, B.A.

Students seeking a Bachelor of Arts degree in visual arts must complete the
12-credit-hour core plus one of the five tracks listed below for visual arts:
studio arts, art history, art education, and pre-art therapy.

♦ Indicates prerequisite.

DEGREE REQUIREMENTS (12 CREDITS)

Core Courses

- ART 130 Creating Visual Form (3 Credits)
- ART 135 Creating Visual Order (3 Credits)
- ART 140 Building Meaning in Visual Art (3 Credits)
- ART 291W Advanced Writing-Writing/Artists - WC (3 credits)

Note:
* ART 291W Advanced Writing-Writing/Artists - WC (3 credits) fulfills the
general education requirements for Written Communication II.

ART EDUCATION TRACK (48 CREDITS)

Students interested in the art education track must also major in Secondary
Education. Please contact Professor Lisa Jameson at jamesonL@nku.edu.

Core Courses in Visual Arts (12 credits)

- ART 130 Creating Visual Form (3 Credits)
- ART 135 Creating Visual Order (3 Credits)
- ART 140 Building Meaning in Visual Art (3 Credits)
- ART 291W Advanced Writing-Writing/Artists - WC (3 credits)
- ARTH 100 History of Art: Renaissance Modernism (3 credits)
- ARTH 101 History of Art: Prehistoric through Goth (3 credits)
- ARTE 380 Concepts in Art Education (3 credits)
- ARTH 454 Art Now (3 credits)

Select one 300/400-level ARTH course (3 credits)

Required studio courses

- ARTD 210 Drawing I (3 credits)
- ARTO 210 Photography I (3 credits)
- ARTC 240 Ceramics I (3 credits)
- ARTS 262 Sculpture I (3 credits)
- ARTR 272 Printmaking I (3 credits)
- ARTM 350 Video, Installation & Sound I (3 credits)

Studio Electives (12 credits)

- Select four 300/400-level courses in ART, ARTC, ARTD, ARTM,
ARTO, ARTP, ARTR, or ARTS

TOTAL CREDITS 60

ART HISTORY TRACK (48 CREDITS)

Core Courses in Visual Arts (12 credits)

- ART 130 Creating Visual Form (3 Credits)
- ART 135 Creating Visual Order (3 Credits)
- ART 140 Building Meaning in Visual Art (3 Credits)
- ART 291W Advanced Writing-Writing/Artists - WC (3 credits)
- ARTH 210 Drawing I (3 credits)
- ARTH 100 History of Art: Renaissance Modernism (3 credits)
- ARTH 101 History of Art: Prehistoric through Goth (3 credits)
- ARTH 304 Survey of Asian Art (3 credits)
- ARTH 355 Art of the Twentieth Century (3 credits)
- ARTH 454 Art Now (3 credits)

Select three 300/400 ARTH courses (9 credits)
Studio electives (9 credits)
- Select three courses in ART, ARTC, ARTD, ARTM, ARTO, ARTP, ARTR, or ARTS (with a minimum of one 2D studio and one 3D studio)

Additional requirements (6 credits)
- two semesters or high school equivalent in Arabic, Chinese, French, German, Italian, Japanese, Latin, Russian, or Spanish

Two electives in anthropology, history, philosophy, or religion (6 credits)
(consult with advisor to determine additional courses)

TOTAL CREDITS 60

PRE-ART THERAPY TRACK (45 CREDITS)

Students choosing the pre-art therapy track must complete the 12 credit-hour core plus the 45-hour studio arts pre-art therapy track. In addition, students must minor in psychological science. The minor requires 24 credit hours in psychological science including PSY 100 Introduction to Psychology - SB (3 credits) and any 21 additional credit hours in psychological science.

Core Courses in Visual Arts (12 credits)
- ART 130 Creating Visual Form (3 credits)
- ART 135 Creating Visual Order (3 credits)
- ART 140 Building Meaning in Visual Art (3 credits)
- ART 291W Advanced Writing-Writing/Artists - WC (3 credits)
- ARTH 100 History of Art: Renaissance Modernism (3 credits)
- ARTH 101 History of Art: Prehistoric through Goth (3 credits)
- ARTH 454 Art Now (3 credits)
- Select one 300/400-level ARTH course (3 credits)

Required studio courses
- ARTD 210 Drawing I (3 credits)
- ARTP 230 Painting I (3 credits)
- ARTO 210 Photography I (3 credits)
- ARTC 240 Ceramics I (3 credits)
- ARTS 262 Sculpture I (3 credits)
- ARTR 272 Printmaking I (3 credits)
- ARTM 350 Video, Installation & Sound I (3 credits)

Studio electives (12 credits)
- Select four 300/400-level courses in ART, ARTC, ARTD, ARTM, ARTO, ARTP, ARTR, or ARTS

TOTAL CREDITS 57

Visual Communication Design, B.A.

Special admission requirements: For admission to the Bachelor of Arts in visual communication design, students must complete the ARTV 283.

Indicates prerequisite

DEGREE REQUIREMENTS

Core Courses (12 credits)
- ART 130 Creating Visual Form (3 credits)
- ART 135 Creating Visual Order (3 credits)
- ART 140 Building Meaning in Visual Art (3 credits)
- ART 291W Advanced Writing-Writing/Artists - WC (3 credits)

Note:
*ART 291W Advanced Writing-Writing/Artists - WC (3 credits) fulfills the general education requirements for Written Communication II.

VISUAL COMMUNICATION DESIGN (54 CREDITS)

ARTH 100 History of Art: Renaissance Modernism (3 credits)
- ARTV 201 Intro to Computer Graphics for Design (3 credits)
- ARTD 210 Drawing I (3 credits)
- ARTV 215 Visual Communication Design (3 credits)
- ARTV 217 Typography I (3 credits)
- ARTV 283 Visual Communication Admittance Review (0 credits)
- ARTH 101 History of Art: Prehistoric through Goth (3 credits)
- ARTV 317 Typography II (3 credits)
- ARTO 210 Photography I (3 credits)
- ARTD 310 Drawing II (3 credits)
- ARTV 315 Visual Communication Design II (3 credits)
- ARTV 330 Interaction Design for Visual Communication Design I (3 credits)
• ARTP 230 Painting I (3 credits)

• ARTR 272 Printmaking I (3 credits)
  OR
  ARTR 375 Screen Printing (3 credits)

• ARTV 325 Techniques in Visual Communication Design (3 credits)
  ARTH 321 History of Visual Communication Design (3 credits)

Select one 300/400-level ARTH course (3 credits)
Select one studio elective at the 200 level or above (3 credits)
Select one studio elective at the 300 level or above (3 credits)

TOTAL CREDITS 66

BACHELOR OF FINE ARTS

Stage Management, B.F.A.

♦ Indicates prerequisite.

DEGREE REQUIREMENTS (27 CREDITS)

Core Courses

• TAR 104 Introduction to NKU Theatre and Dance (1 credit)
• TAR 110 Acting I (3 credits)
• TAR 118 Stage Make Up (3 credits)
• TAR 160 Stagecraft (2 credits)
• TAR 160L Stagecraft Laboratory (1 credit)
• TAR 340 Playscript Analysis (3 credits)
• TAR 346 Theatre History (3 credits)
• TAR 347 Dramatic Literature (3 credits)
• TAR 477 The Business of Theatre (1 credit)
• TAR 495 Senior Project (1 credit)
• Select 3 TAR credit hours from groups II or III (3 credits)

Production Credits (3 credits)

• TAR 390 Production Credits (1 credit)
• TAR 391 Production Credits (1 credit)
• TAR 490 Production Credits (1 credit)
• TAR 491 Production Credits (1 credit)

STAGE MANAGEMENT TRACK (42 CREDITS)

• TAR 130 Musical Skills for the Musical Theatre (3 credits)
• TAR 265 Fundamentals of Theatrical Design (3 credits)
• TAR 370 Directing (3 credits)
• TAR 371 Theatre Management (3 credits)
• TAR 376 Stage Management (3 credits)

Select two courses from the following (6 credits)

• TAR 260 Lighting Fundamentals (3 credits)
• TAR 262 Costume Construction (2 credits) and
  TAR 262L Costume Construction Laboratory (1 credit)
• TAR 277 Fundamentals of Sound Technology (3 credits)

Select two courses from the following (6 credits)

• CMST 220 Interpersonal Communication (3 credits)
• CMST 230 Small Group Communication (3 credits)
• LDR 300 Foundations of Leadership (3 credits)

Select 15 TAR/DAN credit hours from
groups I, II, III, IV, V, VI, VII.

Recommended electives include

• TAR 210 Acting II (3 credits)
• TAR 213 Stage Combat (3 credits)
• TAR 225 Musical Theatre Performance I (3 credits)
• TAR 362 Drafting For Theatre (3 credits)
• TAR 367 Stagecraft II (3 credits)
• DAN 120 Ballet Dance I (3 credits)

First aid/CPR certification by outside accrediting organization

TOTAL CREDITS 69

Theatre Design or Technology, B.F.A.

♦ Indicates prerequisite.

DEGREE REQUIREMENTS (27 CREDITS)

Core Courses

• TAR 104 Introduction to NKU Theatre and Dance (1 credit)
• TAR 110 Acting I (3 credits)

Production Credits (3 credits)

• TAR 390 Production Credits (1 credit)
• TAR 391 Production Credits (1 credit)
• TAR 490 Production Credits (1 credit)
• TAR 491 Production Credits (1 credit)

DESIGN OR TECHNOLOGY TRACK (42 CREDITS)

• TAR 165 Comparative Arts - AH (3 credits) (fulfills one culture and creativity requirement in general education)
• TAR 265 Fundamentals of Theatrical Design (3 credits)
• TAR 364 Computer Graphics for the Stage (3 credits)
• Select 12 TAR/DAN credit hours in area of interest (12 credits)

**Fundamentals Series (9 credits)**
Select three courses from the following
- TAR 260 Lighting Fundamentals (3 credits)
- TAR 262 Costume Construction (2 credits) and
  TAR 262L Costume Construction Laboratory (1 credit)
- TAR 277 Fundamentals of Sound Technology (3 credits)
  TAR 368 Theatrical Rendering and Model Building (3 credits)

**Foundations Series (3 credits)**
Select one course from the following
- TAR 343 Costume History (3 credits)
- TAR 362 Drafting For Theatre (3 credits)
- TAR 367 Stagecraft II (3 credits)

**Design Series (3 credits)**
Select three courses from the following
- TAR 360 Scene Design I (3 credits)
- TAR 363 Lighting Design (3 credits)
- TAR 366 Costume Design I (3 credits)
- TAR 377 Sound Design (3 credits)

**Note:**
1 production credit in common core requirements must be at a concert venue or with the stagehand union.

TOTAL CREDITS 69

**ROCK AND ROLL/CONCERT TECHNOLOGY TRACK (48 CREDITS)**
- EGT 110 Introduction to Engineering/Technology - NS (3 credits)
  (this degree requirement will fulfill a general education requirement: scientific and quantitative inquiry category without lab)
- TAR 265 Fundamentals of Theatrical Design (3 credits)
- TAR 364 Computer Graphics for the Stage (3 credits)
- TAR 464 Special Problems in Theatre Technology (3 credits) (one must be in rigging) (6 credits)
- TAR 412 Internship: Professional Theatre (3-6 credits)
- Select 15 credits list of approved TAR electives. (The list of electives can be found in the theatre department student handbook.) (15 credits)

**Fundamentals Series (9 credits)**
Select three courses from the following
- TAR 260 Lighting Fundamentals (3 credits)
- TAR 262 Costume Construction (2 credits) and
  TAR 262L Costume Construction Laboratory (1 credit)
- TAR 277 Fundamentals of Sound Technology (3 credits)
  TAR 368 Theatrical Rendering and Model Building (3 credits)

**Foundations Series (3 credits)**
Select one course from the following
- TAR 340 Playscript Analysis (3 credits)
- TAR 346 Theatre History (3 credits)
- TAR 347 Dramatic Literature (3 credits)
- TAR 477 The Business of Theatre (1 credit)
  TAR 495 Senior Project (1 credit) (1 credit)
- Select 3 TAR credit hours from group II or III (3 credits)

**Production Credits (3 credits)**
- TAR 390 Production Credits (1 credit)
- TAR 391 Production Credits (1 credit)
- TAR 490 Production Credits (1 credit)
• TAR 491 Production Credits (1 credit)

**ACTING TRACK (39 CREDITS)**
- DAN 120 Ballet Dance I (3 credits) (or another approved dance course)
- TAR 114 Voice Development for the Actor I (3 credits)
- TAR 210 Acting II (3 credits)
- TAR 225 Musical Theatre Performance I (3 credits)
- TAR 310 Acting III (3 credits)
- TAR 311 Auditions (3 credits)
- TAR 312 Voice Development for the Actor II (3 credits)
- TAR 314 Stage Dialects (3 credits)
- TAR 370 Directing (3 credits)
- Select 6 TAR/DAN credit hours in groups I, II, III, IV, V, VI, VII (6 credits)

**Select two courses from the following (6 credits)**
- TAR 316 Acting Seminar I (3 credits)
- TAR 410 Styles of Acting (3 credits)
- TAR 411 Special Problems: Theatre Acting (3 credits)
- TAR 415 One Person Show (3 credits)
- TAR 416 Acting Seminar II (3 credits)
- TAR 417 Acting Shakespeare (3 credits)

**TOTAL CREDITS 66**

**DANCE TRACK (42 CREDITS)**
- TAR 225 Musical Theatre Performance I (3 credits)
- DAN 226 Foundation Seminar (3 credits)
- DAN 323 Physiology of Dance (3 credits)
- DAN 375 Choreography (3 credits)
- DAN 427 Dance History (3 credits)
- Select 9 TAR/DAN credit hours from group I, IV, V, VI (9 credits)

**Select two courses from the following (6 credits)**
- DAN 120 Ballet Dance I (3 credits)
- DAN 220 Ballet Dance II (3 credits)
- DAN 420 Ballet Dance III (3 Credits)

**Dance Technique Courses (12 credits)**
Select four courses from the following (12 hours)
- DAN 221 Modern Dance I (3 credits)
- DAN 222 Jazz Dance I (3 credits)
- DAN 224 Tap I (3 credits)
- DAN 227 Special Topics in Dance (3 credits)
- DAN 321 Modern Dance II (3 credits)
- DAN 322 Jazz Dance II (3 credits)
- DAN 324 Tap Dance II (3 credits)
- DAN 421 Modern Dance III (3 Credits)
- DAN 422 Jazz Dance III (3 Credits)
- DAN 424 Tap Dance III (3 Credits)

**TOTAL CREDITS 69**

**MUSICAL THEATRE TRACK (42 CREDITS)**
- TAR 114 Voice Development for the Actor I (3 credits) (may be substituted with TAR 312 Voice Development for the Actor II (3 credits) or a voice course at the 300 level or above)
- TAR 130 Musical Skills for the Musical Theatre (3 credits)
- TAR 210 Acting II (3 credits)
- TAR 225 Musical Theatre Performance I (3 credits)
- TAR 230 Musical Skills for Musical Theatre Actors II (3 credits)
- TAR 235 Vocal Techniques for the Singing Actor I (1 credit) (three semesters for 1 credit per semester)
- TAR 310 Acting III (3 credits)
- TAR 311 Auditions (3 credits)
- TAR 325 Musical Theatre Performance II (3 credits)
- TAR 335 Vocal Techniques for the Singing Actor II (1 credit) (three semesters for 1 credit per semester)
- Select 12 TAR/DAN credit hours in groups I, II, III, IV, V, VI, VII (6 of these hours must be in dance) (12 credits)

**TOTAL CREDITS 69**

**PLAYWRITING TRACK (36 CREDITS)**
- ENG 308 Shakespeare I (3 credits)
- ENG 309 Shakespeare II (3 credits)
- Select one 300/400 level ENG literature or writing course, not to include ENG 308, or ENG 309 (3 credits)
- TAR 370 Directing (3 credits)
- TAR 380 Playwriting (3 credits)
- TAR 442 Dramatic Theory and Criticism (3 credits)
- TAR 481 Special Problems in Theatre: Playwriting/Criticism (3 credits)
- TAR 482 Screenwriting (3 credits)
- TAR 498 Individual Studies in Theatre (1-3 credits)
- Select 6 TAR/DAN credit hours in groups I, II, III, IV, V, VI, VII (6 credits)

**TOTAL CREDITS 63**

**Visual Arts, B.F.A.**

The B.F.A. degrees are the nationally accepted professional degrees in visual arts. These degrees are restricted and carry a high level of expected growth and involvement on the student’s part. B.F.A. students are not required to earn a minor outside of the visual arts, so spend more time studying in studios. All students seeking a Bachelor of Fine Arts in visual arts must complete the 12-credit-hour core plus one of the 9 tracks listed here: art history, drawing, integrative media, new media art, painting, photography, spatial arts (ceramics and sculpture), spatial and new media arts, or visual communication design.

Upon completion of 60 semester hours* in the university and 27 semester hours in art, students who intend to apply for admission to the B.F.A. degree option should register for ART 299 Portfolio Review (0 credits). Students must have a 2.5 university GPA or higher to be accepted into the B.F.A. program and
must maintain this minimum overall GPA to graduate with a B.F.A. degree from the program.

♦ Indicates prerequisite.

DEGREE REQUIREMENTS (12 CREDITS)

Core Courses
- ART 130 Creating Visual Form (3 Credits)
- ART 135 Creating Visual Order (3 Credits)
- ART 140 Building Meaning in Visual Art (3 Credits)

- ARTP 430 Painting III (3 credits) ♦
- ART 450 Advanced Studio Seminar (3 credits)
- Select two studio elective courses in ART, ARTC, ARTD, ARTM, ARTO, ARTP, ARTR, or ARTS (6 credits)
- ART 497 Senior Exhibition (1 credit) ♦
- ART 297 Portfolio Review (0 credits) ♦ (to be taken second semester of year 2 or first semester of year 3 at the latest)
- ARTR 375 Screen Printing (3 credits) ♦

TOTAL CREDITS 76

Studio Techniques (3 credits)
Select one course from the following
- ART 317 Web and Social Media for Artists (3 credits) ♦
- ARTS 360 Techniques in Sculpture (3 credits) ♦

Topics in New Media Art (6 credits)
Select two courses from the following
- ARTM 394 Topics in New Media Art (3 credits) ♦
- ARTM 360 Robotic Art (3 credits) ♦
- ARTM 361 A.I. and Interactive Media Studio (3 credits) ♦

Studio Art or Media Informatics Elective (3 credits)
Select one course from the following
- Any Studio Art course
work. This must be approved by the Visual Arts program head. If the student is accepted, an Integrative Media Track Committee will be created composed of two or three appropriate faculty members chosen by the student and the Portfolio Review Committee by the end of the semester of the student’s Portfolio Review. This committee, in consultation with the student, will develop a course of study appropriate to the development of the student's work. This must be approved by the Visual Arts program head.

**INTEGRATIVE MEDIA TRACK (64 CREDITS)**

Integrative Media is for the student whose work combines two or more media. To pass into this track, a student must show evidence of this approach during the Portfolio Review. To apply, submit a letter to the professors/area coordinators in the disciplines to be integrated a minimum of 2 weeks before Portfolio Review explaining the rationale for why the Integrative Media emphasis is the appropriate track for study. Special admission requirements: To apply, submit a letter to the professors/area coordinators in the disciplines to be integrated a minimum of 2 weeks before Portfolio Review explaining the rationale for why the Integrative Media emphasis is the appropriate track for study.

If the student is accepted, an Integrative Media Track Committee will be created composed of two or three appropriate faculty members chosen by the student and the Portfolio Review Committee by the end of the semester of the student’s Portfolio Review. This committee, in consultation with the student, will develop a course of study appropriate to the development of the student’s work. This must be approved by the Visual Arts program head.

- ARTH 100 History of Art: Renaissance Modernism (3 credits)

BACHELOR OF MUSIC

Composition, B.M.

The Bachelor of Music in composition is for talented students wishing to pursue a career as a composer, an arranger, in related fields, or who wish to continue musical study in composition, music theory, or musicology at the graduate level. Students are admitted into the composition program based on an audition on their primary instrument and a portfolio review of their compositions; this may include arrangements, sound design, and other musical creative work.

- Indicates prerequisite.

DEGREE REQUIREMENTS (84 CREDITS)

Courses

- MUSM 111 Music Theory I (3 credits)

- MUSM 211 Music Theory III (3 credits)
- MUSM 212 Music Theory IV (3 credits)
- MUSM 122 Aural Skills I (1 credit)
- MUSM 124 Aural Skills II (1 credit)
- MUSM 222 Aural Skills III (1 credit)
- MUSM 224 Aural Skills IV (1 credit)
- MUSM 132 Class Piano I (1 credit)
- MUSM 134 Class Piano II (1 credit)
- MUSM 232 Class Piano III (1 credit)
- MUSM 234 Class Piano IV (1 credit)
- MUSM 109 Recital Review (0 credits) (must pass at least seven semesters)
- MUSA 196 Freshman Proficiency Jury (0 credits)
- MUSM 241 History of Music I: Antiquity through Early Baroque (3 credits)
- MUSM 242 History of Music II: Late Baroque to Mid 19th Century (3 credits)
- MUSM 243 History of Music III: Mid 19th and 20th Centuries (3 credits)
- MUSM 296 Piano Proficiency (0 credits)
- MUSA 296 Sophomore Comprehensive Jury (0 credits)
- MUSM 312 Computer Applications for Musicians (1 credit)
- MUSM 381 Music Technology I (3 credits)
- MUSM 313 Orchestration (3 credits)
- MUSM 311 Form and Analysis (3 credits)
- MUSM 315 Materials and Techniques of Music Composition (2 credits)
- MUSM 316 Counterpoint (3 credits)
- MUSM 365 Conducting I (2 credits)
- MUSA 396 Junior Recital (0 credits)
- Applied composition - MUSA X28 (12 credits)
- Applied music - MUSA X01-X57 (8 credits)
- Applied piano* - MUSA X20 (4 credits)
- Large ensembles (4 credits)
- Small ensembles (4 credits)
- Electives in music (must have advisor’s approval) (6 credits)

Note:
* Piano majors should take 4 credits of Applied Music in a secondary instrument or voice.
Performance, B.M.

The Bachelor of Music in performance is designed for students who wish to pursue professional careers in the performing arts or related fields. Acceptance into this program is selective and is based on an audition on the student’s primary instrument. Students in this program must complete the 51-credit-hour core plus one of the tracks or emphases listed below. Students in this degree program are exempt from the requirement to complete a minor or focus.

♦ Indicates prerequisite.

DEGREE REQUIREMENTS (76-87 CREDITS)

Core Courses (51 credits)

- MUSM 111 Music Theory I (3 credits)
- MUSM 112 Music Theory II (3 credits)
- MUSM 211 Music Theory III (3 credits)
- MUSM 212 Music Theory IV (3 credits)
- MUSM 122 Aural Skills I (1 credit)
- MUSM 124 Aural Skills II (1 credit)
- MUSM 222 Aural Skills III (1 credit)
- MUSM 224 Aural Skills IV (1 credit)
- MUSM 132 Class Piano I (1 credit)
- MUSM 134 Class Piano II (1 credit)
- MUSM 232 Class Piano III (1 credit)
- MUSM 234 Class Piano IV (1 credit)
- MUSM 296 Piano Proficiency (0 credits)
- MUSM 109 Recital Review (0 credits)
- MUSA 196 Freshman Proficiency Jury (0 credits)
- MUSM 241 History of Music I: Antiquity through Early Baroque (3 credits)
- MUSM 242 History of Music II: Late Baroque to Mid 19th Century (3 credits)
- MUSM 243 History of Music III: Mid 19th and 20th Centuries (3 credits)
- MUSA 296 Sophomore Comprehensive Jury (0 credits)
- MUSM 312 Computer Applications for Musicians (1 credit)
- MUSM 311 Form and Analysis (3 credits)
- MUSM 365 Conducting I (2 credits)
- MUSA 396 Junior Recital (0 credits)
- MUSA 496 Senior Recital (0 credits)
- MUSA X01-X57 - Applied Music (primary inst. or voice) (16 credits)

INSTRUMENTAL TRACK (29 CREDITS)

- MUSM 399 Independent Study: Music (1-3 credits)

Large ensembles (8 credits)

- MUSE 305 NKU Philharmonic (0-1 credits)
- MUSE 306 University Concert Band (0-1 credits)
- MUSE 307 Symphonic Winds (0-1 credits)

Small ensembles (6 credits)

- MUSE 308 Jazz Ensemble (0-1 credits)

JAZZ STUDIES TRACK (36 CREDITS)

Core courses * MUSM 241 History of Music I: Antiquity through Early Baroque (3 credits) and * MUSM 311 Form and Analysis (3 credits) are not required for this track.

- MUSM 271 Group Jazz Piano I (1 credit)
- MUSM 272 Group Jazz Piano II (1 credit)
- MUSM 273 Jazz Improvisation I (2 credits)
- MUSM 274 Jazz Improvisation II (2 credits)
- MUSE 329 Vocal Jazz Ensemble (0-1 credits) OR MUSE 308 Jazz Ensemble (0-1 credits)
- MUSM 328 Jazz Combo (0-1 credits)
- MUSM 373 Jazz Arranging I (2 credits)
- MUSM 374 Jazz Arranging II (2 credits)
- MUSM 371 Jazz Theory (3 credits)
- MUSM 375 History of Jazz (1-3 credits)
- MUSM 472 Jazz Pedagogy (2 credits)
- MUSM 471 Jazz Styles and Analysis (3 credits)
- Electives in Music - MUSM courses only (6 credits)

TOTAL CREDITS 87

KEYBOARD TRACK (27 CREDITS)

- MUSM 135 Piano Pedagogy I (3 credits)
- MUSM 136 Piano Pedagogy II (3 credits)
- MUSM 305 Ensemble Accompanying (2 credits)
- MUSM 331 Keyboard Literature I (2 credits)

Small ensembles (6 credits)

- MUSE 320 Guitar Ensemble (0-1 credits)
- MUSE 321 Chamber Choir (0-1 credits)
- MUSE 322 Women's Ensemble (0-1 credits)
- MUSE 323 Man Choir (0-1 Credits)
- MUSE 324 Opera Workshop (0-2 credits)
- MUSE 325 Chamber Orchestra (0-1 credits)
- MUSE 328 Jazz Combo (0-1 credits)
- MUSE 329 Vocal Jazz Ensemble (0-1 credits)
- MUSE 330 Chamber Music Ensembles (0-1 credits)

Large ensembles (2 credits)

- MUSE 301 The Northern Chorale (0-1 credits)
- MUSE 305 NKU Philharmonic (0-1 credits)
MUSE 306 University Concert Band (0-1 credits) ♦
MUSE 307 Symphonic Winds (0-1 credits) ♦
MUSE 308 Jazz Ensemble (0-1 credits) ♦
MUSE 309 Steel Drum Ensemble (0-1 credits) ♦

Electives in Music - MUSM courses only (9 credits)

TOTAL CREDITS 78

PIANO PEDAGOGY TRACK (25 CREDITS)

- MUSM 331 Keyboard Literature I (2 credits) ♦
- MUSM 332 Keyboard Literature II (2 credits) ♦
- MUSM 305 Ensemble Accompanying (2 credits) ♦
- MUSM 135 Piano Pedagogy I (3 credits)
- MUSM 136 Piano Pedagogy II (3 credits) ♦

Small ensembles (6 credits)
- MUSE 320 Guitar Ensemble (0-1 credits) ♦
- MUSE 321 Chamber Choir (0-1 credits) ♦
- MUSE 322 Women’s Ensemble (0-1 credits) ♦
- MUSE 323 Man Choir (0-1 Credits) ♦
- MUSE 324 Opera Workshop (0-2 credits) ♦
- MUSE 325 Chamber Orchestra (0-1 credits) ♦
- MUSE 328 Jazz Combo (0-1 credits) ♦
- MUSE 329 Vocal Jazz Ensemble (0-1 credits) ♦
- MUSE 330 Chamber Music Ensembles (0-1 credits) ♦

Large ensembles (2 credits)
- MUSE 301 The Northern Chorale (0-1 credits) ♦
- MUSE 305 NKU Philharmonic (0-1 credits) ♦
- MUSE 306 University Concert Band (0-1 credits) ♦
- MUSE 307 Symphonic Winds (0-1 credits) ♦
- MUSE 308 Jazz Ensemble (0-1 credits) ♦
- MUSE 309 Steel Drum Ensemble (0-1 credits) ♦

Electives in Music - MUSM courses only (5 credits)

TOTAL CREDITS 76

VOCAL TRACK (37 CREDITS)

- Two years of foreign language selected in consultation with an applied voice teacher (12 credits)

- MUSE 301 The Northern Chorale (0-1 credits) ♦
- MUSE 301 The Northern Chorale (0-1 credits) ♦
- MUSE 321 Chamber Choir (0-1 credits) ♦

- MUSE 324 Opera Workshop (0-2 credits) ♦
- MUSE 324 Opera Workshop (0-2 credits) ♦
- MUSE 330 Chamber Music Ensembles (0-1 credits) ♦

- MUSM 344 Lyric Diction I (1 credit) ♦

- MUSM 345 Lyric Diction II (1 credit) ♦
- MUSM 341 Vocal Literature (3 credits) ♦
- MUSM 441 Vocal Pedagogy (2 credits) ♦
- MUSA 120 Applied Piano (1-2 credits) (taken after proficiency)
- MUSA 220 Applied Piano (1-2 credits) (taken after proficiency)
- Electives in music - MUSM courses only (5 credits)

TOTAL CREDITS 88

BACHELOR OF MUSIC EDUCATION

Music Education, B.M.E.

The Bachelor of Music in music education is a comprehensive, professional degree program that prepares students for careers in teaching K-12 music in public and private schools. Students complete the core and may select one of two tracks: choral/vocal or instrumental based on their applied background and their teaching interests. Applicants must be accepted through audition and have achieved a 21 or higher on their ACT examination or a minimum 1470 combined score on the SAT examination.

Students pursuing a Bachelor of Music with teacher certification should review that portion of the university catalog relating to teacher education. Upon approval to pursue the music teacher education program, students must schedule an appointment with the certification specialist in the College of Education and Human Services. Music students should follow the guidelines for certification listed under "Secondary Education."

Candidates for certification must meet the Kentucky Department of Education certification requirements in both general and professional education. Students wishing to be certified in a state other than Kentucky are responsible for knowing and meeting the certification requirements of that state. Each student should work in close consultation with an advisor in order to meet all non-music requirements. All degree emphases in music education are exempt from the requirement to complete a minor or focus.

Click here for a 4-year plan showing one way a student can complete the program below in 4 years if the student requires no remedial courses.

♦ Indicates prerequisite.

DEGREE REQUIREMENTS (105-123 CREDITS)

Core Courses (60 credits)

- MUSM 111 Music Theory I (3 credits) ♦
- MUSM 112 Music Theory II (3 credits) ♦
- MUSM 211 Music Theory III (3 credits)
- MUSM 212 Music Theory IV (3 credits) ♦
- MUSM 122 Aural Skills I (1 credit)
- MUSM 124 Aural Skills II (1 credit) ♦
- MUSM 222 Aural Skills III (1 credit)
- MUSM 224 Aural Skills IV (1 credit) ♦
- MUSM 132 Class Piano I (1 credit)
- MUSM 134 Class Piano II (1 credit)
- MUSM 232 Class Piano III (1 credit)
- MUSM 234 Class Piano IV (1 credit) ♦
- MUSM 286 Piano Proficiency (0 credits)

- INF 186 Media Web Coding (3 credits)
- MIN 221 Visual Fundamentals for Digital Media (3 credits)
- MIN 240 Introduction to Interactive Media (3 credits)
- MIN 245 3D Modeling Fundamentals (3 credits)
- MIN 352 Project Research Management (3 credits)

Select two 300/400-level MIN courses:
- MIN 381 Computer-Mediated Communication (3 credits)
- MIN 394 Topics: Media Informatics (3 credits)
- MIN 440 Advanced Media Interactivity (3 credits)
- MIN 445 Intermediate 3D Modeling and Animation (3 credits)
- MIN 452 Advanced Portfolio Production (3 credits)
- MIN 475 Advanced 3D Animation and Gaming (3 credits)
- MIN 495 Study Abroad (1-3 credits)

Total Credits 88

UNDERGRADUATE CERTIFICATE

Piano Pedagogy Certificate

The certificate in piano pedagogy is a 26-credit-hour program providing pianists with the tools and information necessary to support a career as an independent studio teacher.

- Indicates prerequisite.

REQUIREMENTS FOR CERTIFICATE (26 CREDITS)
- MUSM 111 Music Theory I (3 credits)
- MUSM 112 Music Theory II (3 credits)
- MUSM 122 Aural Skills I (1 credit)
- MUSM 124 Aural Skills II (1 credit)
- MUSM 296 Piano Proficiency (0 credits)
- MUSM 305 Ensemble Accompanying (2 credits)
- MUSM 331 Keyboard Literature I (2 credits)
- OR
- MUSM 332 Keyboard Literature II (2 credits)
- MUSM 135 Piano Pedagogy I (3 credits)
- MUSM 136 Piano Pedagogy II (3 credits)
- Applied piano - MUSA X20 (8 credits)

MINOR

Art History Minor

- Indicates prerequisite.

REQUIREMENTS FOR MINOR (21 CREDITS)

Core Requirements
- ARTH 100 History of Art: Renaissance Modernism (3 credits)
- ARTH 101 History of Art: Prehistoric through Goth (3 credits)
- ARTH 304 Survey of Asian Art (3 credits)

Select three courses from the following (9 credits)
- ARTH 349 Women and Art (3 credits)
- ARTH 350 Ancient Art (3 credits)
- ARTH 351 Medieval Art (3 credits)
- ARTH 353 Baroque Art (3 credits)
- ARTH 355 Art of the Twentieth Century (3 credits)
- ARTH 357 Art of the Italian Renaissance (3 credits)
- ARTH 358 History of Photography (3 credits)
- ARTH 359 Arts and Crafts of Japan (3 credits)
- ARTH 360 African-American Art (3 credits)
Select 1 studio art elective from (3 credits)
- ART, ARTC, ARTD, ARTM, ARTO, ARTP, ARTR, and ARTS

Dance Minor
♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (24 CREDITS)
- DAN 120 Ballet Dance I (3 credits)
- DAN 220 Ballet Dance II (3 credits)
- DAN 221 Modern Dance I (3 credits)
- DAN 321 Modern Dance II (3 credits)
- DAN 323 Physiology of Dance (3 credits)
- DAN 427 Dance History (3 credits)

Choose one of the following:
- DAN 222 Jazz Dance I (3 credits)
  OR
- DAN 224 Tap I (3 credits)

Choose one of the following:
- DAN 226 Foundation Seminar (3 credits)
  OR
- DAN 375 Choreography (3 credits)

Music Minor
♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (26 CREDITS)
Core Requirements
- MUSM 111 Music Theory I (3 credits)
- MUSM 112 Music Theory II (3 credits)
- MUSM 122 Aural Skills I (1 credit)
- MUSM 124 Aural Skills II (1 credit)
- Applied music - any MUSA courses (2 credits)
- Ensembles - any MUSE courses (2 credits)
- Electives in music - any other MUSM courses (8 credits)

Select two courses from the following (6 credits)
- MUSM 241 History of Music I: Antiquity through Early Baroque (3 credits)
- MUSM 242 History of Music II: Late Baroque to Mid 19th Century (3 credits)
- MUSM 243 History of Music III: Mid 19th and 20th Centuries (3 credits)

Spatial Arts Minor
♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (21 CREDITS)
Core Requirements
- ARTC 240 Ceramics I (3 credits)
- ARTS 262 Sculpture I (3 credits)

Select 15 credit hours from 300-400 level ARTC or ARTS courses (15 credits)
Courses may be concentrated in one discipline or generalized by taking courses from both ARTC and ARTS. Select from the following courses:
- ARTC 340 Wheel Throwing (3 credits)
- ARTC 341 Ceramic Sculpture (3 credits)
- ARTS 360 Techniques in Sculpture (3 credits)
- ARTS 362 Topics in Spatial Arts (3 credits)
- ARTS 460 Advanced Spatial Arts (3 credits)

Photography Minor
♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (21 CREDITS)
Core Requirements
- ART 135 Creating Visual Order (3 Credits)
- ART 210 Photography I (3 credits)
- ARTO 310 Photography II: Digital Techniques (3 credits)
- ARTO 312 Introduction to Studio and Location (3 credits)

Select three courses from the following (9 credits)
- ARTO 418 Study Abroad Photography III (3 credits)
- ART 317 Web and Social Media for Artists (3 credits)
- ARTH 358 History of Photography (3 credits)
- ARTO 410 Advanced Concepts in Photography (3 credits)
- ARTO 413 Advanced Location Photography (3 credits)
- ARTO 414 Advanced Studio Photography (3 credits)
- ARTO 415 Documentary Photography (3 credits)
- ARTO 313 Darkroom and Exhibition Printing (3 credits)
- ART 394 Topics in Photography (1-3 credits)
- ARTO 411 Summer Workshop in Photography (3 credits)

Studio Arts Minor
♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (21 CREDITS)
Core Requirements
- ART 130 Creating Visual Form (3 Credits)
- ART 135 Creating Visual Order (3 credits)
- ARTH 100 History of Art: Renaissance Modernism (3 credits)
  OR
- ARTH 101 History of Art: Prehistoric through Goth (3 credits)
• Select 12 credit hours from ART, ARTC, ARTD, ARTM, ARTO, ARTP, and ARTS. Courses may be concentrated in one discipline or generalized by taking a course from each. (12 credits)
• At least two courses should be 300 level or above.

**Theatre Minor**

* Indicates prerequisite.

**REQUIREMENTS FOR MINOR (24 CREDITS)**

- TAR 111 Creative Expression - OC (3 credits)
  OR
- TAR 110 Acting I (3 credits)

- TAR 160 Stagecraft (2 credits)
- TAR 160L Stagecraft Laboratory (1 credit)

**Pick three of the following four courses: (3 credits)**

- TAR 390 Production Credits (1 credit) ♦
- TAR 391 Production Credits (1 credit) ♦
- TAR 490 Production Credits (1 credit) ♦
- TAR 491 Production Credits (1 credit) ♦

- Select one course in theatre history, theory/criticism, or lit. from groups II or III (3 credits)
- Select one course in theatre performance or design/technology from groups I or IV (3 credits)
- Select three courses in groups I, II, III, IV, V, VI, or VII (9 credits)
Haile/US Bank College of Business

Location: Business Academic Center 305
Telephone: 859-572-5165
Email Address: cob@nku.edu
Web Address: http://cob.nku.edu
Interim Dean: Greg Martin
Other Key Personnel:
  - Associate Dean, Undergraduate Programs: Sean Foley
  - Associate Dean, Graduate Programs: Duke Thompson
  - Assistant Dean: Eileen Weisenbach Keller
  - Business Officer: Josh Neumeyer
  - Projects and Events Manager: Allison Buchanan
  - Director of Development: Tammy Godby
  - Assistant Director of Development & Alumni Relations: Lucas Walsh

The Haile/US Bank College of Business is a vibrant academic community of faculty and staff dedicated to delivering globally relevant and innovative academic programs that prepare our graduates for successful careers as effective and ethical business leaders. We’re developing tomorrow’s leaders with a comprehensive, rigorous curriculum providing learning opportunities spanning sophisticated analytical to “people” skills that are valued by all organizations from business to non-profits.

Our faculty produces a strong mix of research contributions, focusing on discipline-based, pedagogical, and applied scholarship and connecting our students with that scholarship in our classrooms. We encourage our students to join us in meaningful and impactful professional engagement with the business community through experiential projects for external clients and high quality internship opportunities. We emphasize the development of a global mindset by faculty, staff, and students through our active international programs and study abroad opportunities. We value broad-based participation by our faculty, staff, and students in public engagement activities that foster altruism and civic-mindedness.

At the undergraduate level, the College offers the Bachelor of Science in Business Administration (B.S.B.A) degree with ten alternative majors (accounting, entrepreneurship, finance, general business, global supply chain management, human resources management, international business, management, marketing, and sports business and event management), as well as Bachelor of Science (B.S.) degree programs in construction management and economics. The College is also home to three graduate professional degree programs.

All of our B.S.B.A. and graduate programs are accredited by AACSB-International - The Association to Advance Collegiate Schools of Business, a high distinction earned by fewer than five percent of the more than 16,000 business schools worldwide. Our AACSB accreditation makes our students eligible for membership in Beta Gamma Sigma, the world’s premier collegiate business honor society. Our construction management program is accredited by the American Council for Construction Education (ACCE), a distinction earned by only a third of all construction management programs in the US.

Email Address: cob.advising@nku.edu
Assistant Dean: Eileen Weisenbach Keller

The advising center provides academic advising and internship and career planning assistance for all students with undergraduate majors and minors in the Haile/U.S. Bank College of Business.

Accreditations

All business programs are accredited by AACSB - International, the Association to Advance Collegiate Schools of Business.

Construction management programs are accredited by the American Council for Construction Education (ACCE).

Centers

Alternative Dispute Resolution Center
Location: Business Academic Center 355
Telephone: 859-572-7571
Email Address: carnesk2@nku.edu
Web Address: http://adr.nku.edu
Director: Kathleen A. Carnes

The primary mission of the Center is to promote the peaceful, effective resolution of disputes in the under-served markets and the public section of the region, as well as public entities and other parties that request services. The ADR Center will utilize the expertise and experience of NKU faculty and ADR Center Board members to provide this important public service through the use of negotiation, mediation, and arbitration processes which will extend to classes, training programs, and professional conferences. The Center strives to involve students directly and indirectly through their participation in one of the largest-labor management conferences in the U.S. hosted by the ADR Center and in courses that focus on conflict resolution, human resource management, and labor relations.

Center for Economic Analysis and Development
Location: 2622 Alexandria Pike, Highland Heights, KY 41076
Telephone: 859-392-2413
Email Address: harrahj1@nku.edu
Web Address: http://cead.nku.edu
Senior Director: Janet Harrah

The Center for Economic Analysis and Development (CEAD) engages in applied business and economic research. It collects, analyzes, and disseminates information on demographic and economic conditions in the region. Other research includes population forecasts; cost-benefit studies; regional economic and industry forecasts; fiscal impact analysis; etc. CEAD’s mission is to conduct high-quality, objective research on issues related to the region’s current and future economic well being.

Center for Economic Education
Location: Business Academic Center 340
Telephone: 859-572-5799
Email Address: albahrania1@nku.edu
Web Address: http://cee.nku.edu
Director: Abdullah Al-Bahrami
The goal of the Center for Economic Education is to improve the quality and quantity of economic and financial literacy in the community. Our primary focus is to help educators at all levels improve their instruction of economics and personal finance topics. The Center also focuses on outreach efforts to help increase financial literacy for the general community with a special interest in Low-Income and Minority population. This is accomplished by conducting professional development and graduate programs for teachers, consulting with individuals and schools on curriculum development, providing resources to schools and individuals, offering programs and camps for youth, and conducting workshops and professional development programs for adults. The Center serves as a resource and partner to the university community in offering and promoting financial literacy and supports the university outreach efforts. The NKU center is an integral part of a statewide network of centers with the Kentucky Council on Economic Education and is affiliated with the Council for Economic Education.

Center for Innovation and Entrepreneurship

Location: Business Academic Center 350
Telephone: 859-572-5931
Email: stroblz1@nku.edu & http://varronej@nku.edu
Web Address: http://nku.edu/cie
Interim Co-Directors: Zac Strobl and Jeffrey Varrone

The Center for Innovation and Entrepreneurship at NKU is a driver of educational and professional development opportunities to all NKU students. The center has a transdisciplinary focus and seeks to advance the university’s strategy by fostering cross-campus applied learning and embedding innovative thinking more deeply in the university culture. The center is built on the belief that students from the arts and sciences, engineering, nursing, business, informatics, and law can all learn from one another how to become more well-rounded innovative and creative thinkers. The center fosters opportunities for this transdisciplinary applied learning to occur. We design our programs to ignite passion for an entrepreneurial mindset, fuel desires by providing students with the resources and education to make their dreams a reality, and fan the spirit and culture of innovation and entrepreneurship across campus and the region.

Marketing Research Partnership Program

Location: Business Academic Center 312
Telephone: 859-572-6409
Email Address: levina@nku.edu
Web Address: http://mrpp.nku.edu
Director: Aron Levin

The mission of the Marketing Research Partnership Program (MRPP) is to educate undergraduate students in how to perform effectively and ethically as professionals who use or supply marketing research. We also seek to create excitement and provide opportunities for students to learn from market research professionals in the Greater Cincinnati area. Students in the MRPP interact with and network with the MRPP’s corporate partners, which are composed of some of the world’s most successful marketing research supplier companies. In addition, via service-learning courses, our students provide marketing research consultation services to nonprofits and small businesses in the region.

Small Business Development Center

Location: 305 Johns Hill Road
Telephone: 859-448-8801

Email Address: volpe1@nku
Web Address: http://www.ksbdc.org/highland-heights/
Director: Rebecca Volpe

The Northern Kentucky University SBDC provides one-on-one consultations at no cost to existing and potential entrepreneurs in Northern Kentucky. The NKU SBDC also meets the educational needs of the local small business community by offering a variety of low cost training programs taught by industry experts and qualified SBDC Consultants.

BACHELOR OF SCIENCE IN BUSINESS ADMINISTRATION

International Business, B.S.B.A.

Thinking about the discipline: The International Business (IB) major provides its graduates with a rigorous foundation for success in the global business environment. The Haile/US Bank College of Business and its faculty have strong international relationships, partnering with some of the best business schools around the world. IB students have the opportunity to both complete a variety of courses throughout the academic year at one or more of these universities, and to build a network of global contacts with future business leaders around the world.

Career success for IB graduates depends on expertise in business disciplines such as management, marketing, and finance, as well as awareness and appreciation for the historical, political, socio-economic, cultural, and ethical environments that exist throughout the world. The combination of business skills and an understanding of the context in which international business is conducted require the development of a global mindset, a primary aim of the IB program.

The IB major provides a multi-disciplinary curriculum led by faculty with extensive international expertise, experience, and backgrounds. The program delivers challenging and relevant coursework, as well as meaningful international experiences for our students. Each course exposes students to the vast complexities of our changing world, and helps them to develop the skills needed to make effective business decisions in environments of increasing globalization, greater uncertainty and multiple perspectives.

Special opportunities for our students: Opportunities for international business majors include internships and networking with one or more of the hundreds of international companies in the Northern Kentucky/Greater Cincinnati region. Graduates will find a wide variety of employment opportunities throughout the world, across the US, and in our region.

IB graduates will be prepared for exams to earn internationally recognized professional credentials to add value to their résumé: the ACTFL Language Proficiency and the Certified Global Business Professional (CGBP) designations. These optional credentialing examinations are administered by their respective organizations and may have additional fees and requirements.

IB students are required to complete a meaningful, credit-bearing international experience of at least 3 credit hours. Students work individually with the college’s Director of International Business to decide which type of international learning experience will best meet their career and life goals. Many alternatives are acceptable and available, ranging from regular spring semester courses with an international travel component, to multi-week summer experiences, to semester-long exchanges at NKU partner universities.
around the world. Typically, the college makes available some scholarship support to at least partially cover travel expenses.

Students earning the Bachelor of Science in Business Administration (B.S.B.A.) with a major in international business are eligible to be considered for membership in Beta Gamma Sigma, the international honor society serving business programs accredited by AACSB International—The Association to Advance Collegiate Schools of Business. Membership in Beta Gamma Sigma is the highest academic recognition a business student anywhere in the world can earn in business programs accredited by AACSB International.

You should also know: All students successfully completing the B.S.B.A. major in International Business automatically earn an interdisciplinary minor in Business as part of their required course of study for the major degree. The Minor in Business satisfies the university’s minor/focus/second major requirement for graduation.

IB majors are required to attain competency in a second language, as measured by the American Council on the Teaching of Foreign Languages (ACTFL). Language skills and cultural awareness raise the business skills of a global professional to a higher level by giving deeper insight into the culture, values and context of the people with whom they will be working. IB students are expected to attain an ACTFL level of Intermediate Mid in speaking, writing, listening, and reading. In general, for speaking this means the ability to engage in social conversation about personal information related to self, family, home, daily activities, interests and personal preferences, as well as physical and social needs, such as food, shopping, travel, and lodging. For writing, this means the ability to write short, simple communications, compositions, and requests for information in loosely connected texts about personal preferences, daily routines, common events, and other personal topics.

Special admission requirements: The Bachelor of Science in Business Administration (B.S.B.A.) with a major in International Business is a selective admission program. Students enter the program as a Pre-International Business major. Upon completion of the six courses in the selective admission group (ACC 200, ACC 201, BUS 230, ECO 200, ECO 201, and MKT 205) with a grade of C- or better in each and the achievement of an overall NKU GPA of 2.5 or better, students are officially admitted to the college as a BSBA-International Business major. All transfer students enter as pre-majors and must complete a minimum of 12 credit hours at NKU in order to establish the NKU GPA for selective admission into the major, regardless of individual course completion status.

♦ Indicates prerequisite.

These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements.

COLLEGE OF BUSINESS COURSES (50 CREDITS)

- ACC 200 Principles of Accounting I-Financial (3 credits) ♦
- ACC 200L Financial Accounting Lab (1 credit)
- ACC 201 Principles of Accounting II-Managerial (3 credits) ♦
- BIS 300 Management Information Systems (3 credits) ♦
- BIS 380 Quantitative Analysis with Excel (3 credits) ♦
- BUS 201 Haile Professionals (1 credit) ♦
- BUS 230 Legal Environment (3 credits) ♦
- BUS 330 Ethics: Managerial Decision Making (3 credits) ♦

Full-Time Faculty: Deborah Browning, Kathleen Carnes, Teressa Elliott, Darius Fatemi, Lee Kersting, James Kirtley, Catherine Neal, Vincent Owohosio, Robert Russ, Robert Salyer, Marcia Vorholt

BACHELOR OF SCIENCE IN BUSINESS ADMINISTRATION

Accounting, B.S.B.A.

Thinking about the discipline: The Bachelor of Science in Business Administration with a major in accounting is offered to students who seek careers as accountants and auditors with public accounting firms or with commercial, industrial, or public institutions. A graduate in this major has a variety of career options such as internal auditor, cost accountant, budget director, tax accountant, Internal Revenue agent, municipal finance officer, controller, or chief financial officer.

The requirements to sit for the Certified Public Accountant exam are established by state law and implemented by the state board of accountancy in each state. The accountancy boards of Kentucky, Ohio, and Indiana require 150 credit hours including a bachelor’s degree. Students should consult the state board of accountancy in the state where they plan to seek employment and/or certification for specific requirements. Students needing additional credit hours beyond the bachelor’s degree should investigate the Master of Accountancy program (see Graduate Catalog for more information). The undergraduate B.S.B.A.-Accounting program meets the educational requirements necessary to take other certifying examinations in accounting (for example, the Certified Management Accountant examination and the Certified Internal Auditor examination).

Special opportunities for our students: The accounting major requires practical training through an internship. Internship opportunities are very diverse and are continually being upgraded through the efforts of the department’s professional advisory boards, faculty, and the college’s business experience manager. There is also an active student organization that provides outstanding professional networking opportunities at regular meetings and activities. Each year, the department faculty select the outstanding accounting student of the year.

Students earning the Bachelor of Science in Business Administration (B.S.B.A.) with a major in accounting are eligible to be considered for membership in Beta Gamma Sigma, the international honor society serving business programs accredited by AACSB International - The Association to Advance Collegiate Schools of Business. Membership in Beta Gamma Sigma is the highest academic recognition a business student anywhere in the world can receive in a business college accredited by AACSB International.

You should also know: All students successfully completing the B.S.B.A. major in accounting automatically earn an interdisciplinary Minor in Business as part of their required course of study for the major degree. The Minor in Business satisfies the university’s minor/focus/second major requirement for graduation.

All accounting majors must complete the accounting track or the accounting information systems track in addition to the other requirements for the major.

To earn the Bachelor of Science in Business Administration (B.S.B.A.) with a major in accounting, students must earn a grade of C or better in all accounting courses.

Transfer students electing a major in accounting are required to complete a minimum of 15 credit hours of ACC courses and a minimum of 30 credit hours of required B.S.B.A courses at NKU. Transfer students should make an advising appointment with the college of business advising center as soon as transcripts from previous institutions are available.

Special admission requirements: The Bachelor of Science in Business Administration (B.S.B.A.) with a major in Accounting is a selective admission program. Students enter the program as a Pre-Accounting major. Upon completion of the six courses in the selective admission group (ACC 200, ACC 201, BUS 230, ECO 200, ECO 201, and MKT 205) with a grade of C- or better in each and the achievement of an overall NKU GPA of 2.5 or better, students are officially admitted to the college as a BBSA-Accounting major. All transfer students enter as pre-majors and must complete a minimum of 12 credit hours at NKU in order to establish the NKU GPA for selective admission into the major, regardless of individual course completion status.

* Indicates prerequisite.

These prerequisites are not included in the program totals in the table below, but they must be satisfied IN ADDITION TO other program requirements.

DEGREE REQUIREMENTS (76-81 CREDITS)

College of Business Courses (50 credits)

- ACC 200 Principles of Accounting I-Financial (3 credits) ♦ *
- ACC 200L Financial Accounting Lab (1 credit)

BACHELOR OF SCIENCE IN BUSINESS ADMINISTRATION

Entrepreneurship, B.S.B.A.

Thinking about the discipline: The entrepreneurship major prepares students for the challenges of today's fast-paced and uncertain economic environment where competition is based on opportunity recognition, innovation, speed to market, and entrepreneurial drive. In this innovative degree program, the focus is on developing a needed skill set and an entrepreneurial mindset, as well as creating value in the marketplace. Students learn to capitalize on uncertainty rather than avoid it and embrace the learning that comes from taking calculated risks. The curriculum is multidisciplinary and designed to give students an opportunity to develop their own creative skills while applying basic business principles to the challenges of starting a new business, growing a business, or managing a family business. The program emphasizes the new venture-creation model and its application in small or large companies and in profit and not-for-profit organizations. Course topics include idea generation, opportunity recognition, feasibility analysis, business plan development, venture financing, early stage strategies, corporate venturing, and management of innovation. Students have the chance to meet and interact with entrepreneurial leaders in the region and throughout the world.

The entrepreneurship major prepares its graduates for a wide range of business-related career paths. Some are prepared to start their own business, either soon after graduation or at some point in the future. Some are prepared to begin a more traditional leadership path where the self-reliance, initiative, creativity, and communication skills developed in this program are viewed as positive qualities by prospective employers. Still others are prepared to apply their newly developed business planning and analysis skills to obtain entry-level positions with consulting firms, commercial lending institutions, and private equity firms. The major in entrepreneurship provides students with career options not available to those graduating with more traditional business majors.

Special opportunities for our students: Internship opportunities are very diverse and are continually being upgraded through the efforts of the department's professional advisory boards and faculty. There is also an active student organization that provides outstanding professional networking opportunities at regular meetings and activities. Each year, the department faculty select the outstanding entrepreneurship student of the year.

Students earning the Bachelor of Science in Business Administration (B.S.B.A.) with a major in entrepreneurship are eligible to be considered for membership in Beta Gamma Sigma, the international honor society serving business programs accredited by AACSB International - The Association to Advance Collegiate Schools of Business. Membership in Beta Gamma Sigma is the highest academic recognition a business student anywhere in the world can receive in a business college accredited by AACSB International.

You should also know: All students successfully completing the B.S.B.A. major in entrepreneurship automatically earn an interdisciplinary Minor in Business as part of their required course of study for the major degree. The Minor in Business satisfies the university's minor/focus/second major requirement for graduation.

Special admission requirements: The Bachelor of Science in Business Administration (B.S.B.A.) with a major in entrepreneurship is a selective admission program. Students enter the program as a Pre-Entrepreneurship major. Upon successful completion of the six courses in the selective admission group (ACC 200, ACC 201, BUS 230, ECO 200, ECO 201, and MKT 205) with a grade of C- or better in each and the achievement of an overall NKU GPA of 2.5 or better, students are officially admitted to the College as a BSBA-Entrepreneurship Major. All transfer students enter as pre-majors and must complete a minimum of 12 credit hours at NKU in order to establish the NKU GPA for selective admission into the major, regardless of individual course completion status.

♦ Indicates prerequisite.

These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements.

- One ENTP elective required at the 300 level or above (3 credits)

General Business, B.S.B.A.

Thinking about the discipline: Primarily intended to serve the needs of students transferring a significant number of completed upper-division business courses to NKU, the major in general business is designed to permit students to complete a program of interdisciplinary business study from AACSB-accredited courses offered in the Haile/U.S. Bank College of Business or the Department of Business Informatics at the 300 level or above.

Special opportunities for our students: Internship opportunities are very diverse and are continually being upgraded through the efforts of the department's professional advisory boards and faculty. General business students may choose from a variety of active student organizations that provide outstanding professional networking opportunities at regular meetings and activities. Each year, the department faculty select the outstanding general business student of the year.

Students earning the Bachelor of Science in Business Administration (B.S.B.A.) with a major in general business are eligible to be considered for membership in Beta Gamma Sigma, the international honor society serving business programs accredited by AACSB International - The Association to Advance Collegiate Schools of Business. Membership in Beta Gamma Sigma is the highest academic recognition a business student anywhere in the world can receive in a business college accredited by AACSB International.

You should also know: All students successfully completing the B.S.B.A. major in general business automatically earn an interdisciplinary Minor in Business as part of their required course of study for the major degree. The Minor in Business satisfies the university’s minor/focus/second major requirement for graduation.

The major in general business can be completed through the Program for Adult Centered Education (PACE) and in an online format.

Special admission requirements: The Bachelor of Science in Business Administration (B.S.B.A.) with a major in general business is a selective admission program. Students enter the program as a Pre-General Business major. Upon completion of the six courses in the selective admission group (ACC 200, ACC 201, BUS 230, ECO 200, ECO 201, and MKT 205) with a grade of C- or better in each and the achievement of an overall NKU GPA of 2.5 or better, students are officially admitted to the college as a BSBA-General Business major. All transfer students enter as pre-majors and must complete a minimum of 12 credit hours at NKU in order to establish the NKU GPA for selective admission into the major, regardless of individual course completion status.

Global Supply Chain Management, B.S.B.A.

Thinking about the discipline: In today’s society, global supply chain management is critical for organizational success. The successful sourcing, movement of materials and supply chain analytics are necessary in order to satisfy customer needs. The Global Supply Chain Management major is designed to prepare students with knowledge about effective global supply chain management. The courses will give students insight into strategic sourcing and global management of inventory. The curriculum will also provide students with practical knowledge about distribution, transportation and logistics strategies. Additional courses in Global supply chain analysis and risk management make this a wonderful major for any student hoping for a leg up in the competitive environment of business.

Special opportunities for our students: Internship opportunities are very diverse and are continually being upgraded through the efforts of the department’s professional advisory boards and faculty. There is also an active student organization that provides outstanding professional networking opportunities at regular meetings and activities. Each year, the department faculty select the outstanding global supply chain management student of the year.

Students earning the Bachelor of Science in Business Administration (B.S.B.A.) with a major in global supply chain management are eligible to be considered...
for membership in Beta Gamma Sigma, the international honor society serving business programs accredited by AACSB International - The Association to Advance Collegiate Schools of Business. Human Resource Management, B.S.B.A.

Thinking about the discipline: The Bachelor of Science in Business Administration with a major in human resource management is designed to prepare human resource professionals to deal with the challenge of managing today’s workforce in a small but growing business, corporate or nonprofit entity, or multinational organization. The program content is designed to provide comprehensive coverage of the major functional areas of human resource management such as staffing, employee training and development, wages, and benefits. In addition, students will understand and develop personal competencies such as business communication skills and skills in managing diversity. Students also will have the opportunity to gain practical experience in human resource management by completion of a rigorous and required internship program. The B.S.B.A. major in human resource management at NKU is one of only 263 programs in the world that has been acknowledged as being in alignment with the Society for Human Resource Management HR Curriculum Guidebook and Templates.

Special opportunities for our students: Internship opportunities are very diverse and are continually being upgraded through the efforts of the department’s professional advisory boards and faculty. There is also an active student organization that provides outstanding professional networking opportunities at regular meetings and activities. Each year, the department faculty select the outstanding human resource management student of the year.

Students earning the Bachelor of Science in Business Administration (B.S.B.A.) with a major in human resource management are eligible to be considered for membership in Beta Gamma Sigma, the international honor society serving business programs accredited by AACSB International - The Association to Advance Collegiate Schools of Business. Membership in Beta Gamma Sigma is the highest academic recognition a business student anywhere in the world can receive in a business college accredited by AACSB International.

You should also know: All students successfully completing the B.S.B.A. major in human resource management automatically earn an interdisciplinary Minor in Business as part of their required course of study for the major degree. The Minor in Business satisfies the university’s minor/focus/second major requirement for graduation.
**Special admission requirements:** The Bachelor of Science in Business Administration (B.S.B.A.) with a major in human resource management is a selective admission program. Students enter the program as a Pre-Human Resource Management major. Upon completion of the six courses in the selective admission group (ACC 200, ACC 201, BUS 230, ECO 200, ECO 201, and MKT 205) with a grade of C- or better in each and the achievement of an overall NKU GPA of 2.5 or better, students are officially admitted to the college as a BSBA-Human Resource Management major. All transfer students enter as pre-majors and must complete a minimum of 12 credit hours at NKU in order to establish the NKU GPA for selective admission into the major, regardless of individual course completion status.

♦ Indicates prerequisite.
These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements.

**Management, B.S.B.A.**

**Thinking about the discipline:** The Bachelor of Science in Business Administration with a major in management is designed to provide graduates with the fundamental personal, interpersonal, conceptual, and technical knowledge and skills they need to manage organizational operations and resources effectively. All students are expected to master a variety of business communication forms (for example, formal presentations and written reports) and to develop basic behavioral competencies necessary for those who intend to plan, organize, lead, and control the work of others in an organization. Management students must also analyze complicated business problems and become adept at using both quantitative and qualitative decision-making techniques. Likewise, current and historically important theories of organization and human work behavior are studied so that students acquire a context for understanding the complex and dynamic processes occurring in contemporary organizations. Required courses in the management major place an emphasis on learning that should facilitate long-term development as a management professional. The focus of the management major is on the knowledge base and skills that underlie effective management practice irrespective of organization or industry type.

**Special opportunities for our students:** Internship opportunities are very diverse and are continually being upgraded through the efforts of the department’s professional advisory boards and faculty. There is also an active student organization that provides outstanding professional networking opportunities at regular meetings and activities. Each year, the department faculty select the outstanding management student of the year.

Students earning the Bachelor of Science in Business Administration (B.S.B.A.) with a major in management are eligible to be considered for membership in Beta Gamma Sigma, the international honor society serving business programs accredited by AACSB International - The Association to Advance Collegiate Schools of Business. Membership in Beta Gamma Sigma is the highest academic recognition a business student anywhere in the world can receive in a business college accredited by AACSB International.

**You should also know:** All students successfully completing the B.S.B.A. major in management automatically earn an interdisciplinary Minor in Business as part of their required course of study for the major degree. The Minor in Business satisfies the university’s minor/focus/second major requirement for graduation.

**Special admission requirements:** The Bachelor of Science in Business Administration (B.S.B.A.) with a major in management is a selective admission program. Students enter the program as a Pre-Management major. Upon completion of the six courses in the selective admission group (ACC 200, ACC 201, BUS 230, ECO 200, ECO 201, and MKT 205) with a grade of C- or better in each and the achievement of an overall NKU GPA of 2.5 or better, students are officially admitted to the college as a BSBA-Management major. All transfer students enter as pre-majors and must complete a minimum of 12 credit hours at NKU in order to establish the NKU GPA for selective admission into the major, regardless of individual course completion status.

♦ Indicates prerequisite.
These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements.

**DEGREE REQUIREMENTS (71 CREDITS)**
Study. Automatically earn the minor in business as a part of their major course of (any major) or the Bachelor of Science in Business Information Systems.

Students earning the Bachelor of Science in Business Administration degree majors who want a solid grounding in business essentials.

These prerequisites are not included in the program totals in the table below.

**REQUIREMENTS FOR MINOR (28 CREDITS)**

- ACC 200 Principles of Accounting I-Financial (3 credits) *
- ACC 200L Financial Accounting Lab (1 credit)
- ACC 201 Principles of Accounting II-Managerial (3 credits) *
- BIS 300 Management Information Systems (3 credits) *
- BIS 380 Quantitative Analysis with Excel (3 credits)
- BUS 201 Haile Professionals (1 credits)
- BUS 230 Legal Environment (3 credits) *
- BUS 330 Ethics: Managerial Decision Making (3 credits)
- ECO 200 Principles of Macroeconomics - SB (3 credits) *
- ECO 201 Principles of Microeconomics - SB (3 credits) *
- ECO 305 Foundations of International Business (3 credits)
- FIN 305 Principles of Finance (3 credits)
- MAT 114 Finite Mathematics - QR (3 credits)
- MGT 300 Behavior in Organizations: Understanding Organizational Life (3 credits)

- MGT 490 Business Policy (3 credits)
- MKT 205 Principles of Marketing (3 credits) *
- STA 205 Introduction to Statistical Methods - QR (3 credits)
- STA 206 Introduction to Business Statistics (3 credits)

* Denotes Selective Admission Group

**Courses for Management (21 credits)**

- MGT 205 Business Management Principles (3 credits) *
- MGT 306 Project Management (3 credits)
- MGT 310 Leading High Performing Teams (3 credits)
- MGT 340 Human Resource Administration (3 credits)
- MGT 406 Leadership and Change (3 credits)
- Select two 300 or 400 level courses with the following designator: ENTP, HRM, and MGT (6 credits)

**MINOR**

**Business Minor**

The minor in business provides an interdisciplinary survey of business management fundamentals and is appropriate for students in non-business majors who want a solid grounding in business essentials.

Students earning the Bachelor of Science in Business Administration degree (any major) or the Bachelor of Science in Business Information Systems automatically earn the minor in business as a part of their major course of study.

* Indicates prerequisite.

These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements.

**REQUIREMENTS FOR MINOR (28 CREDITS)**

- ACC 200 Principles of Accounting I-Financial (3 credits)
- ACC 200L Financial Accounting Lab (1 credit)
- ACC 201 Principles of Accounting II-Managerial (3 credits)
- BIS 300 Management Information Systems (3 credits)
- BUS 230 Legal Environment (3 credits)
- ECO 200 Principles of Macroeconomics - SB (3 credits)
- ECO 201 Principles of Microeconomics - SB (3 credits)
- FIN 305 Principles of Finance (3 credits)
- MGT 305 Operations Management in Business (3 credits)
- MKT 205 Principles of Marketing (3 credits)

**Entrepreneurial Studies Minor**

The minor in entrepreneurial studies is especially valuable for students in other colleges who are interested in applying passion to their own business or want an understanding of how to function in an entrepreneurial venture. The focus is on developing an entrepreneurial mindset, generating ideas based on creativity, opportunity identification, feasibility studies, start-up activities, early-stage strategies, and new initiatives within entrepreneurial environments. Students have unique opportunities to be involved in business partnerships and to find creative solutions to real business problems while completing their degrees.

This minor is offered in a traditional classroom format or as an online minor. Students must declare format.

* Indicates prerequisite.

**REQUIREMENTS FOR MINOR (18 CREDITS)**

**Core Requirements**

- ENTP 201 Entrepreneurial Mindset (3 credits)
- ENTP 202 Opportunity Recognition (3 credits)
- ENTP 290 Idea Validation (3 credits)
- ENTP 375 Entrepreneurial Skills & Marketing (3 credits)

Two additional ENTP 300-Level or above, or pre-approved courses from student's major (6 credits)

**Management Minor**

Available in both traditional and fully-online formats.

The required courses in the management minor focus primarily on the behavioral aspects of management, that is, the study of why people behave the way they do in work organizations and how managers can behave to effectively influence others and achieve organizational goals. Two elective courses allow students to explore areas of individual interest.

This minor is offered in a traditional classroom format or as an online minor. Students must declare format.

* Indicates prerequisite.

These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements.

**REQUIREMENTS FOR MINOR (21 CREDITS)**

- CMST 220 Interpersonal Communication (3 credits)
- MGT 205 Business Management Principles (3 credits)
- MGT 300 Behavior in Organizations: Understanding Organizational Life (3 credits)
- MGT 310 Leading High Performing Teams (3 credits)
- MGT 340 Human Resource Administration (3 credits)
• Select two 300/400-level MGT courses (6 credits)

Keller

BACHELOR OF SCIENCE

Construction Management, B.S.

Thinking about the discipline: NKU’s construction management program is nationally recognized and accredited by the American Council for Construction Education. Our graduates are equipped with both the theoretical and applied skills required to manage a construction project from inception to completion. The program covers the technical aspects of project design and execution in addition to management and administration aspects required to successfully deliver project completion on time, within budget, and meeting the client’s expectations.

The balanced curriculum of 120 credit hours includes two 300-hour internships, allowing students to learn on the job and apply what they learn in class to a real-world project. Students in the program can work toward earning a minor in business, marketing, or entrepreneurship to complement their construction education. Graduates occupy positions such as project engineers, project managers, project superintendents, construction estimators, construction schedulers, and construction safety officers.

Special opportunities for our students: The Construction Management program offers awards for outstanding undergraduates. Multiple scholarships are offered, including the Macy’s Rudolph V. Javosky Memorial Endowed Scholarship, the Spirit of Construction Foundation Scholarship, and the Construction Management Industry Advisory Board Scholarship. Students have the opportunity to participate in the Construction Management Association student organization as well as the sub-organizations within that umbrella group including the Mechanical Contractors of America, the National Association of Homebuilders, the American Concrete Institute student organizations, and the Sigma Lambda Chi International Construction Honor Society.

You should also know: Students must fulfill all requirements for the major and either the standard business component or the minor in entrepreneurial studies offered by the Department of Management.

To earn the Bachelor of Science in Construction Management, students must earn a grade of C or better in all construction management core courses.

Indicates prerequisite.

These prerequisites are not included in the program totals in the table below, but they must be completed in addition to other program requirements.

DEGREE REQUIREMENTS (92 CREDITS)

Core Courses (63 credits)

- CMGT 101 Introduction to Construction Management (3 credits)
- CMGT 120 Construction Materials and Methods I (3 credits)*
- CMGT 121 Construction Materials and Methods II (3 credits)*
- CMGT 220 Construction Layout (3 credits)*
- CMGT 222 Architectural Drafting and CAD (3 credits)*
- CMGT 225 Construction Safety (3 credits)*
- CMGT 228 Soil and Foundation Interaction (3 credits)*
- CMGT 300 Cooperative Education (0 credits) (two 0 credit-hour sessions)
- CMGT 303 Construction Contracts, Documents, and Administration (3 credits)*
- CMGT 305 Mechanical Systems for Construction (3 credits)*
- CMGT 306 Electrical Systems for Construction (3 credits)*
- CMGT 320 Construction Estimating (3 credits)*
- CMGT 322 Structural Analysis (3 credits)*
- CMGT 324 Construction Scheduling (3 credits)*
- CMGT 329 Construction Equipment (3 credits)*
- CMGT 415 Construction Management (3 credits)*
- CMGT 420 Construction Cost Control (3 credits)*
- CMGT 422 Advanced Project Controls (3 credits)*
- CMGT 431 Capstone Project: Residential and Commercial Construction (3 credits)*

Select three courses from the following (9 credits)

- CMGT 323 Land Planning and Development (3 credits)*
- CMGT 399 Independent Study in Construction Management (1-3 credits) (with approval of chair)

• LDR 205 Human Relations in Organizations (3 credits)
• LDR 308 Leadership Development (3 credits) ♦
• LDR 385 Teamwork in Organizations (3 credits) ♦
• MKT 205 Principles of Marketing (3 credits) ♦
• Other as approved by the department chair

SURVEYING TRACK

This program is a partnership degree program between Cincinnati State Technical and Community College and NKU. Students pursuing this track must complete the associate degree in civil engineering technology - surveying from CSTCC and the advanced surveying certificate program from CSTCC. Students then transfer to NKU and complete additional coursework according to the articulation agreement between NKU and CSTCC. Graduates from this bachelor’s degree program will qualify to sit for the Professional Registration Test in Kentucky, Ohio, and Indiana after serving the proper residency under a licensed surveyor. Students interested in pursuing the Indiana surveyor’s license are required to take approximately three additional science courses as outlined by the state of Indiana.

BACHELOR OF SCIENCE IN BUSINESS ADMINISTRATION

Marketing, B.S.B.A.

Thinking about the discipline: In today’s hyper-competitive global business environment, it is becoming very clear that for any organization to prosper, it must adopt a market orientation as its guiding business philosophy. Being market oriented simply means that an organization considers the needs and wants of its customers as crucial input in every decision that it makes. To successfully accomplish this goal, the organization must develop and nurture close relationships with its customers. Marketers are literally the interface between the organization and its customers. A career in marketing, no matter which of the dozens of different career paths one chooses to follow, is at its heart a career in strategically creating and managing these relationships.

Special opportunities for our students: Internship opportunities are very diverse and are continually being upgraded through the efforts of the department’s professional advisory boards, faculty, and the college’s business experience manager. There is also an active student organization that provides outstanding professional networking opportunities at regular meetings and activities. Each year, the department faculty select the outstanding marketing student of the year.

Students earning the Bachelor of Science in Business Administration (B.S.B.A.) with a major in marketing are eligible to be considered for membership in Beta Gamma Sigma, the international honor society serving business programs accredited by AACSB International - The Association to Advance Collegiate Schools of Business. Membership in Beta Gamma Sigma is the highest academic recognition a business student anywhere in the world can receive in a business college accredited by AACSB International.

You should also know: All students successfully completing the B.S.B.A. major in marketing automatically earn an interdisciplinary Minor in Business as part of their required course of study for the major degree. The Minor in Business satisfies the university’s minor/focus/second major requirement for graduation.

A grade of C or better in all program courses in the marketing major is required to earn the Bachelor of Science in Business Administration (B.S.B.A.) with a major in marketing.

Special admission requirements: The Bachelor of Science in Business Administration (B.S.B.A.) with a major in marketing is a selective admission program. Students enter the program as a Pre-Marketing major. Upon completion of the six courses in the selective admission group (ACC 200, ACC 201, BUS 230, ECO 200, ECO 201, and MKT 205) with a grade of C or better in each and the achievement of an overall NKU GPA of 2.5 or better, students are officially admitted to the college as a BSBA-Marketing major. All transfer students enter as pre-majors and must complete a minimum of 12 credit hours at NKU in order to establish the NKU GPA for selective admission into the major, regardless of individual course completion status.

* Indicates prerequisite.

These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements.

DEGREE REQUIREMENTS (74 CREDITS)

College of Business Courses (50 credits)

• ACC 200 Principles of Accounting I-Financial (3 credits) ♦ *

- SPB 496 Sport and Events Practicum (1-3 credits) ♦
- SPB 499 Independent Study: Sports Business (3 credits) ♦
- MKT 480 Strategic Decision Making in Marketing (3 credits) ♦

**MINOR**

**Construction Management Minor**

The minor in construction management provides a broad survey of construction management fundamentals and is appropriate for students who want a solid grounding in construction management essentials.

♦ Indicates prerequisite.

**REQUIREMENTS FOR MINOR (24 CREDITS)**

- CMGT 101 Introduction to Construction Management (3 credits) ♦
- CMGT 120 Construction Materials and Methods I (3 credits) ♦
- CMGT 121 Construction Materials and Methods II (3 credits) ♦
- CMGT 222 Architectural Drafting and CAD (3 credits) ♦
- CMGT 303 Construction Contracts, Documents, and Administration (3 credits) ♦
- CMGT 320 Construction Estimating (3 credits) ♦

- CMGT 324 Construction Scheduling (3 credits) ♦
- Select one CMGT course approved by advisor and not listed above (3 credits)

**Marketing Minor**

The two required courses provide a general introduction to organizations and their management, an overview of the practice of marketing in for-profit and not-for-profit organizations, and an analytically oriented understanding of consumer behavior in the marketplace. A wide choice of elective courses allows students to focus on their own specific interests in the field of marketing.

**REQUIREMENTS FOR MINOR (18 CREDITS)**

**Core Requirements**

- MKT 205 Principles of Marketing (3 credits) ♦
- MKT 300 Marketing Tools (3 credits) ♦
- Four 300 or 400-level MKT courses (12 credits)

**Sports Business and Event Management Minor**

The business of sports encompasses teams at the major, minor, collegiate, recreational, high school and youth levels, as well as sports events, facilities, sponsorships, tourism, and specific legal issues. The minor in sports business equips students with the framework for strategic decision making in sports marketing, promotions, media/public relations, and a selection of other relevant industry issues tailored by the student’s elective selections.

♦ Indicates prerequisite.

These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements.

**REQUIREMENTS FOR MINOR (18 CREDITS)**

**Core Requirements**

- MKT 205 Principles of Marketing (3 credits) ♦
- SPB 200 Rivalry and Rituals: International Sport - SB (3 credits)
- SPB 305 Sports Marketing and Events Research (3 credits) ♦
- SPB 307 Moneyball: Economics of Sports & Events (3 credits) ♦
- SPB 350 Revenue Generation in Sports and Events (3 credits) ♦

Select one course from the following (3 credits)

- MKT 310 Selling Skills (3 credits) ♦
- SPB 335 Event Planning and Management (3 credits) ♦
- SPB 336 Sports and Events Law (3 credits) ♦
- SPB 330 Sports and Events Public Relations (3 credits) ♦
- Other as approved by department
Department of Economics and Finance

Location: Business Academic Center 376  
Telephone: 859-572-6526  
Email Address: ecofin@nku.edu

Department Coordinator: Jill Ross  
Full-Time Faculty: Abdullah Al-Bahrami, Gary Clayton, Linda Dyhan, J.C. Kim, Young Kim, Alain Krapl, Nancy Lang, Qing Su, Duke Thompson

BACHELOR OF SCIENCE

Economics, B.S.

Thinking about the discipline: The Bachelor of Science in Economics prepares students for career opportunities in applied economics, market analysis, banking, policy analysis or the social sciences. These careers can be found in the private and public sector. The economics degree is also excellent preparation for careers that require decision-making and the ability to analyze data relevant to policy, business, and finance. The degree further provides an excellent foundation for graduate study in economics, law political science, or public administration.

The economics degree program is designed to provide flexibility and ease of access to a wide variety of minors, as the curriculum provides up to 33 credit hours at the 300/400 level that can be used for minors or a double major. Economics majors can choose a minor and additional elective courses in a field that fits their career goals - for example, those with an interest in environmental policy can elect a minor in environmental studies. Business is a popular minor for those with career interests in the private sector. All students are strongly encouraged to discuss their career goals with economics faculty for guidance in choosing an appropriate minor.

For students who plan to continue their education with a graduate degree, economics is a good choice for a wide variety of fields including law, public policy, or politics. Students interested in graduate-level economics study are advised to minor in mathematical sciences to strengthen their credentials for admission to the best programs. Students contemplating graduate study are encouraged to discuss their plans with the economics faculty.

Special opportunities for our students: Students may consider using an internship (ECO 396) to fulfill an elective requirement in the economics degree program. The internship option allows students to gain practical work experience and real-world networking exposure at the local, regional, national, or international level while under the guidance and supervision of an expert professional. Internships can also be targeted to the area of the student’s minor. There is also an active student organization that provides outstanding professional networking opportunities at regular meetings and activities. Each year, the department faculty select the outstanding economics student of the year.

You should also know: Students of economics must earn at least a C- in all of their major courses, and a minimum of 2.25 GPA in the major.

DEGREE REQUIREMENTS (36 CREDITS)

- ECO 200 Principles of Macroeconomics - SB (3 credits)
- ECO 201 Principles of Microeconomics - SB (3 credits)
- ECO 300 Intermediate Macroeconomics (3 credits)
- ECO 301 Intermediate Microeconomics (3 credits)
- ECO 310 Introduction to Econometrics (3 credits)
- ECO 311 Econometrics II (3 credits)
- ECO 494 Seminar in Economics (3 credits)
- STA 205 Introduction to Statistical Methods - QR (3 credits)
- Select four ECO 300/400-level courses (12 credits)

BACHELOR OF SCIENCE IN BUSINESS ADMINISTRATION

Finance, B.S.B.A.

Thinking about the discipline: Finance is the study of how organizations make decisions in the context of firm value maximization. These decisions involve the analysis of risk/return variables and mathematical models used to measure them. Financial managers in a variety of institutional settings are responsible for decisions concerning such things as firm expansion, dividend policy, working capital management and capital structure.

The B.S.B.A. with a major in finance prepares graduates for a variety of career possibilities including: corporate finance, securities, commercial banking, and financial planning. Careers in corporate finance involve capital budgeting, project financing, mergers and acquisitions, financial risk management, and international finance. Careers in the securities industry include securities analysis and financial research. Banking careers include positions such as commercial loan officers, trust administrators and bank managers. Careers in financial planning encompass all aspects of individual financial planning such as retirement, estate, 401K, college savings, insurance and pension planning. Investment bankers help corporations perform business transactions, make investment decisions, and raise venture capital.

Students intending to pursue a career in corporate finance or investments should consider choosing their electives from the following list: FIN 355 Principles of Risk Management and Insurance (3 credits), FIN 385 Financial Planning Process and Estate Planning (3 credits), FIN 435 Case Studies in Corporate Finance (3 credits), FIN 445 Retirement Planning and Employee Benefits (3 credits), FIN 450 Advanced Investment Analysis (3 credits) (by application only) and possibly taking ACC 320 Tax Planning (3 credits) as an additional course.

Students considering careers in managerial finance should consider taking the following courses in addition to the finance electives: ACC 202 Accounting Laboratory (1 credit), ACC 300 Intermediate Accounting I (3 credits), ACC 301 Intermediate Accounting II (3 credits), ACC 320 Tax Planning (3 credits), ACC 350 Management Cost Accounting I (3 credits).

Special opportunities for our students: B.S.B.A.-Finance students have the opportunity to participate in internship programs. Internship opportunities are very diverse and are continually upgraded through the efforts of our professional advisory boards, faculty, and the college’s business experience manager. There is also an active student organization that provides outstanding
professional networking opportunities at regular meetings and activities. Each
year, the department faculty select the outstanding finance student of the year.
Students earning the Bachelor of Science in Business Administration (B.S.B.A.)
with a major in finance are eligible to be considered for membership in Beta
Gamma Sigma, the international honor society serving business programs
accredited by AACSB International - The Association to Advance Collegiate
Schools of Business. Membership in Beta Gamma Sigma is the highest
academic recognition a business student anywhere in the world can receive in
a business college accredited by AACSB International.

You should also know: All students successfully completing the B.S.B.A.
major in finance automatically earn an interdisciplinary Minor in Business as
part of their required course of study for the major degree. The Minor in
Business satisfies the university’s minor/focus/second major requirement for
graduation.

A grade of C or better in all program courses in the finance major is required to
earn the Bachelor of Science in Business Administration (B.S.B.A.) with a major
in finance.

Special admission requirements: The Bachelor of Science in Business
Administration (B.S.B.A.) with a major in Finance is a selective admission
program. Students enter the program as a Pre-Finance major. Upon completion
of the six courses in the selective admission group (ACC 200, ACC 201, BUS
230, ECO 200, ECO 201, and MKT 205) with a grade of C- or better in each and
the achievement of an overall NKU GPA of 2.5 or better, students are officially
admitted to the college as a BSBA-Finance major. All transfer students enter as
pre-majors and must complete a minimum of 12 credit hours at NKU in order to
establish the NKU GPA for selective admission into the major, regardless of
individual course completion status.

♦ Indicates prerequisite.

These prerequisites are not included in the program totals in the table below,
but they must be satisfied IN ADDITION TO other program requirements.

DEGREE REQUIREMENTS (71 CREDITS)

College of Business Courses (50 credits)

- ACC 200 Principles of Accounting I-Financial (3 credits) ♦ *
- ACC 200L Financial Accounting Lab (1 credit)
- ACC 201 Principles of Accounting II-Managerial (3 credits) ♦ *
- BIS 300 Management Information Systems (3 credits) ♦
- BIS 380 Quantitative Analysis with Excel (3 credits) ♦
- BUS 201 Haile Professionals (1 credits) ♦
- BUS 230 Legal Environment (3 credits) ♦ *
- BUS 330 Ethics: Managerial Decision Making (3 credits) ♦

  * Denotes Selective Admission Group

Courses for Finance (21 credits)

- FIN 315 Financial Management (3 credits) ♦
- FIN 345 Investment and Security Analysis (3 credits) ♦
- ACC 308 Financial Statement Analysis (3 credits) ♦

Select four courses from the following (12 credits):

- ECO 310 Introduction to Econometrics (3 credits) ♦
- ECO 311 Econometrics II (3 credits) ♦
- MKT 310 Selling Skills (3 credits) ♦
- Any 300/400-level FIN course

MINOR

Economics Minor

The two required courses (ECO 200 and ECO 201) provide a general foundation
in economic theory and application. Either can be used to fulfill the university
Foundation of Knowledge requirement in the individual and society category. A
broad choice of elective courses allows students to focus on their own specific
interests in the field of economics.

♦ Indicates prerequisite.

These prerequisites are not included in the program totals in the table below,
but they must be completed IN ADDITION TO other program requirements.

REQUIREMENTS FOR MINOR (24 CREDITS)

- ECO 200 Principles of Macroeconomics - SB (3 credits) ♦
- ECO 201 Principles of Microeconomics - SB (3 credits) ♦
- Select six 300/400-level ECO courses (18 credits)

Finance Minor

This minor has two required courses and an additional four finance electives
numbered 300 and above. Courses that are counted in partial fulfillment of the
B.S.B.A. general business major may not be counted as fulfilling part of the
finance minor.

♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (18 CREDITS)

- FIN 305 Principles of Finance (3 credits) ♦
- FIN 345 Investment and Security Analysis (3 credits) ♦
- Select four 300/400-level FIN courses (12 credits)
Welcome to the College of Education and Human Services. Our three departments, 15 undergraduate and graduate program areas and doctor of education constitute extraordinarily diverse pathways for our students to achieve their educational goals while preparing for professional careers.

Our talented faculty and staff ensure that our programs have rigor, relevance, and sustainability of the highest caliber, and we pride ourselves on the quality of relationships we create and foster with students and colleagues alike. The collaborative effort of all of our partners increases the impact of our college across the region and beyond.

The College of Education and Human Services is an outstanding place for students, faculty, staff, alumni, and community partners to learn, teach, and work together. We are delighted that you have discovered us - and we invite you to explore the educational and experiential riches associated with our programs and exceptional faculty and staff.

**College Advising Center**

**Location:** Mathematics-Education-Psychology Center 230  
**Telephone:** 859-572-6944  
**Web Address:** http://coehs.nku.edu/advising.html  
**Director:** Anna Stryker  
**Advisors:**  
- Josh Brittingham  
- Patsy Fisk  
- Deborah Henry  
- Rebekah Richardson  
- Dana Schmutte  
- Emily Wagner  
**Staff:**  
- Shirley Burris

Advisors in the COEHS Advising Center provide assistance and academic advising to students majoring in one of the college’s undergraduate programs.

Students in the College of Education and Human Services are assigned an advisor based on their major and last name. To schedule an appointment with an advisor, students should click on the advising appointment link (http://coehs.nku.edu/advising/appointment.html).

**Accreditations**

The athletic training education program is accredited by the Commission on Accreditation of Athletic Training Education.

The undergraduate and graduate social work programs are accredited by the Council on Social Work Education.

The education/school counseling/educational leadership programs are accredited by CAEP (Council for the Accreditation of Educator Preparation). The special education program is nationally recognized by the Council for Exceptional Children.

The school counseling and clinical and mental health counseling programs are accredited by the Council for Accreditation of Counseling and Related Educational Programs.

The Center for Environmental Education is an NKU center within the Department of Teacher Education in the College of Education and Human Services. As such, it provides both formal and informal learning experiences for pre-service, in-service, formal, and informal educators. Formal learning experiences include a variety of undergraduate- and graduate-level environmental education courses, micro-credentials, and endorsement program for licensed teachers. Informal learning experiences include professional development workshops, P-12 outreach, university partnerships, and community events to promote environmental stewardship. NKU undergraduate students are involved with the work of the CEE via internships, undergraduate research, teaching experiences, and lesson development. The CEE is part of the Kentucky University Partnership for Environmental Education (KUPEE) collaborative, and works collectively to promote environmental literacy across Kentucky. The CEE works with area teachers to provide hands-on experiences, curriculum resources, and materials to enhance their environmental education experience.

BACHELOR OF SCIENCE

Human Services and Addictions, B.S.

The Human Services and Addictions program at Northern Kentucky University provides knowledge, skills training and practical field experiences to students seeking entry level positions in a variety of human services fields with a special emphasis on addictions. Students will be prepared to provide ethical, culturally-sensitive and effective services to individuals, groups and communities.

Students graduating with a bachelor of science in Human Services and Addictions are prepared for positions in work settings such as mental health agencies, rehabilitation facilities, residential treatment programs, group homes, halfway houses, therapeutic recreation, daycare centers, after-school programs, substance abuse programs, rehabilitation settings, and a variety of programs serving the developmentally challenged and the elderly.

Special opportunities for our students:

- Courses are offered in an online or hybrid format to accommodate the schedules of busy students.
- The Human Services and Addictions program is part of the College of Education and Human Services, characterized by a commitment to community-based applied learning. There are two field experience courses - "HSR 304 Field Experience and Seminar (3 credits)", and "HSR 404 Advanced Field Experience and Seminar (3 credits)." Each course requires approximately 12 hours of work each week in a human services/behavioral healthcare agency for a minimum of 180 total placement hours per semester. In addition, each field placement course includes bi-weekly seminar classes related to the field experience.
- Human Services and Addictions (HSR) students have scholarship opportunities.
- HSR majors are encouraged to become a College of Education and Human Services student Peer Mentor. COEHS student Peer Mentors develop leadership skills while representing the college and the Human Services and Addictions program at various university functions.
- Students must take electives in addition to required courses to meet the academic requirements for certification and/or licensure as a chemical dependency counselor in Kentucky and Ohio. Students may also elect to choose practicum sites that will provided necessary field work experience and hours that will aid in the certification/licensure process and requirements. It is important to review each state’s licensure and/or certification requirements for becoming a chemical dependency counselor.

Special graduation requirements: Students must successfully complete all required human services and addictions courses and all program-required supportive courses with a grade of C- or better and have a minimum GPA of 2.5 to graduate with a bachelor of science in Human Services and Addictions.

♦ Indicates prerequisite.

DEGREE REQUIREMENTS (69 CREDITS)

Required Core Courses

Fourteen (14) courses; 42 credit hours

- HSR 100 Society and Human Services - SB (3 credits)
- HSR 105 Helping Skills and Techniques for Human Service Professionals (3 credits)
- HSR 205 Case Mgmt. Skills-Human Svc Professional (3 credits)
- HSR 300 Ethics & Issues in Human Svc Profession (3 credits) ♦
- HSR 303 Multicultural Issues in Human Services (3 credits)
- HSR 305 Assess & Appraisal/Human Svcs/Sub Abuse (3 credits) ♦
- HSR 312 Crisis Intervention (3 credits)
- HSR 340 Human Services and Substance Abuse (3 credits) ♦
- HSR 400 At-Risk Populations in Human Services (3 credits) ♦
- HSR 412 Leadership Skills for Small Groups (3 credits) ♦
- HSR 416 Theories/Skills for Helping Professions (3 credits) ♦
- HSR 430 Human Services Administration (3 credits) ♦
Social workers research and analyze policies, programs, and regulations. They develop and implement programs to address issues such as child abuse, homelessness, mental health and substance abuse, poverty, and violence. Social work professionals also work in schools, mental health and substance abuse facilities, hospitals, private practice, and child welfare agencies. Social workers can be found working in a variety of helping professions. Social work has never been in greater demand than it is today.

The Bachelor of Social Work program provides education from a generalist perspective. Generalist practitioners are trained to work in a variety of settings. They view clients and client systems from a strengths perspective in order to recognize, support, and build upon the innate capabilities of all human beings. The program is accredited by the Council on Social Work Education. Graduates are awarded the degree of Bachelor of Social Work, providing them with the eligibility to test for state licensure. It also enables students to pursue advanced standing status in a Masters of Social Work program, which reduces M.S.W. program requirements by half.

Social work students and practitioners are guided by the National Association of Social Workers’ code of ethics. They are committed to improving the well-being of individuals, families, groups, communities, and organizations and furthering the goals of social justice.

Special opportunities for our students: Social work majors have the following special opportunities:

- Public Child Welfare Certification Program. PCWCP is a selective-admission, pre-employment opportunity for social work majors that pays in-state tuition for the last three or four semesters and per-semester stipend benefits. PCWCP is a statewide collaboration among the Kentucky Cabinet for Health and Family Services and 11 Kentucky university social work programs. The purpose of the program is to provide B.S.W. students the opportunity to receive advanced training in the area of child welfare protection and permanency. Students accepted into PCWCP are required to become employed by KY DCBS child protection and permanency upon graduation and must complete a minimum of two years of employment.
- Scholarship opportunities for social work majors. Information is available from the Office of Student Financial Assistance.
- Membership in the Social Work Club. Students are encouraged to join the Social Work Club to begin establishing a positive network team within the field and build relationships with community agencies, learn more about current social welfare issues, develop strong personal relationships with fellow classmates, and enhance the overall college experience while increasing leadership skills. More information about the Social Work Club is available online (http://listserv.nku.edu/mailman/listinfo/socialworkmajors).
- Membership in Phi Alpha Honors Society demonstrates leadership among peers. The Phi Alpha Honors Society provides a closer bond among students of social work and humanitarian goals and ideals. Membership is offered to students who have achieved sophomore status and maintain an overall GPA of 3.00 and a 3.25 GPA in social work courses. Information about the Phi Alpha Honors Society is available here (http://coehs.nku.edu/programs/nkusocialwork.html).
- Social work majors are encouraged to join the social work listserv. Members of the listserv receive valuable information about upcoming events sponsored by the Social Work Club and Phi Alpha Honors Society as well as local agency events, projects, and job opportunities within the field. Subscribe to the listserv on the web (http://listserv.nku.edu/mailman/listinfo/socialworkmajors).
- Social work majors are encouraged to become COEHS student ambassadors. COEHS student ambassadors demonstrate and further develop leadership skills while representing their college as well as their program.

BACHELOR OF SOCIAL WORK

Social Work, B.S.W.

Thinking about the discipline: Individuals who desire to serve people should consider a career in social work. A degree in social work offers the potential to work as a licensed professional in a variety of helping professions. Social workers practice in schools, mental health and substance abuse facilities, hospitals, private practice, and child welfare agencies. Social workers can be community organizers, administrators, planners, and policy makers who develop and implement programs to address issues such as child abuse, homelessness, mental health and substance abuse, poverty, and violence. Social workers research and analyze policies, programs, and regulations. They identify social problems and advocate for solutions at the local, state, and federal level. Social work has never been in greater demand than it is today. Employment of social workers is expected to increase at a greater rate than many other occupations.
the social work program at various university functions. More information about student ambassador opportunities is available online (http://coes.nku.edu/advising/organizations.html).

Special admission requirements: Students complete a selective admission process for acceptance into the social work program. Applications are accepted in all semesters. The requirements to submit an application for admission follow:

1. Declare social work as a major.
2. Have a minimum overall GPA of 2.75.
3. Complete the following courses with a grade of C- or higher (students may submit an application in the semester that they are enrolled in the last of these required courses):
   a. " SWK 105 Social Work and the Community - SB (3 credits)"
   b. " SWK 106 Introduction to Social Justice - AH (3 credits)*
   c. " SWK 460 Ethics and Advocacy (3 credits) (may be taken before or after acceptance in the social work program)"
   d. STA 205 or STA 113
   e. One of the following biology courses: BIO 100G, BIO 120, BIO 123, BIO 125, BIO 126, BIO 208, or BIO 209.
4. Complete all of their Foundation of Knowledge general education courses with a grade of C- or higher.
5. Demonstrate an interest in, and aptitude for, a social work career.
Upon acceptance to the social work program, students are required to attend a mandatory admission meeting. Students are notified of the date and time of the meeting in their acceptance letter.

Special graduation requirements: Students may be removed from the social work program based on the following:

- Academic performance below the acceptable level of an overall GPA of at least 2.75 or less than the grade of C- in any social work or supportive required courses.
- Behavior inappropriate or detrimental in a professional relationship, including criminal convictions.
- Violation of NKU’s Student Code of Rights and Responsibilities.
- Violation of the National Association of Social Workers Code of Ethics.
- Violation of the social work program student handbook.

You should also know: Students are required to read both the social work student handbook and the field instruction manual. The social work student handbook provides information related to admission and retention in the social work program.

The field instruction manual informs students how to obtain agency field placements and what is required to complete the 400 hours of field experience. Upon completion of the core courses, students enroll in two field courses: " SWK 406 Field Experience 1 (5 credits)" and " SWK 408 Field Instruction II (5 credits)," These courses are offered consecutively in eight-week sessions for a block placement during the fall or spring semester. The courses include approximately 25 hours each week in a social service agency placement for a minimum of 400 total placement hours (over 16 weeks) in addition to weekly seminar classes related to the field experience.

* Indicates prerequisite.

DEGREE REQUIREMENTS (60-61 CREDITS)

Core Courses
- SWK 105 Social Work and the Community - SB (3 credits)
- SWK 106 Introduction to Social Justice - AH (3 credits)
- SWK 460 Ethics and Advocacy (3 credits)
- Select 3 STA credit hours (3 credits)
- SWK 303 Professional Interactional Skills (3 credits) ♦

MINOR

Human Services and Addictions Minor

The minor in Human Services and Addictions is an excellent choice for majors in the behavioral, social or health sciences, or for any student interested in a helping profession. To complete the minor, students must earn at least a C- in HSR 100 Society and Human Services - SB (3 credits) and 18 additional credit hours of HSR courses. Six of the 18 credit hours must be at the 300 level or above. Minors are not eligible to participate in the field experience courses (HSR 304 and HSR 404). HSR courses are offered in an online or hybrid format.

Students must take electives in addition to required courses to meet the academic requirements for certification and/or licensure as a chemical dependency counselor in Kentucky and Ohio. Students may also elect to choose practicum sites that will provide necessary fieldwork experience and hours that will aid in the certification/licensure process and requirements. It is important to review each state’s licensure and/or certification requirements for becoming a chemical dependency counselor.

♦ Indicates prerequisite.

REQUIRED CORE (3 HOURS)

HSR 100 is required with a C- or better.

• HSR 100 Society and Human Services - SB (3 credits)

ELECTIVES (18 CREDITS)

Eighteen (18) additional hours of HSR courses (excluding HSR 304 and HSR 404) beyond HSR 100 including at least six (6) hours of HSR courses numbered 300 and above. All courses counting towards the minor must be completed with at least a C-.

FOCUS

Social Work Focus

♦ Indicates prerequisite.

REQUIREMENTS FOR FOCUS (12 CREDITS)

Select 12 credit hours from the following

• SWK 411 Social Work and The Law: Part I (3 credits)
• SWK 450 Multicultural Issues (3 credits)
• SWK 455 Multicultural Family Experiences (3 credits)
• SWK 460 Ethics and Advocacy (3 credits)
• SWK 510 Child Abuse (3 credits)
• SWK 520 Services to Women (3 credits)
• SWK 525 Substance Use and Abuse (3 credits)
• SWK 565 Compassion, Empathy and Forgiveness (3 credits)
• SWK 566 Crisis Intervention (3 credits)
• SWK 567 Mental Health Assessment (3 credits) ♦
• SWK 568 Family-Directed Structural Therapy (3 credits) ♦
• SWK 571 Photography as a Social Change Agent (3 credits) ♦
• SWK 572 Forensic Social Work (3 credits) ♦
• SWK 573 Mental Health and Ethnic Minorities (3 credits) ♦
Thinking about the discipline: Kinesiology, the study of human movement, has seen a surge in popularity over the last 20 years that experts attribute to its social relevance, its relation to the obesity epidemic, and the growing societal importance of sports and athletics. The kinesiology programs have evolved over the years to offer courses that extend beyond physical education and health to exercise science, exercise prescription, athletic training, motor development and learning, and biomechanics. Many students pursue traditional careers such as coaching or fitness instruction, but more than half pursue other quickly-growing allied health or medical professions such as athletic trainer, exercise science professional, cardiac rehabilitation specialist, physical therapist, occupational therapist or physician assistant. A new need for older adult and elementary/middle-school physical education teachers, coaches, and fitness instructors is also on the horizon, as the movement to improve health across the lifespan continues.

Special opportunities for our students: Students are encouraged to join the department’s Kinesiology Club or Athletic Training Club. Each club promotes an appreciation of, a commitment to, involvement in, and professional responsibility to the stated field of kinesiology. Students participate in such activities as: attending workshops, conferences, conventions, seminars, and institutions; community services; supporting events in the areas of athletic training, exercise science, and physical education/health; and serving as ambassadors for NKU to state, district, and national professional organizations.

You should also know: To remain in the athletic training education program or the exercise science program, students must maintain an overall GPA of at least 2.50. To be admitted to an education program students must maintain an overall GPA of at least 2.75.

In addition, students majoring in one of the education disciplines (for example, physical education) must apply for admission to the teacher education program. The admission process is described in detail in the teacher education section of the catalog. Students majoring in athletic training must also apply for admission to the athletic training program.

BACHELOR OF ARTS

Physical Education (Leading to P-12 Teaching Certification), B.A.

The physical education major prepares students to be effective physical education teachers at the elementary, middle, and secondary levels through a strong content and pedagogy curriculum. Students are well prepared to pass state certification exams and to apply for and achieve multi-state teaching certification. During each semester of the junior year and the first semester of the senior year, teacher candidates spend a minimum of 75 hours observing and teaching under the supervision of a certified physical education teacher and a university faculty member. During the final semester of the senior year, candidates complete a full semester of student teaching at both the elementary and secondary levels.

Those who enjoy sports and physical activity and would like to impact the lives of children and adolescents may find teaching physical education to be the ideal major. There continues to be a need for dedicated and effective physical education teachers in the schools, especially at a time when the percentage of children and adolescents who are obese in the United States is at an all-time high level. Within the next several years, the "baby boomers" who are currently teaching will be retiring, and the need for new teachers will increase dramatically. Students who graduate with a degree in physical education are also prepared to work with youth in community recreation, family fitness and sports centers, and to coach school and youth sports.

Students interested in majoring in physical education should first declare pre-physical education as a major and sign up to meet with an advisor in the College of Education and Human Services advising center and talk with a faculty member in the physical education program located in HC 104. To apply for admission to the teacher education program, students must:

- Earn 60 hours of course credit with an overall GPA of a 2.75 or higher.
- Earn a minimum score of 150 on the Praxis I mathematics exam; a minimum score of 162 on the writing exam; and a minimum score of 156 on the Praxis I reading exam.
- Complete “CMST 101 Public Speaking - OC (3 credits)” with a grade of B or better.
- Complete “ENG 102 Advanced College Writing - WC (3 credits)” with a grade of B or better.
- Pass “EDU 104 Orientation: Education Profession/Program (1 credit),”

To continue into the next professional semester, students must:

- Successfully complete each of the professional semester course requirements with a C or better.
- Complete a portfolio with a MET rating, on Kentucky Initial Teaching Standards.

To be eligible to student teach, students must:

- Successfully complete professional semesters I, II, and III.
- Maintain a 2.75 or higher overall GPA.
Maintain a GPA of 2.75 or higher in the major core content courses and the professional education courses.

* Indicates prerequisite.

These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements.

It is recommended that physical education P-12 certification majors also minor in health education and apply for health education P-12 certification.

**DEGREE REQUIREMENTS (91 CREDITS)**

**Courses in Kinesiology and Health (29 credits)**

- KIN 125 Introduction to Physical Education, Fitness, and Sport (3 credits)
- HEA 135 Safety and First Aid (3 credits)
- KIN 200 Concepts of Lifetime Fitness (2 credits)
- KIN 313 Computer Applications for Health and Kinesiology (2 credits)
- KIN 320 Motor Learning and Performance (3 credits)
- KIN 330 Motor Development (3 credits)
- KIN 370 Biomechanics (3 credits)
- KIN 340 Exercise Physiology (3 credits)
- KIN 340L Exercise Physiology Lab (1 credit)
- KIN 360 Statistics and Measurement in Kinesiology (3 credits)
- KIN 385 Sociological and Psychological Dimensions of Sport and Physical Activity (3 credits)

**Courses in Physical Education (28 credits)**

- PHE 230 Motor Skill and Fitness Activities for Children (3 credits)
- PHE 231 Dance and Rhythmic Activities (3 credits)
- PHE 234 Team Sports (3 credits)
- PHE 235 Individual and Dual Sports (3 credits)
- PHE 310 Fitness Education for Children and Youth (3 credits)
- PHE 319 Water Safety Instructor (3 credits)
- PHE 470 Teaching Methods for Physical Education (4 credits)
- PHE 490 Field Experiences in Elementary Physical Education (2 credits)
- PHE 491 Field Experiences in Middle School and Secondary Physical Education (1 credit)
- PHE 500 Adapted Physical Education (3 credits)

**Courses in Other Disciplines (31 credits)**

Students must apply for acceptance to the teacher education program during the semester of admission. Requirements for application: 2.75 or above overall GPA; PPST scores as stated in the teacher education section of the catalog.

- PSY 100 Introduction to Psychology - SB (3 credits)
- EDU 104 Orientation: Education Profession/Program (1 credit)
- EDU 300 Human Growth and Development (3 credits)
- EDU 304 Reading and Writing Across the Curriculum: Middle Grades (3 credits)
  OR
- EDU 530 Reading in Junior and Senior High School (3 credits)
- EDU 305 Introduction to Education (2 credits)
- EDU 311 Admission Field Experience Secondary (2 credits)
- EDU 496 Clinical Experience Secondary (12 credits)
- BIO 208 Human Anatomy and Physiology I - NS (4 credits)
- BIO 208L Human Anatomy and Physiology I Laboratory - SL (0 credits)
- BIO 209 Human Anatomy and Physiology II (4 credits)
- BIO 209L Human Anatomy and Physiology II Laboratory (0 credits)

**Physical Education (Non-Certification Track), B.A.**

The physical education non-certification program prepares students to work with children and youth in YMCA community recreation centers, family fitness and sports centers, after school programs and summer camps. The program consists of courses in sports skills (individual, dual and team sports), biomechanics, exercise science, health education and other kinesiology related courses. The final course in the program is a 250-hour community-based internship that is affiliated with community centers, health clubs and YMCA’s where students receive on the job training as part of their fieldwork experiences.

**DEGREE REQUIREMENTS (87 CREDITS)**

**Courses in Kinesiology and Health (32 credits)**

- KIN 125 Introduction to Physical Education, Fitness, and Sport (3 credits)
- HEA 135 Safety and First Aid (3 credits)
- KIN 200 Concepts of Lifetime Fitness (2 credits)
- KIN 313 Computer Applications for Health and Kinesiology (2 credits)
- KIN 320 Motor Learning and Performance (3 credits)
- KIN 330 Motor Development (3 credits)
- KIN 370 Biomechanics (3 credits)

- BIO 208 Human Anatomy and Physiology I - NS (4 credits)
- BIO 208L Human Anatomy and Physiology I Laboratory - SL (0 credits)
- BIO 209 Human Anatomy and Physiology II (4 credits)
- BIO 209L Human Anatomy and Physiology II Laboratory (0 credits)

BACHELOR OF SCIENCE

Athletic Training (Clinical Education Program), B.S.

Thinking about the discipline: Athletic training encompasses the prevention, diagnosis, and intervention of emergency, acute, and chronic medical conditions involving impairment, functional limitations, and disabilities. The mission of the NKU Athletic Training Education Program is to prepare the next generation of certified athletic trainers through student-centered education, diverse clinical experiences, and scholarly activities in order to produce well-rounded, competent clinicians who will make an impactful contribution to health care in our region, and beyond. Since 2006, NKU’s athletic training education program has been accredited by the Commission on Accreditation of Athletic Training Education. CAATE accreditation recognizes that NKU’s ATEP meets the required standards for the preparation of entry-level certified athletic trainers.

Special Admission Requirements: To meet minimum admission standards, a student must:

- Choose pre-athletic training as a major (XATH).
- Have at least sophomore standing (30 credit hours).
- Have completed pre-professional coursework with a minimum grade of C.
- Have a cumulative GPA of 2.50 or above.
- Have completed clinical observation as part of "ATP 280 Pre- Athletic Training (1 credit)."
- Meet technical standards for minimum mental and physical function. (completed with ATEP form)
- Complete First Aid, CPR, and AED for the professional rescuer.
- Return a negative TB test (annually).
- Complete a physical examination (completed with ATEP form).
- Submit immunization records (must have current HBV).
- Successfully complete a background check (see College of Education and Human Services Advising Center).
- Show proof of primary health insurance coverage.
- Produce college-level transcripts.
- Submit a complete admission file by the Fall (October 31st) or Spring (March 31st) due date.

Any student wishing to apply for admission into ATEP must complete a two-part process.

Step 1: Pre-professional

Students must choose pre-athletic training (XATH) as their major and successfully complete selected coursework and directed observation. The coursework consists of nine classes for a total of 20 hours. Students must receive a minimum grade of C for each pre-professional course and attain a cumulative GPA of 2.50 to be eligible for admission. The pre-professional courses are:

- ATP 101 Concepts of Athletic Training (1 credit)
- ATP 200 Medical History and Documentation (1 credit)
- ATP 201 ROM, Goniometry, and Manual Muscle Test (1 credit)
- ATP 280 Pre-Athletic Training (1 credit)
- PSY 100 Introduction to Psychology - SB (3 credits)
- BIO 126 Human Nutrition - NS (3 credits)
- HEA 135 Safety and First Aid (3 credits)
- KIN 280 Basic Recognition and Care of Athletic Injuries (3 credits)
- BIO 208 Human Anatomy and Physiology I - NS (4 credits) / BIO 208L Human Anatomy and Physiology I Laboratory - SL (0 credits)

As part of "ATP 280 Pre-Athletic Training (1 credit)," students will complete 30 clock hours of directed observation at sites selected by ATEP faculty. Clinical supervisors assess students on a general performance evaluation, and the results are used as part of the admission process. For more information or to obtain the evaluation forms, contact the ATEP director, Rachele Vogelpohl at vogelpohlra@nku.edu.

Step 2: Formal application

Formal program application and admission occur during the fall or spring semesters as part of "ATP 280 Pre-Athletic Training (1 credit)." To be eligible for formal application, the student must attain at least sophomore standing (30 credit hours) and satisfactorily complete the pre-professional stage. The ATEP application deadline is October 31 for fall admission and March 31 for spring admission. The student is required to provide transcripts or proof of satisfactory completion of the pre-professional stage.

The ATEP has limited and selective enrollment. The program has a set maximum for total student enrollment. Annual available positions will be determined according to the set maximum for program positions and the positions that became available through graduation and attrition. Students who fulfill the minimum requirements for formal application are chosen by objective selection criteria based on five parts: cumulative GPA, pre-professional coursework grades, evaluations by supervising ATs during directed observation, admission interview, and admission essay. Each portion of the criteria has been weighted according to its importance as determined by the NKU faculty and staff. The weightings are as follows:

- 20% cumulative GPA
- 20% pre-professional coursework grades
- 25% observation evaluations
- 25% admission interview
- 10% admission essay

Each section is given a numerical score. The section scores are totaled to produce an overall score to objectively rank the students. Available positions will be filled from the highest-ranked applicant down until all positions are filled. Rejected students will be afforded the opportunity to reapply during the next application period. Accepted students will have the option to begin clinical rotations the semester following admission to the ATEP.

The NKU technical standards represent the mental and physical requirements necessary for a student to successfully participate in and complete the NKU ATEP program. The guidelines are designed to reflect the necessary skills.
identified for the entry-level athletic trainer as detailed in the National Association of Training’s Board of Certification Role Delineation Study. A student must meet the requirements for admission, retention, and graduation.

Transfer students should contact the ATEP director, Rachele Vogelpohl at vogelpohlr@nku.edu, for details regarding course transfer and program admission eligibility.

**Progression:**

1. **Cumulative Grade Point Average**

   A 2.5 GPA is the minimum that must be maintained throughout enrollment in the program. If an athletic training student’s GPA falls below a 2.5 he/she will be placed on probation for one semester. During the probationary period, the student has the opportunity to bring his/her GPA back up to the minimum level with no penalty. If the student does not achieve this, he/she will be suspended from the program and the student will be prevented from progressing in didactic or clinical course work for a period of one semester. Students must maintain university enrollment during the suspension. The student will be allowed to retake any previously completed didactic program coursework. The student will not be permitted to enroll in any clinical coursework during the suspension period.

   If the student raises their GPA to the minimum standard by the end of the suspension period, he/she will be returned to active enrollment. If the student’s GPA remains below 2.5, he/she will be expelled from the program. Students wishing to return to the ATEP at a later date will be subject to the same admissions standards, student selection criteria, and must compete for available positions as if they were a new applicant.

2. **Academic Progress**

   A minimum grade of C- is required for ALL courses required by the ATEP. Students will not be permitted to enroll in a course where a C- was not earned in a prerequisite course. The clinical and didactic portions of the ATEP progress simultaneously throughout the program. A student is allowed to retake major coursework or clinical assignments that are unsatisfactory.

3. **Technical Standards**

   Students must maintain minimum physical and mental requirements as outlined in the ATEP Technical Standards throughout their enrollment in the ATEP. Students must complete medical history questionnaire and have an annual physical which must both be reviewed and signed for adherence to the technical standards by a qualified allied health care provider (i.e. MD, DO, PA, or Nurse Practitioner).

4. **National Athletic Trainers Association Code of Ethics**

   The NATA code of ethics provides the membership with the principles for athletic training ethical behavior. NKU ATEP requires student adherence to these standards of professional practice. Violation of the code of ethics can result in a student’s suspension or expulsion from the NKU ATEP. Any violation will be assessed on an individual basis by the Athletic Training Curriculum Committee.

5. **General Performance Evaluation**

   Students must earn a 2.5 average or higher on the end of rotation clinical education evaluations completed by their assigned preceptor. If student does not attain the minimum average score, they will be placed on probation for following semester and the student will be allowed to continue with the next clinical assignment. However, if the student’s general performance does not improve the minimum required score the student will be removed from the ATEP. Students wishing to return to the ATEP at a later date will be subject to the same admissions standards, student selection criteria, and must compete for available positions as if they were a new applicant.

**You should also know:**

- **Uniforms:** Students are required to purchase uniforms and name tags as designated by the ATEP faculty. This uniform is required for all clinical assignments.
- **Primary Health Insurance:** NKU ATEP students are required to have a primary health insurance policy throughout their enrollment in the NKU ATEP program. Students must provide proof of the policy annually.
- **Program fees:** Program fees include the following:
  - Laboratory fee: $80 assessed for ATP 280.
- **Additional fees:**
  - A Criminal History Background Check must be purchased for $46 prior to enrolling in ATP 280.
  - Once admitted into the ATEP program, students are required to purchase Professional Liability Insurance annually.
  - Students are required to purchase the National Athletic Trainers’ Association professional membership annually.
- **Physical examination and technical standards:** ATEP students are required to complete an annual physical examination and technical standards to ensure their health and physical fitness will allow them to complete the duties required of an athletic trainer.
- **TB test:** ATEP students are required to complete an annual TB skin test.
- **Hepatitis B vaccination:** Hepatitis B vaccination is required for ATEP admission. The student is responsible for the cost.
- **BOC examination:** Students are encouraged to complete the BOC examination, but it is not a requirement for graduation.

**Bachelor of Science with a major in Athletic Training (clinical education program)**

The Bachelor of Science in athletic training is a professional degree program with an integrated clinical education component. The coursework provides formal instruction aligned with the National Athletic Trainers’ Association educational competencies and clinical proficiencies. The program has an embedded focus in exercise science. Athletic training students do not need to complete a separate minor or focus for graduation.
The clinical practicum courses (ATP 366, ATP 367, ATP 466, ATP 467) provide students with an application of knowledge and skill in a real-world patient-care setting. Students are placed with an approved preceptor at a clinical site (on and off campus) that reflects the educational content specified in the clinical practicum course. Each practicum has required clinical hours as specified in the course description.

Each of the four practicum experiences has different educational goals, and only certain clinical sites offer the equipment and personnel to meet specific needs. NKU ATEP has a total number of approved preceptors and clinical sites that determines the number of students who can be placed in any given semester. Students with complete documentation will be placed first.

Students must inform the clinical coordinator no later than March 1 for the fall placement and no later than October 1 for a winter/spring placement.

All documentation listed under the admissions requirements is required for clinical placement. Several documents have expiration dates (i.e. CPR certification, first-aid certification, primary insurance, TB test). These documents or certifications are the responsibility of the student and must be provided prior to clinical placement.

A complete description of admission and clinical placement procedures is provided in the ATEP Policies and Procedures Manual which is available online (http://coehs.nku.edu/content/dam/coehs/docs/departments/11-10%20ATEP%20Policies%20and%20Procedures.pdf).

Indicates prerequisite.

DEGREE REQUIREMENTS (91-93 CREDITS)

Core Courses (51 credits)

- ATP 101 Concepts of Athletic Training (1 credit)
- ATP 200 Medical History and Documentation (1 credit)
- ATP 201 ROM, Goniometry, and Manual Muscle Test (1 credit)
- ATP 280 Pre-Athletic Training (1 credit)
- ATP 300 Equipment Intensive Field Experience Program (1 credit)
- ATP 320 Emergency Care in Athletic Training (1 credit)
- ATP 333 Lower Extremity Evaluation (2 credits)
- ATP 333L Lower Extremity Evaluation Lab (1 credit)
- ATP 334 Upper Extremity Evaluation (2 credits)
- ATP 334L Upper Extremity Evaluation Lab (1 credit)
- ATP 335 Head and Spine Evaluation (3 credits)
- ATP 350 Athletic Training Junior Seminar (1 credit)
- ATP 366 Athletic Training Clinical Practicum I (2 credits)
- ATP 367 Athletic Training Clinical Practicum II (3 credits)
- ATP 420 General Medical for Athletic Training (3 credits)
- ATP 425 Therapeutic Modalities (3 credits)
- ATP 425L Therapeutic Modalities Lab (1 credit)
- ATP 435 Administration of Athletic Health Care (3 credits)
- ATP 440 Rehabilitation of Athletic Injuries (3 credits)
- ATP 440L Rehabilitation of Athletic Injuries Lab (1 credit)
- ATP 450 Senior Teaching and Research Seminar (1 credit)
- ATP 455 Athletic Training Senior Capstone (3 credits)
- ATP 466 Athletic Training Clinical Practicum II A (9 credits)
- ATP 467 Athletic Training Clinical Practicum II B (3 credits)

Courses in Other Disciplines (40-42 credits)

- BIO 126 Human Nutrition - NS (3 credits)
- BIO 208 Human Anatomy and Physiology I - NS (4 credits)
- BIO 208L Human Anatomy and Physiology I Laboratory - SL (0 credits)
- BIO 209 Human Anatomy and Physiology II (4 credits)
- BIO 209L Human Anatomy and Physiology II Laboratory (0 credits)
- HEA 135 Safety and First Aid (3 credits)
- KIN 200 Concepts of Lifetime Fitness (2 credits)
- KIN 280 Basic Recognition and Care of Athletic Injuries (3 credits)
- KIN 360 Statistics and Measurement in Kinesiology (3 credits)
- OR
- STA 205 Introduction to Statistical Methods - QR (3 credits)
- STA 205 may count as a mathematics general education course.
- KIN 370 Biomechanics (3 credits)
- KIN 340 Exercise Physiology (3 credits)
- KIN 340L Exercise Physiology Lab (1 credit)
- KIN 260 Introduction to Strength and Conditioning (3 credits)
- KIN 350 Psychology of Physical Activity (3 credits)
- PSY 100 Introduction to Psychology - SB (3 credits)

Select at least one 300-level KIN course from the following (2-4 credits)

- KIN 313 Computer Applications for Health and Kinesiology (2 credits)
- KIN 320 Motor Learning and Performance (3 credits)
- KIN 330 Motor Development (3 credits)
- KIN 349 Exercise Prescription (3 credits)
- KIN 380 Clinical Exercise Physiology (3 credits)

Elective (0-2 credits)

Exercise Science, B.S.

Students who major in exercise science focus on the study of human movement within a biomechanical and physiological context; including aspects of anatomy, physiology, chemistry, physics, biology, nutrition and applied training principles. An exercise science degree prepares students for jobs in the fields of strength and conditioning, clinical exercise physiology (cardiac rehabilitation, pulmonary rehabilitation, etc.), sport performance, human performance (military, police, fire fighters, etc.) and applied research. Pre-professional programs that fit well with an exercise science degree are: physical therapy, occupational therapy, and prosthetics. (Students are advised to review specific requirements of professional programs at respective universities offering physical therapy and occupational therapy.)

A grade of C- or higher is required in all major coursework for exercise science undergraduate majors.

Indicates prerequisite.

These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements.

182
DEGREE REQUIREMENTS (84 CREDITS)

Courses in Kinesiology and Health (65 credits)
- HEA 135 Safety and First Aid (3 credits)
- KIN 125 Introduction to Physical Education, Fitness, and Sport (3 credits)
- KIN 200 Concepts of Lifetime Fitness (2 credits)
- KIN 260 Introduction to Strength and Conditioning (3 credits)
- KIN 313 Computer Applications for Health and Kinesiology (2 credits)
- KIN 295 Anatomical Kinesiology (3 credits)
- KIN 320 Motor Learning and Performance (3 credits)
- KIN 330 Motor Development (3 credits)
- KIN 340 Exercise Physiology (3 credits)
- KIN 340L Exercise Physiology Lab (1 credit)
- KIN 349 Exercise Prescription (3 credits)
- KIN 360 Statistics and Measurement in Kinesiology (3 credits)
- KIN 370 Biomechanics (3 credits)
- KIN 380 Clinical Exercise Physiology (3 credits)
- KIN 450 Organization and Administration of Kinesiology and Athletics (3 credits)
- KIN 481 Nutrition for Sport and Exercise (3 credits)
- KIN 483 Advanced Strength and Conditioning (3 credits)
- KIN 498 Research, Trends, and Issues in Exercise Science (3 credits)
- KIN 496 Internship in Exercise Science (9 credits)
- OR
- KIN 497 Exercise Science Senior Synthesis (3 credits) AND
- 6 KIN credit hours 300 level or above

Electives (6 credits)
- Select 300/400/500-level KIN, PHE, HEA, or ATP courses (with KH department approval) (6 credits)

Courses in Other Disciplines (19 credits)
- BIO 125 Human Nutrition - NS (3 credits)
- BIO 208 Human Anatomy and Physiology I - NS (4 credits)
- BIO 208L Human Anatomy and Physiology I Laboratory - SL (0 credits)
- BIO 209 Human Anatomy and Physiology II (4 credits)
- BIO 209L Human Anatomy and Physiology II Laboratory (0 credits)
- CHE 115 Physiological Chemistry - NS (3 credits)
- CHE 115L Physiological Chemistry Laboratory - SL (1 credit)
- PHY 110 Introduction to Physics with Laboratory - SL (4 credits)

MINOR

Health Education Minor
The kinesiology and health department offers two tracks in the health education minor:
- Health education - P-12 teaching certification
- Health education - non-certification

Those students who wish to apply for P-12 teaching certification in health education should complete the requirements for the P-12 certification track minor. They must be admitted to the teacher education program before completing "HEA 525 Methods and Materials in Health Education (3 credits)" and "HEA 489 Field Experiences in Health Education (1 credit)." Only those undergraduate students who are seeking a major in another education certification area may complete this minor track. Those who have already earned a teaching certificate in another content area may pursue the health education certification as postbaccalaureate students.

It is highly recommended that students who are majoring in physical education also complete the health education P-12 certification minor program. Most school districts hire physical education teachers who are also certified to teach health education. Students in this program must maintain an overall GPA of 2.75 or better and receive a C or better in all program courses.

Those students who are interested in the area of health are encouraged to complete the health education minor program.

Indicates prerequisite.

REQUIREMENTS FOR MINOR (31-62 CREDITS)

Non-certification track (31 credits)
- HEA 125 Introduction to Health Education (3 credits)
- HEA 135 Safety and First Aid (3 credits)
- HEA 230 Personal Health and Wellness (3 credits)
- KIN 200 Concepts of Lifetime Fitness (2 credits)
- HEA 270 Community Health (3 credits)
- HEA 320 Drug and Alcohol Education (3 credits)
- HEA 350 Sexuality Education (3 credits)
- BIO 126 Human Nutrition - NS (3 credits)
- BIO 208 Human Anatomy and Physiology I - NS (4 credits)
- BIO 208L Human Anatomy and Physiology I Laboratory - SL (0 credits)
- BIO 209 Human Anatomy and Physiology II (4 credits)
- BIO 209L Human Anatomy and Physiology II Laboratory (0 credits)

Note:
- **BIO 121 Diseases and the Systems they Affect - NS (3 credits)** may be substituted for **BIO 208 Human Anatomy and Physiology I - NS (4 credits)" and **BIO 209 Human Anatomy and Physiology II (4 credits)" if not a physical education major; **BIO 121 Diseases and the Systems they Affect - NS (3 credits)** is not required for a physical education major.

Teacher certification track (62 credits)
- All courses required for non-certification minor (31 credits)
- KIN 313 Computer Applications for Health and Kinesiology (2 credits)
- HEA 250 Health Education for Elementary Teachers (2 credits)
- HEA 489 Field Experiences in Health Education (1 credit)
- HEA 525 Methods and Materials in Health Education (3 credits)
- EDU 104 Orientation: Education Profession/Program (1 credit)
- EDU 300 Human Growth and Development (3 credits)
- EDU 305 Introduction to Education (2 credits)
Physical Education Minor

The minor in physical education is offered as an option for students interested in the field of physical activity. The courses provide an initial level of training appropriate for an academic minor at NKU. The physical education minor does not result in certification to teach physical education in the schools. Students must achieve a GPA of at least a 2.50 in the PHE, KIN, and HEA courses listed below.

♦ Indicates prerequisite.

These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements.

REQUIREMENTS FOR MINOR (28 CREDITS)

- KIN 125 Introduction to Physical Education, Fitness, and Sport (3 credits)
- HEA 135 Safety and First Aid (3 credits)
- KIN 200 Concepts of Lifetime Fitness (2 credits)
- PHE 234 Team Sports (3 credits)
- PHE 235 Individual and Dual Sports (3 credits)
- KIN 330 Motor Development (3 credits)
- KIN 340 Exercise Physiology (3 credits)
- KIN 349 Exercise Prescription (3 credits)
- KIN 360 Statistics and Measurement in Kinesiology (3 credits)
- KIN 330 Motor Development (3 credits)
- KIN 340 Exercise Physiology (3 credits)
- KIN 349 Exercise Prescription (3 credits)
- KIN 360 Statistics and Measurement in Kinesiology (3 credits)

Sports Medicine Minor

The minor in sports medicine is an excellent opportunity to attain a clinical understanding of evaluation, treatment, and rehabilitation of orthopedic and sport-related injuries or illnesses for students who don’t wish to pursue an athletic training degree. This would be a good choice for students majoring in pre-physical therapy, exercise science, physical education, or pre-medicine.

Students select 21 credit hours from the coursework below. Students must complete “KIN 280 Basic Recognition and Care of Athletic Injuries (3 credits)” before taking other ATP coursework. ATEP admission is not required. Students who obtain this minor are not eligible for board certification as an athletic trainer.

For more information, students should contact the ATEP director, Rachele Vogelpohl, at vogelpohlra@nku.edu.

♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (21 CREDITS)

Core Requirements

- KIN 280 Basic Recognition and Care of Athletic Injuries (3 credits)

Select 18 credit hours from the following

Many of the courses listed here have prerequisites. The most common are BIO 208 Human Anatomy and Physiology I - NS (4 credits)/BIO 208L Human Anatomy and Physiology I Laboratory - SL (0 credits), and BIO 209 Human Anatomy and Physiology II (4 credits)/BIO 209L Human Anatomy and Physiology II Laboratory (0 credits). Check with an advisor for more information.

- ATP 333 Lower Extremity Evaluation (2 credits) ♦ and
- ATP 333L Lower Extremity Evaluation Lab (1 credit)
- ATP 334 Upper Extremity Evaluation (2 credits) ♦ and
- ATP 334L Upper Extremity Evaluation Lab (1 credit)
- ATP 335 Head and Spine Evaluation (3 credits) ♦
- ATP 420 General Medical for Athletic Training (3 credits) ♦
- ATP 425 Therapeutic Modalities (3 credits) ♦ and
- ATP 425L Therapeutic Modalities Lab (1 credit)
- ATP 440 Rehabilitation of Athletic Injuries (3 credits) ♦ and
- ATP 440L Rehabilitation of Athletic Injuries Lab (1 credit)
- ATP 435 Administration of Athletic Health Care (3 credits) ♦
- KIN 260 Introduction to Strength and Conditioning (3 credits)
- KIN 370 Biomechanics (3 credits) ♦
- KIN 340 Exercise Physiology (3 credits) ♦
- KIN 349 Exercise Prescription (3 credits) ♦
Department of Teacher Education

Location: Mathematics-Education-Psychology Center 251
Telephone: 859-572-5624
Fax: 859-572-6096
Email Address: TeacherEducation@nku.edu
Web Address: http://coehs.nku.edu/departments/teachered.html
Department Chair: Roland Sintos Coloma

Other Key Personnel:
- Assistant Chairs: Sara Runge (Undergraduate Programs), Steve Crites (Graduate Programs)
- Academic Coordinator: Beth McCubbin
- Graduate Specialist: Diana VonHagel

Thinking about the discipline: *The Department of Teacher Education offers teacher certification or NON-CERTIFICATION majors. Specific requirements for NON-CERTIFICATION major is provided at the Program level. To become a teacher with Kentucky certification, preparation is required in four areas:
1. A broad, comprehensive background in the liberal arts.
2. Training in pedagogy through a sequence of professional courses.
3. Extensive field and clinical experiences provided by the university in cooperation with local school systems.
4. In-depth preparation in the content area(s) leading to certification.

Initial certification of all new teachers requires successful completion of appropriate PRAXIS examinations prior to certification and completion of an internship program. The PRAXIS examinations are administered by the Educational Testing Service, and internship components are administered by the Kentucky Education Professional Standards Board. Neither the PRAXIS examinations nor the internship are considered part of the NKU teacher education program. Upon successful completion of the required PRAXIS examinations, students must complete a CA-1 form and submit it to the College of Education and Human Services' certification officer. The certification officer will submit the form to the Education Professional Standards Board.

Students who plan to teach in other states should work closely with the teacher education certification officer in Mathematics-Education-Psychology Center 230 to determine the requirements in those states with reference to reciprocity.

Changes may be made in the teacher education programs to meet state certification requirements. Students must obtain the current program requirements from the advising office. The advising process is particularly crucial for teacher education students. It is suggested that freshmen or other interested students declare a pre-major in a teacher education field, which allows the student to be assigned a teacher education advisor.

Special opportunities for our students: Students pursuing a major in teacher education have several opportunities and resources available to them. Many students enjoy participating in one of several education-related student organizations including Black & Brown Educators of Excellence, Collegiate Middle Level Association, Early Childhood Education Club, and Student Council for Exceptional Children. In addition, students interested in exploring a study-abroad opportunity may consider the honors program or international clinical experience.

Multiple scholarships and awards are available to teacher education students. Details are available on the College of Education and Human Services website.

Special admission requirements: Students who wish to major in one of the education disciplines must apply for admission to the teacher education program. This is a two-step process.

First step: Admissions field experience
To apply for the admissions field experience (EDU 303, EDU 307, EDU 309, or EDU 311), a student must have:
1. Successfully completed an FBI background check.
2. Successfully completed "EDU 104 Orientation: Education Profession/Program (1 credit)" with a grade of C.
3. Attained a GPA of at least 2.75 on a 4.00 scale, or GPA of 3.0 on last 30 credit hours.
4. Earned a minimum of 45 credit hours of coursework.
5. Completed the required application for admission.
6. Achieved the minimum score required by state regulations on the PRAXIS CASE exams:
   a. Mathematics (5732) - Score: 150
   b. Reading (5712) - Score: 156
   c. Writing (5722) - Score: 162

Second step: Admission to the teacher education program
To be admitted to the teacher education program, a student must have:
1. Earned 60 credit hours of coursework.
2. Attained a cumulative GPA of at least 2.75 on a 4.00 scale, or GPA of 3.0 on last 30 credit hours.
3. Achieved at least a B in "ENG 102 Advanced College Writing - WC (3 credits)" or equivalent.
4. Achieved at least a B in "CMST 101 Public Speaking - OC (3 credits)" or equivalent.
5. Achieved at least a C in each of the following: "EDU 300 Human Growth and Development (3 credits)," "EDU 305 Introduction to Education (2 credits)," "EDU 313 Instructional Technology (2 credits)," and "EDS 368 Students with Exceptionalities in School (3 credits)."
6. Achieved a P in the admissions field experience (EDU 303, EDU 307, EDU 309, or EDU 311).
7. Signed a curriculum contract.
8. Received approval from the Teacher Education Committee.
9. Presented an approved portfolio from the admissions field experience.
10. Demonstrated the skills of communication, creativity, critical thinking, and collaboration as required by state regulation. These may be demonstrated in the following manner:
    a. Communication: Completion of CMST 101 or ENG 102 with a grade of B or better.
b. Creativity: Completion of any course under “culture and creativity: arts and humanities” with a grade of C or better.

c. Critical Thinking: Completion of any course under “scientific and quantitative inquiry: natural science or mathematics and statistics” or any course from “self and society: individual and society” with a grade of C or better.

d. Collaboration: Completion of the admissions field experience with a grade of P.

You should also know: At the time of graduation, all students in teacher education programs must meet the following requirements:

1. Overall GPA of 2.75.
2. Pedagogy (EDU and EDS courses) GPA of 2.75.
3. Content course GPA of 2.75.
4. NKU coursework GPA of 2.75.
5. Minimum grade of C (not C-) in all education (EDS/EDU) courses.

BACHELOR OF ARTS

Early Childhood Education (Birth-Kindergarten), B.A.

The early childhood education (birth to kindergarten) program leads to the Bachelor of Arts. Candidates may choose from two options to complete this degree: (1) interdisciplinary early childhood education certification track and (2) non-certification track. Students who wish to be certified to teach in Kentucky’s state-funded, public school, pre-kindergarten classrooms (serving 3- to 5-year-olds with and without disabilities) or in Kentucky’s early intervention system, First Steps (serving birth to 3-year-olds with disabilities), should declare a pre-major in IECE certification track. Candidates will become IECE certification track major after successful completion of the Teacher Education Program requirements. Candidates who wish to work in community childcare programs, Head Start, or Early Head Start programs, Kentucky’s Quality Rating System, ALL STARS, or home visitation programs should declare major in the non-certification track.

*Those seeking the non-certification track should consult with an advisor about course requirements.

♦ Indicates prerequisite.

DEGREE REQUIREMENTS

Core Courses (45 credits)

- EDU 301 Interpersonal Interaction and Guidance (3 credits) ♦
- EDU 316 Racism and Sexism in Educational Institutions - SB (3 credits)
- EDU 320 Family Engagement in the Home, School and Community (3 credits)
- EDU 500 Core Principles of Early Childhood Edu (3 credits)
- EDU 550 Current Trends in Early Childhood Education (3 credits)
- EDU 551 Preschool Education and Programming (3 credits) ♦
- EDU 552 Infant Toddler Education and Programming (3 credits)
- EDU 554 Language Development and Emergent Literacy (3 credits)
- EDU 565 Early Childhood Assessments for Screening (3 credits)

- EDU 566 Ongoing Assessment in Early Childhood Education (3 credits) ♦
- EDU 567 Math and Science Exploration PreK-3rd (3 credits)
- EDU 568 Administration and Supervision in Early Childhood Education (3 credits) ♦
- EDS 360 Students with Exceptionalities in School (3 credits) ♦
- EDS 363 Behavior Management Strategies for Young Child (3 credits)
- EDS 562 Early Childhood Special Education Programs (3 credits) ♦

IECE Certification Track

- PSY 100 Introduction to Psychology - SB (3 credits)
- CMST 101 Public Speaking - OC (3 credits)
- Select two ENG courses (may be met through general education requirements) (6 credits)
- *These courses fulfill general education requirements in Individual and Society, Oral Communication, and Natural Science.

- EDU 104 Orientation: Education Profession/Program (1 credit) ♦
- *EDU 104 is a prerequisite course for all other EDU and EDS courses, except EDU 300 and EDS 360.
- EDU 300 Human Growth and Development (3 credits) ♦
- EDU 303 Admission Field Experience IECE (2 credits) ♦
- EDU 305 Introduction to Education (2 credits) ♦
- EDU 313 Instructional Technology (2 credits) ♦
- EDU 395 IECE Field Experience I (3 credits) ♦
- EDU 397 IECE Field Experience II (3 credits) ♦
- EDU 491 Clinical Experience in IECE (12 credits) ♦
- EDU 569 Kindergarten Education and Programming (3 credits)
- EDS 551 Assistive Technology in the Classroom (3 credits)
- EDS 570 Working with Families of Students with Disabilities (3 credits) ♦

Total Credits Vary

Non-Certification Track

Special graduation requirements: At the time of graduation, all students must have successfully completed all required education (EDS/EDU) courses with a grade of C or better and have attained a minimum GPA of 2.5.

- EDU 490 Non-certification Final Field Experience (6 credits) ♦
- Electives (32 credits)
- See advisor for recommended list of electives.

Total Credits (38 credits)

Elementary Education (P-5), B.A.

The elementary education (P-5) program leads to the Bachelor of Arts. The advising process is particularly crucial for teacher education students. Students wishing to enroll in the elementary education program must follow the admission guidelines for teacher education programs outlined by the College of Education and Human Services. It is suggested that freshmen or other interested students declare a pre-major in elementary education. This procedure will result in assignment to a teacher education advisor familiar with
the current curricular and admission requirements and with any impending changes that may occur prior to the student's admission semester. Upon successful completion of this program, the graduate will qualify for an institutional recommendation for a Kentucky Provisional Certificate for teaching in the elementary grades (P-5).

Indicates prerequisite.

These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements.

DEGREE REQUIREMENTS (100 CREDITS)

Core Courses (55 credits)

- EDU 104 Orientation: Education Profession/Program (1 credit) *
  EDU 104 is a prerequisite course for all other EDU and EDS courses except EDU 300 and EDS 360.
- EDU 300 Human Growth and Development (3 credits) *
- EDU 302 Teaching of Reading (3 credits) *
- EDU 305 Introduction to Education (2 credits) *
- EDU 306 Teaching Elementary School Mathematics (3 credits) *
- EDU 307 Admission Field Experience Elementary (2 credits) *
- EDU 308 Teaching Elementary School Science (3 credits) *
- EDU 310 Teaching Language Arts in Early Grades (3 credits) *
- EDU 312 Teaching Social Studies in Early Grades (3 credits) *
- EDU 313 Instructional Technology (2 credits) *
- EDU 314 Classroom Management (3 credits) *
- EDU 315 Educational Assessment: Elementary Schools (2 credits) *
- EDU 316 Racism and Sexism in Educational Institutions - SB (3 credits) *
- EDU 390 Elementary Field Experience I (2 credits) *
- EDU 392 Elementary Field Experience II (2 credits) *
- EDU 494 Clinical Experience Elementary (12 credits) *
- EDS 322 Instructional Planning for Inclusive Elementary Classrooms (3 credits) *
- EDS 360 Students with Exceptionalities in School (3 credits) *

Courses in Other Disciplines (45 credits)

- PSY 100 Introduction to Psychology - SB (3 credits) *
- CMST 101 Public Speaking - OC (3 credits) *
- STA 113 Probability and Statistics with Elementary Education Applications - QR (3 credits) *
- BIO 120 Understanding the Living World - NS (4 credits) *
- BIO 120L Understanding the Living World Laboratory - SL (0 credits) *
- SCI 110 Integrative Science - SL (4 credits) *
- ENG 102 Advanced College Writing - WC (3 credits) *
- ARTE 280 Art for Elementary Education (3 credits) *
- ENG 386 Children's Literature (3 credits) *
- HEA 250 Health Education for Elementary Teachers (2 credits) *
- MAT 140 Mathematics for Elementary Grade Teachers I (3 credits) *
- MAT 141 Mathematics for Elementary and Middle Grades Teachers II (3 credits) *
- MAT 141 Mathematics for Elementary Grade Teachers I (3 credits) *
- MAT 141 Mathematics for Elementary and Middle Grades Teachers II (3 credits) *
- MUS 260 Music Fundamentals and Skills for Classroom Teachers (3 credits) *
- PHE 250 Physical Education for Elementary Teachers (2 credits) *
- Electives (6 credits) *
- Prerequisite for Professional Semester II: One HIS course and one GEO course

Elementary Education with Special Education

Students pursuing an elementary education major may also choose to concurrently complete a second major in special education. For courses leading to certification in special education, refer to the Bachelor of Arts with a major in special education program description.

Note:

* These courses fulfill general education requirements in Individual and Society, Oral Communication, Mathematics and Statistics, and Natural Science.

Middle Grades Education (5-9), B.A.

Successful completion of the middle grades education (5-9) program leads to the Bachelor of Arts and is the first step toward attaining certification to teach in grades 5-9 in Kentucky. Students wishing to enroll in the middle grades program must follow the admission guidelines for teacher education programs outlined by the College of Education and Human Services. It is suggested that freshmen or other interested students declare a pre-education major in middle grades education. Doing so will enable the student to be assigned a teacher education advisor. The advisor will be familiar with the current curriculum and admission requirements as well as any impending changes that may occur prior to the student's admission semester. Students pursuing a middle grades education program must complete at least two of the following teaching fields: English and communication, mathematics, science, social studies, or special education. Special Education must be completed as a second major. See Special Education (P-12), B.A. Upon successful completion of this program, the graduate will qualify for an institutional recommendation for a Kentucky Provisional Certificate for teaching in the middle grades (5-9), with appropriate teaching fields.

Indicates prerequisite.

DEGREE REQUIREMENTS (59 CREDITS)

Core Courses (50 credits)

- EDU 104 Orientation: Education Profession/Program (1 credit) *
  EDU 104 is a prerequisite course for all other EDU and EDS courses except EDU 300 and EDS 360.
- EDU 300 Human Growth and Development (3 credits) *
- EDU 304 Reading and Writing Across the Curriculum: Middle Grades (3 credits) *
- EDU 306 Teaching Elementary School Mathematics (3 credits) *
- EDU 309 Admission Field Experience Middle Grades (2 credits) *
- EDU 310 Teaching Elementary School Science (3 credits) *
- EDU 312 Teaching Mathematical Concepts Elementary (2 credits) *
- EDU 313 Instructional Technology (2 credits) *
- EDU 314 Classroom Management (3 credits) *
- EDU 315 Educational Assessment: Elementary Schools (2 credits) *
- EDU 316 Racism and Sexism in Educational Institutions - SB (3 credits) *
- EDU 390 Elementary Field Experience I (2 credits) *
- EDU 392 Elementary Field Experience II (2 credits) *
- EDU 494 Clinical Experience Elementary (12 credits) *
- EDS 322 Instructional Planning for Inclusive Elementary Classrooms (3 credits) *
- EDS 360 Students with Exceptionalities in School (3 credits) *
- EDU 305 Introduction to Education (2 credits) *
- EDU 309 Admission Field Experience Middle Grades (2 credits) *
- EDU 310 Teaching Mathematical Concepts Elementary (2 credits) *
- EDU 311 Instructional Technology (2 credits) *
- EDU 316 Racism and Sexism in Educational Institutions - SB (3 credits) *
- EDU 317 Classroom Climate Management: Middle School (2 credits) *
- EDU 334 Educational Assessment Middle Schools (2 credits) *
• EDU 344 Fundamentals of Middle Grades Education (2 credits)
• EDU 391 Middle Grades Field Experience I (2 credits)
• EDU 394 Middle Grades Field Experience II (2 credits)
• EDU 495 Clinical Experience Middle Grades (12 credits)
• EDS 323 Instructional Planning for Inclusive Middle Level Classrooms (3 credits)
• EDS 360 Students with Exceptionalities in School (3 credits)

Methods Courses - select two courses from the following* (6 credits)
• EDU 345 Teaching Language Arts in Middle Grades (3 credits)
• EDU 346 Teaching Science in Middle Grades (3 credits)
• EDU 347 Teaching Math in Middle Grades (3 credits)
• EDU 348 Teaching Social Studies in Middle Grades (3 credits)

Core Courses in Other Disciplines (9 credits)
• PSY 100 Introduction to Psychology - SB (3 credits)
• CMST 101 Public Speaking - OC (3 credits)
• ENG 102 Advanced College Writing - WC (3 credits)

Note:
*Two methods courses are to be completed, one in Professional Semester I and the other in Professional Semester II. Students who plan to complete Special Education as an area will dual major and only be required to take one method course.

**These courses fulfill general education requirements in Individual and Society and Oral Communication.

CONTENT AREA TRACKS

Students select two content area tracks from the following: English and communication, social studies, mathematics, science, and special education. A minimum of 12 credit hours of content coursework must be completed before enrolling in the corresponding methods course.

English/Communications Track (24 credits)
• ENG 200 Understanding Literature - AH (3 credits)
• ENG 208 Survey of American Literature I (3 credits)
• ENG 209 Survey of American Literature II (3 credits)
• ENG 102 Advanced College Writing - WC (3 credits)
• ENG 371 Traditional Grammar (3 credits)
• ENG 530 Readings in the English Language (3 credits)
• CMST 310 Argumentation (3 credits)

Select one course from the following (3 credits)
• ENG 231 Introduction to Creative Writing (3 credits)
• ENG 331 Persuasive Writing (3 credits)

Total Credits 83

Social Studies Track (24 credits)
• HIS 102 History of the United States through 1877 - AH (3 credits)
• HIS 103 History of the United States since 1877 - AH (3 credits)
• HIS 108 World History to 1500 (3 credits)
• HIS 109 World History since 1500 (3 credits)

• GEO 101 World Regional Geography (3 credits)
• PSC 102 Comparative Politics - AH (3 credits)
• ECO 205 Economics for Teachers (3 credits)
• ANT 100 Introduction to Cultural Anthropology - SB (3 credits)
• SOC 100 Introduction to Sociology - SB (3 credits)

Total Credits 80

Methods Courses - select two courses from the following* (6 credits)
• EDU 345 Teaching Language Arts in Middle Grades (3 credits)
• EDU 346 Teaching Science in Middle Grades (3 credits)
• EDU 347 Teaching Math in Middle Grades (3 credits)
• EDU 348 Teaching Social Studies in Middle Grades (3 credits)

Core Courses in Other Disciplines (9 credits)
• PSY 100 Introduction to Psychology - SB (3 credits)
• CMST 101 Public Speaking - OC (3 credits)
• ENG 102 Advanced College Writing - WC (3 credits)

Note:
*Two methods courses are to be completed, one in Professional Semester I and the other in Professional Semester II. Students who plan to complete Special Education as an area will dual major and only be required to take one method course.

**These courses fulfill general education requirements in Individual and Society and Oral Communication.

CONTENT AREA TRACKS

Students select two content area tracks from the following: English and communication, social studies, mathematics, science, and special education. A minimum of 12 credit hours of content coursework must be completed before enrolling in the corresponding methods course.

English/Communications Track (24 credits)
• ENG 200 Understanding Literature - AH (3 credits)

• SOC 100 Introduction to Sociology - SB (3 credits)

Total Credits 80

Mathematics Track (24 credits)
• MAT 110 Introductory Probability (3 credits)
• MAT 112 Applied Calculus (3 credits)
• MAT 116 Mathematics for Middle Grades Teachers I (3 credits)
• MAT 117 Algebra for Middle Grades Teachers (3 credits)
• MAT 141 Mathematics for Elementary and Middle Grades Teachers II (3 credits)
• MAT 240 Geometry for Middle Grades Teachers (3 credits)
• STA 204 Statistics for Middle Grades Teachers (3 credits)

Select one course from the following (3 credits)
• MAT 114 Finite Mathematics - QR (3 credits)
• MAT 119 Pre-Calculus Mathematics (3 credits)
• MAT 128 Calculus A - QR (3 credits)
• MAT 129 Calculus I - QR (4 credits)
• MAT 185 Introductory Discrete Mathematics - QR (3 credits)
• MAT 227 Calculus B (3 credits)

Total Credits 80

Science Track (23-29 credits)
All courses except electives must include a laboratory component.
• BIO 120 Understanding the Living World - NS (4 credits)
• BIO 120L Understanding the Living World Laboratory - SL (0 credits)
• CHE 105 Discovering Chemistry with Laboratory - SL (4 credits)
• PHY 110 Introduction to Physics with Laboratory - SL (4 credits)
• AST 110 Solar System Astronomy with Laboratory - SL (4 credits)
• GLY 110 The Face of the Earth with Laboratory - SL (4 credits)

Select one course from the following:* (3-5 credits)

Life Sciences
• BIO 150 Introduction to Biology I - NS (4 credits) and
• BIO 150L Introduction to Biology I Laboratory - NS (0 credits)
• BIO 151 Introduction to Biology II (4 credits) and
• BIO 151L Introduction to Biology II Laboratory (0 credits)
• BIO 208 Human Anatomy and Physiology I - NS (4 credits) and
• BIO 208L Human Anatomy and Physiology I Laboratory - SL (0 credits)
• BIO 123 Human Ecology - NS (3 credits)
• BIO 121 Diseases and the Systems they Affect - NS (3 credits) and
• BIO 121L Diseases and the Systems they Affect Laboratory - SL (1 credit)

**Integrated Sciences**
• SCI 110 Integrative Science - SL (4 credits)

**Physical Sciences**
• PHY 211 General Physics with Laboratory I - SL (5 credits)
• PHY 213 General Physics with Laboratory II (5 credits)

**Earth and Space Science:**
• GLY 120 This Dangerous Earth - NS (3 credits) and
• GLY 120L This Dangerous Earth Laboratory (1 credit)
• GLY 115 History of the Earth (3 credits)
• AST 115 Stars, Galaxies, and Cosmology with Laboratory - SL (4 credits)

**Total Credits 82-88**
*Science electives: If credit hour total for track is fewer than 24 hours, select additional elective hours from the list above.

**MIDDLE GRADES EDUCATION WITH SPECIAL EDUCATION**

Students pursuing a middle grades education major may also choose to concurrently complete a second major in special education. For courses leading to certification in special education, refer to the Bachelor of Arts with a major in special education program description.

**Secondary Education (8-12/P-12), B.A.**

Successful completion of the secondary education (8-12/P-12) program leads to the Bachelor of Arts and is the first step toward attaining certification to teach in one’s chosen field in a secondary school program (8-12) in Kentucky. Students completing the secondary education program must also complete a second major in their selected teaching content through the corresponding department. Students wishing to enroll in the secondary education program must follow the admission guidelines outlined by the College of Education and Human Services. It is suggested that freshmen or other interested students declare a pre-education major in secondary education. Doing so will enable the student to be assigned to a teacher education advisor. The advisor will be familiar with the current curriculum and admission requirements as well as any impending changes that may occur prior to the student’s admission semester. Upon successful completion of this program, the graduate will qualify for an institutional recommendation for a Kentucky Provisional Certificate for teaching in the secondary grades (8-12) or in all grades (P-12) depending upon the selected teaching field.

*Indicates prerequisite

**DEGREE REQUIREMENTS (52-55 CREDITS)**

**Core Courses in Teacher Education (40-43 credits)**
• EDU 104 Orientation: Education Profession/Program (1 credit) *
• EDU 300 Human Growth and Development (3 credits)
• EDU 304 Reading and Writing Across the Curriculum: Middle Grades (3 credits) OR
• EDU 530 Reading in Junior and Senior High School (3 credits)
• EDU 305 Introduction to Education (2 credits)
• EDU 311 Admission Field Experience Secondary (2 credits)
• EDU 313 Instructional Technology (2 credits)
• EDU 319 Classroom Climate Management Secondary (1 credit)
• EDU 324 Fundamentals of Secondary Education (2 credits)
• EDU 325 Educational Assessment Secondary (2 credits)
• Select the methods courses for chosen teaching field (3-6 credits)
• EDU 393 Secondary Field Experience I (2 credits)
• EDU 396 Secondary Field Experience II (2 credits)
• EDU 496 Clinical Experience Secondary (12 credits)
• EDS 324 Instructional Planning for Inclusive Secondary Classrooms (3 credits)
• EDS 360 Students with Exceptionalities in School (3 credits)

*EDU 104 is a prerequisite course for all other EDU and EDS courses except EDU 300 and EDS 360.

**Core Courses in Other Disciplines (9 credits)**
• PSY 100 Introduction to Psychology - SB (3 credits)
• CMST 101 Public Speaking - OC (3 credits)
• ENG 102 Advanced College Writing - WC (3 credits)

**NOTE:** All of these courses fulfill general education requirements in Individual and Society and Oral Communication.

**SELECTED TEACHING FIELD**

Students should refer to the content area department for specific content course requirements in the selected teaching field.

**Art (P-12)**
**Biology (8-12)**
**Chemistry (8-12)**
**Earth/Space Science (8-12)**
**English (8-12)**
**Health Education (P-12) - must be paired with another certification area**
**Mathematics (8-12)**
**Music (P-12) - refer to Department of Music for degree requirements**
**Physical Education (P-12)**
**Physics (8-12)**
**Social Studies (8-12) - refer to Department of History and Geography for degree requirements**
**World Languages (P-12): French, Spanish, German**

*Credits Vary

**SECONDARY EDUCATION WITH SPECIAL EDUCATION**

Students pursuing secondary education certification may also choose to concurrently complete a second major in special education. For courses leading to certification in special education, refer to the Bachelor of Arts with a major in special education program description.

**Special Education (P-12), B.A.**

Students who want to become special education teachers must also major in either elementary, middle, or secondary (high school) teaching. Those choosing
to major in special education will work with students who have identified learning disabilities, behavior disorders, mild intellectual disabilities, and/or physical and health disabilities. The special education teacher may work alongside a general education teacher providing support, accommodations, and modifications to students with disabilities in the general education classroom; may provide more individualized instruction to students with disabilities in a resource room; or may teach students with disabilities in a self-contained special education classroom. When finished, students may apply for certification to teach individuals with learning and behavior disorders from kindergarten through 12th grade. Students must maintain an overall GPA of 2.75 throughout the program. Additionally, students will need to work closely with their assigned advisor to ensure that requirements for both general education teaching certification (elementary, middle, or secondary), as well as the requirements for special education teaching certification, are met.

♦ Indicates prerequisite.

**DEGREE REQUIREMENTS (38 CREDITS)**

**Core Courses (15 credits)**

- EDS 364 Characteristics of Learning Disabilities (3 credits) ♦
- EDS 365 Characteristics of Emotional/Behavioral Disorder (3 credits) ♦
- EDS 561 Intellectual and Orthopedic Disabilities (3 credits) ♦
- EDS 570 Working with Families of Students with Disabilities (3 credits) ♦
- EDS 572 Secondary Special Education Programs (3 credits) ♦

**Professional Semester III - Special Education Block (11 credits)**

(every fall semester; spring semester based upon need)

- EDS 362 Applied Behavior Analysis for Students with Disabilities (3 credits)

- EDS 464 Assessment Learning and Behavior Disorders (3 credits) ♦

- EDS 472 Special Education Methods and Materials (3 credits) ♦
- EDS 473 Special Education Field Experience (2 credits)

**Professional Semester IV - Clinical Experience (12 credits)**

Select one course from the following

- EDU 492 Clinical Experience Elementary with Special Education (12 credits)
- EDU 493 Clinical Experience Middle Grades with Special Education (12 credits) ♦
- EDU 497 Clinical Experience Secondary with Special Education (12 credits)

**MIDDLE GRADES EDUCATION WITH SPECIAL EDUCATION TRACK (6 CREDITS)**

- MAT 140 Mathematics for Elementary Grade Teachers I (3 credits) ♦
- MAT 141 Mathematics for Elementary and Middle Grades Teachers II (3 credits) ♦

**SECONDARY EDUCATION WITH SPECIAL EDUCATION TRACK (9 CREDITS)**

- MAT 140 Mathematics for Elementary Grade Teachers I (3 credits) ♦
- MAT 141 Mathematics for Elementary and Middle Grades Teachers II (3 credits) ♦
- EDU 304 Reading and Writing Across the Curriculum: Middle Grades (3 credits)

**TOTAL CREDITS 44**

**TOTAL CREDITS 47**

- Academic Assistant: Amy Sterret
- Analyst, Academic Technology: Evan Downing

The College of Health Professions is dedicated to providing quality educational programs for students wishing to enter a broad range of health professions. Academic programs in the college provide the Northern Kentucky/Greater Cincinnati service area with educational offerings that emphasize population health and the value of prevention of acute and chronic injury and disease. The college prides itself on being an institutional leader in offering online programs to current and prospective students. Residing in the Health Innovation Center, the colleges houses a state of the art simulation center that enhances the clinical experience for students majoring in our face-to-face nursing, respiratory care, and radiologic science programs. College goals are furthered through a spirit of collaboration with regional health partners and the scholarly activities performed by faculty and students.

Accreditations

The Department of Nursing is accredited by:
- Commission on Collegiate Nursing Education (CCNE)

Contact the CCNE:
655 K Street, NW, Suite 750
Washington, DC 2001

- Academic Advisor: Diane Coning
- Academic Advisor: Dyane Foltz

Advisors in the College of Health Professions assist students pursuing or hoping to pursue one of the majors in our College.

College of Health Professions Policies

Student criminal background check: Health agencies are responsible for providing care to, and protecting the safety of, vulnerable populations such as children and the aged. Consequentially, several agencies used for clinical placements require students to undergo criminal background checks by an external agency. Agencies may deny clinical access to students convicted of felonies and certain misdemeanors. Conviction of these offenses may result in a student’s denial of admission to, or dismissal from, the College of Health Professions. The criminal background check is required by the College as a part of the admission application process, with the cost of this and any subsequent screening to be borne by the student. The student must submit all required materials within the time frame established by his/her respective program and is responsible for notifying the College of Health Professions of any change in the status of this record. Please note that successful completion of a criminal background check does not ensure eligibility for certification, licensure, or future employment.
Centers

Northern Kentucky Nursing and Interprofessional Research Collaborative
Location: Albright Health Center 206J
Telephone: 859-572-5246
Web Address: http://inside.nku.edu/healthprofessions/institutes/nirc.html
Director: Mary Kishman

The purpose of the Northern Kentucky Nursing and Interprofessional Research Collaborative (NIRC) is to positively impact the health of people within Kentucky through interdisciplinary research, quality improvement initiatives, and the application of evidence-based practice. Through the collaborative efforts between Northern Kentucky University, Rho Theta Chapter of Sigma Theta Tau International (STTI) Nursing Honor Society, St. Elizabeth Healthcare, and the Northern Kentucky Independent Health District, the NIRC sponsors structured workshops, seminars, and professional meetings for interprofessional healthcare providers, university students and community partners. The goal of the NIRC is to support original research and application of research to foster positive healthcare outcomes within the community.

Nurse Advocacy Center for the Underserved
Location: Albright Health Center 322
Telephone: 859-572-1305
Web Address: http://inside.nku.edu/healthprofessions/institutes/nacu.html
Director: Roxanne Gall

The Mission of the Nurse Advocacy Center for the Underserved (NACU) is to improve the health of the underserved in the Northern Kentucky region by reducing health disparities. NKU nursing students are learning within a population-based context of healthcare delivery grounded in scholarship that determines best-practice standards and prepares them for meaningful careers. Unique methods of instruction are used by faculty in preparing students to deal with population health needs within a community or within an institutional setting. NACU provides a singular model of care that immerses students in the community and allows them to become enlightened change agents. Students leave the comfort of fact-based theories in order to search, analyze, and synthesize information for decision making. Not only do students learn how to be change agents, but they often experience a change within themselves. Their perceptions of the underserved are altered, which leads them to become more empathetic as well as self- and socially-aware graduates. These interactions are transformative not only for the student but also for the faculty and the clients who are being served.
Department of Allied Health

Location: Albright Health Center 246
Telephone: 859-572-5476
Fax: 859-572-1314
Email Address: alliedhealth@nku.edu
Web Address: http://alliedhealth.nku.edu
Department Chair: Olu Ekundayo
Other Key Personnel:
  Program Director, Bachelor of Science in Health Science: Shannon Alexander
  Program Director, Radiologic Science: Trina Koscielicki
  Program Director, Respiratory Care: Thomas Baxter
  Academic Advisor: Dyane Foltz

Full-Time Faculty: Shannon Alexander, Jason Applegate, Thomas Baxter, Diane Gronfeld, Debra Kasel, Fran Knox Kazimierczuk, Trina Koscielicki, Karen Leek, Debbie Patten

What we are: The Department of Allied Health offers dynamic, flexible, and competency driven clinical, non-clinical and completion programs.

Our Programs:
- Health Science, B.S. (BSHS) - two tracks:
  - Transdisciplinary
  - Degree completion - accelerated, fully online
- Respiratory Care, B.S. (BSRC) - two tracks
  - Clinical - small, inter-professional, face to face with state of the art simulation, laboratory facilities and clinical placement,
  - Degree Completion - 100% On-Line for those already certified as Respiratory Care Practitioner/Therapist with an Associate Degree in Respiratory Care
- Radiologic Science, B.S. (BSRS) - small, inter-professional face to face with state of the art simulation, laboratory facilities and clinical placement,
- Certificate in Clinical Trial Management

What we do: Our programs offer students personalized attention through:
- Dynamic, flexible, online accelerated, and small face to face classes,
- Completion programs,
- State of the art simulation and laboratory facilities,
- Advising, and
- Dedicated faculty focused on student success.

Who we serve: The programs are designed to meet the needs of
- The student who seeks to be a part of the exciting health care team as a professional,
- The student who is trying to determine their life trajectory,
- Professionals who are already in the health care professions, seeking professional development and transformation into other professions, and
- Those seeking to enhance their prospects in the health care workplace.

Our graduates:
- A degree from our programs enables students to easily transition to an advanced degree.
- Students in our Joint Review Committee on Education in Radiologic Technology (JCERT) accredited Radiologic Science, and Commission on Accreditation for Respiratory Care (CoARC) accredited Respiratory Care programs have the opportunity for a strong clinical education through state of the art simulation, laboratory experiences, and clinical site placements. They also have other opportunities to connect with employers for possible job placement. In addition, they are qualified to sit for the ARRT and CRT/RRT professional examinations respectively.
- Students within our Baccalaureate of Health Science programs have the opportunity to transition into other fields within health care, or enter into the fields of health education, healthcare administration and management, as well as public health. Students also have the opportunity to learn in high quality, accelerated programs.
- Our Clinical Trials Certificate program helps clinical and non-clinical professionals transition into health care clinical research as Clinical Research Coordinators (CRO) and Managers (CRM), and starts them on the road to sit for CCPR, CCRA certifications.

Student Activity Opportunities:
Allied Health students have opportunities to become members of the Respiratory Care Students’ Club, Radiologic Science Students’ Club, College of Health Professions Student Ambassadors, African American Student Support Group, Student Advisory Board, the Kentucky Society of Radiologic Technologists (KSRT), Ohio Society of Radiologic Technologists (OSRT), and American Society of Radiologic Technologists (ASRT) - Student Sections. Students have exposure to service-learning and student leadership opportunities at the National level.

The Department of Allied Health fully complies with all the policies of the College of Health professions and Northern Kentucky University.

Above All
The Department of Allied Health takes special pride in producing graduates who go on to become successful leaders in their careers as inheritors of a tradition of excellence in caring at all levels.

Accreditation:
The radiologic science program is accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT).

Contact the JRCERT:
Joint Review Committee on Education in Radiologic Technology
20 N. Wacker Drive, Suite 2850
Chicago, IL 60606-3182
Email: mail@jrcert.org
Phone: (312) 704-5300
Fax: (312) 704-5304

The respiratory care program is accredited by the Commission on Accreditation for Respiratory Care (CoARC).
The Bachelor of Science (BS) in Health Science program provides students with the opportunity to gain well-rounded, holistic knowledge of the health care system. Students who are enrolled in the program represent a variety of backgrounds. In addition to promoting the “team concept” in healthcare, the curriculum prepares graduates for a variety of positions in health-related organizations, including administration, management, education/training, and advanced clinical practice. The upper-level courses blend technical and humanistic theories to give graduates a foundation for advanced positions in their respective disciplines, as well preparing them for graduate studies.

This program currently has two program tracks to meet the needs of students with various backgrounds and goals. The first track is a degree completion option that is available online for those who meet the admission requirements for the track. The timeline for program completion is flexible in consideration of students who are often adult learners working full-time.

Degree Completion Track
This track is designed for students who have an earned associate’s degree in a health discipline looking to complete a bachelors degree. Students must additionally meet all university graduation requirements.

Eligibility Requirements
- Associate’s degree in a health discipline
- Minimum college GPA of 2.30

The second track in the program is open to freshman, transfer and current NKU students who do not have academic deficiencies and do not meet the requirements of the degree completion track.

Transdisciplinary Track
This track is designed for students who want to work in some aspect of health care but do not wish to work in the clinical arena or this track can serve as a pre-professional program for those planning to complete a clinical graduate level program following graduation. Students completing this track curriculum will understand the complex health care industry, the diverse population it serves, and how to effectively communicate with the two. The multidisciplinary coursework will also provide students with the knowledge to understand the various components that contribute to wellness and the challenges that present when working to achieve positive health outcomes. Graduates will be prepared to work in a variety of areas including community health, patient advocacy, health literacy and education, as well as health promotion and wellness. Students will complete a minor relative to their career goals or in an area that will further enhance their desired skill set.

Eligibility Requirements
- No academic deficiencies
- Minimum GPA of 2.50 (high school or 1-29 hours of college coursework) (4.0 scale)
- Minimum GPA of 2.30 (> 30 hours college coursework) (4.0 scale)
- Evaluation of transfer credit hours and program planning is individualized; each student is assisted by a program advisor.

The program accepts students for both tracks throughout the year to begin the program in fall, spring, or summer, depending on when the NKU and program admission processes are completed. Students who apply for but do not meet the requirements for admission to the degree completion track will automatically be assigned to the transdisciplinary track.

Admission to NKU; official transcripts from all regionally-accredited postsecondary institutions must be sent to NKU from these institutions. Submit a program application specific to the track. In addition to the above requirements, applicants must meet requirements specific to the track of interest.

Special graduation requirements:
- A minimum grade of C or better for successful completion of major requirements, including major electives.

You should also know: The Bachelor of Science in health science is delivered completely in the online format for students in the degree completion track. Students enrolled in the transdisciplinary track may be able to complete the program online proper course selection. An associate of applied science (AAS) degree or equivalent from a regionally accredited institution serves as an imbedded minor for the program; all other students must complete a focus or minor.

Health Care Industry Certification Examinations: Students who hold advanced credentials in radiologic technology or nuclear medicine (for example, CT, MRI, cardiovascular imaging, PET, etc.) or respiratory care (for example, polysomnography) may be awarded up to six hours of coursework at the 300 level or above that may be used toward their credit hour total. Advanced credentials must have been awarded by a recognized national organization, such as the American Registry of Radiologic Technologists, Nuclear Medicine Technology Certification Board, Board of Registered Polysomnography Technologists, the National Board for Respiratory Care, or the American Registry for Diagnostic Medical Sonography. The process for receiving credit is found at [http://testing.nku.edu/CPL.html](http://testing.nku.edu/CPL.html). Prior learning credit is also available for radiographers who have graduated from an accredited radiography program, but who may not have coursework that transfers to NKU. Students must have passed the American Registry of Radiologic Technologists national examination, have maintained their certification and can provide documentation of current certification. These students may be awarded up to 50 hours of radiography professional coursework, dependent upon year of initial certification; award of credit will be posted to the student’s transcript upon completion of the process found at [http://testing.nku.edu/CPL.html](http://testing.nku.edu/CPL.html). This advanced standing policy is limited to students completing the health science program. Credit hours earned under this policy may not be used to satisfy the residency requirements for graduation. Students who earn these credit hours must meet all prevailing university and program requirements for graduation.

- Indicates prerequisite.
B. S. IN HEALTH SCIENCE- DEGREE COMPLETION TRACK (33 CREDITS)

This track is designed for students who have an earned associate’s degree in a health discipline looking to complete a bachelors degree. Students must additionally meet all university graduation requirements.

- HSC 410 Healthcare Management (3 credits)
- HSC 413 Aging in Today’s Society (3 credits)
- HSC 415 Ethical and Legal Issues in Healthcare (3 credits)
- HSC 421 Healthcare Research (3 credits)
- HSC 440 Issues in Chronic Disease Management (3 credits)
- HSC 480 Global Perspectives of Health Care (3 credits)
- HSC 510 Trends and Cultural Issues in Healthcare (3 credits)
- CHP 500 Teaching & Learning in Healthcare Educat (3 credits)
- HIN 355 Foundations of Health Informatics (3 credits)
- LDR 308 Leadership Development (3 credits)
- STA 205 Introduction to Statistical Methods - QR (3 credits)

B.S. IN HEALTH SCIENCE - TRANSDISCIPLINARY TRACK

Students enrolled in the transdisciplinary track must complete specific courses in their Foundation of Knowledge (general education) program, as well as their major requirements and a minor. The number of hours required for the minor will vary depending on the minor selected, but most average 21-24 hours.

Transdisciplinary Track - FOK (37-42 credits)

- ENG 101 College Writing - WC (3 credits)
- ENG 102 Advanced College Writing - WC (3 credits) OR
- HSC 291W Writing in the Health Science - WC (3 credits)
- CMST 101 Public Speaking - OC (3 credits) OR
- CMST 110 Introduction to Communication Studies - OC (3 credits)
- STA 205 Introduction to Statistical Methods - OR (3 credits)
- BIO 121 Diseases and the Systems they Affect - NS (3 credits) AND
- BIO 121L Diseases and the Systems they Affect Laboratory - SL (1 credit) OR
- BIO 208 Human Anatomy and Physiology I - NS (4 credits) AND
- BIO 208L Human Anatomy and Physiology I Laboratory - SL (0 credits) &
- BIO 209 Human Anatomy and Physiology II (4 credits) AND
- BIO 209L Human Anatomy and Physiology II Laboratory (0 credits)
- CHE or PHY - One from approved list (3 credits)
- PSY 100 Introduction to Psychology - SB (3 credits)
- I&S elective (3 credits)
- C&C electives - Two from approved list (6 credits)
- Cultural Pluralism - One from approved list (3 credits)
- PHI 200 Ethics - AH (3 credits) OR
- PHI 220 Health Care Ethics - AH (3 credits)
- HEA 230 Personal Health and Wellness (3 credits) OR
- BIO 125 Biological Perspectives of Wellness - NS (3 credits)
- HEA 270 Community Health (3 credits)
- BIO 126 Human Nutrition - NS (3 credits)
- CMST 220 Interpersonal Communication (3 credits) OR
- CMST 303 Organizational Communication (3 credits)
- CMST 403 Health Communication (3 credits)
- HIN 355 Foundations of Health Informatics (3 credits)
- LDR 300 Foundations of Leadership (3 credits) OR
- LDR 308 Leadership Development (3 credits)
- PSY 302 The Human Side of Work (3 credits) OR
- PSY 344 Industrial/Organizational Psychology (3 credits)
- PSY 321 Lifespan Development (3 credits)
- PSY 333 Abnormal Psychology (3 credits)
- PSY 465 Health Psychology (3 credits)
- HEA 320 Drug and Alcohol Education (3 credits)
- HSR 300 Ethics & Issues in Human Svc Profession (3 credits)
- SOC 450 Medical Sociology (3 credits)
- HSR 303 Multicultural Issues in Human Services (3 credits)
- SWK 450 Multicultural Issues (3 credits)
- SWK 455 Multicultural Family Experiences (3 credits)
- CMST 395 Culture and Communication (3 credits)
- HSC 510 Trends and Cultural Issues in Healthcare (3 credits)
- HSR 314 Death, Dying, and Grief (3 credits)
- CMST 333 Lifespan Communication (3 credits)
- SOC 480 Global Aging Issues and Policies (3 credits)
Major Elective - Choose One (3 credits)

- HSC 494 Topics in Healthcare (3 credits)
- HIN 356 Health Information Management (3 credits)
- CEP 300 Cooperative Education (1-3 credits)
- HSC 415 Ethical and Legal Issues in Healthcare (3 credits)

Radiologic Science, B.S.

The Bachelor of Science in Radiologic Science at NKU provides students the opportunity to enter into a rapidly advancing field full of cutting-edge scientific progress using state-of-the-art equipment in a growing profession that offers a fulfilling and promising future. The radiologic science program is fully accredited by the Joint Review Committee on Education in Radiologic Technology.

Radiologic technologists (or radiographers) are healthcare professionals who create medical images of the body to help healthcare providers diagnose and treat illness and injury. NKU prepares students in the diagnostic field of radiologic technology. This area of professional practice involves the use of radiation to provide images for examination of the tissues, organs, bones, and vessels of the body.

Crucial to successful interpretation, the radiologic technologist is responsible for accurately and properly: preparing the patient for radiologic examinations; positioning the patient for radiologic examination; selecting the amount of X-ray exposure; processing the images; evaluating the image quality; and assisting the radiologist during fluoroscopic procedures.

Education for the radiography student is an integrated plan of classroom, laboratory, and clinical education. In addition to regular classroom coursework, students spend an average of 20 hours per week practicing their skills at an area clinical site.

Affiliated hospitals in the northern Kentucky/Greater Cincinnati area include: St. Elizabeth Healthcare - Covington, Edgewood, Fort Thomas, Florence, and Grant County (Ky.); Dearborn County Hospital (Lawrenceburg, Ind.); The Jewish Hospital - Kenwood (Cincinnati); Mercy Hospital Anderson (Cincinnati); and Mercy Hospital Clermont (Batavia, Ohio).

Special admission requirements: Due to the limited number of clinical placements and the competitive and appealing nature of the program, the radiologic science program has a selective admission process. The annual application deadline is February 15 for the class that will begin in July of that year.

The radiologic science admission committee determines academic eligibility and ranks the applicants. Approximately 24 students are accepted each year. The program does NOT maintain a waiting list that carries over from one year to the next; however, a small number of other candidates meeting the admission criteria may be placed on a waiting list in case vacancies occur prior to the beginning of "RAD 200 Introduction to Radiography (6 credits)."

To be considered for admission into the radiologic science program, students must meet the following requirements:

1. Satisfactory completion of the following courses with a grade of C or better in each course:
   a. BIO 208 Human Anatomy and Physiology I - NS (4 credits) and BIO 208L Human Anatomy and Physiology I Laboratory - SL (0 credits).
   b. PHY 110 Introduction to Physics with Laboratory - SL (4 credits) or CHE 115 with Laboratory.
   c. ENG 101 College Writing - WC (3 credits).
   d. Mathematics general education course (STA 205 required for program completion).

2. A minimum GPA of 2.5 in all college work attempted, based on a 4.00 scale.

3. Completion of an application worksheet based on research into the profession. Suggested websites are listed on the program's website and in the program brochure.

Admission into the radiologic science program is completely objective and is based on academic screening. Applicants are awarded points based on the following:

1. Overall GPA based on the applicant’s most recent 45 credit hours.
2. Grades earned in prerequisite courses and program requirements.
3. Total number of credit hours earned.
4. Related healthcare experience (paid or volunteer).

Students attending NKU will be awarded bonus points in the application process.

Conditional acceptance into the program can be given to students enrolled in any of the prerequisite courses by the priority application date of February 15. Successful completion of these courses with a grade of C or better must be documented at the end of the term for final program admission.

Student criminal background check: Healthcare agencies are charged with providing care and protecting the safety of vulnerable populations including children and the aged. Agencies used for clinical placement require students to undergo criminal background checks and may deny clinical access to those convicted of felonies and certain misdemeanors. Conviction of these offenses may result in a student's denial of admission to, or dismissal from, the College of Health Professions. Students admitted to the radiologic science program are required to submit to criminal background checks as identified by the College of Health Professions. Failure of the background check will result in the inability to be placed at a clinical site and subsequent dismissal from the program.

The student is responsible for notifying the College of Health Professions of any change in the status of this record. Note that successful completion of a criminal background check does not ensure eligibility for certification, licensure, or future employment.

You should also know: The radiologic science program is a full-time, daytime program. During the course of the program, students will complete a limited number of evening shift clinical assignments.

The schedule for the week is full with classes and clinical assignments as well as out-of-class/clinical assignments. The time frame is demanding, and any work outside of the program needs to be both flexible and limited in hours per week in order for the student to be successful.

Candidates eligible for the radiologic science program must be able to meet the following technical standards. These standards specify the skills necessary for successful completion of the program and subsequent employment as a radiologic technologist (radiographer).

Sufficient visual acuity to:

- Assess skin tone changes detectable in cyanotic or flushed skin.
- Detect color shades/tones such as shades of gray seen on radiographs.
- Evaluate radiographs for quality
- Read printed words in textbooks and on medical equipment

Sufficient hearing to:
- Communicate with patients and other members of the healthcare team.
- Monitor patients via audio monitors.
- Hear background sounds during equipment operations.
- Respond to the audible sounds of the equipment.

Sufficient gross and fine motor coordination to:
- Manipulate equipment and accessories.
- Lift a minimum of 30 pounds.
- Stoop, bend, or promptly assist patients who become unstable.

Satisfactory physical strength and endurance to:
- Move immobile patients to or from a stretcher or wheelchair to the X-ray table.
- Work with arms extended overhead (approximately 80" from the floor).
- Carry 30 pounds while walking.
- Stand in place for long periods of time.

Satisfactory verbal, reading, and writing skills to:
- Explain radiologic procedures.
- Direct patients during radiologic procedures.
- Communicate in English for effective and prompt interaction with patients, fellow students, faculty, and hospital personnel.

Satisfactory intellectual and emotional functions to:
- Ensure patient safety.
- Exercise independent judgment and discretion in the performance of assigned responsibilities.
- Measure, calculate, reason, and evaluate as required for direct patient care.
- Handle stressful situations related to procedural standards and patient care situations.

Must be physically free of illegal drugs and alcohol. Drug testing may be required by specific clinical sites at the student’s expense. Failure of a drug test may result in program dismissal.

Students with a disability should declare the disability and provide verification to the Office of Disability Programs and Services so that reasonable accommodations can be made.

Professional advanced standing is available for students who (1) have graduated from an accredited postsecondary vocational or hospital-based program in radiologic technology and (2) have passed the American Registry of Radiologic Technologists national examination. These students will be awarded up to 51 hours toward completion of NKU professional course requirements in radiologic science. Students admitted into the baccalaureate degree program under the advanced standing policy will be held accountable for meeting all prevailing university and program requirements for graduation.

Progression: A student must achieve a grade of at least C in each RAD course, as well as in required courses for the major, in order to continue in the program.

♦ Indicates prerequisite.

### Degree Requirements (122 Credits)

#### Selective Admission Courses (14 credits)
- BIO 208 Human Anatomy and Physiology I - NS (4 credits)♦
- BIO 208L Human Anatomy and Physiology I Laboratory - SL (0 credits)
- PHY 110 Introduction to Physics with Laboratory - SL (4 credits)♦
- OR
- CHE 115 Physiological Chemistry - NS (3 credits)♦
- ENG 101 College Writing - WC (3 credits)♦
- STA 205 Introduction to Statistical Methods - QR (3 credits)♦

#### Courses in Radiologic Science (64 credits)
- RAD 200 Introduction to Radiography (6 credits)♦
- RAD 208 Radiographic Procedures I (3 credits)♦
- RAD 208L Radiographic Positioning Laboratory I (1 credit)
- RAD 209 Radiographic Procedures II (3 credits)♦
- RAD 209L Radiographic Positioning Laboratory II (1 credit)
- RAD 214 Analysis of Radiographic Quality (3 credits)♦
- RAD 214L Analysis Radiographic Quality Laboratory (1 credit)♦
- RAD 216 Physical Principles of Radiographic Equipment (3 credits)♦
- RAD 230 Communication and Patient Care (3 credits)♦
- RAD 286 Radiographic Practicum I (3 credits)♦
- RAD 296 Radiographic Practicum II (3 credits)♦
- RAD 308 Radiographic Procedures III (3 credits)♦
- RAD 309 Radiographic Procedures IV (2 credits)♦
- RAD 310 Advanced Imaging Sectional Anatomy (3 credits)♦
- RAD 340 Radiation Biology and Protection (3 credits)♦
- RAD 350 Clinical Pathology for Radiographers (3 credits)♦
- RAD 376 Radiographic Practicum III (2 credits)♦
- RAD 386 Radiographic Practicum IV (3 credits)♦
- RAD 396 Radiographic Practicum V (3 credits)♦
- RAD 470 Principles of Computed Tomography (3 credits)♦
- RAD 480 Radiography Capstone (3 credits)♦
- RAD 486 Radiographic Practicum VI (3 credits)
- RAD 496 Radiographic Practicum VII (3 credits)♦

#### Courses in Other Disciplines (13 credits)
- BIO 209 Human Anatomy and Physiology II (4 credits)♦
- BIO 209L Human Anatomy and Physiology II Laboratory (0 credits)
- HIN 355 Foundations of Health Informatics (3 credits)
- HSC 410 Healthcare Management (3 credits)♦
- HSC 421 Healthcare Research (3 credits)♦
- Gen Ed Written Communication II (3 credits)
- Gen Ed Cultural Pluralism (3 credits)
- Gen Ed Individual and Society (6 credits)
- Gen Ed Culture and Creativity (6 credits)
- Gen Ed Global Viewpoints (3 credits)
Respiratory Care Completion Program, B.S.

The Bachelor of Science Respiratory Care (BSRC) Completion Program is designed to offer students with an Associate in Science (A.A.S.) or Associate of Applied Science (A.A.S.) degree in Respiratory Care the opportunity to obtain a Bachelor of Science in Respiratory Care from Northern Kentucky University. Below are the admission criteria and the course curriculum.

Admission Criteria:

- Applicants must be a graduate of a CoARC accredited program.
- Have a GPA of 2.5 on a 4.0 scale for all transferable college work.
- Have a current Registered Respiratory Therapist (RRT) credential from the National Board for Respiratory Care (NBRC).
- Meet all eligibility requirements for admissions into NKU (refer to current NKU catalog); in addition to the program curriculum, the students must meet the university Foundation of Knowledge requirements.
- All academic work must be evaluated by NKU Admissions Office and the Respiratory Care Program Director.

DEGREE REQUIREMENTS (33 CREDITS)

Core Courses

- STA 205 Introduction to Statistical Methods - QR (3 credits)
- RSP 400 Advanced Respiratory Care (3 credits)
- RSP 441 Case Studies in Evidence Based Practice (3 credits)
- RSP 445 Health Assessment and Promotion (3 credits)
- RSP 494 Respiratory Care Capstone (3 credits)
- HSC 410 Healthcare Management (3 credits)
- HSC 421 Healthcare Research (3 credits)
- HSC 430 Health Professional as Educator (3 credits)
- HIN 355 Foundations of Health Informatics (3 credits)
- CHP 500 Teaching & Learning in Healthcare Educ (3 credits)
  - Take one of the following courses as an elective:
    - HSC 413 Aging in Today’s Society (3 credits)
    - HSC 415 Ethical and Legal Issues in Healthcare (3 credits)
    - HSC 460 Concepts of Quality Patient Care (3 credits)
    - HSC 510 Trends and Cultural Issues in Healthcare (3 credits)

Respiratory Care, B.S.

Respiratory care is the allied health profession devoted to the diagnosis, treatment, and rehabilitation of patients with diseases of the respiratory system. Respiratory therapists must have a thorough understanding of normal pulmonary anatomy and physiology and of the pathology and treatment of various breathing-related disorders. They work in adult and pediatric hospitals, in some nursing homes, and for a growing number of home-care companies. With the authorization of a healthcare provider, they give aerosolized medications and various special breathing treatments to patients with acute or chronic pulmonary disease. Respiratory therapists are life-support specialists, setting up artificial ventilators for patients of all ages who cannot breathe for themselves. When a cardiac arrest occurs in the hospital, respiratory therapists provide cardiopulmonary resuscitation and manual ventilation. With sophisticated equipment, they measure the effectiveness of breathing and levels of oxygen and carbon dioxide in the blood. Following recognized protocols or authorized orders, they institute therapies to reduce the work of breathing and to improve ventilation and oxygenation.

The professional program is six semesters long. Besides didactic, lab, and clinical training in basic respiratory care, the first professional year includes courses in microbiology and anatomy/physiology. The second professional year focuses on more advanced or specialized modalities of respiratory care. The third professional year includes courses necessary to develop an informed, broadly educated healthcare professional. To provide experience with patients, the program has clinical affiliations with hospitals in the northern Kentucky and Greater Cincinnati area. Successful completion of the program leads to the Bachelor of Science and to eligibility for the Therapist Multiple Choice (TMC) credentialing examinations given by the National Board for Respiratory Care. After passing the TMC exam, the graduate is eligible for a Kentucky Mandatory Certificate, an Ohio Respiratory Care Professional License, or licensure in another state.

Special admission requirements: The respiratory care program admits students each fall through a selective admission process. Once applicants have regular admission to NKU, they will be considered for the professional RSP courses if these criteria are met:

1. Complete a program application form.
2. Possess a GPA of 2.30 or higher on previous college coursework, assuming a 4.0 scale.
3. Completion of CHE 115/CHE 115L with a grade of C or higher.
4. Completion of STA 205 with a grade of C or higher.
5. Completion of HSC 413 Aging in Today’s Society (3 credits)
6. Completion of RSP 445 Health Assessment and Promotion (3 credits)
7. Completion of RSP 494 Respiratory Care Capstone (3 credits)
8. Successful completion of a criminal background check prior to final acceptance into the program.

Applications completed prior to February 15 are given priority. Conditional acceptance into the program can be given to students enrolled in any prerequisite course by the priority application date of February 15. Successful completion of these courses must be documented at the end of the term for final program admission. Students will be notified of their admission status in writing. Students who want to major in respiratory care but do not yet meet the above criteria should declare pre-respiratory care (XRSP) as their major, apply for acceptance into the program, and follow the advice of their respiratory care faculty advisor. Many students take prerequisites, general education, and science requirements before starting the professional RSP course sequence. Students must also fulfill the immunization requirements listed on the respiratory care program immunization form and described in the respiratory care program.
care program student handbook before they are given hospital clinical assignments, a required part of the curriculum.

Student criminal background check: Healthcare agencies are charged with providing care and protecting the safety of vulnerable populations including children and the aged. Agencies used for clinical placement require students to undergo criminal background checks and may deny clinical access to those convicted of felonies and certain misdemeanors. Conviction of these offenses may result in a student’s denial of admission to, or dismissal from, the College of Health Professions. Applicants are required to submit to criminal background checks as identified by the College of Health Professions as part of the application process. The cost of this and any subsequent screening will be borne by the student. The student is responsible for notifying the College of Health Professions of any change in the status of this record after starting the program. Note that successful completion of a criminal background check does not ensure eligibility for certification, licensure, or future employment. **All students must be physically free of illegal drugs and alcohol. Drug testing may be required by specific clinical sites at the student’s expense.** Failure of a drug test may result in program dismissal.

Technical standards: Candidates eligible for the respiratory care program must be able to meet the following technical standards. These standards specify skills necessary for successful completion of the program and subsequent employment as a respiratory care practitioner.*

<table>
<thead>
<tr>
<th>Issue</th>
<th>Standard</th>
<th>Some Examples of Necessary Activities (not all inclusive)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Critical Thinking</td>
<td>Critical thinking ability sufficient for clinical judgment.</td>
<td>Identify cause-effect relationships in clinical situations, develop respiratory care plans.</td>
</tr>
<tr>
<td>Communication</td>
<td>Communication abilities sufficient for interaction with others in oral and written forms.</td>
<td>Explain treatment procedures, initiate health teaching, document and interpret therapeutic procedures and patient/client responses.</td>
</tr>
<tr>
<td>Interpersonal Skills</td>
<td>Interpersonal abilities sufficient to interact with individuals, families, and groups from a variety of social, emotional, cultural, and intellectual backgrounds.</td>
<td>Establish rapport with patients and colleagues from a variety of social, emotional, cultural, and intellectual backgrounds.</td>
</tr>
<tr>
<td>Mobility</td>
<td>Physical abilities sufficient to move from room to room and maneuver in small spaces.</td>
<td>Move around in patients’ rooms, work spaces, and treatment areas; administer cardiopulmonary procedures.</td>
</tr>
<tr>
<td>Motor Skills</td>
<td>Gross and fine motor abilities sufficient to provide safe and effective respiratory care.</td>
<td>Calibrate and use equipment; position patients/clients.</td>
</tr>
<tr>
<td>Hearing</td>
<td>Auditory ability sufficient to monitor and assess health needs.</td>
<td>Hear monitor alarms, emergency signals, and auscultatory sounds.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Visual</th>
<th>Tactile</th>
</tr>
</thead>
<tbody>
<tr>
<td>Visual ability sufficient for observation and assessment necessary in respiratory care.</td>
<td>Tactile ability sufficient for physical assessment.</td>
</tr>
<tr>
<td>Observe patient/client responses; able to differentiate color.</td>
<td>Perform palpation, functions of physical examination and those related to therapeutic intervention (for example, insertion of a catheter).</td>
</tr>
</tbody>
</table>

*Students with disabilities should declare the disability and provide verification to the Office of Disability Services so reasonable accommodations can be made.

Progression: A student must achieve a grade of at least C in each respiratory care course, as well as in each science course and required courses for the major, in order to continue in the program. Accurate knowledge of anatomy and physiology is essential for the effective application of respiratory therapy. For this reason, the required science courses must be taken before or during the semester in which they are listed in the program curriculum. Failure to meet this requirement will result in failure to progress in the program. Science courses older than seven years or with grades lower than C will not be recognized as fulfilling program requirements.

Assessment of Major: In the sixth term, as part of “RSP 480 Respiratory Care Seminar (3 credits)” students as a group must take the TMC self-assessment examinations from the National Board for Respiratory Care. The examinations (1) give students the opportunity to demonstrate a synthesis of knowledge about respiratory care, (2) help students prepare for the actual TMC examination, and (3) provide group examination performance information for program self-evaluation as required for accreditation.

You should also know: The respiratory care program is a full-time, daytime program. The schedule is challenging with classes and clinical activities each day plus out-of-class/clinical assignments. The time frame is demanding, and any work outside of the program needs to be both flexible and limited in hours per week in order for the student to be successful in the respiratory care program.

♦ Indicates prerequisite.

**DEGREE REQUIREMENTS (83 CREDITS)**

### Selective Admission Courses (20 credits)

- CHE 115 Physiological Chemistry - NS (3 credits) ♦
- CHE 115L Physiological Chemistry Laboratory - SL (1 credit)
- Gen Ed Communication: Written I; ENG 101 College Writing - WC (3 credits)
- HSC 101 Introduction to Health Professions (3 credits)
- STA 205 Introduction to Statistical Methods - QR (3 credits) ♦
- Gen Ed Communication; Oral (3 credits)
- BIO 208 Human Anatomy and Physiology I - NS (4 credits) ♦
- BIO 208L Human Anatomy and Physiology I Laboratory - SL (0 credits)

### Courses in Respiratory Care (55 credits)

- RSP 201 Fundamentals of Respiratory Care (3 credits) ♦
• RSP 201L Respiratory Care Equipment and Procedures (1 credit)
• RSP 286 Clinical Practicum I (3 credits)
• RSP 220 Introduction to Respiratory Critical Care (4 credits)
• RSP 296 Clinical Practicum II (3 credits)
• RSP 310 Advanced Critical Care (5 credits)
• RSP 235 Respiratory Physiology and Physics (3 credits)
• RSP 396 Clinical Practicum III (3 credits)
• RSP 362 Prenatal-Pediatric Respiratory Care (3 credits)
• RSP 331 Cardiopulmonary Diagnostics (3 credits)
• RSP 350 Cardiopulmonary Pathophysiology (3 credits)
• RSP 480 Respiratory Care Seminar (3 credits)
• RSP 396 Clinical Practicum IV (3 credits)
• RSP 486 Clinical Practicum (3 credits)
• RSP 441 Case Studies in Evidence Based Practice (3 credits)
• RSP 445 Health Assessment and Promotion (3 credits)
• RSP 430 Advanced Pathophysiology (3 credits)

Courses in Other Disciplines (25 credits)

• HSC 105 Pharmacology (2 credits)
• HSC 291W Writing in the Health Science - WC (3 credits)
• HIN 355 Foundations of Health Informatics (3 credits)
• BIO 209 Human Anatomy and Physiology II (4 credits)
• BIO 209L Human Anatomy and Physiology II Laboratory (0 credits)
• BIO 202 Microbiology for Health Professionals (4 credits)
• BIO 202L Microbiology for Health Professionals Laboratory (0 credits)
• HSC 421 Healthcare Research (3 credits)
• HSC 410 Healthcare Management (3 credits)
• HSC 413 Aging in Today’s Society (3 credits)
• CHP 500 Teaching & Learning in Healthcare Educat (3 credits)

Take one of the following courses as an elective (3 credits)

• HSC 413 Aging in Today’s Society (3 credits)
• HSC 415 Ethical and Legal Issues in Healthcare (3 credits)
• HSC 480 Global Perspectives of Health Care (3 credits)
• HSC 510 Trends and Cultural Issues in Healthcare (3 credits)

MINOR

Health Science Minor

The minor in Health Science is designed for undergraduate students from a variety of disciplines across the university who wish to expand and apply their understanding in the health care industry. Students will have a broad based overview of the health care industry, the professions within, and will then choose electives in their area of interest; health care research, policy, management, chronic disease management, patient populations, contemporary health care issues, and foreign health care systems.

♦ Indicates prerequisite

REQUIREMENTS FOR MINOR (18 CREDITS)

Core Requirement (3 credits)

HSC 101 is the only required course of the minor. Students will choose 5 HSC elective courses for the minor.

• HSC 101 Introduction to Health Professions (3 credits)

Electives (15 credits)

Students will choose 5 HSC prefixed courses as their electives. HSC courses currently offered are listed. Additional options would come as new HSC courses are developed.

• HSC 410 Healthcare Management (3 credits)
• HSC 413 Aging in Today’s Society (3 credits)
• HSC 421 Healthcare Research (3 credits)
• HSC 430 Health Professional as Educator (3 credits)
• HSC 440 Issues in Chronic Disease Management (3 credits)
• HSC 460 Concepts of Quality Patient Care (3 credits)
• HSC 480 Global Perspectives of Health Care (3 credits)
• HSC 494 Topics in Healthcare (3 credits)
Department of Nursing

Location: Albright Health Center 303
Telephone: 859-572-5895
Fax: 859-572-6098
Email Address: nursing@nku.edu
Web Address: http://nursing.nku.edu
Department Chair: Gannon Tagher
Other Key Personnel:
  B.S.N. Program Director: Erin Robinson
  A.B.S.N. Program Director: Erin Robinson
  R.N.-B.S.N. Program Director: Michelle Teschendorf
  Advisors: Emily LaForge (Director of Advising Center), Diane Coning, Rachel Crolehy, Dyane Foltz

Full-Time Faculty: Judy Audas, Debra Bryant, Tracy Buckler, Deborah Chilcote, Lisa Cuntz, Gina Fiefer, Traci Freeman, Roxanne Gall, Sandra Grinnell, Julie Hart, Jillian Hay, Teresa Huber, Mary Kishman, Brett Kendon, Adrianne Lane, Caron Martin, Carrie A. McCoy, Jennifer Moreland, Keshia Northide, Shawn Nordheim, Karen O’Connell, Catherine Pence, Kris Pfendt, Angela Powell, Angela Riley, Denise Robinson, Erin Robinson, Lynn Smith, Elizabeth Stine, Gannon Tagher, Michelle Teschendorf, Lynn Zajac

Thinking about the discipline: Nurses are key members of the healthcare team and focus on patient education, promotion of health, and prevention of illness. Nurses work in hospitals, community agencies, business and industry. Nurses also work as travel nurses, flight nurses, forensic nurses, legal consultants, and much more.

Nursing is a rigorous course of study and only the most dedicated students are successful. NKU’s Bachelor of Science in Nursing prepares traditional college students for entry-level practice in this exciting field. The Accelerated BSN (ABSN) program is designed for individuals that wish to become a registered nurse and have previously completed a bachelor’s degree in a non-nursing field. Knowledge acquired in the nursing program can be applied directly to practice. Graduates of the program are prepared to function as providers of nursing care, managers of care, and as members of the profession of nursing. For information on the RN to BSN program, see the Department of Advanced Nursing Studies.

Graduates are awarded the degree of Bachelor of Science in nursing and, as pre-licensure graduates, are eligible to apply to take the National Council Licensure Examination for Registered Nurses (NCLEX-RN). Graduates earning a BSN are eligible to continue their nursing education at the master’s and doctoral levels.

Special opportunities for our students: The ABSN and BSN programs include planned clinical experiences in the community, local healthcare agencies in northern Kentucky and the Greater Cincinnati area, and NKU’s state-of-the-art simulation laboratory.

Nursing students have opportunities to become members of the Student Nurses Association, College of Health Professions Student Ambassadors, African American student support group, Student Advisory Board, and American Assembly for Men in Nursing. Additionally, students may participate in service-learning opportunities with the Nurse Advocacy Center for the Underserved and other community agencies. Interested students also have an opportunity to study nursing abroad in Mexico and other countries in the summers.

Awards given in the department include: membership in Sigma Theta Tau Rho Theta Chapter (honor society for nursing) as well as leadership, academic, and caring spirit awards.

Special admission requirements for traditional and BSN and ABSN programs: Nursing is a selective admission program. All applicants must be accepted to NKU as degree-seeking students and must submit a separate application for the nursing program when eligible to apply.

To be eligible for the nursing program anatomy and physiology courses must be completed with a B- or higher; a C will not be accepted. All other prerequisites and co-requisites must be completed with a C or higher; grades of C- are not accepted. All science courses taken as prerequisites for admission to the program must be fewer than five years old as of the first day of the semester in which the program is started. The student’s overall GPA must be 3.0 or higher with a prerequisite science GPA must be 2.75 or higher.

A certain level of English proficiency is necessary for academic success in nursing as well as for patient and client safety. For this reason, applicants whose native language is other than English must demonstrate an established level of English proficiency by taking the Internet-based TOEFL as part of the application process and must have a minimum cumulative score of 90 with minimum individual scores of 26 in speaking, 22 in listening, 20 in writing, and 22 in reading. Only official scores will be accepted and the testing must be within two years of application to the program. “Official language” is defined as an individual’s first acquired language and the language of educational instruction. For a complete list of NKU approved countries with English as the “official language,” please contact the Office of International Students and Scholars at 859-572-6517. The test of English as a foreign language is offered by the Educational Testing Service and may be taken at various test centers throughout the world. Students must register for and take the Internet-based TOEFL. Only the iBT will be accepted for applicants to the undergraduate nursing programs. Students need to enter a code for Northern Kentucky University when they register for the TOEFL. The school code is # 1574. Students must take the test early enough to ensure that the results are reported to the university by required application deadlines.

The TOEFL requirement may be appealed under extenuating circumstances. The appeal should be made in writing to the Admission Progression Committee (APG Committee). The Department of Nursing may request an applicant have an interview with the Department Chairperson or designee.

Admission to nursing is provisional based on successful completion of prerequisites, GPA, passage of the criminal background check administered through NKU’s police department (via online application), and minimum score on the TOEFL, if required.

- Applicants without a bachelor’s degree should see program requirements for the traditional BSN program. Those with a bachelor’s degree who want the accelerated track should see requirements for the ABSN program.

You should also know: Nursing majors are not required to have a minor or focus.
The Kentucky Board of Nursing has regulations regarding previous felony and misdemeanor convictions that must be addressed prior to sitting for the licensure examination.

The department reserves the right to change the program of study as needed to fulfill state approval and national certification requirements, including the Commission on Collegiate Nursing Education and Kentucky Board of Nursing.

All B.S.N. and A.B.S.N. students are required to participate in the Evolve® Curriculum Support Program. This is a commercial program that provides additional resources for student learning. See B.S.N. and A.B.S.N. program descriptions for details.

Statement regarding when courses are offered in the Department of Nursing: Independent studies: “NRS 299 Independent Study (1-3 credits)” and “NRS 499 Independent Study (0-3 credits)” will be offered, as needed, each semester. “NRS 300 Remediation (1 credit)” will be required for traditional BSN students who score below 850 on their mid-curricular assessment. “NRS 401 HESI-RN Exit Remediation (1 credit)” will be required in the second session of the student’s final semester for students who score below 900 on the HESI RN-Exit exam.

*This course can be taken voluntarily by students who achieve over 900 on the HESI RN-Exit exam on a space available basis.

RN to BSN Program

The RN to BSN program allows Registered Nurses to expand their knowledge base to incorporate scientific and humanistic theories with nursing theories to provide graduates with a foundation for professional nursing practice. Our online RN to BSN program offers flexibility and affordability, allowing the nurse to take her/his nursing career to the next level.

Northern Kentucky University’s RN to BSN program has a proven history of producing alumni who become successful leaders in their professional endeavors. Through innovative use of technology, our faculty provide an up close and personal educational experience.

Features of the Program: Our online RN to BSN Program offers the flexibility that most working RNs desire, helping them to make the most of their associate degree or diploma degree in nursing.

Unique features of this program include:

- No testing to validate previous nursing education
- Easy transfer of prior college course work
- Nursing courses offered online in 7-week sessions
- Non-nursing courses offered online in 7-week sessions
- Curriculum designed to accommodate working nurses

Work and Go to School: Most students work full-time and have family responsibilities. Our fully online RN to BSN provides the needed flexibility to successfully complete one’s degree.

Transfer Friendly: We understand that there are numerous pathways to nursing. At NKU, we pride ourselves on being transfer friendly. In addition to graduates of regionally accredited institutions, we are pleased to welcome students from various colleges through articulation agreements.

Admissions Requirements: Individuals who have completed a diploma or associate degree program in nursing, from an approved institution, who have an RN license in good standing, and who meet the admission criteria are eligible to apply for the RN to BSN online program.

Application Deadlines: The RN to BSN program starts a new group of students every seven weeks. Deadline for applications is two weeks prior the session start date. A student may apply as a pre-major to complete prerequisite courses prior to full acceptance into the program.

RN to BSN curriculum: To begin the RN to BSN curriculum, students must have completed the prerequisites and can have no more than 12 credit hours remaining to complete in the Foundations of Knowledge. The curriculum consists of baccalaureate-level nursing courses in areas such as Role Transformation; Quality Care for Vulnerable Populations; Population-Centered Health in the Community; and Leadership. The RN to BSN program does not offer a “traditional” clinical experience; instead, our program contains a Leadership Practicum designed to provide a culminating practice experience within a clinical setting where students will integrate new practice, knowledge, and skills.

Transfer Credits: A complete assessment of previously earned credits can be obtained from an academic advisor upon application to the program.

All baccalaureate nursing programs are approved by the Kentucky Board of Nursing, Suite 300, 312 Whittington Parkway, Louisville, KY 40222-5172, 502-429-3300. All baccalaureate programs are accredited by the Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 2001, P: (202) 463-6930.

BACHELOR OF SCIENCE IN NURSING

Nursing, Accelerated B.S.N.

The Bachelor of Science in nursing for students who already have a bachelor’s degree provides preparation for registered nursing practice. The curriculum is composed of both didactic and clinical components. The curriculum blends scientific and humanistic theories with nursing theories to provide graduates with a foundation for professional nursing practice. Faculty members hold a doctoral or master’s degree, and many are certified within their individual areas of specialty. Many members of the faculty continue to practice in healthcare settings and participate in research and other scholarly endeavors.

The A.B.S.N. program is designed for postbaccalaureate individuals who want to make a career change. The accelerated program is fast-paced and rigorous, incorporating three years of nursing courses into 16 months. The accelerated program is designed for nonworking, full-time students who can immerse themselves in the content.

Student advising: All students contemplating admission to the A.B.S.N. program are encouraged to contact an advisor regarding admission requirements. Students admitted to the A.B.S.N. program are assigned an advisor and are expected to maintain close contact with their advisor throughout the program of study. It is the responsibility of the student to initiate at least one advising session each semester.

Admission requirements: Admission to the A.B.S.N. program is highly selective. Priority will be given to students whose academic record reflects strength in the sciences and mathematics. To be considered for admission, one must:

1. Be a graduate of an accredited college or university with a bachelor’s or higher degree, or within six months of graduation with a statement from the registrar, chair, or advisor that graduation requirements will be met prior to the start of A.B.S.N. classes.
2. Be admitted to NKU as a degree-seeking student with postbaccalaureate status without conditions.
3. Have a minimum cumulative GPA of 3.00 on a 4.00 scale. GPAs for admission to the A.B.S.N. program will be calculated using NKU and transfer coursework.
4. Complete at least two science prerequisite courses before applying.
5. Submit separate application to the Department of Nursing by January 1 for fall admission. The application is available in the nursing office or online (http://healthprofessions.nku.edu/departments/nursing.html). This application is in addition to the university application.
6. Complete the following prerequisite courses with a grade of at least a C in each course. Prerequisites taken at another university are not considered completed until the course has been transferred to NKU.

NO EXCEPTIONS.

- CHE 115/115L OR CHE 120/120L and CHE 121/121L
- BIO 202/202L
- BIO 126
- PSY 321 OR EDU 300
- STA 205
- HIN 355

7. Complete the following prerequisite courses with a grade of at least a B- in each course. Prerequisites taken at another university are not considered completed until the course has been transferred to NKU.

- BIO 208, BIO 208L, BIO 209, BIO 209L (Anatomy & Physiology I & II)

1. All prerequisite science courses for admission to the program must be fewer than five years old as of the first day of the semester in which the program is started.

2. Applicants whose native language is other than English must demonstrate an established level of English proficiency by taking the Internet-based TOEFL. See special admission requirements under Department of Nursing for additional information.

Student criminal background check: Healthcare agencies are charged with providing care and protecting the safety of vulnerable populations including children and the aged. Agencies used for clinical placement require students to undergo criminal background checks and may deny clinical access to those convicted of felonies and certain misdemeanors. Conviction of these offenses may result in a student’s denial of admission to, or dismissal from, the College of Health Professions. Applicants are required to submit to criminal background checks as identified by the College of Health Professions as part of the application process. The cost of this and any subsequent screening will be borne by the student. The student is responsible for notifying the College of Health Professions of any change in the status of this record after starting the program. Note that successful completion of a criminal background check does not ensure eligibility for certification, licensure, or future employment.

Please also note:

- Admission is provisional, based upon satisfactory completion of prerequisite courses, criminal background check, and TOEFL if applicable.
- A failure (grade of C-, D, or F) in any prerequisite course or nursing course within four years of the start of the program makes an applicant ineligible for the A.B.S.N. program.

- The Kentucky Board of Nursing has regulations regarding previous convictions that must be addressed prior to sitting for the licensure examination. All felony and misdemeanor convictions must be reported when applying for licensure.

Evolve® Curriculum Support: All students will participate in the Evolve® Curriculum Support Program. This is a commercial program that provides additional resources for student learning. It is composed of case studies, practice tests/quizzes, and standardized testing. Completion of these will be dictated by course syllabi, and standardized test scores will contribute to final course grades in select nursing courses. A minimum score of 900 is required on the HESI RN-EXIT exam in order to graduate from the traditional B.S.N. and B.S.N. second-degree programs. A fee will be assessed in selected A.B.S.N. courses for this testing and support program.

Those students who do not achieve a 900 on BOTH the HESI Fundamentals Specialty Exam and HESI Medical-Surgical Specialty Exam will be required to take NRS 400 (1 credit) in the final semester of the program. A minimum score of 900 is required on the HESI RN-EXIT. For students who do not achieve the 900 benchmark, additional remediation will be required in order to graduate. A fee will be assessed in selected A.B.S.N. courses for this testing and support program.

Progression:

- Students admitted to the A.B.S.N. program are subject to the program requirements of the catalog in effect at the time of entry.
- Upon matriculation into the A.B.S.N. program, students must take the last 30 semester hours from NKU.
- Students are expected to progress sequentially through the nursing program. In order to be eligible to enroll in a succeeding nursing course, the student is required to meet all program requirements and academic standards.
- A grade of C or higher must be achieved in all nursing courses.
- Critical skills: Students are required to show ability to perform certain basic nursing skills during each semester. Failure to demonstrate continued ability to perform these skills will provide a basis for failure of the clinical component.
- Students must concurrently take and pass nursing courses that are co-requisites.
- Failed nursing courses (grade of C- or below) may not be repeated in the accelerated program.

Readmission: Students who fail a nursing course ( earning a C- or below) in the accelerated program are not eligible for readmission to the accelerated program. Students may apply for admission to the traditional baccalaureate program if they meet admission criteria and will be considered on a space-available basis.

- Indicates prerequisite.

DEGREE REQUIREMENTS (69 CREDITS)

Core Courses

- NRS 210L Development of Clinical Nursing Skills (2 credits)
- NRS 215 Fundamental Concepts of Professional Nursing Practice (3 credits)
- NRS 215P Fundamentals of Professional Nursing Practicum (2 credits)
• NRS 220 Holistic Health Assessment of the Adult (2 credits) ♦
• NRS 220L Holistic Health Assessment Laboratory (1 credit) ♦
• NRS 250 Introduction to Medical-Surgical Nursing (3 credits) ♦
• NRS 250P Introduction to Medical-Surgical Nursing Practicum (4 credits)
• NRS 255 Pathopharm Concepts and Principles (4 credits) ♦
• NRS 310 Concepts of Community and Public Health Nursing (3 credits) ♦
• NRS 310P Concepts of Community and Public Health Nursing Practicum (2 credits)
• NRS 315 Theories and Concepts of Professional Nursing Practice (2 credits) ♦
• NRS 320 Principles of Research for Application to Professional Nursing Practice (2 credits) ♦
• NRS 330 Principles of Psychiatric and Mental Health Nursing (3 credits) ♦
• NRS 330P Psychiatric and Mental Health Nursing Practicum (2 credits)
• NRS 339L Clinical Reasoning I (1 credit) ♦
• NRS 350 Intermediate Medical-Surgical Nursing (3 credits) ♦
• NRS 350P Intermediate Medical-Surgical Nursing Practicum (2 credits)
• NRS 360 Principles of OB and Newborn Nursing (3 credits) ♦
• NRS 360P Principles of OB and Newborn Nursing Practicum (2 credits)
• NRS 370 Legal, Ethical, and Professional Issues (3 credits) ♦
• NRS 415 Principles of Pediatric Nursing (2 credits) ♦
• NRS 415P Pediatric Nursing Practicum (2 credits)
• NRS 420 Concepts and Principles of Leadership Management (3 credits) ♦
• NRS 439L Clinical Reasoning II (1 credit) ♦
• NRS 460P Nursing Capstone Project (3 Credits) ♦
• NRS 450 Advanced Medical-Surgical Nursing (3 credits) ♦
• NRS 450P Advanced Medical Surgical Practicum (2 credits)
• NRS 465P Transition to the Professional Practice Role (4 credits) ♦

NOTE

The following courses are required for students who do not benchmark on specific HESI standardized exams.

• NRS 400 HESI-RN Exit Test Preparation (1 credit) ♦
• NRS 401 HESI-RN Exit Remediation (1 credit) ♦

Nursing, R.N. to B.S.N.

Available in a fully-online format.

The registered nurse to Bachelor of Science in nursing (R.N. to B.S.N.) provides career mobility for the registered nurse. The coursework blends scientific and humanistic theories with nursing theories to provide graduates with a foundation for professional nursing practice. Graduates are prepared to function in primary, secondary, and tertiary care settings and in roles that are dependent, interdependent, or independent according to the level of care required. They are able to lead and influence colleagues and coworkers for the enhancement of their knowledge and skills, thereby effecting change to promote quality nursing care for clients in any health setting. The Bachelor of Science in nursing (B.S.N.) is designed to provide a foundation for higher degree programs in nursing.

Special opportunities for our students: The R.N. to B.S.N. program provides career mobility for RNs who need the high flexibility that distance education can provide. Students are eligible for awards including membership in Sigma Theta Tau Rho Theta Chapter (honor society for nursing) and student awards.

You should know: The R.N. to B.S.N. program is fully accredited by the Commission on Collegiate Nursing Education.

Pre-major requirements: Students enrolled in courses at NKU preparing for admission to the online R.N. to B.S.N. program should declare as their major Nursing Pre-Major RN-BSN (ZXNB). Upon acceptance to the nursing program, students are assigned to a faculty advisor and must declare the major of Nursing Major RN-BSN (ZNRB).

Admission requirements: To be admitted to the program, an applicant must:

• Be fully admitted to NKU as a degree-seeking student.
• Submit to the Office of Admissions:
  o Official transcripts from an associate degree or diploma program in nursing.
  o Official transcripts from all postsecondary work completed.
• Hold current, unrestricted R.N. licensure. Proof of R.N. licensure in state of practice is mandatory prior to the first day of any clinical course.

Admitted students must:

1. Complete Introduction to Statistical Methods (STA 205) prior to enrolling in NRP 472, Nursing Research and Evidence Based Practice.
2. Complete one full year of anatomy and physiology with labs (BIO 208, BIO 208L, BIO 209, BIO 209L) and Microbiology for Health Professionals with Laboratory (BIO 202/BIO 202L) prior to enrolling in NRP 476 Impact of Genetics and Genomics on Health (2 credits).
3. Complete the following courses with a minimum grade of **C** in each course prior to graduation.
   1. One full year of English composition (ENG 101 and ENG 102).
   2. Introduction to Psychology (PSY 100).
4. Meet all requirements for a Bachelor’s Degree as stated in this catalog.

NKU College of Health Professions policies:

Progression: To progress in the R.N. to B.S.N. nursing program, students must achieve a grade of **C** or higher in all required nursing and support courses. Students withdrawing from the nursing program for any reason are requested to have an exit interview with the program director or faculty advisor. Students may repeat only one semester of nursing.
You should also know: Students entering the R.N. to B.S.N. program may have transfer credit hours that will satisfy some of the requirements of the program.

♦ Indicates prerequisite.

**DEGREE REQUIREMENTS (78 CREDITS)**

**Courses in Nursing (30 credits)**

- NRP 470 Role Transformation (3 credits) ♦
- NRP 471 Concepts of Professional Nursing (3 credits) ♦
- NRP 472 Nursing Research and Evidence Based Practice (3 credits) ♦
- NRP 473 Quality Care for Vulnerable Populations (3 credits) ♦
- NRP 474 Models of Care Delivery (3 credits) ♦
- HIN 355 Foundations of Health Informatics (3 credits)
- NRP 475 Population Centered Health in the Community (3 credits) ♦
- NRP 476 Impact of Genetics and Genomics on Health (2 credits) ♦
- NRP 477 Leadership in Nursing (3 credits) ♦
- NRP 478 Nursing Leadership Practicum (4 credits) ♦

**Courses in Other Disciplines (48 credits)**

- ENG 101 College Writing - WC (3 credits) ♦
- ENG 102 Advanced College Writing - WC (3 credits) ♦
- Gen Ed Oral Communication (3 credits)
- Gen Ed Cultural Pluralism (3 credits)
- Gen Ed Individual and Society (3 credits)
- Gen Ed Culture and Creativity (6 credits)
- BIO 208 Human Anatomy and Physiology I - NS (4 credits) ♦
- BIO 208L Human Anatomy and Physiology I Laboratory - SL (0 credits)

- BIO 209L Human Anatomy and Physiology II Laboratory (0 credits)
- BIO 202 Microbiology for Health Professionals (4 credits) ♦
- BIO 202L Microbiology for Health Professionals Laboratory (0 credits)
- PSY 100 Introduction to Psychology - SB (3 credits)
- STA 205 Introduction to Statistical Methods - QR (3 credits) ♦
- PSY 321 Lifespan Development (3 credits) ♦
- EDU 300 Human Growth and Development (3 credits) ♦
- PHI 200 Ethics - AH (3 credits)
- PHI 220 Health Care Ethics - AH (3 credits)

**Health Care Industry Certification Examinations - NCLEX-RN**

A requirement for admission to the RN to BSN program is an active registered nursing license. In order to obtain a nursing license nurses must take and pass the National Council Licensure Examination (NCLEX-RN). Since 1994 the NCLEX has been a nationwide examination for the licensing of nurses in the United States. The examination is developed and owned by the National Council of State Boards of Nursing, Inc. (NCSBN). The NCSBN administers these examinations on behalf of its member boards which consist of the boards of nursing in all 50 states. Scores for passing the exam are issued to the board of nursing. The blueprint testing plan for the exam is updated every three years to reflect current, entry-level nursing competency. Validation for passing the exam will be to verify a current license with the state board of nursing in which the student is licensed.

To assure content validity a testing plan is developed every three years. The test plan is reviewed and approved by the NCLEX Examination Committee. They use recent practice analysis of registered nurses, expert opinions of the Examination Committee, NCSBN content staff, and boards of nursing (NCSBN’s Member Boards) to ensure that the test plan is consistent with state nurse practice acts. A thorough and comprehensive listing of content for each client needs category and subcategory is outlined in the test plan (2016 Detailed NCLEX-RN Testing Plan.)

Based on the above information 22 credit hours are available with proof of licensure for RN to BSN students. These credits are for students needing credits to meet the requirement of 120 credits to graduate.

Nursing, Traditional B.S.N.

This is a traditional four-year program designed for those who do not have a bachelor’s degree and are not yet registered nurses. Others who might consider this track are those with a bachelor’s degree who want to move at a slower pace than the accelerated B.S.N. and licensed practical nurses who want to become registered nurses. The B.S.N. curriculum is based on concepts and theories of nursing, liberal arts, and the sciences. The nursing process is incorporated throughout the curriculum. Carefully planned experiences, such as simulation and clinical experiences are an integral part of the program of study, beginning in the first semester and continuing throughout. Hospitals and healthcare agencies in northern Kentucky, Greater Cincinnati, and southern Indiana serve as clinical practice settings during day and evening hours. Many members of the faculty continue to practice in healthcare settings and participate in research and other scholarly endeavors.

Graduates of the B.S.N. program use critical thinking, communication, and technical skills to provide care to individuals and families. Knowledge is specific and factual and can be applied directly to practice.

### Pre-major requirements

Incoming freshman students may declare pre-nursing as their major if they have a minimum ACT composite score of 20 or higher and no academic deficiencies. Transfer students with more than 24 earned credit hours must have a minimum GPA of 2.50. Transfer students with fewer than 24 earned credit hours must have a minimum GPA of 2.50, a minimum ACT composite score of 20 or higher and no academic deficiencies. Current NKU students seeking to change their major to pre-nursing must have a minimum GPA of 2.50 and must schedule an appointment with an academic advisor by calling 859-572-5895. Students majoring in pre-nursing will be helped by an academic advisor to develop an educational plan for nursing admission and progression. Students are allowed to maintain their pre-nursing status for only three semesters before applying to the B.S.N. program. If students do not meet the criteria for acceptance into the baccalaureate nursing program after three semesters, they will be encouraged to select another major to facilitate their timely graduation from NKU.

Pre-nursing students may enroll in courses that fulfill the prerequisite classes to apply to nursing and the support courses to progress into the nursing baccalaureate program, plus general education courses required for the bachelor’s degree in nursing. They may not take nursing classes until admitted to begin the program.

### Admission requirements

Students who apply by January 1 are applying to begin nursing courses the following fall semester. Students who apply by August 1 are applying to begin nursing courses the following spring semester.

To be considered for the selective admission to the B.S.N. program all applicants must:

1. Be admitted to NKU as a degree-seeking student with no academic deficiencies.

Additionally:

1. The ACT is required for those transfer applicants with fewer than 24 credit hours from an accredited institution. See pre-major requirements for details.

2. Applicants whose native language is other than English must demonstrate an established level of English proficiency by taking the Internet-based TOEFL. See special admission requirements for details.

3. If a student is accepted into the nursing program, he or she must have the following coursework completed before beginning nursing classes:
   - BIO 208/BIO 208L
   - BIO 126
   - CHE 115/CHE 115L -- OR -- CHE 120/CHE 120L and CHE 121/CHE 121L

4. A personal interview may be requested by the nursing admission/readmission committee.
Admitted students must pass a criminal background check before starting nursing classes. Licensed practical nurses are eligible to apply to the B.S.N. program if they have graduated from a practical nursing program and passed the NCLEX-PN within the last four years or are actively employed as an LPN. If LPNs are accepted into the B.S.N. program, they must take an independent-study class with a nursing faculty member during their first semester in the nursing program. Upon successful completion of NRS 299, the following courses will be waived for LPNs: NRS 210L, NRS 215 and NRS 215P. The Evolve® Curriculum Support fee will be assessed for LPNs for every semester. LPNs are encouraged to make an appointment with an academic advisor prior to applying to the B.S.N. program.

Norse Nurse Scholar Program:
This is a program for high achieving high school students. High school seniors may apply to be directly admitted to the nursing program in their freshman year at NKU. These students will take the pre-requisite courses their freshman year but will have a guaranteed spot in the nursing program based set parameters.

Admission Requirements for the Norse Nurse Scholar Program
Include:

1. 27 or higher on ACT
2. 3.5 or higher high school GPA
3. HS Biology completed with a grade of B or higher
4. Submit a letter of recommendation from a high school counselor, teacher, or coach (associated with the high school that the candidate attends). Letter should include a narrative on the student’s academic excellence and leadership qualities
5. Deadline to apply: November 1st of senior year

For the Norse Nurse Scholar to maintain a spot in the nursing program, by the end of the freshman year at NKU the student must:

1. Maintain a B- or higher for Anatomy & Physiology I & II
2. Have a cumulative GPA of 3.0
3. Have a science GPA of 2.75
4. Maintain a grade of C or higher in all other pre-requisite courses
5. Complete 10 hours per semester of volunteer work through the College of Health Professions

Admitted students must:

1. Submit proof of “CPR for Health Providers” certification in effect for the upcoming academic year.
2. Submit immunization records and completed health forms (all records must be submitted together) before the posted deadline.
3. Purchase professional liability insurance, which is paid concurrently with tuition.
4. Submit proof of health insurance coverage or sign a health insurance waiver.
5. Provide own transportation to clinical agencies.
6. Purchase appropriate uniforms prior to the first day of clinical.

NKU College of Health Professions policies:

Student criminal background check: Healthcare agencies are charged with providing care and protecting the safety of vulnerable populations including children and the aged. Agencies used for clinical placement require students to undergo criminal background checks and may deny clinical access to those convicted of felonies and certain misdemeanors. Conviction of these offenses may result in a student’s denial of admission to, or dismissal from, the Department of Nursing and the College of Health Professions. Applicants are required to submit to criminal background checks as identified by the College of Health Professions as part of the application process. The cost of this and any subsequent screening will be borne by the student. The student is responsible for notifying the Department of Nursing and the College of Health Professions of any change in the status of this record after starting the program. Note that successful completion of a criminal background check does not ensure eligibility for certification, licensure, or future employment.

Transfer students: Students previously enrolled in another ACEN or CCNE-accredited program in nursing may be eligible to transfer into the nursing program at NKU. In addition to all admission requirements, the following apply to all transfer students:

1. Transfer students are considered on a space-available basis. Eligibility is determined by the nursing Admissions, Progression, and Graduation Committee. Students with more than one nursing semester failure are not eligible to apply.
2. The following must be submitted: a letter from the director of the previous program attended explaining the reasons for withdrawal; official transcripts of all college work attempted; and syllabi of all nursing courses taken. Additionally, an interview may be requested by the APG committee. Students requesting advanced placement in the nursing program may be required to pass a simulated clinical performance and dosage computation examination. In addition, a written theory examination may be required.
3. At least 25 percent of the credits required for the degree must be completed at NKU.
4. The last 30 semester credit hours must be completed at NKU.
5. Students transferring to NKU after failing a nursing class at another nursing school will be dismissed from NKU’s B.S.N. program if they fail a nursing class at NKU (C- or below).

Progression:

1. To continue in the nursing program, students must maintain a GPA of at least 2.70 and achieve a grade of C or higher in all required nursing and support courses.
2. Students withdrawing from the nursing program for any reason are requested to have an exit interview with the program director or faculty advisor.
3. Students may repeat only one semester in which one or more nursing courses were failed. Students who have a second semester with a failing grade in nursing are dismissed from the B.S.N. program and are ineligible for readmission until after four calendar years have passed from the date of the failure. A failure is considered a C- or below.
4. If a didactic course has a clinical co-requisite course, both must be repeated concurrently.
5. Students are expected to progress sequentially through the nursing program. In order to be eligible to enroll in a succeeding nursing course, the student is required to meet all program requirements and academic standards.
6. Critical skills: Students are required to show ability to perform certain basic nursing skills during each semester. Failure to demonstrate continued ability to perform these skills will provide a basis for failure of the clinical component.
Students must concurrently take and pass nursing courses that are co-requisites.

The B.S.N. program must be completed in 8 semesters.

Evolve Curriculum Support: All students will participate in the Evolve Curriculum Support Program. This is a commercial program that provides additional resources for student learning. It is composed of case studies, practice tests/quizzes, and standardized testing. Completion of these will be dictated by course syllabi, and standardized test scores will contribute to final course grades in select nursing courses. A minimum of 850 is required on the HESI mid-curricular exam. Those students not achieving an 850 will be required to take NRS 300 Remediation (1 credit) in the subsequent semester. Those students who do not achieve a 900 on BOTH the HESI Fundamentals Specialty Exam and HESI Medical-Surgical Specialty Exam will be required to take NRS 400 (1 credit) in the final semester of the program. A minimum score of 900 is required on the HESI RN-EXIT Exam. For students who do not achieve the 900 benchmark, additional remediation will be required in order to graduate.

Academic leave: If a student identifies that there are situational or personal factors that may preclude his or her academic success, he or she may request an academic leave from the B.S.N. program for a single semester after successful completion of the first nursing semester. If approved, the student will be eligible to return to his or her current placement in the curriculum and will not be required to apply for readmission to the B.S.N. program. The policy and procedures for an academic leave request are outlined in the B.S.N. student handbook, which is available on Canvas. The student may apply for more than one academic leave; however, the leaves may not be back to back, and the student must complete the B.S.N. program within eight semesters.

Readmission: If a student has a failure in a nursing course, an application for readmission to the nursing program will be considered on an individual and space-available basis. Students must submit an application for readmission to the Admission, Progression, and Graduation Committee. A letter supporting the request for readmission must be attached to the application. This letter should outline strategies for success in the program. Students applying for readmission may be required to have an interview with the program director or faculty advisor. To be considered for readmission, the student must have at least a 2.70 GPA. The program director or faculty advisor may state that written, specific conditions must be met by the student when recommended for readmission. A student who did not successfully complete the first semester of the nursing program must apply as a new student and meet all requirements listed under “Admission Requirements.” (See B.S.N. student handbook.)

Students admitted to the program are subject to the requirements of the catalog in effect for all nursing courses at the time of re-entry. A student dismissed from the nursing program for a second nursing failure may reapply after four calendar years have passed since the previous nursing failure if the student meets current eligibility requirements. Students will then be considered as part of the applicant pool as a new student to begin the program from the beginning. This is true of the B.S.N. and the A.B.S.N. Programs.

Student advising: Upon admission to the nursing program, students are assigned to a faculty academic advisor and are required to meet with this advisor at least once each semester. Students are encouraged to maintain regular contact with their advisor so that progress and performance can be discussed and counsel provided as necessary.

DEGREE REQUIREMENTS (101 CREDITS)

Courses in Nursing (70 credits)

- NRS 201 Transition to Nursing (1 credit)
- NRS 210L Development of Clinical Nursing Skills (2 credits)
- NRS 215 Fundamental Concepts of Professional Nursing Practice (3 credits)
- NRS 220 Holistic Health Assessment of the Adult (2 credits)
- NRS 220L Holistic Health Assessment Laboratory (1 credit)
- NRS 215P Fundamentals of Professional Nursing Practicum (2 credits)
- NRS 250 Introduction to Medical-Surgical Nursing (3 credits)
- NRS 255 Pathopharm Concepts and Principles (4 credits)
- NRS 250P Introduction to Medical-Surgical Nursing Practicum (4 credits)
- NRS 310 Concepts of Community and Public Health Nursing (3 credits)
- NRS 310P Concepts of Community and Public Health Nursing Practicum (2 credits)
- NRS 315 Theories and Concepts of Professional Nursing Practice (2 credits)
- NRS 320 Principles of Research for Application to Professional Nursing Practice (2 credits)
- NRS 330 Principles of Psychiatric and Mental Health Nursing (3 credits)
- NRS 330P Psychiatric and Mental Health Nursing Practicum (2 credits)
- NRS 339L Clinical Reasoning I (1 credit)
- NRS 350 Intermediate Medical-Surgical Nursing (3 credits)
- NRS 350P Intermediate Medical-Surgical Nursing Practicum (2 credits)
- NRS 360 Principles of OB and Newborn Nursing (3 credits)
- NRS 360P Principles of OB and Newborn Nursing Practicum (2 credits)
- NRS 370 Legal, Ethical, and Professional Issues (3 credits)
- NRS 415 Principles of Pediatric Nursing (2 credits)
- NRS 415P Pediatric Nursing Practicum (2 credits)
- NRS 420 Concepts and Principles of Leadership Management (3 credits)
- NRS 439L Clinical Reasoning II (1 credit)
- NRS 460P Nursing Capstone Project (3 Credits)
- NRS 450 Advanced Medical-Surgical Nursing (3 credits)
- NRS 450P Advanced Medical Surgical Practicum (2 credits)
- NRS 465P Transition to the Professional Practice Role (4 credits)

Courses in Other Disciplines (31 credits)

- HIN 355 Foundations of Health Informatics (3 credits)
- BIO 126 Human Nutrition - NS (3 credits)
• BIO 208 Human Anatomy and Physiology I - NS (4 credits) ♦ *
• BIO 208L Human Anatomy and Physiology I Laboratory - SL (0 credits) *
• BIO 209 Human Anatomy and Physiology II (4 credits) ♦ *
• BIO 209L Human Anatomy and Physiology II Laboratory (0 credits) *
• CHE 115 Physiological Chemistry - NS (3 credits) ♦ *
• CHE 115L Physiological Chemistry Laboratory - SL (1 credit) *
• BIO 202 Microbiology for Health Professionals (4 credits) ♦ *
• BIO 202L Microbiology for Health Professionals Laboratory (0 credits) *
• PSY 100 Introduction to Psychology - SB (3 credits) *
• STA 205 Introduction to Statistical Methods - QR (3 credits) ♦ *
• PSY 321 Lifespan Development (3 credits) ♦ *
• OR
• EDU 300 Human Growth and Development (3 credits) ♦ *

**Note:**

*These courses are prerequisites and co-requisites for other program courses. NKU graduates are required to earn 120 credit hours. Nursing graduates typically graduate with 121-124 credit hours, which includes the Foundation of Knowledge general education requirements.

The following courses are required for students who do not benchmark on specific HESI standardized exams:

• NRS 400 HESI-RN Exit Test Preparation (1 credit) ♦
• NRS 401 HESI-RN Exit Remediation (1 credit) ♦
College of Informatics

Location: Griffin Hall 500
Phone: 859-572-5666
Fax: 859-572-6176
Email Address: informatics@nku.edu
Web Address: http://informatics.nku.edu/
Dean: Kevin Kirby

Other Key Personnel:
- Associate Dean: TBA
- Business Officer: TBA
- Director of Advancement: Kendall Fisher
- Executive Assistant to the Dean: Brittany Smart
- Events and Communication Coordinator: Krista Rayford

The College of Informatics offers a contemporary perspective on the disciplines that have information at their core. We are home to the departments of communication, computer science, and business informatics. Through our outreach arm, the Center for Applied Informatics, our students have the opportunity to work with companies and other organizations on cutting-edge projects.

The college offers twelve bachelor’s degrees, five master’s degrees, twelve minors, and a variety of certificates, both graduate and undergraduate. Several of our programs are available in a variety of forms, including traditional face-to-face, fully online, and hybrid formats. Many of them accommodate working professionals who are only available for coursework in the evening and on weekends.

We have energetic faculty who have a passion for teaching, who are dedicated researchers, and who have a strong sense of civic engagement. Our advising center has a staff of eight to help students advance smoothly through their course of studies here.

Our home is NKU’s state-of-the-art informatics center, Griffin Hall. In this open and social space, students have the opportunity to use the newest technologies and collaborate in innovative ways.

Above all, we embrace a culture of silo-breaking transdisciplinarity. In other words, the College of Informatics is not an island. We work together with all the other colleges on campus to advance the full range of NKU’s mission. Informatics is networked into almost anything you can imagine, and we invite everyone to connect to us and explore.

College Advising Center

Location: Griffin Hall 404 A-H
Phone: 859-572-7670
Email Address: coiadvising@nku.edu
Web Address: http://inside.nku.edu/informatics/advising.html
Director: Revecca Walker

Other Key Personnel:
- Assistant Director: Kara Thompson
- Academic Advisors:
  - Lisa Brun
  - Meghan Schmidt
  - Casey Thompson
  - Lynn Warner

It is the mission of the COI advising center to advise, teach, assist, and empower you. Our advisors accomplish this by assisting you in selecting courses for your desired major, ultimately enabling you to successfully complete your degree. More importantly, our advisors are trained to listen to your concerns in an open and caring way.

There is a lot of information available on our website, but keep in mind that as careers change, so do their degree requirements. Therefore, while many of your questions may be answered after viewing the contents of our site, we strongly recommend that you always consult an advisor at least once a semester with your specific questions.

Accreditations

Business Informatics is accredited by AACSB-International, the Association to Advance Collegiate Schools of Business.

Centers

The Center for Applied Informatics

Location: Griffin Hall 330
Phone: 859-572-7610
Fax: 859-572-6176
Email Address: cai@nku.edu
Web Address: http://inside.nku.edu/informatics/centers/cai.html
Director: Jill Henry

The Center for Applied Informatics (CAI) provides students with extensive access to internships, cooperatives, and experiential learning in a real-world environment. Via CAI, the university directly contributes to the development of the commonwealth and tri-state area by connecting the best informatics students, professional staff, and awarding-winning faculty, versed in the latest research and industry best practices, with businesses and organizations seeking expertise. This collaboration forms the building blocks of student academic success and business innovation both locally and worldwide. At any given time, our students, faculty, and staff are engaging a variety of applied research projects, composed of the communicative, technical, and creative elements that are informatics.

The Center for Information Security

Phone: 859-572-5571
Web Address: http://inside.nku.edu/informatics/centers/cis.html
Director: James Walden

The Center for Information Security (CIS) is a multidisciplinary center for information security research and education. NKU has been designated as a National Center for Academic Excellence in Cyber Defense by the National Security Agency and the US Department of Homeland Security. The center ensures coordination of the various security-related certificate programs, supports the undergraduate Cyberdefense team and contributes to various outreach activities including NKU’s annual Security Symposium.

The Center for Integrative Natural Science and Mathematics

Phone: 859-572-5381
Fax: 859-572-6179
Web Address: http://cinsam.nku.edu/
Established in 1999 by Kentucky’s Council on Post-Secondary Education as the Program of Distinction at NKU, the Center for Integrative Natural Science and Mathematics (CINSAM) is dedicated to enhancing teaching, learning, and application of science and mathematics at all educational levels throughout the region. It prepares outstanding future teachers by promoting integrative science courses and by providing opportunities for collaboration among education, science, and mathematics faculty and their students at all grade levels from pre-school to college graduate. CINSAM’s vision is to facilitate NKU becoming a nationally recognized leader in Science, Technology, Engineering and Mathematics (STEM) education and scholarship.

Department Chair: Frank Braun

Program Director(s):
- BIS Program Coordinator: Frank Braun
- HIN Program Director: Gary Ozanich
- Library Informatics Program Coordinator: Threasa Wesley

Other Key Personnel:
- Senior Operations Coordinator: Sue Murphy-Angel
- Academic Coordinator: Christa Witt
- Academic Specialist: Aaron Zlatkin

Full-Time Faculty: Chad Anderson, Kalyani Ankem, Frank Braun, Tony Burk, Teuta Cata, Mary Chesnut, James Hughes, Sarah Mann, David Manning, Brad Metzger, Brandi Neal, Gary Ozanich, Vijay Raghavan, Joseph Rubleske, Toru Sakaguchi, Charles Slaven, Crystal Summers, Xiaoni Zhang

Thinking about the discipline: The business informatics department offers three complementary contexts for the study and application of information technology: business, healthcare, and library science. These programs focus on the broad information systems aspect of business theory and practice. Students will develop skills in:

- Automating business processes such as project management and workflow analysis.
- Managing information functions such as information systems analysis and design.
- Quantitative analysis and decision making such as developing management dashboards and business data analytics.

On the edge of a digital revolution, the world of business and healthcare is relying more and more on technology for business process management, data analysis, and project management. NKU’s Department of Business Informatics will prepare students to enter the marketplace and start their careers in business, government institutions, educational organizations, healthcare facilities, and other knowledge based organizations.

Business informatics careers (for example, business and healthcare data analysts) are projected to be some of the fastest-growing careers through 2025.

Special opportunities for our students: Internships and co-ops may be used as electives in Business informatics programs.

Special admission requirements: The Business Information Systems degree is AACSB-accredited and therefore prospective majors must meet selective admission requirements co-established with the Haile/U.S. Bank College of Business. This selective admission requires students to complete the 10 courses listed in the Selective Admission Courses section of the “Degree Requirements: B.S. - Business Information Systems” table with a C- or better and have a minimum GPA of 2.50.

Special graduation requirements: The Bachelor of Science in Business Information Systems requires completion of the minor in Business.

BACHELOR OF SCIENCE

Business Information Systems, B.S.

Available in both traditional and fully-online formats.

The Bachelor of Science in Business Information Systems can be completed in the Program for Adult-Centered Education format, as well as online.

- Indicates prerequisite.

These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements.

DEGREE REQUIREMENTS (94-97 CREDITS)

Selective Admission Courses (31 credits)

- ENG 101 College Writing - WC (3 credits) ♦
- MAT 114 Finite Mathematics - QR (3 credits) ♦
- CMST 101 Public Speaking - OC (3 credits) *
- OR
- CMST 110 Introduction to Communication Studies - OC (3 credits)
- ACC 200 Principles of Accounting I-Financial (3 credits) ♦
- ACC 200L Financial Accounting Lab (1 credit)
- ACC 201 Principles of Accounting II-Managerial (3 credits) ♦
- BUS 230 Legal Environment (3 credits) ♦
- ECO 200 Principles of Macroeconomics - SB (3 credits) ♦
- ECO 201 Principles of Microeconomics - SB (3 credits) ♦
- ENG 102 Advanced College Writing - WC (3 credits) ♦
- STA 205 Introduction to Statistical Methods - QR (3 credits) ♦

Courses in Business (24 credits)

- MAT 109 Algebra for College Students (3 credits)
- BIS 380 Quantitative Analysis with Excel (3 credits)
- MGT 300 Behavior in Organizations: Understanding Organizational Life (3 credits) ♦
- MGT 490 Business Policy (3 credits)
- BIS 300 Management Information Systems (3 credits) ♦
- FIN 305 Principles of Finance (3 credits) ♦
- MGT 305 Operations Management in Business (3 credits) ♦
- MKT 205 Principles of Marketing (3 credits) ♦

Note:

*These courses complete the required minor in Business.

Courses in Informatics (12 credits)

- INF 110 Introduction to Application Development (3 credits)
- OR
- INF 120 Elementary Programming - NS (3 credits)

BACHELOR OF SCIENCE

Business Information Systems, B.S.

Available in both traditional and fully-online formats.

The Bachelor of Science in Business Information Systems can be completed in the Program for Adult-Centered Education format, as well as online.

- Indicates prerequisite.

These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements.

DEGREE REQUIREMENTS (94-97 CREDITS)

Selective Admission Courses (31 credits)

- ENG 101 College Writing - WC (3 credits) ♦
- MAT 114 Finite Mathematics - QR (3 credits) ♦
- CMST 101 Public Speaking - OC (3 credits) *
- OR
- CMST 110 Introduction to Communication Studies - OC (3 credits)
- ACC 200 Principles of Accounting I-Financial (3 credits) ♦
- ACC 200L Financial Accounting Lab (1 credit)
- ACC 201 Principles of Accounting II-Managerial (3 credits) ♦
- BUS 230 Legal Environment (3 credits) ♦
- ECO 200 Principles of Macroeconomics - SB (3 credits) ♦
- ECO 201 Principles of Microeconomics - SB (3 credits) ♦
- ENG 102 Advanced College Writing - WC (3 credits) ♦
- STA 205 Introduction to Statistical Methods - QR (3 credits) ♦

Courses in Business (24 credits)

- MAT 109 Algebra for College Students (3 credits)
- BIS 380 Quantitative Analysis with Excel (3 credits)
- MGT 300 Behavior in Organizations: Understanding Organizational Life (3 credits) ♦
- MGT 490 Business Policy (3 credits)
- BIS 300 Management Information Systems (3 credits) ♦
- FIN 305 Principles of Finance (3 credits) ♦
- MGT 305 Operations Management in Business (3 credits) ♦
- MKT 205 Principles of Marketing (3 credits) ♦

Note:

*These courses complete the required minor in Business.

Core Courses in Business Information Systems (27 credits)

BIS 305 Advanced Business Programming (3 credits)

BIS 310 Systems Analysis and Design (3 credits)

BIS 330 IT Project Management (3 credits)

BIS 364 Visualizing Data for Business Analysis (3 Credits)

BIS 382 Principles of Information Security (3 credits)

HIN 382 Healthcare Information Security and Privacy (3 credits)

BIS 430 Business Process Analysis (3 credits)

BIS 485 Strategic Information Systems Management (3 credits)

(capstone)

Guided Electives - select one of the tracks below or any two courses from the following (6 credits)

BIS 373 Collaboration Systems with SharePoint (3 Credits)

BIS 384 Business Analytics (3 credits)

BIS 394 Topics: Information Systems (3 credits)

BIS 396 Applied Business Informatics (1-3 credits)

BIS 397 Information Systems Projects (1-3 credits)

BIS 402 Programming for E-Business (3 credits)

BIS 420 Business Intelligence & Enterprise Appl. (3 credits)

BIS 435 Database Management Systems (3 credits)

BIS 440 Global Information Technology Management (3 credits)

BIS 494 Topics: Information Systems (3 credits)

Total Credits 94

Collaboration Systems Track (9 credits)

BIS 373 Collaboration Systems with SharePoint (3 Credits)

Select two of the following courses:

CMST 381 Computer-Mediated Communication (3 credits)

CMST 303 Organizational Communication (3 credits)

CMST 335 Communication and Conflict (3 credits)

Total Credits 97

Healthcare Information Systems Track (6 credits)

HIN 355 Foundations of Health Informatics (3 credits)

HIN 356 Health Information Management (3 credits)

Note: HIN 382 must be the selected option in the Business Information Systems core.

Total Credits 94

Health Informatics, B.S.

This program provides the student with the specialized skills and knowledge required for a Health Informatics professional. This includes a working knowledge of health care delivery systems and encompasses both technical and clinical knowledge. Knowledge domains include systems and processes; basic health sciences, security, privacy, confidentiality, ethical issues; health system organization; public policy and payment models; project management; health information system design and healthcare data analytics.

CORE COURSES (56 CREDITS)

Core Courses in the BS HIN Program

BIO 208 Human Anatomy and Physiology I - NS (4 credits)

BIO 208L Human Anatomy and Physiology I Laboratory - SL (0 credits)

BIO 209 Human Anatomy and Physiology II (4 credits)

BIO 209L Human Anatomy and Physiology II Laboratory (0 credits)

BIO 272 Medical and Biological Terminology (3 credits)

BIS 101 Fundamentals of Business Computing (3 credits)

BIS 111 Problem Solving and Creativity - SB (3 credits)

BIS 275 Introduction to Business Analysis (3 credits)

BIS 300 Management Information Systems (3 credits)

BIS 310 Systems Analysis and Design (3 credits)

BIS 330 IT Project Management (3 credits)

BIS 380 Quantitative Analysis with Excel (3 credits)

BIS 384 Business Analytics (3 credits)

And select one of the following courses:

CIT 430 Computer Forensics (3 credits)

CIT 480 Securing Computer Systems (3 credits)

CIT 481 Cybersecurity Capstone (3 credits)

Note: BIS 382 must be the selected option in the Business Information Systems core.
• BIS 430 Business Process Analysis (3 credits) ♦
• BIS 435 Database Management Systems (3 credits) ♦
• CMST 403 Health Communication (3 credits) ♦
• INF 110 Introduction to Application Development (3 credits)
• INF 128 Principles of Informatics - SB (3 credits)
• INF 282 Introduction to Databases (3 credits) ♦
• INF 284 Introduction to Networks and Data Communication (3 credits) ♦

MAJOR COURSES (22 CREDITS)

• HIN 101 Introduction to Health Informatics (1 Credits)
• HIN 200 Introduction to Healthcare Operations (3 Credits)
• HIN 275 Information Management and Revenue Cycle (3 credits)
• HIN 355 Foundations of Health Informatics (3 credits)
• HIN 356 Health Information Management (3 credits) ♦
• HIN 382 Healthcare Information Security and Privacy (3 credits) ♦
• HIN 450 Quality Management in Healthcare (3 credits) ♦
• HIN 485 Health Informatics Capstone (3 credits) ♦

ELECTIVE COURSES (9 CREDITS)

Elective Courses in the HIN Program.

• BIS 305 Advanced Business Programming (3 credits) ♦
• BIS 364 Visualizing Data for Business Analysis (3 Credits) ♦
• BIS 373 Collaboration Systems with SharePoint (3 Credits) ♦
• BIS 394 Topics: Information Systems (3 credits) ♦
• BIS 420 Business Intelligence & Enterprise Appl. (3 credits) ♦
• HIN 392 Directed Research in Health Informatics (1-3 credits) ♦
• HIN 396 Applied Health Informatics (1-3 credits) ♦
• HIN 397 Health Informatics Project (1-3 credits) ♦

Library Informatics, B.S.

Available exclusively in a fully-online format.

By completing a bachelor’s degree in library informatics a student will be prepared to work in the expanding career fields of information evaluation and management. Professional positions are available in a wide variety of settings: libraries, corporate information centers, research divisions, government agencies, public service institutions, and more. Courses in this program focus on three broad areas of expertise for information specialists:

• **Organizing information:** Through coursework, students will learn to use technology, identification schemes, and classification models to manage information more effectively. Examples of specific course topics include the subject classification systems, meta-data programs, information policy, information entrepreneurship, preservation of original sources, and the unique organizational demands of multiple media materials.

• **Accessing information:** Coursework will guide students in the development of effective and efficient information retrieval and will build skills to devise effective search strategies for a wide variety of database structures and search engine protocols. Examples of specific course topics include the use of tertiary reference guides to streamline information seeking; publication and dissemination cycles; the structure of information searches to retrieve specific information characteristics; cost-benefit analyses of information searches; and ethical and legal issues in using information.

• **Assessing information:** Course content centers on evaluating usability, reliability, and sufficiency of information sources. Specific study would include applying critical thinking skills to the analysis of resources; matching information sources to specific audience needs; judging the relative value of various information packages; and evaluating decision-making models using data and opinion sources.

♦ Indicates prerequisite.

These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements.

DEGREE REQUIREMENTS (45 CREDITS)

Core Courses

• LIN 300 Information in Our Society (3 credits)
• LIN 301 Introduction to Meta Information System (3 credits) ♦
• LIN 302 Digital Searching Interfaces (3 credits)
• LIN 303 Critical Reading (3 credits)
• INF 282 Introduction to Databases (3 credits) ♦
• LIN 400 Current Trends in Information Studies (3 credits)
• LIN 496 Senior Capstone (3 credits) ♦
• LIN 175 Information Literacy - SB (3 credits)
• LIN 414 Advanced Information Literacy Skills (3 credits) ♦
• BIS 101 Fundamentals of Business Computing (3 credits)
• INF 110 Introduction to Application Development (3 credits)
• BIS 300 Management Information Systems (3 credits) ♦

Select three courses from the following (9 credits)

• CIT 247 Networking Fundamentals (3 credits) ♦
• INF 196 Media Web Coding (3 credits) ♦
• INF 284 Introduction to Networks and Data Communication (3 credits) ♦
• LIN 305 Government Information (3 credits)
• LIN 394 Topics (3 credits)
• LIN 405 Intellectual Property and Information Rights (3 credits) ♦
• LIN 420 Management in Library and Information Centers (3 credits) ♦
• PHI 310 Information Ethics (3 credits)
• JOU 440 Current Topics in Media Ethics (3 credits) ♦

Note:

Students are responsible for meeting all prerequisites set forth by the department offering the course.

POST BACCALAUREATE CERTIFICATE

Information Systems Development Certificate

This post baccalaureate certificate is available to students with an undergraduate degree and consists of 18 credit hours.

♦ Indicates prerequisite.
REQUIREMENTS FOR POST BACCALAUREATE CERTIFICATE (18 CREDITS)

Health Informatics Minor

The department offers a minor in health informatics that consists of 25 credit hours. After completing the minor, the successful student will have competence in the underlying skills necessary to become a health informaticist. Students will be able to demonstrate knowledge in the health informatics field and in information systems as it relates to healthcare. Students will be able to analyze, synthesize, and problem solve using a variety of techniques and tools.

Indicates prerequisite.

These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements.

REQUIREMENTS FOR CERTIFICATE (12 CREDITS)

- INF 110 Introduction to Application Development (3 credits)
- INF 282 Introduction to Databases (3 credits)
- BIS 300 Management Information Systems (3 credits)
- BIS 330 IT Project Management (3 credits)
- BIS 440 Global Information Technology Management (3 credits)
- BIS 485 Strategic Information Systems Management (3 credits) (capstone)

UNDERGRADUATE CERTIFICATE

Business Informatics Certificate

Available in both traditional and fully-online formats.

The business informatics certificate is available to current students and consists of 12 credit hours.

Indicates prerequisite.

Department Chair: Stephen Yungbluth

Program Director(s):
- Communication Studies Program Director: Andrea Lambert South
- Electronic Media & Broadcasting Program Director: Christopher Strobel
- Health Communication Program Director: Andrea Lambert-South
- Journalism Program Co-Directors: Michele Day, Jacqueline Emerine
- Media Informatics Program Director: Michele Day
- Public Relations Program Director: Gregory De Blasio

Other Key Personnel:
- General Education Director: Jeff Fox
- Student Media Adviser: Michele Day
- Senior Operations Coordinator: Sue Murphy-Angel
- Academic Coordinator: Christa Witt
- Academic Specialist: Aaron Zlatkin

Thinking about the discipline: The Department of Communication fosters an integrated approach to the study and practice of communication and emphasizes the fundamental role communication plays in virtually all human endeavors. Students majoring in communication studies, electronic media and broadcasting, health communications, journalism, media informatics, or public relations will take courses that teach basic and advanced skills in computer-mediated, digital, spoken, visual, and written communication. They also promote an understanding of communication principles and theories as well as an awareness of the personal, social, psychological, and cultural impacts of communication. The department's courses also emphasize situational analysis, issue identification, problem solving, message construction, storytelling, and effective presentation.

Communication students aspire to become professional communicators in fields such as broadcast, online, and print journalism; digital, animated, audio, and video storytelling; organizational communication; public relations; and social informatics.

Special opportunities for our students: The communication department provides numerous opportunities for practical and applied experiences through an active internship program, projects and practicum courses, and student organizations. The department is home to NorseMedia, which creates media for NKU's web presence and television station, as well as Norse PROvisions, a student-run public relations firm. In addition, the NKU student newspaper (The Northerner) and online radio station (Norse Code Radio) are housed in the department. Students also have the opportunity to join a variety of discipline-specific student organizations such as the MINjas, NKU E-Sports, Norse Film Society, Public Relations Student Society of America, and Society for Professional Journalists. High achieving students are also eligible to join the communication honor society, Lambda Pi Eta.

Special graduation requirements: All majors and minors must earn a letter grade of C- or better and a 2.0 GPA in their major or minor courses.

Interdisciplinary Minors:
- Popular Culture Studies Minor

BACHELOR OF ARTS

Communication Studies, B.A.

Available in both traditional and fully-online formats.

The communication studies program provides: (1) a strong general background in practice, theory, history, and criticism of communicative acts; (2) opportunities for students to improve their communication skills; (3) a variety of courses to enrich the programs of students in other disciplines; (4) training for students who plan to enter professional fields such as public relations, human resources, sales, training/development, law, ministry, teaching, business, and politics; and (5) a background for graduate study in communication studies or related fields.

Students majoring in communication studies must complete 42 credit hours of study as outlined below, including “CMST 101 Public Speaking - OC (3 credits)” or “CMST 110 Introduction to Communication Studies - OC (3 credits)” for the oral communication requirement of their general education program. Students may not double count Communication Department courses toward the Communication Studies major and other majors and minors in the Communication Department unless the course is required as the only option in the Communication Studies major and other majors and minors in the Communication Department.

Special graduation requirements: All majors and minors must earn a letter grade of C- or better and a 2.0 GPA in their major or minor courses.
- Indicates prerequisite.

DEGREE REQUIREMENTS (39 CREDITS PLUS 3 FOUNDATION OF KNOWLEDGE CREDITS)

Foundation of Knowledge coursework (3 credits)

Students must take one of the following two courses to fulfill their Oral Communication requirement in their general education curriculum.
- CMST 101 Public Speaking - OC (3 credits)
- OR
- CMST 110 Introduction to Communication Studies - OC (3 credits)

Core Courses (33 credits)
- CMST 220 Interpersonal Communication (3 credits)
- CMST 230 Small Group Communication (3 credits)
Media and Broadcasting major and other majors and minors in the Communication Department.

Special graduation requirements: All majors and minors must earn a letter grade of C-or better and a 2.0 GPA in their major or minor courses.

- Indicates prerequisite.

DEGREE REQUIREMENTS (55-61 CREDITS, PLUS 6 FOUNDATION OF KNOWLEDGE CREDITS)

Foundation of Knowledge coursework (6 credits)

Take one of the two CMST courses below to fulfill the Oral Communication requirement and take the EMB course to fulfill a culture and creativity requirement.

- CMST 101 Public Speaking - OC (3 credits)
- CMST 110 Introduction to Communication Studies - OC (3 credits)
- EMB 100 Media Literacy - AH (3 credits)

Core Courses (31 credits)

- EMB 101 Electronic Media Appreciation 1 (1 credit)
- EMB 102 Electronic Media Production Assistance 1 (1 credit)
- EMB 110 Introduction to Mass Media (3 credits)
- EMB 140 Introduction to Media Aesthetics (3 credits)
- EMB 201 Electronic Media Appreciation 2 (1 credit)
- EMB 202 Electronic Media Production Assistance 2 (1 credit)
- EMB 210 Single Camera Production (3 credits)
- EMB 215 Audio Production (3 credits)
- MIN 221 Visual Fundamentals for Digital Media (3 credits)
- EMB 260 Writing for the Media (3 credits)
- EMB 335 Sports Media Production (3 credits)
- EMB 396 Internship: Electronic Media and Broadcasting (3-6 credits)
- EMB 397 Projects (3 credits)
- EMB 400 Media Criticism (3 credits)
- EMB 435 Media Studies (3 credits)

Studies (3 credits)

Select one course from the following

- CMST 220 Interpersonal Communication (3 credits)
- CMST 303 Organizational Communication (3 credits)
- EMB 380 Documentary Theory and History (3 credits)
- PSY 304 Consumer Psychology (3 credits)

Content Creation (12 credits)

Select four courses from the following

- EMB 305 Multicamera Video Production (3 credits)
- EMB 308 Electronic News Gathering (3 Credits)
technologies is dramatically changing the ways in which consumers obtain and make sense of health related information. For example, peer to peer communication (e.g., within Facebook support group) about a medical condition is as important to understanding and coping as communication with providers. Providers and other health care professionals must be fully aware of and appreciate all the different sources of information that are key to sensemaking and understanding. Creating messages that are clear, easy to understand, and address the emotional and logical processing of health information is crucial and lead to positive health outcomes. The messages also must address cultural differences and health disparities in terms of behavior and care that are present in a diverse society.

The health communication program will produce graduates who are skilled, effective, and literate communicators. They will be able to facilitate the sensemaking and decision making processes related to health information and be well equipped to communicate across many contexts and rapidly changing media platforms. Students completing this program will be prepared for a wide array of emerging health communication careers in industry, the non-profit sector and government.

Depending on students' areas of interest, they are encouraged to select a minor that will complement this major and strengthen their skill set. For example, if a student has an interest in video production related to health communication, a minor in Electronic Media and Broadcasting would be appropriate.

Students majoring in health communication must complete 60 credit hours of study as outlined below, earn a C- or better in each course for the major and satisfy the University's graduation requirements, including CMST 101 Public Speaking - OC (3 credits) or CMST 110 Introduction to Communication Studies - OC (3 credits) for the general education oral communication requirement, JOU 110 Introduction to Mass Communication - SB (3 credits) or INF 128 Principles of Informatics - SB (3 credits) to fulfill the general education individual and society requirement and STA 205 Introduction to Statistical Methods - QR (3 credits) to fulfill the general education mathematics general education requirement. Students may not double count Communication Department courses toward the Health Communication major and other majors and minors in the Communication Department unless the course is required as the only option in the Health Communication major and other majors and minors in the Communication Department.

Special graduation requirements: All majors and minors must earn a letter grade of C- or better and a 2.0 GPA in their major or minor courses.

DEGREE REQUIREMENTS (51 CREDITS PLUS 9 FOUNDATION OF KNOWLEDGE CREDITS)

Foundations of Knowledge coursework (9 credits)

- CMST 101 Public Speaking - OC (3 credits)
- CMST 110 Introduction to Communication Studies - OC (3 credits)
- INF 128 Principles of Informatics - SB (3 credits)
- JOU 110 Introduction to Mass Communication - SB (3 credits)
- SWK 105 Social Work and the Community - SB (3 credits)
Core Courses (27 credits)

- CMST 300 Research Methods in Communication Studies (3 credits)
- CMST 403 Health Communication (3 credits)
- HCOM 305 Patient-Provider Communication (3 credits)
- HCOM 450 Health Campaigns (3 credits)
- HCOM 480 Communication Technology and Health (3 credits)
- HCOM 496 Health Communication Internship (3 credits)
- HIN 200 Introduction to Healthcare Operations (3 Credits)
- HIN 355 Foundations of Health Informatics (3 credits)
- JOU 305 Science in the Media (3 credits)

Professional Skills Courses (6 credits)

Choose two courses from the list below.

- ENG 349 Web Writing for the Professions (3 credits)
- HSC 413 Aging in Today's Society (3 credits)
- JOU 220 News Writing (3 credits)
- MGT 205 Business Management Principles (3 credits)
- MKT 205 Principles of Marketing (3 credits)

Health Issues/Domains (6 credits)

Choose two courses from the list below.

- HEA 320 Drug and Alcohol Education (3 credits)
- HSR 300 Ethics & Issues in Human Svc Profession (3 credits)
- HSR 305 Assessmnt & Appraisal:Human Svs/Sub Abuse (3 credits)
- HSR 312 Crisis Intervention (3 credits)
- HSR 314 Death, Dying, and Grief (3 credits)
- PSY 315 Psychology of Human Sexuality (3 credits)
- PSY 333 Abnormal Psychology (3 credits)
- PSY 340 Social Psychology (3 credits)
- PSY 505 Drug Policy (3 credits)
- PSY 510 Psychopharmacology (3 credits)

Diversity and Health Courses (6 credits)

Choose two courses from the list below.

- HCOM 315 Sociocultural Aspects of Health (3 credits)
- HSC 413 Aging in Today’s Society (3 credits)
- HSR 303 Multicultural Issues in Human Services (3 credits)
- SOC 480 Global Aging Issues and Policies (3 credits)
- SWK 455 Multicultural Family Experiences (3 credits)

Communication Electives (6 credits)

Choose two courses from the list below.

- CMST 220 Interpersonal Communication (3 credits)
- CMST 230 Small Group Communication (3 credits)
- CMST 303 Organizational Communication (3 credits)
- CMST 333 Lifespan Communication (3 credits)
- CMST 340 Strategies of Persuasion (3 credits)
- CMST 355 Culture and Communication (3 credits)
- CMST 440 Communication Training and Development (3 credits)
- HCOM 485 Communicating Health Policy (3 credits)
- JOU 321 Digital Publishing (3 credits)
- JOU 340 Feature Writing (3 credits)
- JOU 450 Media Skills (3 credits)
- PRE 375 Principles of Public Relations (3 credits)
- PRE 377 Public Relations Case Studies and Campaigns (3 credits)
- PRE 410 Electronic Public Relations (3 credits)

Journalism, B.A.

Journalists will always provide the news that people need by finding out what is happening in their neighborhoods, their cities, their states, and their nation and by informing citizens about items they need to know. Students who study journalism learn how to write well and quickly. They learn how to do research and analyze what they find. They learn how to ask the right questions, find the right documents, and communicate what they’ve discovered in an engaging way. Changing technology has opened opportunities for journalists such as blogging, editing, and shooting video and photos for newspapers, radio, television, and online news organizations. They also find work in related fields, such as public relations and advertising. Many journalism majors also go on to graduate school or law school.

Students majoring in journalism must complete 39 credit hours of study as outlined below, and take "CMST 101 Public Speaking - OC (3 credits)" or "CMST 110 Introduction to Communication Studies - OC (3 credits)" for the oral communication requirement of their general education program, and take "JOU 110 Introduction to Mass Communication - SB (3 credits) - SB (3 credits)" as one of the courses for the Individual & Society requirement in their general education program. Students may not double count Communication Department courses toward the Journalism major and other majors and minors in the Communication Department unless the course is required as the only option in the Journalism major and other majors and minors in the Communication Department.

Special graduation requirements: All majors and minors must earn a letter grade of C- or better and a 2.0 GPA in their major or minor courses.

Indicates prerequisite.

DEGREE REQUIREMENTS (39 CREDITS PLUS 3 FOUNDATION OF KNOWLEDGE CREDITS)

Foundation of Knowledge coursework (3 credits)

- JOU 110 Introduction to Mass Communication - SB (3 credits)

Core Courses (27 credits)

- EMB 140 Introduction to Media Aesthetics (3 credits)
- JOU 220 News Writing (3 credits)
- JOU 230 News Reporting and Writing (3 credits)
- JOU 346 Copy Editing and Design (3 credits)
- JOU 380 News Media Workshop (1-3 credits)
- JOU 440 Current Topics in Media Ethics (3 credits)
- JOU 450 Media Skills (3 credits)
- JOU 480 Advanced News Media Workshop (1-3 credits)
- JOU 485 Mass Communication Law (3 credits)

Select four courses from the following (12 credits)
DEGREE REQUIREMENTS (54 CREDITS, PLUS 9 FOUNDATION OF KNOWLEDGE CREDITS)

Media Informatics, B.A.

The media informatics program resides at the intersection of communication, arts, technology, and code. Students in this diverse and challenging major collaborate to create and design websites, 3D animation, apps, and video games, that educate, inform, inspire, and entertain. Coursework focuses on both cutting edge technology and foundational understanding of theories and techniques needed to create compelling and inventive experiences for the next generation.

The media informatics curriculum will prepare students to create and deliver content with the end goal of developing engaging and effective interactive storytelling.

Students majoring in media informatics must complete 54 credit hours of study as outlined below, and take “CMST 101 Public Speaking - OC (3 credits)” or “CMST 110 Introduction to Communication Studies - OC (3 credits)” for the oral communication requirement of their general education program.

Also, MIN students are required to take “INF 120 Elementary Programming - NS (3 credits)” to fulfill the natural science without a lab requirement of the general education program.

In addition, MIN students are required to take “EMB 100 Media Literacy - AH (3 credits)” or “JOU 110 Introduction to Mass Communication - SB (3 credits)” to fulfill either a culture and creativity or individual and society requirement of the general education program. Students may not double count Communication Department courses toward the Media Informatics major and other majors and minors in the Communication Department unless the course is required as the only option in the Media Informatics major and other majors and minors in the Communication Department.

Special graduation requirements: All majors and minors in the Department of Communication must earn a letter grade of C- or better and a 2.0 GPA in their major or minor courses.

Indicates prerequisite.

Students majoring in public relations must complete 42 credit hours of study as outlined below, and take "CMST 101 Public Speaking - OC (3 credits)" or "CMST 110 Introduction to Communication Studies - OC (3 credits)" for the oral communication requirement.

Electives (choose 5 classes - 15 credits)

Select any additional MIN prefix courses or any of the following courses:

- ARTM 331 Digital Arts & Effects (3 credits)
- ARTM 360 Robotic Art (3 credits)
- ARTM 394 Topics in New Media Art (3 credits)
- MIN 326 Digital Compositing (3 credits)
- MIN 352 Project Research Management (3 credits)
- MIN 381 Computer-Mediated Communication (3 credits)
- MIN 420 Professional Practices (3 credits)
- MIN 452 Advanced Portfolio Production (3 credits)

Select one 300- or 400-level College of Informatics course (3 credits)

(BIS, CIT, CMST, CSC, EMB, HCOM, INF, JOU, LIN, MIN, POP, or PRE)

Public Relations, B.A.

Students electing to major in public relations will enter a program of interdisciplinary study leading to career opportunities within organizations and PR firms. The major has an academic and applied orientation where students learn principles, skills, and practices that prepare them for entry to mid-level positions in public relations. Students take courses in public relations, communication studies, journalism, and electronic media and broadcasting. Skills emphasized in these courses are research, strategic planning, writing, presenting, analyzing, and creating.

Students majoring in public relations must complete 42 credit hours of study as outlined below, and take "CMST 101 Public Speaking - OC (3 credits)" or "CMST 110 Introduction to Communication Studies - OC (3 credits)" for the oral communication requirement.

Take EMB 100 to fulfill a Culture and Creativity requirement OR JOU 110 to fulfill an Individual and Society requirement.

Take CMST 101 OR CMST 110 to fulfill the Oral Communication requirement.

Core Courses (36 credits)

- EMB 140 Introduction to Media Aesthetics (3 credits)
- INF 286 Introduction to Web Development (3 credits)
- MIN 221 Visual Fundamentals for Digital Media (3 credits)
- MIN 240 Introduction to Interactive Media (3 credits)
- MIN 244 Principles of Digital 3D Animation (3 credits)
- MIN 245 3D Modeling Fundamentals (3 credits)
- MIN 250 Analog Game Design (3 credits)
- MIN 252 Non-Linear Interactive Storytelling (3 credits)
- MIN 352 Project Research Management (3 credits)
- MIN 381 Computer-Mediated Communication (3 credits)
- MIN 420 Professional Practices (3 credits)
- MIN 452 Advanced Portfolio Production (3 credits)

Take CMST 101 OR CMST 110 to fulfill the Oral Communication requirement.

Take INF 120 OR EMB 100 to fulfill the Natural Science without a lab requirement.

Take any additional MIN prefix courses or any of the following courses:

- CMST 331 Digital Arts & Effects (3 credits)
- CMST 360 Robotic Art (3 credits)
- CMST 394 Topics in New Media Art (3 credits)
- MIN 326 Digital Compositing (3 credits)
- MIN 440 Current Topics in Media Ethics (3 credits)

Select one 300- or 400-level College of Informatics course (3 credits)

(BIS, CIT, CMST, CSC, EMB, HCOM, INF, JOU, LIN, MIN, POP, or PRE)
communication requirement of their general education program. Students may not double count Communication Department courses toward the Public Relations major and other majors and minors in the Communication Department unless the course is required as the only option in the Public Relations major and other majors and minors in the Communication Department.

**Special graduation requirements:** All majors and minors must earn a letter grade of C- or better and a 2.0 GPA in their major or minor courses.

♦ Indicates prerequisite.

**DEGREE REQUIREMENTS (42 CREDITS, PLUS 3 FOUNDATION OF KNOWLEDGE CREDITS)**

**Foundations of Knowledge coursework (3 credits)**

Students must take one of the following two courses to fulfill their Oral Communication requirement in their general education curriculum.

- CMST 101 Public Speaking - OC (3 credits)
- CMST 110 Introduction to Communication Studies - OC (3 credits)

**Core Courses (39 credits)**

- JOU 110 Introduction to Mass Communication - SB (3 credits)
- EMB 100 Media Literacy - AH (3 credits)
- JOU 220 News Writing (3 credits)
- CMST 220 Interpersonal Communication (3 credits)
- CMST 303 Organizational Communication (3 credits)
- PRE 375 Principles of Public Relations (3 credits)
- JOU 485 Mass Communication Law (3 credits)
- PRE 400 Public Relations Planning and Account Management (3 credits)
- CMST 340 Strategies of Persuasion (3 credits)
- JOU 370 Principles of Advertising (3 credits)
- PRE 376 Public Relations Writing (3 credits)
- PRE 385 Public Relations Research Methods (3 credits)
- PRE 377 Public Relations Case Studies and Campaigns (3 credits)
- PRE 394 Topics in Public Relations (3 credits)
- Select one 300/400-level elective in CMST, EMB, JOU, MIN, or POP (3 credits)
- PRE 396 Public Relations Internship (3 credits)
- PRE 499 Independent Study in Public Relations (1-3 credits)

**Select one course from the following (3 credits)**

- JOU 321 Digital Publishing (3 credits)
- PRE 410 Electronic Public Relations (3 credits)
- CMST 370 Advanced Public Speaking (3 credits)

**MINOR**

**Communication Studies Minor**

The minor in communication studies requires 21 credit hours including “CMST 220 Interpersonal Communication (3 credits)” and six other CMST courses. Students must take “CMST 101 Public Speaking - OC (3 credits)” or “CMST 110 Introduction to Communication Studies - OC (3 credits)” to fulfill their oral communication general education requirement, but these courses cannot be used as one of the six CMST courses for the minor. Students may not double count any Communication Department courses toward the Communication Studies minor and other majors and minors in the Communication Department unless the course is required as the only option in the Communication Studies minor and other majors and minors in the Communication Department.

CMST minors must earn a letter grade of C- or better as well as a 2.0 GPA in their minor courses.

**Requirements for Minor (21 credits)**

**Required Course (3 credits)**

- CMST 220 Interpersonal Communication (3 credits)

**Electives (18 credits)**

Students must take six CMST courses (total of 18 hours) not listed above and not including CMST 101 or CMST 110.

**Electronic Media and Broadcasting Minor**

EMB minors must earn a letter grade of C- or better as well as a 2.0 GPA in their minor courses. Students may not double count Communication Department courses toward the Electronic Media and Broadcasting minor and other majors and minors in the Communication Department unless the course is required as the only option in the Electronic Media and Broadcasting minor and other majors and minors in the Communication Department.

♦ Indicates prerequisite.

**Requirements for Minor (21 credits)**

- EMB 110 Introduction to Mass Media (3 credits)
- EMB 140 Introduction to Media Aesthetics (3 credits)
- EMB 210 Single Camera Production (3 credits)
- EMB 215 Audio Production (3 credits)
- MIN 221 Visual Fundamentals for Digital Media (3 credits)
- Select two 300/400-level EMB courses (6 credits)

**Journalism Minor**

JOU minors must earn a letter grade of C- or better as well as a 2.0 GPA in their minor courses. Students may not double count Communication Department courses toward the Journalism minor and other majors and minors in the Communication Department unless the course is required as the only option in the Journalism minor and other majors and minors in the Communication Department.
REQUIREMENTS FOR MINOR (21 CREDITS)

- JOU 220 News Writing (3 credits) ♦
- JOU 230 News Reporting and Writing (3 credits) ♦
- JOU 485 Mass Communication Law (3 credits) ♦
- JOU 440 Current Topics in Media Ethics (3 credits) ♦
- Select two 300/400-level JOU courses (EMB 308 may count as one of these two courses) (6 credits)

FOUNDATION OF KNOWLEDGE COURSE REQUIREMENT (3 CREDITS)

- JOU 110 Introduction to Mass Communication - SB (3 credits)

**Media Informatics Minor**

The media informatics minor introduces the students to the skills and knowledge set that serve as the foundation for effective user experiences in websites, apps, 3D animation, and videogame design.

MIN minors must earn a letter grade of C- or better as well as a 2.0 GPA in their minor courses. Students may not double count Communication Department courses toward the Media Informatics minor and other majors and minors in the Communication Department unless the course is required as the only option in the Media Informatics minor and other majors and minors in the Communication Department.

♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (21 CREDITS, PLUS 3 FOUNDATION OF KNOWLEDGE CREDITS)

**Foundation of Knowledge coursework (3 credits)**

Take INF 120 to fulfill the Natural Science requirement.

- INF 120 Elementary Programming - NS (3 credits) ♦

**Core Requirements (15 credits)**

- EMB 140 Introduction to Media Aesthetics (3 credits)
- INF 286 Introduction to Web Development (3 credits) ♦
- MIN 221 Visual Fundamentals for Digital Media (3 credits) ♦
- MIN 240 Introduction to Interactive Media (3 credits) ♦
- MIN 244 Principles of Digital 3D Animation (3 credits) ♦

Select two courses from the following (6 credits)

Select two additional MIN prefix courses.
Special admission requirements: There are no specific admission requirements for the programs in this department. Placement testing is available for some computer information technology, computer science and informatics courses.

You should also know: More information is available from the College of Informatics advising center (Griffin Hall 404).

BACHELOR OF SCIENCE

Computer Information Technology, B.S.

A major in computer information technology requires between 51 and 54 credit hours of coursework, depending on whether a student places out of selected courses.

Students in computer information technology study a core of courses that include basic informatics topics and fundamentals of computer and network administration. Students may choose between four tracks: network and system administration, web and database administration, cybersecurity, and non-specialist. The computer information technology major (network and system administration track), combined with a minor in business informatics, is available in an evening, nontraditional format for adult learners through PACE, the Program for Adult-Centered Education.

Indicates prerequisite.

These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements.

DEGREE REQUIREMENTS (30-36 CREDITS)

Core Courses in Informatics (3-9 credits)

- INF 120 Elementary Programming - NS (3 credits) ♦ (or placement)
- INF 282 Introduction to Databases (3 credits) ♦
- INF 286 Introduction to Web Development (3 credits) ♦ (placement exam available)

Core Courses in Computer Information Technology (18 credits)

- CIT 130 Information Technology Fundamentals (3 credits) ♦
- CIT 247 Networking Fundamentals (3 credits) ♦
- CIT 271 Windows Administration (3 credits) ♦
- CIT 285 Cybersecurity Fundamentals (3 credits)
- CIT 371 Unix Systems (3 credits) ♦
- CIT 383 Scripting I (3 credits) ♦

Core Courses in Other Disciplines (9 credits)

- STA 205 Introduction to Statistical Methods - QR (3 credits) ♦ OR
- STA 250 Probability and Statistics I (3 credits) ♦
- PHI 310 Information Ethics (3 credits)
- ENG 347 Technical Writing (3 credits) ♦
NET WO RK AND SYSTEM ADMINISTRATION TRACK (18 CREDITS)

- CIT 447 Network Design/Troubleshooting (3 credits)
- CIT 470 Advanced Network and System Administration (3 credits)
- CIT 484 Network Security (3 credits)
- Select three 300/400-level CIT courses not included above (9 credits)

TOTAL CREDITS 48-54

WEB AND DATABASE ADMINISTRATION TRACK (18 CREDITS)

- CSC 260 Object-Oriented Programming I (3 credits)
- CSC 360 Object-Oriented Programming II (3 credits)
- OR
- CIT 483 Scripting II (3 credits)
- CSC 301 Web Programming (3 credits)
- CIT 436 Web Server Administration (3 credits)
- CIT 472 Database Administration (3 credits)
- CSC 456 Advanced Web Application Development (3 credits)
- OR
- One 300/400-level CIT course (3 credits)

TOTAL CREDITS 48-54

Cy ber Sec urity Track (18 CREDITS)

- CIT 430 Computer Forensics (3 credits)
- CIT 484 Network Security (3 credits)
- CIT 485 Advanced Cybersecurity (3 credits)
- Select three 300- or 400-level CIT courses not including the above (9 credits)

NOTE: BIS 382, CSC 482 and CSC 483 may count toward these electives.

TOTAL CREDITS 48-54

Non-specialist Track (18 CREDITS)

- CSC 260 Object-Oriented Programming I (3 credits)
- CSC 360 Object-Oriented Programming II (3 credits)
- OR
- CIT 483 Scripting II (3 credits)
- CIT 436 Web Server Administration (3 credits)
- OR
- CIT 438 Cloud Computing (3 Credits)
- OR
- CIT 472 Database Administration (3 credits)
- CIT 470 Advanced Network and System Administration (3 credits)
- OR
- CIT 485 Advanced Cybersecurity (3 credits)
- Two 300- or 400-level CIT courses (6 credits)

TOTAL CREDITS 48-54

Computer Science, B.S.

A major in computer science requires between 60 and 63 credit hours of coursework, depending on placement. Students in computer science begin their study with a basic core of informatics coursework, then move on to a chain of courses designed to build their software development skills. The program is rounded out by a set of electives sampled from a variety of application areas (such as artificial intelligence, computer graphics, and computer security). The major culminates in a team-project capstone course in software engineering. Because of the large number of mathematics courses required for the computer science major, many computer science majors choose a minor in mathematics.

Indicates prerequisite.

These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements.

DEGREE REQUIREMENTS (60-63 CREDITS)

Courses in Informatics (9-12 credits)

- INF 120 Elementary Programming - NS (3 credits)
- INF 282 Introduction to Databases (3 credits)
- INF 284 Introduction to Networks and Data Communication (3 credits)
- OR
- CIT 247 Networking Fundamentals (3 credits)
- INF 286 Introduction to Web Development (3 credits) (placement exam available)

Courses in Computer Science (36 credits)

- CSC 260 Object-Oriented Programming I (3 credits)
- CSC 360 Object-Oriented Programming II (3 credits)
- CSC 362 Computer Systems (3 credits)
- CSC 364 Data Structures and Algorithms (3 credits)
- CSC 402 Advanced Programming Methods (3 credits)
- CSC 439 Software Testing and Algorithms (3 credits)
- CSC 440 Software Engineering (3 credits)
- CSC 460 Operating Systems (3 credits)
- CSC 485 Theory of Computation (3 credits)
- CSC 491 Comprehensive Examination (0 credits)
- Select one 300/400-level CSC course not included above (3 credits)
- Select two 300-level CSC courses not included above; only one of CSC 415 or CSC 416 may count toward this requirement. MAT 360 may count for either a 300-level or 400-level course. (6 credits)

Courses in Mathematics and Statistics (15 credits)

- MAT 128 Calculus A - QR (3 credits)
Data Science, B.S.

A major in data science requires between 82 and 85 credit hours, depending upon ACT/SAT scores or successful completion of placement testing. Students have the opportunity to complete one of two optional tracks, determined by selection of guided electives. The computation-intensive track involves selecting all three guided electives from computer science, data science, mathematics, and statistics courses. The business analytics track involves selecting all three guided electives from the business informatics courses. Depending upon the selection of the three guided elective courses, the student may also earn a minor in applied statistics, business informatics, computer science, or mathematics.

These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements.

**DEGREE REQUIREMENTS (85-88 CREDITS)**

**Courses in Informatics (9-12 credits)**
- INF 120 Elementary Programming - NS (3 credits)
- INF 128 Principles of Informatics - SB (3 credits)
- INF 282 Introduction to Databases (3 credits)
- INF 286 Introduction to Web Development (3 credits)

**Courses in Business Informatics (15 credits)**
- BIS 275 Introduction to Business Analysis (3 credits)
- BIS 300 Management Information Systems (3 credits)
- BIS 330 IT Project Management (3 credits)
- BIS 384 Business Analytics (3 credits)
- BIS 430 Business Process Analysis (3 credits)

**Courses in Computer Science (12 credits)**
- CSC 260 Object-Oriented Programming I (3 credits)
- CSC 360 Object-Oriented Programming II (3 credits)
- CSC 364 Data Structures and Algorithms (3 credits)
- CSC 450 Database Management Systems (3 credits)

**Courses in Data Science (19 credits)**
- DSC 101 Introduction to Data Science (1 credit)
- DSC 200 Data Wrangling (3 credits)
- DSC 311 Data Analytics (3 credits)
- DSC 321 Data Visualization (3 credits)
- DSC 411 Data Mining (3 credits)
- DSC 421 Big Data (3 credits)
- DSC 496 Data Science Capstone (3 credits)

**Courses in Mathematics and Statistics (18 credits)**
- MAT 128 Calculus A - QR (3 credits)
- MAT 227 Calculus B (3 credits)
- MAT 228 Calculus C (3 credits)
- STA 250 Probability and Statistics I (3 credits)
- STA 341 Statistics II (3 credits)
- STA 250 Probability and Statistics I (3 credits)

**Courses in Other Disciplines (3 credits)**
- ECO 201 Principles of Microeconomics - SB (3 credits)

**Guided Electives (9 credits)**
Select three courses from the following:
- BIS 310 Systems Analysis and Design (3 credits)
- BIS 382 Principles of Information Security (3 credits)
- BIS 420 Business Intelligence & Enterprise Appl. (3 credits)
- CSC 301 Web Programming (3 credits)
- CSC 362 Computer Systems (3 credits)
- CSC 402 Advanced Programming Methods (3 credits)
- CSC 425 Artificial Intelligence (3 credits)
- CSC 460 Operating Systems (3 credits)
- CSC 464 Design and Analysis of Algorithms (3 credits)
- CSC 482 Computer Security (3 credits)
- DSC 396 Data Science Practicum (1-3 credits)
- DSC 431 Network Analysis (3 credits)
- DSC 494 Advanced Topics: Data Science (1-3 credits)
- DSC 499 Advanced Independent Study: Data Science (1-3 credits)
- MAT 325 Differential Equations (3 credits)
- MAT 329 Calculus III (4 credits)
- MAT 375 Applied Mathematical Models (3 credits)
- STA 316 Regression Analysis (3 credits)
- STA 318 Elementary Survey Sampling (3 credits)
- STA 327 Categorical Data Analysis (3 credits)
- STA 340 Probability II (3 credits)
- STA 360 Statistical Computing (3 credits)
- STA 370 Introduction to Statistical Consulting (3 credits)

* DSC 494 may be repeated for credit toward the guided electives as topics vary.

**UNDERGRADUATE CERTIFICATE**

**Cybersecurity Certificate**

Available in both traditional and fully-online formats.

This certificate is for students wanting to earn academic credentials in computer security. The required courses in this program will all be offered online, thus allowing a greater flexibility in being able to complete this certificate. The job market is growing rapidly for people able to effectively secure computers. Computer security is a very challenging technical field, requiring hands-on knowledge of a broad range of technologies as well as an effective understanding of government laws and policies related to computer security.
crime. Students completing this program will have demonstrated an understanding of all NSA-specified core knowledge units of computer security.
* Indicates prerequisite.

**REQUIREMENTS FOR CERTIFICATE (18 CREDITS)**
- BIS 382 Principles of Information Security (3 credits)
- CIT 247 Networking Fundamentals (3 credits)
- CIT 285 Cybersecurity Fundamentals (3 credits)
- CIT 371 Unix Systems (3 credits)
- CIT 485 Advanced Cybersecurity (3 credits)
- INF 282 Introduction to Databases (3 credits)

**Software Development Certificate**

This certificate concentrates on the core areas of computer programming and related technologies that prepare students to become proficient software developers.

The program is designed for individuals with various backgrounds who wish to retrain for employment in this high-demand field as well as for those who, for financial or other reasons, cannot complete a full 120-hour bachelor’s degree yet still wish to have a certificate as a credential for employment purposes.

It is recommended that students who plan to enroll in this certificate program have completed at least an introductory course in computer programming (so that they can gauge their interest and ability) and have a mathematics ACT score of at least 24 or equivalent. In this case, the certificate will require 18 credit hours of coursework, with no mathematics.
* Indicates prerequisite.

**REQUIREMENTS FOR CERTIFICATE (18-21 CREDITS)**

**Core Requirements**
- CSC 260 Object-Oriented Programming I (3 credits)
- CSC 360 Object-Oriented Programming II (3 credits)
- CSC 364 Data Structures and Algorithms (3 credits)
- INF 120 Elementary Programming - NS (3 credits) *(or placement)*
- INF 282 Introduction to Databases (3 credits)

**Select two courses from the following (6 credits)**
- CSC 301 Web Programming (3 credits)
- CSC 362 Computer Systems (3 credits)
- CSC 402 Advanced Programming Methods (3 credits)
- CSC 439 Software Testing and Maintenance (3 credits)
- CSC 456 Advanced Web Application Development (3 credits)

**MINOR**

**Computer Forensics Minor**

The computer forensics minor prepares students for work on a forensics team in either a law enforcement or corporate setting.

A minor in computer forensics requires between 27 and 30 credit hours, depending upon ACT/SAT scores or successful completion of placement testing. Although the balance of information technology and criminal justice coursework required for the study of computer forensics may seem daunting at first glance, two of the courses in the minor, " INF 120 Elementary Programming - NS (3 credits)" and " JUS 101 Introduction to Criminal Justice - SB (3 credits)," also satisfy general education requirements. This minor is particularly well suited for students majoring in either computer information technology or criminal justice, in which case the credit hours required amount to 21 or fewer.
* Indicates prerequisite.

**REQUIREMENTS FOR MINOR (27-30 CREDITS)**
- INF 120 Elementary Programming - NS (3 credits) *(or placement)*
- CIT 130 Information Technology Fundamentals (3 credits)
- CIT 247 Networking Fundamentals (3 credits)
- CIT 285 Cybersecurity Fundamentals (3 credits)
- CIT 371 Unix Systems (3 credits)
- CIT 430 Computer Forensics (3 credits)
- JUS 101 Introduction to Criminal Justice - SB (3 credits)
- JUS 204 Criminal Investigation (3 credits)
- JUS 320 Advanced Crime Scene Technology and Criminalistics (3 credits)
- JUS 404 Evidence Preparation and Courtroom Testimony (3 credits)

**Computer Information Technology Minor**

The minor in computer information technology emphasizes the fundamentals of networking and system administration, and consists of 21 hours of coursework.
* Indicates prerequisite.

**REQUIREMENTS FOR MINOR (21 CREDITS)**
- INF 110 Introduction to Application Development (3 credits)
- INF 120 Elementary Programming - NS (3 credits) *(or placement)*
- CIT 247 Networking Fundamentals (3 credits)
- CIT 271 Windows Administration (3 credits)
- CIT 371 Unix Systems (3 credits)
- Select one 300/400-level CIT course not listed above (3 credits)
- Select 6 credit hours of INF, CIT, or CSC courses not included above (6 credits)

**Computer Science Minor**

The minor in computer science emphasizes the fundamentals of software development, and requires between 21 and 24 hours of coursework, depending on ACT/SAT scores or successful completion of placement testing. The minor is valuable for students majoring in the sciences or business who wish to develop a range of contemporary programming skills. It is also valuable for secondary...
education majors planning to teach computer science. (The Computer Science Teachers Association website has detailed information on teaching in this field.)

♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (21-24 CREDITS)

• INF 120 Elementary Programming - NS (3 credits) ♦ (or placement)
• CSC 260 Object-Oriented Programming I (3 credits) ♦
• CSC 360 Object-Oriented Programming II (3 credits) ♦
• CSC 362 Computer Systems (3 credits) ♦
  OR
• CSC 364 Data Structures and Algorithms (3 credits) ♦
• Select 6 credit hours of CSC courses not counted above (6 credits)
• Select 6 credit hours of INF, CSC, or CIT courses not included above (6 credits)

Data Science Minor

The minor in Data Science provides students with a solid foundation in statistics, analytics and programming. It is a transdisciplinary program developed to prepare students to process, analyze and present data from different domains and sources. Students take courses in data analytics and visualization, databases, probability and statistics, business analytics, and an elective that deepens the student’s knowledge in programming, statistics, or big data.

REQUIREMENTS FOR MINOR (22 CREDITS)

Students take the 7 required courses below (19 hours) and 1 course from the list of electives (3 hours).

Required Courses (19 credits)

Students must take all 7 courses below.

• DSC 101 Introduction to Data Science (1 credit)
• DSC 200 Data Wrangling (3 credits) ♦
• DSC 311 Data Analytics (3 credits) ♦
• DSC 321 Data Visualization (3 credits) ♦
• INF 282 Introduction to Databases (3 credits) ♦
• INF 286 Introduction to Web Development (3 credits) ♦
• STA 250 Probability and Statistics I (3 credits) ♦

Elective Course (3 credits)

Students must take 1 course from the list below.

• BIS 305 Advanced Business Programming (3 credits) ♦
 • CIT 383 Scripting I (3 credits) ♦
 • CSC 260 Object-Oriented Programming I (3 credits) ♦
 • CSC 270 Mathematics Software Programming (3 credits) ♦
 • DSC 411 Data Mining (3 credits) ♦
 • DSC 421 Big Data (3 credits) ♦
 • EG 267 Programming for Engineering Applications (3 credits) ♦
 • STA 314 Design and Analysis of Experiments (3 credits) ♦
 • STA 360 Statistical Computing (3 credits) ♦

Information Security Minor

The information security minor prepares students for work as specialists on corporate information security teams.

A minor in information security requires between 27 and 30 credit hours, depending upon ACT/SAT scores or successful completion of placement testing. This minor is particularly well suited for students majoring in either computer information technology or business informatics.

♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (27-30 CREDITS)

Core Requirements

• INF 120 Elementary Programming - NS (3 credits) ♦ (or placement)
• CIT 130 Information Technology Fundamentals (3 credits) ♦
• CIT 247 Networking Fundamentals (3 credits) ♦
• CIT 285 Cybersecurity Fundamentals (3 credits)
• CIT 371 Unix Systems (3 credits) ♦
• STA 205 Introduction to Statistical Methods - QR (3 credits) ♦

Pre-Professional Programs

NKU pre-professional programs are offered to students who plan to attend a professional program following their work at NKU. It covers the following areas: pre-dental, pre-engineering, pre-medical, pre-optometry, pre-physician assistant, pre-pharmacy, pre-physical therapy, and pre-veterinary medicine.

The information about pre-professional programs is general. Students interested in a professional program are advised to work closely with an NKU advisor who specializes in the professional area of interest. Students whose interests lie outside these specific areas should consult with an advisor before registering for classes. Students interested in a career in podiatry, or another medically-related area, should consult an advisor in biology or chemistry.

PRE-PROFESSIONAL

Pre-Dental

Dental programs, like medical programs, admit students who are liberally educated with strong mathematics and science backgrounds. Students who wish to pursue careers in dentistry often choose majors in the natural sciences and mathematics, but they may fulfill their admission requirements with any degree, provided they fulfill the specific dental school course requirements. Students interested in dentistry should work closely with a pre-dentistry advisor who will help ensure they complete the specific requirements for their desired programs and their NKU bachelor’s degrees. The biological sciences and chemistry departments have faculty who are dedicated pre-dental advisors.

Coursework

Pre-dental students at NKU often choose majors in biological sciences (cellular/molecular/genetics track) or chemistry & biochemistry (biochemistry track) because these degrees include all the requirements for entry into dental schools. Students who choose non-science majors should complete electives at the 300/400/500 level and above in courses such as cell biology, biochemistry, molecular biology, physiology, and genetics. Requirements for dental schools generally include:

- Two semesters of biology with labs (some schools require an additional two semesters of biology courses at the 300/400/500 level).
- Two semesters of inorganic/general chemistry with labs.
- Two semesters of organic chemistry with labs.
- One semester of physics with labs.
- Two semesters of English/composition courses (discipline-specific 291W/391W courses are accepted).

AP credit

AP credit may be treated differently by specific dental programs regardless of how the credit is treated by NKU. Students who have AP credit and who wish to attend professional programs should work closely with their advisors.

First-year plan

Because students can pursue any degree program to prepare for dental school, only the first year of recommended study is shown below. To see four-year plans in particular areas (such as biological sciences or chemistry), please see those particular degree programs.

* Indicates prerequisite.

FIRST YEAR

Fall Semester (14-15 credits)

- CHE 120 General Chemistry I - NS (3 credits) *
- CHE 120L General Chemistry I Laboratory - SL (1 credit)
- MAT 129 Calculus I - QR (4 credits) *
- OR
- MAT 112 Applied Calculus (3 credits) *(biology only)
- Gen E: Written Communication (3 credits)
- BIO 150 Introduction to Biology I - NS (4 credits) *
- BIO 150L Introduction to Biology I Laboratory - NS (0 credits)

Spring Semester (14 or 16 credits)

- CHE 121 General Chemistry II (3 credits) *
- CHE 121L General Chemistry II Laboratory (1 credit) *
- MAT 229 Calculus II (5 credits) *(chemistry)
- OR
- STA 205 Introduction to Statistical Methods - QR (3 credits) *(biology)
- Gen Ed Oral Communication (3 credits)
- BIO 151 Introduction to Biology II (4 credits) *
- BIO 151L Introduction to Biology II Laboratory (0 credits)

Pre-Medical or Physician Assistant

Students who wish to pursue careers in medicine, including osteopathic medicine, and students who wish to become a physician’s assistant may fulfill their admission requirements with any degree provided they fulfill the specific course requirements of those professional programs. Students interested in medicine should work closely with their advisors who will help ensure they complete the specific requirements for their desired programs and their NKU bachelor’s degrees. Some departments, such as biological sciences and chemistry, have faculty who are dedicated pre-med advisors.

Coursework

The two most common degrees sought by pre-med students at NKU are in biological sciences (cellular/molecular/genetics track) and chemistry & biochemistry (biochemistry track). However, regardless of the major a student chooses, the requirements for entry into medical school are met by completing the courses listed below. It is recommended that non-science majors complete several electives at the 300/400/500 level in biology, chemistry, or related disciplines. In addition, courses in mathematics, behavioral and social sciences,
and the humanities, provide excellent preparation for medical study. Requirements for professional medical programs generally include:

- One year of biology with labs.
- One year of inorganic/general chemistry with labs.
- One year of organic chemistry with labs.
- One year of physics with labs.
- One year of English/composition courses (discipline-specific 291W/391W courses are accepted).
- Mathematics (varies with programs; usually two semesters of mathematics required).

**Recommended for Medical College Admissions Test (MCAT)**

- One semester of Introductory Psychology
- One semester of Introduction to Sociology
- One semester of Biochemistry
- One semester of Cell Biology
- One semester of Statistics

**AP credit**

AP credit is treated differently by specific medical and osteopathic programs regardless of how the credit is treated by NKU. Students who have AP credit and who wish to attend professional programs should work closely with their advisors.

**First-year plan**

Because students can pursue any degree program to prepare for medical school, only the first year of recommended study is shown below. To see four-year plans in particular areas (such as biological sciences or chemistry), please see those particular degree programs.

♦ Indicates prerequisite.

**FIRST YEAR**

**Fall Semester (14-15 credits)**

- CHE 120 General Chemistry I - NS (3 credits) ♦
- CHE 120L General Chemistry I Laboratory - SL (1 credit)
- MAT 129 Calculus I - QR (4 credits) ♦ OR
- MAT 112 Applied Calculus (3 credits) ♦ (biology only)
- Gen Ed Written Communication (3 credits)
- BIO 150 Introduction to Biology I - NS (4 credits) ♦
- BIO 150L Introduction to Biology I Laboratory - NS (0 credits)

**Spring Semester (14-16 credits)**

- CHE 121 General Chemistry II (3 credits) ♦
- CHE 121L General Chemistry II Laboratory (1 credit) ♦
- MAT 229 Calculus II (5 credits) ♦ (chemistry) OR
- STA 205 Introduction to Statistical Methods - QR (3 credits) ♦ (biology)
- Gen Ed Oral Communication (3 credits)
- BIO 151 Introduction to Biology II (4 credits) ♦
- BIO 151L Introduction to Biology II Laboratory (0 credits)

**Pre-Optometry**

Students intending to enter the field of optometry should consult with the pre-optometry advisor in planning their curriculum. In general, the Bachelor of Science, cellular/molecular/genetics track with calculus (MAT 129) in biological sciences or the biochemistry track in chemistry are useful models. Residents of Kentucky are provided spaces at Indiana University School of Optometry (Bloomington), Southern College of Optometry (Memphis, Tenn.), and University of Alabama at Birmingham School of Optometry. These students are exempt from out-of-state tuition.

**Pre-Pharmacy**

Some pharmacy schools accept students with or without their completing a bachelor’s degree, but many pharmacy schools are converting to Pharm.D. programs that require a bachelor’s degree for admission. For those schools that do not yet require a bachelor’s degree, students who enter NKU are able to start their science courses right away, or students who have AP credit hours can complete the entry requirements in just two years, but more commonly, students require three years. Even for pharmacy schools that do not require a bachelor’s degree for admission, advisors generally recommend that students fully complete their bachelor’s degrees both to better prepare students for the rigors of pharmacy school and to give them maximal flexibility in their future career directions. Both the Department of Biological Sciences and the Department of Chemistry & Biochemistry have faculty advisors who specialize in pre-pharmacy advising. In addition, there are specialty tracks in both departments that facilitate the completion of a bachelor’s degree after three years of NKU coursework coupled with transferring courses back from selected pharmacy programs. These tracks require careful planning, so interested students should work with their advisors as early in their NKU careers as possible.

**Coursework**

The following coursework is generally required for admission to pharmacy school:

- Two semesters of biology with labs.
- One semester of microbiology with lab.
- One semester of anatomy and physiology with lab.
- Two semesters of inorganic/general chemistry with labs.
- Two semesters of organic chemistry with labs.
- One semester of calculus.
- One semester of statistics.
- Two semesters of physics with labs.
- Two semesters of English/composition courses (discipline-specific 291W courses are accepted).
Two-year plan
Following is shown one example of how to complete a common core of requirements in two years. Because requirements vary slightly between pharmacy programs, students are urged to work very closely with their advisors and plan accordingly. Please see four-year plans in particular areas of interest (such as biological sciences or chemistry & biochemistry) to see how the pre-pharmacy requirements can be met concurrently with the requirements for a bachelor’s degree.
♦ Indicates prerequisite.

FIRST YEAR

Fall Semester (14-15 credits)
- CHE 120 General Chemistry I - NS (3 credits) ♦
- CHE 120L General Chemistry I Laboratory - SL (1 credit)
- MAT 129 Calculus I - QR (4 credits) ♦
  OR
  - MAT 112 Applied Calculus (3 credits) ♦ (biology only)
- Gen Ed Written Communication I (3 credits)
- BIO 150 Introduction to Biology I - NS (4 credits) ♦
- BIO 150L Introduction to Biology I Laboratory - NS (0 credits)

Spring Semester (14 credits)
- CHE 121 General Chemistry II (3 credits) ♦
- CHE 121L General Chemistry II Laboratory (1 credit) ♦
- STA 205 Introduction to Statistical Methods - QR (3 credits) ♦
- Gen Ed Oral Communication (3 credits)
- BIO 151 Introduction to Biology II (4 credits) ♦
- BIO 151L Introduction to Biology II Laboratory (0 credits)

SECOND YEAR

Fall Semester (17 credits)
- CHE 310 Organic Chemistry I (3 credits) ♦
- CHE 310L Organic Chemistry I Laboratory (1 credit) ♦
- PHY 211 General Physics with Laboratory I - SL (5 credits) ♦
- BIO 302 General Microbiology (4 credits) ♦
- BIO 302L General Microbiology Laboratory (0 credits)
- ECO 201 Principles of Microeconomics - SB (3 credits) ♦

Spring Semester (16 credits)
- CHE 311 Organic Chemistry II (3 credits) ♦
- CHE 311L Organic Chemistry II Laboratory (1 credit) ♦
- PHY 213 General Physics with Laboratory II (5 credits) ♦
- BIO 208 Human Anatomy and Physiology I - NS (4 credits) ♦
- BIO 208L Human Anatomy and Physiology I Laboratory - SL (0 credits)
- Gen Ed Written Communication II (3 credits)

Pre-Physical Therapy
Students interested in a career in physical therapy may complete their pre-professional coursework at NKU. For most physical therapy schools the requirement is a bachelor’s degree that includes specified pre-professional coursework. For up-to-date information, students should check current catalogs or websites of the professional schools to which they intend to apply and work closely with an NKU advisor who specializes in advising for this area. Students should seek an advisor in biological sciences or chemistry & biochemistry.

Coursework
The following coursework is generally required for admission to a physical therapy program:
- Two semesters of biology with labs.
- Two semesters of inorganic/general chemistry with labs.
- One semester of statistics.
- One semester of medical terminology.
- Two semesters of physics with labs.
- One semester of oral communication.
- One semester of introduction to psychology.
- One semester of developmental psychology.

First-year plan
Because requirements vary slightly between physical therapy programs, students are urged to work very closely with their advisors to plan their program. Four-year plans in particular areas of interest (such as biological sciences or chemistry) show how the pre-physical therapy requirements can be met concurrently with the requirements for a bachelor’s degree. Only the first year of recommended study is shown below.
♦ Indicates prerequisite.

FIRST YEAR

Fall Semester (14-15 credits)
- CHE 120 General Chemistry I - NS (3 credits) ♦
- CHE 120L General Chemistry I Laboratory - SL (1 credit)
- MAT 129 Calculus I - QR (4 credits) ♦
  OR
  - MAT 112 Applied Calculus (3 credits) ♦ (biology only)
- Gen Ed Written Communication I (3 credits)
- BIO 150 Introduction to Biology I - NS (4 credits) ♦
- BIO 150L Introduction to Biology I Laboratory - NS (0 credits)

Spring Semester (14 credits)
- CHE 121 General Chemistry II (3 credits) ♦
- CHE 121L General Chemistry II Laboratory (1 credit)
- STA 205 Introduction to Statistical Methods - QR (3 credits) ♦
- Gen Ed Oral Communication (3 credits)
- BIO 151 Introduction to Biology II (4 credits) ♦
- BIO 151L Introduction to Biology II Laboratory (0 credits)
Pre-Veterinary Medicine

Although Kentucky does not have a school of veterinary medicine, a limited number of students who are residents of Kentucky are selected to enter training in veterinary medicine at Auburn University in Auburn, Ala., and Tuskegee University in Tuskegee, Ala. It is sometimes possible to enter veterinary school with three years of study at NKU. However, because many more students apply to veterinary schools than are accepted, it is strongly advised that all pre-vet students plan their curricula in such a way that the addition of a fourth year of coursework will satisfy NKU’s requirements for the bachelor’s degree, usually in biological sciences or chemistry & biochemistry. To design a four-year curriculum that fulfills the pre-veterinary requirements and the requirements for a bachelor’s degree, interested students should work closely with their advisors.

Coursework

Pre-veterinary students typically follow degree tracks for biological sciences (cellular/molecular/genetics track) or chemistry & biochemistry (biochemistry track), but any track will work as long as the veterinary entry requirements are met. It is recommended that non-science majors complete several electives at the 300/400/500 level in biology, chemistry or related disciplines to their degree programs. Program requirements for veterinary medicine generally include:

- One year of biology with labs plus two additional semesters of biology courses from a list of alternatives.
- One year of inorganic/general chemistry with labs.
- One year of organic chemistry with labs.
- One year of physics with labs.
- One year of English/composition courses (discipline-specific 291W courses are accepted).
- One semester of mathematics.
- One semester of biochemistry plus one semester of animal nutrition.
- Humanities, fine arts, social, and behavioral electives.

AP credit

AP credit is treated differently by specific veterinary programs regardless of how the credit is treated by NKU. Students who have AP credit and who wish to attend professional programs should work closely with their advisors.

First-year plan

Because students can pursue any degree program to prepare for veterinary school, only the first year of recommended study is shown below. To see four-year plans in particular areas (such as biological sciences or chemistry), please see those particular degree programs.

**FIRST YEAR**

**Fall Semester (14-15 credits)**

- CHE 120 General Chemistry I - NS (3 credits)
- CHE 120L General Chemistry I Laboratory - SL (1 credit)
- MAT 129 Calculus I - QR (4 credits)

  OR
  BIO 151L Introduction to Biology II Laboratory (0 credits)
Interdisciplinary Programs

Interdisciplinary programs cross departmental boundaries and expose students to the perspectives of different disciplines. NKU offers three interdisciplinary majors: environmental science, integrative studies, and international studies. NKU offers 21 interdisciplinary minors: ancient civilizations, Asian studies, black studies, Celtic studies, Chinese studies, cinema studies, environmental studies, evolutionary studies, honors, international studies, Latin American and Caribbean studies, medieval and Renaissance studies, Middle Eastern and North African studies, Native American studies, neuroscience, popular culture studies, religious studies, social justice studies, Sub-Saharan African studies, and women’s and gender studies. The university offers one interdisciplinary undergraduate certificate in geographic information systems. NKU offers a variety of interdisciplinary programs that provide students and faculty with the opportunity to explore and develop subject areas and methods of inquiry otherwise not available within traditional disciplines of the university. Because these tend to be innovative programs, they may undergo curricular change more often than traditional programs. As a result, students are strongly encouraged to work with the program director or an advisor to remain current on program requirements, options, and opportunities.

ASSOCIATE OF ARTS

Integrative Studies, A.A.

Location: Steely Library 410
Telephone: 859-572-1450
Fax: 859-572-6185
Email Address: ist@nku.edu
Web Address: http://ist.nku.edu
Program Director: Rudy Garns (interim)
Other Key Personnel:

Thinking about the program: The Associate of Arts in Integrative Studies is designed for students who want a college credential that will serve for career advancement, or to prepare for continuing toward a Baccalaureate degree. The program emphasizes a background in the liberal arts and integrative learning.

Special graduation requirements:

- At least six hours must be taken from NKU after declaring the program.
- No course can be used twice in the AAIS program.
- This degree cannot be counted as a major, minor, or focus in an NKU Baccalaureate program.
- A minimum of 60 hours excluding developmental courses.

REQUIRED COURSES (6 CREDITS)

Students must complete the following two courses as well as a specialization as described below. A grade of C- or higher is required for a required course to count toward the program.

- IST 185 Introduction to Integrative Studies - SB (3 credits)
- IST 397 Interdisciplinary Inquiry (3 credits)

SPECIALIZATION (15 CREDITS)

All students must choose 15 hours from one of the following meta-majors:

- Natural Science and Mathematics
- Social Science and Behavioral Science
- Humanities
- Arts

The courses in the specialization must be from at least two different designators within one of the meta-majors and include at least 6 hours at the 300-level or above.

You should also know: At least 25% of these courses must be taken at NKU. A grade of C- or higher is required for a course to count toward the program and students must have a 2.0 or higher within the specialization group.

GENERAL EDUCATION (31 CREDITS)

Students must complete 31+ hours of general education to comply with the KY transfer policy. This includes IST 185, which satisfies the Individual and Society category, and courses from the following groups:

- Communication Written I -- 3 hours
- Communication Written II -- 3 hours
- Oral -- 3 hours
- Quantitative Reasoning -- 3 hours
- Natural Science -- 4 hours (include lab)
- Cultural Pluralism -- 3 hours
- Cultural and Creativity -- 6 hours
- Global Viewpoints -- 3 hours

Refer to the "General Education" section of the catalog to determine which courses satisfy these areas.

ELECTIVES (12 CREDITS)

Students may fulfill the remaining program requirements with any 12 hours of additional electives.

BACHELOR OF ARTS

Environmental Science, B.A.

Location: Herrmann Science Center 204D
Telephone: 859-572-5110
Fax: 859-572-5639
Email Address: envs@nku.edu
Web Address: http://envsci.nku.edu
Program Director: Kristine N. Hopfensperger, Department of Biological Sciences
Other Faculty: Kirsten Schwarz

The B.A. in environmental science is a transdisciplinary program focused on understanding environmental science from an integrated socio-ecological perspective and is designed to prepare students for future careers that require a broad understanding of environment using a transdisciplinary skillset. The
B.A. degree places a greater emphasis on social and behavioral science, humanities, art, health, communication, and leadership skills than the B.S. degree option, while including a set of core courses in science and math. The inclusion of research or internship experience enables students to gain expertise and experience working towards solutions of current environmental problems. Students graduating with a B.A. in environmental science are well equipped for careers in advocacy, administration, community healthcare, public relations, social and behavioral science research, and sustainability planning.

**Special admission requirements:** The admission standards for all students pursuing degrees in environmental science are mathematics ACT 22 and CPE minimum standards of 18 and 20 reading, or successful completion of appropriate developmental courses. Transfer students must also meet these requirements before declaring an environmental science major.

**You should also know:** The degree of Bachelor of Arts in environmental science will be conferred upon all students who complete all of the following course requirements with a grade of C- or better.

♦ Indicates prerequisite

These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements.

**DEGREE REQUIREMENTS (75-79 CREDITS)**

Students earning a B.A. in environmental science must complete the core curriculum (48-49 credit hours), two methods/skills courses (6 credit hours), and one of the four track options (21-23 credit hours; B.A. total of 75-79 credit hours), while earning a C- or higher in all courses. Students must take a minimum of 15 credit hours at or above the 300-level within the selected track. Due to the transdisciplinary nature and disciplinary breadth of the program, students completing the B.A. in environmental science will not be required to complete a second major, minor, or focus.

**Core Courses (48-49 credits)**

- ENV 110 Introduction to Environmental Science and Issues - NS (3 credits)
- ENV 115 Orientation to Environmental Science Careers (1 credit)
- ENV 308 Science Communication (3 Credits)

- ENV 396 Internship: Environmental Science (3 credits) •
- OR
- ENV 492 Directed Research: Environmental Science (1-3 credits) •
- ENV 493 Seminar: Environmental Science (1 credit) •
- BIO 150 Introduction to Biology I - NS (4 credits) •
- BIO 150L Introduction to Biology I Laboratory - NS (0 credits)
- BIO 151 Introduction to Biology II (4 credits) •
- BIO 151L Introduction to Biology II Laboratory (0 credits)
- BIO 291W Advanced Writing in Biology - WC (3 credits) •
- BIO 304 General Ecology (3 credits) •
- BIO 304L Ecology Laboratory (1 credit) •
- CHE 120 General Chemistry I - NS (3 credits) •
- CHE 120L General Chemistry I Laboratory - SL (1 credit)
- GEO 306 Environmental Resource Management (3 credits) •
- OR
- GEO 418 Geographic Information Systems (4 credits) •
- GLY 120 This Dangerous Earth - NS (3 credits)
- PHI 360 Environmental Philosophy (3 credits) •
- LDR 460 Leading in Diverse and Global Contexts (3 credits) •
- SOC 355 Sociology of the Environment (3 credits)
- OR
- ANT 345 Environmental Anthropology (3 credits) •
- STA 205 Introduction to Statistical Methods - OR (3 credits) •

**Methods and Skills Courses (6 credits)**

- ANT 325 Applied Anthropology (3 credits) •
- ANT 340 Ethnographic Methods and Research (3 credits) •
- ANT 342 Quantitative Methods in Anthropology (3 credits) •
- BIO 342 Biometry (3 credits) •
- ENG 546 Grant Writing (3 credits) •
- GEO 314 Maps and Map Interpretation (3 credits) •
- GEO 415 Cartography (3 credits) •
- GEO 419 Remote Sensing of Environment (3 credits) •
- GEO 518 Geographic Information Analysis (3 credits) •
- GEO 552 Spatial Data Bases (3 credits) •
- LDR 315 Leading People in Organizations (3 credits) •
- LDR 381 Organizational Ethics and Decision Making (3 credits) •
- LDR 385 Teamwork in Organizations (3 credits) •
- PAD 420 Managing the Not-For-Profit Organization (3 credits) •
- PAD 511 Budgeting Techniques and Applications (3 credits) •
- PHI 302 Ethics and Scientific Research (3 credits) •
- PRE 385 Public Relations Research Methods (3 credits) •
- SOC 319 Managing and Analyzing Databases (3 credits) •
- SOC 320 Social Research (3 credits) •
- SOC 322 Qualitative Research Methods (3 credits) •

**Student must choose from one of the four tracks below:**

Each track is 21-23 credits. Students must complete a minimum of 15 credit hours at or above the 300-level within chosen track.

**Track 1: Nature, Culture, and Social Justice (21 credits)**

Choose seven courses from the following list.

* If not taken in core

- ANT 309 Peoples of Africa (3 credits) •
- ANT 318 Prehistoric Ecology (3 credits) •
- ANT 330 Women, Gender, and Culture (3 credits) •
- ANT 345 Environmental Anthropology (3 credits) •
- ANT 372 Peasant Societies (3 credits) •
- ANT 386 Economy, Wealth and Culture (3 credits) •
- ENG 316 Social Issues in Literature - AH (3 credits) •
- ENG 326 Literature and the Environment (3 credits) •
- ENG 338 Writing for Social Change (3 credits) •

234
Choose seven courses from the following list.

Track 2: Urban Sustainability (21-23 credits)

Must take ENV 408/L and choose six courses from the following list.

* If not taken in core

- ENV 408 Ecology of the City (4 credits) *
- ANT 345 Environmental Anthropology (3 credits) *
- CMGT 323 Land Planning and Development (3 credits) *
- CMGT 425 Sustainable Construction (3 Credits) *
- CMST 340 Strategies of Persuasion (3 credits) *
- ECO 201 Principles of Microeconomics - SB (3 credits) *
- GEO 301 Geographical Processes in World Cities (3 credits) *
- GEO 303 Geographic Patterns of Economic Development (3 credits) *
- GEO 306 Environmental Resource Management (3 credits) *
- GEO 310 Geography of Population (3 credits) *
- GEO 340 Sustainable Food Systems (3 credits) *
- GEO 418 Geographic Information Systems (4 credits) *
- MGT 300 Behavior in Organizations: Understanding Organizational Life (3 credits) *
- MGT 306 Project Management (3 credits) *
- PAD 455 Urban Administration (3 credits) *
- PAD 560 Planning and Community Development (3 credits) *
- SOC 400 Urban Society (3 credits) *
- SOC 415 Sociology of Planning and Development (3 credits) *
- SOC 480 Global Aging Issues and Policies (3 credits) *

Track 3: Environmental Communication (21 credits)

Choose seven courses from the following list.

- CMST 230 Small Group Communication (3 credits) *
- CMST 303 Organizational Communication (3 credits) *
- CMST 330 Political Communication (3 credits) *
- CMST 340 Strategies of Persuasion (3 credits) *
- CMST 370 Advanced Public Speaking (3 credits) *
- CMST 381 Computer-Mediated Communication (3 credits) *
- EDU 445 Introduction to Environmental Education (3 credits) *
- EDU 446 Strategies for Environmental Education (3 credits) *
- EDU 447 Outdoor Learning Environments (3 credits) *
- ENG 316 Social Issues in Literature - AH (3 credits) *
- ENG 326 Literature and the Environment (3 credits) *
- ENG 338 Writing for Social Change (3 credits) *
- JOU 220 News Writing (3 credits) *
- JOU 230 News Reporting and Writing (3 credits) *
- JOU 325 Photojournalism (3 credits) *
- JOU 330 Public Affairs Reporting (3 credits) *
- JOU 440 Current Topics in Media Ethics (3 credits) *
- JOU 450 Media Skills (3 credits) *
- PRE 375 Principles of Public Relations (3 credits) *
- PRE 376 Public Relations Writing (3 credits) *
- PRE 377 Public Relations Case Studies and Campaigns (3 credits) *
- SWK 460 Ethics and Advocacy (3 credits)

Track 4: Health, Community, and Environment (21 credits)

Choose seven courses from the following list.

* If not taken in core

- ANT 321 Medical Anthropology (3 credits) *
- ANT 322 Health and Disease in Past Societies (3 Credits) *
- CMST 403 Health Communication (3 credits) *
- ENV 350 Environmental Toxicology (3 credits) *
- HEA 125 Introduction to Health Education (3 credits) *
- HEA 230 Personal Health and Wellness (3 credits) *
- HEA 270 Community Health (3 credits) *
- HIN 101 Introduction to Health Informatics (1 Credits) *
- HIN 355 Foundations of Health Informatics (3 credits) *
- HIN 365 Health Information Management (3 credits) *
- PAD 560 Planning and Community Development (3 credits) *
- PHI 220 Health Care Ethics - AH (3 credits) *
- SOC 340 Population (3 credits) *
- SOC 342 Sociology of Aging (3 credits) *
- SOC 355 Sociology of the Environment (3 credits) *
- SOC 371 Environment, Society, and Public Health (3 Credits) *
- SOC 450 Medical Sociology (3 credits) *
- SOC 480 Global Aging Issues and Policies (3 credits) *

Integrative Studies, B.A.

Location: Steely Library 410
Telephone: 859-572-1450
Fax: 859-572-6185
Email Address: ist@nku.edu
Web Address: http://ist.nku.edu
Program Director: Rudy Garns (interim)
Other Key Personnel:

Undergraduate Advisor: Amanda Laskowski

Thinking about the program: The integrative studies program provides an opportunity for students to pursue an individualized education with both depth of knowledge and breadth of understanding and application. With the help of advisors, students design their own course of study from across the curriculum and integrate what they learn in a capstone project to find coherence, meaning and value in a personal area of interest.

The B.A. in Integrative Studies requires students to complete minors or focused areas of coursework in three different academic programs. The requirements for a minor in any discipline are listed in the relevant department’s pages in this catalog. A focus is defined as 12 credit hours at the 300/400/500 level, in any disciplinary or interdisciplinary program. The three areas of study must include at least one from the College of Arts and Sciences. In addition the program requires the introductory experience, IST 185, and the capstone
experience, IST 497. The program is available in both traditional and fully-online formats.

Special graduation requirements:
- This program does not require a secondary major/minor/focus beyond the three used to complete the degree requirements.
- No course can count in more than one area of focus or minor.
- No grade of lower than C- will be accepted for any course in an area of focus or minor.

REQUIRED COURSES (9 CREDITS)
- IST 185 Introduction to Integrative Studies - SB (3 credits)
- IST 397 Interdisciplinary Inquiry (3 credits)
- IST 497 Capstone in Integrative Studies (3 Credits)

SELECTION OF FOCI/MINORS (36+ CREDITS)
Select 3 foci or minors from any disciplinary or interdisciplinary program.

BACHELOR OF SCIENCE

Environmental Science, B.S.

Location: Herrmann Science Center 204D
Telephone: 859-572-5110
Fax: 859-572-5639
Email Address: envs@nku.edu
Web Address: http://envsci.nku.edu
Program Director: Kristine N. Hopfensperger, Department of Biological Sciences
Other Faculty: Kirsten Schwarz

The B.S. in environmental science focuses on understanding the physical, chemical, and biological principles underlying the structure and function of our environment as well as understanding how, and to what extent, human activities have interfered with that structure and function. The inclusion of research or internships enables students to gain expertise and experience to monitor, analyze, and contribute to the solution of current environmental problems. Students graduating with a Bachelor of Science in environmental science are well equipped to join the ranks of other environmental professionals working with local, state, and federal agencies; consulting firms; or nonprofit organizations. They are also qualified to become part of a research team or pursue graduate study in environmental sciences.

Special admission requirements: The admission standards for all students pursuing degrees in environmental science are mathematics ACT 22 and CPE minimum standards of 18 and 20 reading, or successful completion of appropriate developmental courses. Transfer students must also meet these requirements before declaring an environmental science major.

You should also know: The degree of Bachelor of Science in environmental science will be conferred upon all students who complete all of the following course requirements with a grade of C- or better.

♦ Indicates prerequisite.

These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements.

DEGREE REQUIREMENTS (79-85 CREDITS)

Core Courses
- BIO 150 Introduction to Biology I - NS (4 credits)
- BIO 210L Introduction to Biology Laboratory - NS (0 credits)
- BIO 151 Introduction to Biology II (4 credits)
- BIO 151L Introduction to Biology II Laboratory (0 credits)
- BIO 291W Advanced Writing in Biology - WC (3 credits)
- BIO 304 General Ecology (3 credits)
- BIO 304L Ecology Laboratory (1 credit)
- CHE 120 General Chemistry I - NS (3 credits)
- CHE 120L General Chemistry I Laboratory - SL (1 credit)
- CHE 121 General Chemistry II (3 credits)
- CHE 121L General Chemistry II Laboratory (1 credit)
- CHE 310 Organic Chemistry I (3 credits)
- CHE 310L Organic Chemistry I Laboratory (1 credit)
- ENV 110 Introduction to Environmental Science and Issues - NS (3 credits)
- ENV 115 Orientation to Environmental Science Careers (1 credit)
- ENV 493 Seminar: Environmental Science (1 credit)
- GEO 306 Environmental Resource Management (3 credits)
- GEO 418 Geographic Information Systems (4 credits)
- GLY 120 This Dangerous Earth - NS (3 credits)
- GLY 340 Introduction to Environmental Geoscience (3 credits)
- GLY 450 Hydrogeology (4 credits)
- MAT 119 Pre-Calculus Mathematics (3 credits)
- PHY 211 General Physics with Laboratory I - SL (5 credits)
- PHY 213 General Physics with Laboratory II (5 credits)
- STA 205 Introduction to Statistical Methods - QR (3 credits)

Select one course from the following (3 credits)
- BIO 406 Ecosystem Ecology (4 credits) AND
- BIO 406L Ecosystem Ecology Laboratory (0 credits)
- ENV 220 Protecting Water Resources - NS (3 credits) AND
- ENV 220L Protecting Water Resources Laboratory - SL (1 credit)
- ENV 294 Topics in Environmental Science (1-5 credits)
- ENV 308 Science Communication (3 Credits)
- ENV 350 Environmental Toxicology (3 credits)
- ENV 394 Topics: Environmental Science (1-3 credits)
- ENV 408 Ecology of the City (4 credits) AND
- ENV 408L Ecology of the City Laboratory (0 credits)
- Or other course approved by the program director

One 3-credit-hour internship --OR-- Directed research (3 credits)

Minor (8-14 credits)

A minor in biology, chemistry, geology, geography, mathematics, or statistics (The requirements for the minor beyond the 8-14 credit hours are completed as part of the environmental science major.)
UNDERGRADUATE CERTIFICATE

Geographic Information Systems Certificate

Location: Griffin Hall 400
Telephone: 859-572-6930
Fax: 859-572-5398
Email Address: gis1@nku.edu
Web Address: http://gis.nku.edu

Program Director: Hongmei Wang, Department of Computer Science

A geographic information system is a computer-based system for capturing, storing, querying, analyzing, and displaying geographically referenced data. It helps manage descriptions of locations and characteristics of spatial features, such as roads or land parcels. GIS has been used for natural resource management, crime analysis, emergency management, and transportation applications. New applications have resulted from the integration of GIS with other new technologies, such as global-positioning systems and wireless networks.

The NKU undergraduate certificate program in GIS is an interdisciplinary program offered through the departments of history and geography; computer science; and political science, criminal justice, and organizational leadership. It is designed for individuals whose career paths will require them to regularly use GIS technology in their work.

REQUIREMENTS FOR CERTIFICATE (15 CREDITS)

- GEO 415 Cartography (3 credits) ♦
- GEO 418 Geographic Information Systems (4 credits) ♦

Select one course from the following (3 credits)

- GEO 419 Remote Sensing of Environment (3 credits) ♦
- GEO 518 Geographic Information Analysis (3 credits) ♦
- GEO 552 Spatial Data Bases (3 credits) ♦

Select two courses from the following (6 credits)

- GEO 314 Maps and Map Interpretation (3 credits) ♦
- GEO 419 Remote Sensing of Environment (3 credits) ♦
- GEO 518 Geographic Information Analysis (3 credits) ♦
- CSC 440 Software Engineering (3 credits) ♦
- CSC 450 Database Management Systems (3 credits) ♦
- CSC 480 Computer Graphics (3 credits) ♦
- CIT 472 Database Administration (3 credits) ♦
- BIS 330 IT Project Management (3 credits) ♦
- GLY 415 Earth Science Applications of GIS (3 Credits) ♦

MINOR

Ancient Civilizations Minor

Location: Landrum Academic Center 217C
Telephone: 859-572-5259
Fax: 859-572-6086
Email Address: voelkerj1@nku.edu
Web Address: http://artscience.nku.edu/departments/sapdept/anthropology/undergraduate-

The study of ancient human civilizations is both one of the most challenging and most rewarding fields of scholarly endeavor. Successful research across such a depth of time demands an interdisciplinary approach that draws upon a variety of fields, including anthropology, archaeology, art, classics, English, history, philosophy, political science, religious studies, theatre, world languages, and others.

Students and scholars who are willing to undertake such study are rewarded with insights into the period of human society when crucial steps were made in constructing the foundations for the modern world. It was, after all, in the ancient world that the building blocks of contemporary religions, languages, social systems, and technologies were laid down.

The ancient civilizations minor is built around a shared core of 6 credit hours and the choice of three independent tracks that allow students to design a minor tailored to their own scholarly interests and needs.

- Indicates prerequisite.
- These prerequisites must be completed IN ADDITION TO other program requirements.

REQUIREMENTS FOR MINOR (6 CREDITS)

Core Courses

- HIS 108 World History to 1500 (3 credits)
- ANT 380 Origins of Civilization (3 credits) ♦

CLASSICS AND NEAR EASTERN TRACK (15 CREDITS)

- LAT 101 Elementary Latin I - AH (3 credits)
- LAT 102 Elementary Latin II (3 credits) ♦

Select 9 credit hours from the following

Courses must come from at least two different disciplines.

- ANT 322 Health and Disease in Past Societies (3 Credits) ♦
- ANT 331 Women in Prehistory (3 credits) ♦
- ANT 381 European Archaeology (3 credits) ♦
- ARTH 101 History of Art: Prehistoric through Goth (3 credits)
- ARTH 350 Ancient Art (3 credits) ♦
- ENG 206 Western World Literature I (3 credits) ♦
- ENG 215 Greek and Roman Mythology (3 credits) ♦
- ENG 315 The Bible as Literature (3 credits) ♦
- HIS 100 History of Europe to 1500 (3 credits)
- HIS 300 The Ancient Near East and Greece to the Macedonian Conquest (3 credits) ♦
- HIS 301 The Hellenistic World and Rome to the Death of Constantine (3 credits) ♦
- HIS 365 European Military History: Ancient World to the Renaissance (3 credits) ♦
- HIS 494 Topics: History (1-3 credits) ♦ (if a classics or Near East topic)
- HIS 594 Special Topics in History (1-3 credits) ♦ (if a classics or Near East topic)
Select 15 credit hours from the following. Courses must come from at least two
different disciplines.

- PHI 181 Philosophers, Cultures and Creativity - AH (3 credits)
- PHI 355 Socrates and Plato (3 credits)
- PHI 394 Topics: Philosophy (3 credits) *(if a classics or Near East topic)*
- PSC 110 Political Ideas (3 credits)
- PSC 370 Ancient Political Theory (3 credits)
- PSC 394 Topics: Politics (3 credits) *(if a classics or Near East topic)*
- REL 302 Survey of the Hebrew Bible (Old Testament) (3 credits)
- REL 303 Survey of New Testament (3 credits)
- REL 307 Survey of Christianity (3 credits)
- REL 306 Introduction to Judaism (3 credits)
- REL 301 Ancient Religions (3 credits)
- TAR 346 Theatre History (3 credits)

TOTAL CREDITS 21

WORLD CIVILIZATIONS TRACK (15 CREDITS)

Select 15 credit hours from the following. Courses must come from at least two
different disciplines.

- ANT 110 Unearing the Past: World Archaeology - SB (3 credits)
- ANT 318 Prehistoric Ecology (3 credits)
- ANT 322 Health and Disease in Past Societies (3 Credits)
- ANT 331 Women in Prehistory (3 credits)
- ANT 352 Archaeology of Mesoamerica (3 credits)
- ANT 381 European Archaeology (3 credits)
- ANT 394 Topics: Anthropology (3 credits) *(if a world civilizations topic)*
- ANT 594 Topics: Anthropology (3 credits)
- ARI 201 Intermediate Arabic I (3 credits)
- ARI 202 Intermediate Arabic II (3 credits)
- ARTH 350 Ancient Art (3 credits)
- CHI 201 Intermediate Chinese I (3 credits)
- CHI 202 Intermediate Chinese II (3 credits)
- HIS 300 The Ancient Near East and Greece to the Macedonian Conquest (3 credits)
- HIS 301 The Hellenistic World and Rome to the Death of Constantine (3 credits)
- HIS 329 History of the Middle East and North Africa (3 credits)
- HIS 338 History of Japan (3 credits)
- HIS 335 History of Ancient Africa (3 credits)
- HIS 340 History of Imperial China (3 credits)
- HIS 494 Topics: History (1-3 credits) *(if a world civilizations topic)*
- HIS 594 Special Topics in History (1-3 credits) *(if a world civilizations topic)*
- JPN 201 Intermediate Japanese I (3 credits)
- JPN 202 Intermediate Japanese II (3 credits)
- PSC 394 Topics: Politics (3 credits) *(if a world civilizations topic or a Near East topic)*
- REL 305 Islam (3 credits)
- REL 394 Topics: Religious Studies (3 credits) *(if a world civilizations topic)*
- PSC 110 Political Ideas (3 credits)
- PSC 370 Ancient Political Theory (3 credits)
- REL 302 Survey of the Hebrew Bible (Old Testament) (3 credits)
- REL 303 Survey of New Testament (3 credits)
- REL 307 Survey of Christianity (3 credits)
- REL 306 Introduction to Judaism (3 credits)
- REL 301 Ancient Religions (3 credits)
- TAR 346 Theatre History (3 credits)

TOTAL CREDITS 21

GENERAL TRACK (15 CREDITS)

Select 15 credit hours from the following. Courses must come from at least two
different disciplines.

- ANT 110 Unearing the Past: World Archaeology - SB (3 credits)
- ANT 318 Prehistoric Ecology (3 credits)
- ANT 322 Health and Disease in Past Societies (3 Credits)

Asian Studies Minor

Location: Landrum Academic Center 134
Telephone: 859-572-5321
Fax: 859-572-6184
Email Address: psc@nku.edu
Web Address: http://artscience.nku.edu/departments/psscj/programs/internationalstudies.html

Program Coordinator: Edward Kwon, Department of Political Science, Criminal Justice, and Organizational Leadership

This minor enables students to develop an integrated understanding of the culture, ideology, identity, geography, history, religion, social relations, and economics of Asia. The minor requires 18 credit hours, including 6 credit hours of relevant language courses.

♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (18 CREDITS)

A minimum grade of C- is required in each course counted as part of the minor.

Select one course from the following* (3 credits)

- CHI 101 Elementary Chinese - AH (3 credits)
- JPN 101 Elementary Japanese I - AH (3 credits)
- KOR 101 Elementary Korean I - AH (3 credits)

Select two courses from the following from two different disciplines (6 credits)

- ANT 385 Peoples of East and Southeast Asia (3 credits)
- HIS 338 History of Japan (3 credits)
- PSC 388 Politics of Asia (3 credits)

Select two courses from the following (6 credits)

- ARTH 104 Survey of Asian Art
- ARTH 452 Arts of South Asia (3 credits)
- ARTH 359 Arts and Crafts of Japan (3 credits)
- ANT 385 Peoples of East and Southeast Asia (3 credits)
- GEO 410 Geography of East Asia (3 credits)
- HIS 338 History of Japan (3 credits)
- JPN 380 Topics in Advanced Japanese (3 credits)
- PHI 312 Eastern Philosophy (3 credits)
- POP 345 Japanese Popular Culture (3 credits)
- PSC 388 Politics of Asia (3 credits)

Note:

*General sequence of these courses includes CHI 101 in fall and CHI 102 in spring or JPN 101 in fall and JPN 102 in spring or KOR 101 in fall and KOR 102 in spring. Students are encouraged to pursue one or more Asian languages to at least the second part of the sequence in completing this minor.

Black Studies Minor

Location: Landrum Academic Center 415
Telephone: 859-572-5461
Fax: 859-572-6088
Email Address: hisgeo1@nku.edu
Web Address: http://artscience.nku.edu/departments/hisgeo/programs/blackstudies.html
Program Director: Eric Jackson, Department of History and Geography

The minor in black studies is a student-centered, academic, and community-service program designed to provide students with an interdisciplinary perspective on the lives of African Americans, Africans, and African people throughout the diaspora and their contributions to humanity. Specifically, the program is designed to acquaint students with:

- The historical experience of Africans and African Americans from pre-colonial Africa to contemporary times.
- Contributions of Africans and African Americans to the humanities.
- The study of the African American experience from a behavioral and social science perspective as well as contributions of African American people to these areas of study.
- The influence of the African American experience in various professional fields.

At least a C must be achieved to earn credit toward the minor.

♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (21 CREDITS)

Core Requirements (12 credits)

- BLS 100 Introduction to Black Studies - SB (3 credits)
Select one course from the following (3 credits)

- HIS 106 History of African Americans to 1877 (3 credits)
- HIS 107 History of African Americans since 1877 (3 credits)
- HIS 431 Historical Themes in African-American History (3 credits)

Select one course from the following (3 credits)

- BLS 494 Topics: Black Studies (1-3 credits)
- HIS 310 Colonial America to 1763 (3 credits)
- HIS 553 History of the New South (3 credits)
- HIS 318 Exploring Public History (3 credits) (when topic is applicable)
- HIS 325 Latin America: Conquest & Resistance (3 credits)
- HIS 335 History of Ancient Africa (3 credits)
- HIS 203 History of Modern Africa (3 credits)
- HIS 380 History and Film (3 credits) (when topic is applicable)
- HIS 417 Civil War and Reconstruction, 1860-1877 (3 credits)
- HIS 435 History of Race Relations in the Americas, 1492-1800 (3 credits)
- HIS 436 History of Race Relations in the Americas, 1800-Present (3 credits)
- HIS 438 African-American Women's History and Culture (3 credits)
- HIS 444 History of Women in the United States to 1900 (3 credits)
- HIS 445 History of Women in the United States since 1900 (3 credits)
- HIS 594 Special Topics in History (1-3 credits) (when topic is applicable)

Select one course from the following (3 credits)

- BLS 494 Topics: Black Studies (1-3 credits)
- ANT 330 Women, Gender, and Culture (3 credits)
- GEO 309 Historical Geography of North America (3 credits)
- GEO 310 Geography of Population (3 credits)
- GEO 403 Geography of Africa (3 credits)
- GEO 492 Directed Research: Geography (1-3 credits) (when topic is applicable)
- GEO 594 Special Topics Geography (1-3 credits) (when topic is applicable)
- HNR 303 Humanity and the Imagination (3 credits)
- HNR 306 Studies in Diversity (3 credits)
- HSR 500 Multicultural Family Work (3 credits)
- JUS 231 Race, Gender and Crime - AH (3 credits)
- PSC 338 U.S. Foreign Policy and the Developing World (3 credits)
- PSC 394 Topics: Politics (3 credits) (if relevant to black studies)
- SOC 300 Race and Ethnic Relations (3 credits)
- SOC 301 World Patterns of Race Ethnicity (3 credits)
- SWK 106 Introduction to Social Justice - AH (3 credits)
- SWK 203 Social Welfare in Contemporary Society (3 credits)
- WGS 388 African-American Women’s History and Culture (3 credits)

Select one course from the following (3 credits)

- BLS 494 Topics: Black Studies (1-3 credits)
- ENG 217 African-American Literature to 1940 (3 credits)
- ENG 218 African-American Literature 1940-Present (3 credits)
- ENG 300 American Women Poets (3 credits)
- ENG 305 American Women Writers (3 credits)
- ENG 467 Studies in African-American Literature (3 credits)
- MUS 107 Survey of Afro-American Music (3 credits)
- MUS 110 Appreciation of Jazz - SB (3 credits)
- PHI 324 African Philosophy (3 credits)
- PHI 394 Topics: Philosophy (3 credits) (when topic is applicable)
- REL 394 Topics: Religious Studies (3 credits) (when offered as “The Ethics and Theology of Martin Luther King, Jr., and Malcolm X”)
- CMST 355 Culture and Communication (3 credits)
- TAR 102 Race, Gender and Theatre - SB (3 credits)
- TAR 452 Special Problems: Theatre Literature (3 credits) (when topic is applicable)

Celtic Studies Minor

Location: Landrum Academic Center 217C
Telephone: 859-572-5259
Fax: 859-572-6086
Email Address: simontonm@nku.edu
Program Director: Michael J. Simonton, Department of Sociology, Anthropology, and Philosophy

The minor in Celtic studies is designed to give students an overview of the way of life of the prehistoric, historic, and contemporary Celtic peoples throughout Europe and the world, emphasizing the “six Celtic nations” of Ireland, Scotland, Wales, Isle of Man, Cornwall (in England), and Brittany (in France) and the Celts of Iberia from the Iron Age to the 21st century. The minor also addresses the Celtic diaspora to places as far-flung in both space and time as ancient Egypt and Appalachia. To learn about Celtic peoples is to explore yet another avenue of what it means to be human.

The Celtic Studies program also offers students the opportunity to participate in Tuath an Ard Tire Ardai: The Celtic Studies Club, which is active in NKU, local, and regional activities. Our program also maintains a Facebook page, which has an international following.

Kentucky is rich in Celtic culture and history. Along with African Americans and German Americans, people of Celtic descent comprise one of the major ethnic groups in the metropolitan area in which NKU is located. NKU’s Celtic Studies program is the only such program in Kentucky. Students are encouraged to participate regardless of background. Each year NKU anthropology faculty present the Outstanding Student in Celtic Studies Award.

♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (21 CREDITS)

Core Requirements

- HIS 100 History of Europe to 1500 (3 credits)
- ANT 370 Celtic Europe (3 credits)
- ANT 381 European Archaeology (3 credits)
Chinese Studies Minor

Location: Mathematics-Education-Psychology Center 475
Telephone: 859-572-7650
Fax: 859-572-7506
Email Address: worldlanglit@nku.edu
Web Address: http://worldlanglit.nku.edu

The minor in Chinese studies gives students the opportunity to gain knowledge of the Chinese people and their culture in an international context. The program, with coursework selected from several disciplines, provides a broad understanding of a nation and culture of great and growing significance to world affairs.

♦ Indicates prerequisite.

These prerequisites are not included in the program totals in the table below, but they must be completed IN ADDITION TO other program requirements.

REQUIREMENTS FOR MINOR (21 CREDITS)

Core Requirements
- CHI 201 Intermediate Chinese I (3 credits) ♦
- CHI 202 Intermediate Chinese II (3 credits) ♦

Select at least three courses from the following (9 credits)
- ARTH 304 Survey of Asian Art (3 credits) ♦
- OR
- MUS 106 Music of World Cultures - AH (3 credits)
- CHI 380 Topics in Advanced Chinese (3 credits) ♦ (may be repeated once as a required course if topic varies)
- HIS 339 China: Prosperity, Poverty & Socialism (3 credits) ♦
- ENG 477 Irish Literary Renaissance (3 credits) ♦
- HIS 340 History of Imperial China (3 credits) ♦
- PHI 312 Eastern Philosophy (3 credits) ♦

Select two of the following or any courses from previous area not already taken (6 credits)
- ANT 376 Irish Society Through Film (3 credits) ♦
- ANT 385 Peoples of East and Southeast Asia (3 credits) ♦
- CHI 350 Methods of Teaching Chinese (3 credits) ♦
- GEO 410 Geography of East Asia (3 credits) ♦
- GEO 540 Cultural Geography of Asia (3 credits) ♦
- PHI 309 Global Ethics (3 credits) ♦
- PSC 388 Politics of Asia (3 credits) ♦
- PSC 480 International Law (3 credits) ♦
- PSC 485 Comparative Foreign Policies (3 credits) ♦

Cinema Studies Minor

Location: Landrum Academic Center 500
Telephone: 859-572-1351
Fax: 859-572-6093
Email Address: gazzaniga1@nku.edu
Program Director: Andrea Gazzaniga, Department of English

The minor in cinema studies is an interdisciplinary program that allows students to develop and broaden their critical understanding of the history, theory, production, reception, and analysis of cinema as an international social practice of cultural narrative, commentary, and artistic expression. Students in the program will practice and expand their abilities to write analytically about cinema and cinema theory as well as increase their knowledge of and familiarity with the historical development and cultural diversity of cinema. The minor in cinema studies will enable students to act as critically aware and well-informed citizens and participants in their cultural communities at the local, rational, and international level. No course in which a grade below C is earned can be counted toward the cinema studies minor.

♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (21 CREDITS)

Core Requirements
- CIN 200 Introduction to Cinema Studies (3 credits)
- CIN 201 Survey of World Cinema (3 credits)
- CIN 202 Survey of US Cinema (3 credits)

Select 12 credit hours from the following (9 credit hours must be at the 300 level or above)
- CIN 494 Studies in Cinema (3 credits) ♦ (can be cross-listed)
- ANT 376 Irish Society Through Film (3 credits) ♦
- EMB 100 Media Literacy - AH (3 credits)
- EMB 140 Introduction to Media Aesthetics (3 credits)
- EMB 380 Documentary Theory and History (3 credits) ♦
- ENG 302 Literature and Film - AH (3 credits) ♦ (May NOT be repeated)
• ENG 431 Screenwriting (3 credits)
• TAR 482 Screenwriting (3 credits)
• EMB 450 Screenwriting (3 credits)
• HIS 380 History and Film (3 credits)
• HNR 307 Studies in Film and Media (3 credits)
• JUS 319 Criminal Justice in Film (3 credits)
• PSC 320 American Politics in Film (3 credits)
• PSC 322 International Politics in Film (3 credits)

Culture, Society, and Health Minor

The Culture, Society, and Health Minor offers students the conceptual and applied tools to understand the social and cultural contexts in which systems of health care, illness, and healing are embedded as well as to see health care, illness and healing as socio-cultural constructs. This minor introduces students to methods of anthropological and sociological research that allows them to ask questions, to manage and analyze databases, to do health care-related research, to identify best practices, and to write grants. Finally this minor will enhance students’ abilities to serve and understand health care needs of socially and culturally diverse patient populations and to appreciate the contributions of all levels of health care providers and support staff collaborating to achieve successful patient and organizational outcomes.

COURSE REQUIREMENTS FOR MINOR (24-25 CREDITS)

At least 3 courses of the eight required should be from Anthropology and 3 from Sociology; there is one required course in Philosophy.

Core Courses (9 credits)

• ANT 321 Medical Anthropology (3 credits)
• SOC 450 Medical Sociology (3 credits)

• SOC 371 Environment, Society, and Public Health (3 Credits)
• ANT 322 Health and Disease in Past Societies (3 Credits)

• PHI 310 Information Ethics (3 credits)
• PHI 220 Health Care Ethics - AH (3 credits)

Ways of Knowing (6 credits)

Select one class each from two of the following three groups.

• SOC 320 Social Research (3 credits) OR
• ANT 342 Quantitative Methods in Anthropology (3 credits)

• ANT 340 Ethnographic Methods and Research (3 credits) OR
• SOC 322 Qualitative Research Methods (3 credits)

• ANT 325 Applied Anthropology (3 credits) OR

Health in Social and Cultural Contexts (9-10 credits)

• ANT 330 Women, Gender, and Culture (3 credits)
• ANT 365 Ethnographic Field Methods (4 credits)
• ANT 375 Anthropology of Aging (3 credits)
• ANT 394 Topics: Anthropology (3 credits) (if related to race, aging, gender, or other special populations, by approval only)

• SOC 300 Race and Ethnic Relations (3 credits)
• SOC 301 World Patterns of Race Ethnicity (3 credits)
• SOC 342 Sociology of Aging (3 credits)
• SOC 480 Global Aging Issues and Policies (3 credits)
• SOC 394 Topics: Sociology (3 credits) (if related to race, aging, gender, or other special populations, by approval only)

Environmental Studies Minor

Location: Herrmann Science Center 204D
Telephone: 859-572-5110
Fax: 859-572-5639
Email Address: envs@nku.edu
Web Address: http://envsci.nku.edu
Program Director: Kristine N. Hopfensperger, Department of Biological Sciences

The minor in environmental studies provides students with a coherent academic program that is sensitive and responsive to current and projected environmental problems facing humanity on a variety of levels. As a minor program, it is intended to broaden and strengthen a number of major programs by providing a useful focus on a wide range of environmental issues.

♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (22 CREDITS)

Core Requirements

• BIO 123 Human Ecology - NS (3 credits)
• CHE 112 Chemistry and Society - NS (3 credits)
• CHE 112L Chemistry and Society Laboratory - SL (1 credit)
• CMGT 323 Land Planning and Development (3 credits)
• EDU 445 Introduction to Environmental Education (3 credits)
• EDU 446 Strategies for Environmental Education (3 credits)
• EDU 447 Outdoor Learning Environments (3 credits)
• EGT 423 Planning and Design of Industrial Facilities (3 credits)
• ENG 326 Literature and the Environment (3 credits)

Select 15 credit hours from the following

• ANT 345 Environmental Anthropology (3 credits)
• BIO 304 General Ecology (3 credits)
• BIO 304L Ecology Laboratory (1 credit)
• CHE 112 Chemistry and Society - NS (3 credits)
• CHE 112L Chemistry and Society Laboratory - SL (1 credit)

European Studies Minor

Location: Landrum Academic Center 134
Telephone: 859-572-5321
Fax: 859-572-6184
Email Address: psc@nku.edu
Web Address: http://arts.civic.nku.edu/departments/psccj/programs/internationalstudies.html

Program Coordinator: Edward Kwon, Department of Political Science, Criminal Justice, and Organizational Leadership

This minor enables students to develop an integrated understanding of the culture, ideology, identity, geography, history, religion, social relations, and economics of Europe. The minor requires 18 credit hours, including six hours of relevant language courses.

♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (18 CREDITS)

A minimum grade of C- is required in each course counted as part of the minor.

Select one course from the following (3 credits)
- FRE 101 Elementary French I - AH (3 credits)
- GER 101 Elementary German I - AH (3 credits)
- ITA 101 Elementary Italian I - AH (3 credits)
- RUS 101 Elementary Russian I - AH (3 credits)
- SPI 101 Elementary Spanish I - AH (3 credits)

Select one course from the following (3 credits)
- FRE 102 Elementary French II (3 credits)
- GER 102 Elementary German II (3 credits)
- ITA 102 Elementary Italian II (3 credits)
- RUS 102 Elementary Russian II (3 credits)
- SPI 102 Elementary Spanish II (3 credits)

Select two courses from the following from two different disciplines (6 credits)
- GEO 402 Geography of Europe (3 credits)
- HIS 308 Modern Europe 1870-1920 (3 credits)
- HIS 309 Modern Europe since 1920 (3 credits)
- PSC 330 Politics of Europe (3 credits)

Choose two courses from the following (6 credits)
- ANT 370 Celtic Europe (3 credits)
- ANT 373 Irish Society Through Film (3 credits)
- FRE 311 French Cultural History (3 credits)
- FRE 320 Survey of French Literature (3 credits)
- FRE 322 French Drama (3 credits)
- FRE 323 French Prose Fiction (3 credits)
- FRE 330 Studies in French Language Cinema (3 credits)
- FRE 340 Business French (3 credits)
- FRE 480 Studies in French Culture (3 credits)
- FRE 481 Studies in French Literature (3 credits)
- GEO 402 Geography of Europe (3 credits)
- GER 310 Contemporary German Life (2-3 credits)
- GER 311 German Cultural History (3 credits)
- GER 320 Survey of German Literature (3 credits)
- GER 322 German Drama (3 credits)
- GER 323 German Prose Fiction (3 credits)
- GER 330 Studies in German Language Cinema (3 credits)
- GER 340 Business German (3 credits)
- GER 480 Studies in German Culture (3 credits)
- GER 481 Studies in German Literature (3 credits)
- HIS 308 Modern Europe 1870-1920 (3 credits)
- HIS 309 Modern Europe since 1920 (3 credits)
- HIS 348 History of France, 1804-1918 (3 credits)
- HIS 349 History of France, 1918 to Present (3 credits)
- HIS 355 British History 1760 - Present (3 credits)
- HIS 363 History of Germany since 1870
- HIS 409 The French Revolution (3 credits)
- HIS 413 History of Nazi Germany (3 credits)
- HIS 414 The Holocaust (3 credits)
- HIS 486 History of Modern Ireland (3 credits)
- PSC 330 Politics of Europe (3 credits)
- SPI 310 Spanish Culture and Civilization (3 credits)
- SPI 320 Survey of Peninsular Spanish Literature (3 credits)
- SPI 322 Hispanic Drama (3 credits)
- SPI 323 Hispanic Prose Fiction (3 credits)
- SPI 330 Studies in Spanish Language Cinema (3 credits)
- SPI 340 Business Spanish (3 credits)
- SPI 480 Studies in Spanish and Spanish-American Culture (3 credits)
- SPI 481 Studies in Spanish and Spanish-American Literature (3 credits)

Note:
*Check with the world languages and literatures department for applicability of this course to the European studies minor.

Additional language topics courses may fulfill the minor. Check with the world languages and literatures department for applicability of topics courses.
Evolutionary Studies Minor

Core Requirements (14 credits)

- BIO 120 Understanding the Living World - NS (4 credits) ♦
- BIO 120L Understanding the Living World Laboratory - SL (0 credits) or
- BIO 151 Introduction to Biology II (4 credits) ♦ and
- BIO 151L Introduction to Biology II Laboratory (0 credits)
- GLY 125 Prehistoric Life - NS (3 credits)
- PSY 301 Evolutionary Psychology (3 credits) ♦ *
- HNR 301 Humanity and Nature (3 credits) ♦ *
- ANT 202 Biological Anthropology - NS (4 credits)

Electives (9 credits)

Choose three from at least two different disciplines.

- ANT 333 Paleoanthropology Laboratory (3 credits) ♦
- ANT 334 Behavioral Field Methods (3 credits) ♦
- ANT 347 Primate Behavioral Ecology (3 Credits)
- ANT 348 Primate Sexuality (3 Credits)
- ANT 394 Topics: Anthropology (3 credits) ♦ *
- BIO 402 Evolutionary Neurobiology (4 credits) ♦
- BIO 402L Evolutionary Neurobiology Laboratory (0 credits)
- BIO 440 Animal Behavior (4 credits) ♦
- BIO 440L Animal Behavior Laboratory (0 credits)
- BIO 494 Topics: Biological Science (1-3 credits) ♦ *
- GLY 115 History of the Earth (3 credits)
- GLY 294 Topics: Geology (1-3 credits) ♦ *
- GLY 402 Invertebrate Paleontology with Laboratory (4 credits) ♦
- PHI 306 Philosophy and Science (3 credits) ♦
- PHI 394 Topics: Philosophy (3 credits) ♦ *
- PSY 311 Biopsychology (3 credits) ♦
- PSY 311L Biopsychology Laboratory (2 credits) ♦
- PSY 337 Animal Learning (3 credits) ♦
- PSY 338 Cognitive Processes (3 credits) ♦
- PSY 494 Topics: Psychology (1-3 credits) ♦ *

Note:
*Special topics seminar course in anthropology, biological sciences, geology, philosophy, or psychology; course content may include directed readings, an independent or supervised empirical research experience, a conference presentation (such as a paper or poster presentation), or a term paper. Courses, projects, or research experiences used to satisfy the capstone requirement must be approved by the program director.

Healthcare Ethics and Policy Minor

Ethical issues have become increasingly prevalent in health care and health policy. The transdisciplinary minor in Healthcare Ethics and Policy (HEP) is designed to provide students with breadth and depth competence in the ethical dimensions of health care and health policy. The program particularly aims at preparing students with deep understanding of the ethical issues that arise in the contexts of health care, public health, health policy, biomedicine, biotechnology, and scientific research in multicultural society. The program encourages the study of ethical values and application of ethical principles in all aspects of the health care industry. The program is open to students in all majors; the target audience include students in nursing, allied health, philosophy, psychology, sociology, journalism, English, communication studies, organizational leadership, political science, anthropology. The program would be particularly beneficial to students seeking career paths in clinical ethics, ethics consultation, bioethics, philosophy, religion, nursing, social work, human services, psychology, journalism, sociology, anthropology, biomedical research, public health, public policy, health insurance, human resources, and many other professions in the health care industry. No more than 9 credit hours may be taken from the same discipline; additionally no more than 9 credit hours from a student’s declared major may be counted toward this minor.

Program Objectives and Outcomes

Students who successfully complete this transdisciplinary program will acquire skills and competencies in:

- moral reasoning and ethical theory.
- medical and bioethical issues and concepts.
- professional codes and guidelines.
- relevant health law/policy.
- the health care system.
- organizational/institutional policies.
- the multicultural nature of health care institutions and their clients.

Requirements for Minor (21 Credits)
The minor in the Healthcare Ethics and Policy consists of a minimum of 21 semester hours, including a 3 semester hours of core course in health care ethics and 18 semester hours of elective courses. No more than 9 credit hours may be taken from the same discipline; additionally no more than 9 credit hours from a student’s declared major may be counted toward this minor.

**Core Courses (3 credits)**
- PHI 220 Health Care Ethics - AH (3 credits)

**Moral Reasoning and Ethical Theory (6 credits)**
- PHI 300 Ethics and Social Responsibility (3 credits)
- Select one:
  - LDR 381 Organizational Ethics and Decision Making (3 credits)
  - PHI 200 Ethics - AH (3 credits)
  - PHI 302 Ethics and Scientific Research (3 credits)
- PHI 308 Professional Ethics (3 credits)
- PHI 309 Global Ethics (3 credits)
- NRS 370 Legal, Ethical, and Professional Issues (3 credits)
- PSC 403 Politics in Action (3 credits)

**Policy and Leadership (6 credits)**
No more than 3 credit hours from the same discipline.
- ENG 347 Technical Writing (3 credits)
- LDR 300 Foundations of Leadership (3 credits)
- NRS 420 Concepts and Principles of Leadership Management (3 credits)
- PSY 344 Industrial/Organizational Psychology (3 credits)
- CMST 303 Organizational Communication (3 credits)
- PHI 330 Philosophy and Law (3 credits)
- PHI 320 Social and Political Philosophy (3 credits)
- PAD 412 Administrative Law (3 credits)
- PAD 403 Public Policy (3 credits)
- HSC 413 Aging in Today's Society (3 credits)
- SOC 480 Global Aging Issues and Policies (3 credits)
- ANT 375 Anthropology of Aging (3 credits)

**Foundational Knowledge in Health Care (6 credits)**
No more than 3 credit hours from the same discipline.
- HIN 355 Foundations of Health Informatics (3 credits)
- PHI 340 Neuroethics (3 credits)
- HSR 300 Ethics & Issues in Human Svc Profession (3 credits)
- REL 370 Religion and Science (3 credits)
- PHI 306 Philosophy and Science (3 credits)
- SOC 371 Environment, Society, and Public Health (3 Credits)
- PHI 360 Environmental Philosophy (3 credits)
- ANT 321 Medical Anthropology (3 credits)
- SOC 450 Medical Sociology (3 credits)
- CMST 403 Health Communication (3 credits)
- CMST 345 Family Communication (3 credits)
- PSY 333 Abnormal Psychology (3 credits)
- PSY 465 Health Psychology (3 credits)

**International Studies Minor**

**Location:** Landrum Academic Center 134  
**Telephone:** 859-572-5321  
**Fax:** 859-572-6184  
**Email Address:** psc@nku.edu  
**Web Address:** http://artscience.nku.edu/departments/psscj/programs/internationalstudies.html

**Program Coordinator:** Edward Kwon, Department of Political Science, Criminal Justice, and Organizational Leadership

An international studies minor works well with a variety of degrees. With the global marketplace, there is more call for individuals with knowledge of the world. This minor benefits those who plan careers in international business, law, journalism, government, politics, and foreign service. All lend themselves to the use of this minor.

A minor in international studies consists of 18 credit hours, including a 6-credit-hour core, 6 credit hours of secondary requirements (from two different disciplines) and 6 credit hours of elective courses chosen in consultation with the program coordinator.

* Indicates prerequisite.

**REQUIREMENTS FOR MINOR (18 CREDITS)**

**Core Requirements**
- PSC 103 International Politics - AH (3 credits)
- PSC 470 Globalization (3 credits)

**Select two of the following courses from two different disciplines (6 credits)**
- ANT 100 Introduction to Cultural Anthropology - SB (3 credits)
- HIS 111 Global Viewpoints in History - AH (3 credits)
• ECO 200 Principles of Macroeconomics - SB (3 credits) ♦
• GEO 101 World Regional Geography (3 credits)
• LDR 160 Leadership Around the World - AH (3 credits)
• PSC 102 Comparative Politics - AH (3 credits)
• SOC 101 Global Inequalities - SB (3 credits)

Select two (6 credits)
• 300-level or above electives for any category of the major’s elective courses.

Latin American and Caribbean Studies Minor

Location: Landrum Academic Center 134
Telephone: 859-572-5321
Fax: 859-572-6184
Email Address: psc@nku.edu
Web Address: http://artscience.nku.edu/departments/psscj/programs/interdisciplinaryminors/latinamericanandcaribbean.html

Program Coordinator: Edward Kwon, Department of Political Science and Criminal Justice

This minor enables students to develop an integrated understanding of the history, culture, and politics of Latin America and the Caribbean area. The minor requires 18 credit hours, including Spanish 101 and 102, two courses from different disciplines, and two electives. All students pursuing this minor should acquire some competence in Spanish.

♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (18 CREDITS)

A minimum grade of C- is required in each course counted as part of the minor.

Core Requirements
• SPI 101 Elementary Spanish I - AH (3 credits)
• SPI 102 Elementary Spanish II (3 credits) ♦

Select two courses from the following (6 credits)
• ANT 245 Peoples of Latin America and the Caribbean - SB (3 credits) OR
• SOC 245
• HIS 326 Latin America: Nations & Revolutions (3 credits) ♦
• PSC 335 Politics of Latin America (3 credits) ♦
• GEO 406 Geography of Latin America (3 credits) ♦

Select two courses from the following (6 credits)
• ANT 360 Mesoamerican Indians (3 credits) ♦
• ANT 245 Peoples of Latin America and the Caribbean - SB (3 credits) OR
• SOC 245
• FRE 322 French Drama (3 credits) ♦ *
• FRE 323 French Prose Fiction (3 credits) ♦ *

• FRE 330 Studies in French Language Cinema (3 credits) ♦ *
• FRE 340 Business French (3 credits) ♦ *
• FRE 480 Studies in French Culture (3 credits) ♦ *
• FRE 481 Studies in French Literature (3 credits) ♦ *
• GEO 406 Geography of Latin America (3 credits) ♦
• HIS 325 Latin America: Conquest & Resistance (3 credits) ♦
• HIS 326 Latin America: Nations & Revolutions (3 credits) ♦
• HIS 436 History of Race Relations in the Americas, 1800-Present (3 credits) ♦
• HIS 465 Nature and Development in Latin America (3 credits) ♦
• PSC 335 Politics of Latin America (3 credits) ♦
• SPI 311 Spanish-American Culture and Civilization (3 credits) ♦
• SPI 321 Survey of Spanish-American Literature (3 credits) ♦
• SPI 322 Hispanic Drama (3 credits) ♦ *
• SPI 323 Hispanic Prose Fiction (3 credits) ♦ *
• SPI 330 Studies in Spanish Language Cinema (3 credits) ♦ *
• SPI 340 Business Spanish (3 credits) ♦ *
• SPI 480 Studies in Spanish and Spanish-American Culture (3 credits) ♦ *
• SPI 481 Studies in Spanish and Spanish-American Literature (3 credits) ♦ *

Note:
♦ Indicates prerequisite.
* Check with the world languages and literature department for applicability of this course to the Latin American and Caribbean Studies minor.

Additional language topic courses may fulfill this minor. Check with the world languages and literatures department for applicability of topics courses.

Medieval and Renaissance Studies Minor

Location: Landrum Academic Center 415
Telephone: 859-572-5461
Fax: 859-572-6088
Email Address: hisgeo1@nku.edu
Web Address: http://artscience.nku.edu/departments/hisgeo/programs/medieval-renaissance.html

Program Coordinator: William Landon, Department of History and Geography

The minor in medieval and Renaissance studies is historical in perspective with an emphasis on cultures and civilizations of Western Europe from the fifth to the 16th centuries. The minor is interdisciplinary in scope, with courses from art, English, history, language, music, philosophy, and political science included in its curriculum. The medieval and Renaissance studies minor introduces students to methods, materials, and texts reflecting the human dimension of medieval cultures and the living heritage of medieval and Renaissance cultures in modern civilizations.

The minor in medieval and Renaissance studies requires completion of 21 credit hours in designated courses. " HIS 303 Europe in the Middle Ages (3 credits)" and " HIS 304 Renaissance Europe (3 credits)" are required, and the remaining 15 credit hours must be selected from three disciplines and must include at least one semester of the study of a foreign language included in the list below.

♦ Indicates prerequisite.
REQUIREMENTS FOR MINOR (21 CREDITS)

Core Requirements
- HIS 303 Europe in the Middle Ages (3 credits)
- HIS 304 Renaissance Europe (3 credits)

Select 15 credit hours from the following (must include at least 3 credit hours in a foreign language)
- ANT 370 Celtic Europe (3 credits)
- ARTH 101 History of Art: Prehistoric through Gothic (3 credits)
- ARTH 351 Medieval Art (3 credits)
- ENG 308 Shakespeare I (3 credits)
- ENG 309 Shakespeare II (3 credits)
- ENG 401 Chaucer (3 credits)
- ENG 402 Middle English Literature (3 credits)
- ENG 403 Old English (3 credits)
- FRE 101 Elementary French I - AH (3 credits)
- FRE 102 Elementary French II (3 credits)
- FRE 201 Intermediate French I (3 credits)
- FRE 202 Intermediate French II (3 credits)
- HIS 303 Europe in the Middle Ages (3 credits)
- HIS 353 British History to 1485 (3 credits)
- HIS 442 History through Biography (3 credits) (if medieval or Renaissance topic)
- ITA 101 Elementary Italian I - AH (3 credits)
- ITA 102 Elementary Italian II (3 credits)
- ITA 201 Intermediate Italian I (3 credits)
- ITA 202 Intermediate Italian II (3 credits)
- LAT 101 Elementary Latin I - AH (3 credits)
- LAT 102 Elementary Latin II (3 credits)
- LAT 201 Intermediate Latin I (3 credits)
- LAT 202 Intermediate Latin II (3 credits)
- LAT 280 Studies in Latin Language and Literature
- MUSM 241 History of Music I: Antiquity through Early Baroque (3 credits)
- PHI 181 Philosophers, Cultures and Creativity - AH (3 credits)
- PHI 385 History of Modern and Contemporary Philosophy (3 credits)
- PSC 370 Ancient Political Theory (3 credits)

Middle Eastern and North African Studies Minor

Location: Landrum Academic Center 134
Telephone: 859-572-5321
Fax: 859-572-6184
Email Address: psc@nku.edu
Web Address: http://artscience.nku.edu/departments/psccj/programs/interdisciplinaryminors/mideastnafrican.html

Program Coordinator: Edward Kwon, Department of Political Science, Criminal Justice, and Organizational Leadership

The minor in Middle Eastern and North African studies offers students the opportunity to gain knowledge of various aspects of the peoples of the Middle East and North Africa. The program, selected from several disciplines, provides a broad appreciation of the societies, literatures, cultures, religions, and history of the Middle East and North Africa and their significance for the modern world. To complete the minor, students must earn a total of 18 hours selected from the courses listed below. Applicable course prerequisites must be met.
- Indicates prerequisite.

REQUIREMENTS FOR MINOR (18 CREDITS)

A minimum grade of C- is required in each course counted as part of the minor.

Required language credits

Required language credits (Either Arabic or French)
- ARI 101 Elementary Arabic I - AH (3 credits)
- ARI 102 Elementary Arabic II (3 credits)

OR
- FRE 101 Elementary French I - AH (3 credits)
- FRE 102 Elementary French II (3 credits)

Select two courses from the following (6 credits)
- GEO 412 Geography of South Asia and the Middle East (3 credits)
- HIS 329 History of the Middle East and North Africa (3 credits)
- PSC 380 Politics of the Middle East (3 credits)

Select two courses from the following (6 credits)
- ENG 313 Middle Eastern Literature
- ENG 315 The Bible as Literature (3 credits)
- GEO 412 Geography of South Asia and the Middle East (3 credits)
- HIS 329 History of the Middle East and North Africa (3 credits)
- PSC 380 Politics of the Middle East (3 credits)
- REL 306 Introduction to Judaism (3 credits)
- REL 305 Islam (3 credits)

Native American Studies Minor

Location: Landrum Academic Center 217C
Telephone: 859-572-5259
Fax: 859-572-6086
Email Address: neelys@nku.edu
Web Address: http://artscience.nku.edu/departments/sapdept/anthropology/undergraduate-programs/native-american-studies-minor.html

Program Director: Sharlotte Neely, Department of Sociology, Anthropology, and Philosophy

Native American studies has as its focus the prehistory, history, contemporary situation, and way of life of Native Americans (American Indians). For more than 95 percent of the time humans have lived in the Americas, the only people here have been Native Americans. To understand the history and cultures of the Americas, one must start with Native Americans. Far from disappearing either physically or culturally, Native Americans today are increasing in...
numbers and represent hundreds of vibrant and unique ways of life. To learn about Native Americans is to explore yet another avenue of what it means to be human.

The commonwealth of Kentucky is rich in Native American culture. NKU is located in the heart of the prehistoric Ohio Valley mound-builder cultures of Adena, Hopewell, and Fort Ancient, on lands claimed by both the historic Shawnee and Cherokee. The university is only about 50 miles from the soon-to-be-built Kentucky Center for Native American Arts and Culture and is recognized by the Kentucky Native American Heritage Commission. NKU’s Native American studies program is the only such program in Kentucky. There are two Native American student organizations at NKU: First Nations Student Organization and Kiksuya. Native American studies minors are encouraged to participate in both. Each year NKU anthropology faculty present the Outstanding Student in Native American Studies Award. NKU provides students with opportunities to do Native American studies outside the classroom and develop résumé-worthy skills important in the job quest. Through Kiksuya, every spring NKU students can go to a reservation in the Dakotas. Every summer students also have the opportunity to participate in an archaeological dig at a prehistoric Native American village site in Northern Kentucky. Students also have opportunities to work on museum exhibits.

♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (21 CREDITS)

Core Requirements

- SOC 345 Native American Social Issues (3 credits) ♦
- ANT 230 North American Indians - SB (3 credits)
- ANT 231 Modern American Indians - SB (3 credits)
- ANT 350 North American Archaeology (3 credits) ♦

Select three courses from the following (9 credits)
(courses chosen must be in at least two different disciplines)

- SOC 301 World Patterns of Race Ethnicity (3 credits) ♦
- ANT 318 Prehistoric Ecology (3 credits) ♦
- ANT 331 Women in Prehistory (3 credits) ♦
- ANT 352 Archaeology of Mesoamerica (3 credits) ♦
- ANT 358 Art and Culture (3 credits) ♦
- ANT 360 Mesoamerican Indians (3 credits) ♦
- ENG 306 Multicultural American Literature (3 credits) ♦
- ANT 315 Archaeological Excavation Methods (3-4 credits) ♦
- SOC 394 Topics: Sociology (3 credits) (with permission, if Native American emphasis)
- ANT 307 Museum Methods (3 credits) ♦ (with permission, if Native American emphasis)
- ANT 394 Topics: Anthropology (3 credits) ♦ (with permission, if Native American emphasis)
- HIS 394 Special Topics in History (1-3 credits) ♦ (with permission, if Native American emphasis)
- REL 394 Topics: Religious Studies (3 credits) ♦ (with permission, if Native American emphasis)
- Other appropriate courses (9 credits) (with permission, if Native American emphasis)

Neuroscience Minor

Location: Mathematics-Education-Psychology Center 301
Telephone: 859-572-5310
Fax: 859-572-6085
Email Address: curranc1@nku.edu
Web Address: http://artsscience.nku.edu/departments/psychology/undergraduate/neuroscience.html

Program Director: Christine Curran, Department of Biological Sciences

Other Faculty:
- Rudy Garns, Department of Sociology, Anthropology, and Philosophy
- Kevin Kirby, Department of Computer Science
- Cecile Marczinski, Department of Psychological Science
- Monica Wakefield, Department of Sociology, Anthropology, and Philosophy
- Justin Yates, Department of Psychological Science

Neuroscience represents an emerging integrative scientific discipline that seeks to: (1) better understand nervous system structure and function, and (2) use this knowledge to better understand mental processing and behavior. In addressing these goals, neuroscience borrows from an array of disciplines including physics, chemistry, biology, psychology, computer science, philosophy, anthropology, mathematics, pharmacology, and education. In turn, the knowledge gained through neuroscience research can advance the fields of medicine, biology, pharmacology, psychology, education, social work, forensics, marketing, and computer science, among others.

Students participating in the minor program will be introduced to a variety of perspectives on the field of neuroscience. These perspectives include neurobiology, evolution of mind/brain, theories of mind, behavioral neuroscience, psychopharmacology, cognitive science, computational neuroscience, animal behavior, linguistics, and perception. The neuroscience minor may be an attractive addition to a major in natural science, mathematics, computer science, social science, or humanities, and it should enable students to address issues and dilemmas in their major field from a neuroscience perspective. It may also better prepare students who are considering graduate study in fields impacted by neuroscience, such as medicine, psychology, education, chemistry, biology, pharmacology, computer science, philosophy, and social work.

In choosing electives, students must choose two from outside of their major. Psychology majors can apply only six hours of minor coursework to their major. Students must take one core elective course - it is strongly recommended that students consider using the other core elective courses as "general" electives. Electives may also include special topics courses, supervised research, independent study, or honors projects that are taken for credit, as long as the work focuses on some aspect of neuroscience. Students wishing to apply these courses to their minor requirements must receive approval from the director of the neuroscience program. Students must earn a grade of C or better in all courses applied toward certification of the minor.

♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (23 CREDITS)

Core Requirements

- NEU 301 Neuroanatomy (4 credits) ♦ and
- NEU 301L Neuroanatomy Laboratory (0 credits) ♦
NEU 302 Neurosignaling (4 credits) • and
NEU 302L Neurosignaling Laboratory (0 credits)

NEU 493 Cognitive Neuroscience Seminar (1 credit) •

PHI 315 Knowledge and Reality (3 credits) •
PHI 345 Philosophy of Mind (3 credits) •
PHI 340 Neuroethics (3 credits) •

PSY 311 Biopsychology (3 credits) •

Select one course from the following

BIO 402 Evolutionary Neurobiology (4 credits) • and
BIO 402L Evolutionary Neurobiology Laboratory (0 credits)

BIO 440 Animal Behavior (4 credits) • and
BIO 440L Animal Behavior Laboratory (0 credits)

PSY 338 Cognitive Processes (3 credits) •
PSY 510 Psychopharmacology (3 credits) •

Select three courses totaling 9 hours or more from the following

ANT 202 Biological Anthropology - NS (4 credits)
ANT 275 Language and Culture (3 credits)
ANT 333 Paleoanthropology Laboratory (3 credits) •
ANT 334 Behavioral Field Methods (3 credits) •
ANT 340 Ethnographic Methods and Research (3 credits) •
ANT 342 Quantitative Methods in Anthropology (3 credits) •
ANT 348 Primate Sexuality (3 Credits) •
BIO 208 Human Anatomy and Physiology I - NS (4 credits) • and
BIO 208L Human Anatomy and Physiology I Laboratory - SL (0 credits)

BIO 209 Human Anatomy and Physiology II (4 credits) • and
BIO 209L Human Anatomy and Physiology II Laboratory (0 credits)

BIO 305 Developmental Biology (4 credits) • and
BIO 305L Developmental Biology Laboratory (0 credits)

BIO 349 Genetics (4 credits) • and
BIO 349L Genetics Laboratory (0 credits)

BIO 400 Advanced Molecular Biology (4 credits) • and
BIO 400L Advanced Molecular Biology Laboratory (0 credits)

BIO 402 Evolutionary Neurobiology (4 credits) • and
BIO 402L Evolutionary Neurobiology Laboratory (0 credits)

BIO 407 Ornithology (4 credits) • and
BIO 407L Ornithology Laboratory (0 credits)

PSY 465L Health Psychology Laboratory (2 credits) •
PSY 494 Topics: Psychology (1-3 credits) •

Available in both traditional and fully-online formats (see “Note” below for online option).

The minor in popular culture studies offers students an opportunity to explore their cultural environment by examining aspects of cultural artifacts and events and relating them to their specific interests. The program is designed to equip the student with tools to analyze the world from the standpoint of popular culture by introducing such concepts as cultural beliefs and values, icons, heroes, rituals, stereotypes, and popular art. The interdisciplinary program seeks to broaden the base of a student’s college education by using the courses of several disciplines to provide a wide, comprehensive approach to knowledge. In consultation with an advisor, students will identify a particular
topic of concentration or theme and then select courses from a variety of course offerings. Students may not double count Communication Department courses toward the Popular Culture minor and other majors and minors in the Communication Department unless the course is required as the only option in the Popular Culture minor and other majors and minors in the Communication Department. Due to the unusual nature of the program, students interested in the minor must meet with the program director prior to declaring the minor in order to establish their individual programs.

Special graduation requirements: All majors and minors must earn a letter grade of C- or better and a 2.0 GPA in their major or minor courses.

* Indicates prerequisite.

**REQUIREMENTS FOR MINOR (21 CREDITS)**

**Core Requirements**

- EMB 100 Media Literacy - AH (3 credits)
- ENG 570 American Folklore (3 credits)
- HIS 380 History and Film (3 credits)
- POP 369 Folklore and Pop Culture (3 credits)
- POP 205 Introduction to Popular Culture - AH (3 credits)
- POP 499 Independent Study (1-3 credits)

**Select three courses from the following (9 credits)**

The courses must be taken from at least two different categories and must have at least two different course designators. At least 6 credit hours must be taken at the 300 level or above.

**American Culture and Society**

- EDU 316 Racism and Sexism in Educational Institutions - SB (3 credits)
- EMB 105 Media in a Diverse Society - SB (3 credits)
- EMB 311 History of Electronic Media and Broadcasting (3 credits)
- JOU 421 Mass Communication History (3 credits)
- HIS 314 Rise of the Industrial United States, 1865-1900 (3 credits)
- HIS 315 Modern U.S. History, 1900-1939 (3 credits)
- HIS 387 Modern American History, 1945-1975 (3 credits)
- HIS 388 Recent US History, 1975- Present (3 credits)
- HIS 454 Early American Frontier (3 credits)
- JOU 440 Current Topics in Media Ethics (3 credits)
- JUS 101 Introduction to Criminal Justice - SB (3 credits)
- JUS 231 Race, Gender and Crime - AH (3 credits)
- POP 494 Topics: Popular Entertainment (3 credits)
- PSC 320 American Politics in Film (3 credits)
- SOC 307 Social Stratification (3 credits)
- SOC 335 Popular Culture (3 credits)
- SOC 364 Women and Men in Society (3 credits)

**Subgroups (Regional Cultures/Diversity/Ethnic Groups) in America**

- BLS 100 Introduction to Black Studies - SB (3 credits)
- CMST 317 Gender and Communication (3 credits)
- ENG 305 American Women Writers (3 credits)
- GEO 302 Cultural Geography (3 credits)
- GEO 309 Historical Geography of North America (3 credits)
- HIS 553 History of the New South (3 credits)
- HIS 431 Historical Themes in African-American History (3 credits)
- HIS 444 History of Women in the United States to 1900 (3 credits)
- HIS 445 History of Women in the United States since 1900 (3 credits)
- HIS 541 History of Kentucky (3 credits)
- MUS 107 Survey of Afro-American Music (3 credits)
- POP 305 Black Popular Culture (3 credits)
- SOC 300 Race and Ethnic Relations (3 credits)
- SPI 311 Spanish-American Culture and Civilization (3 credits)
- WGS 310 Gender in the Workplace (3 credits)
- WGS 388 African-American Women’s History and Culture (3 credits)

**International Perspective**

- ANT 330 Women, Gender, and Culture (3 credits)
- ANT 360 Mesoamerican Indians (3 credits)
- ANT 376 Irish Society Through Film (3 credits)
- ANT 385 Peoples of East and Southeast Asia (3 credits)
- ARTH 360 African-American Art (3 credits)
- CMST 355 Culture and Communication (3 credits)
- FRE 310 French Culture and Society Today (3 credits)
- FRE 311 French Cultural History (3 credits)
- GER 310 Contemporary German Life (2-3 credits)
- GER 311 German Cultural History (3 credits)
- HIS 325 Latin America: Conquest & Resistance (3 credits)
- HIS 326 Latin America: Nations & Revolutions (3 credits)
- HIS 329 History of the Middle East and North Africa (3 credits)
- HIS 413 History of Nazi Germany (3 credits)
- MUS 106 Music of World Cultures - AH (3 credits)
- POP 345 Japanese Popular Culture (3 credits)
- SOC 301 World Patterns of Race Ethnicity (3 credits)
- SPI 310 Spanish Culture and Civilization (3 credits)

**Traditional Arts and Humanities**

- ARTH 321 History of Visual Communication Design (3 credits)
- ARTO 210 Photography I (3 credits)
- DAN 427 Dance History (3 credits)
- EMB 380 Documentary Theory and History (3 credits)
- EMB 400 Media Criticism (3 credits)
- ENG 202 Survey of British Literature I (3 credits)
- ENG 203 Survey of British Literature II (3 credits)
- ENG 208 Survey of American Literature I (3 credits)
- ENG 209 Survey of American Literature II (3 credits)
Students wishing to complete the Popular Culture minor online should plan to take the POP 369 option to complete the Core Requirements. They should also contact the program director for other options that may become available online.

Topics courses (for example, "POP 394 Topics: Popular Culture (3 credits)") may be taken and applied toward the minor upon approval of the program director. Students who wish to substitute a course not listed above for an elective course must obtain prior approval from the program director.

Students wishing to complete the Popular Culture minor online should plan to take EMB 105, POP 305 or POP 345, POP 494 or an additional POP elective at the 300 level or above. Students are advised to contact the program director for other options that may become available online.

Religious Studies Minor

Location: Landrum Academic Center 217C
Telephone: 859-572-5259
Fax: 859-572-6086
Email Address: religiousstudies@nku.edu
Web Address: http://religious-studies.nku.edu
Director: Augustine Frimpong-Mansoh

Available in traditional and fully-online formats.

NKU’s interdisciplinary religious studies program offers a 21-credit-hour minor designed for students who are especially interested in religious studies or who wish for career purposes to add to their general education background.

Religious studies is the scholarly examination of the widespread and diverse phenomena of human religious experiences, the expression of these experiences in systems of belief and in institutions, and their interaction with culture and society. Religion embodies some of humanity’s most profound and enduring attempts to answer perennial questions about the nature of ultimate reality and about human nature and destiny. An important dimension of religious studies at NKU is its incorporation of cognate courses from other disciplines, including philosophy, history, geography, sociology, psychology, literature, anthropology, and women’s and gender studies.

Religious studies provides a factual and analytical understanding of religion; sympathetic understanding of a wide range of religious traditions, cultures and values; and an introduction to the relevant literature, vocabulary, and methods used in the scholarly study of religion. This sort of an appreciation of religion is an important component in an individual’s education. It is also relevant to many professions and fields including education, law, medicine, nursing, ministry, and human services, and to students interested in graduate studies in religious studies.

Students must earn a C- or better in all courses chosen to meet a category requirement.

♦ Indicates prerequisite.

REQUIREMENTS FOR MINOR (21 CREDITS)

Core Requirement

♦ REL 200 World Religions and Cultures - AH (3 credits)

Category A: Religious Traditions and Sacred Texts (3 credits)

Select 3 credit hours from the following:

♦ REL 302 Survey of the Hebrew Bible (Old Testament) (3 credits)
♦ REL 303 Survey of New Testament (3 credits)
♦ REL 305 Islam (3 credits)
♦ REL 304 Jesus (3 credits)
♦ REL 306 Introduction to Judaism (3 credits)
♦ REL 307 Survey of Christianity (3 credits)
♦ REL 317 Catholicism (3 credits)
♦ PHI 312 Eastern Philosophy (3 credits)
♦ PHI 324 African Philosophy (3 credits)
♦ WGS 361 Feminine Face of God (3 Credits)
♦ WGS 386 Women in the Bible (3 credits) (A or B)
Category B: Philosophical, Ethical, and Theological Perspectives (3 credits)

Select 3 credit hours from the following:

- REL 325 Celtic Spirituality (3 credits) • (B or C)
- REL 352 Women and Religion (3 credits) • (B or C)
- REL 370 Religion and Science (3 credits) •
- HIS 362 Women and Christianity (3 credits) • (B or C)
- PHI 305 Existentialism (3 credits) •
- PHI 350 Philosophy of Religion (3 credits) •
- PHI 370 Religion and Science (3 credits) •
- PHI 371 Death and the Afterlife (3 credits) •
- WGS 360 Gendered Spirituality (3 Credits) •
- WGS 386 Women in the Bible (3 credits) • (A or B)

Category C: Historical, Linguistic, Literary, and Scientific Perspectives (3 credits)

Select 3 credit hours from the following:

- REL 301 Ancient Religions (3 credits) •
- REL 325 Celtic Spirituality (3 credits) • (B or C)
- REL 335 Spiritual Images In Pop Culture (3 credits) •
- REL 352 Women and Religion (3 credits) •
- ANT 320 Religion and Culture (3 credits) •
- ARI 101 Elementary Arabic I - AH (3 credits) *
- ARI 102 Elementary Arabic II (3 credits) *
- ARTH 304 Survey of Asian Art (3 credits) •
- ENG 215 Greek and Roman Mythology (3 credits) •
- ENG 315 The Bible as Literature (3 credits) •
- ENG 324 Holocaust Literature (3 credits) •
- GEO 330 Geography of Religion (3 credits) •
- HIS 300 The Ancient Near East and Greece to the Macedonian Conquest (3 credits) •
- HIS 301 The Hellenistic World and Rome to the Death of Constantine (3 credits) •
- HIS 303 Europe in the Middle Ages (3 credits) •
- HIS 305 Reformation Europe (3 credits) •
- HIS 330 Jewish History (3 credits) •
- HIS 362 Women and Christianity (3 credits) •
- HIS 384 History of American Religion (3 credits) •
- HIS 414 The Holocaust (3 credits) •
- HIS 494 Topics: History (1-3 credits) •
- JPN 325 Japanese Myth and Folklore (3 credits) •
- LAT 101 Elementary Latin I - AH (3 credits) *
- LAT 102 Elementary Latin II (3 credits) • *
- SOC 430 Sociology of Religion (3 credits) •

Select 9 additional credit hours from

- Among all religious studies courses except those previously chosen to count for a category requirement.

Note:

At least 20 percent of the total required hours for the minor must be taken at NKU.

Topics courses (with numbers ending with -94) in disciplines such as REL, PHI, ANT, HIS, ENG, PSY, SOC, and WGS with topics bearing upon religious studies may also count toward the minor. Check with your advisor.

*Only 3 hours of an approved cognate language can count toward the minor.

Courses listed in more than one category may count in only one or the other.

Students who want to have either a broader or deeper background in religious studies than the minor at NKU affords may take advantage of the Greater Cincinnati Collegiate Connection or the Cooperative Center for Study Aboard.

Social Justice Studies Minor

Location: Mathematics-Education-Psychology Center 203
Telephone: 859-572-5604
Fax: 859-572-6592
Email Address: riffeh@nku.edu
Web Address: http://coehs.nku.edu/programs/nkusocialwork/bsw/minor.html
Program Director: Holly Riffe, Department of Counseling, Social Work, and Leadership
Advisor: Deb Henry

The interdisciplinary social justice minor is concerned with the promotion of a just society with an emphasis on human rights. The goal of social justice is to establish a society in which all people are guaranteed certain and basic human and legal rights and have access to opportunities and resources to achieve valued economic, political, and social goals.

* Indicates prerequisite.

REQUIREMENTS FOR MINOR (21 CREDITS)

Core Requirements

- SWK 106 Introduction to Social Justice - AH (3 credits)
- ANT 201 World Cultures - SB (3 credits)
- SOC 101 Global Inequalities - SB (3 credits)
- WGS 383 Women and World Cultures (3 credits) •
- ANT 330 Women, Gender, and Culture (3 credits) •
- EMB 105 Media in a Diverse Society - SB (3 credits)
- TAR 102 Race, Gender and Theatre - SB (3 credits)
- BLS 100 Introduction to Black Studies - SB (3 credits)
- WGS 388 African-American Women’s History and Culture (3 credits) •
- SWK 565 Compassion, Empathy and Forgiveness (3 credits)
Select two courses from the following:

- ANT 100 Introduction to Cultural Anthropology - SB (3 credits)
- ANT 201 World Cultures - SB (3 credits)
- ANT 230 North American Indians - SB (3 credits)
- ANT 231 Modern American Indians - SB (3 credits)
- ANT 245 Peoples of Latin America and the Caribbean - SB (3 credits)
- ANT 309 Peoples of Africa (3 credits)
- ANT 330 Women, Gender, and Culture (3 credits)
- ANT 372 Peasant Societies (3 credits)
- ANT 375 Anthropology of Aging (3 credits)
- BIO 235 Costa Rican Natural History - AH (3 credits)
- EDU 316 Racism and Sexism in Educational Institutions - SB (3 credits)
- EMB 105 Media in a Diverse Society - SB (3 credits)
- GEO 100 Global Viewpoints on Geography and the Human Landscape - AH (3 credits)
- GEO 302 Cultural Geography (3 credits)
- HIS 330 Jewish History (3 credits)
- HIS 414 The Holocaust (3 credits)
- HIS 438 African-American Women's History and Culture (3 credits)
- JUS 231 Race, Gender and Crime - AH (3 credits)
- LDR 160 Leadership Around the World - AH (3 credits)
- LDR 460 Leading in Diverse and Global Contexts (3 credits)
- PHI 323 Peace and War (3 credits)
- PHI 324 African Philosophy (3 credits)
- PHI 399 Independent Study: Philosophy (3 credits)
- PSC 102 Comparative Politics - AH (3 credits)
- PSC 340 Politics of Development (3 credits)
- PSC 345 Native American Social Issues (3 credits)
- PSC 355 Sociology of the Environment (3 credits)
- SOC 200 World Religions and Cultures - AH (3 credits)
- SOC 201 World Patterns of Race Ethnicity (3 credits)
- SOC 332 Collective Behavior (3 credits)
- SOC 345 Native American Social Issues (3 credits)
- SOC 355 Sociology of the Environment (3 credits)
- SOC 480 Global Aging Issues and Policies (3 credits)
- TAR 102 Race, Gender and Theatre - SB (3 credits)
- WGS 150 Introduction to Contemporary Gender Issues - SB (3 credits)
- WGS 301 Gender in the Workplace (3 credits)
- WGS 383 Women and World Cultures (3 credits)
- WGS 385 Gender and Film (3 credits)
- WGS 388 African-American Women's History and Culture (3 credits)

Sub-Saharan African Studies Minor

**Location:** Landrum Academic Center 134  
**Telephone:** 859-572-5321  
**Fax:** 859-572-6184  
**Email Address:** psc@nku.edu  
**Web Address:** http://artscience.nku.edu/departments/pacci/programs/interdisciplinaryminors.html

**Program Coordinator:** Edward Kwon, Department of Political Science, Criminal Justice and Organizational Leadership

This minor enables students to develop an integrated understanding of culture, ideology, identity, geography, history, religion, social relations, and economics of sub-Saharan Africa. The minor requires 18 credit hours.

* Indicates prerequisite.

**REQUIREMENTS FOR MINOR (18 CREDITS)**

A minimum grade of C- is required in each course counted as part of the minor. Select six courses from the following:

- ANT 309 Peoples of Africa (3 credits)
- GEO 403 Geography of Africa (3 credits)
- HIS 335 History of Ancient Africa (3 credits)
- HIS 336 History of Modern Africa (3 credits)
- PHI 324 African Philosophy (3 credits)
- PSC 102 Comparative Politics - AH (3 credits)
- PSC 340 Politics of Development (3 credits)
- PSC 366 Politics of Africa (3 credits)
Honors College

University Honors Scholar

The Honors College encourages students to think across discipline-specific boundaries, to envision and articulate connections between disciplines that may not seem to be readily connected, to see applications of their studies beyond the university to a larger global community, and to imagine innovative solutions. The learning outcomes of honors courses include demonstration of superior communication skills, both in writing and speaking, analysis, synthesis, and critical thinking. The capstone project is the exit requirement for the honors program and affords students the opportunity to engage in independent research or creative work, an undertaking particularly valued by potential employers, graduate schools, and professional schools and programs. Similarly, the designation University Honors Scholar on the diploma and transcript is a distinction that provides students with a competitive edge.

The Honors College supports co-curricular activities that include activities to promote civic engagement, global perspectives, and leadership experiences. The honors program awards scholarship money to students in the program to support travel experiences of various kinds, including trips that are part of capstone expenses.

FOUNDATION (6 HOURS)

Required for all students. Students complete HNR 101 and HNR 102 in their first semesters.

- HNR 101 Introduction to Honors Learning - WC/OC (3 credits)
- HNR 102 Interdisciplinary Research Process - WC/OC (3 credits)

NOTE: Completion of both HNR 101 and HNR 102 fulfills the Written and Oral Communication requirements from the Foundation of Knowledge (general education) program. Individual courses do not fulfill individual general education requirements. Students may also be required to take specific classes for prerequisites or program requirements within their selected majors and minors.

COHORT TRACK (9-10 HOURS)

Complete all three courses from ONE of the following Cohort Tracks.

- **Natural World Cohort** (complete all three courses). Completion of the Natural World Cohort will fulfill the Foundations of Knowledge Mathematics and Natural Sciences category requirements.
  - HNR 210 Scholarly Approaches to the Nat. World - NS/OR (4 credits)
  - HNR 310 Community & the Natural World - NS/OR (3 credits)
  - HNR 311 Global Citizen in the Natural World - NS/OR (3 credits)

- **Society Cohort** (complete all three courses). Completion of the Society Cohort will fulfill the Foundations of Knowledge Cultural Pluralism and Individual & Society category requirements.
  - HNR 220 Scholarly Approaches to Society - SB (3 credits)

- **Humanity and Global Viewpoints Cohort** (complete all three courses). Completion of the Humanity and Global Viewpoints Cohort will fulfill the Foundations of Knowledge Culture & Creativity and Global Viewpoints category requirements.
  - HNR 230 Scholarly Approaches to Humanity - AH/SB (3 credits)
  - HNR 330 Community and Humanity - AH/SB (3 credits)
  - HNR 331 Global Citizen and Humanity - AH/SB (3 credits)

NOTE: Individual courses do not fulfill individual general education requirements, rather an entire Cohort Track fulfills the stated categories within the Foundation of Knowledge curriculum. Honors College students complete Foundation of Knowledge requirements not met through HNR 101, 102, and the Cohort Track with traditional classes selected from the traditional checklist. Students may also be required to take specific classes for prerequisites or program requirements within their selected majors and minors.

HONORS SEMINAR ELECTIVE (3 HOURS)

Students select one Honors seminar elective course (or study abroad).

Select one of the following:

- HNR 301 Humanity and Nature (3 credits)
- HNR 302 Humanity and Society (3 credits)
- HNR 303 Humanity and the Imagination (3 credits)
- HNR 304 Humanity and Technology (3 credits)
- HNR 306 Studies in Diversity (3 credits)
- HNR 307 Studies in Film and Media (3 credits)
- HNR 308 The World in Transition (3 credits)
- HNR 309 World Cities/World Cultures (3 credits)
- HNR 394 Honors Special Topics (1-3 credits)
- HNR 395 Honors Study Abroad (3 credits)
- HNR 396 Honors Internship (1-3 credits)

or approved, 3-credit hour study abroad course.

HONORS CAPSTONE (6 HOURS)

Students complete a six credit hour, two semester Honors Capstone project during their last semesters. Enrollment in HNR 490 must be accompanied by enrollment in a capstone or independent study course from a collaborating department. Capstone projects must be approved by the Honors College. Please refer to the Honors Capstone Handbook for more information.

Select two of the following, either course can be repeated:

- HNR 490 Honors Capstone in Major (0 credits)
- HNR 491 Honors Interdisciplinary Capstone (0-3 credits)
Course Description Notes
Northern Kentucky University has established abbreviations for its various disciplines. These abbreviations, which are printed next to the name of each discipline in the following course descriptions, should be used in preparing course schedules and at other times when referring to specific courses.

Following course titles in parenthesis is the number of semester hours of credit in the course. Listed below the course title are the number of classroom and lab/studio hours in the course, course prerequisites and co-requisites, and the semesters in which the course is taught.

Many courses satisfy NKU general education requirements under guidelines of the Kentucky Transfer Policy. If a particular course is approved for general education credit, a two-letter general education category designation follows the course title. The category for which the course is approved is listed in full beneath the course description. The general education category designations are:

- OC – Oral Communication
- WC – Written Communication
- AH – Arts and Humanities
- QR – Quantitative Reasoning
- NS – Natural Sciences
- SB – Social and Behavioral Sciences

Please refer to the General Education section of this catalog for complete information.

The university reserves the right to withdraw or modify courses of instruction at any time.

ACCOUNTING

ACC 150 An Overview of Accounting (3 Credits)
Hours: 3 classroom + 0 lab/studio
Introduction to financial information generated by typical business organizations, with special emphasis on the use and interpretation of this information in managerial and financial decisions making processes by entrepreneurs. May not be substituted for ACC 200.
Repeatable: No

ACC 200 Principles of Accounting I (Managerial) (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing; completion of one college level mathematics course; completion of computer competence requirement as determined by student’s major, or completion of BIS 101 or INF 101.
Co-requisite(s): ACC 200L.
Measurement of business transactions through the accounting cycle and communication of results to external parties through the preparation of the income statement, statement of shareholders’ equity, balance sheet, and the statement of cash flows. Financial statement analysis as well as GAAP based measurement (valuation) of cash, receivables, inventory, long-term assets, current and long-term liabilities, stockholders’ equity.
Repeatable: No

ACC 200L Financial Accounting Lab (1 credit)
Hours: 0 classroom + 1 lab/studio
Co-requisite(s): ACC 200.
Taught: Fall and spring
Lab to accompany ACC 200, including an Excel project.
Repeatable: No

ACC 201 Principles of Accounting II (Managerial) (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ACC 200 and sophomore standing.
Prerequisite OR Co-requisite: MAT 114
Taught: Fall, spring, and summer
Management’s use of accounting information for decision making and planning. Introduction to management accounting terms and concepts.
Elements of product costing; assessment of various costing systems such as actual, normal, and standard costing, and variable versus absorption costing. Various topics such as outsourcing decisions, maximizing constraints, cost-volume-profit analysis, cost function estimation, activity-based costing, and management’s preparation and use of budgets and analysis of variances.
Repeatable: No

ACC 202 Accounting Laboratory (1 credit)
Hours: 1 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing and completion of a college-level mathematics course and ACC 200 with a C or better.
Taught: Fall, winter, and spring
Practice of technical accounting skills including recordkeeping and financial statement preparation; introduction to the profession.
Repeatable: No

ACC 294 Topics: Financial & Managerial Accounting (1-5 credits)
Hours: 1-5 classroom + 0 lab/studio
Taught: Variable-check w/dept
Specialized topics of faculty and student interest.
Topics vary and prerequisites may be specified depending on topics. May be taken for up to six hours of elective credit if topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 6

ACC 300 Intermediate Accounting I (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ACC 200, ACC 201, and ACC 202 with grades of C or better, junior standing.
Taught: Fall and spring
Financial accounting theory and practice in determination of income and valuation of assets, liabilities, and equity for external reporting; preparation of financial statements; official pronouncements on generally accepted accounting principles; alternatives to these principles including international accounting standards; accounting cycle; financial assets such as cash, marketable securities, receivables, inventories, and prepaid expenses; long-term assets.
Repeatable: No

ACC 301 Intermediate Accounting II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ACC 300 with a C or better and junior standing.
Taught: Fall and spring
Financial accounting theory and practice in determination of income and valuation of assets, liabilities, and shareholders’ equity for external reporting; official pronouncements on generally accepted accounting principles; alternatives to these principles including international accounting standards; investments, current and noncurrent liabilities, owners’ equity, earnings per share, pensions, income taxes, accounting changes and
error corrections, statement of cash flows, and leases.
Repeatable: No

ACC 308 Financial Statement Analysis (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ACC 200 and ACC 201.
Taught: Fall and spring
This course is designed to prepare students to analyze, interpret and use financial statements effectively. This will be accomplished using four steps: (1) analyzing the industry and economic environment in which the firm operates; (2) analyzing recent financial and market performance of the firm using financial statement statements and stock market information; (3) synthesizing this material in a coherent manner, and (4) writing and presenting a report on the financial condition of a company and its prospects to classmates and faculty. Cannot be taken for credit by students with ACC 300 credit.
Repeatable: No

ACC 310 Accounting Information Systems (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in ACC 200, ACC 201, ACC 202; BIS 380; junior standing.
Taught: Fall and spring
Study of complex accounting systems including the steps of the accounting cycle from documents through the preparation of financial statements within the revenue, expenditure, conversion, and financial reporting cycles, the importance of internal controls and the impact of technology on the accounting system. The nature of accounting and business ethics as related to collecting, recording, and auditing accounting data. Open only to students certified as majoring in business or by consent of instructor.
Repeatable: No

ACC 320 Tax Planning (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing; declared major in any bachelor's program; ACC 200, ACC 201 and ACC 300 with grade of C or better and BUS 230.
Taught: Fall, spring, and summer
Impact of income tax on business entities, including corporations, S corporations, partnerships, limited liability companies and sole proprietors; gross income deductions, accounting periods, accounting methods and property transactions.
Repeatable: No

ACC 330 Fraud Examination (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ACC 310 with a grade of C or better.
Taught: Summer only
The principles and methodology of fraud detection and deterrence. The course includes such topics as skinning, cash larceny, check tampering, register disbursement schemes, billing schemes, payroll and expense reimbursement schemes, non-cash misappropriation, corruption, accounting principles and fraud, fraudulent financial statements, and interviewing witnesses.
Repeatable: No

ACC 350 Management Cost Accounting I (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Jr. standing, STA 205, C or better in ACC 200, ACC 201 and ACC 202.
Taught: Fall and spring
Cost accounting concepts, techniques, and procedures relating to financial reporting decision-making and responsibility accounting to help management plan and control operations.
Repeatable: No

ACC 354 Topics: Financial Accounting (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Jr. standing; ACC 200 and ACC 201 with grades of C or better.
Taught: Variable, check with department
Specialized topics of faculty and student interest. Topics vary and prerequisites may be specified depending upon topics. May be taken twice for elective credit if topics differ.
Repeatable: Yes
If Repeatable, Max. Credits: 6

ACC 396 Internship: Accounting (1-3 credits)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): Completion of ACC 200 and ACC 201 with grades of C or better.
Taught: Fall, spring, and summer
Supervised work experience related to accounting and coordinated by employer in conjunction with a member of accounting faculty. Graded pass/fail.
Repeatable: Yes
If Repeatable, Max. Credits: 12

ACC 400 Auditing (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ACC 301 and ACC 310 with grades of C or better; junior standing.
Taught: Fall and spring
Principles, standards, and procedures in conduct of an audit by CPA; functions and responsibilities; internal control; statistical sampling, audit report; special problems of auditing electronic data-processing systems; audit verification; ethics. Open only to students certified as majoring in business or by consent of instructor. Assessment test is given.
Repeatable: No

ACC 420 Advanced Tax Planning (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ACC 301 with a C or better; junior standing and certified major in business.
Taught: Variable, check with department
Federal tax consequences of corporate reorganizations, liquidations, reorganizations and consolidations, tax returns; partnership distributions and terminations; multi jurisdictional considerations, international and multistate taxation; individual tax planning, deferred compensation, retirement planning, estate and gift taxation, succession planning.
Repeatable: No

ACC 430 Advanced Accounting (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ACC 301 with grades of C or better; certified major in business.
Taught: Variable, check with department
State and local governments, emphasizing fund accounting concepts, government-wide financial reporting, and the relation between the two reporting practices; not-for-profit entities; foreign operations, with a focus on foreign currency transactions and translation of financial statements for foreign affiliates; segments; interim reporting; partnerships.
Repeatable: No

ACC 450 Management Cost Accounting II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ACC 350 with a grade of C or better; certified major in business.
Taught: Variable, check with department
Continuation of ACC 350. Application of quantitative techniques (e.g., statistical and O.R. models to managerial problems; behavioral implications of budgetary control systems. Open only to students certified as majoring in business or by consent of instructor.
Repeatable: No

ACC 499 Independent Study: Accounting (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Senior standing and consent of instructor.
Taught: Variable, check with department
Anthropology - SB (3 credits)

ANTHROPOLOGY

ANT 100 Introduction to Cultural Anthropology - SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall, winter, spring and summer
Definition and nature of culture, its content and structure (e.g., kinship, politics, and religion); basic field methods; emphasis on non-Western cultures.
Repeatable: No
General Education Credit: Individual and Society, Global Viewpoints

ANT 100H Honors Introduction to Cultural Anthropology - SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Spring only
Definition and nature of culture, its content and structure (e.g., kinship, politics, and religion); basic field methods; emphasis on non-Western cultures.
Repeatable: No
General Education Credit: Individual and Society, Global Viewpoints

ANT 110 Unearthing the Past: World Archaeology - SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Change and development of prehistoric cultures from 3 million B.C. to early civilizations; selected Old World and New World cultures. Basic archaeological methods.
Repeatable: No
General Education Credit: Individual and Society

ANT 114 Great Archaeological Sites - AH (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Summer only
Great archaeological sites and discoveries around the world and their significance to global heritage.
Repeatable: No
General Education Credit: Global Viewpoints

ANT 194 Topics: Anthropology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ACC 600.
Taught: Fall and spring
A newer development in any phase of anthropology. See Schedule of Classes for current topic.
Repeatable: Yes
If Repeatable, Max. Credits: 9

ANT 201 World Cultures - SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Survey of world cultures, primarily non-literate, using various anthropological approaches; development from simple to more complex cultural systems.
Repeatable: No
General Education Credit: Cultural Pluralism

ANT 202 Biological Anthropology - NS (4 credits)
Hours: 3 classroom + 2 lab/studio
Taught: Fall and spring
Survey of the major concepts and themes in Biological Anthropology. Including, but not limited to, human genetics, primate behavior, humankind as biological organisms, relation of humans to culture, human evolution. Emphasis is placed on evidence from fossil remains and behavioral studies of living primates.
Repeatable: No
General Education Credit: Cultural Pluralism

ANT 210 Introduction to Archaeological Methods and Theory (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Methods of archaeological excavation and analysis; how archaeologists interpret excavated material and reconstruct prehistoric ways of life.
Repeatable: No

ANT 230 North American Indians - SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Origin; traditional ways of life; current position in American society.
Repeatable: No
General Education Credit: Cultural Pluralism

ANT 231 Modern American Indians - SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Current problems faced by Indian populations in North America; history of Indian-white and Indian-black relations; relations to federal government.
Repeatable: No
General Education Credit: Cultural Pluralism

ANT 245 Peoples of Latin America and the Caribbean - SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Contemporary cultures of Latin America and the Caribbean; problems of contact, colonization, acculturation, development of the area cultural tradition, and contemporary urbanization.
Repeatable: No
General Education Credit: Cultural Pluralism

ANT 270 Native Australia and Oceania - SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Origin; traditional ways of life of native peoples of Australia, Polynesia, Micronesia, and Melanesia; modern conditions.
Repeatable: No
General Education Credit: Cultural Pluralism

ANT 275 Language and Culture (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Methods and case studies in anthropological linguistics; relationship between language and culture; language structure.
Repeatable: No

ANT 280 Careers in Anthropology (0 credits)
Hours: 0 classroom + 0 lab/studio
Taught: Spring only
Professional development assessment; investigation of careers in anthropology; planning and decision-making skills regarding future
Anthropology (0 credits)

ANT 292 Research Experience in Anthropology (0 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Consent of Instructor.
Taught: Variable, check with department
Introduction to research in the anthropology by participating in a special project or original research directed by a member of the anthropology faculty. Course intended for anthropology majors not ready or able to enroll in more advanced research courses.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

ANT 296 Teaching Experience in Anthropology (0 credits)
Hours: 2 classroom + 2 lab/studio
Prerequisite(s): Consent of Instructor.
Teaching experience as an assistant in an anthropology course with a focus on assisting students learning course materials.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

ANT 299 Independent Study in Anthropology (1-6 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Consent of Instructor.
Specialized aspect or topic in anthropology chosen by student and appropriate faculty member for study.
Repeatable: Yes
If Repeatable, Max. Credits: 12

ANT 307 Museum Methods (3 credits)
Hours: 2 classroom + 2 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
Actual work experience in museums, stressing an anthropological and research orientation; history of museums and their role in the development of anthropology.
Repeatable: No

ANT 308 Cultural Resource Management (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
Practical, ethical, and legal issues surrounding the preservation of prehistoric and historic cultural resources on the local, state and national level.

How to locate projects, make proposals and conduct CRM surveys; writing, submitting and reviewing reports; maintaining good community relations.
Repeatable: No

ANT 309 Peoples of Africa (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
Survey and cross-cultural comparisons of the peoples of Sub-Saharan Africa. Emphasis on the impacts of colonialism, ecological adaptation, social and family life, as well as contemporary issues in Africa society.
Repeatable: No

ANT 311 Museums in Contemporary Society (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
A broad perspective on museum issues and practices. Readings, discussion, and written assignments will explore the historical, theoretical, and political dimensions of museums in contemporary societies. Students will evaluate virtual exhibits, study museum exhibits and examine debates on the politics of memory, context, and visual display.
Repeatable: No

ANT 312 Social Organization (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
Study of “primitive,” peasant, and urban social organization; associations based on kinship, ethnic affiliation, age, and gender.
Repeatable: No

ANT 315 Archaeological Excavation Methods (3-4 credits)
Hours: 0 classroom + 6 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Summer only
Archaeological excavation methods; excavation at an archaeological site; excavation, recording, mapping, analysis. Summer. Three semester hours if taught during intersession; 4, if taught during 5 week session.
Repeatable: No

ANT 318 Prehistoric Ecology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
This course examines human adaptations to local environments from prehistory to early civilizations from an anthropological and archaeological perspective; examines environmental issues using case studies including hunter-gather societies and early farmers, to early civilizations and urbanization.
Repeatable: No

ANT 320 Religion and Culture (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
Anthropological approaches to the study of religion, religious beliefs, and practices of selected non-western and western cultures.
Repeatable: No

ANT 321 Medical Anthropology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
Examines the meanings of illness, healing, and the body in cross-cultural and global terms. Topics include the social organization of medical care, varieties of explanations for disease, and political dimensions of health inequalities. Emphasis is laid on the application of anthropological findings to medical care.
Repeatable: No

ANT 322 Health and Disease in Past Societies (3 Credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
A survey of health and disease from the Paleolithic to the more recent past, which examines health and disease in past societies from an anthropological and archaeological perspective including the content and meaning of local societal perspectives on these issues.
Repeatable: No

ANT 325 Applied Anthropology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
Practical uses to which anthropological methods and theory can be put towards solving
ANT 328 Contemporary Issues in Anthropology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
Contemporary issues in anthropology through cross-cultural and four-field approaches.
Repeatable: No

ANT 330 Women, Gender, and Culture (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
Women's struggle against loss of power.
Repeatable: No

ANT 331 Women in Prehistory (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
Roles of women in several early cultures and societies to early civilizations will be addressed.
Repeatable: No

ANT 332 Paleoanthropology Laboratory (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ANT 202 or BIO 151.
Taught: Spring only-odd years
Survey of the major stages of human evolution. Using fossil casts and other sources we explore the current information available and examine the morphological data. We will discuss recent primary literature pertaining to human evolution and learn how to critically evaluate the data to form evidence-based conclusions.
Repeatable: No

ANT 334 Behavioral Field Methods (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Fall only-odd years
This is an experiential course in which students learn how to collect quantitative behavioral data using direct observation in the field. Students will use the scientific method and generate their own research proposal.
Repeatable: No

ANT 336 Historical Archaeology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
Provides an overview of Historical Archaeology as a developing and changing discipline, as practiced in the United States. Includes research on diverse minority groups, cemeteries, landscape, industrial, and urban archaeology, and studies the influences of European settlement on the Americas.
Repeatable: No

ANT 338 Quantitative Methods in Anthropology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
Sociocultural patterns of human environmental interaction, applied research on and policy solutions to environmental problems in the western and non-western worlds.
Repeatable: No

ANT 339 Primate Behavioral Ecology (3 Credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
Examines topics and issues in primate behavioral ecology from a comparative and evolutionary perspective. This includes primate taxonomy, behavior of living primates, habitat use and ecology, and theoretical and empirical models of how these factors interact in living primate systems. Students will conduct original zoo research on primates.
Repeatable: No

ANT 340 Ethnographic Methods and Research (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
Introduction to principles of ethnographic research; readings; design and conduct of an individual ethnographic field research project to be conducted and completed during the semester.
Repeatable: No

ANT 342 Quantitative Methods in Anthropology (3 credits)
Hours: 3 classroom + 2 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
Theoretical foundations and methods used to conduct quantitative analysis in anthropology. This course includes a laboratory component where students practice methods learned in lecture. Topics include: research design, ethics, human subjects protection, research design sampling, GIS/Mapping, interviewing, questionnaires, and computer aided data analysis.
Repeatable: No

ANT 345 Environmental Anthropology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
 Examines topics and issues in primate behavioral ecology from a comparative and evolutionary perspective. This includes primate taxonomy, behavior of living primates, habitat use and ecology, and theoretical and empirical models of how these factors interact in living primate systems. Students will conduct original zoo research on primates.
Repeatable: No

ANT 347 Primate Behavioral Ecology (3 Credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
Primates reproduction, mating systems, and sexuality from a comparative and evolutionary perspective. We will review hormonal, genetic, morphological, and behavioral adaptations and correlates of sex and reproduction in the primate lineage. Human sexuality will be discussed within the broad evolutionary context of the primate order.
Repeatable: No

ANT 348 Primate Sexuality (3 Credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
Prehistoric cultures and cultural developments in the United States and Canada from the first settlement to late prehistoric times; regional cultural developments.
Repeatable: No

ANT 350 North American Archaeology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
Introduction to principles of ethnographic research; readings; design and conduct of an individual ethnographic field research project to be conducted and completed during the semester.
Repeatable: No

ANT 352 Archaeology of Mesoamerica (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
Major pre-Colombian cultures of Mexico and Central America from earliest times until the Spanish conquest (Aztecs, Mayas, etc.); rise of towns, ceremonial centers, cities, states, and empires; development and elaboration of area and regional cultural traditions; selected problems in Mesoamerican prehistory. Repeatable: No

ANT 355 Archaeology Laboratory Analysis (3 credits)
Hours: 2 classroom + 2 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
Follow-up study of excavated materials; artifact description, measurement, and analysis by students. Repeatable: No

ANT 356 Mesoamerican Indians (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
Functions of the arts in culture and relationship of art to other aspects of culture; arts of Pacific, African, native North American, and other cultures. Repeatable: No

ANT 357 Ethnographic Field Methods (4 credits)
Hours: 4 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Summer only
Cross-cultural field training in ethnographic field methods, qualitative data analysis, and ethnographic report-writing. Repeatable: No

ANT 358 Art and Culture (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
Description, measurement, and analysis by instructor. Repeatable: No

ANT 359 Psychological Anthropology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
Insight is gained into nonwestern mental processes, how syncretistic religions can act as transcultural psychiatric therapy, and why western psychiatric diagnoses may not apply to people in other cultures. The student is to develop an understanding of the historical development of a theoretical orientation. Repeatable: No

ANT 360 Peasant Societies (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
Peasants in the anthropological sense are poor subsistence cultivators. They are a major component of the global population and major contributors to global economics. The student will gain some insight into non-western, non-mechanized farming, and why modern industrial economics may not apply to peasant cultivators. Repeatable: No

ANT 361 Origins of Civilization (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
The six major early civilizations: Mesopotamia, Egypt, Indus Valley, China, Mesoamerica, and Peru; archaeological background of the development of early civilization; various theories on the development of civilization. Repeatable: No

ANT 362 Visual Anthropology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
Provides an introduction to anthropological theories of visual communication and contemporary methods of evaluating, producing and displaying visual representations of culture. Repeatable: No

ANT 363 Anthropology of Aging (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
This is a course in aging. Aging begins at the moment of birth. It is addressed cross culturally and is examined theoretically, historically, ritually, and autobiographically. The student will learn the life history method first hand. Repeatable: No

ANT 364 Celtic Europe (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
Ethnographic examination of Celtic Europe. Brief look at Pre-Celtic Europe followed by appearance of Celts, earliest written descriptions of Keltoi, invasion of the insular Celts, linguistic differences between Celts. Description of Celtic culture from written and folkloristic sources, and modern ethnographies leads into Celtic influence in modern global economy. Repeatable: No

ANT 365 Art and Culture (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
Follow-up study of excavated materials; artifact description, measurement, and analysis by students. Repeatable: No
ethnicity and traditional ways of life, acculturation, conflict, impact of globalization and industrialization, and Asian Diasporas.

ANT 386 Economy, Wealth and Culture (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
Explores cultural methods for producing, distributing, consuming, and exchanging goods and services. Emphasis is laid on moral and political debates over the accumulation and distribution of wealth.
Repeatable: No

ANT 394 Topics: Anthropology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Variable, check with department
A newer development in any phase of anthropology. See Schedule of Classes for current topic and prerequisites.
Repeatable: Yes
If Repeatable, Max. Credits: 12

ANT 395 Study Abroad: Anthropology (1-6 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
An opportunity for students to engage in one or more officially-sponsored and/or departmentally-approved anthropology courses abroad.
Repeatable: Yes
If Repeatable, Max. Credits: 18

ANT 396 Museum Internship (3-6 credits)
Hours: 0 classroom + 3-6 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Supervised work experience in a museum setting.
Repeatable: Yes
If Repeatable, Max. Credits: 6

ANT 401 Anthropological Theory (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing or consent of instructor.
Taught: Variable, check with department
Development of the discipline; major theoretical and anthropological contributions.
Repeatable: No

ANT 480 Anthropology Capstone (0 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Fall and spring
Assessment testing, resume and reflective essays. To be taken in the anthropology major's last semester.
Repeatable: Yes
If Repeatable, Max. Credits: 0.5

ANT 492 Directed Research: Anthropology (1-6 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Independent work on research project agreed upon by student and instructor.
Repeatable: Yes
If Repeatable, Max. Credits: 18

ANT 496 Teaching Experience in Anthropology (1-2 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Teaching experience as an assistant in an anthropology course with a focus on assisting students learning course materials.
Repeatable: Yes
If Repeatable, Max. Credits: 8

ANT 497 Research Assistantship: Anthropology (1-6 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Research experience as an assistant to an anthropology faculty member.
Repeatable: Yes
If Repeatable, Max. Credits: 18

ANT 498 External Internship: Anthropology (1-6 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Students arrange an unpaid internship related to anthropology.
Repeatable: Yes
If Repeatable, Max. Credits: 18

ANT 499 Independent Study in Anthropology (1-6 credits)
Hours: 1-6 classroom + 0 lab/studio
Prerequisite(s): Junior or senior standing.
Taught: Variable, check with department
Specialized aspect or topic in anthropology chosen by student and appropriate faculty member for study.
Repeatable: Yes
If Repeatable, Max. Credits: 12

ARABIC

ARI 101 Elementary Arabic I - AH (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall only
Fundamentals; introduction to the Arabic alphabet and culture; development of skills in grammar, pronunciation, conversation, and reading.
Repeatable: No
General Education Credit: Culture and Creativity

ARI 102 Elementary Arabic II (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Spring only
ARI 201 Intermediate Arabic I (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): ARI 102 or equivalent.  
Taught: Variable, check with department  
Review and extension of basic language skills learned in ARI 101; reading and discussion of cultural, linguistic, and literary subjects.  
Repeatable: No

ARI 202 Intermediate Arabic II (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): ARI 201.  
Taught: Variable, check with department  
Continuation of grammar review and enhancement of language skills begun in ARI 201; consideration of cultural and literary subjects as well.  
Repeatable: No

ARI 299 Independent Study: Arabic (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): ARI 101 and ARI 102.  
Taught: Fall and spring  
Intermediate level practice in Arabic language.  
Repeatable: Yes  
If Repeatable, Max. Credits: 6

ARI 350 Methods of Teaching Arabic (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): ARI 202 or equivalent.  
Taught: Variable, check with department  
Theoretical and practical considerations of teaching Arabic in American schools; required of all students seeking teaching certification in Arabic.  
Repeatable: No

ARI 380 Topics in Advanced Arabic (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): ARI 202 or equivalent.  
Taught: Variable, check with department  
Advanced study of Arabic language, literature and culture. May be repeated for credit when topics vary.  
Repeatable: Yes  
If Repeatable, Max. Credits: 15

ARI 520 Readings in Arabic (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): ARI 380 or equivalent.  
Taught: Variable, check with department  
Various literary, linguistic, cultural, and pedagogical topics. May be repeated for credit when topic varies.

AST 110 Solar System Astronomy with Laboratory - SL (4 credits)  
Hours: 3 classroom + 2 lab/studio  
Taught: Fall, spring, and summer  
Integrated lecture and laboratory; survey of the solar system with emphasis on application of scientific method; current thought on structure, dynamics, origin, and evolution of sun and planets; laboratory activities on observational techniques and astrophysical problems. Knowledge of elementary algebra is helpful.  
Repeatable: No  
General Education Credit: Natural Science

AST 115 Stars, Galaxies, and Cosmology with Laboratory - SL (4 credits)  
Hours: 3 classroom + 2 lab/studio  
Taught: Fall, spring, and summer  
Integrated lecture and laboratory; structure, dynamics, origin, and evolution of stars, galaxies, and the universe within a framework of scientific methodology; laboratory activities on observational techniques and astrophysical processes. Knowledge of elementary algebra is helpful.  
Repeatable: No  
General Education Credit: Natural Science

AST 210 Backyard Astronomy (3 credits)  
Hours: 2 classroom + 2 lab/studio  
Prerequisite(s): MAHD 099, AST 110 or AST 115.  
Taught: Variable, check with department  
Introduction to observational astronomy, including naked-eye observing, observing with binoculars, and telescopic observing. Topics such as amateur astronomy, star charts, coordinates, time, binoculars, telescopes, eyepieces, filters, mountings, site selection, observations of solar system objects, deep-sky observations, astrography and imaging may also be included.  
Repeatable: No

AST 294 Topics: Astronomy (1-3 credits)  
Hours: 1-3 classroom + 0 lab/studio  
Prerequisite(s): Consent of department chair.  
Taught: Variable, check with department  
Special topics in astronomy.  
Repeatable: Yes  
If Repeatable, Max. Credits: 12

AST 310 Astronomical Techniques (3 credits)  
Hours: 2 classroom + 2 lab/studio  
Prerequisite(s): PHY 224 or PHY 213, and MAT 129 or MAT 227.  
Taught: Variable, check with department  
Lecture/lab course introduces the techniques of observational astronomy. Topics may include: celestial sphere, coordinate systems, time measurements, charts, catalogs and databases, spherical trigonometry, optical telescopes, atmospheric effects, detectors and calibration, astronomical photometry, spectroscopy and spectrographs, and astronomical imaging.  
Repeatable: No

AST 315 Introductory Astrophysics (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): MAT 129 or MAT 227, and C- or better in PHY 222 or PHY 213.  
Taught: Variable, check with department  
Quantitative application of physical principles to subjects of astronomical interest, such as the interaction of radiation with matter, analysis of stellar atmospheres, origin and evolution of the elements, and cosmology.  
Repeatable: No

AST 325 Geology of the Planets (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): GLY 110 or AST 110.  
Taught: Variable, check with department  
Geologic features and history of the inner planets, satellites of the gas giants, asteroids and other small solid bodies.  
Repeatable: No

AST 392 Directed Research: Astronomy (1-3 credits)  
Hours: 1-3 classroom + 0 lab/studio  
Prerequisite(s): Junior standing.  
Taught: Variable, check with department  
Supervised research in an area of astronomy currently under investigation by one or more members of the astronomy faculty.  
Repeatable: Yes  
If Repeatable, Max. Credits: 9

AST 394 Topics: Astronomy (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): AST 115 or consent of instructor.  
Taught: Variable, check with department  
Topics of current astronomical interest or significant physical and philosophical importance, e.g., cosmology, black holes, relativity, stellar evolution, the interstellar medium, observational techniques, space flight, and exobiology.  
Repeatable: No
AST 397 Special Projects: Astronomy (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Variable, check with department
Completion of an independent project in astronomy.
Repeatable: Yes
If Repeatable, Max. Credits: 6

AST 399 Independent Study in Astronomy (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): AST 394.
Taught: Variable, check with department
Directed projects for advanced students.
Repeatable: No

AST 492 Directed Research: Astronomy (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): 8 semester hours of upper division physics or astronomy courses.
Taught: Variable, check with department
Supervised research in an area of astronomy currently under investigation by one or more members of the astronomy faculty.
Repeatable: Yes
If Repeatable, Max. Credits: 9

ATHLETIC TRAINING PROGRAM

ATP 101 Concepts of Athletic Training (1 credit)
Hours: 1 classroom + 0 lab/studio
Taught: Variable, check with department
This course is designed to provide students with an understanding of Athletic Training educational and professional requirements.
Repeatable: No

ATP 200 Medical History and Documentation (1 credit)
Hours: 1 classroom + 0 lab/studio
Co-requisite(s): ATP 201 and ATP 280.
Taught: Fall and spring
Knowledge, skills, and values required for an entry-level certified athletic trainer to conduct a patient history, identify the patient's condition, and produce appropriate documentation associated with the process. The course will focus on pathology, etiology, clinical skills for assessment, proper care, and referral to other health care personnel when necessary.
Repeatable: No

ATP 201 ROM, Goniometry, and Manual Muscle Test (1 credit)
Hours: 0 classroom + 2 lab/studio
Co-requisite(s): ATP 200 and ATP 280.
Taught: Fall and spring
Knowledge, skills, and values required for an entry-level certified athletic trainer to conduct the manual physical assessment skills associated with orthopedic evaluation.
Repeatable: No

ATP 280 Pre-Athletic Training (1 credit)
Hours: 0 classroom + 1 lab/studio
Prerequisite(s): Permit of ATEP Director.
Co-requisite(s): ATP 200 and ATP 201.
Taught: Fall and spring
Knowledge, skills, and values necessary for a student entering the Athletic Training Education Program (ATP). The course emphasizes the ability to perform assessments, application of orthopedic appliances, and taping/wrapping. The course includes 50 hours of observation with athletic trainers in a variety of employment settings. Students applying to the ATP must take this course simultaneously with KIN 280.
Repeatable: No

ATP 296 Athletic Training Clinical I (2 credits)
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): HEA 135, PHE 280.
Taught: Spring only
This laboratory course will prepare the athletic trainer to recognize, monitor and manage the appropriate emergency medical care to an injured or ill athlete. This laboratory course emphasizes knowledge and skill related to the recognition and management of emergency situations, such as cardiac, respiratory, heat related illnesses, diabetic and spinal cord injuries.
Repeatable: Yes
If Repeatable, Max. Credits: 3

ATP 300 Equipment Intensive Field Experience Program (1 credit)
Hours: 0 classroom + 2 lab/studio
Taught: Fall only
The primary focus is the application of sport related equipment and includes knowledge and skills associated with high-risk sports medical coverage. Athletic Training students must complete a minimum of 60 clock hours.
Repeatable: No

ATP 320 Emergency Care in Athletic Training (1 credit)
Hours: 0 classroom + 1 lab/studio
Prerequisite(s): ATP 280 and KIN 280.
Taught: Fall and spring
This laboratory course will prepare the athletic training students to recognize, monitor and administer the appropriate emergency medical care to an injured or ill athlete. This laboratory course emphasizes knowledge and skill development in areas including, but not limited to recognition and management of emergency situations, such as cardiac, respiratory, heat related illnesses, diabetic and spinal cord injuries.
Repeatable: Yes
If Repeatable, Max. Credits: 3

ATP 333 Lower Extremity Evaluation (2 credits)
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): KIN 280, ATP 280, ATP 280, ATP 201, BIO 208 and BIO 208L.
Co-requisite(s): ATP 333L.
Taught: Spring only
Knowledge, skills, and values required for an entry level certified athletic trainer to assess lower extremity injuries associated with athletes and the physically active. The course will focus on pathology, etiology, clinical skills for assessment, proper care, and referral to other health care personnel when necessary.
Repeatable: No

ATP 333L Lower Extremity Evaluation Lab (1 credit)
Hours: 2 classroom + 0 lab/studio
Co-requisite(s): ATP 333.
Taught: Variable, check with department
Knowledge, skills, and values required for an entry level certified athletic trainer to assess lower extremity injuries associated with athletes and the physically active. The course will focus on the clinical skills needed for the examination and clinical diagnosis of injuries to the lower extremity.
Repeatable: No

ATP 334 Upper Extremity Evaluation (2 credits)
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): ATP 200, ATP 201, ATP 280, KIN 280, BIO 208, and BIO 208L.
Co-requisite(s): ATP 334L.
Taught: Fall only
Knowledge, skills, and values required for an entry level certified athletic trainer to assess upper extremity injuries associated with athletes and the physically active. The course will focus on pathology, etiology, clinical skills for assessment, proper care, and referral to other health care personnel when necessary.
Repeatable: No
ATP 334L Upper Extremity Evaluation Lab (1 credit)
Hours: 0 classroom + 2 lab/studio
Co-requisite(s): ATP 334.
Taught: Variable, check with department
Knowledge, skills, and values required for an entry level certified athletic trainer for evaluation of upper extremity injuries associated with athletes and the physically active. The course will focus on the clinical skills needed for the examination and clinical diagnosis of injuries to the upper extremity. Repeatable: No

ATP 367 Athletic Training Clinical Practicum II (3 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Permission of instructor.
Co-requisite(s): ATP 350.
Taught: Fall and spring
The purpose of this course is to provide students a guided application, knowledge, skills, clinical decision making, and professional behaviors n a real world patient care setting. The course reflects content including but not limited to examination of common injuries and conditions associated with the physical activity patient. Students complete 10 hours/per week (150 total) with a clinical education preceptor. For more details on clinical assignment requirements and eligibility please contact the Athletic Training Education Program. Repeatable: No

ATP 384 Athletic Training Practicum II (2 credits)
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): Admission to the Athletic Training Program; ATP 333.
Taught: Fall only
A laboratory instruction and evaluation of NATA education competencies and clinical proficiencies associated with the topics presented in ATP 333, PHE 280 and other athletic training major courses. Course has an associated clinical assignment that provides a supervised practical experience in an athletic training setting. Repeatable: No

ATP 396 Athletic Training Clinical III (2 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Admission to the Athletic Training Program; ATP 334, ATP 420, and KIN 280.
Taught: Spring only
A laboratory instruction and evaluation of NATA education competencies and clinical proficiencies associated with the topics presented in ATP 334, ATP 420, and KIN 370 and other athletic training major courses. Course has an associated clinical assignment that provides a supervised practical experience in an athletic training setting. Repeatable: No

ATP 420 General Medical for Athletic Training (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): KIN 280, BIO 208, BIO 208L, BIO 209, and BIO 209L.
Taught: Fall only
Provides the athletic training student with information that will enhance his/her ability to function effectively as a professional and to enhance awareness of current administrative, professional, and legal issues pertaining to
ATP 440 Rehabilitation of Athletic Injuries (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ATP 334, ATP 334L, BIO 208, BIO 208L, BIO 209, BIO 209L, and KIN 370.
Co-requisite(s): ATP 440L.
Taught: Spring only
Provides the knowledge, skills, and values that entry-level certified athletic trainers must possess to plan, implement, document, and evaluate the efficacy of therapeutic exercise programs for rehabilitation and reconditioning of the injuries and illnesses of athletes and other involved in physical activity.
Repeatable: No

ATP 440L Rehabilitation of Athletic Injuries Lab (1 credit)
Hours: 0 classroom + 2 lab/studio
Co-requisite(s): ATP 440.
Taught: Variable, check with department
Knowledge, skills, and values required for an entry level certified athletic trainer must possess to plan, implement, document, and evaluate the efficacy of therapeutic exercise in the treatment of injuries to and illness of athletes and other involved in physical activity.
Repeatable: No

ATP 450 Senior Teaching and Research Seminar (1 credit)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): ATP 350.
Co-requisite(s): ATP 467.
Taught: Fall and spring
This course employs peer teaching, which allows the senior level student to disseminate knowledge to underclassmen. The student will assist the course instructor in teaching the students in the hands on skills associated with either ATP 333L, ATP 334L, ATP 425L, or ATP 440L.
Repeatable: No

ATP 455 Athletic Training Senior Capstone (3 credits)
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): ATP 440 and ATP 440L.
Taught: Spring only
Provides a comprehensive review of modern athletic training issues. The course is also designed to provide the student with an introduction to research methods for health sciences/athletic training.
Repeatable: No

ATP 466 Athletic Training Clinical Practicum IIIA (9 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): ATP 333, ATP 333L, ATP 334, ATP 334L, ATP 335, ATP 367, ATP 425, ATP 425L, ATP 440, ATP 440L and permission from instructor.
Taught: Variable, check with department
The purpose of this course is to provide students a guided application, application, knowledge, skills, medical decision making, and professional behaviors in a real world patient care setting. The course reflects content including but not limited to the treatment, rehabilitation, and reconditioning of injuries/conditions associated with the physical active patient. This is a culminating clinical education experience in which students are required to 40 hours per/week with a clinical education preceptor. As a result of the clinical demands students are not allowed to enroll in more than 3 additional credit hours.
Repeatable: No

ATP 467 Athletic Training Clinical Practicum IIIB (3 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): ATP 366, ATP 367, ATP 425, ATP 425L, ATP 440 and ATP 440L.
Taught: Variable, check with department
The purpose of this course is to provide students a guided application, knowledge, skills, decision making, and professional behaviors in a real world patient care setting. The course reflects content including but not limited to the professional service, organizational/administrative and pharmacology. This is a culminating clinical education experience in which students are required to complete a total of 50 clock hours with a clinical education preceptor.
Repeatable: No

ATP 494 Athletic Training Practicum IV (2 credits)
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): Admission to Athletic Training Program; ATP 430, ATP 425, KIN 260, KIN 340.
Taught: Fall only
A laboratory instruction and evaluation of NATA education competencies and clinical proficiencies associated with the topics presented in ATP 430, ATP 425, PHE 260 and 440. The course has an associated clinical assignment that provides a supervised practical experience in an athletic training setting.
Repeatable: No

ATP 499 Independent Study in Athletic Training (1-6 credits)
Hours: 1-6 classroom + 0 lab/studio
Prerequisite(s): Junior or senior standing.
Taught: Variable, check with department
Directed readings, independent research, or other areas of specific or individual academic interest. Not intended to substitute for any course offered on a regular basis. Written agreement between faculty and student must be submitted to department chair within first two weeks of semester; elements of agreement to include purpose, objective, instructional activities, time frame, and evaluation procedure.
Repeatable: Yes
If Repeatable, Max. Credits: 12

BIOLOGICAL SCIENCES

BIO 120 Understanding the Living World - NS (4 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): A minimum ACT score of 18 in ENG, 19 in MTH, and 20 in RDG (or SAT equivalent) or completion of all precollege curriculum courses.
Co-requisite(s): BIO 120L.
Taught: Fall, spring, and summer
Cell biology, genetics, ecology, biological evolution, and diversity. Not applicable to the major or minor in biological sciences.
Repeatable: No
General Education Credit: Natural Science

BIO 120H Honors Understanding the Living World - NS (4 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): A minimum ACT score of 24 in each division (or SAT equivalent) or accepted admission to the honors program.
Co-requisite(s): BIO 120L.
Taught: Spring only
Cell biology, genetics, ecology, biological evolution, and diversity. Not applicable to major or minor in biological sciences.
Repeatable: No
General Education Credit: Natural Science

**BIO 120L Understanding the Living World Laboratory - SL (0 credits)**
Hours: 0 classroom + 2 lab/studio
Co-requisite(s): BIO 120 or BIO 120H.
Taught: Fall, spring, and summer
Lab to accompany BIO 120 or BIO 120H.
Repeatable: No
General Education Credit: Natural Science

**BIO 121 Diseases and the Systems they Affect - NS (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): A minimum ACT score of 18 in ENG, 19 in MTH, and 20 in RDG (or SAT equivalent) or completion of all precollege curriculum courses.
Taught: Fall and spring
Anatomy and physiology, including skeletal, muscular, nervous, endocrine, circulatory, respiratory, digestive, urinary, and reproductive systems and diseases that affect each. Not applicable to major or minor in biological sciences.
Repeatable: No
General Education Credit: Natural Science

**BIO 126 Human Nutrition - NS (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): A minimum ACT score of 18 in ENG, 19 in MTH, and 20 in RDG (or SAT equivalent) or completion of all precollege curriculum courses.
Taught: Fall, spring, and summer
Human nutritional requirements; physiology of digestion and absorption; world food crises; food faddism and miracle diets. Not applicable to major or minor in biological sciences.
Repeatable: No
General Education Credit: Natural Science

**BIO 150L Introduction to Biology I Laboratory - NS (0 credits)**
Hours: 0 classroom + 3 lab/studio
Co-requisite(s): BIO 150.
Taught: Fall and spring
Laboratory to accompany BIO 150. Suggested only for students majoring or minoring in biological sciences, natural sciences, or other preprofessional programs.
Repeatable: No
General Education Credit: Natural Science

**BIO 151 Introduction to Biology II (4 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): BIO 150 with a C- or better.
Co-requisite(s): BIO 151L.
Taught: Fall and spring
Population genetics and evolution; systematic and diversity of life; organismal systems anatomy and physiology; interrelationships among organisms and between organisms and their environment.
Repeatable: No

**BIO 151L Introduction to Biology II Laboratory (0 credits)**
Hours: 0 classroom + 3 lab/studio
Co-requisite(s): BIO 151.
Taught: Fall and spring
Laboratory to accompany BIO 151.
Repeatable: No

**BIO 155 Orientation to Biology (1 credit)**
Hours: 1 classroom + 0 lab/studio
Prerequisite OR Co-requisite: BIO 150.
Taught: Fall and summer
Biology issues and applications, methodology, career opportunities, and postgraduate options. Classroom discussions, faculty panels, and written essays.
Repeatable: No

**BIO 158 Biological Evolution - NS (3 credits)**
Hours: 3 classroom + 0 lab/studio
Taught: Fall only
Survey of the principles of heredity of biological change, diversity of life, evidence for evolution, forms of selection, speciation, co-evolution, life history strategies, extinctions, human evolution, and evolution of social behavior. Not applicable to the major or minor in biological sciences.
Repeatable: No
General Education Credit: Natural Science

**BIO 202 Microbiology for Health Professionals (4 credits)**
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): C- or better in one semester of college biology and one semester of college biology.
chemistry (CHE 115 or above).
Co-requisite(s): BIO 202L.
Taught: Fall, spring, and summer
Bacteriological techniques; control, epidemiology, and pathogenicity of microorganisms; pathogen-host relationships; disease states. Not applicable to major or minor in biological sciences.
Repeatable: No

BIO 202L Microbiology for Health Professionals Laboratory (0 credits)
Hours: 0 classroom + 4 lab/studio
Co-requisite(s): BIO 202.
Taught: Fall, spring, and summer
Laboratory to accompany BIO 202. Bacteriological techniques.
Repeatable: No

Taught:
Co-requisite(s):

BIO 202. Microbiology for Health Professionals Laboratory (0 credits)
Hours: 0 classroom + 4 lab/studio
Co-requisite(s): BIO 202.
Taught: Fall, spring, and summer
Laboratory to accompany BIO 202. Bacteriological techniques.
Repeatable: No

BIO 202. Microbiology for Health Professionals Laboratory (0 credits)
Hours: 0 classroom + 4 lab/studio
Co-requisite(s): BIO 202.
Taught: Fall, spring, and summer
Laboratory to accompany BIO 202. Bacteriological techniques.
Repeatable: No

BIO 208 Human Anatomy and Physiology I - NS (4 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Composite ACT of 19 or any college biology or chemistry course with a grade of C- or better.
Co-requisite(s): BIO 208L.
Taught: Fall, spring, and summer
Introduction to human structure and function. Not applicable to major or minor in biological sciences.
Repeatable: No

General Education Credit: Natural Science

BIO 208L Human Anatomy and Physiology I Laboratory - SL (0 credits)
Hours: 0 classroom + 2 lab/studio
Co-requisite(s): BIO 208.
Taught: Fall, spring, and summer
Laboratory to accompany BIO 208. Gross and microscopic morphology and application of physiological principles.
Repeatable: No

General Education Credit: Natural Science

BIO 209 Human Anatomy and Physiology II (4 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in BIO 208.
Co-requisite(s): BIO 209L.
Taught: Fall, spring, and summer
Continuation of BIO 208 with emphasis on structure and function of organ systems. Students should complete both BIO 208 and BIO 209 for an overall survey of human structure and function. Not applicable to a major or minor in biological sciences.
Repeatable: No

BIO 209L Human Anatomy and Physiology II Laboratory (0 credits)
Hours: 0 classroom + 2 lab/studio
Co-requisite(s): BIO 209.
Taught: Fall, spring, and summer
Laboratory to accompany BIO 209. Gross and microscopic morphology and application of physiological principles.
Repeatable: No

BIO 235 Costa Rican Natural History - AH (3 credits)
Hours: 2 classroom + 3 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Overview of political, ecological, developmental, and cultural interactions in Costa Rica. Pre- and post-Columbian natural history. Stress on ecological problems and solutions. Required field trip to Costa Rica during spring break.
Repeatable: No

General Education Credit: Global Viewpoints

BIO 272 Medical and Biological Terminology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): BIO 150 or BIO 208.
Taught: Fall only
Derivatives, prefixes, roots, and suffixes.
Repeatable: No

BIO 291W Advanced Writing in Biology - WC (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in ENG 101 or ENG 151, and BIO 151 or ENV 110.
Taught: Fall, spring, and summer
Introduction to scientific literature and writing, experimental design, research, and proposal development. Advanced techniques in information search and retrieval, scientific writing, and effective presentation.
Repeatable: No

General Education Credit: Written Communication II

BIO 292 Introduction to Research in Biology (0 credits)
Hours: 0 classroom + 2 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Introduction to research in the biological sciences by participating in a special project or original research directed by a member of the biology faculty. Course intended for science majors interested in biological sciences research but not ready or able to enroll in more advanced research courses. Pass/fail grade only.
Repeatable: Yes

If Repeatable, Max. Credits: 0.5

BIO 294 Topics: Biological Sciences (1-5 credits)
Hours: Variable, check with department
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Intensive study of specialized subject matter in biological sciences. May be repeated for credit when topic varies.
Repeatable: Yes

If Repeatable, Max. Credits: 10

BIO 300 Comparative Vertebrate Anatomy (4 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in BIO 151.
Co-requisite(s): BIO 300L.
Taught: Fall only-even years
Organs and organ systems of representative vertebrates; phylogenetic relationships among vertebrate classes.
Repeatable: No

BIO 300L Comparative Vertebrate Anatomy Laboratory (0 credits)
Hours: 0 classroom + 3 lab/studio
Co-requisite(s): BIO 300.
Taught: Fall only-even years
Laboratory to accompany BIO 300.
Repeatable: No

BIO 301 Invertebrate Zoology (4 credits)
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): C- or better in BIO 151.
Co-requisite(s): BIO 301L.
Taught: Fall only-odd years
Classification, anatomy, physiology, ecology, and preservation of invertebrate animals.
Repeatable: No

BIO 301L Invertebrate Zoology Laboratory (0 credits)
Hours: 0 classroom + 4 lab/studio
Co-requisite(s): BIO 301.
Taught: Fall only-odd years
Laboratory to accompany BIO 301. Field trips.
Repeatable: No

BIO 302 General Microbiology (4 credits)
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): C- or better in BIO 151 and CHE 120 or CHE 120H.
Co-requisite(s): BIO 302L.
Taught: Fall and spring
Microbiological techniques; classification and morphology of microorganisms; biochemistry and
control of growth; pathogenic microorganisms.
Repeatable: No

BIO 302L General Microbiology Laboratory (0 credits)
Hours: 0 classroom + 4 lab/studio
Co-requisite(s): BIO 302.
Taught: Fall and spring
Laboratory to accompany BIO 302. Microbiological techniques.
Repeatable: No

BIO 303 Vertebrate Zoology (4 credits)
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): C- or better in BIO 151.
Co-requisite(s): BIO 303L.
Taught: Fall only-even years
Classification, evolution, life histories, ecology, and distribution of vertebrates.
Repeatable: No

BIO 303L Vertebrate Zoology Laboratory (0 credits)
Hours: 0 classroom + 5 lab/studio
Co-requisite(s): BIO 303.
Taught: Fall only-even years
Laboratory to accompany BIO 303. Field trips, including one weekend field trip.
Repeatable: No

BIO 304 General Ecology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in BIO 150 and BIO 151.
Taught: Fall, spring, and summer
Interrelationships between organisms and their environment.
Repeatable: No

BIO 304L Ecology Laboratory (1 credit)
Hours: 0 classroom + 3 lab/studio
Prerequisite OR Co-requisite: BIO 304.
Taught: Fall, spring, and summer
Sampling techniques, experimental design, and data analyses in ecological research. Field trips.
Repeatable: No

BIO 305 Developmental Biology (4 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in BIO 151.
Co-requisite(s): BIO 305L.
Taught: Variable, check with department
Principles of embryonic development, mainly using animal model organisms and focused on the cellular and molecular mechanisms of development.
Repeatable: No

BIO 305L Developmental Biology Laboratory (0 credits)
Hours: 0 classroom + 3 lab/studio
Co-requisite(s): BIO 305.
Taught: Variable, check with department
Laboratory to accompany BIO 305.
Repeatable: No

BIO 309 Plant Ecology (4 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in BIO 304 or consent of instructor.
Co-requisite(s): BIO 309L.
Taught: Fall only-odd years
Interrelationships of plants and their environment; classification, distribution, structure, and analysis of vegetation; plant succession; ecological methods. Field trips.
Repeatable: No

BIO 309L Plant Ecology Laboratory (0 credits)
Hours: 0 classroom + 3 lab/studio
Co-requisite(s): BIO 309.
Taught: Fall only-odd years
Laboratory to accompany BIO 309. Field trips.
Repeatable: No

BIO 311 Mycology (3 credits)
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): C- or better in BIO 150.
Co-requisite(s): BIO 311L.
Taught: Variable, check with department
Morphology, identification, evolution, ecology, and culturing techniques of fungi.
Repeatable: No

BIO 311L Mycology Laboratory (0 credits)
Hours: 0 classroom + 2 lab/studio
Co-requisite(s): BIO 311.
Taught: Variable, check with department
Laboratory to accompany BIO 311.
Repeatable: No

BIO 313 General Botany (4 credits)
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): BIO 151.
Co-requisite(s): BIO 313L.
Taught: Spring only
Morphology; taxonomy; physiology; genetics; ecology; evolution.
Repeatable: No

BIO 313L General Botany Laboratory (0 credits)
Hours: 0 classroom + 4 lab/studio
Co-requisite(s): BIO 313.
Taught: Spring only
Laboratory to accompany BIO 313. Field trips.
Repeatable: No

BIO 320 Entomology (4 credits)
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): C- or better in BIO 151.
Co-requisite(s): BIO 320L.
Taught: Fall only-even years
Anatomy, physiology, ecology, behavior, life cycles, classification, and economic effects of insects.
Repeatable: No

BIO 320L Entomology Laboratory (0 credits)
Hours: 0 classroom + 4 lab/studio
Co-requisite(s): BIO 320.
Taught: Fall only-even years
Laboratory to accompany BIO 320.
Repeatable: No

BIO 342 Biometry (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in BIO 151, BIO 151L, and STA 205.
Taught: Fall and spring
Statistical techniques for biological sciences.
Fundamental experimental design, exploratory data analysis, parametric and non-parametric tests, and selected multivariate procedures as applied to biological data. Use of statistical software.
Repeatable: No

BIO 349 Genetics (4 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in BIO 151 and CHE 121.
Co-requisite(s): BIO 349L.
Taught: Fall and spring
Essential concepts in genetics and genomics; DNA and chromosomes, DNA replication, recombination and repair, mitosis and meiosis, Mendelian and non-Mendelian genetics, epigenetics, gene
expression, and bioinformatics.

**BIO 349L Genetics Laboratory (0 credits)**

*Hours: 0 classroom + 3 lab/studio*

*Co-requisite(s): BIO 349.*

*Taught: Fall and spring*

Laboratory to accompany BIO 349. Hands-on experience with basic genetics, bioinformatics, and molecular biology techniques.

**Repeatable: No**

</table>
BIO 406L Ecosystem Ecology Laboratory (0 credits)
Hours: 0 classroom + 3 lab/studio
Co-requisite(s): BIO 406.
Taught: Fall only-even years
Laboratory to accompany BIO 406.
Repeatable: No

BIO 407 Ornithology (4 credits)
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): BIO 151 with a grade of C- or better, or consent of instructor.
Co-requisite(s): BIO 407L.
Taught: Spring only-even yrs
Classification, anatomy, physiology, behavior, ecology, and field identification of birds. Field trips.
Repeatable: No

BIO 407L Ornithology Laboratory (0 credits)
Hours: 0 classroom + 4 lab/studio
Co-requisite(s): BIO 407.
Taught: Spring only-even yrs
Laboratory to accompany BIO 407. Field trips, including one weekend field trip.
Repeatable: No

BIO 409 Biogeography (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in BIO 304.
Taught: Spring only-odd yrs
Present and past geographical distribution of organisms.
Repeatable: No

BIO 410 Conservation Biology (4 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in BIO 304.
Co-requisite(s): BIO 410L.
Taught: Fall only-even years
Study of biological diversity and the modern extinction crisis: history, ecology and evolutionary biology, population genetics, wildlife and environmental management.
Repeatable: No

BIO 410L Conservation Biology Laboratory (0 credits)
Hours: 0 classroom + 3 lab/studio
Co-requisite(s): BIO 410.
Taught: Fall only-even years
Laboratory to accompany BIO 410.
Repeatable: No

BIO 422 Limnology (4 credits)
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): C- or better in BIO 151, BIO 304, and CHE 121. BIO 291W recommended.
Co-requisite(s): BIO 422L.

BIO 422L Limnology Laboratory (0 credits)
Hours: 0 classroom + 3 lab/studio
Co-requisite(s): BIO 422.
Taught: Variable, check with department
Physical, chemical, and biological properties of inland waters; organization of aquatic communities, phytoplankton, zooplankton, benthos, trophic dynamics, and eutrophication; limnological methods and techniques.
Repeatable: No

BIO 423 Advanced Human Anatomy and Physiology I (4 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in BIO 291W and CHE 121; or consent of instructor.
Co-requisite(s): BIO 425L.
Taught: Fall only
Anatomical, histological, and physiological mechanisms of integumentary, skeletal, muscular, and nervous systems. First semester of a one-year course; students should follow this course with BIO 426.
Repeatable: No

BIO 423L Adv. Human Anatomy and Physiology I Lab (0 credits)
Hours: 0 classroom + 3 lab/studio
Co-requisite(s): BIO 425.
Taught: Fall only
Laboratory to accompany BIO 425.
Repeatable: No

BIO 424 Advanced Human Anatomy and Physiology II (4 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in BIO 425 or consent of instructor.
Co-requisite(s): BIO 426L.
Taught: Spring only
Regulation of physiological processes. Continuation of BIO 425.
Repeatable: No

BIO 424L Adv. Human Anatomy and Physiology II Lab (0 credits)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): C- or better in BIO 425 or consent of instructor.
Co-requisite(s): BIO 426.
Taught: Spring only
Laboratory to accompany BIO 426.
Repeatable: No

BIO 426 Advanced Human Anatomy and Physiology II (4 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in BIO 426 or consent of instructor.
Co-requisite(s): BIO 426L.
Taught: Spring only
Regulation of physiological processes. Continuation of BIO 425.
Repeatable: No

BIO 426L Adv. Human Anatomy and Physiology II Lab (0 credits)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): C- or better in BIO 426.
Co-requisite(s): BIO 426.
Taught: Spring only
Laboratory to accompany BIO 426.
Repeatable: No

BIO 430 Immunology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in BIO 302 and BIO 302L.
Taught: Spring only-odd yrs
Biology of the immune response.
Repeatable: No

BIO 430L Immunology Laboratory (1 credit)
Hours: 0 classroom + 3 lab/studio
Co-requisite(s): BIO 430.
Taught: Spring only-odd yrs
Laboratory to accompany BIO 430.
Repeatable: No

BIO 436 Advanced Biology of the Cell (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in BIO 349.
Taught: Spring only
Structure and function of cellular organelles; role of energy, membranes, nucleic acids, and proteins in cellular regulation; nature of nerve impulse.
Repeatable: No

BIO 440 Animal Behavior (4 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite OR Co-requisite: C- or better in BIO 291W or PSY 311.
Co-requisite(s): BIO 440L.
Taught: Spring only-odd yrs
Nervous systems and neurophysiology; classification, genetics, evolution, and ecology of behavior; developmental and social behavior.
Repeatable: No

BIO 440L Animal Behavior Laboratory (0 credits)
Hours: 0 classroom + 3 lab/studio
Co-requisite(s): BIO 440.
Taught: Spring only-odd yrs
Laboratory to accompany BIO 440.
Repeatable: No

BIO 441 Animal Physiological Ecology (4 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in BIO 304.
Co-requisite(s): BIO 441L.
Taught: Fall only-odd years
Internal adjustments by animals to physical changes at the organism-environment interface. Influence of the physical and biological characteristics of the external milieu on geographic, evolutionary, and temporal distribution of animals. Energetics, homeostasis, and adaptation, including role of behavior.
Repeatable: No
BIO 441L Animal Physiological Ecology Laboratory (0 credits)
Hours: 0 classroom + 3 lab/studio
Co-requisite(s): BIO 441.
Taught: Fall only-odd years
Laboratory to accompany BIO 441.
Repeatable: No

BIO 446 Plant Physiology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in BIO 291W or ENV 291W and CHE 121.
Co-requisite(s): BIO 446L.
Taught: Spring only-odd yrs
Photosynthesis, cellular respiration, carbohydrate and protein metabolism, mineral nutrition, hormonal controls, and related topics in physiology of green plants.
Repeatable: No

BIO 446L Plant Physiology Laboratory (1 credit)
Hours: 0 classroom + 3 lab/studio
Co-requisite(s): BIO 446.
Taught: Spring only-odd yrs
Laboratory to accompany BIO 446.
Repeatable: No

BIO 452 Cancer Genetics (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in BIO 291W and BIO 349.
Taught: Fall only-odd yrs
Molecular and cellular bases of cancer; genetic changes that disrupt cell division, chromosome stability, cell movement, cell communication, and a variety of other essential cellular processes toward cancer development.
Repeatable: No

BIO 455 Scanning Electron Microscopy (3 credits)
Hours: 0 classroom + 6 lab/studio
Prerequisite(s): C- or better in BIO 151 or consent of instructor.
Taught: Spring only
Lecture-laboratory; theory and applications; phase contrast, polarizing, and transmission microscopes discussed for comparative purposes.
Repeatable: No

BIO 458 Evolution of Organisms (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in BIO 349.
Taught: Fall and spring
Mechanisms; historical and philosophical perspectives; empirical evidence; contemporary application.
Repeatable: No

BIO 460 Marine Biology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in BIO 151 and BIO 291W.
Taught: Variable, check with department
Survey of physical, chemical, and biological oceanography; marine ecology, primary productivity, biodiversity, and marine ecosystems.
Repeatable: No

BIO 460L Marine Biology Laboratory (1 credit)
Hours: 0 classroom + 3 lab/studio
Prerequisite OR Co-requisite: BIO 460.
Taught: Summer only
Exercises and intensive field trip to coastal marine research laboratory.
Repeatable: No

BIO 461 Ecology and Geology of Coral Reefs (4 credits)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): Declared major at or above the sophomore level in a natural science and consent of instructor.
Taught: Variable, check with department
Ecological and geological processes in reef ecosystems. Benthic and pelagic biotic communities, reef development and erosion, sedimentation, ancient and modern reefs, responses to environmental change. Required field trip to marine research laboratory.
Repeatable: No

BIO 462 Tropical Ecology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): BIO 304.
Taught: Spring only-odd yrs
Unique features of tropical ecosystems, abiotic characteristics, gap dynamics biodiversity, plant-animal interactions, economic importance of tropical forests, causes and consequences of tropical deforestation. BIO 303 recommended.
Repeatable: No

BIO 463 Tropical Ecology Laboratory (1 credit)
Hours: 0 classroom + 10 lab/studio
Prerequisite(s): BIO 151. BIO 462 recommended.
Taught: Variable, check with department
Practical experience in studying tropical biota. Taught during spring break at location in tropics every other year.
Repeatable: No

BIO 465 Regional Biology (3-4 credits)
Hours: 3-4 classroom + 0 lab/studio
Prerequisite(s): C- or better in BIO 304 and consent of instructor.
Taught: Variable, check with department
Intensive study of flora and/or fauna of a particular region. May be repeated once for a different region.
Repeatable: Yes
If Repeatable, Max. Credits: 8

BIO 466 Animal Physiology (4 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in BIO 349 and CHE 310.
Co-requisite(s): BIO 466L.
Taught: Spring only
Introduction to physiological processes of animals with emphasis on mammalian systems.
Repeatable: No

BIO 466L Animal Physiology Laboratory (0 credits)
Hours: 0 classroom + 3 lab/studio
Co-requisite(s): BIO 466.
Taught during spring break at location in tropics
Practical experience in studying tropical biota.
Repeatable: No

BIO 467 Endocrinology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in BIO 151 and CHE 310.
Taught: Fall only-odd yrs
Human endocrine system, hormonal control of body processes, and hormonal disorders.
Repeatable: No

BIO 470 Medical Microbiology (4 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in BIO 302.
Co-requisite(s): BIO 470L.
Taught: Fall only-odd yrs
Pathogenic bacteria and viruses; techniques for isolation, identification, and control of specific disease agents; functions of the immune response in preventing and promoting disease.
Repeatable: No

BIO 470L Medical Microbiology Laboratory (0 credits)
Hours: 0 classroom + 2 lab/studio
Co-requisite(s): BIO 470.
Taught: Fall only-odd yrs
Laboratory to accompany BIO 470.
Repeatable: No
BIO 475 Virology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in BIO 302.
Taught: Fall only-odd years
Classification, chemical composition, morphology, genetics, and replication of viruses, action of physical and chemical agents on viruses; host response to viral infection.
Repeatable: No

BIO 491 Comprehensive Examination (0 hours)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): 20 hours of upper-division courses in biological sciences.
Taught: Fall, spring, and summer
Requires the submission of a program reflection and a writing sample from an upper-division course as well as completion of an examination of general concepts in biological sciences. (Pass/Fail)
Repeatable: No

BIO 492 Directed Research: Biological Sciences (1-3 credits)
Hours: 0 classroom + 3-9 lab/studio
Prerequisite(s): BIO 291W and consent of instructor.
Taught: Fall, spring, and summer
Development and completion of a scientific research project chosen in consultation with instructor. Final project report is required. For students majoring or minoring in biological sciences and especially for those planning further study in graduate school.
Repeatable: Yes
If Repeatable, Max. Credits: 6

BIO 494 Topics: Biological Science (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Junior or senior standing in biological sciences.
Taught: Variable, check with department
In-depth study of specialized subject matter. May be repeated for credit once when topic varies.
Repeatable: Yes
If Repeatable, Max. Credits: 6

BIO 496 Biology Undergraduate Teaching Assistant (1-2 credits)
Hours: 0 classroom + 2-4 lab/studio
Prerequisite(s): BIO 150, BIO 151, overall GPA of at least 3.00, and consent of instructor prior to registration.
Taught: Fall, spring, and summer
Participation in planning, setting-up, teaching, conducting reviews, and testing in an undergraduate course. For students majoring or minoring in biological sciences.
Repeatable: Yes
If Repeatable, Max. Credits: 4

BLACK STUDIES

BLS 100 Introduction to Black Studies - SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall, spring, and summer
This course is designed to engage students in the study of the seven core areas of Black studies: Black History, Black Sociology, Black Religion, Black Economics, Black Politics, Black Psychology, and the humanities (Black Literature, Art, and Music).
Repeatable: No
General Education Credit: Cultural Pluralism

BLS 494 Topics: Black Studies (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Study of selected topics. Subfields will be chosen in keeping with the interest of the instructor in charge and will be listed in the Schedule of Classes. May be repeated for credit when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

BUSINESS

BUS 101 Introduction to Business (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Basic knowledge of organizational structures, business functions, and types of business enterprises; assistance in decisions about majors and careers; socialization to expectations and behaviors associated with careers in business. Open only to students with fewer than 45 earned hours, or by consent of instructor.
Repeatable: No

BUS 101H Honors Introduction to Business (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Basic knowledge of organizational structures, business functions, and types of business enterprises; assistance in decisions about majors and careers; socialization to expectations and behaviors associated with careers in business. Open only to students with fewer than 45 earned hours, or by consent of instructor.
Repeatable: No

BUS 201 Haile Professionals (1 credits)
Hours: 1 classroom + 0 lab/studio
Prerequisite(s): A declared pre-major or major within the Haile/US Bank College of Business or Business Information Systems in the College of Informatics; completion of 40 semester credit hours. Students should complete BUS 201 before the completion of 75 semester credit hours.
Taught: Fall and spring
Develops business professionalism and prepares students for successful internship and career employment interviews. Prepares students to leverage their accomplishments and academic preparation in creating and maintaining professional, career-oriented resumes.
Repeatable: No

BUS 230 Legal Environment (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Fall and spring
Concepts in legal environment; ethical considerations in business decisions; broad overview of judicial process, legal systems, contracts, torts, environmental and international issues, employment law, and consumer protection.
Repeatable: No

BUS 260 Selected Business Topics in International Settings (1-3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing and others as determined by instructor.
Taught: Variable, check with department
Learning experiences outside the United States sponsored by Cooperative Center for Study Abroad, the COB’s International Business Center or the Office of International programs. Includes preparatory assignments, international travel and, if applicable, follow-up meetings or assessment activities.
Repeatable: No

BUS 330 Ethics: Managerial Decision Making (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): BUS 230 and junior standing.
Taught: Fall and spring
Application of ethics to decision-making in business; case method, discussion and presentations. BUS 230 and junior standing.
Repeatable: No

BUS 360 Selected Business Topics in International Settings (1-3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing and other as determined by topic and instructor.
Taught: Variable, check with department
Learning experience outside the United States sponsored by the Cooperative Center for Study Abroad, the COB’s International Business Center or the Office of International Programs. Includes preparatory assignments, international travel and, if applicable, follow-up meetings or assessment activities.
Repeatable: No

BUS 394 Topics: Legal Environment (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Variable, check with department
Topics vary and will be listed in the Schedule of Classes.
Repeatable: Yes

BUS 396 Internship: Business (2-3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior or senior standing and consent of instructor; declared major in any bachelor’s program.
Taught: Variable, check with department
Supervised non-paid work experience at corporations in Greater Cincinnati related to student major or minor, and coordinated by a member of the participating organization and a member of the department faculty. Interested students must submit applications to the department chair.
Repeatable: No

IBU 396 International Business Internship (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Certified as business major; open only to declared majors in International Business.
Co-requisite(s): Students must be concurrently enrolled in one or more of the required courses for IB Majors (MGT 360, MKT 333, MGT 307, FIN 415, or IBU 490).
Taught: Fall and spring
Supervised application-based work experience related to IB major. Enrollment requires prior approval by Director, International Business. Other requirements may be applied by the host organization or institution. Students must have sufficiently advanced through the IB degree program to meet the specific knowledge or skill requirements of the internship position.
Repeatable: No

IBU 480 International Commerce (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Senior standing; open only to certified IB Majors; MGT 360, MKT 333, MGT 307, and FIN 415.
Taught: Spring only
Strengthening and application of concepts in global business management and strategy, global marketing, global supply chain management, finance and trade. Emphasis on integration of business concepts that affect global commerce, including culture, technology, and regulatory compliance. Analysis and presentations using case studies is used to develop acumen and decision-making skills.
Repeatable: No

IBU 499 International Business: Independent Study (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Senior standing; open only to certified IB Majors.
Taught: Fall and spring
Elective course in the IB major. It is especially valuable as a synoptic course in the overall IB Major curriculum, integrating the multi-faceted knowledge bases of various disciplines into a unified and individualized form, that may encompass a broad range of meaningful research, project, and region or country specific activities.
Repeatable: No

BUSINESS INFORMATICS

BIS 101 Fundamentals of Business Computing (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall, spring, and summer
Understanding the basic concepts of informatics in a context including computer technology; examination of hardware and software; impact computers have on society including employment, privacy, ethics, and security; working with information as a resource. The course includes computer laboratory exercise in Office (Word, Excel, PowerPoint, Access) and Internet technology applications.
Repeatable: No

BIS 111 Problem Solving and Creativity - SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
This class will introduce students to the conceptual models (scripts, templates, etc.) used in understanding how we think and therefore how to stimulate thinking. Students will be asked to apply tools and techniques both individually and in groups. Tools and techniques will be applied to legitimate problems in a problem based learning environment.
Repeatable: No

IBU 275 Introduction to Business Analysis (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall only
Introduces students to the underlying concepts and tools of business operations and data analysis. These concepts and tools are the foundation of an informatics professional’s ability to assess business operations and analyze data for business decisions.
Repeatable: No

IBU 300 Management Information Systems (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing, STA 205 or STA 250 or BIS 275 and demonstrated competency in Word, Excel and PowerPoint, e.g., completion of INF 101 or equivalent transfer work or placement.
Taught: Fall, spring, and summer
Principles of MIS designed to introduce students to the fundamentals of Management Information Systems and to apply problem-solving skills in Excel, Access, and Web development.
Repeatable: No

IBU 305 Advanced Business Programming (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): INF 110 or INF 120.
Taught: Fall and spring
Computer software design and programming in an applications development environment; systems design, programming techniques, and language syntax for developing computer based business systems; programming system methodologies.
Repeatable: No

IBU 310 Systems Analysis and Design (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): INF 110 or INF 120; BIS 300; and junior standing.
Taught: Fall and spring
The systems development life cycle; systems analysis and general design; analysis strategies, tools, and techniques for documenting current systems and developing proposed systems; systems modeling, data modeling, design criteria, cost/benefit trade-offs, and project management; development of a comprehensive systems analysis project.
Repeatable: No

*If Repeatable, Max. Credits:*
- BIS 364: 3
- BIS 380: 3
- BIS 384: 3
- BIS 386: 3
- BIS 389: 3
- BIS 392: 3
- BIS 394: 3
- BIS 402: 3
BIS 420 Business Intelligence & Enterprise Appl. (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): BIS 300, junior standing; Certified Business or College of Informatics major or minor, or Business Informatics departmental permission.
Taught: Fall only - odd years
This course explores business intelligence concepts and technologies and their application in business organizations. It also focuses on enterprise systems that facilitate the planning and use of organizational databases to implement decision support systems, data warehousing and data mining systems and executive support systems to improve organizational performance.
Repeatable: No

BIS 430 Business Process Analysis (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): BIS 300, junior standing; Certified Business or College of Informatics major or minor, or Business Informatics departmental permission.
Taught: Fall only - even years
Introduction to the analysis, design and management of organizational and inter-organizational business processes. Topics: Workflow management issues at the individual, group and organizational levels; Business process improvement, customer relationship management, supply chain management; software and optimization tools of process modeling and workflow simulation.
Repeatable: No

BIS 435 Database Management Systems (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): INF 282 and junior standing.
Taught: Fall only
Concepts and techniques of data organization and access; basic data structures, file organization and processing, database modeling and processing, database management systems, database analysis and design, data administration, and implementing databases in a client/server architecture.
Repeatable: No

BIS 440 Global Information Technology Management (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing, certified Business major or Information Systems minor.
Taught: Variable, check with department
This course provides insight into issues relating to international information systems that serve global markets and facilitate expansion and entry of businesses into global information systems and the management of international outsourcing projects are also emphasized. Cross-cultural and ethical issues pertaining to international information systems are emphasized.
Repeatable: No

BIS 485 Strategic Information Systems Management (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): BIS 310, BIS 330, FIN 305, MGT 305, MKT 205; Certified Business or College of Informatics major or minor, or Business Informatics departmental permission.
Taught: Fall only
This course enables future managers of MIS to better utilize information technologies for competitive advantage. It also focuses on managerial techniques for setting the direction for organizational IT resource planning and the development of IT policies and strategies for complex business environments.
Repeatable: No

BIS 494 Topics: Information Systems (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Certified Business major, or College of Informatics major or minor, or Business Informatics departmental permission.
Taught: Variable, check with department
Selected topics in computer based information systems. Offered periodically with topics announced in advance. Open only to students certified as majoring in information systems.
Repeatable: Yes
If Repeatable, Max. Credits: 6

BIS 499 Independent Study: Information Systems (1-3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Certified Business major, or College of Informatics major or minor, or Business Informatics departmental permission.
Taught: Variable, check with department
Student investigation of a topic or completion of a project. Meeting times arranged with instructor.
Repeatable: No

BIS 594 Topics in Business Informatics (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Varies by topic.
Taught: Variable, check with department
Topics on business analytics and other areas of business informatics. Topics vary by semester. Repeatable for a maximum of up to 6 semester hours when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 6

MBI 599 Independent Study (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Independent project or intensive study/research with faculty guidance. Open only by consent of advisor/instructor. Meeting times arranged with instructor.
Repeatable: No

CAREER AND TECHNICAL EDUCATION

CTE 180 Foundations: Career/Technical Education (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall only
Principles, objectives, historical perspective, purposes, and roles of career and technical education as related to technological, societal, and educational influences.
Repeatable: No

CTE 181 Instructional Systems Development (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Spring only
Design and development of instructional systems; performance objectives, appropriate content, instructional media, teaching learning strategies, and curricula analysis in specialized industrial education programs at all educational levels.
Repeatable: No

CTE 195 Vocational Pre-Certification Experience (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Verification of eligibility by Kentucky Department of Education.
Taught: Summer only
Completion of Kentucky Teacher Internship and Kentucky Department of Education Management by Instruction workshop. Graded pass/fail.
Repeatable: No

275
CTE 280 Instructional Methods: Career and Technical Education (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CTE 181.
Taught: Fall only
Methods and strategies for the implementation or presentation of instructional systems in specialized career and technical education programs at all educational levels.
Repeatable: No

CTE 281 Evaluation in Career/Technical Education (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CTE 181.
Taught: Spring only
Principles and procedures in evaluating student and teacher behavior including preparation of measuring devices, methods of assessing technical competency, interpretation of standardized tests and introduction to statistical analysis of test data.
Repeatable: No

CTE 285 Competency Testing Examination (3-6 credits)
Hours: 3-6 classroom + 0 lab/studio
Taught: Variable, check with department
National Occupational competency Testing Institute Examination in a specific career/technical area. Students must register for examination with an approved NOCTI Testing Center.
Repeatable: No

CTE 286 Competency Testing Examination (3-6 credits)
Hours: 3-6 classroom + 0 lab/studio
Taught: Variable, check with department
National Occupational Competency Testing Institute Examination in a specific career/technical area. Students must register for examination with an approved NOCTI Testing Center.
Repeatable: No

CHE 112 Chemistry and Society - NS (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall, spring, and summer
Basic principles of chemistry and their applications in society. For students not majoring in science. Enrollment in CHE 112L is recommended but not required. Cannot be taken for credit by students who have passed CHE 105.
Repeatable: No
General Education Credit: Natural Science

CHE 112L Chemistry and Society Laboratory - SL (1 credit)
Hours: 0 classroom + 2 lab/studio
Prerequisite OR Co-requisite: CHE 112.
Taught: Fall and spring
Simple laboratory techniques in experiments designed to study the properties of model compounds and consumer products; synthesis and analysis of common materials.
Repeatable: No
General Education Credit: Natural Science

CHE 115 Physiological Chemistry - NS (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): High school chemistry and a minimum score of 19 on ACT math section or equivalent; or a C- or better in CHE 102.
Co-requisite(s): CHE 115L.
Taught: Fall, spring, summer
General, organic, and biological chemistry of the body. Not applicable toward a major or minor in the natural sciences. CHE 115 is intended for students in nursing, exercise science and allied health programs.
Repeatable: No
General Education Credit: Natural Science

CHE 115L Physiological Chemistry Laboratory - SL (1 credit)
Hours: 0 classroom + 2 lab/studio
Co-requisite(s): CHE 115.
Taught: Fall, spring, and summer
Laboratory examination of chemical and biochemical principles.
CHE 120 General Chemistry I - NS (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): High school chemistry and a minimum score of 22 on the ACT math section or equivalent; OR a B- or better in CHE 102.
Co-requisite(s): CHE 120L
Taught: Fall and spring
Principles of chemistry; physical and chemical properties of elements and compounds.
Repeatable: No
General Education Credit: Natural Science

CHE 120L General Chemistry I Laboratory - SL (1 credit)
Hours: 0 classroom + 3 lab/studio
Co-requisite(s): CHE 120.
Taught: Fall and spring
Experiments describing principles of chemistry as well as those describing physical and chemical properties of elements and compounds.
Repeatable: No
General Education Credit: Natural Science

CHE 121 General Chemistry II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CHE 120 or CHE 120H.
Taught: Spring and summer
Continuation of CHE 120. Enrollment in CHE 121L is strongly encouraged but is not required.
Repeatable: No
General Education Credit: Natural Science

CHE 121L General Chemistry II Laboratory (1 credit)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): C- or better in CHE 120L or CHE 120HL.
Prerequisite OR Co-requisite: CHE 121.
Taught: Spring and summer
Continuation of CHE 120L.
Repeatable: No

CHE 125 Introduction to Chemistry & Biochemistry (1 credit)
Hours: 1 classroom + 0 lab/studio
Prerequisite(s): Major in chemistry or biochemistry.
Co-requisite(s): CHE 120 or CHE 120H.
Taught: Fall and spring
Introduction to chemistry and biochemistry majors, careers in chemical and related fields, introduction to department research opportunities.
Repeatable: No

CHE 130 Chemistry for Engineering Technology - NS (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Major in EET or MMET programs. High School Chemistry and a minimum Math ACT score of 22, or placement or a grade of B- or better in CHE 102, or the equivalent.
Prerequisite OR Co-requisite: CHE 130L.
Taught: Spring only
This course is intended to provide engineering technology students with a background in concepts and principles of chemistry. Emphasis on those areas considered most relevant in an engineering context, and practical applications in engineering and technology will be examined.
Repeatable: No

CHE 130L Chemistry for Engineering Technology Lab - SL (1 credit)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): Major in EET or MMET programs.
Prerequisite OR Co-requisite: CHE 130L.
Taught: Spring only
This laboratory course is intended to provide engineering technology students with a background in important concepts and principles of chemistry. Emphasis will be placed on those areas considered most relevant in an engineering context, and practical applications in engineering and technology will be examined.
Repeatable: No

CHE 130L Chemistry for Engineering Technology Lab - SL (1 credit)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): Major in EET or MMET programs.
Prerequisite OR Co-requisite: CHE 130L.
Taught: Spring only
This laboratory course is intended to provide engineering technology students with a background in important concepts and principles of chemistry. Emphasis will be placed on those areas considered most relevant in an engineering context, and practical applications in engineering and technology will be examined.
Repeatable: No

CHE 170 Introduction to Chemistry & Biochemistry (1 credit)
Hours: 1 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Fall, spring, summer
Introduction to chemical research by participating in a special project or original research directed by a member of the chemistry faculty. Course intended for science majors interested in chemistry research but not ready or able to enroll in CHE 492. Pass/fail grade only.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

CHE 171 Chemistry for Engineering Technology II - NS (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Successfull completion of a 300-level chemistry course.
Taught: Fall only
Explore post-graduate options and develop career search strategies and interview skills associated with the chemistry and biochemistry fields.
Examine skills/personality traits and how they align to careers. Consider non-traditional career opportunities in the discipline and build a portfolio to prepare students for post-graduation success.
Repeatable: No

CHE 205 Main Group Chemistry (1 credit)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): C- or better in CHE 121 or CHE 121H.
Taught: Fall and spring
Introduction to the chemistry of carbon compounds; bonding, structure, and introductory analysis and synthesis.
Repeatable: No

CHE 205L Main Group Chemistry Laboratory (1 credit)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): C- or better in CHE 121L or CHE 121HL.
Prerequisite OR Co-requisite: CHE 310.
Taught: Fall and spring
Introduction to the laboratory practice of organic chemistry; techniques and separations.
Repeatable: No

CHE 292 Introduction to Chemical Research (0 credits)
Hours: 0 classroom + 0 lab/studio
Taught: Fall, spring, summer
Successful completion of a 300-level chemistry course.
Repeatable: Yes

CHE 293 Organic Chemistry I (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CHE 310.
Taught: Spring and summer
Introduction to the chemistry of carbon compounds; reactions of functional groups, synthesis, and spectroscopic analysis.
Repeatable: No

CHE 294 Organic Chemistry II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CHE 310.
Taught: Spring and summer
Introduction to the chemistry of carbon compounds; reactions of functional groups, synthesis, and spectroscopic analysis.
Repeatable: No

CHE 300 Careers in Chemistry (1 credit)
Hours: 1 classroom + 0 lab/studio
Prerequisite(s): Successful completion of a 300-level chemistry course.
Taught: Fall only
Explore post-graduate options and develop career search strategies and interview skills associated with the chemistry and biochemistry fields.
Examine skills/personality traits and how they align to careers. Consider non-traditional career opportunities in the discipline and build a portfolio to prepare students for post-graduation success.
Repeatable: No

CHE 310 Organic Chemistry I (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CHE 121 or CHE 121H.
Taught: Fall and spring
Introduction to the chemistry of carbon compounds; bonding, structure, and introductory analysis and synthesis.
Repeatable: No

CHE 310L Organic Chemistry I Laboratory (1 credit)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): C- or better in CHE 121L or CHE 121HL.
Prerequisite OR Co-requisite: CHE 310.
Taught: Fall and spring
Introduction to the laboratory practice of organic chemistry; techniques and separations.
Repeatable: No

CHE 311 Organic Chemistry II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CHE 310.
Taught: Spring and summer
Chemistry and properties of organic substances; reactions of functional groups, synthesis, and spectroscopic analysis.
Repeatable: No

CHE 311L Organic Chemistry II Laboratory (1 credit)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): CHE 310L.
Prerequisite OR Co-requisite: CHE 311.
Taught: Spring and summer
Reactions of organic compounds; identification of unknowns; synthesis.
Repeatable: No

CHE 320 Inorganic Chemistry (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CHE 310.
Co-requisite(s): CHE 320L.
Taught: Spring only
Chemistry of the elements and their compounds;
coordination, bioinorganic and materials chemistry. Selected other topics.
Repeatable: No

**CHE 320L Inorganic Chemistry Laboratory (2 credits)**
Hours: 0 classroom + 6 lab/studio
Prerequisite(s): C- or better in CHE 310L.
Prerequisite OR Co-requisite: 391W.
Taught: Spring only
Advanced laboratory synthesis, purification, and characterization of inorganic compounds; application of techniques in primary literature.
Repeatable: No

**CHE 325 Organometallic Chemistry (1 credit)**
Hours: 1 classroom + 2 lab/studio
Prerequisite(s): C- or better in both CHE 310 and CHE 310L.
Taught: Variable, check with department
Properties and uses of organometallic compounds; synthesis, purification, and characterization of organometallic compounds using current methods.
Repeatable: No

**CHE 330 Chemistry of Materials (1 credit)**
Hours: 1 classroom + 2 lab/studio
Prerequisite(s): C- or better in CHE 121 or CHE 121H.
Taught: Variable, check with department
Introduction to the chemistry of materials. Structure-property relations, including self-organization, magnetic properties, and nanostructures. Introduction to characterization methods used in the chemistry of materials.
Repeatable: No

**CHE 340 Analytical Chemistry (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CHE 121 or CHE 121H.
Co-requisite(s): CHE 340L.
Taught: Fall only
Chemical and stoichiometric principles; gravimetric, volumetric, and spectrophotometric analysis.
Repeatable: No

**CHE 340L Analytical Chemistry Laboratory (2 credits)**
Hours: 0 classroom + 6 lab/studio
Prerequisite(s): CHE 121L or CHE 121HL.
Co-requisite(s): CHE 340.
Taught: Fall only
Quantitative determination of the elements; traditional chemical methods and some instrumental methods of analysis.
Repeatable: No

**CHE 345 Electronics for Scientists and Engineers (1 credit)**
Hours: 1 classroom hour; 0 lab/studio
Prerequisite(s): CHE 340 and CHE 350 OR EGT 161.
Taught: Summer only
Study of analog and digital circuitry, including the usage of Arduino and raspberry pi technology. Application of these technologies for the design and construction of basic scientific instrumentation for chemical analysis.
Repeatable: No

**CHE 350 Instrumental Analysis (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CHE 340 and CHE 340L.
Co-requisite(s): CHE 350L.
Taught: Spring only
Analytical techniques involving modern chemical instruments.
Repeatable: No

**CHE 350L Instrumental Analysis Laboratory (2 credits)**
Hours: 0 classroom + 6 lab/studio
Prerequisite OR Co-requisite: CHE 391W.
Co-requisite(s): CHE 350.
Taught: Spring only
Experiments designed to familiarize students with modern analytical instruments.
Repeatable: No

**CHE 360 Physical Chemistry I (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in both CHE 121 and MAT 229 or equivalent.
Prerequisite OR Co-requisite: PHY 222 or PHY 213.
Taught: Fall only
Classical thermodynamics, reaction equilibria, phase equilibria, and electrochemical systems.
Repeatable: No

**CHE 361 Physical Chemistry II (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CHE 360 and MAT 228 or MAT 229 and PHY 222 or PHY 213.
Taught: Spring only
Kinetic molecular theory of gases, chemical kinetics, transport processes, elementary quantum chemistry, and spectroscopy.
Repeatable: No

**CHE 362 Physical Chemistry Laboratory (2 credits)**
Hours: 0 classroom + 6 lab/studio
Prerequisite OR Co-requisite: CHE 361 and CHE 391W.

**CHE 365 Molecular Modeling (1 credit)**
Hours: 1 classroom + 2 lab/studio
Prerequisite(s): C- or better in CHE 310.
Taught: Variable, check with department
Introduction to computer-based molecular modeling using molecular mechanics, molecular orbital theory, and density functional theory. Calculation of equilibrium and transition-state geometries, spectroscopic properties, and reaction energies. Modeling of structures of biopolymers and docking of ligands into protein binding sites.
Repeatable: No

**CHE 391W Chemical Information and Writing - WC (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ENG 101 or ENG 151H, Chemistry major and one upper division chemistry course.
Taught: Fall and spring
Use and analysis of chemical information sources. Emphasis on specific writing methods used in chemistry such as abstracts, reports, grants and grant reviews. Does not count towards the chemistry minor.
Repeatable: No

General Education Credit: Written Communication II

**CHE 392 Advanced Laboratory Projects (1-3 credits)**
Hours: 0 classroom + 3-9 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
The study of published syntheses and other chemical reactions and experiments to develop usable protocols, procedures, or laboratory experiments. Directed by a member of the chemistry faculty. May not be used for the chemistry minor. May be repeated for different lab courses for a total of no more than three credit hours.
Repeatable: Yes
If Repeatable, Max. Credits: 3

**CHE 394 Topics: Chemistry (1-3 credits)**
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CHE 310 or consent of instructor.
Taught: Variable, check with department
Various topics of interest in chemistry. Can be repeated for up to 6 hours as topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 6

CHE 396 Practicum: Chemistry (1 credit)
Hours: 1 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor and completion of the designated course with a grade of B or better.
Taught: Variable, check with department
Participation in planning, teaching, and testing in a designated undergraduate chemistry course.
Designed especially for students majoring in chemistry and in science education. Does not count toward a major or minor in chemistry.
Repeatable: Yes
If Repeatable, Max. Credits: 6

CHE 399 Independent Study in Chemistry (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): 20 semester hours of chemistry and consent of instructor.
Taught: Variable, check with department
Independent survey of literature; written reports on selected topics.
Repeatable: Yes
If Repeatable, Max. Credits: 4

CHE 400 Chemistry Seminar (1 credit)
Hours: 1 classroom + 0 lab/studio
Prerequisite(s): CHE 391W and an additional 20 semester hours of chemistry.
Taught: Fall and spring
Use of chemical literature searching and analysis techniques to prepare and present seminars and written reports.
Repeatable: No

CHE 410 Spectrometric Identification of Compounds (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CHE 310.
Taught: Spring only-odd yrs
Interpretation of data obtained by mass spectrometric analysis and by infrared, ultraviolet/visible, and nuclear magnetic resonance spectroscopic analyses as applied to the establishment of structure.
Repeatable: No

CHE 440 Environmental Chemistry (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in both CHE 311 and CHE 340.
Taught: Fall only-odd yrs
Chemistry as it applies to environmental problems and their solutions; analytical methods, energy needs, and biochemical application.
Repeatable: No

CHE 450 Advanced Chemical Analysis (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CHE 340 and junior standing.
Taught: Fall only-even years
Investigation of sample preparation, surface science, microfabrication and advanced electrochemical techniques required for advanced chemical analyses.
Repeatable: No

CHE 460 Molecular Spectroscopy (2 credits)
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): C- or better in CHE 311, C- or better in CHE 350, C- or better in CHE 350L.
Co-requisite(s): CHE 460L.
Taught: Fall only-odd years
Principles of molecular spectroscopy, including group theory. Modern spectroscopic techniques and their applications.
Repeatable: No

CHE 460L Molecular Spectroscopy Laboratory (2 credits)
Hours: 0 classroom + 6 lab/studio
Co-requisite(s): CHE 460.
Taught: Fall only-odd years
Experiments using modern molecular spectroscopic techniques.
Repeatable: No

CHE 482 Biochemistry I (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CHE 311.
Taught: Fall only
Introduction to the chemistry of the molecules of life: carbohydrates, proteins, lipids; protein structure and function; enzyme mechanism; membrane structure and function; introduction to metabolism.
Repeatable: No

CHE 482L Biochemistry I Laboratory (1 credit)
Hours: 0 classroom + 3 lab/studio
Prerequisite OR Co-requisite: CHE 482 and CHE 391W or BIO 281W.
Taught: Fall only
Introduction to basic laboratory techniques and concepts in biochemistry, such as the preparation of buffers, spectroscopic determination of protein concentration, gel electrophoresis, column chromatography, and enzyme kinetics.
Repeatable: No

CHE 483 Biochemistry II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CHE 482.
Taught: Spring only
Metabolism, biosynthesis of cell components, nucleic acid replication, protein synthesis, DNA recombination, hormone action.
Repeatable: No

CHE 483L Biochemistry II Laboratory (1 credit)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): CHE 482L.
Co-requisite(s): CHE 483.
Taught: Spring only
Application of modern biochemical techniques in a research setting. Students will conduct experiments on various topics from defined categories, prepare a detailed plan using the scientific literature, perform the experiments independently, and present their findings in a formal report and poster presentation.
Repeatable: No

CHE 492 Research: Chemistry (1-3 credits)
Hours: 0 classroom + 6-18 lab/studio
Prerequisite(s): Consent of instructor.
Special project or original research directed by a member of the chemistry faculty. Most projects require at least two semesters of work. Upon agreement of student and instructor, some of the work may be completed outside of the normal semester calendar. Repeatable for a combined maximum of 12 semester hours. Does not apply toward a minor in chemistry.
Repeatable: Yes
If Repeatable, Max. Credits: 12

CHE 505 The History of Chemistry (2-3 credits)
Hours: 2-3 classroom + 0 lab/studio
Prerequisite(s): CHE 310.
Taught: Variable, check with department
Survey of chemistry’s significance in ancient and modern times. Investigation of key individuals and concepts in chemistry of the past and present.
Repeatable: No

CHE 511 Natural and Medicinal Product Synthesis (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CHE 311.
Taught: Spring only-odd yrs
Analysis and design of complex syntheses, including total synthesis of natural products; stereochemical aspects of synthesis; asymmetric synthesis; spectroscopy in structure elucidation.
Repeatable: No
CHE 512 Physical Organic Chemistry (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CHE 360 and a C- or better in CHE 311.
Taught: Spring only-odd yrs
Current topics in spectroscopy, reaction mechanisms, and structure function correlations.
Repeatable: No

CHE 560 Quantum Mechanics (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CHE 361 or PHY 361.
Taught: Variable, check with department
Principles of quantum mechanics, the hydrogen atom, variational methods, and simple perturbation theory.
Repeatable: No

CHE 594 Topics in Chemistry (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Discussion of topics in analytical, environmental, inorganic, nuclear, organic, and physical chemistry; chemistry-related topics: laboratory experience with operation and application of instruments and the computer. May be repeated as topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 3

CHINESE

CHI 101 Elementary Chinese - AH (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall only
Fundamentals; introduction to Chinese culture; basic skills in conversation, pronunciation, reading, and writing in pinyin (Romanized Chinese) and ideograms traditional and simplified.
Repeatable: No
General Education Credit: Culture and Creativity

CHI 102 Elementary Chinese II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CHI 101 or equivalent.
Taught: Spring only
Continuation of CHI 101; additional practice in conversation, pronunciation, reading, writing, and use of ideograms.
Repeatable: No

CHI 199 Independent Study: Chinese (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Taught: Variable, check with department
Practice in Chinese language
Repeatable: Yes
If Repeatable, Max. Credits: 6

CHI 201 Intermediate Chinese I (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CHI 102 or equivalent.
Taught: Variable, check with department
Review and extension of basic language skills learned in CHI 101 and CHI 102; reading and discussion of cultural, linguistic, and literary subject.
Repeatable: No

CHI 202 Intermediate Chinese II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CHI 201 or equivalent.
Taught: Variable, check with department
Continuation of grammar review and enhancement of language skills begun in CHI 201; consideration of cultural, linguistic, and literary subjects.
Repeatable: No

CHI 299 Independent Study: Chinese (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): CHI 101 and CHI 102.
Taught: Fall and spring
Intermediate practice in Chinese Language.
Repeatable: Yes
If Repeatable, Max. Credits: 6

CHI 350 Methods of Teaching Chinese (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CHI 202 or equivalent.
Taught: Variable, check with department
Theoretical and practical considerations of teaching Chinese in American schools; required of all students seeking teaching certification in Chinese.
Repeatable: No

CHI 380 Topics in Advanced Chinese (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CHI 202 or consent of instructor.
Taught: Variable, check with department
Advanced study of Chinese language, literature, and culture. May be repeated for credit when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 15

CHI 499 Independent Study: Chinese (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Repeatable: Yes
If Repeatable, Max. Credits: 9

CINEMA STUDIES

CIN 200 Introduction to Cinema Studies (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Basic elements of movie form, narrative structure, and style; concepts of genre; strategies of analyzing and writing about cinema.
Repeatable: No

CIN 201 Survey of World Cinema (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Spring only
Origins and development of cinema as an international medium of expression. Relation of form and content to specific global cultures and contexts.
Repeatable: No

CIN 202 Survey of US Cinema (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall only
Origins and development of cinema as a multicultural medium of expression in the U.S. Relation of form and content to historical, economic, and cultural development in the U.S.
Repeatable: No

CIN 299 Independent Study (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Directed study.
Repeatable: Yes
If Repeatable, Max. Credits: 9

CIN 494 Studies in Cinema (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CIN 200 or CIN 201 or CIN 202.
Taught: Variable, check with department
Advanced study of a particular genre, national cinema, director, or other topic in cinema studies. May be repeated for credit when topics vary.
COLLEGE OF ARTS AND SCIENCES

CAS 101 Cultivating Academic Success (0-1 credits)
Hours: 0-1 classroom + 0 lab/studio
Prerequisite(s): Permit required by the College of Arts & Sciences Advising Center.
Taught: Variable, check with department
This course is designed for students to cultivate academic skills that will assist them in becoming successful in the College of Arts & Sciences. It will provide information on topics with which many students constantly struggle such as time management, study and test taking strategies, money management and grade management.
Repeatable: No

COMMUNICATION

COM 500 Communication Proseminar (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Admission to the Communication Graduate Program.
Taught: Fall only
Designed to introduce students to the communication discipline and graduate studies at NKU. Students explore graduate-level analysis, writing, and thought. Inquiry and discussion pivot around key departmental areas of scholarly emphasis, emerging fields of Informatics, NKU faculty research programs.
Repeatable: No

COM 520 Relational Communication (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Relationship-centered understandings of interpersonal communication. The role of communication in developing, sustaining, and terminating social and personal relationships. Class may explore relational theories, concepts, and self-application.
Repeatable: No

COM 550 Digital Media (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Technical and aesthetic processes in the production of media, including new media and integrated media.
repeatable: No

COM 560 Rhetorical Criticism (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Advanced seminar in the history, theory, methods and practice of rhetorical criticism.
Repeatable: No

COM 571 Critical Ethnography (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Students must have a 3.0+ GPA to enroll in the course.
Taught: Variable, check with department
Hands-on research seminar examining and practicing ethnographic research methods used to empower communities. Students travel to another culture to enact ethnographic research designs. Digital ethnography, service learning, field study, educational, and interactive research explorations.
Repeatable: No

COM 575 Intercultural Communication (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
The examination of advanced cross-cultural, intercultural, multicultural, and international theory and research in relation to communication perceptions and practices.
Repeatable: No

COM 580 Sexuality and Communication (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Exploration of topics, concepts, and theories related to communication and human sexuality. Relationships, sexual literacy, sexual identities, sexual practices, sex representations, and social control of sexuality.
Repeatable: No

COM 594 Intermediate Topics in Communication (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Special topics course with readings and writings at the intermediate level. Course varies by instructor and section. Students must have a 3.0 or higher GPA to enroll in this course.
Repeatable: No

COM 596 Advanced Topics in Communication (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Exploration of topics, concepts, and theories related to communication and human sexuality. Relationships, sexual literacy, sexual identities, sexual practices, sex representations, and social control of sexuality.
Repeatable: No

COMMUNICATION STUDIES

CMST 101 Public Speaking - OC (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Development of understanding of the oral communication process; aid in improving oral communication skills; idea and message development; effective delivery of ideas; Offered every semester. A prerequisite to all other CMST courses.
Repeatable: No
General Education Credit: Oral Communication

CMST 110 Introduction to Communication Studies - OC (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Introduction to various theoretical perspectives for understanding human communication. CMST110 has been designed to introduce students to the study of human communication from a wide range of viewpoints. The course introduces foundational principles of communication theory; general principles and the elements of speech communication, perception, language and verbal symbols, nonverbal activities, and listening. Next, the course applies these principles to the various levels of communicating, i.e. interpersonal, small group, organizational, and intercultural. The course also covers communication and persuasion in public forums such as public speaking and mediated contexts.
Repeatable: No
General Education Credit: Oral Communication

CMST 220 Interpersonal Communication (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMST 101 or CMST 110.
Taught: Fall and spring
Theories and skills of dyadic interaction in professional and personal contexts; perception, self-concept, nonverbal communication, listening, assertiveness, relationships, conflict management and problem solving.
Repeatable: No

CMST 230 Small Group Communication (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMST 101 or CMST 110.
Taught: Fall and spring
Theories and activities that increase understanding and skills of communication in groups; decision-making, problem-solving, leadership, listening, cohesiveness, climate-setting, conflict management, groupthink, and systems theory.
Repeatable: No

CMST 300 Research Methods in Communication Studies (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMST 101 or CMST 110.
Taught: Fall and spring
Course provides an overview of the concepts, methods, and tools by which research in Communication Studies is designed, conducted, interpreted, and critically evaluated. The course will specifically examine quantitative and qualitative research procedures, research question and hypothesis generation and testing, measurement, sampling, research design, and data analysis techniques.
Repeatable: No

CMST 303 Organizational Communication (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMST 101 or CMST 110.
Taught: Fall and spring
Organizational communication theories, models, and processes with practical application of these principles in organizational communication speaking exercises; management and leadership communication skills.
Repeatable: No

CMST 310 Argumentation (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMST 101 or CMST 110.
Taught: Fall and spring
Theories of argument; practical applications of argument, in numerous contexts, including academic policy debate.
Repeatable: No

CMST 317 Gender and Communication (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMST 101 or CMST 110.
Taught: Variable, check with department
This course will focus on principles, concepts and characteristics defining gendered communication. It is designed to enhance your knowledge and understanding of the elements key to successful communication across genders, whether they are business, personal, social, familial or intimate. Also, the role of socialization in gendered development will be explored.
Repeatable: No

CMST 320 Advanced Interpersonal Communication (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMST 220.
Taught: Variable, check with department
Theories, research, and issues relevant to human interaction and interpersonal relationships.
Repeatable: No

CMST 330 Political Communication (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMST 101 or CMST 110.
Taught: Variable, check with department
Communication strategies and tactics employed by candidates seeking public office; political audiences, campaign phases, political debates, political language, advertising campaigns, media coverage, and campaign speeches.
Repeatable: No

CMST 333 Lifespan Communication (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMST 101 or CMST 110.
Taught: Variable, check with department
This course overviews issues related to communication and aging across the lifespan. Topics include attitudes about aging, intergenerational and intragenerational communication, enhancing communication with older adults, social construction of the aging process, older adults' media use, effects of mass media on older adults, health communication and the older adult population, as well as issues related to communication and technology among older adults.
Repeatable: No

CMST 335 Communication and Conflict (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMST 101 or CMST 110.
Taught: Spring only
Theories and strategies of communication will be examined to help explain how people behave in conflict and suggest means of improving communication in order to facilitate a more collaborative process and the production of win-win outcomes.
Repeatable: No

CMST 340 Strategies of Persuasion (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMST 101 or CMST 110.
Taught: Fall and spring
Persuasion theory, practice, and ethics in preparing and presenting persuasive messages and campaigns.
Repeatable: No

CMST 345 Family Communication (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMST 101 or CMST 110.
Taught: Fall only
Course explores the communication processes associated with families. Students will examine theories of communication and family life cycles, different family forms, understudied families, power and conflict in families, and communication and stress in families.
Repeatable: No

CMST 355 Culture and Communication (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMST 101 or CMST 110.
Taught: Fall and spring
Theory, criticism, and practice of culture and communication, individual experience in communicating interculturally, and strategies in cross-cultural communication situations.
Repeatable: No

CMST 360 Interviewing (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMST 101 or CMST 110.
Taught: Fall and spring
Theory and principles related to a variety of interviewing settings; employment, information, and advising; role of interviewer and interviewee; use of role playing; outside class exercises such as real interviews and written reports.
Repeatable: No

CMST 370 Advanced Public Speaking (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMST 101 or CMST 110.
Taught: Fall and spring
Organization, style, and delivery of speeches for social occasions, non-classroom settings, and complex setting; speech writing.
Repeatable: No

CMST 381 Computer-Mediated Communication (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMST 101 or CMST 110.
Taught: Variable, check with department
This seminar examines communication occurring between two or more individual people who interact and/or influence each other via the internet or network connection using social software. Topics include identity, social information processing, online romance, social network sites, Internet communities, web blogs, wikis, and workplace considerations.
Repeatable: No

CMST 394 Topics in Communication Studies (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Focused study of a specific and significant topic from a communication orientation. Topics vary from semester to semester.
Repeatable: Yes
If Repeatable, Max. Credits: 6

CMST 396 Internship: Communication (3 credits)
Hours: 0 classroom + 12 lab/studio
Prerequisite(s): Written consent of supervising faculty member; junior or senior standing; and a GPA of at least 2.75.
Taught: Fall, spring, and summer
Selected placement of qualified students in off-campus communication studies related professions; experience in corporate training, speech writing, interviewing, sales, and groups, communication.
Repeatable: No

CMST 403 Health Communication (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMST 101 or CMST 110.
Taught: Variable, check with department
This course is designed to provide students with knowledge related to the field of health communication. Specifically, the course overviews major theories used in health communication research and intervention planning, as well as contemporary issues including patient-provider communication, cultural beliefs and health, influence of mass media on health beliefs and behaviors, and the impact of interpersonal relationships on health. Students also learn about the evolution of the U.S. healthcare system, and the role of communication in improving healthcare in the country. Social inequities in health and access to healthcare are also addressed in the course. Throughout the semester, students work in small groups to develop an intervention designed to address a health issue in the community.
Repeatable: No

CMST 410 Rhetorical Theory and Criticism (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMST 101 or CMST 110.
Taught: Variable, check with department
Adaptation of classic and contemporary theories of rhetoric to modern practice of rhetorical criticism.
Repeatable: No

CMST 440 Communication Training and Development (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMST 101 or CMST 110 and junior standing.
Taught: Variable, check with department
Instruction in design and delivery of communication training programs for specific business contexts; adult learning principles, proposal development, needs assessments, presentation skills, audio/visual aids, and evaluation procedures.
Repeatable: No

CMST 495 Study Abroad (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Varies by topic.
Taught: Variable, check with department
Varies by topic. Course includes a classroom portion and a trip abroad.
Repeatable: Yes
If Repeatable, Max. Credits: 12

CMST 499 Independent Study (1-3 credits)
Hours: 0 classroom + 4-12 lab/studio
Prerequisite(s): Junior or senior majoring or minoring in Communication Studies; a GPA of at least 2.50 or consent of instructor; approved independent study proposal.
Taught: Variable, check with department
Individually supervised work involving reading, research. Topic is selected before registration in conference with instructor. Junior standing and consent of instructor; approved independent study proposal.
Repeatable: Yes
If Repeatable, Max. Credits: 6

COMPUTER INFORMATION TECHNOLOGY

CIT 130 Information Technology Fundamentals (3 credits)
Hours: 2 classroom + 2 lab/studio
Prerequisite(s): C- or better in MAHD 099 or placement.
Taught: Fall and spring
Introduction to the organization of computers, operating systems, and networks; comparison of common operating systems; hands-on experience in PC construction and configuration; command-line usage of Windows and Unix/Linux systems; data representation; overview of the information technology industry and its societal context.
Repeatable: No

CIT 199 Introductory Independent Study (1-3 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Consent of department.
Taught: Variable, check with department
Introductory independent study in some computer information technology topic. Topic will vary by offering.
Repeatable: Yes
If Repeatable, Max. Credits: 6

CIT 247 Networking Fundamentals (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CIT 130.
Taught: Fall and spring
Data link control, communications network techniques, network protocols (IP, TCP, UDP); planning and deploying a LAN; wireless networking; routing; security; introduction to Cisco IOS.
Repeatable: No

CIT 271 Windows Administration (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CIT 247 and INF 120.
Taught: Fall and spring
Organization of the Windows operating system; installation, configuration and recovery; scripting using batch files; user management; basic server administration and directory services.
Repeatable: No

CIT 285 Cybersecurity Fundamentals (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
An introduction to fundamental concepts and technologies in cyber-security, with lab exercises that focus on practical aspects of securing computers. Topics include risk analysis, common attacks and defenses, authentication, access control, network security, application and data security, and cryptography. Not open to students who have completed or are taking CIT 480.
Repeatable: No

CIT 292 Research Experience in CIT (0 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Varies.
Taught: Variable, check with department
Introduction to research in computer information technology.
technology by participation in a special project or research directed by an appropriate faculty member. Course intended for computer information technology majors interested in CIT research but not ready or able to enroll in more advanced research courses. Pass/fail grade only.

Repeatable: Yes
If Repeatable, Max. Credits: 0.5

CIT 299 Independent Study (3 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): consent of instructor.
Taught: Variable, check with department
Directed study.
Repeatable: Yes
If Repeatable, Max. Credits: 6

CIT 371 Unix Systems (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in INF 120 and C- or better in either CIT 247 or INF 284.
Taught: Fall and spring
Advanced usage and basic administration of Unix/Linux systems, including management of files, users and processes, tools for editing and pattern matching, shell scripting, and software installation.
Repeatable: No

CIT 383 Scripting I (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in INF 120 and either CIT 247 or CIT 371.
Taught: Fall and spring
Programming in a dynamically typed scripting language, including interfacing to operating system and network services and automation of common system administration tasks.
Repeatable: No

CIT 394 Intermediate Topics: Computer Information Technology (1-3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Varies with topic (see Schedule of Classes).
Taught: Variable, check with department
Various topics in Computer Information Technology.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

CIT 396 Computer Information Technology Practicum (1-3 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): CIT major, junior standing and approval of instructor.
Taught: Variable, check with department
Students work on information technology projects and make use of project management techniques that allow them to apply academic knowledge to real world situations. Up to 3 hours can count toward the computer information technology major.
Repeatable: No

CIT 399 Independent Study (3 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): consent of instructor.
Taught: Variable, check with department
Directed study.
Repeatable: Yes
If Repeatable, Max. Credits: 6

CIT 430 Computer Forensics (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): (C- or better in CIT 480 only) OR (C- or better in CIT 371 and either CIT 285 or BIS 382).
Taught: Fall and spring
Computer and network forensics principles; incident response process; forensic duplication and analysis; reconstruction of computer activities; network-based evidence for intrusions; forensics tools.
Repeatable: No

CIT 436 Web Server Administration (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in INF 286 and CIT 371.
Taught: Fall and spring
Web server administration concepts; installing and configuring a web server; proxy server; name resolution; web server security and maintenance; server-side technologies and tools; monitoring and analyzing the web environment.
Repeatable: No

CIT 438 Cloud Computing (3 Credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CIT 371.
Taught: Variable-chck w/dept
An introduction to the concepts and technologies of cloud computing, including designing, operating, upgrading, and securing cloud systems. Concepts and technologies covered include server and network virtualization, load balancers, caches, service delivery, congestion management, monitoring, and capacity planning.
Repeatable: No

CIT 447 Network Design/Troubleshooting (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CIT 247.
Taught: Fall and spring
Network and transport protocols; switch and router configuration; network topologies, network design, and routing; VLANs; capacity planning and redundancy; routing protocols; wide-area networks; layer 2 and layer 3 troubleshooting; IPv4 and IPv6; network management and security.
Repeatable: No

CIT 451 Advanced Windows System Administration (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CIT 271.
Taught: Variable, check with department
Active directory configuration, network infrastructure configuration, application infrastructure configuration; specific topics include Active Directory and its security, Domain Name System, DHCP infrastructure, routing, remote access, advanced firewall and network access protection, IIS security, FTP, SMTP, Media Server.
Repeatable: No

CIT 465 Storage Administration (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CIT 371.
Taught: Variable, check with department
This course covers information storage and management, storage system environment, disks, RAID, logical volume management, storage networking fundamentals, direct attached storage, storage area networks, network attached storage, content addressed storage, storage virtualization, data backup and recovery.
Repeatable: No

CIT 470 Advanced Network and System Administration (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CIT 271, CIT 371 and CIT 383.
Taught: Fall and spring
Administering networks of computer systems as a team; user account management and LDAP; network file systems; e-mail servers; automated installs; help desk software and management; and data centers.
Repeatable: No

CIT 472 Database Administration (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in INF 282, CIT 271 and either CSC 260 or CIT 383.
Taught: Fall and spring
Database administration concepts; procedural extensions to SQL; installing and configuring a database server; creating and configuring database instances; user management and security; backup and monitoring activities.
Repeatable: No
CIT 480 Securing Computer Systems (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CIT 371.
Taught: Fall and spring
An introduction to the concepts and technologies of computer security, with a focus on the practical aspects of securing computers, including common security threats and computer crime, authentication, cryptography, malware, operating systems security, and network security. Not open to students who have completed or are taking CIT 285.
Repeatable: No

CIT 481 Cybersecurity Capstone (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in INF 282 and CIT 480, and one of STA 205 or STA 250.
Taught: Variable, check with department
Advanced security topics including system hardening; cloud security; information assurance architectures; secure network design; and penetration testing. Students will research an advanced topic of their choice in information security and write a research paper on that topic.
Repeatable: No

CIT 483 Scripting II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CIT 371 and CIT 383.
Taught: Fall only
Advanced programming in a dynamically typed language, including techniques such as passing blocks, dynamic dispatch, and domain specific languages. The class will apply these techniques to IT applications, including interfacing to network services and parsing complex data formats like HTML and XML.
Repeatable: No

CIT 484 Network Security (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Grade of C- or better in CIT 247 and CIT 285 or CIT 480.
Taught: Fall and spring
In-depth study of firewalls and intrusion detection/prevention systems; incident response; security protocols and VPNs; network server security; viruses and worms; wireless security; network security architecture and policy development.
Repeatable: No

CIT 485 Advanced Cybersecurity (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in either CIT 285 or CIT 480, and CIT 371.
Taught: Fall and spring
Advanced cybersecurity topics, including incident response, network security monitoring, and penetration testing. This class also covers ethical, policy, and legal issues related to cybersecurity.
Repeatable: No

CIT 494 Advanced Topics: Computer Information Technology (1-3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Varies with topic (see Schedule of Classes). Repeatable: No

CIT 499 Advanced Independent Study (1-3 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor. Taught: Variable, check with department
Various advanced topics in Computer Information Technology.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

CIT 500 Information Technology Fundamentals (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Consent of MSCIT director. Taught: Variable, check with department
Fundamentals of UNIX system administration, including use of the shell, users and groups, cron. Computer networking basics, including networking fundamentals, LAN switching, and IP routing.
Repeatable: No

CIT 501 Scripting (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Permission of MSCIT director. Taught: Variable, check with department
Introduction to programming in a scripting language, including applications to both system administration and web development.
Repeatable: No

CIT 530 Computer Forensics (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CIT 500 or consent of MSCIT director.
Taught: Fall and spring
Computer and network forensics principles; incident response process; forensic duplication and analysis; reconstruction of computer activities; network-based evidence for intrusions; forensics tools.
Repeatable: No

CIT 536 Web Server Administration (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CIT 500.
Prerequisite OR Co-requisite: CIT 501 or consent of MSCIT director.
Taught: Variable, check with department
Web server administration concepts; installing and configuring a web server, proxy server; name resolution; web server security and maintenance; server-side technologies and tools; monitoring and analyzing the web environment.
Repeatable: No

CIT 538 Cloud Computing (3 Credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CIT 500 and CIT 501 or consent of MSCIT director.
Taught: Variable, check with department
An introduction to the concepts and technologies of cloud computing, including designing, operating, upgrading, and securing cloud systems. Concepts and technologies covered include server and network virtualization, load balancers, caches, service delivery, configuration management, monitoring, and capacity planning.
Repeatable: No

CIT 547 Network Design/Troubleshooting (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CIT 500 or consent of MSCIT director.
Taught: Variable, check with department
Network and transport protocols; switch and router configuration; network topologies, network design, and routing; VLANs; capacity planning and redundancy; routing protocols; wide-area networks; layer 2 and layer 3 troubleshooting; IPv4 and IPv6; network management and security.
Repeatable: No

CIT 551 Advanced Windows System Administration (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CIT 500.
Taught: Variable, check with department
Active directory configuration, network infrastructure configuration, application infrastructure configuration; specific topics include Active Directory and its security, Domain Name System, DHCP infrastructure, routing, remote access, advanced firewall and network access protection, IIS security, FTP, SMTP, Media Server.
Repeatable: No

CIT 565 Storage Administration (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CIT 547 or consent of MSCIT director.
Prerequisite OR Co-requisite: CIT 501 or consent of MSCIT director.
Taught: Variable, check with department
An introduction to the concepts and technologies of cloud computing, including designing, operating, upgrading, and securing cloud systems. Concepts and technologies covered include server and network virtualization, load balancers, caches, service delivery, configuration management, monitoring, and capacity planning.
Repeatable: No
CIT 570 Advanced Network and System Administration (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CIT 501 and CIT 547 or consent of MSCIT director.
Taught: Variable, check with department.
Administrating networks of computer systems as a team; user account management and LDAP; network file systems; e-mail servers; automated installs; help desk software and management; and data centers.
Repeatable: No

CIT 572 Database Administration (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CIT 500.
Prerequisite OR Co-requisite: CIT 501 or consent of MSCIT director.
Taught: Variable, check with department.
Database administration concepts; procedural extensions to SQL; installing and configuring a database server; creating and configuring database instances; user management and security; backup and monitoring activities.
Repeatable: No

CIT 580 Securing Computer Systems (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CIT 500 or consent of MSCIT director.
Taught: Fall and spring.
An introduction to the concepts and technologies of computer security, with a focus on the practical aspects of securing computers, including common security threats and computer crime, authentication, cryptography, malware, operating systems security, and network security.
Repeatable: No

CIT 583 Scripting II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CIT 500 and CIT 501 or consent of the MSCIT director.
Taught: Fall only
Advanced programming in a dynamically typed language, including techniques such as passing blocks, dynamic dispatch, and domain specific languages. The class will apply these techniques to IT applications, including interfacing to network services and parsing complex data formats like HTML and XML.
Repeatable: No

CIT 584 Network Security (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CIT 500 or consent of MSCIT director.
Taught: Variable, check with department.
In-depth study of firewalls and intrusion detection/prevention systems; incident response; security protocols and VPNs; network server security; viruses and worms; wireless security; network security architecture and policy development.
Repeatable: No

CIT 594 Intermediate Graduate Topics: CIT (1-3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Varies with topic (see Schedule of Classes).
Taught: Variable, check with department.
Various intermediate graduate topics in Computer Information Technology. May be repeated for credit when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

CIT 596 CIT Practicum (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Consent of MSCIT director.
Taught: Variable, check with department.
Students will work on information technology projects and make use of project management techniques that allow them to apply academic knowledge to real world situations. Course does not count as a regular elective in the MSCIT program.
Repeatable: Yes
If Repeatable, Max. Credits: 6

CIT 599 Intermediate Independent Study (1-3 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Regular admission to MSCIT program and consent of instructor.
Taught: Variable, check with department.
Intermediate Independent Study.
Repeatable: Yes
If Repeatable, Max. Credits: 6

COMPUTER SCIENCE

CSC 199 Introductory Independent Study (1-3 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Consent of department.
Taught: Variable, check with department.
Introductory independent study in some computer science topic. Topic will vary by offering.
Repeatable: Yes
If Repeatable, Max. Credits: 6

CSC 260 Object-Oriented Programming I (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in MAT 109 (or higher) and INF 110 or INF 120 or placement.
Taught: Fall and spring.
Elementary object-oriented programming concepts and practice: types, decisions, loops, methods, arrays, classes; design and problem-solving. An intensive introduction intended for students with programming experience.
Repeatable: No

CSC 260L Object-Oriented Programming Laboratory (1 credit)
Hours: 0 classroom + 2 lab/studio
Co-requisite(s): CSC 260.
Taught: Fall and spring.
Laboratory to accompany CSC 260 in which students gain hands-on experience in programming and using programming tools such as debuggers.
Repeatable: No

CSC 270 Mathematics Software Programming (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in MAT 128 or MAT 129.
Taught: Fall and spring.
Programming and problem solving with a high-level mathematical software package; variables, control, modularity, processing of lists and vectors; recursion; visualization of functions; basic numerical and symbolic computation; simulation.
Repeatable: No

CSC 292 Research Experience in CSC (0 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Varies.
Taught: Variable, check with department.
Introduction to research in computer science by participation in a special project or research directed by an appropriate faculty member. Course intended for computer science majors interested in
CS research but not ready or able to enroll in more advanced research courses. Pass/fail grade only. Course may be repeated twice.

Repeatable: Yes
If Repeatable, Max. Credits: 0.5

**CSC 299 Directed Readings/Independent Study (1-3 credits)**

- **Hours:** 0 classroom + 0 lab/studio
- **Prerequisite(s):** Consent of instructor.
- **Taught:** Variable, check with department
- **Repeatable:** Yes
- **If Repeatable, Max. Credits:** 6

**CSC 301 Web Programming (3 credits)**

- **Hours:** 3 classroom + 0 lab/studio
- **Prerequisite(s):** C- or better in INF 282 and INF 286 and either CSC 260 or CIT 383.
- **Taught:** Spring only
- **Design of interactive web applications and web sites containing dynamic content; software design for web-based client-server applications and database interaction; client-side and server-side techniques; language-specific design issues.**
- **Repeatable:** No

**CSC 325 Introduction to Neural Networks and A.I. (3 credits)**

- **Hours:** 3 classroom + 0 lab/studio
- **Prerequisite(s):** C- or better in CSC 260 or BIO 370 or PSY 311, or consent of instructor.
- **Taught:** Variable, check with department
- **Survey of concepts in artificial neural networks for associative memory and learning; software simulations applied to sample problems; logic-based artificial intelligence; approximate reasoning; search concepts and problems; the limits of machine intelligence. Not open to students who have passed CSC 425.
- **Repeatable:** No

**CSC 360 Object-Oriented Programming II (3 credits)**

- **Hours:** 3 classroom + 0 lab/studio
- **Prerequisite(s):** C- or better in CSC 260 and B- or better in MAT 119 or C- or better in MAT 128 or C- or better in MAT 129 or placement.
- **Taught:** Fall and spring
- **Intermediate object-oriented programming concepts and practice: inheritance, basic graphical user interface elements; introduction to recursion; implementation of linked lists; use of basic container types.**
- **Repeatable:** No

**CSC 362 Computer Systems (3 credits)**

- **Hours:** 3 classroom + 0 lab/studio
- **Prerequisite(s):** C- or better in CSC 360.
- **Taught:** Fall and spring
- **ANSI C, pointers, pointer arithmetic; dynamic memory allocation; introduction to instruction sets, registers, addressing modes and assembly language; binary representations and bit manipulations; computer organization concepts.**
- **Repeatable:** No

**CSC 364 Data Structures and Algorithms (3 credits)**

- **Hours:** 3 classroom + 0 lab/studio
- **Prerequisite(s):** C- or better in CSC 360.
- **Taught:** Fall and spring
- **Analysis and efficient implementation of container types such as stacks, queues, hash tables, search trees, and graphs; sorting algorithms.**
- **Repeatable:** No

**CSC 394 Intermediate Topics: Computer Science (1-3 credits)**

- **Hours:** 3 classroom + 0 lab/studio
- **Prerequisite(s):** Varies with topic (see Schedule of Classes).
- **Taught:** Variable, check with department
- **Various topics in computer science.**
- **Repeatable:** Yes
- **If Repeatable, Max. Credits:** No Limit

**CSC 396 Computer Science Practicum (1-3 credits)**

- **Hours:** 0 classroom + 0 lab/studio
- **Prerequisite(s):** CSC major, junior standing and consent of department.
- **Taught:** Variable, check with department
- **Students work on real-world software engineering projects whether through a work environment or with guidance of a computer science faculty member. Up to 3 hours can count toward the computer science major.**
- **Repeatable:** Yes
- **If Repeatable, Max. Credits:** 3

**CSC 399 Intermediate Directed Readings and Independent Study: Computer Science (1-3 credits)**

- **Hours:** 0 classroom + 0 lab/studio
- **Prerequisite(s):** consent of instructor.
- **Taught:** Variable, check with department
- **Repeatable:** Yes
- **If Repeatable, Max. Credits:** 6

**CSC 402 Advanced Programming Methods (3 credits)**

- **Hours:** 3 classroom + 0 lab/studio
- **Prerequisite(s):** C- or better in CSC 362 and CSC 364.
- **Taught:** Fall and spring
- **High-performance OOP and generic programming in C++; concurrent and distributed programming; STL; multi-paradigm design patterns; extensive practice with sophisticated programming projects.**
- **Repeatable:** No

**CSC 407 Concepts of Programming Languages (3 credits)**

- **Hours:** 3 classroom + 0 lab/studio
- **Prerequisite(s):** C- or better in CSC 362.
- **Taught:** Variable, check with department
- **History of high-level languages; grammars and the compilation process; axiomatic semantics; language design and implementation issues; procedural, object-oriented, functional, and logic programming paradigms; case studies in important contemporary languages.**
- **Repeatable:** No

**CSC 415 Android Mobile App Development (3 credits)**

- **Hours:** 3 classroom + 0 lab/studio
- **Prerequisite(s):** C- or better in CSC 362 or CSC 364.
- **Taught:** Variable, check with department
- **Introduces, explores and reinforces the Android app development language, environment and software development kit; examination of mobile applications and data sources; leveraging GUIs; examination of Android onboard sensors and hardware.**
- **Repeatable:** No

**CSC 416 iOS Mobile App Development (3 credits)**

- **Hours:** 3 classroom + 0 lab/studio
- **Prerequisite(s):** C- or better in CSC 362 or CSC 364.
- **Taught:** Variable, check with department
- **Introduces, explores and reinforces the iOS app development language for iPhones, environment and software development kit; examination of mobile applications and data sources; leveraging GUIs; examination of iPhone onboard sensors and hardware.**
- **Repeatable:** No

**CSC 425 Artificial Intelligence (3 credits)**

- **Hours:** 3 classroom + 0 lab/studio
- **Prerequisite(s):** C- or better in CSC 364.
- **Taught:** Variable, check with department
- **Concepts and techniques of artificial intelligence; heuristic search, expert systems, AI languages, natural language processing, and elementary neural networks.**
- **Repeatable:** No

**CSC 433 Computer Networks (3 credits)**

- **Hours:** 3 classroom + 0 lab/studio
- **Prerequisite(s):** C- or better in CSC 362 and INF 284.
Taught: Variable, check with department
Repeatable: No

**CSC 439 Software Testing and Maintenance (3 credits)**

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CSC 364 and senior standing.
Taught: Fall and spring
Techniques in computer software implementation, testing, configuration management and maintenance. Testing and maintenance of a large-scale software project by students working in teams.
Repeatable: No

**CSC 440 Software Engineering (3 credits)**

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CSC 402, CSC 439 and senior standing.
Taught: Fall and spring
Techniques in computer software specification, design, implementation, testing, documentation, and maintenance; development of a large-scale software project by students working in teams.
Repeatable: No

**CSC 450 Database Management Systems (3 credits)**

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CSC 360 and INF 282.
Taught: Fall only - odd years
Design and implementation of relational database applications; implementation of various parts of a relational database management system; Structured Query Language, entity-relationship model, normal forms, concurrency control, crash recovery, indexing, evaluation of relational operators, relational query optimization.
Repeatable: N

**CSC 456 Advanced Web Application Development (3 credits)**

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CSC 301 and CSC 360.
Taught: Variable, check with department
Advanced technologies for developing web applications for business and industry. Focus on the design and development of scalable, robust, and extensible web applications; different frameworks for developing web applications and the software build process. Web component design and programming, data access, product packaging, and application deployment.
Repeatable: No

**CSC 460 Operating Systems (3 credits)**

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CSC 362 and CSC 364.
Taught: Spring only
Internal structures and algorithms for file systems, I/O, memory management and process scheduling; examples drawn from contemporary operating systems such as UNIX and Windows NT.
Repeatable: No

**CSC 462 Computer Architecture (3 credits)**

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CSC 362.
Taught: Variable, check with department
Implementation of control unit and arithmetic-logic unit; microprocessor organization and design, main memory and cache organizations, I/O subsystem; RISC vs. CISC instruction sets, pipelining, parallel processing; mechanisms for evaluating computer architectures and microprocessor performance.
Repeatable: No

**CSC 464 Design and Analysis of Algorithms (3 credits)**

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CSC 364 and MAT 385.
Taught: Variable, check with department
Proofs of time and space bounds on important algorithms; advanced algorithms on graphs, sequences and sets; divide-and-conquer and dynamic programming; randomized algorithms; parallel algorithms.
Repeatable: No

**CSC 480 Computer Graphics (3 credits)**

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CSC 364 and MAT 385.
Taught: Variable, check with department
Real-time graphics programming using a contemporary 3D API; affine and projective transformations; illumination and shading algorithms; representation and rendering of meshes; 3D picking; clipping and frame-buffer techniques; object-oriented scene graphics.
Repeatable: No

**CSC 482 Computer Security (3 credits)**

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in CSC 362.
Taught: Variable, check with department
Theory and algorithms of computer security, including security policies, access control, secure programming, identity and authentication, information flow, and information assurance techniques.
Repeatable: No

**CSC 483 Cryptology (3 credits)**

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in MAT 234 or CSC 362 or CSC 364.
Taught: Variable, check with department
Cryptology of classical ciphers, mathematical foundations of cryptography, Hill cipher, DES and AES, cryptography of public key cryptosystems.
Repeatable: No

**CSC 485 Theory of Computation (3 credits)**

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in MAT 385.
Taught: Fall only
Regular and context-free grammars; Turing machines; recursive and recursively enumerable languages; uncomputability; the Chomsky hierarchy; complexity classes such as P, NP, and NP-complete.
Repeatable: No

**CSC 491 Comprehensive Examination (0 credits)**

Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Senior standing. Recommended that students take this course during their last semester.
Taught: Variable, check w/ department
National computer science examination and departmental survey. Note that this is a pass/fail course; students will only be graded on whether they took the exam and submitted the survey.
Repeatable: No

**CSC 493 Research Seminar in Computer Science (1-3 credits)**

Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): C- better in MAT 385 and CSC 364, and consent of instructor.
Taught: Variable, check with department
Examination and presentation of contemporary research work in computer science.
Repeatable: Yes
If Repeatable, Max. Credits: 6

**CSC 494 Advanced Topics: Computer Science (1-3 credits)**

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Varies with topic (see Schedule of Classes)
Taught: Variable, check with department
Various advanced topics in computer science.
CSC 499 Advanced Directed
Readings/Independent Study (1-3 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

CSC 500 Object-Oriented Programming (3 Credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): EDG 602 or consent of MSCS program director.
Taught: Variable, check with department
Repeatable: No

CSC 501 Data Structures and Computer Systems (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): CSC 500 or consent of MSCS program director.
Taught: Variable, check with department
Analysis and efficient implementation of container types such as stacks, queues, hash tables and search trees; sorting algorithms; computer organization concepts including binary representations and arithmetic, digital circuits, the CPU, memory and I/O system.
Repeatable: No

CSC 502 Advanced Programming Methods (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CSC 501 or consent of MSCS program director.
Taught: Variable, check with department
High-performance OO and generic programming in C++; concurrent and distributed programming; STL; multi-paradigm design patterns; extensive practice with sophisticated programming projects.
Repeatable: No

CSC 507 Concepts of Programming Languages (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CSC 501 or consent of MSCS program director.
Taught: Variable, check with department
History of high-level languages; grammars and the compilation process; axiomatic semantics; language design and implementation issues; procedural, object-oriented, functional, and logic programming paradigms; case studies in important contemporary languages.
Repeatable: No

CSC 515 Android Mobile App Development (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CSC 501 or consent of MSCS program director.
Taught: Spring only
Introduces, explores and reinforces the Android app development language, environment and software development kit; examination of mobile applications and data sources; leveraging GUIs; examination of Android onboard sensors and hardware.
Repeatable: No

CSC 516 iOS Mobile App Development (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CSC 501 or consent of MSCS program director.
Taught: Spring only
Introduces, explores and reinforces the iOS app development language for iPhones, environment and software development kit; examination of mobile applications and data sources; leveraging GUIs; examination of iPhone onboard sensors and hardware.
Repeatable: No

CSC 525 Artificial Intelligence (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CSC 501 or consent of MSCS program director.
Taught: Variable, check with department
Concepts and techniques of artificial intelligence; heuristic search, expert systems, AI languages, natural language processing, and elementary neural networks.
Repeatable: No

CSC 533 Computer Networks (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CSC 501 or consent of MSCS program director.
Taught: Variable, check with department
Repeatable: No

CSC 539 Software Testing and Maintenance (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CSC 501 or consent of MSCS program director.
Taught: Fall only
Techniques in computer software implementation, testing, configuration management and maintenance. Testing and maintenance of a large-scale software project by students working in teams.
Repeatable: No

CSC 540 Software Engineering (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CSC 502 or consent of MSCS program director.
Taught: Spring only
Techniques in computer software specification, design, implementation, testing, documentation, and maintenance; development of large-scale project by students working in teams.
Repeatable: No

CSC 550 Database Management Systems (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CSC 501 or consent of MSCS program director.
Taught: Variable, check with department
Database design, normal forms, concurrent processing, recovery, security, relational model, Structured Query Language, hierarchical and network models.
Repeatable: No

CSC 556 Advanced Web Application Development (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CSC 500 or consent of MSCS program director.
Taught: Variable, check with department
Advanced technologies for developing web applications for business and industry. Focus on the design and development of scalable, robust, and extensible web applications; different frameworks for developing web applications and the software build process. Web component design and programming, data access, product packaging, and application deployment.
Repeatable: No

CSC 560 Operating Systems (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CSC 501 or consent of MSCS program director.
Taught: Spring only
Internal structures and algorithms for file systems,
I/O memory management and process scheduling; examples drawn from contemporary operating systems such as Unix and Windows.

Repeatable: No

CSC 562 Computer Architecture (3 credits)

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CSC 501 or consent of MSCS program director.
Taught: Variable, check with department
Implementation of control unit and arithmetic-logic unit, microprocessor organization and design, main memory and cache organizations, I/O subsystem; RISC vs. CISC instruction sets, pipelining, parallel processing; mechanisms for evaluating computer architectures and microprocessor performance.

Repeatable: No

CSC 564 Design and Analysis of Algorithms (3 credits)

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Regular admission to MSCS program.
Taught: Variable, check with department
Proofs of time and space bounds on important algorithms; advanced algorithms on graphs, sequences and sets; divide-and-conquer and dynamic programming; randomized algorithms; parallel algorithms.

Repeatable: No

CSC 580 Computer Graphics (3 credits)

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CSC 501 and MAT 234 or equivalent, or consent of MSCS program director.
Taught: Variable, check with department
Real-time graphics programming using a contemporary 3D API; affine and projective transformations; illumination and shading algorithms; representation and rendering of meshes; 3D picking; clipping and frame-buffer techniques; object-oriented scene graphs.

Repeatable: No

CSC 582 Computer Security (3 credits)

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CSC 502 or consent of MSCS program director.
Taught: Variable, check with department
Theory and algorithms of computer security, including security policies, access control, secure programming, identity and authentication, information flow, and information assurance techniques.

Repeatable: No

CSC 584 Cryptography (3 credits)

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Cryptology of classical ciphers, DES and AES, public key cryptosystems, authentication and cryptographic hash functions.

Repeatable: No

CSC 585 Theory of Computation (3 credits)

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Regular admission to MSCS program.
Taught: Fall only
Regular and context-free grammars; Turing machines; recursive and recursively enumerable languages; uncomputability; the Chomsky hierarchy; complexity classes such as P, NP, and NP-complete.

Repeatable: No

CSC 589 Intermediate Independent Study (1-3 credits)

Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Regular admission to MSCS program, consent of instructor.
Taught: Variable, check with department
Intermediate Independent Study.

Repeatable: Yes
If Repeatable, Max. Credits: 6

CONSTRUCTION MANAGEMENT

CMGT 101 Introduction to Construction Management (3 credits)

Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
A general survey of the construction industry with its three major segments (Residential, Commercial, and Heavy/Civil.) This class provides an introduction to careers in the construction industry with an emphasis on the project phases, project participants and their interaction, and the importance of the construction industry to the US and global economies.

Repeatable: No

CMGT 120 Construction Materials and Methods I (3 credits)

Hours: 3 classroom + 0 lab/studio
Prerequisite OR Co-requisite: CMGT 101.
Taught: Fall and spring
Properties, characteristics, and methods of installation of major construction materials used in the skeleton and shell construction of modern buildings including concrete, asphalt, structural steel, and masonry (Bricks and blocks). Physical and operational properties of these materials are to be investigated including their behavior under loading and their stress/strain performance.

Repeatable: No

CMGT 121 Construction Materials and Methods II (3 credits)

Hours: 2 classroom + 2 lab/studio
Prerequisite OR Co-requisite: CMGT 101 and CMGT 120.
Taught: Fall and spring
Properties, characteristics, methods and practices involved in the finishing of building construction including wood construction, roofing and cladding, thermal and moisture protection, glazing, interior partitions, doors and windows, flooring, and wall and ceiling covering. Applications of these materials to residential and commercial construction will be investigated.

Repeatable: No

CMGT 122 Architectural Design and Drafting (2 credits)

Hours: 1 classroom + 2 lab/studio
Prerequisite(s): CMGT 101.
Taught: Fall and spring
Techniques and procedures used in designing and drafting working drawings for residential structures.

Repeatable: No

CMGT 220 Construction Layout (3 credits)

Hours: 2 classroom + 2 lab/studio
Prerequisite(s): CMGT 101 and MAT 119.
Taught: Fall and spring
Procedures involved in the proper operation and care of traditional and modern surveying equipment and instruments. Students learn about accurate generation, interpretation, and presentation of surveying data through lab reports and layout plans.

Repeatable: No

CMGT 222 Architectural Drafting and CAD (3 credits)

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMGT 121.
Taught: Fall and spring
CMGT 225 Construction Safety (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMGT 121.
Taught: Fall and spring
Maintaining and operating a safe work environment on construction sites through the understanding and application of the OSHA standards as represented in the 29 CFR 1926. Students learn about hazard identification and mitigation through a properly designed safety program including recording and reporting of construction accidents.
Repeatable: No

CMGT 228 Soil and Foundation Interaction (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMGT 121, MAT 119, GLY 120, and GLY 120L.
Taught: Fall and spring
Understanding the physical and operational properties of different soils including visual identification and inspection, and lab testing. Students learn about soil classifications and structural performance under different types of loads, the interaction between different soil types, and proper selection of the suitable type of foundation.
Repeatable: No

CMGT 300 Cooperative Education (0 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): CMGT 222 and CMGT 225.
Taught: Fall, spring, and summer
A cooperative education program provides students an opportunity to apply the knowledge and skills they are learning in the classroom to an employment position in business or industry. This type of work experience is valuable to students for many reasons. It allows students to (1) test and refine career plans and interests; (2) gain experience in their field of specialty before they begin searching for a permanent position; and (3) build a network of professional contacts from which they may draw technical and employment information. A co-op experience can also be financially rewarding. The cooperative education program referred to in this handbook includes all co-op positions in the Department of Construction Management. Please be sure to read this syllabus and address all concerns or questions to the Department of Construction Management.
Repeatable: Yes
If Repeatable, Max. Credits: 2

CMGT 301 Cooperative Construction Management (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMGT 222, CMGT 225, and department consent.
Taught: Fall, spring, and summer
Supervised, objective-based work experience related to the construction management major. This experience is to be coordinated by faculty, employer, coop coordinator, and student. Minimum of 20 hours on the job per week (300 hours per semester) are required of every student. Open to all students majoring in construction management. Applications are to be made to the Department of Construction Management.
Repeatable: Yes
If Repeatable, Max. Credits: 9

CMGT 303 Construction Contracts, Documents, and Administration (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite OR Co-requisite: CMGT 301.
Taught: Fall and spring
Review of the project life cycle during its phases of development including different project parties and their interaction. Students learn about project delivery methods and their applicability to a variety of project structuring and teaming agreements. Students are exposed to project scope coordination and verification through a thorough review of the project documents including drawings, specifications, and regulatory requirements including insurance and bonding, as well as bidding procedures and contract termination.
Repeatable: No

CMGT 305 Mechanical Systems for Construction (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMGT 222.
Taught: Fall and spring
A review of the fundamental principles and materials of plumbing, heating, ventilating and air conditioning systems. Students will be exposed to the selection and sizing of different types of piping and HVAC equipment, including calculations of quantities from drawings and rules of thumb for sizing, capacities, and volumes.
Repeatable: No

CMGT 306 Electrical Systems for Construction (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMGT 222.
Taught: Fall and spring
A review of the fundamental principles and materials for electrical work including, lighting, low voltage, and power supply for building construction. Students will be exposed to the selection and installation of electrical components including conduits, light fixtures, power, fire alarm, communications, and low voltage networks.
Repeatable: No

CMGT 320 Construction Estimating (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMGT 303.
Prerequisite OR Co-requisite: CMGT 305 and CMGT 306.
Taught: Fall and spring
Interpretation of Construction drawings and specifications, quantity take-off, types of estimates and their uses, estimating direct and indirect job costs, impact of project delivery system on cost and price, and introduction to bidding strategies. Computer applications in construction estimating.
Repeatable: No

CMGT 322 Structural Analysis (3 credits)
Hours: 2 classroom + 2 lab/studio
Prerequisite(s): CMGT 228 and CMGT 301.
Taught: Fall only
Providing stability for structural components used for determine temporary load support systems, bracing, shoring/reshoring, and other determine construction load circumstances. Topics include equilibrium, stability/instability, free body diagrams, the calculation of loads resulting in compressive and tensile forces on elements used to support temporary load conditions; assessment of the strength of components to resist such loads; analysis of components' behavior under varying load conditions, basic design considerations of common temporary construction structures such as formwork, bracing of vertical elements, and retaining walls. Treatment of load path for statically determinate structures will also be introduced in this course.
Repeatable: No

CMGT 323 Land Planning and Development (3 credits)
Hours: 2 classroom + 2 lab/studio
Prerequisite(s): CMGT 220, CMGT 222 and CMGT 303.
Taught: Spring only
Practices in land planning and subdivision development. Topics include subsurface utility system planning, environmental protection and controls, project financing and marketing. Repeatable: No

CMGT 324 Construction Scheduling (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMGT 320 and CMGT 329.
Taught: Spring only
Applications of time management in construction projects including project planning and scheduling techniques. Topics include development of bar charts, critical path method (CPM), resource allocation, probabilistic scheduling, schedule updating, cash flow baseline, time-cost tradeoff, linear project scheduling, and computer applications in schedule development and control. Repeatable: No

CMGT 329 Construction Equipment (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMGT 322.
Prerequisite OR Co-requisite: CMGT 303 and CMGT 322.
Taught: Variable, check with department
Investigation of issues related to the functions and use of construction equipment. Topics related to productivity calculation and improvement, sizing and cycle times, coordination and mixing and matching. Topics also include equipment costing issues and economic considerations on buying, leasing, and/or renting construction equipment. Applications to earthwork operations, concrete mixing and placement, lifting, and piling equipment. Application to civil design and earth structures. Repeatable: No

CMGT 383 Advanced Technical Study (3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): CMGT 222.
Taught: Variable, check with department
Participation in an employer based technical study program, in a technical seminar, or in a company based practicum. Supervision arranged by the instructor and the agency sponsoring the program. Application must be made with instructor in semester preceding experience. Forty hours of work for each semester hour. Repeatable: No

CMGT 399 Independent Study in Construction Management (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Consent of department chair.
Taught: Variable, check with department
For advanced students seeking to study selected problems. Repeatable: No

CMGT 400 Building Codes (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMGT 303.
Taught: Fall only
Understanding the use and applications of the building codes for Residential Construction and Commercial Construction. Repeatable: No

CMGT 415 Construction Management (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMGT 324.
Taught: Fall and spring
Principles of Project management and administration applied to construction projects. Integrating the triple constraint (Time, Cost, and Quality) together with other project management functions (Scope, Risk, Communication, Procurement, Human Resources) in a comprehensive project management plan. Topics include computer applications in project administration. Repeatable: No

CMGT 420 Construction Cost Control (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMGT 324.
Taught: Fall and spring
A study of project costing elements and their relationship with other project characteristics (Time and Quantity). Applications of Value Engineering in Construction. Investigation of the effect of construction methods on project cost. Project cash flow projections and project financing. Major emphasis on project cost allocation, reporting, tracking, and control for labor, material, equipment, subcontractors, as well as job and general overheads. Repeatable: No

CMGT 425 Sustainable Construction (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Introduction to sustainability principles and their impact on construction projects. Investigation of techniques for selection of sustainable sites, water efficiency, energy consumption and its effect on the atmosphere, materials and resources for sustainable development, indoor environmental quality, and innovation in design. Survey of sustainability scoring systems. Repeatable: No

CMGT 426 Heavy Construction Techniques and Analysis (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMGT 220, CMGT 222, and CMGT 303.
Taught: Variable, check with department
Latest Concepts, procedures, and techniques used in analyzing the processes of heavy construction. Repeatable: No

CMGT 427 Construction Law and Legal Contracts (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMGT 303.
Taught: Fall and spring
Contract law principles, mechanics liens, tort law, labor and employment law, insurance and suretyship, arbitration, and contract license law. Repeatable: No
CMGT 428 Virtual Construction (3 Credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMGT 222.
Prerequisite OR Co-requisite: CMGT 324.
Taught: Variable-chck w/dept
The building industry is rapidly adopting Virtual Design and Construction (VDC) and Building Information Models (BIM) throughout the project process: design, construction, and facilities management. VDC and BIM is increasingly becoming an umbrella term for a variety of software tools, design methods, and construction processes that allow for more automation, communication and integration between project participants. This course reflects on emerging technologies in the context of Project Management and Integrated Delivery, and includes modeling, visualization, 3D clash detection, digital site layout, 4D modeling, as-built model generation, and digital information management. This course will first introduce basic VDC and BIM concepts and review industry examples of how these concepts play out on design and construction projects. We also introduce basic modeling techniques. Building on the modeling skills, we will explore how visualization and information technologies, (3D/4D/BIM and integrated databases) support project planning and execution by creating a 4D model.
Repeatable: No

CMGT 429 Civil Design (3 credits)
Hours: 2 classroom + 2 lab/studio
Prerequisite(s): CMGT 329.
Taught: Fall and spring
Concepts, techniques and procedures involved in managing heavy construction and civil work projects. Emphasis on Highway construction estimating, linear project scheduling, underground utilities layout, retention and detention structures, and traffic control and management.
Repeatable: No

CMGT 430 Design Build (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMGT 320 and CMGT 328.
Taught: Spring only
Major commercial/industrial contractors and their customers want building on a fast track. The design of the building is taking place as the building as being built. Construction design techniques and procedures of fast track building.
Repeatable: No

CMGT 431 Capstone Project: Residential and Commercial Construction (3 credits)
Hours: 2 classroom + 2 lab/studio
Prerequisite(s): CMGT 324.
Prerequisite OR Co-requisite: CMGT 420.
Taught: Spring only
Developing a comprehensive project management response to a Request for Proposals related to developing a residential development or a commercial construction project. Production of project documents including estimates, schedules, and other documents including quality, safety, risk, site utilization, constructability, and sustainability plans.
Repeatable: No

CMGT 494 Seminar: Construction Management (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMGT 222.
Taught: Variable, check with department
Readings and discussion of critical questions.
Topics vary according to interests and needs of students.
Repeatable: Yes
If Repeatable, Max. Credits: 6

COOPERATIVE EDUCATION

CEP 101 Career Development (2 credits)
Hours: 2 classroom + 2 lab/studio
Prerequisite(s): Completion of one semester of college coursework.
Taught: Fall and spring
Comprehensive overview of the career planning process; techniques of self assessment and career exploration; skills of decision making and job search.
Repeatable: No

CEP 300 Cooperative Education (1-3 credits)
Hours: 0 classroom + variable lab/studio
Taught: Fall, spring, and summer
Supervised work experience relating to a student’s academic major; employment learning experience planned, supervised, and coordinated by employer, faculty coordinator, and a member of the Career Services staff. Cooperative Education is open to most majors on campus. Students must complete an informational session in the Career Services prior to enrollment. Academic credits are awarded for the cooperative work experience on a variable scale.
Repeatable: Yes
If Repeatable, Max. Credits: 12

COUNSELING

COU 545 Children and Families in Health Care (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior or graduate standing.
Taught: Variable, check with department
This course introduces the theory and practice of Child Life, demonstrating how child life specialists provide emotional care and meet the developmental needs of pediatric patients and their families.
Repeatable: No

COU 575 Mindfulness and Contemplative Practices (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior or graduate standing.
Taught: Variable, check with department
This course invites students to explore mindfulness and contemplative practices.
Research indicates these practices can benefit individuals in the helping professions by strengthening concentration and insight as well enhancing empathy and compassion. These practices have the potential to prevent burnout and foster resilience for professionals whose daily work involves emotional engagement and caring.
Repeatable: No

COU 580 Research Tools in Counseling (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Research, technology, and communication competencies required for graduate-level coursework in counselor education: use of library resources for researching the counseling literature; written communication using APA style; basic data analysis and interpretation; computer competencies expected for incoming counseling students.
Repeatable: No

COU 594 Special Topics in Counseling (1-6 credits)
Hours: 1-6 classroom + 0 lab/studio
Prerequisite(s): Junior or graduate standing.
Taught: Variable, check with department
In-depth study of contemporary topics in counseling. Topic listed in Schedule of Classes; May be repeated for credit when topics differ.
Repeatable: Yes
If Repeatable, Max. Credits: 18
CRIMINAL JUSTICE

JUS 101 Introduction to Criminal Justice - SB (3 credits)

Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring

This course provides an overview of the criminal justice system; organization and operation of police, courts, and corrections; race, ethnicity, gender, and criminal justice decision-making; current trends and future prospects.

Repeatable: No
General Education Credit: Individual and Society

JUS 200 Police in America (3 credits)

Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring

Philosophy and history of law enforcement; crime and police problems; organization and jurisdiction of local, state, and federal law enforcement agencies; professional career opportunities and qualifications.

Repeatable: No

JUS 201 Corrections in America (3 credits)

Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring

An interdisciplinary examination of all areas of corrections in the United States informed by law, psychology, sociology, and public policy. Topics explored include history and philosophy of punishment, prisons and jails, institution programming, management of various offender populations, incarceration trends, intermediate sanctions, and parole.

Repeatable: No

JUS 203 The Criminal Court Systems (3 credits)

Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring

Analysis of the American courts; structure, functions, and roles of incumbents in the courts; emphasis on political and economic contexts within which the court works. Includes survey of research on American legal system.

Repeatable: No

JUS 204 Criminal Investigation (3 credits)

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): JUS 101.
Taught: Fall and spring

Kinds, degrees, and admissibility of evidence; collection and handling of evidence; introduction to forensics and criminalistics; application of investigative techniques to specific offenses; types of investigations such as wire tapping, undercover, and sting operations; current trends and future prospects.

Repeatable: No

JUS 210 Legal Research (3 credits)

Hours: 3 classroom + 0 lab/studio
Taught: Fall only

Methods of research in establishing authoritative legal opinion and the processing of legal activities.

Repeatable: No

JUS 231 Race, Gender and Crime - AH (3 credits)

Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring

Political formulation of race and gender; race and gender issues related to criminality, victimization, prosecution, adjudication, sanctions, and employment within the legal system; antecedents of contemporary practice; prospects for change.

Repeatable: No

JUS 294 Topics: Justice Studies (3 credits)

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): JUS 101.
Taught: Variable, check with department

Intensive study of a specific or special issue in law enforcement or criminal justice conducted in a seminar fashion or through independent study. Topics vary as new issues arise.

Repeatable: Yes
If Repeatable, Max. Credits: No Limit

JUS 300 Juvenile Justice (3 credits)

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): JUS 101.
Taught: Fall and spring

Structure and format of the juvenile justice system; police, courts, and corrections; analysis and description of the organizational structure of each of the subsystems of the justice process; introduction to juvenile justice research findings.

Repeatable: No

JUS 301 Ethics in Criminal Justice (3 credits)

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): JUS 101 and sophomore standing.
Taught: Fall and spring

Examines the concepts of morality and law and their relationships especially the ethical underpinnings of justice and the law. Analyzes the nature of ethics as it bears on social problems and the law, including philosophical analysis and theories of ethics and are encouraged to view society and the law philosophically.

Repeatable: No

JUS 302 Criminal Law (3 credits)

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): JUS 101 and sophomore standing.
Taught: Fall only

Major crimes; classification, elements of proof, intent, conspiracy, responsibility, parties, and defenses; common law and adaptations.

Repeatable: No

JUS 303 Criminal Procedure (3 credits)

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): JUS 101 and sophomore standing.
Taught: Spring only

Leading constitutional cases on criminal justice; Fourth, Fifth, and Sixth amendments to the Federal Constitution; nature and application of the Bill of Rights to the states; search and seizure, confessions and admissions, and right to counsel and speedy trial.

Repeatable: No

JUS 310 Police Management (3 credits)

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): JUS 101 and sophomore standing.
Taught: Fall only

Organization and administration as applied to operational services, patrol, criminal investigation intelligence and vice units, juvenile units, and traffic administration.

Repeatable: No

JUS 311 Police in the Community (3 credits)

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): JUS 101 and sophomore standing.
Taught: Spring only

Collaboration between police and community to identify and solve community crime problems; strategies and procedures to incorporate community opinion into policing and management; methods of increasing community responsibility in law enforcement.

Repeatable: No

JUS 312 Institutional Corrections (3 credits)

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): JUS 101 and sophomore standing.
Taught: Fall only

Legal requirements, management issues, and proper procedures in administering correctional operations in the U.S.

Repeatable: No

JUS 313 Rights of the Convicted (3 credits)

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): JUS 101 and sophomore standing.
Taught: Fall only

Overview of the American correctional system; law of sentencing; corrections; constitutional
rights of prisoners; laws, cases, significant changes in judicial policy toward prison litigation; legislative trends toward curtailment of prisoner’s rights and benefits.  
Repeatable: No

**JUS 315 Criminal Justice Research Methods (3 credits)**

Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): JUS 101, STA 205, and sophomore standing.  
Taught: Fall and spring  
Application of basic research methodologies for criminal justice. Topics include research design, sampling, validity, reliability, experimental designs, with a primary emphasis on survey and evaluation research techniques.  
Repeatable: No

**JUS 317 Perspectives on Crime (3 credits)**

Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): JUS 101, STA 205, and sophomore standing.  
Taught: Fall and spring  
A multidisciplinary approach to understanding the theories, issues and traditions underlying criminal justice and criminal behavior, biological, psychological, economic, and sociological theories of crime; crime measurement.  
Repeatable: No

**JUS 319 Criminal Justice in Film (3 credits)**

Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): JUS 101 and sophomore standing.  
Taught: Variable, check with department  
The media play important roles in shaping public perceptions of criminals and criminal justice professionals as well as public attitudes towards crime, violence, and "appropriate" methods of social control. This course is intended to enhance awareness and understanding of accurate and inaccurate filmic depictions of criminal justice.  
Repeatable: No

**JUS 320 Advanced Crime Scene Technology and Criminalistics (3 credits)**

Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): JUS 101 and sophomore standing.  
Taught: Fall only  
Advanced criminal investigation techniques focusing on criminal profiling, DNA, forensic aspects of firearms examination, arson and explosives, illicit drugs and toxicology. Investigating violent deaths, sexual crimes and ritualistic crimes including autopsy/coroner investigations. Bloodstain pattern interpretation, forensic pathology and forensic psychology will also be addressed.  
Repeatable: No

**JUS 322 Drugs and Crime (3 credits)**

Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): JUS 101 and sophomore standing.  
Taught: Spring only  
Examination of the interaction between drug abuse and the criminal justice system; drug pharmacology, drug laws, the roles of police, the international war on drugs, and American public policy regarding interdiction of drugs in producing countries.  
Repeatable: No

**JUS 333 Careers in Criminal Justice (3 credits)**

Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): JUS 101 and sophomore standing.  
Taught: Variable, check with department  
Overview of various career options and career planning in criminal justice.  
Repeatable: No

**JUS 351 Financial Investigations (3 credits)**

Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): JUS 101 and sophomore standing.  
Taught: Spring only  
An examination of the history, scope, and method of control of organized and white collar crime. Cultural and social implications are explored.  
Repeatable: No

**JUS 395 Criminal Justice: Study Abroad (1-15 credits)**

Hours: 1-15 classroom + 0 lab/studio  
Taught: Spring only  
This course will explore the history, philosophy, and current practices of criminal justice in the other countries. Students will gain an appreciation and understanding of the history and administration of criminal justice in a global context. Including but not limited to, transnational crime, law enforcement, judiciary, and correctional options in the country of study. The course may include face to face and/or online classroom engagement and a mandatory study abroad component. The study abroad component may include travels to the United Kingdom, Europe, Africa, and Central or South America. Program permission is required. May be repeated for credit when topics vary.  
Repeatable: Yes  
If Repeatable, Max. Credits: 15

**JUS 402 Alternatives to Incarceration (3 credits)**

Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): JUS 101 and sophomore standing.  
Taught: Fall only  
A multidisciplinary approach to studying alternatives to incarceration. The history of probation, parole, and the emergence of intermediate sanctions are explored. Topics include boot camps, electronic monitoring, drug courts, halfway houses, intensive supervision. Finally, empirical research evaluating the effectiveness of these alternatives will be discussed.  
Repeatable: No

**JUS 403 Crime and Public Policy (3 credits)**

Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): JUS 101 and sophomore standing.  
Taught: Spring only  
Crime as a political issue, political ideology and response to crime, lawbreaking as political protest and political violence; political trials; legislation or morality.  
Repeatable: No

**JUS 404 Evidence Preparation and Courtroom Testimony (3 credits)**

Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): JUS 101 and sophomore standing.  
Taught: Spring only  
Criminal justice professional’s role in collection, analysis, and preparation of evidence for criminal trials and hearings; establishing witness credibility in hearings, trials, depositions; knowledge of federal and state laws, and court decisions governing expert witness status; presenting evidence and testimony at criminal hearings.  
Repeatable: No

**JUS 405 Crime Prevention (3 credits)**

Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): JUS 101 and sophomore standing.  
Taught: Fall only  
This course overviews methods of crime prevention (approaches outside the confines of the CJ System) theory and research related to neighborhood, school, and other situational efforts of crime prevention are explored providing an understanding of the objectives and effectiveness of various crime prevention strategies.  
Repeatable: No

**JUS 406 Terrorism and Homeland Security (3 Credits)**

Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): JUS 101 and junior standing.  
Taught: Spring only
Foundations of global terrorism, terrorist organizations, counterterrorism, essential aspects and organization of homeland security, intelligence, counterintelligence, and current emerging threats.

Repealtable: No

**JUS 407 Media, Crime, and Justice (3 credits)**

**Hours:** 3 classroom + 0 lab/studio

**Prerequisite(s):** JUS 101.

**Taught:** Spring only

Examines various aspects of media and its relation to crime and criminal justice. In addition, the course analyzes foundational sociological and criminological concepts and the relationship between art and crime, by examining these concepts through various artistic mediums, such as television, cartoons, research articles, comic books, superheroes, film, music, poetry, literature, and more.

Repealtable: No

**JUS 408 Victims and Crime (3 credits)**

**Hours:** 3 classroom + 0 lab/studio

**Prerequisite(s):** JUS 101 and sophomore standing.

**Taught:** Spring only

Examines crime victims from the theoretical perspective to the delivery of services. Foundation information includes victim data sources, crime victims’ rights and victim typologies. Students explore victim service agencies, including volunteer, internship and employment opportunities in the public and non-profit sector.

Repealtable: No

**JUS 413 Flawed Criminal Justice Policies (3 credits)**

**Hours:** 3 classroom + 0 lab/studio

**Prerequisite(s):** JUS 101 and sophomore standing.

**Taught:** Fall only-odd years

Repealtable: No

**JUS 414 The Death Penalty (3 credits)**

**Hours:** 3 classroom + 0 lab/studio

**Prerequisite(s):** JUS 101 and sophomore standing.

**Taught:** Spring only-odd years

Overview of capital punishment. History, Supreme Court decisions, methods of execution, comparative costs of incarceration and execution, miscarriages of justice, philosophies, and public opinion.

Repealtable: No

**JUS 428 Crime Across the Life Course (3 credits)**

**Hours:** 3 classroom + 0 lab/studio

**Prerequisite(s):** JUS 101 and sophomore standing.

**Taught:** Spring only

The life course paradigm includes examination of sociology, psychology, and behavioral genetics to investigate the initiation, escalation, duration, and termination of the criminal career. The importance of genetics and biology, abuse in infancy and childhood, the role of parents and peers in adolescence, and the causes of de-escalation will be discussed in examining the offending trajectory and turning points of criminals.

Repealtable: No

**JUS 429 Women in Criminal Justice (3 credits)**

**Hours:** 3 classroom + 0 lab/studio

**Prerequisite(s):** JUS 101 and sophomore standing.

**Taught:** Fall only

This course will address women in the criminal justice system. Topics covered include: explanation of patriarchy and feminist theories, history of and women as employees in the criminal justice system, female crime theories, female crime and victimization, the response to their crime and victimization by the criminal justice system including programs intended to prevent violence and treat victims and offenders of crime.

Repealtable: No

**JUS 449 Seminar: Justice Studies (3 credits)**

**Hours:** 3 classroom + 0 lab/studio

**Prerequisite(s):** JUS 101 and sophomore standing.

**Taught:** Variable, check with department

Intensive study of a specific topic or issue in criminal justice. Topics vary as new issues arise. May be repeated when topics vary.

Repealtable: Yes

If Repeatable, Max. Credits: No Limit

**JUS 494 Internship: Justice Studies (1-6 credits)**

**Hours:** 0 classroom + 0 lab/studio

**Prerequisite(s):** JUS 101; sophomore standing; 3 additional semester hours of justice studies coursework; and consent of intern coordinator.

A maximum of 6 hours of JUS 496 may be counted toward the major.

**Taught:** Fall and spring

Supervised field-work in one of four areas: (1) law enforcement, (2) courts and law, (3) corrections, or (4) support services. Offered on a pass/fail basis.

Repealtable: Yes

If Repeatable, Max. Credits: 6

**JUS 499 Readings: Justice Studies (1-3 credits)**

**Hours:** 0 classroom + 0 lab/studio

**Prerequisite(s):** JUS 101; sophomore standing; 3 additional semester hours of justice studies coursework.

**Taught:** Variable, check with department

Specialized reading or primary research interests completed through independent study at the direction of a specific instructor. May be repeated as projects vary. A maximum of six hours can be used towards the major or minor in criminal justice.

Repealtable: No

**DATA SCIENCE**

**DSC 101 Introduction to Data Science (1 credit)**

**Hours:** 1 classroom + 0 lab/studio

**Taught:** Fall only

Describes the field of data science and data science careers. Orient students to data science in the College of Informatics, including experience with commonly used tools and labs.

Repealtable: No

**DSC 194 Data Science: Introductory Topic (1-3 credits)**

**Hours:** 1-3 classroom + 0 lab/studio

**Prerequisite(s):** Varies by topic.

**Taught:** Variable, check with department

Introductory topic in data science. Topic will vary by offering.

Repealtable: Yes

If Repeatable, Max. Credits: No Limit

**DSC 199 Data Science: Introductory Ind. Study (1-3 credits)**

**Hours:** 1-3 classroom + 0 lab/studio

**Prerequisite(s):** Varies by topic.

**Taught:** Variable, check with department

Introductory independent study in data science. Topic will vary by offering.

Repealtable: Yes

If Repeatable, Max. Credits: 6

**DSC 200 Data Wrangling (3 credits)**

**Hours:** 3 classroom + 0 lab/studio

**Prerequisite(s):** INF 282, INF 286, one of STA 205 or STA 250, and an introductory programming course (e.g., INF 120, CSC 260).

**Taught:** Fall only

Understand various data formats, including CSV, TSV, XML, JSON, and HTML; acquire data through various sources, such as plain text, databases, the Web and API; clean and prepare both structured
and unstructured data.

Repeatable: No

**DSC 292 Research Experience in DSC (0 credits)**

*Hours: 0 classroom + 0 lab/studio*

Prerequisite(s): Varies.

Taught: Variable, check with department

Introduction to research in data science by participation in a special project or research directed by an appropriate faculty member. Course intended for data science majors interested in data science research but not ready or able to enroll in more advanced research courses. Pass/fail grade only. Course may be repeated twice.

Repeatable: Yes

If Repeatable, Max. Credits: 6

**DSC 299 Independent Studies: DSC Sophomore (1-3 credits)**

*Hours: 0 classroom + 0 lab/studio*

Prerequisite(s): Consent of department.

Taught: Variable, check with department

Independent study at a sophomore level in a data science topic. Topic will vary by offering.

Repeatable: Yes

If Repeatable, Max. Credits: 6

**DSC 311 Data Analytics (3 credits)**

*Hours: 3 classroom + 0 lab/studio*

Prerequisite(s): DSC 200, STA 250 and one of BIS 305, CIT 383, CSC 260, CSC 270, EGT 267 or STA 360, or consent of department.

Taught: Spring only

Study of the data analysis process; exploratory data analysis and visualization; selection of data modeling techniques; identification of important attributes; and presentation of data analysis results.

Repeatable: No

**DSC 321 Data Visualization (3 credits)**

*Hours: 3 classroom + 0 lab/studio*

Prerequisite(s): DSC 311.

Taught: Fall only

Design principles and techniques for visualizing data; visualization techniques for spatial and geospatial data; visualization techniques for multivariate data; networks visualization; interaction concepts and techniques; designing effective visualizations.

Repeatable: No

**DSC 394 Intermediate Independent Study: Data Science (1-3 credits)**

*Hours: 1-3 classroom + 0 lab/studio*

Prerequisite(s): Consent of department.

Taught: Variable-chk w/dept

Intermediate level independent study or directed readings in data science.

Repeatable: Yes

If Repeatable, Max. Credits: 3

**DSC 396 Data Science Practicum (1-3 credits)**

*Hours: 0 classroom + 0 lab/studio*

Taught: Variable-chk with department

Students work with big data and analytical tools to apply concepts to solve real-world problems whether through a work environment or with the guidance of a data science faculty member. Up to 3 hours can count toward the data science major.

Repeatable: Yes

If Repeatable, Max. Credits: 6

**DSC 397 Intermediate Topics: Data Science (1-3 credits)**

*Hours: 3 classroom + 0 lab/studio*

Prerequisite(s): DSC 411.

Prerequisite OR Co-requisite: CSC 450.

Taught: Fall only

Manipulation, storage, and analysis of large-scale data with respect to issues involving volume, velocity, variety and veracity; design of large-scale databases; use of large-scale distributed file systems; design of algorithms to analyze large data sets using parallelized processing tools.

Repeatable: No

**DSC 411 Data Mining (3 credits)**

*Hours: 3 classroom + 0 lab/studio*

Prerequisite(s): CSC 364 and STA 250.

Taught: Spring only

Discovering patterns in datasets; data mining concepts and methodologies including classification, clustering, associations, and anomaly detection; selecting appropriate data mining algorithms; experimenting with data mining tools, such as SPSS, R, Weka, or Oracle Data Miner.

Repeatable: No

**DSC 421 Big Data (3 credits)**

*Hours: 3 classroom + 0 lab/studio*

Prerequisite(s): DSC 411.

Prerequisite OR Co-requisite: CSC 450.

Taught: Fall only

Network analysis fundamentals; technological and information networks; social networks; network representations; network visualization; network centrality measures; network structure; random networks; models of network formation.

Repeatable: No

**DSC 494 Advanced Topics: Data Science (1-3 credits)**

*Hours: 1-3 classroom + 0 lab/studio*

Prerequisite(s): Varies with topic (see Schedule of Classes).

Taught: Variable-chk w/dept

Advanced topic in data science.

Repeatable: Yes

If Repeatable, Max. Credits: 6

**DSC 496 Data Science Capstone (3 credits)**

*Hours: 3 classroom + 0 lab/studio*

Prerequisite(s): BIS 330, DSC 321 and DSC 421.

Taught: Spring only

Student teams design, implement, and present a data science project for a client. Projects will include cleaning, processing, and analysis of data, along with oral and written presentations with appropriate data visualizations.

Repeatable: No

**DSC 499 Advanced Independent Study: Data Science (1-3 credits)**

*Hours: 1-3 classroom + 0 lab/studio*

Prerequisite(s): Consent of department.

Taught: Variable-chk w/dept

Advanced independent study or directed readings in data science.

Repeatable: Yes

If Repeatable, Max. Credits: 6

---

**DEVELOPMENTAL MATHEMATICS**

**MAHD 080 College Algebra Assistance (2 credits)**

*Hours: 2 classroom + 0 lab/studio*

Prerequisite(s): B+ or better in MAHD 095, MAHD 094, Mathematics ACT score of 19, 20, 21, or equivalent, or placement.

Taught: Fall and spring

Academic assistance for Algebra for College Students. Must be taken concurrently with MAT 109. Does not count towards any graduation requirements.

Repeatable: No
MAHD 081 College Geometry Assistance (1 credit)
Hours: 1 classroom + 0 lab/studio
Prerequisite(s): Mathematics ACT score of 19 and C- or better in MAT 140 OR Mathematics ACT score of less than 19 and C- or better in MAHD 095 and C- or better in MAT 140.
Taught: Fall only
Academic assistance for Mathematics for Elementary/Middle Grades Teachers II. Must be taken concurrently with MAT 141. Does not count towards any graduation requirements.
Repeatable: No

MAHD 090 Basic Mathematical Skills (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Signed numbers, fractions, decimals, percents, ratio and proportion, measurements, graphs, and introduction to algebra. Does not apply toward any graduation requirements.
Repeatable: No

MAHD 091 Elementary Geometry (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Lines and angle relationships; parallel lines; constructions; similar and congruent triangles; polygons; right triangles; circles; areas and volumes. Does not apply toward any graduation requirements.
Repeatable: No

MAHD 092 Basic Math Skills and Essential Algebra (5 credits)
Hours: 4 classroom + 2 lab/studio
Taught: Fall, Spring, Summer
This course is a basic mathematical skills course which builds the mathematical foundation for students and then develops their algebraic skills. Topics include: Signed numbers, fractions, decimals, percents, ratio and proportion, measurements, equations and inequalities in one variable, graphs of linear and quadratic equations, systems of equations, integer and rational exponents, square roots, polynomial operations, factoring, proportions, quadratic equations, and equations of lines. Emphasis on applications. Does not apply toward any graduation requirements.
Repeatable: No

MAHD 094 Essential Algebra Part III (2 credits)
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): Placement by the Developmental Mathematics Program.
Taught: Fall and spring
Equations and inequalities in one variable, graphs of linear and quadratic equations, systems of equations, integer exponents, polynomial operations, proportions, quadratic equations, equations of lines, simple polynomial factoring. Emphasis on applications. Does not apply toward any graduation requirements.
Repeatable: No

MAHD 095 Essential Algebra - DM (4 credits)
Hours: 4 classroom + 0 lab/studio
Prerequisite(s): C- or better in MAHD 090 or placement by the Developmental Mathematics Program.
Taught: Fall, spring, and summer
Equations and inequalities in one variable, graphs of linear and quadratic equations, systems of equations, integer and rational exponents, square roots, polynomial operations, factoring, proportions, quadratic equations, and equations of lines. Emphasis on applications. Does not apply toward any graduation requirements.
Repeatable: No

MAHD 099 Intermediate Algebra - DM (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Factoring polynomials, absolute value equations and inequalities, radical equations, rational expressions and equations, functions, equations of lines, radicals and complex numbers, rational exponents, quadratic equations, and graphs of parabolas. Does not apply toward any graduation requirements.
Repeatable: No

MAT 108 College Algebra (3 Credits)
Hours: 2 classroom + 3 lab/studio
Prerequisite(s): C- or better in MAHD 099 or placement.
Taught: Fall and Spring
Extensive review of advanced topics from Algebra II with supplemented instruction and a focus on preparation for pre-calculus mathematics. Only open to students in the School Based Scholars Program. This course does not count toward general education requirements. Credit is not given for both MAT 108 and MAT 109.
Repeatable: No

MAT 109 College Algebra (3 Credits)
Hours: 2 classroom + 3 lab/studio
Prerequisite(s): C- or better in MAHD 099 or placement.
Taught: Fall and Spring
Extensive review of advanced topics from Algebra II with supplemented instruction and a focus on preparation for pre-calculus mathematics. Only open to students in the School Based Scholars Program. This course does not count toward general education requirements. Credit is not given for both MAT 108 and MAT 109.
Repeatable: No

ECO 200 Principles of Macroeconomics - SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Completion of one college-level mathematics course.
Taught: Fall, spring, and summer
Introductory macroeconomics; national income and employment; economic growth, business cycles and inflation; economic role of government; role of money and banking system; international trade.
Repeatable: No
General Education Credit: Individual and Society

ECO 201 Principles of Microeconomics - SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Completion of one college-level mathematics course.
Taught: Fall, spring, and summer
Individual market behavior in capitalistic economy; role of supply and demand in determination of value and resource allocation; monopoly and its regulation; problems of economic growth; population growth, and environment.
Repeatable: No
General Education Credit: Individual and Society

ECO 205 Economics for Teachers (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Examines essential concepts of macroeconomics and microeconomics with an emphasis on concepts appropriate for elementary, middle, and high schools. Not applicable to a major or minor in business. Will not substitute for ECO 200 and/or ECO 201.
Repeatable: No

ECO 300 Intermediate Macroeconomics (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ECO 200 and ECO 201, and STA 205.
Taught: Fall only
Theory of economic aggregates; advanced analysis of national income determination and employment; development of policy on inflation, unemployment, and economic growth; the internet and data sources available on the World Wide Web.
Repeatable: No

ECO 301 Intermediate Microeconomics (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ECO 200 and ECO 201, STA 205.
Taught: Spring only
Theory of optimal price; output and employment decisions of firms under varying market structures; individual and market demand; general equilibrium; case studies of major topics.
Repeatable: No

**ECO 302 Money and Banking (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ECO 200 and ECO 201 or STA 205.
Taught: Variable, check with department
History and evolution of the American banking system; interest rates, financial instruments, and financial markets; financial institutions; central banks, monetary policy and financial stability; modern monetary economics.
Repeatable: No

**ECO 305 Foundations of International Business (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ECO 200.
Taught: Fall and spring
Examines the challenges and opportunities of international business; survey and analysis of political, economic, social, cultural and ethical differences among people that affect international business; survey of trade theory and global and financial institutions that affect trade.
Repeatable: No

**ECO 307 Moneyball: The Economics of Sports (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in ECO 201.
Taught: Fall and summer
Challenges students to apply economic theory to the unique aspects of college and professional sports. Highlights of the course include the industrial structure of sports, public financing of sports, and labor markets in sports.
Repeatable: No

**ECO 310 Introduction to Econometrics (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ECO 200, ECO 201, and STA 205.
Taught: Fall only
Introduction to economic measurement; review of statistics, theoretical models, analysis of economic data, forecasting and other technical considerations; gathering, analyzing, and presenting economic information.
Repeatable: No

**ECO 311 Econometrics II (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ECO 310.

Taught: Spring only
Second course in econometrics sequence. The course covers how to statistically address problems resulting from relaxation of assumptions underlying OLS regression; simultaneous equation models; time series models and forecasting based in EXCEL.
Repeatable: No

**ECO 330 Urban and Regional Economics (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ECO 200 and ECO 201.
Taught: Variable, check with department
Application of economic analysis to explain spatial patterns of economic activity within subdivisions of the larger economic system.
Repeatable: No

**ECO 340 International Economics (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ECO 200 and ECO 201.
Taught: Variable, check with department
Theory of international trade and finance; commercial and financial policies; foreign exchange; international monetary institutions; policies of free and controlled trade; world economic planning.
Repeatable: No

**ECO 342 Economic Development (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ECO 200 and ECO 201.
Taught: Variable, check with department
Changing economic circumstances over time; measuring economic development; factors associated with economic development; domestic and foreign saving and investment; human capital and productivity; trade policy; exporting; other factors affecting economic development.
Repeatable: No

**ECO 350 Labor Economics (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ECO 200 and ECO 201.
Taught: Variable, check with department
Analysis of the functioning of labor markets with theoretical, empirical, and policy applications in determination of employment and wages in the U.S. economy.
Repeatable: No

**ECO 360 Health Economics (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ECO 201 and STA 205.
Taught: Variable, check with department
Introduction to health economics focuses on using the tools of microeconomic analysis to understand behavior by consumers, producers and insurers in health care markets. The tools of microeconomic analysis will also be applied to current policy problems, and supported with analyses of publicly available data sources.
Repeatable: No

**ECO 392 Research Experience in Economics (0-3 credits)**
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Introduction to research in the Economics by participating in special project or original research directed by a member of the Economics faculty. Course intended for Economics Majors. Will not substitute for ECO 494; may not be used as an ECO elective.
Repeatable: No

**ECO 394 Topics in Economics (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ECO 300, ECO 301, ECO 310 and consent of instructor.
Taught: Variable, check with department
Selected placement of qualified students in supervised paid or unpaid off-campus economics related professions; experience in statistical problem solving and business policies and procedures.
Repeatable: Yes
If Repeatable, Max. Credits: 6

**ECO 396 Internship: Economics (1-3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ECO 300 and ECO 301.
Taught: Variable, check with department
Selected placement of qualified students in supervised paid or unpaid off-campus economics related professions; experience in statistical problem solving and business policies and procedures.
Repeatable: Yes
If Repeatable, Max. Credits: 6

**ECO 494 Seminar in Economics (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ECO 300 and ECO 301.
Taught: Variable, check with department
Capstone course for economics majors. Discussion and analysis of contemporary economic problems. Different topics offered each semester. Written research paper and oral presentation required.
Repeatable: Yes
If Repeatable, Max. Credits: 6

**ECO 499 Independent Study: Economics (1-3 credits)**
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): ECO 200 and ECO 201.
Taught: Variable, check with department
Directed readings, independent research, or student projects on areas of individual academic interest; topics, meeting times, and outcomes arranged with instructor.

Repeatable: No

ECO 580 Economics for Teachers (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
A conceptual framework for the study of economics and overview relating to the basic economic problem, economic systems, resource allocation, economic growth and stability, economic institutions, and goals. Foundation course intended for classroom teachers with little or no background in economics. Open only to students majoring in education. Repeatable for credit when topics vary.
Repeatable: No

EDU 104 Orientation: Education Profession/Program (1 credit)
Hours: 1 classroom + 0 lab/studio
Taught: Fall and spring
Designed to explore the education profession and programs of the Teacher Education Department; Teacher Education Handbook; KY New Teacher Standards; various teacher areas; and includes a field experience component. Education majors must earn a grade of C or better.
Repeatable: No

EDU 104H Introduction to the Education Profession (1 credit)
Hours: 1 classroom + 0 lab/studio
Taught: Variable, check w/ department
The purpose of this course is to explore the education profession and the programs in the College of Education and Human Services. The course is intended for anyone who is interested in becoming a teacher. The course will address the KY Teacher Standards, the Teacher Education Handbook, various teaching areas, and include a field experience component. Students must complete this course before they can enroll in any other education courses.
Repeatable: No

EDU 110 Beginning American Sign Language/Lab I (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check w/ department
The purpose of this course is to provide students with an opportunity to learn the basics of sign language for use in the community when engaging with someone who is Deaf or Hard of Hearing. In order to learn the effective use of sign language, everyday communication is the centerpiece of every lesson in this course. Vocabulary and language topics revolve around sharing information about our environment and us. Grammar is introduced in context, with an emphasis on developing question and answering skills using sign language. Students enrolled in this course will learn conversational strategies to help maintain a conversation. Interaction activities allow students to rehearse what is learned.
Repeatable: Yes
If Repeatable, Max. Credits: 6

EDU 111 Beginning American Sign Language II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): EDU 110.
Taught: Variable, check w/ department
A continuation of the introduction to conversational skills in American Sign Language, including study of vocabulary and structure of ASL sentences, practice in conversation both receptive and expressive. Deaf community and Deaf culture will be included.
Repeatable: No

EDU 170 Introduction to LGBTQ Studies - SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
This course introduces various topics, questions, and approaches that characterize the growing field of lesbian, gay, bisexual, trans, and queer (LGBTQ) studies. Using interdisciplinary perspectives that analyze sexuality and its intersections with gender, race, and class, it examines history, politics, culture, and education as sites of power, identity, community, and resistance.
Repeatable: No

General Education Credit: Individual & Society (Self & Society)

EDU 294 Special Topics in Education (1-3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall, spring, and summer
This course will cover special topics and current issues in education. May be repeated for credit when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 6

EDU 300 Human Growth and Development (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100.
Taught: Fall and spring
Life-span human development; physical, cognitive, social, and personal development especially as these relate to children in school and to the adults who influence them; individual study focusing on student development at specific levels of instruction.
Repeatable: No

EDU 300H Human Growth and Development Honors (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100.
Taught: Fall only
Life-span human development physical, cognitive, social, and personal development especially as these relate to children in school and to the adults who influence them individual study focusing on student development at specific levels of instruction.
Repeatable: No

EDU 301 Interpersonal Interaction and Guidance (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Fall-odd years, Summer-even years
Familiarization with challenging behaviors and guidance strategies for young children within early childhood settings.
Repeatable: No

EDU 302 Teaching of Reading (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Admission to the teacher education program.
Co-requisite(s): EDS 322, and EDU 390, EDU 314, EDU 310.
Taught: Fall and spring
Nature and underlying theories of reading processes, development, and sequence of reading skills; effective instructional design for teaching
and assessing reading in K-5 classroom.

**EDU 303 Admission Field Experience IECE (2 credits)**
*Hours: 0 classroom + 4 lab/studio*
Prerequisite(s): 45 semester hours completed, minimum 2.75 overall GPA and acceptable score on PRAXIS I and successfully completed FBI background check.
Co-requisite(s): EDU 313.
Taught: Fall and spring
Field experience for students who plan to teach children ages birth-kindergarten with or without disabilities in a variety of settings.
Repeatable: No

**EDU 304 Reading and Writing Across the Curriculum: Middle Grades (3 credits)**
*Hours: 3 classroom + 0 lab/studio*
Co-requisite(s): EDU 318, and EDU 394.
Taught: Fall and spring
Nature of the reading and writing process in the middle grades across the curriculum; theory, instructional methods, and materials.
Repeatable: No

**EDU 305 Introduction to Education (2 credits)**
*Hours: 2 classroom + 0 lab/studio*
Prerequisite(s): EDU 104.
Taught: Fall and spring
Examination of teaching as a profession and of schooling as it currently functions in the U.S.; inquiry into contemporary educational theory and practice to assist students in making realistic career decisions.
Repeatable: No

**EDU 305H Introduction to Education Honors (2 credits)**
*Hours: 2 classroom + 0 lab/studio*
Prerequisite(s): EDU 104H.
Taught: Variable, check w/ department
Examination of teaching as a profession and of schooling as it currently functions in the U.S. inquiry into contemporary educational theory and practice to assist students in making realistic career decisions.
Repeatable: No

**EDU 306 Teaching Elementary School Mathematics (3 credits)**
*Hours: 3 classroom + 0 lab/studio*
Prerequisite(s): MAT 140 and MAT 141, each with minimum grade of C; satisfactory completion of professional semester I; admission to the teacher education program.
Co-requisite(s): EDU 308, EDU 312, EDU 315 and EDU 392.
Taught: Fall and spring
Materials and methods for teaching problem solving, reasoning, communication, and connections of the concepts, skills, and relationships in elementary mathematics including number/computation, geometry/measurement, probability and statistics, and algebraic ideas.
Repeatable: No

**EDU 307 Admission Field Experience Elementary (2 credits)**
*Hours: 0 classroom + 4 lab/studio*
Prerequisite(s): 45 semester hours completed; 2.75 overall GPA; acceptable score on PRAXIS I and successfully completed FBI background check.
Co-requisite(s): EDU 313.
Taught: Fall and spring
Introductory field experience for students planning to teach in elementary schools; individual and group activities to assist students in making realistic career decisions.
Repeatable: No

**EDU 308 Teaching Elementary School Science (3 credits)**
*Hours: 3 classroom + 0 lab/studio*
Prerequisite(s): One biology course with lab and one physical science course with lab or SCI 110 and SCI 111 (each with a minimum grade of C); satisfactory completion of Professional Semester I; admission to the teacher education program.
Co-requisite(s): EDU 306, EDU 315, EDU 312, and EDU 392.
Taught: Fall and spring
Material, content, and instructional strategies for teaching elementary school science with an emphasis on inquiry-based methods.
Repeatable: No

**EDU 309 Admission Field Experience Middle Grades (2 credits)**
*Hours: 0 classroom + 4 lab/studio*
Prerequisite(s): 45 semester hours completed; 2.75 overall GPA; acceptable score on PRAXIS I and successfully completed FBI background check.
Taught: Fall and spring
Introductory field experience for students planning to teach in middle grade schools; individual and group activities to assist students in making realistic career decisions.
Repeatable: No

**EDU 310 Teaching Language Arts in Early Grades (3 credits)**
*Hours: 3 classroom + 0 lab/studio*
Prerequisite(s): ENG 102 or ENG 151H; successful completion of the admissions practicum; admission to the teacher education program.
Co-requisite(s): EDU 302, EDU 314 and EDS 322.
Taught: Fall and spring
Objectives, curricula, and instructional materials related to teaching and assessing language arts, writing, and communication in a K-5 classroom.
Repeatable: No

**EDU 311 Admission Field Experience Secondary (2 credits)**
*Hours: 0 classroom + 4 lab/studio*
Prerequisite(s): 45 semester hours completed; 2.75 overall GPA; acceptable score on PRAXIS I, successfully completed FBI background check.
Taught: Fall and spring
Introductory field experience for students planning to teach in middle or secondary schools; individual and group activities to assist students in making realistic career decisions.
Repeatable: No

**EDU 312 Teaching Social Studies in Early Grades (3 credits)**
*Hours: 3 classroom + 0 lab/studio*
Prerequisite(s): 6 semester hours of history/geography; successful completion of Professional Semester I; admission to the teacher education program.
Co-requisite(s): EDU 306, EDU 308, EDU 315, and EDU 392.
Taught: Fall and spring
Objectives, curricula, and instructional strategies for teaching social studies in elementary schools.
Repeatable: No

**EDU 313 Instructional Technology (2 credits)**
*Hours: 2 classroom + 0 lab/studio*
Prerequisite(s): EDU 104.
Co-requisite(s): EDU 303, EDU 307, EDU 309, or EDU 311.
Taught: Fall and spring
Materials and methods designed to use technology to enhance learning within and across content areas: emphasis on 21st century skills, technology integration strategies, Internet tools, instructional applications, and technology ethics.
Repeatable: No

**EDU 314 Classroom Management (3 credits)**
*Hours: 3 classroom + 0 lab/studio*
Prerequisite(s): Admission to the teacher education program.
Co-requisite(s): EDU 390, EDU 302, EDS 322.
Taught: Fall and spring
Current research and theory related to planning, organizing, and managing student learning and
behavior in the classroom.
   Repeatable: No

**EDU 315 Educational Assessment:**
   **Elementary Schools (2 credits)**
   Hours: 2 classroom + 0 lab/studio
   Taught: Fall and spring
   Concepts and principles of testing needed to select, construct, and interpret assessment instruments used in schools. This course is open to elementary education majors only.
   Repeatable: No

**EDU 316 Racism and Sexism in Educational Institutions - SB (3 credits)**
   Hours: 3 classroom + 0 lab/studio
   Taught: Fall and spring
   Introduction to the role of educational institutions in perpetuating racism and sexism in the U.S.; theories of prejudice, assimilation, feminism, and cultural reproduction explain patterns of social, cultural, political, psychological, and economic exclusion.
   Repeatable: No

**EDU 316H Racism and Sexism in Educational Institutions - SB (3 credits)**
   Hours: 3 classroom + 0 lab/studio
   Taught: Variable, check w/ department
   Role of educational institutions in perpetuating racism and sexism in the U.S. how theories of prejudice, assimilation, feminism, and cultural reproduction explain patterns of social, cultural, political, psychological, and economic exclusion.
   Repeatable: No

**EDU 317 Classroom Climate Management:**
   **Middle School (2 credits)**
   Hours: 2 classroom + 0 lab/studio
   Prerequisite(s): Admission to the teacher education program.
   Co-requisite(s): EDU 304 and EDU 394.
   Taught: Fall and spring
   Current philosophies and methods for creating and sustaining a classroom climate responsive to the unique academic, physical, and social-emotional needs of middle grades students.
   Repeatable: No

**EDU 319 Classroom Climate Management Secondary (1 credit)**
   Hours: 1 classroom + 0 lab/studio
   Prerequisite(s): Admission to Teacher Education program.
   Co-requisite(s): EDU 393, EDU 324, EDS 324.
   Taught: Fall and spring
   Current research and theory related to developing, maintaining, and managing effective secondary grades classroom climate.
   Repeatable: No

**EDU 320 Family Engagement in the Home, School and Community (3 credits)**
   Hours: 3 classroom + 0 lab/studio
   Taught: Fall-even years, Summer-odd years
   Study of factors contributing to effective relationships with families of young children in home and center-based settings.
   Repeatable: No

**EDU 321 Non Certification Admissions Field Experience (2 Credits)**
   Hours: 2 classroom + 0 lab/studio
   Prerequisite(s): EDU 313 and 45 semester hours.
   Co-requisite(s): 2.75 minimum overall GPA and FBI background check.
   Taught: Fall and Spring
   Field experience for ECE Non-Cert students who plan to teach children ages birth-five in a variety of settings.
   Repeatable: No

**EDU 324 Fundamentals of Secondary Education (2 credits)**
   Hours: 2 classroom + 0 lab/studio
   Prerequisite(s): Admission to the teacher education program.
   Co-requisite(s): EDU 393, EDU 319, EDS 324.
   Taught: Fall and spring
   Principles and strategies for effective secondary school teaching; curriculum planning, general teaching methods, and evaluation strategies.
   Repeatable: No

**EDU 325 Educational Assessment Secondary (2 credits)**
   Hours: 2 classroom + 0 lab/studio
   Prerequisite(s): Admission to the Teacher Education Program.
   Co-requisite(s): EDU 396.
   Taught: Fall and spring
   Concepts and principles of testing needed to select, construct, and interpret assessment instruments used in schools. This course is open to secondary education majors only.
   Repeatable: No

**EDU 326 Teaching Science in Secondary School (3 credits)**
   Hours: 3 classroom + 0 lab/studio
   Prerequisite(s): C or better in at least 24 credit hours which vary according to major.
   Taught: Fall only
   Principles and methods for teaching secondary school science concepts, skills, and processes in accordance with national and state standards with emphasis on inquiry including design, implementation, assessment, and evaluation, and reflection-on-practice strategies in connection with technology, meeting all students’ needs and integration across the curriculum.
   Repeatable: No

**EDU 331 Teaching Social Studies in Secondary School (3 credits)**
   Hours: 3 classroom + 0 lab/studio
   Prerequisite(s): Admission to the teacher education program, or concurrently with admission semester.
   Taught: Fall only
   Principles and practices related to teaching social studies in accordance with state and national standards; basic social studies skills, professional content, and planning, implementing, and evaluating instruction.
   Repeatable: No

**EDU 333 Teaching Math in Secondary School (3 credits)**
   Hours: 3 classroom + 0 lab/studio
   Prerequisite(s): MAT 129, MAT 229, MAT 234 or MAT 128, MAT 227, MAT 228 and MAT 234.
   Taught: Fall only
   Principles and methods for teaching concepts, skills, and relationships in secondary mathematics in accordance with national and state standards including number/computation, geometry/measurement, probability and statistics, and algebraic ideas, and the appropriate use of manipulative and technology tools.
   Repeatable: No

**EDU 334 Portfolio Development (1 credit)**
   Hours: 1 classroom + 0 lab/studio
   Taught: Fall and spring
   The purpose of this course is to teach students the curriculum standards and teaching methods necessary for a professional career as a teacher.
   Repeatable: No

**EDU 343 Educational Assessment Middle Schools (2 credits)**
   Hours: 2 classroom + 0 lab/studio
   Prerequisite(s): Admission to Teacher Education program.
   Co-requisite(s): EDU 344, EDU 391, EDS 323.
   Taught: Fall and spring
   Concepts and principles of testing needed to select, construct, and interpret assessment instruments used in schools. This course is open to Middle Grades education majors only.
   Repeatable: No
EDU 344 Fundamentals of Middle Grades Education (2 credits)
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): Admission to the teacher education program.
Co-requisite(s): EDU 343 and EDU 391.
Taught: Fall and spring
Philosophy and learning theories forming the basis of the middle grades concept; curriculum and lesson planning; including the framework of general teaching methods and motivation.
Repeatable: No

EDU 345 Teaching Language Arts in Middle Grades (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 12 semester hours of language arts content courses with a grade of C or better chosen from English, speech, or journalism and admission to the teacher education program.
Taught: Fall and spring
Theory, content, and instructional strategies for teaching language arts in the middle grades; including national and state standards.
Repeatable: No

EDU 346 Teaching Science in Middle Grades (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 12 semester hours science content of C or better chosen from biological and physical sciences (AST, CHE, GLY, PHY) or SCI 110 and SCI 111; one of which must be CHE 105.
Taught: Fall and spring
Principles and methods for teaching middle school science concepts, skills, and processes in accordance with national and state standards with emphasis on inquiry including design, implementation, assessment and evaluation, and reflection-on-practice strategies in connection with technology, meeting all students’ needs and integration across the curriculum.
Repeatable: No

EDU 347 Teaching Math in Middle Grades (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): At least 12 semester hours in mathematics including a minimum grade of B- in MAT 140 and admission to the teacher education program.
Taught: Fall and spring
Principles and methods for teaching concepts, skills, and relationships in middle grades mathematics in accordance with national and state standards including number/computation, geometry/measurement, probability and statistics, and algebraic ideas, and the appropriate use of manipulative and technology tools.
Repeatable: No

EDU 348 Teaching Social Studies in Middle Grades (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 12 semester hours of history, geography, economics, political science each with a minimum grade of C; pursuance of middle grades certification in social studies teaching area; admission to the teacher education program.
Taught: Fall and spring
Field experience in middle grade schools; including practice in planning and implementing instructional strategies and theories.
Repeatable: No

EDU 390 Elementary Field Experience I (2 credits)
Hours: 0 classroom + 4 lab/studio
Prerequisite(s): Admission to the teacher education program; successful completion of EDU 307.
Co-requisite(s): EDU 302, EDU 314, EDU 322.
Taught: Fall and spring
Field experiences in elementary schools; including application of instructional theory to elementary classroom settings.
Repeatable: No

EDU 391 Middle Grades Field Experience I (2 credits)
Hours: 0 classroom + 4 lab/studio
Prerequisite(s): successful completion of EDU 308; admission to the teacher education program.
Co-requisite(s): EDU 343, EDU 344 and EDU 323.
Taught: Fall and spring
Field experience in middle grade schools; including application of instructional theory to middle-grade classroom settings.
Repeatable: No

EDU 392 Elementary Field Experience II (2 credits)
Hours: 0 classroom + 4 lab/studio
Prerequisite(s): Successful completion of Elementary Practicum I.
Co-requisite(s): EDU 306, EDU 308, EDU 312, and EDU 315.
Taught: Fall and spring
Advanced field experience in elementary schools; including practice in planning and implementing instructional strategies and theory.
Repeatable: No

EDU 393 Secondary Field Experience I (2 credits)
Hours: 0 classroom + 4 lab/studio
Co-requisite(s): EDU 319, EDU 324.
Taught: Fall and spring
Field experience in secondary schools; including application of instructional theory to secondary classroom settings.
Repeatable: No

EDU 394 Middle Grades Field Experience II (2 credits)
Hours: 0 classroom + 4 lab/studio
Prerequisite(s): Successful completion of Middle Grades Practicum I.
Co-requisite(s): EDU 304, EDU 318, appropriate methods course.
Taught: Fall and spring
Advanced field experience in middle grades schools; including practice in planning and implementing instructional strategies and theory.
Repeatable: No

EDU 395 IECE Field Experience I (3 credits)
Hours: 0 classroom + 4 lab/studio
Prerequisite(s): Minimum 2.75 GPA.
Taught: Spring only
Practice in assessing, planning and implementing instruction in classroom early childhood settings. Pass/Fail.
Repeatable: No

EDU 396 Secondary Field Experience II (2 credits)
Hours: 0 classroom + 4 lab/studio
Co-requisite(s): EDU 325.
Taught: Fall and spring
Advanced field experiences in secondary schools; including practice in planning and implementing instructional strategies and theories.
Repeatable: No

EDU 397 IECE Field Experience II (3 credits)
Hours: 0 classroom + 4 lab/studio
Prerequisite(s): Minimum 2.75 GPA.
Taught: Spring only
Practice in assessing, planning and implementing instruction in non-classroom early childhood setting. Pass/Fail.
Repeatable: No

EDU 398 Non-certification Field Experience I (3 credits)
Hours: 0 classroom + 4 lab/studio
Prerequisite(s): Minimum GPA 2.75
Taught: Spring only
Practice in assessing, planning and implementing instruction in a variety of non-public school

**Prerequisites for EDU 445, 446, 447, 448:**
- Junior standing.

**Prerequisites for EDU 490, 491, 492, 493, 494, 495, 496, 497, 500, 517:**
- Minimum 2.75 GPA; successful completion of EDU 395 and EDU 397, admission to the middle-grades student teaching program. |
to teach phonics in context.
Repeatable: No

EDU 522 The Mindful Helping Professional (1-4 variable credits)
Hours: 1-4 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Fall and spring
This course for helping professionals introduces themes and practices in Mindfulness. Self-paced modules help students explore and incorporate mindfulness characteristics in oneself and others.
Repeatable: No

EDU 525 Differentiated Literacy Instruction (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Undergraduates: Admission to the Teacher Education Program; Graduates: Enrolled in the MAED Program or Permission of Instructor.
Taught: Variable, check with department
This course is designed to give pre-service and in-service teachers a more in depth understanding of the need to differentiate literacy instruction to meet the needs of increasingly diverse students. Students will survey major issues in appropriate differentiated literacy instruction, with many instructional practices that will be discussed, modeled, and/or evaluated.
Repeatable: No

EDU 530 Reading in Junior and Senior High School (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Principles and procedures related to reading in grades 8-12; basic reading skills, study skills, content fields, and reading programs. For teachers of all subjects. Required of students seeking certification to teach English.
Repeatable: No

EDU 534 Rural Leadership and Progress (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing or higher.
Taught: Variable, check with department
Examination of contemporary issues facing rural communities in the United States, and the utilization of research to create practical programs of improvement relevant to the student’s own contextual setting. This course will include implementation of the Action Plan as formulated in EDU 534: Rural Leadership and Progress.
Repeatable: No

EDU 540 Teaching the Underground Railroad (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check w/ department
Research about the Underground Railroad, with an emphasis on local history, to assist teachers in classroom instruction.
Repeatable: No

EDU 544 Aquatic Ecology for Teachers (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Integration of biology, geology, meteorology, chemistry, and physical sciences to examine water quality through field-based investigation of the Ohio River and streams. Students apply the content and skills learned during the course to the State/School District Science Standards and a lesson plan.
Repeatable: No

EDU 545 Fundamentals of Environmental Education (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Variable, check with department
Introduction to the field of environmental education, including the history and philosophy, methodologies, state initiatives, national standards, and current trends in the field.
Repeatable: No

EDU 546 Teaching Environmental Education (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Variable, check w/ department
Principles and goals, curriculum models, teaching strategies, classroom and community resources, outdoor education, and research.
Repeatable: No

EDU 547 Teaching and Learning in the Outdoors (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): EDU 534.
Students will learn about the impact of outdoor education, available resources, and opportunities for engaging students in outdoor learning environments, such as school gardens, outdoor classrooms and field trips.
Repeatable: No

EDU 548 Environmental Issues for Educators (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Fall only
Students will investigate, evaluate and reflect on global and regional environmental issues, as well as develop action based appropriate solutions.
Repeatable: No

EDU 550 Current Trends in Early Childhood Education (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Spring-odd years
Examination of current issues, trends, public policy, and research in early childhood education.
Repeatable: No

EDU 551 Preschool Education and Programming (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Admission to the teacher education program; EDS 360.
Taught: Spring only
Overview of preschool curricula, history of early childhood education, and study of developmentally appropriate activities across subject areas.
Repeatable: No

EDU 552 Infant Toddler Education and Programming (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall-odd years, Summer-even years
The relationship of child development theory and developmentally appropriate practice in group settings for infants and toddlers.
Repeatable: No

EDU 554 Language Development and Emergent Literacy (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Spring-odd years, Summer-even years
Overview of historical and theoretical concepts, assessment of early literacy development, and strategies for facilitating reading, writing, and language instruction across various early childhood settings.
Repeatable: No
EDU 565 Early Childhood Assessments for Screening (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Taught: Fall only  
Overview of the purpose of assessment and critical components of an on-going assessment system, especially for screening young children. Course content includes analysis of recommended practices in assessment; definition of attributes that fit the purpose of assessment; and study of factors related to assessment tool rigor.  
Repeatable: No

EDU 566 Ongoing Assessment in Early Childhood Education (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): EDS 562 or equivalent.  
Taught: Spring only  
Overview of on-going curriculum-based assessment systems for observing and documenting young children’s growth, development and learning.  
Repeatable: No

EDU 567 Math and Science Exploration PreK-3rd (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Taught: Spring only  
Integrated mathematics and science learning experiences from both the Early Childhood Education teacher and the students perspectives emphasizing exploration, problem-solving, and discourse. REQUIRED for IECE and Non-Certification tracks.  
Repeatable: No

EDU 568 Administration and Supervision in Early Childhood Education (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): Admission to teacher education program and EDS 360.  
Taught: Spring only-even years  
The study of strategies and dispositions needed for managing effective early childhood programs.  
Repeatable: No

EDU 569 Kindergarten Education and Programming (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Taught: Spring-even years, Summer-odd years  
Overview of kindergarten history, curricula, and study of developmentally appropriate strategies and activities across subject areas. REQUIRED for IECE and Non-Certification tracks.  
Repeatable: No

EDU 575 Language Arts Methods Middle Grades (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): COEHS Advising Center permission.  
Taught: Variable, check with department  
Advanced objectives, curricula, and instructional strategies to teach state and national language arts standards in the middle grades.  
Repeatable: No

EDU 576 Science Methods Middle Grades (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): Teacher Education Department Permission.  
Taught: Fall and spring  
Advanced objectives, curricula, and instructional strategies to teach state and national science standards in the middle grades.  
Repeatable: No

EDU 577 Mathematics Methods Middle Grades (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): Teacher Education Department Permission.  
Taught: Fall and spring  
Advanced objectives, curricula, and instructional strategies to teach state and national math standards in the middle grades.  
Repeatable: No

EDU 578 Social Studies Methods Middle Grades (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): Teacher Education Department Permission.  
Taught: Variable, check with department  
Advanced objectives, curricula, and instructional strategies to teach state and national social studies standards in the middle grades.  
Repeatable: No

EDU 579 Topics: Education (1-3 credits)  
Hours: 1-3 classroom + 0 lab/studio  
Prerequisite(s): Varies with topic (see Schedule of Classes).  
Taught: Variable, check with department  
Various advanced topics in education.  
Repeatable: Yes  
If Repeatable, Max. Credits: 6

EDU 590 Independent Study: Education (1-3 credits)  
Hours: 1-3 classroom + 0 lab/studio  
Prerequisite(s): Consent of instructor.  
Taught: Variable, check with department  
Individual supervised readings and study of a selected topic in education. May be repeated as topics vary.  
Repeatable: Yes  
If Repeatable, Max. Credits: 6

EDUCATION - SPECIAL EDUCATION

EDS 322 Instructional Planning for Inclusive Elementary Classrooms (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): EDS 360 or PHE 500 or permission of instructor.  
Co-requisite(s): EDU 390 or EDU 391 or EDU 393.  
Taught: Fall and spring  
Designing elementary classroom instruction that meets the diverse needs of all students; collaborative skills that support inclusive practices.  
Repeatable: No

EDS 323 Instructional Planning for Inclusive Middle Level Classrooms (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): EDS 360 or PHE 500 or permission of instructor.  
Co-requisite(s): EDU 391.  
Taught: Fall and spring  
Designing middle level classroom instruction that meets the diverse needs of all students; collaborative skills that support inclusive practices. Open to Middle Level Education majors only.  
Repeatable: No

EDS 324 Instructional Planning for Inclusive Secondary Classrooms (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): EDS 360 or PHE 500 or permission of instructor.  
Co-requisite(s): EDU 393.  
Taught: Fall and spring  
Designing secondary classroom instruction that meets the diverse needs of all students; collaborative skills that support inclusive practices.  
Repeatable: No

EDS 360 Students with Exceptionalities in School (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): PSY 100.  
Co-requisite(s): EDU 303, EDU 307, EDU 309, and EDU 311.  
Taught: Fall and spring  
Nature and needs of students with
exceptionalities; overview of educational programming and legal issues in special education.
Repeatable: No

**EDS 360H Students with Exceptionalities Honors (3 credits)**

*Hours: 3 classroom + 0 lab/studio*

Prerequisite(s): PSY 100.

Taught: Variable, check w/ department

Nature and needs of students with exceptionalities, overview of educational programming and legal issues in special education.

Repeatable: No

**EDS 362 Applied Behavior Analysis for Students with Disabilities (3 credits)**

*Hours: 3 classroom + 0 lab/studio*

Co-requisite(s): EDS 464, EDS 472, and EDS 473.

Taught: Fall only

Principles of behavior analysis and research; classroom examples of behavior applications with students with disabilities.

Repeatable: No

**EDS 363 Behavior Management Strategies for Young Child (3 credits)**

*Hours: 3 classroom + 0 lab/studio*

Taught: Fall only-odd yrs

This course covers the principles of applied behavior analysis. As part of the course, the student will be expected to design and implement a behavior change project. REQUIRED for both IECE and Non-certification track students.

Repeatable: No

**EDS 364 Characteristics of Learning Disabilities (3 credits)**

*Hours: 3 classroom + 0 lab/studio*

Prerequisite(s): EDS 360.

Taught: Spring only

Covers the nature and needs of students with learning disabilities and the implications of language development on student learning.

Knowledge of the history of the field, definitions and causes, eligibility criteria, and examples of the learning and behavior issues associated with LD will be presented.

Repeatable: No

**EDS 365 Characteristics of Emotional/Behavioral Disorder (3 credits)**

*Hours: 3 classroom + 0 lab studio*

Prerequisite(s): EDS 360.

Taught: Spring and summer

Covers the nature and needs of students with Emotional/Behavioral Disorders and the development of positive classroom structures and procedures for supporting these students.

Knowledge of the history of the field, definitions and causes, eligibility criteria, and examples of the learning and behavior issues associated with EBD will be presented.

Repeatable: No

**EDS 464 Assessment Learning and Behavior Disorders (3 credits)**

*Hours: 3 classroom + 2 lab/studio*

Prerequisite(s): EDS 364.

Co-requisite(s): EDS 362, EDS 473, and EDS 472.

Taught: Fall only

Principles and procedures of assessment for eligibility determination of students with exceptional abilities and monitoring of student progress.

Repeatable: No

**EDS 472 Special Education Methods and Materials (3 credits)**

*Hours: 3 classroom + 0 lab/studio*

Prerequisite(s): EDS 364.

Co-requisite(s): EDS 362, EDS 464, and EDS 473.

Taught: Fall only

Materials, equipment, and methods for teaching students with learning and behavior disorders.

Repeatable: No

**EDS 473 Special Education Field Experience (2 credits)**

*Hours: 0 classroom + 4 lab/studio*

Co-requisite(s): EDS 362, EDS 464 and EDS 472.

Taught: Fall only

Experiences in application of assessment, behavior intervention, and instructional methods with students with learning and behavior disorders. Pass/Fail.

Repeatable: No

**EDS 551 Assistive Technology in the Classroom (3 credits)**

*Hours: 3 classroom + 0 lab/studio*

Taught: Spring only-odd yrs

Evaluating for assistive technology; approaches and devices for communication, mobility, and sensory impairments; distances learning technology for transition to the community and post school careers.

Repeatable: No

**EDS 561 Intellectual and Orthopedic Disabilities (3 credits)**

*Hours: 3 classroom + 0 lab/studio*

Prerequisite(s): Undergraduates must be admitted in to Teacher Education.

Taught: Fall and spring

Characteristics of adolescents with learning and behavior disorders; educational programming for secondary students with mild disabilities.

Repeatable: No

**EDS 570 Working with Families of Students with Disabilities (3 credits)**

*Hours: 3 classroom + 0 lab/studio*

Prerequisite(s): Undergraduates must be admitted in to Teacher Education.

Taught: Fall and spring

Information, skills, and resources for effective interaction with parents and families of children with disabilities.

Repeatable: No

**EDS 572 Secondary Special Education Programs (3 credits)**

*Hours: 3 classroom + 0 lab/studio*

Prerequisite(s): Undergraduates must be admitted in to Teacher Education.

Taught: Fall and spring

Characteristics of adolescents with learning and behavior disorders; educational programming for secondary students with mild disabilities.

Repeatable: No

**EDS 588 Professional Laboratory Experiences (3 credits)**

*Hours: 0 classroom + 3-6 lab/studio*

Prerequisite(s): Completed coursework for certification; valid teaching certificate.

Taught: Fall and spring

Classroom field experience in added area of certification; individual project.

Repeatable: No

**EDS 599 Independent Study: Special Education (1-3 credits)**

*Hours: 1-3 classroom + 0 lab/studio*

Prerequisite(s): Departmental permission.

Taught: Variable, check with department

Individualized study of a special topic under supervision of a faculty member. May be repeated for credit when topic varies.

Repeatable: Yes

If Repeatable, Max. Credits: 6
ELECTRONIC MEDIA AND BROADCASTING

EMB 100 Media Literacy - AH (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Fundamental concepts of mediated communication; analysis of roles, functions, and influence of media on individuals and society. This course will cast a critical eye on the media that we interact with each day: radio, television, newspapers, magazines, books, films, and the Internet. We will dissect media’s history and its vast reach into our daily lives and culture. The goal of this course is to stimulate your critical thinking concerning media and its effects, both historically and currently, and to make you as a student and consumer more aware of the power that media and media companies hold. After taking this course you should be able to recognize, interpret, encode and articulate your opinions on media messages.
Repeatable: No
General Education Credit: Cultural Pluralism

EMB 101 Electronic Media Appreciation 1 (1 credit)
Hours: 1 classroom + 0 lab/studio
Taught: Fall and spring
In this seminar course, students will broaden their media intake by attending various media screenings and related events at NKU and throughout the community. Content varies by semester. The course is worth one credit.
Repeatable: No

EMB 102 Electronic Media Production Assistance 1 (1 credit)
Hours: 1 classroom + 0 lab/studio
Prerequisite(s): EMB 101
Taught: Fall and spring
In this practicum course, students will broaden their understanding of production by volunteering as production assistants for upper level student work. The course is worth one credit.
Repeatable: No

EMB 105 Media in a Diverse Society - SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Media’s influence on perceptions of diversity in the U.S. and abroad - the local, national, and international influence of economics, politics, ideologies, cultures, and education on individuals and society with regard to media portrayals, production, and use; historical development of the portrayals of various groups of people characterized by race, gender, ethnicity, social class, disabilities, sexual orientation, etc.
Repeatable: No
General Education Credit: Cultural Pluralism

EMB 110 Introduction to Mass Media (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Introduction to program and profession; organization, operations, programming, audience measurement, and impact of electronic media; legal, economic and social controls of radio, TV, cable, new media, and corporate media within a historical framework.
Repeatable: No

EMB 140 Introduction to Media Aesthetics (3 credits)
Hours: 2 classroom + 4 lab/studio
Prerequisite(s): EMB 101
Taught: Fall and spring
Introduction to the aesthetics and basic technologies of creating audio, video and interactive media. A course grounded in theoretical concepts with practical application.
Repeatable: No

EMB 201 Electronic Media Appreciation 2 (1 credit)
Hours: 1 classroom + 0 lab/studio
Prerequisite(s): EMB 101
Taught: Fall and spring
In this seminar course, students will broaden their media intake by attending various media screenings and related events at NKU and throughout the community. Content varies by semester. The course is worth one credit and is a continuation of EMB 101.
Repeatable: No

EMB 202 Electronic Media Production Assistance 2 (1 credit)
Hours: 1 classroom + 0 lab/studio
Prerequisite(s): EMB 102
Taught: Fall and spring
In this practicum course, students will broaden their understanding of production by volunteering as production assistants for upper level student work. The course is worth one credit and is a continuation of EMB 102.
Repeatable: No

EMB 210 Single Camera Production (3 credits)
Hours: 2 classroom + 4 lab/studio
Prerequisite(s): Completion of EMB 140 with a C or better.
Taught: Fall and spring
Introduction to small format, video program design and development; theory and practice of single camera storytelling and editing.
Repeatable: No

EMB 215 Audio Production (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Completion of EMB 140 with a C or better.
Taught: Fall and spring
Theory and practice in planning and producing audio program elements typical of the present industry; coordinating the control console; audio recording, mixing, and editing in a digital audio workstation.
Repeatable: No

EMB 230 Broadcast Announcing (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Completion of EMB 215 with a C or better.
Taught: Variable, check with department
Theory and practice in delivery techniques for media, including work on voice, diction, and pronunciation; development of a cultural framework essential for versatility in announcing; interpretation of the most commonly used scripts in broadcasting; the studio interview.
Repeatable: No

EMB 260 Writing for the Media (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Successful completion of General Education Written Communication II requirement.
Taught: Fall and spring
Non-journalistic writing techniques and styles used in television and radio including narrative and documentary modes of storytelling.
Repeatable: No

EMB 301 Electronic Media Appreciation 3 (1 credit)
Hours: 1 classroom + 0 lab/studio
Prerequisite(s): EMB 201
Taught: Fall and spring
In this seminar course, students will broaden their media intake by attending and volunteering for various media screenings and related events at NKU and throughout the community. Content varies by semester. The course is worth one credit and is a continuation of EMB 201.
Repeatable: No

EMB 302 Electronic Media Production Assistance 3 (1 credit)
Hours: 1 classroom + 0 lab/studio
Prerequisite(s): EMB 202
Taught: Fall and spring
In this practicum course, students will broaden their understanding of production by volunteering as production assistants for upper level student work. The course is worth one credit and is a continuation of EMB 202.
Taught: Fall and spring
In this practicum course, students will broaden their understanding of production by volunteering for leadership roles for upper level student work (examples: Director, Director of Photography, Editor). The course is worth one credit and is a continuation of EMB 202.
Repeatable: No

EMB 305 Multicamera Video Production (3 credits)
Hours: 2 classroom + 4 lab/studio
Prerequisite(s): Completion of EMB 210 and EMB 215 with a C or better.
Taught: Fall and spring
Principles and techniques of directing both scripted and non-scripted multi-camera studio-based productions; examination of problems of the director and aesthetics of television; discussion, selected readings, and productions.
Repeatable: No

EMB 307 Broadcast Programming (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Completion of EMB 110 with a C or better.
Taught: Spring only
Strategies of program selection, scheduling, and evaluation; audience ratings, research, and analysis.
Repeatable: No

EMB 308 Electronic News Gathering (3 Credits)
Hours: 1 classroom + 2 lab/studio
Prerequisite(s): Completion of EMB 210 or JOU 380 with a C or better.
Taught: Fall and spring
This course develops the principles of single camera electronic newsgathering and provides students the opportunity to develop their skills as a storyteller and creator of high quality, professional media productions.
Repeatable: Yes
If Repeatable, Max. Credits: 6

EMB 310 Newscast Production (3 credits)
Hours: 2 classroom + 4 lab/studio
Prerequisite(s): Completion of EMB 140 or JOU 230 with a C or better.
Taught: Fall and spring
Advanced electronic news gathering and electronic field production techniques with emphasis on broadcast quality scripting, taping, and editing.
Repeatable: No

EMB 311 History of Electronic Media and Broadcasting (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Completion of EMB 110 with a C or better.
Taught: Variable, check with department
Development of electronic media, principally in the U.S., from their origin as 19th century instruments of science to the present; broadcasting as a vehicle of expression and as an industry.
Repeatable: No

EMB 313 Media Sales, Advertising, and Promotion (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
An examination of the principles and problems associated with valuing, selling, and promoting media. Includes campaign development, the valuation of air time, working inside and outside a network environment and the use of alternative media outlets.
Repeatable: No

EMB 315 Media Performance (3 credits)
Hours: 2 classroom + 4 lab/studio
Prerequisite(s): Completion of EMB 230 with a C or better.
Taught: Variable, check with department
Theory and practice in television performance techniques; interpretation and use of scripts in television; various non-scripted types of performance; work on the commercial, the public service announcement, the newscast, and the interview.
Repeatable: No

EMB 320 Multitrack Audio Mixing (3 credits)
Hours: 2 classroom + 4 lab/studio
Prerequisite(s): Completion of EMB 215 with a C or better.
Taught: Variable, check with department
Practicum in advanced audio production including multitrack recording and mixing.
Repeatable: No

EMB 322 Video Editing (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): Completion of EMB 210 with a C or better.
Taught: Fall and spring
Concepts and techniques of digital, non-linear video editing.
Repeatable: No

EMB 325 Advanced Media Performance (3 credits)
Hours: 2 classroom + 4 lab/studio
Prerequisite(s): Completion of EMB 315 with a C or better.
Taught: Variable, check with department
Intensive practice in the form of television performance currently employed in both commercial and noncommercial television; the dramatic and comedy sequence, announcing, show-hosting, and news reporting.
Repeatable: No

EMB 326 Digital Compositing (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Completion of EMB 210 or MIN 307 with a C or better.
Taught: Spring only
This course introduces the theoretical and aesthetic elements germane to the creation of composited graphics and video. Students will create their own composite projects using provided and self-created elements.
Repeatable: No

EMB 330 Live Broadcast Production (3 Credits)
Hours: 1 classroom + 2 lab/studio
Prerequisite(s): EMB 305 or EMB 310.
Taught: Variable-chek w/dept
Through successful completion of this course, students will develop the skills necessary to execute a live television event by actively participating in the actual production of such telecasts.
Repeatable: Yes
If Repeatable, Max. Credits: 6

EMB 335 Sports Media Production (3 credits)
Hours: 1 classroom + 2 lab/studio
Prerequisite(s): Completion of EMB 210 with a C or better.
Taught: Variable, check with department
An introduction to the theory and practice of live sports media production. Students will explore and perform the roles and duties that accompany a live sports production and will produce broadcast quality television sports productions for NKU Athletics.
Repeatable: Yes
If Repeatable, Max. Credits: 6

EMB 370 International Media (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Completion of EMB 110 with a C or better.
Taught: Variable, check with department
Survey and analysis of the social, cultural,
### EMB 380 Documentary Theory and History (3 credits)
- **Hours:** 3 classroom + 0 lab/studio
- **Prerequisite(s):** Completion of EMB 140 with a C or better.
- **Taught:** Spring only
- **Repeatable:** No

### EMB 394 Topics: Electronic Media & Broadcasting (3 credits)
- **Hours:** 3 classroom + 0 lab/studio
- **Prerequisite(s):** Varies according to topic.
- **Taught:** Variable, check with department
- **Repeatable:** Yes

### EMB 395 Special Topics: Study Away (3 credits)
- **Hours:** 3 classroom + 0 lab/studio
- **Prerequisite(s):** Varies by topic, check with department.
- **Taught:** Variable, check with department
- **Repeatable:** Yes

### EMB 396 Internship: Electronic Media and Broadcasting (3 credits)
- **Hours:** 0 classroom + 12-24 lab/studio
- **Prerequisite(s):** Written consent of the supervising faculty member; junior or senior standing; GPA of at least 2.75.
- **Taught:** Fall and spring
- **Repeatable:** No

### EMB 397 Projects (3 credits)
- **Hours:** 0 classroom + 12 lab/studio
- **Prerequisite(s):** Written consent of instructor.
- **Taught:** Variable, check with department
- **Repeatable:** Yes

### EMB 398 Documentary Production (3 credits)
- **Hours:** 0 classroom + 12 lab/studio
- **Prerequisite(s):** Written consent of instructor.
- **Taught:** Variable, check with department
- **Repeatable:** Yes

### EMB 400 Media Criticism (3 credits)
- **Hours:** 3 classroom + 0 lab/studio
- **Prerequisite(s):** Completion of EMB 110 with a C or better; junior or senior standing.
- **Taught:** Fall and spring
- **Repeatable:** Yes

### EMB 401 Narrative Production (3 credits)
- **Hours:** 2 classroom + 4 lab/studio
- **Prerequisite(s):** Completion of EMB 210 with a C or better.
- **Taught:** Spring only
- **Repeatable:** Yes

### EMB 420 Documentary Production (3 credits)
- **Hours:** 2 classroom + 0 lab/studio
- **Prerequisite(s):** Completion of EMB 210 with a C or better.
- **Taught:** Fall only
- **Repeatable:** Yes

### EMB 421 Documentary Production (3 credits)
- **Hours:** 3 classroom + 0 lab/studio
- **Prerequisite(s):** Completion of EMB 210 with a C or better.
- **Taught:** Fall only
- **Repeatable:** Yes

### EMB 422 Documentary Production (3 credits)
- **Hours:** 3 classroom + 0 lab/studio
- **Prerequisite(s):** Completion of EMB 210 with a C or better.
- **Taught:** Fall only
- **Repeatable:** Yes

### EMB 423 Documentary Production (3 credits)
- **Hours:** 2 classroom + 4 lab/studio
- **Prerequisite(s):** Completion of EMB 210 with a C or better.
- **Taught:** Fall only
- **Repeatable:** Yes

### EMB 424 Digital Cinema Projects (3 credits)
- **Hours:** 3 classroom + 0 lab/studio
- **Prerequisite(s):** Completion of EMB 210 with a C or better.
- **Taught:** Variable, check with department
- **Repeatable:** Yes

### EMB 425 Multicamera Arts and Events Production (3 credits)
- **Hours:** 2 classroom + 4 lab/studio
- **Prerequisite(s):** Completion of EMB 210 with a C or better.
- **Taught:** Variable, check with department
- **Repeatable:** Yes

### EMB 435 Media Studies (3 credits)
- **Hours:** 3 classroom + 0 lab/studio
- **Prerequisite(s):** Junior standing.
- **Taught:** Variable, check with department
- **Repeatable:** Yes

### EMB 445 Screenwriting (3 credits)
- **Hours:** 3 classroom + 0 lab/studio
- **Prerequisite(s):** Completion of EMB 260 with a C or better.
- **Taught:** Fall and spring
- **Repeatable:** Yes

### EMB 450 Production Management (3 credits)
- **Hours:** 3 classroom + 0 lab/studio
- **Prerequisite(s):** C or better in EMB 210.
- **Taught:** Fall and spring
- **Repeatable:** Yes

### EMB 459 Special Topics: Study Abroad (1-3 credits)
- **Hours:** 1-3 classroom + 0 lab/studio
- **Prerequisite(s):** Varies by topic.
- **Taught:** Variable, check with department
- **Repeatable:** Yes

### EMB 460 Independent Study (1-3 credits)
- **Hours:** 0 classroom + 4-12 lab/studio
- **Prerequisite(s):** Junior or senior standing; minimum
ENGINEERING TECHNOLOGY

EGT 110 Introduction to Engineering/Technology - NS (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MAHD 095 or MAHD 092, or Math ACT score of 19 or higher.
Taught: Fall, spring, and summer
The course introduces concepts from introduction to computer graphics and parametric design, basic electronics, basic mechanics, and engineering calculations; technology computer applications; and spreadsheets for engineering calculations.
Repeatable: No
General Education Credit: Natural Science

EGT 116 Introduction to Manufacturing (3 credits)
Hours: 2 classroom + 1 lab/studio
Taught: Fall and spring
Fundamentals of welding and metal processing methods; metal casting, shaping, metal forming, bulk deformation processes.
Repeatable: No

EGT 161 DC Circuit Analysis (3 credits)
Hours: 2 classroom + 1 lab/studio
Prerequisite(s): MAHD 098 or ACT math 22 or higher.
Taught: Fall and spring
Basic laws and theories, voltages, current, power, and resistance; resistive circuits in direct current circuits; analysis and applications. Mesh and node equations used in circuit analysis.
Repeatable: No

EGT 211 Quality Control (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): STA 205.
Taught: Summer only
Control and assurance of quality and reliability; management of quality function in the industrial setting.
Repeatable: No

EGT 212 Computer-Aided Drafting and Design (3 credits)
Hours: 2 classroom + 1 lab/studio
Taught: Fall and spring
Fundamentals of computer-aided drafting; production of technical drawings using CAD software; working drawings; standard machine elements; tolerance dimensioning.
Repeatable: No

EGT 243 AC Circuit Analysis (3 credits)
Hours: 2 classroom + 1 lab/studio
Prerequisite(s): EGT 161 and MAT 119.
Taught: Spring only-odd yrs
Application of basic electrical circuit analysis to alternating current systems; capacitors, inductors, transformers, and circuits using these components. Mesh and loop analysis, multiphase.
Repeatable: No

EGT 245 Digital Electronics (3 credits)
Hours: 2 classroom + 1 lab/studio
Prerequisite(s): B- or greater in MAT 119 or placement.
Prerequisite OR Co-requisite: EGT 161.
Taught: Fall only-even years
Digital circuits; logic, registers, counters, arithmetic circuits, and memories.
Repeatable: No

EGT 260 Industrial Standards, Safety, and Codes (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
This course is designed to teach an overview of the standard or occupational health systems such as: Six Sigma, ISO 9001, ISO 1400, OSHA standards, ISO 13485, or Baldrige Criteria.
Repeatable: No

EGT 261 Engineering Materials (3 credits)
Hours: 2 classroom + 1 lab/studio
Prerequisite(s): CHE 120.
Taught: Fall only
Structures, properties, applications, and failure modes of materials, both metallic and nonmetallic; heat treatment and processing effects on microstructure; introduction to chemical properties; principles and applications of destructive and nondestructive testing.
Repeatable: No

EGT 265 Manufacturing Processes and Metrology (3 credits)
Hours: 2 classroom + 1 lab/studio
Prerequisite OR Co-requisite: EGT 116.
Taught: Spring only
Principles and applications of precision machining, volume production, assembly methodology, advanced concepts in manufacturing operations, and introduction to metrology (e.g. calibration, documentation, and standards are discussed).
Repeatable: No

EGT 267 Programming for Engineering Applications (3 credits)
Hours: 2 classroom + 1 lab/studio
Prerequisite(s): EGT 161.
Taught: Fall and spring
Engineering programming using Integrated Development Environment. Topics include: data types, control flow, decisions, functions, routines, algorithms, real time considerations, embedded applications, and use of micro-controllers (e.g. Arduino, Raspberry Pi) for engineering applications, case studies, projects, and problems as applied to Engineering Technology applications (e.g. LabVIEW environment).
Repeatable: No

EGT 280 Introduction to Microtechnology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PHY 211 or PHY 220.
Taught: Summer only
Introduction to microtechnology including materials properties (physical, thermal, electrical, and mechanical), fundamentals of microfabrication including various deposition methods, photolithography, etching, LIGA electroplating, and self-assembly characterization of small structures and applications of microdevices such as MEMS sensors and actuators, accelerometers, optical switches and microfluidics.
Repeatable: No

EGT 291W Writing in Engineering Technology - WC (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ENG 101 or ENG 151H.
Taught: Spring only
Introduction to writing for the engineering and engineering technology professions. Definitions, descriptions, presentations, reports, manuals, and proposals are covered. Reader-centered, process-driven writing and presentation skills are developed centered on the engineering professions. Open to engineering technology, pre-engineering, or others with permission of the instructor.
Repeatable: No
General Education Credit: Written Communication
EGT 292 Research Experience in Engineering Technology (0 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor and department chair.
Taught: Fall, spring, and summer
Original research work directed by one or more members of the engineering technology faculty. May be taken more than once. Pass/fail grade only.
Repeatable: Yes
If Repeatable, Max. Credits: 0.5

EGT 300 Statics and Strength of Materials (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PHY 211 or PHY 220, MAT 119 or MAT 128.
Taught: Fall only
Theory and application of the mechanics of rigid bodies in equilibrium; mechanical properties of materials; stress; strain; torsion; shear force and bending moments; beam deflection; combined loading.
Repeatable: No

EGT 301 Cooperative Education in Engineering Technology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): consent of instructor.
Taught: Fall, spring, and summer
This course provides students an opportunity to apply the knowledge and skills they are learning in the classroom to an employment position in business or industry. It allows students to test and refine career plans and interests; gain experience in their field of specialty before they begin searching for a permanent position; and build a network of professional contacts from which they may draw technical and employment information.
Repeatable: No

EGT 310 Project Management and Problem Solving (3 credits)
Hours: 2 classroom + 1 lab/studio
Prerequisite(s): STA 205.
Taught: Fall and spring
Industrial project management practices: project implementation methods; resource selection; risks and failures; project management tools and techniques related to manufacturing projects. Problem-solving models; quantitative and qualitative decision-making strategies, including economic analysis; ethical, environmental, and social issues; impact of creative thinking, critical thinking, and problem solving on the design and quality of products and services.
Repeatable: No

EGT 317 Introduction to Capstone Project in EGT (1 Credit)
Hours: 1 classroom + 0 lab/studio
Prerequisite OR Co-requisite: EGT 310.
Taught: Fall and Spring
Will cover the bases of product design that an engineering technology student needs to know in order to conceptualize their project. Students will follow the product design concepts covered in the class, in order to assemble their build lists, complete their design projects and reach production more quickly in EGT 417.
Repeatable: No

EGT 318 Introduction to Nanotechnology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CHE 120.
Taught: Summer and spring-odd yrs
Introduction to nanotechnology, fabrication and characterization of nano-scale structures, properties of nanostructures, nanostructured materials, wires and dots, nanobiology/nanomedicine, nanomagnetics, nanotubes, nanoelectronics, and nanoelectromechanical systems.
Repeatable: No

EGT 320 Robotic Systems and Material Handling (3 credits)
Hours: 2 classroom + 1 lab/studio
Prerequisite(s): EGT 161.
Taught: Spring only
Structure and operational characteristics; principles and theory of robot movement, robot teach/programming, program languages, robot arm, robot controller, work station. Material handling related to manufacturing, warehousing, type of equipment used and different concepts of material handling are covered.
Repeatable: No

EGT 321 Productivity Management, Scheduling, and Planning (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MAT 119 and EGT 211.
Taught: Fall only
The integration of systems required to improve work flow through the system, scheduling and coordination of projects. Systems of time management and work simplification; analysis of manufacturing and production problems including purchasing, work methods, inventory, material handling, production planning, and cost analysis.
Repeatable: No

EGT 340 Applied Dynamics (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): EGT 300, PHY 211 or PHY 220, and MAT 129 or MAT 227.
Taught: Spring only
Theories and applications of dynamic mechanics, including Newton’s laws, work, kinetics, impulse, and momentum.
Repeatable: No

EGT 341 Integrated Resource Management (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): EGT 321.
Taught: Spring only
This course utilizes the techniques of enterprise management. The course will focus on contrast and integration strategies, JIT techniques, integration, application, and implementation.
Repeatable: No

EGT 344 Analog Electronics (3 credits)
Hours: 2 classroom + 1 lab/studio
Prerequisite(s): EGT 161 and a B- or better in MAT 119 or placement.
Taught: Fall only-even years
Introduction to solid state, diodes, bipolar and field-effect transistors, small-signal amplifiers; power amplifiers, voltage regulators, and active filters.
Repeatable: No

EGT 361 Fluid Power (3 credits)
Hours: 2 classroom + 1 lab/studio
Prerequisite(s): MAT 129 or MAT 227; PHY 211 or PHY 220.
Taught: Fall only
Basic laws and concepts of fluid mechanics and their applications to fluid power circuits.
Repeatable: No

EGT 362 Tool Design and Computer Aided Manufacturing (3 credits)
Hours: 2 classroom + 1 lab/studio
Prerequisite(s): EGT 116 and EGT 212.
Taught: Variable-check w/ department
Design and selection of mechanical elements such as fasteners, cams, jigs, fixtures, and tools, utilizing Computer Aided Manufacturing software.
Repeatable: No

EGT 365 CNC & Manufacturing Process Planning (3 credits)
Hours: 2 classroom + 1 lab/studio
Prerequisite(s): EGT 212 and EGT 265 and a C- or greater in MAT 119 or placement.
Taught: Fall only
Course provides knowledge needed to set up and
program Computer Numerical Control (CNC) machines equipped with EIA or Conversational programming formats. The general application of information will be discussed, along with practical training on CNC machines. Topics such as: Manufacturing process planning, selecting resources for use in the execution and completion of a CNC project will be covered.

Repeatable: No

**EGT 367 Microprocessors (3 credits)**

*Hours: 2 classroom + 1 lab/studio*

Prerequisite(s): EGT 245 and EGT 267.

Taught: Fall only

Architecture and instruction sets; programming, interfacing, and designing with microprocessors.

Repeatable: No

**EGT 377 Power Electronic Systems (3 credits)**

*Hours: 2 classroom + 1 lab/studio*

Prerequisite(s): EGT 243

Taught: Spring only

Covers basic concepts of electromagnetic energy conversion; converter topologies, AC/DC, DC/DC, DC/AC, AC/AC; DC motors and three-phase induction motors; introduction to power electronics; Adjustable speed drives used for control of DC, induction, and AC motors; and power system utility applications.

Repeatable: No

**EGT 386 Electro-Mechanical Instrumentation and Control (3 credits)**

*Hours: 2 classroom + 1 lab/studio*

Prerequisite(s): EGT 161.

Taught: Fall only

Introduction to the design of instrumentation and control systems. Study of thermal, mechanical, optical, and digital sensor operations and applications. Introduction to data acquisition systems. Laboratory experimentation involving the programmable logic controls for designing different logics to control devices and selecting sensors to gather and utilize data from the equipment at hand.

Repeatable: No

**EGT 394 Special Topics (1-3 credits)**

*Hours: 1-3 classroom + 0 lab/studio*

Prerequisite(s): Junior standing

Taught: Variable, check with department

Focused study of a specific topic. Topics vary from semester to semester.

Repeatable: Yes

If Repeatable, Max. Credits: 6

**EGT 396 Undergraduate Laboratory Assistant (1-3 credits)**

*Hours: 1-3 classroom + 0 lab/studio*

Prerequisite(s): Engineering Technology GPA of at least 3.0, Junior standing and consent of instructor.

Taught: Fall, spring, and summer

Participation in planning, setting-up, teaching, conducting reviews, and testing for an undergraduate laboratory course. For students majoring in engineering technology. Not applicable to major or minor.

Repeatable: Yes

If Repeatable, Max. Credits: 6

**EGT 399 Independent Study: Engineering Technology (1-3 credits)**

*Hours: 1-3 classroom + 0 lab/studio*

Prerequisite(s): Consent of advisor.

Taught: Variable, check with department

For advanced students seeking to study selected problems.

Repeatable: No

**EGT 404 Signals and Systems (3 credits)**

*Hours: 3 classroom + 0 lab/studio*

Prerequisite(s): EGT 243 and MAT 227 or MAT 129.

Taught: Spring only

Advanced circuit analysis techniques; time domain and frequency domain solutions; Laplace transforms; z-transforms; Fourier analysis; discrete-time systems.

Repeatable: No

**EGT 405 Metrology and Geometric Tolerancing (3 credits)**

*Hours: 2 classroom + 1 lab/studio*

Prerequisite(s): EGT 211 and EGT 212.

Taught: Spring only

Metrology requirements and geometric tolerancing; calibration systems, gauge studies, measurement elements, analysis and presentation of measurement data, quality implications.

Repeatable: No

**EGT 408 Mechatronics Topics (3 credits)**

*Hours: 2 classroom + 1 lab/studio*

Prerequisite(s): EGT 386.

Taught: Fall only-even years

Design, optimization, and simulation of electronic, mechanical, and control systems. Applications and case studies in system control, electromechanical systems, and intelligent adaptive systems.

Repeatable: No

**EGT 411 Quality Assurance and Auditing (3 credits)**

*Hours: 3 classroom + 0 lab/studio*

Prerequisite(s): EGT 211.

Taught: Variable, check with department

Organizing and implementing the quality audit; types of audits; ISO 9000 quality standards; audit planning, execution, testing, reliability, and system appraisal.

Repeatable: No

**EGT 412 Advanced CADD (3 credits)**

*Hours: 2 classroom + 1 lab/studio*

Prerequisite(s): EGT 212.

Taught: Fall only

Advanced features of three dimensional and parametric modeling, using one of the common parametric (CADD) packages.

Repeatable: No

**EGT 417 Senior Design in Technology (2 credits)**

*Hours: 1 classroom + 1 lab/studio*

Prerequisite(s): EGT 317 and senior standing.

Taught: Fall, spring, and summer

Development and preparation of the capstone project in an area of student’s primary program major. With prior permission obtained at the end of EGT 416, from their EGT advisors, students will complete, building, documenting, demonstrating, and presenting the results. Must be taken within three semesters of graduation.

Repeatable: Yes

If Repeatable, Max. Credits: 9

**EGT 423 Planning and Design of Industrial Facilities (3 credits)**

*Hours: 2 classroom + 1 lab/studio*

Prerequisite(s): EGT 212.

Taught: Spring only

Planning, estimating, designing, and modeling industrial facilities; management, personnel, production, aesthetics, and the environment.

Repeatable: No

**EGT 448 Network Hardware (3 credits)**

*Hours: 2 classroom + 1 lab/studio*

Prerequisite(s): EGT 245.

Taught: Fall only-even years

Concepts and examples of network hardware used in data communications, including introduction to advanced concepts. Transmission media, data links, multiplexing, carrier systems, digital transmission systems, routers, interfaces, data transmission.

Repeatable: No
EGT 450 Thermodynamics and Heat Transfer (3 credits)
Hours: 2 classroom + 1 lab/studio
Prerequisite(s): MAT 129 or MAT 227, and PHY 211 or PHY 220.
Taught: Spring only
Fundamentals of thermodynamics, first and second laws of thermodynamics, properties of liquids and gases; air-conditioning and refrigeration systems; power cycles; modes of heat transfer (conduction, convection, and radiation and their applications in technology); computer simulations of thermodynamics and heat transfer processes. Repeatable: No

EGT 462 Finite Element Modeling (3 credits)
Hours: 2 classroom + 1 lab/studio
Prerequisite(s): EGT 412.
Taught: Spring only
Fundamentals of finite element modeling, creation of geometry, material selection, and problem solving. The course focuses on FEA modeling techniques utilizing CAD/CAE software. Repeatable: No

EGT 465 Automated Manufacturing Systems (3 credits)
Hours: 2 classroom + 1 lab/studio
Prerequisite(s): EGT 320 and EGT 365.
Taught: Spring only
Integrated manufacturing automation including CIM/FMS, system controls, fixed systems, robotics, and economics of automation. Repeatable: No

EGT 467 Advanced Microprocessors (3 credits)
Hours: 2 classroom + 1 lab/studio
Prerequisite(s): EGT 367.
Taught: Spring only
Advanced architectures, multitasking, virtual memory, networking, assembly language. Repeatable: No

EGT 477 Advanced Power Designs (3 credits)
Hours: 2 classroom + 1 lab/studio
Prerequisite(s): EGT 377
Taught: Fall only
This course focuses on power systems and smart grid design that include power transmission lines and transformers, synchronous machine, network analysis, power system representation, load flow & modeling, power system protection, symmetrical components, faults, stability, and power system operations. Repeatable: No

EGT 480 Machine Design (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): EGT 340, PHY 211 or PHY 220.
Taught: Fall only
Techniques involved in designing and selecting individual machine parts. An integrated approach to the design of machine elements. Repeatable: No

ENGLISH

ENG 101 College Writing - WC (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): English and Reading ACT/SAT/COMPASS/IELTS/TOEFL scores as announced in current Schedule of Classes; OR placement test; OR, depending upon placement, completion of ENGD 090, ENGI 099 and/or RDG 091, or transfer equivalent with a C- or better.
Taught: Fall, spring, and summer
Study and practice of writing with attention to audience, purpose, and conventions appropriate to writing situation; reading, writing, and analyzing a variety of texts, including written, digital, or visual. Repeatable: No
General Education Credit: Written Communication I

ENG 102 Advanced College Writing - WC (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ENG 101 or equivalent.
Taught: Fall, spring, and summer
Study and practice of writing in a variety of expository forms, with attention to audience, purpose, and conventions appropriate to writing situation; emphasis on research-based writing and persuasive strategies. Repeatable: No
General Education Credit: Written Communication II

ENG 151H Honors Freshman Composition - WC (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 26 or above on the current ACT or comparable score on the enhanced ACT, or equivalent; evidence of writing proficiency; approval of department.
Taught: Fall and spring
Advanced study and practice of writing with attention to both narrative and rhetorical writing strategies; attention to audience, purpose, and conventions appropriate to writing situations; reading, writing, and analyzing a variety of texts, including written, digital, or visual. Repeatable: No

General Education Credit: Written Communication II, Written Communication I

ENG 200 Understanding Literature - AH (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Students will develop skills in critical thinking and in understanding multiple perspectives and identities through the study of fiction, poetry, drama, and visual narrative. Repeatable: No
General Education Credit: Culture and Creativity

ENG 201 Ideas in Literature (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ENG 101 or ENG 151 or equivalent and sophomore standing.
Taught: Variable, check with department
Works representing a variety of literary forms and reflecting a common theme or motif. Topics vary. Repeatable: No

ENG 202 Survey of British Literature I (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ENG 101 or ENG 151 or equivalent.
Taught: Fall and spring
Anglo-Saxon period to the 18th century; emphasis on more important writers, with attention to their cultural background. Repeatable: No

ENG 203 Survey of British Literature II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ENG 101 or ENG 151 or equivalent.
Taught: Fall and spring
Romantic period to the present; emphasis on more important writers with attention to their cultural background. Repeatable: No

ENG 204 Introduction to Writing Studies (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ENG 101 or ENG 151.
Taught: Fall only
An introduction to the study of written communication with an emphasis on histories and models of writing, textual analysis, and technologies of writing. Students will investigate a variety of genres in professional writing, public writing, personal and autobiographical writing, writing for new media, and persuasive writing. Repeatable: No

**ENG 479 Independent Study of British Literature (1-3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): written consent of a full-time member of the Faculty of English.
Taught: Variable, check with department
Advanced study of poetry. May be repeated for credit when topics vary. GENRES.
Repeatable: No

**ENG 480 Projects: Writing (1-3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): written consent of a full-time member of the Faculty of English.
Taught: Variable, check with department
Duties associated with on- or off-campus, paid or unpaid, employment in business, government, education, or the nonprofit sector, which involve substantial work in writing and/or editing projects, under the supervision of a faculty member in the English Department. May be repeated to a total of 6 semester hours.
Repeatable: Yes
If Repeatable, Max. Credits: 6

**ENG 491 Poetry (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 6 semester hours of literature and consent of instructor.
Taught: Variable, check with department
Open to outstanding students.
Repeatable: No

**ENG 494 Senior Seminar (3 credits)**
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): ENG 102, ENG 151, or equivalent, with department approval.
Taught: Variable, check with department
Intensive study of a specific topic or problem.
Repeatable: No

**ENG 497 Internship: Various (1-3 credits)**
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): ENG 102, ENG 151, or equivalent, with department approval.
Taught: Variable, check with department
Duties associated with on- or off-campus, paid or unpaid, employment in business, government, education, or the nonprofit sector, which involve substantial work in writing and/or editing projects, under the supervision of a faculty member in the English Department. May be repeated to a total of 6 semester hours.
Repeatable: No

**ENG 499 Independent Study of British Literature (1-3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 6 semester hours of literature and consent of instructor.
Taught: Variable, check with department
Open to outstanding students.
Repeatable: No

**ENG 500 Poetry (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 6 semesters of literature at the undergraduate level or equivalent.
Taught: Variable, check with department
Advanced study of poetry. May be repeated for credit when topics vary. GENRES.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**ENG 501 Drama (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 6 semesters of literature at the undergraduate level or equivalent.

---

320
Taught: Variable, check with department
Advanced study of dramatic literature. May be repeated for credit when topics vary. GENRES.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

ENG 505 Medieval Literature (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 6 semesters of literature at the undergraduate level or graduate standing.
Taught: Variable, check with department
Advanced study of literature from the Medieval period. May be repeated once for credit when topics vary. TRADITIONS (PRE-1800, PRE-1900)
Repeatable: Yes
If Repeatable, Max. Credits: 6

ENG 515 Readings in Western Literature (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 6 semesters of literature at the undergraduate level or graduate standing.
Taught: Variable, check with department
Advanced study of literature from the Renaissance. May be repeated once for credit when topics vary. TRADITIONS (PRE-1800, PRE-1900)
Repeatable: Yes
If Repeatable, Max. Credits: 6

ENG 525 Restoration and 18th-Century Literature (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 6 semesters of literature at the undergraduate level or graduate standing.
Taught: Variable, check with department
Advanced study of Restoration and 18th-century literature. May be repeated once for credit when topics vary. TRADITIONS (PRE-1800, PRE-1900)
Repeatable: Yes
If Repeatable, Max. Credits: 6

ENG 530 Readings in the English Language (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 6 semester hours of literature at the undergraduate level.
Taught: Spring only
Topics about the language and its use: specialized readings, applications, and theories. May be repeated for credit when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

ENG 531 English Grammar for Teachers of ESOL (2 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 6 semester units of literature and consent of instructor.
Taught: Variable, check with department
Review of English grammar from pedagogical point of view. Does not count toward English major.
Repeatable: No

ENG 535 Teaching High School Writing (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Admission to Teacher Education Program and EDU 311 (Admission to Secondary Field Experience); or Admission to MAT Program or MA English program; or possession of valid secondary teaching certificate.
Taught: Fall only
Methods and theories in the teaching of high school writing. Required of all students majoring in English who seek secondary certification.
Repeatable: No

ENG 537 Teaching High School Literature (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Admission to Teacher Education Program and EDU 311 (Admission to Secondary Field Experience); or Admission to MAT Program or MA English program; or possession of valid secondary teaching certificate.
Taught: Fall Only
Methods and theories in the teaching of high school literature. Required of all students majoring in English who seek secondary certification.
Repeatable: No

ENG 541 Linguistics for Teachers of ESOL (2 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 6 semester units of literature and consent of instructor.
Taught: Variable, check with department
Overview of linguistics for teachers of ESOL. Does not count toward English major.
Repeatable: No

ENG 542 Teaching and Practice/Creative Writing (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): graduate standing or consent of instructor.
Taught: Variable, check with department
Activities, materials, objectives, theory, practice, and curricula for teaching writing at the middle and secondary school levels. Does not satisfy methods course requirements for any Kentucky teaching certificate program.
Repeatable: No

ENG 544 Research/Methods in Professional Writing (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Graduate standing or consent of instructor.
Taught: Variable, check with department
Introduction to key theories and research methods in professional writing. WRITING STUDIES.
Repeatable: No

ENG 546 Grant Writing (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ENG 102 or equivalent or consent of instructor.
Taught: Variable, check with department
Theory and practice of preparing and analyzing grant applications. Special focus on the grant process in academic settings. WRITING STUDIES. Open to graduate students and, with permission of instructor, advanced undergraduate students.
Repeatable: No

ENG 550 Playwriting Workshop (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ENG 231 or equivalent or graduate standing.
Taught: Variable, check with department
Advanced exploration of the elements and techniques of film production and screenwriting. Focus on developing the individual playwright’s method and practice through creation of drama, research, and engagement with the theater community.
Repeatable: No

ENG 552 Screenwriting Workshop (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ENG 231 or equivalent or graduate standing.
Taught: Variable, check with department
Advanced study in composition/rhetoric. May be repeated for credit when topics vary.
Repeatable: No

ENG 556 Composition Theories (1-3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Six semesters of literature at the undergraduate level or graduate standing.
Taught: Variable, check with department
Advanced study in composition/rhetoric. May be repeated for credit when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit
**ENG 560 American Literature Before 1865 (3 credits)**

Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): Six semesters of literature at the undergraduate level or graduate standing.  
Taught: Variable, check with department  
Advanced study of American literature written before 1865. May be repeated once for credit when topics vary. TRADITIONS (PRE-1900)  
Repeatable: Yes  
If Repeatable, Max. Credits: 6

**ENG 565 American Literature After 1865 (3 credits)**

Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): Six semesters of literature at the undergraduate level or graduate standing.  
Taught: Variable, check with department  
Advanced study of American literature written after 1865. May be repeated once for credit when topics vary. TRADITIONS.  
Repeatable: Yes  
If Repeatable, Max. Credits: 6

**ENG 570 American Folklore (3 credits)**

Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): ENG 151H, ENG 102 or equivalent or graduate level standing.  
Taught: Variable-chck w/dept  
Study of oral, customary, and material genres of folklore in different American folk groups.  
Repeatable: No

**ENG 575 20th Century British Literature (3 credits)**

Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): Six semesters of literature at the undergraduate level or graduate standing.  
Taught: Variable, check with department  
Advanced study of British literature written in the twentieth century. May be repeated once for credit when topics vary. TRADITIONS.  
Repeatable: Yes  
If Repeatable, Max. Credits: 6

**ENG 580 Studies in Literature (3 credits)**

Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): Six semester hours of literature at the undergraduate level.  
Taught: Variable, check with department  
Special topics in literature; genres, interdisciplinary subjects, individual authors. May be repeated for credit when topics vary. TRADITIONS.  
Repeatable: Yes  
If Repeatable, Max. Credits: No Limit

**ENG 581 Major Authors (3 credits)**

Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): Six semesters of literature at the undergraduate level or graduate standing.  
Taught: Variable, check with department  
Advanced study of one or more major literary authors. May be repeated for credit when topics vary. TRADITIONS.  
Repeatable: Yes  
If Repeatable, Max. Credits: No Limit

**ENG 582 Special Topics in Literature (3 credits)**

Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): Six semesters of literature at the undergraduate level or graduate standing.  
Taught: Variable, check with department  
Advanced study of special topics in literary studies. May be repeated once for credit when topics vary.  
Repeatable: Yes  
If Repeatable, Max. Credits: 6

**ENG 584 Literary Publishing and Editing (3 credits)**

Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): ENG 102 or equivalent or graduate level standing.  
Taught: Variable, check with department  
Current trends and challenges in publishing explored through research and practical editing of literary journals and other projects.  
Repeatable: No

**ENG 586 Advanced Reading (3 credits)**

Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): Six semesters of literature at the undergraduate level or graduate standing.  
Taught: Variable, check with department  
Advanced study of one or more literary works. May be repeated for credit when topics vary. TRADITIONS.  
Repeatable: Yes  
If Repeatable, Max. Credits: 6

**ENGI 080 Writing Laboratory (1 credit)**

Hours: 0 classroom + 1 lab/studio  
Co-requisite(s): ENGI 099.  
Taught: Fall and spring  
Supplementary writing instruction in small-group setting. Offered on a pass/fail basis. Not applicable toward graduation.  
Repeatable: No

**ENGI 094 Integrated Reading/Writing for Int’l Students (4 credits)**

Hours: 4 classroom + 0 lab/studio  
Taught: Fall and spring  
The purpose of ENGI 094 is to help students improve the quality and fluency of their wiring in English, prepare them for college-level writing, and give them extensive practice in the writing process. In addition to regular and frequent writing, students will gain an appreciation of reading by choosing books of interest, increase their reading fluency, improve their reading comprehension, and be prepared for college-level reading. This is a 4 credit course, not applicable towards graduation, for students who are below college level for reading and English. A student with only one deficiency will also benefit from the reading and writing integration of this course.  
ENGI 094 is a pre-requisite for ENG 101.  
Repeatable: No

**ENGI 099 Writing Workshop for International Students (3 credits)**

Hours: 3 classroom + 0 lab/studio  
Co-requisite(s): ENGI 080.  
Taught: Fall and spring  
Practice in a variety of writing forms, selecting topics, working through the writing process, and conferring with instructor and peers. Not applicable toward graduation. For students needing additional preparation for ENG 101.  
Repeatable: No
ENTREPRENEURSHIP

ENTP 201 Entrepreneurial Mindset (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): None
Taught: Fall and spring
The entrepreneurial mindset can be utilized to develop self-efficacy, leadership, resourcefulness, creativity and comfort with ambiguity. Students will study, apply and absorb an entrepreneurial mindset as an approach to viewing the world, recognizing problems and developing real-world creative solutions. Students will also develop an appreciation for failure as learning experiences.
Repeatable: No

ENTP 202 Opportunity Recognition (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ENTP 201
Taught: Fall and spring
Students will explore ways to shape and evaluate opportunities by understanding key industry, market, and competitive factors. Students will learn how to determine if an idea is a viable opportunity for value creation, how to apply critical thinking skills, and how best to seize the opportunities they have identified.
Repeatable: No

ENTP 290 Idea Validation (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ENTP 202
Taught: Fall and spring
Students will work in teams to learn how to turn a great idea into a great company. They will develop a company and evaluate their idea by testing it with potential customers. Using the customer and market feedback gathered, they will use agile development to rapidly iterate their product.
Repeatable: No

ENTP 305 Introduction to Entrepreneurship (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing
Taught: Fall and spring
This course is designed to provide students with an overview of the entrepreneurial thought processes of creativity, innovation, and critical thinking as well as the business planning process. It provides students with a framework in which to conduct a feasibility analysis that will help prepare them for a potential entrepreneurial venture. Not open to entrepreneurship majors or minors.
Repeatable: No

ENTP 320 Social Entrepreneurship (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing
Taught: Fall only
Introduce students to the concepts, practices, and challenges of social entrepreneurship in the U.S. and around the world. Topics include the relationship between traditional entrepreneurship and social entrepreneurship; the impact of social entrepreneurs on society; and the skills needed to be a successful social entrepreneur.
Repeatable: No

ENTP 375 Entrepreneurial Skills & Marketing (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing
Taught: Fall and spring
A strategic marketing process approach will be illustrated including marketing plans, the innovation process, and implementation of product, price, place and promotion goals. Topics will also include how to get business assistance, business locations, licenses and permits, registering your business, determining legal structure, and managing innovation.
Repeatable: No

ENTP 376 New Venture Financing (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ACC 150 or ACC 200 and ACC 201, ENTP 201
Taught: Fall only
Many new ventures and innovation fail due to inadequate funding. Major sources of funding for new ventures are reviewed and evaluated in this course, including: venture capital, informal investors, banks, investment banks, suppliers, buyers and the government. Some of the topics for this course include valuation, “guerilla financing,” joint ventures, strategic alliances, private placements, IPOs and management buyouts.
Repeatable: No

ENTP 378 Emerging Enterprise Law (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ENTP 201
Taught: Spring only
This course involves the study of legal issues surrounding emerging enterprises, including, new venture formation, choice of legal entity, financing, siting and leases, intellectual property, debtor-creditor relations, contracts and employment law.
Repeatable: No

ENTP 379 Technology and Innovation Management (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ENTP 201
Taught: Variable, check with department
This course is designed to explore the concepts of change, innovation, and corporate venturing. Issues associated with entrepreneurial behavior and the development and implementation of programs to encourage entrepreneurship (creating value through innovation in midsize and large firms are explored.
Repeatable: No

ENTP 394 Topics: Entrepreneurship (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ENTP 201
Taught: Fall and spring
Specialized topics of student and business community interest. Topics for current offering listed in Schedule of Classes. With department approval may be repeated for elective credit when topics change.
Repeatable: Yes
If Repeatable, Max. Credits: 9

ENTP 396 Entrepreneurial Internship (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ENTP 201.
Taught: Fall and spring
Students will intern at a nascent or early stage business venture that will provide the student an opportunity to learn to apply entrepreneurial problem solving skills and theoretical knowledge obtained through coursework to actual business situations and problems. The student should plan on spending a minimum of 10 hours per week for 10 weeks at the internship.
Repeatable: No

ENTP 433 New Venture Management (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ENTP 201 and certification of major in business or declared minor in ENTP
Taught: Spring only
As an integrative course in management; this class emphasizes managing growing companies in an increasingly professional manner, while maintaining a spirit of entrepreneurship. Topics will include strategic and operational planning, financial planning and measuring and controlling performance; managing innovation, marketing the entrepreneurial organization, managing human resources in rapidly growing firms, and exit
ENV 110 Introduction to Environmental Science and Issues - NS (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
A non-laboratory introduction to the basic tenets of environmental science and issues including: the biological and physical components of ecosystems; human impacts on the functionality of ecosystems; and the economic, political, and legal aspects of environmental decision making. A requirement for entry into the environmental science program.

ENV 110H Honors Introduction to Environmental Science and Issues - NS (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): A minimum score of 24 on ACT.
Taught: Spring only-even yrs
A non-laboratory introduction to the basic tenets of Environmental Science and Issues including: the biological and physical components of ecosystems, human impacts on the functionality of ecosystems, and the economic, political and legal aspects of environmental decision making.
Repeatable: No
General Education Credit: Natural Science

ENV 115 Orientation to Environmental Science Careers (1 credit)
Hours: 0 classroom + 3 lab/studio
Taught: Fall only
An introduction to environmental careers and post-graduate options. Activities will include visits to local businesses, corporations, agencies, and organizations specializing in environmental work.
Repeatable: No

ENV 220 Protecting Water Resources - NS (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ACC 150 or ACC 200 and ACC 201, ENTP 201, ENTP 375 and ENTP 376; senior standing and certification of major in business or declared minor in ENTP.
Taught: Fall and spring
An overview of water resources and threats. Focus is on U.S. waters, the Clean Water Act, storm-water, and reducing storm-water pollution of water resources.
Repeatable: No
General Education Credit: Natural Science

ENV 220L Protecting Water Resources Laboratory - SL (1 credit)
Hours: 0 classroom + 3 lab/studio
Co-requisite(s): ENV 220.
Taught: Fall only
A laboratory course to accompany ENV 220. Applied exercises in water quality assessment, land use, and storm-water management.
Repeatable: No
General Education Credit: Natural Science

ENV 291W Advanced Writing in Environmental Science - WC (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ENG 101 or ENG 151, ENV 110, and BIO 151.
Taught: Fall and spring
In depth study of specialized subject matter in environmental science. May be repeated for credit when topic varies.

ENV 300 Science Communication (3 Credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ENV 110 or BIO 151 or consent of instructor.
Taught: Fall Only
Introducing and developing skills in communicating environmental science to the general public using film, radio, and photographs.
The course is organized around three modules (photography, radio, and filmmaking). Students will learn the fundamentals, spend time examining and discussing successful examples, and then work in small groups with community partners to create materials.
Repeatable: No

ENV 308 Science Communication II
Consent of instructor.

ENV 350 Environmental Toxicology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): BIO 151 and CHE 121.
Taught: Variable, check with department
A non-laboratory course for students in biology, chemistry or environmental science. The course will cover principles of toxicology and environmental genetics, and the movement, degradation, biotransformation, and accumulation of toxic chemicals in the environment over time.
Case studies examine differences across species and habitats from the tundra to the tropics.
Repeatable: No

ENV 394 Topics: Environmental Science (1-3 credits)
Variable, check with department

ENV 399 Topics: Environmental Science (1-3 credits)
Variable, check with department

ENTP 201, ENTP 375 and ENTP 376; senior standing and certification of major in business or declared minor in ENTP.

ENTP 485 Entrepreneurship Capstone (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ENTP 290, ENTP 375, ENTP 376, Senior Standing, and Certified Major.
Taught: Fall and spring
Advanced, intensive experience designed to complete a student’s undergraduate study of entrepreneurship. Seminar that enables students to interact with experienced entrepreneurs. Students are expected to include a substantial educational component that builds on knowledge and expertise from an accumulation of previous entrepreneurship courses.
Repeatable: No

ENTP 497 Writing the Business Plan (3 credits)
Repeatable:
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ENTP 201, ENTP 375, ENTP 376, Senior Standing, and Certified Major.
Taught: Fall and spring
Students will study the basic components and varied audiences for the business plan. Each student will write a business plan and will be required to present the plan to a panel of business leaders.
Repeatable: No

ENTP 499 Independent Study (3 credits)
Repeatable:
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ENTP 201 and certification of major in business or declared minor in ENTP.
Taught: Variable, check with department
Students pursue a topic or project of interest to them. Meeting times arranged with instructor.
Repeatable: Yes
If Repeatable, Max. Credits: 12

ENVIRONMENTAL SCIENCE

ENV 110 Introduction to Environmental Science and Issues - NS (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
A non-laboratory introduction to the basic tenets of environmental science and issues including: the biological and physical components of ecosystems; human impacts on the functionality of ecosystems; and the economic, political, and legal aspects of environmental decision making. A requirement for entry into the environmental science program.
Hours: credits)
ENV 396 Internship: Environmental Science (3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
An opportunity for students to engage in one or more departmentally-approved courses abroad; topic listed in schedule of classes when course is offered. May be repeated for credit when topics vary.
Repeatable: No

ENV 396 Internship: Environmental Science (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Fall, spring, and summer
Experiential learning at institutions, universities, or businesses specializing in Environmental work. Course may be repeated for new internship project. Open only to students majoring in Environmental science or minoring in Environmental studies.
Repeatable: Yes
If Repeatable, Max. Credits: 6

ENV 408 Ecology of the City (4 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): BIO 304 and GEO 418.
Co-requisite(s): ENV 408L.
Taught: Spring only-even yrs
Using ecological theory to understand the links between the structure and function of cities. Topics covered include socio-ecological frameworks, solutions to modern environmental concerns as they relate to urban areas, the role of interdisciplinary research in urban ecology, human-environment interactions, and creating sustainable cities.
Repeatable: No

ENV 408L Ecology of the City Laboratory (0 credits)
Hours: 0 classroom + 3 lab/studio
Co-requisite(s): ENV 408.
Taught: Spring only-even yrs
Laboratory to accompany ENV 408.
Repeatable: No

ENV 492 Directed Research: Environmental Science (1-3 credits)
Hours: 0 classroom + 3-9 lab/studio
Prerequisite(s): ENV 291W and consent of instructor.
Taught: Fall, spring, and summer
Development and completion of a research project chosen in conjunction with instructor and approval of environmental science director. Final project report is required. For students majoring in environmental science.
Repeatable: Yes
If Repeatable, Max. Credits: 6

ENV 493 Seminar: Environmental Science (1 credit)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): ENV 110 or BIO 123, and junior standing.
Taught: Spring only
Discussion and analysis of current environmental problems. For junior and senior students majoring in environmental science or minoring in environmental studies.
Repeatable: No

ENV 578 Environmental Issues for Educators (3 credits)
Hours: 1 classroom + 4 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Information and application of environmental issues for classroom use. Interrelationship of local issues and global issues. Required field trips.
Repeatable: No

FINANCE

FIN 205 Personal Financial Management (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Fall only
Practical and realistic methods to manage the basic concepts of personal finance effectively; covers the basics related to managing your personnel assets, credit, insurance, investments, retirement and estate planning.
Repeatable: No

FIN 305 Principles of Finance (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ACC 200 and ACC 201, STA 205, and junior standing.
Taught: Fall, spring, and summer
Basic concepts in finance including security markets, interest rates, taxes, risk analysis, time value of money, security valuation, short term financial planning, capital budgeting, and capital structure.
Repeatable: No

FIN 315 Financial Management (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in FIN 305 and junior standing.
Taught: Fall and spring
Financial management concepts relating to dividend policy, capital structure theory, working capital management, common stock and bond issuance, hybrid financing, mergers, and acquisitions.
Repeatable: No

FIN 345 Investment and Security Analysis (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in FIN 305 and junior standing.
Taught: Fall and spring
Structure and regulation of security markets, capital market theory, portfolio theory, analysis of securities and opportunities, evaluation of portfolio goals, sources of investment information, and introduction to derivatives.
Repeatable: No

FIN 355 Principles of Risk Management and Insurance (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in FIN 305 and junior standing.
Taught: Variable, check with department
Fundamental principles of risk and insurance; applications to risk situations and pension and group insurance.
Repeatable: No

FIN 365 Financial Markets and Institutions (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in FIN 305 and junior standing.
Taught: Variable, check with department
Advanced coverage of financial markets and institutions and their role in the history of the US financial system. Coverage includes a discussion of financial market history, interest rate theory, financial and currency derivatives, international implications for financial markets and institutions and current topics.
Repeatable: No

FIN 385 Financial Planning Process and Estate Planning (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in FIN 305 and junior standing.
Taught: Variable, check with department
Theoretical and practical approach to estate
planning; estate and gift taxes, wills, trusts, and estate planning techniques and application of these techniques in overall financial planning. 
Repeatability: No

FIN 392 Research Experience in Finance (0-3 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Consent of Instructor.
Taught: Variable, check with department
Introduction to research in the Finance by participating in special project or original research directed by a member of the Finance faculty. Course intended for Finance Majors. May not be used as a FIN elective.
Repeatability: No

FIN 394 Topics: Finance (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in FIN 315, FIN 345 and junior standing.
Taught: Variable, check with department
Topics vary and may include advanced derivative securities, financial engineering, advanced corporate finance, advanced financial planning, financial ethics, and risk management. May be repeated for a maximum of 6 semester hours if topics differ.
Repeatability: Yes
If Repeatable, Max. Credits: 6

FIN 396 Internship: Finance (1-3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Completion of FIN 305 with grade of C or better.
Taught: Fall, spring, and summer
Supervised work experience related to finance and coordinated by employer in conjunction with a member of finance faculty. Graded pass/fail.
Repeatability: Yes
If Repeatable, Max. Credits: 6

FIN 398 Topics: Finance (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in FIN 315, FIN 345 and junior standing.
Taught: Variable, check with department
Topics vary and may include advanced derivative securities, financial engineering, advanced corporate finance, advanced financial planning, financial ethics, and risk management. May be repeated for a maximum of 6 semester hours if topics differ.
Repeatability: Yes
If Repeatable, Max. Credits: 6

FIN 399 Topics: Finance (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in FIN 315, FIN 345 and junior standing.
Taught: Variable, check with department
Topics vary and may include advanced derivative securities, financial engineering, advanced corporate finance, advanced financial planning, financial ethics, and risk management. May be repeated for a maximum of 6 semester hours if topics differ.
Repeatability: Yes
If Repeatable, Max. Credits: 6

FIN 405 Derivative Securities (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in FIN 315, FIN 345 and certified major in any business program.
Taught: Variable, check with department
Definition and explanation of various risk transfer devices such as options involved in trading these securities, hedging and speculating with options and futures, supervision, regulation, and tax consequences of futures and options trading.
Repeatability: No

FIN 415 International Finance (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): FIN 305 with a grade of C or better; certified major in any business program.
Taught: Fall and spring
Financial decision making process in a multinational environment, effects of devaluation expectations, foreign exchange, investment controls; case study materials related to actual decisions by multinational firms.
Repeatability: No

FIN 425 Financial modeling and valuation (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in FIN 315 and FIN 345.
Taught: Variable, check with department
Financial modeling and valuation focusing on major financial theories and practical applications; building financial models in Excel and applying them to various corporate valuation models. Open only to students certified as majoring in business or by consent of instructor.
Repeatability: No

FIN 435 Case Studies in Corporate Finance (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): FIN 315, FIN 345 and ACC 308 with a grade of C or better, certified major in finance.
Taught: Fall and spring
Analysis of finance problems through use of case studies; oral and written presentations of case solutions. Recommended to be taken during the last 18 semester hours of business coursework.
Repeatability: No

FIN 445 Retirement Planning and Employee Benefits (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): FIN 305 with a grade of C or better, certified major in any business program.
Taught: Variable, check with department
Concepts of retirement planning and employee benefits and the application of these concepts to overall financial planning for individual and businesses.
Repeatability: No

FIN 450 Advanced Investment Analysis (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): FIN 315 and FIN 345 with a grade of B or better and permission of the instructor.
Taught: Fall and spring
An in depth continuation of the material covered in FIN 345. The students will gain practical experience in portfolio management, including asset allocation, risk management, securities analysis and portfolio monitoring through management of the Haile Student Investment Fund.
Repeatability: Yes
If Repeatable, Max. Credits: 6

FIN 499 Independent Student in Finance (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): FIN 315, FIN 345 and ACC 308 with a grade of C or better, certified major in any business program, and consent of instructor.
Taught: Variable, check with department
Student investigation of a topic or completion of a project. Topics, meeting times, and outcomes arranged with instructor.
Repeatability: No

FINANCIAL LITERACY

FLC 101 Pathways to Financial Success - SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall, spring, and summer
Knowledge and skills to make sound personal financial decisions that promote financial success during college and beyond. Emphasis on decisions related to navigating college costs; earning, spending, saving; borrowing, and protecting.
Repeatability: No
General Education Credit: Individual & Society (Self & Society)

FRENCH

FRE 101 Elementary French I - AH (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Fundamentals; introduction to French and Francophone cultures; development of skills in conversation, pronunciation, grammar, reading, and writing. General education credit: Culture and Creativity
Repeatability: No

FRE 102 Elementary French II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): For students who have completed FRE 101 or equivalent.
Taught: Fall and spring
Continuation of FRE 101.
Repeatability: No

FRE 201 Intermediate French I (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): For students who have completed FRE 102 or equivalent.
Taught: Fall and spring
Review and extension of basic language skills learned in FRE 101 and FRE 102; reading and
FRE 202 Intermediate French II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): FRE 201 or equivalent.
Taught: Variable, check with department
Continuation of grammar review and enhancement of language skills begun in FRE 201; consideration of cultural and literary subjects.
Repeatable: No

FRE 304 French Composition and Conversation (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): FRE 202 or equivalent.
Taught: Variable, check with department
Advanced practice in writing French compositions and in oral conversation skills.
Repeatable: No

FRE 307 Introduction to French Translation (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): FRE 202 or consent of instructor.
Taught: Variable, check with department
Introductory translation course providing an overview of the considerations that the translator must take into account when approaching a text. Attention is paid to the structural differences between French and English, cross-cultural differences in stylistics, writing with clarity and reference work. Students will have hands-on experience.
Repeatable: No

FRE 310 French Culture and Society Today (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): FRE 202 or equivalent or consent of instructor.
Taught: Variable, check with department
Basic aspects of contemporary French culture and society; reading and discussion of articles from leading French magazines, newspapers, and representative texts; comparison of French and American behavior and attitudes.
Repeatable: No

FRE 311 French Cultural History (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): FRE 202 or equivalent.
Taught: Variable, check with department
Eras, institutions, and issues in the history of France; readings primarily in French.
Repeatable: No

FRE 320 Survey of French Literature (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): FRE 202 or equivalent.
Taught: Variable, check with department
Overview of major authors and movements from Old French to the 20th century.
Repeatable: No

FRE 322 French Drama (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): FRE 202 or equivalent.
Taught: Variable, check with department
Study of major authors and texts in the history of French theater, including representative 20th century playwrights; readings in French. May be repeated when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 9

FRE 323 French Prose Fiction (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): FRE 202 or equivalent.
Taught: Variable, check with department
Study of representative masters of the French novel and short fiction from the 18th century to the present; readings in French. May be repeated when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 9

FRE 330 Studies in French Language Cinema (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): FRE 202 or equivalent.
Taught: Variable, check with department
Survey of films produced in the French language. Emphasizes both the aesthetic aspects of the films as well as their historical, political, social and cultural content. May be repeated as topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 9

FRE 340 Business French (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): FRE 202 or equivalent.
Taught: Variable, check with department
A study of language for broad commercial purposes; cultural awareness in both social and professional situations; historic and contemporary views of government, labor, media, and industrial organization in Francophone countries; business communication; Franco-American relations.
Repeatable: No

FRE 350 Methods of Teaching in French (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 6 semester hours of French at the 300 level or above.
Taught: Spring only; every yr
Theoretical and practical considerations of teaching French in secondary schools. Required of all students seeking teaching certification in French.
Repeatable: No

FRE 401 French Phonetics and Pronunciation (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 6 semester hours of French on the 300 level or above or consent of instructor.
Taught: Variable, check with department
Study of French sound system, how sounds are produced, which ones are used in French, and in what contexts they occur. Satisfies the linguistics requirement for French Education majors.
Repeatable: No

FRE 402 Advanced French Grammar and Syntax (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 6 semester hours of French on the 300 level or above or consent of instructor.
Taught: Variable, check with department
Study of French grammar through analysis of key linguistic structures and applied practice. Analysis of word formation, sentence structure, and semantics. Satisfies the linguistics requirement for French Education majors.
Repeatable: No

FRE 480 Studies in French Culture (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 6 semester hours of French at the 300 level or above or consent of instructor.
Taught: Variable, check with department
Topics in culture and language of French speaking countries. May be repeated for credit as topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 12

FRE 481 Studies in French Literature (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 6 semester hours of French at the 300 level or above or consent of instructor.
Taught: Variable, check with department
Topics in literature, literary history, and literary theory. May be repeated for credit when topics vary.
GEOGRAPHY

GEO 100 Global Viewpoints on Geography and the Human Landscape - AH (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall, spring, and summer
Acquaints students with the key tools, themes, and perspectives by which geographers describe and analyze the global landscape, in its present condition as well as its transformation from past circumstances and its continuing transformation into the future.
Repeatable: No
General Education Credit: Global Viewpoints

GEO 101 World Regional Geography (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
The world’s regions; settlements, resource use, culture groups, and political patterns.
Repeatable: No

GEO 108 Physical Geography - NS (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Acquaints students with the integration of key physical, chemical, and biological processes that produce the climate, soil, vegetation, and landform patterns on the Earth’s surface.
Repeatable: No
General Education Credit: Natural Science

GEO 301 Geographical Processes in World Cities (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
Readings in language and literature and culture. May be repeated for credit when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 15

GEO 309 Historical Geography of North America (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Spring only-odd yrs
Cultural and environmental transformation of the landscape, including ecological changes, changes to settlement patterns, development of economic regions, and evolution of urban areas.
Repeatable: No

GEO 310 Geography of Population (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Fall only-odd years
Spatial distribution of world population; regional variations of growth rates, standards of living, urban/rural densities, migration patterns, and environmental impact of populations.
Repeatable: No

GEO 314 Maps and Map Interpretation (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Fall only
Map reading and interpretation skills; overview of map sources; interpretation of aerial photographs and remote sensing data; Geographic Information Systems.
Repeatable: No

GEO 330 Geography of Religion (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
Distribution of religions with a strong emphasis on the areal spread of various religions; impact of religion on landscape and on the environmental settings of several religions; changing religious patterns in the United States.
Repeatable: No

GEO 355 Geography Through Film, Art and Literature (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Spring only-even yrs
Uses film, art and literature to examine how human communities and cultures have conceptualized their relationship to the natural world and negotiated their places in the global system.
Repeatable: No
GEO 340 Sustainable Food Systems (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Fall only-even years
Production processes and environmental impacts of agriculture, food manufacturing, food retailing in U.S. Land ownership patterns, subsistence food production, and cash crop production in developing world. Sustainable alternatives in U.S. and developing world.
Repeatable: No

GEO 345 Geography of Natural Hazards (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
Investigates processes within the atmosphere, lithosphere, hydrosphere and biosphere that produce or contribute to natural hazards. Examines geographical patterns of hazard events, and considers how attributes of danger are perceived, constructed, and managed. Considers how human societies develop policy responses and solutions for living with and responding to natural hazards.
Repeatable: No

GEO 389 Research and Career Development (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing and at least three credit hours in upper division Geography credit hours.
Taught: Fall only-even years
Orients students to the array of current concerns and research across the discipline of geography by guiding students in a research project culminating in high quality research paper and professional quality oral presentation. Guides students as they develop strategies and prepare materials for job search campaign.
Repeatable: No

GEO 394 Topics: Geography (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
Study of specialized topics in geography not covered through regular curriculum. Subfields will vary according to the interest of the instructor and will be listed in the on-line schedule of classes. May be repeated as topics change.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

GEO 402 Geography of Europe (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Fall only-even years
Physical, cultural, economic, and political patterns of Europe (excluding the former Soviet Union); continent-wide patterns of various characteristics as well as individual countries are considered.
Repeatable: No

GEO 403 Geography of Africa (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Spring only-even yrs
Physical, cultural, economic, and political patterns of Africa, primarily south of the Sahara.
Repeatable: No

GEO 406 Geography of Latin America (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Fall only-odd yrs
The continent’s areal differences in physiography, climate, culture, and economic systems; synthesis of various spatial characteristics to form distinct regions.
Repeatable: No

GEO 409 Geography of North America (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Spring only-odd yrs
Physical and social geography of major regions; transformation of pre-colonial economic and cultural institutions by world economic integration; evaluation of successes and failures of economic development.
Repeatable: No

GEO 410 Geography of East Asia (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Fall only-odd yrs
Physical and social geography of major regions; transformation of pre-colonial economic and cultural institutions by world economic integration; evaluation of successes and failures of economic development.
Repeatable: No

GEO 412 Geography of South Asia and the Middle East (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Fall only-odd yrs
Geo-political, bio-physical, religious and social aspects of South Asia and the Middle East.
Repeatable: No

GEO 415 Cartography (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Fall only
Cartographic drawings, map symbolism, and map design; various map projections are studied with regard to possible uses.
Repeatable: No

GEO 418 Geographic Information Systems (4 credits)
Hours: 3 classroom + 1 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Fall and spring
Introduction to the theories, principles, construction methods, and applications of geographic information systems; employment of a GIS software package to manipulate geographically referenced data.
Repeatable: No

GEO 419 Remote Sensing of Environment (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Spring only
Introduction to the principles, characteristics and applications of environmental remote sensing; concepts and foundations of remote sensing, photographic systems and interpretation, thermal and multispectral scanning, radar systems, satellite remote sensing, and digital image processing.
Repeatable: No

GEO 492 Directed Research: Geography (1-3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 3 semester hours of geography and consent of instructor.
Taught: Variable, check with department
Independent work on research project agreed upon by student and instructor.
Repeatable: No

GEO 496 Internship: Geography (3-6 credits)
Hours: 3-6 classroom + 0 lab/studio
Prerequisite(s): 3 hours of geography and permission of instructor.
Taught: Variable, check with department
Placement in public agency or private business for supervised experience in applying geographic concepts and techniques; meetings with faculty and with other internship students. Graded pass/fail.
Repeatable: No
GEO 499 Directed Readings: Geography (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Individually supervised readings on a selected area of geography.
Repeatable: No

GEO 502 Geography of Kentucky (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): GEO 418.
Taught: Variable, check with department
Cultural, physical, economic, and population characteristics of Kentucky; Kentucky's regional and national importance.
Repeatable: No

GEO 518 Geographic Information Analysis (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): GEO 419.
Taught: Variable, check with department
Theories, principles, and applications of geographic information analysis; employment of a GIS software package and other computer software packages to manipulate geographic information analysis methods.
Repeatable: No

GEO 519 Advanced Remote Sensing (3 credits)
Hours: 3 classroom + 1 lab/studio
Prerequisite(s): GEO 419.
Taught: Variable, check with department
Introduction to digital remote sensing data processing theories and techniques; employment of a digital remote sensing data processing software package to manipulate digital remote sensing data processing techniques.
Repeatable: No

GEO 522 Introduction to Historic Preservation (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Spring only-odd yrs
An examination of the growing field of historic preservation including such topics as philosophy, recognition and assessments, survey techniques, preservation planning, conservation, advocacy, federal compliance, and protection of significant resources.
Repeatable: No

GEO 540 Cultural Geography of Asia (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing or consent of instructor.
Taught: Spring only-even yrs
Selective consideration from among broad range of themes in the cultural geography of Asia, such as environmental sustainability, political processes, urbanization, religion, nationalism, recreation, and domestic habitation. May be repeated once for credit when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 6

GEO 552 Spatial Data Bases (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): GEO 419.
Taught: Variable, check with department
Introduction to fundamental spatial data organizing theories and principles, and spatial data modeling techniques underlying various spatial information systems; employment of a GIS software package to manipulate spatial databases.
Repeatable: No

GEO 592 Directed Research in Geography (1-3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Individual research in an area of geography under supervision of a faculty member. May be repeated once for credit.
Repeatable: Yes
If Repeatable, Max. Credits: 6

GEO 594 Special Topics Geography (1-3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Variable, check with department
Study of selected topics. Subfields will be chosen in keeping with interest of the instructor and will be listed in Schedule of Classes. May be repeated for credit when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

GEOLOGY

GLY 110 The Face of the Earth with Laboratory - SL (4 credits)
Hours: 3 classroom + 2 lab/studio
Taught: Fall, spring, and summer
Occurrence, formation, accumulation, and availability of minerals and rocks as earth resources; geologic agents and processes that modify the Earth's surface; study of local rock types to explain their origin. Field trips.
Repeatable: No
General Education Credit: Natural Science
Global Viewpoints

GLY 115 History of the Earth (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Spring only
An introduction to the origin of the Earth, including plate tectonics, mountain building, the evolution of life as interpreted from the fossil record, mass extinctions, and catastrophic geologic events. Emphasis is placed on the geologic history and fossil record of the tri-state region.
Repeatable: No

GLY 120 This Dangerous Earth - NS (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall, spring, and summer
A study of the ways in which geology affect our society including geologic hazards such as volcanoes, earthquakes, landslides, flooding, and coastal erosion as well as the pollution of our soil and water resources. Emphasis is placed on environmental geologic conditions in the tri-state.
Repeatable: No
General Education Credit: Natural Science

GLY 120H This Dangerous Earth - NS (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Spring only-odd yrs
A seminar investigation of the ways in which geology affects our society including geologic hazards such as volcanoes, earthquakes, landslides, flooding, and coastal erosion. Emphasis is placed on environmental geologic conditions of the tri-state.
Repeatable: Yes
If Repeatable, Max. Credits: 12
General Education Credit: Natural Science

GLY 120L This Dangerous Earth Laboratory (1 credit)
Hours: 1 classroom + 1 lab/studio
Co-requisite(s): A 100-level or 200-level geology course.
Taught: Fall only
A laboratory experience to study the geology of the Cincinnati/Northern Kentucky region, the geologic history of the region, and the ways the past geologic processes have acted to create the present landscape.
Repeatable: No

330
GLY 125 Prehistoric Life - NS (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall only
The study of prehistoric life as documented in the fossil record. The course will cover the evolution of life over geologic time from simple forms in Precambrian through trilobites, dinosaurs, wooly mammoths, and man. Emphasis is placed on the fossil record and prehistoric life of the tri-state region.
Repeatable: No
General Education Credit: Natural Science

GLY 130 Geology of National Parks - NS (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
A study of the principles of physical geology using national parks as examples to illustrate the concepts presented. This will include the formation and occurrence of rocks and minerals, the internal processes that have acted to form underlying rock structures, and the surficial processes that have acted to form current landforms.
Repeatable: No
General Education Credit: Natural Science

GLY 150 Introduction to Field Paleontology (3 credits)
Hours: 0 classroom + 6 lab/studio
Taught: Summer only
Introduction in methods of field paleontology. This will include safety procedures, collection and documentation of samples, and methods of scientific protocol for sample preservation.
Repeatable: No

GLY 292 Research Experience in Geology (0 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor and department chair.
Taught: Fall, spring, and summer
Original research work directed by one or more members of the geology faculty. May be taken more than once. Pass/fail grade only.
Repeatable: Yes
If Repeatable, Max. Credits: 0.5

GLY 294 Topics: Geology (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Consent of department chair.
Taught: Fall, spring, and summer
Special topics in geology.
Repeatable: Yes
If Repeatable, Max. Credits: 12

GLY 315 Structural Geology with Laboratory (4 credits)
Hours: 2 classroom + 4 lab/studio
Prerequisite(s): GLY 110 and MAHD 099 or placement.
Taught: Variable, check with department
Primary and secondary structures of the Earth’s crust.
Repeatable: No

GLY 316L Geologic Field Trip (1 credit)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): Junior standing and consent of instructor.
Taught: Variable, check with department
Participation in an extended-duration field trip to study geologic features and processes that do not occur within the tri-state region.
Repeatable: Yes
If Repeatable, Max. Credits: 3

GLY 325 Geology of the Planets (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): GLY 110 or AST 110.
Taught: Variable, check with department
Geologic features and history of the inner planets, satellites of the gas giants, asteroids, and other small solid bodies.
Repeatable: No

GLY 330 Geomorphology with Laboratory (4 credits)
Hours: 3 classroom + 2 lab/studio
Prerequisite(s): GLY 110.
Taught: Variable, check with department
Description and interpretation of landforms.
Repeatable: No

GLY 335 Earth Materials (4 credits)
Hours: 2 classroom + 4 lab/studio
Prerequisite(s): GLY 110.
Taught: Variable, check with department
Study of the physical and chemical properties of common rock and ore- forming minerals and the igneous, metamorphic, and sedimentary rock types that they form. The origin and development of rock systems.
Repeatable: No

GLY 340 Introduction to Environmental Geoscience (3 credits)
Hours: 2 classroom + 1 lab/studio
Prerequisite(s): GLY 110 or GLY 120.
Taught: Fall only
Human interaction with the Earth’s geologic aspects; natural hazards, water resources, waste disposal, energy, mineral resources, and land use and planning.
Repeatable: No

GLY 341 Soil Science (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): GLY 110.
Taught: Variable, check with department
A study of the way in which soils and geologic conditions influence environmental conditions and projects. Soil formation and soil properties to include composition and water relationships as well as erosion theory and control and re-vegetation will be covered.
Repeatable: No

GLY 350 Field Paleontology (3 credits)
Hours: 0 classroom + 6 lab/studio
Prerequisite(s): Junior standing.
Taught: Summer only
Instruction in methods of field paleontology. This will include safety procedures, collection and documentation of samples and methods of scientific protocol for sample preparation. Students will identify and describe the results of paleontological collection and present the results for critical review.
Repeatable: No

GLY 360 Introduction to Geophysics (4 credits)
Hours: 3 classroom + 2 lab/studio
Prerequisite(s): GLY 110.
Taught: Variable, check with department
The course will present the background and theories used to investigate the Earth and its geophysical properties as they relate to seismology and tectonics. Students will become familiar with the common geophysical methods in terms of the basic theory, data collection, and interpretation of observations.
Repeatable: No

GLY 392 Directed Research: Geology (1-4 credits)
Hours: 1-4 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Fall, spring, and summer
Supervised research in an area of geology currently under investigation by one or more of the geology faculty.
Repeatable: Yes
If Repeatable, Max. Credits: 9

GLY 394 Seminar: Geology (1 credit)
Hours: 1 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Fall and spring
Introduction to the concept of professional
GLY 396 Assistant: Undergraduate Laboratory (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Geology GPA of at least 3.00, junior standing and consent of instructor.
Taught: Fall, spring, and summer
Participation in planning, setting up, teaching, conducting reviews, and testing in an undergraduate laboratory course. For students majoring in geology.
Repeatable: Yes
If Repeatable, Max. Credits: 3

GLY 399 Special Projects: Geology (1-4 credits)
Hours: 1-4 classroom + 0 lab/studio
Prerequisite(s): 20 semester hours in geology. Junior standing.
Taught: Fall, spring, and summer
Completion of an independent project in geology.
Repeatable: Yes
If Repeatable, Max. Credits: 6

GLY 397 Readings: Geology (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): GLY 335. 20 semester hours in geology.
Taught: Fall, spring, and summer
For students able to do independent work.
Repeatable: Yes
If Repeatable, Max. Credits: 6

GLY 402 Invertebrate Paleontology with Laboratory (4 credits)
Hours: 3 classroom + 2 lab/studio
Prerequisite(s): GLY 110.
Taught: Summer only
Major phyla in the fossil record; paleo-biological, systematic, and evolutionary aspects; collection and classification of local fossils.
Repeatable: No

GLY 416 Geologic Field Methods (3 credits)
Hours: 1 classroom + 6 lab/studio
Prerequisite(s): Junior standing.
Taught: Summer only
Introduction to the principles of geologic field methods applied to the mapping of geologic structures and the interpretation of geologic history. Course integrates the concepts of geologic investigation through field exercises in the Rocky Mountains.
Repeatable: No

GLY 420 Stratigraphy and Sedimentation with Laboratory (4 credits)
Hours: 2 classroom + 4 lab/studio
Prerequisite(s): GLY 335.
Taught: Variable, check with department
Physical and biological basis of stratigraphy; processes of formation and environments of deposition of sedimentary rocks.
Repeatable: No

GLY 425 Economic Geology (4 credits)
Hours: 3 classroom + 2 lab/studio
Prerequisite(s): GLY 335.
Taught: Variable, check with department
An introduction to the geology of our energy, metallic, and nonmetallic natural resources. This course will cover the geologic factors that have led to their formation, the procedures applicable for their exploration, and the geologic conditions that control their environmentally responsible development. Laboratory included.
Repeatable: No

GLY 435 Petrology and Petrography (4 credits)
Hours: 2 classroom + 4 lab/studio
Prerequisite(s): GLY 335 and GLY 420.
Taught: Variable, check with department
Students will use petrographic analysis to identify minerals. Students will use this analysis to identify rocks and to evaluate rocks for geologic history as well as for economic applications.
Repeatable: No

GLY 440 Applied Geophysics (3 credits)
Hours: 2 classroom + 2 lab/studio
Prerequisite(s): GLY 110.
Taught: Variable, check with department
Investigate the distribution of geologic materials and their geophysical properties in the shallow subsurface using geophysical field techniques in terms of basic theory, and data collection and interpretation.
Repeatable: No

GLY 445 Geophysical Modeling (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MAT 119 or placement and GLY 360.
Taught: Fall only
The background and theories used to model geophysical methods. The common geophysical modeling techniques in terms of synthetic, forward and inverse modeling procedures.
Repeatable: No

GLY 450 Hydrogeology (4 credits)
Hours: 2 classroom + 4 lab/studio
Prerequisite(s): GLY 110 or GLY 120 and MAT 119.
Taught: Spring only
Overview of groundwater’s physical and chemical properties and their corresponding principles as they pertain to geologic environments.
Repeatable: No

GLY 455 Groundwater Resources and Management with Laboratory (4 credits)
Hours: 2 classroom + 4 lab/studio
Prerequisite(s): GLY 450.
Taught: Fall only
Geologic and hydrologic factors that control the management of groundwater resources; emphasis placed on groundwater management, groundwater quality and groundwater remediation.
Repeatable: No

GLY 461 Ecology and Geology of Coral Reefs (4 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): Declared major in natural science.
Taught: Variable, check with department
Ecological and geologic processes in reef ecosystems. Benthic and pelagic biotic communities, reef development and erosion, sedimentation, ancient and modern reefs, responses to environmental change. Required field trip to marine research laboratory.
Repeatable: No

GLY 492 Directed Research: Geology (2-6 credits)
Hours: 2-6 classroom + 0 lab/studio
Prerequisite(s): 24 semester hours in geology.
Taught: Fall, spring, and summer
Independent work in field, laboratory and library on research topic chosen prior to registration. Students must present at a local, regional or national meeting.
Repeatable: Yes
If Repeatable, Max. Credits: 6
GER 101 Elementary German I - AH (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Six hours of German courses; declared major in Geology or Environmental Science.
Taught: Fall, spring, and summer
Off-campus learning at institutions, universities, or businesses conducting geologic studies. Course may be repeated for new externship projects. For students majoring or minoring in geology or environmental science.
Repeatable: Yes
If Repeatable, Max. Credits: 4

GERMAN

GER 101 Elementary German I - AH (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Fundamentals; introduction to German-speaking countries and cultures; development of skills in conversation, pronunciation, grammar, reading, and writing.
Repeatable: No
General Education Credit: Culture and Creativity

GER 102 Elementary German II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): For students who have completed GER 101 or equivalent.
Taught: Fall and spring
Continuation of GER 101.
Repeatable: No

GER 201 Intermediate German I (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): For students who have completed GER 102 or equivalent.
Taught: Fall and spring
Review and extension of basic language skills learned in GER 101 and GER 102; reading and discussion of cultural, linguistic, and literary subjects.
Repeatable: No

GER 202 Intermediate German II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): For students who have completed GER 201 or equivalent.
Taught: Fall and spring
Continuation of grammar review and enhancement of language skills begun in GER 201; consideration of cultural and literary subjects as well.
Repeatable: No

GER 304 German Composition and Conversation (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): GER 202 or appropriate placement score.
Taught: Variable, check with department
Advanced practice in writing German compositions and in oral conversation skills.
Repeatable: N

GER 307 Introduction to German Translation (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): GER 202 or consent of instructor.
Taught: Variable, check with department
Introductory translation course providing an overview of the considerations that the translator must take into account when approaching a text. Attention is paid to the structural differences between German and English, cross-cultural differences in stylistics, writing with clarity and reference work. Students will have hands-on experience.
Repeatable: No

GER 310 Contemporary German Life (2-3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): GER 202 or appropriate placement score.
Taught: Variable, check with department
Key issues in Germany since World War II as reflected in works of contemporary German authors. May be repeated once for credit as topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 4

GER 311 German Cultural History (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): GER 202 or appropriate placement score.
Taught: Variable, check with department
Eras, institutions, and issues in the history of Germany; readings primarily in German.
Repeatable: No

GER 320 Survey of German Literature (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): GER 202 or appropriate placement score.
Taught: Variable, check with department
Overview of major authors and movements from the Middle Ages to the 20th century.
Repeatable: No

GER 322 German Drama (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): GER 202 or appropriate placement score.
Taught: Variable, check with department
Study of major authors and texts in the history of German theater, including representative twentieth century playwrights; readings in German. May be repeated when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 9

GER 323 German Prose Fiction (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): GER 202 or appropriate placement score.
Taught: Variable, check with department
Focus on novel, novella, or short story. May be repeated for credit as topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 9

GER 330 Studies in German Language Cinema (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): GER 202 or equivalent.
Taught: Variable, check with department
Survey of films produced in the German language. Emphasizes both the aesthetic aspects of the films as well as their historical, political, social and cultural content. May be repeated as topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 9

GER 340 Business German (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): GER 202 or equivalent.
Taught: Variable, check with department
Study of language for broad commercial purposes; cultural awareness in both social and professional situations; historic and contemporary views of government, labor, media, and industrial organization in German-speaking countries; business communication; German-American relations.
Repeatable: No

GER 350 Methods of Teaching German (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): GER 202 or appropriate placement score.
Taught: Spring only-odd yrs
Theoretical and practical considerations of teaching German in secondary schools. Required of all students seeking teaching certification in German.
Repeatable: No
GER 401 German Phonetics and Pronunciation (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 6 semester hours of German on the 300 level or above or consent of instructor.
Taught: Variable, check with department
Study of German sound system, how sounds are produced, which ones are used in German, and in what contexts they occur. Satisfies the linguistics requirement for German Education majors.
Repeatable: No

GER 402 Advanced German Grammar and Syntax (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 6 semester hours of German on the 300 level or above or consent of instructor.
Taught: Variable, check with department
Study of German grammar through analysis of key linguistic structures and applied practice. Analysis of word formation, sentence structure, and semantics. Satisfies the linguistics requirement for German Education majors.
Repeatable: No

GER 480 Studies in German Culture (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): GER 202 or appropriate placement score.
Taught: Variable, check with department
Topics in culture and language of German-speaking countries. May be repeated for credit as topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 12

GER 481 Studies in German Literature (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): GER 202 or appropriate placement score.
Taught: Variable, check with department
Topics in literature, literary history, and literary theory. May be repeated for credit when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 12

GER 499 Independent Study: German (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Readings in language and literature and culture.
Repeatable: Yes
If Repeatable, Max. Credits: 15

GER 520 Readings: German (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Various literary, linguistic, cultural, and pedagogical topics. May be repeated for credit when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 15

HEALTH COMMUNICATION

HCOM 305 Patient-Provider Communication (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing or instructor permission.
Taught: Fall and spring
This course is intended to help students understand the dynamics of patient-provider interactions in a health care setting. A variety of types of medical encounters will be examined with special attention paid to the role of narrative and rhetorical theory when analyzing communication between providers and their patients.
Repeatable: No

HCOM 315 Sociocultural Aspects of Health (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Variable, check with department
This course is focused on the role of sociocultural factors in the creation, understanding, and utilization of messages related to health. The course also focuses on sociocultural aspects of health as they relate to communication about health disparities, as well as approaches to addressing health disparities within underserved populations.
Repeatable: No

HCOM 450 Health Campaigns (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CMST 403 and junior standing.
Taught: Fall and spring
This course is designed to introduce students to health campaign planning, implementation and evaluation. Working in teams, the students will design, implement and evaluate a campaign for an outside client organization.
Repeatable: No

HCOM 480 Communication Technology and Health (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): HIN 355 and CMST 403.
Taught: Fall and spring
This course focuses on the role of information communication technology in improving health literacy and sensemaking including but not limited to understanding electronic medical records, patient-provider electronic interactions, online social support, online consent, privacy management, and health information seeking.
Repeatable: No

HCOM 485 Communicating Health Policy (3 credits)
Hours: 0 classroom + 12 lab/studio
Prerequisite(s): CMST 403.
Taught: Variable, check with department
This course focuses on communication and debate about health policy. It will examine US and global healthcare systems and policies and their impact on health outcomes. It will describe the role communication and debate have played in the effectiveness of policies development and their implementation.
Repeatable: No

HCOM 496 Health Communication Internship (3 credits)
Hours: 0 classroom + 12 lab/studio
Prerequisite(s): HCOM 450 and senior standing.
Taught: Fall and spring
This course involves selected placement of qualified students in off-campus health communication professions.
Repeatable: No

HEALTH EDUCATION

HEA 125 Introduction to Health Education (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and summer
Examination of health education as an emerging profession and how health education programs are implemented in the schools, community, and patient education. Emphasis will be on health education concepts, models, theories, philosophies and beliefs.
Repeatable: No

HEA 135 Safety and First Aid (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall, spring, and summer
First aid measures for injuries, emergencies, and sudden illness; skill training in all procedures; general safety education; accident causes and remedial action. American Red Cross certification in basic first aid and CPR for students passing the examinations.
Repeatable: No
HEA 230 Personal Health and Wellness (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Major health issues/problems associated with lifestyle related behaviors and prevention strategies, Nutrition, physical activity and weight management, mental health, sexuality, environmental health, communicable and chronic diseases, consumerism, stress management, and aging.
Repeatable: No

HEA 250 Health Education for Elementary Teachers (2 credits)
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): EDU 104.
Taught: Fall, spring, and summer
Content and skills for developing, implementing, and evaluating health education in the P-5 classroom.
Repeatable: No

HEA 270 Community Health (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Spring only
Understanding components of community health; community mobilization and building, community needs assessments, Community concerns such as: Alcohol, Tobacco, and Drug, Community health and minorities; Health care systems, physical diseases, psychosocial problems, and environmental and special aspects.
Repeatable: No

HEA 320 Drug and Alcohol Education (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Spring only
Effects of drug use and abuse on the individual and society. Personal, school and community approaches toward establishing intelligent use of drugs.
Repeatable: No

HEA 350 Sexuality Education (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Fall only
Current issues in sexuality education; psychological, biological, and sociological aspects of sexuality; dealing with controversial areas of sexuality; scope and sequence of sexuality education K-12.
Repeatable: No

HEA 489 Field Experiences in Health Education (1 credit)
Hours: 0 classroom + 1 lab/studio
Co-requisite(s): HEA 525.
Taught: Fall only
Supervised practice teaching experience in elementary, middle, and high school setting. Integrated with methods course.
Repeatable: No

HEA 525 Methods and Materials in Health Education (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): (undergraduates) admission to teacher education and 9 semester hours in health education or consent of instructor.
Taught: Fall only
Principles, methods, and techniques for developing, implementing, and evaluating health education in P-12 and other appropriate settings; theoretical foundations, teaching methodology and strategies, curriculum designs, and resource materials.
Repeatable: No

HEA 599 Topics: Health Education (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Taught: Variable, check with department
Individual or group study of a topic of current interest in health education. Topic selected by student with approval of instructor.
Repeatable: Yes
If Repeatable, Max. Credits: 15

HEALTH INFORMATICS

HIN 101 Introduction to Health Informatics (1 Credit)
Hours: 1 classroom + 0 lab/studio
Taught: Fall Only
This course will introduce Health Informatics including definitions, theory, technologies, workflow and expectations in the informatics field and professional organizations. Class material will involve discussions, computer lab and current trends.
Repeatable: No

HIN 200 Introduction to Healthcare Operations (3 Credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and Spring
Examines the structure of healthcare delivery in the United States through a systems approach. Through analyses of the organization of healthcare delivery as an integrated system of functional components and applied studies, students will understand the healthcare workplace and roles within it, and how they are shaped by technology, practices and procedures.
Repeatable: No

HIN 275 Information Management and Revenue Cycle (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Spring only
Healthcare funding in the United States and the role of information management in these processes. Encompasses service reimbursement, computer and business systems involved, and the influence reimbursement has on healthcare delivery. Introduction of software and the role of medical coding in reimbursement, including symbols, abbreviations, and coding conventions.
Repeatable: No

HIN 355 Foundations of Health Informatics (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
The Introduction to Health Informatics is an introduction to the concepts and trends in the Health Informatics field both locally and nationally. Several areas will be introduced that will provide baseline knowledge for a Health Informaticist.
Repeatable: No

HIN 356 Health Information Management (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): HIN 355.
Taught: Fall and spring
Health Information Management is a course focusing on data management, requirements and standards, classification systems, and reimbursement in relation to healthcare processes. Provides health informatics and basic information systems knowledge for working in a health delivery environment or a health related organization and in the application of concepts through the use of clinical software. It is expected that students will be competent in the use Microsoft Excel, PowerPoint and Word.
Repeatable: No

HIN 382 Healthcare Information Security and Privacy (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): HIN 355.
Taught: Fall only
An introduction to the various technical and governance aspects of healthcare information security and privacy. Provides the foundation for
understanding the key issues and regulations associated with protecting patient information and rights, along with determining the appropriate levels of risk management, data protection, and security incident detection and response.
Repeatable: No
HIN 392 Directed Research in Health Informatics (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Permission of Department.
Taught: Variable-check w/ dept
Research project relating to Health Informatics. Academic credits are awarded based on the defined project scope, deliverables and student learning objectives on a variable scale.
Repeatable: Yes
If Repeatable, Max. Credits: 6
HIN 396 Applied Health Informatics (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Departmental permission.
Taught: Variable, check with department
Applied projects and experiential learning work experience relating to health informatics. Academic credits are awarded based on defined student learning objectives and coinciding project and/or practical work experience in the health informatics field (on a variable scale). Repeatable for up to 6 credit hours. 3 hours can be applied as an elective to the HIN minor.
Repeatable: Yes
If Repeatable, Max. Credits: 6
HIN 397 Health Informatics Project (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Variable, check with department
Applied projects relating to health informatics. Academic credits are awarded based on the defined project scope, deliverables and student learning objectives on a variable scale. Repeatable for up to 6 credit hours. Only 3 hours can be applied as an elective to the HIN major or HIN minor.
Repeatable: No
HIN 485 Health Informatics Capstone (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Senior standing and consent of department.
Taught: Spring only
Students will investigate and analyze current trends and research to refine their understanding of Health Informatics and to prepare to better utilize information technologies. It also focuses on setting the direction for Health IT resource planning and the development of policies and strategies. The class uses pertinent theories and cases to integrate academic experience into real world situations.
Repeatable: No

HEALTH SCIENCE
HSC 101 Introduction to Health Professions (3 credits)
Taught: Variable, check with department
Repeatable: No
HSC 105 Pharmacology (2 credits)
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): BIO 208 and BIO 208L t a C or better.
Taught: Spring only
Utilization of pharmacological principles or healthcare providers; pharmacological classifications and physiological actions.
Repeatable: No
HSC 291W Writing in the Health Science - WC (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ENG 101 and either RAD 286 or RSP 286
Taught: Variable, check with department
Introduction to methods of professional communication relative to health care delivery. Writing techniques used in health care will be emphasized, including charting, professional writing processes, conducting electronically based research evaluating sources and using sources correctly.
Repeatable: No
General Education Credit: Written Communication II
HSC 320 Advanced Nutrition (3 Credits)
Prerequisite(s): BIO 126.
Taught: Variable-check w/dept
Study of nutrition and energy metabolism as it relates to normal and disease specific physiology; includes advanced study of macronutrients and micronutrients in humans, as well as energy metabolism and the relationship of these dietary components to health and disease.
Repeatable: No
HSC 410 Healthcare Management (3 credits)
Prerequisite(s): Junior standing
Health Science major, Health Science minor or consent of instructor.
Taught: Variable, check with department
Repeatable: No
HSC 413 Aging in Today's Society (3 credits)
Prerequisite(s): Junior standing. Health Science major, Health Science minor or consent of the instructor.
Taught: Variable, check with department
Repeatable: No
HSC 415 Ethical and Legal Issues in Healthcare (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior Standing; Health Science Major, Health Science Minor, or consent of the instructor.
Taught: Variable, check with department
This course presents an overview of the legal and ethical issues often seen in the health care industry. It provides students with basic working knowledge of healthcare law and ethics.
Repeatable: No
HSC 421 Healthcare Research (3 credits)
Prerequisite(s): STA 205 and junior standing
Health Science major, Health Science minor, or consent of instructor.
Taught: Variable, check with department
Repeatable: No
HSC 430 Health Professional as Educator (3 credits)
Hours: 3 classroom +0 lab/studio
Taught: Variable, check with department
Overview of teaching and learning for the healthcare professional ethical principles, learning theories, teaching strategies, evaluation, instructional materials and technology; issues related to compliance motivation, literacy, and special populations will be discussed.
Repeatable: No
HSC 440 Issues in Chronic Disease Management (3 credits)
Prerequisite(s): Junior Standing
Health Science major, Radiation Therapy major, Health Science minor, or consent of instructor.
Taught: Variable, check with department
An in-depth study of the most common types of chronic disease that impact patient care and quality of life from a multidisciplinary viewpoint. Evaluation of the role of a case manager in relation to chronic disease management with a focus on factors that influence the prevalence and management of chronic disease.
Repeatable: No

HSC 460 Concepts of Quality Patient Care (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Health Science major or consent of instructor.
Taught: Variable, check with department
Role development as a health care provider with respect to patient care in the clinical setting; patient management to include scopes of practice, ethical-legal issues, patient assessment and response, managing the critical care and special needs patient, and emergency preparedness.
Repeatable: No

HSC 480 Global Perspectives of Health Care (3 credits)
Prerequisite(s): Junior standing
Health Science major, Health Science minor or consent of instructor.
Taught: Variable, check with department
Repeatable: No

HSC 494 Topics in Healthcare (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Health Science major or consent of instructor.
Taught: Variable, check with department
Focused study and analysis of a specific topic related to health care. May be repeated when topics vary, for a maximum of 9 semester hours. See Schedule of Classes for specific topic.
Repeatable: Yes
If Repeatable, Max. Credits: 9

HSC 499 Independent Study: Health Care (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Health Science major with a minimum GPA of 2.5 or consent of instructor; approved independent study proposal.
Taught: Variable, check with department
Individually supervised work involving reading, research and/or project related to health care. Topic must be selected before registration in conference with instructor; agreement to include purpose, objectives, instructional activities, time frame, and evaluation method. Not intended as substitution for any course offered on a regular basis. May be repeated for maximum of 6 credit hours.
Repeatable: Yes
If Repeatable, Max. Credits: 6

HSC 510 Trends and Cultural Issues in Healthcare (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Senior standing or admission to the MSHS or MSN programs.
Taught: Variable, check with department
An overview of the U.S. healthcare system, both past and present, coupled with an in-depth analysis of modern trends and those expected in the future; Evaluation of the current status of our healthcare system with emphasis on cultural diversity and competency.
Repeatable: No

HSC 580 Applied HealthCare Management (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): HSC 410 or consent of instructor.
Taught: Variable, check with department
Demonstrate and apply skills in healthcare management and operations. Topics to include, but are not limited to: human resources, department finances and billing/coding, data analysis, policy development, regulatory agencies, risk management, customer service, and organizational effectiveness.
Repeatable: No

NTR 110 Food Safety & Sanitation (1 credit)
Hours: 1 classroom + 0 lab/studio
Prerequisite(s): Students enrolling in this course must be dietetic majors or majors within health professions with permission to take this course from the instructor.
Taught: Fall
Introduction into food safety and sanitation enabling students to better understand principles of sanitation for the food processing and retail foods industries. Examination of food safety programs to control biological, chemical and physical hazards and assure the safety of foods. ServSafe Foodservice Management certification earned with successful completion of course.
Repeatable: Yes
If Repeatable, Max. Credits: 1

NTR 120 Food Preparation & Meal Design (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Students enrolling in this course must be enrolled in NTR 110 or have previously taken this course and received credit.
Taught: Fall
Fundamental and basic concepts of culinary techniques and cookery. Understanding how various cooking techniques impact food composition and nutritive value. Use of specific techniques with menus to meet therapeutic needs. Laws and regulatory agencies involved in the control of the U.S. food system will be examined.
Repeatable: Yes
If Repeatable, Max. Credits: 3

NTR 150 Principles of Dietetics Practice (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Students enrolling in this course must be a dietetics, nursing, or other allied health major or have permission from the instructor to take this course. Additionally, students must have completed BIO 151/BIO 151L.
Taught: Fall
Fundamental concepts of normal and disease specific energy metabolism, basic nutrigentics, basic assessment of an individual’s nutritional status through diet analysis, and understanding of essential, non-essential and non-nutrients selection. Provides the necessary knowledge and skills to assess and develop basic nutritional recommendations for various patient populations.
Repeatable: Yes
If Repeatable, Max. Credits: 3
NTR 220 Food Service Management (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): NTR 120.
Taught: Spring only
Overview of the management practices used to direct, operate and control foodservice operations.
Students will gain an understanding of volume food production and service through a series of problem-based learning activities as well as didactic coursework. Emphasis will be on practical case studies, and applied field practicums.
Repeatable: Yes
If Repeatable, Max. Credits: 3

NTR 320 Advanced Nutrition (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): NTR 150.
Taught: Fall and spring
Study of nutrition and energy metabolism as it relates to normal and disease specific physiology; includes advanced study of macronutrients and micronutrients in humans, as well as energy metabolism and the relationship of these dietary components to health and disease.
Repeatable: Yes
If Repeatable, Max. Credits: 3

NTR 345 Dietetics Professional Practice I (6 credits)
Hours: 6 classroom + 0 lab/studio
Prerequisite(s): NTR 220.
Taught: Summer only
Competency-based professional practice in dietetics to include foodservice management, food production, and patient care/meal management. Conducted under the supervision of registered dietitian and clinical faculty.
Repeatable: Yes
If Repeatable, Max. Credits: 6

NTR 410 Life Cycle Nutrition (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): NTR 320.
Taught: Fall
This course will study the role of nutrition through each life stage; pregnancy, lactation, infancy, childhood, adolescence, and older adulthood from physiological, social, and behavioral perspectives, focusing on the special nutritional needs of each life stage for optimal growth and development, maturation, aging, and overall health and well-being.
Repeatable: Yes
If Repeatable, Max. Credits: 3

NTR 420 Nutrition & Chronic Disease Management (3 credits)
Prerequisite(s): NTR 410.
Taught: Spring only
This course will focus on obesity, CVD, diabetes, CKD, cancer, and pulmonary disease, with each disease process being discussed to understand key nutrient deficiencies in the disease process and medical nutrition therapy to manage the disease. Chronic disease prevention through the use of nutritional interventions will also be emphasized.
Repeatable: Yes
If Repeatable, Max. Credits: 3

NTR 435 Global and Community Nutrition (3 credits)
Prerequisite(s): NTR 320.
Taught: Fall
This course will provide students with an overview of epidemiology and population based health. This course will focus on understanding the socio-cultural determinants of health as they relate to nutrition. Readings and discussions will emphasize local and global food systems, health inequity, and public policies impacting food and nutrition.
Repeatable: Yes
If Repeatable, Max. Credits: 3

NTR 445 Dietetics Professional Practice II (6 credits)
Hours: 6 classroom + 0 lab/studio
Prerequisite(s): NTR 435 and be a nutritional science & dietetics major.
Taught: Summer only
Competency-based community & public health nutrition in dietetics to include epidemiology, public policy, program design & evaluation, and public health principles. Conducted under the supervision of registered dietitian and clinical faculty.
Repeatable: Yes
If Repeatable, Max. Credits: 6

NTR 510 Experimental Food (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CHE 311/CHE 311L
Taught: Spring only
This course includes a general overview and principles; food constituents and properties; quality and safety; preservation methods; processing animal and plant products.
Repeatable: No

NTR 512 Integrative & Functional Nutrition (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): CHE 482/CHE 482L and NTR 410.
Taught: Spring only
This course provides an overview of the nutrigenomics and disease risk, through the exploration of genetic and biochemical individuality. The course will focus on the impact of dietary intake and underlying genetic interactions and susceptibility to disease, along with a systems-based approach to disease prevention and management through food.
Repeatable: No

NTR 520 Nutrition and Physical Activity (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Consent of program director.
Taught: Spring only
This is an advanced nutrition course focused on bioenergetics, physiological adaptations to physical activity, and training nutritional challenges. This course will prepare students for the sports dietetics board examination covering specific topics related to nutrition meal periodization, menu development for training table, review of dietary intake methodologies, and nutritional counseling.
Repeatable: No

HISTORY

HIS 100 History of Europe to 1500 (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Survey of Europe including Greco Roman civilization, the Middle Ages, the Renaissance, and the emergence of the modern era.
Repeatable: No

HIS 101 History of Europe since 1500 (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Survey of Europe from 1500 to the present; impact of modern political revolution, the industrial revolution, and social and cultural alterations that have shaped contemporary society.
Repeatable: No

HIS 102 History of the United States through 1877 - AH (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall, spring, and summer
The nation’s development from the beginning through the Civil War and Reconstruction. Designed to meet demands for a general understanding of U.S. history. General education credit: Culture and Creativity
Repeatable: No
HIS 103 History of the United States since 1877 - AH (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall, spring, and summer
Exploration of the nation’s development since 1877. Designed to meet demands for a general understanding of U.S. history. General education credit: Culture and Creativity
Repeatable: No

HIS 106 History of African Americans to 1877 (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall only
Major trends of African American history from its 15th century West and Central African heritage to enslavement and ultimate emancipation; conditions and contributions of African American men and women within the American experience.
Repeatable: No

HIS 107 History of African Americans since 1877 (3 credits)
Hours: 3 classroom + 0 lab/studio

Major trends of African American history from the end of Reconstruction; responses of African Americans to Jim Crow; African American participation in the two world wars, the Vietnam War, and the Civil Rights movement.
Repeatable: No

HIS 108 World History to 1500 (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Political, social, economic and cultural development of major world societies to the expansion of the western world.
Repeatable: No

HIS 109 World History since 1500 (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Political, social, economic and cultural development of major world societies in the modern era.
Repeatable: No

HIS 111 Global Viewpoints in History - AH (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
This course examines a particular continent, cultural region, or nation, focusing on the historical themes, people, and events that fashioned it today, especially those relating to imperialism and colonialism.

Repeatable: No
General Education Credit: Global Viewpoints

HIS 194H Honors History Seminar (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): A composite score of 24 on current ACT or equivalent; or HNR GPA of 3.25 or higher.
Taught: Variable, check with department
Research methods and materials of the historian; usefulness of historical analysis to students in many disciplines. An alternative to the 100 level survey courses for students who have demonstrated outstanding potential in history.
Repeatable: No

HIS 200 Poverty in the Midst of Prosperity - SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall, spring, summer
A social, political, and economic overview of poverty with special exploration of why poverty persists in the midst of prosperity. This transdisciplinary course fulfills one of the Foundation of Knowledge Individual and Society requirements.
Repeatable: No
General Education Credit: Individual & Society (Self & Society)

HIS 291W Advanced Historical Writing - WC (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall only
Developments from Petrarch to the Treaty of Westphalia; significant cultural and religious trends.
Repeatable: No

HIS 301 The Hellenistic World and Rome to the Death of Constantine (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Spring only
Conquests of Alexander the Great; main features of the Hellenistic world and the Roman Empire.
Repeatable: No

HIS 303 Europe in the Middle Ages (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Spring only
Developments from the 4th through the 15th centuries.
Repeatable: No

HIS 304 Renaissance Europe (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Fall only
Developments from Petrarch to the Treaty of Westphalia; significant cultural and religious trends.
Repeatable: No

HIS 305 Reformation Europe (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Spring only
German, English, Swiss, and French reformations; Counter Reformation; religion, politics, and social and intellectual change, 1494-1648.
Repeatable: No

HIS 306 Modern Europe 1870-1920 (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Fall only
Geography, economic, social, and political development of major world societies in the modern era.
Repeatable: No

HIS 307 Modern Europe since 1945 (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Spring only
Economic and political instability in the interwar years; World War II; European renaissance since 1945.
Repeatable: No

HIS 308 The Ancient Near East and Greece to the Macedonian Conquest (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
Birth of civilization in Egypt and Mesopotamia; ancient near East and Greece to the conquest of Greece by Philip of Macedon.
Repeatable: No

HIS 309 Modern Europe since 1920 (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
Economic and political instability in the interwar years; World War II; European renaissance since 1945.
Repeatable: No
HIS 310 Colonial America to 1763 (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall only
Origins and development of the English colonies.
Repeatable: No

HIS 312 Federalist United States 1789-1828 (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Spring only-odd yrs
Successful consolidation of the U.S. as a modern nation-state.
Repeatable: No

HIS 314 Rise of the Industrial United States, 1865-1900 (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
Effects of increased industrialization and urbanization on the U.S. economy, government, and post-Civil War society.
Repeatable: No

HIS 315 Modern U.S. History, 1900-1939 (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
Major changes that marked the U.S. during the first 40 years of the 20th century.
Repeatable: No

HIS 317 History Behind American Treasures (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
Students compare the way historians use material culture with its use by television producers and museum curators.
Repeatable: No

HIS 318 Exploring Public History (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Fall only
Exploration of different non-academic career fields open to history and humanities majors; coursework includes reading current scholarship by different public history practitioners and active, experiential, service, and problem based learning projects.
Repeatable: No

HIS 321 Modernization in the Non-Western World (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Fall and spring
The "Third World" nations; problems resulting from conflicting dynamics of independence and modernization.
Repeatable: No

HIS 325 Latin America: Conquest & Resistance (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Fall only
Examination of the conflicted history of Latin America from Columbus to Independence, including European-native relations, the crucial role of Africans in the region's development, contradictory gender relations, and the efforts of diverse peoples to construct an equitable society.
Repeatable: No

HIS 326 Latin America: Nations & Revolutions (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Fall only
Examination of the multiple struggles of the Latin American peoples from the independence revolutions of the 19th century to the Present, including socio-economic and political confrontations, race and gender conflicts, environmental pressures, and the contradictions of tradition and modernity.
Repeatable: No

HIS 348 History of France, 1804-1918 (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
Survey of major political, social and cultural transformations experienced by France over the 19th and early 20th centuries.
Repeatable: No

HIS 349 History of France, 1804-1918 (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
Survey of major political, social and cultural transformations experienced by France over the 19th and early 20th centuries.
Repeatable: No

HIS 353 British History to 1485 (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Fall only-odd years
From the Roman invasion to the end of the Middle Ages.
Repeatable: No

HIS 354 British History from 1485 to 1763 (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Spring only-odd yrs
From the founding of the Tudor dynasty to the accession of George III.
Repeatable: No

HIS 355 British History 1760 - Present (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Fall only-odd years
From the accession of George III to the present.
Repeatable: No

HIS 360 Europe: From Poverty to Prosperity (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Spring only
A social, political, and economic overview of Europe from medieval times to the present, focusing on why Europe went from being one of the world’s poorest civilizations to one of the most prosperous.
Repeatable: No

HIS 361 History of Germany (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
A survey of the historical, geographical, political, cultural, and economic factors influencing the development of Germany from earliest times to the present.
Repeatable: No

HIS 362 Women and Christianity (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Fall only
A thematic introduction to major issues in the history of women and Christianity.
Repeatable: No

HIS 365 European Military History: Ancient World to the Renaissance (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
Interaction between warfare and European society from the ancient world to the Renaissance.
Repeatable: No

HIS 379 History and Literature (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Spring only-odd yrs
Study of selected literature and its interrelationship with history. Topics vary by instructor; may be repeated for credit when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

HIS 380 History and Film (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
Film as a reflection and a shaper of history. May be repeated for credit when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

HIS 381 History and the Arts (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
Study of a selected art form and its interrelationship with an historical era. Topics vary by instructor, may be repeated for credit when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

HIS 382 History of Kentucky (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
History of Kentucky from 1750 to the present; political, economic, and social issues; how developments in the Commonwealth related to trends in U.S. history.
Repeatable: No

HIS 383 American Immigration History (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
A thematic introduction to the major issues in the history of American immigration.
Repeatable: No

HIS 384 History of American Religion (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
A thematic introduction to the major issues in the history of American religion.
Repeatable: No

HIS 386 US: Poverty in the Midst of Prosperity (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Fall only
A social, political, and economic overview of the United States from colonial times to the present, with special exploration of why poverty still persists in the US in the midst of prosperity.
Repeatable: No

HIS 387 Modern American History, 1945-1975 (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
Repeatable: No
HIS 388 Recent US History, 1975- Present (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): Three credit hours in history or sophomore standing.  
Taught: Variable, check with department  
Social and political developments in the U.S. since 1975.  
Repeatable: No

HIS 389 Historical Research and Writing (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): Sophomore standing.  
Taught: Fall and spring  
An introduction to methods of historical research and writing. Required of all students majoring in history and secondary social studies; should be taken if possible in the sophomore year.  
Repeatable: No

HIS 394 Special Topics in History (1-3 credits)  
Hours: 1-3 classroom + 0 lab/studio  
Prerequisite(s): Sophomore standing.  
Taught: Variable, check with department  
Class in topic not included in regular history curriculum. May be repeated for credit when topics vary.  
Repeatable: Yes  
If Repeatable, Max. Credits: No Limit

HIS 395 Study Abroad in History (1-15 credits)  
Hours: 1-15 classroom + 0 lab/studio  
Prerequisite(s): Consent of department.  
Taught: Variable, check with department  
An opportunity for students to engage in one or more officially-sponsored and/or departmentally-approved History courses abroad, ranging from one week to an entire semester. May be repeated for credit when topics vary.  
Repeatable: Yes  
If Repeatable, Max. Credits: No Limit

HIS 409 The French Revolution (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): Sophomore standing.  
Taught: Variable, check with department  
Political, social and cultural history of the French Revolution from its origins to the advent of the Napoleonic Empire in 1804, emphasizing the impact of the Revolution on the French and European social and political order.  
Repeatable: No

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable-chck w/dept
Individual research in an area of history under supervision of faculty member. May be repeated once for credit if topic varies.
Repeatable: No

HIS 453 History of Arab Israeli Conflict (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): HIS 329 and HIS 330 or consent of instructor.
Taught: Spring only-even yrs
Political, social, diplomatic, and military aspects of the history of Palestinian/Israeli conflict in the context of the Cold War.
Repeatable: No

HIS 454 History of the Cold War (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable-chck w/dept
An examination of the growing field of historic preservation including such topics as philosophy, recognition and assessments, survey techniques, preservation planning, conservation, advocacy, federal compliance, and protection of significant resources.
Repeatable: No

HIS 455 Historical Preservation Practicum (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable-chck w/dept
Participation in planning, implementation, and administration of civic engagement, public history, or other departmental projects under supervision of faculty.
Repeatable: No

HIS 456 Independent Study: History (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Individualized study of a special topic under supervision of faculty member. May be repeated for credit when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

HIS 457 Topics: History (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit
HIS 545 Topics in Women’s World History (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): HIS 108 and HIS 109 or consent of instructor.
Taught: Spring only-odd yrs
Exploring women’s history in a global perspective, by looking at the status and contribution of women to world societies and discussing gender identity, class, race, religious and ethnic differences.
Repeatable: No

HIS 553 History of the New South (3 credits)

HIS 592 Directed Research in History (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Individual research in an area of history under supervision of faculty member.
Repeatable: Yes
If Repeatable, Max. Credits: 6

HIS 594 Special Topics in History (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Variable, check with department
Lecture class in topic not included in regular history curriculum. May be repeated for credit when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

HIS 595 Study Abroad in History (1-15 credits)
Hours: 1-15 classroom + 0 lab/studio
Prerequisite(s): Department permission.
Taught: Variable, check with department
An opportunity for students to engage in one or more officially-sponsored and/or departmentally-approved History courses abroad, ranging from one week to an entire semester. May be repeated for credit when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

HIS 596 Internship: History (3 credits)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): HIS 515 or consent and instructor.
Taught: Fall and spring
Supervised work experience in a community history agency or institution or experiential learning in an aspect of public history under the direction of a faculty member.
Repeatable: Yes
If Repeatable, Max. Credits: 6

HIS 599 Independent Study: History (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Individualized study of a special topic under supervision of faculty member. May be repeated for credit when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

HONORS

HNR 210 Scholarly Approaches to the Nat. World - NS/QR (4 credits)
Hours: 3 classroom + 2 lab/studio
Prerequisite(s): HNR 102.
Taught: Fall and spring
Research, analysis, critical thinking, and deliberative process that leads to creative practice, scholarly interpretation, or problem solving. Acquiring skills to collect, organize, and analyze data with a lab component. Focus on effective communication to various audiences.
Note: this course counts toward both NS and QR general education categories.
Repeatable: No

HNR 220 Scholarly Approaches to Society - SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): HNR 102.
Taught: Fall and spring
Exploring human society through research, analysis, critical thinking, and deliberate processes that lead to creative practice, scholarly interpretation, and problem solving. Focusing on effective communication to various audiences.
Repeatable: No

HNR 230 Scholarly Approaches to Humanity - AH/SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): HNR 102.
Taught: Fall and spring
Introduces the standards and processes of scholarly inquiry and communication about knowledge, culture, and the arts from an interdisciplinary, humanities- and arts-based perspective. The course emphasizes research, analysis, critical thinking, and deliberative process as essential to creative practice, critical interpretation, or innovative problem-solving.
Note: this course counts toward both AH and SB general education categories.
Repeatable: No

HNR 301 Humanity and Nature (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Honors status.
Taught: Fall and spring
Students will design an interdisciplinary project to answer a research question. Written and oral communication about the project throughout the semester will enrich the steps of the process.
Note: this course counts toward both WC and OC general education categories.
Repeatable: No
Readings and discussion on significant issues and ideas in the interaction of humanity and nature.
Repeatable: Yes
If Repeatable, Max. Credits: 6

**HNR 302 Humanity and Society (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Honors status.
Taught: Fall and spring
Readings and discussion on significant issues and ideas in the interaction of humanity and society.
Repeatable: Yes
If Repeatable, Max. Credits: 6

**HNR 303 Humanity and the Imagination (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Honors status.
Taught: Fall and spring
Readings and discussion on significant issues and ideas in the interaction of humanity and the imagination.
Repeatable: Yes
If Repeatable, Max. Credits: 6

**HNR 304 Humanity and Technology (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Honors status.
Taught: Fall and spring
Readings and discussion on significant issues and ideas in the interaction of humanity, perceptions of physical reality, and scientific advances.
Repeatable: Yes
If Repeatable, Max. Credits: 6

**HNR 306 Studies in Diversity (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Honors status.
Taught: Fall and spring
Analysis of society and its multicultural representations in selected areas of study.
Repeatable: Yes
If Repeatable, Max. Credits: 6

**HNR 307 Studies in Film and Media (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Honors status.
Taught: Fall and spring
Studies in selected topics in film and media and its relationship to social issues and other arts.
Repeatable: Yes
If Repeatable, Max. Credits: 6

**HNR 308 The World in Transition (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Honors status.
Taught: Fall and spring
Analysis of contemporary trends in cyberspace, business and other social arenas.
Repeatable: Yes
If Repeatable, Max. Credits: 6

**HNR 309 World Cities/World Cultures (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Honors status.
Taught: Fall and spring
Exploration and appreciation of selected world-class cities and a variety of cultures; cities and cultures vary from semester to semester; taught in English; may be cross-listed with a foreign-language course.
Repeatable: Yes
If Repeatable, Max. Credits: 6

**HNR 310 Community & the Natural World - NS/QR (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): HNR 210.
Taught: Fall and spring
Students will work in teams to apply their scientific, technological and mathematical knowledge to an experiential learning project. Written or oral communication incorporated throughout the semester.
Note: this course counts toward both NS and QR general education categories.
Repeatable: No

**HNR 311 Global Citizen in the Natural World - NS/QR (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): HNR 210.
Taught: Fall and spring
Students will learn responsibilities as contributing members of a global community including understanding the contexts surrounding societal issue, one’s role as an ethical actor, cultivating empathy for those whose backgrounds or ideas differ from our own, and fostering critical awareness of one’s broader impact.
Repeatable: No

**HNR 312 Global Citizen in the Natural World - SB (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): HNR 210.
Taught: Fall and spring
Students learn the unique challenges that one may encounter through global engagement. The course will address issues that arise in the context of the global community.
Repeatable: No

**HNR 313 Global Citizen in the Natural World - AH/SB (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): HNR 210.
Taught: Fall and spring
Students will learn responsibilities as contributing members of a global community including understanding the contexts surrounding societal issue, one’s role as an ethical actor, cultivating empathy for those whose backgrounds or ideas differ from our own, and fostering critical awareness of one’s broader impact.
Repeatable: No

**HNR 330 Community and Humanity - AH/SB (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): HNR 230.
Taught: Fall and spring
Students learn the unique challenges that one may encounter through global engagement. The course will address issues that arise in the context of the global community.
Repeatable: No

**HNR 394 Honors Special Topics (1-3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Honors status.
Taught: Fall and spring
Readings and discussion on significant issues not covered in other honors seminars.
Repeatable: Yes
If Repeatable, Max. Credits: 6
HNR 395 Honors Study Abroad (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Spring only
This course will include a study abroad component. Classroom readings, discussions and other activities will prepare students to actively engage with the topics during the travel portion. Final projects will be due upon completion of the study abroad portion of the course.
Repeatable: Yes
If Repeatable, Max. Credits: 6

HNR 396 Honors Internship (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Honors status.
Taught: Fall and spring
Selected opportunities for students to serve as teaching assistants, research assistants or as assistants in designated business or community groups.
Repeatable: Yes
If Repeatable, Max. Credits: 6

HNR 490 Honors Capstone in Major (0 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Honors status.
Taught: Fall and spring
Marker course for students doing a capstone project in their major.
Repeatable: Yes
If Repeatable, Max. Credits: 0.5

HNR 491 Honors Interdisciplinary Capstone (0-3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Honors status.
Taught: Fall and spring
Independent research, oral and written expression.
Repeatable for up to 6 hours.
Repeatable: Yes
If Repeatable, Max. Credits: 6

HUMAN RESOURCE MANAGEMENT

HRM 300 Introduction to Labor-Management Relations (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Fall and spring
Development, structure, and process of American labor relations; evolution and origins of labor unions, internal and external responses to their environment, major legislative and judicial decisions affecting labor management relations, and the collective bargaining process; current and anticipated developments.
Repeatable: No

HRM 301 Training and Employee Development (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MGT 340.
Taught: Spring only
This course will provide students the opportunity to develop essential knowledge and skills involved in the effective training and development of employees. This course will address the roles of organizational trainers and managers in employee training and development.
Repeatable: No

HRM 302 Recruiting and Selecting Human Resources (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MGT 340.
Taught: Spring only
Provides students in-depth knowledge of the human resources planning, recruitment, and selection activities performed in organizations. Exposure to the variety of recruiting sources and hiring techniques managers use to staff the organization will be stressed. The focus will be on developing within the student the ability to design recruitment and selection programs that support the organization's short- and long-term strategies.
Repeatable: No

HRM 303 Employment Law (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MGT 340.
Taught: Fall only
Legal and administrative framework for labor management relations; role of the courts; the NLRB and other administrative agencies, decisions, and procedures.
Repeatable: No

HRM 304 Compensation and Benefits (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MGT 340.
Taught: Fall only
Economic impact of wages and benefits on the labor management process; estimating the cost of the labor contract, benefits law, and effects of wages and benefits on the economy.
Repeatable: No

HRM 394 Topics: Human Resource Management (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MGT 340.
Taught: Variable, check with department
Specialized topics of student and business community interest. Topics for current offering listed in on-line Schedule of Classes. May be repeated once for elective credit when topics differ.
Repeatable: Yes
If Repeatable, Max. Credits: 6

HRM 396 Human Resource Management Internship (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MGT 340.
Taught: Fall and spring
Application of theoretical knowledge in solving business problems through consulting and counseling with business owners; group work in case analysis and problem solving.
Repeatable: No

HRM 480 Strategic Human Resources (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MGT 340, one HRM class from the following: HRM 301, HRM 302, HRM 303, HRM 304, and senior standing and must be certified as a Human Resource Management major.
Taught: Spring only
This course will provide students the opportunity to learn essential knowledge and skills involved in making the Human Resources function a strategic partner in organization. Emphasis will be placed on aligning HRM activities with organizations' values and mission and using HRM activities to build the organizational capability and competitive advantage.
Repeatable: No

HUMAN SERVICES/MENTAL HEALTH

HSR 100 Society and Human Services - SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall, spring, summer
The field of human services; observing human service delivery agencies in operation; activities of workers in meeting client needs; values and attitudes of human service workers; roles and responsibilities of human service workers; concept of the generalist, concepts of human behavior and needs, strategies and programs for meeting human needs.
Repeatable: No
General Education Credit: Individual & Society (Self & Society)

Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Skills involved in initiating and conducting an effective counseling relationship; models and theories of helping; establishing the counseling relationship; developing counseling responses; identifying counseling goals; implementing strategies to bring about improvement. Formerly HSR 225.
Repeatable: No

HSR 110 Activities Therapy (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Nature and use of therapeutic activities in a variety of settings; organization, content, and application of activity programs and materials for various age levels in hospitals and agencies; training in use of games, arts and crafts, music, dance, and recreation.
Repeatable: No

HSR 205 Case Mgmt. Skills-Human Svcs/Sub Abuse (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Supervised field experience in an agency servicing clients in human services or addictions. Students will spend approximately fifteen (15) hours per week for a semester total of 180 hours. Students will meet on campus every other week for a group seminar.
Repeatable: No

HSR 300 Ethics & Issues in Human Svcs/Sub Abuse (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): sophmore standing.
Taught: Fall and spring
This course prepares students to work with diverse groups of people locally and globally defined by gender, ethnicity, race, national origin, sexual orientation, income, age, religion, and other culturally relevant categories. Emphasis will be placed on defining and developing skills for culturally competent human service professionals and the helping process.
Repeatable: No

HSR 303 Multicultural Issues in Human Services (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
This course will introduce students to the helping professions, exploring roles, typology and functions of various individuals involved in human service delivery. This course will explore historical development and trends within the mental health discipline, including ethics, standards, credentialing, public policy, and professional organizations.
Repeatable: No

HSR 304 Field Experience and Seminar (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): HSR 100 and HSR 105.
Taught: Fall and spring
Supervised field experience in an agency servicing clients in human services or addictions. Students will spend approximately fifteen (15) hours per week for a semester total of 180 hours. Students will meet on campus every other week for a group seminar.
Repeatable: No

HSR 305 Assmnt & Appraisal:Human Svcs/Sub Abuse (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100 and sophomore standing.
Taught: Fall and spring
Use and interpretation of assessment and appraisal instruments and procedures in mental health services, e.g., psychological, educational, functional, and environmental.
Repeatable: No

HSR 312 Crisis Intervention (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Practice oriented approach to understanding and working with individuals and families experiencing immediate crisis; dynamics of the crisis experience; recognizing the crisis situation; interviewing clients in crisis; developing and implementing coping strategies; utilizing resource and support systems; and referral.
Repeatable: No

HSR 314 Death, Dying, and Grief (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 6 semester hours in behavioral and/or social sciences.
Taught: Fall and spring
Major topics from an interdisciplinary perspective; attitudes and practices; experience of dying and grieving; medical, legal, and ethical issues; children and death; suicide, violence, and mass death; funeral practices; caring for the dying and the survivors; speculation about an afterlife.
Repeatable: No

HSR 326 Behavior Problems of Children (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100.
Taught: Fall only
Children’s most common behavioral difficulties and their treatment; major etiological and diagnostic factors presented in a developmental context.
Repeatable: No

HSR 330 Rehabilitation & Disability (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or higher.
Taught: Variable, check with department
History, theoretical models and practices of case management and Motivational Interviewing. Provides the beginning human services worker with practical information of the process of consumer advocacy and mobilization of services with attention on the consumer. Organizational, legal, and ethical issues which confront managers are addressed.
Repeatable: No

HSR 340 Human Services and Substance Abuse (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or department permission.
Taught: Fall and spring
The field of substance abuse, the acquisition of knowledge, skills, and attitudes to provide helping services to user and their families; recognition of the problem, effects, etiology, counseling, treatment and resources.
Repeatable: No

HSR 400 At-Risk Populations in Human Services (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior Standing or department permission.
Taught: Fall and spring
This course provides a review and discussion of at-risk populations that may be impacted or influenced by human services professionals. Content includes appropriate interventions and presentations by speakers having particular expertise in various issues.
Repeatable: No

HSR 447 Identifying and Interacting with at-Risk Groups (Capstone Experience) (1 credit)
Variable, check with department
Prerequisite(s): HSR 445, HSR 446, and HSR 447.
Taught: Variable, check with department
Practice oriented approach to understanding and working with individuals and families experiencing immediate crisis; dynamics of the crisis experience; recognizing the crisis situation; interviewing clients in crisis; developing and implementing coping strategies; utilizing resource and support systems; and referral.
Repeatable: No

HSR 491 Independent Study (1-3 credits)
Variable, check with department
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
Independent study is an opportunity for a student to pursue a topic of particular interest in the helping professions.
Repeatable: No

HSR 492 Internship (variable credit)
Variable, check with department
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
The field of human services worker with practical information of the process of consumer advocacy and mobilization of services with attention on the consumer. Organizational, legal, and ethical issues which confront managers are addressed.
Repeatable: Yes

HSR 493 Internship (variable credit)
Variable, check with department
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
Internship is an opportunity for a student to pursue a topic of particular interest in the helping professions.
Repeatable: No

HSR 495 Field Experience/Practicum (variable credit)
Variable, check with department
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
Field experience/practicum is an opportunity for a student to pursue a topic of particular interest in the helping professions.
Repeatable: Yes

HSR 496 Internship (variable credit)
Variable, check with department
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
The field of human services worker with practical information of the process of consumer advocacy and mobilization of services with attention on the consumer. Organizational, legal, and ethical issues which confront managers are addressed.
Repeatable: Yes

HSR 497 Independent Study (1-3 credits)
Variable, check with department
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
Independent study is an opportunity for a student to pursue a topic of particular interest in the helping professions.
Repeatable: No

HSR 498 Internship (variable credit)
Variable, check with department
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
Internship is an opportunity for a student to pursue a topic of particular interest in the helping professions.
Repeatable: No

HSR 499 Independent Study (1-3 credits)
Variable, check with department
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
Independent study is an opportunity for a student to pursue a topic of particular interest in the helping professions.
Repeatable: No
accessing relevant services.

Repeatable: No

**HSR 404 Advanced Field Experience and Seminar (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): HSR 304.
Taught: Fall and spring
Advanced supervised field experience in an agency servicing clients in human services or addictions. Students will spend approximately fifteen (15) hours per week for a semester total of 180 hours. Students will meet on campus every other week for a group seminar.
Repeatable: No

**HSR 412 Leadership Skills for Small Groups (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): HSR 105.
Taught: Fall and spring
Theory and application of leadership skills in small group situations in organizational and mental health settings.
Repeatable: No

**HSR 416 Theories/Skills for Helping Professions (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing or higher.
Taught: Fall and spring
Advanced principles and application of counseling strategies utilized to help individuals improve their mental health functioning. Course assumes student has acquired understanding and skills of basic counseling.
Repeatable: No

**HSR 430 Human Services Administration (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing or higher.
Taught: Fall and spring
Skills and knowledge involved in effective development and administration of small mental health/human services programs or agencies: organizing, setting goals, and estimating needs, recruiting, selecting, orienting, supervising, and evaluating employees; securing and managing financial resources; evaluating program and majoring in mental health/human services.
Repeatable: No

**HSR 431 Fundamentals of Nonprofit Management (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): HSR 430 or Consent of instructor.

**HSR 494 Topics: Mental Health (3 credits)**
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
A selected topics or issue of importance in mental health. Offered according to demand and interest of students. Maybe repeated for credit when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**HSR 499 Independent Study (1-4 credits)**
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Junior standing and consent of instructor.
Taught: Variable, check with department
Directed readings, independent research, or other areas of specific or individual academic interest. Not intended to substitute for any course offered on a regular basis. Written agreement between faculty member and student must be submitted to department chair within first two weeks of semester; elements of agreement to include purpose, objective, instructional activities, time frame, and evaluation procedure.
Repeatable: No

**HSR 500 Multicultural Family Work (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing or higher.
Taught: Summer only
Best practices of in service delivery to families of young children at risk; importance of parent worker partnerships and shared decision making in assessment, communication/intervention, and evaluation; participation in collaborative supervised assessment of one family; family centered services plan.
Repeatable: No

**HSR 522 The Mindful Helping Professional (1-4 variable credits)**
Hours: 1-4 classroom + 0 lab/studio
Prerequisite(s): Junior standing or higher.
Taught: Fall and spring
This course for helping professionals introduces themes and practices in Mindfulness. Self-paced modules help students explore and incorporate mindfulness characteristics in oneself and others.
Repeatable: No

**HSR 526 Family Centered Interventions and Prac (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing or Graduate

**HSR 530 Substance Abuse and Process Addictions (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): HSR 340 or consent of instructor.
Taught: Fall and spring
This course will explore substance and “non-substance” addictions, referred to as process addictions, acquiring knowledge and skills required to provide services to those suffering from such addictions and their families. This course is an upper level course for those interested in working with addiction issues in various facilities and agencies.
Repeatable: No

**HSR 547 Children and Families in Health Care (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing or higher.
Taught: Fall only
This course introduces the theory and practice of Child Life, demonstrating how child life specialists provide emotional care and meet the developmental needs of pediatric patients and their families.
Repeatable: No

**HSR 550 Substance Abuse Diagnosis & Treatment (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): HSR 340 or department permission.
Taught: Fall and spring
This course will explore substance abuse and addictions, acquiring knowledge, skills, and attitudes related to diagnosis and treatment of substance abuse and addiction. Course will explore use of pharmacology in the treatment of substance abuse and related mental health disorders.
Repeatable: No

**HSR 594 Selected Topics in Human Services (1-3 credits)**
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Junior standing or consent of
INF 110 Introduction to Application Development (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
In-depth study of contemporary topics in human services. Topic listed in Schedule of Classes; May be repeated for credit when topics differ.
Repeatable: Yes
If Repeatable, Max. Credits: 9

INF 120 Elementary Programming - NS (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Prerequisite(s): C- or better in MAH 099 or placement. Not open to students who have passed CSC 260 or CSC 270 or CSC 360.

INF 194 Topics: Informatics (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Repeatable: No

INF 199 Introductory Independent Study (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

INF 282 Introduction to Databases (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in MAHD 099 (or higher) or placement.
Taught: Fall, spring, and summer
Core concepts for the design, creation, and manipulation of relational databases. Analysis of data requirements, conceptual modeling, definition of the relational model, relational database design and normalization, and database implementation; manipulation of relational databases using relational algebra with SQL.
Repeatable: No

INF 284 Introduction to Networks and Data Communication (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in MAT 109 (or higher) and one of INF 110, INF 120 or CIT 130.
Taught: Fall and spring
Introduction to computer networking; data communications; data transmission, data encoding, data link control; communications network techniques; network protocols; wireless networking; network server configuration; and planning and deploying a local area network.
Repeatable: No

INF 286 Introduction to Web Development (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in MAT 109 (or higher), and C- or better in INF 110 or INF 120 or CSC 260.

INF 294 Topics: Informatics (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

INF 299 Introductory Independent Study (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Repeatable: Yes
If Repeatable, Max. Credits: 6

INF 396 Informatics Practicum (1-3 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Consent of Instructor.
Taught: Variable, check with department
Prerequisite(s): Consent of Instructor.

INF 397 Intermediate Topics: Informatics (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Varies with topic (see Schedule of Classes).
Taught: Variable, check with department
Repeatable: Yes
If Repeatable, Max. Credits: 6

INF 399 Independent Study (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Consent of Instructor.
Taught: Variable, check with department
Repeatable: Yes
If Repeatable, Max. Credits: 3
SCI 100 SOAR Freshman Seminar I (2 credits)
Hours: 2 classroom + 0 lab/studio
Taught: Fall only
First part of a specialized University 101 course specifically for Project SOAR: Scholarships, Opportunities, Achievements, and Results (SOAR) Scholars.
Repeatable: No

SCI 101 Introduction to STEM Careers (1 credit)
Hours: 1 classroom + 0 lab/studio
Taught: Spring only
Introduction to degrees and careers in science, technology, engineering, and mathematics (STEM), engaging students in discovery and discussion about the nature of the disciplines, distinctions and connections between them, and opportunities within them.
Repeatable: Yes

SCI 110 Integrative Science - SL (4 credits)
Hours: 2 classroom + 3 lab/studio
Prerequisite(s): Math ACT of 19 or placement, ENG 101.
Taught: Only
Introduction to science, engineering, and mathematical concepts through laboratory experiments and application of algebraic functions in problem solving through the perspective of a critical thinker. Hands-on activities, the scientific process and mathematical modeling of physical systems in an inquiry-based, active-learning environment will lead to students’ discovery of scientific concepts.
Repeatable: No

SCI 110H Honors Integrative Science - SL (4 credits)
Hours: 2 classroom + 3 lab/studio
Prerequisite(s): Math ACT of 22 or placement ENG 101.
Prerequisite OR Co-requisite: ENG 101.
Taught: Spring only
Introduction to science, engineering, and mathematical concepts through laboratory experiments and application of algebraic functions in problem solving through the perspective of a critical thinker. Hands-on activities, the scientific process and mathematical modeling of physical systems in an inquiry-based, active-learning environment will lead to students’ discovery of scientific concepts.
Repeatable: No

LIN 499 Independent Study: Library Informatics (1-3 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Consent of department
Taught: Variable, check with department
Individualized study of a special topic related to library informatics, under supervision of a faculty member.
Repeatable: Yes

INST 494 Seminar: Advanced Topics in Integrative Studies (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Fall and spring
Interdisciplinary study of a specific topic or issue. May be repeated for credit when subjects differ.
Repeatable: Yes

INF 499 Advanced Topics: Informatics (1-3 credits)
Hours: 1-3 Classroom + 0 lab/studio
Prerequisite(s): Varies with topic.
Taught: Variable, check with department
Special topics course in Informatics directed by an Informatics faculty member.
Repeatable: Yes

INF 499 Advanced Independent Study (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Consent of Instructor.
Taught: Variable, check with department
Topic to vary based on faculty and student agreement, but will cover material appropriate for an introductory topic in informatics.
Repeatable: Yes

INF 594 Graduate Topics: Informatics (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Graduate standing, other prerequisites vary with topics.
Taught: Variable, check with department
Special topics course in Informatics directed by an Informatics faculty member. International Programs Courses (INTL)
Repeatable: Yes

IST 394 Topics in Integrative Studies (3 credits)
Hours: 3 Classroom + 0 Lab/Studio
Prerequisite OR Co-requisite: IST 397 Interdisciplinary Inquiry (3 credits)
If Repeatable, Max. Credits: 3
Repeatable: Yes

IST 397 Interdisciplinary Inquiry (3 credits)
Hours: 3 Classroom + 0 Lab/Studio
Prerequisite(s): Sophomore standing.
Taught: Winter, spring, summer
In this course we develop skills for research and literacy across disciplinary fields and apply strategies for creating an informed research proposal.
Repeatable: No

IST 494 Seminar: Advanced Topics in Integrative Studies (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Consent of intern director.
Taught: Variable, check with department
Repeatable: Yes

IST 496 Internship in Integrative Studies (3-15 credits)
Hours: 3-15 classroom + 0 lab/studio
Prerequisite(s): Consent of intern director.
Taught: Variable, check with department
Repeatable: Yes

INTEGRATIVE SCIENCES

SCI 304 Topics: Integrative Science (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Varies with topic (see Schedule of Classes).
Taught: Variable, check with department
Special topics course intended as an interdisciplinary course across multiple STEM disciplines. May be repeated for up to 6 hours when topic varies.
Repeatable: Yes

INF 499 Advanced Topics: Informatics (1-3 credits)
Hours: 1-3 Classroom + 0 lab/studio
Prerequisite(s): Varies with topic.
Taught: Variable, check with department
Special topics course in Informatics directed by an Informatics faculty member.
Repeatable: Yes

INF 499 Advanced Independent Study (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Consent of Instructor.
Taught: Variable, check with department
Topic to vary based on faculty and student agreement, but will cover material appropriate for an introductory topic in informatics.
Repeatable: Yes

INF 594 Graduate Topics: Informatics (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Graduate standing, other prerequisites vary with topics.
Taught: Variable, check with department
Special topics course in Informatics directed by an Informatics faculty member. International Programs Courses (INTL)
Repeatable: Yes

Lin 499 Independent Study: Library Informatics (1-3 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Consent of department.
Taught: Variable, check with department
Individualized study of a special topic related to library informatics, under supervision of a faculty member.
Repeatable: Yes

IST 394 Topics in Integrative Studies (3 credits)
Hours: 3 Classroom + 0 Lab/Studio
Prerequisite OR Co-requisite: IST 397 Interdisciplinary Inquiry (3 credits)
If Repeatable, Max. Credits: 3
Repeatable: Yes

IST 397 Interdisciplinary Inquiry (3 credits)
Hours: 3 Classroom + 0 Lab/Studio
Prerequisite(s): Sophomore standing.
Taught: Winter, spring, summer
In this course we develop skills for research and literacy across disciplinary fields and apply strategies for creating an informed research proposal.
Repeatable: No

IST 494 Seminar: Advanced Topics in Integrative Studies (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Consent of intern director.
Taught: Variable, check with department
Repeatable: Yes

IST 496 Internship in Integrative Studies (3-15 credits)
Hours: 3-15 classroom + 0 lab/studio
Prerequisite(s): Consent of intern director.
Taught: Variable, check with department
Repeatable: Yes
The integrative studies internships are a cooperative effort between the Integrative Studies program at Northern Kentucky University and public, private, and non-profit agencies. The purpose of the internship is to give students the opportunity to apply their education to actual work situations. The student works under the supervision of the public, private, or non-profit professional. Repeatable: Yes
If Repeatable, Max. Credits: 15

IST 497 Capstone in Integrative Studies (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): IST 397.
Taught: Fall and Spring
The capstone course for undergraduate majors in Integrative Studies. A final project and portfolio serve as the culmination of the Integrative Studies program. Repeatable: No

IST 499 Independent Study: Directed Readings (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Individualized study of a selected topic under the supervision of a faculty member. May be repeated for credit when topics vary. Repeatable: Yes
If Repeatable, Max. Credits: No Limit

IST 585 Introduction to Graduate Interdisciplinary Studies (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Admission into the Master of Art in Integrative Studies program or permission of instructor.
Taught: Fall only
This course provides a comprehensive introduction to graduate studies in liberal arts, multi- and interdisciplinary research and developing integrative insights. It prepares students for defining their research interests, planning their individualized curriculum and initiating active learning strategies. It also provides opportunity to develop one’s writing styles, to gain knowledge of professional writing styles, and practice integrative writing. Repeatable: No

INTERNATIONAL ORIENTATION

UNVI 101 International Orientation (1-3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Department consent.
Taught: Fall and spring
Emphasis on transition into college and development of college survival skills, development of student self-reliance as an active participant in classroom activities, familiarization with available university resources and establishment of learning communities within the University. Repeatable: No

JAPANESE

JPN 101 Elementary Japanese I - AH (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Fundamentals; introduction to Japanese culture; basic skills in pronunciation, conversation, vocabulary, grammar, kana syllabary writing system. Repeatable: No
General Education Credit: Culture and Creativity

JPN 202 Intermediate Japanese II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): JPN 101 or equivalent.
Taught: Fall and spring
Continuation of JPN 101. Further command of grammar and expansion of vocabulary in conversational Japanese; introduction of additional Chinese characters for reading comprehension and writing. Repeatable: No

ITALIAN

ITA 101 Elementary Italian I - AH (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall only
Fundamentals; introduction to Italian culture; development of skills in conversation, pronunciation, grammar, reading, and writing. Repeatable: No
General Education Credit: Culture and Creativity

ITA 102 Elementary Italian II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ITA 101 or equivalent.
Taught: Spring only
Continuation of ITA 101, additional grammar study, pronunciation drill, and new vocabulary; further practice in speaking and reading. Repeatable: No

ITA 201 Intermediate Italian I (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ITA 102 or equivalent.
Taught: Fall only
Review and extension of basic language skills acquired in ITA 101 and ITA 102; reading and discussion of cultural and literary subjects. Repeatable: No

ITA 202 Intermediate Italian II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ITA 201 or equivalent.
Taught: Spring only
Continuation of grammar review and enhancement of language skills begun in ITA 201; reading and discussion of cultural and literary subjects. Repeatable: No
Taught: Variable, check with department Advanced practice in writing Japanese compositions and oral conversation skills. Repeatable: No

**JPN 307 Introduction to Japanese Translation (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): JPN 202 or consent of instructor.
Taught: Variable, check with department
Introductory translation course providing an overview of the considerations that the translator must take into account when approaching a text. Attention is paid to the structural differences between Japanese and English, cross-cultural differences in stylistics, writing with clarity and reference work. Students will have hands-on experience.
Repeatable: No

**JPN 311 Japanese Cultural History (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): JPN 202 or equivalent.
Taught: Variable, check with department Eras, institutions, and issues in the history of Japan; readings primarily in Japanese.
Repeatable: No

**JPN 325 Japanese Myth and Folklore (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): JPN 202 or equivalent.
Repeatable: No

**JPN 340 Business Japanese (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): JPN 202 or equivalent.
Taught: Variable, check with department Study of language for broad commercial purposes; cultural awareness in both social and professional situations; historic and contemporary views of government, labor, media, and industrial organization in Japan; business communication; Japanese-American relations.
Repeatable: No

**JPN 350 Methods of Teaching Japanese (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): JPN 202 or equivalent.
Taught: Variable, check with department
Theoretical and practical considerations of teaching Japanese in American schools; required of all students seeking teaching certification in Japanese.
Repeatable: No

**JPN 380 Topics in Advanced Japanese (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): JPN 202 or consent of instructor.
Taught: Variable, check with department Advanced study of Japanese language, literature, and culture.
Repeatable: Yes
If Repeatable, Max. Credits: 15

**JPN 401 Japanese Phonetics and Pronunciation (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 6 semester hours of Japanese at the 300 level or above.
Taught: Variable, check with department Study of Japanese sound system, how sounds are produced, which ones are used in Japanese, and in what contexts they occur.
Repeatable: No

**JPN 402 Advanced Japanese Grammar and Syntax (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 6 semester hours of Japanese at the 300 level or above.
Taught: Variable, check with department Study of Japanese grammar through analysis of key linguistic structures and applied practice. Analysis of word formation, sentence structure, and semantics.
Repeatable: No

**JPN 499 Independent Study: Japanese (1-3 credits)**
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department Readings in language, literature and culture.
Repeatable: Yes
If Repeatable, Max. Credits: 15

**JPN 520 Readings in Japanese (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): JPN 380 or equivalent.
Taught: Variable, check with department Various literary, linguistic, cultural, and pedagogical topics. May be repeated for credit when topic varies.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**JOURNALISM**

**JOU 110 Introduction to Mass Communication - SB (3 credits)**
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Examine how mass media operate, how people use and create media messages, and how media evolve and influence behavior.
Repeatable: No
General Education Credit: Individual and Society

**JOU 220 News Writing (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in ENG 101 or equivalent.
Taught: Fall and spring
Write news stories that engage various audiences. Practice interviewing and reporting. Develop a sense of news values.
Repeatable: No

**JOU 230 News Reporting and Writing (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): JOU 220.
Taught: Fall and spring
Research and report original news stories suitable for publication in various media.
Repeatable: No

**JOU 305 Science in the Media (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing or permission from instructor.
Taught: Fall and spring
This course focuses on analyzing and producing science news content, including information about health, biology, the environment and technology. Students will develop knowledge of the best practices in science reporting, including assessing information for news value, accuracy and impact and translating jargon into content that will engage an audience.
Repeatable: No

**JOU 321 Digital Publishing (3 credits)**
Hours: 2 classroom + 3 lab/studio
Prerequisite(s): JOU 110 or EMB 100.
Taught: Fall and spring
Design and produce publications using professional tools. Examine principles of typography, graphics and design in communication.
Repeatable: No

**JOU 325 Photojournalism (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): JOU 110 or EMB 100.
Taught: Spring only
Study fundamentals of photography, use of digital cameras, photo editing, and use of photography in a variety of media to tell stories.

Repeatable: No

**JOU 330 Public Affairs Reporting (3 credits)**

*Hours: 2 classroom + 2 lab/studio*  
Prerequisite(s): JOU 220.  
Taught: Spring only-even yrs  
Investigative reporting on agencies, governments and entities, such as courts, non-profit organizations, health departments and businesses, which maintain public records.  
Repeatable: No

**JOU 331 Specialty Reporting (3 credits)**

*Hours: 3 classroom + 0 lab/studio*  
Prerequisite(s): JOU 220.  
Taught: Variable, check with department  
Report on beats such as business, education, environment, health, sports, or technology. Topics vary semester to semester.  
Repeatable: No

**JOU 340 Feature Writing (3 credits)**

*Hours: 2 classroom + 2 lab/studio*  
Prerequisite(s): JOU 220 or permission of instructor.  
Taught: Fall only  
Develop creative nonfiction stories suitable for publication in magazines, online sites, newspapers, newsletters, and trade journals. Course covers every step of the entrepreneurial process, from developing ideas, to researching, reporting, writing, producing and marketing.  
Repeatable: No

**JOU 346 Copy Editing and Design (3 credits)**

*Hours: 2 classroom + 2 lab/studio*  
Prerequisite(s): JOU 220.  
Taught: Spring only  
Edit text and design pages to achieve clear, concise and compelling content. Improve communication by learning the proper use of grammar, spelling, punctuation and style.  
Repeatable: No

**JOU 370 Principles of Advertising (3 credits)**

*Hours: 2 classroom + 2 lab/studio*  
Prerequisite(s): JOU 110/ EMB 100.  
Taught: Fall only  
Processes and practices of advertising, conception, organization, market research, copy writing, ad layout and production, media selection and scheduling, and assessment of impact.  
Repeatable: No

**JOU 380 News Media Workshop (1-3 credits)**

*Hours: 0 classroom + 4 -12 lab/studio*  
Prerequisite(s): JOU 220.  
Taught: Fall and spring  
Gain practical experience in everything from exercising judgment and writing for an audience to grappling with legal and ethical dilemmas to planning and executing multimedia stories while reporting on people, events, issues and culture on campus. 1-3 credits, with default at of 3.  
Repeatable: No

**JOU 394 Special Topics in Journalism (3 credits)**

*Hours: 3 classroom + 0 lab/studio*  
Prerequisite(s): JOU 110 or junior standing.  
Taught: Variable, check with department  
Examine significant topics in journalism and mass media. Topics vary semester to semester.  
Repeatable: Yes  
If Repeatable, Max. Credits: 6

**JOU 396 Internship (3 credits)**

*Hours: 0 classroom + 12 lab/studio*  
Prerequisite(s): JOU 380; written consent of supervising faculty member; junior or senior standing; and a GPA of at least 2.75.  
Taught: Fall, spring, and summer  
Work at newspapers, online sites, public relations or advertising agencies, or other employers of communication professionals, in addition to some class meetings.  
Repeatable: No

**JOU 412 Mass Communication History (3 credits)**

*Hours: 3 classroom + 0 lab/studio*  
Prerequisite(s): JOU 110 or junior standing.  
Taught: Spring only-odd yrs  
Introduce and examine data journalism through theoretical discussion, case studies and hands-on practice, learn to gather, analyze and interpret data for news reporting and storytelling; understand and apply basic measurement techniques and research concepts.  
Repeatable: No

**JOU 415 Media Skills (3 credits)**

*Hours: 3 classroom + 0 lab/studio*  
Prerequisite(s): JOU 220 or permission of instructor.  
Taught: Fall and spring  
Introduction to multimedia journalism; use and study of contemporary tools for information gathering, reporting and interacting with audiences.  
Repeatable: No

**JOU 421 Mass Communication History (3 credits)**

*Hours: 3 classroom + 0 lab/studio*  
Prerequisite(s): JOU 220 or CMST 220.  
Taught: Fall and spring  
Explore First Amendment law and policy related to mass communication. Topics include libel, privacy, intellectual property, confidential sources, the courts, indecency, entertainment and social media, and access to information.  
Repeatable: No

**JOU 430 Study Abroad (1-3 credits)**

*Hours: 1-3 classroom + 0 lab/studio*  
Prerequisite(s): Varies by topic.  
Taught: Variable, check with department  
Varies by topic. Course includes a classroom portion and a trip abroad.  
Repeatable: Yes  
If Repeatable, Max. Credits: 12
JOU 499 Independent Study: Journalism (1-3 credits)
Hours: 0 classroom + 4 -12 lab/studio
Prerequisite(s); junior standing; a GPA of at least 2.50 or consent of instructor; approved independent study proposal.
Taught: Variable, check with department
Individually supervised work involving reading, research, and/or production in a specified area of interest. Topic selected before registration in conference with instructor.
Repeatable: Yes
If Repeatable, Max. Credits: 6

KINESIOLOGY

KIN 125 Introduction to Physical Education, Fitness, and Sport (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Overview of the profession; philosophy, history, and scientific areas; examination of career opportunities.
Repeatable: No

KIN 200 Concepts of Lifetime Fitness (2 credits)
Hours: 2 classroom + 0 lab/studio
Taught: Fall, spring, and summer
Health related problems associated with a modern sedentary society; benefits of regular exercise; individual psychomotor and physiological developmental patterns.
Repeatable: No

KIN 205 Introduction to Personal Training (3 credits)
Hours: 2 classroom + 2 lab/studio
Prerequisite(s); KIN 200, BIO 208.
Taught: Variable, check with department
This course is designed to provide theoretical knowledge and practical skills in preparation for a national certification exam in personal training. Topics include guidelines for instructing safe, effective, and purposeful exercise, essentials of the client-trainer relationship, conducting health and fitness assessments, and designing and implementing appropriate exercise programming.
Repeatable: No

KIN 206 Introduction to Strength and Conditioning (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
This course is designed to provide theoretical knowledge and practical skills in exercise science, strength training and aerobic conditioning. Topics include guidelines for instructing safe, effective, and purposeful exercise, essentials of the client-trainer relationship, conducting health and fitness assessments, and designing and implementing appropriate exercise programming.
Repeatable: No

KIN 217 Introduction to the Study of Athletic Injuries (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
An introduction to athletic training/sports medicine concepts. Course content will include basic skills for prevention, assessment, and care of injuries associated with physical activity.
Repeatable: No

KIN 220 Basic Recognition and Care of Athletic Injuries (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
This course is a directed study of human anatomy with its adaptations to biomechanical principles. In-depth study of the skeletal and articulation system and the muscular and nervous systems along with other key anatomical structures and functions.
Repeatable: No

KIN 225 Anatomical Kinesiology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s); KIN 260.
Taught: Spring only
This course is designed to provide theoretical knowledge and practical skills in preparation for a national certification exam in personal training. Topics include guidelines for instructing safe, effective, and purposeful exercise, essentials of the client-trainer relationship, conducting health and fitness assessments, and designing and implementing appropriate exercise programming.
Repeatable: No

KIN 226 Introduction to Health Appraisal and Fitness Assessment (2 credits)
Hours: 2 classroom + 0 lab/studio
Taught: Fall only
The study and applications of technology and software that are used in the health/ wellness promotion, fitness, physical education, and exercise science professions.
Repeatable: No

KIN 300 Motor Learning and Performance (3 credits)
Hours: 2 classroom + 2 lab/studio
Prerequisite(s); KIN 125 and BIO 208.
Taught: Fall and spring
This course is designed to examine the principles of motor learning by examining the physiological, psychological, and neuromotor factors that affect the acquisition and performance of motor skills.
Repeatable: No

KIN 301 Motor Development (3 credits)
Hours: 3 classroom + 1 lab/studio
Prerequisite(s); Junior standing.
Taught: Fall and spring
Motor development from birth through maturity; factors influencing the development and performance of motor skills; application of assessment and intervention strategies to improve motor performance for preschoolers through the elderly. Includes 5-7 hours of an on-campus clinical intervention experience with preschool children.
Repeatable: No

KIN 302 Exercise Physiology (3 credits)
Hours: 3 classroom + 1 lab/studio
Prerequisite(s); BIO 208.
Co-requisite(s); KIN 304L.
Taught: Fall and spring
Response of the body to muscular activity; structure and function of skeletal muscles; energy sources and oxygen requirements for muscular activity.
Repeatable: No

KIN 304L Exercise Physiology Lab (1 credit)
Hours: 0 classroom + 2 lab/studio
Prerequisite(s); KIN 304.
Taught: Fall and spring
KIN 304L is designed to provide hands on laboratory experience for KIN 304 lecture. Common laboratory procedures covered in this course are: VO2max, Wingate anaerobic testing, blood lactate testing, blood hematocrit, body composition, ECG, and EMG.
Repeatable: No

KIN 306 Introduction to Health Appraisal and Fitness Assessment (2 credits)
Hours: 1 classroom + 2 lab/studio
Prerequisite(s); KIN 200 and KIN 205.
Taught: Variable, check with department
The purpose of this course is to teach the students the theory and practice for developing skills in assessing health-related physical fitness and provide guidelines for standard step-by-step assessment procedures.
Repeatable: No

KIN 330 Motor Development (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s); KIN 200 or permission of instructor.
Taught: Variable, check with department
The purpose of this course is to examine the physical dimensions of older adults. This will include basic Concepts of the aging adult; energy work and efficiency; motor control, coordination and skill; physical-psychosocial relationships; and, physical performance and achievement.
Repeatable: No

KIN 335 Physical Activity and Aging (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s); KIN 340 or permission of instructor.
Taught: Variable, check with department
The purpose of this course is to examine the physical dimensions of older adults. This will include basic Concepts of the aging adult; energy work and efficiency; motor control, coordination and skill; physical-psychosocial relationships; and, physical performance and achievement.
Repeatable: No

KIN 339 Exercise Prescription (3 credits)
Hours: 2 classroom + 2 lab/studio
Prerequisite(s); KIN 340.
Taught: Spring only
Principles and applications for prescribing exercise and physical activities for a variety of populations to improve health-related physical fitness and/or athletic performance.
Repeatable: No

KIN 350 Psychology of Physical Activity (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): KIN 200, PSY 100.
Taught: Spring only
This course focuses on the evidence-based literature which describes populations that are and are not physically active; research based theories that explain reasons that people are and are not physically active; successful motivational strategies; and the evaluation and applications of interventions designed to change inactive behavior or to sustain physically active behavior.
Repeatable: No

KIN 360 Statistics and Measurement in Kinesiology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MAT 099 or acceptable placement score.
Taught: Fall and spring
Designed to provide knowledge and practical experience in the study of statistical techniques, motor ability tests, motor fitness tests, physical fitness tests, and skill tests applicable to physical education.
Repeatable: No

KIN 365 Exercise Prescription and Programming for Special Populations (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): KIN 349.
Taught: Fall only
This course examines basic epidemiology, ecology and pathophysiology of common disease states, and provides recommendations for exercise and concerns for diseased and other special populations requiring alterations to exercise prescription for normal populations.
Repeatable: No

KIN 370 Biomechanics (3 credits)
Hours: 2 classroom + 2 lab/studio
Prerequisite(s): BIO 208.
Taught: Fall and spring
Mechanics of human motion with respect to performance in sport activities and movement analysis.
Repeatable: No

KIN 380 Clinical Exercise Physiology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): KIN 340.
Taught: Spring only
This course is designed to prepare the Exercise Science major to work within a human performance clinical setting. This course will cover the basic epidemiology and pathophysiology of common disease states, recommendations for exercise and concerns for rehabilitation and secondary prevention.
Repeatable: No

KIN 385 Sociological and Psychological Dimensions of Sport and Physical Activity (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): KIN 125.
Taught: Fall only
Introduction of social psychological theory and principles applied to sports; analysis of sport from a sociological perspective through study of values, norms, and behavior of sport in American society.
Repeatable: No

KIN 450 Organization and Administration of Kinesiology and Athletics (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): KIN 125 or permission of instructor.
Taught: Fall only
Theory, policies, and procedures for administering physical education, recreation, and athletic programs in the school and community; program development, budgeting, equipment, facilities, personnel.
Repeatable: No

KIN 481 Nutrition for Sport and Exercise (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): KIN 340.
Taught: Fall and spring
This course is designed to provide an overview of basic nutritional concepts for sports and exercise. Topics covered in this class include nutrient requirements for sport performance, exercise and weight management. The use and physiological effects of ergogenic aids will also be covered in this course.
Repeatable: No

KIN 483 Advanced Strength and Conditioning (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): KIN 260, KIN 340, KIN 370, senior standing or permission from instructor.
Taught: Fall and spring
This course is designed to provide advanced knowledge and application in the field of strength and conditioning. The material presented will prepare the student for the National Strength and Conditioning Association’s Certified Strength and Conditioning Specialist (CSCS) certification. Topics to be covered include basic science, advanced exercise prescription, advanced strength and conditioning programming, and will require the student to be proficient in various exercise techniques.
Repeatable: No

KIN 492 Practicum in Exercise Science (3 credits)
Hours: 0 classroom + 6 lab/studio
Prerequisite(s): KIN 349.
Taught: Fall and spring
Application of theory to practice by assisting in various activities associated with the field of exercise science (i.e., fitness instruction, weight management, strength and conditioning, sports medicine, wellness, nutrition, etc.)
Repeatable: No

KIN 494 Topics: Kinesiology (1-6 credits)
Hours: 1-6 classroom + 0 lab/studio
Prerequisite(s): Varies with topic (see Schedule of Classes).
Taught: Variable, check with department Various advanced topics in kinesiology.
Repeatable: Yes
If Repeatable, Max. Credits: 15

KIN 496 Internship in Exercise Science (9 credits)
Hours: 0 classroom + 9 lab/studio
Prerequisite(s): Senior standing, departmental consent, KIN 492, appropriate GPA.
Taught: Fall and spring
One of two possible culminating activities for students completing the BS in exercise science. Students spend the equivalent of full-time employment in an appropriate agency for one full semester (at least 500 hours).
Repeatable: No

KIN 497 Exercise Science Senior Synthesis (3 credits)
Hours: 0 classroom + 6 lab/studio
Prerequisite(s): Department approval, KIN 360 and KIN 498.
Taught: Variable, check with department
This course is designed to prepare Exercise Science majors for employment in a human performance research setting, and/or entering a graduate program in an exercise science domain.
Emphasis will be placed on experience in conducting human performance research, and scientifically communicating the results of the research in the form of a manuscript ready for peer review.

Repeatable: No

KIN 498 Research, Trends, and Issues in Exercise Science (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): KIN 340, KIN 360 and KIN 370 or permission of instructor.
Taught: Fall only
This course will focus on an introduction to the various techniques of research in exercise science. The course will expose the student to the basic concepts of exercise science research via the production of a research paper and other assigned tasks. Emphasis will be placed on the skills necessary to allow the student to become an improved consumer of research in the field of exercise science.

Repeatable: No

KIN 499 Independent Study in Exercise Science (1-6 credits)
Hours: 1-6 classroom + 0 lab studio
Prerequisite(s): Consent of Department.
Taught: Variable, check with department
Directed readings, independent research, or other areas of specific or individual academic interest.
Not intended to substitute for any course offered on a regular basis. Written agreement between faculty and student must be submitted to department chair within first two weeks of semester; elements of agreement to include purpose, objective, instructional activities, time frame, and evaluation procedure.
Repeatable: Yes
If Repeatable, Max. Credits: 12

KIN 501 Lab Techniques in Exercise Science (1 credit)
Hours: 0 classroom + 1 lab/studio
Prerequisite(s): Admission to the MSES program or permission of instructor.
Taught: Variable, check with department
This course must be taken during the student’s first semester of enrollment. The laboratory techniques in exercise science online class will provide students with detailed and up-to-date information regarding performance-based technology and laboratory techniques currently used in the field today.
Repeatable: No

KIN 502 Research Methods and Analytics in Exercise Science (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Admission to the MSES program or permission of instructor.
Taught: Variable, check with department
This online class will provide students with an in-depth learning experience regarding research design, data evaluation and proper analysis based on research methods, designs, and types of data. Students will learn how to set up and use statistical software for their analyses.
Repeatable: No

KIN 503 Advanced Exercise Physiology (3 credits)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): Admission to the MSES program or permission of instructor.
Taught: Variable, check with department
This course will cover the body’s acute and chronic responses to various forms of exercise from biochemical changes within the muscle to long-term adaptations that improve performance. Additionally, these changes will be looked at under extreme conditions such as high temperature and high altitude environments.
Repeatable: No

KOREAN

KOR 101 Elementary Korean I - AH (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Fundamentals; introduction to Korean culture; basic skills in pronunciation, conversation, reading, and writing.
Repeatable: No
General Education Credit: Culture and Creativity

KOR 102 Elementary Korean II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): KOR 101 or equivalent.
Taught: Variable, check with department
Continuation of KOR 101 additional practice in pronunciation, conversation, reading and writing.
Repeatable: No

LATIN

LAT 101 Elementary Latin I - AH (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall only
Fundamentals; introduction to Latin language and Roman culture; study of literary, legal, and scientific terminology rooted in Latin; development of skills in grammar, pronunciation, reading, writing, and simple conversation in classical Latin.
Repeatable: No

LAT 102 Elementary Latin II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): LAT 101 or equivalent.
Taught: Spring only
Continuation of LAT 101.
Repeatable: No

LAT 201 Intermediate Latin I (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): LAT 102 or equivalent.
Taught: Variable, check with department
Review of grammar and vocabulary in LAT 101-LAT 102; introduction of advanced constructions in context of readings and cultural study.
Repeatable: No

LAT 202 Intermediate Latin II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): LAT 201 or equivalent.
Taught: Variable, check with department
Continuation of LAT 201; practice with advanced grammatical constructions and translation of literary selections.
Repeatable: No

LAT 299 Independent Study: Latin (3 credits)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Intermediate practice in Latin language.
Repeatable: Yes
If Repeatable, Max. Credits: 6

LAW

LAW 300 The American Legal System I (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing and C- or better in either PSC 100 or PSC 204.
Taught: Fall only
This course will focus on the common-law system and how it affected the development of tort law and contract law. The course will also cover policy issues related to these areas of law and how public policy has affected the development of these areas of law.
Repeatable: No

LAW 301 The American Legal System II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing and C- or better in either PSC 100 or PSC 204.
Taught: Spring only
Course focuses on property and procedural law in
It compares case law (property) with civil procedure. Explores substantive law that governs these areas, and addresses various policy issues that relate to property law and the rules that govern civil lawsuits in the United States. Repeatable: No

**LAW 320 Legal History (3 credits)**
*Hours: 3 classroom + 0 lab/studio*
*Prerequisite(s): Sophomore standing and C- or better in either PSC 100 or PSC 204.*
*Taught: Spring only-even years*
Explores American legal history from the country’s founding through the middle of the twentieth century. The course covers the drafting and ratifying of the U.S. Constitution, the idea of judicial review, state and federal regulatory authority, civil rights and civil liberties, and other topics related to this country’s legal history. Repeatable: No

**LAW 324 Environmental Law (3 credits)**
*Hours: 3 classroom + 0 lab/studio*
*Prerequisite(s): Sophomore standing and C- or better in either PSC 100 or PSC 204.*
*Taught: Fall only-odd years*
Examines the approach of legal institutions to environmental issues. Explores the evolution of environmental law and policy related to: clean water, clean air, wetland protection, and climate change, among others. Repeatable: No

**LAW 350 The American Constitution (3 credits)**
*Hours: 3 classroom + 0 lab/studio*
*Prerequisite(s): Sophomore standing and C- or better in either PSC 100 or PSC 204.*
*Taught: Spring only*
Focus on tenets and contours of Constitutional Law, including the structure of government and individual rights guaranteed by the Constitution. Repeatable: No

**LAW 394 Special Topics in Law (3 credits)**
*Hours: 3 classroom + 0 lab/studio*
*Prerequisite(s): Variable depending on topic.*
*Taught: Spring only*
Topics vary from semester to semester. See Schedule of classes for topic and prerequisites. Repeatable: Yes
If Repeatable, Max. Credits: 99

**LAW 405 Financial Institutions and the Law (3 credits)**
*Hours: 3 classroom + 0 lab/studio*
*Prerequisite(s): Sophomore standing and C- or better in either PSC 100 or PSC 204.*
*Taught: Spring only-odd years*
Focus on banking law. Explores the history and development of the US banking law system, regulators and regulations, non-US banks operating in the United States, and consumer banking, among other topics. Repeatable: No

**LAW 410 Immigration and Refugee Law and Policy (3 credits)**
*Hours: 3 classroom + 0 lab/studio*
*Prerequisite(s): Sophomore standing and C- or better in either PSC 100 or PSC 204.*
*Taught: Fall only-odd years*
Explores U.S. immigration and nationality law.
Examines the administrative and legal framework regulating the admission and constitutional rights of non-citizens, the roles of federal agencies, and various policies and procedures associated with immigration, naturalization, asylum, employment, and judicial review, among others. Repeatable: No

**LAW 420 Employment Law (3 credits)**
*Hours: 3 classroom + 0 lab/studio*
*Prerequisite(s): Sophomore standing and C- or better in either PSC 100 or PSC 204.*
*Taught: Fall only-even years*
An exploration of federal statutes and state common law doctrines that define the employment relationship. Topics include: legal boundaries of the employment relationship, employment-at-will doctrine, employee privacy, compensation and regulation, among others. Repeatable: No

**LAW 435 Legal Communication and Persuasion (3 credits)**
*Hours: 3 classroom + 0 lab/studio*
*Prerequisite(s): Sophomore standing and C- or better in either PSC 100 or PSC 204.*
*Taught: Spring only*
This course will explore legal analysis, statutory interpretation, legal reasoning, writing techniques, legal memorandum, persuasive writing, and legal citation. Repeatable: No

**LAW 480 Sports and the Law (3 credits)**
*Hours: 3 classroom + 0 lab/studio*
*Prerequisite(s): Sophomore standing and C- or better in either PSC 100 or PSC 204.*
*Taught: Spring only-odd years*
Exploration of laws regulating sports and the agents who represent athletes. The course will cover both collegiate and professional athletics, and it will cover issues faced by athletes, coaches, and sports agents.
Repeatable: No

**LEARNING ASSISTANCE PROGRAM**

**LAP 201 Tutoring in Learning Assistance Center (1 credit)**
*Hours: 1 classroom + 0 lab/studio*
*Taught: Fall and spring*
Topics in peer tutoring and mentoring, with an emphasis on the university environment. Topics vary. Designed for students interested in peer tutoring and mentoring at NKU, as well as prospective teachers. Recommended for students who work as tutors in Learning Assistance Programs.
Repeatable: Yes
If Repeatable, Max. Credits: 3

**LIBRARY INFORMATICS**

**LIN 175 Information Literacy - SB (3 credits)**
*Hours: 3 classroom + 0 lab/studio*
*Taught: Fall, spring, and summer*
A foundational course that introduces students to the cross-disciplinary skills needed to assess information needs, and access and evaluate information sources.
Repeatable: No
General Education Credit: Individual and Society

**LIN 300 Information in Our Society (3 credits)**
*Hours: 3 classroom + 0 lab/studio*
*Taught: Fall only*
Students will learn about the impact of culture and other social differences on individual use of information and the theories of learning and information use. Our information society will be examined and how information is created, recorded, mass produced, disseminated, and used by individuals and groups.
Repeatable: No

**LIN 301 Introduction to Meta Information System (3 credits)**
*Hours: 3 classroom + 0 lab/studio*
*Prerequisite(s): Junior standing, or approval from instructor.*
*Taught: Spring only*
Students will examine and become familiar with content identification systems used to manage large information databases. Classic as well as innovative systems will be studied.
Repeatable: No
LIN 302 Digital Searching Interfaces (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Spring only
Students will study all aspects of digital searching interfaces as they relate to information management and user needs. Special emphasis will be placed on library searching techniques.
Repeatable: No

LIN 303 Critical Reading (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall only
This course will teach the importance of critical reading in assessing information and its sources. Topics such as the authority, motivation and intent of the author will be examined.
Repeatable: No

LIN 305 Government Information (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
An in-depth study of publications produced by the United States Government. Students will learn to search and navigate government websites.
Repeatable: No

LIN 394 Topics (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Special study of one aspect of information use and management. The course topics offered will vary based upon emerging developments in the field or the availability of an authority to offer a specialized educational opportunity to Library Informatics students.
Repeatable: No

LIN 400 Current Trends in Information Studies (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall only
Students will engage in an investigation of recent developments and trends within information organizations as well as societal issues affecting information systems and services.
Repeatable: No

LIN 405 Intellectual Property and Information Rights (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing or permission from instructor.
Taught: Variable, check with department
Explores intellectual property rights for information-based careers. Patents, trademarks, and copyrights are covered in relation to intellectual property creators and consumers.

Although focused primarily through the lens of libraries, museums, and archives, includes intellectual property related exercises and readings for entrepreneurship, electronic media & broadcasting, and fashion & sports business.
Repeatable: No

LIN 414 Advanced Information Literacy Skills (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): LIN 175.
Taught: Spring only
This course examines higher level information literacy skills and their application. Students learn how to access and assess information that is presented in a variety of formats.
Repeatable: No

LIN 420 Management in Library and Information Centers (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Variable, check with department
The course will cover the development and use of modern management theory and practices in the ever-changing work environment of libraries and other information agencies. In particular, the management functions of planning, organizing, staffing, directing and budgeting will be discussed. The course is taught entirely online.
Repeatable: No

LIN 496 Senior Capstone (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): LIN major and senior standing.
Taught: Fall and spring
Students propose and work on projects that allow them to integrate academic experience into real world situations. Students undertake assignments to build organizational competencies such as communication skills, team-work, and critical thinking.
Repeatable: No

MGT 205 Business Management Principles (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Fall and spring
Introduction to business firms, their organization, functions, and management in context of global, legal, and ethical environments; business as a setting in which people work, make decisions, and contribute productively to society; management of people, information, and processes to achieve organizational goals.
Repeatable: No

MGT 240 Managerial Communication (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ENG 101 and sophomore standing.
Taught: Fall and spring
Prepares students to write and speak effectively when solving problems managers face. Speaking as a manager through formal and informal addresses, business meetings, news conferences. Writing managerial documents: memoranda; letters; e-mail; short formal special reports; executive summaries and informal notes to superiors, peers and subordinates.
Repeatable: No

MGT 300 Behavior in Organizations: Understanding Organizational Life (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Fall and spring
Overview of the complex organizational, group, and individual processes constituting the internal environment of contemporary business organizations; understanding the dynamics and learning the concepts, theories, processes, and skills suggested by research to underlie effective planning, organizing, interacting, and controlling.
Repeatable: No

MGT 305 Operations Management in Business (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MAT 109 or ACT Math score greater than or equal to 23, and STA 205; junior standing.
Taught: Fall and spring
Concepts of operations in production and service organizations; application of quantitative and qualitative techniques to quality, human resources, forecasting, inventory, and process improvement problems.
Repeatable: No

MGT 306 Project Management (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Variable, check with department
This course is an introduction to the Concepts, tools and techniques of Project Management. The goal is to provide the student with a fundamental knowledge of project planning, budgeting, scheduling, work breakdown structures, risk analysis, project monitoring and project control/termination. Group projects, presentations, class discussions and case exercises will provide
the vehicle for developing decision-making, communication, interpersonal and leadership skills that are essential for success in the workplace.

Repeatable: No

MGT 307 Supply Chain Management (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MGT 300 and MGT 305 and junior standing.
Taught: Variable, check with department
An upper level undergraduate elective designed to familiarize the student with the scope of supply chain management in organizations. Exposure to key dimensions of effective supply chain management, including those related to logistics, purchasing, information systems, asset management, and strategic supply chain configuration will be provided. Focus will be on the key managerial decisions required to effectively design and operate a supply chain.

Repeatable: No

MGT 308 Global Strategic Sourcing (3 Credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MGT 307 and junior standing.
Taught: Variable-chek w/dept
Course is designed to familiarize students with an overview of strategic sourcing and relevant strategies in a global supply chain. The emphasis will be on the importance of domestic and global supply relationships in sourcing and importing goods. Additionally, a diverse range of global sourcing models and options will be discussed.

Repeatable: No

MGT 309 Logistics and Distribution (3 Credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MGT 307 and junior standing.
Taught: Fall and spring
Course will familiarize students with materials management and its importance to the supply chain. The importance of demand planning, logistics and physical distribution will be highlighted. Students will be exposed to the tools of materials management and the managerial decisions related to them.

Repeatable: No

MGT 310 Leading High Performing Teams (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MGT 205 and junior standing.
Taught: Fall and spring
An introduction to teamwork concepts and skills. Covers structural and process attributes of teams with the objective of enhancing team leader or member effectiveness. Communication skills essential to effective teamwork are also included in the course.

Repeatable: No

MGT 315 Continuous Quality Improvement in Operations (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MGT 300 and MGT 305.
Taught: Variable, check with department
Advanced operations management approaches to quality; process and productivity improvement in manufacturing, and service and government organizations; use of case studies, exercises, and/or term projects to show application of management and quantitative concepts.

Repeatable: No

MGT 320 Managing a Diverse Workforce (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Fall and spring
This course will provide an overview of the theories and concepts of managing diversity. Students will understand the importance of managing a diverse workforce, gain self-awareness of their individual diversity and develop an awareness and skill set for understanding, analyzing, evaluating, and managing diversity issues in the workplace.

Repeatable: No

MGT 330 Negotiation and Conflict Resolution (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Fall and spring
The skills, knowledge and abilities to negotiate effectively with others are important to managers and employees in all types of organizations; business, governmental, non-profit, healthcare and professional. The purpose of this course is to provide students with the theory, tactics, and practices that will enable them to negotiate successfully and resolve conflicts. Core subjects include negotiation preparation; distributive and integrative bargaining; strategies and tactics; gaining leverage through power and persuasion; and the influences of ethics, gender and culture. In addition to use of mediation and arbitration techniques to resolve conflicts are presented. The course requires students to learn through active participation in negotiation of actual cases.

Repeatable: No

MGT 340 Human Resource Administration (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Fall and spring
Recruitment and selection of labor force; training and development; management development; wage and salary plans; personnel policies; development of personnel policies consistent with government regulations.

Repeatable: No

MGT 355 International Business Environment (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ECO 200, Junior standing, and major or pre-major in the college of business.
Taught: Variable, check with department
This course introduces students to international business, strategy and management. It examines strategy from the perspective of the parent company and its foreign subsidiaries. It focuses upon the internationalization process and international market entry modes, as well as the main value chain activities and support functions.

Repeatable: No

MGT 360 Comparative International Management (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Fall and spring
Management of the multinational firm; cross cultural issues; differences in attitudes and behaviors, organizational structure, environmental considerations between domestic and multinational firms; host country subsidiary relations in an international context.

Repeatable: No

MGT 370 Managing Organizational Change (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MGT 300.
Taught: Spring only
Application of theories of organizational change to a variety of business organizations; planning and implementing of organizational change as well as its behavioral aspects; use of simulations, cases, and/or projects to blend theory and practice.

Repeatable: No

MGT 394 Topics: Management (1-3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MGT 300 and junior standing.
Taught: Variable, check with department
Specialized topics of student and business community interest. Topics for current offering
MKT 305 Principles of Marketing (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MKT 205, MKT 300, and consent of instructor.
Taught: Fall and spring
This course is designed to provide deeper insights into marketing, including demand-stimulated and demand-fulfilling strategies, and actions.
Repeatable: Yes

MKT 333 Global and Cultural Issues in Marketing (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in MKT 205 or MKT 305.
Taught: Fall and spring
Focuses on an understanding of the global, societal, and cultural context of marketing, and the impact these factors have on the practice of marketing. Incorporates the development of the marketing mix in light of these contextual factors.
Repeatable: No

MKT 365 Professional Selling (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in MKT 205, MKT 300, and MKT 310.
Taught: Fall and spring
This course is designed to provide deeper insights into the sales profession by examining the role of persuasive communication and customer relationship management behaviors, principles, strategies, and actions.
Repeatable: No
MKT 370 Social and Digital Marketing (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in MKT 205 or MKT 305.
Taught: Variable, check with department
Focuses on social media tools and analytics used by marketers to communicate with and create value for targeted audiences; explore the possibilities and limitations of various social media; apply and integrate social media tools into marketing strategies; evaluate effectiveness of different social media campaigns in achieving organizational goals.
Repeatable: No

MKT 392 Consumer Insights (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in MKT 205 and MKT 300.
Taught: Fall and spring
Introduction to the role of research in marketing decision making including defining marketing research problems and objectives, research designs and methodologies, primary and secondary data collection, sampling techniques, data analysis, and data reporting.
Repeatable: No

MKT 394 Topics: Marketing Issues (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in MKT 205 or MKT 305.
Taught: Variable, check with department
Specialized topics of faculty and student interest. Topics vary and may include product planning and development, distribution, pricing strategies, services marketing, and international marketing.
Repeatable: Yes
If Repeatable, Max. Credits: 9

MKT 396 Internship: Marketing (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in MKT 205 and any 300-level MKT course, consent of supervising faculty member, GPA of at least 2.75.
Taught: Fall, spring, and summer
Supervised professional work and learning experience in an approved marketing-related professional position.
Repeatable: Yes
If Repeatable, Max. Credits: 9

MKT 480 Strategic Decision Making in Marketing (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): For MKT majors: MKT 320, MKT 392, and senior standing; for SPB majors, SPB 305 and senior standing. Open only to students certified as majors in Marketing or Sports Business and Event Management, or by consent of instructor.
Taught: Fall and spring
Development of advanced marketing decision-making skills and knowledge through planning and analysis of a marketing landscape.
Repeatable: No

MKT 492 Advanced Marketing Research (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MKT 320, MKT 392, senior standing, and a certified MKT major, or consent of instructor.
Taught: Fall and spring
Development of advanced marketing research skills and knowledge through lecture/discussion and a field research study for a local non-profit organization. Open only to students in the marketing research track.
Repeatable: No

MKT 496 Marketing Practicum (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): MKT 205 with a C or better and permission from instructor.
Taught: Variable, check with department
This professional experience course involves 60 hours per credit hour of applied learning experiences within the marketing industry. Students log field experience hours that include observing and providing assistance to a business professional in order to learn about the field of marketing and to gain professional experience and contacts.
Repeatable: Yes
If Repeatable, Max. Credits: 6

MKT 499 Independent Study: Marketing (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): C or better in MKT 205 or MKT 305, senior standing and consent of instructor.
Taught: Variable, check with department
Students pursue a topic or project of interest to them. Meeting times arranged with instructor. Open only to students certified as majoring in business or by consent of instructor.
Repeatable: Yes
If Repeatable, Max. Credits: 12

MKT 530 Entrepreneurship (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MKT 320, MKT 392, senior standing, and a certified MKT major, or consent of instructor.
Taught: Fall and spring
Development of advanced marketing research skills and knowledge through lecture/discussion and a field research study for a local non-profit organization. Open only to students in the marketing research track.
Repeatable: No

EDMT 542 Method and Pedagogy in Middle School/Secondary Business/Marketing (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall only
Theories, methods/techniques and technologies in designing, delivering and evaluating instruction in middle school and high school business/marketing.
Repeatable: No

EDMT 543 Method and Pedagogy in Middle School/Secondary Science (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall only
Theories, methods, techniques and technologies in designing, delivering and evaluating instruction in middle school and high school science.
Repeatable: No

EDMT 544 Method and Pedagogy in Middle School/Secondary Math (3 credits)
Hours: 3 classroom + 0 lab/studio
Co-requisite(s): EDMT 696.
Taught: Fall only
Theories, methods/techniques and technologies in designing, delivering and evaluating instruction in middle school and high school mathematics.
Repeatable: No

EDMT 545 Method and Pedagogy in Middle School/Secondary Social Studies (3 credits)
Hours: 3 classroom + 0 lab/studio
Co-requisite(s): EDMT 696.
Taught: Fall only
Theories, methods/techniques and technologies in designing, delivering and evaluating instruction in middle school and high school social studies.
Repeatable: No

EDMT 546 Method & Pedagogy in Middle Grades LA (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 12 semester hours of language arts content course with a grade of C or better chosen from English, Speech, or Journalism and admission to the Teacher Education program.
Taught: Fall and spring
Theory, content and instructional strategies for teaching language arts in the middle grades; including national and state standards.
Repeatable: No

EDMT 594 Topics in Education (3 credits)
Hours: 1-3 classroom + 0 lab/studio
Taught: Variable, check with department
Individual or group in depth study.

</table>

**MATHEMATICS**

- Linear functions, matrix algebra, linear programming, and probability. Emphasis on applications to business.
- Repeatable: No
- General Education Credit: Mathematics

- Consent of instructor.
- Review of more advanced topics from Algebra II essential for success in MAT 112 and MAT 119.
- MAT 109 does not count towards general education requirements.
- Repeatable: No

- Not open to students who have completed STA 250. Same as STA 110.
- Repeatable: No

- Applications of differential and integral calculus of one variable to business and the life sciences. Not open to students who have passed MAT 129 or MAT 227.
- Repeatable: No

- Applications of differential and integral calculus of one variable to business and the life sciences. Not open to students who have passed MAT 129 or MAT 227.
- Repeatable: No

- Basic concepts of numbers and arithmetic operations; number theory. Open only to students majoring in elementary or middle grades education.
- Repeatable: No

- Basic concepts of numbers and arithmetic operations; number theory. Open only to students majoring in elementary or middle grades education.
- Repeatable: No
MAT 185 Introductory Discrete Mathematics
- OR (3 credits)
  Hours: 3 classroom + 0 lab/studio
  Prerequisite(s): C- or better in MAT 129 or placement.
  Taught: Fall and spring
  Number systems important in computer applications, logic, set theory, combinatorics and probability, graph theory. Not open to students who have completed MAT 385.
  Repeatable: No
  General Education Credit: Mathematics

MAT 194 Mathematical Sciences Seminar (1 credit)
  Hours: 1 classroom + 0 lab/studio
  Prerequisite OR Co-requisite: MAT 128 or MAT 129.
  Taught: Fall and spring
  Introduction to disciplines in mathematical sciences; readings and discussions pertaining to the mathematical sciences. Topics vary.
  Repeatable: No

MAT 227 Calculus B (3 credits)
  Hours: 3 classroom + 0 lab/studio
  Prerequisite(s): C- or better in MAT 128.
  Taught: Fall and spring
  Includes material covered in the middle third of the MAT 129-MAT 229 sequence. Integration with applications, the Fundamental Theorem of Calculus, calculus of exponential, logarithmic, and inverse functions, integration by parts; calculus of parametric equations and polar curves; infinite sequences and series; introduction of vectors and Geometry of space; dot product and cross product. Credit is not given for both MAT 228 and MAT 229.
  Repeatable: No

MAT 228 Calculus C (3 credits)
  Hours: 3 classroom + 0 lab/studio
  Prerequisite(s): C- or better in MAT 227.
  Taught: Fall and spring
  Includes material covered in the last third of the MAT 129-MAT 229 sequence. Approximate integrals, improper integrals, infinite sequences and series, tests for convergence and divergence, power series, Taylor and Maclaurin series with applications; introduction of vectors and geometry of space; dot product and cross product. Credit is not given for both MAT 228 and MAT 229.
  Repeatable: No

MAT 229 Calculus II (5 credits)
  Hours: 5 classroom + 0 lab/studio
  Prerequisite(s): C- or better in MAT 129 or MAT 227.
  Taught: Fall and spring
  Calculus of exponential, logarithmic, and inverse functions; techniques of integration; arc length; calculus of parametric equations and polar curves; infinite sequences and series; introduction of vectors and Geometry of space; dot product and cross product. Credit is not given for both MAT 228 and MAT 229.
  Repeatable: No

MAT 234 Linear Algebra (3 credits)
  Hours: 3 classroom + 0 lab/studio
  Prerequisite(s): C- or better in MAT 228 or MAT 229.
  Taught: Fall and spring
  Vectors, matrix arithmetic, vector spaces, linear transformations, and applications.
  Repeatable: No

MAT 240 Geometry for Middle Grades Teachers (3 credits)
  Hours: 3 classroom + 0 lab/studio
  Prerequisite(s): B- or better in MAT 141.
  Taught: Fall only
  Points, lines, and planes; curves and surfaces; congruence; similarity; parallelism; transformation, tessellations; systems of measure; perimeter; area; volume; angle measure. Appropriate computer software will be introduced. Only open to students majoring in elementary or middle school education. Only open to students majoring in middle grades education.
  Repeatable: No

MAT 294 Topics: Mathematics (3 credits)
  Hours: 0 classroom + 0 lab/studio
  Prerequisite(s): Consent of Instructor.
  Taught: Fall, spring, and summer
  Introduction to research in mathematics by participation in a special project or original research directed by a member of the Department of Mathematics and Statistics faculty. Course intended for mathematics majors interested in mathematics research but not ready or able to enroll in more advanced research courses.
  Repeatable: Yes
  If Repeatable, Max. Credits: 0.5

MAT 299 Topics: Mathematics (3 credits)
  Hours: 3 classroom + 0 lab/studio
  Prerequisite(s): Varies with topic (see Schedule of Classes).
  Taught: Variable, check with department
  Topics in mathematics or mathematics education.
  Topics vary.
  Repeatable: Yes
  If Repeatable, Max. Credits: 15

MAT 299 Directed Readings/Independent Study (1-3 credits)
  Hours: 1-3 classroom + 0 lab/studio
  Prerequisite(s): Consent of instructor.
  Taught: Variable, check with department
  Repeatable: Yes
  If Repeatable, Max. Credits: 15

MAT 302 Introduction to Higher Mathematics (3 credits)
  Hours: 3 classroom + 0 lab/studio
  Prerequisite(s): C- or better in MAT 228 or MAT 229.
  Taught: Fall only-odd years
  Essentials of logic; methods of proof; set theory.
  Repeatable: No

MAT 305 History of Mathematics (3 credits)
  Hours: 3 classroom + 0 lab/studio
  Prerequisite(s): C- or better in MAT 129 or MAT 227.
  Taught: Fall only-odd years
  Mathematics from ancient times through development of the calculus.
  Repeatable: No

MAT 310 Elementary Theory of Numbers (3 credits)
  Hours: 3 classroom + 0 lab/studio
  Prerequisite(s): C- or better in MAT 302.
  Taught: Spring only
  Numbers and their representation, divisibility, and factorization; prime numbers; congruencies; primitive roots; quadratic reciprocity; Diophantine equations.
  Repeatable: No

MAT 325 Differential Equations (3 credits)
  Hours: 3 classroom + 0 lab/studio
  Prerequisite(s): C- or better in MAT 228 or MAT 229.
  Taught: Spring only
  Ordinary differential equations, with applications.
  Repeatable: No

MAT 329 Calculus III (4 credits)
  Hours: 4 classroom + 0 lab/studio
  Prerequisite(s): C- or better in MAT 228 or MAT 229.
  Taught: Fall and spring
  Cylindrical and spherical coordinates; space curves; differentiation and integration of vector functions; differentiation of functions of several
variables, multiple integrals; vector fields; line and surface integrals; Green's Theorem.
Repeatable: No

MAT 330 Classical Applied Analysis (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in MAT 325.
Taught: Fall only
Fourier series; orthogonal expansions; eigenvalue problems; boundary value problems in ordinary and partial differential equations. Same as PHY 330.
Repeatable: No

MAT 345 Introduction to Geometry (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MAT 228 or MAT 229 or equivalent.
Taught: Variable, check with department
Axiomatic Euclidean geometry; introduction to non-Euclidean geometries.
Repeatable: No

MAT 350 Financial Mathematics (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MAT 228 or MAT 229 or equivalent.
Taught: Variable, check with department
Original research in mathematics directed by a member of the Department of Mathematics and Statistics faculty.
Repeatable: Yes
If Repeatable, Max. Credits: 1

MAT 354 Topics: Mathematics (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MAT 228 or MAT 229 or equivalent.
Taught: Variable, check with department
If Repeatable, Max. Credits: 15

MAT 399 Directed Readings/Independent Study (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): consent of instructor.
Taught: Variable, check with department
If Repeatable, Max. Credits: 15

MAT 401 Abstract Algebra I (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in MAT 234 and MAT 302.
Taught: Fall only-odd years
Basic number theory, including divisibility properties of integers and congruencies; introduction to groups, rings, and fields.
Repeatable: No

MAT 402 Real Variables I (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in MAT 328 and MAT 329.
Taught: Fall only-odd years
Foundations of calculus; topology of Cartesian spaces; convergence; continuous functions.
Repeatable: No

MAT 415 Abstract Algebra II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in MAT 410.
Taught: Spring only-odd years
Extensive study of one or more of the topics considered in MAT 410.
Repeatable: No

MAT 420 Real Variables II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in MAT 328 and MAT 329.
Taught: Spring only-odd years
Sequences and series of functions; integration.
Repeatable: No

MAT 430 Complex Variables (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in MAT 302 and MAT 329.
Taught: Variable, check with department
Analytic functions of a complex variable; Cauchy's theorem and Cauchy's formula; power series; contour integrals; conformal mapping; calculus of residues.
Repeatable: No

MAT 483 Cryptology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in MAT 234 or CSC 362 or CSC 364.
Taught: Variable, check with department
Cryptography of classical ciphers, mathematical foundations of cryptography, Hill cipher, DES and AES, cryptography of public key cryptosystems. Same as CSC 483.
Repeatable: No

MAT 490 Mathematics Research Proposal (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Consent of department.
Taught: Not assigned
Completion of a program reflection and an examination over general concepts in mathematics. To be taken within two semesters of graduation.
Repeatable: No

MAT 499 Mathematics Research Proposal (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Consent of department.
Taught: Variable, check with department
Development of a comprehensive proposal for a research project in mathematics. Includes feasibility study, identification of resources, establishment of appropriate goals, proposal
writing, and a public defense. May not be applied toward elective hours in the mathematics or
statistics major. Pass/Fail.
Repeatable: No

MAT 491 Mathematics Honors Research
Project (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Passing grade in MAT 490.
Taught: Variable, check with department
Supervised research in mathematics, concluding
with a written report and public presentation of
results.
Repeatable: Yes
If Repeatable, Max. Credits: 15

MAT 492 Advanced Research in Mathematics
(0-3 credits)
Hours: 0-3 classroom + 0 lab/studio
Prerequisite(s): Consent of Instructor.
Taught: Variable, check with department
Original research in mathematics directed by a
member of the Department of Mathematics and
Statistics faculty.
Repeatable: Yes
If Repeatable, Max. Credits: 15

MAT 494 Topics: Mathematics (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Varies with topic (see Schedule of
Classes).
Taught: Variable, check with department
Topics in mathematics or mathematics education. Topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 15

MAT 497 Mathematical Sciences Capstone (3
credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 30 semester hours earned toward
the major in mathematics.
Taught: Spring only
Directed projects in the mathematical sciences.
Repeatable: No

MAT 499 Directed Readings/Independent
Study (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Repeatable: Yes
If Repeatable, Max. Credits: 15

MAT 584 Cryptography (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Cryptology of classical ciphers, DES and AES,
public key cryptosystems, authentication and
cryptographic hash functions. Same as CSC 584.
Repeatable: No

MAT 594 Topics: Mathematics (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Varies with topic (see Schedule of
Classes).
Taught: Variable, check with department
Topics in mathematics and mathematics
education. Topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 15

MEDIA INFORMATICS

MIN 221 Visual Fundamentals for Digital
Media (3 credits)
Hours: 3 classroom + 2 lab/studio
Prerequisite(s): EMB 140 with a C or better.
Taught: Fall and spring
Explores color theory, two-dimensional design,
typography, layout, and web design, and user
interface design.
Repeatable: No

MIN 240 Introduction to Interactive Media (3
credits)
Hours: 3 classroom + 2 lab/studio
Prerequisite OR Co-requisite: EMB 140 or INF
186 or consent of instructor.
Taught: Fall and spring
Students will learn skills and techniques
necessary to create animations and interactivity
for the web. Students will draw and tween
symbols; work with images, audio and video; and
be introduced to Actionscript 3.0. Projects include
designing, developing and publishing click-through
banner ads and web interfaces.
Repeatable: No

MIN 244 Principles of Digital 3D Animation (3
credits)
Hours: 1 classroom + 2 lab/studio
Prerequisite(s): Completion of EMB 140 with a C or
better.
Taught: Fall and spring
An introduction to 3D animation workflow,
principles, and storytelling methods.
Repeatable: No

MIN 245 3D Modeling Fundamentals (3
credits)
Hours: 1 classroom + 2 lab/studio
Prerequisite(s): MIN 244 with a C or
better.
Taught: Fall and spring
Intermediate techniques for modeling hard surface
assets.
Repeatable: No

MIN 250 Analog Game Design (3 credits)
Hours: 1 classroom + 2 lab/studio
Prerequisite(s): Completion of MIN 240 with a C or
better.
Taught: Fall and spring
An exploration of game theory and the processes
of including fun and challenge into game design.
Repeatable: No

MIN 252 Non-Linear Interactive Storytelling
(3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite OR Co-requisite: INF 186 or MIN
240 or consent of instructor.
Taught: Fall and spring
Students will explore character and narrative
structure theory and practice with the goal of
developing non-linear and interactive content for
web, mobile and gaming devices. Students will
develop engaging written, aural and visual
multimedia experiences as well as a
comprehensive video game design document.
Repeatable: No

MIN 294 Special Introductory Topics in
Media Inf (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Focused study of significant topic from a media
informatics perspective at an introductory level.
Topics vary semester to semester.
Repeatable: Yes
If Repeatable, Max. Credits: 6

MIN 307 3D Lighting and Texturing (3 credits)
Hours: 1 classroom + 2 lab/studio
Prerequisite(s): MIN 245 with a C or
better.
Taught: Spring only
Theories and principles of lighting in conjunction
with UV Layouts, materials, & textures.
Repeatable: No

MIN 309 3D Hard Surface Modeling (3
credits)
Hours: 1 classroom + 2 lab/studio
Prerequisite(s): MIN 245 with a C or
better.
Taught: Fall only
Intermediate techniques for modeling hard surface
assets.
Repeatable: No

MIN 317 Virtual Sculpting for Digital Media
(3 credits)
Hours: 1 classroom + 0 lab/studio
Prerequisite(s): Completion of MIN 307 with a C or
better.
Taught: Spring only
An introduction to 3D sculpting workflow and theories with material implementation.
Repeatable: No

MIN 320 Character Modeling (3 credits)
Hours: 1 classroom + 2 lab/studio
Prerequisite(s): Completion of MIN 309 with a C or better.
Taught: Spring only
Character development and modeling for production.
Repeatable: No

MIN 330 Rigging and Animation (3 credits)
Hours: 1 classroom + 2 lab/studio
Prerequisite(s): Completion of MIN 320 with a C or better.
Taught: Fall only
This course will critically examine computer games and virtual worlds through the lens of current events, trends and research. Topics explored include both theoretical and applied context in the areas of social science, culture, humanities, education, business, economics, law, media, technology and science.
Repeatable: No

MIN 340 Media Scripting for Interactivity (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MIN 240.
Taught: Fall and spring
In this course, students will continue to develop 2D design and development skills through complex animation techniques including the use of movie clips, interactive buttons, video and audio.
Students will also learn how to design and program Actionscript 3.0 to develop interactive experiences for the web and for mobile devices.
Repeatable: No

MIN 352 Project Research Management (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Completion of MIN 330 or MIN 340 with a C or better.
Taught: Fall and spring
Preparation of knowledge, skills, and techniques to produce portfolio quality work for professional presentation.
Repeatable: No

MIN 360 Usability Testing for Digital Media (3 credits)
Hours: 1 classroom + 2 lab/studio
Prerequisite(s): Junior standing.
Taught: Spring only
Students will learn how to evaluate usability; usability testing principles and strategies for planning and conducting a usability test, analyzing and presenting the results in a written report. In addition, students will experience at least one usability test of digital media as a participant or an observer.
Repeatable: Yes

MIN 375 Impact of Computer Games and Virtual Worlds (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MIN 252.
Taught: Fall only
This course will critically examine computer games and virtual worlds through the lens of current events, trends and research. Topics explored include both theoretical and applied context in the areas of social science, culture, humanities, education, business, economics, law, media, technology and science.
Repeatable: No

MIN 381 Computer-Mediated Communication (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Spring only
This seminar examines communication occurring between two or more individual people who interact and/or influence each other via the internet or network connection using social software. Topics include identity, social information processing, online romance, social network sites, Internet communities, web blogs, wikis, and workplace considerations.
Repeatable: No

MIN 394 Topics: Media Informatics (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Focused study of a significant topic from a media informatics perspective. Topics vary semester to semester.
Repeatable: Yes
If Repeatable, Max. Credits: 6

MIN 396 Internship: Media Informatics (1-3 credits)
Hours: 0 classroom + 12 lab/studio
Prerequisite(s): Written consent of supervising faculty member; junior or senior standing; and a GPA of at least 2.75.
Taught: Fall, spring, and summer
Selected placement for majors in businesses and non-profit organizations. Internships may involve content design, web and mobile applications, digital advertising, animation, game design, production writing or other areas within field.
Repeatable once for full credit if different responsibilities.
Repeatable: Yes
If Repeatable, Max. Credits: 6

MIN 417 Adv. Virtual Sculpting for Digital Media (3 credits)
Hours: 1 classroom + 2 lab/studio
Prerequisite(s): Completion of MIN 317 with a C or better.
Taught: Fall only
Advanced 3D sculpting workflow and theories with material implementation.
Repeatable: No

MIN 420 Professional Practices (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Senior standing or permission of instructor.
Taught: Fall and spring
An examination of business and ethical practices within the media informatics industry. A focus on freelance and self-employment techniques will include business development and management, project management, legal issues, ethical practice and self-marketing.
Repeatable: No

MIN 426 Advanced Digital Compositing (3 credits)
Hours: 1 classroom + 2 lab/studio
Prerequisite(s): Completion of EMB 326 with a C or better.
Taught: Fall only
Advanced methodologies in digital compositing, motion graphics, and post-production techniques.
Repeatable: No

MIN 430 Advanced Rigging and Animation (3 credits)
Hours: 1 classroom + 2 lab/studio
Prerequisite(s): Completion of MIN 330 with a C or better.
Taught: Spring only
3D Mechanics and technical setup for character driven performance with implementation into a game engine.
Repeatable: No

MIN 440 Advanced Media Interactivity (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MIN 340.
Taught: Variable, check with department
In this course, students will design a two-dimensional web-based video game, online tutorials and desktop application using Actionscript 3.0 and Adobe Flash. The focus on this class will include theory and practice of designing games according to industry and
usability/accessibility standards. New trends and techniques in gaming will also be explored, critiqued and applied. Repeatable: No

MIN 445 Intermediate 3D Modeling and Animation (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MIN 445.
Taught: Variable, check with department
This course will continue the development of 3D modeling skills with a focus on rigging, animating and visual effects.
Repeatable: No

MIN 452 Advanced Portfolio Production (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Completion of MIN 352 with a C or better.
Taught: Spring only
Application of acquired knowledge, skills, and techniques to produce portfolio quality work for professional presentation.
Repeatable: No

MIN 475 Advanced 3D Animation and Gaming (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MIN 445.
Taught: Variable, check with department
Advanced modeling, rigging, shading, rendering, and character-design skills are developed in conjunction with traditional story, animation, lighting, and cinematography theoretical concepts. Students complete individual, independent projects and also work as a team to develop, design and produce an animated movie or video game environment and assets.
Repeatable: No

MIN 495 Study Abroad (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Varies by topic.
Taught: Variable, check with department
Varies by topic. Course includes a classroom portion and a trip abroad.
Repeatable: Yes
If Repeatable, Max. Credits: 12

MIN 496 Senior Practicum (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MIN major, senior standing or consent of instructor.
Taught: Variable, check with department
Students work on team projects that allow them to integrate academic experience into real world situations. Required electronic portfolio is reviewed and evaluated with revisions applied. Students undertake assignments to build organizational competencies such as communication skills, teamwork, and critical thinking.
Repeatable: No

MIN 499 Independent Study (1-3 credits)
Hours: 0 classroom + 4 -12 lab/studio
Prerequisite(s): Junior or senior standing and consent of instructor.
Taught: Variable, check with department
Individually supervised work involving reading, research, writing, and/or production in specified area of interest in Media Informatics. The student will work with the instructor to select and develop the topic. May be repeated for a maximum or 6 semester hours as topic varies.
Repeatable: Yes
If Repeatable, Max. Credits: 6

**MEDIEVAL STUDIES**

MDS 494 Seminar: Medieval Studies (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MDS 201 and 9 semester hours of courses in medieval studies curriculum.
Taught: Variable, check with department
Selected topics in culture of the middle ages; student research on issues related to topic. Required for medieval studies minor.
Repeatable: No

**MILITARY SCIENCE**

MSC 101 Leadership and Personal Development (1 credit)
Taught: Variable, check with department
Repeatable: No

MSC 102 Freshman Leadership Lab I (1 credit)
Taught: Variable, check with department
Military courtesy, customs and traditions of the service, development of self-confidence, drill and ceremonies, physical training, rappelling, rifle marksmanship training, and other basic skills.
Repeatable: No

MSC 103 Intro to Tactical Leadership (1 credit)
Taught: Variable, check with department
Presents fundamental leadership concepts and doctrine. Opportunities to practice basic skills that underlie effective problem solving and apply active listening and feedback skills. Examine the officer experience and those factors that influence leader and group effectiveness.
Repeatable: No

MSC 104 Freshman Leadership Lab II (1 credit)
Taught: Variable, check with department
Military courtesy, customs and traditions of the service, development of self-confidence, drill and ceremonies, physical training, rappelling, rifle marksmanship training, and other basic skills.
Repeatable: No

MSC 201 Innovative Team Leadership (3 credits)
Taught: Variable, check with department
Repeatable: No

MSC 202 Sophomore Leadership Lab I (1 credit)
Taught: Variable, check with department
Functions and responsibilities of junior Noncommissioned Officers with particular attention devoted to the continued development of leadership potential. Drill and ceremony, map reading, physical training, leadership reaction, and practical field experiences are stressed.
Repeatable: No

MSC 203 Foundations of Tactical Leadership (3 credits)
Taught: Variable, check with department
Repeatable: No

MSC 204 Sophomore Leadership Lab II (1 credit)
Taught: Variable, check with department
Functions and responsibilities of junior Noncommissioned Officers with particular attention devoted to the continued development of leadership potential. Drill and ceremony, map reading, physical training, leadership reaction, and practical field experiences are stressed.
Repeatable: No

MSC 299 Leaders Training Course (4 credits)
Hours: 4 classroom + 0 lab/studio
Taught: Variable, check with department
If eligible, students may apply to the chair. Six weeks of paid summer ROTC training at Fort Knox, Kentucky. Course graduates are eligible to enter the ROTC advance course and earn two year scholarships
Repeatable: No

MSC 301 Adaptive Tactical Leadership (3 credits)
Taught: Variable, check with department
The student is challenged to study, practice and evaluate adaptive team leadership skills in
MSC 302 Junior Leadership Lab I (1 credit)
Taught: Variable, check with department
Designed to develop leadership potential by participation in the planning and conducting of training, development of personnel management skills and by emphasizing the functions, duties, and responsibilities of Commissioned Officers and Noncommissioned Officers. Physical training and preparation for the summer assessment course are emphasized.

Taught: Variable, check with department
Survey of the history, aesthetics, and sociology of rock and roll in the United States from its origins to the present.
Repeatable: No

MUS 109 History of American Popular Music (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Survey of American popular music from 1940 to the present.
Repeatable: No

MUS 110 Appreciation of Jazz - SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall, spring, and summer
Survey of America's first indigenous art form and the elements influencing its historical, artistic, and socio-cultural impact nationally and globally. Emphasis will be placed on stylistic periods, historical contexts, major artists, and cultural influences of African and Western music methodologies as they relate to the development of the jazz idiom. Development of basic listening and music skills will be cultivated through the discussion of recordings, artist profiles, and concept application.
Repeatable: No
General Education Credit: Cultural Pluralism

MUS 135 Class Piano for Non-Music Students I (1 credit)
Hours: 0 classroom + 3 lab/studio
Taught: Fall and spring
Group instruction in piano; development of reading, technique, and functional keyboard skills
for students not majoring in music. Repeatable: No

**MUS 136 Class Piano for Non-Music Students II (1 credit)**
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): MUS 135 or 1 or more years of private piano study, or consent of instructor.
Taught: Variable, check with department
Intermediate level group instruction in piano; further development of reading technique, and functional keyboard skills for students not majoring in music. Limit 18 per class.
Repeatable: No

**MUS 148 Group Guitar (1 credit)**
Hours: 0 classroom + 2 lab/studio
Taught: Fall and spring
Group instruction in beginning guitar; development of reading, technique, and functional skills helpful for elementary school teachers and others majoring in music.
Repeatable: No

**MUS 159 Music Education Field Work (3 credits)**
Hours: 0 classroom + 0 lab/studio
Taught: Fall and spring
Additional field work for music education majors.
Repeatable: No

**MUS 260 Music Fundamentals and Skills for Classroom Teachers (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): EDU 104.
Taught: Fall, spring, and summer
Designed to train teachers in grades one through six to read music, keyboard, auto harp, and recorder experiences; methods and materials. For students not majoring in music.
Repeatable: No

**MUS 291W Advanced Writing in the Music Profession (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ENG 101.
Taught: Spring only
For students planning careers in music or who have an interest in the field. Treats writing as a process of research, revision, multiple drafts, and feedback through peer workshops and instructor conferences. Incorporates close reading and critical thinking to help students engage with the ideas of others and to discover new writing techniques.
Repeatable: No
General Education Credit: Written Communication II

**MUSA 101 Applied Flute (1-2 credits)**
Hours: 0 classroom + .5-1 lab/studio
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band and orchestral instruments. Open to students majoring or minor in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**MUSA 102 Applied Oboe (1-2 credits)**
Hours: 0 classroom + .5-1 lab/studio
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band and orchestral instruments. Open to students majoring or minor in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**MUSA 103 Applied Clarinet (1-2 credits)**
Hours: 0 classroom + .5-1 lab/studio
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band and orchestral instruments. Open to students majoring or minor in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**MUSA 104 Applied Bassoon (1-2 credits)**
Hours: 0 classroom + .5-1 lab/studio
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band and orchestral instruments. Open to students majoring or minor in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**MUSA 105 Applied Saxophone (1-2 credits)**
Hours: 0 classroom + .5-1 lab/studio
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band and orchestral instruments. Open to students majoring or minor in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**MUSA 110 Applied French Horn (1-2 credits)**
Hours: 0 classroom + .5-1 lab/studio
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band and orchestral instruments. Open to students majoring or minor in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**MUSA 111 Applied Trumpet (1-2 credits)**
Hours: 0 classroom + .5-1 lab/studio
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band and orchestral instruments. Open to students majoring or minor in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**MUSA 112 Applied Trombone (1-2 credits)**
Hours: 0 classroom + .5-1 lab/studio
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band and orchestral instruments. Open to students majoring or minor in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**MUSA 113 Applied Music: Euphonium (1-2 credits)**
Hours: 0 classroom + .5-1 lab/studio
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band and orchestral instruments. Open to students majoring or minor in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

369
MUSA 114 Applied Music: Tuba (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 120 Applied Piano (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 121 Applied Organ (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 122 Applied Harpsichord (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: 4

MUSA 123 Applied Harp (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 124 Applied Guitar (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 125 Applied Percussion (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 126 Applied Secondary Percussion (1-2 credits)
Hours: 0 classroom + 1-2 lab/studio
Taught: Fall and Spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: 4

MUSA 130 Applied Violin (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 131 Applied Viola (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 132 Applied Cello (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 133 Applied Bass (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 140 Applied Voice (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Taught: Fall and spring
Private instruction in harpsichord, harp, voice,
piano, piano accompanying, organ, guitar, and band and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour = 2 sem. hrs. Fees assessed according to contact hours.

If Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**MUSA 150 Applied Jazz Saxophone (1-2 credits)**

*Hours: 0 classroom + 1-2 lab/studio*
*Taught: Fall and Spring*

Private instruction in jazz saxophone. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour = 2 sem. hrs. Fees assessed according to contact hours.

If Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**MUSA 151 Applied Jazz Trumpet (1-2 credits)**

*Hours: 0 classroom + 1-2 lab/studio*
*Taught: Fall and Spring*

Private instruction in jazz trumpet. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour = 2 sem. hrs. Fees assessed according to contact hours.

If Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**MUSA 152 Applied Jazz Trombone (1-2 credits)**

*Hours: 0 classroom + 1-2 lab/studio*
*Taught: Fall and Spring*

Private instruction in jazz trombone. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour = 2 sem. hrs. Fees assessed according to contact hours.

If Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**MUSA 153 Applied Jazz Guitar (1-2 credits)**

*Hours: 0 classroom + .5-1 lab/studio*
*Taught: Fall and spring*

Private instruction in jazz guitar. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour = 2 sem. hrs. Fees assessed according to contact hours.

If Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**MUSA 154 Applied Jazz Piano (1-2 credits)**

*Hours: 0 classroom + .5-1 lab/studio*
*Taught: Fall and spring*

Private instruction in jazz piano. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour = 2 sem. hrs. Fees assessed according to contact hours.

If Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**MUSA 155 Applied Jazz Bass (1-2 credits)**

Hours: 0 classroom + .5-1 lab/studio
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hour, 1 hr. contact = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 226 Applied Secondary Percussion (1-2 credits)
Hours: 0 classroom + 1-2 lab/studio
Prerequisite(s): MUSA 196.
Taught: Fall and Spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 hr. contact hour = 1 sem. hr.; 1 contact hour 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: 4
MUSA 230 Applied Violin (1-2 credits)
Hours: 0 classroom + ½-1 lab/studio
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. ½ hr. contact = 1 sem. hour; 1 hr. contact = 2 sem. hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 231 Applied Viola (1-2 credits)
Hours: 0 classroom + ½-1 lab/studio
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. ½ hr. contact = 1 sem. hour; 1 hr. contact = 2 sem. hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 232 Applied Cello (1-2 credits)
Hours: 0 classroom + ½-1 lab/studio
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. ½ hr. contact = 1 sem. hour; 1 hr. contact = 2 sem. hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 233 Applied Bass (1-2 credits)
Hours: 0 classroom + ½-1 lab/studio
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. ½ hr. contact = 1 sem. hour; 1 hr. contact = 2 sem. hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 240 Applied Voice (1-2 credits)
Hours: 0 classroom + ½-1 lab/studio
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. ½ hr. contact = 1 sem. hour; 1 hr. contact = 2 sem. hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 245 Applied Composition (1-2 credits)
Hours: 0 classroom + ½-1 lab/studio
Prerequisite(s): placement test; at least 2.50 in music theory/aural skills.
Taught: Fall and spring
Private instruction in music composition. ½ contact hour = sem. hr.; 1 contact hour = 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
MUSA 246 Applied Composition (1-2 credits)
Repeatable: Yes
MUSA 250 Applied Jazz Saxophone (1-2 credits)
Hours: 0 classroom + 1-2 lab/studio
Taught: Fall and Spring
Private instruction in jazz saxophone. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour = 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: 4

MUSA 251 Applied Jazz Trumpet (1-2 credits)
Hours: 0 classroom + 1-2 lab/studio
Prerequisite(s): MUSA 196.
Taught: Fall and Spring
Private instruction in jazz trumpet. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour = 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: 4

MUSA 252 Applied Jazz Trombone (1-2 credits)
Hours: 0 classroom + 1-2 lab/studio
Prerequisite(s): MUSA 196.
Taught: Fall and Spring
Private instruction in jazz trombone. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour = 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 257 Applied Jazz Voice (1-2 credits)
Hours: 0 classroom + 1-2 lab/studio
Prerequisite(s): MUSA 196.
Taught: Fall and Spring
Private instruction in jazz voice. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour = 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit
assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: 4

**MUSA 296 Sophomore Comprehensive Jury (0 credits)**
Hours: 0 classroom + 0 lab/studio
Taught: Fall and spring
At the end of four semesters of applied study, students majoring in music must pass the Junior Standing Jury in applied music to qualify for admission to a degree program.
Repeatable: Yes
If Repeatable, Max. Credits: 0.5

**MUSA 301 Applied Flute (1-2 credits)**
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hour = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**MUSA 302 Applied Oboe (1-2 credits)**
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hour = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**MUSA 303 Applied Clarinet (1-2 credits)**
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hour = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**MUSA 304 Applied Bassoon (1-2 credits)**
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hour = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**MUSA 305 Applied Saxophone (1-2 credits)**
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hour = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**MUSA 306 Applied French Horn (1-2 credits)**
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hour = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**MUSA 307 Applied Tuba (1-2 credits)**
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hour = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**MUSA 308 Applied Euphonium (1-2 credits)**
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hour = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**MUSA 309 Applied Tuba (1-2 credits)**
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hour = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**MUSA 310 Applied Piano (1-2 credits)**
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hour = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit
students by permission of music chair. 1/2 hr.
contact = 1 semester hours; and 1 contact hour = 2
semester hours. Fees assessed according to
contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 321 Applied Organ (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice,
private, piano, piano accompanying, organ, guitar, and
band, and orchestral instruments. Open to
students majoring or minorin in music; to other
students by permission of music chair. 1/2 hr.
contact = 1 semester hours; and 1 contact hour = 2
semester hours. Fees assessed according to
contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 322 Applied Harpsichord (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice,
piano, piano accompanying, organ, guitar, and
band, and orchestral instruments. Open to
students majoring or minorin in music; to other
students by permission of music chair. 1/2 hr.
contact = 1 semester hours; and 1 contact hour = 2
semester hours. Fees assessed according to
contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 323 Applied Harp (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice,
piano, piano accompanying, organ, guitar, and
band, and orchestral instruments. Open to
students majoring or minorin in music; to other
students by permission of music chair. 1/2 hr.
contact = 1 semester hours; and 1 contact hour = 2
semester hours. Fees assessed according to
contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 324 Applied Guitar (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice,
piano, piano accompanying, organ, guitar, and
band, and orchestral instruments. Open to
students majoring or minorin in music; to other
students by permission of music chair. 1/2 hr.
contact = 1 semester hours; and 1 contact hour = 2
semester hours. Fees assessed according to
contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 325 Applied Percussion (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice,
piano, piano accompanying, organ, guitar, and
band, and orchestral instruments. Open to
students majoring or minorin in music; to other
students by permission of music chair. 1/2 hr.
contact = 1 semester hours; and 1 contact hour = 2
semester hours. Fees assessed according to
contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 330 Applied Violin (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice,
piano, piano accompanying, organ, guitar, and
band, and orchestral instruments. Open to
students majoring or minorin in music; to other
students by permission of music chair. 1/2 hr.
contact = 1 semester hours; and 1 contact hour = 2
semester hours. Fees assessed according to
contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 331 Applied Viola (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice,
piano, piano accompanying, organ, guitar, and
band, and orchestral instruments. Open to
students majoring or minorin in music; to other
students by permission of music chair. 1/2 hr.
contact = 1 semester hours; and 1 contact hour = 2
semester hours. Fees assessed according to
contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 332 Applied Cello (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice,
piano, piano accompanying, organ, guitar, and
band, and orchestral instruments. Open to
students majoring or minorin in music; to other
students by permission of music chair. 1/2 hr.
contact = 1 semester hours; and 1 contact hour = 2
semester hours. Fees assessed according to
contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 333 Applied Bass (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice,
piano, piano accompanying, organ, guitar, and
band, and orchestral instruments. Open to
students majoring or minorin in music; to other
students by permission of music chair. 1/2 hr.
contact = 1 semester hours; and 1 contact hour = 2
semester hours. Fees assessed according to
contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 340 Applied Voice (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice,
piano, piano accompanying, organ, guitar, and
band, and orchestral instruments. Open to
students majoring or minorin in music; to other
students by permission of music chair. 1/2 hr.
contact = 1 semester hours; and 1 contact hour = 2
semester hours. Fees assessed according to
contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 345 Applied Composition (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private or semi-private instruction in music
composition. ½ contact hour= 1 sem. hr.; 1 contact
hour = 2 sem. hrs. Fees assessed according to
contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 350 Applied Jazz Saxophone (1-2 credits)
Hours: 0 classroom + 1-2 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and Spring
Private instruction in jazz saxophone. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour = 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: 4

**MUSA 351 Applied Jazz Trumpet (1-2 credits)**
Hours: 0 classroom + 1-2 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and Spring
Private instruction in jazz trumpet. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour = 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: 4

**MUSA 352 Applied Jazz Trombone (1-2 credits)**
Hours: 0 classroom + 1-2 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and Spring
Private instruction in jazz trombone. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour = 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: 4

**MUSA 353 Applied Jazz Guitar (1-2 credits)**
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in jazz guitar. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour = 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: 4

**MUSA 355 Applied Jazz Bass (1-2 credits)**
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in jazz bass. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour = 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: 4

**MUSA 356 Applied Jazz Percussion (1-2 credits)**
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in jazz percussion. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour = 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: 4

**MUSA 357 Applied Jazz Voice (1-2 credits)**
Hours: 0 classroom + 1-2 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and Spring
Private instruction in jazz voice. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour = 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: 4

**MUSA 396 Junior Recital (0 credits)**
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Students majoring in applied music and music education must give a one half hour junior recital prior to graduation. A recital jury audition must be passed at least one month prior to the public performance.
Repeatable: Yes
If Repeatable, Max. Credits: 0.5

**MUSA 401 Applied Flute (1-2 credits)**
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hr. = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**MUSA 402 Applied Oboe (1-2 credits)**
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hr. = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**MUSA 403 Applied Clarinet (1-2 credits)**
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hr. = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**MUSA 404 Applied Bassoon (1-2 credits)**
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hr. = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**MUSA 405 Applied Saxophone (1-2 credits)**
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hr. = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit
MUSA 410 Applied French Horn (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minorin in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hr. = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 411 Applied Trumpet (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minorin in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hr. = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 412 Applied Trombone (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minorin in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hr. = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 413 Applied Euphonium (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minorin in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hr. = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 414 Applied Tuba (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minorin in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hr. = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 415 Applied Piano (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minorin in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hr. = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 416 Applied Organ (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minorin in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hr. = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 417 Applied Harp (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minorin in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hr. = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 418 Applied Guitar (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minorin in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hr. = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 419 Applied Percussion (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minorin in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hr. = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 420 Applied Tuba (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minorin in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hr. = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 421 Applied Organ (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minorin in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hr. = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 422 Applied Harpischord (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
MUSA 430 Applied Violin (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minorng in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hr. = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 431 Applied Viola (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minorng in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hr. = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 432 Applied Cello (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minorng in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hr. = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 433 Applied Bass (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minorng in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hr. = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 440 Applied Voice (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in harpsichord, harp, voice, piano, piano accompanying, organ, guitar, and band, and orchestral instruments. Open to students majoring or minorng in music; to other students by permission of music chair. 1/2 hr. contact = 1 semester hours; and 1 contact hr. = 2 semester hours. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 445 Applied Composition (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private or semi-private instruction in music composition. ½ contact hour = 1 sem. hr.; 1 contact hour = 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 450 Applied Jazz Saxophone (1-2 credits)
Hours: 0 classroom + 1-2 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in jazz saxophone. Open to students majoring or minorng in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour = 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 451 Applied Jazz Trumpet (1-2 credits)
Hours: 0 classroom + 1-2 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in jazz trumpet. Open to students majoring or minorng in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour = 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: 4

MUSA 452 Applied Jazz Trombone (1-2 credits)
Hours: 0 classroom + 1-2 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and Spring
Private instruction in jazz trombone. Open to students majoring or minorng in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour = 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: 4

MUSA 453 Applied Jazz Guitar (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in jazz guitar. Open to students majoring or minorng in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour = 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 454 Applied Jazz Piano (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in jazz piano. Open to students majoring or minorng in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour = 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSA 455 Applied Jazz Bass (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in jazz bass. Open to students majoring or minorng in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour = 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: 4

MUSA 456 Applied Jazz Percussion (1-2 credits)
Hours: 0 classroom + .5-1 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Private instruction in jazz percussion. Open to students majoring or minorng in music; to other students by permission of music chair. 1/2 contact hour = 1 sem. hr.; 1 contact hour = 2 sem. hrs. Fees assessed according to contact hours.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

378
MUSA 457 Applied Jazz Voice (1-2 credits)
Hours: 0 classroom + 1-2 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and Spring
Private instruction in jazz voice. Open to students majoring or minoring in music; to other students by permission of music chair. 1/2 contact hour = 1 majoring or minoring in music; to other students by
Taught: Fall and spring
Preparation of performance of traditional and contemporary literature for band; public concerts and performance for university functions. Open to all students.
Repeatable: Yes
If Repeatable, Max. Credits: 4

MUSA 496 Senior Recital (0 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): MUSA 296.
Taught: Fall and spring
Students majoring in applied music must give a one hour senior recital prior to graduation. A recital jury audition must be passed at least one month prior to the public performance.
Repeatable: Yes
If Repeatable, Max. Credits: 0.5

MUSE 301 The Northern Chorale (0-1 credits)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): Audition.
Taught: Fall and spring
Chorale ensemble specializing in choral literature ranging from short octaves to extended works. For students majoring in voice and in music, and for musically talented general students.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSE 305 NKU Philharmonic (0-1 credits)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): Audition.
Taught: Fall and spring
Orchestral ensemble that rehearses and performs repertoire from the early Baroque to the present. Participation is open to all students, community members, and qualified students of the NKU Preparatory Program.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSE 306 University Concert Band (0-1 credits)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): At least 3 years experience playing an instrument.
Taught: Fall and spring
Preparation and performance of a wide variety of band literature. Open to all students. NO audition necessary.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSE 307 Symphonic Winds (0-1 credits)
Hours: 0 classroom + 6 lab/studio
Prerequisite(s): Audition.
Taught: Fall and spring
Preparation of performance of traditional and contemporary literature for band; public concerts and performance for university functions. Open to all students.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSE 308 Jazz Ensemble (0-1 credits)
Hours: 0 classroom + 5 lab/studio
Prerequisite(s): Audition.
Taught: Fall and spring
Preparation and performance of traditional and contemporary literature for large jazz ensemble; public concerts and performance for university functions.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSE 309 Steel Drum Ensemble (0-1 credits)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): Audition.
Taught: Fall and spring
Preparation and performance of traditional and contemporary literature for steel drum ensemble; public concerts and performance for university functions.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSE 310 Guitar Ensemble (0-1 credits)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): MUS 148 or consent of instructor.
Taught: Fall and spring
Preparation and performance of a wide variety of literature for guitar ensemble.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSE 311 Women’s Ensemble (0-1 credits)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): Must be able to read music rudimentally.
Taught: Fall and spring
A select choral ensemble specializing in vocal jazz performance and literature; singing in various jazz
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSE 312 Vocal Jazz Ensemble (0-1 credits)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): Audition.
Taught: Fall and spring
A select choral ensemble specializing in vocal jazz performance and literature; singing in various jazz
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSE 320 Opera Workshop (0-2 credits)
Hours: 0 classroom + 6 lab/studio
Prerequisite(s): Audition.
Taught: Fall and spring
Preparation and performance of traditional and contemporary literature for small orchestra; public concerts and performance for university functions.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSE 322 Women’s Ensemble (0-1 credits)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): Must be able to read music rudimentally.
Taught: Fall and spring
A select choral ensemble specializing in vocal jazz performance and literature; singing in various jazz
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSE 323 Man Choir (0-1 Credits)
Hours: 0 classroom + 0-1 lab/studio
Prerequisite(s): Must be able to read music rudimentally.
Taught: Variable-check w/dept
Performance of a variety of music. Open to all male students.
Repeatable: Yes
If Repeatable, Max. Credits: 2

MUSE 324 Opera Workshop (0-2 credits)
Hours: 0 classroom + 6 lab/studio
Prerequisite(s): Audition.
Taught: Fall and spring
Preparation and performance of traditional and contemporary literature for small orchestra; public concerts and performance for university functions.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSE 325 Chamber Orchestra (0-1 credits)
Hours: 0 classroom + 6 lab/studio
Prerequisite(s): Audition.
Taught: Fall and spring
Preparation and performance of traditional and contemporary literature for small orchestra; public concerts and performance for university functions.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSE 326 University Concert Band (0-1 credits)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): At least 3 years experience playing an instrument.
Taught: Fall and spring
Preparation and performance of a wide variety of band literature. Open to all students. NO audition necessary.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSE 327 Symphonic Winds (0-1 credits)
Hours: 0 classroom + 6 lab/studio
Prerequisite(s): Audition.
Taught: Fall and spring
Preparation of performance of traditional and contemporary literature for band; public concerts and performance for university functions. Open to all students.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSE 328 Jazz Ensemble (0-1 credits)
Hours: 0 classroom + 5 lab/studio
Prerequisite(s): Audition.
Taught: Fall and spring
Preparation and performance of traditional and contemporary literature for large jazz ensemble; public concerts and performance for university functions.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSE 329 Vocal Jazz Ensemble (0-1 credits)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): Audition.
Taught: Fall and spring
A select choral ensemble specializing in vocal jazz performance and literature; singing in various jazz
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSE 330 Steel Drum Ensemble (0-1 credits)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): Audition.
Taught: Fall and spring
Preparation and performance of traditional and contemporary literature for steel drum ensemble; public concerts and performance for university functions.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSE 332 Women’s Ensemble (0-1 credits)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): Must be able to read music rudimentally.
Taught: Fall and spring
A select choral ensemble specializing in vocal jazz performance and literature; singing in various jazz
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSE 334 Opera Workshop (0-2 credits)
Hours: 0 classroom + 6 lab/studio
Prerequisite(s): Audition.
Taught: Fall and spring
Preparation and performance of traditional and contemporary literature for small orchestra; public concerts and performance for university functions.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSE 335 Chamber Orchestra (0-1 credits)
Hours: 0 classroom + 6 lab/studio
Prerequisite(s): Audition.
Taught: Fall and spring
Preparation and performance of traditional and contemporary literature for small orchestra; public concerts and performance for university functions.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit
styles, improvisational singing, microphone techniques, and balance and blend for a small ensemble. 
Repeatability: Yes 
If Repeatable, Max. Credits: No Limit 

**MUSE 330 Chamber Music Ensembles (0-1 credits)**
Hours: 0 classroom + 1-3 lab/studio
Prerequisite(s): Audition.
Taught: Fall and spring
Participation in an ensemble to study and perform chamber music literature. All music majors and minors must fulfill their ensemble credit requirements prior to opting for the 0 cr.
Repeatability: Yes 
If Repeatable, Max. Credits: No Limit

**MUSM 104 Orientation to Music Education (1 credit)**
Hours: 1 classroom + 0 lab/studio
Taught: Spring only
The purpose of this course is to explore the profession of music education. The course is intended for anyone who is interested in teaching vocal, instrumental, or general music in P-12 schools. 
Repeatability: No

**MUSM 109 Recital Review (0 credits)**
Hours: 0 classroom + 1 lab/studio
Taught: Fall and spring
Students majoring in music, unless excused by the music chair, must register each semester for, and pass, MUS 196. Course requirements are satisfied by certified attendance and review a minimum of 16 approved recitals/concerts per semester (eight during student teaching). 
Repeatability: Yes 
If Repeatable, Max. Credits: 0.5

**MUSM 110 Introduction to Music Theory (3 credits)**
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Rudiments of music theory, including scales, key signatures, intervals, triads, and an introduction to harmonic analysis. For students with limited background in music. 
Repeatability: No

**MUSM 111 Music Theory I (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Adequate score on departmental music theory placement test, or C or better in MUSM 110.
Taught: Fall and spring
Basic vocabulary of music and its application to harmony, counterpoint, and analysis. 
Repeatability: No

**MUSM 112 Music Theory II (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in MUSM 111. 
Taught: Fall and spring
Continuation of MUSM 111. Introduction to chromatic functions; secondary dominants and modulation. 
Repeatability: No

**MUSM 122 Aural Skills I (1 credit)**
Hours: 0 classroom + 3 lab/studio
Taught: Fall and spring
Repeatability: No

**MUSM 124 Aural Skills II (1 credit)**
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): C or better in MUSM 122.
Taught: Fall and spring
Sight-singing and dictation. Common cross-rhythms. All diatonic triads and the dominant seventh.
Repeatability: No

**MUSM 132 Class Piano I (1 credit)**
Hours: 0 classroom + 3 lab/studio
Taught: Fall and spring
Group instruction in piano; development of reading, technique, and functional skills helpful for elementary school teachers and others majoring in music. 
Repeatability: No

**MUSM 134 Class Piano II (1 credit)**
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): C or better in MUSM 132.
Taught: Fall and spring
Continuation of MUSM 132. 
Repeatability: No

**MUSM 135 Piano Pedagogy I (3 credits)**
Hours: 3 classroom + 0 lab/studio
Taught: Fall only-even years
Preschool music programs; survey of philosophies and observation of teaching methods such as Suzuki, Orff, Dalcroze, Kodaly, Kindermusik, and Musikgarten. 
Repeatability: No

**MUSM 136 Piano Pedagogy II (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MUSM 135.
Taught: Spring only-odd yrs
Elementary level; continuation of philosophies and methods as applied to primary grade children; early keyboard technique; musicianship; survey of teaching materials and music appropriate to this age level; business procedures for the independent music studio. 
Repeatability: No

**MUSM 194 Music: Experimental (1 credit)**
Hours: 1-3 classroom + 0 lab/studio
Taught: Variable, check with department
Repeatable: No

**MUSM 211 Music Theory III (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in MUSM 112.
Taught: Fall and spring
Continuation of MUSM 112. Advanced contrapuntal and harmonic vocabulary and techniques. 
Repeatability: No

**MUSM 222 Aural Skills III (1 credit)**
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): C or better in MUSM 232.
Taught: Fall and spring
Sight-singing and dictation. Secondary rhythmic subdivisions. Secondary dominants, and modulations to closely related keys. 
Repeatability: No

**MUSM 224 Aural Skills IV (1 credit)**
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): C or better in MUSM 222.
Taught: Fall and spring
Repeatability: No

**MUSM 232 Class Piano III (1 credit)**
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): C or better in MUSM 134.
Taught: Fall and spring
Continuation of MUSM 134. 
Repeatability: No

**MUSM 234 Class Piano IV (1 credit)**
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): C or better in MUSM 232.
Taught: Fall and spring
Continuation of MUSM 232. 
Repeatability: No

**Prerequisite Notes:**
- MUSM 212: C or better in MUSM 112.
- MUSM 112: C or better in MUSM 104 or EDU 104; 48 semester hours as specified in the curriculum contract; at least 2.75 GPA; completion of pre-music curriculum required.
- MUSM 273: C or better in MUSM 212 and MUSM 222.
- MUSM 274: C or better in MUSM 273.
- MUSM 311: EDU 313 for students majoring in music education.
- MUSM 312: Required in place of EDU 313 for students majoring in music education.
and full orchestra.
Repeatable: No

MUSM 315 Materials and Techniques of Music Composition (2 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MUSM 112.
Taught: Spring only
Exploration of the compositional techniques, resources, and technologies available to composers today; concentration on creative and analytical projects.
Repeatable: No

MUSM 316 Counterpoint (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MUSM 212.
Taught: Fall only
Study and imitation of contrapuntal techniques and styles throughout music history, with particular focus on late Renaissance and late Baroque counterpoint.
Repeatable: No

MUSM 331 Keyboard Literature I (2 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MUSM 241 and MUSM 242.
Taught: Fall only
Keyboard literature and its development from the renaissance to the early classical period; performance practices, interpretation, and styles.
Repeatable: No

MUSM 332 Keyboard Literature II (2 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MUSM 331.
Taught: Spring only-odd yrs
Keyboard literature and its development from the middle classical period to the present; performance practices, interpretation, and styles.
Repeatable: No

MUSM 335 Piano Pedagogy III (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MUSM 136.
Taught: Fall only
Intermediate level; teaching teens and adults; creative practicing; piano technique; survey of materials and literature appropriate for this level; business procedures for the independent music studio.
Repeatable: No

MUSM 336 Piano Pedagogy IV (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MUSM 335.
Taught: Spring only-odd yrs
Advanced level; repertoire; philosophies of schools of piano playing; treat pianists and their teaching; productive practicing; performance practices; literature and materials appropriate to this level; business procedures for the independent music studio.
Repeatable: No

MUSM 341 Vocal Literature (3 credits)

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MUSM 242.
Taught: Spring only-odd yrs
Choral literature from 1450 to the present; stylistic traits, types of compositions; aesthetic considerations.
Repeatable: No

MUSM 343 Opera Literature (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Repeatable: No

MUSM 344 Lyric Diction I (1 credit)
Hours: 1 classroom + 0 lab/studio
Prerequisite(s): MUSM 110 or MUSM 111.
Taught: Spring only
A phonetic study of Italian, English, and Spanish as utilized by the singer. Readings and performances of song lyrics.
Repeatable: No

MUSM 345 Lyric Diction II (1 credit)
Hours: 1 classroom + 0 lab/studio
Prerequisite(s): MUSM 344.
Taught: Fall only
A phonetic study of German and French as utilized by the singer. Readings and performances of song lyrics.
Repeatable: No

MUSM 360 General and Vocal Music P-8 (2 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MUSM 309, EDU 311 and Passing of Music Education Four Semester Check.
Taught: Spring only
Rhythm band and Orff instruments; review of teaching methods, review of materials in music series, methods and objectives for each grade level, KERA policies and procedures.
Repeatable: No

MUSM 361 Choral Methods I (2 credits)
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): EDU 311 and C or better in MUSM 365 and Passing of Music Education Four Semester Check.
Taught: Spring only
This course integrates formal knowledge in the university classroom with field experiences in order to prepare pre-service music educators to teach K - 12 choral music students in their first two years of a vocal music class.
Repeatable: No

MUSM 362 Choral Methods II (2 credits)
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): EDU 311 and C or better in MUSM 365 and Passing of Music Education Four Semester Check.
Taught: Fall only
This course is designed to prepare choral-emphasis music education majors to synthesize the knowledge and skills that will enable them to develop and maintain a comprehensive choral music program at the secondary level.
Repeatable: No

MUSM 363 Instrumental Methods I (2 credits)
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): EDU 311 and C or better in MUSM 365 and Passing of Music Education Four Semester Check.
Taught: Spring only
This course integrates formal knowledge in the university classroom with field experiences in order to prepare pre-service music educators to teach P-12 instrumental music students in their first two years of instrumental music class.
Repeatable: No

MUSM 364 Instrumental Methods II (2 credits)
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): EDU 311 and C or better in MUSM 365 and Passing of Music Education Four Semester Check.
Taught: Fall only
This course is designed to prepare instrumental-emphasis music education majors to synthesize the knowledge and skills that will enable them to develop and maintain a comprehensive instrumental music program at the secondary level.
Repeatable: No

MUSM 365 Conducting I (2 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in MUSM 111.
Taught: Fall only
MUSM 366 Conducting II (2 credits)
Hours: 2 classroom + 0 lab/studio
Repeatable: No
Prerequisite(s): C or better in MUSM 365 or consent of instructor.
Taught: Spring only
Continued refinement of skills developed in MUSM 365; score study techniques, terminology, and transposition.

MUSM 367 Marching Band Techniques (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MUSM 212.
Taught: Fall only-odd years
Survey of organizational and instructional issues relating to teaching marching band.

MUSM 371 Jazz Theory (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MUSM 112 with a C or better.
Taught: Variable, check with department
Fundamentals of jazz music theory, including chord and scale nomenclature, common progressions, forms, and reharmonization.

MUSM 373 Jazz Arranging I (2 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MUSM 112 with a C or better.
Taught: Fall only-odd years
Study of basic harmonic and melodic analysis, chord construction, rhythms, chord/scale relationships, nomenclature, and voice leading in the jazz idiom.

MUSM 374 Jazz Arranging II (2 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MUSM 373.
Taught: Spring only-even yrs
Advanced concepts of jazz theory, composition, and arranging.

MUSM 375 History of Jazz (1-3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MUSM 243.
Taught: Spring only-odd yrs
Overview of the major stylistic periods of jazz from its origins through the late 1970’s.

MUSM 380 Composition for Commercial Media (3 credits)
Hours: 3 classroom +0 lab/studio
Prerequisite(s): MUSM 212 and MUSM 312.
Taught: Fall and spring
Application of the foundations of music technology to media including film, gaming, television, and other visual mediums.
Repeatable: No

MUSM 381 Music Technology I (3 credits)
Hours: 3 classroom +0 lab/studio
Prerequisite(s): MUSM 312.
Taught: Fall and spring
Fundamental techniques, equipment and applications of contemporary music technology.
Computer and internet software will be studied as potential tools for education, composition and performance. Aspects of MIDI, analog and digital audio, acoustics, music notation software, and multimedia will be examined.
Repeatable: No

MUSM 382 Music Technology II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MUSM 381.
Taught: Fall and spring
Advanced course in electroacoustic music and computer applications in music. MIDI studio setups; intermediate to advanced applications in sequencing and scoring software; introduction to digital recording techniques with applications in film, video, broadcasting and multimedia; introduction to writing for multimedia and instruction.

MUSM 383 Mixing Techniques I (3 credits)
Hours: 3 classroom +0 lab/studio
Prerequisite(s): MUSM 312.
Taught: Fall and spring
This course covers the fundamentals and practical applications of digital audio systems, as well as methods for functioning in integrated Digital Audio Workstation (DAW) & Studio environments.
Course topics include system setup and interconnections, and synchronization; aspects of digital recording consoles/mixers, such as paged architecture, I/O, work clock, sample rate, and bit depth; and basics of a DAW, such as the elements of hard-disk recording, track and file management, digital audio, and sequencing strategies. Emphasis on Pro Tools as the main DAW used.
Repeatable: No

MUSM 384 Mixing Techniques II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MUSM 383.
Taught: Fall and spring
A study of the functional operation of equipment used in multi-track mixdown of digital master recordings in a digital audio workstation environment. There will be an emphasis on critical listening and aesthetic consideration. Topics covered will include common DAW procedures and protocol, data management, mixing using a reference, signal flow, editing, and digital signal processing (plug-ins). Mixing exercises of pre-recorded multi-track files.
Repeatable: No

MUSM 385 Commercial Music Production I (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MUSM 312.
Taught: Fall and spring
Roles and responsibilities of music producers and engineers from idea inception to finished product. An overview of studio technologies and basic recording procedures.
Repeatable: No

MUSM 386 Commercial Music Production II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MUSM 385.
Taught: Fall and spring
An in-depth, project-oriented class designed to give the student intensive exposure to the creative and technical issues involved in advanced music editing and CD (and DVD) mastering, including multimedia formats and Internet audio. Further areas of exploration include, but are not limited to, surround audio, audio restoration and forensic audio.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

MUSM 387 Advanced Music Production (3 credits)
Hours: 3 classroom +0 lab/studio
Prerequisite(s): MUSM 383.
Taught: Variable, check with department
The course is an intensive, project-oriented audio production course. Topics will include, but are not limited to: audio for media, applied media aesthetics, sound design, as well as creative and artistic approaches to various types of sophisticated audio production including music recording and radio production.
Repeatable: No

MUSM 394 Special Topics in Music (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Junior standing or consent of
Prerequisite(s): MUSM 399 Independent Study: Music (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): consent of instructor.
Taught: Fall and spring
In-depth study of specialized topics in music. May be repeated for credit up to 9 semester hours when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 9

MUSM 399 Independent Study: Music (1-3 credits)

MUSM 441 Vocal Pedagogy (2 credits)
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): 4 semester hours of MUSA 140.
Taught: Fall only-odd years
Directed readings, discussions and evaluations of vocal pedagogical philosophies; studies of the teaching materials and physical and psychological problems in the teaching of voice; observation of voice lessons and supervised teaching.
Repeatable: No

MUSM 471 Jazz Styles and Analysis (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MUSM 274, MUSM 374, MUSM 375, and 8 semester hours of MUSA courses.
Taught: Fall and spring
Capstone course utilizing information from previous courses to better understand the social, musical, and cultural implications of jazz.
Repeatable: No

MUSM 472 Jazz Pedagogy (2 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MUSM 375.
Taught: Fall and spring
An in depth study of the techniques, processes, and management of a jazz program in the school setting.
Repeatable: No

MUSM 496 Senior Capstone (0-4 credits)
Hours: 0 classroom + 0-4 Lab Hours
Prerequisite(s): MUSA 296.
Taught: Variable, check with department
Bachelor of Arts majors only. An independent project under close supervision of a faculty member: a recital, an internship, a research paper, a creative project, or a collaboration. A proposal must be approved by the department chair and three full-time faculty including the project supervisor by midterm of the preceding semester.
Repeatable: No

NEU 101 Neuroscience for Life: Sex to Society - SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
A transdisciplinary course that covers the fundamental principles of neuroscience and their applications to critical and current issues in interpersonal relationships and society. Case studies will be drawn from a multitude of disciplines such as marketing, communications, political science, sports, law, and education.
GENERAL EDUCATION: Individual & Society.
Repeatable: No

NEU 150 Orientation to Neuroscience (1 credit)
Hours: 1 classroom + 0 lab/studio
Taught: Fall and spring
Neuroscience issues and applications, methodology, career opportunities, and postgraduate options. Classroom discussions, faculty panels, guest lectures and written essays.
Repeatable: No

NEU 301 Neuroanatomy (4 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): BIO 151 or PSY 100.
Co-requisite(s): NEU 301L.
Taught: Fall only-odd years
Functional and anatomical organization of the nervous system covering classic animal models in neuroscience as well as the human brain. Discussion of techniques used to identify cells and tissues of the nervous system.
Repeatable: No

NEU 301L Neuroanatomy Laboratory (0 credits)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): BIO 151 and PSY 100.
Taught: Fall only-odd years
Laboratory to accompany NEU 301.
Repeatable: No

NEU 302 Neurosignaling (4 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): BIO 151 or PSY 100.
Co-requisite(s): NEU 302L.
Taught: Fall only-even years
Overview of electrical and chemical signaling in the nervous system with an emphasis on neurotransmitters and hormones in mammalian systems. Will cover autocrine, paracrine and endocrine signaling. Stimuli and response mechanisms.
Repeatable: No

NEU 302L Neurosignaling Laboratory (0 credits)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): BIO 151 or PSY 100.
Taught: Fall only-even years
Laboratory to accompany NEU 302.
Repeatable: No

NEU 491 Neuroscience Capstone (3 credits)
Hours: 0 classroom + 9 lab/studio
Prerequisite(s): Permission of neuroscience program director.
Taught: Fall and spring
The Neuroscience capstone is a mentored, independent, experiential learning experience culminating in a final thesis and oral presentation.
Repeatable: Yes
If Repeatable, Max. Credits: 6

NEU 492 Neuroscience Research (1-3 credits)
Hours: 0 classroom + 3-9 lab/studio
Prerequisite(s): BIO 291W and permission of instructor.
Taught: Fall, spring, summer
Development and completion of a neuroscience research project chosen in consultation with instructor. Final project report is required. For students majoring or minoring in neuroscience.
Repeatable: Yes
If Repeatable, Max. Credits: 6

NEU 493 Cognitive Neuroscience Seminar (1 credit)
Hours: 1 classroom + 0 lab/studio
Prerequisite(s): PSY 311 or consent of instructor.
Taught: Spring only
Serves as a capstone experience for students in the neuroscience minor. Readings and discussions directed at large-scale issues in neuroscience, typically achieved through review of the current literature. Intended to stimulate critical thinking and integration of material learned in earlier courses in the neuroscience minor.
Repeatable: No

NEU 494 Special Topics in Neuroscience (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): BIO 291W.
Taught: Variable, check with department
In-depth study of specialized topic in neuroscience. May be repeated for credit once if the topic is different.
Repeatable: Yes
If Repeatable, Max. Credits: 6

**NEU 495 Neuroscience Study Abroad (1-3 credits)**
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): BIO 291W and permission of Neuroscience Program Director.
Taught: Fall, spring, summer
Experiential learning at institutions, universities, or businesses specializing in neuroscience or its applications. Open only to students majoring or minoring in Neuroscience.
Repeatable: Yes
If Repeatable, Max. Credits: 6

**NEU 496 Neuroscience Internship (1-3 credits)**
Hours: 0 classroom + 3-9 lab/studio
Prerequisite(s): BIO 291W and permission of Neuroscience Program Director.
Taught: Fall, spring, summer
Experiential learning at institutions, universities, or businesses specializing in neuroscience or its applications. Open only to students majoring or minoring in Neuroscience.
Repeatable: Yes
If Repeatable, Max. Credits: 6

**NEU 499 Independent Study in Neuroscience (1-3 credits)**
Hours: 0 classroom + 3-9 lab/studio
Prerequisite(s): BIO 291W and permission of instructor.
Taught: Fall, spring, summer
Independent study in neuroscience. Student will work with a faculty mentor on an experiential learning experience applying the techniques and methods of neuroscience to address a specific problem in the field.
Repeatable: Yes
If Repeatable, Max. Credits: 6

**NURSING BACCALAUREATE**

**NRS 201 Transition to Nursing (1 credit)**
Hours: 1 classroom + 0 lab/studio
Taught: Fall and spring
Interactive course providing students opportunity to explore concepts and strategies supporting adaptation and successful transitioning into the baccalaureate nursing program.
Repeatable: Yes
If Repeatable, Max. Credits: 1

**NRS 210L Development of Clinical Nursing Skills (2 credits)**
Hours: 0 classroom + 4 lab/studio
Prerequisite(s): BIO 209, BIO 209L, BIO 126, CHE 115, CHE 115L, PSY 220, and STA 205.
Prerequisite OR Co-requisite: BIO 202 and BIO 202L.
Co-requisite(s): NRS 215, NRS 215P, NRS 220 and NRS 220L.
Taught: Fall and spring
Active learning pedagogy of skills demonstration, supervised practice, simulation and skills testing for the acquisition of basic and complex nursing skills required for professional practice.
Repeatable: No

**NRS 215 Fundamental Concepts of Professional Nursing Practice (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): BIO 209, BIO 209L, BIO 126, CHE 115, CHE 115L and PSY 220.
Co-requisite(s): NRS 210L and NRS 215P.
Taught: Fall and spring
Introduction to the nursing process, foundational nursing concepts, and theories relevant to the implementation of nursing care and health promotion to clients across the lifespan.
Repeatable: No

**NRS 215P Fundamentals of Professional Nursing Practicum (2 credits)**
Hours: 0 classroom + 4 lab/studio
Prerequisite(s): BIO 209, BIO 209L, BIO 126, CHE 115, CHE 115L and PSY 220.
Co-requisite(s): NRS 215.
Taught: Fall and spring
Application of foundational concepts and theories necessary for the care of clients in hospitals and extended care facilities performance of basic nursing skills under supervision of nursing clinical faculty.
Repeatable: No

**NRS 220 Holistic Health Assessment of the Adult (2 credits)**
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): BIO 209, BIO 209L, BIO 126, CHE 115, CHE 115L and PSY 220.
Co-requisite(s): NRS 220L.
Taught: Fall and spring
Principles of assessment of existing or potential client problems Physical condition, psychological status, development level, sociocultural- economic history with the goal of planning nursing care.
Repeatable: No

**NRS 220L Holistic Health Assessment Laboratory (1 credit)**
Hours: 0 classroom + 2 lab/studio
Prerequisite(s): BIO 209, BIO 209L, BIO 126, CHE 115, CHE 115L and PSY 220.
Co-requisite(s): NRS 220.
Taught: Fall and spring
Application of holistic health assessment techniques in the laboratory setting.
Repeatable: No

**NRS 250 Introduction to Medical-Surgical Nursing (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): NRS 215 and NRS 220.
Co-requisite(s): NRS 255 and NRS 250P.
Taught: Fall and spring
Concepts and theories needed to support adaptation of clients requiring multiple nursing interventions for health maintenance and for commonly occurring alterations in health status.
Repeatable: No

**NRS 250P Introduction to Medical-Surgical Nursing Practicum (4 credits)**
Hours: 0 classroom + 8 lab/studio
Co-requisite(s): NRS 250 and NRS 250P.
Taught: Fall and spring
Application of theoretical concepts in the delivery of nursing care for adult clients.
Repeatable: No

**NRS 255 Path Pharm Concepts and Principles (4 credits)**
Hours: 4 classroom + 0 lab/studio
Prerequisite(s): NRS 215 and NRS 220.
Co-requisite(s): NRS 250 and NRS 250P.
Taught: Fall and spring
Pathophysiological and pharmacological concepts essential for understanding and treating alterations in organ and system function basic to nursing practice.
Repeatable: No

**NRS 299 Independent Study (1-3 credits)**
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Admission to the BSN program and consent of instructor.
Taught: Fall and spring
Individual readings, research, and/or projects relating to professional nursing practice and developed by students in consultation with faculty prior to registration; written agreement to include purpose, objectives, instructional activities, time frame, and evaluation method. Not intended to substitute for any course offered on a regular basis. Applicable for lower division credit only.
Repeatable: No
NRS 300 Remediation (1 credit)
Hours: 1 classroom + 0 lab/studio
Prerequisite(s): NRS 339L.
Co-requisite(s): NRS 350 and NRS 350P.
Taught: Fall and spring
Required course for students who score below the benchmark score of 850 on the customized MIDCURRICULAR exam which consists of guided remediation of prior curricular content.
Repeatable: Yes
If Repeatable, Max. Credits: 3

NRS 310 Concepts of Community and Public Health Nursing (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): NRS 250.
Co-requisite(s): NRS 310P, NRS 320, NRS 330 and NRS 339L.
Taught: Fall and spring
Concepts and theories to support nursing practice across the lifespan along the mental health continuum for all.
Repeatable: No

NRS 310P Concepts of Community and Public Health Nursing Practicum (2 credits)
Hours: 0 classroom + 4 lab/studio
Co-requisite(s): NRS 310.
Taught: Fall and spring
Serving in a variety of community agencies, the health status of diverse client groups, who are defined as at risk groups, are evaluated and health needs met through a population assessment, teaching, screening and evaluation of community health.
Repeatable: No

NRS 315 Theories and Concepts of Professional Nursing Practice (2 credits)
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): NRS 250.
Co-requisite(s): NRS 310, NRS 320.
Taught: Fall and spring
Study of the nature of theory development in nursing. Evaluation of selected nursing theories as they relate to professional nursing practice.
Repeatable: No

NRS 320 Principles of Research for Application to Professional Nursing Practice (2 credits)
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): NRS 250 and NRS 255.
Co-requisite(s): NRS 330 and NRS 339L.
Taught: Fall and spring
Overview of the research process for nursing professionals, historical development of research in healthcare, role of research in scientific advancement of nursing; development of ability to critique clinical healthcare studies and become knowledgeable consumers when integrating nursing research into practice.
Repeatable: No

NRS 330 Principles of Psychiatric and Mental Health Nursing (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): NRS 250 and NRS 255.
Co-requisite(s): NRS 310 and NRS 330P.
Taught: Fall and spring
Application of concepts and theories to support nursing practice across the lifespan along the mental health continuum for all.
Repeatable: No

NRS 330P Psychiatric and Mental Health Nursing Practicum (2 credits)
Hours: 0 classroom + 4 lab/studio
Co-requisite(s): NRS 330.
Taught: Fall and spring
Application of concepts and theories to support nursing practice across the lifespan along the mental health continuum for all.
Repeatable: No

NRS 339L Clinical Reasoning I (1 credit)
Hours: 0 classroom + 2 lab/studio
Prerequisite(s): NRS 250.
Co-requisite(s): NRS 310 and NRS 330.
Taught: Fall and spring
Clinical reasoning and judgment are examined in relation to other modes of thinking used in providing quality health care. Students will be expected to demonstrate how safe, high-quality care can be dependent upon their ability to reason, think, and make evidence based decisions.
Repeatable: No

NRS 350 Intermediate Medical-Surgical Nursing (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): NRS 310, NRS 315, NRS 320.
Co-requisite(s): NRS 350P, NRS 360 and NRS 370.
Taught: Fall and spring
Concepts and theories to support adaptation of clients requiring multiple nursing interventions.
Repeatable: No

NRS 350P Intermediate Medical-Surgical Nursing Practicum (2 credits)
Hours: 0 classroom + 4 lab/studio
Co-requisite(s): NRS 350.
Taught: Fall and spring
Application of concepts and theories needed to support adaptation of adults requiring multiple nursing interventions in acute care settings.
Repeatable: No

NRS 360 Principles of OB and Newborn Nursing (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): NRS 310 and NRS 330.
Co-requisite(s): NRS 350 and NRS 370.
Taught: Fall and spring
Explores the cultural and nutritional aspects; communication techniques, pharmacotherapy, teaching and learning concepts, and nursing roles involved in health promotion, protection and crisis management of the childbearing client and family.
Repeatable: No

NRS 360P Principles of OB and Newborn Nursing Practicum (2 credits)
Hours: 0 classroom + 4 lab/studio
Co-requisite(s): NRS 360.
Taught: Fall and spring
Application of concepts of health promotion and crisis management in the care of childbearing families.
Repeatable: No

NRS 370 Legal, Ethical, and Professional Issues (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): NRS 310 and NRS 330.
Co-requisite(s): NRS 350 and NRS 360.
Taught: Fall and spring
Emerging trends in nursing education, professional nursing practice; study of ethical frameworks and legal factors influencing decision-making in nursing practice.
Repeatable: No

NRS 400 HESI-RN Exit Test Preparation (1 credit)
Hours: 1 classroom + 0 lab/studio
Prerequisite(s): NRS 415, NRS 415P.
Co-requisite(s): NRS 450, NRS 450P.
Taught: Variable, check with department
Customized course required for last-semester students in the traditional BSN and ABSN programs who do not achieve a benchmark score of 900 on both the Fundamental HESI and the Medical/Surgical HESI. This course provides a systematic review of curriculum material tailored to the aggregate results of previous HESI examinations.
Repeatable: No

NRS 401 HESI-RN Exit Remediation (1 credit)
Hours: 1 classroom + 0 lab/studio
Prerequisite(s): NRS 415, NRS 415P; HESI-RN Exit
NRS 415 Principles of Pediatric Nursing (2 credits)
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): NRS 350 and NRS 360.
Co-requisite(s): INF 355.
Co-requisite(s): NRS 415P, NRS 420, NRS 439L and NRS 440P.
Taught: Fall and spring
Concepts and theories to promote health and support care for children and families in pediatric settings.
Repeatable: No

NRS 415P Pediatric Nursing Practicum (2 credits)
Hours: 0 classroom + 4 lab/studio
Co-requisite(s): NRS 415.
Taught: Fall and spring
Application of concepts and theories in the care of children and their families.
Repeatable: No

NRS 420 Concepts and Principles of Leadership Management (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): NRS 350 and NRS 360.
Co-requisite(s): NRS 415 and NRS 440P.
Taught: Fall and spring
Leadership concepts and management functions in healthcare environments; selected theories of leadership and management; collaboration for decision-making and effecting change.
Repeatable: No

NRS 439L Clinical Reasoning II (1 credit)
Hours: 0 classroom + 2 lab/studio
Prerequisite(s): NRS 350 and NRS 360.
Co-requisite(s): NRS 415 and NRS 420.
Taught: Fall and spring
Advanced application of clinical reasoning to integrate simulated patient scenarios. Assessment and analysis of the scenario, and implementation and evaluation; planning decisions will be critiqued in relation to their theoretical accuracy and patient care priorities.
Repeatable: No

NRS 440P Nursing Capstone 1 (2 credits)
Hours: 0 classroom + 4 lab/studio
Prerequisite(s): NRS 350 and NRS 360.
Co-requisite(s): NRS 415 and NRS 420.
Taught: Fall and spring
Under close faculty guidance the student will be placed with a clinical preceptor to: (1) conduct a needs assessment within their identified clinical or community setting identifying a nursing problem; (2) develop a written proposal to address the problem; (3) implement the intervention in the chosen setting with the preceptor.
Repeatable: No

NRS 450 Advanced Medical-Surgical Nursing (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): NRS 415.
Co-requisite(s): NRS 450P.
Taught: Variable, check with department
Concepts and theories needed to provide nursing care of people for prevention of and assistance with complex health problems.
Repeatable: No

NRS 450P Advanced Medical Surgical Practicum (2 credits)
Hours: 0 classroom + 4 lab/studio
Co-requisite(s): NRS 450.
Taught: Variable, check with department
Utilization of theoretical concepts in holistic management of adult clients.
Repeatable: No

NRS 460P Nursing Capstone Project (3 Credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): NRS 350, NRS 350P, NRS 360, NRS 360P, and NRS 370.
Co-requisite(s): NRS 415P, NRS 420, and NRS 439L.
Taught: Fall and Spring
In-depth exploration of a topic of student’s selection that integrates nursing and Foundation of Knowledge (FOK) courses, and demonstrates relevance to professional nursing practice. This is a student driven, project focused course, which is facilitated in either the academic or clinical setting.
Repeatable: Yes
If Repeatable, Max. Credits: 6

NRS 480 Remediation of BSN Concepts (2 credits)
Hours: 2 Classroom + 0 Lab/Studio
Prerequisite(s): NRS 450.
Co-requisite(s): NRS 465P.
Taught: Fall and spring
A remediation course that provides a systematic review of BSN nursing concepts in preparation for completion of the NCLEX-RN Exam.
Repeatable: No

NRS 494 Special Topics: Bachelor of Science Nursing (1-4 credits)
Hours: 1-4 classroom + 1-4 lab/studio
Prerequisite(s): Varies with topic (see Schedule of Classes).
Taught: Variable, check with department
Various advanced topics in nursing.
Repeatable: Yes
If Repeatable, Max. Credits: 6

NRS 499 Independent Study (0-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Admission to the BSN program and consent of the BSN Program Director.
Taught: Fall and spring
Individual readings, research, and/or projects relating to professional nursing practice and developed by students in consultation with faculty prior to registration; written agreement to include purpose, objectives, instructional activities, time frame, and evaluation method. Not intended to substitute for any course offered on a regular basis. Applicable for upper division credit only.
Repeatable: Yes
If Repeatable, Max. Credits: 6

NURSING REGISTERED PROFESSIONAL

NRP 399 Independent Study (1-3 credits)
Hours: NA classroom + NA lab/studio
Prerequisite(s): Consent of instructor and program director prior to registration.
Taught: Variable, check with department
Individual readings, research, and/or projects relating to professional nursing practice and developed by students in consultation with faculty.
prior to registration; written agreement to include purpose, objectives, instructional activities, time frame, and evaluation method. Not intended to substitute for any course offered on a regular basis.
Repeatable: No

**NRP 441L Nursing Leadership Practicum (6 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): NRP 401, NRP 410, NRP 411, NRP 413L, NRP 415L, NRP 434 and NRP 435L.
Co-requisite(s): NRP 441.
Taught: Fall only
Integration of didactic content in a practice setting for experienced nurses; clinical experience in a selected healthcare agency in a leadership role with an approved preceptor.
Repeatable: No

**NRP 470 Role Transformation (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Admission to RNBSN program.
Taught: Variable, check with department
Concepts and theories providing the foundation for development of the registered nurse into the role of the professional baccalaureate prepared nurse.
Repeatable: No

**NRP 471 Concepts of Professional Nursing (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite OR Co-requisite: NRP 470
Taught: Variable, check with department
Identifies the basis of nursing and interprofessional theories as they relate to the practice of professional nursing.
Repeatable: No

**NRP 472 Nursing Research and Evidence Based Practice (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): STA 205.
Prerequisite OR Co-requisite: NRP 470.
Taught: Variable, check with department
An introduction to nursing research focusing on the fundamentals of the research process, levels of evidence and quality of evidence for nursing practice.
Repeatable: No

**NRP 473 Quality Care for Vulnerable Populations (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite OR Co-requisite: NRP 470.
Taught: Variable, check with department
Overview of models and theories of vulnerability; focusing on social determinants of health, health disparity, and culturally appropriate strategies to address the effects of vulnerability.
Repeatable: No

**NRP 474 Models of Care Delivery (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite OR Co-requisite: NRP 470.
Taught: Variable, check with department
Explores models of care delivery related to health care quality measures, safety measures, and public policy in a variety of settings.
Repeatable: No

**NRP 475 Population Centered Health in the Community (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite OR Co-requisite: NRP 470.
Taught: Variable, check with department
Explores global and community health concepts focusing on population bio-psycho-social and spiritual well-being. Strategies included for population health equity and the utilization of assets and resources to create an environment for health promotion.
Repeatable: No

**NRP 476 Impact of Genetics and Genomics on Health (2 credits)**
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): BIO 202, BIO 202L, BIO 208, BIO 208L, BIO 209, and BIO 209L.
Prerequisite OR Co-requisite: NRP 470.
Taught: Variable, check with department
Recognizes the relationship of genetics and genomics to the health and care of patient and families across the lifespan.
Repeatable: No

**NRP 477 Leadership in Nursing (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite OR Co-requisite: NRP 470.
Taught: Variable, check with department
Examines the foundations of leadership and management theories and concepts in a variety of healthcare settings.
Repeatable: No

**NRP 478 Nursing Leadership Practicum (4 credits)**
Hours: 4 classroom + 0 lab/studio
Prerequisite OR Co-requisite: NRP 477.
Taught: Variable, check with department
A culminating experience integrating knowledge from previous courses to design, implement and lead an interdisciplinary team project to improve outcomes in an appropriate health care or community-based setting.
Repeatable: No

**NRP 494 Topics: Special Topics in Nursing (1-3 credits)**
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Permission of instructor.
Taught: Variable, check with department
This course is a special topics course of a current interest/issue in the field of nursing not covered in other nursing courses. The special topics for this class are selected from current topics in the field of nursing. Depending on the topic, the course may be a didactic or clinical practicum course.
Repeatable: Yes
If Repeatable, Max. Credits: 9

**NRP 499 Independent Study in Nursing (1-3 credits)**
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): Admission to the RN to BSN program and consent of the program director.
Taught: Variable, check with department
Individual readings, research, and/or projects relating to professional nursing practice and developed by students in consultation with faculty prior to registration; written agreement to include purpose, objectives, instructional activities, time frame, and evaluation method. Not intended to substitute for any course offered on a regular basis. Applicable for upper division credit only.
Repeatable: No

**ORGANIZATIONAL LEADERSHIP**

**LDR 117 Introduction to Supervision (3 credits)**
Hours: 3 classroom + 0 lab/studio
Taught: Fall, spring, and summer
Functions of supervision; planning, organizing, directing, staffing, controlling, and delegating.
Repeatable: No

**LDR 160 Leadership Around the World - AH (3 credits)**
Hours: 3 classroom + 0 lab/studio
Taught: Fall, spring, and summer
This course will explore the basic theories, trends, and practices for leadership from varying global perspectives. Leadership theories are often taught from a Western perspective. This course discusses these historical Western perspectives, while also introducing students to how leadership is viewed and practiced around the world.
Repeatable: No

General Education Credit: Global Viewpoints
LDR 205 Human Relations in Organizations (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall, spring, and summer
This course develops interpersonal human relations skills for personal and professional growth. Skills will be built in networking, diversity appreciation, structuring values, conflict resolution, motivation, and personal and group communications.
Repeatable: No

LDR 300 Foundations of Leadership (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore Standing.
Taught: Fall, spring, and summer
This course introduces the fundamental concepts and foundational theories of leadership to facilitate the development of a personal understanding of the nature of leadership. The evolution of leadership theory and research is explored and its implications for understanding leadership as a phenomenon and the practice of leadership. Course encourages the application of learning to analysis of practical leadership problems and examples of leaders from diverse sectors such as business, nonprofit, government, social change, military, science, popular culture, and athletics.
Repeatable: No

LDR 308 Leadership Development (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Fall, spring, and summer
This course focuses on the concepts and skills for developing the leader in a total quality culture. The role of the leader as a mentor will be explored, as well as developing and maintaining empowered followers. Special focus will be put on effective communication systems, decision making, vision and mission statements, process leadership, time and stress management in organizations, and valuing diversity.
Repeatable: No

LDR 310 Research Methods in Leadership (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing and STA 113 or STA 205 or STA 213 or transfer equivalency that demonstrates introductory level statistics knowledge.
Taught: Fall, spring, and summer
This course focuses on the exploration of theoretical and empirical concepts of research design and analysis for the field of leadership.

LDR 315 Leading People in Organizations (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
This course discusses the core to every organization-its people. The interface between humans and organizations is discussed, with specific focus on attracting, developing, and retaining organizational members with competencies for success in global, virtual, and innovative organizations. The leader’s role in championing continuous learning and development, forming psychological contracts, rewarding organizational contributions, and protecting health and safety is examined, in addition to strategies for meeting these objectives. Particular focus will be placed on the ethical and legal responsibilities related to the interface between an organization and its members.
Repeatable: No

LDR 320 Leading with Emotional Intelligence (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
This course discusses leadership through the lens of Emotional Intelligence (EI). EI is the capacity to recognize and effectively manage emotions in ourselves and with others. Topics covered include developing effective self and social awareness, and management via EI. Application of EI in the organizational environment.
Repeatable: No

LDR 325 Budgeting for Leaders (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
This course revolves around the importance of understanding budgets as a key step leaders use to increase their influence within organizations. Topics covered include the process of budgeting and its role within organizational groups. Course activities focus on how leaders approach personal, project, and government budgets.
Repeatable: No

LDR 335 Lessons in Leadership (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
This course exposes students to various public/private leadership figures invited to share their own experiences and discuss leadership issues, which are compared and contrasted with leadership scholarship. Topics covered include the role of influence, power, relationships, communication, the external environment, decision making, and valuing diversity in the leadership process.
Repeatable: No

LDR 338 Organizational Ethics and Decision Making (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Fall, spring, and summer
This course encourages analysis of the fundamental role of ethics in leadership and decision making. The ethical challenges confronted by leaders and the influence of personal values are examined. The course emphasizes personal ethical development including self-awareness, ethical decision making skills, and understanding diverse perspectives and group decision making.
Repeatable: No

LDR 380 Organizational Theory and Change (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Fall, spring, and summer
Contemporary theory on the leadership of organizational change, including best practices for implementing change, and assuring that change will be successful.
Repeatable: No

LDR 385 Teamwork in Organizations (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Fall, spring, and summer
This course focuses on the dynamics of teamwork. Roles and qualities of team leaders and team players will be discussed, along with attributes and behavior of teams. Special focus will be placed on problem solving in a team environment, diverse teams, and virtual teamwork.
Repeatable: No
LDR 394 Special Topics in Leadership (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Fall, spring, and summer
Specialized topics of current interest to students of leadership and the organizational leadership community. Topics for current offerings are listed in the Schedule of Classes. May repeat up to 12 hours if topics differ.
Repeatable: Yes
If Repeatable, Max. Credits: 12

LDR 396 Leadership Practicum (1-6 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Department permission required.
Taught: Fall, spring, and summer
Supervised application-based work experience related to the Leadership major. Educational component coordinated among organization, student, and faculty. Minimum of 20 hours on the job per week for three credit hours.
Repeatable: Yes
If Repeatable, Max. Credits: 12

LDR 399 Independent Study: Organizational Leadership (1-3 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Department Permit.
Taught: Fall, spring, and summer
Individualized study of a special topic under supervision of a faculty member.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

LDR 460 Leading in Diverse and Global Contexts (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
This course will explore leading in both diverse and global environments. Students will gain appreciation for the importance of understanding both domestic diversity and global experiences and viewpoints. This course looks at the multitudes of issues involved in leading in these dynamic contexts by examining concepts such as race, ethnicity, sexual orientation, class, ability, gender, identity, prejudice and privilege, worldview, and holism. Upon completion of this course, students will understand issues of intercultural leadership and communication and build their capacities and skills for leading in diverse and global contexts.
Repeatable: No

LDR 480 Organizational Leadership Capstone (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing and LDR 310; restricted to Organizational Leadership majors.
Taught: Fall, spring, and summer
This course is the culminating learning experience for the organizational leadership program. Students investigate and analyze current trends and research in leadership and organizational dynamics to refine their understanding of leadership for today's organizations and to prepare to adapt for the future. Critical and creative thinking skills will be emphasized, in addition to lifelong learning and development for leaders and the role of learning, creativity, innovation, and change in the development and sustainability of organizations.
Repeatable: No

LDR 495 Study Abroad in Org Leadership (1-15 credits)
Hours: 1-15 classroom + 0 lab/studio
Prerequisite(s): Department Permit.
Taught: Variable, check with department
An opportunity for students to engage in one or more officially-sponsored and/or program-approved Organizational Leadership courses abroad, ranging from one week to an entire semester. Program permission is required. May be repeated for credit when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 15

PHI 110 Philosophy, Individuals and Society - SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Fall and spring
In Philosophy, Individuals and Society students explore a variety of philosophical views about the nature of individuals, social structures and the relationships between them. Students will critically examine different philosophical perspectives and theories that arise from questions about human nature, personal identity, free will and moral responsibility, the nature of mind, and the ethical, social and political dimensions of human existence.
Repeatable: No
General Education Credit: Individual and Society

PHI 110H Philosophy, Individuals and Society (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Spring only
In Philosophy, Individuals and Society students explore a variety of philosophical views about the nature of individuals, social structures and the relationships between them. Students will critically examine different philosophical perspectives and theories that arise from questions about human nature, personal identity, free will and moral responsibility, the nature of mind, and the ethical, social and political dimensions of human existence.
Repeatable: No
General Education Credit: Individual and Society

PHI 165 Introduction to Logic (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Methods and principles used to distinguish valid from invalid forms of argumentation in deductive and inductive reasoning; syllogisms, dilemmas, truth tables, and the scientific method.
Repeatable: No

PHI 181 Philosophers, Cultures and Creativity - AH (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Exploration of significant philosophers, their methods of inquiry and philosophical texts and their impact on various cultures in terms of science, ethics, politics, art and theology as well as how these areas influenced and shaped philosophical thinking, other individuals and cultures as well.
Repeatable: No
General Education Credit: Culture and Creativity

freedom; mental health and personal autonomy; justice and equality in health care; ethical conflicts in health service work; death and dying.
Repeatable: No
General Education Credit: Global Viewpoints

PHI 265 Logic - QR (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in MAHD 092 or MAHD 095 or MAHD 099 or placement.
Taught: Fall and spring
An introduction to the methods of formal deductive logic, with an examination of its relationship to areas such as mathematics, computer science, and legal reasoning. Students will learn the language and rules of formal logic, as well as techniques of formal proof.
Repeatable: No
General Education Credit: Mathematics

PHI 300 Ethics and Social Responsibility (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of the instructor.
Taught: Fall only
Examines the scope and complexity of responsibility in personal, social and professional contexts. An intensive exploration of ethical principles that guide responsible decision-making in human interaction. Topics include the nature of goodness, the rational thing to do, moral obligations, rational resolution of moral conflicts and disagreements.
Repeatable: No

PHI 302 Ethics and Scientific Research (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of the instructor.
Taught: Variable, check with department
Ethical, legal, and public policy issues stemming from scientific research, including medical, psychological, and sociological; topics may include animal and human experimentation, informed consent, privacy, confidentiality, government regulations, freedom of inquiry and censorship, the moral responsibility of scientists, and research integrity.
Repeatable: No

PHI 305 Existentialism (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of the instructor.
Taught: Variable, check with department
Meaning, freedom, responsibility, communication, creativity, and value in the works of thinkers such as Kierkegaard, Nietzsche, Heidegger, Sartre, Camus, DeBeauvoir, and others; critique of traditional notions of mind versus body, reason, truth, self-identity, language, and time.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

PHI 312 Eastern Philosophy (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of the instructor.
Taught: Fall only
Philosophical foundations of Buddhism, Taoism, Confucianism, and Hinduism, including perspectives on self, reality, community, language, truth, enlightenment, embodiment, reason, emotion, and art; contrast with western perspectives; meditation and applied meditative practices.
Repeatable: No

PHI 315 Knowledge and Reality (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of the instructor.
Taught: Variable, check with department
Differing views on the nature of knowledge and reality, e.g., analytic, idealist, realist, materialist, existentialist, mystical, intuitionist, and emotivist; relevance of these theories to one’s personal philosophy of life and actions; nature of language, perception, intellect, time, matter, mind, God, freedom, truth, reason, emotion.
Repeatable: No

PHI 320 Social and Political Philosophy (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of the instructor.
Taught: Variable, check with department
Nature and purposes of the state, grounds of political obligation, freedom and its limitations, human rights, social justice, and selected contemporary issues.
Repeatable: No

PHI 323 Peace and War (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of the instructor.
Taught: Variable, check with department
Philosophical study of main issues related to the ideas and realities of war and peace. Topics will include beliefs and theories about peace and war, the causes of violence and war, war and morality, alternatives to violence and war, peace ideas and proposals, applications to current world conditions.
Repeatable: No
PHI 324 African Philosophy (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of the instructor.
Taught: Variable, check with department
Introduction to ideas and themes in African philosophy. Topics may include African conceptions of nature/reality, personhood, time, life, death, destiny, afterlife, morality, rights, kinship, individuality, community, rituals (e.g., puberty rites, female circumcision), Ancient Egyptian influence on Greek philosophy, ethnophilosophy, modernity, logic, rationality, traditional medicine, traditional African religion (and religious/spiritual practices).
Repeatable: No

PHI 330 Philosophy and Law (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
Issues in religious philosophy, including the relation between faith and reason, the nature of religious experience, arguments for the existence of God, the problem of evil, and immortality.
Repeatable: No

PHI 335 Great Traditions in Ethics (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of the instructor.
Taught: Variable, check with department
In-depth study of the major sources of western moral philosophy; representative selections from philosophers of classical times to the present (e.g., Plato, Aristotle, Augustine, Aquinas, Kant, Bentham, Mill, Marx, Dewey, and Sartre).
Repeatable: No

PHI 340 Neuroethics (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of the instructor.
Taught: Variable, check with department
Explores the relationship between neuroscience (and possibly other social and cognitive sciences) and the philosophical study of morality. Topics could include the implications of neuroscience for understanding moral judgment, moral emotions, free will and moral responsibility, the concept of a person, and moral character. Other topics might include ethical issues surrounding the practice and application of neuroscience in social, legal and clinical contexts.
Repeatable: No

PHI 345 Philosophy of Mind (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of the instructor.
Taught: Variable, check with department
This course is designed to examine issues and themes in contemporary philosophy of mind; the relationships among the mind, brain and world; problems concerning intentionality, subjectivity, consciousness, qualia, mental representation, mental causation; and the intersection of psychology, cognitive science, neuroscience, and artificial intelligence with philosophy.
Repeatable: No

PHI 350 Philosophy of Religion (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of the instructor.
Taught: Variable, check with department
Issues in religious philosophy, including the relation between faith and reason, the nature of religious experience, arguments for the existence of God, the problem of evil, and immortality.
Repeatable: No

PHI 355 Socrates and Plato (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of the instructor.
Taught: Variable, check with department
Study of two major formative persons in the development of Western thought and culture. Socrates’ life, trial, death, thought, and significance. Plato on the good, justice, education, knowledge, and reality; the Platonic tradition.
Repeatable: No

PHI 360 Environmental Philosophy (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of the instructor.
Taught: Variable, check with department
In-depth examination of epistemological, ethical, and social questions concerning humanity’s relationship with nature. Selected topics include ecofeminism, religion and ecology, the rights of animals and ecosystems, global warming, obligations to future generations, anthropocentrism and biocentrism, sustainable development, technology and human nature.
Repeatable: No

PHI 370 Religion and Science (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore status or consent of the instructor.
Taught: Spring only - even years
Various approaches to the relationship between religion and science; historical conflict; the developing dialogue between religion and science; cosmology; evolution. The course seeks to introduce dialogue to a wide range of concerns and does not presuppose detailed knowledge of religion or science. The same as REL 370.
Repeatable: No

PHI 371 Death and the Afterlife (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of the instructor.
Taught: Spring only - odd years
Various conceptions of an afterlife (disembodied existence, reincarnation, and resurrection) are examined with regards to the meaning and evidence for the positions. Topics include discussions of personal identity, near death experiences, the nature of consciousness.
Repeatable: No

PHI 380 History of Classical and Medieval Philosophy (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore status or the consent of the instructor.
Taught: Variable, check with department
Western philosophical tradition from the Greeks to the 15th century; birth of scientific explanations; the role of reason; impact of Christianity; influence of seminal thinkers such as Socrates, Plato, Aristotle, the Atomists, Augustine, and Aquinas on political, ethical, religious, and other ideas.
Repeatable: No

PHI 385 History of Modern and Contemporary Philosophy (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore status or consent of the instructor.
Taught: Variable, check with department

Repeatable: No

PHI 393 History of Philosophy (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of the instructor.
Taught: Fall only - even years
A study of the history and development of
significant philosophical ideas, theories and themes. The course could be based on the contributions of influential individual philosophers, important philosophical movements, schools of thought, or the development of significant ideas or themes. Repeatable as topics vary.

Repeatable: Yes
If Repeatable, Max. Credits: 12

**PHI 394 Topics: Philosophy (3 credits)**

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of the instructor.
Taught: Variable, check with department
In-depth examination of a major figure, issue, or school in philosophy. Topic will be announced in Schedule of Classes. May be repeated as topics vary.

Repeatable: Yes
If Repeatable, Max. Credits: 9

**PHI 395 Topics: Philosophy (3 credits)**

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of the instructor.
Taught: Variable, check with department
Individually supervised readings and study of some philosophical work, problem, or tradition. May be repeated as topics vary, but no more than twice.

Repeatable: Yes
If Repeatable, Max. Credits: 9

**PHI 396 Internship: Applied Philosophy (3 credits)**

Hours: 2 classroom + 5 lab/studio
Prerequisite(s): 6 semester hours in philosophy and consent of instructor.
Taught: Variable, check with department
Supervised readings and research carried out in conjunction with practicum, internship, or job in student’s primary area of interest; focus upon philosophical and ethical issues of the work experience.

Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**PHI 491 Philosophy Capstone (0 credits)**

Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Senior status or at least 18 hours in philosophy and consent of instructor.
Taught: Fall and spring
Assessment testing, resume and reflective essays.
To be taken in the Philosophy major’s last semester.
Repeatable: No

**PHI 494 Seminar: Philosophy (3 credits)**

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 6 semester hours in philosophy.
Taught: Variable, check with department
Examination of a selected problem or tradition in philosophy. Offered according to demand and interest of students at discretion of philosophy faculty. May be repeated when topics vary.

Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**PHI 499 Independent Study in Philosophy (1-3 credits)**

Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): 6 semester hours in philosophy and consent of instructor.
Taught: Variable, check with department
Individually supervised readings and study of some philosophical work, problem, or tradition. May be repeated as topics vary.

Repeatable: Yes
If Repeatable, Max. Credits: 12

**PHI 594 Topics: Philosophy (3 credits)**

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 6 semester hours in philosophy or consent of instructor.
Taught: Variable, check with department
In-depth examination of a selected topic in philosophy. May be repeated as topics vary.

Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**PHI 599 Independent Study: Philosophy (3 credits)**

Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 6 semester hours of philosophy or consent of instructor.
Taught: Variable, check with department
Individually supervised readings and study of a selected study in philosophy. May be repeated as topics vary.

Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**PHYSICAL EDUCATION**

**PHE 104 Badminton (1 credit)**

Hours: 0 classroom + 2 lab/studio
Taught: Spring only
Development of skills, knowledge, strategies, and attitudes in the sport of badminton.
Repeatable: Yes
If Repeatable, Max. Credits: 5

**PHE 108 Aerobic Conditioning (1 credit)**

Hours: 0 classroom + 2 lab/studio
Taught: Fall only
This is a physical activity course designed to prepare, motivate, and engage students in various low to medium impact aerobic exercises. Aerobic conditioning is structured to increase cardiovascular fitness through safe and specific body conditioning exercises.
Repeatable: Yes
If Repeatable, Max. Credits: 5

**PHE 110 Golf (1 credit)**

Hours: 0 classroom + 2 lab/studio
Taught: Fall, spring, and summer
Development of skills, knowledge, strategies, and attitudes in specific golf activities.
Repeatable: Yes
If Repeatable, Max. Credits: 5

**PHE 111 Yoga (1 credit)**

Hours: 0 classroom + 2 lab/studio
Taught: Fall and spring
This is a physical activity course designed to familiarize students with the basic postures and breathing techniques of Hatha yoga, including slow stretching and toning activities designed to help release stress while elongating muscles.
Repeatable: Yes
If Repeatable, Max. Credits: 5

**PHE 112 Snow Skiing - Snow Boarding (1 credit)**

Hours: 0 classroom + 2 lab/studio
Taught: Fall and spring
This is a physical activity course designed to instruct students in the fundamentals of snow skiing and snow boarding. The class is conducted at a local snow skiing facility. Students are charged an additional fee that includes rental of ski equipment and use of facilities.
Repeatable: Yes
If Repeatable, Max. Credits: 5

**PHE 114 Karate (1 credit)**

Hours: 0 classroom + 2 lab/studio
Taught: Fall and spring
Development of skills, knowledge, strategies, and attitudes in the sport of karate.
Repeatable: Yes
If Repeatable, Max. Credits: 5

**PHE 118 Swimming (1 credit)**

Hours: 0 classroom + 2 lab/studio
Taught: Fall, spring, and summer
Development of skills, knowledge, strategies, and attitudes in specific swimming activities.
PHE 120 Tennis (1 credit)
Hours: 0 classroom + 2 lab/studio
Taught: Fall, spring, and summer
Development of skills, knowledge, strategies, and attitudes in specific tennis activities.
Repeatable: Yes
If Repeatable, Max. Credits: 5

PHE 122 Volleyball (1 credit)
Hours: 0 classroom + 2 lab/studio
Taught: Fall and spring
Development of skills, knowledge, strategies, and attitudes in the sport of volleyball.
Repeatable: Yes
If Repeatable, Max. Credits: 5

PHE 210 Intermediate Golf (1 credit)
Hours: 0 classroom + 2 lab/studio
Taught: Fall and spring
Refinement of skills, knowledge, strategies, and rules related to intermediate level performance of activities. For students already skilled at the Intermediate level in the activity.
Repeatable: Yes
If Repeatable, Max. Credits: 5

PHE 214 Intermediate Karate (1 credit)
Hours: 0 classroom + 2 lab/studio
Taught: Fall and spring
Refinement of skills, knowledge, strategies, and rules related to intermediate level performance of activities. For students already skilled at the Intermediate level in the activity.
Repeatable: Yes
If Repeatable, Max. Credits: 5

PHE 218 Intermediate Swimming (1 credit)
Hours: 0 classroom + 2 lab/studio
Taught: Fall and spring
Refinement of skills, knowledge, strategies, and rules related to intermediate level performance of activities. For students already skilled at the Intermediate level in the activity.
Repeatable: Yes
If Repeatable, Max. Credits: 5

PHE 220 Intermediate Tennis (1 credit)
Hours: 0 classroom + 2 lab/studio
Taught: Variable, check with department
Refinement of skills, knowledge, strategies, and rules related to intermediate level performance of activities. For students already skilled at the Intermediate level in the activity.
Repeatable: Yes
If Repeatable, Max. Credits: 5

PHE 230 Motor Skill and Fitness Activities for Children (3 credits)
Hours: 1 classroom + 2 lab/studio
Taught: Spring only
Development of skills, knowledge, and strategies in activities developmentally appropriate for elementary physical education programs; movement concepts, fundamental motor skills, body management, rhythmic activities and dance, game skills, and physical fitness concepts and development activities.
Repeatable: Yes

PHE 231 Dance and Rhythmic Activities (3 credits)
Hours: 1 classroom + 2 lab/studio
Taught: Fall only
The focus of this course is to develop an appreciation for the value and benefits for the inclusion of dance and rhythmic activities in the P-12 physical education curriculum, and how to plan, demonstrate, teach, and assess a variety of appropriate dance forms in the elementary, middle grades, and high school physical education programs.
Repeatable: Yes

PHE 234 Team Sports (3 credits)
Hours: 1 classroom + 4 lab/studio
Taught: Fall only
An introduction to the performance and application of skills, knowledge, strategies, tactics, and rules of a variety of team sports (basketball, volleyball, soccer, touch football, lacrosse, ultimate frisbee and strategies to teach these sports using the sport education and tactical game approaches in middle & high school physical education or community programs.
Repeatable: Yes

PHE 235 Individual and Dual Sports (3 credits)
Hours: 1 classroom + 4 lab/studio
Taught: Spring only
An introduction to the knowledge, skills, rules, tactics, and strategies to successfully play a variety of sports (badminton, tennis, golf, Frisbee golf, track & field, bowling, and adventure education activities) strategies to teach and coach these sports & activities in middle school and high school physical education programs, and community sports programs.
Repeatable: No

PHE 250 Physical Education for Elementary Teachers (2 credits)
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): EDU 104.
Taught: Fall, spring, and summer
Content and skills for developing, implementing, and evaluating physical education in the P-5 classroom.
Repeatable: No

PHE 299 Special Topics in Physical Education (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): sophomore standing and/or consent of instructor.
Taught: Fall, spring, and summer
Directed readings, independent research, or other areas of specific or individual academic interest. Not intended to substitute for any course offered on a regular basis. Written agreement between faculty and student must be submitted to department chair within first two weeks of semester; elements of agreement to include purpose, objective, instructional activities, time frame, and evaluation procedure.
Repeatable: Yes
If Repeatable, Max. Credits: 2

PHE 310 Fitness Education for Children and Youth (3 credits)
Hours: 2 classroom + 1 lab/studio
Taught: Fall only
An introduction to developmentally appropriate content, concepts, motivational strategies, teaching and assessment practices and strategies, and physical activities to be used to encourage children and adolescents to regularly participate in physical activity and to achieve and maintain a health level of fitness in school and community programs.
Repeatable: No

PHE 318 Lifeguarding (2 credits)
Hours: 1 classroom + 2 lab/studio
Prerequisite(s): Swimming proficiency test given during first class meeting.
Taught: Fall only
Knowledge and skills designed to save own life or life of another person in event of aquatic emergency; CPR (enhanced first aid instruction) for the professional rescuer. American Red Cross certification awarded to students meeting requirements.
Repeatable: No

PHE 319 Water Safety Instructor (3 credits)
Hours: 2 classroom + 2 lab/studio
Prerequisite(s): Must pass American Red Cross
Level 4 swimming skills test.
Taught: Fall and spring
Knowledge, skills, and methodology necessary to teach swimming and water safety skills. American Red Cross Certification for water safety instructor, and first aid/CPR awarded to those students who meet requirements.
Repeatable: No

**PHE 390 Practicum in Recreational Leadership (3 credits)**
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): Junior standing.
Taught: Fall, spring, and summer
The focus of this course is to provide students with supervised practical experiences in which they will work in recreational programs on and off campus. Students will gain an understanding and experience how a recreation center functions and how programs are planned, organized, publicized, and implemented.
Repeatable: Yes
If Repeatable, Max. Credits: 15

**PHE 470 Teaching Methods for Physical Education (4 credits)**
Hours: 2 classroom + 2 lab/studio
Prerequisite(s): EDU 311, KIN 200, KIN 330, PHE 230, PHE 231, PHE 234, PHE 235, PHE 310.
Corequisite(s): PHE 491.
Taught: Spring only
Development of Knowledge, teaching skills and strategies necessary for effective teaching in physical education P-12, and Kentucky Initial Teacher Standards.
Repeatable: No

**PHE 490 Field Experiences in Elementary Physical Education (2 credits)**
Hours: 0 classroom + 1 lab/studio
Prerequisite(s): PHE 470.
Taught: Fall only
Field experiences of supervised practice teaching in an elementary school setting.
Repeatable: No

**PHE 491 Field Experiences in Middle School and Secondary Physical Education (1 credit)**
Hours: 0 classroom + 1 lab/studio
Taught: Spring only
Supervised practice teaching experience in a middle school and/or high school setting. Integrated with methods course.
Repeatable: No

**PHE 492 Internship in Recreation Leader (12 credits)**
Hours: 0 classroom + 12 lab/studio
Prerequisite(s): PHE 390.
Taught: Fall, spring, and summer
The focus of this internship is for students to gain professional experience in a supervised recreational setting in the community to prepare for work in a professional setting. Students will work with the program supervisor to determine the type of setting that will best prepare him/her for their professional goals.
Repeatable: Yes
If Repeatable, Max. Credits: 15

**PHE 494 Special Topics in Physical Education (1-3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior or senior standing.
Taught: Variable, check with department
Directed readings, independent research, or other areas of specific or individual academic interest.
Not intended to substitute for any course offered on a regular basis. Written agreement between faculty and student must be submitted to department chair within first two weeks of semester; elements of agreement to include purpose, objective, instructional activities, time frame, and evaluation procedure.
Repeatable: Yes
If Repeatable, Max. Credits: 15

**PHE 499 Special Topics in Physical Education (1-3 credits)**
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Junior or senior standing.
Taught: Variable, check with department
Directed projects, readings, and discussion for students interested in physics as a major or a minor. Does not meet general education requirement in natural sciences.
Repeatable: No
General Education Credit: Natural Science

**PHY 100 Science, Engineering, and Design (1 credit)**
Hours: 1 classroom + 0 lab/studio
Taught: Fall only
Course designed for students who wish to pursue a course of study in a field of science or pre-engineering at NKU. Topics will include career information, career and college success skills, and an introduction to design.
Repeatable: No

**PHY 101 Einstein 101 - NS (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MAHD 099 or placement.
Taught: Fall and spring
Introduction to concepts in modern physics by studying the work and life of Albert Einstein. Theories to be covered include special and general relativity, photoelectric effect, quantum mechanics, and Brownian motion. Assumes knowledge of elementary algebra and graphing techniques.
Repeatable: No
General Education Credit: Natural Science

**PHY 110 Introduction to Physics with Laboratory - SL (4 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MAHD 099 or placement.
Taught: Fall, spring, and summer
Conceptual physics for nonscience majors. Using guided inquiry activities to teach basic principles and their applications. Topics chosen from among: nature of physics as a science, mechanics, wave motion, light, heat, electricity, and the atom.
Assumes knowledge of elementary algebra.
Repeatable: No
General Education Credit: Natural Science

**PHY 150 Current Topics in Physics (3 credits)**
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Directed projects, readings, and discussion for students interested in physics as a major or a minor. Does not meet general education requirement in natural sciences.
Repeatable: No

**PHY 161 Circuit Analysis (3 credits)**
Hours: 2 classroom + 2 lab/studio
Prerequisite(s): MAHD 099 or ACT Math 22 or higher.
Taught: Fall and spring
Basic laws and theories, voltages, current, power, and resistance; resistive circuits in direct current circuits; analysis and applications. Mesh and node equations used in circuit analysis.

Repeatable: No

PHY 211 General Physics with Laboratory I - SL (5 credits)
Hours: 4 classroom + 2 lab/studio
Prerequisite(s): MAT 119 or a minimal math ACT score of 25 or equivalent placement.
Taught: Fall and spring
Noncalculus introduction to classical physics using guided inquiry activities. Topics include kinematics, forces and Newton's Laws of Motion, circular motion, work and energy, momentum, rotational motion, static equilibrium, and fluids. Assumes knowledge of algebra and basic trigonometry.
Repeatable: No
General Education Credit: Natural Science

PHY 213 General Physics with Laboratory II (5 credits)
Hours: 4 classroom + 2 lab/studio
Prerequisite(s): PHY 211.
Taught: Fall and spring
Noncalculus introduction to classical physics using guided inquiry activities. Continuation of PHY 211. Topics include oscillations, waves, sound, geometrical optics, physical optics, fluids, and thermodynamics.
Repeatable: No

PHY 220 University Physics with Laboratory I - SL (4 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite OR Co-requisite: MAT 129 or MAT 227, and C- or better in PHY 220.
Taught: Fall and spring
Calculus-based introduction to classical physics using guided inquiry activities. Topics include forces and fields, DC circuits, magnetic forces and fields, AC circuits, geometrical optics, and physical optics.
Repeatable: No
General Education Credit: Natural Science

PHY 222 University Physics with Laboratory II (4 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): C- or better in PHY 220.
Prerequisite OR Co-requisite: MAT 229 or MAT 228.
Taught: Fall only
Calculus-based introduction to classical electromagnetic theory using guided inquiry activities. Topics include electric forces and fields, DC circuits, magnetic forces and fields, AC circuits.
Repeatable: No

PHY 224 University Physics with Laboratory III (4 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): MAT 129 and "C-" or better in PHY 220.
Taught: Spring only
Calculus-based introduction to classical physics using guided inquiry activities. Topics include oscillations, waves, sound, geometrical optics, physical optics, fluids, and thermodynamics.
Repeatable: No

PHY 292 Research Experience in Physics (0 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor and department chair.
Taught: Fall, spring, and summer
Original research work directed by one or more members of the physics faculty. May be taken more than once. Pass/fail grade only.
Repeatable: Yes
If Repeatable, Max. Credits: 0.5

PHY 294 Topics: Physics (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Consent of department chair.
Taught: Variable, check with department
Special topics in physics.
Repeatable: Yes
If Repeatable, Max. Credits: 12

PHY 300 Intermediate Physics Laboratory (2 credits)
Hours: 0 classroom + 4 lab/studio
Co-requisite(s): PHY 361.
Taught: Fall only
A selection of experiments in classical and modern physics. Topics include but are not limited to properties of light, quantization of charge, and atomic structure.
Repeatable: No

PHY 301 Advanced Physics Laboratory (2 credits)
Hours: 0 classroom + 4 lab/studio
Prerequisite(s): PHY 300.
Taught: Spring only
A selection of advanced experiments in classical and modern physics. Topics are selected from thermodynamic properties of matter, nuclear structure, particle physics, and advanced optics.
Repeatable: No

PHY 305 Statics (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MAT 228 or MAT 229, and C- or better in PHY 211 or PHY 220.
Taught: Fall only
Force on bodies at rest; vector algebra; force systems; equivalent force systems; distributed forces; internal forces; principles of equilibrium; application to trusses, frames, and beams; friction.
Repeatable: No

PHY 310 Dynamics (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in PHY 220.
Prerequisite OR Co-requisite: MAT 325.
Taught: Spring only
Particle dynamics in one, two, and three dimensions; applications of mathematics to mechanical systems; theory of small oscillations; rigid-body dynamics.
Repeatable: No

PHY 315 Introduction to Astrophysics (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MAT 129 or MAT 227, and C- or better in PHY 213 or PHY 222.
Taught: Variable, check with department
Quantitative application of physical principles to subjects of astronomical interest, such as the interaction of radiation with matter, analysis of stellar atmospheres, origin and evolution of the elements, and cosmology.
Repeatable: No

PHY 320 Physical Optics (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MAT 228 or MAT 229, and C- or better in PHY 224.
Taught: Variable, check with department
Nature of light; interference; diffraction; polarization.
Repeatable: No

PHY 330 Mathematical Physics (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in MAT 325.
Taught: Fall only
Fourier series; orthogonal expansions; eigenvalue problems; boundary value problems in ordinary and partial differential equations.
Repeatable: No

PHY 360 Thermodynamics (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in PHY 224.
PHY 361 Modern Physics I (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MAT 129 or MAT 227, and C- or better in PHY 213 or PHY 224.
Co-requisite(s): PHY 300.
Taught: Fall only
Introduction to concepts of modern physics; relativity, quantization of charge, black-body radiation, photoelectric effect, X-ray and Compton scattering, atomic models of Rutherford and Bohr, wave properties of matter, the Schrodinger equation, and atomic physics.
Repeatable: No

PHY 362 Modern Physics II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PHY 361 or CHE 361.
Taught: Spring only
Graphs of thermodynamic properties. Refrigeration cycles; extensive use of tables and systems, open systems, power cycles, and approximation, and many electron atoms.
Repeatable: No

PHY 392 Directed Research: Physics (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Variable, check with department
Supervised research in an area of physics currently under investigation by one or more members of the physics faculty.
Repeatable: Yes
If Repeatable, Max. Credits: 9

PHY 393 Topics: Physics (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
In-depth study of specialized topics in physics. Repeatable for a maximum of 9 semester hours when topic varies. Offered on demand.
Repeatable: Yes
If Repeatable, Max. Credits: 9

PHY 396 Undergraduate Laboratory Assistant (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Physics GPA of at least 3.00, junior standing and consent of instructor.
Taught: Variable, check with department
Participation in planning, setting-up, teaching, conducting reviews, and testing for an undergraduate laboratory course. For students majoring in physics. Not applicable to major or minor.
Repeatable: Yes
If Repeatable, Max. Credits: 6

PHY 397 Special Projects: Physics (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Taught: Variable, check with department
Completion of an independent project involving either the development of an advanced laboratory experiment or the construction of a working prototype (or detailed conceptual design) of an operational device.
Repeatable: Yes
If Repeatable, Max. Credits: 6

PHY 399 Readings in Physics (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Taught: Variable, check with department
Current literature.
Repeatable: Yes
If Repeatable, Max. Credits: 6

PHY 405 Classical Mechanics (3 Credits)
Hours: 4 classroom + 0 lab/studio
Prerequisite OR Co-requisite: PHY 220 and MAT 325.
Taught: Variable, check w/dept
Central forces, planetary motions, calculus of variations, Lagrangian mechanics, Hamiltonian mechanics, oscillations and normal modes(coupled harmonic oscillator, coupled pendulum, particles on a string), dynamics of rigid bodies, motion in a non-inertial reference frame, kinematics in two particle collisions.
Repeatable: No

PHY 410 Electromagnetic Theory (4 credits)
Hours: 4 classroom + 0 lab/studio
Prerequisite(s): MAT 329, MAT 325, MAT 330, and C- or better in PHY 222.
Taught: Variable, check with department
Development of Maxwell’s equations; their application to electrostatics, magnetostatics, and electromagnetic radiation.
Repeatable: No

PHY 420 Modern Physics II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in PHY 361.
Taught: Variable, check with department
Applications and advanced topics in modern physics: statistical physics, molecular structure and spectra, solid-state physics, nuclear physics, particle physics, and cosmology.
Repeatable: No

PHY 460 Quantum Mechanics (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): MAT 325 and C- or better in PHY 361 or CHE 361.
Taught: Variable, check with department
Principles of quantum mechanics; operator methods and their application to the hydrogen atom, spin, and angular momentum. Other topics selected from quantum statistics, variational techniques and perturbation theory, WKB approximation, and many electron atoms.
Repeatable: No

PHY 492 Undergraduate Research: Physics (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): 8 semester hours of 300-level physics courses or above.
Taught: Variable, check with department
Supervised research in an area of physics currently under investigation by one or more members of the physics faculty.
Repeatable: Yes
If Repeatable, Max. Credits: 9

PHY 494 Physics Seminar (1 credit)
Hours: 1 classroom + 0 lab/studio
Prerequisite(s): 20 semester hours of physics courses.
Taught: Spring only
Techniques to search and report on research articles in physics. A written report and an oral presentation are required.
Repeatable: No

POLITICAL SCIENCE

PSC 100 American Politics - SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
National government in the U.S.; decision making process, government structure, politics.
Repeatable: No
General Education Credit: Individual and Society

PSC 100H American Politics - SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ACT score of 24 or greater.
Taught: Fall and spring
American Politics is a course that explores how national politics in the United States works. Many journalistic accounts of American politics emphasize unsupported opinions and questionable assumptions. In this class, we will examine American politics based not on these opinions and assumptions, but instead on testable theories and verifiable facts. This approach, while not as flashy as what you’re likely to see on MSNBC or Fox News, will lead to a fuller and deeper understanding of the American political process.
Repeatable: No
General Education Credit: Individual and Society
PSC 101 State and Local Politics - SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Policy making processes in U.S. state governments, Kentucky state and local governments.
Repeatable: No
General Education Credit: Individual and Society

PSC 102 Comparative Politics - AH (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Analysis of political systems using the comparative approach to political processes and behavior.
Repeatable: No
General Education Credit: Global Viewpoints

PSC 103 International Politics - AH (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Fundamental factors governing international politics.
Repeatable: No
General Education Credit: Global Viewpoints

PSC 103H Honors International Politics (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Fundamental factors governing international politics.
Repeatable: No
General Education Credit: Global Viewpoints

PSC 110 Political Ideas (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Trends and ideas that have helped shape Western political heritage.
Repeatable: No
General Education Credit: Global Viewpoints

PSC 110H Political Ideas - AH (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Trends and ideas that have helped shape Western political heritage.
Repeatable: No
General Education Credit: Global Viewpoints

PSC 204 Introduction to the Law (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103 or PSC 110.
Taught: Variable, check with department
Various approaches to law, including philosophical, sociological, political, and historical; elements of legal reasoning; institutions, functions, and effects of law in American society.
Repeatable: No

PSC 215 Scope and Methods (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 3 semester hours of introductory political science courses.
Taught: Fall only
Philosophical foundations of political analysis; various methodologies and quantitative techniques; nature of the role of the political scientist.
Repeatable: No

PSC 301 American Political Institutions (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103 or PSC 110.
Taught: Spring only
In this course, we will be examining the structure and function of the legislative, executive, and judicial branches of the United States government.
Repeatable: No

PSC 305 The Judicial Process (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103 or PSC 110.
Taught: Variable, check with department
A systems approach to the behavior of actors in the federal judiciary.
Repeatable: No

PSC 307 Constitutional Law (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103 or PSC 110.
Taught: Fall and spring
Major constitutional issues studied through decisions of the Supreme Court.
Repeatable: No

PSC 308 Civil Liberties (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103 or PSC 110.
Taught: Fall and spring
Equal protection under the law; criminal due process, First Amendment freedoms studied through case methods.
Repeatable: No

PSC 310 Political Behavior (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103 or PSC 110.
Taught: Fall only

PSC 315 Political Parties and Interest Groups (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103 or PSC 110.
Taught: Spring only-even yrs
Repeatable: No

PSC 312 Modern Ideologies (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103 or PSC 110.
Taught: Fall only
Major political ideologies of the 20th and 21st centuries: liberal democratic capitalism, democratic socialism, fascism, and communism; role of propaganda and political socialization in dissemination of ideological values; relationships among ideology, nationalism, and revolution.
Repeatable: No

PSC 319 Public Opinion (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103, or PSC 110.
Taught: Spring only-odd yrs
The purpose of this class is to examine American public opinion and its role in American politics. Public opinion serves as a foundation of survey research and understanding of American political moods.
Repeatable: No

PSC 320 American Politics in Film (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103 or PSC 110.
Taught: Summer only
Role of films in shaping public agendas, enhancing awareness of public issues; effect of films on public understanding of political processes and problems; examination of accuracy and bias of political messages in films.
Repeatable: No
PSC 322 International Politics in Film (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103 or PSC 110.
Taught: Summer only
Role of films in examining global relations, enhancing awareness of global issues; effect of films on public understanding of political processes and problems; examination of accuracy and bias of political messages in films.
Repeatable: No

PSC 330 Politics of Europe (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103 or PSC 110.
Taught: Spring only-odd yrs
Organization and functioning of modern European political systems, especially Great Britain, France, Germany, and Italy.
Repeatable: No

PSC 335 Politics of Latin America (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103 or PSC 110.
Taught: Fall only-even years
Comparative analysis of selected republics, especially Argentina, Brazil, Chile, Peru, and Venezuela.
Repeatable: No

PSC 340 Politics of Development (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103 or PSC 110.
Taught: Fall only-even years
This course explores the political, economic, and social challenges of Third World development. It covers a wide range of contemporary issues affecting developing countries, and focuses especially on aid and development policies aimed at reducing poverty and underdevelopment. In a world where 840 million people are malnourished, where nearly 1.3 billion people live on less than a dollar per day, and where dozens of countries constitute "failed states," the development challenges faced by Third World areas are unquestionably one of the most important public policy concerns of our time.
Repeatable: No

PSC 350 Using Civilization to Understand IR (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Introductory-level PSC course. PSC 100, PSC 101, PSC 102, PSC 103 or PSC 110.
Taught: Summer only
Using the computer simulation Sid Meyer's Civilization to understand international relations issues, including factors that affect decision making; levels of analysis from which decisions are made; implications of diplomatic choices and policy making.
Repeatable: No

PSC 366 Politics of Africa (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103 or PSC 110.
Taught: Spring only-even yrs
A comprehensive Introduction to the theory, practice and reality of Government and Politics in Africa. The major intent is to help the student to better grasp and comprehend the structure, function and nature of government and politics in Africa from colonialism to the present, as well as the policies resulting and their impact on the African polity and the greater international community.
Repeatable: No

PSC 370 Ancient Political Theory (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103 or PSC 110.
Taught: Spring only-even yrs
Nature of political life; basic questions examined through close reading of original works of early Greek and Christian thinkers.
Repeatable: No

PSC 372 Modern Political Theory (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103 or PSC 110.
Taught: Spring only
Renaissance through Industrialization, considering thought on power, natural rights, the social contract, liberal democracy, utilitarianism, communism, and arguably the roots of feminism.
Repeatable: No

PSC 373 Contemporary Political Theory (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Introductory-level PSC course.
Taught: Fall only
This course emphasizes the changes in political theory in the 20th century, following Nietzsche’s criticism of the Enlightenment. The course focuses on the transformation of Enlightenment themes like power, modernity, gender, labor, and class.
Repeatable: No

PSC 375 Perspectives on Law (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103 or PSC 110.
Taught: Variable, check with department
This course is an introduction to contemporary theories of the law and legality. The course deals with the concept of law or legal authority. The course contains three areas: the notion of jurisprudence; the broader implications of how claims to authority are made good through legality; and obligation to the law.
Repeatable: No

PSC 380 Politics of the Middle East (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103 or PSC 110.
Taught: Fall only-odd years
Context in which Middle Eastern politics evolved; organization and functioning of modern Middle Eastern political systems; factors affecting ideological and political trends in the region.
Repeatable: No

PSC 388 Politics of Asia (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103 or PSC 110.
Taught: Fall only-even years
Examines the politics, governments, economy, security issues, and history of Asia; particular focus on East Asia’s rapid growth.
Repeatable: No

PSC 394 Topics: Politics (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103 or PSC 110.
Taught: Variable, check with department
Topics vary from semester to semester. See Schedule of Classes for topic and prerequisites.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

PSC 400 State Governance and Engagement (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103 or PSC 110.
Taught: Variable, check with department
State and local government structure and the role of the citizen in these institutions.
Repeatable: No

PSC 403 Politics in Action (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103 or PSC 110.
PSC 405 Politics of Money (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103 or PSC 110.
Taught: Spring only-odd yrs
Description: How and why the federal government creates, collects and spends money. Critical analysis of the passage, implementation, and effectiveness of national legislation and programs.
Repeatable: No

PSC 410 International Political Economy (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103 or PSC 110.
Taught: Spring only
Description: Interaction between politics and economics at the domestic and international levels; process leading to national and international distribution of wealth and economic development.
Repeatable: No

PSC 415 United States Foreign Policy (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103 or PSC 110.
Taught: Fall only-eve yrs
Description: The historical setting, foreign policy process models, institutions and actors that influence United States foreign policy, emerging and enduring issues addressed by states.
Repeatable: No

PSC 425 Sex in Global Society (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103, PSC 110 or any WGS course.
Taught: Fall only-eve yrs
Description: Dynamics, institutions, actors, and policies that shape gender stereotypes, identity, and movements across cultures and regions of the world, serving to subordinate women. Topics include sexuality, economic issues, political and legal systems, globalization factors, and religion.
Repeatable: No

PSC 430 Politics and the Media (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103 or PSC 110.
Taught: Spring only-yea yrs
Description: Impact of media on political process in the United States; structure and ownership of mass media; mass media and political behavior; role of the media in campaigns, elections and policy making.
Repeatable: No

PSC 440 Politics of Food (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103 or PSC 110.
Taught: Fall only-odd yrs
Description: The political implications of the food we eat and how the choices we make can both define and dictate political policies.
Repeatable: No

PSC 445 Sustainability (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103 or PSC 110.
Taught: Spring only-odd yrs
Description: Covers topics to raise awareness of the connections between individuals and the greater world around them to address the consequences of capitalism, including the hazards of resource depletion, increasing amounts of waste, and environmental degradation.
Repeatable: No

PSC 450 Democratization (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103, or PSC 110.
Taught: Fall only
Description: This class provide students with a general understanding of democratic regimes and their development over time and space.
Repeatable: No

PSC 460 Globalization (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103 or PSC 110.
Taught: Fall only
Description: Understanding the interdependent nature of relations in the world by examining the dynamic transnational forces of culture, ideology, identity, geography, history, religion, social relations, and economics.
Repeatable: No

PSC 465 Democratization (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103, or PSC 110.
Taught: Fall only
Description: This course is an investigation into the causes and correlates of conflict in our time, and how fighting these conflicts has changed over time. The course begins just prior to the year 1648, with the advent of the modern nation-state system, and unfolds to the present days of the "New World disorder," with the occurrence of acts of political terrorism.
upon American soil.
Repeatable: No

**PSC 496 Internship in Political Science (1-15 credits)**
Hours: 0 classroom + 0 lab/studio
Taught: Fall, spring, and summer
Students may enroll for real-world experiential credit with public or private hosts. Students must have the consent of Internship Coordinator.
Repeatable: No

**PSC 499 Readings and Practica for Seniors (1-3 credits)**
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Consent of program director.
Taught: Fall, spring, and summer
Specialized reading or primary research interests completed through independent study at the direction of a specific instructor. May be repeated as projects vary.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**POPULAR CULTURE**

**POP 205 Introduction to Popular Culture - AH (3 credits)**
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Major areas of popular culture studies; values and attitude expressed in and passed on by activities, objects and entertainment forms of popular culture.
Repeatable: No
General Education Credit: Culture and Creativity

**POP 250 International Popular Culture - AH (3 credits)**
Hours: 3 classroom + 0 lab/studio
Taught: Fall only
In-depth study of international and/or global aspects of everyday life and popular culture: consumer culture, mass media, entertainment, migration, technology, etc. May focus on a country or a region.
Repeatable: No
General Education Credit: Culture and Creativity

**POP 305 Black Popular Culture (3 credits)**
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Historical and contemporary examination of Black popular culture in the United States. Influence on American popular culture in general. Relationship of race, ethnicity, gender, and class.
Repeatable: No

**POP 333 Popular Music and Contemporary Society (3 Credits)**
Hours: 3 classroom + 0 lab/studio
Taught: Fall and Spring
Exploration of examples of popular music from the 1950s to the present day and its impact on society. Influence of popular music and performing artists on history and cultural trends.
Repeatable: No

**POP 345 Japanese Popular Culture (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): POP 205 or JPN 101 or consent of instructor.
Taught: Variable, check with department
Postwar Japanese society and culture; beliefs and values, gender roles, daily experience, popular and entertainment forms.
Repeatable: No

**POP 369 Folklore and Pop Culture (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Communication course.
Taught: Fall and spring
Theoretical and academic context of folklore and popular culture, their symbiotic relationship and impact on each other, creativity in our mass mediated world.
Repeatable: No

**POP 394 Topics: Popular Culture (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Varies according to topic.
Taught: Variable, check with department
Focused study of a specific and significant topic concerning popular culture. Topics vary from semester to semester.
Repeatable: Yes
If Repeatable, Max. Credits: 6

**POP 494 Topics: Popular Entertainment (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Communication course.
Taught: Fall and spring
Study of popular entertainment forms, leisure activities, and events in the U.S. and the world, past and present, such as television, concerts, sports, fandom, etc. Topics vary from semester to semester. May be repeated once if topics differ.
Repeatable: Yes
If Repeatable, Max. Credits: 6

**POP 495 Study Abroad (1-3 credits)**
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Varies by topic.
Taught: Variable, check with department
Varies by topic. Course includes a classroom portion and a trip abroad.
Repeatable: Yes
If Repeatable, Max. Credits: 12

**POP 499 Independent Study (1-3 credits)**
Hours: 0 classroom + 0 lab/studio
Taught: Variable, check with department
Individually supervised work involving reading, research, and/or production in a specified area of interest. Topic selected before registration in conference with instructor.
Repeatable: No

**PSYCHOLOGY**

**ARP 505 Drug Policy (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100 and junior standing or consent of instructor.
Taught: Variable, check with department
Critical examination of historic and contemporary drug policies in the U.S. and other countries. Political, economic, social, and psychological effects of drug policies, with emphasis on empirical evidence regarding the relative effectiveness of the policies. Policies on both legal and illegal drugs are covered.
Repeatable: No

**ARP 510 Psychopharmacology (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100 and junior standing or consent of instructor.
Taught: Spring only
Detailed analysis of how psychotherapeutic and recreational drugs affect the brain and behavior. Introduction to central nervous system structure and function, the biological basis of drug action in the brain, and the behavioral, clinical, and side-effect profiles of psychoactive drugs.
Repeatable: No

**ARP 511 Neurobehavioral Mechanisms of Addiction (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 510 and junior standing or consent of instructor.
Taught: Variable, check with department
Repeatable: No
ARP 520 Researching Substance Use
Treatment (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100 and junior standing or consent of instructor.
Taught: Variable, check with department
Critical examination of historic and contemporary drug policies in the U.S. and other countries. Political, economic, social, and psychological effects of drug policies, with emphasis on empirical evidence regarding the relative effectiveness of the policies. Policies on both legal and illegal drugs are covered.
Repeatable: No

ARP 592 Research Project in Addictions (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 9 hours of Addictions Research and Practice coursework and junior standing or consent of instructor.
Taught: Variable, check with department
Review of scientific literature on an addiction research topic and preparation of a proposal for a research study on a topic relevant to the student’s interests. A written proposal and public presentation to a faculty committee is required.
Repeatable: Yes
If Repeatable, Max. Credits: 6

ARP 594 Topics: Addictions Research (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100 and junior standing or consent of instructor.
Taught: Variable, check with department
Overview of research findings in personality psychology; emphasis on empirically supported conclusions regarding personality.
Repeatable: No

PSY 200 Psychology of Personal Adjustment (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100.
Taught: Variable-check w/dept.
Personal growth and development including personal health; stress management; values clarification; moral dilemmas; interpersonal relations; social problems; career development.
Repeatable: N
PSY 210 Research Methods and Lab (5 credits)
Hours: 4 classroom + 2 lab/studio
Prerequisite(s): PSY 100 and C- or better in STA 205.
Co-requisite(s): PSY 210R.
Taught: Fall and spring
Experimental and other research methods in psychological research. Includes laboratory experience with use of computers and other tools involved in psychological research: information gathering, analysis, and communication; library searching, writing in APA style, collecting and analyzing data. Credit is not given for both PSY 210 and PSY 211 and/or PSY 212.
Repeatable: No

PSY 210R Career Planning for Psychology Majors (1 credit)
Hours: 1 classroom + 0 lab/studio
Co-requisite(s): PSY 210.
Taught: Fall and spring
Assessment of individual values, interests, and abilities; investigation of psychology-related vocations; planning and decision-making skills regarding future careers.
Repeatable: No

PSY 211 Research Methods A (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100 or C- or better in STA 205.
Taught: Fall and spring
Includes material covered in PSY 210, examination of experimental and other research methods in psychological research. Credit is not given for both PSY 210 and 211.
Repeatable: No

PSY 212 Research Methods B (2 credits)
Hours: 1 classroom + 2 lab/studio
Prerequisite(s): C- or better in PSY 211.
Taught: Fall and spring
Includes material covered in PSY 210, laboratory experience using computers and other tools in all phases of psychological research: information gathering, analysis, and communication; techniques of library searching, elements of writing in APA style, collecting and analyzing data. Credit is not given for both PSY 210 and 212.
Repeatable: No

PSY 300 Personality Psychology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100.
Taught: Fall and spring
Overview of research findings in personality psychology.
Repeatable: N

PSY 301 Evolutionary Psychology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100.
Taught: Variable, check with department
Human nature from the perspective of biological evolution; natural history of species; altruism and cooperation; aggression, warfare, deception and prejudice; morality; mating strategies; cognition, perception, and learning.
Repeatable: No

PSY 302 The Human Side of Work (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100.
Taught: Variable-check w/dept.
Psychology of work behavior; interpersonal relations and organizational effectiveness; communication, morale, stress, leadership styles, values, ethics, problem solving techniques, and cross cultural aspects of the work experience. The approach to learning is experiential and may include some field assignments.
Repeatable: No

PSY 304 Consumer Psychology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100.
Taught: Fall and spring
Psychological methods and concepts used to understand, explain, and predict the dynamics underlying, influencing, and determining consumer behavior; research methodology, individual and group influences, product attributes, promotional techniques, and consumer decision making.
Repeatable: No
PSY 305 Psychological Testing & Measurement (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100 and STA 205 or equivalent, PSY 210 or equivalent.
Taught: Fall and spring
Basic principles, applications, and issues as related to psychological testing and assessment; review and evaluation of widely used tests in major areas of application: intelligence, personality, achievement, aptitude, and vocational.
Repeatable: No

PSY 309 Psychology of Perception (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100.
Taught: Variable, check with department
Current theories and research in understanding visual perception of color, movement, and illusions; perception in other sensory modalities.
Repeatable: No

PSY 311 Biopsychology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100.
Taught: Fall and spring
Basic assumptions, theories, and empirical data relating neurobiological mechanisms and psychological processes of behavior; structural functional relationship of parts of the nervous system and their role in behavior.
Repeatable: No

PSY 311L Biopsychology Laboratory (2 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100 or equivalent.
Taught: Fall and spring
Laboratory to accompany PSY 311.
Repeatable: No

PSY 315 Psychology of Human Sexuality (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100.
Taught: Variable-chck w/dept.
A survey in human sexuality focusing on biological, psychological, behavioral, and developmental issues. Sexual attitudes, values, and gender issues also addressed. Explicit content.
Repeatable: No

PSY 321 Lifespan Development (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100.
Taught: Fall and spring
Psychological theory and research on developmental and individual differences across the lifespan in physical, cognitive, personality, and social domains; biological, psychosocial, cultural, and contextual influences on development are also examined. Students with credit for PSY 220, PSY 319, and/or PSY 320 cannot receive credit for PSY 321.
Repeatable: No

PSY 321L Developmental Science Laboratory (2 credits)
Hours: 1 classroom + 2 lab/studio
Prerequisite(s): C- or better in PSY 210 or equivalent.
Prerequisite OR Co-requisite: PSY 321 or equivalent.
Taught: Variable, check with department
Laboratory to accompany PSY 321.
Repeatable: No

PSY 323 Abnormal Psychology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100.
Taught: Fall and spring
Symptoms, causes, and treatment of major mental disorders; research methods in psychopathology.
Repeatable: No

PSY 330 Behavior Modification (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100.
Taught: Fall only
Introduction to applied behavior analysis; the use of operant and classical conditioning to analyze and change behavior.
Repeatable: No

PSY 332 Cognitive Processes (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100.
Taught: Fall and spring
Cognitive methodology, theory, and empirical basis of the scientific study of human memory and information processing; thinking; problem solving; concept formation.
Repeatable: No

PSY 333 Animal Learning (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100.
Taught: Fall and spring
Behavioral methodology, theory, and empirical basis of the scientific study of learning; classical and instrumental conditioning, discrimination and generalization, and the role of reward, punishment, and other motivational variables.
Repeatable: No

PSY 334 Industrial/Organizational Psychology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100.
Taught: Fall and spring
Psychological principles in business and industry; motivation, job satisfaction, leadership and communication theory, organizational structure, performance appraisal, personnel testing and selection, training, workplace design, and work environment.
Repeatable: No

PSY 337 Animal Learning (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100.
Taught: Fall and spring
Behavioral methodology, theory, and empirical basis of the scientific study of learning; classical and instrumental conditioning, discrimination and generalization, and the role of reward, punishment, and other motivational variables.
Repeatable: No

PSY 338 Cognitive Processes (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100.
Taught: Fall and spring
Cognitive methodology, theory, and empirical
basis of the scientific study of human memory and information processing; thinking; problem solving; concept formation.
Repeatable: No

PSY 338L Cognitive Processes Laboratory (2 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in PSY 210 or equivalent.
Prerequisite OR Co-requisite: PSY 338 or equivalent.
Taught: Fall only
Laboratory to accompany PSY 338.
Repeatable: No

PSY 340 Social Psychology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100.
Taught: Fall and spring
Social perception and social influences on behavior; attribution, attitudes, attraction, aggression, pro-social behavior, compliance, and small groups.
Repeatable: No

PSY 340L Social Psychology Laboratory (2 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 210 or equivalent and PSY 340.
Taught: Fall and spring
Laboratory to accompany PSY 340.
Repeatable: No

PSY 344 Industrial/Organizational Psychology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100.
Taught: Fall and spring
Psychological principles in business and industry; motivation, job satisfaction, leadership and communication theory, organizational structure, performance appraisal, personnel testing and selection, training, workplace design, and work environment.
Repeatable: No

PSY 345 Human Factors Psychology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100.
Taught: Variable, check with department
Humans in the design of manmade objects, facilities, and environments; the human as a system component, human capabilities and limitations, controls and displays, design of aerospace and surface vehicles, and designing for
the handicapped.
Repeatable: No

**PSY 350 Training Group Theory and Laboratory Method (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100.
Taught: Variable, check with department
Small groups and development of interpersonal effectiveness; individual and group roles; resolution of conflicts; interpersonal trust; helping relationships. Graded pass/fail.
Repeatable: No

**PSY 370 Humanistic Psychology (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100.
Taught: Variable, check with department
Humanistic psychology in historical context; Greek, Renaissance, and modern developments; comparison with psychoanalysis and behaviorism; major theories of Allport, Fromm, Maslow, Jung, Rogers, Frankl, and Perls; central themes; experience, identity, meaning, freedom, responsibility, and growth in psychology.
Repeatable: No

**PSY 405 Counseling Psychology (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100 and junior standing.
Taught: Variable, check with department
Techniques of counseling; skills necessary in therapeutic interviewing; selection, application, and evaluation of appropriate goals, strategies, and tactics of counseling.
Repeatable: No

**PSY 410 Advanced Research Methods in Psychology (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100 and junior standing.
Taught: Variable, check with department
Extends the discussion of applying experimental (factorial design) and nonexperimental (correlation / regression) methods to research in psychological science. Incorporates the concepts of effect size, margin of error, and confidence intervals and their interpretation to investigate contemporary problems in psychology.
Repeatable: No

**PSY 465 Health Psychology (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100 and junior standing.
Taught: Fall and spring
Guided readings, discussions, and evaluations of scientific literature on health and health related behaviors; understanding psychological, social, and biological determinants of health; multidisciplinary focus.
Repeatable: No

**PSY 465L Health Psychology Laboratory (2 credits)**
Hours: 1 classroom + 2 lab/studio
Prerequisite(s): C- or better in PSY 210 or equivalent.
Prerequisite OR Co-prerequisite: PSY 465 or equivalent.
Taught: Variable, check with department
Laboratory to accompany PSY 465.
Repeatable: No

**PSY 492 Research: Psychology (1-3 credits)**
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): consent of instructor and psychology chair prior to registration.
Taught: Fall and spring
Individually supervised research in an area of faculty expertise; readings, design, data collection, analyses, report writing or presentation of findings. Specific activities assigned by instructor. Up to 3 semester hours may be earned per semester; no more than 6 semester hours of PSY 492 and/or PSY 499 may be applied toward certification of the major.
Repeatable: Yes
If Repeatable, Max. Credits: 6

**PSY 494 Topics: Psychology (1-3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100 and consent of instructor.
Taught: Fall and spring
Seminar course; topic listed in Schedule of Classes each semester. May be repeated for credit when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**PSY 495 Study Abroad in Psychology (1-3 credits)**
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Study abroad course; topic listed in Schedule of Classes when course is offered. May be repeated for credit when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**PSY 496 Applied Experience in Psychology (1-3 credits)**
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): PSY 100, junior standing, and consent of instructor.

**PSY 497 Honors Project in Psychology (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Admission to Honors in Psychology program.
Taught: Variable, check with department
Supervised development, implementation, analysis, and reporting of an empirical study.
Repeatable: Yes
If Repeatable, Max. Credits: 6

**PSY 499 Independent Study in Psychology (1-3 credits)**
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor and psychology chair prior to registration.
Taught: Variable, check with department
Individually supervised areas of study; archival research, experiments, surveys, and/or applied projects. Specific activity is student initiated and in consultation with instructor. Up to 3 semester hours may be earned per semester; no more than 6 semester hours of PSY 492 and/or PSY 499 may be applied toward certification of the major.
Repeatable: Yes
If Repeatable, Max. Credits: 6

**PSY 501 I-D Discussion Forum (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Admission to MSIO psychology program or consent of MSIO psychology director.
Taught: Fall only
Introduction to I-O program, development of community and support; survey of I-O psychology; discussion of historical, ethical, legal and current newsworthy issues; clarification and elaboration of program requirements, intentions and philosophy.
Repeatable: No

**PSY 505 Drug Policy (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100 and junior standing or consent of instructor.
Taught: Variable, check w/ department
Critical examination of historic and contemporary
drug policies in the U.S. and other countries. Political, economic, social, and psychological effects of drug policies, with emphasis on empirical evidence regarding the relative effectiveness of the policies. Policies regarding both legal and illegal drugs are included. Repeatable: No

**PSY 510 Psychopharmacology (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100.
Taught: Spring only
Detailed analysis of how psychotherapeutic and recreational drugs affect the brain and behavior. Introduction to central nervous system structure and function, the biological basis of drug action in the brain, and the behavioral, clinical, and side-effect profiles of psychoactive drugs. Repeatable: No

**PSY 520 Researching Substance Use Treatment (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100 and junior standing or consent of instructor.
Taught: Variable, check with department
Critical examination of historic and contemporary drug policies in the U.S. and other countries. Political, economic, social, and psychological effects of drug policies, with emphasis on empirical evidence regarding the relative effectiveness of the policies. Policies on both legal and illegal drugs are covered. Repeatable: No

**PSY 550 Organizational Psychology (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Admission to MSIO psychology program or consent of MSIO psychology director.
Taught: Fall only
Introductory graduate level study in organizational psychology; commitment, involvement, satisfaction, motivation, leadership, power, quality of worklife, and groups/teams. Repeatable: No

**PSY 570 Work Environments (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Admission to MSIO psychology program or consent of MSIO psychology director.
Taught: Spring only
Introduction to human factors psychology; ergonomics; occupational health and safety; physical and psychological factors influencing the workplace. Repeatable: No

**PSY 580 Cognition in the Workplace (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Admission to MSIO psychology program or consent of MSIO psychology director.
Taught: Spring only
Judgment and decision-making, heuristics, biases, persuasion, prejudice, diversity, values, and attitude measurement. Repeatable: No

**PSY 592 Research Project in Addictions (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 9 hours of Addictions Research and Practice coursework.
Taught: Variable, check with department
Review of scientific literature on an addiction research topic and preparation of a proposal for a research study on a topic relevant to the student’s interests. A written proposal and public presentation to a faculty committee is required. Repeatable: Yes
If Repeatable, Max. Credits: 6

**PSY 594 Topics: Addictions Research (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSY 100 and junior standing or consent of instructor.
Taught: Variable, check with department
Seminar course; topic listed in Schedule of Classes each semester. May be repeated for credit when topics vary. Repeatable: Yes
If Repeatable, Max. Credits: 6

**PSY 595 Topics: Study Abroad in Psychology (1-3 credits)**
Hours: 1-3 classroom + 0 lab/studio
Taught: Variable, check with department
Study abroad course; topic listed in Schedule of Classes when course is offered. May be repeated for credit when topics vary. Repeatable: Yes
If Repeatable, Max. Credits: No Limit

**PUBLIC ADMINISTRATION**

**PAD 394 Special Topics in Public Administration (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
Topics vary from semester to semester. See Schedule of Classes for topic and prerequisites. Repeatable: N

**PAD 403 Public Policy (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PSC 100, PSC 101, PSC 102, PSC 103, or PSC 110.
Taught: Variable, check with department
Course introduces students to the policy making process by providing an introduction to public policy, providing and overview of the formation, implementation, quantitative and qualitative evaluation, and ethical aspects of policy making. Repeatable: No

**PAD 412 Administrative Law (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Spring only
Nature of the powers vested in administrative agencies; problems of administrative procedure; methods and extent of judicial control over administrative action. Repeatable: No

**PAD 420 Managing the Not-For-Profit Organization (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Spring only
Development and characteristics of the not-for-profit organization; managerial challenges; application of relevant theories to the not-for-profit organization; organization, staffing, planning, programming, evaluating, board-staff relations; managing volunteers. Repeatable: No

**PAD 455 Urban Administration (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Variable, check with department
Public management issues and approaches in the modern city; governmental policy making and organizational structure in an urban environment; managerial processes for selecting, motivating, leading, and evaluating public employees; resources management; productivity in service delivery. Repeatable: No

**PAD 494 Topics: Public Administration (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Variable, check with department
Topics vary from semester to semester. See Schedule of Classes for topic and prerequisites. Repeatable: Yes
If Repeatable, Max. Credits: No Limit
PAD 496 Internship in Public Administration (1-15 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Students must have the consent of Internship Coordinator.
Taught: Fall, spring, and summer
Students may enroll for real-world experiential credit with public or private hosts.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

PAD 498 Public Service Practicum (1-6 credits)
Hours: 0 classroom + 1-6 lab/studio
Prerequisite(s): Consent of internship coordinator.
Taught: Variable, check with department
This course is an opportunity to apply classroom learning to a practical setting in a government, nonprofit or related organization in the Northern Kentucky/Greater Cincinnati region, the state capital of Frankfort, or another locale. Students may be involved with program implementation, policy making, budgeting and/or other public service activities.
Repeatable: No

PAD 499 Independent Study in Public Service (3 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Consent of program coordinator.
Taught: Variable, check with department
Specialized topics in public administration covered through intensive readings and/or field projects; at the direction of a specific instructor. May be repeated as projects vary.
Repeatable: No

PAD 500 Foundations of Public Administration (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Admission to MPA program or consent of MPA director.
Taught: Fall and spring
Overview of key theories and concepts in the discipline of public administration; introduction to economic theories and concepts relevant to public administration and public policy; and review of research design and basic statistics.
Repeatable: No

PAD 501 Human Resource Management (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Admission to MPA program or consent of MPA director.
Taught: Fall and spring
Principles and problems of recruitment, examination, rating, classification, and assignment to the job; philosophies of employee pay, promotion, motivation, and discipline; formulating and administering personnel policies, concepts, and principles; focus on American national, state, and local government systems as well as non-profit agencies.
Repeatable: No

PAD 511 Budgeting Techniques and Applications (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Admission to MPA program or consent of MPA director.
Taught: Fall only
Advanced treatment of budgetary techniques and applications, such as program budgeting and zero-base budgeting; financial planning and revenue estimation techniques; tax and expenditure types; debt financing; financial reporting.
Repeatable: No

PAD 515 Cartography (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Admission to MPA program, or consent of MPA director.
Taught: Variable, check with department
Introduction to principles and concepts of cartography; hands-on experience in cartographic map design using computer cartographic software through developing maps, charts, graphics, and design materials for presentation through digital mediums. Emphasizes understanding and implementation of the principles and theories and research into relevant topics.
Repeatable: No

PAD 519 Introduction to Remote Sensing (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Admission to MPA program or consent of MPA director.
Taught: Variable, check with department
Introduction to principles and concepts of remote sensing technologies; hands-on experience in manipulation of remote sensing techniques using remote sensing software. Emphasizes understanding and implementation of remote sensing theories and research into relevant topics.
Repeatable: No

PAD 520 Advanced Remote Sensing (4 credits)
Hours: 3 classroom + 1 lab/studio
Prerequisite(s): PAD 519.
Taught: Variable, check with department
Introduction to principles and concepts of digital remote sensing data processing technologies; hands-on experience in manipulation of digital remote sensing data processing techniques using remote sensing software. Emphasizes understanding and implementation of digital remote sensing data processing theories and research into relevant topics.
Repeatable: No

PAD 560 Planning and Community Development (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Admission to MPA program or consent of MPA director.
Taught: Variable, check with department
Statutory and structural framework for urban planning and development; technical, social, political, and economic elements in the governmental planning process; planning theories and regulatory techniques; growth management; urban redevelopment.
Repeatable: No

PUBLIC RELATIONS

PRE 350 Music and Entertainment Publicity (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Variable, check with department
Music & Entertainment Publicity is an introduction to the strategies, tactics, and tools that apply to promotional activities for musical artists and theatrical productions. Special emphasis will be placed on new and social media and on the cross-marketing efforts that connect artists with video games, retail outlets, and festivals.
Repeatable: No

PRE 375 Principles of Public Relations (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite OR Co-requisite: PRE 375.
Taught: Fall and spring
Philosophy and functions of public relations practices; campaign planning and public affairs activities; writing messages for and selection of news media.
Repeatable: No

PRE 376 Public Relations Writing (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite OR Co-requisite: PRE 375.
Taught: Fall and spring
Instruction and practice in various forms of writing for public relations, including press releases, annual reports, newsletters, and other professional public relations writing for the media.
and the public.
Repeatable: No

PRE 377 Public Relations Case Studies and Campaigns (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PRE 375.
Taught: Fall and spring
Evaluation of public relations programs conducted by companies, nonprofit institutions, and government agencies; writing for specialized and mass media in public relations.
Repeatable: No

PRE 385 Public Relations Research Methods (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PRE 375.
Taught: Fall and spring
This course includes qualitative and quantitative research designs as related to public relations research, specifically teaching skills such as communication audits, issue tracking, use of external research services, media and clipping analysis, evaluating and reporting program effectiveness and evaluating counselor and staff performance.
Repeatable: No

PRE 394 Topics in Public Relations (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PRE 375.
If Repeatable, Max. Credits: 6
Taught: Variable, check with department
Focused study of a specific and significant topic from a public relations perspective. Topics vary from semester to semester and may be repeated once for credit.
Repeatable: Yes
If Repeatable, Max. Credits: 6

PRE 396 Public Relations Internship (3 credits)
Hours: 0 classroom + 2 lab/studio
Prerequisite(s): PRE 376; written consent of supervising faculty member; junior or senior standing.
Taught: Fall, spring, and summer
Selected placement, for P.R. majors, in a public relations agency, department, or other employer of P.R. professionals. Assigned work in a business, non-profit, or government organization may include writing, production, or promotion. May not be repeated for credit.
Repeatable: No

PRE 400 Public Relations Planning and Account Management (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PRE 375.
Taught: Fall only
This course facilitates the study and practice of consultative client-practitioner relations in public relations contexts. Account management and its various time-tracking and billing methods are kept in the foreground and considered for their likely influence throughout the client-practitioner lifecycle. Topics include inter-organizational relations, supply chain architectures, planning and budgeting, proposal writing and presentation, and business ethics.
Repeatable: No

PRE 410 Electronic Public Relations (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): PRE 376.
Taught: Fall only-even years
Provide knowledge and practice in preparing various forms of electronic media used for corporate, non-broadcast purposes. Students will develop, create and produce effective electronic programming for distribution within the corporate culture in this course.
Repeatable: No

PRE 495 Study Abroad (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Varies by topic.
Taught: Variable, check with department
Varies by topic. Course includes a classroom portion and a trip abroad.
Repeatable: Yes
If Repeatable, Max. Credits: 12

PRE 499 Independent Study in Public Relations (1-3 credits)
Hours: 0 classroom + 4 -12 lab/studio
Prerequisite(s): junior standing; approved independent study proposal.
Taught: Variable, check with department
Individually supervised work involving reading, research, writing, and/or production in a specified area of interest of public relations. Topic and plan of study selected before registration in conference with professor.
Repeatable: Yes
If Repeatable, Max. Credits: 6

RADIOLOGIC SCIENCE

RAD 200 Introduction to Radiography (6 credits)
Hours: 5 classroom + 1 lab/studio
Prerequisite(s): Admission to radiologic technology program.
Taught: Summer only
Introduction to program and profession; fundamental radiography principles and procedures; radiography of the chest and abdomen; foundation for all core radiography courses; orientation to clinical policies and procedures; observation of radiographic examinations under direct supervision by registered technologists at clinical sites.
Repeatable: No

RAD 208 Radiographic Procedures I (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in RAD 200.
Taught: Fall only
Radiographic anatomy, positioning, and image analysis of the appendicular skeleton, shoulder and pelvic girdles, and vertebral column to include routine, nonroutine, trauma and surgical radiography.
Repeatable: No

RAD 208L Radiographic Positioning Laboratory I (1 credit)
Hours: 0 classroom + 2 lab/studio
Co-requisite(s): RAD 208.
Taught: Fall only
Radiographic positioning of the appendicular skeleton, pelvic and shoulder girdles, and lower vertebral column (lumbar, sacrum and coccyx) using simulation and phantoms; supervised practice and image analysis. Pass/fail only.
Repeatable: No

RAD 209 Radiographic Procedures II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): RAD 208.
Co-requisite(s): RAD 209L.
Taught: Spring only
Continuation of RAD 208. Introduction to contrast studies; radiographic anatomy, positioning, and image analysis of the cervical and thoracic spine, gastrointestinal, biliary and urinary systems, bony thorax, and cranium.
Repeatable: No

RAD 209L Radiographic Positioning Laboratory II (1 credit)
Hours: 0 classroom + 2 lab/studio
Co-requisite(s): RAD 209.
Taught: Spring only
Radiographic positioning of the appendicular skeleton, pelvic and shoulder girdles, and lower vertebral column (lumbar, sacrum and coccyx) using simulation and phantoms; supervised practice and film critique. Pass/fail only.
Repeatable: No

407
RAD 214 Analysis of Radiographic Quality (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in RAD 200.
Co-requisite(s): RAD 214L.
Taught: Fall only
Principles of radiographic exposure variables and processing; analysis of the radiographic image; problem-solving approach to practical application of principles.
Repeatable: No

RAD 214L Analysis Radiographic Quality Laboratory (1 credit)
Hours: 0 classroom + 2 lab/studio
Prerequisite(s): C or better in RAD 200.
Co-requisite(s): RAD 214.
Taught: Fall only
Laboratory demonstration and experimentation coordinated with principles taught in RAD 214.
Repeatable: No

RAD 216 Physical Principles of Radiographic Equipment (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in RAD 214.
Taught: Spring only
Principles of electromagnetism and the relationship to radiographic circuitry and equipment; construction and design of radiographic, fluoroscopic, mammographic, tomographic, and digital equipment.
Repeatable: No

RAD 230 Communication and Patient Care (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in RAD 200.
Taught: Spring only
Methods of professional communication relative to health care delivery; including professionalism, ethical and legal issues, charting, health informatics, interprofessionalism, and culture and diversity related to healthcare communication. Assessment of and care for patients during procedures, including vital signs, minor and major emergencies, patient safety, and overall patient care.
Repeatable: No

RAD 286 Radiographic Practicum I (3 credits)
Hours: 1 classroom + 16 lab/studio
Prerequisite(s): RAD 200.
Taught: Fall only
Clinical application of principles of radiographic positioning, technique, and radiation protection; competency in chest, abdominal, appendicular skeleton, lumbar spine, shoulder, and pelvic girdle radiography. Conducted under supervision of registered radiographers and clinical faculty.
Repeatable: No

RAD 296 Radiographic Practicum II (3 credits)
Hours: 1 classroom + 16 lab/studio
Prerequisite(s): C or better in RAD 286.
Taught: Spring only
Clinical application of principles of radiation protection and of radiographic positioning and technique, competency in portable radiography and in radiography of the cervical and lumbar spine, bony thorax, cranium and G-U and G-I systems. Conducted under supervision of registered radiographers and clinical faculty.
Repeatable: No

RAD 299 Independent Study in Radiology (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Taught: Variable, check with department
Individual readings, research, and/or clinical based coursework developed by the student in consultation with the instructor and approved by the radiologic technology program director prior to registration.
Repeatable: No

RAD 308 Radiographic Procedures III (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in RAD 209.
Taught: Variable, check with department
Specialized non-vascular radiographic procedures, including trauma radiography, mammography, HSG, myelography and arthrography exams. Informed consent process, aseptic techniques, venipuncture and pharmacology will also be covered. Additional topics include best practices for imaging exams on pediatric, geriatric and bariatric patients.
Repeatable: No

RAD 309 Radiographic Procedures IV (2 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in RAD 308
Taught: Spring only
Overview of vascular and nonvascular interventional radiographic procedures and associated equipment; additional topics include venous access devices, biopsy and drainage procedures, and patient monitoring and assessment. Also includes an introduction to specialized imaging modalities, including diagnostic medical sonography, magnetic resonance imaging, nuclear medicine and radiation therapy.
Repeatable: No

RAD 310 Advanced Imaging Sectional Anatomy (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in BIO 208 and BIO 209 or consent of instructor.
Taught: Variable, check with department
Cross-sectional human anatomy of the head, neck, thorax, abdomen, pelvis, spine, and extremities, as demonstrated on CT and MR images.
Repeatable: No

RAD 340 Radiation Biology and Protection (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in RAD 216.
Taught: Fall only
Biological effects of ionizing radiation; radiation safety requirements and procedures; laboratory demonstration/experimentation.
Repeatable: No

RAD 350 Clinical Pathology for Radiographers (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in RAD 303 and BIO 209.
Taught: Spring only
Anatomy, pathology, and mechanisms of disease with its radiological manifestation in radiographic studies; case studies; radiology presentations.
Repeatable: No

RAD 376 Radiographic Practicum III (2 credits)
Hours: 0 classroom + 16 lab/studio
Prerequisite(s): C or better in RAD 296.
Taught: Summer only
Clinical application of principles of radiation protection and of radiographic positioning and technique; competency in radiography of the skeletal and digestive systems. Five-week internship that includes a one-week evening assignment; conducted under supervision of registered radiographers and clinical faculty.
Repeatable: No

RAD 386 Radiographic Practicum IV (3 credits)
Hours: 1 classroom + 16 lab/studio
Prerequisite(s): C or better in RAD 376.
Taught: Fall only
Clinical application of principles of radiographic positioning, technique, and radiation protection; competency in surgical and non-routine radiography and continued competency in routine...
skeletal and contrast studies. Conducted under supervision of registered radiographers and clinical faculty. 
Repeatable: No

RAD 396 Radiographic Practicum V (3 credits)
Hours: 0 classroom + 24 lab/studio
Prerequisite(s): C or better in RAD 396.
Taught: Spring only
Clinical application of principles of radiographic positioning, technique, and radiation protection; introduction to advanced medical imaging modalities; continued competency development in non-routine radiography. Conducted under supervision of registered radiographers and clinical faculty.
Repeatable: No

RAD 450 Advanced Imaging Pathology (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Anatomy, pathology, and mechanisms of disease with its radiological manifestation in nuclear medicine, CT, MRI, cardiac and vascular imaging, ultrasound, doppler, and mammography studies; case studies; radiology presentations.
Repeatable: No

RAD 470 Principles of Computed Tomography (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in RAD 396.
Taught: Variable, check with department
Theory, principles, and applications of, computed tomography, including instrumentation, equipment, and exam procedures.
Repeatable: No

RAD 480 Radiography Capstone (3 credits)
Hours: 1 classroom + 0 lab/studio
Prerequisite(s): C or better in RAD 340.
Taught: Spring only
Comprehensive review and assessment of essential concepts in radiography; preparation for the ARRT examination.
Repeatable: No

RAD 486 Clinical Practicum VI (3 credits)
Hours: 0 classroom + 24 lab/studio
Prerequisite(s): C or better in RAD 396.
Taught: Fall only
Clinical application of general radiography with first of two concentrations in an advanced imaging modality or radiology management; conducted under supervision of registered technologists and clinical faculty.
Repeatable: No

RAD 494 Topics: Radiology (3 credits)
Hours: 3-6 classroom + 0 lab/studio
Taught: Variable, check with department
Repeatable: No

RAD 496 Radiographic Practicum VII (3 credits)
Hours: 0 classroom + 24 lab/studio
Prerequisite(s): C or better in RAD 396.
Taught: Spring only
Clinical application of general radiography with concentration in an advanced imaging modality or radiology management; conducted under supervision of registered technologists and clinical faculty. Continuation of RAD 486.
Repeatable: Yes
If Repeatable, Max. Credits: 9

RAD 499 Special Topics Radiology (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Intensive study of a special topic or issue in radiologic technology through independent study.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

RTT 200 Introduction to Radiation Therapy (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Radiation Therapy Major.
Taught: Fall only
Provides an introductory framework of radiation therapy. Topics include: patient care, introductory ethics and law as applied to radiation oncology and primary methods of cancer treatment.
Repeatable: Yes
If Repeatable, Max. Credits: 3

RTT 208 Clinical Oncology I (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Radiation Therapy Major.
Taught: Fall only
Overview of cancer and the specialty of radiation therapy.
Repeatable: Yes
If Repeatable, Max. Credits: 3

RTT 209 Clinical Oncology II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Radiation Therapy Major and RTT 208.
Taught: Spring only
Radiation therapy specific instruction on the regional anatomy and physiology, epidemiology and etiology, detection and diagnosis, diagnostic procedures, histopathology, patterns of spread, principles of treatment, staging, and prognosis for Palliative and Emergency Treatment, Breast, Male Reproductive, Gynecologic, Respiratory, CNS and ENT.
Repeatable: Yes
If Repeatable, Max. Credits: 3

RTT 214 Radiation Therapy Simulation Lab (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Radiation Therapy Major.
Taught: Fall only
The class will combine both a didactic and laboratory components. Students will practice basic set ups skills of patients in a laboratory setting. Basic skills covered will include: patient identification, safe movement of a patient, infection control, reproduction of a patient set-up.
Repeatable: Yes
If Repeatable, Max. Credits: 3

RTT 220 Radiation Physics and Dosimetry I (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Radiation Therapy Major.
Taught: Fall only
This is the first course in a sequence of two courses to include the physics of ionizing radiation and physical aspects of classical radiation therapy.
Repeatable: Yes
If Repeatable, Max. Credits: 3

RTT 221 Radiation Physics & Dosimetry II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Radiation Therapy Major; RTT 220.
Taught: Spring only
This is the final course of a sequence of two courses to include the physics of ionizing radiation, physical aspects of classical radiation therapy; as well as, the application of the physical aspects to modern radiation oncology.
Repeatable: Yes
If Repeatable, Max. Credits: 3

RTT 286 Radiation Therapy Practicum I (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Radiation Therapy Major and RTT 200.
Taught: Fall only
Competency-based clinical application of principles in radiation therapy to include oncology terminology, equipment, techniques used for treatment, and direct patient care. Conducted under the supervision of registered radiation therapists and clinical faculty.
RTT 296 Radiation Therapy Practicum II (3 credits)
Hours: 2 classroom + 0 lab/studio
Prerequisite(s): Radiation Therapy Major and RTT 286.
Taught: Summer only
Competency-based clinical application of principles in radiation therapy to include oncology terminology, equipment, techniques used for treatment, and direct patient care. Conducted under the supervision of registered radiation therapists and clinical faculty.
Repeatable: Yes
If Repeatable, Max. Credits: 3

RTT 308 Clinical Oncology III (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Radiation Therapy Major and RTT 209.
Taught: Fall only
Radiation therapy specific instruction on the regional anatomy and physiology, epidemiology and etiology, detection and diagnosis, diagnostic procedures, histopathology, patterns of spread, principles of treatment, staging, and prognosis for endocrine, bone, soft tissue sarcomas, lymphomas, hematopoietic, digestive, genitourinary, pediatrics, skin, AIDS related cancers and benign tumors.
Repeatable: Yes
If Repeatable, Max. Credits: 3

RTT 320 Treatment Planning I (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Radiation therapy major and RTT 221.
Taught: Fall only
Radiation therapy treatment planning concepts to include clinical dosimetry, treatment preparation processes, beam modifying devices, isodose charts, and calculations of various external beam treatment formulas.
Repeatable: Yes
If Repeatable, Max. Credits: 3

RTT 321 Treatment Planning II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Radiation therapy major and RTT 320.
Taught: Spring only
Radiation therapy treatment planning concepts to include clinical dosimetry, electron beams, brachytherapy and radiosurgery.
Repeatable: Yes
If Repeatable, Max. Credits: 3

RTT 340 Radiation Biology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Radiation therapy major and RTT 221.
Taught: Fall only
Content is designed to present basic concepts and principles of radiation biology. The effects of ionizing radiation effects on tissue.
Repeatable: Yes
If Repeatable, Max. Credits: 3

RTT 341 Radiation Therapy Protection (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Radiation therapy major and RTT 340.
Taught: Spring only
This course will provide principles concerning the hazards of radiation and address potential methods to reduce this risk. The roles of the various radiation regulatory agencies will also be discussed.
Repeatable: Yes
If Repeatable, Max. Credits: 3

RTT 376 Radiation Therapy Practicum III (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Radiation therapy major and RTT 296.
Taught: Fall only
Competency-based clinical application of principles in radiation therapy to include oncology terminology, equipment, techniques used for treatment, and direct patient care. Conducted under the supervision of registered radiation therapists and clinical faculty.
Repeatable: Yes
If Repeatable, Max. Credits: 3

RTT 386 Radiation Therapy Practicum IV (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Radiation therapy major and RTT 376.
Taught: Spring only
Competency-based clinical application of principles in radiation therapy to include oncology terminology, equipment, techniques used for treatment, and direct patient care. Conducted under the supervision of registered radiation therapists and clinical faculty.
Repeatable: Yes
If Repeatable, Max. Credits: 3

RTT 396 Radiation Therapy Practicum V (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Radiation therapy major and RTT 386.
Taught: Summer only
Competency-based clinical application of principles in radiation therapy to include oncology terminology, equipment, techniques used for treatment, and direct patient care. Conducted under the supervision of registered radiation therapists and clinical faculty.
Repeatable: Yes
If Repeatable, Max. Credits: 3

RTT 470 Imaging Modalities (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Radiation therapy major and RTT 321.
Taught: Fall only
Basic principles of x-ray equipment, exposure factors, and image production are presented. The theory and mechanics of CT, PET, Ultrasound & MRI imaging are covered. CT imaging will be emphasized.
Repeatable: Yes
If Repeatable, Max. Credits: 3

RTT 480 Radiation Therapy Capstone (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Radiation therapy major, Senior standing.
Taught: Spring only
Discussion and analysis of specific radiation science theories, review and critique journal articles and prepare for the national certification exam.
Repeatable: Yes
If Repeatable, Max. Credits: 3

RTT 486 Radiation Therapy Practicum VI (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Radiation therapy major and RTT 396.
Taught: Fall only
Competency-based clinical application of principles in radiation therapy to include oncology terminology, equipment, techniques used for treatment, and direct patient care. Conducted under the supervision of registered radiation therapists and clinical faculty.
Repeatable: Yes
If Repeatable, Max. Credits: 3
RTT 496 Radiation Therapy Practicum VII (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Radiation therapy major and RTT 486.
Taught: Spring only
Competency-based clinical application of principles in radiation therapy to include oncology terminology, equipment, techniques used for treatment, and direct patient care. Conducted under the supervision of registered radiation therapists and clinical faculty.
Repeatable: Yes
If Repeatable, Max. Credits: 3

READING WORKSHOP

RDG 091 Reading Workshop (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Practice and instruction in reading and reading appreciation; literate behaviors; book selection; reading strategies, processes, comprehension; critical and creative response to materials read. Not applicable toward graduation. For students needing additional preparation for ENG 101.
Repeatable: No

RDG 110 Critical Reading (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Development of critical reading strategies including analysis, synthesis, and evaluation; cultural literacy; contemporary issues in the natural sciences, social sciences, and humanities. Provides preparation for general education courses in a variety of disciplines.
Repeatable: No

RELIGIOUS STUDIES

REL 200 World Religions and Cultures - AH (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
This course is to introduce students to one or more of the following religions: Indigenous Sacred Ways, Hinduism, Jainism, Sikhism, Buddhism, Confucianism, Taoism, Shintoism, Judaism, Christianity, Islam. The historical development of the religions studies, the major beliefs and the interactions within and between cultures will be considered.
Repeatable: No
General Education Credit: Culture and Creativity

REL 301 Ancient Religions (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of the instructor.
Taught: Variable, check with department
A comparative journey through religious ideas and practices in lands around the Mediterranean from pre-history to the Fall of Rome will include recognition of the transmission of many aspects of culture from east to west.
Repeatable: No

REL 302 Survey of the Hebrew Bible (Old Testament) (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of the instructor.
Taught: Variable, check with department
Major figures, main themes, basic values, and primary beliefs found in the Hebrew Bible in its religious, philosophical, political and historical contexts.
Repeatable: No

REL 303 Survey of New Testament (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of the instructor.
Taught: Variable, check with department
Major figures, main themes, basic values and primary beliefs of New Testament writings in their religious, philosophical, political and historical contexts.
Repeatable: No

REL 304 Jesus (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Spring only-odd years
An examination of the life and teachings of Jesus of Nazareth through biblical accounts, non-canonical sources, creedal statements, historical research, contemporary debates, and the personal perspectives of students.
Repeatable: No

REL 305 Islam (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of the instructor.
Taught: Variable, check with department
This course is both historical and topical in its treatment of Islam. Our first emphasis will be on the life and career of Prophet Muhammad, the teachings of the Qur’an, the development of the Muslim community and its principal institutions to about 1300 CE. Topically we will cover the Qur’an, the basic beliefs and practices of Islam, and Sufism (Islamic mysticism). We will also consider the current situation in the Islamic world and the Islamic community.
Repeatable: No

REL 306 Introduction to Judaism (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of the instructor.
Taught: Variable, check with department
Introduction to the history of Judaism, major beliefs, branches, ceremonies and rituals central to contemporary Jewish life. This course is sponsored by the Jewish Chautaugua Society.
Repeatable: No

REL 307 Survey of Christianity (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of the instructor.
Taught: Variable, check with department
Main beliefs, figures, orientations and branches of the Christian tradition; contemporary movements and issues.
Repeatable: No

REL 317 Catholicism (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
Introduction to Catholicism. What Catholics believe and why they believe it.
Repeatable: No

REL 325 Celtic Spirituality (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Fall only-odd years
An examination of the nature of Celtic spirituality from pre-Christian Celtic beliefs through the unexpected rise of Christianity in Celtic soil as the Roman Empire collapsed. Celtic prayers and litanies will be important source material, as will the stories of Patrick, Pelagius, Columba, George MacLeod and others.
Repeatable: No

REL 335 Spiritual Images In Pop Culture (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Fall only-even years
An exploration of various images, symbols and spiritual themes such as creation, sin, salvation, human destiny and metaphors for the Divine as depicted in films, comic books, television and/or other media of popular culture.
Repeatable: No
REL 352 Women and Religion (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
The position/status and roles of women in religious groups as seen in their roles in ritual, religious life, scriptures, myths and theologies.
Repeatable: No

REL 370 Religion and Science (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Spring only–even years
Various approaches to the relationship between religion and science; historical conflict; the developing dialogue between religion and science; cosmology; evolution. The course seeks to introduce students to a wide range of concerns and does not presuppose detailed knowledge of religion or science. Same as PHI 370 Science and Religion.
Repeatable: No

REL 371 Death and the Afterlife (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing or consent of instructor.
Taught: Spring only–odd years
Various conceptions of an afterlife (disembodied existence, reincarnation, and resurrection) are examined with regards to the meaning and evidence for the positions. Topics include discussions of personal identity, near death experiences, the nature of consciousness.
Repeatable: No

REL 394 Topics in Religious Studies (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Selected topics in religious studies. May be repeated as topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

RESPIRATORY CARE

RSP 201 Fundamentals of Respiratory Care (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Admission to respiratory care program.
Co-requisite(s): RSP 201L and RSP 286.
Taught: Fall only
Introductory respiratory care theory and procedures; basic respiratory system anatomy and physiology, administration procedures for aerosolized medications; theory and equipment for oxygen therapy, pulse oximetry, hyperinflation therapy, and mucus clearance techniques.
Repeatable: No

RSP 201L Respiratory Care Equipment and Procedures (1 credit)
Hours: 0 classroom + 2 lab/studio
Co-requisite(s): RSP 201.
Taught: Fall only
Demonstration and practice in basic respiratory care procedures; proper body mechanics, patient assessment, administration of oxygen therapy, bland aerosol therapy, incentive spirometry, aerosolized medication, and mucus clearance techniques.
Repeatable: No

RSP 202 Medical Terminology for Health Professions (1 credit)
Hours: 1 classroom + 0 lab/studio
Co-requisite(s): RAD 208 or RSP 201.
Taught: Fall only
Independent learning of word parts, including prefixes, suffixes, and roots, and the combination of these parts to form complex symptomatic, diagnostic, operative, and therapeutic medical terms related to the language of allied health professions; approved medical abbreviations will also be included.
Repeatable: No

RSP 220 Introduction to Respiratory Critical Care (4 credits)
Hours: 3 classroom + 2 lab/studio
Prerequisite(s): RSP 201 and RSP 201L with grades of C or better.
Prerequisite OR Co-requisite: BIO 209 and BIO 209L.
Taught: Spring only
Theory, application and demonstration of procedures and equipment used for advanced respiratory care and emergency procedures, airway management, non-invasive ventilator support, arterial blood gas collection, ECG arrhythmia recognition and treatment.
Repeatable: No

RSP 235 Respiratory Physiology and Physics (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): RSP 201, RSP 201L, BIO 208 and BIO 208L.
Co-requisite(s): BIO 209 and BIO 209L.
Taught: Spring only
Functional anatomy of respiratory systems structures; mechanics and control of ventilation; pulmonary blood flow and the matching of ventilation with perfusion; acid-base and the interpretation of blood gases; oxygen transport and the concepts of shunting and dead space; physics of gasses applicable to respiratory care.
PREREQ OR Repeatable: No

RSP 286 Clinical Practicum I (3 credits)
Hours: 0 classroom + 24 lab/studio
Co-requisite(s): RSP 201 and RSP 201L.
Taught: Fall only
Professionally supervised experience in basic respiratory care procedures in acute-care hospitals: oxygen administration, lung expansion therapies, aerosolized medication administration, and mucus clearance techniques; proper documentation and preparation of clinical case reports.
Repeatable: No

RSP 296 Clinical Practicum II (3 credits)
Hours: 0 classroom + 24 lab/studio
Prerequisite(s): RSP 286.
Co-requisite(s): RSP 220–RSP 220L.
Taught: Spring only
Professionally supervised experience in basic and
RSP 299 Independent Study: Respiratory Care (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Taught: Variable, check with department
Individually supervised work involving readings, research, and/or clinical activities in areas of special interest or need. Topics, activities, and evaluation procedures specified by instructor and approved by program director prior to registration.
Repeatable: Yes
If Repeatable, Max. Credits: 6

RSP 310 Advanced Critical Care (5 credits)
Hours: 4 classroom + 1 lab/studio
Prerequisite(s): C or better in RSP 220.
Taught: Summer only
This course provides instruction, demonstration, and practice in the theory, set-up, operation and maintenance of mechanical ventilators and related equipment. Topics include: mechanical ventilator theory for adults, ventilator operation, ventilator maintenance and trouble shooting.
Repeatable: No

RSP 331 Cardiopulmonary Diagnostics (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): RSP 310.
Taught: Fall only
Overview of the various areas comprising cardiopulmonary diagnostics to include normal and abnormal pulmonary function and related technology; emphasis will be on performance, interpretation, and evaluation of pulmonary function studies; operation and maintenance of pulmonary function and gas analysis equipment; other topics include sleep laboratory, stress and exercise testing, metabolic testing, ventilation/perfusion scanning, cardiac catheterization laboratory, and non-invasive cardiology.
Repeatable: No

RSP 340 Pulmonary Rehabilitation (1 credit)
Hours: 1 classroom + 0 lab/studio
Taught: Spring only
Components of a pulmonary rehabilitation program; physiological and psychosocial problems of patients with chronic pulmonary disease; design and implementation of a program of education and exercise tailored to meet needs of the individual patient.
Repeatable: No

RSP 350 Cardiopulmonary Pathophysiology (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall only
Assessment techniques for pulmonary disease patients including history taking, chest physical exam, basic radiography, lab study, and PFT interpretation, pulmonary and critical care medicine, obstructive and restrictive pulmonary disease, cardiac and cardiovascular disorders, neurologic and neuromuscular disorders, shock, trauma, sepsis, near drowning, burns, smoke inhalation, carbon monoxide poisoning, drug overdose, renal failure, acute G.I. disturbances, and respiratory care of the post-operative patient will be reviewed.
Repeatable: No

RSP 362 Prenatal-Pediatric Respiratory Care (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in RSP 310.
Taught: Fall only
Prenatal lung development, fetal circulation, and changes at birth; differences in respiratory anatomy and physiology between young children and adults; specialized techniques of airway management and artificial ventilation; applications of respiratory system monitoring and therapeutic modalities; respiratory diseases commonly seen in pediatrics.
Repeatable: No

RSP 386 Clinical Practicum III (3 credits)
Hours: 0 classroom + 16 lab/studio
Prerequisite(s): RSP 296.
Co-requisite(s): RSP 310.
Taught: Fall only
Artificial ventilation to patients on life support; initial ventilator set-up, control adjustments, monitoring, circuit changes, and weaning; further experience with artificial airways and routine respiratory care procedures in the critical care setting.
Repeatable: No

RSP 396 Clinical Practicum IV (3 credits)
Hours: 0 classroom + 16 lab/studio
Prerequisite(s): RSP 296 and RSP 362.
Co-requisite(s): RSP 331.
Taught: Fall only
Further experience in applications of respiratory care in the intensive care unit, cardiopulmonary monitoring, applications of pulmonary rehabilitation, pediatric respiratory care.
Repeatable: No

RSP 400 Advanced Respiratory Care (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Admission to Respiratory Care BS Completion Program.
Taught: Variable, check with department
Demonstration of cognitive, critical thinking, and technical skills in respiratory care; relationship between the therapist, physician, nurse, and other healthcare professionals to foster behavior of the respiratory therapist.
Repeatable: No

RSP 430 Advanced Pathophysiology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): RSP 350.
Taught: Variable, check with department
Focus on competencies for RRT practicing in the critical care setting; administration of specialty gases, advanced airway management and ventilation techniques, recognition of mechanisms of respiratory failure; end of life care; disaster preparation; anticipation of care based on pharmacologic agents, and other diagnostic procedures.
Repeatable: No

RSP 441 Case Studies in Evidence Based Practice (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): RSP 350.
Taught: Variable, check with department
Students will review the delivery of health care to chronically ill patients with lung and heart disorders with emphasis on the respiratory care; patient case reviews will utilize a multidisciplinary approach to case management and responsibilities unique to the respiratory therapist.
Repeatable: No

RSP 442 Disease Management II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in RSP 441.
Taught: Variable, check with department
Students will review the rationale and methods used in cardiopulmonary diagnostics and cardiopulmonary rehabilitation in hospital-based programs, long-term care facilities and in the home. Patient case reviews will utilize a multidisciplinary approach to case management and responsibilities unique to the respiratory therapist.
RSP 445 Health Assessment and Promotion (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite OR Co-requisite: RSP 350.
Taught: Fall and summer
Concepts and applications related to advanced assessment procedures for patients with respiratory impairment; pulmonary rehabilitation, home health care, health assessment, smoking cessation, and health behavior and promotion.
Repeatable: No

RSP 451 Polysomnography I (3 credits)
Hours: 2 classroom + 1 lab/studio
Taught: Variable, check with department
This course is designed to provide both didactic and laboratory training for entry-level personnel in the basics of Polysomnography Technology. Students will become familiar with medical terminology, instrumentation setup and calibration, recording and monitoring techniques, documentation, professional issues, and patient-technologist interactions related to Polysomnographic Technology. Laboratory sessions will provide practical experience.
Repeatable: No

RSP 452 Polysomnography II (3 credits)
Hours: 2 classroom + 2 lab/studio
Taught: Variable, check with department
This course is designed to provide advanced training for the role of technologist in the area of Polysomnography. Students will become familiar with medical terminology and instrumentation, instrumentation setup and calibration, recording and monitoring techniques, documentation, patient-technologist interactions related to Polysomnographic Technology. Laboratory sessions will provide practical experience.
Repeatable: No

RSP 480 Respiratory Care Seminar (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior status in the respiratory care program.
Taught: Spring only
Experience providing neonatal respiratory care; training in airway management techniques; development of leadership and time management skills; pulmonary rehabilitation, clinical simulations in lab setting, formulate differential diagnosis for case presentations, summative clinical/role transition rotations.
Repeatable: No

RSP 494 Respiratory Care Capstone (3 credits)
Hours: 1 classroom hour; 2 lab/studio
Co-requisite(s): RSP 480.
Taught: Fall and spring
Under faculty supervision the students will be placed with a clinical preceptor who will work with the student to identify and define in writing a current, real world, respiratory care clinical or management problem, survey the literature to see what has been published regarding this type of problem, design a project or intervention to address the problem, implement the project or intervention, and evaluate the effectiveness of the project or intervention in correcting the problem.
Repeatable: No

RSP 496 Clinical Practicum VI (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
This course includes experiences in a chosen focus area(clinical, education, administrative, or population-based). This experience will culminate in a Capstone project in the form of research or other scholarly activity that articulates the design, organization, statistics and data analysis used and includes an oral and written presentation of the project.
Repeatable: No

RUSSIAN

RUS 101 Elementary Russian I - AH (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall only
Fundamentals; introduction to cultures of Russian-speaking countries; basic principles of the Russian language including study of the Cyrillic alphabet, pronunciation, and simple idioms.
Repeatable: No
General Education Credit: Culture and Creativity

RUS 102 Elementary Russian II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): RUS 101 or equivalent.
Taught: Spring only
Continuation of RUS 101, with addition of new vocabulary and more complex grammar and idiom forms.
Repeatable: No

RUS 201 Intermediate Russian I (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): RUS 102.
Taught: Variable, check with department
Continuation of RUS 102, with addition of new vocabulary and more complex grammar and idiom forms, as well as more complex cultural and literary readings.
Repeatable: No

RUS 202 Intermediate Russian II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): RUS 201.
Taught: Variable, check with department
Continuation of RUS 201; advanced vocabulary and more complex grammar and idiom forms, as well as more complex cultural and literary readings.
Repeatable: No

SOCIAL WORK

SWK 105 Social Work and the Community - SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Introductory course designed to give the student interested in the social work profession an opportunity to explore the needs of client systems of diverse populations. Via the course materials and an experiential component, each student is provided with an avenue for testing and evaluating a commitment to, and a capacity for, working with people.
Repeatable: No
General Education Credit: Cultural Pluralism

SWK 106 Introduction to Social Justice - AH (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
This class is an introduction to foundational concepts and ethical concerns in social justice studies. Course that promotes critical thinking, multiple perspectives, and a sense of personal responsibility in the local and global community. This course is the first in the sequence for the social justice minor.
Repeatable: No
General Education Credit: Global Viewpoints

SWK 203 Social Welfare in Contemporary Society (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
The systematic study of major social problem areas: poverty, health, education, hunger, housing, sexism, and racism, and their implications for social welfare services. A critical and comparative analysis of society’s response to human need.
Repeatable: No

**SWK 303 Professional Interactional Skills (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Grade of C or better in SWK 105 and SWK 203 is required.
Co-requisite(s): SWK 304, SWK 305, and SWK 407.
Taught: Fall only
Basic components of effective communication in social work practice; interpersonal and interactional skills relevant to different types of relationships and systems with which social workers interact; guided communication experiences. Course restricted to Social Work majors accepted into the program.
Repeatable: No

**SWK 304 Human Behavior and Social Environment I (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in SWK 105 and SWK 203.
Co-requisite(s): SWK 303, SWK 305 and SWK 407.
Taught: Fall only
This course focuses on the life states of infancy, childhood, and adolescence and provides a basic framework for developing and organizing knowledge of human behavior and the social environment. Social systems, life span and strengths approaches to understanding HBSE are introduced. The course includes theories and knowledge of biological, sociological, cultural, psychological, and spiritual development across the life span. The manner in which social systems promote or deter people in maintaining or achieving health and well-being are emphasized. Special attention is given to the impact of human diversity, discrimination and oppression on the individual’s ability to reach or maintain optimal health and well-being. Course restricted to Social Work majors accepted into the program.
Repeatable: No

**SWK 306 Social Work Research (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Grade of C or better in SWK 105 and SWK 203, and STA 113 or STA 205 is required.
Co-requisite(s): SWK 307, SWK 310, and SWK 405.
Taught: Spring only
Needs assessment, case evaluation, and program evaluation; components of research design and statistics essential for understanding and carrying out these activities. Course restricted to Social Work majors accepted into the program.
Repeatable: No

**SWK 310 Social Work Practice 2: Family and Groups (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Grade of C or better in SWK 105 and SWK 203 is required.
Co-requisite(s): SWK 307, SWK 308, and SWK 405.
Taught: Spring only
Selected practice modalities applied to social work intervention in small systems, emphasizing families, and groups. Students learn to apply problem-solving approach, task centered casework, psychosocial model, and behavior modification to these small systems. Course restricted to Social Work majors accepted into the program.
Repeatable: No

**SWK 307 Human Behavior and Social Environment II (3 credits)**
Hours: 5 classroom + 0 lab/studio
Prerequisite(s): Grade of C or better in SWK 105, SWK 203 is required.
Co-requisite(s): SWK 308, SWK 310, and SWK 405.
Taught: Spring only
This course focuses on the life stages of young adulthood, middle adulthood, and later adulthood. The focus is on the interactions between and among individuals, groups, societies, and economic systems. Course content includes empirically based theories and knowledge and teaches biological and social science concepts concerning human development that are fundamental to social work practice. Special attention is given to the impact of human diversity, discrimination and oppression on the individual’s ability to reach or maintain optimal health and well-being. Course restricted to Social Work majors accepted into the program.
Repeatable: No

**SWK 308 Social Work Practice I (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Grade of C or better in SWK 105 and SWK 203.
Co-requisite(s): SWK 307, SWK 308 and SWK 310.
Taught: Fall only
Basic frame of reference for the understanding and practice of social work; various kinds of systems with which the social worker interacts, types of relationships involved and essential generalist/problem solving methodology and skills. Course restricted to Social Work majors.
Repeatable: No

**SWK 309 Topics: Social Welfare (1-3 credits)**
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
A specific aspect of social welfare practice or social welfare concern. May be repeated for additional credit, up to 12 semester hours, when topic varies. See Schedule of Classes for current topic, offerings, and prerequisites.
Repeatable: Yes
If Repeatable, Max. Credits: 12

**SWK 405 Social Work Practice: Community Organizations (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C or better in SWK 105 and SWK 203.
Co-requisite(s): SWK 307, SWK 308 and SWK 310.
Taught: Fall only
Social work intervention in groups, organizations, and large systems; knowledge, skill, and appropriate worker role useful in working with neighborhood and community action groups and different types of organizations. Course restricted to Social Work majors accepted into the program.
Repeatable: No

**SWK 406 Field Experience 1 (5 credits)**
Hours: 5 classroom + 0 lab/studio
Prerequisite(s): Grade of C or better in SWK 303, SWK 304, SWK 305, SWK 307, SWK 308, SWK 310, SWK 405, SWK 407.
Taught: Fall and spring
This first field-based course requires students complete 200 hours in a community social service agency under supervision of a professional social worker along with a weekly seminar. Students apply and integrate generalist social work knowledge and skill from the curriculum, and begin to demonstrate required competencies/practice behaviors for professional practice. Course restricted to Social Work majors accepted into program and consent of Field Director.
Repeatable: No

**SWK 407 Social Welfare Policy (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Grade of C or better in SWK 105 and SWK 203.
Co-requisite(s): SWK 303, SWK 304 and SWK 305.
Taught: Fall only
Framework for analyzing social welfare benefits, beneficiaries, service delivery strategies, and financing from the perspective of various choices evolving in social welfare planning; evaluation of programs and services. Course restricted to Social Work majors accepted into the program. 
Repeatable: No

**SWK 408 Field Instruction II (5 credits)**

*Hours: 5 classroom + 0 lab/studio*

*Prerequisite(s): Grade of C or better in SWK 406 is required.*

*Taught: Fall and spring*

Continuation of field placement and additional 200 hours in a community social service agency.

Application to advanced knowledge and skill in social work interventions. Participation in weekly seminar. Course restricted to Social Work majors accepted into program and consent of Field Director.

Repeatable: No

**SWK 411 Social Work and The Law: Part I (3 credits)**

*Hours: 3 classroom + 0 lab/studio*

*Taught: Variable, check with department*

The interrelationship of social work and the law; understanding the court system; testifying in court; legal services for low income people; legal regulation of social work practice; implications of significant issues involving the social worker.

Repeatable: No

**SWK 450 Multicultural Issues (3 credits)**

*Hours: 3 classroom + 0 lab/studio*

*Taught: Variable, check with department*

This is an upper-level undergraduate course focusing on multicultural awareness. Students are specifically encouraged to interact with those culturally different from themselves.

Repeatable: No

**SWK 455 Multicultural Family Experiences (3 credits)**

*Hours: 3 classroom + 0 lab/studio*

*Taught: Variable, check with department*

The purpose of this course is for the learner to begin the process of understanding diverse family experiences. The interactions between individuals and their family members are understood within their environmental and cultural context. Finally, students will learn to develop interventions with the families as participants instead of clients.

Repeatable: No

**SWK 460 Ethics and Advocacy (3 credits)**

*Hours: 3 classroom + 0 lab/studio*

*Taught: Variable, check with department*

The value and ethical dimensions of social work practice, and the responsibilities of individual professional practitioners must be viewed within the context of society’s responsibility for the well-being of all its members. This course pays particular attention to situations in which social workers face ethical dilemmas in promoting client and family well-being, and decision-making. Through the activities and assignments of this course, students are prepared to understand the role of ethics in the profession of social work and the ethical decision making process. Particular attention is paid to the intersection between ethics and advocacy.

Repeatable: No

**SWK 494 Special Topics: Bachelor of Social Work (1-6 credits)**

*Hours: 1-6 classroom + 0 lab/studio*

*Prerequisite(s): Junior standing in social work major or department permission.*

*Taught: Variable, check with department*

A specific aspect of social work offered for BSW students. May be repeated for additional credit, up to 12 semester hours, when topic varies. Additional pre-requisites may apply and varies by topic. See Schedule of Classes for current topic, offerings, and prerequisites.

Repeatable: Yes

If Repeatable, Max. Credits: 12

**SWK 499 Independent Study (1-6 credits)**

*Hours: 1-6 classroom + 0 lab/studio*

*Prerequisite(s): Instructor permission.*

*Taught: Variable, check with department*

Individual readings, research, or field-based course developed by the student in consultation with instructor and approved by department chair prior to registration.

Repeatable: Yes

If Repeatable, Max. Credits: 6

**SWK 500 Child Abuse (3 credits)**

*Hours: 3 classroom + 0 lab/studio*

*Taught: Variable, check with department*

This is an upper-level undergraduate or graduate on-line course focusing on the meanings of compassion, empathy and forgiveness and the relationship of these concepts to social justice issues. 

Repeatable: No

**SWK 515 Introduction to Child Maltreatment (3 credits)**

*Hours: 3 classroom + 0 lab/studio*

*Taught: Fall only*

Course designed to provide a comprehensive introduction to child abuse and neglect from a social work perspective. This course is the first of two specific course requirements for the child welfare certification available through Northern Kentucky University and the Department for Community Bases Services (DCBSS).

Repeatable: No

**SWK 516 Child Welfare 2: Interventions (3 credits)**

*Hours: 3 classroom + 0 lab/studio*

*Prerequisite(s): Acceptance into social work program and PCWCP project.*

*Taught: Spring only*

Course is second requirement for the Public Welfare Certification. Students will learn about various practice skills and treatment interventions related to social work with abused/neglected children and their families. Students will have several opportunities to develop their own skills through a variety of teaching methods.

Repeatable: No

**SWK 520 Services to Women (3 credits)**

*Hours: 3 classroom + 0 lab/studio*

*Taught: Variable, check with department*

Impact of the feminist movement on the delivery of services and the development of assertiveness training, peer counseling, and self-help.

Repeatable: No

**SWK 525 Substance Use and Abuse (3 credits)**

*Hours: 3 classroom + 0 lab/studio*

*Taught: Variable, check with department*

Various categories of drugs; treatment and rehabilitation programs; ways of developing and implementing drug education programs.

Repeatable: No

**SWK 565 Compassion, Empathy and Forgiveness (3 credits)**

*Hours: 3 classroom + 0 lab/studio*

*Taught: Variable, check with department*

This introductory course is designed to train students in the theories related to providing crisis intervention. Techniques/skills are based on the
most up-to-date evidence informed practice.

Repeatable: No

SWK 567 Mental Health Assessment (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Declared Social Work major or Graduate standing or consent of department.
Taught: Fall only
This course employs a Competency-Based Assessment model of evaluating and treating people with mental health issues. This course is designed for the Bachelors level and Graduate level student to better understand mental health diagnoses. This course will not qualify students to make mental health diagnoses.

Repeatable: No

SWK 568 Family-Directed Structural Therapy (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Declared Social Work major or Graduate standing or consent of department.
Taught: Variable, check with department
This course introduces students to the theoretical origins and evolution of Family-Directed Structural Therapy. Students are challenged to think critically about approaching families as a guide rather than expert. Students will receive training in the use of Family-Directed Structural Assessment Tools, both as an initial intervention and ongoing intervention tool.

Repeatable: No

SWK 571 Photography as a Social Change Agent (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Declared Social Work major or Graduate standing or consent of department.
Taught: Winter Only
This course examines social problems through photography and storytelling. Photovoice is a participatory action research method that allows individuals to express their views and concerns from a contextual and cultural viewpoint. This course is experiential in nature; students will identify, research, and explore social problems and concerns from the perspectives of those impacted by such issues.

Repeatable: No

SWK 572 Forensic Social Work (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Declared Social Work major or Graduate standing or consent of department.
Taught: Variable, check with department
This course provides an overview of forensic social work practice and theory. It illustrates skills for working with diverse populations and settings, such as community, medical, school, child welfare, mental health/addictions, and juvenile/criminal justice settings. The course focuses on theoretical frameworks relevant to client populations affected by legal issues.

Repeatable: No

SWK 573 Mental Health and Ethnic Minorities (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Declared Social Work major or Graduate standing or consent of department.
Taught: Variable, check with department
This course is designed to give the student an introduction to the prevalence, incidences, and manifestation of mental health disorders among ethnic minority groups.

Repeatable: No

SWK 574 Spirituality in Social Work (3 Credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing or consent of department.
Taught: Variable-chck w/dept
An exploration of spirituality as it relates to the profession of social work. It differentiates spirituality from religion and explores how these two concepts support and conflict with each other. It provides a framework for the clarification of the learner’s values, provides opportunities for the development of spirituality-sensitive practice interventions. A number of concepts under the definition of spirituality are explored with an emphasis on the many ways spirituality can be used in a variety of social work practice settings.

Repeatable: No

SWK 575 Focus on Techniques and Skills in Social Work (3 Credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing or consent of department.
Taught: Variable-chck w/dept
Demonstrates specific skills for collecting high quality information from clients, uncovering the deep structure (the story beneath the story) of client communication, building and maintaining rapport and specific techniques for helping clients achieve their desired outcomes. Aids students in discovery of what internal states, beliefs and values prevent the client from achieving the desired outcomes, and learn techniques to overcome or by-pass those obstacles.

Repeatable: No

SWK 594 Topics: Issues in Social Welfare (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Taught: Variable, check with department
A specific aspect of social welfare practice or social welfare concern. See Schedule of Classes for current offerings and prerequisites.

Repeatable: Yes
If Repeatable, Max. Credits: 12

SOCIOLOGY

SOC 101 Introduction to Sociology - SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall, spring, and summer
Sociology is the scientific study of society. More specifically, it is the study of ways in which humans construct meanings and organize social relationships and activities. This discipline seeks to develop students’ ability to observe and think critically about their own and other societies and to become more sensitive to behavioral and value differences among people (which powerfully shape attitudes and opinions). Serious students of sociology will learn that sociological concepts, theories, and methods are powerful analytical tools for making connections between personal problems and larger social issues and for understanding how local, regional, national and global communities are intertwined. Such understanding and skills will facilitate decision-making and constructive ethical and responsible action to address the issues we face today.

Repeatable: No
General Education Credit: Individual and Society, Global Viewpoints

SOC 103 Global Inequalities - SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall, spring, and summer
Global Inequality is the study of ways in which humans construct meanings as they relate to similarities and differences and organize social relationships and activities in ways that advantage some groups over others. Special emphasis is paid to inequalities across and within countries, effects of imperialism and colonialism on linguistic or cultural diversity; theories of cultural development, the interconnections between and differences among local, national, and global communities; and the influence of cultural and socioeconomic background in shaping attitudes and opinions (in themselves and others).
SOC 300 Race and Ethnic Relations (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SOC 100.
Taught: Spring only
Dominant-minority intergroup relations; prejudice, discrimination, and other intergroup processes; racial and ethnic minorities in U.S. society.
Repeatable: No

SOC 301 World Patterns of Race Ethnicity (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SOC 100 or ANT 100.
Taught: Fall only
Patterns of intergroup relations in multi-ethnic societies; similarities and differences between these and U.S.
Repeatable: No

SOC 303 Social Psychology (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Interactionist approach to study of development of the self; social roles; identity; social relationships; creativity; deviance; social control.
Repeatable: No

SOC 305 Criminology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SOC 100.
Taught: Variable, check with department
Concepts, theories, and major research findings of crime and criminal behavior; analysis of the criminal justice system, including various forms of corrections and rehabilitation.
Repeatable: No

SOC 307 Social Stratification (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SOC 100.
Taught: Variable, check with department
Theories of social class; distribution of wealth, prestige, and power in U.S.; patterns of social mobility.
Repeatable: No

SOC 308 Social Organization (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SOC 100.
Taught: Variable, check with department
Structure and function of organized groups and organizational behavior; formal organization.
Repeatable: No

SOC 315 Marriage and the Family (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SOC 100.
Taught: Variable, check with department
Major theoretical approaches with emphasis on interaction; the family as a social institution, with cultural, social, and emotional implications of dating and mate selection; meeting family crises and problems; marital adjustment; social changes affecting the family.
Repeatable: No

SOC 319 Managing and Analyzing Databases (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SOC 100.
Taught: Variable, check with department
Introduction to database creation, management and analysis. Designed to give students hands-on experience assessing, building, evaluating, applying and drawing conclusions related to large data sets.
Repeatable: No

SOC 320 Social Research (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SOC 100.
Taught: Fall only
Overview of the research process; principles of research design; major methods of data collection; interviewing techniques; hand-on experience with selected research design and analysis.
Repeatable: No

SOC 322 Qualitative Research Methods (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SOC 100.
Taught: Variable, check with department
Introduction to the theory and methods of qualitative research. Students will learn the basics of research design and analysis, featuring data gathered using interview techniques, content analysis, ethnography, observation, and other qualitative research methods. Special attention will be given to the research ethics that guide sociological research.
Repeatable: No

SOC 330 Classical Sociological Theory (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SOC 100.
Taught: Fall and spring
Major classical sociological theories and their exponents.
Repeatable: No

SOC 332 Collective Behavior (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Crowd, mass, and public behavior; relationship to social improvements (especially contemporary); analysis of leadership roles in various types of collective behavior; factors and processes at work in emergence of social order.
Repeatable: No

SOC 334 Contemporary Sociological Theory (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SOC 100.
Taught: Spring only
Provides students with an analysis and an understanding of the major contemporary theories that underlie both quantitative and qualitative sociological research.
Repeatable: No

SOC 335 Popular Culture (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SOC 100.
Taught: Variable, check with department
Expression and contest of popular culture as it relates to social change and thought in U.S. during the 20th century; social implications of democratic ideals, sexual mores, arts vs. pornography, youth culture, roles of music and advertising, images of women, and social and ethnic stereotypes.
Repeatable: No

SOC 340 Population (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SOC 100.
Taught: Variable, check with department
Fertility, mortality, and internal and international migration; population dynamics; interdependence of demographics and social and economic variable.
Repeatable: No

SOC 342 Sociology of Aging (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SOC 100.
Taught: Variable, check with department
Social and demographic characteristics of the elderly population; sociological theories and methods for studying the elderly; adjustment problems of aging; prejudice and discrimination against the elderly.
Repeatable: No

SOC 345 Native American Social Issues (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SOC 100.
Taught: Variable, check with department
This course covers a range of social issues faced by contemporary Native Americans on and off reservations. Issues are presented within diverse social and historical contexts. Activist responses are considered along with the social consequences of past and current initiatives and policies.
Repeatable: No

SOC 355 Sociology of the Environment (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Analysis of social causes and consequences of environmental degradation; examination of responses to U.S. environmental problems by government, communities, and environmental organizations; assessment of U.S. environmental policies; application of sociological theory and research methods to environmental issues.
Repeatable: No

SOC 360 Technology and Social Change (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SOC 100.
Taught: Variable, check with department
Sociological analysis of interaction of technology and society; social issues arising with technological advancement; sociological factors influencing the direction of technological change and the adoption of technology; issues of the role of science in contemporary society.
Repeatable: No

SOC 364 Women and Men in Society (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SOC 100.
Taught: Variable, check with department
Using major theoretical perspectives, the course provides an analysis of the roles of women and men in American society, as well as cross culturally; provides a greater understanding of the social forces influencing women and men in society.
Repeatable: No

SOC 371 Environment, Society, and Public Health (3 Credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SOC 100
Taught: Variable - check with department
Critical examination of environmental basis of public health issues. Topics include: role of science and scientific burdens of proof in determining environmental impacts on health, uneven distribution of environmental health risk factors across race and class, analysis of community responses to environmental health issues (i.e. environmental justice campaigns, health social movements).
Repeatable: No

SOC 394 Topics: Sociology (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
A recent development in any phase of sociology. See Schedule of Classes for current topic and prerequisites.
Repeatable: Yes
If Repeatable, Max. Credits: 12

SOC 400 Urban Society (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SOC 100.
Taught: Variable, check with department
Urbanization, industrialization, metropolitanization, and urban ecology; impact of large-scale population aggregations on social institutions; adaptation and adjustment of migrants; developing nations.
Repeatable: No

SOC 415 Sociology of Planning and Development (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SOC 100.
Taught: Variable, check with department
Provides students with a sociological perspective of the planning and development process. Examines who, what, where, and when of the planning process and at what point in planning and development do various populations have access to the process and to what extent do all have a say in the process.
Repeatable: No

SOC 425 Political Sociology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SOC 100, or PSC 100.
Taught: Variable, check with department
Theories of power and legitimacy; elites and masses; power structures of U.S. and other societies: social correlates of political ideology; socio-political movements.
Repeatable: No

SOC 430 Sociology of Religion (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SOC 100.
Taught: Variable, check with department
Religion as a social institution; religious behavior; structure and function of religious institutions; interdependence with other social institution.
Repeatable: No

SOC 435 Sociology of Sexualities (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SOC 100.
Taught: Variable, check with department
While ‘human sexuality’ may seem to be static and biologically determined, in sociology we see sexualities as complex, varied, and shaped by social forces, influencing life chances and quality of life for people of various cultural, social, and historical circumstances. This course examines sexualities in these contexts.
Repeatable: No

SOC 450 Medical Sociology (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SOC 100.
Taught: Variable, check with department
Major sociological theories of sickness and health; social and cultural aspects of disease definition, help seeking, and response to illness; provider-patient roles and relationships; health care delivery systems in various societies.
Repeatable: No

SOC 480 Global Aging Issues and Policies (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SOC 100.
Taught: Variable, check with department
Global aging issues and policies with emphasis on the health and care of aging populations, theories of adult development, cross-cultural comparisons and social gerontology. Addresses the relationships and interactions between and among the elderly, their families, social and health care professionals, and the various organizations that serve them.
Repeatable: No

SOC 492 Directed Research: Sociology (1-6 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Independent work on research project agreed upon by student and instructor.
Repeatable: Yes
If Repeatable, Max. Credits: 18

SOC 493 Sociology Senior Seminar (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SOC 100 and at least 21 semester hours in sociology and senior standing.
Taught: Fall only
Senior seminar required as a capstone experience...
for seniors majoring in sociology.
Repeatable: No

**SOC 496 Teaching Experience in Sociology (1-2 credits)**
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Teaching experience as an assistant in a sociology course with a focus on assisting students learning course materials.
Repeatable: Yes
If Repeatable, Max. Credits: 8

**SOC 497 Research Assistantship: Sociology (1-6 credits)**
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Research experience as an assistant to an sociology faculty member.
Repeatable: Yes
If Repeatable, Max. Credits: 18

**SOC 498 External Internship: Sociology (1-6 credits)**
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Students arrange an unpaid internship related to sociology.
Repeatable: Yes
If Repeatable, Max. Credits: 18

**SPANISH**

**SPI 101 Elementary Spanish I - AH (3 credits)**
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Fundamentals; introduction to Hispanic cultures; development of skills in conversation, pronunciation, grammar, reading, and writing.
Repeatable: No
General Education Credit: Culture and Creativity

**SPI 102 Elementary Spanish II (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): For students who have completed SPI 101 or equivalent.
Taught: Fall and spring
Continuation of SPI 101.
Repeatable: No

**SPI 201 Intermediate Spanish I (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): For students who have completed SPI 102 or equivalent.
Taught: Fall and spring
Review and extension of basic language skills learned in SPI 101 and SPI 102; reading and discussion of cultural, linguistic, and literary subjects.
Repeatable: No

**SPI 202 Intermediate Spanish II (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): For students who have completed SPI 201 or equivalent.
Taught: Fall and spring
Continuation of grammar review and enhancement of language skills begun in SPI 201; cultural and literary subjects.
Repeatable: No

**SPI 304 Spanish Composition and Conversation (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SPI 202 or equivalent.
Taught: Fall and spring
Advanced practice in writing Spanish compositions and in oral conversation skills.
Repeatable: No

**SPI 307 Introduction to Spanish Translation (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SPI 202 or consent of instructor.
Taught: Variable, check with department
Introductory translation course providing an overview of the considerations that the translator must take into account when approaching a text. Attention is paid to the structural differences between Spanish and English, cross-cultural differences in stylistics, writing with clarity and reference work. Students will have hands-on experience.
Repeatable: Yes

**SPI 310 Spanish Culture and Civilization (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SPI 202 or equivalent.
Taught: Variable, check with department
Study of eras, institutions, and issues in the history and culture of Spain and the Iberian peninsula; readings primarily in Spanish.
Repeatable: No

**SPI 311 Spanish-American Culture and Civilization (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SPI 202 or equivalent.
Taught: Variable, check with department
Overview of major authors and movements from the middle ages to the 20th century; readings in Spanish.
Repeatable: No

**SPI 320 Survey of Peninsular Spanish Literature (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SPI 202 or equivalent.
Taught: Variable, check with department
Overview of major authors and movements from the 18th to the 20th century; readings in Spanish.
Repeatable: No

**SPI 321 Survey of Spanish-American Literature (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SPI 202 or equivalent.
Taught: Variable, check with department
Overview of major authors and movements from the 18th to the 20th century; readings in Spanish.
Repeatable: No

**SPI 322 Hispanic Drama (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SPI 202 or equivalent.
Taught: Variable, check with department
Study of major authors and texts in the history of Spanish theater, including representative twentieth-century playwrights. Readings in Spanish. May be repeated when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 9
SPI 323 Hispanic Prose Fiction (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SPI 202 or equivalent.
Taught: Variable, check with department
Focus on novel, novella, or short story. May be repeated as topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 9

SPI 330 Studies in Spanish Language Cinema (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SPI 202 or equivalent.
Taught: Variable, check with department
Survey of films produced in the Spanish language.
Emphasizes both the aesthetic aspects of the films as well as their historical, political, social and cultural content. May be repeated as topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 9

SPI 340 Business Spanish (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SPI 202 or equivalent.
Taught: Variable, check with department
Study of language for broad commercial purposes; cultural awareness in both social and professional situations; historic and contemporary views of government, labor, media, and industrial organization in Spain and Latin America; business communication; Relations between the Spanish-speaking world and the U.S.
Repeatable: No

SPI 350 Methods of Teaching Spanish (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 6 semester hours of Spanish at the 300 level or above.
Taught: Spring only
Theoretical and practical considerations of teaching Spanish in secondary schools. Required of all students seeking teaching certification in Spanish.
Repeatable: No

SPI 401 Spanish Phonetics and Pronunciation (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 6 semester hours of Spanish on the 300 level or above or consent of instructor.
Taught: Spring only-even yrs
Study of Spanish sound system, how sounds are produced, which ones are used in Spanish, and in what contexts they occur. Satisfies the linguistics requirement for Spanish Education majors.
Repeatable: No

SPI 402 Advanced Spanish Grammar and Syntax (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 6 semester hours of Spanish on the 300 level or above or consent of instructor.
Taught: Spring only-odd yrs
Study of grammar through analysis of key linguistic structures and applied practice. Analysis of word formation, sentence structure, and semantics. Satisfies the linguistics requirement for Spanish Education majors.
Repeatable: No

SPI 480 Studies in Spanish and Spanish-American Culture (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 6 semester hours of Spanish on the 300 level or above or consent of instructor.
Taught: Variable, check with department
Topics in culture and language of Spanish-speaking countries. May be repeated for credit when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 12

SPI 481 Studies in Spanish and Spanish-American Literature (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 6 semester hours of Spanish on the 300 level or above or consent of instructor.
Taught: Variable, check with department
Topics in literature, literary history, and literary theory. May be repeated for credit when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 12

SPI 499 Independent Study: Spanish (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Readings in language, literature, and culture.
Repeatable: Yes
If Repeatable, Max. Credits: 15

SPI 520 Readings in Spanish (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 300-level Spanish course.
Taught: Variable, check with department
Various literary, linguistic, cultural, and pedagogical topics. May be repeated for credit as topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 15

SPORTS BUSINESS

SPB 200 Rivalry and Rituals: International Sport - SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
'Rivalry and Rituals' uses the socially prominent context of international sports to examine cultural development, influence and conflict within and across persons and geographic boundaries.
Repeatable: No
General Education Credit: Cultural Pluralism

SPB 305 Sports Marketing and Events Research (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in MKT 205.
Taught: Fall and spring
Sports Marketing will build upon the marketing knowledge base and provide an overview of all the issues faced by marketing managers within the sports industry and outside the industry who market through sports. Students will be introduced to the unique qualities of the sports product and also examine the promotion mix, pricing and distribution issues as they relate to the sports industry.
Repeatable: No

SPB 307 Moneyball: Economics of Sports & Events (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in ECO 201.
Taught: Variable, check with department
Challenges students to apply economic theory to the unique aspects of college and professional sports. Highlights of the course include the industrial structure of sports, public financing of sports, and labor markets in sports.
Repeatable: No

SPB 309 Sports and Events Public Relations (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in MKT 205 or MKT 305.
Taught: Variable, check with department
Introduction to the elements of the promotional mix that identify, establish and maintain mutually beneficial relationships between the sports organizations and the various publics on which its success or failure depends.
Repeatable: No

SPB 330 Sports and Events Law (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Variable, check with department
This course will explore the landmark decisions and social environment, which have transformed
sports into a very powerful industry enjoying special protection under the law. Topics will include sports franchise rights, legal issues, anti-trust laws, sports agents, injuries to athletics, intercollegiate sports, collective bargaining issues, the powers of the Commissioner and gender equality.
Repeatable: Yes
If Repeatable, Max. Credits: 6

SPB 350 Revenue Generation in Sports and Events (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in MKT 205, SPB 305.
Taught: Variable, check with department
A comprehensive look at factors to consider for successful event planning, marketing, and management. Topics will include analysis of event budgets, design and implementation of promotional campaigns, strategies for sponsorship program development, selection of facilities or venues, coordination of staffing needs, and key legal issues such as contracts.
Repeatable: No

SPB 396 Internship: Sports Business (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): SPB 305 and consent of instructor.
Taught: Fall, spring, and summer
Supervised professional work experience in approved sport or sports related organization.
Repeatable: Yes
If Repeatable, Max. Credits: 6

STATISTICS

STA 110 Introductory Probability (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in MAHD 092 or MAHD 095 or MAHD 099 or placement.
Taught: Spring and Summer
Enumeration techniques and probability theory. Not open to students who have completed both MAT 110/STA 110 and either STA 204 or STA 205, or MAT 110/STA 110, or STA 250 or STA 314.
Repeatable: No

STA 111 Basic Probability (1 credit)
Hours: 1 classroom + 0 lab/studio
Prerequisite(s): STA 205 and consent of chairperson.
Taught: Fall, spring, and summer
Probability; basic counting techniques.
Repeatable: No

STA 113 Probability and Statistics with Elementary Education Applications - QR (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in MAHD 092 or MAHD 095 or MAHD 099 or placement.
Taught: Fall, spring, and summer
Concepts of probability, statistical description, and statistical inference and their use in elementary education; basic counting techniques; graphical descriptive methods; numerical descriptive methods; normal distribution; sampling distribution of a proportion and mean; estimation of a proportion and mean; Use of statistical software. Not open to students who have completed both MAT 110/STA 110 and either STA 204 or STA 205, or MAT 110/STA 110, or STA 250 or STA 314.
Repeatable: No

General Education Credit: Mathematics

STA 204 Statistics for Middle Grades Teachers (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in MAHD 092 or MAHD 095 or placement.
Taught: Spring only
Concepts of statistical description and inference as they relate to middle and secondary standards; graphical displays of qualitative and quantitative data; measures of central tendency, variability, and position; normal distributions; linear regression and correlation; patterns of association in bivariate categorical data; simulation for inferential techniques, including confidence intervals and randomization tests; use of statistical software. Open only to students majoring in elementary or middle grades education or by instructor permit.
Repeatable: No

STA 205 Introduction to Statistical Methods - QR (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in MAHD 092 or MAHD 095 or MAHD 099 or placement.
Taught: Fall, spring, and summer
Graphical descriptive measures; numerical descriptive measures; probability; hypothesis testing, estimation; analysis of variance; chi-square; regression; analysis by means of statistical software. Not open to students who
have completed STA 250 or STA 314.
Repeatable: No
General Education Credit: Mathematics

**STA 213 Statistics for Business Applications II (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in STA 205.
Taught: Fall and spring
Further development of key topics in STA 205; analysis of variance; chi-square tests; nonparametric inference; regression analysis; additional inference topics; use of statistical software.
Repeatable: No

**STA 250 Probability and Statistics I (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in MAT 129
Co-requisite(s): MAT 227.
Taught: Fall and spring
Introduction to probability and statistics; discrete distributions, continuous distributions, sampling distributions, estimation and hypothesis testing.
Repeatable: No

**STA 292 Introductory Statistical Research (0 credits)**
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Introduction to research in statistics by participation in a special project or original research directed by a member of the Department of Mathematics and Statistics faculty. Course intended for statistics majors interested in statistics research but not ready or able to enroll in more advanced research courses. Pass/fail grade only.
Repeatable: Yes
If Repeatable, Max. Credits: 0.5

**STA 294 Topics: Statistics (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Varies with topic (see Schedule of Classes).
Taught: Variable, check with department
Various topics in Statistics.
Repeatable: Yes
If Repeatable, Max. Credits: 15

**STA 299 Directed Readings/Independent Study (1-3 credits)**
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department

**STA 312 Elementary Survey Sampling (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in STA 205 or STA 250.
Taught: Variable, check with department
Describing sets of data; estimation; elements of survey samples; single random, stratified, cluster, and systematic sampling methods; ratio and regression estimation; sampling from wildlife populations. Students will be required to conduct and analyze an actual survey.
Repeatable: No

**STA 314 Design and Analysis of Experiments (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in STA 213 or STA 250; or B- or better in STA 205.
Taught: Fall only
Analysis of variance and experimental design; multiple comparison techniques; factorial experiments; random and fixed effects models; nested and split plot designs; use of statistical software.
Repeatable: No

**STA 316 Regression Analysis (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in STA 213 or STA 250; or B- or better in STA 205.
Taught: Spring only
Simple linear regression; multiple regression; diagnostics and remedial measures; logistic regression; additional topics in regression; use of statistical software. Not open to students who have completed STA 315.
Repeatable: No

**STA 317 Introduction to Time Series Analysis (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in STA 213 or STA 316 or STA 341.
Taught: Fall only-odd years
Development of ARIMA models; estimation and confidence limits for model parameters; time series smoothing techniques; forecasting with ARIMA models; diagnostic checking.
Repeatable: No

**STA 327 Categorical Data Analysis (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): B- or better in STA 205 or STA 213; or C- or better in STA 250, STA 314 or STA 341.
Taught: Variable, check with department
A study of categorical variables and their analyses. Topics include: 2-way contingency tables; difference in proportions; marginal and conditional probabilities; independence; chi-square tests; relative risks and odds ratios; Simpson’s paradox; logistic regression; Poisson regression; use of advanced statistical software (such as R, SAS). Other topics, time permitting.
Repeatable: No

**STA 340 Probability II (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in STA 250 and (MAT 228 or MAT 229).
Taught: Fall only
Further study of topics in STA 250; multivariate distributions, approximations, functions of random variables; additional topics.
Repeatable: No

**STA 341 Statistics II (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in STA 250.
Taught: Spring only
Further study in statistics topics introduced in STA 250. Topics include confidence intervals and hypothesis testing, one-factor analysis of variance, simple linear regression, chi-square analyses, and nonparametric tests.
Repeatable: No

**STA 360 Statistical Computing (3 credits)**
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): C- or better in STA 213 or any 300-level STA course or permission of instructor.
Taught: Fall only
Use of SAS software for data management. Sorting, merging, subsetting, and validating datasets; programming techniques including use of loops, arrays, and macros; descriptive and graphical statistical procedures. This course prepares students for the Base SAS Certification Exam. Note: Students who do not satisfy the prerequisite but who will concurrently enroll in another 300-level STA course may request a waiver of the prerequisite from the department to enroll in this course.
Repeatable: No

**STA 370 Introduction to Statistical Consulting (3 credits)**
Hours: 1 classroom + 6-9 lab/studio
Prerequisite(s): Consent of instructor and C- or better in STA 314 or STA 341.
Taught: Variable, check with department
Supervised application of statistical methods to real research problems in the Burkardt Consulting Center (BCC; readings and discussions on
STA 470 Supervised Statistical Consulting (3 credits)
Hours: 1 classroom + 6-9 lab/studio
Prerequisite(s): Grade of P in STA 370.
Taught: Variable, check with department
Continuation of STA 370; more active involvement in consulting projects; completion of a major oral presentation.
Repeatable: No

STA 489 Comprehensive Examination (0 Credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Consent of department.
Taught: Not assigned
Completion of a program reflection and an examination over general concepts in statistics. To be taken within two semesters of graduation.
Repeatable: No

STA 490 Statistics Research Proposal (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Consent of department.
Taught: Variable, check with department
Development of a comprehensive proposal for a research project in Statistics. Includes feasibility study, identification of resources, establishment of appropriate goals, proposal writing, and a public defense. May not be applied toward elective hours in the mathematics or statistics major. Pass/Fail.
Repeatable: No

STA 491 Statistics Honors Research Project (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Passing grade in STA 490.
Taught: Variable, check with department
Supervised research in statistics concluding with a written report and public presentation of results.
Repeatable: No

STA 492 Advanced Research in Statistics (0-3 credits)
Hours: 0-3 classroom + 0 lab/studio
Prerequisite(s): Consent of Instructor.
Taught: Variable, check with department
Original research in statistics directed by a member of the Department of Mathematics and Statistics faculty.
Repeatable: Yes
If Repeatable, Max. Credits: 15

STA 499 Directed Readings/Independent Study (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Varies with topic (see Schedule of Classes).
Taught: Variable, check with department
Topics in statistics. Topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 15

THEATRE AND DANCE
DAN 120 Ballet Dance I (3 credits)
Hours: 0 classroom + 2-4 lab/studio
Taught: Fall, spring, and summer
Introduction to technique for students with little or no dance training.
Repeatable: No

DAN 220 Ballet Dance II (3 credits)
Hours: 0 classroom + 2-4 lab/studio
Prerequisite(s): Consent of instructor or chair.
Taught: Fall and spring
Intermediate level.
Repeatable: No

DAN 221 Modern Dance I (3 credits)
Hours: 0 classroom + 2-4 lab/studio
Taught: Fall and spring
Beginning level.
Repeatable: No

DAN 222 Jazz Dance I (3 credits)
Hours: 0 classroom + 2-4 lab/studio
Prerequisite(s): DAN 120.
Taught: Fall and spring
Introduction to jazz dance technique. For students with little or no jazz dance training.
Repeatable: No

DAN 224 Tap I (3 credits)
Hours: 0 classroom + 2 lab/studio
Taught: Fall only
Introduction to tap dance technique. No previous training necessary.
Repeatable: No
DAN 226 Foundation Seminar (3 credits)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): 2 DAN classes and consent of instructor or chair.
Taught: Variable, check with department
Execute corrective exercise by strengthening muscle tissue and skeletal connections, learning technical skills essential for all areas of dance; analyze movement strategies for proper body alignment.
Repeatable: Yes
If Repeatable, Max. Credits: 4

DAN 227 Special Topics in Dance (3 credits)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): Variable, check with department
Opportunity for introductory work in specialized topics related to student’s areas of concentration.
Repeatable: Yes
If Repeatable, Max. Credits: 4

DAN 321 Modern Dance II (3 credits)
Hours: 0 classroom + 2-4 lab/studio
Prerequisite(s): DAN 221 or consent of instructor or chair.
Taught: Spring only
Intermediate level.
Repeatable: No

DAN 322 Jazz Dance II (3 credits)
Hours: 0 classroom + 2-4 lab/studio
Prerequisite(s): DAN 222 or consent of instructor or chair.
Taught: Variable, check with department
Intermediate level.
Repeatable: No

DAN 323 Physiology of Dance (3 credits)
Hours: 2 classroom + 1 lab/studio
Taught: Variable, check with department
Provides an explanation of dance anatomy for the dancer. Emphasis is placed on the actions of the muscles, implications of joint mechanics for technique, dance terminology, specific exercises and discussion of dance injury.
Repeatable: No

DAN 324 Tap Dance II (3 credits)
Hours: 0 classroom + 2-4 lab/studio
Prerequisite(s): DAN 224 or consent of instructor or chair.
Taught: Spring only
Dance work in tap dance: audition and performance preparation; techniques in choreography.
Repeatable: No

DAN 326 Advanced Dance Seminar (3 credits)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): Consent of instructor or chair.
Advanced work in dance (all genres may be explored) for students majoring in theatre and skilled dancers.
Repeatable: Yes
If Repeatable, Max. Credits: 9

DAN 375 Choreography (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): 6 semester hours of dance or consent of instructor or chair.
Taught: Variable, check with department
Interpretations of ballets and stage musicals as expressed in movement and dance.
Repeatable: No

DAN 414 Dance Tour Troupe (2 Credits)
Hours: 0 classroom + 2-6 lab/studio
Prerequisite(s): Audition required.
Taught: Fall and Spring
Touring dance performance troupe designed to represent the University in schools and at functions around the state and region.
Repeatable: Yes
If Repeatable, Max. Credits: 16

DAN 420 Ballet Dance III (3 Credits)
Hours: 1 classroom + 2 lab/studio
Prerequisite(s): DAN 120 and DAN 220 or faculty approval/placement audition.
Taught: Variable-chk w/dept
Advanced training in classical and contemporary ballet technique and principles, with an emphasis on technique and performance.
Repeatable: Yes

DAN 421 Modern Dance III (3 Credits)
Hours: 1 classroom + 2 lab/studio
Prerequisite(s): DAN 221 and DAN 321 or faculty approval/placement audition.
Taught: Variable-chk w/dept
Advanced training in classical and contemporary modern techniques and principles, with an emphasis on technique and performance.
Repeatable: Yes

DAN 422 Jazz Dance III (3 Credits)
Hours: 1 classroom + 2 lab/studio
Prerequisite(s): DAN 222 and DAN 322 or faculty approval/placement audition.
Taught: Variable-chk w/dept
Advanced training in classical and contemporary jazz techniques and principles, with an emphasis on technique and performance.
Repeatable: Yes
If Repeatable, Max. Credits: 9

DAN 424 Tap Dance III (3 Credits)
Hours: 1 classroom + 2 lab/studio
Prerequisite(s): DAN 224 and DAN 324 or faculty approval/placement audition.
Taught: Variable-chk w/dept
Advanced training in classical and contemporary tap techniques and principles, with an emphasis on technique and performance.
Repeatable: Yes
If Repeatable, Max. Credits: 9

DAN 426 Advanced Dance Seminar II (3 credits)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): Consent of instructor or chair.
May be explored) for students majoring in theatre and for skilled dancers; all genres.
Repeatable: Yes
If Repeatable, Max. Credits: 6

DAN 427 Dance History (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 6 semester hours of dance.
Taught: Variable, check with department
More advanced level of dance training (all genres may be explored) for students majoring in theatre and for skilled dancers; all genres.
Repeatable: No

DAN 428 Special Problems in Dance (3 credits)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): 3 semester hours of dance.
Taught: Variable, check with department
Individual creative or research projects in Dance. Projects directed by TAR faculty must be approved prior to registration. A maximum of 6 semester hours of individual studies may be applied toward a major in theatre arts.
Repeatable: Yes
If Repeatable, Max. Credits: 9

DAN 499 Individual Studies in Theatre (1-3 credits)
Hours: 1-3 classroom + 1-3 lab/studio
Prerequisite(s): One DAN course.
Taught: Fall and spring
Individual creative or research projects in Dance. Projects directed by TAR faculty must be approved prior to registration. A maximum of 6 semester hours of individual studies may be applied toward a major in theatre arts.
Repeatable: Yes
If Repeatable, Max. Credits: 9
TAR 100 Theatre Appreciation - AH (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall, spring, and summer
Survey of the development and practice of theatre through the study of theatre history, dramatic literature, practitioners, live performance, and basic components of theatre.
Repeatable: No
General Education Credit: Culture and Creativity

TAR 100H Theatre Appreciation (Honors) - AH (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Spring only
Survey of the development and practice of theatre through the study of theatre history, dramatic literature, practitioners, live performance, and basic components of theatre.
Repeatable: No
General Education Credit: Culture and Creativity

TAR 102 Race, Gender and Theatre - SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall, spring, and summer
Exploration of race, gender and social issues which affect individuals, families, communities and society at large by the analysis and discussion of dramatic literature.
Repeatable: No
General Education Credit: Cultural Pluralism

TAR 102H Race, Gender, and Theatre (Honors) (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall, winter, spring and summer
Exploration of race, gender and social issues which affect individuals, families, communities and society at large by the analysis and discussion of dramatic literature. This is an honors section which will be held in a seminar style, which requires your full participation. In keeping the mission of honors, this course will look at texts meant to develop our global perspectives. At the same time, as is the nature of both honors and this course, we will celebrate difference and promote a sense of community. Please Note: It is not the intention of this course to influence students to think one way or another. It is the intention of this course to promote students to think.
Repeatable: No
General Education Credit: Cultural Pluralism

TAR 104 Introduction to NKU Theatre and Dance (1 credit)
Hours: 1 classroom + 0 lab/studio
Taught: Fall only
An introduction to Theatre and Dance at Northern Kentucky University. Exploration of the different disciplines of theatre and dance available at NKU, as well as career possibilities, in performance, dance, and production. Required of all TAR and DAN majors and minors.
Repeatable: No

TAR 104H Introduction to NKU Theatre and Dance Honors (3 credits)
Repeatable: No

TAR 110 Acting I (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Basic principles and techniques.
Repeatable: No

TAR 111 Creative Expression - OC (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall, spring, and summer
Development and understanding of the oral communication process through the theory and practice of theatrical acting; utilizing the acting process as a communication tool, aiding in improving oral communication skills, idea and message development, effective delivery of ideas.
Repeatable: No
General Education Credit: Oral Communication

TAR 111H Creative Expression Honors (3 credits)
Repeatable: No

TAR 112 Communication Development for the Actor I (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Speech development as related to theatre; elimination of regional accents; introductory work with the International Phonetic Alphabet.
Repeatable: No

TAR 119 Stage Make Up (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall, spring, and summer
Basic techniques and principles of stage makeup for the stage.
Repeatable: No

TAR 130 Musical Skills for the Musical Theatre (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall only
Introduction to basic reading and understanding of musical concepts specific to vocalists; strong focus on the unique demands of the musical theatre.
Repeatable: No

TAR 160 Stagecraft (2 credits)
Hours: 2 classroom + 0 lab/studio
Co-requisite(s): TAR 160L
Taught: Fall and spring
Basic elements of scenery construction or basic sewing skills for theatrical costumes overview of theatrical production emphasizing practical application.
Repeatable: No

TAR 160L Stagecraft Laboratory (1 credit)
Hours: 0 classroom + 2.4 lab/studio
Co-requisite(s): TAR 160.
Taught: Fall and spring
Practical application of elements acquired in TAR 160.
Repeatable: No

TAR 165 Comparative Arts - AH (3 credits)
Repeatable: No

TAR 210 Acting II (3 credits)
Prerequisite(s): TAR 110.
Taught: Fall and spring
Additional development of acting techniques and perceptions; greater emphasis on scene work and character development.
Repeatable: No

TAR 211 Special Topics in Theatre (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Taught: Variable, check with department
Introduction to specialized theatre areas of study.
Repeatable: Yes
If Repeatable, Max. Credits: 9

TAR 213 Stage Combat (3 credits)
Prerequisite(s): TAR 110.
Taught: Variable, check with department
Introduction to stage combat; hand fighting, quarterstaff, broadsword, and rapier and dagger; the stage fight in various periods and styles of dramatic literature.
Repeatable: No

TAR 225 Musical Theatre Performance I (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Practical application of elements acquired in TAR 160.
Repeatable: No
Introduction to performance techniques; synthesis of voice, acting, and movement; beginning vocal technique as applied to musical theatre repertoire. Repeatable: No

**TAR 230 Musical Skills for Musical Theatre**

**Actors II (3 credits)**

- Hours: 3 classroom + 0 lab/studio
- Prerequisite(s): TAR 130.
- Taught: Spring only
- Continuation of TAR 130 dealing with more advanced challenges in musical theatre repertoire. Repeatable: No

**TAR 235 Vocal Techniques for the Singing Actor I (1 credit)**

- Hours: 1 classroom + 0 lab/studio
- Taught: Fall only
- Private instruction focusing on viable methods for healthy musical theatre singing. May be repeated for credit (Musical Theatre B.F.A. students must repeat for credit). Repeatable: Yes
- If Repeatable, Max. Credits: 5

**TAR 245 Introduction to Theatre in World Cultures (3 credits)**

- Hours: 3 classroom + 0 lab/studio
- Taught: Variable, check with department
- Through the reading and analyzing of scripts and other texts, learners will be encouraged to recognize and analyze ethical issues and actions while examining the socio-political, economic and historical conditions from which diversity both emerges and converges. Repeatable: No

**TAR 260 Lighting Fundamentals (3 credits)**

- Hours: 3 classroom + 0 lab/studio
- Prerequisite(s): TAR 160.
- Taught: Fall only
- Practical exploration of the scientific principles and theories and practices of stage lighting, including electricity, optics, color theory, dimming and control systems. Repeatable: No

**TAR 262 Costume Construction (2 credits)**

- Hours: 2 classroom + 0 lab/studio
- Co-requisite(s): TAR 262L.
- Taught: Fall only
- Basic principles of costume building with opportunities for practical application in preparing costumes for university productions. Repeatable: No

**TAR 262L Costume Construction Laboratory (1 credit)**

- Hours: 0 classroom + 2-4 lab/studio
- Co-requisite(s): TAR 262.
- Taught: Fall only
- Practical application of skills and techniques acquired in TAR 262. Repeatable: No

**TAR 265 Fundamentals of Theatrical Design (3 credits)**

- Hours: 3 classroom + 0 lab/studio
- Taught: Fall only
- Basic elements of design for theatre scenery, props, costumes, sound, and lighting; principles of aesthetics, script analysis, methods of research, development of visual concepts, graphic representations, and final evaluations. Repeatable: No

**TAR 277 Fundamentals of Sound Technology (3 credits)**

- Hours: 3 classroom + 0 lab/studio
- Prerequisite(s): TAR 160.
- Taught: Fall only
- Sound reinforcement and sound production for the theatre; basic acoustics, audio components, terminology, recording/assembly techniques, and digital technology; skills necessary to mix sound and to troubleshoot sound systems. Repeatable: No

**TAR 310 Acting III (3 credits)**

- Hours: 3 classroom + 0 lab/studio
- Prerequisite(s): TAR 210.
- Taught: Fall and spring
- Advanced acting techniques and considerations; detailed scene analysis and repertory building. Repeatable: No

**TAR 311 Auditions (3 credits)**

- Hours: 3 classroom + 0 lab/studio
- Prerequisite(s): At least two acting/dance courses.
- Taught: Variable, check with department
- Specialized techniques necessary for actors to relate to the auditioning experience; building an appropriate repertory of material, preparing the resume, and developing the “persona.” Repeatable: No

**TAR 312 Voice Development for the Actor II (3 credits)**

- Hours: 3 classroom + 0 lab/studio
- Prerequisite(s): TAR 114.
- Taught: Spring only
- Advanced speech development techniques and exercises as applied in performance situations; advanced work in Oral Interpretation and Readers Theatre. Repeatable: No

**TAR 314 Stage Dialects (3 credits)**

- Hours: 3 classroom + 0 lab/studio
- Prerequisite(s): TAR 114, TAR 312 and TAR 110.
- Taught: Variable, check with department
- Methods of producing convincing accents and dialects as an element of vocal characterization. Dialects studied may include: Standard British, Irish, Scottish, Cockney, French, German, American Southern, New York, and New England. Repeatable: No

**TAR 316 Acting Seminar I (3 credits)**

- Hours: 2 classroom + 4 lab/studio
- Prerequisite(s): TAR 310.
- Taught: Variable, check with department
- Advanced acting coaching and repertory building; scene analysis and character work in relatively small groups for advanced students who have completed preliminary acting training. Repeatable: Yes
- If Repeatable, Max. Credits: No Limit

**TAR 325 Musical Theatre Performance II (3 credits)**

- Hours: 3 classroom + 0 lab/studio
- Prerequisite(s): TAR 225.
- Taught: Spring only
- Development of musical theatre repertoire for audition, study, and performance; synthesis of voice, acting, and movement; various musical theatre genres and historical styles. Repeatable: No

**TAR 335 Vocal Techniques for the Singing Actor II (1 credit)**

- Hours: 1 classroom + 0 lab/studio
- Taught: Spring only
- Continuation of TAR 235 with a focus on expansion of repertoire and styles. (Musical Theater B.F.A. must repeat for credit). Repeatable: Yes
- If Repeatable, Max. Credits: No Limit

**TAR 340 Playscript Analysis (3 credits)**

- Hours: 3 classroom + 0 lab/studio
- Taught: Fall, spring, and summer
- Systems of interpretation applicable to all types of dramatic literature necessary to production of plays and relevant for directors, actors, designers, and other practitioners. Repeatable: No

**TAR 343 Costume History (3 credits)**

- Hours: 3 classroom + 0 lab/studio
- Prerequisite(s): TAR 100 or TAR 101, and TAR 427
160 or consent of instructor. Taught: Fall only-odd years
Costume history from antiquity through the modern period as applied to production design; methods and courses of research for design in theatre. Repeatable: No

TAR 346 Theatre History (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall only
Development of the theatre from its beginnings to the present. Study of theatre arts and cultural institutions with a focus on historical context for plays and performances. Repeatable: No

TAR 347 Dramatic Literature (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Spring only
A study of the art of dramatic writing that examines representative world theatre texts, along with their cultural and historic context. Repeatable: No

TAR 348 Theatre History and Society (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ENG 101 or equivalent.
Taught: Variable, check with department
Survey of major historical developments in theatre and dramatic literature from pre-Greek times to the 20th century. Focus is placed on how society, culture and politics influence theatre production and vice versa. Does not satisfy degree requirements for theatre majors or minors. Available for registered Organizational Leadership majors only. Repeatable: No

TAR 355 Musical Theatre Literature I (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): TAR 160.
Taught: Fall only-odd years
American musical theatre literature from late 19th century to mid-20th century; musical and dramatic movements that created American musical theatre. Repeatable: No

TAR 360 Scene Design I (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): TAR 160 and TAR 265.
Taught: Fall only-odd years
Principles of design related to stage scenery; historical modes of stage design; 20th century stage decoration. Repeatable: No

TAR 361 Design and Construction of Stage Properties (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): TAR 160 and TAR 265.
Taught: Spring only
Design skills and building techniques involved in props and effects for the stage. Repeatable: No

TAR 362 Drafting For Theatre (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): TAR 160.
Taught: Variable, check with department
A lecture/project class that teaches the basic techniques and practices of drafting for the theatre. Projects require students to create typical working drawings for theatre productions utilizing industry standards. This course covers the use of mechanical and computer based techniques. Repeatable: No

TAR 363 Lighting Design (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): TAR 260.
Taught: Fall only-even years
A lecture/project course exploring art and science of theatrical lighting design. Projects teach students the mechanics and creative processes and theories used in creating lighting designs for the theatre. Repeatable: No

TAR 364 Computer Graphics for the Stage (3 credits)
Hours: 2 classroom + 1 lab/studio
Prerequisite(s): TAR 110 and TAR 160.
Taught: Spring only-odd yrs
Introduction to commonly used graphic and 3D rendering programs. Repeatable: No

TAR 365 Costume Crafts (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): TAR 260 and TAR 265.
Taught: Variable, check with department
A lecture/project course exploring art and science of theatrical lighting design. Projects teach students the mechanics and creative processes and theories used in creating lighting designs for the theatre. Repeatable: No

TAR 366 Costume Design I (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): TAR 368 or consent of instructor; TAR 265. TAR 343 recommended.
Taught: Fall only-even years
Application of principles of design to stage costuming; fabrics, figure drawing, and characterization. Repeatable: No

TAR 367 Stagecraft II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): TAR 160.
Taught: Spring only-odd years
Advanced techniques and practices used in the construction and application of stage scenery. Topics include budgeting, welding, theatre machinery and equipment, shop organization, and advanced construction techniques. Repeatable: No

TAR 368 Theatrical Rendering and Model Building (3 credits)
Hours: 2 classroom + 1 lab/studio
Prerequisite(s): TAR 110 and TAR 160.
Taught: Spring only-odd yrs
Techniques employed in sketching and preparing drawings for scenic and costume designs and in constructing models for scenic design. Repeatable: No

TAR 370 Directing (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): TAR 110 and TAR 160.
Taught: Fall only
Basic principles of play directing, play selection, casting, and rehearsal; direction and presentation of selected scenes in class. Repeatable: No

TAR 371 Theatre Management (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): TAR 160.
Taught: Spring only
Duties and responsibilities of those entrusted with areas like house management, public relations, and publicity in theatre activities. Repeatable: No

TAR 376 Stage Management (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): TAR 160.
Taught: Fall only
Duties and responsibilities of the theatrical stage manager. Repeatable: No

TAR 377 Sound Design (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): TAR 227 and TAR 265.
Taught: Fall only-odd years
Design and aesthetic concerns, design process and techniques; playscript analysis, artistic and
system design. Design documentation including signal flow and process; developing a common dialogue with the aesthetic choices, integrating music collaborative activities. May be repeated for a maximum of eight semester hours, all of which must be earned through active technical involvement of performances.
Repeatable: Yes
If Repeatable, Max. Credits: 8

TAR 391 Production Credits (1 credit)
Hours: 0 classroom + 2-4 lab/studio
Prerequisite(s): TAR 160.
Taught: Fall, spring, and summer
Preparing for participation in college dramatic activities. May be repeated for a maximum of eight semester hours, all of which must be earned through active technical involvement of performances.
Repeatable: Yes
If Repeatable, Max. Credits: 8

TAR 400 Theatre in World Cultures Styles Studio (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Theatre is a potent political and cultural vehicle for conveying the multifaceted perspectives of various minority groups in the Americas and the world. Through the analyzing, and performing of scripts and texts, learners will begin to recognize/analyze ethical issues while examining the socio-political, economic and historical conditions from which diversity emerges.
Repeatable: No

TAR 410 Styles of Acting (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): TAR 310.
Taught: Variable, check with department
Major acting styles; practical application through presentation and evaluation of representative scenes and excerpted materials.
Repeatable: No

TAR 411 Special Problems: Theatre Acting (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): TAR 310.
Taught: Variable, check with department
Opportunity for additional advanced work in the theatre student’s area of concentration; multiple opportunities for performing artist’s involvement in electives in specific areas of interest.
Repeatable: Yes
If Repeatable, Max. Credits: 9

TAR 412 Internship: Professional Theatre (3-6 credits)
Hours: 3-6 classroom + 0 lab/studio
Prerequisite(s): Permission of the chair of theatre.
Taught: Fall and spring
Opportunities for outstanding students in theatre to accept apprenticeships carrying significant responsibilities in major professional theatre operations. The work will be coordinated with a theatre faculty adviser.
Repeatable: Yes
If Repeatable, Max. Credits: 9

TAR 413 Oral Interpretation of Literature (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): TAR 114.
Taught: Variable, check with department
Principles of Oral Interpretation and Readers Theatre styles with focus upon techniques and exercises as applied in a variety of performance situations.
Repeatable: No

TAR 414 NKU Tour Group (2 credits)
Hours: 0 classroom + 4 lab/studio
Prerequisite(s): Audition.
Taught: Fall and spring
Touring performance troupes designed to represent the University in functions round the state and region.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

TAR 415 One Person Show (3 credits)
Hours: 1 classroom + 3 lab/studio
Prerequisite(s): TAR 310 or consent of instructor.
Taught: Variable, check with department
An introduction to the genre of the one- person show. The course covers the various forms of monodrama. Students will create an outline for a full-length solo show and write and present an excerpt from it in performance.
Repeatable: No

TAR 416 Acting Seminar II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): TAR 310.
Taught: Variable, check with department
Advanced acting coaching and repertory building. Small group work for advanced students who have completed preliminary acting training.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

TAR 417 Acting Shakespeare (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): TAR 310 or consent of instructor.
Taught: Variable, check with department
Basic techniques for performing Shakespeare; practical application through ongoing scene work culminating in a one- person presentation of material from Shakespeare’s plays and sonnets.
Repeatable: No

TAR 418 Process and Production (4 credits)
Hours: 4 classroom + 0 lab/studio
Prerequisite(s): TAR 110 and TAR 210 and TAR 310 and consent of instructor.
Taught: Variable, check with department
Rehearsal and presentation of a play for an audience within the framework of a laboratory/studio environment. Various rehearsal methods are explored, along with an in-depth examination of the play’s literary, historical, and performance background.
Repeatable: Yes
If Repeatable, Max. Credits: 8

TAR 425 Musical Theatre Performance III (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): TAR 325 and consent of instructor.
Taught: Variable, check with department
Continuation of TAR 325; advanced techniques in specific areas of musical theatre performance including topical revue, auditioning, solo shows, and musical scenes.
Repeatable: No

TAR 441 Special Problems in Theatre and Criticism (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Two TAR Group III courses or consent of instructor.
Taught: Variable, check with department
See TAR 411.
Repeatable: Yes
If Repeatable, Max. Credits: 6
TAR 442 Dramatic Theory and Criticism (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): Consent of instructor.  
Taught: Variable, check with department  
Major documents in dramatic theory and criticism from Plato and Aristotle to the present.  
Repeatable: No  

TAR 443 History of Costume and Décor II (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): TAR 343 or consent of instructor.  
Taught: Variable, check with department  
Architectural, interior design, costume, and furniture history from Rococo through contemporary as applied to production design; methods and sources of research for design in theatre.  
Repeatable: No  

TAR 446 History of the Theatre and Dramatic Literature III (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): TAR 346 and TAR 347.  
Taught: Fall only  
History of significant developments in theatre and dramatic literature from 1875 to present day.  
Repeatable: No  

TAR 452 Special Problems: Theatre Literature (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Taught: Variable, check with department  
Opportunity for additional advanced work in the theatre student’s area of concentration; multiple opportunities for performing artist’s involvement in electives in specific area of interest.  
Repeatable: Yes  
If Repeatable, Max. Credits: 9  

TAR 455 Musical Theatre Literature II (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Taught: Variable, check with department  
American musical theatre literature from late-19th century to the present.  
Repeatable: No  

TAR 461 Scene Painting (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): TAR 160 or consent of instructor.  
Taught: Fall only-even years  
Practical analysis and application of scene painting skills; materials (paints, dyes, fabrics and equipment.  
Repeatable: No  

TAR 464 Special Problems in Theatre Technology (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): Two TAR Group IV courses or consent of instructor.  
Taught: Variable, check with department  
Opportunity for additional advanced work in the theatre student’s area of concentration; multiple opportunities for performing artist’s involvement in electives in specific areas of interest.  
Repeatable: Yes  
If Repeatable, Max. Credits: 6  

TAR 466 Costume Construction II (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): TAR 262 or consent of instructor.  
Taught: Variable, check with department  
Advance costume construction techniques, including pattern drafting, cutting, draping; practical application in preparation for university productions.  
Repeatable: No  

TAR 469 Costume Construction I (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): Consent of instructor.  
Taught: Variable, check with department  
Advance costume construction techniques, including pattern drafting, cutting, draping; practical application in preparation for university productions.  
Repeatable: No  

TAR 470 Directing II (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): TAR 260 or consent of instructor.  
Taught: Variable, check with department  
Advance principles of directing; history of directing; problems encountered in directing period plays.  
Repeatable: No  

TAR 471 Summer Dinner Theatre (3 credits)  
Hours: 0 classroom + 3 lab/studio  
Prerequisite(s): TAR 260.  
Taught: Permission of the chair of theatre.  
Active participation in major roles, both in performance and technology and in production of a university summer stock theatre operation.  
Repeatable: Yes  
If Repeatable, Max. Credits: No Limit  

TAR 477 The Business of Theatre (1 credit)  
Hours: 1 classroom + 0 lab/studio  
Prerequisite(s): Senior status or junior status and consent of instructor.  
Taught: Spring only  
Practical problems of working in the theatre; resume, union affiliation, use of theatrical agents, and additional professional training.  
Repeatable: No  

TAR 481 Special Problems in Theatre: Playwriting/Criticism (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): Two TAR Group III courses or consent of instructor.  
Taught: Variable, check with department  
Opportunity for additional advanced work in student’s area of concentration; multiple opportunities for performing artist’s involvement in electives in specific areas of interest.  
Repeatable: Yes  
If Repeatable, Max. Credits: 6  

TAR 482 Screenwriting (3 credits)  
Hours: 3 classroom + 0 lab/studio  
Prerequisite(s): ENG 101 and ENG 102, or ENG 151H; TAR 340 recommended.  
Taught: Spring only  
Introduction to the elements of film script production and techniques involved in writing for the screen.  
Repeatable: No  

TAR 490 Production Credits (1 credit)  
Hours: 0 classroom + 2-4 lab/studio  
Prerequisite(s): TAR 160.  
Taught: Fall, spring, and summer  
Preparing for participation in college dramatic activities. May be repeated for a maximum of eight semester hours, all of which must be earned through active technical involvement of performances.  
Repeatable: Yes  
If Repeatable, Max. Credits: 8  

TAR 491 Production Credits (1 credit)  
Hours: 0 classroom + 2-4 lab/studio  
Prerequisite(s): TAR 160.  
Taught: Fall, spring, and summer  
Preparing for participation in college dramatic activities. May be repeated for a maximum of eight semester hours, all of which must be earned through active technical involvement of performances.  
Repeatable: Yes  
If Repeatable, Max. Credits: 8  

TAR 495 Senior Project (1 credit)  
Hours: 0 classroom + 2-4 lab/studio  
Prerequisite(s): Senior BFA status.  
Taught: Fall and spring  
Individual senior project in theatre required for BFA students. Projects authorized, supervised, and graded by individually appointed faculty. Written agreement between student and faculty member must be submitted to chair before registration.  
Repeatable: No  

TAR 496 Theatre In World Cultures Capstone (3 credits)  
Hours: 0 classroom + 3 lab/studio  
Prerequisite(s): TAR 245, TAR 348, TAR 400 and completed one study abroad course.  
Taught: Variable, check with department
The Capstone project should reflect intellectual forms, from a research paper to a creative project. The project may take many forms, from a research paper to a creative project. The Capstone project should reflect intellectual rigor and a serious pursuit of excellence. Repeatable: No

TAR 498 Individual Studies in Theatre (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Taught: Fall, spring, and summer
Individual creative or research projects in one or more areas: playwriting, directing, acting, dance, stagecraft, scene design, costume design, lighting design, sound design, or theory/criticism. Projects directed by TAR faculty must be approved prior to registration. A maximum of 6 semester hours of individual studies may be applied toward a major in theater arts.
Repeatable: Yes
If Repeatable, Max. Credits: 6

TAR 499 Individual Studies in Theatre (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Taught: Fall, spring, and summer
Individual creative or research projects in one or more areas: playwriting, directing, acting, dance, stagecraft, scene design, costume design, lighting design, sound design, or theory/criticism. Projects directed by TAR faculty must be approved prior to registration. A maximum of 6 semester hours of individual studies may be applied toward a major in theater arts.
Repeatable: Yes
If Repeatable, Max. Credits: 6

TAR 580 Adv. Studies in the Art of Playwriting (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Department permission.
Taught: Variable, check with department
Intensive exploration of playwriting theory, approach, creativity, and style. Focus on developing the individual playwright's method and practice through creation of drama, research, and engagement with the theater community.
Repeatable: No

TAR 582 Adv. Studies in the Art of Screenwriting (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Advanced exploration of the elements and techniques of film production and screenwriting.

Focus on style and form; camera, geography, staging, balance, timing, and rhythm; business analysis of films and screenplays; and role of the screenwriter and other personnel.
Repeatable: No

TAR 599 Advanced Individual Studies in Theatre (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Graduate standing or consent of department.
Taught: Variable, check with department
Individual creative or research projects in one or more areas: playwriting, directing, acting, dance, stagecraft, scene design, costume design, lighting design, sound design, dramaturgy or theory/criticism. Projects directed or mentored by TAR faculty must be approved prior to registration.
Repeatable: No

UNIVERSITY PROGRAMS

UNV 101 Orientation to College and Beyond (1-3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Freshman standing or department approval.
Taught: Fall and spring
Emphasis on transition into college and development of college survival skills, development of student self-reliance as an active participant in classroom activities, familiarization with available university resources and establishment of learning communities within the University.
Repeatable: Yes
If Repeatable, Max. Credits: 3

UNV 301 University 101 Teaching Internship (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing; minimum GPA of 3.0; instructor consent.
Taught: Fall only
Enrolled students will serve as teaching assistants in a University 101 class. Students will assist with class planning, make oral presentations on 101 topics, lead large and small group discussions, provide expertise and serve as mentors for new students.
Repeatable: No

ART 100 Art Appreciation - AH (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall, spring, and summer
Examination of the fundamental elements of fine art to increase one's artistic awareness: emphasis placed on developing skills in viewing, interpreting and understanding the use of art in cultural, historical and contemporary contexts. Includes hands-on studio component. For students not majoring in visual arts.
Repeatable: No
General Education Credit: Culture and Creativity

ART 130 Creating Visual Form (3 Credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): Restricted to ART majors or minors only.
Co-requisite(s): ART 135 and ARTH 100.
Taught: Fall, spring, summer
To enhance the perception of visual form through observation, translation, and documentation using a variety of media. Emphasis on physical craft and skills of fabrication.
Repeatable: No

ART 135 Creating Visual Order (3 Credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ART major or minor or photography minor.
Co-requisite(s): ART 130 and ARTH 100.
Taught: Fall, spring, summer
Exploration of the visual elements and principles of art and design; investigation of basic skills, concepts, terminology and processes for two-and three-dimensional art making. Emphasis is on personal organization, goal setting, craft, and time management.
Repeatable: No

ART 140 Building Meaning in Visual Art (3 Credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ART 130, ART 135 and ARTH 100.
Taught: Fall and spring
Exploration of idea development. Lectures/presentations of how worthy ideas and a personal artistic voice are developed via visiting artists, research of contemporary artists and concepts of art and design, and attending exhibitions in galleries and museums.
Repeatable: No

ART 291W Advanced Writing-Writing/Artists - WC (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ENG 101, ART 130, ART 135, and ART 140.
Taught: Fall and spring
Practice in a variety of expository forms common to fields in the visual arts including: exhibition review, formal analysis, artist’s statement, project proposal, grant writing, and development of strong
research skills. Required for all Visual Arts majors. Open to non-art majors with consent of instructor provided they have completed ENG 101.

Repeatable: No

General Education Credit: Written Communication II

ART 297 Portfolio Review (0 credits)
Hours: 0 classroom + 1 lab/studio
Prerequisite(s): 21 credit hours in art and overall GPA of 2.5.
Taught: Fall and spring
Critique forum to evaluate students’ progress and skill level, to help students successfully complete the art degree program; mechanism for faculty to admit students to professional BFA programs. Not required for BA students. Can be repeated once for BFA admission only.
Repeatable: Yes
If Repeatable, Max. Credits: 0

ART 299 Portfolio Review (0 credits)
Hours: 0 classroom + 1 lab/studio
Prerequisite(s): 21 credit hours in art and overall GPA of 2.5.
Taught: Fall and spring
Critique forum to evaluate students’ progress and skill level, to help students successfully complete the art degree program; mechanism for faculty to admit students to professional BFA programs. Not required for BA students. Can be repeated once for BFA admission only.
Repeatable: Yes
If Repeatable, Max. Credits: 0

ART 300 Art of the Book (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ART 130, ART 135, and ART 140.
Taught: Variable, check with department
Concepts, structures, and techniques necessary to create artists’ books through lectures, slides, and visits to collections; binding techniques, paper, and materials; photocopying, rubber stamping, and letterpress printing.
Repeatable: No

ART 380 Study Abroad in Art (1-3 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable, check with department
Students would participate in and complete assignments associated with traveling with a member of the Department of Art faculty and or student group.
Repeatable: Yes
If Repeatable, Max. Credits: 6

ART 394 Topics in Art (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Taught: Fall and spring
Group or individual study/research projects with art department faculty. Topics vary and include technical, conceptual and aesthetic issues and are listed in Schedule of Classes. Repeatable to 6 semester hours toward major in art.
Repeatable: Yes
If Repeatable, Max. Credits: 6

ART 450 Advanced Studio Seminar (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Criticism of work, practical gallery experience, and expansion of awareness of contemporary professional realities in the exhibition and sale of one’s work.
Repeatable: No

ART 494 Topics in Art (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Variable-chck w/dept
Group or individual studio study/research projects in selected media with faculty. Topics vary and include technical, conceptual, and aesthetic issues and are listed in Schedule of Classes. Repeatable up to 6 semester hours toward major in art.
Repeatable: Yes
If Repeatable, Max. Credits: 6

ART 496 Teaching Assistantship in Art (1-3 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Consent of instructor and chair, junior or senior standing in Visual Arts.
Taught: Fall and spring
Student will assist a current faculty member in the teaching of a course within the Department of Art. Student responsibilities/involvement would vary based on a written agreement with instructor.
Repeatable: No

ART 497 Senior Exhibition (1 credit)
Hours: 1 classroom + 1 lab/studio
Prerequisite(s): ART 297 or ARTV 297.
Taught: Fall and spring
Capstone experience for all BFA students majoring in art. During the senior year of residency in Visual Arts, students will learn valuable skills of exhibition design and production, culminating in an exhibition of their work critiqued by a faculty committee. All BFA students must register for and pass BFA Senior Exhibition.
Repeatable: No

ART 498 Independent Study in Art (1-3 credits)
Hours: 1-3 classroom + 0 lab/studio
Prerequisite(s): Visual Arts program permission.
Taught: Fall and spring
Projects, directed by faculty members, must be selected before registration. No more than two independent study projects may be applied toward the major in art for up to a total of 6 hours.
Repeatable: Yes
If Repeatable, Max. Credits: 6

ART 499 Gallery/Museum Internship (3-6 credits)
Hours: 3-6 classroom + 0 lab/studio
Prerequisite(s): Visual Arts program permission.
Taught: Fall and spring
Student works in gallery or museum gaining practical experience in methods, procedures, and programming specific to professional exhibition venues in the visual arts.
Repeatable: No

ARTC 240 Ceramics I (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ART 130, ART 135.
Prerequisite OR Co-requisite: ART 140 or permission of instructor. Pre-requisites and Co-requisites are waived for non-majors.
Taught: Fall and spring
Nature of clay and ceramic materials; traditional methods of pinch, coil, and slab formations.
Repeatable: No

ARTC 340 Wheel Throwing (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTC 240.
Taught: Fall and spring
Basic orientation to wheel throwing; technique, form, and function; individual problem solving; maintaining and firing kilns; stoneware and firing techniques.
Repeatable: Yes
If Repeatable, Max. Credits: 9

ARTC 341 Ceramic Sculpture (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTC 240.
Taught: Spring only
Clay as a sculptural medium; fabrication techniques, clay body formulation, and surfaces; engineering, installation, and assembly; introduction to experimental processes; individual problem solving.
Repeatable: Yes
If Repeatable, Max. Credits: 6

ARTC 342 Raku and Primitive Firing (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTC 240.
Taught: Fall only
Advanced studio credit in Raku and primitive firing techniques.
Repeatable: No

ARTC 442 Ceramics Materials and Techniques (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTC 340 or ARTC 341.
Taught: Fall only
Clay and glaze theory and formulation; materials handling and studio maintenance; laboratory work, lectures, and research. Required of students who concentrate in ceramics.
Repeatable: No

ARTD 210 Drawing I (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ART 130, and ART 135.
This course will focus on establishing a fundamental knowledge of drawing through materials and techniques emphasizing practice from observation, perception, memory, and imagination. Enrollment restricted to ART majors only.
Repeatable: No

ARTD 310 Drawing II (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTD 210.
Taught: Fall and spring
Human figure in development of spatial and tonal concepts; various media and color; advanced study of figure directed toward an individual medium and style.
Repeatable: Yes
If Repeatable, Max. Credits: 6

ARTD 410 Advanced Drawing (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTD 310 for 6 hours.
Taught: Fall and spring
Students will work towards execution of a body of work expressive of their cumulative knowledge; life drawing encouraged; working toward a graduating senior show. To be repeated for a minimum of 6 semester hours or a maximum of 12 semester hours.
Repeatable: Yes
If Repeatable, Max. Credits: 12

ARTE 280 Art for Elementary Education (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): EDO 104.
Taught: Fall, spring, and summer
Use of appropriate teaching methods, materials, techniques and vocabulary to develop meaningful art experiences in an elementary classroom. For students seeking provisional certification in Elementary Education.
Repeatable: No

ARTE 380 Concepts in Art Education (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ARTH 100, and ARTH 283.
Examination of major artists and styles of Western art from antiquity through modern times; issues and themes affecting women's participation in the visual arts. Includes practical field experiences.
Repeatable: No

ARTE 381 Art Education: Content I (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTH 100 or ARTH 304.
Taught: Variable, check with department
Teaching methods, materials and inquiry for use in elementary art classrooms. Includes practical field experiences.
Repeatable: No

ARTE 382 Art Education: Content II (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTE 381.
Taught: Variable, check with department
Teaching methods, materials and inquiry for use in secondary art classrooms. Focus on curriculum development, assessment and classroom management. Includes practical field experience.
Repeatable: No

ARTH 100 History of Art: Renaissance Modernism (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Examination of major artists and styles of Western Europe from the 15th through the mid-20th century within an historical and cultural context.
Repeatable: No

ARTH 101 History of Art: Prehistoric through Goth (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall and spring
Examination of significant art and architecture from prehistory through Medieval Period.
Repeatable: No

ARTH 304 Survey of Asian Art (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 3 semester hours of ARTH.
Taught: Fall and spring
Major styles of architecture, sculpture, printmaking, painting, and ceramics of India, South Asia, China, and Japan.
Repeatable: No

ARTH 321 History of Visual Communication Design (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ARTH 100 and ARTH 283.
Survey of a history of graphic/visual communication design and typography including consideration of influential cultural forces, theories for design, and related fields; influences of fashion, industrial, and interior design, art, architecture, and technology discussed.
Repeatable: No

ARTH 349 Women and Art (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Significant women artists in the history of Western art from antiquity through modern times; issues and themes affecting women's participation in the visual arts.
Repeatable: No

ARTH 350 Ancient Art (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ARTH 100 or ARTH 304.
Taught: Variable, check with department
Painting, Sculpture and Architecture of Egypt, Greece and Rome.
Repeatable: No

ARTH 351 Medieval Art (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ARTH 100 or ARTH 101 or ARTH 304.
Taught: Variable, check with department
Evolution of Medieval art from late Antiquity to the end of the Gothic period.
Repeatable: No

ARTH 353 Baroque Art (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ARTH 100 or ARTH 101 or ARTH 304.
ARTH 355 Art of the Twentieth Century (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ARTH 100 or ARTH 101 or ARTH 304.
Taught: Variable, check with department
Group or individual study/research projects with art history faculty. Topics vary and include technical, conceptual, aesthetic and/or historical issues and are listed in the schedule of classes. Repeatable to 6 semester hours toward major in art.
Repeatable: Yes
If Repeatable, Max. Credits: 6

ARTH 452 Arts of South Asia (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ARTH 104.
Taught: Variable, check with department
Cultural and historical topics on South Asian art and artifacts; aesthetics, architecture, film, literature, painting, and sculpture.
Repeatable: No

ARTH 454 Art Now (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): 6 credit hours of ART Survey courses (ARTH 100, ARTH 101, or ARTH 304).
Taught: Variable, check with department
In-depth study of contemporary art, the major movements and artists working today with an emphasis on the role of theory and criticism.
Repeatable: No

ARTM 360 Robotic Art (3 credits)
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
This course will explore conceptual components of time, space, and interactivity while providing specific skills in fabricating moving objects and other robotic elements. There will be a series of workshops in which one will learn the skills, capabilities and building techniques of electricity, motors, programming circuits and implementing them into your ideas and artwork. The course will culminate with an independently created robotic controlled object that the student will fabricate.
Repeatable: No

ARTM 361 A.I. and Interactive Media Studio (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
This course will explore interactive media allowing students to create and augment work that will react to the viewer. In addition concepts and principles of Artificial Intelligence will be explored and integrated into art, video and or mechanical systems.
Repeatable: No

ARTM 394 Topics in New Media Art (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Spring only
Topics vary from semester to semester. This studio course will explore emerging technological and time based artwork. Conceptual components of time, space, performance and technology will be researched and explored. May be repeated when topics vary.
Repeatable: Yes
If Repeatable, Max. Credits: 9

ARTM 450 Video Installation and Sound II (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTM 350.
Taught: Spring only
This course will explore conceptual components of video art while providing advanced skills in pre-production, production and post-production. Including the study of film, social theory, video art and their interrelationships. Students will learn advanced non-linear editing and sound techniques. Students will explore the different ways in which to exhibit video based work including installation, performance, and new genre.
Repeatable: No
ARTM 451 New Media-Integrative Art (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTM 350.
Taught: Variable, check with department
Students will work with external organizations or departments at the University outside the Department of Visual Arts to create an integrated project that utilizes this knowledge base and information.
Repeatable: No

ARTM 460 Advanced New Media Art (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ARTM 450.
Taught: Variable, check with department
Students are expected to work toward a unique conceptual and technical framework that embodies their personal vision and studio art practice. Students are expected to execute a consistent body of work suitable for exhibition as a one-person show/senior show. To be repeated a minimum of 3 semester hours or a maximum of 9 semester hours.
Repeatable: Yes
If Repeatable, Max. Credits: 9

ARTO 210 Photography I (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ART 130, and ART 135.
Prerequisite OR Co-requisite: ART 140 or consent of instructor for non-majors.
Taught: Fall and spring
Basic digital camera work in black and white; basic camera controls, photographic vision, photo history; contemporary trends; introduction to current software and digital printing techniques. Students are required to supply a digital SLR camera as well an external hard drive.
Repeatable: No

ARTO 310 Photography II: Digital Techniques (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTO 210.
Taught: Fall and spring
Continuation of ARTO 210 with addition of advanced techniques in digital manipulation, introduction to current software for photo editing and fine printing.
Repeatable: No

ARTO 312 Introduction to Studio and Location Photography (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTO 210.
Taught: Variable, check with department

The world of creative commercial photography with advanced instruction in the use of digital cameras, including white balance, color temperature, flash, editing, archiving, processing and studio lighting. Portfolio preparation and basic business practices are covered with weekly photo and writing assignments covering topics concerned with contemporary commercial and editorial photography.
Repeatable: No

ARTO 313 Darkroom and Exhibition Printing (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ARTO 210.
Taught: Variable, check with department
An exploration of Historic processes in photography, darkroom materials and techniques, and the fine art of printing digitally. Through the materials of film cameras and darkroom techniques, we will explore our relationship with the world around us. The course will follow historical techniques in photography from photograms and pinhole photography to plastic cameras to large format photography. Along the way, we will learn the basics of black and white photography and printing in the darkroom as well as gain insight into the history of the medium.
Repeatable: No

ARTO 394 Topics in Photography (1-3 credits)
Hours: 1-3 classroom + 1-3 lab/studio
Prerequisite(s): ARTO 210, ARTO 310 or consent of instructor.
Taught: Variable, check with department
Group or individual projects in photography. Topics vary from semester to semester and include technical, conceptual and aesthetic issues in photography and are listed in Schedule of Classes. Repeatable up to 9 semester hours as topics vary from semester to semester and include technical, conceptual and aesthetic issues in photography.
Repeatable: Yes
If Repeatable, Max. Credits: 9

ARTO 410 Advanced Concepts in Photography (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTO 310 and ARTO 312.
Taught: Fall and spring
Advanced creative commercial photography techniques, studio portraits, environmental portraiture, fashion, color and industrial photography.
Repeatable: No

ARTO 411 Summer Workshop in Photography (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTO 210.
Taught: Summer only
Intensive summer workshop in photography covering a variety of approaches and techniques.
Repeatable: Yes
If Repeatable, Max. Credits: 6

ARTO 413 Advanced Location Photography (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTO 310 and ARTO 312.
Taught: Fall only
Advanced creative commercial photography; studio illustration and architectural photography.
Repeatable: Yes
If Repeatable, Max. Credits: 6

ARTO 414 Advanced Studio Photography (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTO 310 and ARTO 312.
Taught: Fall only
Advanced creative commercial photography techniques, studio portraits, environmental portraiture, fashion, color and industrial photography.
Repeatable: No

ARTO 415 Documentary Photography (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTO 310 and ARTO 312.
Taught: Fall only
The photo-documentary as an expression of history, sociology, and the human condition.
Repeatable: Yes
If Repeatable, Max. Credits: 6

ARTO 416 Photography Capstone (1 Credits)
Hours: 1 classroom + 0 lab/studio
Prerequisite(s): Senior standing.
Co-requisite(s): ARTO 410.
Taught: Fall and Spring
Students propose and complete an individual capstone project that incorporates personal photographic work with their chosen integrated minor (MIN, JOU, or ENTP). Only for Bachelor of Science in Studio Arts, Photography Track students in their final semester.
Repeatable: No
ARTO 418 Study Abroad Photography III (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Advanced photography course for students traveling abroad. Instruction in exposure, composition, and traditional photographic techniques with self-directed projects. Students are encouraged to shoot digitally although film-based cameras acceptable. Critiques while traveling and finished project of artist book or album at completion of trip.
Repeatability: No

ARTP 230 Painting I (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ART 130, ART 135, and ARTD 210.
Prerequisite OR Co-requisite: ART 140.
Taught: Fall and spring
Use of oil painting media; focusing on fundamental painting techniques from direct observation; criticism and contemporary concepts.
Repeatability: No

ARTP 330 Painting II (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTP 230.
Taught: Fall and spring
Fundamental issues of figurative painting; sophistication of technique; continued development of personal expression and creative invention based on observation and compositional concerns; exposure to professional standards for craft and conceptual responsibility.
Repeatability: Yes
If Repeatability, Max. Credits: 6

ARTP 333 Materials and Techniques in Painting (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTP 230.
Taught: Fall only-even years
Various Paint media techniques; professional studio methods; conceptual and craft development.
Repeatability: No

ARTP 430 Painting III (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTP 330.
Taught: Fall and spring
Individual problems in painting; specialization in techniques suited to personal expression; independent painting under staff guidance; development of a consistent body of work suitable for a graduating senior show. To be repeated a minimum of 6 semester hours or a maximum of 12 semester hours.
Repeatability: Yes
If Repeatability, Max. Credits: 12

ARTR 272 Printmaking I (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ART 130 and ART 135.
Prerequisite OR Co-requisite: ART 140.
Taught: Fall and spring
Basic concepts in printing procedures: preparation of blocks and plates, inking, registration, printing by hand and with the press; relief, monoprint, and etching techniques.
Repeatability: No

ARTR 373 Printmaking II (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTR 272.
Taught: Fall and spring
Continuation of introductory printmaking; further development of technique and personal imagery in various printmaking disciplines; relief, intaglio, monoprint, silkscreen, or collography.
Repeatability: Yes
If Repeatability, Max. Credits: 6

ARTR 374 Techniques in Printmaking (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTR 373 or ARTR 374.
Taught: Fall and spring
Methods and processes in fine art printmaking in one or more of the following: relief, collography; intaglio, lithography, mixed media, monotype, photo printmaking, screen printing; development of personal imagery.
Repeatability: Yes
If Repeatability, Max. Credits: 12

ARTR 375 Screen Printing (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTR 373, and ART 135.
Prerequisite OR Co-requisite: ART 140.
Taught: Fall and spring
Methods and processes in fine art screen printing including paper, screen filler, drawing fluid, and photo emulsion techniques. Development of personal imagery, and technical skill.
Repeatability: Yes
If Repeatability, Max. Credits: 12

ARTR 473 Advanced Printmaking (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTR 373 or ARTR 374.
Taught: Fall and spring
Advanced techniques in printmaking; development of personal imagery, refinement of technical skills, experimentation in mixed techniques; color printing.
Repeatability: Yes
If Repeatability, Max. Credits: 12

ARTR 474 Workshop in Printmaking (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): Consent of instructor.
Taught: Fall and spring
Independent study in advanced printmaking.
Repeatability: Yes
If Repeatability, Max. Credits: 12

ARTS 262 Sculpture I (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ART 130 and ART 135.
Prerequisite OR Co-requisite: ART 140 or consent of instructor for non-majors.
Taught: Fall and spring
Introduction to sculpture concepts, media, and techniques.
Repeatability: No

ARTS 360 Techniques in Sculpture (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTP 230.
Taught: Fall only
Methods and processes in sculpture with an emphasis on fabrication and casting techniques, personal artistic development and discipline awareness.
Repeatability: No

ARTS 362 Topics in Spatial Arts (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTC 240 or ARTS 262 or permission of instructor.
Taught: Fall only
Group or individual projects in spatial arts; topics vary and include technical, conceptual and aesthetic issues and are listed in the schedule of classes. Possible Topics include: The Figure in Space Nature Art Public Art.
Repeatability: Yes
If Repeatability, Max. Credits: 9

ARTS 460 Advanced Spatial Arts (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): 9 credits of 300 level chosen from ARTC or ARTS classes or permission of instructor.
Taught: Fall and spring
Development of a body of work suitable for a senior exhibition based upon a personal vision. Independent development in technical areas; conceptual development.
ARTV 101 Adobe Creative Cloud: Vis. Design Basics (3 credits)
Hours: 3 classroom + 3 lab/studio
Taught: Fall and spring
Exposure to digital imaging tools with focus on Adobe Creative Cloud software including Photoshop, Illustrator, InDesign and Bridge for creating visual graphics for potential use in layout, interactive, print and other multi-media production scenarios. Application of learning is for general creative and academic contexts. A primer in elementary concepts of layout, design and typography principles. For students outside of Visual Communication Design major.
Repeatable: No

ARTV 201 Intro to Computer Graphics for Design (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ART 130 and ART 135.
Prerequisite OR Co-requisite: ART 140.
Taught: Spring only
Introduction to industry-standard software used for vector illustration, raster image composition, and hybrid layouts. May be substituted by CEP 300 with consent of instructor or academic adviser.
Repeatable: No

ARTV 215 Visual Communication Design (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTD 210, ART 130, ART 135, ART 140 and ARTV 201.
Co-requisite(s): ARTV 217 and ARTV 283.
Taught: Fall only
Introduction to the principles and theory of visual communication design; studio development of techniques and approaches for creative conceptualization, design aesthetics and information design; exploration through the design process; exploration of media/materials; presentational development.
Repeatable: No

ARTV 217 Typography I (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTV 201, ART 130, ART 135, ART 140 and ARTV 201.
Co-requisite(s): ARTV 215 and ARTV 283.
Taught: Fall only
Studio introduction to principles, theory, and history of typography for communication and visual expression. Design aesthetics and functional dimensions of the fundamentals of typography are explored.
Repeatable: No

ARTV 283 Visual Communication Admittance Review (0 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): ARTD 210, ART 130, ART 135 and ART 140.
Co-requisite(s): ARTV 215 and ARTV 217.
Taught: Fall only
Admittance review into the visual communication design program. Students present work from the introductory design and foundations-level courses for review by the design faculty for consideration in declaring the major.
Repeatable: Yes
If Repeatable, Max. Credits: 0.5

ARTV 297 VCD Portfolio Review (0 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): ARTV 283 and ARTV 317, (to be taken after 60 semester hours of university course work or 21 credit hours in art; must be taken in either fall or spring of intermediate-level year) and overall GPA of 2.5.
Taught: Fall and spring
Critique forum to evaluate students' progress and skill level, to help students successfully complete the art degree program in VCD; mechanism for faculty to admit students to professional VCD BFA program. Can be repeated once for BFA admission only. Not required for BA students.
Repeatable: Yes
If Repeatable, Max. Credits: 0

ARTV 315 Visual Communication Design II (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTV 215, ARTV 217, ARTV 283.
Co-requisite(s): ARTV 325
Taught: Fall only
Development of skills for design systems thinking and applications; principles of information design and visual semantics; design with multiple forms of media for generating bodies of branded visual communication materials and sequential graphics.
Repeatable: No

ARTV 317 Typography II (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTV 201, ARTV 215, ARTV 217, ARTV 283.
Taught: Spring only
The application of typographic fundamentals to visual communication design contexts and systems; aesthetics, form, functionality and experimentation with typography in increasingly complex contexts. Exploration of formal expressions of meaning and message.
Repeatable: No

ARTV 325 Techniques in Visual Communication Design (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTD 210, ARTP 230 and ARTD 310.
Taught: Spring only
Imaging, prototyping, sustainable production methodologies and techniques for producing high-quality visual design across print and interactive media. Studio-based course that instructs on best practices and experiments with new tools in proposing and actualizing design ideas.
Repeatable: No

ARTV 326 Illustration (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTD 210, ARTV 317.
Taught: Spring only
Techniques of creative rendering.
Repeatable: No

ARTV 330 Interaction Design for Visual Communication Design I (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTV 283, ARTV 317.
Taught: Spring only
This course focuses on the fundamental designing of websites and interfaces for visual communication through studio-based inquiry and visual problem-solving. This includes visual, conceptual, and creative strategies and processes for design for web, digital media and human experiences; information architecture; the aesthetics of interaction design; screen-based typography; human factors, usability, and web standards. Students learn web authoring tools and technology in addition to basic animation software to engage in challenges that build competencies in visual communication design contexts.
Repeatable: No

ARTV 396 Portfolio Prep Visual Communication Des. (1 credit)
Hours: 1 classroom + 0 lab/studio
Prerequisite(s): ARTV 283 and ARTV 317.
Taught: Fall and spring
Portfolio package creation for Visual Communication Design majors preparing to enter into industry-professional internship or employment. Digital, interactive or print portfolios are prepared in relation to current practices and individual student career orientation. Students entering into course are responsible for having a
ARTV 415 Visual Communication Design III (3 credits)
Hours: 3 classroom + 3 lab/studio
Prerequisite(s): ARTV 283, ARTV 315, ARTV 330, ARTV 417.
Taught: Fall, spring, and summer
This course focuses on designing motion, animation and time-based experiences for visual communication design contexts through studio inquiry and visual problem-solving. This includes visual, conceptual, technical, and creative strategies and processes to produce animations for multimedia environments. Students build competencies with motion design tools, technology and software.
Repeatable: No

ARTV 427 Motion Design (3 credits)
Hours: 0 classroom + 3 lab/studio
Prerequisite(s): ART 297, ARTV 317, ARTV 325, and ARTV 330.
Taught: Spring only
This course focuses on designing motion, animation and time-based experiences for visual communication design contexts through studio inquiry and visual problem-solving. This includes visual, conceptual, technical, and creative strategies and processes to produce animations for multimedia environments. Students build competencies with motion design tools, technology and software.
Repeatable: No

ARTV 428 Visual Communication Design Capstone (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ARTV 283, ARTV 315, ARTV 317 and ART 321.
Taught: Fall only
Development of a comprehensive, student-devised project reflecting cumulative knowledge in visual communication design strategies and media; planning, creation, direction, and execution of that design project; development of professional practice skills, personal portfolio, exhibition, and public presentation.
Repeatable: No

ARTV 430 Interaction Design for Vis Com Des II (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ARTV 283, ARTV 297, and ARTV 317.
Taught: Fall only
Advanced studio inquiry in interaction design through a framework of visual communication strategies for mobile and environmental media.
Repeatable: No

ARTV 496 Visual Communication Design Internship (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): ARTV 283, ARTV 315, ARTV 325, and ARTV 330.
Taught: Fall and spring
Experiential Component for Visual Communication Design majors. Students arrange a design internship or similar experience that acculturates them to the profession of visual communication design before graduation. Students must make arrangements with instructor before beginning this course. Repeatable up to 6 hrs. (or CEP 300 Cooperative Education (1-3 credits))
Repeatable: Yes
If Repeatable, Max. Credits: 6

WOMEN’S AND GENDER STUDIES

WGS 150 Introduction to Contemporary Gender Issues - SB (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Fall, spring, and summer
Uses gender as a lens to analyze: the social, political, economic, cultural, and personal conditions of people in multi-ethnic societies; the complex ways of the social construction of gender; and the interaction of gender, race, sexuality, and class on the diversity of people’s experiences within the United States and globally; and how our understanding of those experiences informs our understanding of cultures as a whole and our place in them.
Repeatable: No
General Education Credit: Cultural Pluralism

WGS 150H Honors Introduction to Women’s Studies (3 credits)
Hours: 3 classroom + 0 lab/studio
Taught: Variable, check with department
Interdisciplinary and cross-cultural readings on social, political, economic and personal condition of women in multi-ethnic society; complex ways of social construction of gender; interaction of gender, race, and class on women’s lives.
Repeatable: No
General Education Credit: Cultural Pluralism

WGS 310 Gender in the Workplace (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Fall, spring, and summer
Interdisciplinary and multicultural examination of the impact of gender, race, sexual orientation, and class in the workplace; relationships between workers and their employers; and cooperation and competition among workers from diverse backgrounds.
Repeatable: No

WGS 317 Gender and Communication (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Sophomore standing.
Taught: Variable, check with department
Principles, concepts, and characteristics defining gendered communication. To enhance knowledge and understanding of the elements key to successful communication across genders.
whether they are business, personal, social, familial, or intimate. Also, the role of socialization in gendered development will be explored.
Repealable: No

**WGS 350 Perspectives in Feminist Theory (3 credits)**

*Hours:* 3 classroom + 0 lab/studio  
*Prerequisite(s):* WGS 150 or consent of the instructor.  
*Taught:* Variable, check with department  
Feminist theories from different disciplinary perspectives, including feminist philosophy, literary theory, history, and art theory.  
*Repeatable: Yes*  
*If Repeatable, Max. Credits: No Limit*

**WGS 360 Gendered Spirituality (3 Credits)**

*Hours:* 3 classroom + 0 lab/studio  
*Prerequisite(s):* Sophomore standing.  
*Taught:* Variable, check w/dept  
Explore different issues facing society with a focus on spirituality. The course may be used as an elective in the Religious Studies and Women and Gender Studies minors.  
*Repeatable: Yes*  
*If Repeatable, Max. Credits: 9*

**WGS 361 Feminine Face of God (3 Credits)**

*Hours:* 3 classroom + 0 lab/studio  
*Prerequisite(s):* Sophomore standing.  
*Taught:* Variable, check w/department  
Explore the Judeo/Christian Wisdom (Sophia) Literature. The course may be used as an elective in the Religious Studies and Women and Gender Studies minors.  
*Repeatable: No*

**WGS 381 Gender in Literature (3 credits)**

*Hours:* 3 classroom + 0 lab/studio  
*Prerequisite(s):* Sophomore standing.  
*Taught:* Variable, check with department  
Advanced readings and discussion of literary works using gender as a lens. May be repeated for credit when subjects differ. See Schedule of Classes for current topic.  
*Repeatable: Yes*  
*If Repeatable, Max. Credits: No Limit*

**WGS 382 Women and Society (3 credits)**

*Hours:* 3 classroom + 0 lab/studio  
*Prerequisite(s):* Sophomore standing.  
*Taught:* Variable, check with department  
Readings and discussion in the general areas of women's contributions to major historical events, the history of women, or women's part in social movements or groups. May be repeated for credit when subjects differ.

**WGS 383 Women and World Cultures (3 credits)**

*Hours:* 3 classroom + 0 lab/studio  
*Prerequisite(s):* Sophomore standing.  
*Taught:* Fall only  
Readings and discussion of women from a global perspective. May be repeated for credit when subjects differ. See Schedule of Classes for current topic.  
*Repeatable: Yes*  
*If Repeatable, Max. Credits: No Limit*

**WGS 384 The Gendered Self and the Environment (3 credits)**

*Hours:* 3 classroom + 0 lab/studio  
*Prerequisite(s):* Sophomore standing.  
*Taught:* Variable, check with department  
Gendered aspects of the philosophy, spiritual, or psychological interactions with Nature. May be repeated for credit when subjects differ. See Schedule of Classes for current topic.  
*Repeatable: Yes*  
*If Repeatable, Max. Credits: No Limit*

**WGS 385 Gender and Film (3 credits)**

*Hours:* 3 classroom + 0 lab/studio  
*Prerequisite OR Co-requisite: Done with department*  
*Taught:* Variable, check with department  
Students will analyze depictions of gender in film. Topics vary by instructor. May be repeated for credit when topics vary.

**WGS 386 Women in the Bible (3 credits)**

*Hours:* 3 classroom + 0 lab/studio  
*Prerequisite(s):* Sophomore standing.  
*Taught:* Variable, check with department  
This course provides a thematic feminist introduction to women in the Bible.

**WGS 388 African-American Women's History and Culture (3 credits)**

*Hours:* 3 classroom + 0 lab/studio  
*Prerequisite(s):* Sophomore standing.  
*Taught:* Spring only-odd yrs  
Discussion-oriented course examines African-American women and their cultures.

**WGS 389 Topics in WGS (3 credits)**

*Hours:* 3 classroom + 0 lab/studio  
*Prerequisite(s):* Sophomore standing.  
*Taught:* Fall and spring  
Interdisciplinary study of a specific topic in women's or gender studies. May be repeated for credit when subjects differ. See Schedule of Classes for current topic.

**WGS 444 History of Women in the United States to 1900 (3 credits)**

*Hours:* 3 classroom + 0 lab/studio  
*Prerequisite(s):* Sophomore standing.  
*Taught:* Fall and spring  
Women's role in U.S. economic, social, political, and cultural development until 1900; participation of women in historical eras from earliest societies through industrialization as experienced in diverse ways depending on racial, ethnic, class, and regional differences.

**WGS 445 History of Women in the US after 1900 (3 credits)**

*Hours:* 3 classroom + 0 lab/studio  
*Prerequisite(s):* HIS 103.  
*Taught:* Spring only-odd yrs  
Women's role in U.S. economic, social, political, and cultural development since 1900; participation of women in recent history as experienced in diverse ways depending on racial, ethnic, class, and regional differences.

**WGS 494 Gendered Experiential Learning (3 credits)**

*Hours:* 3 classroom + 0 lab/studio  
*Prerequisite(s):* Completion of one WGS course.  
*Taught:* Spring only-odd yrs  
Real-world experiential credit with public, private, non-profit organization or business partners under the direction of a WGS faculty member. Experiences may also include study abroad and study away. May be repeated for credit when subjects differ.

**WGS 499 Independent Study: Women's and Gender Studies (1-3 credits)**

*Hours:* 1-3 classroom + 0 lab/studio  
*Prerequisite(s):* Completion of one women's and gender studies course.  
*Taught:* Variable, check with department  
Individual creative research, or community service projects directed by faculty members. Written agreement between faculty member and student must be submitted to director before registration; elements of agreement to include purpose, objectives, and evaluation procedures.

439
WGS 594 Topics in WGS (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Junior standing.
Taught: Variable, check with department
Advanced interdisciplinary study of a specific topic or issue. May be repeated for credit when subjects differ. See Schedule of Classes for current topic.
Repeatable: Yes
If Repeatable, Max. Credits: No Limit

WORLD LANGUAGES

WLL 294 Topics in Language for the Professions (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): FRE 102, GER 102, JPN 102, SPI 102 or consent of instructor.
Taught: Variable, check with department
Provides linguistic and cultural competence to prepare students to work within a cross-cultural environment here or abroad. Course content varies according to target language (French, German, Japanese, Spanish) and may include topics about health, legal, culinary arts, fashion, engineering, tourism and trade professions. Taught in the target language.
Repeatable: No

WLL 396 World Languages and Literatures Internship (3 Credits)

WLL 400 World Languages Program Assessment (0 credits)
Hours: 0 classroom + 0 lab/studio
Prerequisite(s): Senior standing.
Taught: Fall and spring
Required of all world language majors. Assessment procedures and activities are scheduled during the last semester of residence or of graduation. Graded pass/fail.
Repeatable: Yes
If Repeatable, Max. Credits: 0.5

OTHER COURSES

CHP 500 Teaching & Learning in Healthcare Educat (3 credits)
Hours: 3 classroom + 0 lab/studio
Prerequisite(s): Senior standing or admission to the MSHS or MSN programs.
Characteristics and learning styles of diverse populations of healthcare learners are examined. A variety of teaching methods that can be utilized by healthcare providers to promote optimal learning in different education settings including the online environment are presented and analyzed.
Repeatable: No

SCI 393 STEM Ambassadors (0-1 credit)
Hours: 1 classroom + 0 lab/studio
Prerequisite(s): Completion of first year coursework within a STEM major, 3.0 GPA or higher within a major, and consent of instructor.
Taught: Fall and spring
Develop your skills as a leader in Science, Technology, Engineering and Mathematics (STEM) through topics on personal and professional growth. Students participate in leading weekly Peer-Learning sessions as well as multiple STEM events designed to foster community within STEM and provide growth opportunities for STEM Ambassadors.
Repeatable: Yes
If Repeatable, Max. Credits: 6

Almquist, Arne J., Associate Professor, Library Science (2001); Ph.D., University of North Texas, 2006; MS, University of North Texas, 1992; MFA, State University of New York-Buffalo, 1982; BA, State University of New York-Buffalo, 1980; BFA, State University of New York-Buffalo, 1980.

Alverson, James, Assistant Professor, Teacher Education (2015); Ph.D., University of Alabama - Tuscaloosa, 2014; MA, University of Alabama - Tuscaloosa, 2006; BA, University of Alabama-Tuscaloosa, 2000.

Anderson, Chad, Assistant Professor, Business Informatics, (2015); Ph.D., Georgia State University, 2011; MBA, Eastern Kentucky University, 2006; BS, Eastern Kentucky University, 1998; BS, North Dakota State University, 1993.

Ankem, Kalyani, Associate Professor, Business Informatics (2013); Ph.D., University of Alabama-Tuscaloosa, 2000; MLS, University of Alabama-Tuscaloosa, 1994.

Appelman, Alyssa, Assistant Professor, Journalism (2015); Ph.D., Pennsylvania State University, 2015; MA, University of Missouri-Columbia, 2009.

Applegate, Jason, Assistant Professor, Allied Health (2016); MS, Midwestern State University, 2012; BUS, Morehead State University, 2002.

Arthur-Mensah, Nana, Assistant Professor, Organizational Leadership (2015); Ph.D., University of Louisville, 2015.

Attar, Holly, Lecturer, Music (2013); DMA, University of Cincinnati, 2010; MM, Other US Colleges, 2004; BME, Central Michigan University, 2000.

Attenweiler, William J., Associate Professor, Psychology (2002); Ph.D., Clemson University, 2002; MS, Clemson University, 2000; BA, University of Maine, 1975; MBA, Northern Kentucky University, 2015.

Bailey, Rebecca J., Associate Professor, History (2006); Ph.D., West Virginia University, 2001; MA, West Virginia University, 1990; BA, College of William And Mary, 1988.

Ball, Pamela J., Senior Lecturer, Chemistry & Biochemistry (2005); Ph.D., University of Cincinnati, 2005; BS, University of Cincinnati, 2001; BS, University of Cincinnati, 2000.

Banks, Rachael, Assistant Professor, Visual Arts (2016); MFA, Texas Woman’s University, 2015; BA, Bellarmine University, 2012.

Baranowski, Michael K., Associate Professor, Political Science (2001); Ph.D., University of Kentucky, 1997; MA, University of Kentucky, 1996; BA, Baldwin-Wallace College, 1992.

Bardgett, Mark E., Regents Professor, Psychology (2000); Ph.D., University of Missouri-St Louis, 1991; MA, University of Missouri-St Louis, 1989; BA, University of Missouri-St Louis, 1986.

Bartlett, Robin M., Associate Professor, Psychology (2000); Ph.D., West Virginia University, 2000; MA, West Virginia University, 1997; BA, West Virginia University, 1993.

Barton, Mary, Lecturer, Music (2010); MAED, University of Louisville, 1999; BM, University of Louisville, 1998.

Baxter, Thomas, Lecturer, Allied Health (2012); Ph.D., Walden University, 2011; MA, Clemson University, 1994; BS, University of Cincinnati, 1988.

Belland, Diana D., Professor, Music (1982); DMA, Ohio State University, 1978; MM, Ohio State University, 1972; BS, The Juilliard School, 1968.

Bertog, Janet L., Professor, Geology (2003); Ph.D., University of Cincinnati, 2002; MS, South Dakota School of Mines, 1997; BS, South Dakota School of Mines, 1995.

Bickers, John M., Professor, Law (2006); LLM, Georgetown University, 2003; LLM, Judge
Bonner, Nicholas S., JD, University of Michigan Law School, 1985; Eau Claire, 1985.

Boltz, Sharlene W., 2009; BFA, Shenandoah University, 1996.

Biers, Patrick, Assistant Professor, Teacher Education (2013); Ph.D., Michigan State University, 2013; MAED, University of Michigan-Ann Arbor, 1997.

Birkenhauer, Matt E., Senior Lecturer, English (1997); MA, University of Kentucky, 1986; BA, Thomas More College, 1981.

Bissett, Thaddeus, Assistant Professor, Anthropology (2016); Ph.D., University of Tennessee-Knoxville, 2014; MS, Florida State University, 2003; BA, Wake Forest University, 1999.

Bloch, Janel M., Associate Professor, English (2008); Ph.D., Iowa State University, 2000; MA, Miami University Oxford, 1997; MBA, Indiana University, 1987; BBA, University of Wisconsin-Eau Claire, 1985.

Boltz, Sharlene W., Professor, Law (1991); JD, University of Michigan Law School, 1985; BA, Brown University, 1982.

Bonner, Nicholas S., Senior Lecturer, Visual Arts (1999); MFA, Ohio University, 1981; BFA, Alfred University, 1978.

Bonner, Tracey, Assistant Professor, Dance (2014); MFA, University of California-Irvine, 2009; BFA, Shenandoah University, 1996.

Bourne, William D., Lecturer, Sociology (2012); MA, University of Memphis, 1994.

Bowers, Nancy L., Lecturer, English (2007); MA, Iowa State University, 2004; BA, Buena Vista University, 1986.

Bowers, Thomas J., Associate Professor, English (2005); Ph.D., Iowa State University, 2005; MA, University of South Carolina-Columbia, 1999; BA, Cleveland State University, 1997.

Bowling, Bethany V., Associate Professor, Biology (2007); Ph.D., University of Cincinnati, 2007; MS, University of Cincinnati, 2004; BA, Thomas More College, 2002.

Bowling, Ella, Lecturer, CINSAM/Education (2016); MAEd, Eastern Kentucky University, 2005; BA, Morehead State University, 2003.

Boyce, Richard L., Professor, Biology (2002); Ph.D., Yale University, 1990; MS, Yale University, 1986; MFS, Yale University, 1985; BA, Williams College, 1981.

Boyle, Ji lien, Lecturer, Nursing (2015); MSN, Xavier University, 2016; BSN, Northern Kentucky University, 2009.

Braden, Caroline, Lecturer II, Political Science (2010); MPA, Northern Kentucky University, 2009; BA, Psychology, Northern Kentucky University, 2000.

Bratcher, Perry R., Professor, Library Science (1983); MBA, Northern Kentucky University, 2002; MLS, University of Kentucky, 1983; BM, University of Kentucky, 1980.

Braun, Frank C., Associate Professor, Business Informatics (2000); Ph.D., Case Western Reserve University, 2007; MBA, Xavier University, 1986; BS, Miami University Oxford, 1981.

Bredemeyer, Carol A., Professor, Law Library Services (1978); MLS, University of Kentucky, 1981; AB, Morehead State University, 1978.

Breitenbecher, Kimberly H., Associate Professor, Psychology (2001); Ph.D., Ohio University, 1995; MS, Ohio University, 1992; BA, Miami University Oxford, 1990.

Bresser, Wayne J., Associate Professor, Physics (2000); Ph.D., University of Cincinnati, 1986; MS, University of Cincinnati, 1980; BA, Thomas More College, 1977.

Brumback, Ty, Assistant Professor, Psychology (2017); Ph.D., University of South Florida, 2015; MA, University of South Florida, 2010; MA, University of Chicago, 2005; BA, Cedarville University, 2003.

Brunner, Nicholas W., Assistant Professor of Practice, Communication (2015); MFA, Full Sail University, 2014.

Brooks, Andrea W., Assistant Professor, Library Science (2010); MLS, Kent State University, 2009; MA, Northern Kentucky University.

Brown, Amanda D., Assistant Professor, Social Work (2015); Ph.D., University of Louisville, 2014; MSW, University of Louisville, 2011; BA, University of Louisville, 2008.

Brownning, Deborah L, Lecturer, Accounting (2013); MST, University of Cincinnati, 2017; MA, University of Indianapolis, 1998; BS, University of Indianapolis, 1986.

Bryant, Debra, Assistant Professor, Nursing (2015); MSN, University of Cincinnati, 2012; BSN, College Of Mount St. Joseph, 2000; Diploma in Nursing, Good Samaritan School of Nursing, 1992.

Buckler, Tracy, Lecturer, Nursing (2017); MSN, Northern Kentucky University, 2006; BSN, Thomas More College, 1992.

Buckley, Brooke E., Associate Professor, Statistics (2006); Ph.D., University of South Carolina-Columbia, 2006; BS, Eastern Kentucky University, 2001.

Bush, Michael, Associate Professor, Criminal Justice (2009); Ph.D., Indiana University of Pennsylvania, 2009; MA, East Tennessee State University, 2004; BS, East Tennessee State University, 2001.

Callis, April, Lecturer, Honors (2012); Ph.D., Purdue University, 2011; MA, University of Kentucky, 2004.

Campan, Alina, Associate Professor, Computer Science (2007); Ph.D., Babes-Bolyai University, 2006; MS, Babes-Bolyai University, 2000; BS, Babes-Bolyai University, 1999.

Campbell, Nancy F., Associate Professor, Library Science (1981); MLSS, University of Kentucky, 1977; BA, University of Kentucky, 1975.

Carmen, John, Assistant Professor, Biology (2013); Ph.D., University of Kentucky, 2007; MS, Brigham Young University, 2001; BA, Brigham Young University, 1999.

Carnes, Kathleen A., Lecturer, Business Law (2012); JD, University of Cincinnati, 2001; BA, University of Louisville, 1998.

Carpenter-Fearing, Maren, Assistant Professor, Visual Arts (2013); M.Des., University of Cincinnati, 2011; BS, University of Cincinnati, 2003.

Carpten IV, George, Lecturer, Music (2016); Ph.D., University of Cincinnati, 2016; MM, Pennsylvania State University, 2013.
Carrell, Michael R., Regents Professor, Management (1998); DBA, University of Kentucky, 1976; MBA, University of Louisville, 1972; BA, University of Louisville, 1970.

Cata, Teuta, Professor, Business Informatics (2003); Ph.D., University of Nebraska at Lincoln, 2003; MBA, University of Nebraska at Lincoln, 1998; BS, University of Tirana, 1990.

Cellio, Jennifer, Associate Professor, English (2009); Ph.D., Miami University Oxford, 2008; MA, University of Idaho, 2000; BA, Miami University Oxford, 1997.

Cenkcí, Ada T., Assistant Professor, Organizational Leadership (2016); Ph.D., Other Non US College, 2013; MBA, San Francisco State University, 2007.

Chamberlain, Ronnie J., Assistant Professor, Theatre (2013); MFA, University of Alabama, 2007; BA, Colorado State University, 2004.

Chavez, Anthony, Professor, Law (2009); JD, Yale University, 1986; BS, Loyola Marymount University, 1982.

Chesnut, Mary T., Associate Professor, Library Science (1988); MLS, University of Kentucky, 2002; BA, Centre College, 1985.

Chicote, Deborah E., Assistant Professor, Nursing (2008); DNP, University of Southern Indiana, 2016; MSN, Northern Kentucky University, 2008; BSN, College Of Mount St. Joseph, 1990; BA, University of Central Florida, 1976.

Childs, David J., Associate Professor, Teacher Education (2012); Ph.D., Miami University, Ohio, 2009; MA, Miami University, Ohio, 2008; MAT, Miami University, Ohio, 2005; BFA, College of Mount St. Joseph, 2000.

Cho, Samuel Sungmin, Assistant Professor, Computer Science (2017); Ph.D., The University of Texas At Austin, 2016.

Cho, Sookyung, Assistant Professor, Communication (2013); Ph.D., University of Michigan, 2012; MA, Seoul National University, 2007.

Christensen, Chris, Professor, Mathematics (1983); Ph.D., Purdue University, 1977; MS, Purdue University, 1972; BS, Michigan Technological University, 1968.

Clarkin, John E., Associate Professor, Entrepreneurship (2010); Ph.D., University of Stirling, 2002; MBA, Citadel Military College-SC, 1997; BS, University of Wisconsin Colleges, 1993.
MS, University of Cincinnati, 1981; BS, University of Kentucky, 1974.

Detmer-Goebel, Emily A., Professor, English (2003); Ph.D., Miami University Oxford, 1997; MA, Miami University Oxford, 1992; MA, Miami University Oxford, 1985; BA, Wright State University, 1983.

DiCicco, Michael P., Assistant Professor, Teacher Education (2014); Ph.D., University of South Florida, 2014; MAT, University of South Florida, 2009; BA, University of South Florida, 2004.

Din Allameh, Seyed M. D., Professor, Engineering Technology (2004); Ph.D., Ohio State University, 1993; MS, Wayne State University, 1988; BS, Sharif Institute of Technology, 1978.

Downing, Megan S., Assistant Professor, Organizational Leadership (2010); Ed.D., Northern Kentucky University, 2012; MSIS, Northern Kentucky University, 2006; BS, Northern Kentucky University, 2002.

Doyle, Maureen, Professor, Computer Science (2006); Ph.D., Stanford University, 2004; MS, Stanford University, 2001; MS, Northeastern University, 1990; BS, University of Massachusetts at Lowell, 1982.

Doyle, Ursula, Associate Professor, Law (2011); JD, Indiana University, 1997; MA, Columbia University-New York, 1990; AB, Cornell University, 1989.

Dursche, Richard D., Professor, Biology (2000); Ph.D., University of Oklahoma, 1999; MA, California State University System, 1988; BA, University of Minnesota, 1983; BS, University of Minnesota, 1983.

Ebert, Paulette E., Lecturer, Mathematics (2011); MAED, Northern Kentucky University, 1996; BS, Northern Kentucky University, 1992.

Edwards, Grant A., Senior Lecturer, Chemistry & Biochemistry (2006); Ph.D., Iowa State University, 2006; BS, Truman State University, 2000.

Eippert, Gary, Senior Lecturer, Kinesiology (1997); Ph.D., University of Toledo, 1994; M.Ed., University of Toledo, 1989; BS, Miami University Oxford, 1986.

Ekundayo T, Ologbemiga, Associate Professor, Allied Health (2017); DrPH, Doctor of Public Health, Morgan State University, 2006; MBBS (College of Medicine in Nigeria), University Of Ibadan, 2006; MPH, Morgan State University, 2002; MD, Other US Colleges, 1995.

Elkins, Rebecca, Assistant Professor, Kinesiology (2016); Ph.D., University of Cincinnati, 2015; BA, Northern Kentucky University, 2007; MA, Ohio State University, 2004; BS, Shawnee State University.

Elliott, Teressa L., Professor, Business Law (2003); JD, University of Kentucky, 1990; BA, Northern Kentucky University, 1987.

Ellis, Allen W., Professor, Library Science (1985); MLS, Indiana University, 1984; BA, Wright State University, 1978.

Encarnación, Irene, Senior Lecturer, Spanish (1992); MA, University of California-Berkeley, 1986; BA, University of Puerto Rico, 1983.

Farrar, John, Associate Professor, Chemistry & Biochemistry (2013); Ph.D., Vanderbilt University, 2001; MS, Vanderbilt University, 1998; BS, Western Kentucky University, 1992.

Fatemi, Darius J., Associate Professor, Accounting (2010); Ph.D., Indiana University, 2007; MBA, Indiana University, 2005; Ph.D., University of Virginia, 1995; BA, University of Virginia, 1990.

Faulkner, Shawn A., Professor, Teacher Education (2004); Ph.D., University of Toledo, 2003; Ed.S., Wright State University, 1998; M.Ed., Wright State University, 1991; BS, Tennessee Temple University, 1988.

Fenton, Edmund D., Professor, Accounting (2016); DBA, University of Kentucky, 1986; MBA, Murray State University, 1977; BS, Murray State University, 1976.

Ferguson, Jessica D. M., Lecturer II, Business Administration (2010); MBA, Northern Kentucky University, 2009; BBA, University of Kentucky, 2007.

Fernando, Sharmanthie M., Professor, Physics (1998); Ph.D., University of Cincinnati, 1999; MS, University of Cincinnati, 1997; MS, University of Cincinnati, 1993; BS, University of Moratuwa, 1991.

Ferrante, Joan, Professor, Sociology (1984); Ph.D., University of Cincinnati, 1984; MA, University of Cincinnati, 1978; BS, Northern Kentucky University, 1977.

Fields, Gwen M., Senior Lecturer, Chemistry & Biochemistry (2000); MS, University of Cincinnati, 1993; BS, Thomas More College, 1991.

Fiefer, Gina, Assistant Professor, Nursing (2013); MSN, Xavier University, 2011; BSN, College of Mount St. Joseph, 1994.

Fink, Steven, Associate Professor, Visual Arts (1992); MFA, University of Miami, 1982; BFA, Ohio University, 1980.

Fisk, Patricia A., Lecturer II, Education (2004); MAED, Northern Kentucky University, 1981; BA, University of Kentucky, 1972.

Foley, Sean P., Associate Professor, Construction Management (2000); Ph.D., Miami University Oxford, 2006; MS, Northern Kentucky University, 2000; BS, Northern Kentucky University, 1993.

Ford, Matthew W., Professor, Management (2001); Ph.D., University of Cincinnati, 2000; BS, Miami University Oxford, 1983.

Foster, Cindy L., Associate Professor, Nursing (2006); MS, University of Minnesota, 1995; BSN, Wright State University, 1980.

Fox, Jeffrey W., Lecturer, Communication Studies (2016); MA, Northern Kentucky University, 2012; BA, Northern Kentucky University, 2006.

Fox, Richard K., Professor, Computer Science (2001); Ph.D., Ohio State University, 1992; MS, Ohio State University, 1988; BS, University of Missouri-Rolla, 1986.

Frank, Charles, Professor, Computer Science (1979); MS, Carnegie Mellon University, 1979; Ph.D., University of Virginia, 1975; MA,
University of Virginia, 1970; BA, Valparaiso University, 1969.

**Frimpong-Mansoh, Augustine Y.**, Associate Professor, Nursing (2009); MSN, Northern Kentucky University, 2011; BSN, Salem State College, 1990.

**Gemene, Kebede L.**, Assistant Professor, Chemistry & Biochemistry (2011); Ph.D., Purdue University, 2008; MS, Addis Ababa University, 1997.

**Gillen, Phyllis B.**, Lecturer, Nursing (1976); MS, Iowa State University, 1977; BA, University of Minnesota, 1974.

**Gilman, Richard A.**, Assistant Professor, Philosophy (1980); Ph.D., New York University, 1984; BA, Western Michigan University, 1979.

**Gilpin, William M.**, Assistant Professor, Music (2003); DMA, University of Kentucky, 1997; BA, University of Pennsylvania, 1979.

**Glance, Dorea E.**, Assistant Professor, Counseling and Human Services (2015); Ph.D., Ohio University, 2012; MA, Marshall University, 2007; BA, Wright State University, 2004.

**Gonzales, David**, Assistant Professor, Geology (2017); Ph.D., University of Kentucky, 2015; MS, Eastern Kentucky University, 2005; BS, Eastern Kentucky University, 2002.

**Golphin, Steven**, Assistant Professor, English (2010); Ph.D., Cornell University, 2004; MA, Cornell University, 2001; BA, Wellesley College, 1995.

**Gorrell, Steven**, Assistant Professor, Music (2014); DMA, University of Cincinnati, 2011; MM, University of Cincinnati, 2006; BM, Northwestern University, 2002.

**Gormley, William**, Assistant Professor, Chemistry & Biochemistry (2011); Ph.D., Purdue University, 2008; MS, Addis Ababa University, 1997.

**Goulet, Joseph A.**, Assistant Professor, Theatre (2016); Ph.D., University of Kentucky, 2007; MA, University of Cincinnati, 2002; BS, Xavier University, 1996.

**Gonzalez, Gisela**, Assistant Professor, Geology (2017); Ph.D., University of Kentucky, 2012; MA, Purdue University, 2007; BS, University of Illinois-Chicago, 1999.

**Gore, Christopher**, Lecturer, Education (2012); Ph.D., Ohio University, 2012; MA, Marshall University, 2007; BA, Wright State University, 2004.

**Gosnell, Melissa**, Associate Professor, Education (2016); Ph.D., University of Cincinnati, 2006; MS, Northern Kentucky University, 2003.
Hodgson, Theodore R., Professor, Communication (2003); Ph.D., Michigan State University, 2000; MS, University of Illinois-Urbana, 1989; BA, Western Illinois University, 1988.

Hatchett, Gregory T., Professor, Counseling & Human Services (2003); Ph.D., University of Mississippi, 2001; MS, Freed-Hardeman University, 1996; BS, Lipscomb University, 1994.

Hatton, Michael W., Associate Professor, Theatre (2005); MFA, Virginia Commonwealth University, 2005; BFA, Northern Kentucky University, 2003.

Heard, Thomas, Associate Professor, Law Library Services (1986); JD, Salmon P Chase College of Law, 1990; MLS, Indiana University, 1984; BA, Taylor University, 1983.

Henry, Deborah I., Lecturer II, Social Work (2005); MSW, University of Kentucky, 2005; BS, Northern Kentucky University, 2002.

Hillard, Jan W., Professor, Political Science (2005); Ph.D., University of Cincinnati, 1984.

Hillman, Lynnisa, Lecturer, Sociology (2016), MA, University of Cincinnati, 2014; BA, University of Cincinnati, 2012.

Hodgson, Theodore R., Professor, Mathematics (2007); Ph.D., Indiana University, 1992; MS, University of California-San Diego, 1985; BS, Indiana University, 1983.

Hogg, William B., Associate Professor, Music (2004); MM, University of Cincinnati, 2003; BS, Austin Peay State University, 1986.

Hokkanen, Ellen L., Lecturer, CINSAM/Chemistry (2015); MS, Yale University, 2008; BS, University of Virginia, 2007.

Holden, Lisa J., Associate Professor, Mathematics (2007); Ph.D., Northwestern University, 1990; MS, Northwestern University, 1987; AB, Boston College, 1986.

Honabach, Dennis R., Professor, Law (2006); JD, Yale University, 1973; AB, Bucknell University, 1970.

Hopfensperger, Kristine N., Associate Professor, Biology (2009); Ph.D., University of Maryland, 2007; MS, Washington State University, 2003; BS, University of Wisconsin-Stevens Point, 1999.

Hopper, Molly, Assistant Professor, Chemistry & Biochemistry (2010); Ph.D., University of Michigan-Ann Arbor, 2015.

Hruby, Zachary, Lecturer, Archaeology (2013); Ph.D., University of California-Riverside, 2006; MA, Brigham Young University, 1998; BA, Humboldt State University, 1995.

Hu, Yi, Professor, Computer Science (2007); Ph.D., University of Arkansas, 2006; MS, University of Arkansas, 2002; BS, Southwest Jiaotong University, 1994.

Huber, Teresa H., Assistant Professor, Nursing (2012); DNP, University of Kentucky, 2014; MSN, Northern Kentucky University, 2002; BSN, Bellarmine University, 1998.

Hughes, James E., Lecturer II, Business Informatics (2002); MS, Northern Kentucky University, 2003; MBA, Northern Kentucky University, 2002; BS, Indiana State University, 1972.

Hughes, Stephanie F., Professor, Management (2002); Ph.D., Temple University, 1999; MBA, Saint Joseph’s University, 1992; BS, Saint Joseph’s University, 1988.

Human, James, Lecturer, Accounting (2017); MACC, Northern Kentucky University, 2016; MA, Asbury Theological Seminary, 2000; BA, University of Kentucky, 1986.

Hume, Douglas W., Associate Professor, Anthropology (2007); Ph.D., University of Connecticut, 2005; MA, California State University Fullerton, 1999; BA, California State University Fullerton, 1994.

Hunn, Vanessa, Associate Professor, Social Work (2010); Ph.D., University of Kentucky, 2006; MSW, University of Kentucky, 1990.

Huss, John A., Professor, Teacher Education (1999); Ed.D., University of Cincinnati, 2000; MA, Northern Kentucky University, 1997; BA, Northern Kentucky University, 1995; BS, Northern Kentucky University, 1993.

Jackson, Eric R., Professor, History (1992); Ed.D., University of Cincinnati, 2000; MA, University of Cincinnati, 1992; BS, Ball State University, 1988.

Jameson, Lisa B., Associate Professor, Visual Arts (1996); MA, University of Cincinnati, 1996; MFA, University of Cincinnati, 1980; BFA, Webster University, 1977.

Jankowski, Stacie M., Assistant Professor, Journalism (2016); Ph.D., Indiana University, 2015; MA, Indiana University, 2009; BA, University of Kentucky, 2004

Jenkins Smith, Karen M., Senior Lecturer, English (1998); MA, Xavier University, 1997; BA, Miami University Oxford, 1993.

Jentsch, Nancy, Senior Lecturer, German (1982); MA, University of Cincinnati, 1982; BM, University of Cincinnati, 1978.

Johnson, Sarah E., Lecturer II, Geology (2002); MS, Purdue University, 1997; BS, CUNY, 1993.

Johnson, Stephen E., Lecturer, Communication (2013); MA, Northern Kentucky University, 2007; BA, Northern Kentucky University, 2006.

Jolly-Ryan, Jennifer J., Professor, Law (1991); JD, Salmon P Chase College of Law, 1984; BA, Northern Kentucky University, 1981.

Jones, Kenneth W., Professor, Theatre (1987); MFA, University of Virginia, 1987; BFA, University of Florida, 1984.

Jones, Melissa M., Professor, Teacher Education (2001); Ph.D., Miami University, Ohio, 2001; M.Ed., University of Cincinnati, 1991; BS, University of Cincinnati, 1988.

Kapadia, Parmita, Professor, English (2002); Ph.D., University of Massachusetts, 1997; MA, University of Massachusetts, 1993; BA, Rutgers State University, 1989.

Kappesser, Patricia, Lecturer, Biology (2016); MA, Northern Kentucky University, 1994; BS Biological Science, 1987.

Karrick, Brant G., Professor, Music (2003); Ph.D., Louisiana State University, 1994; MA, Western Kentucky University, 1984; BA, University of Louisville, 1982.

Kasel, Debra K., Associate Professor, Respiratory Care (1996); Ed.D., Northern Kentucky University, 2012; M.Ed., University of Cincinnati, 1994; BS, SUNY Health Science Center-Syracuse, 1992.

Kasten, Sarah E., Associate Professor, Teacher Education (2009); Ph.D., Michigan State University, 2009; MA, The Ohio State University, 2004; BS, Miami University, Ohio, 2001; BS, Miami University, Ohio, 2001.
Kasturiratna, Dhanuja, Associate Professor, Statistics (2006); Ph.D., Bowling Green State University, 2006; MA, Bowling Green State University, 2002; BS, University of Colorado at Denver, 1998.

Katkin, Kenneth D., Professor, Law (2000); JD, Northwestern University, 1996; BA, Princeton University, 1987.

Kazee, Donald K., Associate Professor, Law (1999); MA, University of Kentucky, 1986; JD, Georgetown University, 1981; BA, Morehead State University, 1976.

Kendall, Brett J., Assistant Professor, Nursing (2017); DNP, University of Cincinnati, 2016; MSN, Florida International University, 2008; BSN, Other Non US College, 1988.

Kent-Druzy, Roxanne M., Associate Professor, English (1998); Ph.D., University of Oregon, 1998; MA, California State University System, 1993; BS, Pepperdine University-Malibu, 1985.

Kerby Jr., Robert L., Senior Lecturer, Theatre (2002); MFA, University of Illinois, 2002; BFA, Northern Kentucky University, 1987.

Kersting, Lee M., Assistant Professor, Accounting (2013); Ph.D., University of South Florida, 2012; MBA, University of Louisville, 2007; BS, University of Louisville, 2005.

Ketty, Sunil N., Assistant Professor, Communication (2017); MFA, Columbus College of Art And Design, 2016; M.Ed., Carlow University, 2010.

Khan, Rasib, Assistant Professor, Computer Science (2016); Ph.D., University of Alabama-Birmingham, 2016.

Kilmer, Amanda, Lecturer, Organizational Leadership (2016); MS, Murray State University, 2015; BA, Northern Kentucky University, 2006.

Kim, Jang-Chul, Professor, Finance (2008); Ph.D., University of Memphis, 2003; MS, Iowa State University, 1993; BBA, Iowa State University, 1991.

Kim, Suk-hee, Assistant Professor, Social Work (2014); Ph.D., University of Louisville, 2005; MSW, Boston University, 2001.

Kim, Young S., Professor, Finance (2004); Ph.D., Southern Illinois University, 2003; MS, Georgia State University, 1997; BA, Chung-Ang University, 1991.

King, Michael, Associate Professor, Theatre (1985); MFA, University of Florida, 1985; BA, University of Florida, 1980.

Kinne, Lenore J., Professor, Teacher Education (2004); Ph.D., University of Minnesota, 2002; MA, University of Minnesota, 1994; M.Ed., University of Minnesota, 1988; BA, Hamline University, 1974.

Kinsley, Jennifer, Professor, Law (2012); JD, Duke University, 1999; BA, University of Florida, 1996.

Kirby, Kevin G., Professor, Computer Science (1994); Ph.D., Wayne State University, 1988; MS, Wayne State University, 1986; BA, Wayne State University, 1984.

Kirk, Mary, Professor, Kinesiology (1987); Ph.D., Ohio State University, 1989; MA, Michigan State University, 1973; BSED, Ohio University, 1969.

Kishman, Mary, Associate Professor, Nursing (2014); Ph.D., University of Cincinnati, 2004; MSN, University of Cincinnati, 1991; BSN, Xavier University, 1987.

Klatzke, Stephanie R., Associate Professor, Communication Studies (2007); Ph.D., University of Missouri-Columbia, 2008; MA, University of Cincinnati, 2003; BA, Murray State University, 2001.

Knechtges, Eric T., Associate Professor, Music (2008); DMUS, Indiana University, 2008; MM, Bowling Green State University, 2005; BM, Michigan State University, 2001.

Knox-Kazimierczuk, Francoise Assistant Professor, Allied Health (2015); Ph.D Miami University, 2015, MS, Ball State University, 2005, MS, Illinois State University, 2000, BA, Concordia University, 1997.

Knuven, Vickie, Lecturer, English (2017); MA, Northern Kentucky University, 2014; BA, Northern Kentucky University, 2012.

Koscielicki, Trina, Associate Professor, Radiological Technology (1993); M.Ed., University of Cincinnati, 1997; BS, University of Charleston, 1989.

Krapl, Alain, Associate Professor, Finance (2012); Ph.D., University of Connecticut, 2012; MS, University of North Carolina at Charlotte, 2001; BA, University of North Carolina at Charlotte, 1999.

Kratzer, Jessica, Assistant Professor, Communication Studies (2016); Ph.D., University of Missouri-Columbia, 2011; MA, University of Cincinnati, 2004.

Kredar, Jennifer A., Professor, Law (2004); JD, Georgetown University, 1998; BA, University of Florida, 1994.

Krouse, Tonya M., Professor, English (2003); Ph.D., Brandeis University, 2004; MA, University of Illinois-Chicago, 1997; BA, Kent State University, 1996.

Krug, Aimée, Associate Professor, Mathematics (1986); Ph.D., Indiana University, 1986; MA, Indiana University, 1983; BS, University of New Hampshire, 1979.

Krull, Douglas S., Professor, Psychology (1996); Ph.D., The University of Texas at Austin, 1990; BA, University of California-Davis, 1985.

Kues, Robert C., Lecturer, Biology (1988); MA, Northern Kentucky University, 1999; BA, Northern Kentucky University, 1990.

Kulkarni, Madhura, Associate Professor, CINSAM/Biology (2012); Ph.D., Cornell University, 2010; MS, University of Maryland, 2003; BS, Duke University, 1999.

Kuwahara, Yasue, Professor, Electronic Media and Broadcasting (1989); Ph.D., Bowling Green State University, 1987; MA, California State University, 1983; BA, Waseda University, 1980.

Kwon, Edward, Associate Professor, Political Science (2007); Ph.D., University of Hawaii-Manoa, 2005; MA, Konkuk University, 1992; BA, Konkuk University, 1987.

Lagadic, Isabelle, Associate Professor, Chemistry & Biochemistry (2007); Ph.D., University of Paris-Sud, 1994; MS, University of Paris-Sud, 1991; BS, University of Paris-Sud, 1990.

Lambert South, Andrea N., Professor, Communication (2006); Ph.D., University of Denver, 2006; MA, Texas Tech University, 2002; BS, University of Kansas, 2000.

Lancaster, Mark, Assistant Professor, Statistics (2014); Ph.D., University of Kentucky, 2007; MS, University of Tennessee-Knoxville, 1999; BA, Hendrix College, 1991.

Landon, William J., Professor, History (2005); Ph.D., University of Edinburgh, 2003; MS,
University of Edinburgh, 1999; BA, Northern Kentucky University, 1998.

**Landwehr, Hilary W.**  Associate Professor, Spanish (1988); Ph.D., University of North Carolina, 1986; MA, University of North Carolina, 1978; BA, Louisiana State University, 1975.

**Lane, Adrienne**  Professor, Nursing (2014); Ed.D., University of Cincinnati, 1992; MSN, University of Kentucky, 1983; BSN, Indiana University, 1977.

**Lang, Nancy A.**  Associate Professor, Economics (1983); Ed.D., University of Georgia, 1983; MBE, Georgia State University, 1975; BS, Georgia State University, 1972.

**Lang, Scott K.**  Senior Lecturer, Music (1995); MM, University of Cincinnati, 1996; BS, Ball State University, 1983.

**Lapin, Samuel S.**  Senior Lecturer, Communication (1996); MS, Illinois State University, 1989; BS, Illinois State University, 1986.

**Larson, Kajsa C.**  Associate Professor, Spanish (2010); Ph.D., University of Minnesota, 2010; MA, University of Minnesota, 2005; BA, Gustavus Adolphus College, 2001.

**Lawrence, Christopher**  Associate Professor, Counseling & Human Services (2012); Ph.D., College of William and Mary, 2012; MS, Stetson University, 2008.

**Lee, Jae-Seung**  Assistant Professor, Criminal Justice (2016); Ph.D., Sam Houston State University, 2016; MS, University of Houston-Downtown, 2009.

**Lee, JeeEun**  Assistant Professor, Art (2017); MFA, Syracuse University, 2013; MFA, Evoha Womans University, 2002; BFA, Evoha Womans University, 1998.

**Leek, Karen L.**  Senior Lecturer, Radiologic Technology (1999); BS, Northern Kentucky University, 1993.

**Leeman, Mark**  Associate Professor, Communication (2009); Ph.D., Ohio University, 2007; MA, Ohio University, 1994; BS, Ohio State University, 1985.

**Leone, Marc**  Associate Professor, Visual Arts (2008); MFA, Arizona State University, 2003; BFA, Art Center College of Design, 1996.

**Levin, Aron M.**  Professor, Marketing (2000); Ph.D., University of Kentucky, 1997; MBA, Northern Illinois University, 1991; BS, University of Iowa, 1989.

**Li, Qi**  Assistant Professor, Computer Science (2014); Ph.D., University of Pittsburgh, 2011; MCS, Other Non US College, 2006; BS, Other Non US College, 1996.

**Li, Yushi B.**  Professor, Sociology (1994); Ph.D., Iowa State University, 1993; MS, Iowa State University, 1986; BS, Beijing Union University, 1983.

**Lilly, James R.**  Professor, Sociology (1974); Ph.D., University of Tennessee-Knoxville, 1975; MA, West Virginia University, 1969; BS, Concord University, 1966.

**Lindsey, Megan**  Lecturer, Social Work (2013); MSW, University of Cincinnati, 2005; BSW, University of Cincinnati, 2002.

**Lipping, Alar**  Professor, Physical Education (1988); Ph.D., Ohio State University, 1980; MS, Cuny Queens College, 1976; BA, Cuny Queens College, 1975.

**Lipsitz, Angela K.**  Professor, Psychology (1982); Ph.D., University of North Carolina, 1983; MA, University of North Carolina, 1981; BS, Centre College, 1978.

**Long, Andrew E.**  Associate Professor, Mathematics (2000); Ph.D., University of Arizona, 1994; MS, University of Arizona, 1991; BS, Bowling Green State University, 1983.

**Loriot-Raymer, Gisèle**  Associate Professor, French (1990); Ph.D., University of Cincinnati, 1989; MA, Appalachian State University, 1982.

**Luethge, Denise J.**  Professor, Management (2009); Ph.D., Indiana University, 1987; MBA, Michigan State University, 1981; BS, Michigan State University, 1973.

**Ma, Lili**  Associate Professor, Chemistry & Biochemistry (2009); Ph.D., Brown University, 2007; MS, Nanjing Agricultural University, 2002.

**Macke, Caroline A.**  Associate Professor, Social Work (2008); Ph.D., University of Kentucky, 2010; MSW, University of Kentucky, 2003.

**Maddin, Ellen A.**  Associate Professor, Teacher Education (2009); Ed.D., University of Cincinnati, 2002; MA, College of Mount St. Joseph, 2001; BA, University of Michigan-Ann Arbor, 2000.

**Mader-Meersman, Julie A.**  Professor, Visual Arts (2003); MFA, University of Washington-Seattle Campus, 1996; BFA, Northern Kentucky University, 1993.

**Mahle Drabik, Sara M.**  Associate Professor, Electronic Media and Broadcasting (2008); MA, Northern Kentucky University, 2008; BFA, Ithaca College, 1999.

**Mann, Sarah**  Lecturer, Business Informatics (2016); Ph.D., University of Kentucky; M.Ed., University of Louisville, 2006, BS, Northern Kentucky University, 2005.

**Mannheimer, Michael J.Z.**  Professor, Law (2004); JD, Columbia University, 1994; BA, Binghampton University 1991.

**Marczinski, Cecile A.**  Regents Professor, Psychology (2006); Ph.D., McMaster University, 2001; BS, University of Western Ontario, 1996.

**Martin, Caron G.**  Associate Professor, Nursing (1977); MSN, University of Kentucky, 1982; BSN, University of Kentucky, 1978.

**Martin, Gregory S.**  Professor, Marketing (2008); Ph.D., University of Wisconsin-Madison, 1994; MBA, University of Arkansas, 1988; BA, University of Arkansas, 1978.

**Mattocks, Alma**  Assistant Professor, Kinesiology (2017); MS, Oregon State University, 2007; BS, Linfield College, 2004.

**McCartney, Philip W.**  Associate Professor, Mathematics (1978); Ph.D., Claremont Graduate University, 1978; M.Ed., University of Minnesota, 1972; BS, University of Minnesota, 1971.

**McClure, Bruce L.**  Lecturer, Political Science (1996); MA, Xavier University, 1992; JD, Salmon P Chase College of Law, 1980.

**McCombs, Brad**  Associate Professor, Visual Arts (2007); MFA, Carnegie Mellon University, 2002; BFA, Washington University In St Louis, 1997.

**McCord, Timothy**  Lecturer, Computer Science (2016); MS, Northern Kentucky University, 2004.

**McCoy, Carrie A.**  Professor, Nursing (1983); MSPH, University of Kentucky, 2000; Ph.D., University of Kentucky, 2000; MSN, University
of Cincinnati, 1980; BSN, Humboldt State University, 1972.

McDonald, Danielle. Associate Professor, Criminal Justice (2008); Ph.D., Indiana University of Pennsylvania, 2006; MS, Virginia Tech, 2001; BA West Virginia University, 1998.

McErlane, Kimberly. Associate Professor, Nursing (2008); MSN, University of Cincinnati, 1995; BSN, University of Cincinnati, 1994; Ph.D., University of Phoenix.

McFarland, Ausbra E. Associate Professor, Construction Management (2005); Ph.D., University of Cincinnati, 1997; MS, University of Cincinnati, 1988; BS, Southern University (Southern University and A&M College), 1976.

McFarland, Barbara B. Assistant Professor, Law (2006); JD, University of Cincinnati, 1981; BS, University of Virginia, 1974.

McGee, Daniel, Professor, Mathematics (2013); Ph.D., University of Arizona, 1995; MS, University of Arizona, 1991; BS, Applied Mathematics, Georgia Institute of Technology, 1986.

McGill, Diana L., Professor, Chemistry (1993); Ph.D., Harvard University, 1991; BA, Northern Kentucky University, 1984; BS, Northern Kentucky University, 1984.

McGovern III, Thomas F., Professor, Visual Arts (2002); MFA, Tyler School of Art of Temple University, 1986; BFA, Massachusetts College of Art, 1983.

McKenzie, Jonathan, Associate Professor, Political Science (2009); Ph.D., Purdue University, 2009; MA, University of Wyoming, 2003; BS, University of Wyoming, 2001.

McLendon, Tara M., Associate Professor, Social Work (2010); Ph.D., University of Kansas, 2010; MSW, University of Kansas, 1993; BSW, University of Kansas, 1992.

McNally Emerine, Jacqueline S., Associate Professor, Public Relations (2006); Ph.D., Kent State University, 2005; MA, IUPUI-Indiana University-Purdue U-Indianapolis, 1999; BA, IUPUI-Indiana University-Purdue U-Indianapolis, 1997.

McNeal, Lewatis, Associate Professor (2017); Ph.D., University of Louisville, 2016; MPH, Western Kentucky University, 2005; BS, University of Arkansas-Pine Bluff, 2003.

Medicott, Carol A. Associate Professor, Geography (2005); Ph.D., University of California-Los Angeles, 2003; MA, University of California-Los Angeles, 1997; BS, Valparaiso University, 1984.

Mester, Joseph C., Associate Professor, Biology (2006); Ph.D., University of Tennessee-Knoxville, 1989; BA, University of Rochester, 1983.

Metz, John J., Associate Professor, Geography (1990); Ph.D., University of Wisconsin Colleges, 1989; MS, University of Wisconsin Colleges, 1980; BA, Maryknoll College, 1967.

Miller, Alexandra J., Associate Professor, Criminal Justice (2008); Ph.D., University of Louisville, 1999; MS, University of Louisville, 1996; BS, University of Louisville, 1993.

Miller, Burke. Associate Professor, History (2005); Ph.D., Miami University Oxford, 2002; MA, Miami University Oxford, 1993; BA, University of North Carolina - Chapel Hill, 1986.

Miller, Carl E., Associate Professor, Statistics (2002); Ph.D., University of South Carolina-Columbia, 2002; MS, University of South Carolina-Columbia, 2000; BS, University of South Carolina-Spartanburg, 1993; BS, University of South Carolina-Spartanburg, 1993.

Miller, Karen. Associate Professor, Criminal Justice (2017); Ph.D., University of Kentucky, 2004; MS, Eastern Kentucky University, 1995; BS, Eastern Kentucky University, 1994.

Misis, Marcos L., Assistant Professor, Political Science (2012); Ph.D., University of Southern Mississippi, 2012; MS, University of Houston, 2008.

Moberg, Philip J. Associate Professor, Psychology (2004); Ph.D., University of Illinois-Urbana, 1996; AM, University of Illinois-Urbana, 1993.

Moffett, Kelly. Associate Professor, English (2010); MFA, West Virginia University, 2004; MA, West Virginia University, 2001.

Moon, Melissa M. Associate Professor, Criminal Justice (2000); Ph.D., University of Cincinnati, 1998; MS, University of Cincinnati, 1992; BS, University of Cincinnati, 1991.

Muente, Kevin J., Professor, Visual Arts (2001); MFA, University of Cincinnati, 1999; BFA, University of Wisconsin-Milwaukee, 1994.

Mutsch, Karen S., Associate Professor, Nursing (2007); DNP, University of Kentucky, 2005; MSN, Northern Kentucky University, 2000; BSN, Northern Kentucky University, 1985.

Nakamura, Makoto, Lecturer, Japanese (2010); MA, Concordia University, 1999; MA, Kansai Gaidai University, 1997; BA, Meisei University, 1989.

Neal, Brandi, Lecturer, Business Informatics (2015); MBI, Northern Kentucky University, 2014.

Neal, Catherine S., Associate Professor, Business Law (2005); JD, University of Cincinnati, 1998; BS, Northern Kentucky University, 1992.

Nelson, Kesha M., Assistant Professor, Nursing (2011); Ph.D., University of Phoenix, 2017; MSN, University of Phoenix, 2008; BSN, University of Phoenix, 2006.

Newell, Gary L., Associate Professor, Computer Science (2001); Ph.D., University of Arizona, 1994; MS, University of Arizona, 1990; BS, Worcester State College, 1986.

Newman, Stephen E., Professor, Mathematics (1972); Ph.D., University of Utah, 1968; MS, University of Utah, 1965; BS, University of Utah, 1963.

Nichols, Bridget M. Associate Professor, Sports Business (2010); Ph.D., University of Tennessee-Knoxville, 2010; MBA, The University of Tampa, 2004; BS, The University of Tampa, 2000.

Noblitt, Bethany A., Associate Professor, Mathematics (1993); Ph.D., University of Cincinnati, 2006; MA, University of Louisville, 1999; MAT, University of Louisville, 1996; BA, University of Louisville, 1995.
Nolan, Joseph R., Associate Professor, Statistics (2008); Ph.D., Purdue University, 2006; MS, Purdue University, 2002; MA, Eastern Illinois University, 1999; BA, Eastern Illinois University, 1998.

Nordheim, Shawn, Assistant Professor, Nursing (2010); Ed.D., Northern Kentucky University, 2013; MSN, University of Utah, 1998; BSN, University of South Carolina-Columbia, 1994.

Nutter, Scott L., Professor, Physics (2001); Ph.D., Indiana University, 1991; MS, Indiana University, 1987; BS, University of Georgia, 1985.

O’Brien, Gail S., Lecturer, Criminal Justice (2004); JD, Capital University, 1979; BA, Miami University Oxford, 1976.

O’Callaghan, Tamara F., Professor, English (1997); Ph.D., University of Toronto, 1995; MA, University of Toronto, 1988; BA, University of Toronto, 1986.

O’Connell, Karen, Assistant Professor, Nursing (2017); Ph.D., Uniformed Services University of the Health Sciences, 2012; MSN, University of Texas Health Science Center at San Antonio, 1999; BSN, Northern Kentucky University, 1992.

Olberding, Julie C., Associate Professor, Public Administration (2004); Ph.D., University of Kentucky, 2000; MPA, University of Kentucky, 1992; BS, Ohio University, 1989.

Onorato, Amber J., Assistant Professor, Chemistry & Biochemistry (2013); Ph.D., University of Connecticut, 2008; BA, Southern Connecticut State University, 2003.

Osam, Ebo Kobena A., Assistant Professor (2018); MA, Western Kentucky University, 2014; Ph.D., University of Louisville.

Otey, Matthew Zachary, Assistant Professor of Practice (2018); MS, Marshall University, 2012; BBA, Marshall University, 2005.

Owwoho, Vincent E., Professor, Accounting (2005); Ph.D., University of Florida, 1998; BBA, Eastern Kentucky University, 1990; MBA, Eastern Kentucky University, 1986; BS, Berea College, 1984; BA, Berea College, 1983.

Ozaki, Reiko, Assistant Professor, Social Work (2017); Ph.D., University of Cincinnati, 2017; MSW, Ohio State University, 1998.

Ozanic, Gary, Associate Professor of Practice, Business Informatics (2016); Ph.D., University of Wisconsin-Madison, 1982; MA, Michigan State University, 1975; BS, Michigan State University, 1973.

Padolik, Laura L., Senior Lecturer, Chemistry (1994); Ph.D., Ohio State University, 1990; BS, Saint Louis University, 1985.

Patten, Deborah A., Assistant Professor, Respiratory Care (2002); MA, Northern Kentucky University, 2011; BS, University of Cincinnati, 1976.

Pence, Catherine M., Associate Professor, Nursing (2004); MSN, University of Phoenix, 2003; BSN, University of Cincinnati, 1995.

Pence, Terry G., Professor, Philosophy (1980); Ph.D., Purdue University, 1979; MA, Trinity Evangelical Divinity School, 1974; MA, University of Illinois, 1974; BA, Northeastern Illinois University, 1971.

Perrmann-Graham, Jaclyn, Assistant Professor, Business Administration (2017); Ph.D., University of Cincinnati, 2018; MBA, Xavier University, 2011; BA, Miami University, 2009.

Perrone, Nicole, Lecturer, Theatre (2017); MFA, Kent State University, 2009.

Peterson, Mol, Lecturer, Statistics (2011); MS, University of Iowa, 1982; BS, Western Michigan University, 1980.

Pfendt, Kristine E., Associate Professor, Nursing (2003); MSN, Northern Illinois University, 1984; BS, Northern Illinois University, 1976.

Pilyayeva, Olena, Lecturer II, Management (2007); MBA, Northern Kentucky University, 2007; MS, Kharkiv State Technical Academy of Food Science and Business, 2001.

Pope, Verl T., Professor, Counseling & Human Services (2012); Ed.D., Idaho State University, 1996; MA, Idaho State University, 1993; BS, Idaho State University, 1991.

Powell, Angela, Lecturer, Nursing (2017); MSN, Northern Kentucky University, 2017; BSN, Northern Kentucky University, 2011; BA, Northern Kentucky University, 2009; BS, Northern Kentucky University, 2009.

Powell, Terry D., Associate Professor, Theatre (1993); MFA, Southern Illinois University, 1998; BFA, Western Kentucky University, 1986.

Prather-Jones, Bianca P., Associate Professor, Teacher Education (2003); Ed.D., University of Cincinnati, 2003; MA, University of South Florida, 1998; BA, University of South Florida, 1996.

Providenti, Michael J., Associate Professor, Library Science (1998); MLS, University of Kentucky, 1998; BA, University of Cincinnati, 1994.

Puente-Baldoceda, Blas G., Associate Professor, Spanish (1989); Ph.D., The University of Texas at Austin, 1989; MA, SUNY College-Buffalo, 1978; BA, Universidad Nacional Mayor de San Marcos, 1976.

Pulos, Alexis, Assistant Professor, Communication (2013); Ph.D., University of New Mexico, 2013; MA, University of New Mexico, 2009; BA, Colorado State University, 2006.

Racke, Amy M., Lecturer II, Biology (1996); MS, Southeast Missouri State University, 1996; BS, Northern Kentucky University, 1993.

Raghavan, Vijay V., Professor, Business Informatics (1987); Ph.D., Kent State University, 1990.

Ragsdale, J. Gaut, Professor, Communication (1987); Ph.D., Indiana University, 1982; MA, University of Tennessee-Knoxville, 1979; BS, University of Tennessee-Knoxville, 1972.

Raisor Godel, Allison M. R., Senior Lecturer, Communication (2006); MA, Indiana University, 2004; BA, Northern Kentucky University, 2002.

Rankin, John S., Associate Professor, Mathematics (1983); Ph.D., University of Houston, 1980; MS, University of Houston, 1976; BA, University of Dallas, 1974.

Raska, David, Associate Professor, Marketing (2009); Ph.D., Washington State University, 2009; MS, University of Alabama, 2002; MA, Technical University of Liberec, 1999.

Reed, Cynthia, Professor, Education (2014); Ed.D., University of Pittsburgh, 2009.
Reilly, Shauna F., Associate Professor, Political Science (2009); Ph.D., Georgia State University, 2003; MA, Georgia State University, 1993; BA, Queen’s University, 2002.

Reynolds, Jonathan T., Professor, History (1999); Ph.D., Boston University, 1995; MA, Boston University, 1991; BA, University of Tennessee-Knoxville, 1988.

Rhinehart, Alessandra, Assistant Professor, Counseling and Human Services (2015); Ph.D., Boston University, 1991; BA, University of Tennessee-Knoxville, 1999; MA, Georgia State University, 2003; MS, University of Dayton, 2008; BA, Xavier University, 1984.

Riffe, Holly A., Professor, Social Work (2001); Ph.D., Ohio State University, 1995; MSW, University of Kentucky, 1988; BS, Northern Kentucky University, 1984.

Riley, Angela K., Lecturer II, Nursing (2009); MSN, Northern Kentucky University, 1997; BSN, Northern Kentucky University, 1995.

Robertson, Brian, Lecturer II, Theatre (1999); MFA, University of Cincinnati, 1995; BSW, Ferrum College, 1983.

Robertson, Denise N., Senior Lecturer, Biology (2001); Ph.D., Old Dominion University, 2001; BS, Purdue University, 1994.

Robinson, Denise L., Professor, Nursing (1984); Ph.D., The University of Texas at Austin, 1991; MSN, University of South Carolina-Columbia, 1977; BSN, University of South Carolina-Columbia, 1976.

Robinson, Erin M., Professor, Nursing (2003); Ed.D., Northern Kentucky University, 2014; MSN, University of Pittsburgh, 2003; BSN, Duquesne University, 1998.

Rosenthal, Lawrence D., Professor, Law (2003); LL.M, Georgetown University, 1998; JD, Vanderbilt University, 1993; BA, Union College, 1990.

Rubleske, Joseph, Assistant Professor, Business Informatics (2013); Ph.D., Syracuse University, 2012; MPA, IUPUI-Indiana University-Purdue U-Indianapolis, 1996; BA, Indiana University-Bloomington, 1993.

Runge, Sara, Associate Professor, Teacher Education (1998); Ed.D., University of Cincinnati, 1997; MA, Northern Kentucky University, 1991; BA, Northern Kentucky University, 1989.

Russ, Robert W., Associate Professor, Accounting and Business Law (2005); Ph.D., Virginia Commonwealth University, 2006; BA, Marietta College, 1983.

Russell, Keith F., Professor, Chemistry & Biochemistry (2001); Ph.D., University of Arizona, 1992; BS, Oregon State University, 1985; MS, Oregon State University, 1985.

Ryan, Carol A., Associate Professor, Physical Education (1996); Ph.D., University of Cincinnati, 1998; MA, University of North Carolina, 1979; BA, University of North Carolina, 1978.

Sadat-Hossieny, Morteza, Associate Professor, Engineering Technology (1999); Ph.D., Iowa State University, 1989; MS, Murray State University, 1985; BS, Oklahoma State University, 1983.

Sakaguchi, Toru, Associate Professor, Business Informatics (1999); Ph.D., University of Memphis, 1999; MBA, Oklahoma City University, 1992; BS, University of Tsukuba, 1984.

Salyer, Robert L., Lecturer II, Accounting (1999); MS, University of Cincinnati, 1984; BS, University of Kentucky, 1980.

Salzman, Ryan, Assistant Professor, Political Science (2012); Ph.D., University of North Texas, 2011; BA, Texas Christian University, 2003.

Sanctuary, Megan, Lecturer, Biology (2017); Ph.D., University of California Davis, 2017; MS, University of Illinois, 2011; BS, Eastern Illinois University, 2009.

Sander, Kurt L., Professor, Music (2003); DMUS, Northwestern University, 1998; MM, University of Cincinnati, 1994; BM, Cleveland State University, 1992.

Sanders, Gabriel J., Associate Professor, Exercise Science (2012); Ph.D., Kent State University, 2012; M Ed., Ashland University, 2008; BS, Ashland University, 2006.

Scheadle, Cory, Assistant Professor, Exercise Science (2014); Ph.D., Ohio State University, 2013; MA, Ohio State University, 2008; BS, Wright State University, 2005.

Schellhas, Hans, Associate Professor, Visual Arts (2007); M.Des., University of Cincinnati, 2007; BA, Northern Kentucky University, 2002; BS, Xavier University, 1996.

Schlipp, John C., Associate Professor, Library Science (2006); MLS, University of Kentucky, 2000; BA, University of Dayton, 1982.

Schulteis, Patrick J., Professor, Biology (1999); Ph.D., University of Cincinnati, 1994; MS, University of Dayton, 1986; BS, University of Dayton, 1984.

Schultz, Lois E., Professor, Library Science (1978); MBA, Xavier University, 1983; MLS, University of Kentucky, 1974.

Schwan, Kirsten, Associate Professor, Biology (2012); Ph.D., Rutgers University, 2010; BA, College of the Atlantic, 2000.

Scola, Michael P., Senior Lecturer, Biology (2004); DPM, Ohio College of Podiatric Medicine, 1988; BS, Xavier University, 1984.

Sharp, Jennifer, Associate Professor, Counseling & Human Services (2012); Ph.D., Pennsylvania State Univ-Penn State, 2012; MA, Ohio State University, 2011; BA, Denison University, 2002.

Shaw, Doris M., Professor, Marketing (2002); Ph.D., Kent State University, 2000; MBA, Baldwin-Wallace College, 1983; BBA, University of Toledo, 1979.

Shaw, Ronald A., Associate Professor, Theatre (1989); MFA, Northwestern University, 1987; MA, Bowling Green State University, 1982; BA, Heidelberg College, 1980.

Shelton, Catherine L., Assistant Professor, Chemistry & Biochemistry (2015); Ph.D., University of Cincinnati, 2018; BA, Trinity International University, 2008.

Shelley, Jill A., Lecturer, Criminal Justice (1997); MS, University of Cincinnati, 1990; BS, University of Cincinnati, 1980.

Sherry, Tammy L., Associate Professor, Teacher Education (2004); Ed.D., University of Cincinnati, 2010; M.Ed., Northern Kentucky University, 2000; BA, Northern Kentucky University, 1993.

Shifley, Emily, Assistant Professor, Biology (2014); Ph.D., Ohio State University, 2009; BS, Ohio University, 2003.

Sieve, Bradley J., Lecturer II, Chemistry & Biochemistry (2005); Ph.D., Michigan State University, 2002; BA, Coe College, 1998.

Singleton, David A., Associate Professor, Law (2007); JD, Harvard University, 1991; AB, Duke University, 1987.
Skaggs, James Michael, Lecturer, Communication Studies (2015); MA, Montclair State University, 1996; BA, Jersey State College, 1994.

Slaven, William Charles, Professor of Practice, Business Informatics (2017); MBA, Miami University Oxford, 1974; BS, Miami University Oxford, 1972.

Smith, Donna B., Associate Professor, Library Science (1987); MLS, University of Kentucky, 1993; BS, Northern Kentucky University, 1983.

Smith, Ernest, Professor, English (2009); Ph.D., New York University, 1967; MA, Wright State University, 1980; BA, Wright State University, 1978.

Smith, Jeffrey M., Professor, Psychology (1988); Ph.D., Colorado State University, 1988; MS, Colorado State University, 1988; BA, Bemidji State University, 1983.

Smith, Jennifer S., Professor, Library Science (1983); Ph.D., Ohio State University, 2002; M.Ed., Wright State University, 1991; MLS, Case Western Reserve University, 1981; BM, University of Cincinnati, 1980.

Smith, Lynn W., Associate Professor, Nursing (2010); M.Div., Lexington Theological Seminary, 2003; MSN, University of Cincinnati, 1988; BSN, University of Tennessee-Knoxville, 1977; Ed.D., Northern Kentucky University, 2016.

Snider, Jillian, Lecturer, Business Administration (2017); MBA, Mount St. Joseph University, 2017; BS, College of Mount Saint Joseph, 2010.

Soliday, Paige Byam, Associate Professor, English (1993); Ph.D., University of Wisconsin-Madison, 1993; MA, University of Wisconsin-Madison, 1986; BA, University of Iowa, 1983.

Songer, Tracy, Assistant Professor, Electronic Media and Broadcasting (2016); MA, Northern Kentucky University, 2010; BA, Northern Kentucky University, 1996.

Sparrow, Sandra E., Associate Professor, Management (2011); Ph.D., University of California-Berkeley, 2000; MA, Stanford University, 1988; BA, Stanford University, 1988.

Standen, Jeffrey, Professor, Law (2013); JD, University of Virginia, 1986; AB, Georgetown University, 1982.

Stephens Jr., Henry L., Professor, Law (1979); JD, University of Kentucky, 1975; BA, Western Kentucky University, 1972.

Stevens, Damon, Lecturer, Theatre (2012); DMA, University of Cincinnati, 2007; MM, University of Cincinnati, 1996; BM, Arizona State University, 1992.

Stine, Elizabeth, Lecturer, Nursing (2016); MSN, Indiana Wesleyan University, 2016; BS Northern Kentucky University, 1984; DNP, College Of Mount St. Joseph.

Stockman, Juliane, Lecturer (2016); MS, Northern Kentucky University, 2008; BS, Ohio University, 1993.

Strobel, Christopher L., Professor, Electronic Media and Broadcasting (2002); MA, The American University, 1996; BS, Indiana State University, 1990.

Strome, Erin, Associate Professor, Biology (2011); Ph.D., Baylor College of Medicine, 2008; BA, Miami University (Ohio), 2001.

Sun, Gang, Assistant Professor, Engineering Technology (2016); Ph.D., Iowa State University, 2010.

Su, Qing, Associate Professor, Economics (2009); Ph.D., University of South Florida, 2006; MA, University of South Florida, 2002; MS, University of International Business and Economics, 1996; BS, Dongbei University of Finance and Economics, 1993.

Sullivan, Laura A., Associate Professor, Library Science (1984); MA, University of Cincinnati, 1986; MLS, Indiana University, 1981; BA, University of Cincinnati, 1980.

Taghier, C. Gannon, Associate Professor, Nursing (2005); Ed.D., Northern Kentucky University, 2014; MSN, University of Kentucky, 2001; BSN, University of Kentucky, 1997.

Tapp, Karen S., Associate Professor, Social Work (1996); JD, Salmon P Chase College of Law, 1985; MSW, University of Tennessee-Knoxville, 1976; BSW, University of Kentucky, 1974.

Tataw, David, Associate Professor, Health Science (2016); Ph.D., University of Southern Maine, 2001; MA, University of Southern California, 1996; MA, University of Southern California, 1996; MA, California State University-Los Angeles, 1992; MA, Other US Colleges, 1990; BA, Other Non US College, 1982.

Taylor, Christopher, Assistant Professor of Practice, Management (2016); MS Northern Kentucky University (2014); BS Cincinnati Christian University (1994).

Taylor, Emily, Lecturer, Computer Science (2017); MS, Northern Kentucky University, 2013; BS, Northern Kentucky University, 2011.

Taylor, Jessica A., Assistant Professor, Social Work (2012); Ph.D., University of Alabama, 2012; MSW, University of Alabama, 2007; BSW, University of Alabama, 2005.

Terhune, Katherina, Assistant Professor, Social Work (2016); Ph.D., University of Kentucky, 2011; MSW, University of Kentucky, 2007; BA, Otterbein College, 2003.

Teschendorf, Michelle, Clinical Associate Professor, Nursing (2013); BSN, Missouri Western State University, 1996; Ph.D., Saint Louis University.

Thackeray, Mark, Assistant Professor of Practice, Management (2017); MBA Xavier University (1995); BS Georgia Institute of Technology (1988).

Thomas, Cynthia, Lecturer, Computer Science (2016); MS, University of Central Florida, 2014; BS, Northern Kentucky University, 2011.

Thompson, John C., Professor, Finance (2005); DBA, University of Kentucky, 1990; MBA, Youngstown State University, 1983; BA, Westminster College, 1976.

Thompson, E. David D., Associate Professor, Biology (2005); Ph.D., University of Kentucky, 2002; BS, University of Kentucky, 1995.

Thomson, David S., Associate Professor, Electronic Media and Broadcasting (1983); MA, University of Cincinnati, 1971; BM, University of Cincinnati, 1967.

Todd, Danielle, Assistant Professor, Music (2016); Ph.D., University of Alabama - Tuscaloosa, 2017; MA, University of Alabama - Tuscaloosa, 2005; BSED, University of Alabama - Tuscaloosa, 2002.
Torres, Mauricio, Assistant Professor, Engineering Technology (2013); Ph.D., Florida International University, 2011; MS, Florida International University, 2006.

Tosolt, Brandelyn, Associate Professor, Teacher Education (2008); Ph.D., Oakland University, 2008; MA, University of Michigan-Ann Arbor, 2003; BA, Michigan State University, 2000.

Truta, Traian M., Professor, Computer Science (2004); Ph.D., Wayne State University, 2004; MS, Babes-Bolyai University, 1999; BS, Babes-Bolyai University, 1998.

Tsetse, Anthony, Assistant Professor, Computer Science (2016); DS, Towson University, 2012; MS, Other Non US College, 2005; MS, Other Non US College, 2003; BS, Kwame Nkrumah University of Science & Te, 2001.

Turkelson, Sandra L., Associate Professor, Nursing (2001); MSN, University of Kentucky, 1985; BSN, University of Cincinnati, 1982.

Underwood, Jane L., Assistant Professor, Law Library Services (2012); JD, University of Akron, 1980; MLS, Kent State University, 1980; AB, Ohio University, 1977.

Vandra, Rodney, Lecturer, Counseling & Human Services (2011); MA, Xavier University, 2004; BA, Northern Kentucky University, 2001; Ph.D., University of Kentucky.

Valandra, Candice N., Lecturer II, Visual Arts (2006); MA, University of Cincinnati, 2004; BFA, University of Cincinnati, 2002.

Vance-Eliamy, Sharon A., Associate Professor, History (2006); Ph.D., University of Pennsylvania, 2005; BA, University of California-Berkeley, 1990.

Vaughn, Kalif, Assistant Professor, Psychological Science (2016); Ph.D., Kent State, 2014; MA, Kent State, 2012; BA, Purdue, 2008.

Vest, Jason, Associate Professor, Music (2014); DMA, University of Kentucky, 2009; MM, Brigham Young University, 2005; BM, Butler University, 2002.

Vogelpohl, Rachele, Assistant Professor, Athletic Training (2011); Ph.D., University of Hawaii-Manoa, 2011; MS, University of Hawaii-Manoa, 2009; BS, Northern Kentucky University, 2006.

Votruba, James C., Professor, Educational Leadership (1997); Ph.D., Michigan State University, 1974; MA, Michigan State University, 1970; BA, Michigan State University, 1968.

Wakefield, Monica L., Assistant Professor, Anthropology (2013); Ph.D., Yale University, 2010; BS, Humboldt State University, 1998.

Walker, Rebecca, Lecturer (2013); MS, Miami University Oxford, 2011; BA, University of Cincinnati, 2008.

Walters, Keith A., Professor, Chemistry & Biochemistry (2002); Ph.D., University of Florida, 2000; BS, Furman University, 1996.

Walters, Lindsey A., Associate Professor, Biology (2010); Ph.D., Michigan State University, 2008; BS, Calvin College, 2003.

Walton, Gary, Associate Professor, English (1989); Ph.D., George Washington University, 1991; M.Phil., George Washington University, 1985; MS, University of South Dakota, 1982; BA, Northern Kentucky University, 1981.

Wang, Hongmei, Associate Professor, Computer Science (2007); Ph.D., Pennsylvania State Univ-Penn State, 2007; MS, Chinese Academy of Science, 1997; BS, Changchun College of Geology, 1994.

Ward, Jeffrey A., Associate Professor, Computer Science (2004); Ph.D., Ohio State University, 2004; MS, Ohio State University, 1988; BS, Northern Kentucky University, 1984.

Warner, Lyna, Lecturer, Library Informatics (2015); MLS, University of Kentucky, 2011; BA, Bowling Green State University, 2003.

Wasbourn-Moses, Jere, Lecturer, Mathematics (2010); MS, Purdue University, 2000; BS, Purdue University, 1998.

Watkins, Andrea S., Associate Professor, History (2002); Ph.D., University of Kentucky, 1999; MA, University of Kentucky, 1993; BA, University of Kentucky, 1991.

Weaver, Rosa L., Lecturer II, Educational Leadership (1989); Ed.D., University of Kentucky, 1997; M.Ed., Xavier University, 1972; BS, University of Cincinnati, 1969.

Webb, Ginger, Lecturer II, Educational Leadership (2013); MA, Northern Kentucky University, 1996; BA, Eastern Kentucky University, 1990; Ed.D., Northern Kentucky University.

Weir (Baranowski), Kimberly A., Associate Professor, Political Science (2003); Ph.D., University of Connecticut, 2003; MA, Villanova University, 1998; BA, Bloomsburg University of Pennsylvania, 1995.

Weisenbach Keller, Eileen D., Professor, Marketing (2006); Ph.D., Kent State University, 2005; MBA, University of Chicago, 1992; BS, Indiana University, 1983.

Wells, Gail W., Professor and Provost Emeritus, Computer Science (1980); Ed.D., University of Cincinnati, 1981.

Wells, Michael D., Lecturer, Library Science (2013); MLS, Kent State University, 2010; BA, Capital University, 2007.

Wells, Zachary D., Lecturer, Popular Culture (2016); MA, Northern Kentucky University, 2012; BA, Northern Kentucky University, 2006.

Wermeling, Linda, Associate Professor, Social Work (2004); Ph.D., University of Kentucky, 2006; MSW, University of Kentucky, 1995.
Wesley, Threasa L., Associate Professor, Library Science (1981); MLS, University of Kentucky, 1979; BA, Western Kentucky University, 1977.

Whiteman, Michael, Professor, Law (2002); MLS, Simmons College, 1995; JD, University of Louisville, 1994; BA, Concordia University, 1990.

Whitson, Mary K., Associate Professor, Biology (2003); Ph.D., Duke University, 1997; MA, University of Kentucky, 1988; BS, Millersville University of Pennsylvania, 1974.

Whitson, Mary K., Associate Professor, Biology (2003); Ph.D., Duke University, 1997; MA, University of Kentucky, 1988; BS, Millersville University of Pennsylvania, 1974.

Williamson, Lauren L., Assistant Professor, Biology (2018); Ph.D., Duke University, 2014; BA, Williams College, 2007.

Wirtz, Paul J., Associate Professor, Educational Leadership (2005); Ph.D., George Peabody College, 1976; MS, University of Wisconsin Colleges, 1972; BA, Marquette University, 1969.

Wood, Wendy, Associate Professor, Library Science (1988); MLS, Emporia State University, 1988; BA, University of Kansas, 1980.

Wroughton, Jacqueline, Associate Professor, Statistics (2008); Ph.D., University of Nebraska At Lincoln, 2007; MS, University of Nebraska At Lincoln, 2004; BA, Concordia University, 2002; BS, Concordia University, 2002.

Yannarella, Philip A., Associate Professor, Library Science (1977); MLS, University of Michigan-Ann Arbor, 1970; MA, Duquesne University, 1967; BA, Youngstown State University, 1964.

Zacate, Matthew O., Associate Professor, Physics (2004); Ph.D., Oregon State University, 1997; MS, Oregon State University, 1993; BS, Truman State University, 1991.

Zachary, Samuel J., Professor, Theatre (1990); Ph.D., Bowling Green State University, 1984; MA, Bowling Green State University, 1973; BS, Bloomsburg University of Pennsylvania, 1971.

Zai III, Robert L., Associate Professor, Library Science (2006); MLS, University of Kentucky, 2002; BA, Northern Kentucky University, 1999.

Zajac, Lynne, Assistant Professor, Nursing (2015); Ph.D., University of Northern Colorado, 2010.

Zarnowski, Roger E., Professor, Mathematics (2013); Ph.D., Indiana University-Bloomington, 1988; MS Wichita State University, 1983; BS Wichita State University, 1978.

Zembrodt, Isabella M., Senior Lecturer, Psychology (2000); MS, Northern Kentucky University, 2011; MS, University of Kentucky, 1986; BS, Northern Kentucky University, 1980; BS, Northern Kentucky University, 1978.

Zhang, Xiaoni, Professor, Business Informatics (2001); Ph.D., University Of North Texas, 2001; MBA, Huron University, 1996; BS, Heibei University Handan College, 1987.

Zimmerman, Jeffrey M., Assistant Professor, Organizational Leadership (2012); Ph.D., University of Klagenfurt, 2011; MBA, University of Klagenfurt, 2009; BA, Miami University Oxford, 2004; BS, Miami University Oxford, 2004.
Emeritus Faculty

**Advanced Placement (AP)**

High school students may receive credit by earning the required score on an approved AP examination. An appropriate number of semester hours will be awarded, and a grade of pass (P) will be assigned for successful completion of approved courses. Information concerning the AP program may be obtained from a high school counselor. Official AP scores should be sent to NKU’s Office of Admissions (Lucas Administrative Center 400). Additional information on regulations and approved NKU programs for AP credit may be obtained from the Office of Admissions. Examination scores range from 1 to 5. Subject areas in which a student may receive credit from NKU by earning acceptable scores are listed below.

Credit for those areas marked by an asterisk (*) must be coordinated with the chair of the relevant department.

**American Registry for Diagnostic Medical Sonography (ARDMS)**

NKU students who have taken and received a passing score on a certification examination from the American Registry for Diagnostic Medical Sonography (ARDMS), as determined by the Department of Allied Health, will receive credit for equivalent NKU courses. Examinations may be primary or post-primary examinations. An example of a primary examination is the ARRT exam for radiography. Students who have graduated from a program that is/was accredited by the Joint Review Committee on Education in Radiologic Technology but is not housed in a college that is/was regionally accredited would receive credit for radiography courses comparable to what would have been completed in an associate degree program at NKU. Post-primary exams are administered to those who have already completed an associate degree at a regionally accredited institution, passed the primary examination in their discipline, transferred credit for professional coursework to NKU and subsequently studied didactic content, demonstrated clinical competence and passed a post-primary exam in radiography, nuclear medicine, sonography, respiratory care or other health care discipline.

The chart below lists the examinations, pre-requisites, minimum score, the equivalent NKU courses and the maximum number of hours.

College Level Examination Program (CLEP)

CLEP, a national program of credit by examination administered by the College Board, was adopted at NKU to provide individuals with an opportunity to earn credit by examination. The Office of Testing Services at NKU is a recognized CLEP testing center and provides information about the tests as well as administering them. A grade of pass (P) will be assigned for the successful passage of a CLEP examination. Students are urged to consult their advisors before registering for CLEP exams.

The chart below shows, for each CLEP exam accepted by NKU, the minimum score, the semester credit hours earned with that score, and the equivalent NKU courses. NKU requires submission of an official score report. (The university reserves the right to revise these listings in accord with recommendations from the American Council on Education). Check the university’s testing website (http://testing.nku.edu) for updates.

Security+ (versions SY0-501 and later) & CIT 285 Cybersecurity Fundamentals & 3

Note: Students with Security+ exams SY0-401 and before will be required to take CIT 285.

**Credit for Prior Learning Examination (CLE)**

NKU faculty members have provided a unique opportunity for students wishing to receive credit for what they already have learned. Credit for Prior Learning Examinations (CLE) are available for currently enrolled NKU students. The exams listed below are available to take and a grade of pass (P) will be assigned for the successful passage of a CPLE examination. Awarded CPLE credit will not replace any prior earned class credit.

**DSST Examinations**

The DSST credit-by-examination program, recommended by the American Council on Education, is a form of prior-learning assessment that gives students the opportunity to receive college credit as a result of their test scores. The Office of Testing Services at NKU is a recognized DSST testing center and provides information about the tests as well as administers them. A grade of pass (P) will be assigned for the successful passage of a DSST examination. Students are urged to consult their advisors before registering for DSST exams. NKU requires submission of an official score report. Check the university’s testing website (http://testing.nku.edu) for updates. (The university reserves the right to revise these listings in accord with recommendations from the American Council on Education).
### Financial Industry Regulatory Authority (FINRA) Examinations

NKU students who have taken and received a passing score on a Financial Industry Regulatory Authority (FINRA) examination (as determined by the Department of Accounting, Finance, and Business Law) will receive credit for an equivalent NKU course. The chart below shows, for each FINRA exam accepted by NKU, the minimum score, the semester credit hours earned with that score, and the equivalent NKU courses.

International Baccalaureate

High school students completing this rigorous program may receive credit by earning the required score in a specific subject. An appropriate number of semester credit hours will be awarded the grade of pass (P) for successful completion of approved courses. To earn credit, the student must request that an official transcript issued by the New York office of the International Baccalaureate be sent to the Office of the Registrar. Additional information on regulations and approved NKU programs for IB credit may be obtained from the Office of the University Registrar. Subject areas in which a student may receive credit from NKU by earning acceptable scores are listed below.

**National Board for Respiratory Care (NBRC)**

NKU students who have taken and received a passing score on a certification examination from the National Board for Respiratory Care (NBRC), as determined by the Department of Allied Health, will receive credit for equivalent NKU courses.

Examinations may be primary or post-primary examinations. An example of a primary examination is the ARRT exam for radiography. Students who have graduated from a program that is/was accredited by the Joint Review Committee on Education in Radiologic Technology but is not housed in a college that is/was regionally accredited would receive credit for radiography courses comparable to what would have been completed in an associate degree program at NKU. Post-primary exams are administered to those who have already completed an associate degree at a regionally accredited institution, passed the primary examination in their discipline, transferred credit for professional coursework to NKU and subsequently studied didactic content, demonstrated clinical competence and passed a post-primary exam in radiography, nuclear medicine, sonography, respiratory care or other health care discipline.

The chart below lists the examinations, prerequisites, minimum score, the equivalent NKU courses and the maximum number of hours.

**National Council Licensure Examination (NCLEX-RN)**

A requirement for admission to the RN to BSN program is an active registered nursing license. In order to obtain a nursing license nurses must take and pass the National Council Licensure Examination (NCLEX-RN). Since 1994 the NCLEX has been a nationwide examination for the licensing of nurses in the United States. The examination is developed and owned by the National Council of State Boards of Nursing, Inc. (NCSBN). The NCSBN administers these examinations on behalf of its member boards which consist of the boards of nursing in all 50 states. Scores for passing the exam are issued to the board of nursing. The blueprint testing plan for the exam is updated every three years to reflect current, entry-level nursing competency. Validation for passing the exam will be to verify a current license with the state board of nursing in which the student is licensed.

To assure content validity a testing plan is developed every three years. The test plan is reviewed and approved by the NCLEX Examination Committee. They use recent practice analysis of registered nurses, expert opinions of the Examination Committee, NCSBN content staff, and boards of nursing (NCSBN’s Member Boards) to ensure that the test plan is consistent with state nurse practice acts. A thorough and comprehensive listing of content for each client needs category and subcategory is outlined in the test plan.

These are the learning outcomes for the didactic courses. These learning outcomes have been based on the accreditation standards set in the Essential of Baccalaureate Education for Professional Nursing Practice.

**NRS 330**
1. Articulate the meaning of caring as it relates to respect for self and others on the mental health continuum
2. Employ therapeutic communication techniques with others along the mental health continuum
3. Develop a holistic plan of care for those with mental health issues, based on healthcare data and in collaboration with others
4. Demonstrate culturally sensitive nursing care for individuals with mental health needs
5. Integrate self-awareness, psychiatric, legal and ethical principals to promote the mental health of all and the profession of nursing
6. Utilize comprehensive evidence-based nursing care to others related to mental health in theoretical settings

**360**
1. Model caring behaviors in the delivery of nursing care to childbearing families during healthy or unhealthy life transitions
2. Employ effective communication techniques and healthcare technologies in the delivery of nursing care to childbearing families in a variety of obstetrical settings
3. Employ cultural sensitivity when providing nursing care to clients and their families
4. Utilize nursing process in the implementation of a plan of care for childbearing families in clinical practice settings
5. Model professional behavior in interactions with instructors, peers, clients and hospital staff
6. Interpret current research as it relates to childbearing families in the practice setting

**415**
1. Examine attributes of caring in the delivery of nursing care to children and their families
2. Integrate therapeutic communication with children and their families in a myriad of pediatric settings
3. Incorporate cultural sensitivity in design of nursing care of families of diverse backgrounds
4. Evaluate healthcare data in collaboration with others to design a holistic plan of care for children and their families
5. Facilitate comprehensive evidence-based nursing care to children and their families in a variety of theoretical and clinical settings
6. Analyze practice situations and settings for necessary changes to promote health and the profession of nursing
7. Evaluate relevant research findings for incorporation into the care of children and their families

**450**
1. Analyze caring behaviors as they relate to people with complex health problems
2. Formulate therapeutic communication techniques appropriate for people with complex health problems
3. Construct evidenced based nursing care for people with complex health problems
4. Prepare culturally sensitive nursing care for people with complex health problems
5. Examine the role of the professional nurse in caring for people with complex health problems
6. Incorporate research findings in the care of people with complex health problems

**SCI 100G**
1. Demonstrate an understanding of the methods of science inquiry
2. Explain basic concepts and principles in one or more of the sciences
3. Apply scientific principles to interpret and make predictions in one or more of the sciences
4. Explain how scientific principles relate to issues of personal and/or public important

**Nuclear Medicine Technologist Certification Board (NMTCB)**
NKU students who have taken and received a passing score on a certification examination from the Nuclear Medicine Technologist Certification Board (NMTCB), as determined by the Department of Allied Health, will receive credit for equivalent NKU courses.

Examinations may be primary or post-primary examinations. An example of a primary examination is the ARRT exam for radiography. Students who have graduated from a program that is/was accredited by the Joint Review Committee on Education in Radiologic Technology but is not housed in a college that is/was regionally accredited would receive credit for radiography courses comparable to what would have been completed in an associate degree program at NKU. Post-primary exams are administered to those who have already completed an associate degree at a regionally accredited institution, passed the primary examination in their discipline, transferred credit for professional coursework to NKU and subsequently studied didactic content, demonstrated clinical competence and passed a post-primary exam in radiography, nuclear medicine, sonography, respiratory care or other health care discipline.

The chart below lists the examinations, prerequisites, minimum score, the equivalent NKU courses and the maximum number of hours.

Kentucky Residency

Residency status for a student is initially determined during the admission process. Below are examples of what affects the determination of a student’s residency status at NKU. This information does not substitute for the regulations that govern the determination of Kentucky residency. The regulations can be found online (http://inside.nku.edu/registrar/forms-records/residency/regulatory.html).

The state of Kentucky will assume you are NOT a resident if:

- You had an out-of-state address on your application for admission.
- You moved into Kentucky primarily to enroll in the university.
- You moved into Kentucky and within 12 months of that move you enrolled at a Kentucky institution for more than the number of hours considered half-time.
- You have been in continuous absence from the state for one year.
- You are a graduate of an out-of-state high school within five (5) years prior to a request for a determination of residency status;
- You attended an out-of-state higher education institution during the past academic year and paid in-state tuition at that institution.

You can challenge your status designation by submitting the official residency affidavit and presenting at least two of the following documents proving that you have:

- Accepted a full-time job or transfer to an employer in Kentucky, Greater Cincinnati, or nearby Indiana while moving your domicile into the state of Kentucky.
- Lived in Kentucky continuously as a non-student for 12 months before the semester in which you plan to enroll.
- Prepared an income tax form that shows the payment of Kentucky withholding taxes for the most recent calendar year.
- Been employed full-time for one year while living in Kentucky.
- Owned real property that was used by you as a resident before the date of application for determining residency.
- Married a Kentucky resident.
- Had a continued presence in Kentucky during academic breaks.
- Not relied on student financial aid in order to provide basic sustenance.

Residency affidavits can be picked up in the registrar’s office or downloaded from the residency section of the registrar’s website (http://inside.nku.edu/registrar/forms-records/residency.html).

Deadlines for residency appeals:

- Fall and spring semesters: 30 days after the first day of classes.
- Summer: 10 days after the first day of classes (in the first session in which the student is enrolled).
