

Academic Dishonesty

In cases of academic misconduct, action towards the student will be taken in accordance with what is outlined in the instructor's syllabus. Academic misconduct policies shall be in accordance with the NKU Student Honor Code.

In addition, the instructor has two options:

1. Submit the student's name to NKU's Dean of Students, who will make note of the academic misconduct on the student's records in the event of future instances of academic misconduct.
2. If the course is being taught at the high school, the instructor could submit the student's name to the guidance counselor/principal at the high school for further action to be taken in accordance with the high school's policies and procedures towards academic misconduct.
