Administrative Liaison—Chief Human Resources Officer Lori Southwood December 2018 Staff Congress Meeting Report-Outs

Business Operations and Auxiliary Services:

- Nothing to Report

Chief Financial Officer:

- The budget committees have reviewed the budget requests and provided recommendations to the President and Cabinet for review the week of December 3rd.
- Wednesday, December 12th from 12:30 – 2:00pm is the President's Open Forum to discuss the status of the strategic framework process, updates on budget status, and other highlights of things going on around campus.

Facilities Management:

- Working with the Space Management and Deferred Maintenance Committee (SMDM), a list of proposed projects to be funded from FY 20 deferred maintenance funds has been finalized and is being submitted to the Budget Executive Committee (BEC) for consideration and approval. This year, the committee proposed projects totaling \$1.7 million, which equals base budget allocation for FY 20 budget. In FY 18 and 19, funding request included \$1.5 million additional onetime allocation, to catch up and stabilize. The reduced funding request was made in consideration of the budgetary situation. However, the committee remains convinced that the level of funding in future years will need to be increased to ensure building systems functionality and reliability.
- It is worth mentioning the physical damage caused by the ice storm before Thanksgiving. A total of 14 mature trees on campus were either totally or significantly damaged due to the ice. Deferred maintenance funds have been obligated to mitigate the damage and attempt to replace most of the damaged trees.

Human Resources:

- HR is working on changes to orientation and the onboarding process. We are setting up a mock orientation and onboarding session in December. We are hoping to implement the changes in early 2019.
- We are in the final stages of the merit increase process. Employees who are eligible and received an increase should start to receive notifications from beginning the week of December 10th. The salary letter notifications will come from each department.
