Budget Office:
- The budget office is working to complete the FY22 budget load to SAP by 6/30/21.
- Two process improvements have been made to help to facilitate review of FY22 departmental operating budgets:
  - Staff budgets will now be in the same line where actuals are posted to be consistent with how Faculty budgets are already setup. This will increase transparency and the ease of analysis.
  - The fund center and commitment item now appear before their related text for ease of filtering, review and analysis.

VP A&F / Chief Financial Officer:
- Finalizing approved FY22 budget by June 30, 2021
- Pulling together committee to discuss recommendations for use of the 3rd federal stimulus funds (American Rescue Plan)

Facilities Management:
- Nothing to Report

IT:
- NKU IT has implemented a new chatbot software application used to conduct online chat conversations to create better customer experiences and improve productivity. The chatbot optimizes Artificial intelligence (AI) to provide 24 x 7 support instead of waiting to contact a live agent during open hours. The chatbot is available by clicking on the gold and black “chat bubbles” in the lower right corner of the IT web pages. This feature is also available for students on the student account services and financial aid websites.
Human Resources:

- Compensation:
  - Board of Regents approved a recurring 1.5% compensation increase pool for eligible staff and faculty, effective July 1, 2021. The salary increase pool this year will be administered as a performance-based general increase. To be eligible for this 1.5% increase, employees must have been employed with NKU on or before January 4, 2021 (i.e. the first working day of the year) in a regular eligible position status, and continue to be employed with NKU in a regular position status as of July 1, 2021, the effective date of the increase. Further, employees must have a current performance evaluation on file, with an overall performance rating of “meets expectations” or higher. All eligible employees who are meeting performance expectations receive an across-the-board 1.5% increase.
  - Employees whose salary reduction was necessitated during the current fiscal year will have their salary restored, and the increase of 1.5% will be calculated on the restored salary.
  - The increase process will be administered by our Human Resources Department utilizing the Enterprise Compensation Management (ECM) module of SAP.

- Payroll:
  - Vacation to sick leave transfer window is open. Requests may be submitted to payroll by the Tuesday, June 15. Transfers are allowed after four years of employment at NKU. A maximum of five (5) vacation days may be converted to sick leave on during a calendar year. All full-time and regular part-time employees are eligible to transfer time. Transfer Vacation Leave to Sick Leave form can be found on the HR website.

- Training & Development:
  - Training & Development has arranged for supervisors, managers, and leaders to enjoy an upcoming webinar on “Motivating Your Staff and Improving Morale”.
    - Date: Wednesday, June 23, 2021 | Time: 2:00 pm
    - Registration information will be available in next week’s This Week at NKU Newsletter and shortly available on the HR Training & Development - Manager/Leader Community webpage.

- Flexible Work Arrangements:
  - Flexible Work Philosophy - To allow flexibility for our employees while still ensuring student success, creating a vibrant campus, and a sense of community where our students and employees thrive.
  - We are developing a policy and resources for supervisors. For the Fall we will have a procedure.
  - This policy/procedure is "not one size fits all" -- there are many options for flexibility depending on the needs of the department and those they serve.
  - Much of this is not new, we have utilized some of these practices for several years.
  - The Flexible Work Arrangement Policy/Procedure addresses:
• Flexplace - An employee’s normal, off-campus work location. The Flexplace arrangement allows employees to work from home or another remote location, for a specified number of hours per week, and/or a pre-determined duration.
• Flextime - Allows for flexible scheduling arrangements that permit variations in start and finish times but does not alter the total number of hours worked in a workweek.

  - All Flexible Work Arrangements must be approved by Supervisor, Department Head, and Human Resources
  - Employees cannot utilize flexible work arrangements if they are not in good standing with the university
  - International places of work will not be considered unless extraordinary circumstances
  - Supervisor Considerations
    - Flexible Work Arrangements are approved on a case-by-case basis by supervisors and department heads in consultation with Human Resources.
    - Supervisors will take a uniform approach to approving Flexible Work Arrangements so that similarly situated employees with equivalent work records are treated the same.
    - The supervisor, department head, or Human Resources has the right to cancel or suspend an employee’s flexible work privileges at any time, for any reason or for no reason.
    - Daily and weekly work schedules can be modified at the supervisor’s discretion to meet changing business needs
  - Resources - Flexible Work Arrangement Form & Flexplace Suitability Guide for Supervisors - will help supervisors determine if both the position and employee are suitable for flexplace arrangements

Policies

The policy committee is working on a transition document for our policy committee group to use for the next year along with updated goals for our committee. The goals generally are focused on building relationships with the various policy committees on campus, serving as a communication bridge between staff congress and those groups so that staff feedback can be provided at policy meetings and policy info back to staff, and lastly to increase awareness to staff about policies on campus. Our group ended the year by working closely with HR around
providing feedback from staff on campus regarding flexible work hours and emergency procedures for flexible work during weather emergencies for staff. This feedback will assist HR as they develop updated procedures and guidelines for managers and employees going into the fall around flexible work options, until updated policies can be considered and potentially adopted by NKU policy committees in the future. If staff have feedback around this topic of flexible work hours, they can reach out to Rachel Green in HR, or to our committee for us to provide to HR on their behalf, and staff can receive emails about policy updates by subscribing on the policy website.
