# Staff Congress Tailgate

It may have been a dark, dreary, wet Wednesday, but the Staff Congress Tailgate and Faculty/Staff Appreciation Men's Soccer Game on October 15 was a fun evening. We had some wonderful snacks at the potluck tailgate party before the game, and everyone attending got to know each other a little better. The outcome of the game wasn't what we wanted (NKU 1, West Virginia 2), but we rooted our Norse on—even in the rain. At halftime, Staff Congress President Rebekah Richardson and Faculty Senate President Steven Weiss had a penalty kick showdown, with Dr. Weiss coming out ahead.

We hope that this is just the first in many tailgate parties and games where staff and faculty can congregate, root on our Norse and get to know our fellow NKU associates better.

## Roundtable Event

The round table event is venue for staff to ask questions to the university administration. Each question is reviewed by the administration and then asked at this event by President Mearns, his cabinet, and other administrators. This year's event was a great success!

Answers to all of the answers asked during the meeting will be distributed through email and posted to the Staff Congress webpage before the Thanksgiving break. Due to time constraints there were a few questions that were not asked during the meeting. Answers to these questions will be gathered and distributed at a later date.

Several questions were directed to HR and facilities. HR will be bringing clarification to these questions at the February meeting. Facilities will hold a meeting with all the facilities staff to answer questions pertaining directly to that group. The date for this meeting is still to be determined.

**Thank you to all staff who submitted questions, to Dr. Perry Bratcher & Ms. Katherine Hahnel for taking notes throughout the event. A special thank you to the roundtable committee and Grace Hiles for their hard work in putting this event together.**

**Thank you also to the President and other administrators who took time out of their day to be available to answer questions.**

**The Northern Kentucky University Staff Congress shall:** create a stronger bond within the staff; solicit and express opinions, suggestions and recommendations of staff on all matters of concern to the various staff constituencies and to the staff as a whole.

Staff Congress shall seek representation in all aspects of Northern Kentucky University governance.

## Attention NKU Staff! Save the date!

January 22, 2015

US Bank Arena – 7pm

**Faculty/Staff Appreciation  
BKB game**

Join Staff Congress and Faculty Senate to cheer on the Norse Men's Basketball team in their battle against North Florida!

We are pleased and honored to share this night with our military! It's also Military Appreciation night presented by the Kentucky National Guard.

This is also \$1 beverage night!

Don't miss this opportunity to support your military, faculty, staff and NORSE!

*More information pertaining to event will be coming!*

NKU employees work with important business files every day, and it is important to ensure that those files are stored securely and backed up regularly so they can be easily recovered in the event of a hard drive or other computer-related failure. Do you have a backup plan to ensure that your important files will not be lost in such a situation? The Staff Congress Technology Committee and the Office of Information Technology offer the following "DOs and DON'Ts" to make sure your key business data is stored safely:

- **DO** use your individual network storage (usually designated as your "J:\ drive") for files unique to your needs or position, and your department network storage (usually designated as your "K:\ drive") for files that are used collaboratively with others in your department. More information about using these drives can be found on the [IT website](#).
- **DO** take advantage of Blackboard organizations or SharePoint sites to organize files, calendars, etc. for cross-departmental projects or workgroups.
- **DO** contact IT if a failure occurs, so that your files can be restored from a backup as quickly as possible – IT maintains backups for 14 calendar days.
- **DON'T** save important files on your desktop or individual hard drive (C:\), which are not backed up elsewhere and could be lost if a failure occurs.
- **DON'T** save sensitive university data – especially student data – on individual hard drives, portable storage devices like memory sticks, flash drives, external hard drives, or cloud services like Sky Drive or Dropbox. None of these are backed up by NKU, and laptop hard drives and portable devices are easy targets for thieves.
- **DON'T** save personal files, such as photos or music, to network file storage – server space is expensive, and ensuring it is used only for business-related files helps keep costs under control.
