INCREASED STUDENT EMPLOYMENT, AND RENOVATION OF THE  
FACILITY**

- WHEREAS: The Campus Recreation Center provides a workout environment for students, faculty, and staff on campus and was utilized by 51% of all students and 30% of faculty and staff in the fall of 2008 (CRC Report, August 2009), and,
- WHEREAS: The Campus Recreation Center has \$624,000 worth of equipment and no established set of available funds to replace or repair damaged equipment causing long lines and less workout resources, and,

- WHEREAS: Increasing student employment at the CRC would create 1,632 new student employment hours (CRC Report August, 2009), and,
- WHEREAS: On a recent S.G.A. Campus Recreation Center survey given to 100 random people in the CRC, and in an S.G.A. student focus group, participants indicated that the facilities of the CRC need to be greatly improved as they do not compete with other workout centers, and,
