

A RESOLUTION OF THE STUDENT GOVERNMENT ASSOCIATION OF NORTHERN KENTUCKY UNIVERSITY, HIGHLAND HEIGHTS, KY, REQUESTING UPGRADES AND ADDITIONS TO EQUIPMENT AND AESTHETICS IN THE NORSE COMMONS FITNESS AREA TO PROVIDE A MORE CONVENIENT WORKOUT CENTER FOR CAMPUS RESIDENTS.

WHEREAS: The current workout facilities are insufficient in providing close and desirable services to campus residents, and

WHEREAS: Improving this space will relieve high demands on the current Campus Recreation Center, and

WHEREAS: Improvements to this fitness area will increase the appeal for future students to choose to live on campus, and

WHEREAS: Providing campus residents with a close and usable workout facility may increase student wellness, and

WHEREAS: According to the National Intramural Recreation Sports Association (NIRSA), the national average for the square footage of indoor recreation space per student is 9.86. The NKU Campus Recreation Center proved 4.48 square feet per student, less than half the average amount, and

WHEREAS: Director of University Housing, Peter Trentacoste, at the November 1, 2010 SGA meeting demonstrated his support for making improvements to the Norse Commons workout facility.

BE IT THEREFORE RESOLVED, on this 14th day of February 2011, that the Student Government Association requests that upgrades and additions to the equipment and aesthetics of the Norse Commons Fitness Area be completed by University Housing in consultation with the Campus Recreation Center.
