

**A RESOLUTION OF THE STUDENT GOVERNMENT ASSOCIATION OF NORTHERN KENTUCKY UNIVERSITY, HIGHLAND HEIGHTS, KENTUCKY, REQUESTING NORTHERN KENTUCKY UNIVERSITY CONSTRUCT A PEDESTRIAN PATHWAY TO THE HONORS HOUSE.**

WHEREAS: Currently there is no pedestrian pathway to the Honors House, and

WHEREAS: Students who attend class in the Honors House have to walk up a steep driveway which honors professors and delivery personnel drive in and out of daily, causing safety hazards as students have to step off the drive way and walk into the grass to make way for motor vehicles, and

WHEREAS: Students who are in wheelchairs cannot manage to get up the hill, as one student who was considering Honors this summer dropped out of the program because he found it too difficult to get his wheelchair up the hill, according to Interim Director of the Honors Program Belle Zembrodt, and

WHEREAS: It is University policy for all buildings to be accessible to disabled students, and while there are automatic doors and a handicap elevator at the Honors House, the accessibility issue lies in getting to the Honors House, and

WHEREAS: The absence of a pedestrian pathway should not be a detriment to the safety and accessibility of those students who wish to attend classes in the Honors House.

**BE IT THEREFORE RESOLVED, ON THIS 16th DAY OF APRIL 2012, THE STUDENT GOVERNMENT ASSOCIATION OF NORTHERN KENTUCKY UNIVERSITY, HIGHLAND HEIGHTS, KENTUCKY, REQUESTS NORTHERN KENTUCKY UNIVERSITY CONSTRUCT A PEDESTRIAN PATHWAY TO THE HONORS HOUSE.**
