6. Old Business

Reports from subcommittees
Dual Degree/Double Major:
- CPE data collection does not support mismatched double majors - unclear why
- 150 hours for dual degrees is average across the commonwealth (144 - 154)
- Fewer than 10 students per year will be affected (6-7 per year)
- Committee did not feel any change is warranted at this time
- Our policy is similar to other institutions in the commonwealth
- If CPE is going to impose policy, there are several ways to deal with this
- Currently, CPE only states that dual degree seekers must take more courses, but no specific number
- Some catalog changes in wording needed to specify to students: headings of double degree, double major are confusing.
  - Headings need work by the subcommittee - Subcommittee will post on Blackboard for feedback.

- The process subcommittee has submitted this draft for discussion - Will discuss next time.

7. New Business

AAPC has waived transfew waivers - will discuss next meeting.
