4. Old Business: None
5. New Business: Joe Nolan presented two motions for consideration. First, that course deletions be added to the curriculum process rather than being made informational. Second, that the UCC adopt a policy whereby those forms that should track, but do not track changes that are incorrectly filled out (such as editing a form before launching) be kicked by to the originator. Richard Fox requested that we hold off on discussing these until April because of the large amount of items coming over the next two meetings.
6. Adjournment
