1. Approval of minutes of 1/19/16
2. Chair report: If when doing a course or program change you have errors in the approval process list (orange fonted items), it is probably because the course/program is listed in the wrong location. You can correct this by deleting the current item (probably NKU) and adding your own department. Also, please confirm that your programs (majors, minors, certificates) appear in table format in the catalog so that they load corrected in Curriculog. If not, submit a program change and fill out the curriculum schema. Contact Richard or Connie if you have questions about how to do this.
